No. 1064.

**Commissioner of Public Charities—Request for Authority to Purchase Without Public Letting Certain Food and Agricultural and Botanical Supplies for the Year 1915.**

Department of Public Charities of The City of New York, Municipal Building, Tenth Floor, November 19th, 1914.

*Re Purchase of Fish, Fruit and Seeds Without Advertising.*

Hon. GEORGE MCANENY, President, Board of Aldermen, City Hall, New York City:

Dear Sir—I would respectfully request permission to purchase, without advertising, fresh fish, oysters, clams, fresh fruits and vegetables and agricultural and botanical supplies for the year 1915, not to exceed the following amounts:

Fresh Fish, Oysters and Clams..... \$25,000 00  
Fresh Fruits and Vegetables..... 20,000 00  
Agricultural and Botanical Supplies..... 4,155 00

The reason for these requests is that we have found that by receiving weekly quotations from fish dealers we can purchase such fish as are running in the market, whereas, under the contract system, the contractor sends largely what he chooses, with the result that the institutions obtain very little variety. The conditions of the fish market are so changeable that the contract is very undesirable, and experience in the past has resulted in simmering down contract bids to only two bidders, which has a tendency to bring about high prices. The prices at which fish were purchased in

open market during the year 1914 were lower than during the year 1913, when the contract system was in vogue, and the results were more satisfactory to institutions.

As to the fresh fruits and vegetables, would say it is practically impossible for the successful bidder to bid intelligently upon this contract, for the reason that upon fresh fruits and vegetables it is extremely difficult to gauge the market properly. The result is that there is a great deal of speculation upon the contract, with resultant high prices and very limited bidding. It is desired to obtain these items in open market upon weekly quotations, along the lines upon which the fish, etc., is being purchased.

As to the agricultural and botanical supplies, would say that these embrace the purchase of seed, privet, etc., which it is practically impossible to properly specify, for which reason the Department desires to obtain quotations only from very high class houses, and in this way obtain the delivery of seeds of proper quality, which insure results.

I would accordingly ask that immediate action be taken upon this request, for the reason that if it is necessary to prepare specifications considerable time will be required. Respectfully yours,

JOHN A. KINGSBURY, Commissioner.

**Board of Estimate and Apportionment—Resolution to Fix the Compensation of Certain Janitors in the Department of Education.**

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, November 24, 1914.

To the Honorable the Board of Aldermen:

Gentlemen—I enclose herewith certified copy of resolution adopted by the Board of Estimate and Apportionment November 20, 1914, recommending the fixation of compensation of Janitors of various public schools as set forth therein.

I also enclose copy of report of the Committee on Salaries and Grades relative thereto. Yours very truly,

JOSEPH HAAG, Secretary.

Whereas, By opinions of the Corporation Counsel as of June 28 and July 30, 1910, the Comptroller was advised that the payment of salaries of janitors in the Department of Education was illegal unless such salary shall have been established under the provisions of section 56 of the Greater New York Charter; and

Whereas, The Special Committee on Janitorial Compensation and the Committee on School Inquiry, Board of Estimate and Apportionment, submitted a Joint Report on March 27, 1913, which contained detailed suggestions and recommendations for the reorganization of the janitorial force of the Board of Education; therefore, be it

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen, pending action by the Board of Education on the aforesaid report, the compensation of janitors in the Department of Education be fixed temporarily, and until further modified, in accordance with the following list:

Janitor, Public School No. 115, Manhattan, per annum.....	\$4,236 00
Janitor, Public School No. 169, Manhattan, per annum.....	4,116 00
Janitor, Public School No. 53, The Bronx, per annum.....	4,164 00
Janitor, annex to Public School No. 17, Brooklyn, per annum, less \$221....	720 00
Janitor, Public School No. 84, Brooklyn, per annum, less \$221.....	7,068 00
Janitor, Public School No. 154, Brooklyn, per annum, less \$221.....	3,036 00
Janitor, Bay Ridge High School, Brooklyn, per month.....	150 00
Janitor, Public School No. 139, Brooklyn, per month.....	180 00
Janitor, Public School No. 12, Richmond, for care of portable building, per annum.....	144 00
Janitor, Public School No. 94, Queens, per annum.....	2,064 00

A true copy of resolution adopted by the Board of Estimate and Apportionment November 20, 1914.

JOSEPH HAAG, Secretary.

The City of New York, Department of Finance, Comptroller's Office, November 4, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On October 28, 1914, the Board of Education requested the establishment of rates of compensation for janitors of sundry public schools. In connection therewith we report as follows:

For the janitor of new Public School No. 115, 176th and 177th Streets, between St. Nicholas and Audubon Avenues, Manhattan, a rate of \$4,236, based on measurement of the building is requested. A temporary rate of \$150 per month is paid the janitor at the present time. The new addition to Public School No. 169, Audubon Avenue, 168th and 169th Streets, Manhattan, is now occupied for school purposes, and it is proposed to increase the compensation of the janitor thereof from \$3,456 per annum to \$4,116, based on the increased measurements. It is requested that the temporary rate of \$150 per month now paid the janitor of Public School No. 53, 168th Street, Findlay and Teller Avenues, The Bronx, be increased to \$4,164, the entire building being occupied for school purposes.

In the Borough of Brooklyn, temporary rates, that is, regular rates, less rent allowance, are requested for the following buildings:

Annex to Public School No. 17, North 1st Street, near Bedford Avenue, \$720 per annum, less \$221 rent allowance.

Public School No. 84, Glenmore and Stone Avenues and Watkins Street, \$7,068 per annum, less \$221 rent allowance.

Public School No. 154, 11th Avenue, Windsor Road and Sherman Street, \$3,036 per annum, less \$221 rent allowance.

For the new Bay Ridge High School, still incomplete, at 4th Avenue, 60th and Senator Streets, the Board of Education requests a temporary rate of \$150 per month in order to provide the building with a caretaker. A temporary rate of \$180 per month is proposed for the temporary janitor of Public School No. 139, Avenue C, East 13th and 14th Streets, the regular janitor being absent on sick leave. This is less than the regular annual rate, \$2,772. The janitor of Public School No. 97, Benson and 25th Avenues, has the care of a two-room portable building at Stillwell Avenue and Avenue S. It is stated that since the portable building is so long a distance from the main building an additional cleaner will be required to care for it, necessitating an increase of rate from \$240 to \$480 per annum. Since no request was made or allowed for this increased rate in the 1915 budget, we recommend that it be denied.

New Public School No. 94, Old House Landing Road, Little Neck, Queens, is completely occupied for school purposes. The Board of Education, therefore, requests that the temporary rate of compensation of \$75 per month be changed to the regular rate, based on measurement, \$2,064 per annum. An increase in the rent allowance for the janitor of Public School No. 37, Higbie Avenue and Springfield Road, Springfield, Queens, is requested. The rent allowance is now \$221, but since Springfield contains only private homes, it is stated that it is impracticable for the janitor to procure living accommodations at the present rate. No request was made in the Departmental Estimate of the Department of Education for 1915 for the increased rent allowance. Therefore, we recommend that it be denied. The janitor of Public School No. 12, Steuben Street, Stapleton, Richmond, has the care of a new two-room portable building for which the Board of Education requests a compensation of \$144 per annum.

We recommend the adoption of the attached resolution granting the requests, with the exception of the increased rate for the care of the portable buildings used as an annex to Public School No. 97, Brooklyn, and the increased rent allowance for Public School No. 37, Queens.

Respectfully, WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen, Committee on Salaries and Grades.

**Resolution and Memoranda in Regard to Charges for Maintenance of Supreme Court in the Budget of The City of New York for 1915.**

By Alderman Robitzek—

Whereas, In the Budget of The City of New York for the year 1915, New York County is charged with \$949,667 as its pro rata share for the maintenance of the Supreme Court, while Bronx County is charged with \$114,822; and

Whereas, These charges were made up on the basis of percentage of the assessed valuation of real estate in New York County and Bronx County; and

Whereas, New York County has 31 Judges of the Supreme Court, while Bronx County has but 1; and

Whereas, There is no law empowering the Comptroller to arbitrarily apportion these charges on the basis of assessed valuation of real estate in the several counties; and

Whereas, The share of Bronx County is inequitable, unreasonable and unjust, and

not based upon the service rendered to Bronx County as against New York County; therefore, be it

Resolved, That the Finance Committee of this Board be and they are hereby empowered and authorized to investigate this matter and report to this Board as to whether or not Bronx County is paying more than its pro rata share for the maintenance of the Supreme Court, and whether or not the Comptroller was justified and authorized by law or otherwise to base these charges on the percentage of assessed valuation of real estate in these two counties.

November 16, 1914.

Hon. WILLIAM A. PRENDERGAST, Comptroller, City of New York, 280 Broadway, New York City:

Dear Sir—Kindly submit to me at your earliest convenience the following information in order that I might intelligently vote upon the Budget for 1915 when the same comes before the Board of Aldermen: Why, in making up your 1915 Budget, you charge against Bronx County, with only one judge, for maintenance of the Supreme Court, \$114,822, together with a charge for the maintenance of Appellate Division, \$3,972, while New York County, with thirty-one judges, is charged for its share of the Supreme Court, with only \$949,667, and its Appellate Division charge is only \$32,857. Queens County share is only about \$80,000 and Richmond County only about \$16,000.

Any information that you will be able to furnish in order to enlighten the undersigned on this matter will be greatly appreciated. Respectfully yours,

HARRY ROBITZEK, Alderman, 38th A. D. of The City of New York.

Department of Finance, City of New York, November 19, 1914.

Honorable HARRY ROBITZEK, 830 East 163rd Street, New York City:

Dear Sir—Your letter of November 16th has been received. The figures for Bronx County Supreme Court and the Appellate Division were made up as follows:

Taxable property for 1915 in the Borough of Manhattan..... \$5,554,138,880 00

Taxable property for 1915 in the Borough of The Bronx..... 671,560,371 00

\$6,225,699,251 00

Percentage charged against New York County was..... 892130933

Percentage charged against Bronx County was..... 107869067

As the Bronx County Act says that all laws applicable to New York County shall apply to it, and in the absence of any amendment to the judiciary law this was the only basis upon which these charges could be made.

At the Budget hearing President Mathewson questioned these charges. The examiner who prepared the schedules was advised by the Honorable George L. Ingraham, presiding justice of the Appellate Division, that this was the only method by which these charges could be arrived at. Very truly yours,

WM. A. PRENDERGAST, Comptroller.

**Resolution and Memorandum in Regard to Charge in 1915 Budget of The City of New York for Department of Public Charities, as Against New York County and Bronx County.**

By the same—

Whereas, In the Budget of the City of New York for the year 1915, New York County is charged with \$82,980 as its pro rata share for maintenance of charitable institutions and Bronx County is charged with the sum of \$31,020; and whereas said charges are evidently out of proportion, and, upon investigation, it will be ascertained that the number of dependents in charitable institutions in Bronx County, as against the number of dependents in charitable institutions in New York County, would make the amount that Bronx County should be charged with considerably less than \$31,020; and

Whereas, In the Budget for 1914, a superintendent, stenographer, clerk and examiner were added to the Code, No. 1914, Bureau of Dependent Adults, Manhattan, for the purpose of establishing a branch office in the Bronx, which office was made necessary by reason of the Inferior Criminal Courts Act, which provides that a branch of the Department of Public Charities be maintained in or near the Court of Domestic Relations; and

Whereas, Since the 1st of January, 1914, a Court of Domestic Relations is established in the Borough of Bronx, but no office was opened in the Bronx, except that on the 1st of April, 1914, a hospital helper receiving \$40 a month was detailed for the Borough of Bronx, and a Superintendent who had been detailed for the Borough of Bronx was instead sent to Brooklyn in a subordinate position; and

Whereas, Bronx County dependents are compelled to go to East 59th Street, in the Borough of Manhattan; and

Whereas, In this Budget the Department of Public Charities asks for several increases in salary and several additional social investigators, superintendents and the like, all of which are unnecessary and do not in any way assist dependents, as can be better ascertained by the annexed communication from the Department of Public Charities and memorandum in reply; therefore, be it

Resolved, that the Finance Committee of this Board be and they hereby are empowered to investigate and inquire into the facts aforementioned, and report to this Board as to whether or not Bronx County is paying more than its pro rata share towards the maintenance of charitable institutions in the Budget of the City of New York for 1915, and further as to what became of the money appropriated in the 1914 Budget for the opening of a Bronx County office of the Department of Public Charities.

Department of Public Charities of the City of New York, Municipal Building, Tenth Floor, November 17, 1914.

Hon. HARRY ROBITZEK, City Hall, New York City:

Dear Sir—I am in receipt of your letter of November 14th addressed to former Commissioner of Public Charities, Hon. Michael J. Drummond, asking for certain information regarding the establishment of the Bronx office of the Department of Public Charities, and certain other matters pertaining to the Budget of 1915. I am very glad, indeed, to give you all the information I have regarding these matters, and I will take up each of your questions and answer them as briefly as possible.

(1) You ask what has become of the Bronx office of the Department of Public Charities and what has been done with the money appropriated for it by the Budget of 1914.

The 1914 Budget of the Department of Public Charities does not contain any appropriation for the opening of the Bronx office of this Department. When I became Commissioner, however, I learned that there was an understanding with the former Commissioner that an office would be established in the Bronx, and that provision was made under Code 1914, the appropriation for the Bureau of Dependent Adults, Manhattan, for such additional workers as might be necessary to man that office. The office was accordingly established in the Bergen Building, No. 1932 Arthur Avenue, on April 1st, 1914, and has been in operation ever since.

(2) You are under the impression that Hospital Helpers, receiving various salaries, have been changed to Social Service Workers in the Budget of 1915, with salaries ranging from \$1,200 to \$4,000 a year.

In reply to this question, I desire to say that in no instance has this Department asked in the 1915 Budget to change Hospital Helpers to Social Service Workers. Doubtless you refer to the change of title of Examiners of Charitable Institutions to Social Investigators. This title has been changed, but the salary schedule for this class has been decreased. There is, in addition, however, a Director of Social Investigations at \$4,000, which, I imagine, is the position you refer to as a Superintendent at \$4,000 a year. This Director's duties are in no way similar to the duties of the Superintendents of the Bureaus of Dependent Adults, nor the Superintendents of the Children's Bureaus in the different boroughs. These Superintendents attend to applications made at the office, and have supervision over certain field work. The Superintendents of the several Children's Bureaus and Bureaus of Dependent Adults will be under the general direction of the Director of Social Investigations, so far as their work relates to investigations. The Director of Social Investigations will have immediate charge of the planning and supervision of the work of one hundred and twenty-one social investigators, and will be the co-ordinating agent between the various Bureaus, in order to prevent duplication and other useless effort. These Social Investigators and the Social Service Workers connected with the hospitals have never had a supervising head, and it is necessary for someone, not only to direct their work, but to express judgment as to what should be done with the cases. You understand, of course, that the disposition of a case is a serious matter, whether or not a child is taken away from a family to be placed in an institution for a certain period, or whether, by exercising some judgment and care, a widow may be enabled to support herself and her children. Such matters should be placed for final decision in the hands of a very competent and responsible person.

(3) You ask why Bronx County should pay \$31,020 for the maintenance of the Charities Department as compared with \$82,980 for New York County.

In reply to this question, I beg to inform you that the appropriations that you refer to in this question are not requests of the Department of Public Charities, and are not included within its Budget. It is evident that you refer to the Budgetary appropriations for charitable institutions for each of the counties, under the general heading "Health, Sanitation and Care of Dependents." I beg to say that these appropriations are made up in the Comptroller's office, and constitute the fixed charges and contributions made to certain institutions for the feeble-minded adults, feeble-minded children, deaf mutes, blind, and the deaf and dumb, from the various counties embraced in this City. The institutions receiving these appropriations are designated by the State to receive this class of patients, which are paid for at a definite per capita rate, and the counties are called upon to pay only when it sends persons to these institutions. The only explanation I can give for the enormous amounts paid by Bronx County, compared with New York County, is that your county apparently in the past has sent to these institutions a larger proportion of feeble-minded, blind and deaf and dumb than New York County.

Trusting that I have given you the information you desire, I am

Sincerely yours,

JOHN A. KINGSBURY, Commissioner.

1. In the Budget for 1914 a Superintendent, stenographer, clerk and an examiner were added to Code No. 1914, Bureau of Dependent Adults, Manhattan, for the purpose of establishing a branch office in The Bronx. This office is made necessary by reason of the Inferior Criminal Courts Act, which provided that a branch of the Department of Public Charities shall be maintained in or near the Court of Domestic Relations. The office was opened in April, 1914, but the employees provided in the Budget have not been assigned to it; instead an hospital helper, receiving \$40 per month, is detailed there.

2. No hospital helpers have been changed to Social Service Workers in the Budget for 1915. However, Examiners of Charitable Institutions have been changed to Social Investigators. There is no decrease in the salary of those who are at present employed as Examiners, they will receive the same salary under the title of Social Investigators. However, there is an item of 29 additional Social Investigators, at a salary of \$900 per annum, and a Director at \$4,000. This latter position is absolutely unnecessary.

It is quite evident that the Commissioner of Charities does not intend to do any real social service work. The 29 additional investigators are needed to investigate the circumstances of patients entering municipal institutions and frequent reinvestigation of cases committed to child-caring institutions. This work has not been done heretofore for the reason that the Department of Public Charities had not sufficient help for this purpose.

Miss Cannon, Director of the Social Service Work of the Massachusetts General Hospital, a recognized authority on this work, and who recently made a study of the Department of Public Charities for the Commissioner of Charities, states that a Social Service Worker cannot handle more than ten (10) cases per month. On this basis over six hundred Social Service Investigators would be required.

The duties of the Commissioner of Charities, in relation to cases admitted to institutions under his supervision or subsidized by the City, are defined by law, and the Social Service work is not a part of his duty.

While every one recognizes that Social Service Work is all important in the investigation of cases applying to the Department of Public Charities, it cannot be effectively carried out by that Department as it has not power to extend outdoor relief. If, after making an intensive study of an applicant for relief, it is, in the opinion of the Investigator, advisable to assist the family in their home, the case would have to be referred to a private organization; this society would not extend immediate assistance, but would go through the same course of procedure that was taken by the Investigator of the Department of Public Charities, and would have to be satisfied that outdoor relief was the proper method of rehabilitating the family. This would be a duplication of work and an unnecessary delay in extending the proper measures of relief. It would be better for the D. P. C. Investigators to confine their activities to ascertaining whether or not the applicant is a proper public charge, and if in the course of their investigations they find that a family is in need of relief at home, or a man is out of employment, the case could be referred, as is now done by Examiners of the Department of Public Charities, to the proper private agency dealing with the matter.

The Commissioner of Charities, in his letter, states that "these Superintendents attend to applications made at the office and have supervision over certain field work." The Superintendents referred to have supervision over the very work that he intends to have done by the Social Investigators. He further states that "the Director of Social Investigations will have immediate charge of the planning and supervision of the work of the one hundred and twenty-one social investigators, and will be the co-ordinating agent between the various bureaus in order to prevent duplication and other useless effort." If this work is to be given to a Director of Social Investigations, what then becomes of the duties now assigned to the Second Deputy Commissioner of the Department of Public Charities? The Second Deputy Commissioner has had a long experience in social service work and is presumed to be an expert, and in the assignment of the work to his Deputies the Second Deputy Commissioner was given supervision of the Bureaus of Dependent Adults and the Children's Bureaus, and he is the co-ordinating agent between these Bureaus. There might be some justification for this request if the Second Deputy Commissioner was to be dropped, but as long as the Deputy Commissioner remains there is no need of a Director at \$4,000 per annum as co-ordinating agent between the various Bureaus.

Another reason given by the Commissioner of Charities for the appointment of a Director of Social Investigations is that "it is necessary for some one not only to direct their work but to express judgment as to what should be done with the cases. \* \* \* that the disposition of a case is a serious matter, whether or not a child is taken away from a family to be placed in an institution for a certain period, or whether by exercising some judgment and care, a widow may be enabled to support herself and children. Such matters should be placed for final decision in the hands of a very competent and responsible person."

At the present time the Superintendents of the different Bureaus of the Department of Public Charities not only direct the work of the Investigators, but they determine what should be done in each case.

In the Children's Bureaus of the Department of Charities, all cases before being acted upon are referred to one of the three private organizations, depending upon the religion of the applicant. This is done in order that the private societies may make an investigation and assist the family in their home, thus preventing the children from becoming public charges. A report is always received from the private societies before the children are committed, and the children are not committed unless that action is recommended by the private societies.

The only inference to be drawn from the last statement of the Commissioner of Charities is that the present Superintendents of the Children's Bureaus and the Bureaus of Dependent Adults are not competent and responsible persons.

The Superintendent of the Children's Bureau, Manhattan, has held his present position for the past 25 years. That he is competent can be judged from the fact that but one-third of the applicants are committed to institutions. In addition to this, sufficient money is collected from the relatives, as part payment for the children, to more than pay the expenses of the Bureau.

The Superintendent of the Children's Bureau, Brooklyn, was the assistant of the Superintendent of the Children's Bureau, Manhattan, for 15 years, and has held his present position 3½ years. He is a thoroughly competent man in every respect.

The Superintendent of the Bureau of Dependent Adults, Manhattan, has been employed in the Department of Public Charities for the past six years, serving as Examiner of Charitable Institutions, clerk and Acting Deputy Superintendent, Clerk in charge of the Tuberculosis Hospital Admission Bureau, and has held the position of Superintendent for the past 3½ years. He is regarded as an efficient man.

The Superintendent of the Bureau of Dependent Adults, Richmond, has been employed in the Department of Public Charities for.....years. Prior to his present assignment he was Superintendent of the Bureau of Dependent Adults, Brooklyn for.....years. He also is an efficient man.

To state that these men are not competent and responsible is absurd. A Director of Social Investigations who had not had at least several years experience in the Department of Charities would be incompetent. To hold a position of Superintendent of a Bureau of the Department of Public Charities requires a knowledge of the Poor Laws, of the State. These laws are very intricate and several years' study of cases coming under the supervision of the different Bureaus of the Department of Public Charities is necessary in order to familiarize oneself with the different laws

bearing on these cases. A Director of Social Investigations without a knowledge of these laws would probably cost the City thousands of dollars for the care of persons who are not proper charges on this community.

#### Report of the Committee on Finance in Favor of Adopting Resolution for \$2,402.74 Special Revenue Bonds to Meet Outstanding Obligations Incurred by the Operation of a Bus Line Between Bartow Station and City Island.

The Committee on Finance, to which was referred on October 6, 1914 (Minutes, page 6), the annexed request of the Department of Parks, Borough of The Bronx, for \$5,264.56 Special Revenue Bonds to meet expense of operating bus line between Bartow Station and City Island, respectfully

#### REPORTS:

That having examined the subject, it believes the Department should be reimbursed for the expense it was forced to incur. These accounts have been recast in conjunction with the Finance Department accountants and the amount needed has been reduced to \$2,402.74.

The Committee recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of Subdivision 8 of Section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of two thousand four hundred and two dollars and seventy-four cents (\$2,402.74), the proceeds whereof to be used by the Commissioner of Parks, Borough of The Bronx, for the purpose of meeting outstanding obligations incurred in connection with the operation of a bus line between Bartow Station and City Island. All obligations contracted for hereunder to be incurred on or before December 31, 1914.

The City of New York, Department of Parks, Office of Commissioner for the Borough of The Bronx, Zbrowski Mansion, Claremont Park, October 6, 1914.

The Honorable the Board of Aldermen, City Hall, New York City:

Gentlemen—I have the honor to respectfully request that your Board recommend to the Board of Estimate and Apportionment that the Comptroller be authorized to issue special revenue bonds in an amount not to exceed the sum of \$5,264.56, the proceeds of which shall be used in the payment of various bills incurred in the operation of the auto bus line by this Department, between Bartow Station and City Island, by direction of the Board of Estimate and Apportionment, under the terms of a resolution of that Board dated March 20, 1914, and reading as follows:

"Resolved, That the Commissioner of Parks for the Borough of The Bronx be and he is hereby authorized and directed to hire vehicles and operate same through the park for a five cent fare until such time as this Board shall make permanent arrangements for the construction, maintenance and operation of a railway therein."

This bus line was in operation from March 21, 1914, to August 14, 1914.

Very truly yours,

THOMAS W. WHITTLE, Commissioner of Parks, Borough of The Bronx.

#### Report of the Committee on Finance in Favor of Adopting Resolution for \$13,180 Special Revenue Bonds for Preparing Recreation Pier at Foot of East 24th Street, Manhattan, for Lodging House Purposes.

The Committee on Finance, to which was referred on November 10, 1914 (Minutes, page 508), the annexed request of the Department of Public Charities for \$17,000 special revenue bonds to alter recreation pier foot of East 24th street for lodging purposes, respectfully

#### REPORTS:

That last year this pier was used to care for the homeless which could not be accommodated by the Municipal Lodging House. A greater demand is anticipated this year because of economic conditions, and it is considered wise to make proper preparation for same. The Committee has had the request checked by the Finance Department, and upon its report recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of Subdivision 8 of Section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of thirteen thousand one hundred and eighty dollars (\$13,180), the proceeds whereof to be used by the Department of Public Charities for the purpose of preparing the Recreation Pier at the foot of East 24th street, Manhattan, for lodging house purposes, as follows:

Heating, plumbing, electrical work and fire protection.....	\$2,900 00
Erecting fence and passageway between 24th and 25th streets, through the yard of the Department of Water Supply, Gas and Electricity.....	400 00
Double deck iron beds (500).....	4,000 00
Blankets (2,000 pairs).....	5,380 00
Cooking and dining room equipment and utensils.....	500 00
	\$13,180 00

All obligations contracted for hereunder to be incurred on or before March 1, 1915.

#### Re Special Revenue Bonds for E. 24th St. Pier.

To the Honorable the Board of Aldermen:

Gentlemen—We would respectfully request that Special Revenue Bonds be authorized to the extent of \$17,000.00 to provide the funds necessary to alter, equip, heat and light the Recreation Pier at the foot of East 24th Street as a place suitable for housing the overflow of lodgers from our Municipal Lodging House, situated at No. 432 East 25th Street, this money to be used to do the following work

(1) Enclosing Pier.....	\$600 00
(2) Heating, Plumbing, Electrical Work and Fire Protection.....	3,520 00
(3) Erecting Fence and Passageway between 25th Street and 24th Street, through the Yard of the Department of Docks and Ferries.....	750 00
(4) 500 Double-deck Iron Beds.....	4,000 00
(5) Blankets (2,000 pairs).....	5,380 00
(6) Cooking, Dining-room Equipment and Utensils.....	500 00
(7) Refrigerating Plant.....	2,250 00
	\$17,000 00

I trust that favorable action will soon be taken on this request, in order that this Department may be enabled to take care of the poor "fortunates" who may apply to the Department for lodging this winter. From present indications the number of applicants will far exceed the number we took care of last winter.

Respectfully yours,

JOHN A. KINGSBURY, Commissioner.

#### Report of the Committee on Finance in Favor of Adopting Ordinance Approving the Selection of the Williamsburg Trust Company Building as a Suitable Place for a Court House for the Fifth District City Magistrates' Court.

The Committee on Finance, to which was referred on September 22, 1914 (Minutes, page 362), the annexed communication from the Comptroller in relation to the approval of the selection of the Williamsburg Trust Company Building as a suitable place for a court house for the Fifth District City Magistrates' Court, respectfully

#### REPORTS:

That it has given this question the most careful consideration, has held a number of hearings to accommodate those for and against this proposition, and has even made a physical examination of the property in order that it might be in possession of all the facts in connection therewith.

Contention has been made that this site is not convenient, that the price at which it is offered is excessive, and in addition a large sum will be needed to make it suitable for the purpose intended, that the City now owns property more centrally located in this judicial district upon which a satisfactory building could be erected, and that the court cannot be held in this building under favorable auspices because of the noise caused by vehicular and railroad traffic.

Its investigation has convinced the Committee that these objections are not well founded. The real estate expert of the Finance Department, whose experience and judgment is second to none, and the judges of the court, all declare that this is an opportunity for the City to secure at a price much lower than it could be had under any other circumstances a beautiful building in a commanding and convenient location, accessible for litigants, lawyers and witnesses by many transit lines. These officers further state that the necessary changes can be made at a moderate expense to the City, which will then have a well equipped court house which will be a credit to the City for many years to come. The suggested annoyance by noise is, in the opinion of the Committee, as a result of its visit to the building, a matter which is not susceptible of proof.

As regards certain City property within this judicial district available for a court house site, the Committee believes, after investigation and hearing testimony on this subject, that there is no site which is as available and upon which a court house of this convenience and appearance can be erected.

The Committee coincides with the recommendation made by the Comptroller in his letter of transmittal, and recommends the adoption of the attached ordinance approving this site.

AN ORDINANCE selecting and designating a site for court house purposes, under the jurisdiction of the Board of City Magistrates of The City of New York, Second Division.

Be it Ordained by the Board of Aldermen of The City of New York as follows: Section 1. The Board of Aldermen hereby selects and designates as a site for court house purposes, under the jurisdiction of the Board of City Magistrates of The City of New York for the Second Division, the following described premises, with building thereon erected, to wit:

All that certain plot, piece or parcel of land situate, lying and being in the Borough of Brooklyn, City and State of New York, with the buildings and improvements thereon erected, bounded and described as follows:

Beginning at a point on the westerly clearance line of the property taken by the City of New York for the purposes of the East River Bridge, 100 feet southerly from the intersection of said westerly clearance line with the southerly side of South Fourth Street; running thence westerly and parallel with said South Fourth Street 90 feet 1 1/4 inches; thence southerly parallel with Driggs Avenue 15 feet; thence westerly along retaining wall and again parallel with said South Fourth Street 10 feet; thence southerly along retaining wall and parallel with Driggs Avenue 51 feet 7 3/4 inches, more or less, to the northerly clearance line of the property taken by The City of New York for the purposes of the East River Bridge; thence easterly along said northerly clearance line 100 feet 5 1/2 inches, more or less, to the said westerly clearance line of the property taken by The City of New York for the purposes of the East River Bridge; thence northerly along said westerly clearance line 59 feet 4 3/4 inches to the point or place of beginning.

Sec. 2. The Corporation Counsel is hereby authorized and directed to institute condemnation proceedings for the acquisition of said lands and premises.

Sec. 3. This ordinance shall not preclude the acquisition of the above described lands and premises, or any part thereof, by purchase from the owner or the respective owners thereof, at a price authorized by the Board of Estimate and Apportionment.

Sec. 4. The Clerk of this Board is hereby directed to prepare two similar surveys, maps or plans of said lands and premises and file the same—one in the office of this Board and the other in the office of the Register of the County of Kings, in accordance with the provisions of section 1436 of the Greater New York Charter.

Sec. 5. This ordinance shall take effect immediately. HENRY H. CURRAN, C. AUGUSTUS POST, F. H. WILMOT, FRANK J. DOTZLER, F. H. STEVENSON, D. M. BEDELL, FRANCIS P. KENNEY, FRANK L. DOWLING, Committee on Finance.

The City of New York, Department of Finance, Comptroller's Office, September 19, 1914.

The Honorable Board of Aldermen, City of New York:

Gentlemen—I am in receipt of a communication from the Honorable Louis H. Reynolds, Chairman of the Committee on Buildings and Repairs of the Magistrates' Court of The City of New York, Second Division, in which he transmits a copy of a resolution passed by the Board of City Magistrates, Second Division, at a meeting held on July 20, 1914, approving the selection of the Williamsburgh Trust Company Building as a suitable place for a court house for the Fifth District City Magistrates' Court.

This court is at present occupying premises No. 249 Manhattan Avenue, southwest corner of Powers Street, Borough of Brooklyn. The Board of Aldermen some time ago adopted a resolution stating that these premises are costly to the City on account of the constant repairs required, and that owing to the increase of business they are inadequate, and requesting the Comptroller, through his Real Estate Bureau, to investigate the conditions in connection with said location with a view to the acquisition by the City of a more suitable site for said court.

I have caused such an investigation to be made, and find that the building is unsanitary and absolutely unfit for the purposes for which it is used. In my opinion, the Williamsburgh Trust Company Building, which is located on the easterly side of Driggs Avenue, between South Fourth and South Fifth Streets, Borough of Brooklyn, is the most available property in this section for court house purposes, and the selection of the same has been approved by the Board of City Magistrates.

Before the purchase of the Williamsburgh Trust Company Building can be authorized by the Board of Estimate and Apportionment, it must first be selected by your body as a court house site. It is very important that immediate action be taken in connection therewith, in order that preliminary steps may be commenced for the fitting up of this building as a court house.

I therefore respectfully recommend that the Board of Aldermen adopt a resolution selecting and designating as a court house site the following described premises with the building thereon erected:

All that certain plot, piece or parcel of land, situate, lying and being in the Borough of Brooklyn, City and State of New York, with the buildings and improvements thereon erected, bounded and described as follows:

Beginning at a point on the westerly clearance line of the property taken by the City of New York for the purposes of the East River Bridge, 100 feet southerly from the intersection of said westerly clearance line with the southerly side of South Fourth Street; running thence westerly and parallel with said South Fourth Street 90 feet 1 1/4 inches; thence southerly, parallel with Driggs Avenue 15 feet; thence westerly along retaining wall and again parallel with said South Fourth Street 10 feet; thence southerly along retaining wall and parallel with Driggs Avenue 51 feet 7 3/4 inches, more or less, to the northerly clearance line of the property taken by The City of New York for the purposes of the East River Bridge; thence easterly along said northerly clearance line 100 feet 5 1/2 inches, more or less, to the said westerly clearance line of the property taken by The City of New York for the purposes of the East River Bridge; thence northerly along said westerly clearance line 59 feet 4 3/4 inches to the point or place of beginning.

Respectfully, WM. A. PRENDERGAST, Comptroller.

Report of the Committee on Finance in Favor of Adopting Ordinance Amending Terms of Issue of \$125,000 Corporate Stock for Contagious Diseases Hospital in The Bronx.

The Committee on Finance, to which was referred on November 17, 1914 (Minutes, page 554), the annexed resolution in favor of amending resolution for \$125,000 corporate stock for contagious diseases hospital in The Bronx, respectfully

REPORTS: That this change is for the purpose of permitting the necessary improvements to the grounds to be made from this appropriation without additional expense to the City.

It therefore recommends that the accompanying ordinance be adopted. Resolved, That the Board of Aldermen hereby approves of and concurs in the following amended resolution adopted by the Board of Estimate and Apportionment at a stated meeting held November 13, 1914:

Resolved, That, subject to the concurrence herewith by the Board of Aldermen, the following resolution adopted by the Board of Estimate and Apportionment on July 17, 1911, and concurred in by the Board of Aldermen July 31, 1911:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding one hundred and twenty-five thousand dollars (\$125,000) to provide means for the

construction of a hospital for contagious diseases in the Borough of The Bronx, under the jurisdiction of the Department of Health, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid."

—be and the same is hereby amended by adding after the words "construction of a hospital for contagious diseases" the words "including improvement of the site and grounds."

REPORTS: That having examined the subject, it believes the proposed regulation to be highly advisable, as this branch library is well equipped to assist City officials, and should be afforded every assistance possible in having its files complete in every respect. It, therefore, recommends that the said ordinance be adopted.

AN ORDINANCE to require heads of departments and bureaus of the Government of The City of New York to transmit copies of reports or other publications to the Municipal Reference Branch of the New York Public Library.

Be it Ordained, by the Board of Aldermen of The City of New York, as follows: Section 1. It shall be the duty of the head of every department and bureau of the Government of The City of New York to transmit, immediately after the issuance of the same, four copies of each annual and quarterly report or other publication of the department or bureau, to the Municipal Reference Branch of the New York Public Library, located in the Municipal Building in the Borough of Manhattan.

REPORTS: That these rates have been fixed on the usual compensation basis and have been recommended by the Board of Estimate and Apportionment.

The Committee recommends that the accompanying resolution be adopted. Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held November 6, 1914:

Whereas, By opinions of the Corporation Counsel, as of June 28 and July 30, 1910, the Comptroller was advised that the payment of salaries of janitors in the Department of Education was illegal unless such salary shall have been established under the provisions of section 56 of the Greater New York Charter; and

Whereas, The Special Committee on Janitorial Compensation and the Committee on School Inquiry, Board of Estimate and Apportionment, submitted a joint report on March 27, 1913, which contained detailed suggestions and recommendations for the reorganization of the janitorial force of the Board of Education, therefore be it

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen, pending action by the Board of Education on the aforesaid report, the compensation of janitors in the Department of Education be fixed temporarily, and until further modified, in accordance with the following list:

Janitor, Public School 67, Brooklyn, per annum, less \$221.....	\$948 00
Janitor, Public School 167, Brooklyn, per annum, less \$221.....	4,188 00

## SPECIAL ORDERS.

No. 106 (Int. No. 1012).

**Report of the Committee on Finance in Favor of Adopting Resolution for \$2,400 Special Revenue Bonds for Purchase of Chemicals for Purification of the Croton and Bronx Water Supply.**

The Committee on Finance, to which was referred on October 27, 1914 (Minutes, page 116), the annexed request of the Commissioner of Water Supply, Gas and Electricity, for \$4,300 special revenue bonds for purchase of chemicals for purification of the water supply, respectfully

## REPORTS:

That an investigation of the stock on hand and a calculation of the average daily use of these chemicals leads the Committee to believe that the stock will need replenishment. It has made its own estimate of the needs of the department in this respect, however, and in its judgment \$2,400 will be a sufficient amount for the remainder of the year 1914.

It, therefore, recommends that the accompanying resolution be adopted.

Resolved, That in pursuance of the provisions of Subdivision 8 of Section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of Two thousand four hundred dollars (\$2,400), the proceeds whereof to be used by the Department of Water Supply, Gas and Electricity for the purpose of purchasing chemicals to be used in the purification of the Croton and Bronx water supply.

All obligations contracted for hereunder to be incurred on or before December 31, 1914.

HENRY H. CURRAN, JESSE D. MOORE, F. H. STEVENSON, D. M. BEDELL, FRANK J. DOTZLER, JOHN S. GAYNOR, F. H. WILMOT, FRANCIS P. KENNEY, C. AUGUSTUS POST, Committee on Finance.

City of New York, Department of Water Supply, Gas and Electricity, October 24, 1914.

Hon. GEORGE MCANENY, President, Board of Aldermen, City Hall:

Dear Sir—On July 20, 1914, I asked that the Board of Aldermen authorize an issue of special revenue bonds in the amount of \$7,600, to provide for an estimated deficit to that extent in the fund for the purchase of chemicals used in the purification of the Croton and Bronx water supply.

I am now able to reduce the amount estimated to be required for this purpose to the sum of \$4,300. This reduction is made possible by transfers of funds recently effected which, however, were not practicable at the time of my previous request. In support of the estimate, I submit the following table:

Amount estimated to be consumed from October 19, 1914, to January 1, 1915, inclusive:  
105 days, at 4,500 pounds per day..... 472,500 pounds.  
Chloride of lime on hand October 19, 1914..... 240,366 pounds.

Amount necessary to be purchased..... 232,134 pounds.  
Add 10 per cent. for weight of containers..... 23,213 pounds.

\*255,347 pounds.

The estimated daily consumption of 4,500 pounds is based upon the average consumption during the past year at the Dunwoodie chlorinating plant. The price per pound is based upon the result of the last public letting, held in the latter part of September. The containers are included for the reason that they are charged for at the same rate as the contents.

I trust that you will appreciate the importance of replenishing this appropriation at the earliest possible moment, as the purity of the water supply renders it essential that an ample quantity of chemicals should be on hand at all times.

Respectfully,

WILLIAM WILLIAMS, Commissioner.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Bedell, Benninger, Boschen, Bosse, Brush, Burden, Carberry, Carroll, Chorosh, Cole, Colne, Cunningham, Curran, Delaney, Dixon, Donnelly, Dostal, Dotzler, Dowling, Duggan, Dujat, Ferguson, Ferrand, Eagan, Gaynor, Hamilton, Hannon, Igstaedter, Jacobson, Kenneally, Kenney, Kochendorfer, Lein, Levy, McCann, McGarry, McNally, Molen, Moore (Chas. **Report of the Committee on Finance in Favor of Adopting Resolution for \$190,342.70 Special Revenue Bonds to Be Used for Payment of Rents.**

The Committee on Finance, to which was referred on November 10, 1914 (Minutes, page 501), the annexed resolution in favor of an issue of \$190,342.70 Special Revenue Bonds for rents, respectfully

## REPORTS:

That the reasons herefor were very thoroughly set forth in the letter of request and accompanying schedules. The Committee, after careful scrutiny of the figures submitted, believes every cent asked for to be necessary, and it, therefore, recommends that the said resolution be adopted.

Resolved, That in pursuance of Subdivision 8, Section 188, of the Greater New York Charter, the Board of Estimate and Apportionment be, and it is hereby, requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of \$190,342.70, the proceeds whereof to be used by the Comptroller for the payment of rent authorized by the Commissioners of the Sinking Fund during the year 1914, and for which no provision was made in the Budget for 1914, the same being for use of the various City and County Governments of the Greater City of New York to December 31, 1914.

**Report of the Committee on Finance in Favor of Adopting Resolution for \$42,695 Special Revenue Bonds to Meet Deficiencies in 1914 Appropriation for Department of Correction.**

The Committee on Finance, to which was referred on November 10, 1914 (Minutes, page 506), the annexed request of the Department of Correction for \$66,325 Special Revenue Bonds to meet deficiencies in appropriation for 1914, respectfully

**REPORTS:**

That it enlisted the services of the Finance Department in investigating this request, and submits herewith a report from Mr. McIntyre, recommending that \$42,695 be allowed. In accordance therewith it recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of forty-two thousand six hundred and ninety-five dollars (\$42,695), the proceeds whereof to be used by the Department of Correction for the purpose of meeting deficiencies in appropriation for 1914, as follows:

Department of Correction of the City of New York, Commissioner's Office, Municipal Building, Centre and Chambers Streets, New York, October 28, 1914.

Hon. GEORGE MCANENY, President, The Board of Aldermen of The City of New York:

Dear Sir—Pursuant to the provisions of Subdivision 8, Section 188, of the

Charter, I respectfully ask that your Honorable Board will request the Board of Estimate and Apportionment to authorize the issue of Special Revenue Bonds to the amount of sixty-six thousand three hundred and twenty-five dollars (\$66,325) for the use of the Department of Correction during the current year, for the purposes as noted below:

For deficiencies in appropriations for 1914, due mainly to the abnormal census of the present year:

2649 Food Supplies .....	\$43,228 00
2653 Medical and Surgical Supplies.....	4,887 00
2658 General Plant Supplies.....	500 00
2660 Household Equipment .....	6,225 00
2664 Wearing Apparel .....	5,045 00
2665 General Plant Equipment .....	1,500 00
2666 General Plant Materials .....	3,440 00
2669 General Repairs .....	1,500 00
	\$66,325 00

**Code No. 2649, Food Supplies, \$43,228.**

The Budget allowance of \$339,523 for food supplies was made upon a per capita basis of 16 cents and 31 cents per diem for prisoners and employees, respectively. The per capita cost for inmates during the year 1913 varied from ten cents in district prisons to nineteen and twenty-one cents in the penitentiary and its branches. The per capita cost for employees varied from 36 cents to 42 cents, or thereabouts.

The average prison population for 1914 was estimated as 5,000. This population has been greatly exceeded, and present indications presage a still greater increase for the remaining part of this year.

The average census for the month of October, up to the twentieth, was 5,826. The monthly average census since January 1 has been as follows:

January .....	4,863
February .....	5,096
March .....	4,949
April .....	4,765
May .....	4,829
June .....	5,045
July .....	5,210
August .....	5,697
September .....	5,778

The average census for October is estimated as 6,000, and the census for November and December as 6,500. There exists a probability that even this high institutional census may be exceeded, and this estimate, in view of all conditions, is considered conservative.

The average monthly census for this year on the above figures is 5,535, instead of 5,000 as estimated. Because of the excess census alone, an additional expense of \$26,324 over the budgetary provision has been imposed upon the department. For the first six months of this year, it was not found possible to keep strictly within the per capita allowances for either prisoners or employees, because of the lack of information as to the then existing conditions, and because of the necessity of securing someone to formulate scientifically balanced dietaries.

However, for this period, these per capita allowances were but slightly exceeded, in the case of prisoners, .0058 and in the case of employees, .05. These slight excess costs, however, make an aggregate expense additional to our per capita allowance of \$11,504.

In the 1914 budget appropriations no allowance was made for Thanksgiving and Christmas poultry, etc. The custom of providing additional appropriate holiday fare on Thanksgiving and Christmas Day has prevailed within this department for many years, and any change would be extremely inadvisable. The cost of this allowance in the past has been nearly \$5,000. Because of the increased census, and of the prevailing high food prices, the expense for this year is estimated at \$6,000.

**Code No. 2653, Medical and Surgical Supplies, \$4,887.**

On September 1, 1914, this department had procured from the Department of Public Charities drugs, etc., in excess of its appropriation to the amount of \$1,751.87. Upon the basis of our expenditures, it is estimated that for September, October, November and December a further amount of \$2,600 will be needed. Also tobacco to the amount of \$536 is required; a shortage now exists in this article. Tobacco was provided for under this appropriation, and is absolutely essential for medical treatment in certain cases.

**Code No. 2658, General Plant Supplies, \$500.**

The amount allowed in this appropriation, \$4,286, was insufficient, and as it is practically exhausted, \$500 is asked for to purchase lubricating oil, grease, etc., for our boats, as well as for the engines at the institutions, and many other supplies which come under this heading, and for which requisitions are now held up to the extent of \$275, all for supplies imperatively needed for the conduct of the institutions.

Other general plant supplies, too diversified and numerous to be definitely itemized, will be needed for the remaining part of this year, and based upon our expenditures, the total request herein made, \$500, is the minimum which general plant supply expenditures will exceed our present appropriation.

**Code No. 2660, Household Equipment, \$6,225.**

1,500 Pairs of Blankets at \$3.75.....	\$5,625 00
6,000 Yards Crash Toweling at 10c.....	600 00
	\$6,225 00

Our increased census makes the above appropriations necessary. At the present time prisoners have no night gowns, no mattresses upon their beds and must remove their clothing at night if they are to keep them from becoming entirely unusable. During cold weather each inmate must have two blankets and then his lot is a hard one. Each inmate should be provided with a towel, as the promiscuous use of towels is a terrible disease spreader among the class of inmates who frequently are sent to our correctional institutions. The increased census renders these expenditures imperative if we are to make semi-decent provision for the present abnormal census.

**Code No. 2664, Wearing Apparel, \$5,045.**

8,000 yards seersucker, at .07½.....	\$600 00
—to make 1,000 women's dresses, which are urgently needed at the Workhouse and the City Prison, Queens, in order to supply women with two dresses, so they can have their dresses washed during their imprisonment, which is now impossible because of the increased census. In the case of women acting as cleaners of buildings three dresses are needed as a dress gets very filthy in a single day.	
3,000 yards Workhouse Prisoner's Cloth, at .52½.....	1,575 00
—to make 1,000 winter suits, needed on account of increased census.	
15,000 yards Ticking, at .15.....	2,250 00

500 doz. pairs Heel Tops, at .60 per dozen, to cover part of our emergencies .....	300 00
	\$5,045 00

**Code No. 2665, General Plant Equipment, \$1,500.**

We are holding requisitions for equipment and tools because of lack of funds, and will need at least \$1,500 to provide for part of these and for future demands upon this fund up to December 31, 1914.....

**Code No. 2666, General Plant Materials, \$3,440.**

18,000 yards Brown Muslin, at .08.....	\$1,440 00
—to provide lining for 3,500 suits winter clothing. 14,000 yards; 1,200 sheets (3¾ yards each), 4,500 yards; 500 pillows, 1 yard each, 500 yards; 300 chemises, 2½ yards each, 750 yards; 1,000 women's dresses (lining), 1,000 yards; 20,750 yards.	
The above requisition will have to be cut down to keep within the 18,000 yards asked for.	
In this appropriation we will also need, in addition to the foregoing.....	2,000 00
—for the purchase of materials used in the repair work about the buildings and grounds, done by departmental and prison labor, for which we have requisitions on hand and for which demands will be made on us during the balance of this year. White lead, oil, lumber, etc., will be required for such work.	

Total ..... \$3,440 00  
Respectfully, KATHARINE BEMENT DAVIS, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, November 16, 1914.

Hon. HENRY H. CURRAN, Chairman, Committee on Finance, Board of Aldermen, The City of New York:

Dear Sir—In reference to a request dated October 28, 1914, for the issuance of \$66,325 special revenue bonds, addressed to your Board by the Department of Correction, and subsequently referred by the Committee on Finance to this department, you will find enclosed a copy of a report thereon by the Bureau of Municipal Investigation and Statistics of this department. Yours very truly,

EDMUND D. FISHER, Deputy and Acting Comptroller.

November 16, 1914.

Hon. WILLIAM A. PRENDERGAST, Comptroller, The City of New York:

Dear Sir—On October 28, 1914, the Department of Correction applied to the Board of Aldermen for an issuance of \$66,325 special revenue bonds to meet anticipated deficits in certain appropriation accounts made to that department for 1913 and 1914, respectively. These deficits are as follows:

No.	Description.	Amount.
2649	Food Supplies	\$43,228 00
2653	Medical and Surgical Supplies	4,887 00
2658	General Plant Supplies	500 00
2660	Household Equipment	6,225 00
2664	Wearing Apparel	5,045 00
2665	General Plant Equipment	1,500 00
2666	General Plant Materials	3,440 00
2669	General Repairs	1,500 00
Total sum requested to meet estimated deficit at December 31, 1914		\$66,325 00

**Account No. 2649—Food Supplies—Requested, \$43,228.**

The net amount appropriated to date for Food Supplies was \$339,623.00. This was based on the per capita allowance of 16 cents per day for prisoners, on an average census of 5,000 prisoners, and an allowance of 31 cents per day for employees. The expenditures during the first eight months of the year exceeded the allowances referred to by .0014 per day for prisoners and .0487 for employees. Moreover, the census of the prisoners since the first of July, 1914, has increased considerably, until it now exceeds 5,900, and the indications are that the average census for the months of November and December will exceed 6,000.

Investigation by this department indicates that the total amount required for Food Supplies for the purposes stated for the remainder of the year will be approximately \$57,500. Against this sum there is now available a balance of \$23,000 in the Food Supply Account, leaving a deficit in that account of about \$34,500.

On August 31, 1914, the Brooklyn Disciplinary Training School for Boys was abolished by a resolution of the Board of Estimate and Apportionment dated May 22, 1914. At this time there was an outstanding contract liability of about \$10,000 which has since been abrogated by the several contractors, and this amount is now available for transfer to the Food Supplies Account in the Department of Correction. This transfer will be made soon and will have the effect of reducing the deficit of \$34,500 to \$24,500, for which special revenue bonds may be issued, as compared with the sum of \$43,228.00 requested.

**Account No. 2653—Medical and Surgical Supplies—Requested, \$4,887.**

The net appropriation to this account to date is \$6,688. The increased census of prisoners has resulted in an increased use of Medical Supplies, and the prices for such supplies have also advanced. Investigation shows that up to November 4, 1914, liabilities had been incurred amounting to \$1,111.72 in excess of the total allowance for the year. In addition to this sum it is estimated that the expenditures from this account for the last two months of the year will amount to about \$2,100. It further appears from investigations that the Department of Correction owes to the General Drug Department of the Department of Public Charities, for medical supplies obtained during the year 1913, the sum of \$817.77, for which amount the General Drug Department should be reimbursed. It will therefore be seen that an allowance of \$4,100 will be necessary to replenish this account, as compared with the sum of \$4,887 requested.

**Account No. 2658—General Plant Supplies—Requested, \$500.**

The net amount appropriated to date to this account is \$4,386.04. Examination of this account on November 1, 1914, showed that a balance of only \$4.51 was available, and as the immediate needs of the department for machine oil, photo supplies for the Bertillon System and other minor supplies amount to about \$250.00, the request for \$500 for these purposes and to meet unknown contingencies to December 31, 1914, seems reasonable.

**Account No. 2660—Household Equipment—Requested, \$6,225.**

The net appropriation to this account is \$16,242.84 and the balance unencumbered on November 1, 1914, was \$525.68.

Owing to the increased census the supply of blankets for prisoners' beds is inadequate and investigation shows that it will be necessary to provide 1,500 additional pairs of blankets at a cost of \$5,625.00. This additional allowance will provide blankets for 750 prisoners, it being the custom to use two pairs on each bed.

The supply of towels in the various institutions is limited and an allowance of one additional towel for each prisoner is urgently necessary. For this purpose it will be necessary to purchase 6,000 yards of toweling at a cost of \$600.00. The total sum required to replenish this account will then amount to \$6,225. This appears to be reasonable.

**Account No. 2664—Wearing Apparel—Requested, \$5,045.**

There was in this account on November 1, 1914, an unencumbered balance of \$22.03. The additional allowance requested by the Department of Correction is made up as follows:

800 yards seersucker, at 7½ cents per yard	\$600 00
3,000 yards workhouse cloth at 52½ cents per yard	1,575 00
15,000 yards ticking at 15 cents per yard	2,250 00
2,000 pounds offal leather at 16 cents per pound	320 00
500 dozen heel tops at 60 cents a dozen	300 00
Total	\$5,045 00

These items are used in making and repairing wearing apparel. This work is done by prison labor, and therefore the department pays only for the material. Investigation shows that at the Workhouse on Blackwell's Island, the stock of dresses is used and in storeroom is sufficient to provide two dresses for each of the 600 prisoners. The request for \$600 for the purchase of 8,000 yards of seersucker is for the purpose of making about a thousand dresses. This will provide an additional dress for each female prisoner at the Workhouse, and the balance of the dresses will be distributed among the female prisoners in other institutions of the department. This request appears to be reasonable and necessary.

The \$1,575 requested for the workhouse cloth was found to be unnecessary, as there is on hand a sufficiently large stock of clothes and raw material to meet the requirements of the department for the remainder of the year.

The request for 15,000 yards of ticking was found to be in excess of the requirements, and an allowance of only 7,000 yards at a cost of \$1,050 is recommended. This will provide material for 2,000 shirts, 1,000 for the Workhouse on Blackwell's Island and 1,000 for the Branch Workhouse at Hart's Island.

The 2,000 lbs. of offal leather requested is urgently needed for repairing prisoners' shoes. The repair shops have no supply of this leather, and more expensive leather is being now used. The offal leather requested will last about three months and will cost \$320.

The heel tops for which an allowance of \$300 is requested have since been purchased so that this need not be considered.

Of the total amount requested to replenish this account, namely \$5,045 investigation shows that an allowance of \$1,970 is all that is actually necessary at this time.

**Account No. 2665—General Plant Equipment—Requested, \$1,500.**

In addition to meeting the deficit of \$11.40 in this account on November 1, tools will be required in the shops, and miscellaneous small equipment stables and on steamers, at a cost of about \$800.

To provide an available balance to meet unknown contingencies for the remainder of the year about \$200 more will be required. This account will therefore require replenishment to the amount of \$1,000, as compared with the sum of \$1,500 requested.

**Account No. 2666—General Plant Materials—Requested, \$3,440.**

The allowance requested in this account in addition to the unencumbered balance on November 1, 1914, of \$124.72, is as follows:

18,000 yards of brown muslin at .08 per yard	\$1,440 00
Lumber and miscellaneous materials	2,000 00
Total	\$3,440 00

The brown muslin is urgently needed, to make up the following articles which must be completed before the end of January, 1915:

1,500 winter suits	5,250 yards
1,200 sheets	4,500 yards
500 pillows	700 yards
300 chemises	750 yards
1,000 dresses	1,000 yards

Total yards of muslin 12,200 yards  
It is estimated that the cost of 12,200 yards of muslin will require an outlay of about \$900.

The \$2,000 requested for miscellaneous materials is mainly needed for the following purposes: About \$600 will be required for white lead for painting the interior of the Penitentiary on Blackwell's Island. An outlay of \$450 is also necessary for lumber for the Reformatory on Hart's Island for use in the carpentry school and for miscellaneous repairs to the reformatory buildings. Various other materials are urgently needed for minor repairs to buildings and equipment, requisitions for which are withheld in the Auditor's Office for lack of funds. It is estimated that these materials will cost from \$800 to \$900.

It therefore appears that of the additional allowance requested in this account, namely \$3,440, that \$2,900 should suffice.

**Account No. 2669—General Repairs—Requested, \$1,500.**

On November 1, 1914, this account had an unencumbered balance of \$941.49. The Steamer "Correction," owned by the Department of Correction, is greatly in need of extensive repairs, the cost of which, it is estimated, will exceed \$2,000.

The centre of the boat has sagged in over a considerable area, and unless it is raised a breakdown of the machinery in the engine room may occur. The boilers are in very bad condition and to thoroughly overhaul them it will be necessary to recover them and to replace the suction pipe, also the circular seams must be chipped and caulked and a number of leaky rivets made tight. A new iron ice shoe about 16 feet long and 4 feet deep will also be needed on the bow of the boat, and new ice guards must be fixed over two manhole plates. Repairs to the decks, which it will be necessary to recaulk in many places, made necessary by the wear and tear caused by the increase in freightage due to carrying the additional freight formerly handled by the Steamer "Massasoit," which was transferred to the Department of Public Charities on June 18, 1914. In addition to these repairs enumerated many other minor repairs are necessary so that the amount of \$1,500 requested in addition to the unencumbered balance of \$941.49 in this account will most likely be needed to place the steamer referred to in serviceable condition.

This work is to be let on contract and it is deemed advisable owing to the absolute necessity of making these repairs, that funds should be made available immediately.

Pursuant to the findings of the examiner in reference to the individual sums requested, it is recommended that the total request for \$66,325 special revenue bonds be approved to the extent of \$42,695 made up as follows:

Appropriation Account.	Requested.	Allowed.
2649 Food Supplies	\$43,228 00	\$24,500 00
2653 Medical and Surgical Supplies	4,887 00	4,100 00
2658 General Plant Supplies	500 00	500 00
2660 Household Equipment	6,225 00	6,225 00
2664 Wearing Apparel	5,045 00	1,970 00
2665 General Plant Equipment	1,500 00	1,000 00
2666 General Plant Materials	3,440 00	2,900 00
2669 General Repairs	1,500 00	1,500 00
Totals	\$66,325 00	\$42,695 00

The total differences between the amounts requested and the amounts upon investigation recommended to me represents the reduction of \$23,630 on the original request.

Respectfully,

(Signed) R. B. MCINTYRE, Supervising Statistician and Examiner.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

**Report of the Committee on Finance in Favor of Adopting Resolution for \$893.10 Special Revenue Bonds for Payment of Increased Wages of Three Wiremen in the Department of Water Supply, Gas and Electricity.**

The Committee on Finance, to which was referred on November 10, 1914 (Minutes, page 514), the annexed request from the Department of Water Supply, Gas and Electricity for an issue of Special Revenue Bonds for increased wages of three wiremen, respectfully

**REPORTS:**

That having examined the subject, it believes the proposed allowance to be necessary, and it, therefore, recommends that the accompanying resolution for the full amount be adopted.

Resolved, That in pursuance of the provisions of Subdivision 8 of Section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of eight hundred and ninety-three 10-100 dollars (\$893.10), the proceeds whereof to be used by the Department of Water Supply, Gas and Electricity for the purpose of paying increased wages of three wiremen.

All obligations contracted for hereunder to be incurred on or before December 31, 1914.

City of New York, Department of Water Supply, Gas and Electricity, November 9, 1914.

Hon. GEORGE MCANENY, President, Board of Aldermen:

Dear Sir—At its meeting held on October 27 the Board of Aldermen authorized the issuance of revenue bonds in the sum of \$678.60, the proceeds of which were to be used by this department for the purpose of paying the wages of three wiremen, in pursuance of a resolution of the Board of Estimate and Apportionment, adopted on May 8, 1914, and concurred in by resolution of the Board of Aldermen on June 2, 1914. I find, however, that the amount authorized is insufficient to enable the department to comply with the requirements of the resolution. In my letter of July 20 I requested the issuance of bonds to the extent of \$893.10, this being the exact sum needed for this purpose. It would appear, however, that the amount authorized by the Board of Aldermen was computed upon the erroneous assumption that the date upon which the increased remuneration of these men became effective was June 2, that being the date upon which the Board of Aldermen passed its resolution of approval. It will be observed, however, that the Board of Estimate and Apportionment's resolution provided that the increased compensation of the workmen of the grades therein mentioned date from April 1, 1914.

I, therefore, ask that the Board of Aldermen authorize the issuance of additional revenue bonds in the amount of \$214.50 to cover the deficiency referred to.

Respectfully,

WILLIAM WILLIAMS, Commissioner.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

**An Ordinance Regulating the Construction, Operation and Maintenance of Elevators in The City of New York.**

By Alderman Hamilton—  
 AN ORDINANCE regulating the construction, operation and maintenance of elevators in the City of New York.

*Be It Ordained by the Board of Aldermen of The City of New York, as follows:*  
 Section 1. *Definitions.* For the purposes of this ordinance:

- (a) The term elevator shall mean any device within or in connection with a building or structure used for carrying persons or things upward or downward;
- (b) The term passenger elevator shall mean and include any elevator designed and used for carrying persons other than those necessary for its safe operation;
- (c) The term freight elevator shall mean and include any elevator designed and used for the carrying of things and such persons only as are necessary for its safe operation or handling the things carried by it;
- (d) The term amusement device shall mean and include all mechanically operated devices which are used to convey persons in any direction as a form of amusement.

Section 2. *Rules.* The superintendent of buildings shall make rules not inconsistent with the provisions of this ordinance regulating with a view to safety, the construction, maintenance and operation of all elevators and amusement devices, now existing or hereafter installed.

Before such rules and any changes thereof shall become operative they shall be published in the CITY RECORD on eight successive Mondays, but not until a public hearing on the same has been held when a request for such hearing has been made. All rules heretofore legally promulgated and in force at the time of the passage of this ordinance shall continue in force until amended or repealed as herein provided.

Section 3. *Permits.* Before any passenger or freight elevator shall hereafter be installed or altered in any building or before any amusement device shall hereafter be constructed or altered, the owner or lessee, or the agent, architect or contractor of either, shall submit to the superintendent of buildings, in such form as the superintendent may prescribe, an application accompanied by the prescribed plans and drawings showing the proposed construction and mode of operation. Such application must be approved by the superintendent before any such elevator or amusement device shall be installed, constructed or altered.

Repairs to elevators and amusement devices may be made without filing such application, unless such repairs include the changing of the type or make of elevator or its motive power, or any change in safety devices or operating mechanism.

Section 4. *Certificate.* It shall be unlawful for the owner or lessee to operate any passenger elevator or amusement device hereafter installed or constructed or permit the operation or use of the same until a certificate shall have been obtained from the superintendent of buildings that such elevator or amusement device has been inspected and has been found to be safe.

The superintendent of buildings shall within a reasonable time after being requested to do so inspect or cause to be inspected any elevator or amusement device hereafter installed or constructed, and if the same is found to be safe and in conformity with the provisions of this ordinance and the rules adopted thereunder, shall issue a certificate to that effect.

Nothing herein contained shall prevent the temporary use of any elevator during construction provided a notice is conspicuously posted on or in connection with such elevator to the effect that such elevator has not been officially approved.

Section 5. *Record of Passenger Elevators.* Every passenger elevator shall be given a serial number for purposes of identification. In the case of elevators hereafter installed such serial number shall be assigned when the first certificate is issued, and in the case of existing elevators, as soon as inspection can be made for that purpose. A docket of all passenger elevators shall be kept in each borough giving under the corresponding serial number of description of its location sufficient for identification, together with such other information as type of construction, motive power, rise, rated speed, inspection, etc., as the superintendent of buildings may deem desirable. The owner or lessee, or agent of either, shall cause such number, together with the most recent certificate of inspection to be attached or posted in the elevator car in the manner prescribed by the rules.

Section 6. *Inspection.* The superintendent of buildings shall cause an inspection of all passenger elevators to be made at least once in every three months, and of amusement devices at least once in each year. He may accept inspections made by any properly accredited insurance or casualty company, or inspection service retained or engaged by the owner or lessee, provided such company or service shall satisfy the superintendent of buildings of the competency of its inspector, shall abide by the rules adopted under this ordinance, and shall file with the superintendent of buildings a full report of each and every inspection, together with its recommendations. Upon notice from the superintendent of buildings, or his duly authorized representative, any repairs found necessary to passenger elevators shall be made without delay by the owner or lessee, and in case defects are found to exist which endanger life or limb by the continued use of such passenger elevator then the use of such elevator shall cease, and it shall not again be used until a certificate shall be first obtained from said superintendent of buildings that such elevator has been made safe. Nothing herein contained shall prevent or relieve the superintendent of buildings from making inspections of freight elevators or of amusement devices when there is reason to believe that defects exist or that the elevator is being used for passenger service. After every inspection which shows any passenger elevator to be safe and in conformity with the requirement of this ordinance and the rules adopted thereunder the superintendent of buildings shall issue to the owner or lessor of such elevator a certificate to that effect.

Section 7. *Riding on Elevators Restricted.*—It shall be unlawful for any person, other than the operator or those necessary to handle freight, to ride on, or for the owner or lessee of any elevator knowingly to permit any person to ride on any elevator other than a passenger elevator. Every freight elevator shall have a notice posted conspicuously thereon as follows: THIS IS NOT A PASSENGER ELEVATOR. IT IS UNLAWFUL FOR ANY PERSON, OTHER THAN THE OPERATOR OR THOSE NECESSARY TO HANDLE FREIGHT, TO RIDE ON THIS ELEVATOR.

Section 8. *Operators.*—Except as may be specifically provided in any other law or ordinance, every passenger elevator, except full automatic push button elevators and escalators, must be in charge of a competent operator of reliable and industrious habits, not less than eighteen years of age, with sufficient previous experience in running an elevator under the instruction of a competent person. In case the superintendent of buildings shall find that the person engaged in running an elevator is incompetent or

not qualified, the owner or lessee of such elevator shall, upon notice from the superintendent of buildings, at once discontinue the operation of such elevator by such operator. No person shall employ or permit any person to operate any passenger elevator who does not possess the qualifications prescribed therefor by this or any other law or ordinance.

Section 9. *Accidents.*—The owner or lessee, or person in charge of any passenger or freight elevator or amusement device shall immediately notify the superintendent of buildings of each and every accident to a person or damage to apparatus on, about or in connection with such elevator or amusement device, and shall afford the superintendent of buildings or his representative every facility for investigating such accident or damage. The superintendent of buildings shall without delay, after being notified, make an investigation of such accident or damage, and shall place on file in the bureau of buildings a full and complete report of such investigation. Such report shall give in detail all material facts and information available and the cause or causes so far as they can be determined, and shall be open to public inspection at all reasonable hours.

When an accident involves the failure or destruction of any part of the construction or operating mechanism, the use of such elevator or amusement device shall be discontinued until a certificate shall have been issued by the superintendent of buildings that such elevator or amusement device is or has been made safe; and no part of the construction or operating mechanism shall be removed or disturbed, except as may be necessary to relieve persons injured, nor shall repairs be made until permission has been granted by the superintendent of buildings.

Section 10. *Interlocking of Cars and Doors.*—All passenger elevators, now existing and in use or hereafter constructed or installed, moving in a vertical shaft, shall have placed thereon or attached thereto some device that will automatically prevent the elevator car from being moved in either direction while the shaft door at which the elevator car is standing is unlocked; and unless it is equipped with such a device it shall be unlawful to operate or use any passenger elevator hereafter constructed or installed or to continue in use after the specified dates any existing passenger elevator, as follows:

- any elevator having a rise of 200 feet or more, October 1st, 1915;
- any elevator having a rise of more than 90 feet and less than 200 feet, if located in an office building or department store, January 1st, 1916; if located in a hotel, April 1st, 1916; if located in any other business building, July 1st, 1916; if located in any building coming under the provisions of the Tenement House Act, October 1st, 1916; if located in any other building or structure, January 1st, 1917; and
- any elevator having a rise of less than 90 feet, April 1st, 1917.

Nothing herein contained shall prevent the use of a switch or device, properly safeguarded against misuse or abuse, that will make possible the operation of the elevator independently of the automatic safety device prescribed by this section, but it shall be unlawful to use such switch or device except in case of emergency or for the making of repairs under conditions prescribed by the superintendent of buildings.

The rules promulgated by the superintendent of buildings under the provisions of this ordinance shall fix the requirements for the devices prescribed by this section. The superintendent of buildings shall approve for use any device that may conform to the requirements of this section and the rules adopted thereunder, as soon as possible after such device or drawings of the same have been submitted to him. But no such device shall be considered as meeting requirements until it has been approved by the superintendent of buildings.

Section 11. *Speed Safeties.*—It shall be unlawful to use any passenger elevator that is not provided with safety devices, applied in conformity with the rules of the superintendent of buildings and maintained in good condition, for bringing the elevator car to rest without serious injury to the passengers whenever it may, for any reason whatsoever, exceed its rated speed by more than forty per cent. or reach a speed of 850 feet per minute.

Section 12. *Enforcement; Penalties.*—This ordinance shall be deemed a part of the Building Code, and each superintendent of buildings shall, in his own borough, enforce its provisions and the rules adopted thereunder. Any and every violation of the provisions of this ordinance or of the rules adopted thereunder shall subject the owner, lessee or agent of the building or premises, where such violation has been committed or shall exist, and the architect, builder, contractor, or any other person who has assisted in the commission of such violation, to the same legal procedure and the same penalties as are prescribed for violations of the Building Code; and such violation shall be subject to the same legal remedies and prosecuted in the manner prescribed in said Building Code.

The operation of any elevator or amusement device after notice has been given by the superintendent of buildings or his duly authorized representative that such elevator or amusement device is unsafe shall be deemed a misdemeanor and punishable as such.

Section 13. *When Effective.*—This ordinance shall take effect on January 1, 1915.  
 Which was referred to the Committee on Buildings.

No. 1072.

**An Ordinance Regulating the Height, Size and Arrangement of Buildings in The City of New York.**

By the same—  
 AN ORDINANCE Regulating the Height, Size and Arrangement of Buildings in the City of New York.

*Be It Ordained by the Board of Aldermen of The City of New York as follows:*  
 Section 1. *Definitions.*—For the purposes of this ordinance,

- (a) the curb level shall be the mean curb level in front of and for the full width of the building, except that when a building is located on a corner lot the curb level shall be the mean curb level of the curb in the street of greatest width;
- (b) the height of any wall shall be the vertical distance from the curb level to the highest point of such wall;
- (c) a street wall shall be any wall bordering on a street, avenue, road, alley, lane, highway, boulevard, concourse, driveway, culvert, sidewalk and crosswalk, every class of public road, square and place, or marginal way;
- (d) in a street of varying width, the average width in any block shall be the width determining height in that block;
- (e) a lot shall mean the ground area covered by the building erected thereon and the open spaces required by or provided in accordance with this ordinance for such building;

- (f) the depth of any lot shall be taken to mean the average depth;
- (g) the least dimension of any court shall be taken to mean the least distance between walls or between any wall and a lot line measured on a line perpendicular to the centre of any side of said court;
- (h) the first story shall mean that story to which the main entrance leads, but the floor of which shall be not more than seven feet above the highest point of the curb on any street on which the building abuts.

Section 2. *Height Limits.*—Every building, hereafter erected, shall be so constructed that the street wall will not exceed in height the limits hereinafter prescribed, or that any other wall or any part of such building other than church spires or belfries, and chimneys for power or manufacturing plants, will not project beyond the lines or planes hereinafter referred to as set-back planes, except that any part or parts of a building not exceeding in aggregate area twenty-five per cent. of the lot on which the building is situated may be erected to any height, provided that such part or parts shall be distant at all points at least twenty feet, measured horizontally, from all lot lines other than a street line bordering on or a street line at its intersection with a body of water, a public street, square, park, or marginal way, more than one hundred and fifty feet wide, with or without an intervening street.

Section 3. *Street Walls.*—Except as otherwise in this ordinance provided, the limiting height for street walls shall be twice the width of the street, but not more than three hundred feet, provided, however, that on streets less than fifty feet in width the limit shall be one hundred feet.

When a single building is erected upon a corner lot, facing upon streets of different widths, the limiting height of the street walls shall be determined by the street of greatest width.

When a single building not on a corner lot abuts upon streets of different widths, the limiting height of each street wall shall be determined by the width of the street on which it abuts.

Section 4. *Set-back Planes.*—The set-back planes shall start at the limiting heights for street walls provided in this ordinance and incline upwards and backwards from the street in the ratio of one foot horizontally for each four feet vertically.

Section 5. *Open Spaces Required.*—In all buildings hereafter erected, except tenement houses, lodging houses and theatres, yards and courts, as hereinafter pre-

scribed, shall be provided above the level of the second story floor beams. No yard or court required by this ordinance shall be covered over in any manner whatever, but such yards and courts shall at every point be kept open and unobstructed for the full height thereof, except for the ordinary projections of windows sills and lintels, and cornices or gutters to the extent of not more than twelve inches.

Section 6. *Yards*.—At the rear of every building hereafter erected there shall be a yard extending across the entire width of the lot, at every point open, from the floor level of the second story to the sky.

Such yard shall contain not less than ten per cent. of the area of the lot, and its least dimension shall be not less than ten per cent. of the depth of the lot. At any story above the first an additional one per cent. of the area of the lot shall be provided in such yard for each story above the first, provided that such additional yard area may be reduced by the area of any setbacks and prescribed courts at any story.

When the building is located on a lot fronting upon two or more streets, but not on a corner, no yard shall be required, but set-backs and courts of the minimum dimensions hereinafter prescribed, containing an aggregate area not less than that prescribed for yards, shall be provided. When the building is located on a lot at the corner of two or more streets no yard shall be required, but an area at any story of not less than one per cent. of the area of the lot for each story above the first shall be provided in set-backs or courts of the minimum dimensions hereinafter prescribed.

Section 7. *Courts*.—The least dimension of any court provided in accordance with this ordinance shall be at any point not less than one and one-quarter inches for every foot of height such point is above the curb level, but not less than six feet.

Section 8. *Buildings on Same Lot*.—If more than one building is hereafter placed on any lot, or, if any building is placed on the same lot with an existing building, the several buildings for the purposes of this ordinance shall be considered as detached parts of one building.

Section 9. *What Included*.—Any structure, whether independent or attached to a building, shall, for the purposes of this ordinance, be deemed a building or part of a building and shall be subject to the provisions of this ordinance.

Nothing in this ordinance shall prevent the projection of a cornice beyond the street line or a set-back plane to an extent not exceeding five per cent. of the width of the street.

Section 10. *Existing Buildings*.—No building now existing or hereafter erected shall be so altered or enlarged as to be in violation of any of the provisions of this ordinance, nor shall any lot area be so reduced or diminished that the uncovered areas shall be less than required by any law or ordinance or required to maintain the proper percentage of open lot in the case of such buildings which in conformity with the provisions of Section 1 extend above the set back planes. But nothing herein contained shall require any change in existing buildings or buildings for which permits have been heretofore lawfully issued and the construction of which is diligently prosecuted within a year of the date of the permit.

No building, now exceeding the restrictions fixed by this ordinance, may be rebuilt, except in accordance with the provisions of this ordinance, if, for any cause whatever, it is wholly or in part removed.

Section 11. *Unlawful Occupancy*.—It shall be unlawful to occupy or permit the occupancy of any building hereafter erected, altered or enlarged, and maintained in violation of any of the provisions of this ordinance.

Section 12. *Enforcement; Penalties*.—This ordinance shall be deemed a part of the Building Code, and each superintendent of buildings shall, in his own borough, enforce its provisions and the rules adopted thereunder. Any and every violation of the provisions of this ordinance or of the rules adopted thereunder shall subject the owner, lessee or agent of the building or premises where such violation has been committed or shall exist, and the architect, builder, contractor, or any other person who has assisted in the commission of such violation, to the same legal procedure and the same penalties as are prescribed for violations of the Building Code; and such violation shall be subject to the same legal remedies and prosecuted in the manner prescribed in said Building Code.

Section 13. *Existing Provisions Repealed*.—The following provisions of the Building Code are hereby repealed:

(a) That portion of Section 8 reading: "Any such building hereafter erected shall not cover more than ninety per cent. of the lot area."

(b) That portion of Section 10 reading: "Whenever any such building hereafter erected shall be located on any other than a corner lot or plot, it shall not cover in the aggregate more than 90 per cent. of the area of such lot or plot at and above the second story level, if not more than five stories in height, and two and one-half per cent. less for every additional story in height; and on a corner lot, when covering an area of not more than 3,000 square feet, it shall not occupy more than 95 per cent. of the area of such lot at and above the second story level. In case any such building is to occupy a number of lots, the Commissioner of Buildings having jurisdiction may allow the free air space, proportioned as herein stated, to be distributed in such manner as, in his opinion, will equally as well secure light and ventilation."

(c) That portion of Section 11 reading: "Office buildings, when not erected on a corner, shall not cover more than 90 per cent. of the lot area, at and above the second story level."

Section 14. *When Effective*.—This ordinance shall take effect immediately. Which was referred to the Committee on Buildings.

#### An Ordinance to Amend "An Ordinance Establishing the Fire Limits in The City of New York," Adopted June 30, 1914, Approved August 14, 1914, Establishing Additional Restricted Limits.

By the same—

AN ORDINANCE to Amend "An Ordinance establishing the fire limits in The City of New York," adopted by the Board of Aldermen June 30, 1914, and approved August 14, 1914, and Establishing Additional Restricted Limits.

Be it ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. An Ordinance Establishing the Fire Limits in The City of New York, adopted by the Board of Aldermen June 30, 1914, and approved by the Mayor August 14, 1914, is hereby amended.

(a) By adding a section, to be known as Section 2, to read as follows:

Section 2. Except as otherwise specifically provided in any other ordinance, no frame or wood structure shall be built hereafter within the following areas or limits hereinafter referred to as Suburban Limits, and it shall be unlawful to maintain, occupy or use any such structure erected in violation of any of the provisions of this ordinance, provided, however, that nothing herein contained shall prevent the erection, maintenance or occupancy of any frame building to be used exclusively for residence purposes with not more than fifteen sleeping rooms and covering not more than eighty per cent. of the width of the lot or plot on which it is erected and maintaining on at least one side an open space or open spaces as may be necessary to preserve such restriction, or of any one-story frame stable not exceeding six hundred square feet in area or fifteen feet in height and erected on the same plot with a one or two-family building and maintained on all sides at least four feet from any lot line.

(b) By amending Section 2 to read as follows:  
Section [2] 3. Except as otherwise specifically provided in any other ordinance as now enacted or as the same shall be amended from time to time no existing frame, wood, or other combustible structure shall be altered or enlarged within the fire limits or the suburban limits except in conformity with the provisions of such ordinance with respect to new structures.

(c) By amending Section 4 to read as follows:  
Section [4] 5. No frame, wood or other combustible structure shall be moved from without to within the fire limits, nor from one lot to another within the fire limits [ ], except that when condemnation proceedings have been held and the property has been acquired by the city previous to the enactment of this ordinance, frame buildings located on such property may be moved to any vacant lot within the fire limits provided such buildings shall be so moved before July first, 1915.

(d) by changing the numbers of Section 3, 5 and 8, to 4, 6 and 9 respectively.

(e) by substituting for Section 6 the following:  
Section 7. Enforcement; Penalties—This ordinance shall be deemed a part of the Building Code, and each superintendent of buildings shall, in his own borough, enforce its provisions. Any and every violation of the provisions of this ordinance shall subject the owner, lessee or agent or the building or premises where such violation has been committed or shall exist, and the architect, builder, contractor, or any other person who has assisted in the commission of such violation, to the same legal procedure and the same penalties as are prescribed for violations of the Building Code; and such violation shall be subject to the same legal remedies and prosecuted in the manner prescribed in said Building Code.

[Section 6. The superintendents of buildings shall, each in his own borough, enforce the provisions of this ordinance. Any and every violation of this ordinance shall be subject to the same penalties prescribed for violations of the Building Code which shall be prosecuted and collected in the manner prescribed in the Building Code.]

(f) by substituting for Section 7 the following:  
Section 8. Existing Provisions Repealed—The following ordinances and sections or parts of sections of the Building Code are hereby repealed:

(1) that part of Section 142 of the Building Code reading:  
"No wood building within or without the fire limits shall be moved from one lot to another until a statement setting forth the purposes of said removal and the uses to which said building is to be applied is filed in the Department of Buildings, and a permit be first obtained therefor. No wood building shall be moved from without to within the fire limits";

(2) Section 143 of the Building Code;

(3) Section 145 of the Building Code;

(4) An Ordinance to amend Section 145 of the Building Code relating to the fire limits of the Borough of The Bronx, adopted December 18, 1899, and approved by the Mayor, December 23, 1899;

(5) An Ordinance relative to frame buildings in the Thirtieth Ward, Borough of Brooklyn, adopted December 18, 1900;

(6) An Ordinance to amend Section 143 of Part XXVII. of the "Building Code," relative to fire limits, adopted June 12, 1906;

(7) A resolution adopted by the Council December 4, 1900, and by the Board of Aldermen December 11, 1900, and reading as follows:  
"Resolved, That the Department of Buildings be and it hereby is requested to extend the fire limits in the Eighth Ward, Borough of Brooklyn, to include the territory between the south side of Forty-fifth street and the north side of Sixtieth street, and the easterly side of Sixth avenue and the westerly side of Seventh avenue."

[Section 7. All ordinances, rules and all regulations, or parts thereof, in conflict with the provisions of this ordinance are hereby repealed.]

Section 2. This ordinance shall take effect immediately.  
Which was referred to the Committee on Buildings.

**DEPARTMENT OF FINANCE.**

**WARRANTS MADE READY FOR PAYMENT IN DEPARTMENT OF FINANCE WEDNESDAY, NOVEMBER 25, 1914.**

Below is a statement of warrants made ready for payment on the above date, showing therein the Department of Finance voucher number, the dates of the invoices or the registered number of the contract, the date the voucher was filed in the Department of Finance, the name of the payee and the amount of the warrant.

Where two or more bills are embraced in the warrant, the dates of the earliest and latest are given, excepting that, when such payments are made under a contract, the registered number of the contract is shown in the place of the second invoice date.

Where the word "final" is shown after the name of the payee, payment will not be made until thirty days after the completion and acceptance of the work, but all of the other warrants mentioned will be forwarded through the mail unless some reason exists why payment is to be made in person, in which event written notice will be promptly given to the claimant.

In making a written or verbal inquiry at this office for any of the above mentioned warrants, it is requested that reference be made by the Department of Finance voucher number.

WILLIAM A. PRENDERGAST, Comptroller.

curbstones, flagging and reflagging sidewalks, laying and relaying crosswalks, building approaches and erecting fences where necessary, and paving with granite blocks on a concrete foundation the roadways of Exterior Street, from University Heights Bridge to Fordham Road; Fordham Road, from Exterior Street westerly to the public dock, together with all work incidental thereto (permanent pavement), and objections of the Fordham Dock Company filed by Benjamin Trapnell; also a copy of the opinion of the Corporation Counsel, dated October 17, 1914, were presented by the Deputy and Acting Comptroller, having been returned from the Board of Assessors under date of October 22, 1914.

At a meeting of June 18th, this list was referred back to the Board of Assessors, after hearing of the objections, for further consideration and to obtain an opinion of the Corporation Counsel relative to the objections raised by counsel for objector. Mr. Trapnell was heard in opposition to the assessment.

On motion of the President of the Department of Taxes and Assessments, the objections filed against the assessment were overruled and the assessment list was confirmed, the President of the Department of Taxes and Assessments and the Assistant and Acting Corporation Counsel voting in the affirmative, the Deputy and Acting Comptroller voting in the negative.

## BOROUGH OF BROOKLYN.

*Regulating, Etc., Coney Island Ave.*

The Deputy and Acting Comptroller presented the assessment list for regulating, grading, curbing and flagging Coney Island Avenue, between Kings Highway and Neptune Avenues, together with a list of awards for damages caused by a change of grade, with objections and applications for awards for damages filed by H. G. Andrews, attorney for Albert C. Asche et al.; James F. Quigley, attorney for F. Frese et al.; F. L. Bartlett, Charles C. Baker, Meile I. St. John, attorney for John I. Smith et al.; copy of testimony taken in the matter; report of the Chief Engineer of the Bureau of Highways, Borough of Brooklyn, relative thereto, having been received from the Board of Assessors under date of October 22, 1914.

Mr. Andrews and Mr. Quigley were heard in opposition to the assessment.

No others appearing in opposition, after notice, on motion of the Assistant and Acting Corporation Counsel, the assessment list was referred back to the Board of Assessors, with directions to reduce the assessment on the parcels situated on the line of the improvement, and for which claims have been filed and disallowed, twenty-five (25) per cent. pro rata, and, as so modified, that the assessment be confirmed, all of the members voting in the affirmative. The Acting Corporation Counsel stated that his motion was made as a matter of equity and not as a matter of right.

*Regulating, Etc., Avenue N.*

The Deputy and Acting Comptroller presented the assessment list for regulating, grading, curbing and flagging Avenue N, from Ocean Avenue to Kings Highway, and objections of Dora Brennan, filed by Edward H. Hawke, Jr., attorney, having been received from the Board of Assessors under date of October 28, 1914.

No one appearing in opposition, after notice, on motion of the Assistant and Acting Corporation Counsel, the objections filed against the assessment were overruled and the assessment list was confirmed, all the members voting in the affirmative.

*Regulating, Etc., Crown Street.*

The hearing in the matter of the assessment for regulating, grading, curbing and flagging Crown Street, between Bedford and Rogers Avenues, was adjourned, at the request of counsel for objectors.

## BOROUGH OF MANHATTAN.

*Sewer in Bennett Avenue.*

The Deputy and Acting Comptroller presented the assessment list for sewer in Bennett Avenue, from 181st Street to Broadway, and objections of Louis Schwartz et al., filed by James A. Lynch, attorney; J. M. Libby et al., filed by Parsons, Classon & McIlvaine, attorneys; B. M. Nathan, filed by M. J. Mulqueen, attorney; C. K. G. Billings, filed by Deering & Deering, attorneys, having been received from the Board of Assessors under date of November 5, 1914.

Mr. Libby and Mr. James A. Dunn, representing Deering & Deering, attorneys, were heard in opposition to the assessment.

No others appearing in opposition, after notice, on motion of the President of the Department of Taxes and Assessments, the objections filed against the assessment were overruled, and the assessment list was confirmed, all the members voting in the affirmative.

## BOROUGH OF THE BRONX.

*Regulating, Etc., Gray Street.*

The Deputy and Acting Comptroller presented the assessment list for regulating, grading and setting curbstones, flagging sidewalks, laying crosswalks, building approaches and erecting fences, where necessary, in Gray Street, from Tremont Avenue to Unionport Road, together with all work incidental thereto, and objections of Mrs. Nora Roche, having been received from the Board of Assessors under date of November 6, 1914.

Mr. Roche, appearing for Mrs. Roche, was heard in opposition to the assessment.

On motion of the President of the Department of Taxes and Assessments, the objections filed against the assessment were overruled, and the assessment list was confirmed, all the members voting in the affirmative.

## DEPARTMENT OF HEALTH.

### Regulations Adopted.

AT A MEETING OF THE BOARD OF Health of the Department of Health, held October 27, 1914, the following resolution was adopted:

Resolved, That the following regulations governing the sale and care of food in New York City be and the same are hereby adopted to take effect immediately:

**Regulations Governing the Handling, Storing, Offering for Sale and Selling of Food and Drink in Retail Stores.**

*General Regulations Governing the Conduct of All Retail Stores.*

**Regulation 1.** Rooms, Insanitary Conditions, Ventilation and Water Closets: Food and drink shall not be handled, stored, offered for sale or sold in any stable, room used for sleeping purposes, or in any room or place which is dark, damp, poorly ventilated, dirty or insanitary, or in direct communication with such stable or room or with a water-closet compartment, except when such water-closet compartment is enclosed by a suitable and properly lighted vestibule. Every such water-closet compartment, except when provided with mechanical means of ventilation, shall have a window at least 1 foot by 3 feet between stop beads, opening to external air, and the entire window shall be made so as to readily open, or an opening connecting with the external air measuring at least 144 square inches for each water-closet or urinal with an increase of 72 square inches for each additional water-closet or urinal. The doors of water-closet compartment and vestibule shall be provided with self-closing devices; the door of the water-closet compartment opening inward, and the door of vestibule opening outward. Water-closet fixtures and vestibules shall be maintained in a clean and sanitary condition and in good repair.

**Regulation 2.** Rubbish, Useless or Offensive Material: No accumulation of rubbish, useless or offensive material shall be permitted in any room or place where food or drink is handled, stored, offered for sale or sold.

**Regulation 3.** Lighting: All rooms or places in which food or drink is handled, stored, offered for sale, or sold, shall be properly and adequately lighted so that all parts thereof may be readily inspected.

**Regulation 4.** Screening of Doors, Windows and Other Openings: All doors, windows and other openings shall be properly screened from May 1st to October 31st. Screen doors shall be provided with self-closing devices.

**Regulation 5.** Construction of Walls and Ceilings: Walls and ceilings shall be of a smooth, hard material and must be kept clean and sanitary and in good repair.

**Regulation 6.** Construction of Floors: Floors shall be smooth and must be kept clean and sanitary and in good repair.

**Regulation 7.** Counters, Shelves, Show Cases and Windows: All show or display cases or windows, counters, or shelves, used in handling, keeping and displaying food or drink, shall be kept clean and sanitary, free from dust, dirt or other contaminating material and in good repair.

**Regulation 8.** Drainage of Refrigerators, Ice-Boxes, Etc.: Waste water from refrigerators, ice-boxes, refrigerated display cases, windows or counters, vats or tanks, or other containers, used in refrigerating and storing food or drink, shall discharge into an open, water-supplied, properly trapped, sewer-connected sink.

**Regulation 9.** Refrigerators, Ice-Boxes, Etc.: All refrigerators, ice-boxes and appliances thereof used for the storage of food and drink shall be kept clean and sanitary and in good repair, and the compartment used for the storage of ice shall be lined with some proper metallic substance so as to be water-tight.

**Regulation 10.** Sinks: Suitable sinks with an adequate supply of running water shall be provided.

**Regulation 11.** Washing Facilities for Employees: Soap, running water and fresh, clean, individual towels shall be provided for each employee and the same shall be readily accessible to these employees. Use of common towel is prohibited.

**Regulation 12.** Diseased Employees: No person who has any infectious or venereal disease shall be permitted to handle food or drink or any utensil used in dispensing same.

**Regulation 13.** Habits of Employees: All persons handling food or drink shall be cleanly in their habits and must wash their hands before beginning work and after visiting toilet.

**Regulation 14.** Clothing of Employees: All persons handling food or drink shall wear clean, washable, outer garments.

**Regulation 15.** Garbage Receptacles: Suitable, water-tight, properly covered, galvanized iron, or other sanitary metal cans for receiving and holding without leakage all garbage and other waste material shall be provided. A tight-fitting cover shall be provided for each can, and the can shall be kept covered. All garbage and other waste material shall be removed from the premises daily and shall not be allowed to become a nuisance.

**Regulation 16.** Disposition of Food and Drink Unit for Human Consumption: Food and drink which has become unfit for human consumption, shall be kept separate and apart from other foodstuffs which are held, kept and offered for sale, properly denatured, marked "Condemned" and removed daily.

**Regulation 17.** Spitting Signs: Placards prohibiting spitting on floors shall be conspicuously posted.

**Regulation 18.** Cuspidors: A sufficient number of cuspidors shall be provided and shall be cleaned and disinfected daily.

**Regulation 19.** Refrigeration of Perishable Foodstuffs: All perishable food or drink shall be stored and kept refrigerated in properly constructed refrigerators.

**Regulation 20.** Cleanliness of Utensils: All utensils used in the preparation, service and sale of food or drink shall be properly cleaned with hot water after being used and no utensil shall, under any circumstances, be used a second time thereof, so cleaned, and in such cleansing, the use of water which has become insanitary by previous use is prohibited.

**Regulation 21.** Rusted or Badly Worn Utensils Prohibited: The use of any utensil used in the preparation, service and sale of food or drink, which is badly worn or rusted, corroded, or in

such condition that it cannot be rendered clean and sanitary by washing, is prohibited.

**Regulation 22.** Coloring Matter or Preservatives: The presence in any part of an establishment of any prohibited coloring matter or preservative shall be deemed prima facie evidence of its use and the presence of any such material may be sufficient cause for the prosecution of the owners or proprietors of the establishment.

**Regulation 23.** Exhibition and Arrangement of Foodstuffs: All foodstuffs shall be arranged and displayed in an orderly and systematic manner so as to improve the general appearance of the store and to facilitate cleaning and inspection of same.

**Regulation 24.** Food Not to Be Deposited or Allowed to Remain Within Two Feet of the Surface of Any Sidewalk, Street or Floor, Etc.: No food intended for human consumption shall be deposited or allowed to remain within 2 feet of the surface of any sidewalk, street, alley or public place or the floor of any building where exhibited unless the same shall be contained in covered boxes or other covering receptacles so as to be protected from dogs and other animals and their excretions.

**Regulation 25.** Protection of Foodstuffs: All foodstuffs not protected by a fly and dustproof wrapper when displayed for sale must be covered in cases of glass, metal, wood, or close-mesh wire screening so as to prevent contamination by dust, dirt and flies.

**Regulation 26.** Storing of Food to Be Prima Facie Evidence of Its Use: The presence of any food, drink, or raw material in any part of the establishment shall be deemed prima facie evidence of its use for human food.

*Additional Regulations Governing the Conduct of Butcher Stores.*

**Regulation 31.** Construction of Counters, Work Benches and Pickling Vats, Etc.: All counters, work benches, pickling vats, refrigerated display cases, stationary trays and appliances thereof used in the handling, displaying and storing of meats and other foods shall be of a smooth, hard material and constructed and arranged so as to permit of thorough cleansing and ready access.

**Regulation 32.** Maintenance of Counters, Work Benches and Pickling Vats, Etc.: All counters, work benches, pickling vats, refrigerated display cases, stationary trays and appliances thereof used in the handling, displaying and storing of meats and other foods shall be kept clean and sanitary and in good repair, and must be scrubbed with hot water and Sal Soda, or other suitable cleansing agent at the close of each day's use.

**Regulation 33.** Protection of Meats, Poultry, Etc., When Displayed For Sale: All meats, poultry, game, fish and similar products when displayed for sale shall be kept within closed refrigerated display cases, or properly covered by close-mesh wire screening so as to prevent unwarranted human handling and contamination by dust, dirt and flies. Provided, however, this regulation shall not apply to smoke meats, sausages, hams, or other similar products, which are protected by a fly and dust proof wrapper.

*Additional Regulations Governing the Conduct of Fish Stores.*

**Regulation 35.** Construction of Counters, Work Benches, Display Cases, Etc.: All counters, work benches, refrigerated display cases, stationary trays and appliances thereof used in the handling, displaying and storing of fish and shell fish shall be of a smooth, hard material and constructed and arranged so as to permit of thorough cleansing, and ready access, and shall be water-tight and properly drained.

Every such water-closet compartment, except when provided with mechanical means of ventilation shall have a window at least 1 foot by 3 feet between stop beads, opening to external air, and the entire window shall be made so as to readily open, or an opening connecting with the external air measuring at least 144 square inches for each water-closet or urinal, with an increase of 72 square inches for each additional water-closet or urinal. The door of the water-closet compartment shall be provided with self-closing devices; the door of the water-closet compartment opening inward and the door of the vestibule opening outward. Water-closet fixtures and vestibule shall be maintained in a clean and sanitary condition and in good repair.

**Regulation 2. Rubbish, Useless or Offensive Material:** No accumulation of rubbish, useless, or offensive material shall be permitted in any room or place where eggs are handled, stored, candled, offered for sale or sold.

**Regulation 3. Lighting:** All rooms in which eggs are handled, stored, candled, offered for sale or sold, shall be provided with adequate light, so that all parts may be readily inspected when required.

**Regulation 4. Construction of Walls and Ceilings:** Walls and ceilings shall be of a smooth, hard material and must be kept clean and sanitary and in good repair.

**Regulation 5. Construction of Floors:** Floors shall be smooth and must be kept clean and sanitary and in good repair.

**Regulation 6. Sinks and Water Supply:** Suitable sinks, with an adequate supply of running hot and cold water, shall be provided.

**Regulation 7. Garbage Receptacles:** Suitable, water-tight, properly covered, galvanized iron or other sanitary metal cans for receiving and holding without leakage all garbage and other waste material, shall be provided. A tight fitting cover shall be provided for each can. All garbage, egg shells and other waste material shall be removed from the premises daily and shall not be allowed to become a nuisance.

**Regulation 8. Marking of Case Eggs:** All cases of eggs handled, stored, offered for sale or sold shall be legibly stencilled "These eggs have (or have not) been candled."

**Regulation 9. Sale of Eggs at "Case Count" or "At Mark":** Where eggs are sold at "case count" or "at mark" and the loss is 50% or more, all the eggs shall be candled and the resultant loss shall be denatured and destroyed in accordance with the regulations.

**Regulation 10. Denaturing of "Spots" or "Spot Eggs":** During the process of candling eggs for food purposes, all eggs found to be "spots" or "spot eggs" shall be immediately denatured. The term "denatured" when used herein refers to the treatment of eggs with a substance approved by the Department of Health, the presence of which on the eggs prevents their use for human food.

**Regulation 11. Suitable Receptacles for "Spots" or "Spot Eggs" to be Provided:** Suitable receptacles for "spots" and "spot eggs" shall be provided in the candling room. Such receptacles shall at all times contain a sufficient quantity of a denaturant approved by the Department of Health and shall be stencilled with 2" block letters, "Spot eggs denatured with \_\_\_\_\_," followed by the name of the denaturant.

**Regulation 12. Spitting Signs:** Placards prohibiting spitting on floors shall be conspicuously posted.

**Regulation 13. Cuspidors:** A sufficient number of cuspidors shall be provided and shall be cleaned and disinfected daily.

**Regulation 14. Evidence of Use:** The presence of any eggs in any part of the establishment shall be deemed prima facie evidence of their use for human food.

**Regulations Governing the Conduct and Maintenance and Operation of Sausage Manufacturing Establishments Used for Smoking and Preserving Meats.**

Any meat or meat products sold under the name of sausage or sausage meat shall correspond to the following definition:

Definition: For the purpose of these regulations sausage or sausage meat shall be held to be a comminuted meat from cattle or swine or a mixture of such meat, either fresh, salted, pickled, or smoked with or without added salt and spices and with or without the addition of edible animal fats, blood and sugar.

**Regulation 1. Animal Tissues Used as Containers, Such as Casings or Stomachs:** All animal tissues used as containers, such as casings or stomachs, must be clean and sound and impart to the contents no other substance than salt.

**Regulation 2. Rooms, Insanitary Conditions, Ventilation and Water-closets:** Food shall not be prepared or stored in any stable, room used for sleeping purposes; or in any room or place which is dark, damp, poorly ventilated, dirty or insanitary; or in direct communication with such stable or room, or with water-closet compartment, except when provided with mechanical means of ventilation, shall have a window at least 1 foot by 3 feet between stop beads, opening to external air, and the entire window shall be made so as to readily open, or an opening connecting with the external air measuring at least 144 square inches for each water-closet or urinal, with an increase of 72 square inches for each additional water-closet or urinal. The doors of water-closet compartment and vestibule shall be provided with self-closing devices, the door of the water-closet compartment opening inward, and the door of the vestibule opening outward. Water-closet fixtures and vestibule shall be maintained in a clean and sanitary condition and in good repair.

**Regulation 3. Rubbish, Useless or Offensive Material:** No accumulation of rubbish, useless, or offensive material shall be permitted in any room or place where food is prepared or stored.

**Regulation 4. Lighting:** All rooms or places in which food is prepared or stored shall be properly and adequately lighted so that all parts thereof may be readily inspected.

**Regulation 5. Screening of Doors, Windows and Other Openings:** All doors, windows, and other openings shall be properly screened from May 1st to October 31st. Screen doors shall be provided with self-closing devices.

**Regulation 6. Construction of Walls and Ceilings:** Walls and ceilings shall be of a smooth, cement, enamel tile, enamel brick or other smooth, hard, substance that can be kept clean and sanitary and in good repair.

**Regulation 7. Construction of Floors:** Floors of meat canning rooms, curing cellars, boning rooms, meat chopping rooms, where water is used in connection with the operation, shall be of cement, properly graded to sewer-connected drains and must be kept clean and sanitary and in good repair.

**Regulation 8. Construction of Tables and Equipment:** The tables and other equipment used in the meat canning rooms, curing cellars, boning rooms, meat chopping rooms, or other rooms must be made of smooth, hard material and be so constructed that they can be kept clean and sanitary. When the tops of tables are made of wood (which must be hard wood) they must be made and footed up, at the bids will be read from the total. The bids will be compared and the contract awarded at a lump or aggregate sum. Bids for supplies must be submitted in duplicate.

**Regulation 9. Rooms Where Artificial Illumination is Required:** Rooms in which artificial illumination is required or any portion of which is below the level of the ground shall not be used for the preparation of meats unless a permit shall be separately issued thereof by the Board of Health. Such room or rooms shall be adequately ventilated.

**Regulation 10. Sinks and Water Supply:** Suitable sinks with an adequate supply of running hot and cold water shall be provided and wherever required hose connections shall be installed.

**Regulation 11. Cleaning of Apparatus, Utensils, Etc.:** All apparatus, containers, and utensils shall be thoroughly cleaned and rinsed with boiling water or sterilized with live steam after each day's use.

**Regulation 12. Garbage Receptacles:** Suitable, water-tight, properly covered, galvanized iron or other sanitary metal cans for receiving and holding without leakage all garbage and other waste material, shall be provided. A tight fitting cover shall be provided for each can, and the can shall be kept covered. All garbage and other waste material shall be removed from the premises daily and shall not be allowed to become a nuisance.

**Regulation 13. Meat Not to be Placed on Floor:** Meat shall not be placed directly on the floor, but must be placed on a rack or in a suitable container. All racks upon which meat is laid or hung shall be made of a smooth, hard material and constructed so that they can be removed for cleaning. Floor racks must be at least 6" from floor.

**Regulation 14. Construction of Pickling Vats:** Pickling vats must be constructed of cement or other smooth, hard substance so that they can be kept clean, inoffensive and sanitary. Wooden vats must be elevated at least 6" from the floor.

**Regulation 15. Water and Ice Used:** All water and ice used on premises shall be clean and uncontaminated.

**Regulation 16. Meat Falling on Floor to be Condemned:** All meats that fall on floor shall be immediately condemned and tanked.

**Regulation 17. Use of Lungs and Cow's Udders:** The use of lungs and cow's udders for use in making sausage or other meat food product is prohibited.

**Regulation 18. All Equipment Such as Presses and Coolers to be Covered:** All equipments such as presses and coolers must be covered when not in use.

**Regulation 19. Working Over of Sausages:** The working over of sausages is prohibited.

**Regulation 20. Use of Coloring Matter Prohibited:** The use of coloring matter is prohibited.

**Regulation 21. Use of Preservatives Prohibited:** Only salt, sugar, saltpetre (except Chili saltpetre), pure spices, vinegar and wood smoke may be used as preservatives.

**Regulation 22. Repeated Use of Brine:** The repeated use of brine is prohibited unless it be sterilized after each use.

**Regulation 23. Keeping of Preservatives, Coloring Matter:** The presence in any part of an establishment of any prohibitive coloring matter or preservative shall be deemed prima facie evidence of its use and the presence of any such material may be sufficient cause for the prosecution of the owners or proprietors of the establishment.

**Regulation 24. Rats, Mice and Vermin:** The premises shall be kept free from rats, mice, and other vermin at all times.

**Regulation 25. Water-closets and Washing Facilities:** A sufficient number of water-closets conveniently located shall be provided for all employees, and such water-closets shall be kept clean and sanitary and in good repair. A wash room conveniently located shall be provided, furnished with soap, running water and fresh clean, individual towels daily. A notice shall be conspicuously posted in water-closet compartment or washroom directing all employees to cleanse their hands before leaving and immediately before commencing work. The use of common towel is prohibited.

**Regulation 26. Lockers for Clothing of Employees:** Sufficient lockers of metallic construction shall be provided on premises for street clothing of employees. Such lockers, however, shall not be located in any room where food is manufactured or prepared.

**Regulation 27. Spitting Signs:** Placards prohibiting spitting on floors shall be conspicuously posted.

**Regulation 28. Cuspidors:** A sufficient number of cuspidors shall be provided and shall be cleaned and disinfected daily.

## PUBLIC SERVICE COMMISSION.

### Proposals.

#### INVITATION TO CONTRACTORS.

*Part of the Broadway-Fourth Avenue Rapid Transit Railroad.*

The Public Service Commission for the First District (hereinafter called the "Commission"), acting for and on behalf of The City of New York (hereinafter called the "City"), invites proposals to reconstruct a portion of Section No. 9-C-1 of Route No. 9, a part of the Broadway-Fourth Avenue Rapid Transit Railroad.

The points within the City between which the said part is to run and the route or routes to be followed are briefly as follows:  
 SECTION NO. 4. Beginning at a point under Seventh Avenue near the southerly building line of West 51st Street, thence extending northerly under Seventh Avenue to a point about eighty-five (85) feet south of the southerly building line of West 59th Street; thence curving northerly under Seventh Avenue, West 59th Street and Central Park to a point about seventy-nine (79) feet east of the easterly building line of Seventh Avenue extended and about one hundred and thirty-seven (137) feet north of the south building line of West 59th Street, and including a spur curving northerly under Seventh Avenue, West 59th Street and Central Park to a point about twenty-two (22) feet west of the westerly building line of Seventh Avenue extended and one hundred and eighty-seven (187) feet north of the south building line of West 59th Street.

The general plan of construction calls for a subsurface railroad having two, four and six tracks.

The Contractor will not be required to provide or lay tracks, ties or ballast nor to do station finish work.

The work under the contract will include the care and support of buildings, vaults, sewers, pipes, railroads and other surface, subsurface and overhead structures, the maintenance of traffic and the restoration of pavements and other surfaces.

The method of construction will be partly by tunneling and partly by trench excavation under cover, unless otherwise permitted by the Commission.

The Contractor will be required to prosecute the work of construction from working shafts located at the points specified in the contract. Bidders must examine the form of contract and the specifications and contract drawings, must visit the location of the work and inform themselves of the conditions along the line of the work and make their own estimates of the facilities and difficulties attending the execution of the work.

A fuller description of the work and other requirements, provisions, details and specifications are given in the form of contract and in the contract drawings therein referred to. Copies of the forms of contract, bond and contractor's proposal and of the contract drawings may be inspected and purchased at the office of the Commission, No. 154 Nassau Street, Borough of Manhattan, New York City. The forms of contract, bond and contractor's proposal and the contract drawings are to be deemed a part of this invitation.

Partial payments to the Contractor will be made monthly as the work proceeds, as provided in the contract.

The Contractor must complete the work within twenty-five (25) months from the delivery of the contract.

At the time of the delivery of the contract the Contractor must furnish security to the City by depositing a bond, cash or securities, in the sum of two hundred thousand dollars (\$200,000). As further security fifteen (15) per centum of the amounts certified from time to time to be due to the Contractor will be deducted until the amounts so deducted and retained shall equal ten (10) per centum of the total estimated amount to be paid to the Contractor under the contract. Thereafter there shall be so deducted and retained for such purpose ten (10) per centum of

the amounts certified from time to time to be due to the Contractor.

**Sealed bids or proposals will be received at the office of the Commission at No. 154 Nassau Street, Borough of Manhattan, City of New York, until the 11th day of December, 1914, at twelve fifteen (12.15) o'clock p. m., at which time and place, or at a later date to be fixed by the Commission, the proposals will be publicly opened.**

Proposals must be in the form prescribed by the Commission.

A statement, based upon the estimate of the Chief Engineer of the Commission, of the quantities of the various classes of the work and of the nature and extent as near as practicable of the work is to be found in the schedule in the form of contractor's proposal. The quantities given in such schedule are approximate only, being given as a basis for the uniform comparison of bids, and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same except as provided in the specifications and form of contract.

Every proposal must when submitted be enclosed in a sealed envelope endorsed "Proposal for Constructing Part of Rapid Transit Railroad—Routes Nos. 4 & 36, Section No. 4," and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal, it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received unless accompanied by a separate certified check for twenty thousand dollars (\$20,000) payable to the order of the Comptroller of the City and drawn upon a national or state bank or trust company satisfactory to the Commission and having its principal office in New York City. Such check must not be enclosed in the envelope containing the proposal.

The Unit Prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interests may be rejected.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals. Deposits made by bidders whose proposals are not accepted will be returned within three (3) days after the contract is executed and delivered and its provisions in respect of the bond or deposit are complied with, unless all proposals shall be rejected, in which event such deposits will be returned within three (3) days after such rejection. The deposit of the successful bidder will be returned when the contract is executed and delivered and its provisions in respect of the bond or deposit are complied with.

The right to reject any and all bids is reserved.

#### INVITATION TO CONTRACTORS.

*Part of the Broadway-Fourth Avenue Rapid Transit Railroad.*

The Public Service Commission for the First District (hereinafter called the "Commission"), acting for and on behalf of The City of New York (hereinafter called the "City"), invites proposals to reconstruct a portion of Section No. 9-C-1 of Route No. 9, a part of the Broadway-Fourth Avenue Rapid Transit Railroad.

The portion of Section No. 9-C-1 to be reconstructed lies under Flatbush Avenue Extension between Willoughby Street and DeKalb Avenue in the Borough of Brooklyn. The railroad at this point has six tracks and the reconstruction is to provide for the installation of additional crossovers between these tracks.

The Contractor will not be required to provide or lay tracks, ties or ballast, but will be required to do certain station finish work.

The work under the contract will include the care and support of buildings, vaults, sewers, pipes, railroads and other surface, subsurface and overhead structures, the maintenance of traffic and the restoration of pavements and other surfaces.

The method of construction, unless otherwise permitted by the Commission, will be by trench excavation under cover.

The City has entered into a contract for the installation of tracks in the Railroad and the work of installation will be in progress at the time that the work of reconstruction is in progress. It will also be necessary for the New York Municipal Railway Corporation, its contractors or employees, to do work in the Railroad in connection with the equipment of the Railroad at the time that the work of reconstruction is in progress. The Contractor must conduct his work so as not to impede or interfere with such other work, as provided in the contract.

The Railroad may also be opened and operated for passenger traffic before the completion of the work of reconstruction. In such event the Contractor must conduct his work so as to avoid interference with the operation of the Railroad and injury to passengers, as provided in the contract; and payment for all additional expense, loss, risk and damage due to such opening and operating for passenger traffic, except as provided in the contract. Each bidder shall state in said Item X in the Schedule contained in the form of Contractor's Proposal the percentage required on such prices in payment for the additional expense, loss, risk and damage in the event of such opening and operating for traffic. For the purpose of comparing the bids only, and not for any other purpose, it will be assumed that the percentage so bid will be required to be paid on one-quarter (1/4) of the estimated amount of the work of reconstruction exclusive of Schedule Items 1, 2, 30, 76-F and 99-A and exclusive also of sixty per centum (60%) of the estimated amount for Schedule Items 19 and 20. If any bidder shall not desire any such increase in said prices on account of such opening and operating for traffic, he shall strike out said Item X in said Schedule contained in his Proposal.

Bidders must examine the form of contract and the specifications and contract drawings; must visit the location of the work and inform themselves of the conditions along the line of the work and make their own estimates of the facilities and difficulties attending the execution of the work.

A fuller description of the work and other requirements, provisions, details and specifications are given in the form of contract and in the contract drawings therein referred to. Copies of the forms of contract, bond and contractor's proposal and of the contract drawings may be inspected and purchased at the office of the Commission, No. 154 Nassau Street, Borough of Manhattan, New York City. The forms of contract, bond and contractor's proposal and the contract drawings are to be deemed a part of this invitation.

Partial payments to the Contractor will be made monthly as the work proceeds, as provided in the contract.

The Contractor must complete the work within twenty-five (25) months from the delivery of the contract.

At the time of the delivery of the contract the Contractor must furnish security to the City by depositing a bond, cash or securities, in the sum of two hundred thousand dollars (\$200,000). As further security fifteen (15) per centum of the amounts certified from time to time to be due to the Contractor will be deducted until the amounts so deducted and retained shall equal ten (10) per centum of the total estimated amount to be paid to the Contractor under the contract. Thereafter there shall be so deducted and retained for such purpose ten (10) per centum of

The Contractor must complete the work within seven (7) months from the delivery of the contract except the permanent restoration of street surface, which he must complete within eleven (11) months from the delivery of the contract.

At the time of the delivery of the contract the Contractor must furnish security to the City by depositing a bond, cash or securities in the sum of fifty thousand dollars (\$50,000). As further security ten per centum (10%) of the amounts certified from time to time to be due to the Contractor will be deducted.

**Sealed bids or proposals will be received at the office of the Commission, No. 154 Nassau Street, Borough of Manhattan, City of New York, until the 1st day of December, 1914, at twelve fifteen (12.15) o'clock p. m., at which time and place, or at a later date to be fixed by the Commission, the proposals will be publicly opened.**

Proposals must be in the form prescribed by the Commission.

A statement based upon the estimate of the Chief Engineer of the Commission of the quantities of the various classes of the work and of the nature and extent as near as practicable of the work is to be found in the Schedule in the form of contractor's proposal. The quantities given in such Schedule are approximate only, being given as a basis for the uniform comparison of bids, and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same, except as provided in the specifications and form of contract.

Every proposal must when submitted be enclosed in a sealed envelope endorsed "Proposal for Reconstructing Part of Rapid Transit Railroad—Route No. 9, Section No. 9-C-1," and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal, it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received unless accompanied by a separate certified check for ten thousand dollars (\$10,000) payable to the order of the Comptroller of the City and drawn upon a national or state bank or trust company satisfactory to the Commission and having its principal office in New York City. Such check must not be enclosed in the envelope containing the proposal.

The Unit Prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interests may be rejected.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Deposits made by bidders whose proposals are not accepted will be returned within three (3) days after the contract is executed and delivered and its provisions in respect of the bond or deposit are complied with, unless all proposals shall be rejected, in which event such deposits will be returned within three (3) days after such rejection. The deposit of the successful bidder will be returned when the contract is executed and its provisions in respect of the bond or deposit are complied with.

NOTICE IS HEREBY GIVEN THAT AT THE meeting of the Board of Estimate and Apportionment held on November 6, 1914, the following resolutions were adopted:

Whereas, the Board of Estimate and Apportionment of The City of New York on February 8, 1912, authorized a proceeding for acquiring title to East 43rd Street from Flatbush Avenue to Flatlands Avenue, and Troy Avenue from Canarsie Lane to a line about 275 feet north of Avenue M, and from a line about 240 feet south of Avenue M to Flatbush Avenue, Borough of Brooklyn, which proceeding was amended June 12, 1913, so as to relate to Troy Avenue from Canarsie Lane to a line about 275 feet north of Avenue M, and from a line about 240 feet south of Avenue M to Flatbush Avenue, together with East 43rd Street from Flatlands Avenue to Avenue M, and to Daughman Place from Flatbush Avenue to Troy Avenue, as said streets were then mapped, and

Whereas, the Board is considering the advisability of further amending the said proceeding so as to conform to a map or plan adopted by the Board of Estimate and Apportionment October 23, 1914, under which the width of East 43rd Street was decreased from 60 feet to 50 feet; the amendment now proposed providing for the acquisition of title to Troy Avenue, East 43rd Street and Daughman Place between the limits last named as they are now laid out upon the map or plan of the City of New York.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of the Greater New York Charter, as amended, hereby gives notice that the following is the proposed district of assessment for benefit in this proposed amended proceeding:

Beginning at a point on the northeasterly line of Flatbush Avenue, where it is intersected by the prolongation of a line midway between East 42nd Street and East 43rd Street, and running thence northwardly along the said line midway between East 42nd Street and East 43rd Street, and along the prolongations of the said line to a point distant 100 feet northwardly from the northerly line of Canarsie Lane, the said distance being measured at right angles to Canarsie Lane; thence eastwardly and always distant 100 feet northwardly from and parallel with the northerly line of Canarsie Lane to the intersection with the prolongation of a line midway between East 45th Street and East 46th Street; thence southwardly along the said line midway between East 45th Street and East 46th Street and along the prolongations of the said line to the intersection with the northeasterly line of Flatbush Avenue; thence southwardly at right angles to Flatbush Avenue a distance of 200 feet; thence northwardly and parallel with Flatbush Avenue to the intersection with a line at right angles to Flatbush Avenue, and passing through the point of beginning; thence northwardly along the said line at right angles to Flatbush Avenue to the point or place of beginning.

Resolved, That this Board consider the proposed district of assessment at a meeting of the Board to be held in the City of New York, Borough of Manhattan, in the City Hall, on the 4th day of December, 1914, at 10:30 o'clock A. M., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record and in the Corporation Newspapers for ten days prior to the 4th day of December, 1914.

### Filing Preliminary Abstracts.

#### FIRST DEPARTMENT.

In the Matter of the Application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands and premises required for the opening and extending of LANE AVENUE, between Westchester Avenue and the West Farms Road, with the PUBLIC PLACE, bounded by Lane Avenue, West Farms Road and Westchester Avenue, and of WESTCHESTER AVENUE, between Main Street or West Farms Road and the Eastern Boulevard at Pelham Bay Park, in the Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERSONS interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, with premises required for the opening and extending of LANE AVENUE, between Westchester Avenue and the West Farms Road, with the PUBLIC PLACE, bounded by Lane Avenue, West Farms Road and Westchester Avenue, and of WESTCHESTER AVENUE, between Main Street or West Farms Road and the Eastern Boulevard at Pelham Bay Park, in the Borough of The Bronx, City of New York, that the undersigned, Commissioners of Estimate, have completed their supplemental and amended estimate of damage and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file the same, or file their said objections in writing, duly verified, with him at his office, Room 1557, 15th Floor, Municipal Building, Chambers and Centre Streets, in the Borough of Manhattan, in The City of New York, on or before the 14th day of December, 1914, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 16th day of December, 1914, at 2 o'clock P. M.

Second.—That the undersigned, Commissioner of Assessment, has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, Room 1557, 15th Floor, Municipal Building, Chambers and Centre Streets, in the Borough of Manhattan, in The City of New York, on or before the 14th day of December, 1914, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 17th day of December, 1914, at 2 o'clock P. M.

Third.—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed at the amended area of assessment for benefit by the Board of Estimate and Apportionment on the 7th day of May, 1909, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of The Bronx, in The City of New York, which taken together, are bounded and described as follows, viz:

Beginning at a point on a line midway between Parker street and Zerega Avenue, where it is intersected by the prolongation of a line midway between Frisby Avenue and Glebe Avenue, as these streets are laid out north-easterly from Zerega Avenue, and running thence northwardly along the said line midway between Frisby Avenue and Glebe Avenue, and along the prolongation of the said line to the intersection with a line midway between Zerega Avenue and Rowland street; thence northwardly along the said line midway between Zerega Avenue and Rowland street to the intersection with a line midway between Glebe Avenue and St. Raymond Avenue, as these streets are laid out between Zerega Avenue and Rowland street; thence northwardly along the said line midway between Glebe Avenue and St. Raymond Avenue, and along the prolongation of the said line, to the intersection with a line midway between Overing street and Benson Avenue to a point distant 100 feet southeasterly from the southeasterly line of St. Raymond Avenue and the prolongation thereof to the intersection with a line midway between Brockett Avenue and Halperin Avenue; thence northwardly along the said line midway between Brockett Avenue and Halperin Avenue to a point distant 100 feet north-easterly from the southeasterly line of Blondell Avenue; thence southeasterly and always distant 100 feet north-easterly from the southeasterly line of Blondell Avenue to a point distant 600 feet westerly from the north-westerly line of Westchester Avenue, the said distance being measured at right angles to the line of Westchester Avenue; thence northwardly, northwardly and north-easterly and always distant 600 feet north-westerly, westerly and north-westerly lines of Westchester Avenue and the prolongation thereof to a point distant 600 feet easterly from the westerly line of Pelham Bay park, the said distance being measured at right angles to the line of Pelham Bay park; thence southwardly along a line parallel with the westerly line of Pelham Bay park as laid out immediately north-west of Westchester Avenue, and along the prolongation of the said line to the intersection with the prolongation of the north-westerly line of Morris Park Avenue as laid out east of Westchester Avenue; thence southwardly along the said prolongation of the north-westerly line of Morris Park Avenue to a point distant 250 feet easterly from the westerly line of Pelham Bay park, said distance being measured at right angles to the line of Pelham Bay park; thence southwardly and always distant 250 feet easterly from the westerly line of Pelham Bay park to the intersection with the prolongation of a line midway between Buhr Avenue and Roberts Avenue, as these streets are laid out adjoining the said line midway between Buhr Avenue and Roberts Avenue and along the prolongation of the said line, to the intersection with a line midway between Jarvis Avenue and Main Avenue; thence southwardly along the said line midway between Jarvis Avenue and Main Avenue to a point distant 100 feet south-easterly from the southeasterly line of Roberts Avenue; thence southwardly along a line

parallel with Roberts Avenue as laid out between Crosby Avenue and the Eastern Boulevard, and along the prolongation of the said line, to a point distant 600 feet southeasterly from the southeasterly line of Westchester Avenue, the said distance being measured at right angles to the line of Westchester Avenue; thence southwardly and always distant 600 feet south-easterly from the southeasterly line of Westchester Avenue to the intersection with the prolongation of a line midway between Parker street and Zerega Avenue, as these streets are laid out adjoining Westchester Avenue; thence northwardly along the said line midway between Parker street and Zerega Avenue, and along the prolongation of the said line to the point or place of beginning.

Fourth.—That the abstracts of said supplemental and amended estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Room 1529, 15th Floor, Municipal Building, Chambers and Centre Streets, in the Borough of Manhattan, in said City, there to remain until the 14th day of December, 1914.

Fifth.—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 18th day of February, 1915, at the opening of the Court on that day.

Sixth.—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to Sections 981 and 984 of the Greater New York Charter, as amended by Chapter 638 of the Laws of 1906.

Dated, New York, November 18th, 1914.  
FLOYD M. LORD, JOHN J. MACKIN, EDWARD D. DOWLING, Commissioners of Estimate; EDWARD D. DOWLING, Commissioner of Assessment.

### Application for Appointment of Commissioners.

#### FIRST JUDICIAL DISTRICT.

In the Matter of the Application of The City of New York, relative to acquiring title to certain lands and premises not now owned by The City of New York, situated, lying and being on Duane, Park, Pearl and other streets, in the Sixth Ward of the Borough of Manhattan, in The City of New York, duly selected, located, designated and set apart by the Board of Estimate and Apportionment of The City of New York, pursuant to the provisions of Chapter 336 of the Laws of 1903, and the various acts amendatory thereof and supplemental thereto, as an addition to the site heretofore acquired by The City of New York for a new Court House for the use of the Special and Trial Terms of the Supreme Court in the First Judicial District, and of the City Court of New York, and of the County Clerk of the County of New York, and of the Commissioner of Jurors.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court of the State of New York, at a Special Term of said Court, to be held in Part III thereof, at the County Court House in the Borough of Manhattan, in The City of New York, on the 30th day of November, 1914, at the opening of Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Esti-

and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, No. 166 Montague Street, in the Borough of Brooklyn, in the City of New York, on or before the 9th day of December, 1914, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 11th day of December, 1914, at 3:30 o'clock P. M.

Third.—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 6th day of July, 1911, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Brooklyn, in the City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the southeasterly line of Bay parkway midway between West 10th street and West 11th street, and running thence southwardly along a line midway between West 10th street and West 11th street and along the prolongation of the said line to a point distant 100 feet southerly from the southerly line of Canal Avenue North to the intersection with the prolongation of a line midway between West 11th street and West 12th street; thence northwardly along the said line midway between West 11th street and West 12th street and along the prolongation of the said line to a point distant 100 feet southerly from the southerly line of Avenue W; thence westwardly and parallel with Avenue W to the intersection with a line midway between West 12th street and West 13th street; thence northwardly along the said line midway between West 12th street and West 13th street to a point distant 100 feet northwardly from the northerly line of Avenue T; thence eastwardly and parallel with Avenue T to the intersection with a line midway between West 11th street and West 12th street; thence northwardly along the said line midway between West 11th street and West 12th street to a point distant 100 feet southerly from the southerly line of Kings Highway, the said distance being measured at right angles to Kings Highway; thence westwardly and parallel with the southerly line of Kings Highway to the intersection with a line midway between West 12th street and West 13th street; thence northwardly along the said line midway between West 12th street and West 13th street to the intersection with the southeasterly line of Bay parkway; thence northwardly at right angles to Bay parkway a distance of 200 feet; thence northwardly and parallel with Bay parkway to the intersection with a line at right angles to Bay parkway, the line passing through the point of beginning; thence southwardly along the said line at right angles to Bay parkway to the point or place of beginning.

Fourth.—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of the City of New York, No. 166 Montague Street, in the Borough of Brooklyn, in said City, there to remain until the 19th day of December, 1914.

Fifth.—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, to be held in the County Court House in the Borough of Brooklyn, in the City of New York, on the 13th day of January, 1915, at the opening of the Court on that day.

Sixth.—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to Sections 981 and 984 of the Greater New York Charter, as amended by Chapter 658 of the Laws of 1906.

#### SECOND DEPARTMENT.

In the Matter of the Application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of ASHLAND STREET, from Cypress Hills Cemetery to Myrtle Avenue, from Birch Street to Spruce Street, and from North Curtis Avenue to Metropolitan Avenue, as shown upon a Map or Plan adopted by the Board of Estimate and Apportionment May 16, 1912, and approved by the Mayor May 22, 1912, together with the small unacquainted Forest Park and the opposite Nostrand Place, and at the intersection of Ashland Street, Myrtle Avenue and Guion Street, in the 4th Ward, Borough of Queens, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERSONS interested in the above entitled matter, that the City of New York, by its Board of Estimate and Apportionment, has caused to be made and filed in the office of the Board of Estimate and Apportionment, a bill of costs, charges and expenses incurred by reason of the proceeding in the above entitled matter, and that all persons interested in the same, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in the City of New York, on or before the 3rd day of December, 1914, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at their said office on the 7th day of December, 1914, at 3 o'clock P. M.

Second.—That the undersigned, Commissioner of Assessment, has completed his estimate of benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in the City of New York, on or before the 3rd day of December, 1914, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 8th day of December, 1914, at 3 o'clock P. M.

Third.—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 11th day of July, 1912, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Queens, in the City of New York, which, taken together, are bounded and described as follows, viz.:

1. Beginning at a point on the prolongation of a line midway between Stanton street and Shipley street where it is intersected by a line midway between Shaw avenue and Forest parkway, and running thence westwardly along the said line midway between Stanton street and Shipley street and along the prolongations of the said line to the intersection with line distant 100 feet westerly from and parallel with the easterly boundary line of Cypress Hills Cemetery, the said distance being measured at right angles to the Cypress Hills Cemetery boundary line; thence northwardly along the said line parallel with the easterly boundary line of Cypress Hills Cemetery to a point distant 250 feet northerly from the prolongation of the northerly line of Ashland street, the said distance being measured at right angles to Ashland street; thence eastwardly and always distant 250 feet northerly from and parallel with the northerly line of Ashland street and its prolongations as laid out adjoining Cypress Hills Cemetery and Nostrand place to the intersection with the southerly line of Myrtle avenue; thence northwardly at right angles to Myrtle avenue a distance of 350 feet; thence eastwardly and parallel with Myrtle avenue to the intersection with the prolongation of a line midway between Bedford avenue and Greenwood avenue, thence southwardly along the said line midway between Bedford avenue and Greenwood avenue and along the prolongation of the said line to the intersection with the prolongation of a line midway between Ashland street and Brandon avenue as these streets are laid out at Chestnut street; thence westwardly along the said prolongation of a line midway between Ashland street and Brandon avenue to the intersection with the centre line of Oxford avenue; thence northwardly along the centre line of Oxford avenue to the intersection with the prolongation of a line midway between Emerson street and Ferriss place; thence westwardly along the said line midway between Emerson street and Ferriss place and along the prolongations of the said line to the intersection with the centre line of Diamond street; thence southwardly along the centre line of Diamond street to a point distant 100 feet northerly from the prolongation of the northerly line of Ferriss street, the said distance being measured at right angles to Ferriss street; thence westwardly and always distant 100 feet northerly from and parallel with the northerly line of Ferriss street and the prolongations thereof to the intersection with a line midway between Forest parkway and Shaw avenue; thence eastwardly along the said line midway between Forest parkway and Shaw avenue to the point or place of beginning.

2. Beginning at a point on the northeasterly right-of-way line of the Montauk Division of the Long Island Railroad where it is intersected by the prolongation of a line distant 250 feet northerly from and parallel with the northerly line of Ashland street, the said distance being measured at right angles to Ashland street and running thence eastwardly along the said line parallel with Ashland street and along the prolongation of the said line to the intersection with a line distant 200 feet northeasterly from and parallel with the southerly line of Metropolitan avenue, the said distance being measured at right angles to Metropolitan avenue; thence southwardly along the said line parallel with Metropolitan avenue and the prolongation thereof to the intersection with a line at right angles to Metropolitan avenue and passing through a point on the prolongation of its southwesterly side where it is intersected by the prolongation of a line midway between Ashland street and Hillside avenue; thence southwardly along the said line at right angles to Metropolitan avenue to its southwesterly side; thence westwardly along the said line midway between Ashland street and Hillside avenue and along the prolongation of the said line to the intersection with the northeasterly right-of-way line of the Montauk Division of the Long Island Railroad; thence northwardly along the said right-of-way line to the point or place of beginning.

Fourth.—That the abstracts of said estimate of damage, and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of the City of New York, in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in said City, there to remain until the 7th day of December, 1914.

Fifth.—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in the City of New York, on the 4th day of February, 1915, at the opening of the Court on that day.

Sixth.—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to Sections 981 and 984 of the Greater New York Charter, as amended by Chapter 658 of the Laws of 1906.

Dated, New York, October 23rd, 1914.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of the City of New York, and must also give a certified check or cash in full of the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all

house sewer connections to the main sewer in the street and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-ends, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

The Comptroller of the City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

#### PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

#### NOTICE TO CONTRACTORS.

#### GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The amount shall be as specified in the proposals or instructions to bidders and shall not be in excess of 5 per cent.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be referred to there.
