## I. Introduction

In 2018, Local Law No. 83 (LL 83) was enacted amending section 21-141<sup>1</sup> of the administrative code of the City of New York, in relation to exits from domestic violence (DV) emergency shelters. LL 83 requires the New York City's Department of Social Services / Human Resources Administration (HRA) to submit an annual report to the speaker of the NYC Council and upload to the council's website, exits from domestic violence emergency shelters.

The provision of shelter services for domestic violence victims is mandated under the NYS Social Services Law and in accordance with NYS Office of Family and Children's Services (OCFS) and Title 18 of the NY Codes, Rules and Regulations Parts 452, 453, 454 and 455 for the purpose of providing emergency shelter, services and care to victims of domestic violence.

New York City's Domestic Violence shelter system overseen by HRA is the largest in the country. Emergency shelter services are designed to stabilize clients in a safe environment. Programs are developed to work with families to manage the crisis and trauma of domestic violence, strengthen coping skills, and enhance client self-sufficiency. Required services include individual counseling, advocacy, psycho-educational groups and trauma focused interventions that address the dynamics of domestic violence and particularly the impact on parenting. All shelter programs are required to provide childcare services, and assist clients with housing, benefit entitlement assistance, financial development services and workforce development/employment readiness services to maximize self-sufficiency.

The emergency domestic violence shelter system consists of 44 confidential facilities throughout all five boroughs of New York City with a total bed capacity of 2,689 emergency beds. Additionally, there are 8 DV Tier II/transitional shelter facilities totaling 297 Tier II units. In 2018, the HRA domestic violence system served 9,981 individuals, which included 262 single adults and 3,634 families (comprised of adults and children).

In September 2015, Mayor de Blasio announced that the City would develop 400 additional DV Tier II units and 300 emergency beds – an unprecedented addition by the City to address capacity in the domestic violence shelter system. All 300 emergency beds and 163 of the 400 Tier II units have been awarded.

---

<sup>1</sup> Section 21-141 specifies the information to be included in the report, as follows:

The total number of individuals and the total number of families who exited a domestic violence emergency shelter during the preceding calendar year, disaggregated by the type of housing such individuals and families residing in upon their exit. Such housing types shall include, but not be limited to, the following:

- (i) a New York city housing authority apartment;
- (ii) an apartment with a rental subsidy, disaggregated by the type of such subsidy;
- (iii) a private apartment with no rental subsidy;
- (iv) supportive housing;
- (v) shelter operated by or under contract or similar agreement with the department of homeless services;
- (viii) shelter operated by or under contract or similar agreement with the department, disaggregated by type, where practicable;
- (ix) made own arrangements or;
- (ix) unknown or unable to validate.

## II. 2018 Domestic Violence Exit Data

### a. Shelter Discharges by Housing Type – Emergency Shelter Only <sup>2</sup>

As specified in State regulation, emergency domestic violence shelters provide temporary housing and supportive services for up to 180 days in a safe environment for victims of domestic violence and their families. Every provider is expected to develop a housing plan with DV shelter clients, the Office of Domestic Violence (ODV) works closely with providers to support staff and clients during each transition.

In CY 2018, HRA DV shelters served a total of **9,981** adults and children – of which 2,444 households (including families and adult singles) were discharged from domestic violence emergency shelters.

In 2017, HRA and New York City’s Department of Social Services / Department of Homeless Services (DHS) implemented a streamlined process for clients who had reached the State-set 180-day limit in the DV emergency bed system with no options for permanent housing to transfer into the DHS shelter system. This process promotes a safer and more efficient path for DV clients to access DHS resources and simplifies the sharing of information for admissions purposes. In 2018, **1 Single** adult and **334 Families** timing out of DV shelters transitioned over to DHS shelters.

Housing Type	Households <sup>3</sup>	Families	Singles
New York city housing authority apartment	42	38	4
An apartment with a rental subsidy, disaggregated by the type of such subsidy <sup>4</sup>	105	88	17
A private apartment with no rental subsidy	88	70	18
Supportive housing	11	8	3
Shelter operated by or under contract or similar agreement with the department of homeless services <sup>5</sup>	961 (335)	878 (334)	83 (1)
Shelter operated by or under contract or similar agreement with the department, disaggregated by type, where practicable <sup>6</sup>	266	266	0
Made own arrangements	378	328	50
Unknown or unable to validate <sup>7</sup>	590	517	73
Other <sup>8</sup>	3	2	1
<b>TOTAL</b>	<b>2,444</b>	2,195	249

Figure 1

<sup>2</sup> Discharges from DV shelters are self-reported by HRA contracted shelter providers.

<sup>3</sup> Households accounts for both families and singles.

<sup>4</sup> For the disaggregated housing subsidy types, refer to Figure 2.

<sup>5</sup> This category accounts for the 335 households that timed out of DV emergency shelters and were streamlined to DHS as well as clients who were administratively discharged for not complying with DV shelter rules and upon discharge went to DHS on their own.

<sup>6</sup> This category accounts for all households that were discharged from DV emergency shelter to DV Tier II shelter.

<sup>7</sup> “Unknown or Unable to Validate” category reflects those individuals and families that left on their own without disclosing to the DV shelter provider where they were exiting to.

<sup>8</sup> The “Other” category accounts for 1 deceased client and 2 households that were referred to HASA.

**b. Apartment with Rental Subsidy Discharge by Subsidy Type**

In 2018, the New York City rental assistance programs were streamlined. The new City Fighting Homelessness & Eviction Prevention Supplement (CityFHEPS) does not eliminate existing rental assistance or rehousing programs, but rather consolidates seven of our current rental assistance programs, including their assessment processes into one, enabling a single, universal assessment for the different types of rental or rehousing assistance eligible New Yorkers in need might qualify for. In CityFHEPS, New York City created a single streamlined program that replaced Living in Communities (LINC) I, II, IV and V programs, the SEPS program (Special Exit and Prevention Supplement), and what remained of the LINC III and CityFEPS (Family Eviction Prevention and Exit Plan Supplements) programs, after many families were transferred from LINC III and CITYFEPS to the new State Family Homelessness & Eviction Prevention Supplement (FHEPS) program in December 2017.

Within ODV the DV Housing Support Services Unit works with DV clients in shelter eligible for HRA housing subsidy programs, issuing housing certifications, approving housing application packages, conducting lease signings and lease renewals. DV Housing Specialists also look for appropriate housing for DV clients and work with landlords, brokers and clients to facilitate linkages to housing.

Figure 2

**III. Additional Information**

As noted previously, in October of 2018, New York City consolidated LINC I-V, CityFEPS and SEPS into CITYFHEPS. For future iterations of this report, the aforementioned subsidies will be referred to as CITYFHEPS. State FHEPS and Section 8 will remain as separate subsidy categories.
