## DEPARTMENT OF PUBLIC PARKS.

DEPARTMENT OF PUBLIC PARKS,  
35 UNION SQUARE,  
NEW YORK CITY, Sept. 17, 1879.

**SEALED BIDS OR ESTIMATES FOR BUILDING** the piers and abutments for a Bridge in the City of New York across Harlem river, from One Hundred and Thirty-eighth street, in the Twenty-third Ward, to a point near the intersection of One Hundred and Thirty-ninth street and the bulkhead line, will be received at the office of the Department until Wednesday, October 1, 1879, at nine o'clock, at which time such bids or estimates will be publicly opened by the head of said Department and read.

Each bid or estimate must be inclosed in a sealed envelope, indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

Bidders are required to state in their estimates, under oath, their names and places of residence; the names of all persons interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. Where more than one person is interested it is requisite that the verification be made and subscribed by all parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested.

The consent above-mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, that he has offered himself as a surety in good faith, and with an intention to execute the bond required by section 27, article 2, chapter 8 of the Revised Ordinances of 1859, if the contract shall be awarded to the person or persons for whom he consents to become surety.

The adequacy and sufficiency of the sureties offered to be determined by the Comptroller.

The Department reserves the right to reject all the bids received in response to this advertisement if it shall deem it for the interest of the city so to do, and to readvertise until a satisfactory proposal shall be received. But the contract, when awarded, will be awarded to the lowest bidder, with adequate security.

Bidders will state in writing, and also in figures, the prices of the several items.

These prices are to be in full for furnishing all the materials required for the abutments, piers, and their appurtenances, and for all labor required in their construction, and also for all work and the materials required by the specifications and agreement, for which no prices are specified, but which are contingent upon the performance of the work for which there are specific prices.

The time required for the completion of the whole work is one hundred and seventy-five days from the date of the contract, and the penalty of fifty dollars a day will be exacted for each and every day that the said time may exceed said one hundred and seventy-five days, until the whole work is completed.

The Engineer's estimate of the work to be done, and on which the bids will be tested, is as follows, viz:

ESTIMATE OF QUANTITIES OF WORK TO BE DONE AND MATERIALS TO BE FURNISHED.

4,260 cubic yards excavation.  
580 piles driven and cut off.  
126 M. feet, B. M., timber in foundation.  
425 cubic yards of rip-rap.  
105 " " concrete.  
1,723 " masonry above low water.  
1,972 " masonry below low water.  
54 " coping.  
120,000 cubic feet stone and timber cribs.

These quantities are considered as approximate, and any variation from them will not entitle the contractor to any claim for extra time for the completion of the work, or to any other claim for damages, if the quantities of work should prove to be greater or less than here estimated, and the Department of Public Parks expressly reserves the right of increasing or diminishing the said quantities, as the Engineer may deem necessary.

Bidders will examine the plans and the ground, and judge for themselves of all the circumstances affecting the cost of the work or time required for its completion, that no misunderstanding may exist in regard to the character of ground and other circumstances in relation to the construction; and will make their bids for each item, independent of others, so far as relative quantities are concerned.

The amount of security required is forty thousand dollars.

Blank forms for proposals and the form of the contract which the successful bidder will be required to execute can be had at the office of the Secretary, and the plans can be seen and information relative to them can be had at the office of the Bureau of Construction, 35 Union square, New York.

## JURORS.

NOTICE  
IN RELATION TO JURORS FOR  
STATE COURTS

OFFICE OF THE COMMISSIONER OF JURORS,  
NEW COUNTY COURT-HOUSE,  
NEW YORK, June 1, 1879.

**APPLICATIONS FOR EXEMPTIONS WILL BE** heard here, from 9 to 4 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrolment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines, received from those who, for business or other reasons, are unable to serve at the time selected, pay the expenses of this office, and if unpaid will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

THOMAS DUNLAP, Commissioner,  
County Court-house (Chambers street entrance).

The party submitting a proposal and the parties proposing to become sureties must each write his name and place of residence on said proposal.

Two responsible and approved sureties, residents of this city, are required in all cases.
