MUNICIPAL CIVIL SERVICE COMMISSION.

Municipal Civil Service Commission, New York, December 31, 1910.

To His Honor, the Mayor:

Sir—The Municipal Civil Service Commission of The City of New York herewith submits the report it is required by law to make of its transactions for the past year.

The Commission notes with regret the death of Mr. Charles R. Miles, a clerk, who had served the Commission faithfully since June 1, 1903.

The number of applications filed for competitive examinations was 29,589, an increase of 1,468 over the number received during the year 1909, and the greatest number received in any year by the Commission. The number would probably have been much greater but for the fact that only such examinations were ordered as were absolutely necessary for the needs of the various City Departments.

The volume of business of the Commission has steadily increased in proportion to the increase in the work of the various departments of the City government, and the Commission found difficulty in satisfying the needs of the service and keeping within its own appropriation. To accomplish this the work of the examining department has been carried on under pressure and without increase in the force of examiners.

During the year 52,812 persons were notified for examination, an increase over 1909 of 27,574. The maximum number of applications received in any one day was 1,116, the largest number received in any one day for competitive examinations.

The detail figures for the Competitive Class are as follows:

Examinations.		Candidates.	Total.
39	Mental Competitive	13,617	
69	Mental Non-competitive	285	
77	Mental Promotion	2,919	
185			16,821
26	Physical Competitive	1,497	1,497
211			18,318

In the Labor Class there were 12,083 applications filed during the year, as against 17,440 during 1909. This falling off the Commission believes to be due to the fact that for all positions requiring skilled labor oral and practical tests are now given to all applicants, and they are no longer registered as heretofore upon the presentation of a certificate from former employers as to proficiency in the various trades.

Recent tests given for Pavers and Rammers not only proved the ability of the candidates, but some of the corporation yards of the city were incidentally paved by them without cost to the city for the labor performed. In like manner the work horses belonging to the Department of Parks were shod under the direction of competent examiners, and the proficiency of the candidates for the position of Horseshoer established.

The detail figures of the Labor Class are as follows:

Examinations.		Candidates.	Examinations.	Candidates.
Physical	9,171	Physical Re-examinations.....	147	
Practical	431			
Oral	912	Total.....	11,650	
Trade	989			

The number of employees in the City of New York under the jurisdiction of the Commission is 52,978, as compared with 54,965 in 1909, made up as follows:

Exempt Class	729	Non-Competitive Class.....	4,826
Competitive Class	28,873	Labor Class	18,303

There were checked and certified during the year 18,382 payrolls for City employees, as compared with 17,219 during the year 1909. The number of individual names certified to was 1,267,790.

There were also recorded on the roster of employees changes in status to the number of 2,910, as follows:

Resignations	867	Retirements	327
Dismissals	1,316	Reinstatements	106
Deaths	294		

The system of semi-monthly salary payments, recently inaugurated, will add materially to the work of the Commission in checking of payrolls and will require a substantial addition to its force.

The Promotion Bureau of the Commission, recently created and placed under the charge of Mr. Thomas C. Murray, Assistant Chief Examiner, has proven to be a success. An entirely new system for the keeping of efficiency records has been installed in nearly every Department of the City government, and the various departmental promotion boards have been instructed how to maintain the records by one of our examining force. In order that promotion examinations may demonstrate the real efficiency of candidates for advancement in their respective departments, it is important that these records be accurately and uniformly kept and that our promotion examinations be based on actual knowledge of the needs of such departments. To that end the Commission has recommended the employment of two investigators who should devote part of their time to visiting departments and supervising efficiency records.

The Commission has also established a bureau of investigation of character and of the statements as to previous employment and experience of candidates. Many such statements are unquestionably overdrawn, and in some cases mere fabrications, and it is important that some steps be taken to remedy this evil. If these erroneous statements were to be taken at their face value, it would be manifestly unfair to the truthful candidate where experience is a factor in an examination. It is also important that no persons be certified for appointment until their good character is shown and their statements as to previous employment verified.

A serious problem confronting the Commission is the handling of the ever-increasing number of applicants for examinations. In 1890 the number of persons examined was 2,110, and the seating capacity of the examination room was 150. These figures were increased in the year 1900 to 8,831 applicants, of whom 2,501 failed to take the examinations, although preparations were made for the examination of the whole number of candidates. The Commission's examination room at that time accommodated about 250 persons at a sitting. The Commission is now able to accommodate about 600 persons, but during the present year fourteen examinations were ordered in which more than 600 candidates competed. For the examination for Senior Clerk 10,510 applications were filed and 3,712 persons actually competed. The Commission was obliged to spread the examination over several days and to hire outside rooms for examination purposes.

Examinations are conducted by the Commission from time to time to maintain lists of persons competent in point of character and ability for the many and various positions under the City government, the variety of which can best be observed by a perusal of the printed schedules to be submitted. They include all grades of clerical positions, engineers of construction of buildings, bridges and aqueducts; inspectors of iron and steel, masonry, carpentry and plumbing; physicians, interpreters, matrons and nurses; original and promotion examinations for the uniformed forces of the Police, Fire, Street Cleaning and Correction Departments.

Technical examinations for mechanics are conducted at the New York Trade School, the Pratt Institute, and by our own examiners in the shops of the Fire Department and the Department of Bridges. This system continues to meet with the approval of mechanics seeking appointment, and undoubtedly enables the several departments to procure the services of persons of ability in their respective trades. The Commission has sought to make these examinations practical in their character and to confine them to such matters as will fairly test the capacity and fitness of the candidates to discharge the duties of the service in which they seek to be appointed.

The Commission believes that the provisions of the Constitution and the laws governing entrance to and advancement in the service are now respected and better understood by the public generally, and that their enforcement tends to the improvement of the service and to the establishment of higher standards of character and efficiency. Respectfully submitted,

JOHN J. McGUIRE, President; RICHARD WELING, ALEXANDER KEOGH, Commissioners.

Frank A. Spencer, Secretary.

Sec. 161. All sections or parts of sections of the Tenement House Law relating to plumbing and drainage of tenement houses are to be observed, and are hereby made a part of these Rules and Regulations.

No piping shall be covered up, nor shall any fixture, gas heater or range be connected thereto until a card showing the approval of this test has been issued by the Superintendent of Buildings.

Sec. 182. No meter will be set by any gas company until a certificate is filed with them from the Bureau of Buildings certifying that the gas pipes and fixtures comply with the foregoing rules.

BOARD OF ESTIMATE AND APPORTIONMENT.

Franchise Matters.

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day the following proceedings were had:

Whereas The New York Cahill Telharmonic Company has, under date of May 10, 1907, made application to this Board for the grant of the right, privilege or franchise to lay, construct, maintain and operate wires and other electrical conductors in the streets of the City of New York, for the purpose of distributing music electrically, and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by Chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants, and

Whereas, In pursuance of such laws this Board adopted a resolution on May 24, 1907, fixing the date for a public hearing thereon, as June 7, 1907, at which citizens were entitled to appear and be heard, and publication was had for at least two (2) days in the New York Tribune and New York Herald, newspapers designated by the Mayor, and in the City Record for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day, and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the New York Cahill Telharmonic Company and the adequacy of the amount of compensation to be paid therefor, now, therefore, it is

Resolved, That the following form of resolution for the grant of the franchise right applied for by the New York Cahill Telharmonic Company, containing the form of proposed contract for the grant of such franchise or right be hereby introduced and entered in the minutes of this Board as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the New York Cahill Telharmonic Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all the terms and conditions, including the provisions as to rates and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of the City of New York be and he is hereby authorized to execute and deliver such contract in the name and on behalf of the City of New York, as follows, to wit:

Proposed Form of Contract.

This contract, made this . . . day of . . . 19 . . . by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the New York Cahill Telharmonic Company (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained the parties hereto do covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to lay, construct, maintain and operate suitable wires or other electrical conductors in conduits under the streets and avenues within the territory comprised in the Borough of Manhattan and that part of the Borough of The Bronx west of the Bronx River, for the purpose of operating a telharmonic system within the said territory; that is, a system for the generation and distribution of music electrically, and for no other purpose whatsoever.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The said right and privilege to lay, erect, construct and maintain the wires or other electrical conductors in conduits for the purpose aforesaid shall be held and enjoyed by the Company for the term of twenty-five (25) years from the date upon which this contract is signed by the Mayor, with the privilege of renewal of said contract for a further period of twenty-five (25) years upon a fair revaluation of said right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than three (3) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract. If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound, upon request of the other, to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders, selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company. These two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuation so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall in any event be less than the sum required to be paid for the last year of the original term of this contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of said appraisers shall be borne jointly by the City and the Company, each paying one half thereof.

Second—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of five thousand dollars (\$5,000) in cash within three (3) months after the date on which this contract is signed by the Mayor and before anything is done in exercise of the privilege hereby granted, and the further sum of five thousand dollars (\$5,000) within twelve (12) months after the date upon which this contract is signed by the Mayor.

(b) During the first term of five (5) years an annual sum which shall in no case be less than two thousand five hundred dollars (\$2,500) and which shall be equal to three (3) per cent. of its gross annual receipts, if such percentage shall exceed the sum of two thousand five hundred dollars (\$2,500).

During the second term of five (5) years an annual sum which shall in no case be less than five thousand dollars (\$5,000) and which shall be equal to three (3) per cent. of its gross annual receipts, if such percentage shall exceed the sum of five thousand dollars (\$5,000).

During the third term of five (5) years an annual sum which shall in no case be less than seven thousand five hundred dollars (\$7,500) and which shall be equal to three (3) per cent. of its gross annual receipts, if such percentage shall exceed the sum of seven thousand five hundred dollars (\$7,500).

During the fourth term of five (5) years an annual sum which shall in no case be less than ten thousand dollars (\$10,000) and which shall be equal to four (4) per cent. of its gross annual receipts, if such percentage shall exceed the sum of ten thousand dollars (\$10,000).

During the remaining term of five (5) years an annual sum which shall in no case be less than fifteen thousand dollars (\$15,000) and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of fifteen thousand dollars (\$15,000).

The gross receipts mentioned above shall be the gross receipts of the Company from all sources within the Borough of Manhattan and the portion of the Borough of The Bronx west of the Bronx River.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the treasury of the City on November 1 of each year, and shall be for the amount due to September 30 next preceding. Provided, that the first annual payment shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Whenever the percentages required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before November 1 in each year for the year ending September 30 next preceding.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, and such payments shall be made in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinance of the City or resolution of the Board or any law of the State of New York.

Third—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other company providing for payments for similar rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof, or otherwise, exemption from liability to perform each and all of the conditions of this contract.

This provision, however, shall not apply to the making of a mortgage, but shall apply to a sale under foreclosure.

Fourth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the act of the Company or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, nor shall the Company in any manner consolidate or pool its stock, business or interests or enter into any agreement for a division of business, interest or territory, or to prevent competition or a reduction in rates, or acquire, own or make use of or in any manner exercise control over any of the rights, privileges, franchises or stock, or use, own, control or operate any of the property, works, plants or appliances of any such person or corporation without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents. This provision, however, shall not apply to the making of a mortgage, but shall apply to a sale under foreclosure.

Fifth—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the wires, electrical conductors and other property of the Com-

pany within the streets and avenues of the City constructed pursuant to this contract for the generation and distribution of music electrically, shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual. If, however, at the termination of this contract, as above, the Board shall so order by resolution, the Company shall on thirty (30) days' notice from the Board remove any and all of its wires, electrical conductors and other property, or any portion thereof constructed pursuant to this contract, and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Sixth—Said telharmonic system shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

No construction upon said telharmonic system shall be commenced until written permits have been obtained from the proper City officials. In any permits so issued such officials may also impose such conditions, as a condition of granting of the same, as are necessary for the purpose of protecting any structures, in the streets and avenues, over which such officials have jurisdiction, and the Company shall comply with such conditions.

Seventh—All wires or other electrical conductors of the Company laid pursuant to this contract shall be placed in ducts, conduits or subways (referred to in this paragraph as subways). Such subways shall be leased from the company or companies having control thereof under the provisions of law, or from the City should it succeed to the rights of such company or companies. If the City shall construct or acquire subways for electrical conductors in the Borough of Manhattan or the portion of the Borough of The Bronx west of the Bronx River the Company hereby agrees to lay its wires and electrical conductors in such subways, and the City agrees to lease to the Company such space as may be required for its telharmonic system herein authorized.

Eighth—The Company shall file with the Board, on the first day of November in each year, a map or plan upon which shall be plainly indicated the number of wires which are used by the Company on the thirtieth day of September next preceding, and the streets and avenues in which the same are located and also those which were put in use during the preceding year.

Ninth—The Company shall commence the construction of its lines or the distributing of music hereunder within nine (9) months from the date of the signing of this contract by the Mayor and within five (5) years thereafter shall either have in operation not less than 2,500 music outlets or else shall have not less than \$500,000 invested in plant in The City of New York, otherwise the Board may, after three (3) months' notice and if the default is not remedied in such three (3) months, declare all rights under this contract forfeited.

Tenth—The Board may, by resolution, direct the Company to install, free of charge, music outlets and necessary appurtenances thereto in any or all of the free wards of Bellevue and Allied Hospitals, situated in the portion of the City for which a franchise is hereby granted. Upon the application of the Board of Education to the Board, the Board may, by resolution, direct the Company to install, at one-half its usual rates for such installation, music outlets and necessary appurtenances thereto, in the assembly halls in public schools within the territory of The City of New York for which a franchise is hereby granted. Upon notice by the Board to the Company that such resolutions have been adopted, the Company shall install such apparatus, provided that the Company shall not be required to extend its wires for the purpose of connecting with such schools a distance greater in any case than one thousand (1,000) feet, and provided further, that no more than ten (10) schools need be equipped by the Company in any one year, but any school situated within a block bounded by portions of streets or avenues in which the Company has its wires shall be equipped when so ordered by the Board in addition to the ten (10) schools which may be required to be equipped in any one year, and provided further that the Company shall not be required to install more than ten (10) music outlets in any one hospital or school. Upon notice of the Board to the Company that a resolution directing such installation has been adopted by the Board, the Company shall install such apparatus and shall furnish music in Bellevue and Allied Hospitals free of charge, and in public schools at one-half the regular rates charged by the Company for similar service.

Eleventh—It is agreed that the Board shall have absolute power to regulate all charges or rates for services rendered by the Company to subscribers, pursuant to this contract, provided such rates shall be reasonable and fair.

Twelfth—The Company shall not require nor receive from its subscribers any deposit or advance payment in excess of the cost to it of apparatus leased or furnished to the subscriber on its premises and of what is reasonably necessary to insure payment of current bills, and on such amounts so paid the Company shall pay interest at the statutory rate whenever such money is held for more than one month. Unpaid bills shall never be charged against property unless due from the owner thereof, and no person not himself in arrears shall be denied service because any previous occupant of the same premises is in arrears to the Company for service.

Thirteenth—The wires of the Company shall be employed for no other purpose than those explicitly set forth herein, and the Company binds itself not to lay, use, lease or operate wires for illegal purposes.

Fourteenth—The Company shall assume all liability to persons or property by reason of the construction or operation of the system authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or defaults of the Company.

Fifteenth—It is a condition of this contract that the Company shall bear the entire expense of all work undertaken by reason of this grant.

Sixteenth—If the Company shall fail to give efficient public service and maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give written notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time, and upon failure of the Company to remedy said default within a reasonable time the Company shall for each day thereafter during which the default or defect remains pay to the City a sum of fifty dollars (\$50), as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets and avenues, shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided.

Seventeenth—If, for a period of three (3) consecutive months, the telharmonic system of the Company shall not be operated, or if the same shall not be operated for a period of six (6) months out of any consecutive twelve (12) months, the Board may, after three (3) months' notice and failure by the Company to give to the Board satisfactory security for the future against further breach, declare the right and franchise under this contract terminated without further proceedings in law or in equity, provided that in case of the destruction by fire or otherwise of any of the Company's central stations or of the machinery thereat, the Company shall be allowed a year in which to restore, rebuild or replace the same, unless the Board shall extend such time for a further period for cause shown.

Eighteenth—The Company shall at all times keep accurate books of account and shall, on or before November 1 in each year, make a verified report to the Comptroller of the City of the business done by the Company pursuant to this contract for the year ending September 30 next preceding. Such report shall contain a statement of the gross receipts received from the operation of the telharmonic system hereby authorized from all subscribers served by the Company, together with such other information and in such form and detail as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report and may examine its officers under oath.
