Citizens' Union—Communication Urging a Favorable Report by the Committee on State Legislation on the Wagner-Donohue Bill, Empowering Cities to Acquire and Operate Public Utilities.

Citizens Union of the City of New York, 41 Park Row, New York, March 11, 1918.

Hon. ROBERT L. MORAN, Chairman, Committee on State Legislation Affecting the City of New York, City Hall, New York City:

Dear Mr. Moran—We beg to advise you that the Legislative Committee of the Citizens Union unanimously approved the Wagner-Donohue Bill, amending the General City Law, by empowering cities to acquire and operate public utilities, subject to certain minor amendments which will be proposed at the public hearing before the Cities Committees at Albany to-morrow.

The Executive Committee of the Union, at a meeting held this noon, unanimously approved the action of the Legislative Committee.

We therefore urge your Committee to report in favor of the Wagner-Donohue Bill. Very truly yours,

WALTER FRANK, Secretary for City Affairs.

#### COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The Vice-Chairman laid before the Board the following communication from the Board of Trustees of the Brooklyn Museum:

No. 335.

Board of Trustees, The Brooklyn Museum—Request for Special Revenue Bonds, \$3,600, to Provide for the Correction of a Clerical Error in the Budget for 1918.

The Brooklyn Museum, the Brooklyn Institute of Arts and Sciences, Eastern Parkway and Washington Avenue, Brooklyn, N. Y., February 21, 1918.

To the Honorable the Board of Aldermen of the City of New York:

Gentlemen—As provided by subdivision 8 of section 188 of the Greater New York Charter, we take the liberty of laying before you a request for an appropriation of special revenue bonds to the amount of \$3,600, to provide for the correction of a clerical error which caused the reduction of that amount in the Budget allowance made to the Central Museum of the Brooklyn Institute by the Board of Estimate at its meeting on the 19th of October, 1917.

At the executive meeting of the Board on that occasion a request was presented on behalf of the Central Museum, the Children's Museum and the Brooklyn Botanic Garden to increase certain salaries. After full discussion the Budget Committee ordered an increase of \$60 a year in salaries below \$1,200, making a total increase for the Central Museum of \$3,600. A memorandum to that effect was prepared and handed to the Clerk who had charge of making the changes in the Budget. Through carelessness or come inadvertence not explained he failed to make the change in the items relating to the Central Museum. The consequence was that the Budget, as delivered to the Secretary of the Board on the night of the 20th of October, 1917, did not contain this change.

The Museum increase was allowed to a class of employees who are especially suffering under the high expense of living and who had been compensated much below the standard adopted by the City and less than is paid the same class in similar institutions. It was not, therefore, through want of merit in their appeal, nor was it through the action of the responsible City authorities, but it was on account of an unfortunate accident that they were deprived of the increase.

We respectfully ask that you grant us a hearing that we may substantiate this statement and place the matter more clearly before you. Very truly yours,

A. AUGUSTUS HEALY, President, for the Trustees of the Brooklyn Institute.

Which was referred to the Committee on Finance.

The Vice-Chairman laid before the Board the following communication from the Police Commissioner:

No. 336.  
**Police Commissioner—Requesting an Ordinance Be Adopted by the Board "Licensing All Truck Drivers."**

City of New York, Police Department, February 28, 1918.  
*Hon. ALFRED E. SMITH, Acting Mayor, City of New York, City Hall, N. Y.:*  
My dear Mr. Mayor—I have the honor to recommend that an ordinance be passed by the Board of Aldermen requiring all truck drivers to be licensed.  
During 1917 \$180,000 worth of merchandise was stolen from trucks and there is every reason to believe that a good deal of this loss was due to the fact that a great many of the truck drivers in this city are in collusion with criminals. During 1917 517 cases were reported and 158 truck drivers were implicated in the criminal phases of these cases, and 54 of them are still fugitives from justice.  
With such an ordinance all truck drivers must necessarily be investigated prior to obtaining a license, and the undesirable element would be eliminated, and those who were granted a license could be more readily apprehended if they violated the law.

The ordinance might, if necessary, contain a provision that all applicants for licenses as truck drivers be photographed and fingerprinted, and these photographs and fingerprints would become part of their record. Very truly yours,  
*R. E. ENRIGHT, Police Commissioner.*

The Vice-Chairman laid before the Board the following communication from the Central Purchase Committee.

No. 337.  
**Central Purchase Committee—Request for Authority to Purchase Coal Without Public Letting.**

City of New York, Central Purchase Committee, Municipal Building, March 6, 1918.  
*Hon. ALFRED E. SMITH, President, Board of Aldermen:*  
Dear Sir—At a meeting of the Board of Aldermen on November 13, 1917, a resolution was adopted authorizing the Central Purchase Committee, during the months of January, February and March, 1918, to purchase, without public letting, coal required for consumption by the City departments.

Because of the fact that conditions in the coal market are exactly the same as at the time of the adoption of this resolution I hereby request that the enclosed resolution be adopted at once, for a further period of three months, so that we may now make the necessary arrangements for the coal supply during the coming three months.  
Very truly yours,  
*JAMES A. HAMILTON, Chairman.*

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Central Purchase Committee be and it is hereby authorized and empowered to purchase, without public letting, coal required for consumption during the months of April, May and June, 1918, by the following departments: Bellevue and Allied Hospitals, Departments of Public Charities, Correction and Health, Fire Department, Police Department, Department of Plant and Structures, Street Cleaning, Parks, Manhattan and Richmond; Parks, The Bronx; Parks, Brooklyn; Parks, Queens; Docks and Ferries, Water Supply, Gas and Electricity and the Armory Board.

Which was referred to the Committee on Public Letting.  
The Vice-Chairman laid before the Board the following communication from the Commissioner of Public Charities:

No. 338.  
**Commissioner of Public Charities—Request for Authority to Purchase an Automobile Truck Without Public Letting.**

Department of Public Charities of The City of New York, Municipal Building, Tenth Floor, March 9, 1918.

*Re Permission to Purchase Automobile Truck.*  
*To the Honorable the Board of Aldermen, City Hall, New York:*  
Gentlemen—I respectfully request permission to purchase one automobile truck in the open market without public letting, the cost not to exceed \$1,750.  
This truck is urgently needed for carting coal at the New York City Children's Hospitals and Schools.

May I request that this matter be given prompt attention. Very truly yours,  
*BIRD S. COLER, Commissioner.*

In connection with the foregoing communication Alderman Farley offered the following resolution, which, on his motion, was made a Special Order for the day:

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioner of Public Charities be and he is hereby authorized and empowered to purchase, in the open market, without public letting, an automobile truck at a cost not to exceed seventeen hundred and fifty dollars (\$1,750).

The Vice-Chairman put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:  
Affirmative—Aldermen Atwell, Bassett, Bell, Bostwick, Buckley, Burden, Burke, Cassidy, Collins, Colne, Cox, Diemer, Donnelly, Dunn, Falconer, Farley, Ferguson, Ferrand, Fowler, Friedman, Fullum, Gaynor, Gilmore Hatch, Haubert, Held, Hilke-meier, Hogan, Kenneally, Kenney, Lee, McCann, McCourt, McGarry, McManus, McNulty, Martin, Molen, Moore, Mullen, O'Brien, O'Rourke, Palitz, Post, Roberts, Ryan, Schmitz, Schweickert, Smith, Stapleton, Sullivan, Vladeck, Walsh, Williams, Wirth, Wise, Wolff, Zettler; the Vice-Chairman—59.  
The Vice-Chairman laid before the Board the following communication from the County Clerk of Queens County:

No. 339.  
**County Clerk, Queens County—Request for Special Revenue Bonds, \$720, for Purpose of Rearranging and Indexing Court Record and Miscellaneous Papers.**

Queens County Clerk's Office, Jamaica, N. Y., Alex Dujat, Clerk, March 11, 1918.  
*Board of Aldermen, City of New York, City Hall, New York City:*

Gentlemen—Request is hereby made for an issue of special revenue bonds in the amount of \$720 for the purpose of rearranging and indexing Supreme Court, County Court, Common Pleas and miscellaneous papers in the vault of the Queens County Clerk's office.

There are about 73,000 of these papers, and great inconvenience has been experienced by title companies, lawyers, railroad companies and other corporations in securing papers desired. These papers were formerly put away in bundles containing about 1,000 papers each, and apparently no effort was made to so mark the bundles as to indicate their contents or the years in which they were filed. Under present conditions it is almost impossible to honor a requisition for any of these papers.

The papers referred to run from the year 1804 to 1878, and it is imperative that an alphabetical list be made of them. It is thought that four men at \$3 per diem each, working for 60 days each, under proper supervision and direction, would be able to accomplish this work, and that a complete system could be installed whereby any paper desired could easily be secured.

On April 20, 1917, the Board of Estimate and Apportionment adopted a resolution, 823-T, allowing \$720 for the employment of a laboring force to remove from the vault, and clean, number and index and replace on new shelving, about 300,000 books and papers in the office of the Clerk of the County of Queens. Under this authority the County Clerk of the County of Queens employed four laborers and directed the work of sorting, cleaning and indexing and placing on new shelves in numerical order chattel mortgages from Nos. 1 to 65,149; mechanics' liens from the year 1860 to 1910, inclusive; building loan agreements from 1900 to 1910, inclusive; satisfactions of mortgages from 1794 to 1898, inclusive; cancelled mortgages from 1903 to 1915, inclusive; satisfactions of judgments from 1837 to 1899, inclusive; transcripts of judgments from 1837 to 1899, inclusive; Coroner's returns from Nos. 1 to 8,744, inclusive; records of convictions from 1820 to 1905, inclusive; records of bonds from 1857 to 1898, inclusive. In addition to this work, 1,600 libers and 350 law books were cleaned, rearranged and placed in numerical rotation, and naturalization papers from 1794 to 1908, inclusive, were cleaned and rearranged.

If your Board will grant this request for an issue of special revenue bonds amounting to \$720 all of the old records in the vault will be so arranged as to meet the demands of the public without unnecessary delay. Yours very truly,  
*ALEX DUJAT, County Clerk.*

Which was referred to the Committee on Finance.  
The Vice-Chairman laid before the Board the following communication from the Central Purchase Committee:

No. 340.  
**Central Purchase Committee—Request for Authority to Purchase Forage for the Fire Department Without Public Letting.**

City of New York, Central Purchase Committee, Municipal Building, March 9, 1918.

*Hon. Board of Aldermen, City Hall, Manhattan:*  
Gentlemen—This committee is in receipt of a letter from the Fire Department, dated March 7, asking that we purchase forage for them in the open market to the amount of approximately \$4,000. Request is therefore made for permission for this committee to make such purchase without public letting.

The reason for the request is that the amount of forage estimated for the quarter ending March 31, 1918, was insufficient. Transportation difficulties and factory conditions are such that no deliveries of motor apparatus have been made and in addition the department was required to hire a considerable number of horses during January and February, the result being that the quantity of forage called for in the present contract is very nearly exhausted.

Another contract will be entered into during the last week of March for deliveries beginning April 1, but the forage now proposed to be purchased is necessary for consumption during the period ending April 1. Very truly yours,  
*JAMES A. HAMILTON, Chairman.*

Which was referred to the Committee on Public Letting.  
The Vice-Chairman laid before the Board the following communication from the Commissioner of Docks:

No. 341.  
**Commissioner of Docks—Request for Authority to Contract, Without Public Letting, for Insurance of Certain Property Located on the North River Between 44th and 58th Streets, to Be Leased to the United States Government.**

The City of New York, Department of Docks and Ferries, Office of the Commissioner, Pier A, North River, March 9, 1918.

*Hon. ALFRED E. SMITH, President, Board of Aldermen, City Hall, New York:*  
Dear Sir—At a meeting of the Board of Aldermen held December 18, 1917, a resolution was adopted authorizing the Commissioner of Docks to enter into a contract without public letting for the insurance at the minimum rates fixed by the Board of Fire Underwriters and Insurance Exchange of certain property located on the North River between West 44th and West 58th streets, to be leased to the United States Government.

Pursuant to this authority a contract was made by my predecessor with John M. Riehle & Company, Inc., 68 William street, for the insurance for one year from January 1, as follows:

	Total Insurance.	Premium.
Pier at West 55th street and adjoining bulkhead, together with shed thereon .....	\$425,000 00	\$5,737 52
Pier at West 56th street and adjoining bulkhead, together with shed thereon .....	262,500 00	3,543 77
Pier at West 57th street and adjoining bulkhead, together with shed thereon .....	537,500 00	7,256 47
	\$1,225,000 00	\$16,537 76

Insurance will also be placed to the extent of \$1,000,000 on the pier at West 46th street and the shed thereon as soon as the work is accepted from the contractor. The premium on this parcel will amount to \$14,850.

This will make a total insurance on the four piers of \$2,225,000, for which the premium for one year is \$31,387.76.

This insurance could be placed for three years for \$78,469.40, while the cost of obtaining new policies annually will amount to \$94,163.28, making a saving of \$15,396.88 by insuring for a period of three years, which of course will carry with it the right of cancellation and rebate in case the insurance is canceled before the expiration of the three years. Or if the Government should vacate the premises before the expiration of three years there will probably be no difficulty in arranging with the new lessee for taking over the insurance and reimbursing the City for a proportionate amount of the premium.

While this insurance was contracted for and the leases made to the Government during the year 1917, there was no appropriation obtained for the payment of the premiums.

I therefore beg to recommend that an issue of revenue bonds be authorized to pay for the premiums on insurance as above set forth in the sum of \$78,469.40.

Yours respectfully,  
*MURRAY HULBERT, Commissioner of Docks.*

Which was referred to the Committee on Public Letting.  
The Vice-Chairman laid before the Board the following communication from the Board of Estimate and Apportionment:

No. 342.  
**Board of Estimate and Apportionment—Resolution Establishing the Grade of Position of Harnessmaker in City Departments.**

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, March 11, 1918.

*To the Honorable the Board of Aldermen:*  
Gentlemen—I transmit herewith certified copy of resolution adopted by the Board of Estimate and Apportionment on March 8, 1918, recommending the establishment in City Departments of the position of Harnessmaker, with compensation at the rate of \$5.00 per diem, for an unlimited number of incumbents.

I also transmit copy of report of the Committee on Salaries and Grades relative thereto. Yours very truly,  
*JOSEPH HAAG, Secretary.*

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in City departments, in addition to those heretofore established, as follows:

Title.	Rate Per Diem.	Number of Incumbents.
Harnessmaker .....	\$5 00	Unlimited

A true copy of resolution adopted by the Board of Estimate and Apportionment, March 8, 1918.  
*JOSEPH HAAG, Secretary.*

February 28, 1918.

*To the Board of Estimate and Apportionment:*  
Gentlemen—The Police Commissioner on February 7, 1918, presented a request from the Harnessmaker employed in that department for increase in wages from \$4.50 to \$5 per diem. This was referred to the Committee on Salaries and Grades, Item 40, Calendar of February 15, 1918. The Harnessmakers employed in the Department of Street Cleaning have also requested increase of wages from \$4.50 to \$5 per diem. The Committee reports as follows:

"The 1918 budget provides for the employment of harnessmakers at \$4.50 per diem, as follows:

"Police Department, 1 for 277½ days; Department of Parks, Manhattan, 1 for 277 days; Brooklyn, 1 for 270 days; Fire Department, 1 for 277½ days; Street Cleaning Department, 17 for 277½ days, and \$688.50 for temporary work, 153 days. There are 21 harnessmakers regularly employed by the City. The total increased annual cost involved amounts to \$2,986.25.

"The prevailing rate for skilled all around harnessmakers has been \$5 per diem since January 1, 1918. This rate was fixed by agreement between firms and individuals employing first class harnessmakers and Local Union No. 95 of the United Leather Workers. Owing to the scarcity of harnessmakers who are skilled workmen, many private employers have been paying a higher rate than \$5 per diem to retain the services of experienced and competent men.

"The following firms and individuals employing a large majority of the skilled harnessmakers in the Greater City are paying the \$5.00 rate:

"Manhattan—F. R. Horn, 468-470 Hudson Street; Owen J. Dever, 65 Gouverneur Street; H. Kaufman & Son, 206 Division Street; J. Shairman, 65 Willett Street; Theodore Lutz, 613 Eleventh Avenue; J. Leonard, 446 West 13th Street; S. Zwanger, 78 Mangin Street; M. Miller, 524 First Avenue; Henry Solomon, 554 West Broadway; Frederick Dahlker, 548 West Broadway; W. Margolios, 1963 First Avenue; William Byrnes, 115 Manhattan Street; Michael Knoud, 506 Park Avenue; Mills and Mortimer, 15 Lexington Avenue.

"Bronx—Herman Mayer, 1075 Tremont Avenue; M. R. Baxter Sons, 58 Westchester Avenue; H. J. Kohn, 146 Willis Avenue.

"Brooklyn—J. G. Taylor, 934 Gates Avenue; G. H. Ward, 381 Flushing Avenue; Jacob Meyer, 523 Flushing Avenue; Nicholas Schaefer, 900 Broadway.

"Hundreds of first-class harnessmakers have given up their trade and are now employed at upholstering automobiles, for which they receive a higher compensation than they received as harnessmakers. The result is that first-class workmen are in demand at \$5 and at higher rates. The harnessmakers employed by private firms at a rate less than \$5 per diem are not skilled workmen. They are chiefly employed on rough work and are simply repairers and stitchers. Many of them are leather workers who know little about harness making.

"The harnessmakers employed by the City are all around skillful workmen and are competent to do the finest kind of work. They had to pass a rigid and practical Civil Service examination in all branches of the trade.

"It is freely admitted in the harness-making trade that the City employs the highest type of harnessmakers.

"It would appear that the harnessmakers employed by the City are entitled to receive the rate of \$5.00 per diem from January 1, 1918.

"Authority to establish a new rate for harnessmakers is vested in the Board of Aldermen under section 56 of the Greater New York Charter."

Recommendation—The Committee recommends that the rate for Harnessmakers in City departments be fixed at \$5.00 per day, effective as of January 1, 1918, by adoption of the attached resolution.

ALFRED E. SMITH, President, Board of Aldermen; FRANK L. DOWLING, President, Borough of Manhattan; EDWARD RIEGELMANN, President, Borough of Brooklyn; Committee on Salaries and Grades.

**Commissioner of Health—Communication with Relation to a Resolution to Establish Municipal Milk Stations.**

Department of Health, City of New York, Office of the Commissioner, March 12, 1918.

Board of Aldermen, City Hall, N. Y.:

Gentlemen—In reference to a resolution introduced by Alderman Jacob W. Friedman, relative to the supply and distribution of milk in this city, I would say that this resolution has in view the requesting of the Legislature to enact laws to authorize the City of New York to establish a Department of Milk Supply and Distribution.

In view of the present consideration of this subject by the Federal Milk Commission for the Middle Atlantic States, it seems to me that this resolution should be held up until this Commission has acted. The Commission is now sitting, and it will probably either make recommendation at once or go out of business. It is seriously considering the drafting and recommending to the Legislature the passage of a bill which will establish a State Commission, one of whose powers will be very much the permission to cities to do what is contemplated in this resolution. I would suggest that the Board of Aldermen delay action on this matter until the Federal Milk Commission has arrived at a definite conclusion.

I want also to commend and emphasize the wisdom of making this bill commissive and not mandatory, aside from the fact that it would not be possible to enforce a mandatory act of this kind. Economic changes take place so rapidly just now that any modification of existing conditions, such as is contemplated in this bill, should be considered a long while before having it go into effect. Very truly yours,

J. LEWIS AMSTER, Commissioner.

No. 344.

**Commissioner of Public Markets—Request for Special Revenue Bonds, \$50,000, for Use in Purchasing Any Foodstuffs Which the Department May Find Feasible and Advisable to Purchase.**

Office of the Commissioner of Public Markets, Municipal Building, New York, March 12, 1918.

To the Honorable Board of Aldermen:

Gentlemen—Whereas, the State Food Commission has granted power to The City of New York to buy and sell food and fuel to the inhabitants of The City of New York; and

Whereas, the Board of Aldermen and the Mayor have named the Department of Public Markets as the agency for such purchase and sale; and

Whereas, the time has arrived when considerable quantities of foodstuffs would have to be purchased in order to get as nearly production prices as possible; and

Whereas, legally, the Department of Public Markets is without power to make purchases without money available to pay the amount obligated; and

Whereas, cash payments greatly facilitate purchases and cheapen prices,

I therefore respectfully request your Honorable Body to issue special revenue bonds in the amount of \$50,000 for use in purchasing for immediate consumption or for storage to be sold to consumers later, any foodstuffs which this department may find feasible or advisable to purchase; that the money so created be put into a special account for the use of the Department of Public Markets, either in the Department of Finance or as a special account in the Department of Public Markets, subject to direct oversight and audit by the Department of Finance; that I, as Commissioner of Public Markets, be put under bond in such amount as your Honorable Board may deem sufficient for the protection of the City to guarantee on my part faithful handling of such funds; that I be allowed to make such purchases direct and pay such commissions for purchase and sale as in my judgment may be just and proper.

I would respectfully urge speedy action on the part of your Honorable Body in view of the tremendous importance attached to this very vital matter of city administration. Very truly yours,

JONATHAN C. DAY, Commissioner.

The Vice-Chairman laid before the Board the following communication from the Commissioner of Health:

No. 345.

**Commissioner of Health—Communication with Respect to the Establishment of a Division of Day Nurseries by the Department of Health.**

Department of Health, City of New York, Office of the Commissioner, March 12, 1918.

Board of Aldermen, City Hall, N. Y.:

Gentlemen—Referring to the ordinance establishing a Division of Day Nurseries in the Department of Health, as introduced by Aldermen Braunstein and Calman, it is the opinion of this Department that the establishment of such division under the control of the Bureau of Child Hygiene of this Department is unnecessary for the following reasons:

1. At the time we entered the war it was felt by many people who are connected with day nurseries that they were destined to be a large factor in the social problems of the next few years because of the possibility of a large number of women going into industry and leaving the children to be cared for in shelters of this kind.

2. Tentative plans were made by the day nursery organizations to meet the need, but up to the present time the need has not materialized and there does not seem to be any more insistent demand for day nurseries to-day than there was five years ago. The day nurseries at present are not overcrowded, so far as I have been able to find out, and they seem well able to accommodate the number of children who need their care. A condition similar to this occurred in England at the beginning of the war. There the day nurseries had extended their facilities only to find that they were not needed.

3. Another point of view has apparently contributed to the lessening of the need for day nurseries in England. It was realized that the baby that is best cared for is the one that is kept with its own mother, so when women went into industry a large number of the big factories provided rest rooms or day nurseries in connection with the plants, where babies might be kept and where the mothers were relieved at regular periods to go and nurse them. This, I believe is an excellent plan.

4. Just at the present moment I do not believe there is an urgent need for the city to take over day nurseries or to establish new ones. I do believe, however, that the day nursery situation could be met a little better if the city would treat them as it is the hospitals run under private control, that is, to pay a certain per capita rate per day for every baby cared for on a free basis, as far as the nursery is concerned.

Such a plan would not cost the city nearly as much as the idea of municipalization and, at the same time, would place the burden of the care of the indigent poor where, in my opinion, it belongs—on the community.

5. If the establishment of model day nurseries as outlined in the ordinance is proposed for the purpose of showing the highest type of day nursery, such need has already been filled. There are in the city several nurseries which are ideal in every way and which could be used as models. Very truly yours,

J. LEWIS AMSTER, Commissioner.

The Vice-Chairman laid before the Board the following communication from the Commissioner of Accounts:

No. 346.

**Commissioner of Accounts—Report Upon an Examination of the Chamberlain's Accounts for the Year Ended December 31, 1917.**

City of New York, Office of the Mayor, March 4, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen, City Hall, N. Y.:

Dear Sir—I send you herewith communication dated February 28, 1918, addressed to the Mayor and the Board of Aldermen by the Commissioner of Accounts, transmitting report of examination of the Chamberlain's accounts for the year ending December 31, 1917, as provided in section 195 of the Charter. Very truly yours,

GROVER A. WHALEN, Secretary to the Mayor.

City of New York, Office of the Commissioner of Accounts, Municipal Building, February 28, 1918.

Subject: Report upon an examination of the Chamberlain's accounts for the year ending December 31, 1917.

Hon. JOHN F. HYLAN, Mayor, and the Honorable Board of Aldermen of The City of New York:

Sirs—Section 195 of the Charter reads as follows:

"\* \* \* The accounts of the chamberlain shall be annually closed on the last day of December, and shall be examined in the month of January in each year by the commissioner of accounts. Such commissioner shall examine the accounts and vouchers of all moneys received into and paid out of the city treasury during the year ending on the last day of December next preceding such examination, and shall certify and report to the mayor and board of aldermen in the following month of February the amount of moneys received into the treasury during such year, the amount of moneys paid out during the same period by virtue of warrants drawn on the treasury by the comptroller, the amounts of moneys received by the chamberlain, who shall be in office at the time of such examination, if he entered upon the execution of his duties since the last preceding report; the balance in the treasury on the last day of December preceding such examination, the amount of moneys borrowed for or on the credit of the city during such year, and the amount of the bonds of the city issued during such year, with the purposes for which and the authority under which such bonds were issued. Such commissioner shall also compare the warrants drawn by the comptroller on the treasury during the year ending on the last day of December preceding such examination, with the several laws and ordinances under which the same shall purport to have been drawn, and shall in like manner certify and report whether the comptroller had power to draw such warrants; and if any shall be found which, in his opinion, he had no power to draw, he shall specify the same in his report, with his reasons for such opinion."

The great volume of detail comprehended in an examination and comparison of the vouchers and warrants issued and paid in the course of the calendar year, if sought to be completed in the month of January following, as prescribed, would require the concentration of a much larger force of assistants than could be spared for this work at one time, without seriously affecting other examinations and investigations. In practice, therefore, the examination provided for in the above quoted section of the Charter is continuous throughout the year, five accountants and seven clerks being assigned thereto. During the examination of the period under review, 143,147 warrants and approximately the same number of vouchers were inspected.

**Certification.**

From an examination made by this office and a certification thereof to me by the Accountant supervising and directing the work of the examination of the Chamberlain's accounts as herein set forth, which certificate is attached hereto, I do hereby certify that all warrants paid in the year 1917, together with the supporting vouchers thereof, have been examined and that it appears that the Comptroller was duly authorized by the several laws and ordinances to draw the warrants examined, none of which was found improperly drawn, and that the accounts of the City Chamberlain for the year 1917 of moneys received into and paid out of the city treasury have also been examined.

Corporate stock, notes, bonds and revenue bills were issued during the year 1917 as follows:

Revenue bills .....	\$168,974,400 00
Corporate stock .....	55,013,000 00
Corporate stock notes .....	123,877,000 00

Assessment bonds .....	9,000,000 00
Tax notes .....	4,600,000 00
	\$397,464,400 00

Exhibit "A" shows the corporate stock, notes, bonds and revenue bills issued during 1917, the purposes for which and the authority under which they were issued.

The following summary shows amounts received and paid out during the year 1917 by the Chamberlain, together with the balances at the beginning and close of the year, as required by the law before quoted:

The annual examination provided for by law to be made by the Commissioner of Accounts, under section 195 of the Charter, consists in an audit of the Chamberlain's receipts and disbursements, verifying the cash balances as shown in the accounts at the beginning and close of the calendar year by comparing such balances with the certificates of the officers of the several depositories, and certifying to the correctness of the amount of corporate stock, bonds and notes issued.

Respectfully submitted, DAVID HIRSHFIELD, Commissioner of Accounts.

I hereby certify that I am in charge of the force of the office of the Commissioner of Accounts, consisting of twelve employees, who, under by supervision and direction, have been daily engaged in an examination of the accounts of the Chamberlain for the year 1917, and from my own knowledge and daily contact with the examination as it progressed, I hereby certify that the statements and figures contained in this report are correct, fully understanding that upon my certificate the Commissioner of Accounts relies for the correctness of the report made by him to the Mayor showing the results of the examination of the accounts of the Chamberlain for the year ended December 31, 1917, as required by section 195 of the Charter.

PETER H. McDONALD, Accountant in Charge.

The Vice-Chairman laid before the Board the following communication from the Supervisor of the City Record:

No. 347.

**Supervisor of City Record—Request to Purchase Two Two-Ton Auto Trucks Without Public Letting.**

The City of New York, Board of City Record, Office of the Supervisor, Municipal Building, March 12, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen:

Dear Sir—I respectfully request that, pursuant to the provisions of section 419 of the Greater New York Charter, that the Board of City Record be authorized to purchase in the open market, without public letting, two (2) two-ton auto trucks, complete with bodies, at a cost not to exceed \$5,000.

Consent is requested to this purchase in the open market, without public letting, so that the selection may be made of trucks adapted to the purposes required by the Board of City Record, and, further, so that time may be saved, which is very essential, in view of the immediate necessity for this equipment. For the reasons stated herein, I would respectfully request that your Board take immediate action on this request so that the order for trucks may be awarded promptly. Respectfully,

PETER J. BRADY, Supervisor of the City Record.

Which was referred to the Committee on Public Letting.

The Vice-Chairman laid before the Board the following communication from the Commissioner of Health:

No. 348 (Ord. No. 31).

**An Ordinance to Amend Section 1 of Article 1 of Chapter 16 of the Code of Ordinances, Relating to the Municipal Civil Service.**

AN ORDINANCE to amend section 1 of article 1 of chapter 16 of the Code of Ordinances, relating to municipal civil service.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. Section 1 of article 1 of chapter 16 of the Code of Ordinances, relating to the municipal civil service, is hereby amended to read as follows:

§1. Officers and employees to be residents.

No person not a citizen and an actual resident and dweller, in good faith, in the state of New York shall be eligible to appointment or employment in any of the departments, boards, bureaus or branches of the government of the city, except in institutions which care for the sick and infirm, and in clinics or dispensaries which furnish medical or surgical advice or treatment, and in laboratories offering facilities for the diagnosis of disease or the analysis of food and drugs. Any person who now is or who shall become, after such appointment or employment, a citizen, resident or dweller outside the state of New York, shall thereby forfeit his said appointment or employment and shall be removed therefrom. The provisions of this section shall not apply to appointments or employments for services or work to be performed for the city outside the state of New York; nor to a temporary appointment or employment for a specific service or work, where peculiar or exceptional qualifications of a scientific, professional or educational character are necessary. Prior to such temporary appointment or employment, evidence in writing shall be furnished that the services or work to be performed cannot be well done by any citizen and actual resident of the state of New York who is available, and that the non-resident person proposed to be appointed is generally recognized as one possessing such exceptional qualifications in a high degree. No appointment or employment under this section shall be valid unless the consent of the mayor shall be first obtained. He may require the municipal civil service commission to pass upon the matter and certify whether such appointment or employment be necessary, and, also, whether the non-resident person proposed therefor be competent and necessary, for lack of a citizen and actual resident of the state of New York who is available for appointment.

Sec. 2. This ordinance shall take effect immediately.

Note—New matter in *italics*; old matter, in brackets [ ], to be omitted.

Which was referred to the Committee on General Welfare.

The Vice-Chairman laid before the Board the following communication from the President, Borough of Queens:

No. 349.

**President, Borough of Queens—Submitting for Approval of Board Site for Location of Refuse Destructor.**

The City of New York, Office of the President of the Borough of Queens, Long Island City, February 11, 1918.

To the Honorable the Board of Aldermen, City Hall, New York, N. Y.:

Sirs—Some time since corporate stock was made available for the acquisition of a site for the construction of a Refuse Destructor at Jamaica, efforts have been made from time to time to determine upon a site which would meet the least objection and not conflict with the City Ordinances as to zoning restrictions. Many sites have been looked into, but for one reason or another I have been unable to determine upon a desirable location for the proposed destructor until recently.

I submit herewith for your approval, in accordance with the Charter provisions, the selection of a site located on the corner of Catherine Street and Church Street, Jamaica, running about 180 feet on Church Street and about 175 feet on Catharine Street.

In view of the fact that the ownership of this parcel is in more than one person and that there is a difference in the prices for various lots I believe it to be to the best interest of the City that this site be acquired by condemnation proceedings.

I transmit also a survey of the real estate involved. Respectfully,

MAURICE E. CONNOLLY, President of the Borough of Queens.

Which was referred to the Committee on Finance.

No. 350 (G. O. 19).

#### An Ordinance to Amend Chapter 25 of the Code of Ordinances of the City of New York by Adding Thereto an Article 4, Relating to the Inspection of and Sale of Flexible Tubing to Be Used for Making Gas Connections in the City of New York.

By Alderman Roberts—

AN ORDINANCE to amend chapter 25 of the Code of Ordinances of the City of New York, by adding thereto an article 4, relating to the inspection of and sale of flexible tubing to be used for making gas connections in the City of New York.

*Be it Ordained by the Board of Aldermen of The City of New York as follows:*

Chapter 25 of the Code of Ordinances is hereby amended by adding thereto a new article, to read as follows:

##### Article 4.

##### Manufacture and Sale of Flexible Tubing to Be Used for Making Gas Connections

Section 45. No flexible tubing to be used for making gas connections shall be sold in the City of New York on and after thirty days after the passage of this ordinance, unless it conforms to the following standards:

1. Tubing suitable for use only on gas lamps shall consist of a metal core covered with a rubber jacket, or a fiber cover, over which shall be spread a compound of glue and glycerine 1-32 inch thick, impervious to gas. The outside shall be wound by a protective braid or in the alternative the core may consist of a rubber tubing over which shall be spread a compound of gelatine or other substance impervious to gas. The outside shall be wound by a protective fiber or braid of cotton or silk and to be fitted with standard metal ends.

Tubing for use on gas irons shall consist of a wire or metal core covered with a textile or fiber cover, over which shall be a cotton filling, on which shall be spread a layer of glue and glycerine 1-32 inch thick, impervious to gas, which in turn shall be covered with a textile or fiber cover, over which shall be spread a layer of asbestos. The outside to be wrapped by a wire or metal spiral, or in the alternative the core may be a cotton inserted rubber tubing covered by a spiral steel wire, fitted with approved ends.

Not more than three grades of flexible gas tubing for gas heating and cooking stoves should be sold and should be constructed as follows:

a. One with a metal tubing core, reinforced with a layer of paper or fiber; then a cotton filler, on which a dip of glue and glycerine 1-32 inch thick is applied; then a second layer of waxed paper, and to be finished with a protective braid of cotton.

b. One with a steel wire spiral core, covered with a rubber jacket; this is to have a layer of glue and glycerine 1-32 inch thick, impervious to gas; this to have a layer of fiber or paper, a binding of cotton, finished with a protective cotton braid.

c. One with a steel wire spiral core, covered with a layer of fiber or paper; then a layer of glue and glycerine 1-32 inch thick, with two layers of fiber or paper and one layer of asbestos; this is finished with a binding of steel spiral wire; the latter will protect the tubing from heat.

The ends of all tubing to be used for lighting fixtures shall be made wholly of brass. The ends of all other tubing shall be composed of not less than 35 per cent.

of washed and dried fine para rubber, and shall be not less than 1 3/4 inches in length and 3/4 inch at the thickest point. The connection between the rubber ends and the tubing shall all be of metal only.

All tubing shall be tested by the manufacturer before the same is offered for sale, under sufficient pressure to indicate any leak in the tubing throughout its length, and the said tubing shall be labeled with the word "Tested," with the manufacturer's name or trade mark thereunder.

2. Penalty—For a violation of this ordinance, any tubing offered for sale, not conforming to the requirements above set forth, shall be confiscated, and, in addition, the person, partnership or corporation offering the same for sale shall be guilty of a misdemeanor and liable to a penalty of not less than \$ and not more than \$ for each offense.

3. Inspection—It shall be the duty of the Department of Water Supply, Gas and Electricity, from time to time, to inspect all tubing offered for sale within the city, and the said department is hereby authorized to empower its inspectors to confiscate any tubing found to be offered for sale in violation of this ordinance.

4. The Department of Water Supply, Gas and Electricity is hereby authorized to appoint the necessary inspectors, not exceeding five, who shall be men duly qualified to inspect gas tubing, and the salary of said inspectors shall be \$ per year for each inspector.

#### Resolution Requesting the Board of Estimate and Apportionment to Abolish Certain Grades of Positions.

By Alderman Wolff—

Whereas, In the furtherance of departmental reorganizations the Board of Estimate and Apportionment has in the past recommended to the Board of Aldermen the establishment of new grades of positions to be filled by persons already employed in such departments; and

Whereas, It is desirable in the interests of future economy and efficiency that the grades of positions left vacant by such reorganizations shall not be retained in the City service; therefore, be it

Resolved, By the Board of Aldermen of The City of New York, that the Board of Estimate and Apportionment be and it hereby is requested not to recommend the establishment of any new grade of position, which grade of position is to be filled by a person at the time of such recommendation in the employ of the City, unless the said Board shall also recommend that the grade of position at the time already so occupied shall simultaneously be abolished.

#### Resolution Concerning a Minimum Compensation for City Employees.

By Aldermen Beckerman, Braunstein, Held, Lee, Vladeck, Wolff—

Whereas, Conservative and reliable estimates of the yearly income necessary to support a workingman and his family have been placed during the year 1917 at amounts varying from \$980 to \$1,200; and

Whereas, An increase in the prices of commodities during the present year consonant with that which has occurred for two years past will increase such minimum necessary income anywhere from 25 to 50 per cent. by the year 1919; and

Whereas, There are at present over 13,000 regular adult employees in 233 grades of positions in the various City departments who receive compensation at rates less than \$1,200 per year, and who suffer hardship in consequence thereof; and

Whereas, It is generally acknowledged that the City should be in all respects a model employer and pay compensation sufficient to enable its employees to maintain a living in accordance with recognized American standards; therefore, be it

Resolved, By the Board of Aldermen of The City of New York:

(1) That the Board of Estimate and Apportionment be and it is hereby urgently and respectfully requested in the Budget of 1919 and thereafter not to recommend the compensation of any person employed by The City of New York as a regular employee, which compensation shall be paid out of the City treasury and for full time service of eight hours or more per day, without maintenance, at a sum less than \$1,200 per year, or at a daily, weekly, monthly or other rate amounting to less than such sum as a yearly aggregate of actual working days, provided, that this limitation shall not apply to persons under the age of 21, or to those holding pupil positions; and

(2) That on and after the first day of November, 1918, the said Board of Aldermen, pursuant to the powers granted to it under section 56 of the City Charter, will not fix the annual compensation of any such regular full time employee, without maintenance and over the age of 21, at less than the said sum of \$1,200.

#### Report of the Committee on State Legislation Affecting the City of New York Urging Upon the Legislature the Passage of the Wagner-Donohue Bill, Empowering Cities to Acquire, Maintain and Operate Public Utilities.

March 12, 1918.

To the Board of Aldermen of The City of New York:

Gentlemen—Pursuant to the directions of the Board this Committee has examined the provisions of the Wagner-Donohue Municipal Ownership bill pending in the State Legislature, and on March 8, 1918, at 2 p. m., held a public hearing thereon in the Aldermanic Chamber, City Hall.

This hearing, which was advertised in the CITY RECORD and given wide publicity in the press generally, brought together one of the largest groups of citizens ever present at an Aldermanic hearing.

The greatest interest was taken by the people of the city in this important legislation, and they eagerly availed themselves of the opportunity this Committee afforded them of giving public expression before their local legislative body of their views on legislation pending in Albany that they believed to be of vital importance to the city and its inhabitants.

The provisions of the bill under consideration may be briefly summarized as follows:

(1) It empowers cities to acquire, construct, maintain and operate any public utility.

(2) Before such power may be exercised as to any public utility the governing bodies of the city—the Board of Estimate and the Board of Aldermen—must pass a resolution declaring it in the public interest to acquire and operate such public utility. The resolution must contain a general description of works, plants or facilities to be constructed or of the property to be acquired.

(3) The matters contained in the resolution are then submitted to the people for their determination at a general or special election, as the resolution may provide. This is done in the form of a question on which the people vote and which must clearly set forth the particular public utility affected.

In the place of the resolution adopted by the governing bodies of the city, twenty per cent. of the voters thereof (the number was inadvertently omitted from the bill) may petition for the submission to the people of the question as to whether or not a given public utility shall be acquired and operated by the municipality.

(4) If the people, by their vote, decide in favor of acquiring a given public utility, provision is made for its purchase by agreement with the company affected, or for its acquirement by condemnation proceedings. In no event is the City to pay more than the value of the property to be acquired, as fixed by the Public Service Commission.

(5) The City is authorized to issue municipal bonds in payment of acquired public utility property, subject to the same limitations as the City may by law borrow money for other City purposes.

(6) Other provisions specify that the rates of charges authorized by the City shall be sufficient to make the enterprise taken over self-sustaining, and that separate books

shall be kept by the City in order to show the true financial condition of each public utility acquired and operated.

Such, briefly, is an outline of one of the most important legislative proposals ever submitted to the Legislature of this State.

At the public hearing held before your Committee there was an overwhelming sentiment in favor of this legislation. The Committee sat from 2.30 to 7 p. m., and was able to hear but a small part of those present who wished to be recorded in favor of the bill. The opposition was limited to a small group of real estate owners, who opposed the bill because they were opposed to municipal ownership and did not think that the question should be submitted to the people at all.

As the result of our study of the bill and of the arguments advanced at the public hearing we strongly recommend to the Board the adoption of a resolution urging the Legislature to pass the Wagner-Donohue Municipal Ownership Bill. This bill contains no mandatory features of any kind. It is an empowering act, pure and simple, permitting the people of a city to determine by their vote whether or not the City shall acquire and operate a particular public utility. Every safeguard is provided in the bill to secure the fair and proper exercise of this power by a municipality.

That the finances of a city might not at the present time enable it to make any substantial expenditures for the purpose of taking over the larger public utilities is no ground for refusing this legislation.

There are public utilities in this city, such as the bus line, which, if this legislation is passed, the City is in a financial position to take over immediately, and by extending present routes relieve the indecent and intolerable congestion of the transit facilities that now prevail.

The bill, moreover, will enable the people of the city to deal with the entire public utilities problem as and when the means of the City will permit.

No more democratic measure, no measure more in harmony with the spirit of our free institutions could have been devised. The trend of public opinion in this and other countries is in favor of the policy of municipal ownership and operation of public utilities as an important step for the betterment of the social and economic conditions of the great mass of the people. Municipal ownership and operation is no mere fancy; it is an accomplished fact in many parts of Europe and of this country, and the results, so far as they have been brought to our attention, have been most successful.

The passage of this bill, however, is not a determination in favor of municipal ownership of utilities; it is a determination in favor of the right of the people to say whether or not in a particular case municipal ownership of a public utility is a good or a bad thing.

The people of the City of New York ask for this legislation. To deny their demand would be to make the principle of Home Rule for cities an empty and meaningless phrase. To refuse to pass it would be to announce a belief that the people are unfit and unworthy to be entrusted with the determination of problems such as these; that the rule of the majority is unsafe and unreliable; a position which is tantamount to the repudiation of the basic principles upon which our Government was founded and through which it has grown and developed into the greatest democracy of the world.

We therefore recommend the adoption of the following resolution:

Resolved, That the Board of Aldermen of The City of New York strongly urges upon the Legislature the enactment of Senate Bill P. R. 808, by Senator Wagner, and Assembly Bill P. R. 982, by Assemblyman Donohue, which empowers the people of a city to determine by their vote whether or not the city shall acquire and operate any public utility.

The overwhelming sentiment of the people of the City of New York, as manifested at a public hearing held before a Committee of this Board, is in favor of this legislation. Every safeguard has been provided in the bill to secure a fair and proper exercise of this power by a municipality.

To refuse to pass this permissive legislation is a denial of the right of Home Rule to cities and repudiation of the fundamental principles upon which our government was founded; and be it further

Resolved, That a copy of this resolution be sent to each member of the Legislature and to the Governor of the State of New York.

**Report of the Committee on Finance in Favor of Adopting Resolution to Authorize an Issue of Special Revenue Bonds, \$6,341.50, for the Purchase of One Five-Ton Motor Truck by the President of the Borough of Richmond.**

The Committee on Finance, to which was referred on January 22, 1918 (Minutes, page 140), the annexed request of the President of the Borough of Richmond for special revenue bonds, \$12,683, for the purchase of two Pierce-Arrow five-ton motor trucks, respectfully

#### REPORTS:

That your Committee has carefully examined the subject and believes some relief should be granted, as the need of a gasoline automobile for this borough is established by the annexed report of the Bureau of Contract Supervision, which recommends that one automobile instead of two be allowed.

The Committee, therefore, recommends the adoption of the accompanying resolution.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of six thousand three hundred and forty-one dollars and fifty cents (\$6,341.50), the proceeds whereof to be used by the President of the Borough of Richmond for the purpose of purchasing one five-ton motor truck. All obligations contracted for hereunder to be incurred on or before December 31, 1918.

The City of New York, Office of the President of the Borough of Richmond, Bureau of Street Cleaning, Borough Hall, New Brighton, New York City, January 15, 1918.

*The Honorable Board of Aldermen*, Municipal Building, New York City:

Dear Sirs—The Bureau of Street Cleaning of the Office of the President of the Borough of Richmond employs three motor trucks for hauling clinker from refuse destructors, and in its refuse collection service. The trucks are: A 5-ton gasoline Pierce Arrow, a 3½-ton electric General Vehicle and a 3½-ton electric Lansden. One of these trucks, the Lansden, has been in use for nearly six years, and, having outlived its usefulness, should be replaced. In addition, our experience for the past three years has demonstrated that three cars are inadequate for the work, that a fourth truck should be added to the equipment engaged in the removal of clinker and in the collection of household refuse. Thousands of tons of clinker have accumulated at the destructors in consequence of insufficient motor equipment and the presence of these huge piles of clinker in the destructor yards greatly increases the cost of wheeling clinker from the buildings to the piles and seriously interferes with the effective operation of the plants, and several of the other activities of the Bureau of Street

Cleaning are periodically disrupted by reason of assignments therefrom to the wheeling of clinker at the destructors.

The solution, as we see it, is the acquisition of two motor trucks, one to replace the Lansden herein mentioned, the other to be added to the equipment engaged in this work.

I therefore respectfully ask the Board of Aldermen to issue Special Revenue Bonds amounting to \$12,683 to be used for the purchase of two (2) Pierce Arrow 5-ton motor trucks. Respectfully, CALVIN D. VAN NAME, President of the Borough.

City of New York, Board of Estimate and Apportionment, Contract Supervision, Municipal Building, March 4, 1918.

No. 125—President, Borough of Richmond—Request for Special Revenue Bonds, \$12,683 to purchase two five-ton motor trucks.

Hon. FRANCIS P. KENNEY, Chairman, Finance Committee, Board of Aldermen:

Sir—The Borough President stated in his request that the Bureau of Street Cleaning employs three motor trucks, a 5-ton gasoline, a 3½-ton electric General Vehicle and a 3½-ton electric Lansden; that the Lansden truck has been in use for nearly six years and, having outlived its usefulness, should be replaced, and that, as the three present trucks have proved inadequate, a fourth truck is necessary.

An Engineer detailed by me to examine this request reported to me that the electric trucks had failed to do the work of which they were capable, because they had been allowed to stand idle for long periods unnecessarily and that they appeared to be in good condition, except that the storage batteries were weak. The Lansden truck has the same battery which was furnished with the truck when it was delivered. The battery was guaranteed for four years of service and it is now old. Since the power used for propelling the electric trucks is obtained from the incinerators practically without cost, a proposal to discard one of the electric trucks and replace it with a gasoline propelled truck should be carefully considered.

In my report to you dated February 18, 1918, I therefore suggested that before making a decision on the request the electric trucks should be tested with new batteries, as such a test could be made without cost to the City.

It is now stated that such a test has been made during the past week. This office was not represented at the test, not having been notified of the intention of the Bureau of Street Cleaning that the test was to take place.

The Bureau of Street Cleaning reports that the Lansden truck loaded with 3 tons 645 pounds of clinkers after covering 15 miles in 2 hours 50 minutes, failed to make a hill on the route selected for the test.

I am inclined to accept the result of this test as proof that an electric truck is not well adapted for the purpose desired, that is, carting clinker to any part of Staten Island where it is desired to improve the road surface, and other long continuous hauls, especially since the Commissioner of Parks, Manhattan and Richmond, desires to obtain the Lansden electric truck. He states that his department is greatly in need of a truck and can use an electric truck to good advantage in the comparatively level territory in Manhattan Borough.

The Assistant Commissioner of Public Works of the Borough of Richmond states that the records show the production of clinker at the incinerators for the past six months to be at the rate of 32 to 34 tons per day, which is roughly seven five-ton loads per day. He states that it will be satisfactory to the Borough President if an appropriation is authorized sufficient to purchase one new five-ton gasoline truck, thus giving the Bureau of Street Cleaning the use of two 5-ton gasoline trucks with the General Vehicle electric 3½-ton tractor for use on the less hilly roads of the borough. Upon the approval of this arrangement the Borough President will turn over the Lansden electric truck to the Commissioners of the Sinking Fund, so that it can be transferred to the Department of Parks, Manhattan.

An appropriation of \$6,341.50, which is one-half the amount requested for the purchase of two trucks, will be sufficient to purchase one 5-ton gasoline truck of any make on the market, provided the purchase is made before another advance takes place in the prices of such trucks. Very truly yours,

FRANCIS P. BENT, Director.

**Report of the Committee on Finance in Favor of Filing Request of the Trustees of Bellevue and Allied Hospitals for Special Revenue Bonds, \$12,500, for the Reconstruction of a Tunnel at the Foot of East 29th Street.**

The Committee on Finance, to which was referred on February 19, 1918 (Minutes, page 430), the annexed request of the Board of Trustees of Bellevue and Allied Hospitals for Special Revenue Bonds, \$12,500, for the reconstruction of the north wall of the tunnel at the foot of East 29th Street, respectfully

#### REPORTS:

That, while the need of repairs to this tunnel is apparent, the Committee is advised that funds for same are available in Code No. 2087—"Repairs and Replacements." It, therefore, recommends the request be placed on file.

FRANCIS P. KENNEY, WILLIAM P. KENNEALLY, W. F. QUINN, MICHAEL STAPLETON, JNO. J. O'ROURKE, PETER SCHWEICKERT, EDWARD V. GILMORE, ALGERNON LEE, JOHN DIEMER, ROBERT L. MORAN, B. E. DONNELLY, JAMES I. MOLEN, Committee on Finance.

Bellevue and Allied Hospitals, Office of the Board of Trustees, 1st Avenue and 26th Street, New York, February 6, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen, City Hall, New York:

Sir—The Trustees of Bellevue and Allied Hospitals have the honor to request the Board of Aldermen to authorize an issue of special revenue bonds in the sum of \$12,500 for the reconstruction of the north wall in the tunnel at the foot of East 29th Street. The wall is badly cracked and several violations have been placed upon it by the Building Department. Bids for its repair were opened on November 8, 1917, but the lowest bid was in excess of the funds available in the tax budget appropriation and action was therefore deferred. Application for funds for this purpose was set forth in the departmental estimate for 1918 but not allowed in the budget. Temporary supports have been put up to prevent the wall from falling and must be ultimately replaced. Respectfully,

JOHN G. O'KEEFE, Secretary, Board of Trustees.

City of New York, Board of Estimate and Apportionment, Municipal Building, March 2, 1918.

No. 253—Board of Trustees, Bellevue and Allied Hospitals: Request for Special Revenue Bonds, \$12,500, for Reconstruction of the North Wall of the Tunnel at the Foot of East 29th Street.

Hon. FRANCIS P. KENNEY, Chairman, Committee on Finance, Board of Aldermen:

Sir—The wall in question was built in 1910, under the south curb of East 29th street, and forms the north wall of the vault or tunnel in front of the laundry building and power house of Bellevue Hospital, and with another wall built four feet south therefrom forms the tunnel which contains a track for the purpose of transporting dead bodies from the dock at the foot of East 29th street to the Morgue.

It was never used for this purpose, and probably never will be. Bodies are now landed at the foot of East 26th street and transported by wagon to and from the Morgue at East 29th street. This method requires handling the bodies twice against handling the same four times by the tunnel method.

In 1915 cracks and a bulging of the wall into the tunnel were noticed. Bracings were installed between the wall and the interior wall and also to the building wall further south. Some of these braces have fallen out, and the others are poorly placed. There is no apparent change in this wall since the original cracks and bulge developed. The waterproofing is evidently broken, as water collects in a low spot in the tunnel.

After being informed by the Superintendent that the tunnel would probably never be used for the purpose for which it was designed, it was suggested that the wall be not reconstructed but that buttresses be built in the tunnel to assure the safety of the wall. This change would reduce the cost from \$12,500 to about \$3,000. The change was agreed to by the Superintendent of Bellevue Hospital.

In "Code 2087—Repairs and Replacements, 1918," there is a balance of approximately \$20,000 available for repair work at Bellevue Hospital, out of which the work can be performed. Respectfully,

FRANCIS P. BENT, Director.

Which report was accepted.

**Report of the Committee on Finance in Favor of Adopting Resolution to Authorize an Issue of Special Revenue Bonds, \$12,500, for Emergency Repairs to Certain Steamers of the Department of Correction.**

The Committee on Finance, to which was referred on February 26, 1918 (Minutes, page 474), the annexed request of the Commissioner of Correction for Special Revenue Bonds, \$12,500, for emergency repairs to certain steamers, respectfully

## REPORTS:

That having examined the subject it finds these repairs to be necessary and urgent and there being no funds available according to the annexed report of the investigating bureau of the Board of Estimate and Apportionment.

It recommends the adoption of the accompanying resolution.

They, therefore, recommend that the said resolution and ordinance be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of twelve thousand five hundred dollars (\$12,500), the proceeds whereof to be used by the Commissioner of Correction for the purpose of providing for emergency repairs to certain steamers. All obligations contracted for hereunder to be incurred on or before December 31, 1918.

FRANCIS P. KENNEY, WM. P. KENNEALLY, W. F. QUINN, MICHAEL STAPLETON, JNO. J. O'ROURKE, PETER SCHWEICKERT, EDWARD V. GILMORE, ALGERNON LEE, JOHN DIEMER, ROBERT L. MORAN, B. E. DONNELLY, JAMES J. MOLEN, Committee on Finance.

Department of Correction of The City of New York, Commissioner's Office, Municipal Building, Center and Chambers Streets, New York, February 15, 1918.

ALFRED E. SMITH, Esq., President, Board of Aldermen:

Dear Sir—I hereby request the approval of your Honorable Board for the issue of special Revenue Bonds amounting to \$12,500.00 as follows:

Emergency Repairs Steamer "Correction".....	\$10,000 00
Emergency Repairs Steamer "Riker's Island".....	1,000 00
Emergency Repairs Steamer "Hart's Island".....	1,500 00
	\$12,500 00

The lowest estimate which the Department has been able to secure for the repairs to the hull of the Steamer "Correction" has been \$8,750.00. This does not include the repairs to propeller or boilers which will increase the cost for this boat to at least \$10,000.00.

The repairs to the Steamer "Riker's Island" have been placed by the very lowest estimate at \$1,000.00. This boat is sunk at the dock at Hart's Island and it is impossible to estimate the exact cost of hull repairs and boiler work which will be necessary before she can again be placed in commission. I am, however, hopeful of keeping the cost within the amount requested.

The Steamer "Hart's Island" is in immediate need of a recaulking of her entire hull and extensive boiler work in addition to other repairs. This boat has been in the service of the Department of Public Charities for two years and none but minor repairs have been made during that time. It is imperative that she be placed in immediate seaworthy condition as she is the only boat on which this Department can depend for relief in case an emergency withdraws either of the other boats from commission. The very lowest estimate at which the Department has been able to arrive for a complete overhauling of this boat is \$1,500.00.

This Department was allowed \$6,000.00 in the 1918 Budget for the repair of the above steamers. On January 14 the Steamer "Correction" accidentally struck the Steamer "Thomas M. Mulry" of the Department of Public Charities while attempting to land at the City Hospital Dock on Blackwell's Island. The damage resulting therefrom has amounted to upward of \$2,600.00 which this Department will be called on to pay as the Department of Public Charities has no allowance within its budgetary appropriations for emergency repairs in the sum mentioned. The balance of this amount (\$3,400.00) will be needed to raise the Steamer "Riker's Island" and maintain the launches of the Department and for other minor repairs throughout the year.

The weather conditions which have governed the shipping transportation in New York Harbor during the past three months have been the worst in its history and are entirely responsible for the emergency repairs which are necessary at this time. It is only by keeping the floating equipment of the Department in good repair that the functions of the institutions can be properly carried out. It is also a wise economy when it is considered that the boats in their present condition are more of a liability than an asset; being liable to founder at any time with passengers aboard.

I therefore trust your Honorable Board will take favorable action upon this request. Yours very truly,

JAMES A. HAMILTON, Commissioner.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, March 4, 1918.

No. 255—Commissioner of Correction, Request for Special Revenue Bonds, \$12,500, for Emergency Repairs to Certain Steamers.

Hon. FRANCIS P. KENNEY, Chairman, Finance Committee, Board of Aldermen: Sir—In accordance with your request of February 21, 1915, I have made an examination of this matter.

In the 1918 budget the sum of \$26,410 was allowed to the Department of Correction under "Code 2674, Contract or Open Order Service, Repairs and Replacements." Of this amount the sum of \$6,000 was included for the repairs to the steamers of that department.

On January 14, 1918, one of the boats of the Department of Correction accidentally rammed the steamer "Thomas M. Mulry" of the Department of Public Charities. The cost of these repairs, \$2,655.86, is to be defrayed by the Department of Public Charities from funds to be transferred from the \$6,000 appropriated to the Department of Correction and referred to above. The balance of the \$6,000 will be required by the department to meet emergency repairs during the balance of the year.

The \$12,500 now requested in special revenue bonds is made up as follows:

Steamer "Correction".....	\$10,000 00
Steamer "Riker's Island".....	1,000 00
Steamer "Harts Island".....	1,500 00
	\$12,500 00

## Steamer "Correction."

Owing to the unusually heavy ice encountered in the waters adjacent to the City during this winter, the copper sheathing of the Steamer "Correction" has been badly damaged, some of it having been stripped off, entirely exposing the planking to the action of the ice. This has resulted in serious damage to the planking and has caused the vessel to leak. All the blades of the starboard propeller have been broken off and new bushings will be necessary for both propeller shafts. The vessel was drydocked on February 8, 1918, to permit an examination and determination of just what repairs are necessary. Four estimates for the work on the hull were obtained, the lowest of which is for the sum of \$8,750. An estimate of \$970 for the outboard work on the propellers and shafts was also obtained.

It was necessary to return the boat to service pending the securing of permission to expend the sum required for repair. The estimate of \$10,000 for necessary repairs to this vessel is reasonable.

## Steamer "Riker's Island."

This boat was crushed by the ice and sank at the Hart's Island Dock. The vessel was submerged for about two months and has recently been floated by the Department of Correction. She will require drydocking and extensive repairs to the hull, including new planking and sheathing. The guard on the starboard side has been loosened for about thirty feet. New copper sheathing will be required. It is impossible to determine the exact amount of work necessary until the vessel is drydocked for examination. The upper works have been badly damaged by ice and by the cables used for raising the vessel. The boiler and steam pipe covering will have to be removed and renewed and the machinery overhauled. All fittings, electric wiring and furnishings will require overhauling. The cost of repairing the vessel to meet the requirements of the United States Steamboat Inspection Service, in order to receive a license to carry passengers is estimated at not less than \$5,000. This vessel was built in 1910, is 72 feet long and of 66 tons gross.

## Steamer "Hart's Island."

This boat was built in 1910, is 67 feet long and of 85 tons gross. It is now operating between City Island and Hart's Island. It is stated by the Department of Correction that she had only minor repairs for the past two years, having been loaned to the Department of Public Charities for the greater part of the time. An examination of the vessel shows that repairs are needed to the hull and planking and that the rudder is badly bent, rendering steering difficult. The heavy ice of the past winter has stripped much of the copper sheathing. Drydocking is necessary to make the proper repairs. The estimate of \$1,500 for this work is reasonable.

The amount requested for these repairs appears reasonable, and in the event that a larger amount should be necessary, the excess may, for the present, be charged to the appropriation for general repairs.

It is possible that sufficient funds will be available later for transfer from salary accruals for the purpose of this request, but they are not now available.

Very truly yours,

FRANCIS P. BENT, Director.

Which was laid over.

Report of the Committee on Codification of Ordinances—

Nos. 268 and 269.

## Report of the Committee on Codification of Ordinances in Favor of Adopting Two Ordinances to Amend the Code of Ordinances, Relating to "Streets" and Particularly to "Sidewalks."

The Committee on Codification of Ordinances, to which was referred on February 19, 1918 (Minutes, pages 445 and 446), the annexed ordinances—

No. 268—Ord. No. 24. An Ordinance to repeal an ordinance amending section

181 of article 15 of chapter 23 of the Code of Ordinances, relating to "streets."

No. 269—Ord. No. 25. An Ordinance to amend section 181 of article 15 of

chapter 23 of the Code of Ordinances, relating to "streets" and particularly to

"abutting owners' duties and responsibilities," with respect to "sidewalks."

—respectfully

## REPORTS:

Your Committee gave these subjects careful consideration. Mr. Grover Whalen representing the Mayor, Hon. Frank L. Dowling, President of the Borough of Manhattan, and the Hon. Robert L. Moran, representing the President of the Borough of The Bronx, appeared before the Committee in favor of the adoption of both ordinances. Hon. Charles H. Haubert appeared in opposition. Your Committee is of the opinion that the operation of the ordinances as at present constituted is impracticable, oppressive and unjust to property owners generally throughout the City, inasmuch as they are compelled to pay pro rata share each year for all repairs to sidewalks in the City, while their own particular sidewalk may not need repair for years. In the business sections of the City, where owners receive large rentals, repairs to sidewalks are frequently necessary due to severe usage in consequence of the requirements of business, the cost of which will have to be borne by all taxpayers to the great disadvantage of the small property owners. Speculative real estate operators, who have failed to construct proper sidewalks and who unload the repairs to defective sidewalks upon the City, will be the beneficiaries at present. It will produce great disorder and will curtail the efficiency of the various departments of the City government having to do with the work. It is estimated that the cost will be more than three million dollars annually, which will have to be met by the taxpayers at large.

Your Committee, therefore, recommends that the accompanying ordinances which will repeal the present ordinances be adopted.

No. 268.

AN ORDINANCE to repeal an ordinance amending section 181 of article 15 of chapter 23 of the Code of Ordinances, relating to "streets."

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. An ordinance to amend subdivisions 1, 2 and 3 of section 181 of article 15 of chapter 23 of the Code of Ordinances, relating to "streets," adopted July 3, 1917, and received from the Mayor July 17, 1917, is hereby repealed in its entirety.

[AN ORDINANCE to amend subdivisions 1, 2 and 3 of section 181 of article 15 of chapter 23 of the Code of Ordinances, relating to "streets."

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. Subdivisions 1, 2 and 3 of section 181 of article 15 of chapter 23 of the Code of Ordinances, relating to "streets," is hereby amended to read as follows:

§181. Abutting property owners' duties and obligations. 1. Generally. The

owner of any house or other building or vacant lot fronting on any street, shall, at his charge and expense, well and sufficiently pave, according to this ordinance, the sidewalk and set curb thereto, of the street in front of such building or lot.

2. Notice to regulate and pave sidewalks. When any street shall have been paved, and a majority of owners of any houses or other buildings or vacant lots on the same block shall have been regulated and paved their sidewalks and curbed same, the president of the borough in which the same is located shall give notice to the owner of any house or other building or vacant lot in front of which the sidewalk shall not be paved and curb set, to regulate, pave and curb the same within a certain time to be designated in the notice. Upon complaint being made to the borough president having jurisdiction thereof that any sidewalk is not paved and curbed according to this article, he may cause a notice to be served upon the owner of any house or other building or vacant lot of ground fronting thereon to pave such sidewalk and curb same, within ten days after the service of such notice.

3. Construction by city; reimbursement by assessment. In case such owner shall fail to pave such sidewalk and curb same within the time required by the notice and otherwise to comply therewith, the borough president having jurisdiction is hereby authorized and required to pave such sidewalk and set the curb, or any of such work, and to do such incidental work as may be necessary properly to construct such sidewalk and curb and to certify the expense thereof to the board of assessors. The board shall make a just and equitable assessment of such expense among the owners of all houses or other buildings or lots deemed to be benefited thereby, in proportion, as near as may be, to the advantages which they may be deemed to have acquired.

Sec. 2. This ordinance shall take effect immediately.

Note—Old matter, in [ ], to be omitted.

No. 269.

AN ORDINANCE to Amend Section 181 of Article 15 of Chapter 23 of the Code of Ordinances, Relating to "Streets" and Particularly to "Abutting Owner's Duties and Responsibilities" with Respect to "Sidewalks."

Be it Ordained by the Board of Aldermen of the City of New York as follows:

Section 1. Section 181 of Article 15 of Chapter 23 of the Code of Ordinances, relating to "Streets," and particularly to "Abutting Owners' Duties and Responsibilities" with respect to "sidewalks," by inserting therein three subdivisions, respectively 1, 2 and 3, being a restoration of said section as the same existed prior to July 17, 1917:

§181. Abutting property owners' duties and obligations.

1. Generally. The owner, lessee or occupant of any house or other building or vacant lot fronting on any street shall, at his charge and expense, well and sufficiently pave, according to this ordinance, and keep and maintain in good repair, the sidewalks, curb and gutter of the street in front of such house, building or lot.

2. Notice to regulate and pave sidewalks. When any street shall have been paved and a majority of owners of lots on the same block shall have regulated and paved their sidewalks, the president of the borough in which the same is located shall give notice to the owner, lessee or occupant of any lot in front of which the sidewalks shall not be paved, to regulate and pave the same within a certain time, to be designated in the notice. Upon complaint being made to the borough president having jurisdiction thereof that any sidewalk, curb or gutter is not paved or repaired according to this article, he may cause a notice to be served upon the owner, lessee or occupant of any house, building or vacant lot of ground fronting thereon to repair or relay, as the case may require, such sidewalk, curb or gutter, within 10 days after the service of such notice.

3. Construction by city; reimbursement by assessment. In case the owner, lessee or occupant shall fail to lay, repair or relay, as the case may require, such sidewalk, curb or gutter, within the time required by the notice and otherwise to comply therewith, the borough president having jurisdiction is hereby authorized and required to lay or relay the flagging and set or reset the curb and gutter, or any of such work, and to do such incidental work as may be necessary properly to construct or repair such sidewalk, and to certify the expense thereof to the board of assessors. The board shall make a just and equitable assessment of such expense among the owners or occupants of all houses or lots deemed to be benefited thereby, in proportion, as near as may be, to the advantages which they may be deemed to have acquired.

Sec. 2. This ordinance shall take effect immediately.

#### Report of the Committee on General Welfare in Favor of Filing an Ordinance to Amend the Code of Ordinances, Relating to "Snow and Ice."

The Committee on General Welfare, to which was referred on January 29, 1918 (Minutes, page 282), the annexed ordinance to amend section 21 of article 3 of chapter 22 of the Code of Ordinances, relating to "snow and ice," respectfully

#### REPORTS:

That your Committee favorably reports this day's Int. No. 143, which contains the same regulation in a modified form.

It, therefore, recommends the accompanying ordinance be placed on file.

AN ORDINANCE to amend subdivision 1 of section 21 of article 3 of chapter 22 of the Code of Ordinances relating to "Snow and Ice," as amended.

*Be it Ordained by the Board of Aldermen of The City of New York as follows:*

Section 1. Subdivision 1 of section 21 of article 3 of chapter 22 of the Code of Ordinances, relating to "Snow and Ice," as amended May 11, 1915, and July 16, 1915, respectively, is hereby further amended to read as follows:

Section 21. Property owners. 1. Must clear sidewalks. Every owner, lessee, tenant, occupant, or other person having charge of any building or lot of ground in the City, abutting upon any street or public place where the sidewalk is paved, shall, within four hours after the snow ceases to fall, or after the deposit of any dirt or other material upon said sidewalk, remove the snow and ice, dirt or other material from the sidewalk and gutter, the time between 9 p. m. and 7 a. m. not being included in the above period of four hours; provided, however, that such removal shall in all cases be made before the removal of snow and ice from the roadway by the [c] Commissioner of [s] Street [c] Cleaning, or by the [b] Borough [p] President of Queens or Richmond, or subject to the regulations of said [c] Commissioner of [s] Street [c] Cleaning, or of said [b] Borough [p] President of Queens or Richmond, for the removal of snow and ice, dirt and other material; except that in the boroughs of Queens and Richmond any owner, lessee, tenant or occupant, or other person who has charge of any ground abutting upon any paved street or public place, for a linear distance of 500 feet or more, shall be considered to have complied with this section, if such person shall have begun to remove the snow and ice from the sidewalk and gutter before the expiration of the said 4 hours, and shall continue and complete such removal within a reasonable time.

[Whenever] Any owner, lessee, tenant, occupant, or other person having charge of any building or lot of ground abutting upon any street or public place where the sidewalk is paved [.] who shall [fail] have failed to comply with the provisions of any ordinance of the City for the removal of snow and ice, dirt, or other material from the sidewalk and gutter in the street, on the side of the street on which such building or lot abuts, shall, upon conviction thereof be punished by a fine of not more than three (3) dollars, or by imprisonment not exceeding one day, or by both such fine and imprisonment.

Whenever any such owner, lessee, tenant, occupant, or other person cannot be found, the President of the Borough in which such building or vacant lot is located may cause such removal to be made, meeting the expense thereof from any suitable street cleaning or highway fund, and thereafter the expense of such removal as to each particular lot of ground shall be ascertained and certified by the said Borough President to the Comptroller, and the Board of Estimate and Apportionment may authorize such additional expenditures as may be required for the said removal of such snow and ice [and snow], dirt or other material, to be repaid to the fund from which the payments were made, with proceeds from the issue and sale of revenue bonds which shall be sold by the Comptroller, as provided by law.

The said Borough President shall, as soon as possible, after the work is done, certify to the Corporation Counsel the amount of the expense chargeable against each piece of property.

The Corporation Counsel is hereby directed and authorized to sue for and recover the amount of this expense, together with three (3) dollars penalty for each offense, and when so recovered the amount shall be turned over to the City Chamberlain to be deposited to the credit of the general fund of The City of New York for the reduction of taxation.

Section 2. This ordinance shall take effect immediately.

Matter in *italics* is new; matter in [ ] is to be omitted.

#### Board of Aldermen, New York City.

Gentlemen—Upon the advice of the Police Department, I am writing to you, as I desire to receive permission from you to discharge firearms within the city limits.

I am Scoutmaster of Boy Scout Troop No. 9 of Brooklyn, and I want to teach my boys how to shoot properly with a 32-calibre sporting rifle. The place in which I anticipate using the rifle is a deep sand pit near the corner of Farragut Road and East 41st Street, which is in a very depopulated section of Vanderveer Park. The pit is deep enough to prevent all danger from flying bullets. Of course, I shall be with the boys whenever they are shooting.

Trusting to be favored with the desired permit and assuring you of my appreciation of any consideration shown this request, I am, Very respectfully,

ROBERT S. HALL, Scoutmaster No. 26309.

#### Report of the Committee on General Welfare in Favor of Adopting an Ordinance to Amend the Code of Ordinances, Relating to Snow and Ice.

The Committee on General Welfare, to which was referred on January 22, 1918 (Minutes, page 152), the annexed ordinance to amend article 1 of chapter 22 of the Code of Ordinances relating to snow and ice, respectfully

#### REPORTS:

The proposed ordinance is to harmonize the provisions of subdivision 1 of section 217 of article 3 of chapter 22 of the Code of Ordinances, relating to snow and ice, with the provisions of the ordinance under consideration, so that the matter of removal of rubbish and snow in the Boroughs of Manhattan, Brooklyn and The Bronx shall be performed by the Street Cleaning Commissioner and not by the Borough Presidents of the respective boroughs. In consideration of the foregoing your Committee recommends the adoption of the accompanying ordinance.

AN ORDINANCE to amend section 1 of Article I of chapter 22 of the Code of Ordinances, relating to snow and ice.

*Be it Ordained by the Board of Aldermen of The City of New York as follows:*

Section 1. Section 1 of Article I of chapter 22 of the Code of Ordinances is hereby amended to read as follows:

Section 1. Reimbursement for removal of rubbish or snow.

§1. Reimbursement for removal of rubbish or snow. Whenever any owner, lessee, tenant, occupant, or other person, having charge of any building or lot of ground abutting upon any street or public place, where the sidewalk is paved, shall fail to comply with any of the provisions of this chapter for the removal of snow [and] or ice, dirt or other material from the sidewalk and gutter on the side of the street on which said building or lot abuts, the commissioner of street cleaning, or the borough president of Queens or Richmond, as the case may be, may cause such removal to be made, meeting such expense from any suitable street cleaning or highway fund. Thereafter, the expense of such removal as to each particular lot of ground shall be ascertained and certified by the commissioner of street cleaning, or by the president of the borough of Queens or Richmond, to the comptroller, and the board of estimate and apportionment may authorize such additional expenditures as may be required, for the removal of the snow [.] or ice, dirt or other material, to be repaid to the fund from which the payments were made, or, instead, in the borough of Queens or Richmond, to the special fund for restoring and repaving in said boroughs, if the presidents thereof so elect, with proceeds from the issue and sale of revenue bonds, which shall be sold by the comptroller as provided by law. [The commissioner of street cleaning, or borough president of Queens or Richmond, as the case may be, shall, as soon as possible after the work is done, certify to the corporation counsel the amount of expense therefor, chargeable against each piece of property, who shall sue and recover the amount of such expense from the owner of such property, together with a penalty of \$3 for each offense.]

#### Report of the Committee on General Welfare in Favor of Adopting Substitute Ordinance to Amend the Code of Ordinances, Relating to "Snow and Ice."

The Committee on General Welfare, to which was referred on January 15, 1918 (Minutes, page 112), the annexed ordinance to amend subdivision 1 of section 21 of article 3 of chapter 22 of the Code of Ordinances, relating to "snow and ice," respectfully

#### REPORTS:

Your Committee heard the introducer of the proposed ordinance and also the Hon. Frank L. Dowling, President of the Borough of Manhattan; Commissioner of Street Cleaning, Mr. A. C. MacStay; Mr. T. J. Murphy, representing the Corporation Counsel, and Dr. A. Korn, President of the Harlem Property Owners' Association, who favored the ordinance, and there were no appearances in opposition. It is the contention of those favoring the proposed ordinance that the provision relating to snow and ice, as formerly existed, should be re-enacted, because of the innumerable serious and fatal accidents that have occurred by neglect or failure of householders to remove snow as required by ordinance.

Your Committee is of the opinion that the proposed ordinance is desirable, but feeling that it should be modified, herewith presents a substitute ordinance, which it recommends for adoption.

#### SUBSTITUTE.

AN ORDINANCE to amend subdivision 1 of section 21 of article 3 of chapter 22 of the Code of Ordinances, relating to snow and ice.

*Be it Ordained by the Board of Aldermen of The City of New York as follows:*

Section 1. Subdivision 1 of section 21 of article 3 of chapter 22 of the Code of Ordinances is hereby amended to read as follows:

§21. Property owners' duties.

1. Must clear sidewalks. Every owner, lessee, tenant, occupant, or other person, having charge of any building or lot of ground in the city, abutting upon any street or public place, where the sidewalk is paved, shall, within 4 hours after the snow ceases to fall, or after the deposit of any dirt or other material upon said sidewalk, remove the snow [and] or ice, dirt or other material from the sidewalk and gutter, the time between 9 p. m. and 7 a. m. not being included in the above period of 4 hours; provided, however, that such removal shall in all cases be made before the removal of snow [and] or ice from the roadway by the commissioner of street cleaning, or

by the borough president of Queens or Richmond, or subject to the regulations of said commissioner of street cleaning or of said borough president of Queens or Richmond, for the removal of snow [and] or ice, dirt or other material; except that in the boroughs of Queens and Richmond any owner, lessee, tenant or occupant or other persons who has charge of any ground abutting upon any paved street or public place, for a linear distance of 500 feet or more, shall be considered to have complied with this section, if such person shall have begun to remove the snow [and] or ice from the sidewalk and gutter before the expiration of the said 4 hours, and shall continue and complete such removal within a reasonable time.

Whenever any owner, lessee, tenant, occupant or other person having charge of any building or lot of ground, abutting upon any street or public place where the sidewalk is paved, shall fail to comply with the provisions of any ordinance of the city for the removal of snow [and] or ice, dirt, or other material from the sidewalk and gutter in the street, on the side of the street on which such building or vacant lot abuts, the [president of the] commissioner of street cleaning or borough [in which such building or vacant lot is located] president of Queens and Richmond, as the case may be, may cause such removal to be made, meeting the expense thereof from any suitable street cleaning or highway fund, and thereafter the expense of such removal, as to each particular lot of ground, shall be ascertained and certified by the said commissioner of street cleaning or the borough president of Queens and Richmond to the comptroller, and the board of estimate and apportionment may authorize such additional expenditures as may be required, for the said removal of such snow [and] or ice, [and snow] dirt, or other material, to be repaid to the fund from which the payments were made, with proceeds from the issue and sale of revenue bonds, which shall be sold by the comptroller as provided by law.

The said commissioner of street cleaning or the borough president of Queens or Richmond, as the case may be, shall, as soon as possible after [the] such work is done, certify to the corporation counsel the amount of the expense chargeable against each piece of property. The corporation counsel is hereby directed and authorized to sue for and recover the amount of this expense, [together with \$3 penalty for each offense,] and, when so recovered, the amount shall be turned over to the city chamberlain, to be deposited to the credit of the general fund of the City of New York for the reduction of taxation.

Any person violating any provision or regulation hereof shall, upon conviction thereof by any city magistrate, be fined for such offense not less than One Dollar (\$1) and not more than Three Dollars (\$3) and in default of payment thereof may be imprisoned for a period of one day.

Note—Matter in brackets [ ] is old matter to be omitted; matter in italics is new matter.

Report of the Committee on General Welfare in Favor of Adopting Substitute Ordinance to Amend the Code of Ordinances, Relating to "Railroads" and Particularly to "Transfers."

The Committee on General Welfare, to which was referred on January 15, 1918 (Minutes, page 112), the annexed ordinance to amend section 12 of article 2 of chapter 19 of the Code of Ordinances, relating to "railroads" and particularly to "transfers," respectfully

## REPORTS:

That the Committee, after having heard the introducer of the proposed ordinance in support thereof and respective counsel for the Brooklyn Rapid Transit Company and the New York Railways Company in opposition, it finds that the ordinance now in force does not afford redress to the really aggrieved party. The Committee is of the opinion that the proposed ordinance possesses merit, but, feeling that it should be strengthened, presents herewith a substitute ordinance which will relieve the condition complained of and recommends the adoption of the said substitute.

## SUBSTITUTE.

AN ORDINANCE to amend section 12 of article 2 of chapter 19 of the Code of Ordinances, relating to "railroads" and particularly relating to "transfers."

Be it Ordained by the Board of Aldermen of the City of New York, as follows:

Section 1. Section 12 of article 2 of chapter 19 of the Code of Ordinances, relating to "railroads" and particularly relating to "transfers," is hereby amended to read as follows:

§12. Transfers. Every car owned, operated, managed or controlled by a street surface or elevated railroad company in the streets or highways of the city shall carry throughout its route on the outside, in front and on top of each and every car so operated, a signboard or placard, upon which there shall appear conspicuously the destination of the said car. Every such company shall carry for a single fare upon such car, without change therefrom, each and every passenger to any regular stopping place desired by him, upon said car's route, in the direction of the destination so

designated; and for every violation of this section [the company so offending shall be liable to a penalty in the sum of \$100;] the company so offending shall be liable to each passenger injured or aggrieved thereby to a penalty of \$100 and each passenger so injured or aggrieved may sue for the said sum in his or her own name; but this section shall not apply to a transfer made to a connecting line going in a different direction from that in which such car may be going, nor where by reason of any accident, unavoidable blockade or open drawbridge, compliance with this section is rendered impossible.

Section 2. This ordinance shall take effect immediately.

Note—Matter in italics is new; matter in brackets [ ] is to be omitted.

Report of the Committee on Public Letting in Favor of Adopting Resolution to Authorize the Commissioner of Health to Purchase Fresh Fruits and Vegetables Without Public Letting.

The Committee on Public Letting, to which was referred on February 26, 1918 (Minutes, page 474), the annexed request of the Department of Health for authority to purchase fresh fruits and vegetables required during the year 1918 without public letting, respectfully

## REPORTS:

Your Committee, upon examination of the subject, believes the proposed permission to be necessary. It has been customary to grant such permission for a number of years and it has been found advantageous both in respect to quality and cost.

It, therefore, recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioner of Health be and he is hereby authorized and empowered to purchase in the open market, without public letting, fresh fruits and vegetables for departmental uses at a cost not to exceed \$5,000.

JOHN McCANN, PETER SCHWEICKERT, GEORGE HILKEMEIER, STEPHEN F. ROBERTS, WILLIAM K. WALSH, ADOLPH HELD, EDWARD W. COX, CHARLES A. McMANUS, THOMAS M. FARLEY, JOHN J. RYAN, Committee on Public Letting.

City of New York, Department of Health, Office of the Secretary, February 20, 1918.

Hon. P. J. SCHUYLER, City Clerk, City Hall, New York City:

Dear Sir—The Department of Health recently advertised a contract for furnishing and delivering fresh fruits and vegetables to the hospitals and day camps of the Department during the year 1918 for which only one bid was received.

This bid was rejected as the prices quoted were approximately 100 per cent. higher than the prices for 1917 and it is felt that the supplies in question could be purchased more economically in the open market at current prices.

With that object in view the Board of Aldermen is hereby respectfully requested to authorize the purchase, by the Department of Health, of all fresh fruits and vegetables required during the year 1918 at an approximate cost of \$5,000 in the open market without public letting. Yours very truly,

FRANK J. MONAGHAN, Secretary.

Report of the Committee on Public Letting in Favor of Adopting Resolution to Authorize the Commissioner of Parks, Manhattan and Richmond, to Purchase Two Lawn Mowers Without Public Letting.

The Committee on Public Letting, to which was referred on March 4, 1918 (Minutes, page 514), the annexed request of the Commissioner of Parks, Boroughs of Manhattan and Richmond, for authority to purchase two lawn mowers without public letting, respectfully

## REPORTS:

That Mr. Miller, Chief Engineer of the Department of Parks, Manhattan and Richmond, advised the Committee that it was intended to purchase two additional machines the same as one now in use by the department, as it is adaptable to all purposes of the department and gives entire satisfaction, and there would be no advantage in preparing specifications and advertising.

Your Committee recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioner of Parks, Manhattan and Richmond, be and he is hereby authorized and empowered to purchase in the open market without public letting two lawn mowers for departmental uses at a cost not to exceed \$1,300 each.

City of New York, Department of Parks, Boroughs of Manhattan and Richmond, Municipal Building, 10th Floor, February 26, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen, City Hall, New York City:

Sir—Request is hereby made that, pursuant to provisions of section 419 of the Greater New York Charter, this department be authorized to purchase in the open market, without public letting, two lawn mowers at a cost not to exceed \$1,300 each.

Provision was made in the budget for 1918 for the purchase of these lawn mowers at a cost not to exceed \$1,350 each.

Consent is requested to this purchase in the open market, without public letting, so that the selection may be made of mowers adapted to park purposes, and further so that time may be saved, which is very essential in view of the necessity for the equipment by the proper season. Very truly yours,

WM. F. GRELL, Commissioner of Parks.

Report of the Committee on Public Letting in Favor of Adopting Resolution to Authorize the Police Commissioner to Purchase an Automobile Without Public Letting.

The Committee on Public Letting, to which was referred on March 4, 1918 (Minutes, page 525), the annexed resolution to authorize the Police Commissioner to purchase an automobile without public letting, respectfully

## REPORTS:

That having examined the subject it believes the permission should be granted, as it is the consensus of opinion of the Committee that no advantage is to be had in preparing specifications and advertising for bids in the matter of the purchase of automobiles.

It, therefore, recommends the adoption of the accompanying resolution.  
Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Police Commissioner be and he is hereby authorized and empowered to purchase, in the open market without public letting, an automobile for department uses at a cost not to exceed four thousand five hundred dollars (\$4,500).

**Report of the Committee on Salaries and Offices in Favor of Adopting Resolution to Establish the Grades of Positions of Bookkeeper and Clerk in the Department of Public Markets.**

The Committee on Salaries and Offices, to which was referred on February 19, 1918 (Minutes, page 437), the annexed resolution to establish the grades of positions of Bookkeeper and Clerk in the Department of Public Markets, respectfully

REPORTS:

That these positions are provided for in the budget for 1918 at \$1,320 per annum. It is proposed to fill them by transfers from other departments at a rate of \$1,140, which rate has not been established, pursuant to section 56 of the Charter.

Your Committee, believing the positions necessary for the proper performance of the work of the department, recommends the adoption of said resolution.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held February 15, 1918:

Resolved, That the Board of Estimate and Apportionment, pursuant to section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Department of Public Markets of the grades of positions, in addition to those heretofore established, as follows:

Title.	Rate per Annum.	Number of Incumbents.
Bookkeeper .....	\$1,140 00	One
Clerk .....	1,140 00	One

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salaries of said positions as set forth therein.

The Committee on Salaries and Offices, to which was referred on February 19, 1918 (Minutes, page 431), the annexed resolution to establish the grades of positions of Tinsmith and Sheet Metal Worker in City departments, respectfully

REPORTS:

That the purpose of this resolution is to provide for the prevailing rates of wages for these grades of work.

It, therefore, recommends the adoption of said resolution.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held February 15, 1918:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in City departments of the grades of positions, in addition to those heretofore established, as follows:

Title	Rate Per Diem
Tinsmith .....	\$5 60
Sheet Metal Worker .....	5 60

—said rates to be effective as of January 1, 1918.

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the compensation of said positions as set forth therein.

The Committee on Salaries and Offices, to which was referred on February 19, 1918 (Minutes, page 439), the annexed resolution to establish two grades of positions of Assistant Court Clerk in the Children's Court, respectfully

REPORTS:

That the incumbents of the positions involved are classified as Court Attendants, but are performing the duties of Assistant Court Clerks. The Municipal Civil Service rules require employees to be assigned to duties covered by their titles. The purpose of this resolution is to comply with such regulations.

Your Committee recommends the adoption of the said resolution.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held February 15, 1918:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Children's Court of the grades of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Assistant Court Clerk.....	\$1,800 00	One
Assistant Court Clerk.....	1,500 00	Three

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salaries of said positions as set forth therein.

The Committee on Salaries and Offices, to which was referred on February 26, 1918 (Minutes, page 480), the annexed resolution to establish various grades of positions in the office of the Municipal Civil Service Commission, respectfully

REPORTS:

The President of the Municipal Civil Service Commission has requested a modification of salaries schedules of the Commission for 1918. Before such action can be taken certain grades will have to be established, pursuant to section 56 of the Charter. The accompanying resolution provides for such new grades, so as to enable the Commissioner to perfect its reorganization.

Your Committee recommends the adoption of said resolution.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held February 21, 1918:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Municipal Civil Service Commission of the grades of positions, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Clerk .....	\$1,740 00	One
Clerk .....	960 00	Three

**Report of the Committee on Salaries and Offices in Favor of Adopting Resolution to Establish the Grade of Position of Foreman Riveter, Office of the President, Borough of Manhattan.**

The Committee on Salaries and Offices, to which was referred on March 4, 1918 (Minutes, page —), the annexed resolution to establish the grade of position of Foreman Riveter, office of the President of the Borough of Manhattan, respectfully

REPORTS:

That, having examined the subject, it believes the proposed grade to be necessary. This is a slight increase for one incumbent who is a foreman. It is customary in all establishments to distinguish the foreman from other employees by an advance in salary.

Your Committee recommends the adoption of the said resolution.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held March 1, 1918:.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the office of the President of the Borough of Manhattan of the grade of position, in addition to those heretofore established, as follows:

Position.	Rate Per Diem.	Number of Incumbents.
Foreman Riveter .....	\$6 50	One

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the compensation of said position as set forth therein.

**Report of the Committee on Salaries and Offices in Favor of Adopting Resolution to Establish the Grade of Position of Stenographer and Typewriter, Office of the President, Borough of Brooklyn.**

The Committee on Salaries and Offices, to which was referred on March 4, 1918 (Minutes, page —), the annexed resolution to establish the grade of position of Stenographer and Typewriter, office of the President of the Borough of Brooklyn, respectfully

REPORTS:

That, having examined the subject, it believes the proposed grades necessary. It, therefore, recommends the adoption of the accompanying resolution.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held March 1, 1918:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of the grade of position in the office of the President of the Borough of Brooklyn, in addition to those heretofore established, to be effective as of February 15, 1918, as follows:

Position.	Rate Per Annum.	Number of Incumbents.
Stenographer and Typewriter .....	\$1,740 00	One

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salary of said position as set forth therein.

**Report of the Committee on Salaries and Offices in Favor of Adopting Resolution to Abolish the Grade of Position of Superintendent of Public Baths and Comfort Stations, Office of the President, Borough of Brooklyn.**

The Committee on Salaries and Offices, to which was referred on March 4, 1918 (Minutes, page —), the annexed resolution to abolish the grade of position of Superintendent, Public Baths and Comfort Stations, office of President of the Borough of Brooklyn, respectfully

REPORTS:

That your Committee has been informed that this position is absolutely unnecessary, as the Superintendent of Public Buildings and Offices is fully capable of taking charge of this work.

It, therefore, recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held March 1, 1918:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen that the following grade of position heretofore established in the office of the President, Borough of Brooklyn, be *abolished* as of March 16, 1918:

Position.	Rate Per Annum.	Number of Incumbents.
Superintendent, Public Baths and Comfort Stations .....	\$1,800	One

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution.

**Report of the Committee on Salaries and Offices in Favor of Adopting Resolution to Establish the Grade of Position of Stenographer and Typewriter in the Department of Street Cleaning.**

The Committee on Salaries and Offices, to which was referred on March 4, 1918 (Minutes, page ), the annexed resolution to establish the grade of position of Stenographer and Typewriter in the Department of Street Cleaning, respectfully

REPORTS:  
That, having examined the subject, it believes the proposed grade necessary to provide increases of \$120 per annum each for four incumbents by abolishing a vacant position of Typewriting Copyist, at \$600 per annum. It, therefore, recommends that the accompanying resolution be adopted. Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held March 1, 1918:  
Resolved, That the Board of Estimate and Apportionment, pursuant to section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Department of Street Cleaning of the grade of position, in addition to those heretofore established, as follows:

**Report of the Committee on Public Letting in Favor of Adopting Resolution to Authorize the Commissioner of Parks, The Bronx, to Purchase Parts for Repairs to Lawn Mowers Without Public Letting.**

The Committee on Public Letting, to which was referred on February 5, 1918 (Minutes, page 335), the annexed request of the Commissioner of Parks, Borough of The Bronx, for authority to purchase parts for repairs to lawn mowers, without public letting, respectfully

REPORTS:  
That Commissioner Hennessy appeared before the Committee and stated that these are parts for machines now in use by the Department and that both time and money would be saved by purchasing in the open market, as it is impossible to know in advance what parts will be needed. Your Committee believes the request reasonable and recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioner of Parks for the Borough of The Bronx be and he is hereby authorized and empowered to purchase in the open market, without public letting, the several parts required to make the necessary repairs to lawn mowers (auto, horse and hand) during the year 1918 at a cost not to exceed fifteen hundred and forty-seven dollars (\$1,547).

JOHN F. McCOURT, WILLIAM K. WALSH, THOMAS M. FARLEY, ADOLPH HELD, EDWARD W. COX, CHARLES A. McMANUS, GEORGE HILKEMEIER, STEPHEN F. ROBERTS, CHARLES J. MOORE, AUGUST FERRAND, JOHN J. RYAN, Committee on Public Letting.

The City of New York, Department of Parks, Office of Commissioner for the Borough of The Bronx, Zbrowski Mansion, Claremont Park, New York, February 1, 1918.

Honorable ALFRED E. SMITH, President, Board of Aldermen, City Hall, New York City.

Sir—In pursuance of the provisions of section 419 of the Greater New York Charter, application is hereby made for the adoption of a resolution authorizing and empowering the Commissioner of Parks for the Borough of The Bronx, to purchase in the open market, the several parts required to make the necessary repairs to its auto lawn, horse and hand lawn mowers during the year 1918 at a cost not to exceed fifteen hundred and forty-seven dollars (\$1,547).

In the budget for 1918 there was allowed in:  
Code 1231, Other Materials—  
Parts for auto lawn mowers ..... \$525 00  
Parts for horse and hand mowers ..... 1,022 00

Total ..... \$1,547 00

In 1916 a contract was advertised for the repairing of the lawn mowers under the jurisdiction of this department, but no bids were received.

During the past year a resolution was adopted by the former Board of Estimate, permitting this department to purchase in the open market such materials as were required at a cost not to exceed \$1,547.

This was found to be satisfactory, the prices being reasonable, and the department's mechanic able to make the repairs.

It is impossible to make a contract for the purchase of the parts, inasmuch as the various parts to be replaced are not known in advance.

This department has the following lawn mowers: 6 auto lawn mowers, 58 horse lawn mowers, 136 hand lawn mowers, 18 putting green mowers.

Since the repairing of these mowers should commence at once, the early action of your Honorable Board is earnestly requested. Very truly yours,

JOSEPH P. HENNESSY, Commissioner of Parks, Borough of The Bronx.

The Vice-Chairman put the question whether the Board would agree with said report and adopt such resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Atwell, Bassett, Bell, Bostwick, Buckley, Burden, Burke, Cassidy, Collins, Colne, Cox, Diemer, Donnelly, Dunn, Falconer, Farley, Ferguson, Ferrand, Fowler, Friedman, Fullum, Gaynor, Gilmore, Hatch, Haubert, Held, Hilkemeier, Hogan, Kenneally, Kenney, Lee, McCann, McCourt, McGarry, McManus, McNulty, Martin, Molen, Moore, Mullen, O'Brien, O'Rourke, Palitz, Post, Roberts, Ryan, Schmitz, Schweickert, Smith, Stapleton, Sullivan, Vladeck, Walsh, Williams, Wirth, Wise, Wolff, Zettler; the Vice-Chairman—59.

**Report of the Committee on Public Letting in Favor of Adopting Resolution to Authorize the Board of Trustees of Bellevue and Allied Hospitals to Purchase an Automobile Without Public Letting.**

The Committee on Public Letting, to which was referred on February 5, 1918 (Minutes, page 336), the annexed request of the Board of Trustees of Bellevue and Allied Hospitals for authority to purchase an automobile without public letting, respectfully

REPORTS:  
That, having examined the subject, your Committee believes the request reasonable. It is a general opinion that satisfactory results in purchasing automobiles cannot be had by preparing specifications, as it is impossible in so doing not to favor some patented article.

It, therefore, recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Board of Trustees of Bellevue and Allied Hospitals be and hereby is authorized and empowered to purchase, in the open market, without public letting, an automobile for the use of the officials of the department, at a cost not to exceed thirteen hundred dollars (\$1,300).

JOHN F. McCOURT, WILLIAM K. WALSH, THOMAS M. FARLEY, ADOLPH HELD, EDWARD W. COX, CHARLES A. McMANUS, GEORGE HILKEMEIER, STEPHEN F. ROBERTS, CHARLES J. MOORE, AUGUST FERRAND, JOHN J. RYAN, Committee on Public Letting.

Bellevue and Allied Hospitals, Office of the Board of Trustees, 1st Avenue and 26th Street, New York, January 30, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen, City Hall, New York:

Sir—The Trustees of Bellevue and Allied Hospitals have the honor to request the Board of Aldermen for permission to buy in the open market, without public letting, an automobile for the use of the officials of the department. Funds were provided in the budget for 1918 to the extent of \$1,300 for this purpose. This request is made, as it will be difficult, if not impossible, to obtain an acceptable car by advertising for bids. Respectfully,

JNO. G. O'KEEFE, Secretary, Board of Trustees.

The Vice-Chairman put the question whether the Board would agree with said report and adopt such resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Atwell, Bassett, Bell, Bostwick, Buckley, Burden, Burke, Cassidy, Collins, Colne, Cox, Diemer, Donnelly, Dunn, Falconer, Farley, Ferguson, Ferrand, Fowler, Friedman, Fullum, Gaynor, Gilmore, Hatch, Haubert, Held, Hilkemeier, Hogan, Kenneally, Kenney, Lee, McCann, McCourt, McGarry, McManus, McNulty, Martin, Molen, Moore, Mullen, O'Brien, O'Rourke, Palitz, Post, Roberts, Ryan, Schmitz, Schweickert, Smith, Stapleton, Sullivan, Vladeck, Walsh, Williams, Wirth, Wise, Wolff, Zettler; the Vice-Chairman—59.

**Report of the Committee on Public Letting in Favor of Adopting Resolution to Authorize the Board of Trustees of Bellevue and Allied Hospitals to Purchase a Dishwashing Machine Without Public Letting.**

The Committee on Public Letting, to which was referred on February 5, 1918 (Minutes, page 342), the annexed request of the Board of Trustees of Bellevue and Allied Hospitals to purchase a dishwashing machine without public letting, respectfully REPORTS:

Your Committee is advised by Dr. O'Hanlon of Bellevue and Allied Hospitals that this a patented article and there would be no advantage in advertising for bids. It, therefore, recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Board of Trustees of Bellevue and Allied Hospitals be and hereby is authorized and empowered to purchase, in the open market without public letting, a dishwashing machine at cost not to exceed sixteen hundred and fifty dollars (\$1,650).

JOHN F. McCOURT, WILLIAM K. WALSH, THOMAS M. FARLEY, ADOLPH HELD, EDWARD W. COX, CHARLES A. McMANUS, GEORGE HILKEMEIER, STEPHEN F. ROBERTS, CHARLES J. MOORE, AUGUST FERRAND, JOHN J. RYAN, Committee on Public Letting.

Bellevue and Allied Hospitals, Office of the Board of Trustees, 1st Avenue and 26th Street, New York, February 1, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen, City Hall, New York:

Sir—The Trustees of Bellevue and Allied Hospitals have the honor to request the Board of Aldermen to authorize the purchase in the open market, without public letting, of a dishwashing machine at an estimated cost of \$1,600, for which funds were provided in the Budget for 1918. This request is made as it would be difficult, if not impossible, to obtain an acceptable dishwashing machine by advertising for bids, the one desired by the department being patented. Respectfully,

JNO. G. O'KEEFE, Secretary, Board of Trustees.

The Vice-Chairman put the question whether the Board would agree with said report and adopt such resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Atwell, Bassett, Bell, Bostwick, Buckley, Burden, Burke, Cassidy, Collins, Colne, Cox, Diemer, Donnelly, Dunn, Falconer, Farley, Ferguson, Ferrand, Fowler, Friedman, Fullum, Gaynor, Gilmore, Hatch, Haubert, Held, Hilkemeier, Hogan, Kenneally, Kenney, Lee, McCann, McCourt, McGarry, McManus, McNulty, Martin, Molen, Moore, Mullen, O'Brien, O'Rourke, Palitz, Post, Roberts, Ryan, Schmitz, Schweickert, Smith, Stapleton, Sullivan, Vladeck, Walsh, Williams, Wirth, Wise, Wolff, Zettler; the Vice-Chairman—59.

**Report of the Committee on Public Letting in Favor of Adopting Resolution to Authorize the Board of Trustees of Bellevue and Allied Hospitals to Contract for Furnishing and Installing a Sump Pump at Harlem Hospital Without Public Letting.**

The Committee on Public Letting, to which was referred on February 13, 1918 (Minutes, page 391), the annexed request of the Board of Trustees of Bellevue and Allied Hospitals, to contract for furnishing and installing a sump pump at Harlem Hospital, without public letting, respectfully

**REPORTS:**

Your Committee is advised by Dr. O'Hanlon, of Bellevue and Allied Hospitals, that this is a patented article and there would be no advantage in advertising for bids. It therefore recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Board of Trustees of Bellevue and Allied Hospitals be and hereby is authorized and empowered to enter into a contract, without public letting, for furnishing and installing a sump pump at Harlem Hospital, at a cost not to exceed one thousand one hundred and twenty-five dollars (\$1,125).

JOHN F. McCOURT, WILLIAM K. WALSH, THOMAS M. FARLEY, ADOLPH HELD, EDWARD W. COX, CHARLES A. McMANUS, GEORGE HILKEMEIER, STEPHEN F. ROBERTS, CHARLES J. MOORE, AUGUST FERRAND, JOHN J. RYAN, Committee on Public Letting.

Bellevue and Allied Hospitals, Office of the Board of Trustees, 1st Avenue and 26th Street, New York, February 6, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen, City Hall, New York:

Sir—The Trustees of Bellevue and Allied Hospitals have the honor to request the Board of Aldermen for permission to enter into a contract in the open market, without public letting, for furnishing and installing a sump pump at Harlem Hospital. The Board of Estimate and Apportionment under date of July 23, 1917, approved the plans, specifications and estimate of cost in the sum of \$375 for this work to be charged against corporate stock fund C. B. H. 13H. Estimates were received and considered by the Trustees at their meeting on February 6. As the lowest bid was in the sum of \$1,125 action was deferred pending a re-estimate of the cost by the Board of Estimate and Apportionment and the permission of your Board to enter into the contract. This request is made as the style of pump desired is patented and is the same type as one now at the hospital. Respectfully,

JOHN G. O'KEEFE, Secretary, Board of Trustees.

The Vice-Chairman put the question whether the Board would agree with said report and adopt such resolution.

Which was decided in the affirmative by the following vote:

**Report of the Committee on Public Letting in Favor of Adopting Resolution to Authorize the Curator of the College of the City of New York to Purchase Coal Without Public Letting.**

The Committee on Public Letting, to which was referred on February 13, 1918 (Minutes, page 394), the annexed request of the Curator of the College of the City of New York for authority to purchase coal without public letting, respectfully

**REPORTS:**

Your Committee believes the request reasonable in consequence of the condition of the market.

It, therefore, recommends the adoption of the accompanying resolution.

Resolved, That, pursuant to section 419 of the Greater New York Charter, as amended, the Board of Trustees of the College of the City of New York be and they hereby are authorized and empowered to purchase fuel in the open market without public letting in an amount not to exceed \$20,000.

JOHN F. McCOURT, WILLIAM K. WALSH, THOMAS M. FARLEY, ADOLPH HELD, EDWARD W. COX, CHARLES A. McMANUS, GEORGE HILKEMEIER, STEPHEN F. ROBERTS, CHARLES J. MOORE, AUGUST FERRAND, JOHN J. RYAN, Committee on Public Letting.

The College of the City of New York, Office of the Curator, St. Nicholas Terrace and 139th Street, February 11, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen, City Hall, New York City:

Dear Mr. President—I enclose herewith a form of resolution for consideration by the Board of Aldermen authorizing the City College to purchase coal in the open market. Very truly yours,

R. V. DAVIS, Curator.

The Vice-Chairman put the question whether the Board would agree with said report and adopt such resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Atwell, Bassett, Bell, Bostwick, Buckley, Burden, Burke, Cassidy, Collins, Colne, Cox, Diemer, Donnelly, Dunn, Falconer, Farley, Ferguson, Ferrand, Fowler, Friedman, Fullum, Gaynor, Gilmore, Hatch, Haubert, Held, Hilkemeier, Hogan, Kenneally, Kenney, Lee, McCann, McCourt, McGarry, McManus, McNulty, Martin, Molen, Moore, Mullen, O'Brien, O'Rourke, Palitz, Post, Roberts, Ryan, Schmitz, Schweickert, Smith, Stapleton, Sullivan, Vladeck, Walsh, Williams, Wirth, Wise, Wolff, Zettler; the Vice-Chairman—59.

At this point Alderman Wolff was excused from further attendance at the meeting.

### Claims for Damages Under the Charter.

During the quarter, under section 951 of the Charter, 183 claims, in 29 proceedings, were filed. The Board made and transmitted 13 awards in 7 proceedings, the awards, with interest, aggregating \$3,679.73, which amount was added to the cost of the work and apportioned among the several assessment lists affected. Twelve claims were disallowed and dismissed. In addition, in connection with claims filed under chapter 516 of the Laws of 1916, amending section 951 of the Charter, the Board dismissed 24 claims and made 112 awards, aggregating \$20,062.50.

WILLIAM C. ORMOND, JACOB J. LESSER, ST. GEORGE B. TUCKER, Board of Assessors.

## COMMISSIONER OF ACCOUNTS.

Hon. JOHN F. HYLAN, Mayor:

Sir—In conformity with the requirements of section 119, chapter 466, laws of 1901, Greater New York Charter, I transmit herewith the

### RESULTS OF AN EXAMINATION OF THE RECEIPTS AND DISBURSEMENTS OF THE OFFICE OF THE CHAMBERLAIN FOR THE THIRD QUARTER OF 1917.

I find that the balances in the city treasury, sinking funds and miscellaneous accounts on September 30, 1917, aggregated \$31,793,189.02, which agrees with the aggregate of the balances as shown by the Chamberlain's accounts and summaries accompanying this report. (See Exhibits "A," "B" and "C.")

The said balances were verified by the inspection of the certificates of the officers of the several depository banks of concurrent date. A schedule of the depositories showing balances on September 30, 1917, at close of business, is appended under Exhibit "D."

An abstract of stock, bonds and notes issued and cancelled during the quarter ended September 30, 1917, is submitted under Exhibit "E."

I am submitting with the report, tables "A" to "QQ" (see Schedule No. 1), which contain the detailed and classified information contemplated in section 119 of the charter. Respectfully submitted,

DAVID HIRSHFIELD, Commissioner of Accounts.

Sealed bids (blank forms of which may be obtained upon application), will be received by the Comptroller at the office of the Collector of City Revenue, Room 368, Municipal Building, Borough of Manhattan, until 11 a. m. on the 25th day of March, 1918, and then publicly opened for the sale for removal of the above described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids, and that a deposit of \$500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to the City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of the City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be enclosed in properly sealed envelopes, marked "Proposals to be opened March 25, 1918," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room 368, Municipal Building, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

**THE BUILDINGS WILL BE SOLD FOR IMMEDIATE REMOVAL ONLY. SUBJECT TO THE TERMS AND CONDITIONS PRINTED ON THE LAST PAGE OF THIS ISSUE OF THE "CITY RECORD."**

#### PUBLIC IMPROVEMENT MATTERS.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment, at its meeting held on March 1, 1918 (Cal. No. 160), adopted the following resolutions:

Whereas, the Board of Estimate and Apportionment is considering the advisability of requesting the Corporation Counsel to apply to the Supreme Court for the amendment of the proceeding authorized by the Board on December 8, 1916, for acquiring title to an easement for sewer purposes in a parcel of land 10 feet wide, located within the lines of 72nd Avenue and extending from the head of the Vleish road to a point about 1,710 feet westerly therefrom, as amended by the resolution of the Board June 29, 1917, by including in the proceeding to acquire title the acquisition of temporary easements in two parcels of land each 10 feet wide adjoining and bordering on each side the parcel being acquired under the authorization of December 8, 1916, and as further amended by resolution of the Board September 21, 1917, providing that the temporary easements should be for a period of 138 days, beginning on the date of the entry of the court order ratifying the resolution of the Board of September 21, 1917, amending the proceeding; and

Whereas, the resolution adopted on September 21, 1917, was ratified by an order of the Supreme Court entered in the office of the Clerk of the County of Queens on November 20, 1917, on which date, pursuant to the provisions of said resolution, the title to said temporary easements vested in The City of New York; and

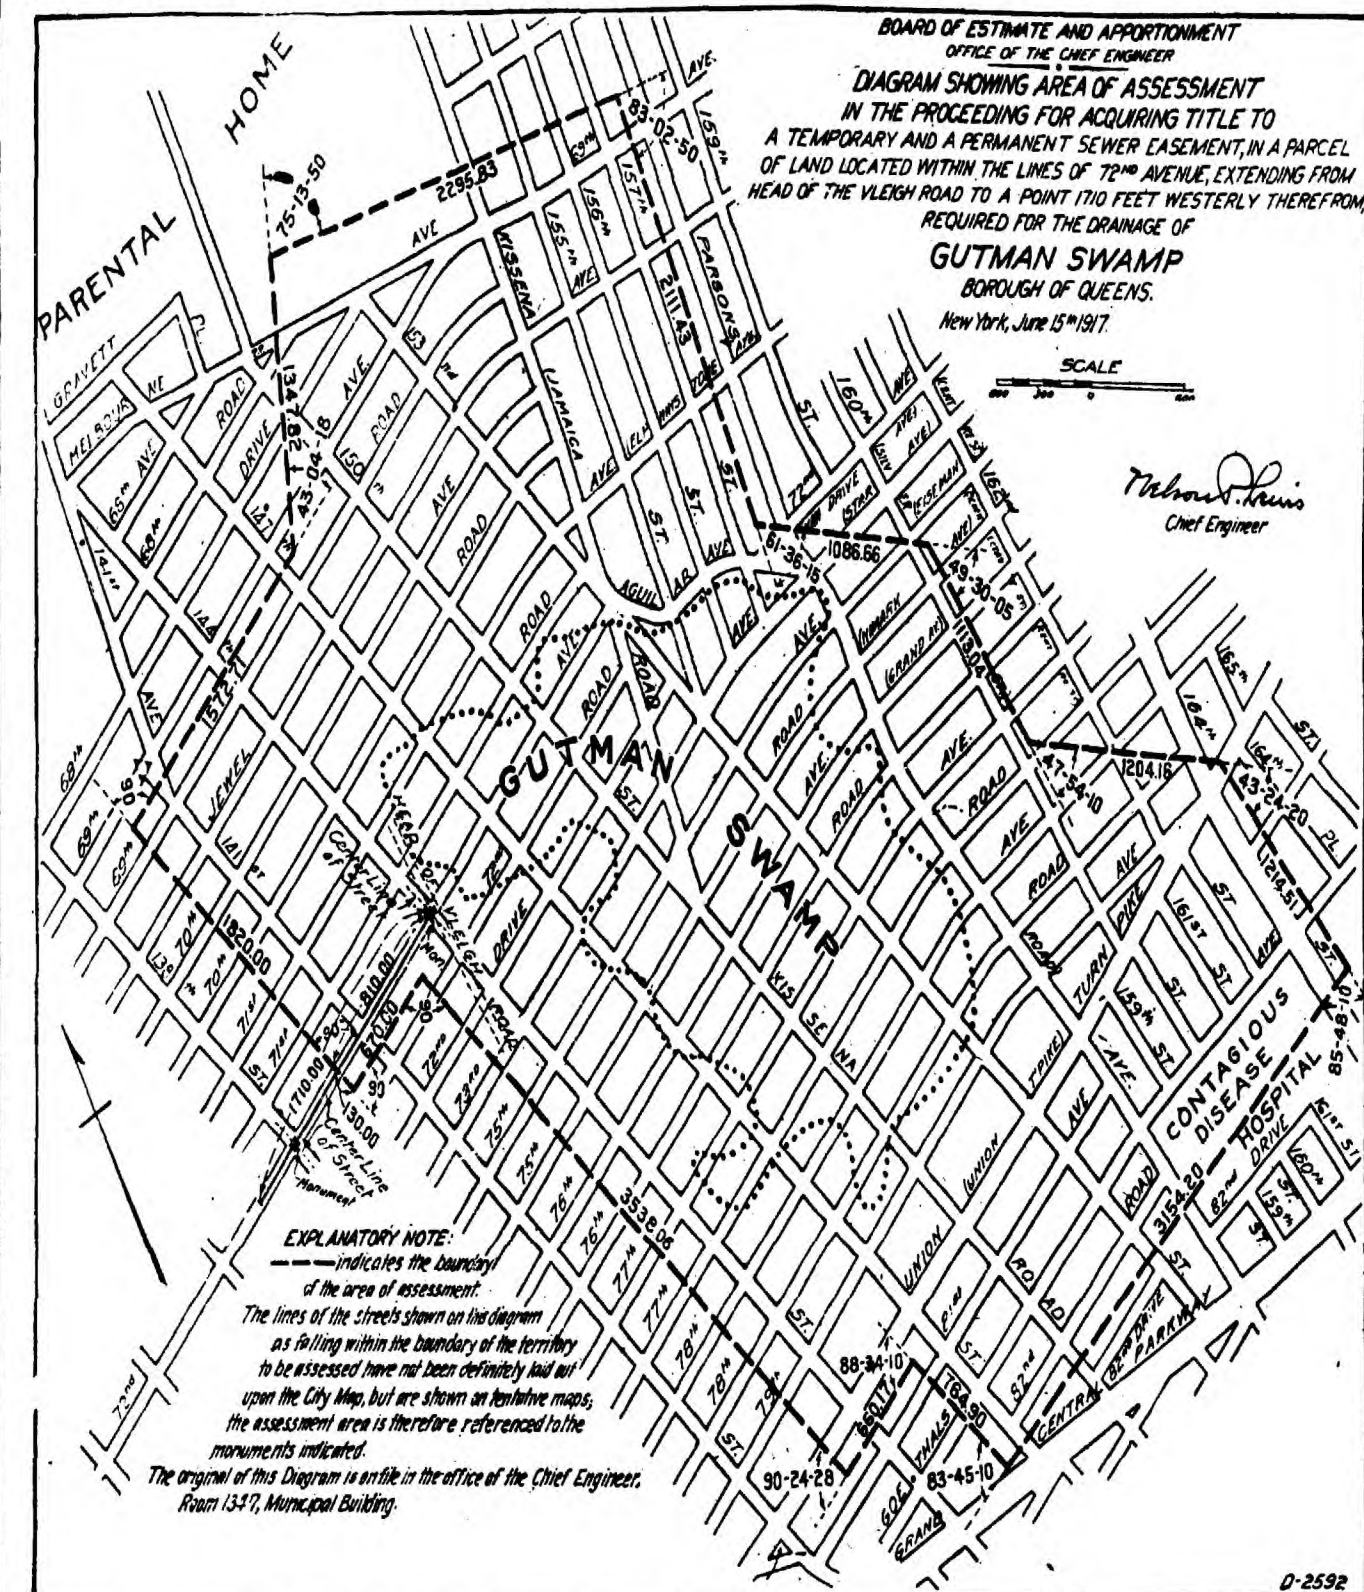

Whereas, the period of 138 days from the date of the entry of said order, to wit: November

20, 1917, is not a sufficient period in which to complete the work necessary for the construction of said sewer.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions

of the Greater New York Charter, as amended, hereby gives notice of its intention to amend the above entitled proceeding by extending the temporary easements in the additional 10-foot strips bordering on the 10-foot strip in which the sewer

easement is being acquired to July 1st, 1918, and hereby gives notice that the proposed amended area of assessment for benefit in this proposed amended proceeding is as shown on the following diagram:

Resolved, That this Board consider the proposed amendment of the proceeding at a meeting of the Board to be held in Room 16, City Hall, Borough of Manhattan, City of New York, on Friday, the 15th day of March, 1918, at 10.30 a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in The City Record for ten days continuously, exclusive of Sundays and legal holidays, prior to Friday, the 15th day of March, 1918.

Dated, New York, March 4, 1918.

JOSEPH HAAG, Secretary, Board of Estimate and Apportionment, Municipal Building. Telephone, 4560 Worth. m4,14

## SUPREME COURT—FIRST DEPARTMENT.

### Application to Court to Condemn Property.

In the Matter of the Application of The City of New York, relative to acquiring title, whenever the same has not been heretofore acquired for the same purpose in fee, to the real property required for the opening and extending of HENWOOD PLACE, from Morris avenue to Walton avenue, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT AN application will be made to the Supreme Court of the State of New York, First Judicial District, at a Special Term of said Court, held in and for the County of Bronx, at the County Court House in the Borough of The Bronx, in The City of New York, on the 20th day of March, 1918, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, to have the compensation which should justly be made to the respective owners of the real property proposed to be acquired for such

improvement ascertained and determined by the Supreme Court without a jury, and to have the cost of such improvement assessed by the said Court, as hereinafter set forth, in accordance with the resolution of the Board of Estimate and Apportionment.

The nature and extent of the improvement hereby intended is the acquisition of title in fee by The City of New York, for the use of the public to the real property required for the opening and extending of Henwood place, from Morris avenue to Walton avenue, in the Twenty-fourth Ward, Borough of The Bronx, City of New York. The real property, title to which is proposed to be acquired, is more particularly bounded and described as follows, to wit:

Beginning at a point in the eastern line of Walton avenue distant 180.733 feet northerly from the intersection of said line and the northern line of East 17th street; thence northerly along said eastern line of Walton avenue 51.49 feet; thence easterly, deflecting 76° 10' 44" to the right 330.951 feet to the western line of Morris avenue; thence southerly along said western line of Morris avenue 50.0 feet; thence westerly 343.252 feet to the point of beginning.

Henwood place is shown on "Map showing the location, laying out and the grades of a street formerly known as North street, between Walton avenue and Morris avenue, Amendment to Section 14," which map was filed in the office of the President of the Borough of The Bronx on April 30, 1913, in the office of the Register of the County of New York on April 30, 1913, as Map No. 1736, and in the office of the Corporation Counsel of The City of New York on April 30, 1913, in pigeonhole 86.

Land required for Henwood place is located in Block 2826 of Section 11 of the Land Map of The City of New York.

The Board of Estimate and Apportionment, by a resolution adopted on the 21st day of September, 1917, determined that the whole cost and expense of this proceeding shall be assessed upon the property deemed to be benefited thereby, and that the area of assessment for benefit in this proceeding be fixed and determined to be as follows:

Bounded on the north by a line distant 100 feet northerly from and parallel with the northerly line of Henwood place, the said distance being measured at right angles to Henwood place, and by the prolongation of the said line; on the east by the westerly lines of the Grand Boulevard and Concourse and of Morris avenue; on the south by a line distant 100 feet southerly from and parallel with the southerly line of Henwood place, the said distance being measured at right angles to Henwood place, and by the prolongation of the said line; and on the west by a line midway between Walton avenue and Townsend avenue.

Dated, New York, March 8, 1918.

#### NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, or rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of buildings, sheds, walks, structures and cellars of whatever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations, and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from the demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture

of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the date of possession, and the successful bidder will provide and furnish all materials or labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions shall in any case be relocated or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be relocated or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a resale at public or private sale may be made in the same manner as if no prior sale thereof had been made.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and be it further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

#### NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS ON WORK TO BE DONE FOR, OR SUPPLIES TO BE FURNISHED TO THE CITY OF NEW YORK.

The person or persons making a bid for any service, work, material or supplies for The City of New York, or for any of its departments, bureaus or officers, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the bids will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid shall contain the name and place of residence of the person making the same, and the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making a bid for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer or employee of The City of New York is, shall be, or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid must be verified by the oath, in writing, or the party or parties making the bid, that the several matters stated therein are in all respects true.

No bid will be considered unless as a condition precedent to the reception or consideration of such bid it be accompanied by a certified check upon one of the State or National banks or trust companies of The City of New York, or a check of such bank or trust company signed by a duly authorized officer thereof, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

All bids for supplies must be submitted in duplicate.

The certified check or money should not be inclosed in the envelope containing the bid, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid.

For particulars as to the quantity or quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter as surety or otherwise, upon any obligation of the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids in addition to inserting the same in figures.

Bidders are requested to make their bids upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application thereto at the office of the Department for which the work is to be done or the supplies are to be furnished. Plans and drawings of construction work may be seen there.
