## BOARD OF ARMORY COMMISSIONERS.

Mayor's Office, City Hall, New York, July 27, 1891.

A meeting of the Armory Board was held this day, at 11 o'clock A. M., at the office of his

A meeting of the Armory Board was held this day, at 11 o'clock A. M., at the office of his Honor the Mayor.

Present—The Mayor, the President of the Department of Taxes and Assessments, the Commissioner of Public Works and Brigadier-General Fitzgerald.

The minutes of the meetings of June 8 and of June 30 were read and approved.

A communication was received from Colonel Camp, of the Twenty-second Regiment, making additional requisition for armory fixtures, which was read and after revision by General Fitzgerald was referred to the Secretary with instructions to include the same in the contract and specifications now being prepared for advertisement, as follows: Attachments for moving ventilators on roof from drill floor; bench for Armorer's room; bench for Engineer's room.

General Fitzgerald moved that the requisition of the Twenty-second Regiment for kitchen

General Fitzgerald moved that the requisition of the Twenty-second Regiment for kitchen utensils be amended, and that the same utensils be furnished in connection with the kitchen range for this regiment as were furnished for the Twelfth Regiment Armory.

Which was adopted by the following vote:

Ayes—The Mayor, the President of the Department of Taxes and Assessments, the Commissioner of Public Works and Brigadier-General Fitzgerald.

A communication was received from John P. Leo, Architect, in relation to the balcony proposed to be executed in the Twenty-second Regiment Armory.

to be erected in the Twenty-second Regiment Armory.
Ordered on file.

A bill was presented by Patrick K. Lantry for balance due on his contract, and for extra work on the Twenty-second Regiment Armory, to the amount of four thousand and twenty-six dollars and thirty-five cents (\$4,026.35), which was referred to the President of the Department of Taxes and Assessments for examination and report.

J. R. Thomas, Architect, appeared and presented detailed working plans for Seventy-first Regiment Armory, which were referred to the Clerk of Works to examine and report upon.

The Commissioner of Public Works moved that the Architect be instructed to prepare specifications in a manner that bids for the work may be received in gross.

The following report was received from the Secretary:

To the Board of Armory Commissioners:

Gentlemen—In compliance with the direction of your Board at a meeting held June 8, I have made an examination as to the amount due John Guy on pay-roll for month of May last and the works upon which he purported to have rendered such services and the bill of Mr. John P. Leo, Architect, for services on Twenty-second Regiment Armory, and beg leave to report:

That Mr. Guy, by a report hereto annexed, claims to have devoted the greater portion of his time during the month of May in and about the Twenty-second Regiment Armory upon the works called for under the contracts for steam-heating and ventilating, flagging, carpenter work, etc., and in which he recounts the incomplete condition of the work under these contracts, that required his attention; and in addition the time he devoted in attendance upon Mr. Thomas, the Architect who is preparing the working drawings for the Seventy-first Regiment Armory.

From the report of Mr. Guy it is quite clear that he has been required to devote his time to incomplete portions of works of the Twenty-second Regiment Armory after the payments for these works under their several contracts have been approved and ordered paid by this Board.

To enable me to speak more intelligently I made a personal visit to the armory and examined the works complained of and find their condition not exaggerated by the report of Mr. Guy. The roof the building demands immediate attention. The tinning and painting particularly is done in such an inferior manner that in its present condition its only guarantee is damage to the building by leakage and a consequent unlimited expense to the City in the item of repairs. I understand that the Comptroller is withholding the sum of \$1,500 until the contractor for this work puts it in a satisfactory condition, and as far as I have been able to learn he has failed to evince a willingness to that end.

The flagging steam-heating and plumbing require attention.

The flagging, steam-heating and plumbing require attention.

I learn that notwithstanding these final payments were certified to by the Architect, he informs me that prior to their approval he made to the Armory Board statements as to the condition of the work and what was necessary to be done to make the same satisfactory and according to the contract, and notwithstanding his statements the final estimates were approved.

I beg to submit herewith a communication from the Architect on this subject and while he admits the incompleteness of some of these works I am unable to advise how the contractor can be forced to make them good in other than the case of the roof, for the reason that they have each received their final payment.

In the case of the roof I would suggest that action be taken to enforce w may be under the terms of the contract whereby the roof may be made good.

The bill of the Architect, Mr. Leo, amounts to \$1,215.26.

In view of the statements of the Architect and the action of your Board in the past I am unwilling to make any recommendation in regard to the payment of this bill, as with the facts as they now exist, it appears to me that it would be establishing a bad precedent to encourage an architect to certify to the completeness of work when by his own statement as the facts appear in this case to the region of the contrary.

warrant the belief to the contrary.

It seems proper that the pay-roll of Mr. Guy for the month of May should be charged—
To Twenty-second Regiment Armory.

To Seventy-first Regiment Armory. \$166 66 There is now at the credit of the Twenty-second Regiment account..... \$1,117 66 Total...... \$1,340 26

Leaving a deficiency in this account of the Twenty-second Regiment Armory of \$222.60. Of the funds necessary for the Seventy-first Regiment Armory there have been issued bonds and premium on the same amounting to \$454.546.80, which has been expended on the purchase of lands for the armory site. Nothing has been called for on account of the construction of the building, but inasmuch as you have accepted plans for the same, prepared under instructions to the architects competing, that the expenditure would be limited to \$350,000, and the Architect having entered into a bond to that end, I would respectfully recommend that early attention be given to the action necessary by this Board in calling for the issuing of bonds to an amount not exceeding \$350,000.

I beg leave to recommend for your consideration the following resolutions:

I. Resolved, That the pay-roll of John Guy for the month of May be approved and ordered paid, and charged to—
Twenty-second Regiment Armory.

\$125.00
Seventy-first Regiment Armory.

2. Resolved, That the Commissioners of the Sinking Fund be requested to authorize the further

issue of bonds to the amount of two hundred and twenty-two dollars and sixty cents for and on account of the erection of an armory for the Twenty-second Regiment.

3. Resolved, That the Commissioners of the Sinking Fund be requested to authorize the issue of bonds to the amount of three hundred and fifty thousand dollars for and on account of the erection of an armory for the Seventy-first Regiment.

Respectfully submitted, E. P. BARKER, Secretary.

Dated NEW YORK, July 27, 1891.

Debate was had thereon. Mr. Leo and Mr. Lantry appeared and made statements, where-upon General Fitzgerald moved that said report be accepted and that resolutions one (I) and two (2), as follows, be adopted: Resolved, That the pay-roll for John Guy for the month of May be approved and ordered paid

and charged-To Twenty-second Regiment Armory.....

To Seventy-first Regiment Armory.....

Resolved, That the Commissioners of the Sinking Fund be requested to authorize the further issue of bonds to the amount of two hundred and twenty-two dollars and sixty cents (\$222.60) for and on account of the erection of an armory for the Twenty-second Regiment.

The question being put on the adoption of said resolutions, and it was determined in the affirmative as follows:

missioner of Public Works.

The reading of the minutes of the last meeting was dispensed with.

Inasmuch as the presence of General Fitzgerald was deemed by the Board desirable in order that an expression of his opinion and judgment might be obtained relative to the wants of the Seventy-first Regiment and the plans and details now before the Board for a new armory for said regiment, the Clerk was directed to confer with General Fitzgerald and make known to him the wishes of the Board and the necessity for an early meeting and ascertain from him his pleasure and call a meeting at such time as might be agreed upon.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this
