Winne to maintain an ice bridge, scales and tally house on the bulkhead, commencing at a point 120 feet north of the northerly side of the Bloomfield Street Pier, No. 53, North river, and running northerly thereof a distance of 120 feet, was transferred to the Glasco Ice Company upon the same terms and conditions as were contained in the original permit, namely, that it shall continue only during the pleasure of the Commissioner, but not longer than May 1, 1903, compensation to be paid for the privilege monthly in advance to the Cashier at the rate of \$2,240 per annum, a rebate of \$50 to be allowed on the first year's rent, to enable said company to repair the pavement thereat, the work of repairing said pavement to be done under the direction and supervision of the Engineer-in-Chief of this Department.

From the Commissioners of the Sinking Fund, transmitting copies of resolutions adopted June 4, 1902, as follows:

"Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Commissioner of Docks of a lease to Roscoe G. Cary, of the land and land under water belonging to The City of New York at the foot of Willow lane or New Dock road, Pelham Bay, in the former Town of Westchester, extending outshore from the line of high water, Borough of The Bronx, for a term of five years from June 1, 1902, at a rental of one hundred dollars (\$100) per annum, payable quarterly in advance."

"Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Docks, of a lease to the New York and Texas Steamship Company, of all and singular the wharfage which may arise, accrue or become due in the manner and at the rates prescribed by law, for the use and occupation of Pier No. 16, East river, situated in the Borough of Manhattan, City of New York, except the northerly side thereof, together with the bulkhead, commencing at the southerly side of said pier and running southerly a distance of 95 feet. The lease of said pier shall be for a term commencing June 4, 1902, and shall expire June 1, 1912, and the lease of said bulkhead shall commence at the date said bulkhead is completed and ready for occupation, and shall terminate at the same time as the lease of said pier, viz.: June 1, 1912. The lessee shall have the privilege of renewal of the lease of said pier and bulkhead for a further term of ten years, viz.: June 1, 1922, upon three months' notice being given prior to the expiration of the preceding term. The rental of the pier until June 1, 1912, shall be at the rate of sixteen thousand dollars (\$16,000) per annum, and the rental of the bulkhead until June 1, 1912, shall be at the rate of twenty-five hundred dollars (\$2,500) per annum. The rental for the renewal term of said pier and bulkhead shall be at an advance of ten per cent. on the rental for the preceding term. The rental shall in every case be payable quarterly in advance at the office of said Department, the terms and conditions of said lease to be fixed by the Commissioner of Docks."

"Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Commissioner of Docks of a lease to the Harlem Transfer Company of the bulkhead platform at the foot of Park (formerly Railroad) avenue, Harlem river, Borough of The Bronx, for a term of ten (10) years from June 1, 1902, at an annual rental of four hundred and fifty dollars (\$450), payable quarterly in advance."

"Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Docks, of a lease to the New York City Milling Company of the right to collect wharfage, etc., at the bulkhead foot of East Forty-eighth street for a term of two years from August 1, 1902, at six hundred and forty dollars (\$640) per annum, as submitted by the Commissioner of Docks in communication dated May 16, 1902."

2d. Stating that the fact that John J. Egan applied for a lease of the bulkhead between Twenty-eighth and Twenty-ninth streets, North river, subsequent to the leasing of an adjoining block by the Erie Railroad Company, and that the rental for said bulkhead is but \$750 per annum, would not justify the Commissioner in disregarding said lease to Egan, as such facts do not bring the matter within the provisions of the lease which authorizes the Commissioner to cancel same or to declare the lease void.

3d. Approving forms of advertisement of the proposed sale of privilege of filling in between Lexington avenue and One Hundred and Thirty-second street, on the Harlem river, and at the foot of One Hundred and Forty-ninth and One Hundred and Fiftieth streets, on the Harlem river. Ordered advertised, sealed bids to be received therefor.

From the Commissioners of Accounts, stating that no reason exists so far as said office is concerned why payment on the contract for the construction of the crib bulkheads between One Hundred and Thirty-first and One Hundred and Thirty-fifth streets, Harlem river, should be longer retained.

From the Department of Water Supply, Gas and Electricity, stating that the more desirable location for the placing of a fire hydrant at the foot of West Thirty-fourth street is at the approach to the south side of said pier. Lessees of West Thirty-fourth Street Pier so notified.

War Department requested to examine carefully into the application for a rehearing, the establishment of a ferry at that point being considered by this Department very desirable.

From Edward Lauterbach, attorney, stating that his clients, H. C. Hilmers and Walton I. Ames, desire permission to excavate under property at the foot of Dey street, North river, for the purpose of constructing a small tube thereat. Copy of the communication transmitted to the Corporation Counsel for his attention.

From Bowers & Sands, requesting to be informed when action is taken in the matter of the acquisition of the property between Fifteenth and Sixteenth streets, North river.

From the Rubsam & Horrmann Brewing Company and the George Bechtel Brewing Company, in relation to the proposed granting of a new lease of the franchise for the operation of a ferry between the boroughs of Manhattan and Richmond. Said companies notified that any suggestions will be considered in the preparation of the terms of the new lease.

"McDOUGALL HAWKES, Commissioner."

2d. Transmitting application of the Rev. W. T. Elsing for permission to exhibit stereopticon views on the Recreation Pier foot of East Third street. The Rev. Mr. Elsing was informed that the Department does not deem it advisable to permit exhibitions, experience having shown that such exhibitions cause considerable confusion on the piers.

3d. Transmitting communication from Charles E. Covert relative to the operation of ferries on the East river by the Union Ferry Company.

From the Board of Aldermen:

1st. Transmitting copy of resolution requesting that the offices of the several City Departments be closed on Saturday, July 5, 1902. Offices of this Department ordered closed on that day.

2d. Transmitting copy of resolution requesting that the contemplated plan of erecting a garbage dump for the reception of refuse at the foot of Jackson street, East river, in the Borough of Manhattan, be abandoned.

From the Comptroller:

1st. Transmitting communication from N. H. Mayo requesting information as to his bond on the lease of the East river ferry properties to the Union Ferry Company. Mr. Mayo notified that his liability on the bond ceased May 1, 1901, the date of the expiration of the lease.

2d. Advising that his certificate has been indorsed upon Contract No. 730, for dredging between the Battery and West One Hundred and Fifty-ninth street on the North river.

3d. Approving sureties on Contract No. 732, for repairing the West Forty-eighth Street Pier, and on Contract No. 738, Class 2, for furnishing rip-rap.

4th. Requesting information relative to the claim filed by the Hyde Fountain Company for \$250 for the placing of fountains on the recreation ground between Seventeenth and Eighteenth streets, East river. Notified that the fountains were placed thereat in accordance with an order of the former Board of Docks.

From the Corporation Counsel:

1st. Requesting further information relative to the lease of the northerly half of the West Fifty-second Street Pier to Nicholas C. Cunningham. Information furnished and the Corporation Counsel requested to advise as to whether, in case the lease cannot be canceled, this Department can restrict the number of boats to be berthed abreast at said pier.

2d. Requesting information relative to the ownership of the property between Sixtieth and Sixty-first streets, East river. Notified that this Department is collecting revenue from the premises and that the property is under the control of this Department.

From the President of the Borough of Manhattan, stating that the request of this Department for the removal of the fire hydrant at the foot of Little West Twelfth street has been referred to the Commissioner of Water Supply, Gas and Electricity.

From the President of the Borough of Richmond, approving proposed lease of the Staten Island Ferry to the Rapid Transit Company.

From the Municipal Civil Service Commission, approving temporary appointment to position of Marine Cook, there being no eligible list for such position.

From the Department of Street Cleaning, reporting damage to the dumping board foot of Eightieth street, East river, by dredge employed thereat. Notified that it is practically impossible to dredge thereat without slightly damaging the dumping board, owing to the nature of the river bottom and the extreme difficulty of maintaining a dredging machine at that point because of the swift current.

From the Commissioners of the Land Office, transmitting copy of application made by the Town of Hempstead Gas and Electric Light Company for a grant of land under water at Jamaica Bay, Rockaway Beach, in the Borough of Queens.

From the Central Railroad Company of New Jersey:

From the Chelsea Jute Mills, requesting to be advised as to whether any charge will be made for the privilege of maintaining a pipe in the vicinity of Manhattan avenue, Newtown creek, Borough of Brooklyn, if the location of said pipe is changed so that it will run entirely through water front property owned by private persons. Said company notified that if the pipe be carried through its own bulkhead no rental will be charged therefor.

From Edward Lauterbach, attorney, suggesting that the proposed lease of the Staten Island Ferry be sold at public auction.

From Grace & Co., in relation to the berthing of boats at their bulkhead between Pigeon and Front streets, Newtown creek, Borough of Queens. Notified that but one boat abreast can be berthed at the bulkheads along the said creek owing to its narrowness.

From the St. John's Guild, requesting that the Department drive piles at the various piers to be used by its floating hospitals. Notified that this Department will drive the piles if desired, at the cost and expense of said Guild.

From the J. W. Scott Ice Company, in relation to the condition of the pavement at the foot of East Twenty-eighth street. Notified that the President of the Borough of Manhattan has been requested to make necessary repairs to said pavement.
