MUNICIPAL CIVIL SERVICE COMMISSION.

New York, May 31, 1905.

A meeting of the Civil Service Commission of The City of New York was held at the Commission's offices, No. 61 Elm street, on Wednesday, May 31, 1905, at 9.30 a. m. All the Commissioners were present.

A Committee from the Association of Eccentric Engineers, No. 2, appeared before the Commission and stated that the Civil Service Law was being violated in the Department of Parks, Brooklyn, in the assignment of a Gardener to perform the duties of an Engineer. The Secretary was instructed to communicate with the Commissioner of Parks for the Borough of Brooklyn and inform him of the statements made by the committee, and to request him to investigate the matter and report the result to the Commission.

The Committee on Transfers recommended that the following transfers be approved:

Thomas F. McCormick, from the position of Inspector of Masonry in the Rapid Transit Railroad Commission to a similar position in the Aqueduct Commission.
John J. Cullen, from the position of Engineman in the Department of Water Supply, Gas and Electricity to a similar position in the Department of Bridges.
Robert Ross, from the position of Engineman (steam roller) in the Bureau of Highways, Borough of The Bronx, to the position of Engineman (steam) in the Department of Bridges.

Charles W. Staniford, from the position of Surveyor in the Department of Docks and Ferries to that of Hydrographic Engineer.

The report of the Committee on Transfers was adopted.

On motion, it was

The Secretary called the attention of the Commission to the request of the Clerk of the City Court for the transfer of Mr. James M. Brooks from the position of Assistant Clerk in the Coroner's office, Borough of Manhattan, to the position of Assistant Clerk in that Court; which transfer was disapproved by the Commission on May 1, 1905, on the ground that the positions were not similar; stating that he had received a communication from the Board of Coroners, Borough of Manhattan, under date of May 5, 1905, certifying that the duties of James M. Brooks as Assistant Clerk in the said Coroner's office were the keeping of records of cases, the making up of the calendar, issuing jury notices and summonses and the certifying of jurors and witnesses at inquisitions held in that office.

After a consideration of the matter it was

Resolved, That the action of the Civil Service Commission taken May 1, 1905, in disapproving the transfer of James M. Brooks from the position of Assistant Clerk in the Coroner's office, Borough of Manhattan, to the position of Assistant Clerk in the City Court of The City of New York, be and the same is hereby rescinded; and

The letter from the President of the Borough of The Bronx, with reference to the increase in salary of Eugene Souleyet to \$1,500 per annum without examination, which was laid over from the meeting of May 24, was again presented for consideration. A communication was presented from the President of the Borough of The Bronx, requesting that he be allowed to make temporary appointments to the position of Transitman and Computer and Topographical Draughtsman, pending the establishment of the promotion lists for those positions in his department. It appearing from the statement of the Chief Examiner that the said lists will be ready for certification in a very short time, the request was denied.

A letter was presented from the Department of Docks and Ferries, dated May 27, requesting approval of the reassignment to duty of William White, Inspector. It appearing from the doctor's certificate furnished that Mr. White was ill from March 7 and suffered from muscular rheumatism, but that he has now fully recovered and able to attend to his usual duties, the reassignment was approved.

A communication was presented from the Board of Education, dated May 23, requesting that this department be relieved of the necessity of considering the name of Patrick H. Lydon, who was certified for appointment to the position of Inspector of Fuel in that Department, for the reason that the Committee on Supplies of the Department of Education considered that Mr. Lydon was unfit to perform the duties of the position. The request was denied, and the Secretary was instructed to inform the Department of Education that they must give Mr. Lydon's name the usual consideration.

A letter was presented from the President of the Board of Trustees of Bellevue and Allied Hospitals, dated May 23, requesting that the Commission proceed with an open competitive examination for the position of General Medical Superintendent. There being a vacancy in that position in the said department at a salary of \$6,000 per annum, the Secretary was instructed to proceed with an examination at an early date.

A letter was presented from the Corporation Counsel, dated May 23, requesting the Commission to accept an amended record in the case of Miss Anna E. Lamb, Stenographer and Typewriter, for the reason that Miss Lamb's record, as originally submitted to the Commission, was not correct. The request was granted.

A letter was presented from the Department of Street Cleaning, dated May 24, requesting that Miss Joanna N. Little be examined for promotion from the position of fourth grade Typewriting Copyist to that of fifth grade Clerk. The Secretary was instructed to notify the Commissioner of Street Cleaning that the Commission would conduct an examination for promotion to the position of fifth grade Clerk, in which all Typewriting Copyists and Clerks (female) in the fourth grade in his Department might compete.

A letter was presented from the Secretary of the Park Board, dated May 23, requesting an examination for promotion from fifth grade Clerk to sixth grade Clerk in the Departments of Parks, Boroughs of Manhattan and Richmond. The Secretary was instructed to proceed with the same at an early date.

A letter was presented from the Assistant Secretary to the Mayor, dated May 18, transmitting a letter from one Geo. H. Thomas, a veteran of the Civil War, whose name appeared on the eligible list for Janitor, with the request that the Commission give the same prompt attention. The Secretary was instructed to communicate with the Mayor and inform him that Mr. Thomas declined appointment to the position of Janitor in the Borough in which he resides, which, under the Civil Service Rules, removes his name from the list; that he appealed to the Commission to have his name certified again for appointment, and that his request was denied.

A letter was presented from the Fire Commissioner, dated May 24, with further reference to the extension of the paid system of fire service to the Boroughs of Richmond and Queens, in lieu of the volunteer system now in operation in those boroughs. The Secretary was instructed to communicate with the Fire Commissioner, and state that this matter has been referred to Commissioner Talley for consideration.

A letter was presented from the Department of Street Cleaning, dated May 26, requesting an eligible list from which to appoint a Clerk "with special knowledge of penmanship." The request was denied.

A letter was presented from the Fire Commissioner, dated May 26, stating that the period of sixty days allowed by the rules for temporary employment has expired in the case of John S. Wolf, who has been serving as a Mechanical Draughtsman in that department, and requesting authority to continue Mr. Wolf's services until the establishment of the eligible list. The Secretary was instructed to communicate with the Fire Commissioner and state that if the need for Mr. Wolf's services is urgent, and such services cannot be dispensed with, the Commission will pass his pay-roll until the date of the promulgation of the eligible list.

A letter was presented from the Secretary of the State Civil Service Commission, dated May 24, stating that a memorandum had been transmitted to the State Board on behalf of certain Patrolmen in New York City who think that credit for distinguished services should count for promotion at any examination, and not merely be counted to the credit of a candidate in an examination for promotion to the grade next higher than the one in which the services were performed, and requesting that the Commission give the matter consideration and notify the State Commission of any action taken. The matter was ordered continued on the calendar.

A letter was presented from the Commissioner of Correction, dated May 29, requesting that the Commission amend the classification of positions in the exempt class in his department by including therein the following positions in the new reformatory to be established on Hart's Island:

- One Secretary to the Board of Parole.
- One Secretary to the Chairman of the Board.
- One Overseer of Reformatory.
- One Special Parole Officer.

The Secretary was instructed to communicate with the Commissioner of Correction and tell him that it will be necessary for the positions to be established by the Board

of Estimate and Apportionment and the Board of Aldermen before they can be classified.

On motion, the Secretary was instructed to proceed with an open competitive examination for the position of Superintendent of Ponds and Reservoirs.

A letter was presented from the Superintendent of Public Buildings and Offices, Brooklyn, dated May 18, requesting to be informed whether, under the Civil Service Rules, Mr. Anthony J. Moran, now employed as an Inspector of Gas and Electricity in the Department of Water Supply, Gas and Electricity, could be transferred to the position of Assistant Electrical Engineer in his bureau; and stating that, in December, 1896, Mr. Moran passed an examination for the latter position and stood No. 3 on the eligible list. The Secretary was instructed to communicate with Superintendent Wise and say that, after a careful search of the records of the office, the Commission was unable to verify that statement, and that, as the position to which transfer was sought was a higher position than that in which Mr. Moran was now serving, and there being no evidence that he qualified for the position of Assistant Electrical Engineer, his transfer to that position could not be allowed.

The requests of the following-named candidates for the position of Patrolman, that their mental examination be postponed, were granted, it appearing from the certificates furnished by them that they would be unable to appear on the date notified owing to illness:

John P. Walsh, No. 9 Peck slip.
Julius Reinert, No. 692 Quincy street, Brooklyn.
Herman Helwege, No. 2023 Webster avenue.

The requests of the following-named candidates for the position of Patrolman, that their mental examination be postponed, were denied, the reasons given by them being insufficient to warrant postponement of said examination:

Joseph Phelan, No. 441 West Thirtieth street.
Joseph F. O'Neill, No. 350 East Forty-sixth street.
Joseph A. Egan, No. 72 East One Hundred and Twenty-fourth street.
George E. Gibbons, No. 209 Ninth avenue.

The Secretary presented an affidavit of Frederick W. Sulger, of No. 90 West One Hundred and Third street, to the effect that on October 27, 1904, he filed an application for the position of Patrolman in the office of the Municipal Civil Service Commission; that, when several of his friends were notified to appear for physical examination, and he received no such notice, he called at the office of the Commission and inquired the reason and was informed that there was no application for the position of Patrolman bearing his name on file, and requesting that, as the loss of the application was not due to any fault of his, the Commission permit him to file a duplicate application to enter the coming examination. On motion, the request was granted, and the Secretary was instructed to summon Mr. Sulger at an early date for a physical examination, and, in the event of his passing same, to notify him to appear for mental examination on June 28.

The request of William Rooney, No. 284 West Houston street, that his name be restored to the eligible list for Stationary Engineman was granted, subject to his furnishing the certificate of a physician to the effect that he was ill when certified for appointment to the Department of Correction.

The request of James E. Lynch, of No. 41 Bethune street, Manhattan, that his name be restored to the eligible list for Court Stenographer, was granted, he having declined appointment on May 5, 1905, for the reason that he was "not in a position to accept" at that time.

The request of Margaret Daly, No. 71 East One Hundred and Eleventh street, that her name be restored to the eligible list for Attendant, was granted, it appearing that, owing to her change of address, her notice of appointment did not reach her in time to reply within the four days prescribed by the rules.

The request of James Hall, of No. 18 Broadway, New York City, that his name be restored to the eligible list for Axeman, was granted, it appearing that the notice from the President of the Borough of Richmond did not reach him in time to reply within the four days prescribed by the rules.

The request of Leroy F. Cox, of No. 38 Washington square, West, that he be restored to eligibility for appointment to the position of Transitman at \$1,650 per annum or over, was granted, it appearing that when he declined that salary in the Borough of Queens he did not intend his declination to apply to any other borough.

The request of Herman A. Ruge, No. 8 East Eighty-fifth street, that he be restored to eligibility for appointment as Topographical Draughtsman at a salary of \$1,500 or over, was granted, it appearing that when he declined that salary in the Borough of Richmond he did not intend that declination to apply to any other borough.

The request of Lawrence A. Spillane, No. 947 Third avenue, that his name be restored to the preferred list for Disinfecter, was granted, the notice of appointment sent him by the Department of Health on May 22, 1905, never having reached him owing to change of address.

The request of Daniel C. Carey, No. 445 DeKalb avenue, Brooklyn, that his name be placed on the preferred list for Watchman, was denied, it appearing from the records that he resigned from the Brooklyn Disciplinary Training School on May 3, 1905.

The Commission then adjourned to meet on Friday, June 2, 1905, at 9.30 a. m.

BOARD OF REVISION OF ASSESSMENTS.

A meeting of the Board of Revision of Assessments was held in the Council Chamber, City Hall, on Thursday, June 29, 1905, at 11.05 o'clock a. m.

Present—N. Taylor Phillips, Deputy and Acting Comptroller; George L. Sterling, Assistant and Acting Corporation Counsel.

On motion of the Assistant and Acting Corporation Counsel, the minutes of the meetings of May 11 and 25 and June 8, 15 and 22, 1905, were approved as printed in the CITY RECORD.

BOROUGH OF THE BRONX.

The assessment list for paving and repaving with granite block pavement on a concrete foundation the roadway of East One Hundred and Thirty-eighth street, from Lincoln avenue to the west side of the New York and Harlem Railroad property, and also the objections filed by Henry H. Sherman, attorney for the Mott Haven Company and J. L. Mott Iron Works; Thomas S. Bassford, attorney for Olin J. Stephens; Truman H. Baldwin, attorney for Henry H. Jackson and others; A. C. Hottenroth, attorney for Phillippina Prass and others; Jos. A. Flannery, attorney for Wm. C. and Geo. A. Reeber and others, and of John C. Shaw, attorney for Herman Stursburg Realty Company, and report of the President of the Borough of The Bronx, dated June 9, 1905, transmitting copy of the report of Mr. S. C. Thompson, Engineer of Highways, relative to the paving, etc., of said street; the hearing of which matter was postponed at the meeting of June 22, 1905, were presented by the Deputy and Acting Comptroller, having been received from the Board of Assessors under date of June 16, 1905.

No one appearing in opposition after notice, on motion of the Assistant and Acting Corporation Counsel the objections filed against the assessment were overruled, and the assessment list was confirmed, all the members present voting in the affirmative.

Subsequently Mr. Sherman, attorney, who had filed objections in said matter appeared, and stated that he was unable to be present at the time when the assessment list was taken up, and asked that the action of the Board in confirming the assessment be reconsidered.

On motion of the Assistant and Acting Corporation Counsel the confirmation of the assessment by the Board was reconsidered, rescinded and annulled, all the members present voting in the affirmative.

Mr. Sherman was then heard and objected to the large expenses incident to the work, and claimed that the greater part of the same was substantially a repavement, and that the property owners had previously paid for the paving of the street; also that as the street has been made 100 feet in width principally for the benefit of the City, a portion of the cost should be made a public charge.

Mr. Flannery, attorney, appeared and made similar objections, and claimed that the railroad should bear a portion of the cost of the improvement for the benefit derived by it.

On motion of the Assistant and Acting Corporation Counsel, the assessment list was referred back to the Board of Assessors for investigation and report in regard to the objections filed against the assessment, all the members present voting in the affirmative.

BOROUGH OF MANHATTAN.

The assessment list for regulating, grading, curbing, flagging and placing iron railings where necessary in East Eighty-third street, from East End avenue to East river, and objections of William Bogen and the executors of the estate of Herman H. Jantzen and others, filed by Michael J. Mulqueen, attorney, the hearing in which matter was postponed at the last meeting, were presented by the Deputy and Acting Comptroller, having been received from the Board of Assessors under date of June 16, 1905.

Mr. Mulqueen was heard in opposition to the apportionment of the assessment and to the excessive cost of the work, being about \$350 per lot of 25 feet, and urged that the amount be reduced, for the reason that nearly three-fourths of the expense was incurred by the building of the retaining walls, which were of no especial benefit to the property other than that at the end of the street, where the walls terminate.

On motion of the Assistant and Acting Corporation Counsel, the assessment list was referred back to the Board of Assessors, with instructions to reduce the total amount of the assessment by 33 1/3 per cent. pro rata, and also to reapportion the same, all the members present voting in the affirmative.

The assessment list for paving, curbing and flagging Fort Washington avenue, from One Hundred and Eighty-first street, about one mile northerly, and objections of J. M. Libby and others filed by Joseph A. Flannery, attorney; of B. Altman, filed by Choate, Hanford & Larocque, attorneys; of Hugh J. Grant and others, filed by James A. Deering, attorney; Michael N. Nolan, filed by Edward H. Hawke, Jr., attorney, and of James G. Bennett and others, filed by John C. Shaw, attorney, referred back to the Board of Assessors at meeting of March 9, 1905, with instructions to invite the opinion of the Corporation Counsel as to the legality of assessing the total cost of the improvement upon the property affected thereby, were presented by the Deputy and Acting Comptroller, having been returned by the said Board under date of June 23, 1905, together with the opinion of the Corporation Counsel dated June 15, 1905.

Mr. Shaw, attorney, was heard and stated that under the law he claimed that the entire cost of the improvement should not be placed upon the property, that the avenue was made 80 feet in width principally for the benefit of the public and accordingly one-half of the expense only, or at least the extent of the full equitable benefit derived by the property should be borne by it.

Mr. Deering, attorney, was heard in opposition to the assessment on similar grounds as those stated by Mr. Shaw.

Mr. Coles, of Messrs. Choate, Hanford & Larocque, attorneys, appeared in support of the objections filed by them.

No others appearing after notice, on motion of the Assistant and Acting Corporation Counsel, the assessment list was referred back to the Board of Assessors, with instructions to reduce the total amount of the assessment pro rata by 25 per cent., and to confirm the assessment as so reduced, all the members present voting in the affirmative.

The Deputy and Acting Comptroller presented the assessment list for sewer in Twenty-first street, between Lexington avenue and Fourth avenue, and objections filed by Michael J. Mulqueen, attorney for Edward Coyne & Co., John Hone and others, received from the Board of Assessors under date of June 23, 1905.

The Assessors reported that they had revised the list by reducing the assessment against Lots Nos. 6 and 8 to 19, inclusive, 25 per cent., leaving Lot No. 7 unchanged, and that the amount of the reduction had been placed on Lots Nos. 1, 2 and 3.

Mr. Mulqueen, attorney, was heard and objected to the assessment charged against the property of his clients and claimed that the only property really benefited by the work was that designated by Lots Nos. 1 to 5, and possibly Lot No. 7 and the park property.

On motion of the Assistant and Acting Corporation Counsel, the objections received in said matter were overruled and the assessment list was confirmed, all the members present voting in the affirmative.

BOROUGH OF BROOKLYN.

The assessment list for regulating, grading, curbing, laying cement sidewalks and paving with asphalt pavement Jerome street, between Jamaica and Glenmore avenues (together with a list of awards for damages caused by a change of grade), with objections of John C. Schenck et al., filed by Ridgway & Dessar, attorneys, and applications for awards for damages filed in said matter, were presented by the Deputy and Acting Comptroller, having been received from the Board of Assessors under date of June 23, 1905.

No one appearing in opposition after notice, on motion of the Assistant and Acting Corporation Counsel, the objections filed in said matter were overruled and the assessment list was confirmed, all the members present voting in the affirmative.

BOROUGH OF THE BRONX.

The assessment list for regulating, grading, setting curbstones, flagging the sidewalks, laying crosswalks, building approaches and placing fences in Fairmount place, from the Southern Boulevard to Crotona avenue (together with a list of awards for damages caused by a change of grade), and objections of Catherine Wagner and others, filed by A. C. Hottenroth, attorney, and applications for awards for damages filed in said matter, were presented by the Deputy and Acting Comptroller, having been received from the Board of Assessors under date of June 27, 1905.

No one appearing in opposition after notice, on motion of the Assistant and Acting Corporation Counsel, the objections filed in said matter were overruled and the assessment list was confirmed, all the members present voting in the affirmative.

The assessment list for sewer and appurtenances in Heath avenue, between Boston avenue and Fort Independence street, and objections of Thomas H. Johnston and others, filed by Maurice Deiches, attorney; of John Parsons and others, filed by A. C. Hottenroth, attorney, and of H. F. Vogt, owner, were presented by the Deputy and Acting Comptroller, having been received from the Board of Assessors under date of June 23, 1905.

The Assessors reported that the objectors claimed that the area of assessment should be extended so as to include the rear of lots on the street, which was done, and the list was readvertised, but that objection was renewed.

Mr. Deiches, attorney; Mr. Hottenroth, attorney, and Mr. Vogt were heard in regard to the large cost of the work and to the expenses connected with it, amounting to nearly 22 per cent. of the contract, and also to the apportionment of the assessment.

On motion of the Assistant and Acting Corporation Counsel the assessment list was referred back to the Board of Assessors with instructions to reduce the total amount of the assessment by 10 per cent. pro rata, and that the assessment list as so reduced be confirmed, all the members present voting in the affirmative.

The Deputy and Acting Comptroller presented the assessment list for paving with granite block pavement, curbing and laying crosswalks in Park avenue, from East One Hundred and Thirty-fifth street to East One Hundred and Forty-fourth street, and objections of the Mott Haven Company, filed by H. H. Sherman, attorney; of the New

York and Harlem Railroad Company, as owner, by Robert L. Luce, attorney in charge, and of John F. Steeves and others, by A. C. Hottenroth, attorney, having been received from the Board of Assessors under date of June 23, 1905.

Mr. Sherman, attorney, was heard in opposition to the amount charged upon the property of his client by reason of the large cost of the work and expenses, and also to the apportionment of the assessment.

Mr. Luce, attorney, appeared by representative and stated that he rested upon his objections filed.

Mr. Hottenroth, attorney, also appeared.

On motion of the Assistant and Acting Corporation Counsel the several objections were overruled and the assessment list was confirmed, all the members present voting in the affirmative.

The assessment list for regulating grading, curbing, flagging and laying crosswalks in Bassford place, from East One Hundred and Eighty-second street to Third avenue, and objections of Otto Wagner and others filed by A. C. Hottenroth, attorney, and of James O'Connor and others, filed by Lawrence E. French, attorney, together with applications for awards for damages, were presented by the Deputy and Acting Comptroller, having been received from the Board of Assessors under date of June 23, 1905.

Mr. Hottenroth, attorney, appeared and objected to the excessive cost of the work.

Mr. French, attorney, was heard in opposition to the assessment on the ground that the cost of the work was excessive and that the assessment had not been made in accordance with the benefit derived by the property from the improvement.

On motion of the Assistant and Acting Corporation Counsel, the objections filed in said matter were overruled, and the assessment list was confirmed, all the members present voting in the affirmative.

BOROUGH OF BROOKLYN.

The assessment list for regulating, grading, curbing and laying cement sidewalks on Pitkin avenue, between Linwood street and Queens County line, Ward 26, and objections filed by Moore, Ashley and Linton, attorneys for William F. Mittendorf, as to the inadequacy of the award made for damages to his property, were presented by the Deputy and Acting Comptroller, having been received from the Board of Assessors under date of June 27, 1905.

Messrs. Moore, Ashley & Linton, attorneys, appeared by representative and stated that they rested upon their objections filed.

On motion of the Assistant and Acting Corporation Counsel, the objections received in said matter were overruled and the assessment list was confirmed, all the members present voting in the affirmative.

BOROUGH OF THE BRONX.

The Deputy and Acting Comptroller presented the assessment list for regulating, grading, curbing, flagging and laying crosswalks in Mosholu parkway, North, from Webster avenue to Perry avenue, and objections of Frederick H. Grant and others, filed by A. C. Hottenroth, attorney, received from the Board of Assessors under date of June 27, 1905.

Mr. Hottenroth, attorney, appeared, and stated that he rested upon the objections filed by him.

On motion of the Assistant and Acting Corporation Counsel, the objections were overruled and the assessment list was confirmed, all the members present voting in the affirmative.

Kinnan, owner, were presented by the Deputy and Acting Comptroller, having been received from the Board of Assessors under date of June 27, 1905.

The Assessors reported that a pro rata reduction of 20 per cent. in the assessment was made by them, but that the objections were renewed.

No one appearing in opposition after notice, on motion of the Assistant and Acting Corporation Counsel, the objections filed were overruled and the assessment list was confirmed, all the members present voting in the affirmative.

Maintenance of Structures.

Rule 2. No shed, building, office, tally-house, booth or stand shall be erected, nor shall any derrick, hoisting-mast, coal-hopper, sign or advertising device or obstruction of any kind, be placed or maintained on any pier, bulkhead, marginal street, quay, or wharf structure, nor upon any reclaimed land, without a written permit being first had and obtained from the Commissioner of Docks, and if the owner, lessee, occupant or agent of said wharf property or land shall place or permit the erection, placing or maintaining of any erection or any structure for which permit has not been duly obtained from the Commissioner, then for failure to remove, said owner, lessee, occupant or agent shall forfeit and pay a penalty of one hundred dollars in addition to all damages for each and every violation of this rule; and there shall be a further penalty of twenty-five dollars a day for each and every day which shall elapse until any such erection or structure so placed without permit being first obtained therefor, shall be removed after the expiration of the time specified in a notice for such removal signed and served upon such owner, lessee, occupant or agent by the Dock Master of the District.

Overburdened Piers, Bulkheads, etc.

Rule 3. No cargo shall be discharged from any vessel upon any pier, bulkhead or wharf structure, at which such vessel is being unladen, after notice signed and served by the Dock Master of the District, upon the owner, consignee, master or other officer of such vessel, or stevedore, that such pier, bulkhead or structure will be endangered by the placing of additional cargo thereon, under a penalty of one hundred dollars for each and every such offense, in addition to all damages caused thereby after the service of said notice, to be recovered from such owner, consignee, master or other officer, or stevedore, severally and respectively.

All goods, merchandise and materials of every kind incumbering any pier, bulkhead or other wharf structure, or reclaimed land, after the time designated for the removal thereof shall have expired, will be liable to be removed by the Commissioner of Docks to any warehouse or yard, at the sole risk and expense of the owner of any such goods, merchandise or materials, and all expense incurred for such removal and storage, or otherwise, shall become a lien thereon, and such goods, merchandise and materials will not be delivered to the owner until the expense of such removal and storage has been paid.

Manner of Discharging Cargoes.

Rule 5. No sand, gravel or similar material shall be discharged from or loaded into any vessel unless canvas or similar material be extended from the vessel's side to the bulkhead or wharf structure at which such vessel is being unladen, to prevent the falling of the sand into the water; and if the surface of any of such wharf structures is not sufficiently tight to prevent the sand dumped thereon from going through into the water, then no sand shall be discharged thereon from any vessel, unless canvas or similar material be first laid thereon to receive the sand.

No vessel of any kind shall be loaded or discharged by horse-power, unless proper planking be provided to protect the surface of such pier, bulkhead or wharf structure from injury consequent upon the travel of the horse, or the unloading of stones or similar cargo thereupon, under a penalty of twenty-five dollars for each offense of discharging such stones or like cargo upon such pier, bulkhead or wharf structure, to be recovered from the owner, consignee or master of any such vessel, or stevedore, severally and respectively.

the vessel or of the manure, ashes, cellar dirt, garbage, offal, dead animals, or refuse of any kind so received, delivered or deposited severally and respectively.

No ashes, refuse, offal, fruit, vegetables or any other substance shall be thrown into the water surrounding or adjacent to any pier or bulkhead, or any other part of the water-front of the City, under a penalty of twenty-five dollars for each and every such offense, to be recovered from the owner, lessee or occupant, severally and respectively, of any pier, bulkhead, wharf, structure, or any property from which any such substance shall be thrown, or from the person actually throwing the same; or, if any such substance be thrown, from any vessel lying in water within the jurisdiction of the Department, whether berthed or not, then such penalty to be recovered from the owner, consignee or master of such vessel, severally and respectively.

Inflammable Material.
Rule 7. The loading or discharging or keeping on any wharf, pier or bulkhead or any lighter, barge or other craft moored to any wharf, pier or bulkhead in the City, of cotton, turpentine, rosin, hay, straw, or any explosive or other inflammable material deemed extra hazardous material in the standard policy of fire insurance in use in the State of New York, shall not be permitted unless the same is covered with tarpaulins, or other more permanent or substantial material, under a penalty of \$50 for each day or fraction of a day such cotton, turpentine, rosin, hay, straw or explosive of other inflammable material or merchandise shall remain uncovered; such penalty to be recovered from the owner, lessee or occupant of any pier, wharf or bulkhead on which such cotton, turpentine, rosin, hay, straw, explosive or other inflammable material or merchandise may be left exposed in contravention of the terms of this rule, or from the owner, lessee or occupant of any wharf, pier or bulkhead to which shall be moored any lighter, barge or other craft upon which inflammable merchandise or material shall be left uncovered as herein provided.

All rules and regulations of the Fire Department and other departments of the City Government, and all ordinances of the Board of Aldermen and of any commission or officer lawfully constituted governing the handling and storage of any of the substances hereinbefore in this rule mentioned, shall be complied with.

Snow and Ice.
Rule 8. No snow or ice shall be dumped into the waters adjacent to the water-front of the City, except from the piers, bulkheads and other places designated from time to time, by the Commissioner, for such dumping, under a penalty of twenty-five dollars for each and every such offense, to be recovered from the owner, lessee or occupant of any pier, bulkhead or other wharf property, from which any such snow or ice shall be dumped, or from the person actually dumping the same severally and respectively.

Storage on Shedd Piers, etc.
Rule 9. It shall not be lawful for the owners, lessees or occupants of any pier, wharf or bulkhead, which has been covered with a shed, pursuant to the statute in such cases made and provided, and constructed in conformity with the authority of the Department to use such shedded pier, wharf or bulkhead for the permanent storage of goods, merchandise, cargo or material of any kind which may be discharged or placed thereon. Piers, wharves and bulkheads thus shedded are designed for the protection of merchandise and cargo in transit, as prescribed by the act, and such merchandise and cargo must be removed therefrom within a reasonable period.

Vehicles on Wharf Property.
Rule 10. No unharassed truck, cart, wagon or vehicle of any description shall be placed or left at any time on any marginal street, wharf or place, or on any bulkhead, pier, or reclaimed land under the charge and control of the Department of Docks and Ferries, under a penalty of \$3, to be recovered from the owner thereof, and any unharassed truck, cart, wagon or vehicle of any description placed or left on any marginal street, wharf or place, or on any bulkhead, pier or reclaimed land under the charge and control of the Department shall be removed by the Dock Master of the District, or other authorized representative, to a place to be designated by the Commissioner of Docks, and an additional charge of not less than fifty cents per day for storage on same shall be and become a lien thereon, and such unharassed truck, cart, wagon or vehicle of any description will not be delivered to the owner until said fine and storage charge shall have been paid.

Permits for Sand and Building Material.
Rule 11. No brick, sand, gravel or similar material shall be unloaded on any wharf property, unless a permit therefor shall be issued by the Superintendent, and no such material shall be unloaded on leased City property unless an application shall be submitted to the Superintendent, accompanied by a receipt from the Dockmaster for \$10, specifying the name of the vessel from which the cargo is to be unloaded, and a permit issued therefor by the Superintendent. At the expiration of ten days from the date of said permit, if any portion of said cargo remains, a similar application, accompanied by a receipt for an additional \$10, shall be submitted as in the first instance. No vessel carrying such material or cargo shall be allowed to occupy a berth for a period longer than three days when said berth is required by another vessel. Whenever in consequence of the weather or any process of law, or other unexpected obstacle, the work shall be stopped for so long a time that public travel shall be obstructed, the trench shall be refilled and repaved as if the work contemplated in the permit was actually completed.

The procedure under the permit shall be in strict compliance with all applicable laws and ordinances and the rules and regulations of the City departments established for the purpose of enforcing them.

He shall also keep in said book a record of all permits for repairs, rebuilding, dredging, etc., and shall note opposite each permit the disposition made thereof, and shall keep such other books and records as shall be ordered by the Commissioner from time to time. It shall be his duty to report, without delay, any and all structures, houses, booths, places of refreshment, etc., erected in his district without due authority from the Department, as well as all obstructions on wharves, piers or bulkheads of every nature whatsoever.

He shall also report to the Dock Superintendent without delay the commencement of any work without a permit within the limits of his district, and any violation of the rules and regulations of the Department.

Section 4. Dock Masters shall exercise a constant inspection and supervision of the condition of all piers, bulkheads, slips and wharf property, also all ferries and ferry property in his district, promptly reporting in writing to the Dock Superintendent from time to time, such repairs and improvements thereto as he may deem necessary or proper for the safety and preservation thereof.

Section 5. Dock Masters shall promptly designate

and assign, in the order in which application is made, suitable and convenient berths as far as practicable, within the limits of his district, for the use of such vessels and water-craft as may require the same for the reception or discharge of passengers, merchandise, or other property therefrom, for the necessary repair or the safety of any vessel or water-craft.

Section 6. Dock Masters shall prevent any accumulation of material upon the piers, wharves, bulkheads and reclaimed land in their respective districts; and whenever any pier, wharf, bulkhead or reclaimed land in The City of New York shall be encumbered or obstructed in its free use by any vessel, merchandise or material in transit or otherwise, or by any structure, encumbrance or obstruction not authorized or permitted by the Commissioner of Docks, the Dock Master of the district in which such encumbrance or obstruction shall exist is authorized to require the owner, agent, consignee, or person occupying or in charge of such to remove the same without delay. Upon receiving said order, the owner, agent, consignee, or person in charge of the vessel, merchandise, material, structure, encumbrance or obstruction, as the case may be, in reference to which said order or direction was given, shall comply with the same without delay, and in default thereof, the Dock Master may employ such assistance as may be necessary to carry into effect his order or decision by the removal of such vessel, merchandise, material, structure, encumbrance or obstruction, in respect to which the order was given. All expenses actually and necessarily incurred in effecting such removal, and for storage of merchandise or material thus removed, shall be paid by the owner, agent, consignee, or person in charge, and the amount thereof shall be a lien upon the same, in favor of The City of New York.

Section 7. Dock Masters shall in the presence of the Captain or person in charge of vessel, punch in triplicate the wharfage tickets for wharfage due to the Corporation of The City of New York from all vessels and water craft that may be moored within the limits of his district, and to transmit each day to the Cashier of the Department unless otherwise ordered Ticket Number One (1), showing the name, home port and description of the vessel, the name and address of owner, agent or consignee thereof, and the wharf, pier or bulkhead at which such vessel or water craft is located, and the date and hour at which said vessel or water craft arrived, and the date and hour of leaving, and shall submit therewith a daily statement showing the amount of accrued wharfage, both cash and credit. Ticket Number Two (2) shall be retained by the Dock Master, and Ticket Number Three (3) shall be delivered to the owner, agent or consignee, or representative thereof, if it be a cash transaction, and if said owner, agent or consignee has a credit account with the Department, the Ticket Number Three (3) will be sent together with bill at the end of each month.

Section 8. Dock Masters shall require and enforce the due observance of and compliance with such of the National and State laws, city ordinances, and the rules, regulations and orders of the Department of Docks and Ferries as appertain to the use, care and custody of the wharf and ferry property of and about The City of New York, immediately reporting to the Dock Superintendent all violations and evasions of such laws, ordinances, rules, regulations and orders.

Section 9. Dock Masters are expressly prohibited, under penalty of immediate dismissal from their position, from receiving or demanding, directly or indirectly, any fee, gratuity, compensation or article of value of any nature or kind for the assignment of a berth to a vessel at any pier, slip or wharf property whatsoever, or for the duties required of or appertaining to the position of Dock Master of this Department.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
