BELLEVUE AND ALLIED HOSPITALS.

REPORT FOR THE YEAR ENDING DECEMBER 31, 1906.

New York, January 1, 1907.

Hon. GEORGE B. McCLELLAN, Mayor:

Sir—The Board of Trustees of Bellevue and Allied Hospitals has the honor to present the following report for the year just closed:

THE DEPARTMENT AS A WHOLE.

Hospital Needs of the City.

In accordance with a resolution adopted in January last, the Board of Trustees submitted a letter to the Board of Estimate and Apportionment suggesting the desirability of acquiring for The City of New York some of the sea beach within its limits or within a reasonable distance from it, upon which to establish and maintain a resort for convalescent patients from the City hospitals, fresh air homes for children, public parks, playgrounds and bathing facilities for the recreation of the people. There is, perhaps, no other city in the world that has so many miles of ocean shore, and yet New York has practically none that is available for public use. The need of convalescent homes for adults leaving the public hospitals in a condition too weak to return immediately to their work is also severely felt, and the erection of one or more such homes would be a measure of economy as contrasted with caring for these patients in a regular hospital, inasmuch as the cost of running a convalescent home is much less. The passage of a measure at the last session of the Legislature permitting action upon this matter by the City authorities was therefore extremely gratifying to the Trustees, and it is earnestly hoped that the acquisition of a stretch of seashore for the purposes mentioned will not be much longer deferred.

In addition to the new hospitals under construction and to the extension of Gouverneur Hospital, the Board of Trustees has twice during the year been questioned officially upon the need of new institutions for taking care of the sick. To the first of these requests asking for an opinion upon a bill before the Legislature which would empower the Board of Estimate and Apportionment, at its discretion, to authorize the Board of Trustees of Bellevue and Allied Hospitals to acquire a site for and to erect an additional public hospital, it was resolved to reply, without reference to the merits of this particular bill, that it was the opinion of the Trustees that such a hospital was greatly needed on the west side of the city. Later, in response to a request from the Comptroller, a committee of the Board was appointed to inspect the old building of the New York Juvenile Asylum at West One Hundred and Seventy-sixth and West One Hundred and Seventy-seventh streets, Audubon and St. Nicholas avenues, to determine whether it was available for the purposes of a hospital and whether a hospital were needed in this neighborhood. The committee found the building entirely unsuited for use as a hospital, a complete reconstruction of the interior being needed to fit it for one. Furthermore, the committee found the character of the neighborhood to be such that no hospital is needed there at present. A report to this effect was made to the Comptroller.

The Annual Supplies.

On the whole, the quality of the supplies furnished during the past year has been good. Trouble, however, has been experienced with some of the contractors, particu-

larly with the firm supplying milk. On account of the poor quality of the milk supplied to the hospitals, the contractors were notified, on February 27, that milk would be purchased in the open market and charged to their account until such time as they could comply with the conditions of their contract. A communication was then received from them asking that they be relieved of their contract. This was referred to the Corporation Counsel for his opinion as to what action the Trustees should take, an expenditure not to exceed six dollars a month being authorized in the meantime to provide for the inspection of the dairies supplying milk to the hospitals, in order to determine whether they conformed to the required conditions. The reply of the Corporation Counsel, under date of May 1, informed the Trustees that, in view of the circumstances set forth in their letter, they might, after due notice to the contractors for the supply of milk, cancel their contract and advertise again for bids, but in the meantime the contractors offered to supply milk from other dairies, which had next to be investigated to see whether they complied with the terms of the contract. A better supply of milk and cream was furnished from these dairies, and the contractor was accordingly allowed to continue furnishing the supply in spite of the fact that new bids had been called for and one received. In advertising for the coming year care has been taken to make the specifications much more drastic and it is probable that a superior quality of milk will be obtained. With regard to coal, the Trustees advertised a second time for the supply for Bellevue and Harlem hospitals, and again only one bid was received and the price asked was excessive. The bid was, therefore, rejected. It being found impossible, however, to secure reasonable bids owing to the dealers' unwillingness to bid on a year's supply at the market prices, the Board of Aldermen was requested to authorize the purchase of coal in the open market to the amount of \$5,000 as an emergency measure, and this course was eventually taken.

Bids on the annual supplies for the year 1907 have been received, but the contracts have not yet been let, in order to allow time for a careful comparison of the prices offered with those of last year. In consequence of the greatly increased number to be cared for with the opening of the new hospitals now nearly completed, the quantity of all supplies has had to be increased by nearly one-third. In the case of the meats the bids were rejected and a readvertisement authorized, errors of arithmetic giving rise to a dispute of accuracy in both the lowest and next to the lowest bids. Request has been made of the Board of Aldermen for permission to buy the fresh fruits and vegetables in the open market, this method resulting in a saving to the City, as well as in a better quality of food. On December 31 the Board of Aldermen took action on this request of the Trustees, and, when the approval of the Mayor has been obtained, the Department will avail itself of purchasing the fresh fruits and vegetables in the open market. Authorization has been given to have the ambulance horses shod by contract during the coming year, and another contract has been entered into for the removal of manure. A small appropriation has been made for the purchase of books for the medical libraries of the Department.

Salaries.

The Board resolved at its meeting of August 6 to pay, if the appropriation permitted, a minimum wage of \$15 a month to women employees and \$20 to men, with maintenance, for the first year of their service; \$20 and \$25, respectively, during the second year, and \$25 and \$30 during the third year. By this resolution the Board reiterated its conviction that the permanent retention of an efficient and desirable class of hospital attendants and employees is possible only on condition of paying a wage approximately equal to that which would be given for similar service in the best State and private institutions.

In July it was provided by the Board of Estimate and Apportionment that the wages of six Enginemen in the Department should be at the rate of \$4 a day. The Trustees addressed a communication to the Board of Estimate and Apportionment requesting that the number be not restricted in view of the need of six, or possibly seven, Enginemen in the new Harlem and Fordham hospitals.

In consequence of the transfer of \$6,284 to the Department of Public Charities to pay the salaries of the Nurses supplied by that Department to Gouverneur, Harlem and Fordham hospitals, the salary appropriation for the past year fell short nearly \$6,000. There was, however, a surplus in the appropriation for Rents, and in that allowed for Supplies and Contingencies, and the Board of Estimate and Apportionment has consented to a transfer of \$1,600 from the first, and one of \$4,400 from the second of these appropriations, thus making it possible to meet the December payroll and to appoint the four Admitting Physicians to Bellevue Hospital, recently authorized, at salaries of \$1,000 a year.

In the meantime the continued increase in the cost of living, added to the fact that the new Harlem and Fordham hospitals, soon to be opened, will accommodate nearly twice the number of patients cared for at the old institutions, has determined the Trustees to request of the Board of Estimate and Apportionment the establishment of a grade of Apothecary in this Department at \$900 a year, in order to permit of the advancement to this salary of the faithful employees who are receiving but \$750 at present. A grade similar to the one asked for exists at present in the Departments of Health and of Public Charities, and it seems but fair that the same salary should be paid for equal service in the hospitals of this Department.

In a communication of October 16 the Board of Trustees was informed of the approval of the State Civil Service Commission of the increase in the salary of certain Hospital Helpers to the sum of \$720 a year, with maintenance. At the request of the local commission the addresses of Hospital Helpers to be appointed hereafter, together with a statement of the duties to which they are assigned, will be forwarded with the notices of their appointment.

New Rules.

Several new regulations affecting the entire Department have been put in force during the past year. A revised set of rules for the conduct of the business of the Board of Trustees has been adopted, and rules have been drawn up for the guidance of the General Medical Superintendent. It has been decided that applications for vacancies on the medical staffs of any of the hospitals shall be considered first by the Medical Board of the hospital, which shall thoroughly examine the qualifications of all candidates and report upon them in writing to the Board of Trustees. This report is then to be referred to a conference committee consisting of two members of the Board of Trustees and two members of the Medical Board, for final report and recommendation for appointment. This method insures an entire uniformity in considering all such applications. The Committee on Rules has submitted a draft of regulations for the out patient departments of the hospitals, and it has been decided to send copies of it to the different medical boards for examination and suggestions. In regard to non-residents of the City, it has been decided that they shall not be received as special patients, and that the charge for their treatment and maintenance, when they are admitted to the hospitals, shall be fixed at \$1.50 a day. Persons residing outside the hospital districts are not to be admitted except in case of accident or emergency, or as special patients of the attending physicians or surgeons, and authority for their admission as special patients is to be obtained from the General Medical Superintendent in each instance.

At the request of the Medical Board of Bellevue Hospital it has been decided to give to each member of the House Staff who has been appointed for the stated period of one year, and has served the full term to the satisfaction of the Medical Board, a certificate stating these facts, but differing in form from the diploma given to those who have served for the longer term of two years.

On recommendation of the General Medical Superintendent the breakfast hour for members of the House Staff in all the hospitals of the Department was fixed at from 8 to 8.45 a. m. It is expected that this will allow time for the performance of certain administrative duties, such as the signing of records and Coroners' blanks, before visiting the wards. It was further ordered that the morning visit to the wards occur at 9 o'clock, when every patient shall be seen by the member of the House Staff in charge of him; that a further visit shall occur in the evening, and as many others during the day as the comfort and welfare of the patient may demand.

In the matter of death notices it was ordered that the words "very important" be stamped upon the outside of the envelope containing them.

At both Gouverneur and Bellevue hospitals it has been necessary to dismiss one of the Nurses for accepting money from a patient, and notices of the rule forbidding the employees to receive money from a patient have been posted, therefore, in all of the hospital wards.

A rule has been adopted requiring direct report to the Trustees of all complaints made by patients of ill-treatment alleged to have been received in any of the hospitals under the jurisdiction of the Board.

Attendance at Operations.

A new rule was put into effect at the beginning of the year requiring the presence of a member of the Attending Staff at every operation involving general anaesthesia, to supervise the details of the operation, including the administration of the anaesthetic. The rules of the hospitals already provided that no member of the House Staff should perform a surgical operation without the permission of the member of the Attending Staff on duty, except in case of extreme emergency, but it was thought better to make, in addition, definite provision for the presence, at all operations involving general anaesthesia, of an older and more experienced surgeon than the doctors who have not completed their service on the House Staff. This rule was found to need amendment by a definition of what should be held to constitute an "emergency." The term was therefore defined to include "all medical and surgical occurrences and conditions that suddenly imperil life on account of hemorrhage, of traumatism, of impending suffocation, of arrested secretion or excretion, of marked functional irregularity or of organic incapacity, or the sudden modification of the human organism immediately dangerous to life."

Discussion has been had over the adoption of a suitable general rule regulating the attendance of visiting physicians and surgeons, but owing to the variety of conditions obtaining in the different services in the hospitals a rule admitting of uniform application to all branches of the service has yet to be devised. Conferences with a committee of the Bellevue Medical Board have been held and the matter is in process of adjustment.

Projected Improvements.

The installation of a vacuum cleaning system in all the hospitals of the Department has long been under advisement by the Board of Trustees. Uniform specifications were prepared some time ago by the architects in charge of the new hospital construction, and bids under these specifications were received on September 7. The cost, however, proved to be so greatly in excess of a sum deemed reasonable by the Trustees that these bids were rejected, and it was resolved to deal with the hospitals singly, readvertising at once for Gouverneur Hospital alone.

To increase the efficiency of the X-ray photography work, the importance of which is advancing steadily, the Trustees have requested the creation of the position of X-ray Photographer, to be paid an annual salary not to exceed \$1,500. Besides promoting the efficiency of the service, a very considerable economy can be effected by the substitution of a regular salaried officer for the present system of paying a private individual on the piece-work plan.

The question of the desirability of establishing dental clinics in the out patient departments of the City hospitals having been suggested by the Association for Improving the Condition of the Poor and the Children's Aid Society, a committee of the Trustees was appointed to investigate the need for them and the possibility of carrying them on in conjunction with the other clinics of the out patient departments. As a result of this investigation it has been decided unwise to attempt this at present for several reasons, particularly because of the fact that in the present quarters there are no rooms that could be used for this purpose without interfering with the work of the clinics that are already established.

Authority was given in August to purchase a new ambulance at a cost not to exceed \$700.

Miscellaneous.

During the absence of the President on his vacation, Mr. Myles Tierney acted as President of the Board, and Mr. Arden M. Robbins served as Secretary during the absence of Mr. Paulding. It was decided to grant annual leave of absence with pay for a period of one month to the Superintendent, Assistant Superintendents, Supervising Nurses, Aliens, Pathologists and those in supervisory executive stations in the nursing departments; for all other employees the period will be two weeks, with one additional day for each two years' service in the Department, provided that such leave shall not exceed thirty days in each year. Leave is to be granted only after one year's service and at such times as will not embarrass the administration of the hospitals. During the months of July and August the hour for closing the offices was set at 4 instead of 5 p. m.

Permission to adopt the system of medical records of this Department and to make use of its nomenclature was requested by the Presbyterian Hospital in May. To this the Trustees were very glad to consent and a representative of the hospital was sent to the Bellevue record room to study the practical working of the filing system there for some weeks before attempting to install it in the Presbyterian Hospital. A similar request came from the Charity Hospital, New Orleans, last January, and the Trustees granted Miss Ramsdell, who is in charge of the record room, a month's leave of absence without pay that she might superintend the installation of this system there.

The resignation of Mr. John P. Fawcett, the Bookkeeper, to accept a position in the Department of Charities, rendered necessary a rearrangement of the work in the Bookkeeper's office, and Mr. Rickard, the Assistant Superintendent, has taken charge temporarily of this work with the chief assistant of the Contract Clerk to help him. At the request of the Trustees, the Commissioners of Accounts have designated Mr. Rudolph Holde to assist in a reorganization of the system of accounts in use in the Department, the present system having been devised originally by Mr. Holde.

Census.

The total number of days' treatment given at the various hospitals during the year 1906 has been 353,907, as compared with 384,730 in 1905, and the average daily census 970 as compared with 1,054. The largest number of patients treated at one time was 1,170 in 1906 and 1,327 in 1905. The total number cared for has been 35,041 for 1906 as against 36,204 in 1905.

The total number of visits made to the various out patient departments has been 244,601, as compared with 215,421 made during the previous year, the total number of cases treated being 93,739 for 1906 and 77,516 for 1905.

BELLEVUE HOSPITAL.

Construction of New Bellevue Hospital.

Progress upon the work of constructing Pavilions A and B of the new Bellevue Hospital has been encouragingly rapid, and the beginning of the new year finds the outer steel framework complete and the walls carried to the fourth story of the new building. The brick buildings occupying the site were torn down early in the year and a fence erected to separate the building operations from the hospital grounds. Notice was received at about the same time from the Sinking Fund Commission of the assignment to this Department of the newly-made ground in the rear of the new bulkhead wall between Twenty-sixth and Twenty-eighth streets, as an addition to the site of the hospital. To watch the progress of the building Mr. Louis C. Frees, the General Inspector of Construction for the new Fordham Hospital, was transferred to the same position at Bellevue. By the 1st of July about one-third of all the excavating and piling had been done. In order to carry on the work of excavation it was necessary to move the steam pipe which supplied heat to the offices on the dock of the Department of Charities, and to provide a temporary heating pipe above the ground. One of the greatest difficulties that the contractors encountered was the flow of tide water from the river into the excavation, and it was necessary in May to install a large pump to keep it from stopping the work. The piling on both pavilions was finished on September 17, and, with the exception of the footings for six steel columns, all the concrete footings of both pavilions were then complete. At the same time all the brick walls around the low cellar portion were finished up to the granite level, and the walls between the low and high cellars up to the floor levels of the high cellars, the brick walls in the high cellars above the concrete footing, and the concrete walls above the concrete footings were finished up to two feet below the granite level. The greater portion of the fireproof arches on the ground floor was finished, too.

On account of the rainy days and frosty weather the progress of the work on Pavilions A and B during the last three months has been considerably less than expected. In no case, however, was there any delay caused by neglect of the contractors. The mason work has been carried up on the west wall as far as the limestone lintel course on the fourth story, and the north wall, northwest corner of Pavilion B, has been carried up to the same lintel course on the fourth floor. The centre part of this wall is scaffold high above the third floor. The east wall of Pavilion B has been completed to the third floor sill course, and the south wall of Pavilion A is completed to the same sill course. The centre part of this wall, however, is up to the fourth floor lintel course. The east wall of Pavilion A is nearly up to the second floor level, and the west wall of the open court is finished up to the fourth floor limestone lintel. The north and the south walls are partly up to the fourth floor limestone lintel.

The exterior walls of the fresh air inlets (enamel brickwork) on both pavilions are completed, and all the fireproof arches are completed, with the exception of openings in floors for the hoisting machines.

The entire granite contract has been completed, with the exception of the coping over areas and platforms to the outside steps, while the limestone sills have been set up as far as the third, and in some cases the fourth story.

On the north and south walls of the open court the limestone sills and lintels have been completed as far as the brickwork is completed.

All the structural iron work has been practically completed, with the exception of the painting of the columns on the sixth floor, setting of iron lintels for window openings, and iron bucks for door openings.

The underground drainage in the low cellar has been completed, with the exception of outlets for filters and connections to sump tank. Many of the sewer connections with the main sewer in the street have been made, and much work has been done on the rain-water sewers.

All the leaders have been put up from the ground to the sixth floor, with the exception of the leaders on the north and south sides of the loggia.

The ventilating pipe and vent for basins in the women's toilet have been put in from the ground to the sixth floors, and fire hand pipes have been supplied from the ground to the fourth floors. Much piping has been done up as far as the sixth floor in both pavilions.

The carpenter work done so far consists of setting window frames and of setting centres for arches above windows. On the west wall of Pavilions A and B window frames have been set on the third story. The east wall, Pavilion B, has them on the third floor, and on the south wall the centre portion of the window frames is in for the third story.

The architects having requested a decision from the Trustees upon the question of substituting ceramic tile in all the corridors of Pavilions A and B of the new Bellevue Hospital, as provided for in an alternative bid, for the composition flooring contemplated in the regular bid, the matter has been referred to the Corporation Counsel for his opinion upon the right of the Board of Trustees to make the substitution. The tile flooring will involve an additional cost of \$1,600, but the John H. Parker Company will still be the lowest bidder with the additional \$1,600 added to its bid, and it is therefore hoped that this substitution will be permitted.

Balconies for the New Pavilions.

Plans and specifications for the balconies to be erected on the new buildings were approved on October 12, and an advertisement authorized calling for bids upon the work. Two bids were received and laid before the Board at its meeting on October 30, but as the amounts bid seemed to the Board very high, both bids were rejected and new ones called for, to be opened on November 14. Somewhat better terms were offered at this bidding, the lowest estimate being that of Mr. John Benney for the sum of \$22,560. The Board, however, deferred taking action upon the bids, to allow time for an inquiry into the responsibility of the lowest bidder. Failing to receive from the architects and others satisfactory assurances upon this point, the Board at its next meeting requested the Board of Estimate and Apportionment to permit it to pass over the lowest bidder and to award the contract to the next lowest bidder, the John H. Parker Company, then engaged upon the construction of the building proper. Parker's bid was for \$23,995, and his employment would obviate the grave disadvantage of having two contractors at work upon a building at the same time. The possibility of damage to the stone work or other parts of the building by a contractor, either careless or actuated by feelings of antagonism to the other contractors at work, was also taken into consideration in making this request. The Board of Estimate and Apportionment, however, denied the request of the Trustees, and decision was then made to reject all bids a second time in the hope of obtaining better results from a new call for bids, to be opened on January 11, 1907.

The New Training School Building.

On January 19 Messrs. Parish and Schroeder were appointed architects for the building to be erected on East Twenty-sixth street, opposite Bellevue Hospital, for a Nurses' Home for the Bellevue Training School for Women Nurses. This appointment was made with the understanding that before it should go into effect Messrs. Parish and Schroeder should visit a number of training schools and submit a report for each one upon a list of important subjects in connection with its construction and arrangement that should be satisfactory to the Board of Trustees. This they did very creditably, thus securing a large amount of valuable information for reference in planning the new building. Working from these, the architects prepared several sets of sketch plans, revising them in accordance with the suggestions of the Trustees and the Managers of the Training School. On June 20 preliminary plans were submitted to the Board of Estimate and Apportionment with the request for an appropriation of \$628,000 for the erection of the building. This request was granted at the meeting of June 22, and the architects proceeded at once to prepare the working plans as rapidly as possible. The issue of Corporate Stock in a sum not to exceed \$628,000 for the erection of the building was voted by the Board of Aldermen in July, having been previously approved by the Board of Estimate and Apportionment, as provided by law. The contract with the architects was then signed, and the plans and specifications, having been submitted to the Board of Trustees on October 12, and approved by it, were then sent to the Corporation Counsel and Municipal Art Commission for approval. On the 23d the Trustees were notified of the Art Commission's approval of the plans. Since then bids have been advertised for, and it is expected that the contract will be awarded in the first week of the new year.

The Block to the North.

In accordance with a resolution adopted on April 17, the Trustees requested the Board of Estimate and Apportionment to vest title to the block north of Bellevue Hospital, in The City of New York, as soon as this could legally be done. The plans for the buildings to be erected upon this block had then been completed, with the exception of those parts that could not be decided upon until information was obtained as to the character of the ground upon which the buildings are to be placed, and this in turn could not be done very well until the site had been acquired by the City. The appropriation of a sum of \$5,000 with which to pay for the services of the experts concerned in the condemnation of the property was requested early in September, and granted by the Board of Estimate and Apportionment on October 12. This action was followed early in December by the City's taking title to the property. At the meeting of the Trustees on December 11 the plans and specifications of the new building—pathological department and male dormitories—were presented, together with a letter from the architects, Messrs. McKim, Mead & White, describing the building, and supplying an estimated cost of construction, duly itemized. After approving the plans and specifications the Board resolved to request of the proper authorities the appropriation of a sum of \$990,441.81 for the construction of these buildings, that being the amount of the architects' estimate. The demolition of the buildings now occupying the site of the new hospital structures must, of course, precede the beginning of the new building operations, and it is hoped that this will be actively pushed by the City. Only recently new complaints have been received from an inspection committee of the cinders and dust from the electric power plant, which have always constituted a serious menace to the cleanliness of the wards and operating rooms on the north side of the hospital. There is no way of abating this nuisance until the plant is removed.

Welfare Work.

An innovation, not only in Bellevue but in any other public hospital here or elsewhere, so far as is known, is the engagement of a Special Visiting Nurse to devote her entire time to the work of finding out the needs and supplying the appropriate relief to those among the patients who by reason of poverty, continued weakness, lack of home and family, or any other cause, stand in active need of a friend. In a hospital such as Bellevue the number of such persons is always large; in winter, especially, there are many cases of illness among the homeless, and many more which cause the loss of employment, involving a home, that has not had time to be established upon a sufficiently solid industrial foundation. Sometimes the need is only for a little continued care and watchfulness after the patient is able to leave the hospital, where his place is pretty sure to be needed for some one more acutely ill than himself. In other cases it is still less, little being required but a letter to friends in a distant town which ties anew the bond which has been loosened by absence and neglect. Where nothing else is needed, advice is often useful, and stands a better chance of being accepted (providing it is good) when the spirit is chastened by a severe and recent illness. Above all, the interest of a friend is felt keenly under such surroundings and circumstances, and is received perhaps for the first time from a disinterested source.

To supply most of these needs, or at all events those of a material sort, societies of one kind or another exist, and the problem is simply one of bringing them into relation with the particular need. To do this required, in the opinion of Dr. Armstrong, the General Medical Superintendent, the services of a Special Attendant, who should give her entire time to the work, and in accordance with his recommendation and advice the Board of Trustees appointed, on July 9 last, Miss Mary E. Wadley, a graduate of the Bellevue Training School for Nurses, at a salary of \$720 a year, in addition to the privilege of taking her meals at the hospital. In the first three months of her appointment Miss Wadley investigated nearly 350 cases, and was aided by twenty-six different societies. Some of the patients have been helped to regain their old positions or to find new ones better suited to their weakened conditions of health; others have been sent to the country to recuperate; others still to institutions suited to their different needs, to friends or family living at distant points. For nearly all of them something has been done, and they have been encouraged to begin anew. In the opinion of the Board of Trustees, the work has so well justified the slight expenditure involved that Miss Wadley has since been allowed an Assistant at a salary of \$50 a month and maintenance.

In order to provide some social attractions and recreation for the women employees of Bellevue Hospital, Mrs. J. L. Wilkie, of the New York City Visiting Committee of the State Charities Aid Association, has organized a club among them, which meets in the sitting room of the women's dormitory in the college building. Besides Mrs. Wilkie and other members of the committee, Miss Sabine, who is in charge of the Chelsea Handicraft Settlement, and Mrs. Redmond, of the State Charities Aid Association, have been interested in helping with this work, and the People's University Extension has sent teachers to instruct the women in dressmaking without charge. Those of the women who seem most interested are invited to social gatherings at the Chelsea House. It is hoped that a similar social club may be organized among the men employees when more room is provided by the new buildings, if not before that time.

Need of Better Dormitories for Men.

Another reason for promptitude on the part of the City in proceeding with the erection of the new buildings destined for the north block is the serious overcrowding existing in the present dormitories for the male employees, and the general unfitness of these dormitories for the uses to which, in the absence of any other accommodation, they must be put. So impressed are the Trustees with this condition that decision has been taken to erect a temporary frame building to accommodate twenty-five of these employees, thus affording a slight relief to the existing situation. Messrs. John H. Parker & Co., the contractors at work upon the new Pavilions A and B, have been notified to remove the brick which they had been given permission to store upon the river bank, close to their work, this being the only site available for the new dormitory. An expenditure of \$150 for preparing plans and specifications, which must be submitted to the Building Department, has been approved by the Board. It is estimated that the cost of materials and labor will come to \$3,200, but this will be less than the cost of a Ducker portable building, which would be \$3,000, exclusive of heating and plumbing. On the whole, the expenditure seems justified to the Trustees, it being impossible to secure a self-respecting class of employees so long as adequate sleeping quarters are denied them.

Protection from Fire.

Bids were opened on May 22 for additions and alterations to the buildings and present fire protection devices of Bellevue Hospital, and as the lowest of these was in excess of the amount appropriated for this purpose the matter was referred to the Comptroller for his advice as to what course the Trustees should take under the circumstances. Upon the receipt of his reply inclosing the final report of his Chief Engineer upon the needs of Bellevue in the matter of fire protection, it was immediately resolved to obtain bids for the work of carrying out the changes recommended. The specifications for the work were prepared by the Supervising Engineer of this Department and submitted to the Chief Engineer of the Finance Department. Bids were finally received by the Board on September 26, and were accepted, with the exception of those on item 2 (power house, stand pipes, etc.), which were rejected upon the advice of the Corporation Counsel. New bids on this item were received on October 12, and the contract was awarded on the same day to H. A. Jacobson, the lowest bidder, for the sum of \$2,149. A communication dated the same day was received from Mr. Peter Kiernan, the lowest bidder on items 1, 3, 4, 5 and 6 of the fire protection devices, asking to be relieved from his contract on the ground that a mistake had been made in his bid. After an interval for investigation, his reason not appearing valid to the Board of Trustees, he was required to proceed with his work in accordance with the terms of the contract. The contractor, however, neglected to have his sureties qualified at the office of the Comptroller, and it became necessary by reason of his neglect to advertise for new bids, the only remedy to the Trustees being the forfeiture of his deposit, which was required. New bids on these five items were received on December 5, and contracts awarded as follows:

Item 1, Fireproof Partitions—	
H. A. Jacobson	\$4,732 00
Item 3, Metal Ceilings—	
Neptune B. Smyth	730 00
Item 4, Varandas—	
Peter Kiernan	7,417 00
Item 5, Fire Escapes on Dormitory Building—	
Peter Kiernan	1,367 00
Item 6, Local Fire Alarm System—	
Joseph Cherry & Co.	910 00

The Trustees have been greatly chagrined at the delay in this work, which has been caused by an unavoidable series of accidents.

Admitting Physicians.

The four places of Admitting Physician have been filled at last. Created in 1904, these positions were placed in the non-competitive class by the Municipal and State Civil Service commissions, in order to make it possible to fill them by the appointment of graduates of the Bellevue House Staff, whose training and experience would make them best fitted for this admitting work, and who could be selected for their proved competency in the duties that they would be called upon to perform. But it was impossible to find good men for the four vacancies at the salary of \$600 a year, without maintenance, and the Municipal Civil Service Commission and the Board of Estimate and Apportionment had to be requested to increase the compensation to \$1,000 a year, without maintenance. This request was approved by the Municipal Civil Service Commission on April 25, and by the Board of Estimate and Apportionment on June 8, but was disapproved by the State Civil Service Commission on May 11. The State Commission, however, granted a hearing upon

the matter, and decided to reconsider its action. Upon receiving notice of its approval of the change the Board placed notices in the principal medical journals announcing its readiness to receive applications for these positions, it being understood that the number of physicians to be appointed would be four, and they would divide the day into six hours each, having entire charge of the diagnosis to be made upon all patients admitted to the hospital. This work was done previously by members of the House Staff, who were too busy to attend to it properly, and many errors resulted from examinations too hastily conducted. The appointments were made on November 20, to date from December 1, the selection of men being confined to graduates of Bellevue. The first appointees were Doctors Le Roy J. Smith, H. L. Hooker, J. H. Heitlinger and W. C. Cramp. Dr. Cramp, however, declined the position, and was succeeded by Dr. J. N. Drury.

The Medical Service.

The term of the ambulance service for individual Surgeons has been reduced from six months to three. This was done for the double purpose of relieving what had proved to be a very arduous service, and to permit of more members of the House Staff obtaining the peculiar experience involved. It remains the rule that no Doctor shall be assigned to ambulance duty until he shall have seen at least six months' service in the hospital.

It has been the custom of the hospital to isolate the tuberculous patients, but on account of the unusually large number of such patients under treatment it became necessary for a short time to set aside two of the general wards of the hospital to accommodate them. In April two of the portable pavilions next to the river front were divided in half by wooden partitions in order to make separate wards for the tuberculosis and erysipelas patients. This was rendered necessary by the tearing down of the buildings occupying the site of the first pavilions of the new hospital. In the beginning of May the use of two of the medical wards for tuberculous patients was discontinued, and another of the portable pavilions on the grounds, Ward 42, was taken for the men tuberculous patients who still could not be accommodated in the regular pavilion.

Conferences have been held between the Board of Trustees and the Medical Board of Bellevue Hospital upon some questions in regard to which the latter Board wished the decision of the Trustees, and this has resulted in the appointment of a permanent Conference Committee of the two Boards to discuss such matters. Among the subjects calling for discussion, besides the matter of attendance by the Medical Staff, already referred to, is the question of uniform regulations for the fourth year medical students who visit the wards of the hospital in the course of their work. This matter has been referred to the Conference Committee for the elaboration of a satisfactory plan. In the meantime the students are permitted to visit the wards under the existing regulations, being accompanied in all cases by a member of the Attending Staff, and strict precaution being taken to guard against any undue disturbance of patients.

The Nursing Service.

The resignation of Miss Delano, the Superintendent of Training Schools, early in the spring was the occasion of the adoption by the Board of Trustees of the following resolutions:

"Resolved, That the Board of Trustees has learned with great regret of the approaching withdrawal of Miss Delano from the position of Superintendent of Training Schools, and desires to express its hope that this withdrawal may not be permanent;"

"Resolved, further, That the Board recognizes the difficulties with which Miss Delano during her term of service has had to contend, and the marked ability and success with which she has performed the duties, both onerous and delicate, which have at times attached to her position. The Board is glad to place on record this testimony of esteem for her personally and satisfaction at the character of her work, together with an expression of its belief not only that this work has redounded to the credit and reputation of the hospital in the public eye, but also that it has been productive of real and lasting benefit to the service."

Increase in the work has made necessary the appointment of an additional Nurse in the Out Patient Department.

The noise incident to the building construction upon the new Pavilions A and B has seriously interfered with the day rest of those of the men Nurses on night duty in the wards, and it was found necessary during the summer to engage quarters for them outside the hospital.

The need of additional Nurses in the wards for prisoners and disturbed patients, both men and women, was brought to the attention of the Trustees by the General Medical Superintendent in October last. The Nurses in these wards had been on duty for a period of twelve hours in each day, the duty being of a peculiarly arduous and harassing description. To relieve them an additional Nurse, at a salary of \$50 a month, was appointed in each of the wards concerned.

The advantage possessed by women Nurses over men is fully recognized by the Trustees, but it has not been possible as yet to find women to take the places of all the men employed. As a step in this direction the employment of three more women Nurses to take charge of men's wards has been authorized, and will be carried out when the Nurses can be found.

Charges of cruel treatment made by two patients against two of the men Nurses employed in the ward for alcoholic and disturbed patients resulted in the reference of the matter by the Trustees to the Board of Managers of the Mills Training School, with the request that if the charges were sustained the Board would not rest content with the discharge of the Nurses, but would take steps to proceed against them in a Magistrate's Court. The complainants were invited to appear before the Board of Managers, but they failed to do so, and as there were no witnesses of the cruelty alleged, the Nurses were restored to duty.

The Psychopathic Wards.

On April 11 Dr. M. J. Thornton resigned from the place of Assistant Resident Alienist in the Psychopathic Wards to accept an appointment under the United States Government at Ellis Island. His resignation was accepted with regret by the Trustees on April 17, and Dr. C. H. Holmes was appointed in his place. Dr. Holmes rendered very efficient service in the Psychopathic Wards, temporarily, in 1904, when there was no eligible list from which to make an appointment of an Assistant Alienist, and he is, therefore, well prepared to fill this position. Dr. M. S. Gregory, the Resident Alienist in charge of the wards, was directed to go to Europe to study the methods employed there for the treatment and care of the insane, and to familiarize himself with the plans of construction of the different hospitals. The time allowed him was two months from April 26, but on account of his ill-health during the first part of his stay this was extended to the end of July. On September 7 the General Medical Superintendent presented the resignation of Dr. Paul H. Waterman, Assistant Alienist, which was accepted by the Trustees with regret, dating from September 15. On September 28 Dr. Mark L. Fleming was appointed Assistant Alienist at \$1,500 a year. Dr. Fleming stood second on the list supplied by the Municipal Civil Service Commission, and was highly recommended by Dr. Charles W. Pilgrim, the President of the State Commission in Lunacy, and Dr. William Mabon, the former President.

New Refrigerator at the Morgue.

With the advent of warmer weather the refrigerating plant that supplied the Morgue failed to keep it at a sufficiently low temperature, and an investigation showed that this was due in part to a system of ventilation installed last year. Upon the removal of this system the temperature was at once reduced about 30 degrees in most of the boxes, and a thorough cleaning of the coils in June improved the condition still further. But the refrigerating plant was not considered adequate for the warmest summer weather, and the Board of Aldermen was requested, therefore, to appropriate \$4,000 for its enlargement. Specifications and plans for these repairs were approved on July 9, and bids were called for on August 1, but none was received at that time, and of the four received on September 26 the lowest was within \$12 of the sum allowed. There being some reason to think that more favorable terms might be secured at another bidding, all the offers were rejected and the work was advertised anew. In the meanwhile a bid of \$900 was accepted to change the refrigerating pipe from the boiler house to the Morgue. Bids were again received on October 12, and the contract awarded to Mortensen & Co. for the sum of \$3,989,

subject to the approval by the Corporation Counsel of a condition inserted by the contractor in regard to payments. On October 24 the Corporation Counsel wrote to the Board of Trustees expressing his disapproval of this condition, and advising the rejection of all the bids and a readvertisement. This course was taken by the Board, and on November 9 a bid of \$3,995 (substantially the same as their previous bid) was received from the same contractors, without the condition regarding payments which had failed to meet with the Corporation Counsel's approval. This bid was accordingly accepted, and the work is now in progress.

Improvements, Alterations and Repairs.

In advertising for the furniture to be used in the new hospitals of the Department it was decided to include a sufficient number of beds to replace over 100 of the old ones in use in the wards of Bellevue. Some of the newer beds were obtained a short time ago, and wherever they are in use the visitor is struck with the better appearance of the ward, while the work of the Nurses is much lightened by the increased convenience of the bed.

New bathtubs having been recently installed in all the wards of the hospital, the Trustees have directed that they be provided also in some of the dormitories for employees, where the old iron tubs have been in use so long that it is difficult to keep them clean. The sum of \$435 has been appropriated for this purpose.

The purchase of two new washers to do the work in the laundry, where 5,000 pieces are washed every week, has been approved.

It has been necessary to strengthen the floor in the Property Clerk's office to hold the safe which is to be placed there.

It has been decided to erect a chimney direct from the Doctors' kitchen at a cost of \$300. The present chimney communicates with that of the old boiler house, and is extravagant as well as troublesome, inasmuch as it allows a return flow from the old boiler chimney into the hospital cellar.

Among the recent improvements may be mentioned the extension at the rear of the power plant, designed to receive two additional boilers.

The Department of Water Supply, Gas and Electricity having ordered that the motor current be on a separate circuit from the light current, the work of putting in the motor circuits has been authorized, the estimated cost being about \$500.

Some much needed repairs have been made to the roofs and leaders of the hospital, and the contractor has guaranteed to keep them in a satisfactory condition for two years.

At the request of the Third Medical Division of the Attending Staff a partition has been erected in Ward 20, forming a room for the laboratory work of this division, the room formerly used being too small for the purpose.

The desk of the Policemen on duty in the men's prison ward has been transferred from in front of the sewing room to the Prison Ward. By this arrangement the officers are close at hand in case of an emergency in the Prison Ward, and space is provided at the entrance of the sewing room for bandage cutting and gauze picking machines.

The discovery of some smoke among the clothes in the old drying room of the laundry on the afternoon of October 13 led to an investigation by the Fire Marshal, who was invited to report and make recommendation for the greater safety of the room. He recommended that the room be made completely fireproof, and this has since been done.

The Sturges Pavilion, or post-operative ward, has been completely repainted and plastered at an expense of \$475. Painting has also been done in the Mills Training School Building, and a bid of \$900 has just been accepted for the painting and repairing of the ambulance stable and psychopathic wards. The construction of a pipe trench in the floor of the clothes room, at a cost of \$212, the lowest bid received, has been arranged for. A special cable for electric power, as distinct from the light, is being constructed to the hospital kitchen at an expense of \$125.

Medical Appointments, Changes, Etc.

On January 9 the Board of Trustees received a communication from Dr. Charles Phelps resigning his position as Attending Surgeon to the Fourth Division of Bellevue Hospital, to take effect on January 10, and the following resolution was adopted:

"Resolved, That the Board of Trustees accepts with regret the resignation of Dr. Charles Phelps, who for fifty years past has been active in many capacities in the interests of the sick of this City;"

"Resolved, further, That Dr. Charles Phelps be and he hereby is appointed Consulting Surgeon to Bellevue Hospital."

On January 19 the following changes in the Attending Staff were approved by the Trustees: Dr. Charles Chetwood, transferred from the position of Attending Surgeon on the First Division, to a similar position on the Fourth Division, left vacant by the resignation of Dr. Phelps; Dr. T. A. Smith, promoted from Assistant Attending Surgeon to Attending Surgeon, Fourth Division, in place of Dr. Fluhler, resigned; Dr. L. W. Hotchkiss, promoted from Assistant Attending Surgeon to Attending Surgeon, in place of Dr. Chetwood, transferred; Dr. J. C. Ayer, promoted from Adjunct Assistant Attending Surgeon to Assistant Attending Surgeon, in place of Dr. Hotchkiss, promoted; Dr. A. S. Vosburgh, appointed Surgeon to Out Patients and Adjunct Assistant Attending Surgeon to Bellevue Hospital, in place of Dr. Ayer, promoted. On January 30 Dr. William S. Terrierry and Dr. Edwin Beer were appointed Assistant Attending Surgeons, and Dr. William A. Downes was appointed Surgeon to Out Patients and Adjunct Assistant Attending Surgeon to Bellevue Hospital, Fourth Division. Dr. W. S. Cherry, Physician to Out Patients, Third Division, resigned on April 6, and Dr. Charles J. Imperatori was transferred from the Fourth to the Third Division, to take the place of Dr. Cherry. On April 6 Dr. Leonard F. Nicoll was appointed Assistant Physician to Out Patients, Fourth Division, and Dr. George R. Satterlee was appointed Physician to Out Patients on the same division. On April 24 Dr. A. V. S. Lambert was appointed Assistant Attending Surgeon to Bellevue Hospital, and Dr. Frank S. Meara was appointed Assistant Attending Physician to Bellevue Hospital, First Division. On the same day Dr. Clarence G. Bandler was appointed Assistant Surgeon to Out Patients, First Division, genito-urinary service. On May 8 Dr. John A. Hartwell and Dr. James M. Hitzrot were appointed, respectively, Assistant Attending Surgeon and Adjunct Assistant Attending Surgeon, Second Division. On June 1 Dr. Edgar W. Danner, Assistant Surgeon to Out Patients, Fourth Division, resigned. On June 5 Dr. Cleveland Ferris was appointed Assistant Physician to Out Patients, Second Division, and on June 25 Dr. W. C. Cramp was appointed Assistant Surgeon to Out Patients, Fourth Division. Upon the recommendation of the Medical Board the following appointments were made to the House Staff: First Division—Dr. William T. E. Elmendorf, Dr. Henry Clark Sears, Dr. Murney Edward Lewis, Dr. Dudley S. Conley, Dr. L. S. Bartlett (one year), and Dr. Michael Osnato (one year). Second Division—Dr. E. G. Cuddeback, Dr. C. F. Obendorf, Dr. W. A. McLaren, Dr. M. J. Johnson, Dr. J. E. Reid and Dr. T. F. Kearns. Third Division—Dr. Richard Travis Atkins, Dr. Lucian Bayard Mitchell, Dr. Marcel Wesley Sherwood, Dr. Edward Barnard Rushli, Dr. Frederic Josias Wurtele, Dr. Samuel Frederick Mullins, Dr. Howard Donald Urquhart (one year), and Dr. Chester R. Brown (one year). Fourth Division—Dr. Henry C. Thatcher, Dr. J. C. Woolridge, Dr. F. W. Rice, Dr. R. O. Baker, Dr. F. R. Holbrook and Dr. Arthur L. Slocum. The resignation of Dr. D. P. Card, Interne to the Third Medical Division, was accepted on April 6. On July 23 Dr. William Preston Macleod was appointed Assistant Physician to Out Patients. The resignation of Dr. Alfred A. Walker, Interne on the Fourth Surgical Division, was accepted, dating from July 7, and Dr. F. R. Holbrook was promoted from Junior to Second Senior in place of Dr. Walker, resigned. On September 28 Dr. F. B. Van Wart was appointed Assistant Physician to Out Patients, First Division. On the same date Dr. I. O. Woodruff was appointed Assistant Physician to Out Patients, First Division, and Dr. H. V. Holcomb was appointed Assistant Surgeon to Out Patients, First Division. On October 12 Dr. Alfred F. Hess was appointed Assistant Physician to Out Patients, Fourth Division, children's service, and on October 23 Dr. Edgar T. Ray was appointed Interne to the Fourth Division of Bellevue Hospital, to fill the vacancy caused by the promotion of Dr. Holbrook, his appointment dating from July 1. On December 4 Dr. S. L. Cash was appointed Assistant Physician to Out Patients, Third Division, children's service, and Dr. Henry Pearson was appointed Assistant Surgeon to Out Patients, Second Division. On the 26th of December the resignation of Dr. Michael Osnato, Junior on the First Surgical Division, was accepted, dating from December 3, 1906.

Census.

The total number of days' treatment given at Bellevue Hospital during 1906 has been 293,380, as compared with 316,736 in 1905, and the average daily census 804, as compared with 868. The largest number of patients treated at one time was 954 in 1906, and 1,077 in 1905. The total number cared for was 27,178, against 28,546 in 1905.

There were 84,927 visits made to the Out Patient Department by 21,625 patients, against 81,005 visits by 31,547 patients in 1905.

GOUVERNEUR HOSPITAL.

Reconstruction Work.

So slow has been the progress of the contractors, Messrs. John R. Sheehan & Co., on the work of reconstructing Gouverneur Hospital, and so poor in many instances the character of the work done, that the Trustees have been compelled to submit to the Corporation Counsel a report from the architect stating the exact condition of affairs, accompanying it with a request for his opinion as to the best method of compelling a rectification of mistakes and the early completion of the building.

At the end of March the condition of the building was little advanced beyond that given in the last report. An extra order had been issued to the contractors for the work of widening the three windows in the new wing that have been cut down to the floor, in order that beds might be easily rolled out on the balconies for patients to enjoy the open air. The Trustees approved of the estimates of the contractors for installing a watchman's time detector system, a fire alarm system and fire lines, in accordance with the recommendations of Mr. Bonner, of the New York City Visiting Committee of the State Charities Aid Association. They also authorized the addition of thirty feet to the boiler stack to improve the draught, and the cutting of a window in the dark room of the new Out Patient Department. During the latter part of May a conference was arranged at the hospital building between a representative of the Department of Finance, the architect, the Chairman of the Building Committee of the Board of Trustees and the contractors' representative, which resulted in the settlement of some of the questions at issue between the architect and the contractors. The latter requested that the hospital authorities move into the new wing, but because of their failure to complete the work properly it proved impossible to move into it at that time on any floor except the first floor, which is used for the Out Patient Department, and the top floor, and even on these floors the work is not entirely satisfactory. It was a relief to move the Out Patient Department to its new quarters. The work of that department has been very heavy, and it has been difficult to accommodate the patients in the old wing. The removal of patients to the wards of the new wing occurred on July 10, and the contractors then took possession of the old wing to effect the changes and improvements called for in their contract. As these were very extensive in character, the old wing had to be abandoned completely to the builders, and the new wing quarters being yet incomplete, much discomfort resulted to all, and the service suffered in the cutting down of the accommodations for women patients to fifteen beds, in addition to which some stretchers were used. The use of the laundry was obtained on July 16, the extractor and washing machine from the old laundry being set up for use in the new, after having undergone a thorough renovation. The new electric irons received their first trial, and appeared to give satisfaction.

The present condition of the work on the building is as follows: The first and fifth stories of the new wing have been practically completed and are now occupied. The second, third and fourth stories, which contain the general wards, are finished except that some unsatisfactory work, such as patching, plastering and painting, remained to be corrected. The kitchen and basement rooms of the new wing are now occupied. The new engines, dynamos, elevators and ice plant have been put in working order. The stable has been completed and is occupied, and the morgue is complete, with the exception of the substitution of refrigerator slides for those which were condemned. In the old wing of the building the partitions have been torn out, and, where required, new ones have been rebuilt and replastered. The plumbing roughing is about complete. Composite and tile flooring has been laid in the accident ward.

The walls of the fifth floor of the old wing require repainting and the floor requires a better finish. The fitting up of the cedar closets in the bath wings is still to be furnished, and a few of the electric fixtures are missing. With these exceptions this floor is complete.

As the male ward and diet kitchen in the new wing (fourth story) are occupied, no work has been done in this part of the building, although some of the painting has been done unsatisfactorily and still requires attention. Two of the Nurses' bedrooms have been completed and occupied. The sterilizing room is complete, and all apparatus set in place, and is being used as a temporary operating room. When the final coat of paint is applied to the walls and trim of the operating room it will be complete and ready for use. In a short time the ward for female patients in the old wing will be ready. The plumbing work and fixtures in the ward toilets, with the exception of a slop sink, have been installed, and the floor and slate partition have been set. On the third story the House Surgeon's and House Physician's rooms have been practically finished and are occupied. The floor of the Nurses' dining room has been laid, the plastering completed and the walls painted, but the electric fixtures are still missing. On the second story the Superintendent's quarters are nearing completion, and will be ready for occupancy in a short time. The work on the first story is farther advanced than that of the other stories. The dispensary and accident ward are now occupied. The corridor floors are laid, but the walls have not received their final coat of paint. The engine and boiler rooms are practically complete, and the blowers are in place in the fan room, but the thermostatic control has not yet been installed. The fitting up of the drug dispensing room is progressing slowly, although the shelving, drawers, tables, etc., have been installed. The pipes throughout the building have been installed for the vacuum cleaning system, but no work has been done in connection with the enlarging of the pump room.

The last step taken by the Board of Trustees in dealing with these contractors, Messrs. John R. Sheehan & Co., has been the sending of a peremptory communication to the effect that if their work was not completed by January 15, 1907, it would be taken out of their hands and placed in those of another contractor.

Hospital Help Improved.

The use of the top floor for a dormitory for the men employees has been an improvement. There are eleven well-lighted and well-ventilated sleeping rooms, each of which accommodates two men. In addition to these rooms, which are comfortably furnished, there are bathroom accommodations and a large and attractive sitting room, which has several windows overlooking the river, and here the men may smoke, play games or read the papers and magazines. The experiment has been tried of paying the employees housed in the new dormitory a minimum wage of \$20 a month, and it is gratifying to state that there have been fewer changes in the service than ever before. Care is taken in engaging new employees to select those who are congenial to the other inmates, and the comfortable new quarters have doubtless had their share in contributing to this result. On the women's side the dormitories have not yet been completed, but among the women employees, too, the payment of a better wage has resulted in something like a permanent staff of hospital help. A fire in some stables adjoining the hospital on the night of September 25 brought out well the discipline of the employees, whose influence reassured the patients and allayed any fears they may have been disposed to entertain.

Out Patient Department.

There has been a very noticeable increase in the number of persons applying to the Out Patient Department for relief since the occupation of the new rooms in April last. This increase has not only been constant during the period named, but is very marked when compared with the figures of last year. Owing to the fact that the new drug store has had to be used as an accident ward, and that one of the examination rooms has had to be occupied in its place, while another is occupied as a storeroom, the premises have been almost as badly crowded as they were on the other side of the building. While the services of an additional Nurse could be utilized, it has been deemed wise to wait until satisfactory accommodation can be found for all the clinics to be established.

The question of the admission of undergraduate students to the clinics of the Out Patient Department came up for discussion, and it was decided not to admit them at present on account of the limited space in the rooms.

Miscellaneous.

The House Staff requested that the new rule dividing the service, so that one side of the Staff shall have six months of medical and eighteen months of surgical service, and the other side six months of surgical and eighteen months of medical service, shall not affect the members of the Staff who were appointed prior to its enactment. This request has been granted.

The Trustees are happy to report a considerable abatement in the nuisance caused by the smoke from steam tugs on the East river. Appeal was made to the President of the Board of Health, who took steps which have resulted in a decided relief from the old condition of affairs.

The Board accepted early in September the bid of the Vacuum Cleaning Company to install its apparatus at a cost of \$5,000. An experiment of this new system, for which so much is claimed, will therefore be made at this hospital, and upon its success will in all probability depend the installation in the other hospitals of the Department.

Instead of renewing the contract with the Consolidated Fire Alarm Company to maintain its system at a cost of \$50 a year, the Trustees have decided to install a fire alarm signal box of the regular type, with the necessary underground conduit construction, cable, etc., connecting with the Fire Department's wire, the cost of which will not exceed \$235.

The matter of devising some form of wind-break for the balconies, in order that they may continue to be used throughout the winter for the outdoor treatment of patients suffering from pneumonia and other diseases, has been under advisement, and it is hoped something can be done to accomplish the object sought.

The appropriation of \$20,000 asked for the equipment and furniture of the additional wing of the hospital has been voted by the Board of Estimate and Apportionment.

In view of the conditions of disorder existing in the hospital by reason of the building operations, the greatest credit is due Miss Stowers, the Supervising Nurse, and her Assistants for the work accomplished there during the past year.

Medical Appointments, Changes, Etc.

Dr. C. H. Van Norman having failed to report for duty, Dr. S. C. Mason was appointed Interne to fill the vacancy, dating from January 15. On April 24 the Trustees appointed Dr. A. J. Taves Physician to Out Patients and Assistant Attending Physician to Gouverneur Hospital; Dr. A. C. Henderson, Medical Clinical Assistant, and Dr. F. G. Goodridge, Medical Clinical Assistant (diseases of the stomach). On May 1 Dr. Charles H. May was appointed Consulting Ophthalmologist. On May 8 the following Internes and Alternates were appointed: Dr. Gilman Winthrop, Dr. F. R. Lett, Dr. Richard Macrae, Dr. Clarence A. Birdsall, Dr. Charles R. Mitchell (alternate), and Dr. Edward C. Gilbert (alternate). On October 23 Dr. Robert Abrahams was appointed Physician to Out Patients, dermatological department. On the same date Dr. Abe Maurice Hilcovich was appointed Physician to Out Patients, gynaecological department. The resignation of Dr. Charles Bell, Interne, was accepted on October 23.

Census.

The total number of days' treatment at Gouverneur Hospital during 1906 has been 25,185, as compared with 32,436 in 1905, and the average daily census 69, as compared with 89. The largest number of patients treated at one time was 89, in 1906, and 122, in 1905. The total number cared for was 2,921, against 3,663 in 1905.

There were 93,034 visits made to the Out Patient Department by 43,239 patients, against 69,676 visits by 28,474 patients in 1905.

HARLEM HOSPITAL.

Construction of New Hospital.

As at Gouverneur, the dilatory methods of the contractors upon the new Harlem Hospital building, Messrs. P. J. Carlin & Co., have made necessary an appeal to the Corporation Counsel for an opinion upon the best method of compelling work to bring the building to completion. Early in the year it became necessary to inform them that if they did not place a large force of men on the work they would be dismissed and other contractors employed to finish the building. On July 23 they were notified again and given thirty days in which to complete the work. The hospital building proper is now completed, but so much has been left in unsatisfactory shape by the contractors that the Trustees have not felt justified in certifying a payment to them. A communication from them dated October 19 was received, inclosing a guarantee as to the stability of the construction and all material used, and asking that a final certificate be issued to them. A certificate, with vouchers, having been forwarded by the architects, Messrs. Horgan & Slattery, to the Comptroller late in November, the Board of Trustees recalled it, and required of Mr. Carlin that he furnish the Board with a statement in writing of the reasons for the delay that had occurred in his work, and further, that he produce certificates from the architects and Consulting Engineer that the building is complete and ready for delivery to the City. This certificate has not yet been received in the form desired by the Trustees, and the matter is still awaiting adjustment.

It having been found that, in accordance with the architects' plans, the contractor had provided a plaster cornice and an ornamental iron grille at the base of the skylight in the operating theatre, and a bead molding above the wainscot, instructions had to be given for their removal and for refinishing the walls, in order that the operating room might have as few surfaces as possible to catch the dust.

The contract for the erection of the iron balconies to the hospital was finally awarded on January 30, four months' time being allowed for its completion, in order that this work might not interfere with that of the general contractors. They made very slow progress, and it became necessary early in May to warn them that unless the work were pushed in accordance with the terms of the contract they would be removed from it and the work would be completed at their expense, as provided for in the contract. Later in the month they were warned again to put more men upon the work and to finish it as quickly as possible. This was done, and the balconies are now completed.

Specifications for the work of installing a sterilizing apparatus in the new hospital were authorized on April 17, and on May 8 the bid of the Bramhall, Deane Company, amounting to \$800, was accepted, that being the lowest of the three bids received. Later on, however, it was determined not to install the apparatus until the contractors were out of the building.

Bids for the fittings of the drug room were received on August 29, and the contract was awarded to the William Horne Company, the lowest bidder, for the sum of \$1,973. These contractors, too, proved very unsatisfactory, and had to be ordered on November 20 to complete the job in ten days' time. They replied by alleging that changes had been ordered by the architect, thus causing some further delay. The Trustees ordered the work finished without further loss of time, but owing to a dispute with the architects over the quality of the materials used, it has not yet been completed.

Early in September the architects were requested to prepare specifications for the installation of a central watchman's clock and fire alarm gong, and also for a vacuum cleaning system.

The proposition of the New York Telephone Company to install a telephone system of four trunk lines, a complete switchboard, thirty-four extension stations, with 16,000 local messages, at a cost of \$816 a year, a discount of 25 per cent., was accepted on September 28.

The painting of the walls of the new hospital building was not provided for in the contract, and it was therefore necessary to obtain from the City authorities permission to meet this expense out of the fund set apart for the furnishing and equipment of the new building. This permission has been accorded, and bids for the work were received on December 7, the lowest being that of Herman Solomon, for \$1,950. The contractor who presented this bid immediately alleged a mistake in his estimate and declined the contract, and as the Trustees were advised by the architects that the work could not be done satisfactorily for the amount bid, no course remained but to reject all the bids and advertise anew.

It has been found that the refrigerator planned for the new hospital is not of sufficient capacity to hold the quantities of fresh meats, milk and eggs which will be needed. Steps have been taken to remedy this defect by installing a new box in the basement storeroom, and bids for making this improvement have been called for by advertisement in the CITY RECORD.

The Approval of the Board of Estimate and Apportionment of the expenditure of \$30,000 for furnishing the new hospital has been obtained, and the task of estimating the exact equipment needed for each room has been accomplished by the Assistant Superintendent and his Aids.

The Power House.

The general heating system is now in operation, and steam has been supplied for some weeks. A City Engineer has been stationed in the boiler and engine rooms. Heat and power are being supplied throughout the group of buildings.

The boilers, filters, pressure, brine and water tanks, all pumps, engines, dynamos, generators, sterilizers, laundry machinery, plumbing fixtures, fire equipment, etc., are in position. This assembling of an important and intricate power station, including the installation under one system of apparatus of various kinds and different manufacturers, has been accomplished with promptness and splendid workmanship.

The dormitories, isolation ward, laundry and sterilizing departments are finished complete. The autopsy table is being set, and the doors of the refrigerator front have yet to be put on. This can be done in a short time, and will complete the autopsy room.

The Ambulance Station.

The asphalt floor has been laid. The stall fittings, harness racks, hitching rings, grain bins, chutes, hayloft guards, hoist tackle, etc., the soap, sponge, salt brick racks and holders, all are supplied, attached and installed complete. Except for slight retouching of paint and some usual cleaning of floor and brick work, this department is finished.

The Drivers' dormitory is finished complete, with its toilets, lockers, lounging room, special stairway and sliding pole, rubber landing mat, etc.

The two general dormitories on the second and third floors, with their bath and toilet rooms, lockers, fire equipment, radiators, general painting, independent stair, etc., are well and perfectly done. This department is complete and ready, excepting slight plaster and paint cleaning.

There are still some outside electrical fixtures to be fitted with glass globes; a Siamese hose connection at the sidewalk to be installed, and the wall thermometers of the thermostatic control of heating and ventilating system to be attached. These, together with a final general cleaning, will complete the building.

All this work is very well done and holds the record for finished execution of the buildings under the existing building conditions.

Laying Out the Grounds.

The plans for laying out the grounds about the new hospital were approved on May 8, and advertisement for bids upon the work was authorized upon the approval of the specifications by the Corporation Counsel. A few minor modifications were agreed to subsequently, the most important being a reduction in the height of the iron fence enclosing the grounds, from 7½ feet to 6-feet. The contract was awarded on September 7 to Messrs. Kelly & Kelley, whose bid of \$20,280 was the lowest of the four bids received. The next lowest bid was between \$29,000 and \$30,000 and the highest bid ran up to \$34,642. All the work of excavation, seeding and sodding, as well as concrete, iron and plumbing work is included in this contract. The contractors wished to defer the work of laying out the grounds, but were ordered by the Trustees early in October to proceed with it. The drains for walks and drives, sprinkler pipes, plumbing and water supply pipes under this contract are now installed. The tennis courts and the One Hundred and Thirty-sixth street lawn have been graded and most of the surface covered with garden mould. The court pavement over coal vaults has been cut down; part of the sidewalk and about half of the drives and paths are finished. The Fairbanks scales have been set and the cast iron bases for the fence at the sidewalk line are being rapidly set in place. On recommendation of the architect, Mr. J. H. Freedlander, the contractors' estimate of \$109 to build a concrete curb around the seven areas on the east and south side of the main building was approved. It was also decided to substitute granolithic blocks for asphalt in the pavement of the incline to the ambulance stable, this substitution involving no additional expense.

The Present Hospital.

Notice was received from the Sinking Fund Commission, under date of January 26, of the renewal of the lease of the Harlem Hospital building for an indefinite period, subject to sixty days' notice by either party before its termination. The Commission subsequently arranged to renew the lease of the annex building at the present rental of \$85 a month, with the privilege of termination by either party after thirty days' notice.

Now that the time is rapidly approaching for the occupancy of the new building, a desire has been manifested by residents of the district in the immediate vicinity of the present hospital for its continued use for hospital purposes. This desire found expression in a communication to the Trustees from the East Side Citizens' and Taxpayers Association. To it reply was made that there were no funds available with which to run both institutions. It might have been added that the present buildings, being of wood, are and always have been unfit for hospital purposes and would have to be replaced with new fireproof buildings were the present site to be continued in use. This would involve purchase of the site by the City and a considerable appropriation for a new hospital plant. As an argument in favor of such action might be urged the fact that the district is undoubtedly a growing one, and that a large proportion of the accident cases treated in the hospital at present come from the immediate vicinity. A delegation from the same association appeared before the Board of Trustees at its meeting of December 18 to advocate this course, and Mr. Sachs was appointed a committee of one to confer with the directors of Sydenham Hospital, in East One Hundred and Sixteenth street, with a view to ascertaining what help could be afforded by that institution in caring for the district in the immediate vicinity of the old hospital.

Medical Matters.

Upon the recommendation of the Medical Board the house staff has been divided into a medical and surgical side. This change is desirable on account of the growth of the service, and a great advantage of making it at the present time is that the service will be running smoothly under the new order of things when the hospital is moved to the new building, where such a division of the staff will be a necessity.

Acting upon the request of the Trustees the Executive Committee has drawn up an excellent set of rules for the administration of anaesthetics.

A letter having been received from the Sisters of St. Francis' Hospital asking the privilege of calling on Harlem Hospital occasionally for an ambulance, the Superintendent has been instructed to grant their request if it can be done without detriment to the Harlem Hospital service.

Medical Appointments, Changes, etc.

Dr. Joseph E. Lumbard was appointed Anaesthetist on January 9. Dr. Augustus F. Dempewolf, Surgeon to Out Patients, resigned on January 30. On January 30 Dr. Walter S. Reynolds was appointed Physician to Out Patients and Dr. Ida Oshlag was appointed Assistant Physician to Out Patients in the eye clinic. On January 2 Dr. D. D. Campbell was appointed House Surgeon, and on January 19 Dr. J. L. Felder and Dr. Charles Ginsberg were appointed Internes. Dr. Clarence M. Graham was appointed Assistant Surgeon to Out Patients in the children's clinic on March 7. On April 17 Dr. A. A. Gumbiner, Assistant Surgeon to Out Patients, was dropped on account of failure to attend to his service regularly, and on the same date the resignation of Dr. S. L. Auspacher, Assistant Physician to Out Patients, was accepted. The following appointments were made on April 17: Dr. John F. Connors, Assistant Attending Surgeon to Harlem Hospital; Dr. Edward T. Bull, Assistant Physician to Out Patients; Dr. E. W. Hubby, Assistant Physician to Out Patients; Dr. W. J. Furness, Assistant Surgeon to Out Patients, and Dr. C. H. Weir, Assistant Physician to Out Patients. On May 1 the following Internes were appointed: Dr. Augustus J. Rossano, Dr. H. Archibald Fischer, Dr. C. A. Ross, Dr. John Overton, Dr. Edgar T. Ray, substitute for one year from July 1, and Dr. Homer L. Day, substitute for one year from July 1. On June 25 Dr. C. N. Graham was transferred from the children's service to the genito-urinary service, and Dr. Joseph O'Dwyer was appointed Assistant Surgeon to Out Patients. The resignation of Dr. F. H. Massacar, Physician to Out Patients, was accepted on July 2, and Dr. P. Knowles was appointed to the vacancy.

On October 30 the Trustees appointed Dr. Lewis Lewis Assistant Surgeon to Out Patients (male) and Dr. E. F. L. Ziegel Assistant Physician to Out Patients (eye and ear department). On the same date Dr. Henry Scott was appointed Surgeon to Out Patients (orthopedic department) and Dr. Carl R. Keppler Surgeon to Out Patients (orthopedic department).

Census.

The total number of days' treatment given at Harlem Hospital during 1906 has been 17,950, as compared with 18,349 in 1905, and the average daily census 47 as compared with 50. The largest number of patients treated at one time was 61 in 1906 and 66 in 1905. The total number cared for was 3,590 against 2,844 in 1905.

There were 60,480 visits made to the out patient department by 26,421 patients, against 59,704 visits by 24,965 in 1905.

FORDHAM HOSPITAL.

Construction of New Hospital.

A communication under date of February 6 was received from the contractors for the new Fordham Hospital, requesting that an extension of time be granted them for the completion of their contract on account of unforeseen difficulties and changes in their work. The Board requested them to use all possible means to finish the building at the specified time in July, informing them, however, that if it should become necessary a proper extension of time would be granted them. Rapid progress was made during the next six months upon the main building of the new hospital, practically all the structural work being completed and the building brought into readiness to receive the interior finish, together with plumbing, fixtures and the like. Since then the group of buildings—hospital proper, Nurses' Home, ambulance building and power house—have been brought very near completion, the detailed condition being as follows: In the main hospital building all the plastering is complete and all the floors throughout the building have been laid. The yellow pine floors in the ward corridors and small rooms have been scraped, but have not yet been oiled and varnished. The trim and plaster work have received four coats of paint, as required by the specifications. The ranges and hoods in the main kitchen in the basement have been set, and the kitchen apparatus is in place, but the connections have not yet been made. In the diet kitchens the ranges, Cooks' table urns and refrigerators are in place and connected. In the operating and sterilizing rooms the sterilizing apparatus and plumbing fixtures have been placed and connected. The blowers in the basement are complete, but have not as yet been tested. As there is no current in the buildings the elevators have not been tested.

The laundry building, Nurses' Home, ambulance house and morgue building are in a fairly complete condition, all the trim being in place, the hardware installed and the outside blinds hung. The Board of Trustees is assured that these buildings could be turned over to it in a week's time, if required.

The boilers, engines, pumps, switchboards and ice plant have been installed in the power house. The boilers have been tested and have been in actual use for six weeks. The machinery has not as yet been tested. The work under titles 1 and 2 has been progressing rapidly, and these contracts should be completed in the immediate future. The contractor, under title 3, has been seriously delayed on account of the non-delivery of many of the fixtures.

An advertisement calling for bids upon the labor and material required for fitting up the Compounding and Dispensing Apothecary's room and the installation of a prescription table was authorized, and this contract was awarded on November 27 to Mr. Ely J. Rieser for the sum of \$1,933.

Complaint by the general contractors, Messrs. John H. Parker Company, has been received of the work of McManus & Welch, sub-contractors for the plumbing. The work of these sub-contractors has been very much delayed, causing much annoyance and delay to the other workmen engaged upon the building, and the Board requested of the architect, Mr. R. F. Almirall, a report upon their work. As a consequence of this report, Messrs. McManus & Welch were instructed to complete their work by December 25, and in case of failure to do so they were informed that work after that date would be considered overtime, and liquidated damages would be collected therefore, as provided for in the contract.

Favorable action upon the request of the Trustees for \$40,000 with which to furnish and equip the new hospital has been taken by the City authorities, and the matter of determining upon the equipment is well in hand. The purchase of a dish-washing machine, at a cost of \$425, for the kitchen of the new hospital has been decided upon, and this will be paid for out of the equipment fund.

As at Gouverneur Hospital, provision has been made for doors from the wards to the balconies in order to allow patients to be rolled out in their beds or wheeled chairs to enjoy the open air.

Laying Out the Grounds.

The planning of the grounds of the new hospital was intrusted to Mr. R. F. Almirall, the architect for the building, who submitted preliminary sketches for the consideration of the Board of Trustees. The plans were approved and advertisement of the specifications authorized at the meeting of May 8, this authorization having to wait upon the approval of the Corporation Counsel, which was not received until several months later. The contract was finally awarded on October 30 to the Thomas Crimmins Contracting Company for the sum of \$36,280, that being the lowest of the eight bids received. It was decided not to contract at the same time for the Doctors' tennis court, the separate estimate submitted for this appearing to the Board unreasonably high.

The work on the grounds is advancing slowly, due chiefly to the inclement weather.

Drainage of Surrounding Land.

It having been found on a visit to the grounds, made by two of the Trustees on May 21, that the pond in the immediate neighborhood of the hospital was larger than ever, a letter was sent to the owners of the property notifying them that unless the pond was drained within thirty days the matter would be reported to the Board of Health. A reply was received promising prompt attention to the matter on the part of the Engineers of the Borough of The Bronx, to whom it had been referred. In their next quarterly report the Trustees were able to announce that the pond had been emptied, and the hope was expressed that the work of filling in would be undertaken promptly. As, however, there are other ponds and some low-lying ground in the neighborhood of the hospital, the Trustees decided to request the Board of Health to order a sanitary survey of the region within a half mile radius of the new hospital, for the purpose of filling in the ponds and low spaces, and thus bringing about an extermination of the mosquito larvae existing there. A reply from the President of the Health Board promising early consideration was received on December 15.

Miscellaneous.

Work at the old hospital has been going on satisfactorily in all departments save one, the drug shop, where the discovery was made by Mr. D. J. Gerrity, Acting Chemist of the General Drug Department, that an excessive quantity of such expensive drugs as cocaine, morphine, codeine, etc., had been credited to the use of Fordham Hospital. Investigation proved that these drugs could not have been applied in such quantities in so small a hospital, and left open no other hypothesis than that they had been stolen, either with or without the connivance of the apothecary in charge. For his negligence in the matter he was dismissed by the Board of Trustees.

It has been the policy of the administration to keep vacant a few beds at the present hospital for emergency cases, accidents being of frequent occurrence in the vicinity, but this has not always been possible, and resort has had to be had in several instances to stretchers in the wards to accommodate sufferers in need of immediate treatment.

A new etherizing apparatus has been purchased for the hospital at a cost of \$100.

The medical journals were notified of the intention of the Board of Trustees to create an out patient department at Fordham Hospital in order that the Board might receive applications from physicians and surgeons for positions in the new department.

Medical Appointments, Changes, etc.

On January 2 Dr. Louis H. Taft was appointed Junior Assistant and Dr. William H. Mitchell second Junior Assistant to the house staff. The resignation of Dr. Thomas Darlington from the position of Attending Physician to Fordham Hospital

on account of the pressure of his duties as head of the Health Department was accepted with regret by the Trustees at their meeting of February 27, and he was appointed Consulting Physician to the hospital. On April 6 Dr. John Aspell was appointed Attending Physician to Fordham Hospital and Dr. William P. Healy was appointed Surgeon to Out Patients and Assistant Attending Surgeon to Fordham Hospital. On the same date Dr. Alexander Nicoll was appointed Surgeon to Out Patients and Assistant Attending Surgeon to Fordham Hospital, and Dr. E. R. Cunniffe and Dr. J. J. McGowan were appointed Clinical Assistants to Out Patients. On May 15 Dr. Bertram S. Bickelhaupt and Dr. J. L. Placek were appointed Internes to Fordham Hospital. Upon the recommendation of the Medical Board Dr. John Aspell was transferred from the medical to the surgical service, to take the place of Dr. Charles Bell, whose resignation was accepted on September 7, and Dr. George A. Elliott was appointed to the vacancy caused by the transfer of Dr. Aspell. On October 12 Drs. Frederick C. Hargrave and Thomas D. Brown were appointed Physicians to Out Patients.

Census.

The total number of days' treatment given at Fordham Hospital during the year 1906 has been 18,292 as compared with 17,211 in 1905, and the average daily census 50 as compared with 47. The largest number of patients treated at one time was 66 in 1906 and 62 in 1905. The total number cared for has also been larger in 1906 than in the previous year, being 1,352 and 1,151 respectively.

There were 6,160 visits made to the out patient department by 2,454 patients as compared with 5,036 visits by 2,530 patients in 1905.

Respectfully submitted,

JAMES K. PAULDING,
Secretary, Board of Trustees.

REPORT OF THE GENERAL MEDICAL INSPECTOR.

To the Board of Trustees, Bellevue and Allied Hospitals:

Gentlemen—I have the honor to submit herewith the following report of the hospitals of the Department for the year ending December 31, 1906:

On January 1, 1906, there remained in the several hospitals 991 patients, distributed as follows: In Bellevue, 810; in Gouverneur, 74; in Harlem, 53; in Fordham, 54.

During the year 33,672 patients were admitted, of whom 26,104 entered Bellevue; 2,837, Gouverneur; 3,446, Harlem, and 1,285, Fordham. The admissions included 378 births, 264 of which were in Bellevue, 10 in Gouverneur, 91 in Harlem, and 13 in Fordham.

There has been a decrease in the number of patients admitted to Bellevue and Gouverneur hospitals, and an increase in the number admitted to Harlem and Fordham. The decrease in Bellevue admissions seems to be associated with an increase in the number of applicants found to be unsuitable for treatment, as well as the demolition of two buildings to give room for Pavilions A and B of the new Bellevue. The decrease in Gouverneur has been associated with the restriction of accommodation consequent upon the enlargement of the hospital, which is now approaching completion.

The total number of patients treated during 1906 was 35,041, of whom 27,178 were in Bellevue, 2,921 in Gouverneur, 3,590 in Harlem, and 1,352 in Fordham. Of these patients, 23,744 were males and 11,297 were females.

During the year 30,592 patients were discharged and transferred. From Bellevue, 23,693; from Gouverneur, 2,590; from Harlem, 3,170; from Fordham, 1,139.

There were 3,492 deaths, or 9.9 per cent. of the total population. The mortality in Bellevue was 2,696, or 9.9 per cent. of those treated; that in Gouverneur was 258, or 8.8 per cent.; that in Harlem was 375, or 10.4 per cent., and that in Fordham was 163, or 12 per cent. The general mortality has been higher than in the four preceding years, and this suggests that those who sought admission were more seriously affected.

On December 31, 1906, there remained in the hospital 957 patients, of whom 789 were in Bellevue, 73 in Gouverneur, 45 in Harlem, 50 in Fordham.

There were 19,623 ambulance calls, 2,284 police cases, and 841 Coroners' cases. There has been a constant increase in the number of ambulance calls since the Trustees have had charge.

The number of applicants who applied for and received medical and surgical treatment, but who for various reasons were not admitted to the hospitals, was 14,972, an increase of over 3,000 since 1905 and 1904.

The several Out Patient Departments treated 93,739 patients, distributed as follows: In Bellevue, 21,625; in Gouverneur, 43,239; in Harlem, 26,421; in Fordham, 2,454. There were 227,225 prescriptions issued, an average of 1.01 to each patient's visit, or less than half the number issued in 1905. There has been a marked decrease in the number of patients treated in Bellevue, and a great increase in the number treated in Gouverneur, in consequence of the opening of the new out patient rooms in that hospital.

The psychopathic wards of Bellevue Hospital treated 2,721 patients, or 10.4 per cent. of the total admission to the institution. This was 5.9 per cent. more than were admitted in 1905, and included 1,419 men and 1,302 women. The data will be found in extenso in the interesting report of the Resident Alienist (page 56), and table VIII.

The total expenditure for 1906 was \$662,441.71, a decrease of \$3,730 over 1905. This was due to the fact that the appropriation for the latter year had supplied the hospitals with much new equipment and apparatus, but in general the cost of provisions and other supplies was higher, and while the total sum expended for each class of supplies was less than in 1905, the daily average of patients to be maintained was less than in the present year, so that actually the daily expenditure for each patient was greater.

This expenditure for all the hospitals was divided as follows:

	Year.	Per Month.
Provisions	\$160,367 58	\$13,363 96
Clothing and bedding	28,552 76	2,379 40
Drugs	34,615 52	2,884 63
Liquors	1,004 43	83 70
Surgical instruments	8,233 34	686 11
Fuel	33,899 50	2,824 96
Salaries	199,768 15	16,647 36
Miscellaneous	122,833 60	10,236 13
	\$589,274 88	\$49,106 24

The daily per capita cost for each patient was \$1.68, an increase of 9 cents per day over 1905. In Bellevue the daily per capita cost was \$1.56; in Gouverneur it was \$2.62, in Harlem it was \$2.23, in Fordham it was \$1.75. The increase in Gouverneur and Harlem was due to decreased daily average of patients, while in Fordham there was an increased daily average.

The per capita expense in general has been determined, as in the past, from the amount expended in each hospital, but of course it is not based on the total amount expended for the Department, as it does not include the salaries of the so-called central office, those officers and employees whose work is concerned with all of the hospitals; nor the expenses of the Out Patient Department of Bellevue; nor rents, incidental expenses, or expenses of Probationers Home for Women Nurses.

The fact that four of the large hospitals of the City have adopted a uniform system of financial reports and statistics, suggests the advisability that this Department should present its statistics in a similar form. The plan is practicable, and could be introduced with some modification of the present form; and it is accepted that one of the first essentials of effective hospital administration is to keep the accounts in such a manner that any one interested may be able to see at any time what is spent on each item in each Department. This seems particularly desirable with three hospitals that will soon be occupied that will have virtually the same capacity, and in which it is advisable to have a comparison of the administrative cost of each detail.

The recommendation of Dr. Menas S. Gregory, the Resident Alienist, that some provision should be made for the disposition of those who have chronic alcoholism is important, and the possible scope of such work may be inferred from the fact that 6,583 patients were treated for various forms of alcoholism in 1906, or 25.2 per cent. of the total admission to Bellevue. It is generally recognized that alcoholism is the cause of considerable physical incompetence, and is an important factor in psychological derangement. Furthermore, mental incompetence is a not unusual cause of habitual drunkenness, for upward of 62 per cent. of the inmates of inebriate reformatories in England were found to be insane or mentally defective. Most alienists agree that even a moderate quantity of any alcoholic beverage acts as a poison in epileptic, feeble-minded or potentially insane persons. Dr. F. W. Mott, pathologist to the London County Council, in a study of the relation of alcohol to insanity, said: "The majority of people admitted to asylums are hereditarily predisposed to insanity, or are of neurotic temperament, so that a quantity of alcohol which might be consumed daily by a man of stable mental organization without producing mental symptoms is sufficient to cause insanity in such predisposed persons."

The present method of treating these patients is unsatisfactory, in that it is the aim to relieve the immediate symptoms and discharge the individual as soon as possible. It is likely to create a class of repeaters or recidivists, and while it has been proposed that such individuals should be committed to the workhouse as habitual drunkards, that measure has proved useless, because it has failed to cure the condition, or to deter the individual from resuming his habits when discharged from custody, and thus fails to afford protection to the man or the community. It is open to the serious objection that it leads to further moral degradation and is likely to remove all hope of reformation.

The figures given above indicate the large number of patients who need treatment because of excessive indulgence in alcohol, and argument seems to be needless that there should be some means to restrain habitual drunkards. As there is no legal power at present by which alcoholics can be deprived of their liberty and placed in institutions, it would seem worth while that the Trustees request the Corporation Counsel to submit a law that would provide for the commitment of this class to suitable State or municipal institutions by proper judicial authority, as in the case of lunatics, and that the enactment of the law be requested by the Trustees.

Another subject for consideration in the service of the psychopathic ward is the admission of alien and non-resident insane. The ward records show that the number of aliens who had been less than two years in this country who were admitted for observation was, in

	Men.	Women.	Total.
1903.	187	105	292
1904.	108	123	231
1905.	121	117	238
1906.	120	82	202

These alien insane are to be disposed of eventually under the provisions of the United States statute that provides for the deportation of aliens, in the country less than two years, who are likely to become public charges. Under the present system these patients must be admitted, and if found insane after proper observation, must be transferred to the State hospitals. The State Commission in Lunacy takes the necessary steps to deport them from the latter institutions.

In former reports Dr. Gregory has shown that each of these patients entails an expense on the taxpayers that amounts to almost twenty dollars per capita, and a large part of this expenditure might be saved if authority was obtained to transfer such patients from the psychopathic wards to the custody of the immigration authorities.

Another source of expense in the psychopathic service is the care of non-residents who chance to be in the city, either at the onset or during some acute manifestation of their mental disease. There is reason to believe that many of these non-residents are sent to this city from communities in neighboring counties or states because there are no proper facilities for their care. It is believed that through the co-operation of the Department of Charities such patients could be returned at once to their home communities, upon which they are justly dependent.

As the duty to exclude alien insane rests upon the officers of the United States Public Health and Marine Hospital Service, who are physicians trained in general medical work, it is suggested that the efficiency of such physicians as inspectors would be increased if preliminary to detail for such duty they were trained to recognize the early symptoms of mental disease. Such training could be had in an acute insane service, and in part the cost of those likely to break down mentally could be saved; both to New York and the country at large, if the immigrant with incipient disease of the mind was recognized and excluded in the general inspection.

The privilege of using the advantages of the psychopathic wards of Bellevue Hospital might be tendered the United States Public Health and Marine Hospital Service for a limited number of medical officers who would serve, without cost to them or expense to the City, for a limited period under the Resident Alienist, and thus these physicians would acquire that familiarity with the early symptoms of insanity that would increase their efficiency and add to the value of the inspection of immigrants.

The report of Dr. Norris, the Director of Laboratories, indicates the important work that is done to determine, through the study of morbid processes, the cause of disease, and consequently the methods that must be pursued to cure and to prevent. To-day there is no more important adjunct to a well organized hospital than its pathological department, and its work should be furthered in every way.

The successful administration of this department is hampered materially by the fact that there is no law that authorizes a hospital to have a necropsy made in the case of unclaimed dead, and it is very desirable that some provision be made, as was done in the law of 1904, chapter 545, in effect May 3, 1904, which applies to Craig Colony only.

The law provides that in case of the death of a patient who has been maintained at public expense, the Superintendent of the hospital is authorized to have a post-mortem examination made, provided the body is not claimed by friends within forty-eight hours after death.

If that law could be amended so as to specify that its provisions would apply to any public hospital in the State, the result desired would be obtained.

Or the law relating to the disposition of cadavers, section 217, Public Health Law (Laws of 1893, chapter 661), could be amended so as to provide that the bodies of those who died in public hospitals and that were unclaimed for forty-eight hours could be delivered to the pathologist of the hospital for post-mortem examination. The Corporation Counsel could be asked to submit such a law for enactment.

The advisability of the creation of a fifth or new division is one that invites consideration. At the present time the service of the hospital is divided into four medical, three gynaecological, four surgical services, one psychopathic, one emergency or lying-in, an erysipelas and a so-called outside service that includes the ward for noisy and alcoholic patients, the prison ward and the wards for tuberculosis. The number of patients treated in the several wards of the outside service in the past three years is shown in the following table:

	1904.	1905.	1906.
First Medical.	1,983	2,201	1,881
Second Medical.	1,934	1,667	1,817
Third Medical.	1,919	1,658	1,703
Fourth Medical.	1,891	1,691	1,709
Second Gynaecological.	557	490	509
Third Gynaecological.	423	473	491

	1904.	1905.	1906.
Fourth Gynaecological.	410	381	394
First Surgical.	2,057	2,078	1,684
Second Surgical.	1,994	1,686	1,711
Third Surgical.	1,736	1,749	1,556
Fourth Surgical.	1,594	1,917	1,801
Psychopathic.	2,655	2,546	2,772
Erysipelas.	880	967	970
Alcoholic.	8,941	8,330	6,653
Prison Ward.	1,080	936	1,090
Tuberculosis.	559	470	1,124

The medical, the gynaecological and the surgical services are attended by the Visiting Physicians and Surgeons. The psychopathic ward has its corps of experts. The outside service is under the charge of the Assistant Visiting Physicians or Surgeons. Each medical or surgical service has four or five members of the house staff attached, and each gynaecological service has three members of the house staff. The outside service, which treated in 1904 a total of 10,580 patients, in 1905 a total of 9,736 patients, and in 1906 a total of 8,867 patients, or more than four times as many patients as any other service, has but one member of the house staff and one substitute. It is a physical impossibility for two men to do the work as it is done in other divisions of Bellevue, and plans should be arranged to increase the number of the house staff on this duty, which at present is performed by a detail of one Physician for six weeks from each medical division in succession. That method takes the man from the wards, necessitates the introduction of a substitute into the wards and is simply an expedient.

The Medical Staff of a new division could include the Visiting or Resident Physicians in charge of the Emergency Hospital, the Psychopathic Wards, the tuberculosis service and the prison wards, and it is suggested that each of the two latter services should have its distinct corps of Visiting Physicians.

The experiment of having a Nurse visit each patient admitted to the wards to learn whether it was practicable or necessary to refer the patient, or the destitute family of the patient, to some of the many charitable organizations of the City, has proved quite successful. Daily the Nurse sees each new patient, and by a tactful and brief interview learns whether anything more than medical or surgical treatment is needed to benefit the patient, and if further help is advisable, she communicates by letter or telephone, and sometimes by personal interview, with the particular agency that is best fitted to aid. This has resulted in sending convalescent men, women and children to country homes, in securing provisions for destitute families, in obtaining employment for those discharged from treatment who were without funds, in uniting separated families, in further treatment for alcoholics, and in much other beneficence.

The several hospitals have been inspected by the representatives of the State Board of Charities and the State Charities Aid Association, and our obligations are due to these workers, as well as to the Visiting Committee of the Bellevue Training School, and many charitable visitors. A number of philanthropic people sent fruit, flowers and presents for the children in all the hospitals at Christmas.

The officers and employees in general have sought to further the purposes of your Board to accomplish efficient and humane administration, and to them and to the Medical Staffs of the several hospitals I express my appreciation for co-operation. I wish to thank your Board for the support which has lightened materially the work of supervision of the several hospitals.

Respectfully submitted,

S. T. ARMSTRONG,
General Medical Superintendent.

REPORT OF RESIDENT ALIENIST.

Psychopathic Wards, Bellevue Hospital.

To the Board of Trustees, Bellevue and Allied Hospitals:

Gentlemen—I have the honor to submit herewith the annual report of the Psychopathic Wards of Bellevue Hospital for the twelve months ending December 31, 1906:

Movement of Population.

With the increase in size and in population of The City of New York, it is natural that the number of patients admitted to these wards during 1906 should show a material increase. Thus there were 2,721 patients admitted to the Psychopathic Wards during 1906, showing an increase of 152 over the year 1905, and 110 over the year 1904. Of this number 1,419 were men and 1,302 were women. After observation it was found that 478 patients, or approximately 17 per cent., were not insane.

The following disposition was made of these patients: 1920—938 men and 982 women—were committed to the State Hospitals for the Insane. This is 218 in excess of the number committed to the State institutions in 1905. This increase of nearly 12 per cent. may be explained partly by the increase in population, previously mentioned, and partly because of the increasing confidence with which the public and the medical profession regard the State Hospitals. The number committed to private sanitaria was 69—45 men and 24 women. This includes only those who were committed directly to sanitaria, and does not show the number who were discharged to the custody of friends, many of whom were subsequently taken to private institutions. Fifty-five patients—33 men and 22 women—were transferred to the medical and surgical wards of the hospital, as observation showed that their mental condition was symptomatic of some general physical disease.

It is becoming more and more evident that mental disturbances are frequent accompaniments of many medical and surgical affections, and a steadily increasing number of such patients are being referred to the Psychopathic Wards from other hospitals. This makes a marked increase in the population of our wards, and often overtaxes the accommodations. Precisely similar cases are seen by us, and in increasing number in the medical and surgical wards of this hospital, who do not need transfer to this department; such patients are better taken care of where they rightly belong, viz.: in the general wards. This, to our mind, emphasizes one of the important advantages brought about by the close connection of the psychopathic wards with the general hospital, a co-ordination which is universal in the best European hospital centres.

One hundred and three patients—70 men and 33 women—were transferred to the alcoholic wards, as the mental symptoms exhibited were dependent upon varying degrees of alcoholic intoxication, and did not constitute a true psychosis. There were 158 patients—119 men and 39 women—who were discharged improved or recovered after a stay of from five to ten days. These were patients who exhibited mild mental depression, transitory excitement, toxic delirium, transient confusional states subsequent to epileptic seizures, etc., and returned to a comparatively normal mental condition after a few days. We discharged to the Department of Public Charities 79 patients, of whom 39 were men and 40 were women. Of this number some were suffering from imbecility, idiocy and senility, others from chronic and exhausting diseases, and all required the medical and custodial care afforded by the institutions under the jurisdiction of that Department.

Two hundred and thirty-eight patients—110 men and 128 women—were discharged to the custody of relatives and friends on contract. Some of these showed very mild forms of mental disease, and could safely be cared for at home. Others manifested symptoms of incurable and dangerous alienation, but in spite of our protests were taken out by relatives and friends. Many of these were readmitted subsequently and sent to hospitals for care and treatment.

During the past year an increasingly greater proportion of patients who had committed crimes have been sent for examination as to their mental status. The vast majority were found to be suffering from mental disease, and the mode of their

disposition has already been reported. Eighty-six patients—52 men and 34 women—being held under criminal charges were returned to the respective Courts because it was found that they were not suffering from any mental disorder.

One male and two female patients were deported by order of the United States Immigration Department.

There were 18 deaths during the year—13 men and 5 women—a mortality rate of less than 1 per cent of the total admissions.

The following shows the facts in tabular form:

	Men.	Women.	Total.
Remaining in the Psychopathic Wards, December 31, 1905.....	17	19	36
Admitted during 1906.....	1,419	1,302	2,721
Total.....	1,436	1,321	2,757
Committed to State Hospitals.....	938	982	1,920
Committed to Private Sanitaria.....	45	24	69
Transferred to Bellevue General Wards.....	103	55	158
Transferred to Department of Public Charities.....	39	40	79
Discharged to Custody of Relatives and Friends.....	281	201	482
Deported	1	2	3
Died	13	5	18
Total.....	1,420	1,309	2,729
Remaining in Psychopathic Wards, December 31, 1906.....	16	12	28
Total.....	1,436	1,321	2,757

Medical Administration.

When it is taken into consideration that more patients suffering from mental disease are admitted and discharged from the psychopathic wards of Bellevue Hospital in the course of a year than in any similar institution in the world, it becomes manifest that the problems to be solved here—both medical and legal—are of exceptional difficulty. It has been our hope to bring about a constant betterment in this work, and if any help could be obtained from outside sources in other cities in this country and abroad we have endeavored to apply such information to our special needs.

Through the generous courtesy of your Honorable Board I had the opportunity during the past year to make an extended trip throughout some of the European cities and to study at first hand the methods employed in taking care of the indigent insane. Coming as a representative of your Honorable Body, my reception was most cordial, and in a large number of European cities exceptional opportunities were afforded me to observe the conditions existing there. In Paris the old wards at Salpetriere and Bicetre remain practically as they were in Charcot's day, although the hospitals of Paris are just about to be remodeled. The reception wards of St. Ann's, where Magnan has done so much work, were particularly interesting, and the asylum at Villejuif, for chronic cases, was worthy of a visit.

The greatest interest attaches itself, however, to the psychiatric clinics of the German universities, of which I had the opportunity to visit Heidelberg, Strassburg, Jena, Leipsic, Berlin, Munich, Vienna and in Switzerland that of Zurich. The newer hospitals and clinics at Berlin and Munich are ideal in every particular and represent a stage of development to be striven for in our new hospital buildings. Here the provision made for the insane, particularly at Professor Kraeplin's clinic at Munich, reaches the ideal of hospital rather than asylum treatment.

Both of these clinics are a department of the public hospital of the respective cities in which they are located, that of Professor Ziehen, at Berlin, being part of the Charite Hospital, and that of Professor Kraeplin a part of the University Hospital at Munich. For this reason these clinics offer an exact counterpart of our psychopathic wards, so far as their aims and usefulness are concerned.

In a study of the equipment, administration and methods of these institutions one becomes impressed, especially by the following conditions:

1. The psychopathic department is regarded as one of the most important parts of the hospital. It is considered as being worthy of as much, if not more, attention than the medical and surgical departments. Contrary to the general opinion in this country that there is but little need for care of this class of cases in a general hospital because the insane are cared for in insane asylums and remain in general hospitals for only short periods, it is believed that the first treatment of these patients at the very onset of their psychoses, and before commitment, has a very important bearing on the further course and prognosis of their diseases.

2. Because of this conception of the needs of the insane, a comparatively large building is set aside for the purposes of this department, far more space being allowed in proportion to the number of patients accommodated than in the medical or surgical wards. This building is located in a most advantageous manner with regard to light and pleasant surroundings. The wards are roomy and well lighted, courtyards are provided for exercise in the open air for patients in a state of convalescence. The aim is to avoid suggestion of an asylum as much as possible and introduce the atmosphere of a general hospital.

3. It has been demonstrated that overcrowding is a most potent factor in the causation of excitement in the insane. It is a matter of experience that when patients are cared for in small wards, the noisy and restless being segregated from those who are quiet, the disturbed cases become quieter; the number of cases classified as noisy thus diminishes, while the quiet patients are not subjected to the annoyance and discomfort of the noise and confusion. Because of the spacious accommodations and proper arrangement of the wards all overcrowding is avoided. It may be mentioned in this connection that in some of these hospitals a special ward is set apart for those patients who are admitted during the night, so as to avoid the noise and disturbance incident to the admission of a new patient to a ward where others are sleeping.

4. Every facility for thorough scientific study of the cases is afforded. The staff of assistants is large in proportion to the number of patients; at Munich, with an admission rate of 900 per year, there are fifteen or more assistants, and at Berlin a similar proportion obtains. Excellent laboratories for experimental work are a part of the equipment. The libraries are complete and modern, enabling those working in this department to keep in touch with contemporary thought in this branch of medicine.

It should be stated that in these psychiatric clinics all cases of alcoholism, as well as epilepsy and some of the deliria due to other causes, are treated. The recoverable cases of mental disease which require prolonged treatment, or those in which care in an asylum is advisable, are transferred in a short time to an asylum in the country. Other recoverable and obscure cases are kept for more prolonged observation and treatment at the discretion of the medical staff. Many other observations of merit could be added in regard to administrative and medical details which the scope of this report does not permit. I have not attempted to discuss in the above remarks the features in which our hospital excels, namely, individual care of the patients and more efficient nursing service, etc., but endeavored to point out some of the facts which have made these institutions the leading hospitals of the world and which we may follow with advantage. We sincerely hope that some of these facts will be kept in view in arranging this department in the new Bellevue, so that this hospital will afford the best facilities for the care and treatment of this class.

Opportunities for Teaching and Observation.

The unparalleled opportunities afforded here for the study of the insane have, during the past year, been appreciated more than ever before, and hardly a week or even a day has gone by without some visits from students of mental disease from other cities in our country and abroad.

The cosmopolitan and diversified character of the population of The City of New York affords special opportunities, far more than any other city in the world, to see the insanities occurring among different races and to note the many slight modifications of the clinical course and picture of the disease, brought about by nationality, habits and racial characteristics.

Moreover, an institution of this character has unequalled advantages for the study of the minor psychoses, psychoneuroses and border-line states, with which the general practitioner must personally deal, and which cannot be observed in a hospital for the insane where only the pronounced and definite types of psychoses are treated. It is scarcely necessary to point out the lamentable inadequacy of the clinical teaching of psychiatry in our medical colleges. Hardly a day passes without our attention being directed to a case where the lack of knowledge on the part of the family physician has not only endangered the future mental welfare of the patient, but also has caused unnecessary misery, poverty and disgrace to the family.

For this reason we have endeavored to extend every facility at our command to all who have come here to study mental diseases, and during the past year two of our leading medical colleges, with the approval of your Board, have availed themselves of the opportunity and held clinics in the psychopathic wards, which is, I believe, the first time this has been done in the history of this department.

Accidents and Patients With Criminal Tendencies.

During the year we were again fortunate in not having to record any serious accidents except the usual minor injuries incident to a service of this character.

Seventy patients had attempted homicide previous to their admission, 40 men and 30 women. One Hundred and fifty-one patients—91 men and 60 women—had made homicidal threats.

There were 157 patients, 60 men and 97 women, who had attempted suicide prior to their admission to the hospital, while 199 patients—75 men and 124 women—had made threats of self-destruction. Sixty-seven patients—36 men and 31 women—had committed assaults. In other words, nearly 24 per cent. of the patients admitted during the year had criminal propensities.

Changes in the Medical Staff.

Dr. M. J. Thornton resigned on April 11, 1906, to accept the position of Alienist at Ellis Island, in connection with the Bureau of Immigration, and Dr. Paul Waterman resigned several months later, on September 15, 1906, to continue his studies abroad.

The loss of these two capable and efficient assistants was keenly felt, and I take this opportunity to express my appreciation of their faithful services.

To fill the vacancies we were fortunate to secure the services of Dr. C. H. Holmes and Dr. Mark L. Fleming, who were appointed from the Civil Service eligible list.

Both Drs. Holmes and Fleming come to us with wide and varied experience in this special line of work. The former was an assistant physician on the staff of Dr. Adolf Myer, the Director of the State Pathological Institute; the latter was an assistant physician in charge of the reception service at the Hudson River State Hospital.

The consulting staff have made frequent visits during the year, and aided us by their valuable advice.

Disposition of Habitual Drunkards.

It appears to me a duty to call attention to the sad lack of provision for this unfortunate class.

The State of New York abounds in charitable institutions for almost all classes of unfortunates, yet it provides no institution for the wretched individuals who have become slaves to alcohol.

While it may be argued that habitual drunkards knowingly enter upon this course, and that the community should not be burdened with their care, yet the fact remains that after a time they become partially irresponsible, and by their acts and transgressions become a frequent menace to the peace of the community. Moreover, the safety and the welfare of their families should also be considered.

The disposal of those who are suffering from chronic alcoholism is one of the most difficult and perplexing problems with which we have to deal. Frequent indeed are the pitiful stories to which we must listen, and the pleadings on the part of the family and friends to advise some course by which these cases can be reclaimed.

Unfortunately, we are helpless in the matter, as these patients are not insane within the meaning of the statute, and cannot be committed to a hospital for the insane.

It seems that some provision should be made in the nature of farm colonies for inebriates, to which these unfortunates could be committed for the protection of themselves, their families and the general public. In such institutions, and under appropriate treatment, a certain proportion may "break the habit" and again become useful members of the community.

It is earnestly to be hoped that charitable organizations, as well as those in authority, will deem it of sufficient importance to advocate the establishment of such institutions for the care of this wretched and unfortunate class.

In closing, I wish to take this opportunity of again thanking the nurses who have rendered faithful and conscientious service; my colleagues, who have so ably assisted me; the General Medical Superintendent, for his ready co-operation, and your Honorable Board, for its constant sympathy, encouragement and support.

Respectfully submitted,

M. S. GREGORY, Resident Alienist.

REPORT OF THE DIRECTOR OF LABORATORIES.

To the Board of Trustees, Bellevue and Allied Hospitals:

Gentlemen—I have the honor to submit the annual report of the Pathological Department for the year ending December 31, 1906.

There have been no changes in the personnel of the staff during the past year.

The number of specimens examined and reported upon by the laboratory is increasing steadily, and the character of the work demanded of the laboratory is becoming more technical and complex. To help the staff in the examination and preparation of specimens, recourse has been had to the appointment, from time to time, of voluntary assistants. During the past year, six voluntary assistants have given the laboratory the benefit of their services for various lengths of time. The assistants who have rendered material aid in the work of the laboratory are Dr. John F. Dunn, Dr. Gerhard H. Cocks, Dr. Frank Erdwurm, Dr. Isaac Ogden Woodruff, Jr., Dr. D. Appleton Nutter and Dr. Alexander D. Parce. The privilege and opportunity of working in the laboratory was also offered the Internes having the January appointment on the four Medical and Surgical Divisions of the hospital for the six months, July, 1906, to January, 1907, preceding their appointment to the staff. It is a matter of regret that none of these Internes has availed himself of this opportunity. In consequence, the Department has lacked sufficient help, and the staff has been forced, as in the previous year, to perform routine manual work which could be more advantageously performed by a trained Laboratory Assistant. It is again urgently recommended that a trained Laboratory Assistant be appointed from the Civil Service list. To assist the single untrained paid Helper, the Director has found it necessary to hire an extra Helper, who is given his board and lodging by the hospital.

Bellevue Hospital has no system of pathological Internes. It was deemed unwise, for various reasons, by the Executive Committee of the Medical Board, and indeed impossible, on account of the lack of accommodation in the hospital, to inaugurate such a system. It is again urgently recommended that in the new hospital a system of pathological Internes be established. Until such a system can be established, relief from the present conditions must be furnished, otherwise the laboratory cannot properly perform its duty toward the hospital. With proper and efficient aid, the laboratory, with the large material at its command, would have no difficulty in creditably repre-

senting the hospital. The difficulty encountered in obtaining voluntary Assistants, who give their time and service gratuitously, is no new one, as all the laboratories of the City have had the same experience. The laboratory force, during the past year, has met with many unfortunate mishaps incidental to the nature of the work performed, and to the close confinement and constant daily attendance at the laboratory.

The following recommendations are therefore respectfully brought to the notice of your Honorable Board:

First, the appointment of a trained Laboratory Assistant from the Civil Service list.

Second, the appointment of a third salaried Pathologist.

It is a source of satisfaction to the Director that the expense of the laboratory has been reduced from \$2,477.28 in 1905, to \$1,331.06 during the past year, making a reduction of \$1,146.22.

Financial Report.

Instruments	\$28 75
Apparatus	75 05
Chemicals, etc.	63 12
Glassware	181 49
Animals	58 50
Food for animals	70 78
Photo supplies	43 11
Books	220 53
Sundries	71 85
Furniture	79 00
Value of supplies from General Drug Department.....	438 88
 Total.....	 \$1,331 06

The following is a list of the expenses, month per month, for the supplies (alcohol, chloroform, ether, cover-glasses and slides, xylol, aniline oil, various chemicals and instruments), obtained from the General Drug Department, 1906:

January	\$25 48
February	46 42
March	34 97
April	39 86
May	69 84
June	21 60
July	51 00
August	30 45
September	13 24
October	34 90
November	42 23
December	28 89
 Total.....	 \$438 88

During the past year considerable time has been devoted by the Director to the preparation of plans for the pathological building of the new Bellevue Hospital. In this work Prof. T. Mitchell Prudden has given the Director the benefit of his invaluable counsel and aid. The plans are completed.

Up to the present time the Director has been unable to supervise and to attend personally to the laboratory work of the Harlem, Fordham and Gouverneur hospitals on account of the distance of each of these hospitals from the central laboratory.

The laboratories of the new hospitals (Fordham and Harlem) are now practically completed, but not equipped. It is hoped that the laboratories of the Fordham and Gouverneur hospitals will soon be in running order under the direction of a Pathologist officially appointed, who can devote the required time and attention to the work. At the Harlem Hospital, as in the previous year, the laboratory has been in charge of Dr. Rogers and his assistants.

The Department has examined and reported upon during the year 1,501 specimens, which were sent to the laboratory by the visiting staffs of Bellevue and Allied Hospitals (an increase of 414), and has performed 532 necropsies. The tables, which may be found in another portion of the report, present a summary of the specimens received from the Bellevue and Allied Hospitals, and of the necropsies which have been performed at the City Morgue.

Publications of the Pathological Department.

The following papers have been published or read at the various society meetings during the course of the year:

1. "Study of a Spirochete Obtained from a Case of Relapsing Fever in Man, with Notes on Morphology, Animal Reactions and Attempts at Cultivation." "Journal of Infectious Diseases," May, 1906 (Charles Norris, Alwin M. Pappenheimer and Thomas Flounoy).

2. "Two Cases of Glanders." Proceedings of the New York Pathological Society, May, 1906 (Dr. Pappenheimer).

3. "Stenosis of the Aorta at the Juncture of the Isthmus." Proceedings of the New York Pathological Society, May, 1906 (Dr. Pappenheimer).

4. "Case of Stenosis of the Arch of the Aorta." Proceedings of the New York Pathological Society, October, 1906. (Dr. Pappenheimer.)

5. "Malakoplakia of the Urinary Bladder." Proceedings of the New York Pathological Society, April, 1906. (Dr. Pappenheimer.)

6. "Some Observations on the Pneumococcus and Its Infections." Read before the Medical Section, New York Academy of Medicine. Abstracted in the New York Medical Record, December 15, 1906. (Dr. Pappenheimer.)

7. "A Case of Primary Carcinoma of the Common Bile Duct." Proceedings of the New York Pathological Society, November, 1906. (Dr. Pappenheimer.)

8. "A Case of Syphilis of the Stomach." Proceedings of the New York Pathological Society, February, 1906. (Dr. Pappenheimer.)

9. "Bacteriology of Gonococcus Infections." Read before the Medical Section, New York Academy of Medicine, October 21, 1906. Abstracted in the Medical Record. (Dr. Flounoy.)

10. "Isolation of Gram-negative Diplococci in Three Cases of Arthritis Accompanying Urethritis; In a Fourth Case Without Urethritis." Read at the March meeting of the New York Pathological Society. Published in the Proceedings of the Society. (Dr. Flounoy.)

11. "The Bacteriology of Erysipelas." Read before the Bellevue Hospital Clinical Society, December 27, 1906. (Dr. Flounoy.)

12. "A Case of Infection with a Bacillus of the Intermediate Group." Read before the Medical Section, New York Academy of Medicine, May, 1906. Abstracted in the New York Medical Record, November 3, 1906. (Dr. Norris.)

13. "Multiple Systematic Sarcoma." Proceedings of the New York Pathological Society, November, 1906. (Dr. Norris.)

Reports upon a number of rare and important cases with the necropsy findings are ready, or in the process of preparation, for the Medical and Surgical Report of Bellevue and Allied Hospitals.

Some of these cases have been reported upon in the various Society meetings during the past year by the Director and his Assistants. A report of the investigation upon the cases of cerebro-spinal meningitis at Bellevue Hospital, 1904-5, has not been prepared for publication. The bacteriological data in connection with these cases have, however, been briefly summarized by Dr. Flounoy in one of his communications.

It is a matter of deep regret that the routine work of the laboratory, which is constantly increasing, and which falls equally upon all members of the Pathological Staff, has heretofore prevented the preparation and publication of various cases of great interest. With the present force, and without a system of Pathological Internes, systematic research work is an impossibility.

Respectfully submitted,

CHARLES NORRIS,

Director of Laboratories, Bellevue and Allied Hospitals.

THE CITY RECORD.

REPORT OF SUPERINTENDENT, TRAINING SCHOOL FOR NURSES.

To the Board of Trustees, Bellevue and Allied Hospitals:

Gentlemen—I have the honor to submit to you the following report for the year 1906 of the two Training Schools for Nurses attached to Bellevue Hospital, together with list of managers and officers connected with each:

BELLEVUE TRAINING SCHOOL FOR WOMEN NURSES.

(Incorporated 1874.)

Honorary President.

Mrs. William Preston Griffin, No. 208 East Fifteenth street.

President.

Mrs. William Church Osborn, No. 40 East Thirty-sixth street.

Vice-President.

Mrs. Robert Huntington, No. 950 Lexington avenue.

Secretary.

Miss Harriette Rogers, No. 56 East Seventy-eighth street.

Treasurer.

Mrs. Elliot Benedict, No. 51 East Seventy-eighth street.

Advisory Committee on Finance.

Mr. William Church Osborn, No. 71 Broadway.

Mr. Ford Huntington, No. 18 Cortlandt street.

Managers.

Mrs. James H. Benedict, No. 14 East Seventieth street.

Mrs. Whitelaw Reid, No. 451 Madison avenue.

Mrs. J. M. Goetchius, No. 52 West Fifty-eighth street.

Mrs. Francis M. Scott, No. 42 Park avenue.

Mrs. Moses Hopkins, No. 1 East Fifty-sixth street.

Miss Fellowes, Cornwall-on-Hudson, N. Y.

Miss Iselin, No. 23 Madison Square North.

Miss Alice Pine, No. 45 Fifth avenue.

Mrs. J. W. Brannan, No. 11 West Twelfth street.

Miss Anna Lusk, No. 47 East Thirty-fourth street.

Mrs. Ruth Morgan, No. 26 Washington square.

Mrs. John L. Wilkie, No. 152 West Twelfth street.

Miss Dehon, No. 310 Fifth avenue.

Miss Louisa Kane, No. 23 West Forty-seventh street.

Mrs. George B. McClellan, No. 10 Washington square.

Miss Martha Draper, No. 18 West Eighth street.

Mrs. William H. Hyde, No. 105 East Sixty-first street.

Mrs. A. S. LeDuc, No. 1 West Sixty-sixth street.

Mrs. Herbert D. Robbins, No. 71 Park avenue.

Mrs. Grant LaFarge, No. 124 East Twenty-second street.

Officers of Training Schools.

Superintendent—Miss Jane A. Delano (resigned October 1, 1906).

First Assistant Superintendent—Miss Carrie J. Brink.

Second Assistant Superintendent—Miss Katherine French.

Third Assistant Superintendent—Miss Julia Gerrity.

Fourth Assistant Superintendent—Miss Georgiana Ely.

Matron, Probationers' Home—Miss Harriet Van Sickle.

Night Supervising Nurse—Miss Frances Detwiler (resigned October 3, 1906), Miss Jessica Vient (appointed November 1, 1906).

Lectures.

Dr. Robt. J. Carlisle.

Dr. Wm S. Terriberry.

Dr. Geo. D. Hamlin.

Dr. Cornelius G. Coakley.

Dr. Wm. C. Lusk.

Committee on Examination of Nurses.

Dr. W. Gilman Thompson.

Dr. W. Gil Wylie.

Dr. F. S. Dennis.

The Home Physician.

Dr. Robert J. Carlisle, No. 44 West Forty-eighth street.

The School maintains:

A home for Pupil Nurses while in training, and the Edith Summer Home at Belle Island, Conn., open during the summer months as a vacation home for Nurses.

Office and Training School, No. 426 East Twenty-sixth street.

Since the establishment of the School 758 women have graduated as Nurses.

The following is a summarized statement concerning the graduates:

In private nursing	342
Married	132
Institution work	86
At home	79
Died	63
Unknown	25
Practicing medicine	14
District work	17
 Total.....	 758

The present census of the School is:

Superintendent	1
Assistant Superintendents	3
Instructor of Probationers	1
Night Superintendent	1
Clinic Nurses	2
Dispensary Nurses	2
Supervising Nurse, Emergency Hospital	1
Supervising Nurse, Probationers' Home	1
Supervising Nurse, Female Psychopathic Ward	1
Supervising Nurse, Female Alcoholic Ward	3
Graduate Head Nurses	3
Pupil Head Nurses	17
Senior Nurses	32
Junior Nurses	40
Probationers	8
 Total.....	 116

Registry for Nurses.

In view of the pressure of work in the office of the Training Schools, it was thought advisable in March to remove the Registry, h

Graduating Class, 1906.

Argabrite, Miss Lottie.
Ball, Miss Florence.
Bolyen, Miss Rosa.
Byrne, Miss Margaret.
Corrigan, Miss Sarah.
Dunn, Miss Elizabeth.
Eberhart, Miss Pauline.
Egginton, Miss Helen.
Frost, Miss Hattie.
Hamlin, Miss Lauretta.
Hanley, Miss Nora.
Hastings, Miss Bertha.
Hayes, Miss Sadie.
Halliday, Miss Martha.
Hoskins, Miss Carrie.
Hynes, Miss Elizabeth.
Kennedy, Miss Elizabeth.

Lackhove, Miss Rosa.
Louis, Miss Marie.
McLaughlin, Miss Anna.
Melvin, Miss Mary.
Morgan, Miss Edith.
Nelson, Miss Elizabeth.
O'Connell, Miss Catherine.
Peterson, Miss Mary.
Phillips, Miss Nora.
Rose, Miss Myrtle.
Ross, Miss Dorothy.
Smith, Miss Lou.
Swaney, Miss Sarah.
Townsend, Miss Alice.
Webster, Miss Anna.
Wilcox, Miss Annie.
Williams, Miss Clara.

THE BELLEVUE HOSPITAL TRAINING SCHOOL FOR MEN NURSES.

(Established 1888.)

Under the direction of the Board of Trustees of Bellevue and Allied Hospitals, New York City, John W. Brannan, M. D., President.

Managers of the Training School.

W. K. Draper, M. D., Chairman.

Ogden Mills, Esq. Jos. D. Bryant, M. D.

Miss Jane A. Delano, Superintendent.
Miss Lulu Jones, First Assistant Superintendent.
Mr. Elmer Tempest, Second Assistant Superintendent.

Lecturers and Examiners.

Wm. C. Lusk, M. D. Geo. A. Blakeslee, M. D.
Jos. McCarthy, M. D. Wm. Terriberry, M. D.

This school has a separate home for Nurses in Training, and the Alumni maintain a registry for graduate Nurses.

Office and home, No. 431 East Twenty-sixth street.

Since the establishment of the school, 379 men have graduated as Nurses.

The following is a summarized statement concerning the alumni of the school:

Private nursing	152
In business	73
Practicing medicine	50
Deceased	23
In Custom House	4
Ministry	3
Unknown	61
Institution work	12
Navy	1
Total	379

Total.

The present census of the school is:

Superintendent	1
Assistant Superintendents	2
Night Superintendent	1
Supervising Nurses, Male Alcoholic Ward	3
Supervising Nurse, Male Psychopathic Wards	1
Senior Nurses	27
Junior Nurses	33
Probationers	5
Supervising Nurses, Male Prison Ward	3
Supervising, medical	4
Total	80

Graduating Class, 1906.

Barnum, Ernest.
Bock, Philip.
Brown, Harry D.
Cannon, Michael P.
Cleveland, Chas. W.
Close, Chas. W.
Collins, Frank G.
Chichester, Nathaniel J.
Duval, Frank J.
Gordon, Arthur B.
Halliday, Warren F.
Hall, Thomas W.
Hayman, Harry C.

Howard, Wm. D.
Landvatter, Adolph.
Lansing, Wm. W.
Leo, Joseph.
Miller, Ernest A.
Murray, Joseph A.
Needham, James.
Nicholas, Charles.
Quinn, Thomas.
Rourke, Thomas J.
Smith, Emerson.
Terwilliger, George.

The instruction given during the past year has included class work, conducted by the officers of the two schools, besides instruction, practical demonstrations and lectures given by the different Lecturers.

Number of probationers admitted to the training schools during the year, 68 women Nurses and 60 men.

Number graduated during the year, 28 women and 25 men.
The Probationers' Home for Women Nurses, No. 212 East Twenty-sixth street, was formally opened April 4. This home provides accommodation for 17 additional Nurses.

The preparatory course for probationers covers a period of two months. The class work during this preliminary course consists of elementary lessons in anatomy, physiology, hygiene, materia medica, bacteriology and practical demonstration of hospital work. This instruction is given by Miss Harriet VanSickle, who is in charge of the home.

Additional women graduate Nurses have been allowed for the two Alcoholic Wards and the Male Prison Ward, thus changing the time of each graduate from ten to eight-hour duty, and gives the wards at all times the supervision of a graduate Nurse. A graduate Nurse has also been allowed to take charge of the Dressing Office at night.

The Tuberculosis Ward for men was opened May 1, which gives accommodation for all of those patients who heretofore had been cared for in the general wards. We have a permanent graduate Nurse in charge.

A special course in dietetics has been given to about 100 Nurses this year by our Acting Dietitian, Miss Edna Cutler.

Several Nurses have been cared for in the Lazarus Pavilion during the past year.

In July, Miss Mary E. Wadley, a graduate of 1884, was appointed by the hospital to take charge of the charitable work in Bellevue Hospital. She has been able to help us in securing places in the country during the summer for many convalescent patients and looking after the immediate needs of our sick ones and out-going patients.

On October 1, Miss Jane A. Delano tendered her resignation as Superintendent of the Schools, which was accepted with regret by the Board of Managers.

The schools wish to express their sincere appreciation of the loyal support given by the Board of Trustees and to Dr. S. T. Armstrong, General Medical Superintendent of the Hospital.

Respectfully submitted,

CARRIE J. BRINK,
Acting Superintendent of Training School.

BELLEVUE HOSPITAL.

Report of Surgical Operations, January-December, 1906.

	Total.	Cured.	Im- proved.	Unim- proved.	Died.
<i>Operations on Bones.</i>					
<i>Curettage—</i>					
<i>Necrosis:</i>					
Phalanx	1	1
Maxilla, superior	1	1
<i>Osteomyelitis:</i>					
Femur	1	1
Tibia	7	6	1
<i>Tuberculosis:</i>					
Bones of foot	1	...	1
Scapula	1	...	1
Tibia	1	...	1
Vertebra	1	...	1
<i>Drilling—</i>					
<i>Delayed Union:</i>					
Bones of leg	1	1
<i>Excision—</i>					
<i>Cyst:</i>					
Coccyx	1	1

	Total.	Cured.	Im- proved.	Unim- proved.	Died.
<i>Excision—</i>					
<i>Fracture:</i>					
Astragalus	1	1
Head of radius	2	2
Os calcis	1	...	1
Vertebra	3	1	2
<i>Necrosis:</i>					
Tibia (sequestrotomy)	1	1
<i>Osteoma:</i>					
Tibia	1	1
<i>Pleurisy, Suppurative:</i>					
Ribs	15	6	5	...	4
<i>Incision—</i>					
<i>Fracture:</i>					
Elbow (open operation)	1	1
<i>Osteotomy—</i>					
<i>Faulty Union:</i>					
Fracture, forearm	1	1
Fracture, tibia	1	1
Genu valgum	7	7
Genu varum	6	5	1
Hallux valgus	6	5	1
<i>Reduction, Cleaning and Dressing—</i>					
<i>Fracture, Compound:</i>					
About ankle joint	5	1	3	...	1
Carpus or hand	3	...	3
Clavicle	1	...	1
Bones of face	10	3	7
Femur	9	3	4	...	2
Bones of foot	10	6	3	...	1
Forearm	14	3	10	...	1
Humerus	7	5	1	...	1
Leg	42	13	28	...	1
Skull	16	6	6	...	4
Wrist	2	1	1
<i>Trephining—</i>					
<i>Fracture, Compound:</i>					
Skull	5	1	4
<i>Fracture, Simple:</i>					
Skull	3	2	1
<i>Wound, Gunshot:</i>					
Skull	1	1
<i>Wiring or Suture—</i>					
<i>Fracture, Compound:</i>					
Clavicle	1	1
Femur	3	2	1
Leg	1	1
<i>Fracture, Simple:</i>					
Patella	15	13	1	...	1
<i>Operations on Bursæ.</i>					
<i>Excision—</i>					
<i>Bursitis, Chronic:</i>					
Prepatellar	1	1
<i>Incision and Drainage—</i>					
<i>Bursitis, Acute, Suppurative:</i> </					

	Total.	Cured.	Im- proved.	Unim- proved.	Died.		Total.	Cured.	Im- proved.	Unim- proved.	Died.
Veins—											
Multiple Ligature—											
Varicose Veins:											
Leg	7	7						
Scheede's Operation—											
Varicose Veins:											
Leg	7	6	1						
<i>Operations on the Digestive System.</i>

Wound, lacerated	1	..	1						
Excision:											
Epithelioma	1	1						
Mouth:											
Incision:											
Angina ludovici.....	1	1						
Abscess, retro-pharyngeal	1	1						
Salivary Glands:											
Excision:											
Carcinoma, parotid	1	1						
Myxo-sarcoma, parotid	1	1						
Ranula	1	1						
Incision and Drainage:											
Abscess, sub-maxillary	6	5	1						
Tonsils:											
Excision:											
Hypertrophy	7	6	1						
Incision and Drainage:											
Abscess, peritonsillar	4	4						

	Total.	Cured.	Im- proved.	Unim- proved.	Died.		Total.	Cured.	Im- proved.	Unim- proved.	Died.
Tendons and Tendon Sheaths—											
Excision:											
Tuberculosis:											
Extensor tendons, hand.....	1	1						
Incision:											
Tenosynovitis:											
Hand	1	..	1						
Tonorrhaphy:											
Tendons of wrist and hand.....	5	1	4						
Tonotomy:											
Fracture about Ankle:											
Tendo.-Achilles	1	1						
Fracture, Leg:											
Tendo.-Achilles	1	1						
Operations on the Nervous System.											
Brain—											
Trephining:											
Abscess	2	2						
Glioma	1	1						
Nerves—											
Excision:											
Gasserian gangrene	1	1						
Operations on the Respiratory System.											
Larynx and Trachea—											
Tracheotomy:											
Angina ludovici	1	1						
Nose—											
Cautery:											
Angioma	1	1						
Plugging Nares:											
Epistaxis	32	25	7						
Straightening septum, deviation.....	1	1						
Pleura—											
Incision and Drainage:											
Abscess:											
Lung	2	..	1	..	1						
Pleurisy suppurative	7	2	1	..	4						
Operations on Abdominal Wall.											
Excision—											
Fibroma	1	1						
Incision and Drainage—											
Abscess	2	2						
Cellulitis	1	..	1						
Hematocoele	1	..	1						
Operations on Chest Wall.											
Cleaning and Dressing—											
Wound:											
Gunshot	2	1	1						
Stab	4	1	3						
Excision—											
Carbuncle	1	..	1						
Lipoma	3	3						
Incision and Drainage—											
Abscess	6	2	4						
Cellulitis	3	1	2						
Operations on Head and Face.											
Cleaning, Dressing and Suture—											
Wound:											
Gunshot	5	1	3	..	1						
Lacerated face	28	3	25						
Lacerated scalp	133	18	115

BELLEVUE HOSPITAL.					
Report of Gynaecological Operations, January-December, 1906.					
Operations on the Female Urethra—					
Excision, urethral caruncle	1	1
Operations on Ligaments, Tubes, Ovaries.					
Oophorectomy—					
Cystoma	6	6
Ovaritis	2	2
Oophorectomy and Appendectomy—					
Ovaritis	4	4
Carcinoma	1	1
Resection of Ovary—					
Ovaritis	5	5
Salpingectomy—					
Pregnancy, extra uterine	2	2
Salpingitis	19	17	1	...	1
Salpingectomy and Appendectomy—					
Salpingitis	2	2
Salpingo-Oophorectomy—					
Cystoma of ovary	6	6
Haematosalpinx	1	1
Pregnancy, extra uterine	20	19	1
Salpingitis	46	46
Salpingitis and ovaritis	19	19
Salpingo-Oophorectomy and Appendectomy—					
Pregnancy, extra uterine	1	1
Salpingitis	24	23	1
Salpingitis and appendicitis	1	1
Salpingo-Oophorectomy and Resection of Ovary—					
Salpingitis and ovaritis	1	1
Salpingo-Oophorectomy, Double—					
Ovaritis	1	1
Salpingitis, acute	2	2
Salpingitis, chronic	18	18
Salpingo-Oophorectomy (Double) and Appendectomy—					
Salpingitis, acute	6	6
Salpingitis, chronic	9	9
Salpingo-Oophorectomy and Myomectomy—					
Salpingitis and myo-fibroma of uterus	2	2
Salpingo-Oophorectomy and Salpingectomy—					
Salpingitis	6	6
Salpingitis and ovaritis	3	3
Salpingo-Oophorectomy, Salpingectomy and Appendectomy—					
Salpingitis	5	5
<i>Operations on the Perineum.</i>					
Perineorrhaphy—					
Laceration of the pelvic floor, old	120	120
<i>Operations on the Uterus and Cervix Uteri.</i>					
Uterus—					
Curettage:					
Abortion, incomplete	79	71	7	...	1
Carcinoma	3	...	2	1	...
Endometritis	196	190	5	...	1
Curettage:					
Miscarriage, incomplete	10	10
Puerperium, retained placenta	9	9
Puerperium, septicaemia	5	3	1	...	1
Displacement of Uterus:					
Alexander's operation	37	37
Dudley's operations	2	2
Intra-ab					

	Total.	Cured.	Im- proved.	Unim- proved.	Died.
Uterus—					
Laparotomy:					
Myo-fibroma	4	4
Cervix Uteri—					
Amputation:					
Hypertrophy	3	3
Laceration (old)	21	21
Dilatation and Curettage:					
Stenosis	6	5	1
Excision:					
Fibroma	2	2
Trachelorrhaphy	27	27
Operations on the Vagina.					
Excision—					
Hymen, congenital malformation	1	..	1
Colporrhaphy, Anterior—					
Cystocele	1	1
Colpotomy, Anterior—					
Myo-fibroma	1	1
Colpotomy, Posterior—					
Cellulitis, pelvic	15	9	6
Peritonitis, acute general	1	1
Peritonitis, chronic local	1	..	1
Salpingitis	9	..	9
Operations on the Vulva.					
Cleaning and Dressing—					
Wound, lacerated	1	1
Excision—					
Cystoma	1	1
Fibroma	1	1
Myxoma	1	1
Incision and Drainage—					
Abscess	17	6	11
Miscellaneous Operations.					
Laparotomy—					
Carcinoma pelvis	2	1	1
Cellulitis, pelvic	1	1
Peritonitis, chronic local	7	5	2
Wound, lacerated vagina and broad ligament	1	1

Amputation of Thigh—											
Osteomyelitis of femur, acute, diffuse.....	1	7	Liver, Gall Bladder and Gall Ducts—					
Excision—											
Carcinoma of jaw	1	1	Pharynx:					
Head of humerus, non-union	1	1	Excision:					
Resection of rib, hemothorax	1	1	Adenoids	4	3	7
Incision and Drainage—											
Osteomyelitis of:						Suturing:					
Femur, chronic, tubercular.....	1	2	3	Wound of pharynx, punctured.....	..	1	1
Humerus, right	1	1	Rectum and Anus:					
Periostitis, acute, of inferior maxilla	1	1	Clamp and Cautery:					
Incision and Elevation of Depressed Fragments—											
Compound fracture vault of skull.....	5	1	..	3	6	Hemorrhoids	6	2	8
Simple fracture vault of skull.....	1	1	Excision:					
Compound fracture superior maxilla, removal of fragments	1	1	Fistula in ano.....	..	2	2
Osteotomy—											
Exploratory, osteomyelitis of femur	1	1	Hemorrhoids, external and internal.....	28
Reduction and Dressing—											
Compound fracture:						Prolapse of rectum, Whitehead's.....	2	2
Forearm, both bones, upper end.....	1	1	Incision and Curettage:					
Tibia, upper end	1	1	Abscess of anus.....	1	1
Radius and dislocation about wrist joint, carpal..	..	1	1	Fistula in ano.....	2	2	4
Wiring and Suture—											
Fracture of:						Incision and Drainage:					
Patella	5	1	6	Abscess about rectum.....	2	2	4
Tibia and fibula, delayed union.....	..	1	1	Hemorrhoids	3	1	4
Radius, non-union	1	1	Fissure of anus.....	2	1	3
<i>Operations on the Bursæ.</i>											
Excision—											
Bursitis, pre-patellar	1	1	Stomach:					
Incision and Drainage—											
Abscess of bursa, pre-patellar	1	1	Laparotomy and Gastrorrhaphy:					
Bursitis, pre-patellar, acute	1	1	2	Gastric ulcer, perforating.....	2	2
<i>Circulatory System.</i>											
Arteries—											
Ligation of brachial artery, gunshot wound.....	..	1	1	Rupture of stomach	1	1
Veins—											
Excision:						Vermiform Appendix:					
Varicose veins of leg	3	3	Laparotomy:					
<i>Digestive System.</i>											
Intestines—											
Laparotomy:						Appendicitis	48	2	..	2	52
Intestinal obstruction:						<i>Ear and Eye.</i>					
Intussusception	1	Ear—						
Strangulation by bands	1	Drainage of Mastoid Antrum:						
Gunshot wound, suture of colon.....	1	Mastoiditis, chronic	3	3
Typhoid fever, suture of perforations	1	Eye—						
Omentum—											
Laparotomy and separation, cicatricial contraction omentum	1	Enucleation for:						
Peritoneum—						Gunshot wound	1	1
Laparotomy:						Wound of cornea, lacerated.....	1	1
Peritonitis:						Plastic Operation on Eyelid:					
Suppurative, acute	1	5	Ectropion	1	1	
Tuberculous	1	<i>Genito-Urinary System.</i>						
<i>Laparotomy, Exploratory:</i>											
Internal hemorrhage	1	Bladder—						
Intestinal obstruction, complete, volvulus.....	1	Cystotomy, supra-pubic, for calculus.....	1	1
Peritonitis, acute general, ulcer of caecum.....	1	Dilatation, urethral, removal of calculus.....	1	1
Peritonitis, chronic, circumscribed.....	1	1	Lithotomy, supra-pubic, for calculus.....	1	1
<i>Liver, Gall Bladder and Gall Ducts—</i>											
Liver:						Laparotomy, suture, perineal section, rupture of bladder	1
Talma operation for cirrhosis.....	..	1	Kidney and Ureter—						
<i>Laparotomy, Exploratory:</i>						Incision and Drainage:					
Abscess of liver	1	Abscess, perinephritic	1	1
Carcinoma of liver.....	1	Pyo-nephrosis	1	1
<i>Gall Bladder:</i>						Nephrectomy:					
Laparotomy, Cholecystectomy:					Sarcoma of right kidney.....	1
Cholecystitis	2	Nephrotomy:						
<i>Gall Ducts:</i>						Abscess, perinephritic	1	1
Laparotomy, Exploratory and Cholecystotomy:					Male Genitals—						
Cholelithiasis	3	1	Penis:						
<i>Tonsils:</i>						Circumcision	1	1
Excision:					Prostate:						
Hypertrophy of tonsils, tonsillectomy.....	7	5	Prostatectomy, Perineal:						
<i>Incision and Drainage:</i>						Hypertrophy of Prostate	2	1	3
Abscess, peritonissilar	1	2	Scrotum:						
<i>Pancreas:</i>						Incision and Drainage:					
Laparotomy, Exploratory:					Abscess	1	
Pancreatitis, acute hemorrhagic.....	2	Testicle and Epididymis:						
				2	Orchidectomy:						
					Carcinoma of testicle.....	1	1
					Congenital malformation of testicle, non-descendent	2	2
					<i>Urethra:</i>						
					Incision and Drainage:						
					Abscess, periurethral	1	
					Urethrotomy, External and Internal:						
					Stricture of urethra	1	1
					Extravasation of urine	1
					<i>Operations for Hernia.</i>						
					<i>Femoral Hernia—</i>						
					Radical cure	1	1

	Cured.	Im- proved.	Unim- proved.	Died.	Total.		Cured.	Im- proved.	Unim- proved.	Died.	Total.
Inguinal Hernia—											
Radical Cure:											
Bassini	38	2	40						
Double	4	4						
Incarcerated	2	1	3						
Ventral Hernia—											
Radical cure.....	1	1						
Strangulated Herniae—											
Inguinal hernia, Bassini.....	7	1	8						
Isolated Glands.											
Breast—											
Amputation (Meyers'):											
Carcinoma, mammary gland.....	..	3	3						
Incision and Drainage:											
Abscess of mammary gland.....	..	2	2						
Mastitis, acute.....	1	1	2						
Spleen—											
Splenectomy:											
Leukaemia	1	1						
Splenoptosis	1	1						
Laparotomy, Exploratory:											
Rupture of spleen.....	2	2						
Thyroid Gland—											
Hemithyroidectomy:											
Goitre, exophthalmic.....	..	1	..	1	2						
Adenoma of thyroid gland.....	..	1	1						
Cystoma of thyroid gland.....	1	1	2						
Thyroid Gland—											
Incision and Drainage:											
Abscess of thyroid gland.....	1	1						
Joints.											
Arthrotomy—											
Teno-synovitis knee, tubercular.....	..	1	1						
Aspiration—											
Tuberculosis of knee joint.....	..	1	1						
Breaking up Adhesions—											
Wound of biceps, brachialis anticus, muscles, right arm, lacerated	1	1						
Excision—											
Bullet in wrist joint.....	1	..	1						
Bullet in hip joint.....	1	1						
Reduction of Dislocations—											
Shoulder:											
Forward	2	2						
Forward and downward.....	1	1						
Lymphatic System.											
Excision—											
Lymphadenitis, Acute:											
Cervical						
Inguinal	1	1						
Tuberculosis, cervical	2	2						
Incision, Curettage and Drainage—											
Lymphadenitis, Acute:											
Axillary	1	1						
Inguinal	1	1	2						
Tuberculosis, cervical	1	1						
Lymphangitis of arm.....	..	1	1						
Muscular System.											
Muscles—											
Tenotomy:											
Dupuytren's contraction, right hand.....	1	1						
Tendons—											
Tenorrhaphy:											
Wound of tendons, forearm, incised.....	..	1	1						
Wound of hand, lacerated.....	1	2	3						
Nervous System.											
Brain—											
Trephining:											
Wound of brain, gunshot.....	1	1						
Incision, Exploratory:											
Wound of brain, gunshot.....	1	1						
Auto-Drainage of Ventricle—											
Congenital Malformation of Brain:											
Hydrocephalus	2	2						
Nerves—											
Neurorrhaphy:											
Incised wound of ulnar nerve.....	1	1						
Spinal Cord and Spinal Meninges—											
Laminectomy:											
Intra-spinal injury, dislocation of vertebra, 9th dorsal, laceration of cord.....	1	1						
Respiratory System.											
Frontal Sinus—											
Incision and Drainage:											
Abscess of frontal sinus.....	..	1	1						
Larynx and Trachea—											
Laryngectomy:											
Carcinoma of larynx.....						
Tracheotomy:											
Stricture of larynx.....	..	2	2						
Maxillary Sinus—											
Incision and Drainage:											
Empyema	1	1						
Pleura—											
Aspiration:											
Pleurisy, acute, suppurative.....	1	1						
Pleurisy, sero-fibrinous	1	1	2						
Pyopneumothorax	1	1						
Chest Wall.											
Excision—											
Bullet, wound of chest, gunshot.....	..	2	2						
Incision and Drainage—											

	Cured.	Im- proved.	Unim- proved.	Died.	Total.
Ligaments, Tubes and Ovaries—					
Laparotomy, Salpingo-Oophorectomy:					
Cystoma of ovary	1	1
Ovaritis and salpingitis, chronic.....	2	2
Salpingitis, chronic, suppurative.....	3	3
Salpingectomy and Hysterectomy:					
Salpingitis and abscess of uterine wall.....	1	1
Perineum—					
Perineorrhaphy:					
Abscess of perineum.....	3	3
Fistulae, vesico-perineal.....	1	1
Wound of perineum, lacerated.....	3	3
Uterus—					
Curettage:					
Abortion, induced	1	1
Abortion, spontaneous, incomplete.....	5	5
Endometritis, chronic catarrhal.....	6	3	9
Miscarriage, spontaneous, complete.....	2	2
Excision—					
Fibroma of uterus	2	2
Dilatation and Curettage—					
Endometritis, chronic catarrhal	1	1
Discussion and Curettage—					
Endometritis, chronic catarrhal	2	2
Hysterectomy, Supra-Vaginal—					
Fibroma of uterus	2	2
<i>Operations for Displacement of Uterus.</i>					
Laparotomy—					
Alexander's operation	2	2
Ventral fixation	2	2
Cervix—					
Amputation:					
Hypertrophy of cervix, infra-vaginal.....	1	1
Laceration of cervix, recent bilateral.....	1	1
Laceration of cervix, old bilateral.....	4	4
Dilatation and Curettage:					
Stenosis of cervix.....	1	1
Vagina—					
Colpotomy—					
Peritonitis, chronic circumscribed.....	1	1
Salpingitis, acute suppurative.....	1	1	2
Vulva—					
Incision and Drainage—					
Abscess of vulva, vulvo-vaginal abscess.....	1	1
	53	5	58

Annual Report of the Medical Services in Harlem Hospital.

January-December, 1906.	Total Number of Cases.	Cured.	Im- proved.	Unim- proved.	Trans- ferred without Treat- ment.	Mori- bund on Admis- sion.	Died.	Coro- ner's Cases.

EXTRACT FROM THE CHARTER OF THE CITY OF NEW YORK, ESTABLISHING THE DEPARTMENT OF BELLEVUE AND ALLIED HOSPITALS.

CHAPTER XIII.

TITLE 2.

Bellevue and Allied Hospitals in The City of New York.

Board of Trustees, Jurisdiction, Powers and Duties.

Section 692. On the first day of February, nineteen hundred and two, the jurisdiction of the Department of Public Charities of The City of New York over Bellevue

Hospital and the Fordham, Harlem and Gouverneur Hospitals and the Emergency Hospital in East Twenty-sixth street in The City of New York, shall cease, and the care, management and control of such hospitals shall be vested in a board of trustees, which shall on said date succeed to all rights, duties and powers heretofore vested in said Department of Public Charities so far as concerns said hospitals. Said board of trustees shall consist of seven residents of The City of New York, together with the Commissioner of Public Charities, ex-officio. It shall be known as the "Board of Trustees of Bellevue and Allied Hospitals." In the month of January, nineteen hundred and two, the Mayor of The City of New York shall appoint one resident of The City of New York to serve as such trustee for the term of one year, one for the term of two years, one for the term of three years, one for the term of four years, one for the term of five years, one for the term of six years and one for the term of seven years, from the first day of February, nineteen hundred and two. In the month of January, and on or before the twentieth day thereof, prior to the expiration of the term of office of any trustee, the Mayor shall appoint his successor for the full term of seven years. The Mayor shall fill any vacancy in the board caused by the death of a trustee, his resignation, removal from the city or otherwise, by the appointment of a trustee to hold office for the unexpired term. Every person appointed to serve as such trustee shall, before entering upon the duties of his office, take and subscribe the oath of office prescribed by the constitution of the State.

2. For the purpose of making the appointments aforesaid, the said Mayor shall call upon the president or other executive head of each of the following organizations, to wit: The United Hebrew Charities of The City of New York, the Particular Council of New York of the Society of St. Vincent de Paul in New York, and the New York Association for Improving the Condition of the Poor, to present a list of not less than twice the number of persons to be appointed members of said board of trustees to fill a vacancy or otherwise. Notice in writing of the dates on which appointments, including the first, to said board of trustees are proposed to be made shall be given by the Mayor to each of said presidents or other executive heads at least ten days prior thereto, and such list of names shall be so presented within three days after the receipt of such notice. Said presidents or other executive heads may each submit, or two or more of them may jointly present, such a list of names. Appointments to said board of trustees may, in the discretion of the Mayor, be made from such list or lists.

3. No trustee shall be subject to removal under the provisions of section ninety-five of this act, but any trustee may be removed by the Mayor upon proof either of official misconduct or neglect of duty or of conduct which tends to discredit his office or for mental or physical inability to perform his duties, but before such removal he shall receive due and timely notice in writing of the charges and a copy thereof, and shall be entitled to a hearing on like notice before the Mayor and to the assistance of counsel on said hearing. No trustee shall receive pecuniary compensation for his services or be interested directly or indirectly in the furnishing or performing of work, labor, services, materials or supplies of any kind to or for said hospitals by contract or otherwise. No trustee shall hold any office of emolument under the city, county, State or national government, except the offices of notary public or commissioner of deeds, or offices in the National Guard.

4. The Commissioners of the Sinking Fund of The City of New York shall within thirty days after the passage of this act prepare a plan for the separation from the Department of Public Charities of the said Bellevue Hospital, and the Fordham, Harlem, Gouverneur and Emergency Hospitals. Such plan shall apportion to each of said hospitals the lands, buildings, fixtures, furniture and other appurtenances and property, and the books, records, vouchers and other papers hitherto used in connection with or for the purposes of said hospitals, and provide in detail for the transfer thereof to said board of trustees of Bellevue and Allied Hospitals on the first day of February, nineteen hundred and two. It shall further apportion to each of said hospitals, the employees and subordinates of every grade in the service of the Department of Public Charities who shall be in service in and about the said hospitals exclusively on said date. To enable said commissioners to prepare such plan, they shall have access to all of the books and papers which are the property of The City of New York in the custody of said Department of Public Charities, and to visit said hospitals, and to require at any and all times the attendance before them of the Commissioner of Public Charities and of any of his employees and subordinates.

5. Said board of trustees shall organize within ten days after said trustees are appointed. It shall annually choose from its members, at a regular meeting to be held in the month of February, a president and a secretary for the term of one year. It shall establish rules and regulations for the administration and government of said hospitals. It shall administer the moneys appropriated for said hospitals, subject to the general provisions of this act relative to the audit and payment of claims. Said board shall have power to appoint and at pleasure remove such superintendents, medical officers, subordinate officers and other employees as may be necessary for the efficient management and conduct of said hospitals, subject to the Civil Service laws and the rules and regulations of the Municipal Civil Service Commission. The board of trustees shall keep accurate and detailed accounts in a form approved by the Comptroller of all moneys received and expended by it, the sources from which they are received and the purposes for which they are expended. It shall during the month of January in each year transmit to the Mayor a report as to the condition of the hospitals under its care and the management thereof during the year ending the preceding thirty-first day of December.

6. The medical board of Bellevue Hospital and Allied Hospitals shall be composed of the attending and consulting physicians and surgeons of said hospitals on the first day of February, nineteen hundred and two. They and such successors as the board of trustees may appoint shall serve without pecuniary compensation, and shall hold office so long as they shall perform their duties in a manner satisfactory to the said board of trustees. Vacancies occurring in said medical board shall be filled by the said board of trustees by appointment from the medical profession in The City of New York. The said board of trustees shall, on nomination of the said medical board, appoint medical and surgical house officers to the said hospitals, all of whom shall serve without pecuniary compensation.

7. Any person injured or taken sick in the streets or in any public square or place within The City of New York, who may not be safely removed to his or her home, may be sent to and shall be received by the said hospitals for temporary care and treatment, irrespective of his or her place of residence. The said board of trustees shall provide and maintain suitable rooms or wards for the reception, medical examination and temporary care of persons alleged to be insane.

8. The said board of trustees may permit the reception and treatment in said hospitals of persons who do not reside in The City of New York, provided that every person so receiving treatment shall be required to pay such sum for board and attendance as may be fixed by said board of trustees, and provided that no such person shall be received to the exclusion of patients who reside in said city. The said board of trustees shall collect and pay over all such moneys to the Chamberlain once every month, and the amount so collected shall be paid into the general fund. The said board of trustees shall, upon making such payments to the Chamberlain, report the same to the Comptroller of The City of New York.

9. The Board of Estimate and Apportionment and the Board of Aldermen shall in each year appropriate such sum as in their judgment may be necessary for the support and maintenance of said hospitals. It shall be the duty of the board of trustees thereof to send to the Board of Estimate and Apportionment, on or before the first day of September in each year, an estimate in writing of the sum needed for the ensuing year in the same manner and general form as the heads of departments and other boards of The City of New York are required to furnish.

10. Whenever any sick person in Bellevue or other hospitals hereinbefore mentioned shall, in the judgment of the board of trustees, cease to be a proper case for treatment therein, said board may cause such person to be transferred to the care, custody and control of the Commissioner of Public Charities, who shall forthwith receive and care for such person. In case any sick person under treatment in any of said hospitals shall die while under the care of the board of trustees, the latter, by their properly designated officer or employee, may call upon the Commissioner of Public Charities forthwith to receive and remove the body of such person, and it shall thereupon be the duty of such commissioner forthwith to receive and remove the same for burial or other proper disposition. The cost and expense of such reception, removal, burial or other proper disposition shall be borne and paid by the Department of Public Charities.

COMMISSIONERS OF THE SINKING FUND OF THE CITY OF NEW YORK.

Proceedings of the Commissioners of the Sinking Fund at a Meeting Held in Room 16, City Hall, at 11 o'clock a. m., on Wednesday, June 5, 1907.

Present at Roll Call—George B. McClellan, Mayor; Herman A. Metz, Comptroller; John H. Campbell, Deputy and Acting Chamberlain, and Patrick F. McGowan, President, Board of Aldermen.

John R. Davies, Chairman Finance Committee, Board of Aldermen, appeared later. (See note.)

The minutes of the meeting held May 15 and 22, 1907, were approved as printed.

The following communication was received from the Commissioner of Docks recommending a lease of a portion of the pier at the foot of West Thirty-ninth street, Borough of Manhattan, to the New York Horse Manure Transportation Company:

May 31, 1907.

N. TAYLOR PHILLIPS, Esq., Secretary of Sinking Fund Commission:

SIR—I beg to advise that, after due consideration, I am of the opinion that the interests of the City will be best served by leasing to the New York Horse Manure Transportation Company that portion of the northerly side of the pier foot of West Thirty-ninth street, commencing at the inshore end of the space occupied by the offal contractor (being about 354 feet easterly from the outer end of said pier), and extending easterly a distance of 277 feet; the lease to be for a term of five years from July 1, 1907, at a rental of \$3,000 per annum, the lessee to have the privilege of a further term of five years at an advance of 10 per cent. on the rental for the first term, except that in case the City decides to remove the offal contractor from the pier foot of West Thirty-ninth street to another location, that then and in that case the lessee shall have no privilege of renewal, and the City may, at its option, cancel the lease. The remaining terms and conditions of the lease to be the same as those contained in the form of lease at present used by this department.

The object in recommending this proposed lease is to confine, as far as possible, all offensive trades to this vicinity.

This pier is at present occupied at the outer 354 feet by the offal contractor, Shea & Devine loading manure on the northerly side, adjoining the portion which it is now proposed to lease; on the southerly side there is a dump for the reception of cellar dirt, while on the southerly side of the pier foot of West Fortieth street there is a manure dump of Bernard Campbell & Co.

There are no other applications on file in this department for a lease of the premises in question.

Very respectfully, your obedient servant,

J. A. BENSEL, Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

June 3, 1907.

The proposed tenants, the New York Horse Manure Transportation Company, now occupy the whole pier at the foot of West Forty-fifth street, at a rental of \$4,400 per annum, lease to which expired May 1, 1907. The giving up of this pier will make it available for steamship uses.

The proposed rental of \$3,000 per annum for 277 feet of the northerly side of West Thirty-ninth Street Pier is fair, compared with other leases in the vicinity.

I therefore think the Commissioners of the Sinking Fund, pursuant to section 825 of the Greater New York Charter, as amended by chapter 609 of the Laws of 1902, may properly approve the terms of the proposed lease.

CHANDLER WITHERINGTON,
Chief Engineer, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Docks, of a lease to the New York Horse Manure Transportation Company, of that portion of the northerly side of the pier foot of West Thirty-ninth street, commencing at the inshore end of the space occupied by the offal contractor (being about 354 feet easterly from the outer end of said pier), and extending easterly a distance of 277 feet; the lease to be for a term of five years from July 1, 1907, at a rental of three thousand dollars (\$3,000) per annum; the lessee to have the privilege of a further term of five years at an advance of 10 per cent. on the rental for the first term, except that in case the City decides to remove the offal contractor from the pier foot of West Thirty-ninth street to another location, that then and in that case the lessee shall have no privilege of renewal and the City may, at its option, cancel the lease. The remaining terms and conditions of the lease to be the same as those contained in the form of lease now used by the Department of Docks and Ferries, and as recommended by the Commissioner of Docks in communication dated May 31, 1907.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the President of the Borough of Richmond, requesting authority to make a lease between The City of New York and the Staten Island Rapid Transit Railroad Company for the use of the footbridge at St. George connecting the ferry house with Jay street:

March 19, 1907.

N. TAYLOR PHILLIPS, Esq., Secretary, Sinking Fund Commission, No. 280 Broadway, New York City:

DEAR SIR—I beg respectfully to ask that the Sinking Fund Commission authorize the making of a lease between The City of New York and the Staten Island Rapid Transit Railway Company for the use of the foot bridge at St. George connecting the ferry house with Jay street, the consideration to be nominal and the following conditions to be made a part of the lease:

1. The City of New York to make all repairs and maintain the bridge in a perfectly safe condition; move supports from time to time and as often as requested and as our change of tracks may require. Repairs not to interfere with movement of trains underneath.

2. The City of New York to assume all liability for accidents to life, limb and property sustained by the public or our company as a result of the use and maintenance of the bridge and to indemnify and save harmless the railroad company from and against all claims and judgments for damages for personal injuries or otherwise, resulting from or arising out of the use or maintenance of said bridge.

3. The Staten Island Rapid Transit Railway Company expressly reserves the right to withdraw its consent to the use of said bridge and to terminate such agreement at any time upon thirty days' notice in writing to The City of New York or to the Commissioner of Public Works for the Borough of Richmond.

This bridge has been used by the public for the past twelve years, though owned by the Staten Island Rapid Transit Railway Company. It is the only footway to the ferry, except South street. The use of the foot bridge, however, as against the use of South street, save those persons who walk to the ferry and who come through DeKalb street, a distance of at least one thousand feet, and those people who walk to the ferry from places on the East Shore, a distance of about five hundred feet. Besides, the foot bridge at the foot of Jay street is roofed and is thus protected in winter and summer from exposure.

Recently Mr. George H. Campbell, vice-president of the Staten Island Rapid Transit Railway Company, called upon me and stated that as the company derives no benefit from the use of the bridge whatever it could not assume any responsibility for the maintenance of the structure or for any accident or injury to parties using it. He also stated that owing to excavating being done by the company underneath the foot bridge, there was more or less liability to accident in striking the supports by passing trains.

On January 11, 1907, I received the following letter dated January 10, 1907, from Mr. Campbell, confirming his verbal statement to me:

"Confirming my verbal statement to you to-day, in relation to the footway at St. George connecting the ferry house with Jay street, beg to advise that our company will not assume any responsibility whatever for the maintenance of this structure or for any accident or injury of any character whatever to parties using it. As you probably know, we are excavating underneath this footway and there is more or less liability to accident in striking the supports by passing trains."

The bridge was thereupon closed by the railroad company with the subsequent great inconvenience to the public.

I immediately, therefore, took the matter up with the Commissioner of Docks and Ferries on the theory that it was a matter he should take up with the railway company looking toward the opening of the bridge to the public. I had some correspondence with the Commissioner of Docks and Ferries upon the subject, but he stated that he felt the matter was one that came entirely under my jurisdiction as President of the Borough on the ground that the foot path was a highway, and that it did not come under the control or jurisdiction of the Department of Docks and Ferries.

On February 4, 1907, therefore, I wrote to the Corporation Counsel asking for his opinion on the subject, and received an opinion from him, a copy of which I inclose, which is dated February 9, 1907.

I thereupon wrote to Mr. Campbell, under date of February 11, 1907, as follows:

"On January 25 last you wrote me expressing the willingness of your company to allow the present passenger foot bridge between the ferry house at St. George and Jay street to remain until the proposed viaduct has been completed under the following conditions:

"1. The City of New York to make all repairs and maintain the bridge in a perfectly safe condition; move supports from time to time and as often as requested and as our change of tracks may require. Repairs not to interfere with movement of trains underneath.

"2. The City of New York to assume all liability for accidents to life, limb and property sustained by the public or our company as a result of the use and maintenance of the bridge and to indemnify and save harmless the railroad company from and against all claims and judgments for damages for personal injuries or otherwise, resulting from or arising out of the use or maintenance of said bridge.

"3. The Staten Island Rapid Transit Railway Company expressly reserves the right to withdraw its consent to the use of said bridge and to terminate such agreement at any time upon giving thirty days' notice in writing to The City of New York or to the Commissioner of Public Works for the Borough of Richmond."

"Immediately upon receipt of your letter I sent a copy of it to the Dock Department, and in due course received a reply thereto in which the Dock Commissioner definitely and absolutely declined to assume charge of the bridge, the responsibility for which I still believe should rest with him, the footway being an approach to the ferry and not a public highway. I then at once submitted the whole matter, together with all the correspondence relating thereto, to the Corporation Counsel for his advice. This morning I am in receipt of an opinion from him advising me that I may assume charge on behalf of the City, of the structure upon the conditions which you name, thus making it a temporary public highway.

"Accordingly, on behalf of The City of New York, I hereby accept the conditions set forth in your communication of the 25th ult., and would ask you for a permit under which I can at once assume charge of the bridge."

I received the following reply, dated February 11, 1907, from Mr. Campbell:

"I beg to acknowledge receipt of your favor of even date in relation to the use of the present passenger foot bridge between the ferry house at St. George and Jay street, and note that on behalf of The City of New York you accept the conditions as set forth in our communication of the 25th ult., in view of which the bridge is hereby turned over to your control, subject to the condition agreed upon."

The bridge was thereupon opened by me, and I wrote the following letter, dated February 11, 1907, to my Superintendent of Buildings:

"Under advice of the Corporation Counsel received this morning I am making an agreement with the Staten Island Rapid Transit Railway Company (set forth in my letter of this date, copy of which I inclose herewith for your information).

"Before proceeding to open the bridge, however, in order that I may be thoroughly sure of the safety of the structure, I wish you to immediately make a careful examination thereof and report to me at once in writing.

"You will also immediately proceed with the preparation of plans for such strengthening of the structure as may be necessary to meet all the new responsibilities which the City assumes, and to thoroughly safeguard the interests of the public. You will act in conjunction with my Superintendent of Highways, who will have charge of the carrying out, under my supervision, of such plans as you may make. Careful daily inspection of the structure must be made by you, particularly when the railroad company begins excavating in the vicinity of the supports of the bridge.

"I particularly call your attention to the following paragraph in the opinion received by me this morning from the Corporation Counsel:

"In view of the work contemplated by the railway company, you will, of course, exercise the greatest care and vigilance in keeping the bridge at all times in an absolutely safe condition for travel."

"The Superintendent of Highways will at all times at once act upon your suggestions."

Repairs were made to the bridge at once to make it safe, and a daily inspection has been and is now made by the Bureau of Buildings of my office to see that the footpath is kept in a safe condition.

The agreement spoken of in the Corporation Counsel's letter to be made between the railway company and myself consisted of my letter to the railway company accepting the terms proposed by it and the letter of February 11, 1907, from Mr. Campbell, turning the bridge over to my control, subject to the conditions agreed upon.

The railway company now, through its counsel, feels that it desires action by the Sinking Fund Commission and that a lease be made between the City and the company embodying the terms provided.

I therefore ask that such a lease be authorized. I presume this matter will be referred by the Commission, prior to its action, to the Bureau of Real Estate of the Comptroller's office, in which event I would suggest that that bureau communicate with Mr. Morgan L. Ryan, New Brighton, New York, who is the attorney for the railway company, as to the proper terms and provisions of the lease.

I trust the Commission will authorize this lease, as there is no question that the City of New York, on account of the use of the footpath by the public, derives the benefit from its use, while the railway company derives none; and on the other hand, the closing of the bridge would mean a great inconvenience to the public. There will, of course, be built a new viaduct at St. George, plans for which are in course of preparation, and this footpath is now the only convenient way to the ferry.

Very truly yours,

GEORGE CROMWELL,
President of the Borough of Richmond.

NEW YORK, February 9, 1907.

Hon. GEORGE CROMWELL, President, Borough of Richmond:

SIR—I beg to acknowledge the receipt of your communication, dated February 4, 1907, setting forth the correspondence which has passed between you and the vice-president of the Staten Island Rapid Transit Railway Company and the Commissioner of Docks and Ferries in relation to the footway at St. George, connecting the ferry house with Jay street.

From said communication, supplemented by information furnished by Commissioner Louis L. Tribus to my Assistant, Mr. Widdecombe, in a personal interview had this day, it appears that the covered footway in question was erected and has been maintained for the past twelve years by the Staten Island Railway Company, on whose property it is chiefly located, and that said footway, with the exception of fifty

feet thereof adjacent to Jay street, has been recently closed, to the inconvenience of the residents of St. George and its vicinity. It also appears that it will take several months to complete the new proposed viaduct, which is to be built across the Baltimore and Ohio yards by the Department of Docks and Ferries to connect said ferry house with Jay street, and that, in the meantime, foot passengers are compelled to reach the ferry house in the open by way of Jay and South streets, a distance of about two thousand feet from the Jay street end of the footbridge, as it previously existed, or pay a fare to the trolley company for transportation from Jay street across the trolley bridge, a distance of about one thousand feet.

To avoid the inconvenience complained of, the Staten Island Railway Company volunteers to allow the present passenger footbridge between the ferry house and Jay street to remain until the proposed new viaduct has been completed, upon the following conditions:

1. The City of New York to make all repairs and maintain the bridge in a perfectly safe condition; move supports from time to time and as often as requested and as our change of tracks may require. Repairs not to interfere with movement of trains underneath.

2. The City of New York to assume all liability for accidents to life, limb and property sustained by the public or our company as a result of the use and maintenance of the bridge and to indemnify and save harmless the railroad company from and against all claims and judgments for damages for personal injuries or otherwise, resulting from or arising out of the use or maintenance of said bridge.

3. The Staten Island Rapid Transit Railway Company expressly reserves the right to withdraw its consent to the use of said bridge and to terminate such agreement at any time upon thirty days' notice in writing to The City of New York or to the Commissioner of Public Works for the Borough of Richmond.

While the conditions stated, at first sight, seem onerous and exacting, nevertheless it is safe to assume that the railway company is excavating land in the vicinity of the bridge in question and in running its trains thereunder, will exercise the same degree of reasonable care as formerly while similar work was in progress. Be this as it may, the supports can be located and removed from time to time, and the structure inspected at such frequent intervals that the risks assumed will be reduced to a minimum.

Assuming that an agreement should be entered into between the railway company and the City on the terms suggested by the vice-president of the railway company, the structure would by reason thereof become a temporary public highway, and I am of the opinion that it would be lawful for you, under the peculiar conditions existing, to repair and maintain the same out of appropriations applicable to such purposes.

In view of the work contemplated by the railway company, you will, of course, exercise the greatest care and vigilance in keeping the bridge at all times in an absolutely safe condition for travel.

Respectfully yours,
(Signed) G. L. STERLING, Acting Corporation Counsel.

In connection therewith the Comptroller presented the following report:

May 29, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—In relation to request of Hon. George Cromwell, President of the Borough of Richmond, for authority to make a lease between The City of New York and the Staten Island Rapid Transit Railway Company for the use of the footbridge at St. George, connecting the ferryhouse with Jay street, I beg to report:

In communication signed by Mr. Cromwell and addressed to N. Taylor Phillips, Esq., under date of March 19, 1907, it is stated that the footbridge referred to, although owned by the Staten Island Rapid Transit Railway Company, has been used by the public for the past twelve years; that it is the only foot way to the ferry, except by the way of South street; that it serves persons who walk to the ferry who come through DeKalb street, a distance of at least 1,000 feet, and persons who walk to the ferry from points on the east shore, a distance of about 500 feet. Mr. Cromwell also states that the footbridge, being roofed, is protected in winter and summer from exposure.

It is also stated that notice has recently been received from the Railroad Company that it could not longer assume responsibility for maintenance of the structure or for any accident or injury to persons using it, and that owing to excavating being done by the company underneath the footbridge there was more or less liability to accident by passing trains striking the supports, said notice being served on President Cromwell on January 11, 1907.

An effort was then made, looking towards obtaining assistance from the Department of Docks and Ferries, but the Commissioner of the said Department refused to have anything to do with the matter, as he considered that it was one that came entirely under the jurisdiction of the President of the Borough.

An opinion was then obtained from the Corporation Counsel, in which the view was taken that it would be proper for President Cromwell to enter into an agreement and assume charge of the footpath on behalf of the City upon certain conditions, said conditions being as follows:

First—The City of New York to make all repairs and maintain the bridge in a perfectly safe condition, move supports from time to time and as often as requested, and as our change of tracks may require, repairs not to interfere with the movement of trains underneath.

Second—The City of New York to assume all liability for accident to life, limb and property sustained by the public or our company as a result of the use and maintenance of the bridge, and to indemnify and save harmless the railroad company from and against all claims and judgment for damages for personal injuries, or otherwise, resulting from or arising out of the use or maintenance of said bridge.

Third—The Staten Island Rapid Transit Railway Company expressly reserves the right to withdraw its consent to the use of said bridge and to terminate such agreement at any time upon thirty days' notice in writing to The City of New York or to the Commissioner of Public Works for the Borough of Richmond.

President Cromwell thereupon wrote to Mr. Campbell, vice-president of the Staten Island Rapid Transit Railway Company, embodying the conditions and accepting the same on behalf of the City, to which the following reply from Mr. Campbell, dated February 11, 1907, was returned:

"I beg to acknowledge receipt of your favor of even date in relation to the use of the present passenger footbridge between the ferryhouse at St. George and Jay street, and note that on behalf of The City of New York you accept the conditions as set forth in communication of the 25th ult., in view of which the bridge is hereby turned over to your control subject to the condition agreed upon."

The bridge was then opened and repaired in accordance with plans prepared by the Superintendent of Buildings, and still remains open for the use of the public.

As regards the granting of authority for the execution of this lease, the consideration for which, outside of the conditions named, is stated to be nominal, I would say.

The footpath is a short cut from Jay street for all persons walking to the ferry coming from the direction of the northerly shore of Staten Island, the distance saved being something like 920 feet by this route, instead of coming around by the way of South street.

The following is a statement of distances by the different routes from Jay street to the ferry:

	Feet.
Distance from ferryhouse to Jay street, via the footbridge about.....	1,119
Distance from ferryhouse to entrance of bridge at Jay street, via South street, about	2,040
Difference.....	921
Distance under cover, via footbridge, about.....	843
Distance under cover, via South street, about.....	354
Length of footbridge, for which, in case of authority being granted, the City will be responsible.....	432

As regards the question of the walk under cover, I am of the opinion, that it should not be allowed in a discussion of the merits of the case as it has never been considered

a municipal obligation to provide covering for street highways, sidewalks or footpaths.

As regards the conditions imposed, I would say, that I have examined the footbridge referred to and find it to be a structure of about ten (10) feet wide and 432 feet in length, extending from Jay street and connecting with the high platform leading to the ferry, built by the Department of Docks and Ferries.

This bridge is a wooden structure held in place by supports resting on the ground, the outer end crossing the excavated cut made by the Staten Island Rapid Transit Company for their railway tracks, for a distance of about 180 feet, the inner end, for a distance of about 150 feet, being supported by short supporters placed on the natural surface of the ground. It is the removal of this bank (now being excavated) that will necessitate the replacing of the short supports by long ones.

Repairs have already been made to the bridge at an expense (as I have been informed by Mr. Buell, Superintendent of Highways), of \$966.98. The work that has been done consists of placing one set of high supports and the construction of a single timber truss about 75 feet in length. To continue to maintain and to move the supports or place new ones as requested by the railway company or as the safety of the bridge demands, will, in my opinion, require not only great care and watchfulness, but will also prove exceedingly expensive.

The condition, however, as regards the assumption by The City of New York of all liability for accidents to life, limb and property sustained by the public or the company, I consider an extremely serious proposition.

The bridge itself, as stated in the communication of Mr. Cromwell, has been in use during the last twelve (12) years. It is placed on frail wooden supports over the company's excavation at a height of about 25 feet above the railroad tracks. If these supports do not give way by reason of the weight of the bridge, there is danger of their being knocked down or displaced by passing trains or by the steam shovel used in excavating the deep cut underneath it.

I fully concur with Mr. Campbell in his letter of January 10, 1907, addressed to President Cromwell (quoted in Mr. Cromwell's letter, page 2), in which he says:

* * * "Beg to advise that our company will not assume any responsibility whatever for the maintenance of this structure or for any accident or injury of any character whatever to parties using it. As you probably know, we are excavating underneath this footway, and there is more or less likelihood to accident in striking the supports by passing trains."

It is also a condition of the proposed lease that the railway company shall have the right to terminate the agreement at any time upon giving thirty (30) days' notice in writing.

The City has already expended a considerable sum of money in repairs to the bridge, which sum is likely to be still further largely augmented as soon as the work of excavation underneath the bridge is again resumed.

In my opinion, it will not be in the best interests of the City to enter into any agreement whereby after the expenditure of a large sum of money, the rights or benefits to be derived by the City may be set aside or declared null and void upon the service of a thirty (30) days' notice.

In view of all of the facts, while it will, without doubt, be a great hardship to the many pedestrians who now use the footbridge to make the detour around to ferryhouse and leave it via South street, I am of the opinion, that on account of the great liability and danger of accidents which would result in damage suits against the City, as well also in consideration of the great expense of maintaining the bridge, that the best interests of the City will be conserved by a refusal of the Sinking Fund Commission to execute the lease.

Respectfully,
CHANDLER WITTINGTON, Chief Engineer.

Approved:

H. A. METZ, Comptroller.

On motion, the application of the President of the Borough of Richmond was denied.

The following communication was received from the President of the Borough of Richmond, relative to a lease of four vacant lots known on the tax books as Lots Nos. 153, 154, 172 and 173, in Plot 7, Ward 2, Volume 1, Borough of Richmond:

NEW YORK, April 15, 1907.

Commissioners of the Sinking Fund, N. TAYLOR PHILLIPS, Esq., Secretary, No. 280 Broadway, New York:

DEAR SIR—We have need for an additional piece of property upon which to store various construction and maintenance materials in the district popularly known as Concord, S. I. To that end we have found four vacant lots which could be secured, and are located so as to be quite suitable for our purposes. The property is owned by Mrs. Catharine Winters, of Stapleton, who is willing to rent same for the annual sum of \$100. We would request that a lease be made securing this property for a period of two years, dating from June 1, 1907. We send sketch showing the property in question, with technical description noted thereon.

Yours truly,

LOUIS L. TRIBUS, Acting President of the Borough.

In connection therewith the Comptroller presented the following report and offered the following resolution:

May 21, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. Louis L. Tribus, Acting President of the Borough of Richmond, in a communication addressed to the Commissioners of the Sinking Fund, under date of April 15, 1907, requests that a lease be entered into of the plot of four vacant lots in Roff street and Irving place, between Garden and Hardy streets, at Concord, Borough of Richmond, as shown on the diagram herewith, for use as a storage yard by the Bureau of Highways, for a period of two years from June 1, 1907, at an annual rental of \$100, payable quarterly, with the privilege of renewal for an additional two years upon the same terms and conditions.

I have had an examination made of the premises in question, and it appears that they consist of a plot of four vacant lots, at grade, fronting on Roff street and Irving place, at Concord, Borough of Richmond. The lots are assessed at \$800, and are fairly worth about \$1,400. The rent asked, \$100 a year, is in my opinion reasonable. I would therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a lease of the four vacant lots, known on the tax books as Lots Nos. 153, 154, 172 and 173, in Plot 7, Ward 2, Volume 1, in the Borough of Richmond, and more particularly described on the diagram herewith, for a term of two years from June 1, 1907, with the privilege of renewal for an additional two years upon the same terms and conditions, at an annual rental of \$100, payable quarterly. Lessor, Mrs. Catharine Winters.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from Mrs. Catharine Winters, of the four vacant lots known on the tax books as Lots Nos. 153, 154, 172 and 173, in Plot 7, Ward 2, Volume 1, of the Borough of Richmond, for the use of the President of the Borough of Richmond, for a period of two years from June 1, 1907, with the privilege of renewal for an additional two years upon the same terms and conditions, at an annual rental of one hundred dollars (\$100), payable quarterly; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the

Corporation Counsel, as provided in sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to a lease of premises at Nos. 106, 108 and 110 Court street, Borough of Brooklyn, for the use of the First District Municipal Court:

May 23, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—The City of New York has been leasing, for two periods of five years each, the premises on Court and State streets, Borough of Brooklyn, for the purposes of the First District Municipal Court. The premises occupied comprise the entire second floor and five rooms on the third floor of Nos. 106, 108 and 110 Court street, corner of State street, Borough of Brooklyn, and the annual rent which has been paid during these ten years was at the rate of \$2,500 per annum.

At a meeting of the Commissioners of the Sinking Fund, held December 19, 1901 (see Minutes, page 513), an exhaustive report was made upon the proposition by the then Chief Engineer of the Department of Finance, in which he recommended that the lease be renewed, to expire February 1, 1907, which was approved by the Commissioners.

The entire building, of which the court forms only a part, is in dimensions 70 feet by 111 feet 6 inches, on a lot 92 feet 9 inches by 111 feet 6 inches, and is assessed for the year 1906 at \$80,000. The portion of the building occupied by the First District Municipal Court consists of a large room, 38 feet by 69 feet, with a 30-foot ceiling, used as a court room, and four smaller rooms on the second floor, occupied as Judge's chambers, Clerk's room and record room. On the third floor there are six small rooms and a bath, used as living apartments by the court Janitor. In all there are about 5,520 square feet of floor space.

The owner of the property, Joseph D. Willis, of No. 42 Schermerhorn street, Borough of Brooklyn, in a communication dated May 18, 1907, requests that the lease be renewed for the further period of five years at an annual rental of \$3,000, which is an increase of \$500 over the last lease. The assessed valuation for the year 1901, at which time the lease was made, was \$56,000. The assessed valuation for the year 1906 is, as above stated, \$80,000, or an increase in assessed valuation of about 50 per cent. The rent is an increase of 20 per cent.

Mr. Willis, in his communication, states that the slight increase in the rental is merely normal, and in accordance and in harmony with increases made and to be made as leases expire with other tenants occupying property in the vicinity. I know this to be a fact, because in all of the semi-public buildings in the vicinity of the City Hall rents have been increased on renewals of leases of this year.

Taking the square foot area and the rent asked, it is about 55 cents per square foot. The City is paying \$1.25 in the Mechanics' Bank Building and \$1.50 in the Temple Bar Building. There is no other building in the vicinity that can properly accommodate the present court, and if the Commissioners of the Sinking Fund approve of the renewal of this lease, it is fair to assume that the new municipal building in which this court is to be located should be ready for occupancy by the time of the expiration of this lease.

I would therefore respectfully recommend that the Commissioners of the Sinking Fund approve of the lease from Joseph D. Willis, for a term of five years from February 1, 1907, of the second floor and five rooms on the third floor of the building Nos. 106, 108 and 110 Court street, corner of State street, Borough of Brooklyn, for the use of the First District Municipal Court, at an annual rental of \$3,000, payable quarterly, the owner to keep the building in repair, otherwise upon the same terms and conditions as contained in the lease which has just expired.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from Joseph D. Willis, of the second floor and five rooms on the third floor of the building Nos. 106, 108 and 110 Court street, corner of State street, Borough of Brooklyn, for the use of the First District Municipal Court, for a term of five years from February 1, 1907, at an annual rental of three thousand dollars (\$3,000), payable quarterly; the owner to keep the building in repair, otherwise upon the same terms and conditions as contained in the previous lease; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same, when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to a lease of rooms in the Temple Bar Building, Nos. 38 to 44 Court street, Borough of Brooklyn, for the use of the Tenement House Department:

May 22, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. Edmond J. Butler, Commissioner of the Tenement House Department, requests a renewal of the lease of rooms occupied by his Department on the twelfth and thirteenth floors, and the northeasterly tower on the thirteenth floor, and Room 401 in the Temple Bar Building, Nos. 38 to 44 Court street, Borough of Brooklyn, for the use of the Tenement House Department for a period of one year from May 1, 1907.

The rent now paid by the Tenement House Department for the twelfth and thirteenth floors and the northeasterly tower on the thirteenth floor is \$5,595 00
The rent for Room 401 is 668 75

Making a total of \$6,263 75

The owners of the property, owing to a general increase in rental values surrounding the Borough Hall, in the Borough of Brooklyn, have increased the square foot rent 25 cents—that is, from \$1.25 to \$1.50.

The Commissioners of the Sinking Fund, at a meeting held January 31, 1902, adopted a resolution authorizing the hiring of 3,587 square feet on the twelfth floor of the Temple Bar Building, at a meeting held September 17, 1902, they adopted a resolution authorizing the hiring of 765 square feet in the northeast tower on the thirteenth floor of the Temple Bar Building, and at a meeting held December 24, 1902, they adopted a resolution hiring two rooms in the southeast tower of the Temple Bar Building, one on the thirteenth floor, containing 705 square feet, and the other on the fourteenth floor, containing 658 square feet, making a total of 1,363 square feet.

These leases have been renewed from time to time at slightly increased rentals, and expired on May 1, 1907. On November 1, 1906, the Commissioners of the Sinking Fund authorized a lease of Room 401 in the Temple Bar Building, containing 535 square feet.

The proposition of the Tenement House Department now is to renew all these leases, the rental of which is increased to \$1.50 per square foot for all the rooms with the exception of the tower rooms, and \$1 per square foot for the tower rooms.

This office, prior to May 1, attempted to seek quarters for the Tenement House Department at a lower rental than now asked by the owners of the Temple Bar Building, but has been unsuccessful. I would therefore respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution approving of the request of the Commissioner of the Tenement House Department, and authorize a renewal of the lease from David G. Leggett of the twelfth and thirteenth floors and the tower

rooms on the thirteenth and fourteenth floors, and Room 401 in the Temple Bar Building, Nos. 38 to 44 Court street, Borough of Brooklyn, for the use of the Tenement House Department, for a period of one year from May 1, 1907, at an annual rental of \$8,311, apportioned as follows:

Room 401, 535 square feet, at \$1.50 per square foot.....	\$802 50
Twelfth floor, 3,587 square feet, at \$1.50 per square foot.....	5,380 50
Tower rooms, 2,128 square feet, at \$1 per square foot.....	2,128 00
Total.....	\$8,311 00

—which said rent, under the circumstances, is reasonable and just. The owner to furnish light, heat, elevator and janitor service.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, from David G. Leggett, of the twelfth and thirteenth floors and the tower rooms on the thirteenth and fourteenth floors, and Room No. 401 in the Temple Bar Building, Nos. 38 to 44 Court street, Borough of Brooklyn, for the use of the Tenement House Department, for a period of one year from May 1, 1907, at an annual rental of eight thousand three hundred and eleven dollars (\$8,311), payable quarterly; the owner to furnish light, heat, elevator and janitor service; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution, relative to a renewal of the lease of the rear half of the third floor of premises No. 51 Jackson avenue, Long Island City, Borough of Queens, for the use of the President of the Borough of Queens:

May 22, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Commissioners of the Sinking Fund, at a meeting held December 27, 1905, adopted a resolution authorizing a lease from William Richenstein of the rear half of the third floor of the premises No. 51 Jackson avenue, Borough of Queens, for a period of one year from December 1, 1905, at an annual rental of \$600, payable quarterly, for the use of the Bureau of Sewers, under the jurisdiction of the President of the Borough of Queens; the lessor to furnish steam heat.

Under date of May 16, 1907, the President of the Borough of Queens addressed a communication to the Mayor and Chairman of the Commissioners of the Sinking Fund, requesting a renewal of the said lease for a period of two years from December 1, 1906, at which time the old lease expired, upon the same terms and conditions as contained in the lease which expired last year.

I would respectfully recommend that the Commissioners of the Sinking Fund approve of said request and authorize a renewal of the lease of the rear half of the third floor in the post-office building, No. 51 Jackson avenue, Long Island City, Borough of Queens, for a period of two years from December 1, 1906, at an annual rental of \$600, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, William Richenstein.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, from William Richenstein, of the rear half of the third floor in the post-office building, No. 51 Jackson avenue, Long Island City, Borough of Queens, for the use of the President of the Borough of Queens, for a period of two years from December 1, 1906, at an annual rental of six hundred dollars (\$600), payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Commissioner of Bridges, relative to a lease of the store of premises No. 41 West One Hundred and Thirty-fifth street, Borough of Manhattan:

May 8, 1907.

Hon. N. TAYLOR PHILLIPS, Secretary, Commissioners of Sinking Fund, No. 280 Broadway, Manhattan:

SIR—I hereby make application for a lease of an office in the building located at No. 43 West One Hundred and Thirty-fifth street, Manhattan, consisting of the ground floor of said building, having an area of about 504 square feet, at a rental of \$420 per annum. This office desired to be leased is for the Engineer in charge of construction on the Harlem river.

The following information is furnished, pursuant to the directions of the Commissioners of the Sinking Fund:

1. The owners are Minken & Resbosky, No. 45 West One Hundred and Thirty-fifth street, Manhattan.
2. The office desired to be leased is the first or ground floor, the dimensions being 14 feet by 36 feet.
3. The lease should be drawn for one year from the date of occupancy by this department, with the privilege of renewal for one year upon the same terms and conditions.
4. The rent asked, viz., \$420 per annum, is just and reasonable.
5. Repairs will be made by the lessors.
6. Water taxes will be paid by the lessors.
7. The lessors must supply heat and janitor service and the City will supply light.
8. The necessity for leasing these premises is to locate the Engineer in charge of construction on the Harlem river in a central location, close to and easy of access to the work under his jurisdiction.

9. The terms are recommended as the most reasonable that can be secured in the neighborhood for the purposes of this department, being close to the new Madison Avenue Bridge, now in course of construction.

10. The fund from which the rent will be paid, to wit, "Construction of a bridge across the Harlem river at Madison avenue," is sufficient to meet this charge.

I urgently request your Commission to authorize the making of this lease, so that the department can obtain possession at the earliest possible moment.

Respectfully,

J. W. STEVENSON, Commissioner of Bridges.

In connection therewith the Comptroller presented the following report and offered the following resolution:

May 20, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. James W. Stevenson, Commissioner of the Department of Bridges, in a communication to the Commissioners of the Sinking Fund, under date of May 8, 1907, requests that a lease be obtained of the store premises No. 43 West One Hundred and Thirty-fifth street, Borough of Manhattan (this should be No. 41, as No. 43 is already occupied), for a period of one year from the date of occupancy, with the privilege of renewal for another year upon the same terms and conditions, at a rental of \$420 a year, payable monthly, the lessor to supply heat, janitor service, and to make repairs and pay for the water used on the premises, the lessee to pay for light, the said store being required for the Engineer in charge of construction on the Harlem river.

I have had an examination made of the premises in question, and it appears that they consist of a small store about 14 by 36, on the ground floor of the six-story store and tenement building, on the north side of One Hundred and Thirty-fifth street, between Fifth and Lenox avenues. The store has steam heat, toilet and hot and cold water supply, and the rent asked of \$420 a year is in my opinion reasonable.

I would therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a lease of the store premises No. 41 West One Hundred and Thirty-fifth street, in the Borough of Manhattan, for the use of the Engineer in charge of construction on the Harlem river, Department of Bridges, for a term of one year from the date of occupancy, with the privilege of renewal for an additional year upon the same terms and conditions, at an annual rental of \$420, payable monthly, the lessor to make the necessary repairs, and to supply heat and janitor service, and to pay for the water used on the premises during the term of the lease; the City to pay for the light used. Lessors, Minken & Resbosky.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from Minken & Resbosky, of the store of premises No. 41 West One Hundred and Thirty-fifth street, Borough of Manhattan, for use of the Department of Bridges, for a period of one year from the date of occupation, with the privilege of renewal for an additional year, upon the same terms and conditions, at an annual rental of four hundred and twenty dollars (\$420), payable monthly; the lessor to make the necessary repairs, to supply heat and janitor service and to pay for Croton water used on the premises during the term of the lease; the City to pay for the light used; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same, when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Department of Bridges relative to a lease of premises at No. 472 Water street, Borough of Manhattan:

May 15, 1907.

Hon. N. TAYLOR PHILLIPS, Secretary, Sinking Fund Commission, No. 280 Broadway, Manhattan:

SIR—I beg leave to request the renewal of the lease of the floor above the ground floor of the premises No. 472 Water street, Borough of Manhattan, occupied as offices for the Engineers of the Manhattan Bridge, for a period of one year from June 1, 1907, with the privilege of a further renewal for one year, at an annual rental of \$480, payable quarterly. Lessor, Charles H. Meyer, No. 221 Cherry street, Manhattan.

Respectfully,

JOHN H. LITTLE,
Deputy and Acting Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

May 21, 1907.

Recommended that the lease of the ground floor of the premises No. 472 Water street, Borough of Manhattan, be renewed for a period of one year from June 1, 1907, with the privilege of renewal for an additional period of one year upon the same terms and conditions, at an annual rental of \$480, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Charles H. Meyer.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City of the floor above the ground floor of premises No. 472 Water street, Borough of Manhattan, for use of the Department of Bridges, for a period of one year from June 1, 1907, with the privilege of renewal for an additional year upon the same terms and conditions, at an annual rental of four hundred and eighty dollars (\$480), payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease; lessor, Charles H. Meyer; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the President of the Board of Justices of the Court of Special Sessions of the Second Division, relative to a lease of premises in the Corn Exchange Bank Building on Jay street, St. George, Borough of Richmond:

April 22, 1907.

Honorable Commissioners of the Sinking Fund, N. T. PHILLIPS, Secretary, No. 280 Broadway, New York City:

GENTLEMEN—It will be necessary to lease the rooms formerly occupied by Justice Stevens, on the second floor of the Corn Exchange Bank Building, situated on Jay street, St. George, Borough of Richmond, about 744 square feet, at a rental of \$1,000 per annum, for a court room for this Court.

The Clerk's office, official documents, papers and records of the Court are located in this building, the proposed court room adjoins the same, and the location is central and convenient for the people of the Borough of Richmond. At present, Court is held temporarily in Magistrate Croak's District Court room, at Sailor's Snug Harbor, a place very difficult to reach from other sections of the Borough, and at the same time we interfere with the business of the Magistrate's Court.

I would therefore request that a lease be authorized for a period until May 1, 1908, the same to date from the date of occupancy.

Respectfully, etc.

HOWARD J. FORKER,

President of the Board of Justices of Court of Special Sessions.

In connection therewith the Comptroller presented the following report and offered the following resolution:

Hon. HERMAN A. METZ, Comptroller:

SIR—Honorable Howard J. Forker, President of the Board of Justices of the Court of Special Sessions, Second Division, City of New York, in a communication under date of April 22, 1907, addressed to the Commissioners of the Sinking Fund, states that it will be necessary to lease the rooms formerly occupied by Justice Stevens on the second floor of the Corn Exchange Bank Building, situated on Jay street, St. George, Borough of Richmond, containing about 744 square feet, for a court room for Magistrate Court purposes, and further states that the Clerk's office, official documents, papers and records of the Court are located in this building, the proposed court room adjoins the same, and the location is central and convenient for the people of the Borough of Richmond. At present the Court is held temporarily in Magistrate Croak's District Court room at Sailor's Snug Harbor, a place very difficult to reach from other sections of the Borough.

The rental asked of \$1,000 per annum is in my opinion reasonable, and I would therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a lease of rooms 5, 6 and 7 on the second floor of the Corn Exchange Bank Building, situated on Jay street, St. George, Borough of Richmond, for a period from the date of occupation to May 1, 1908, at an annual rental of \$1,000, payable quarterly, with a privilege of renewal for an additional year upon the same terms and conditions; the lessor to furnish the necessary light, heat, water and janitor service and to remove the two partitions between rooms, without cost. Lessor, Corn Exchange Bank.

I would further respectfully recommend that, pursuant to the provisions of section 205 of the Revised Charter, the said property be assigned for Magistrate Court purposes on and after the date of occupancy.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from the Corn Exchange Bank, of rooms 5, 6 and 7 on the second floor of the Corn Exchange Bank Building, situated on Jay street, St. George, Borough of Richmond, for use of the Court of Special Sessions, Second Division, City of New York, for a period from the date of occupation to May 1, 1908, at an annual rental of one thousand dollars (\$1,000), payable quarterly, with the privilege of renewal for an additional year upon the same terms and conditions; the lessor to furnish the necessary light, heat, water, and janitor service and to remove the two partitions between rooms without cost; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

Resolved, That pursuant to the provisions of section 205 of the amended Greater New York Charter, the Commissioners of the Sinking Fund hereby assign the Corn Exchange Bank Building situated on Jay street, St. George, Borough of Richmond, as the place where the Court of Special Sessions, Second Division, City of New York, shall be held on and after the date of occupancy.

The report was accepted and the resolutions severally unanimously adopted.

The Comptroller presented the following report and offered the following resolution, relative to the hiring of the large room in the Grand Central Palace, Forty-third street and Lexington avenue, Borough of Manhattan, by the Municipal Civil Service Commission:

May 17, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Municipal Civil Service Commission has transmitted to this office a voucher for rental for the month of February, 1907, for premises used for examination purposes, etc., outside of the premises under lease for the use of that Department.

The price at which this room was originally rented to the City was at the rate of \$100 per day, and inquiry was made of the Municipal Civil Service Commission in order to determine as to what arrangements were made for the renting of the said room, as the bill of the lessor states "as agreed," and in a communication under date of May 11, 1907, the Chief Examiner of the Municipal Civil Service Commission states:

"Sometime before making the arrangements for the use of the room on that day (referring to February 7, 1907), I was informed by Mr. Nathan, with whom I have always made arrangements for the use of the room, that in the future the company would be obliged to charge \$150 for the use of the large room owing to the expense incurred in furnishing sufficient light * * * and it was agreed that we had no alternative but to accept the rates which the company imposed."

Under these conditions I am of the opinion that the rent asked is reasonable, and I would respectfully recommend that the Commissioners of the Sinking Fund approve of the hiring by the Municipal Civil Service Commission of the large room in the Grand Central Palace, at Forty-third and Forty-fourth streets and Lexington avenue, Borough of Manhattan, on February 7, 1907, and authorize the Comptroller to pay the sum of \$150 to the Grand Central Palace Company, being the rent for the hall in question on the date mentioned, without the necessity of entering into a lease.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of the hiring, by the Municipal Civil Service Commission, of the large room in the Grand Central Palace at Forty-third and Forty-fourth streets and Lexington avenue, Borough of Manhattan, on February 7, 1907, and the Comptroller be and is hereby authorized to pay to the Grand Central Palace Company the sum of one hundred and fifty dollars (\$150), being the rent for the hall in question on the date mentioned, without the necessity of entering into a lease.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution, relative to the assignment of the third floor of premises No. 51 Jackson avenue, Borough of Queens, to the President of the Borough of Queens, and the assignment of premises at No. 46 Jackson avenue, Long Island City, Borough of Queens, to the Board of Elections:

May 21, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. John T. Dooling, President of the Board of Elections, in a communication under date of May 7, 1907, addressed to the Commissioners of the Sinking Fund,

states that the Board of Elections has a branch office in the Borough of Queens, which is now and has been for some years past located in the Post Office Building, No. 51 Jackson avenue, Long Island City. The President of the Borough of Queens has his office and its various bureaus in the adjoining building, and has requested the Board to consent to vacate their present office, and accept an office, equally as good, on the opposite side of Jackson avenue, in lieu thereof. The communication further states that the change is one that will be an accommodation to the President of the Borough of Queens, by having his office in a rather compact and convenient location.

The resolution of the Board of Elections agreeing to such transfer of offices reads as follows:

"Resolved, That the Board of Elections of The City of New York hereby consents to surrender possession of the premises occupied by its branch office for the Borough of Queens at No. 51 Jackson avenue, Long Island City, to the President of the Borough of Queens in exchange for certain premises at No. 46 Jackson avenue, Long Island City, described in a resolution adopted by the Commissioners of the Sinking Fund on December 11, 1906."

The lease of the first and second floors of the building No. 46 Jackson avenue, Long Island City, Borough of Queens, occupied by the President of the Borough of Queens, was made under a resolution of December 11, 1906, for a period of two years from the date of occupation, at an annual rental of \$900, payable quarterly. The lease of the third floor of the premises No. 51 Jackson avenue, Long Island City, Borough of Queens, occupied by the Board of Elections, has been renewed under the resolution of the Commissioners of the Sinking Fund, adopted September 13, 1906, for a period of four years and nine months from August 1, 1906, at an annual rental of \$800, payable quarterly.

In view of the fact that both departments are agreeable to the proposed change, I would respectfully recommend that the Commissioners of the Sinking Fund assign the third floor of the premises No. 51 Jackson avenue, Long Island City, Borough of Queens, containing about 2,425 square feet, including the exclusive use of toilet room and appurtenances opening into the lobby or central portion of the third floor, together with the occupation and use of about 800 square feet of space in the front portion of the cellar of said building, with an access thereto by stairway from the sidewalk of Jackson avenue, for the use of the President of the Borough of Queens, until the date of the expiration of the said lease, May 1, 1911, and I would further recommend that the Commissioners of the Sinking Fund assign the first and second floors of the building No. 46 Jackson avenue, Long Island City, Borough of Queens, for the use of the Board of Elections until the date of the expiration of the said lease, which will be two years from the date of occupation, under the resolution of the Commissioners of the Sinking Fund adopted December 11, 1906.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby assign to the President of the Borough of Queens the third floor of the premises No. 51 Jackson avenue, Long Island City, Borough of Queens, containing about 2,425 square feet, including the exclusive use of the toilet room and appurtenances opening into the lobby or central portion of the third floor, together with the occupation and use of about 800 square feet of space in the front portion of the cellar of said building, with access thereto by stairway from the sidewalk of Jackson avenue—said assignment to continue until the date of the expiration of the lease of said premises May 1, 1911.

Resolved, That the Commissioners of the Sinking Fund hereby assign to the Board of Elections the first and second floors of the building No. 46 Jackson avenue, Long Island City, Borough of Queens—said assignment to continue until the date of the expiration of the lease of said premises.

The report was accepted and the resolutions severally unanimously adopted.

The following communication was received from the Department of Street Cleaning, relative to a lease of premises at No. 442 West Forty-fifth street, Borough of Manhattan:

May 17, 1907.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman, Board of Commissioners, Sinking Fund:

DEAR SIR—I request the consent and approval of your Board, pursuant to section 541 of the Charter, for the lease from Lillie Welker of the store and basement of the premises No. 442 West Forty-fifth street, Borough of Manhattan, for a term of five years from August 10, 1907, at the annual rental of \$540, payable quarterly, it being understood that the lessor will put the premises in good condition and repair, and that thereafter the City will keep the premises in repair and furnish whatever heat may be necessary, and will pay for the Croton water used in the premises.

This new lease is intended to provide a section station to take the place of that at No. 444 West Forty-sixth street, the lease of which expires August 10, 1907, and which cannot be renewed except at an increase.

Respectfully,

WM. H. EDWARDS,
Deputy and Acting Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

May 24, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. William H. Edwards, Deputy and Acting Commissioner of the Department of Street Cleaning, in a communication under date of May 17, 1907, addressed to the Commissioners of the Sinking Fund, requests a lease of the store and basement of the premises No. 442 West Forty-fifth street, Borough of Manhattan, for a term of five years from August 10, 1907, at an annual rental of \$540, payable quarterly. This lease is intended to provide a section station to take the place of that at No. 444 West Forty-sixth street, the lease of which expires August 10, 1907, and cannot be renewed except at an increase. The rental now paid for the premises is at the rate of \$480 per annum and the owner desires to increase the rent to the sum of \$900 per annum, which, in my opinion, would be an excessive amount.

The rental asked for the new premises, No. 442 West Forty-fifth street, is at the rate of \$540 per annum and is in my opinion reasonable. I would, therefore, respectfully recommend that the Commissioners of the Sinking Fund authorize a lease of the store and basement of the premises, No. 442 West Forty-fifth street, Borough of Manhattan, for a term of five years from August 10, 1907, at an annual rental of \$540, payable quarterly, it being understood that the lessor will put the premises in good condition and repair, and that thereafter the City will keep the premises in repair and furnish whatever heat may be necessary and will pay for the Croton water used in the premises. Lessor, Lillie Welker.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Commissioner of Street Cleaning, of a lease to the City from Lillie Welker, of the store and basement of the premises No. 442 West Forty-fifth street, Borough of Manhattan, for a term of five years from August 10, 1907, at an annual rental of five hundred and forty dollars (\$540), payable quarterly; the lessor to put the premises in good condition and repair and the City thereafter to keep the prem-

ises in repair and furnish whatever heat may be necessary, and pay for Croton water used on the premises; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution, relative to a lease of premises located on North Eighth street, between Havemeyer street and Union avenue, Borough of Brooklyn, for the use of the President of the Borough of Brooklyn:

May 23, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. Bird S. Coler, President of the Borough of Brooklyn, in a communication under date of January 29, 1907, requests the approval of the Commissioners of the Sinking Fund for a renewal of a lease expiring on May 15, 1907, for a period of three years from said date (this lease expired on May 1, 1907), and transmitted therewith a letter from Chief Engineer Tillson, recommending that the same be renewed for a period of three years.

Undr date of April 29, this office requested the President of the Borough of Brooklyn to furnish us with a diagram of the property in order that the lease might be properly drawn, and under date of May 8, 1907, the Borough President transmitted the map. This property has been under lease for a period of years in terms of three years each, at a rental of \$750 per annum, which is the price now asked by the owners of the property.

I would, therefore, respectfully recommend that the Commissioners of the Sinking Fund approve of the request of the President of the Borough of Brooklyn and authorize a lease of the premises located on North Eighth street, between Havemeyer street and Union avenue, Borough of Brooklyn, which is shown on the map hereto annexed, and is bounded and described as follows:

Beginning at a point on the northeasterly side of North Eighth street, distant 119 feet 1 inch northwesterly from the intersection of the northeasterly side of North Eighth street with the westerly side of Union avenue, and running thence northeasterly 50 feet $\frac{3}{4}$ inch; thence running northwesterly 189 feet $2\frac{1}{2}$ inches; thence southwesterly 20 feet $5\frac{1}{2}$ inches; thence again northwesterly 66 feet; thence again southwesterly 75 feet; thence again northwesterly in a curved line to the southeasterly side of Havemeyer street, at a point in said southeasterly side distant 55 feet northeasterly from the intersection of the corner of Havemeyer street with North Eighth street; thence southwesterly along Havemeyer street 55 feet to the point of intersection of Havemeyer street and North Eighth street, and thence southeasterly along the northeasterly side of North Eighth street 286 feet to the point or place of beginning.

—for a period of three years from May 1, 1907, at an annual rental of \$750, payable semi-annually. Lessor, William O. Platt, agent.

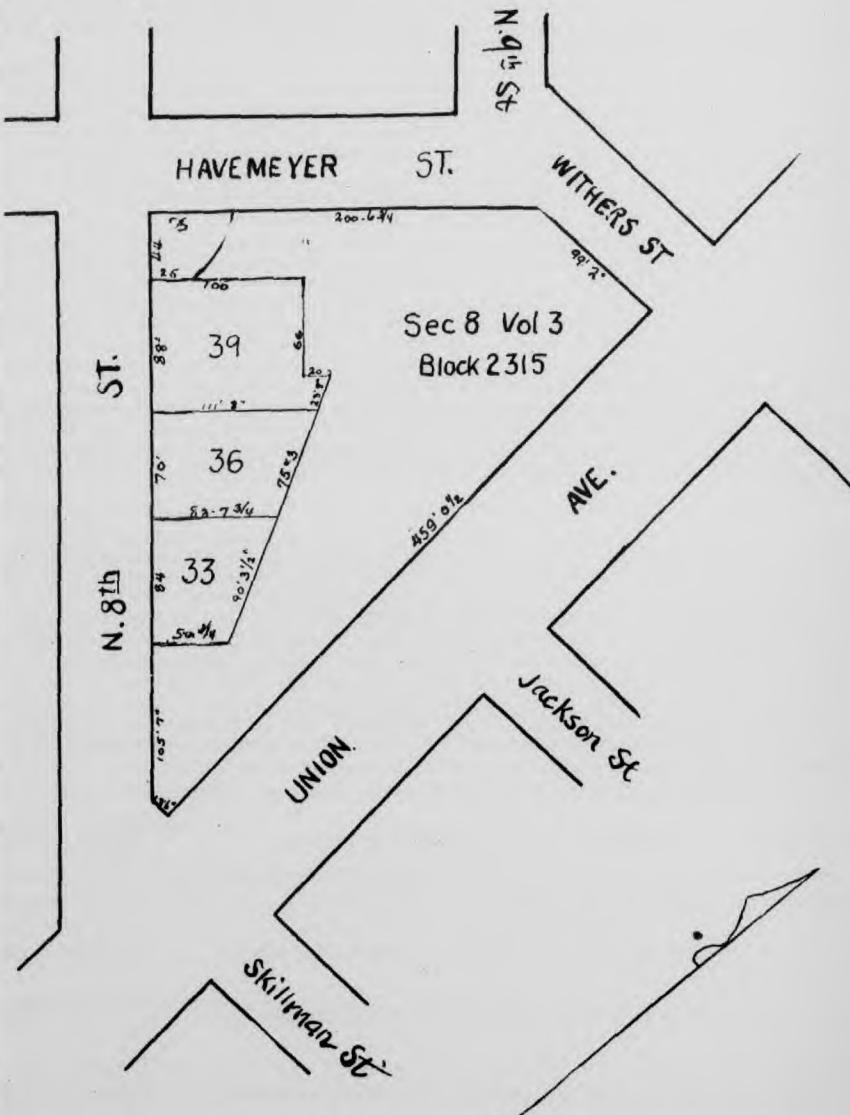

Respectfully submitted for approval,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

LAND USED BY THE BUREAU OF HIGHWAYS - BOROUGH OF BROOKLYN

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from William O. Platt, of the premises located on North Eighth street, between Havemeyer street and Union avenue, Borough of Brooklyn, bounded and described as follows:

Beginning at a point on the northeasterly side of North Eighth street, distant 119 feet 1 inch northwesterly from the intersection of the northeasterly side of North Eighth street with the westerly side of Union avenue, and running thence northeasterly 50 feet $\frac{3}{4}$ inch; thence running northwesterly 189 feet $2\frac{1}{2}$ inches; thence southwesterly 20 feet $5\frac{1}{2}$ inches; thence again northwesterly 66 feet; thence again southwesterly 75 feet thence again northwesterly in a curved line to the southeasterly side of Havemeyer street, at a point in said southeasterly side distant 55 feet northeasterly from the intersection of the corner of Havemeyer street with North Eighth street; thence southwesterly along Havemeyer street 55 feet to the point of intersection of Havemeyer street and North Eighth street, and thence southeasterly along the northeasterly side of North Eighth street 286 feet to the point or place of beginning.

intersection of the corner of Havemeyer street with North Eighth street; thence southwesterly along Havemeyer street 55 to the point of intersection of Havemeyer street and North Eighth street, and thence southeasterly along the northeasterly side of North Eighth street 286 feet to the point or place of beginning,

— for the use of the President of the Borough of Brooklyn, for a period of three years from May 1, 1907, at an annual rental of seven hundred and fifty dollars (\$750), payable semi-annually; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same, when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Commissioner of Water Supply, Gas and Electricity, turning over to the Commissioners of the Sinking Fund property known as Shafts Nos. 1, 8 and 16, of the lands on the new Croton aqueduct, known as Parcel No. 750:

May 18, 1907.

N. TAYLOR PHILLIPS, Esq., *Deputy Comptroller*, No. 280 Broadway, City:

DEAR SIR—Replying further to the question of retaining Shafts Nos. 1, 8 and 16, and the lands on the new Croton aqueduct known as Parcel No. 750, referred to in your letter of the 17th inst., I hereby certify that this Department has no further use for these shafts and lands referred to, and hereby transfer same to the Sinking Fund Commissioners, as provided by section 205 of the revised Charter.

Very truly yours,

FRANK J. GOODWIN,
Deputy and Acting Commissioner.

The property was accepted and the communication ordered on file.

The Comptroller presented the following report and offered the following resolution relative to a proposed sale of property known as Shafts Nos. 1, 8 and 16 of the lands on the Croton aqueduct, known as Parcel No. 750:

April 4, 1907.

Hon. HERMAN A. METZ, *Comptroller*:

SIR—Mr. C. H. Bayles, in a communication on letter head of Messrs. Reynolds & Ryder, attorneys at law, Ossining, N. Y., states that on or about June 15, 1893, acting by and under authority of a resolution of the Commissioners of the Sinking Fund, a parcel of land on the line of the new Croton aqueduct, in The City of New York, County of Westchester, known by the number 750, otherwise known as Shaft 6 of the new aqueduct, situated in the Town of Ossining, Westchester County, N. Y., was sold to one E. C. Neil for the sum of \$150, which was the upset price fixed by the Commissioners. E. C. Neil defaulted on his agreement and the title to the property is still in The City of New York.

Mr. Bayles further states that under the terms of the sale the Comptroller has power to sell to any other person, and that he (C. H. Bayles), with your approval, will take the property at the price for which it was sold to E. C. Neil, if it can be brought about. Mr. Bayles called upon me February 21 and went into the proposition, and I then informed him that the Commissioners of the Sinking Fund, under and by virtue of the provisions of section 205 of the amended Greater New York Charter, would have to authorize the sale of the property in question at public auction to the highest bidder, at a price which would be named by them.

It seems that at a meeting of the Commissioners of the Sinking Fund, held March 30, 1893, the then Comptroller, Hon. Theodore W. Myers, presented a communication to the Commissioners of the Sinking Fund and submitted a resolution to authorize the sale at public auction to the highest bidder, as provided by law, of certain real estate belonging to the City which is no longer used or required for public purposes, and the Commissioners of the Sinking Fund approved of his report and adopted a resolution in the matter of this Parcel No. 750, otherwise known as Shaft No. 6, as will be seen by the Minutes of the Commissioners of the Sinking Fund for the year 1893, at page 80. Parcel No. 750 is designated as an oblong plot of land near the Pleasantville road, containing an area of 5.202 acres. The sale was held at the Real Estate Sales-rooms, No. 111 Broadway, New York City, in pursuance of the provisions of section 170 of the New York City Consolidation Act of 1882. The terms and conditions of the sale stated that the lands on the line of the new Croton aqueduct would be sold subject to a permanent easement therein, by the Mayor, Aldermen and Commonalty of The City of New York, their successors and assigns, for the maintenance and preservation of the aqueduct underneath the surface of said lands as the same now exists.

There is also a provision that the Comptroller may at his option resell any lot which may be struck off to the highest bidder who may fail to comply with the terms of sale, and the party who may fail to comply therewith will be held liable for any deficiency that may result from any such resale; also the right to reject any and all bids.

At pages 139, 140 and 141 of the minutes of the Commissioners of the Sinking Fund for the same year, the late Eugene E. McLean, Engineer of the Department of Finance, reports upon the value of the property desired to be sold, and among others it is shown that Shaft No. 6, known as Parcel No. 750, containing 5.202 acres in area, was estimated at \$150, and the resolution then adopted (May 23, 1893) approved of the appraisement, and at a meeting held June 26, 1893, the then Comptroller reported to the Commissioners of the Sinking Fund that the sale had taken place on June 15, 1893, and that the total proceeds of the sale were \$369,120, being an advance on the appraisals, and the schedule shown at pages 150 and 151 of the minutes of the Commissioners of the Sinking Fund for the year 1893 shows that Parcel No. 750 was, with others, struck down to E. C. Neil, of Somers, N. Y., for the sum of \$230, and the number of pieces struck down to E. C. Neil, as reported in said minutes, was as follows:

Name of Purchaser.	Residence.	Location of Property.	Upset Price.	Purchase Price.
E. C. Neil....	Somers, N. Y....	Shaft No. 1, Parcel 865a.....	\$30 00	\$200 00
E. C. Neil....	Somers, N. Y....	Shaft No. 1, Parcels 865b and 856..	{ 30 00 90 00 } 120 00	370 00
E. C. Neil....	Somers, N. Y....	Shaft No. 2, Parcels 841 and 841½.	{ 170 00 30 00 } 200 00	310 00
E. C. Neil....	Somers, N. Y....	Shaft No. 3, Parcels 817, 818 and 820.	{ 10 00 90 00 20 00 } 120 00	230 00
E. C. Neil....	Somers, N. Y....	Shaft No. 4, Parcel 794.....	160 00	450 00
E. C. Neil....	Somers, N. Y....	Shaft No. 5, Parcels 771½ and 772..	{ 160 00 40 00 } 200 00	2,000 00
E. C. Neil....	Somers, N. Y....	Shaft No. 6, Parcel 750.....	150 00	230 00

Ten per cent. of the amount of the bid (\$370) was paid at the time of the sale, but the balance of the purchase money was not paid and no deeds were ever delivered on the above struck down parcels to E. C. Neil (see Sinking Fund Minutes, page 151). Mr. Neil failed to comply with the conditions of the sale (see Sinking Fund Minutes, page 349) and the Commissioners of the Sinking Fund on July 31,

1899 (see Sinking Fund Minutes, page 352), ordered a resale at auction, and the Neil property, with others, was sold on November 23, 1899. The deeds for properties at Shafts 2, 3, 4, 5 and 6 were subsequently delivered to the purchasers (see Sinking Fund Minutes, July 24, 1900, page 354). The properties at Shafts 1, 8 and 16 do not appear to have been resold at the sale of November 23, 1899.

I would respectfully recommend that the matter be presented to the Commissioners of the Sinking Fund; that the Commissioner of the Department of Water Supply, Gas and Electricity be requested to inform the Commissioners whether, during the lapse of time between 1900 and 1907, he finds it necessary for the City to retain the premises known as Shafts 1, 8 and 16 for the use of his Department. If he certifies that it is not necessary, I would respectfully recommend that the Commissioners of the Sinking Fund order an appraisal made of the same and that the premises thereafter be exposed at public auction, at an upset price to be fixed by the Commissioners, and sold to the highest bidder.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate. Department of Finance.

Approved:

H. A. METZ, Comptroller

Resolved, That the Comptroller be and is hereby authorized to have an appraisal made of the property known as shafts 1, 8 and 16, of the lands on the new Croton Aqueduct, known as parcel 750, turned over to the Commissioners of the Sinking Fund by the Commissioner of Water Supply, Gas and Electricity.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report relative to a sale to the Brooklyn Union Railroad Company of certain property situated on the southerly side of Avenue S, near Sixteenth street, Borough of Brooklyn:

May 25, 1907.

To the Commissioners of the Sinking Fund:

GENTLEMEN—Pursuant to the provisions of chapter 507 of the Laws of 1903, entitled "An act to abolish certain grade crossings of highways and railroads, in the Borough of Brooklyn, etc.," the Brooklyn Union Elevated Railroad acquired, through proceedings brought in the Supreme Court of Kings County, certain property situated on the northerly side of Avenue S, near Sixteenth street, in the Borough of Brooklyn, the property being known and designated in the said proceeding by parcel No. 37, and an award was made for the said property by the Commissioners of Appraisal in the proceeding, to the City, in the amount of \$2,600, July 18, 1906, being the date of the entry of the order confirming the Commissioners' report.

Under date of May 24, 1907, there was paid to the Collector of City Revenue of this department the sum of \$2,600 as an award for said property, together with the sum of \$123.93 as interest on the said amount from the date of the entry of the order, July 18, 1906, to May 5, 1907, which amount has been paid into the Sinking Fund.

In view of the fact that this is practically a sale of City property, it would appear advisable to have printed in the minutes of the Commissioners of the Sinking Fund the opinion of the Corporation Counsel, and also of the Supreme Court in regard to the matter, which are transmitted herewith.

Respectfully,

H. A. METZ, Comptroller.

Property acquired, with other property, January 18, 1905, for the Department of Water Supply, Gas and Electricity in the Borough of Brooklyn.

May 21, 1907.

Hon. HERMAN A. METZ, *Comptroller of The City of New York*, No. 280 Broadway, New York:

DEAR SIR—I herewith inclose you a certified copy of the final order in the matter of the Brooklyn Union Elevated Railroad Company against The City of New York, or against Paul May and others, defendants, and a check payable to The City of New York for the sum of \$2,600 and interest.

Mr. Coombs, of the Corporation Counsel's office in Brooklyn, informs me that a letter was written to your department some few days ago explaining the situation and authorizing the receipt of this check. Will you therefore kindly return me the inclosed receipt at your earliest convenience?

Yours truly,

J. J. RYAN, Assistant General Counsel.

At a Special Term of the Supreme Court of the State of New York, held in and for the County of Kings, at the County Court House, in the Borough of Brooklyn, City of New York, on the 18th day of July, 1906.

Present—Hon. Truman C. White, Justice.

Brooklyn Union Elevated Railroad Company, plaintiff, against City of New York, defendant. Parcel No. 37.

Order confirming report of Commissioners.

The plaintiff having moved for an order confirming the report of the Commissioners of Appraisal herein, now on reading the report as to Parcel No. 37 made by the Commissioners of Appraisal appointed by judgment and order filed herein on the 15th day of May, 1906, which report dated June 29, 1906, with the testimony taken by the Commissioners with reference to said parcel, was duly filed in the Kings County Clerk's office on July 6, 1906, and upon reading and filing the plaintiff's notice of motion, duly served on John J. Delany, Esq., attorney for the defendant, and after hearing Robert H. Woody, Esq., of counsel for the plaintiff, in support of said motion, and Jerome W. Coombs, Esq., of counsel for the defendant, but making no objection thereto;

Now on motion of George D. Yoemans, Esq., attorney for the plaintiff, it is

Ordered and adjudged that the plaintiff's said motion be and the same hereby is granted, and the said report is in all respects ratified and confirmed; and it is further

Ordered, adjudged and decreed that compensation be made to The City of New York, owner of the property designated in this proceeding as Parcel No. 37, as to which said report is made, pursuant to the determination of the said Commissioners and in the sum of twenty-six hundred dollars (\$2,600), and that in case of the refusal of the said defendant by its said attorney to accept the amount of the award, that the plaintiff herein, the Brooklyn Union Elevated Railroad Company, may deposit the said sum with the Clerk of Kings County to the credit of said defendant, and that said County Clerk is hereby ordered and directed to receive such sum on deposit and hold it to the credit of or payable to the order of said defendant; and it is further

Ordered, adjudged and decreed that upon the payment or deposit of said sum with the County Clerk of Kings County as aforesaid, plaintiff shall be entitled to enter into possession of the premises described in said report, being the property condemned, and to take and hold the same for the public use specified in said judgment and filed herein on the 15th day of May, 1906.

Enter,

W.
J. S. C.

Granted July 18, 1906.

CHAS. T. HARTZHEIM, Clerk.

State of New York, County of Kings, ss.:

I, Charles T. Hartzheim, Clerk of the County of Kings and Clerk of the Supreme Court of the State of New York in and for said County (said Court being a Court of Record), do hereby certify that I have compared the annexed with the original order filed in my office July 19, 1906, and that the same is a true transcript thereof, and of the whole of such original.

In testimony whereof I have hereunto set my hand and affixed the seal of said County and Court, this 9th day of May, 1907.

[SEAL.]

CHAS. T. HARTZHEIM, Clerk.

Hon. HERMAN A. METZ, Comptroller:

SIR—Early in the year 1906, a proceeding was brought in the Supreme Court, Kings County, by Brooklyn Union Elevated Railroad Company against Paul May and others, defendants, of whom The City of New York was one, to condemn certain lands abutting on the right of way of said railroad company in the Borough of Brooklyn, made necessary by the change of grade prescribed by chapter 507 of the Laws of 1903, entitled "An act to abolish certain grade crossings of highways and railroads in the Borough of Brooklyn, etc."

Among the parcels of land set forth in the proceeding was one owned by The City of New York, designated by the Parcel Number 37 and bounded and described as follows:

Beginning at a point on the northerly side of Avenue S, which said point is distant 45.5 feet westerly from and at right angles with the westerly side of East Sixteenth street; running thence westerly and along the said northerly side of Avenue S 29.5 feet to the easterly side of the property of the Brooklyn Union Elevated Railroad Company; thence northerly and along said easterly line 454.8 feet; thence easterly and parallel with Avenue S 29.5 feet; thence southerly and parallel with East Sixteenth street 454.8 feet to the point or place of beginning. Containing 13.417 square feet. With all the right, title and interest on, in and to the land adjacent to and lying in front of the above described property to the centre line of Avenue S.

By order of the Court entered May 15, 1906, Commissioners of Appraisal were appointed to ascertain the compensation to be made to the owners for the property so taken.

Thereafter said Commissioners made a report awarding to the City the sum of two thousand six hundred dollars (\$2,600), for Parcel 37.

On July 18, 1906, an order was duly entered confirming said report and directing that compensation be made to The City of New York in the sum of \$2,600.

Upon inquiry recently made, it appeared that the railroad company had never paid this award. The company was communicated with and now states that it is ready to pay said award and requests that this office advise the Comptroller as to the amount due and as to the authority to receive same.

I therefore enclose a certified copy of said order and advise you that on behalf of the City you are authorized to receive the sum of two thousand six hundred dollars (\$2,600), with interest from July 18, 1906, the date of entry of the order confirming the Commissioners' report to date of payment.

Respectfully,

G. L. STERLING, Acting Corporation Counsel.

The report was accepted and the papers ordered printed.

The Comptroller presented the following report and offered the following resolution, relative to an issue of Corporate Stock to the amount of \$4,500, the proceeds to be used for furnishing and installing furniture and fittings in the First Brigade headquarters in the Seventy-first Regiment armory, including architect's fees:

May 29, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—At a meeting of the Armory Board held April 29, 1907, the following was adopted:

"Resolved, That an appropriation of \$4,500 be and is hereby made for furnishing and installing furniture and fittings in the First Brigade headquarters in the Seventy-first Regiment armory, including architect's fees; that the Commissioners of the Sinking Fund be requested to concur in the same, and authorize the Comptroller to issue bonds to provide funds therefor; and that the Secretary be directed to advertise for bids or proposals for the work."

I have examined the plans and specifications prepared for the furniture and, in saying that I consider the scheme extravagant, I am but repeating opinions previously expressed in connection with the furnishing of several armories.

However, when it is considered that these furnishings are for the use of a Major General and his staff, the scale of elaboration is not out of proportion with the scale of furnishings approved by the Commissioners of the Sinking Fund for the officers' quarters of the Seventy-first Regiment.

I therefore advise that the Commissioners of the Sinking Fund concur in the resolution of the Armory Board, and authorize the Comptroller, pursuant to chapter 212 of the Laws of 1898, to issue Corporate Stock in the manner provided by section 169 of the Greater New York Charter, to the amount of \$4,500 to provide funds for furniture and fittings in the First Brigade headquarters in the Seventy-first Regiment armory, Thirty-fourth street and Park avenue, Borough of Manhattan.

Respectfully,

CHANDLER WITTINGTON, Chief Engineer.

Approved:

H. A. METZ, Comptroller.

Whereas, The Armory Board at meeting held April 29, 1907, adopted the following resolution:

"Resolved, That an appropriation of \$4,500 be and is hereby made for furnishing and installing furniture and fittings in the First Brigade headquarters in the Seventy-first Regiment armory, including architect's fees; that the Commissioners of the Sinking Fund be requested to concur in the same, and authorize the Comptroller to issue bonds to provide funds therefor; and that the Secretary be directed to advertise for bids or proposals for the work."

Resolved, That the Commissioners of the Sinking Fund hereby concur in said resolution, and that for the purpose of providing means for the payment thereof, the Comptroller be and is hereby authorized and directed pursuant to the provisions of chapter 212 of the Laws of 1898, to issue Corporate Stock of The City of New York in the manner provided by section 169 of the amended Greater New York Charter to the amount of four thousand five hundred dollars (\$4,500), the proceeds whereof to be applied to the payment of the expenses aforesaid.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following statement and offered the following resolution relative to the refunding of assessment for Prospect Park improvement overpaid in error:

May 31, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—On January 30, 1907, John Weber overpaid the following assessment installment for Prospect Park improvement, viz.:

Installment.	Ward.	Block.	Lot.	Assessment.	Interest.	Total.
1903	9	56	99	\$17 62	\$4 96	\$22 58

And on October 23, 1905, Carrie Cors overpaid the following assessment for Prospect Park improvement, viz.:

Installment.	Ward.	Block.	Lot.	Assessment.	Interest.	Total.
1904	22	41	57	\$3 20	\$0 25	\$3 45

May 16, 1907.

The amounts so overpaid were deposited in the Sinking Fund of the City of Brooklyn; the refund will be made through account "Refunding Assessments Paid in Error, Borough of Brooklyn."

The resolution herewith is necessary to reimburse such account for amount of assessment and interest on same so to be refunded.

Respectfully,

F. W. SMITH, Chief Accountant and Bookkeeper.

Approved:

H. A. METZ, Comptroller.

Resolved, That a warrant payable from the Sinking Fund, City of Brooklyn, be drawn in favor of the Chamberlain for the sum of twenty-six dollars and three cents (\$26.03), to be deposited in the City Treasury to the credit of Refunding Assessments Paid in Error, Borough of Brooklyn, to refund John Weber and Carrie Cors, through this account, this amount of assessment and interest for Prospect Park improvement, overpaid in error.

Which resolution was unanimously adopted.

The Comptroller presented the following statement and offered the following resolution relative to a refund of \$10 to Barnet Sussman, being amount of fine refunded by order of Court:

May 31, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—In City Magistrate's Court, Third District, Manhattan, on March 11, 1907, Barnet Sussman was convicted and fined \$10. An appeal was taken and on April 19, 1907, an order entered in Court of General Sessions reversing the judgment of the lower Court and directing the refund of the fine of \$10, paid after conviction.

The order is approved by the Corporation Counsel. The fine paid was deposited to credit of the Sinking Fund for the Payment of the Interest on the City Debt, and has not heretofore been refunded.

Respectfully,

F. W. SMITH, Chief Accountant and Bookkeeper.

Approved:

H. A. METZ, Comptroller.

Resolved, That a warrant payable from the Sinking Fund for the Payment of the Interest on the City Debt be drawn in favor of Barnet Sussman, or J. Leon Brandmarker, his attorney, for the sum of ten dollars (\$10), amount of fine paid by him March 11, 1907, in City Magistrate's Court, Third District, Manhattan, refunded by order of Court of General Sessions, entered April 19, 1907.

Which resolution was unanimously adopted.

The Comptroller presented the following statement and offered the following resolution relative to amount overpaid for permits to build street vaults:

May 31, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—The following applications for the refund of amounts overpaid for street vault permits are herewith submitted, viz.:

Permit No.	Applicant and Location.	Amount.
215.	M. & L. Jarmulovsky, No. 165 East Broadway.....	\$6 90
1033.	Louis C. Raegener, Nos. 18 and 20 East Twenty-ninth street.....	714 50
1097.	Richman Realty and Construction Company, northeast corner of Fifth avenue and Fifteenth street.....	43 00
1168.	McGraw Realty Company, Nos. 231 to 241 West Thirty-ninth street.....	8 75
1224.	Edwin Outwater, as agent for Henry S. Van Buren and others, southeast corner of Fifth avenue and Fifteenth street.....	56 32
1319.	Chester Beatty, No. 16 East Seventy-third street.....	78 00
Total		\$907 47

With each application is filed the affidavit of the owner with the certificate of a City Surveyor. The amount to be refunded is certified by the Superintendent of Highways and approved by the Commissioner of Public Works and the President of the Borough.

The amount paid was deposited to the credit of the Sinking Fund for the Redemption of the City Debt No. 1 and neither claim has been previously paid.

Respectfully,

F. W. SMITH, Chief Accountant and Bookkeeper.

Approved:

H. A. METZ, Comptroller.

Resolved, That warrants payable from the Sinking Fund for the Redemption of the City Debt No. 1 be drawn in favor of the following parties, refunding the amounts overpaid by them severally for permits to build street vaults in front of premises, as per statement submitted:

M. & L. Jarmulovsky.....	\$6 90
Louis C. Raegener.....	714 50
Richman Realty and Construction Company.....	43 00
McGraw Realty Company.....	8 75
Edwin Outwater, as agent for Henry S. Van Buren and others.....	56 32
Chester Beatty	78 00

Which resolution was unanimously adopted.

The Comptroller presented the following statement and offered the following resolution relative to the refunding of water revenue, Borough of Brooklyn, paid in error:

May 31, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—Application has been made, as per statement herewith, for the refund of water revenue, Borough of Brooklyn, paid in error:

The application is approved by the Receiver of Taxes and the amount so paid, six dollars and ninety cents (\$6.90), has been deposited to the credit of the Sinking Fund, Borough of Brooklyn.

Respectfully,

F. W. SMITH, Chief Accountant and Bookkeeper.

Approved:

Resolved, That a warrant payable from the Sinking Fund for the Payment of the Interest on the City Debt, be drawn in favor of the Chamberlain, for the sum of thirteen hundred and fifty-six dollars and four cents (\$1,356.04), for deposit in the City Treasury to the credit of Croton Water Rent Refunding Account for the refunding of erroneous and overpayments of Croton Water Rents as per statement submitted herewith.

Which resolution was unanimously adopted.

The Comptroller presented the following report and offered the following resolution, relative to the renewal of the leases of premises occupied by the President of the Borough of Richmond as follows:

1. Premises on Bodine street, West New Brighton.

2. Premises on Barker street, near Castleton avenue, West New Brighton.

3. Premises on Ann street, near Castleton avenue, West New Brighton.

May 28, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. George Cromwell, President of the Borough of Richmond, in a communication addressed to the Commissioners of the Sinking Fund under date of May 7, 1907, requests the renewal of three leases:

1. Premises on Bodine street, West New Brighton, for a term of one year from June 1, 1907, at an annual rental of \$250, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease.

2. Premises on the west side of Barker street, near Castleton avenue, West New Brighton, for a term of two years from July 1, 1907, with the privilege of renewal for an additional year, at an annual rental of \$50, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease.

3. Premises on Ann street, near Castleton avenue, West New Brighton, for a term of two years from July 1, 1907, at an annual rental of \$144, payable monthly, otherwise upon the same terms and conditions as contained in the existing lease.

The above are renewals of existing leases and are upon the same terms and conditions as contained in the present existing leases as to the annual rent paid by The City for these premises. I would, therefore, respectfully recommend that the Commissioners of the Sinking Fund authorize the renewals of leases of the premises above described, as requested in the communication of the President of the Borough of Richmond, for the purposes mentioned therein, and at the rental per annum as follows:

1. Premises at the foot of Bodine street, West New Brighton, S. I., for a term of one year from June 1, 1907, at an annual rental of \$250, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease; Mehitable J. Harrison, as administratrix of the estate of William J. Bodine, lessor.

2. Premises located on the west side of Barker street, distant 432 feet 4 inches northerly from Castleton avenue, being approximately 32 feet 4 inches by 135 feet, for a term of two years from July 1, 1907, with the privilege of a renewal for an additional year, at an annual rental of \$50, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease; Owen Gelshenan, lessor.

3. Premises on the easterly side of Ann street, 270 feet 8 inches north of Castleton avenue, West New Brighton, Borough of Richmond, being Lot No. 45-A, in Block 2, Plot 1, District 4, Ward 1, Volume 2, for a term of two years from July 1, 1907, at an annual rental of \$144, payable monthly, otherwise upon the same terms and conditions as contained in the existing lease; Thomas Carlin, lessor.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City of premises at the foot of Bodine street, West New Brighton, Borough of Richmond, for the use of the President of the Borough of Richmond, for a term of one year from June 1, 1907, at an annual rental of two hundred and fifty dollars (\$250), payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease; lessor, Mehitable J. Harrison as administratrix of the estate of William J. Bodine; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City from Owen Gelshenan, of premises located on the west side of Barker street, distant 432 feet 4 inches northerly from Castleton avenue (being approximately 32 feet 4 inches by 135 feet), Borough of Richmond, for the use of the President of the Borough of Richmond, for a term of two years from July 1, 1907, with the privilege of renewal for an additional year, at an annual rental of fifty dollars (\$50), payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City from Thomas Carlin, of premises on the easterly side of Ann street, 270 feet 8 inches north of Castleton avenue, West New Brighton, Borough of Richmond, being Lot No. 45-A, in Block 2, Plot 1, District 4, Ward 1, Volume 2, for the use of the President of the Borough of Richmond, for a term of two years from July 1, 1907, at an annual rental of one hundred and forty-four dollars (\$144), payable monthly, otherwise upon the same terms and conditions as contained in the existing lease; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolutions severally unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to a sale at public auction, pursuant to the provisions of section 1553 of the Charter, of all the buildings and property acquired for the extension of Delancey street, between the Bowery and Elm street, Borough of Manhattan:

May 31, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. John F. Ahearn, President of the Borough of Manhattan, in a communication under date of May 17, 1907, addressed to the Commissioners of the Sinking Fund, states that on April 19, 1907, the Board of Estimate and Apportionment adopted a resolution vesting title on May 1 to all the property within the limits of a new street (Delancey street extension), located between Broome and Spring streets, and extending from the Bowery to Elm street, in the Borough of Manhattan, and, in order that the work of physically improving this new extension of Delancey street may be commenced at an early date, requests that the buildings at present situated within the limits of the same be sold.

In view of the fact that it is proposed by the Board of Rapid Transit Railroad Commissioners to extend the Subway system through Delancey street, it appears advisable that the buildings be sold at as early a date as possible.

I would respectfully recommend that the Commissioners of the Sinking Fund, pursuant to section 1553 of the Revised Charter, authorize the sale of all the buildings which have been acquired for the extension of Delancey street between the Bowery and Elm street, as more particularly shown on a map on file in this office.

A resolution for adoption is hereby transmitted.

Respectfully submitted,

JOHN M. GRAY, Collector of City Revenue.

Approved:

J. H. McCOOY, Deputy and Acting Comptroller.

Whereas, The President of the Borough of Manhattan has requested the sale of all buildings, parts of buildings, etc., now standing upon property owned by The City of New York, located in the Borough of Manhattan, acquired by it for street opening purposes.

Being the property within the limits of the new street (Delancey street extension) located between Broome and Spring streets, and extending from the Bowery to Elm street, and which is more particularly described on a map on file in the office of the Collector of City Revenue, Room 141, No. 280 Broadway, Borough of Manhattan.

Resolved, That the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, hereby authorize and order the sale at public auction for the highest marketable price of all the buildings, parts of buildings and contents thereof, upon the following terms and conditions:

It being understood that the purchasers, at the time of the auction sale, when the said bid is accepted by the City, shall execute a contract with The City of New York for the proper compliance with these terms and conditions, which contract shall provide for liquidated damages at so much per day for each and every day the removal of the buildings, etc., remains incomplete after the expiration of sixty days from the day of sale. A copy of said contract is on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale and of the contract. Said bond must be filed within forty-eight hours after the sale.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area, are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler setting, etc., and all stoops and area walls, shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes at the main pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within sixty days from the day of sale, will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will without notice to the purchaser cause the same

to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

Party walls and fences when existing against adjacent property not sold shall not be taken down, but all furlings, plaster, chimneys, projecting brick, etc., on the faces of such party walls, shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beamholes, etc., bricked up and the walls pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel, and to reject any or all bids; and be it further

Resolved, That while said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the same to be advertised, and to direct the sale thereof, and the security bonds to be given by the purchasers at said sale shall contain such condition as to form and sufficiency thereof as he may approve as financial officer of the City.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Fire Department relative to a lease of premises in the rear of No. 1048 Union avenue, Borough of The Bronx:

May 8, 1907.

The Honorable Commissioners of the Sinking Fund, No. 280 Broadway, Manhattan:

GENTLEMEN—The lease of premises No. 439 East Sixty-eighth street, Manhattan, for several years past occupied as a storeroom for the Fire Alarm Telegraph Bureau of this department, expired on the 1st inst., and as the department declined to renew the same at the increased rental demanded by the lessors, the Thomas Crimmins Contracting Company, said lease was not renewed. It has therefore become necessary to procure a new storehouse for the use of the Fire Alarm Telegraph Bureau, and the Deputy Fire Commissioner, boroughs of Manhattan, The Bronx and Richmond, has submitted a report in regard to the matter, which reads as follows:

"NEW YORK, May 8, 1907.

Hon. FRANCIS J. LANTRY, Fire Commissioner:

"Sir—I have the honor to state that I have procured a building, with stables attached, for the use of the Bureau of Fire Alarm Telegraph and Hospital and Training Stables, owner, Theodore Young, No. 1048 Union avenue. It is located at No. 1048 Union avenue, rear, The Bronx, and is centrally located and well adapted for department uses. The building is a two-story, with basement, containing fifteen stalls, well ventilated, and in a sanitary condition. The two lofts overhead can be utilized for the storage of wagons and department property used in the construction and extension of the fire alarm system, with a yard space in front and a lift on the outside to the second floor.

"The rapid advancement in improvements in The Bronx makes it necessary at this time to procure additional room for the use of the Fire Alarm System and the Hospital and Training Stables, and it becomes necessary to keep the overhead wires within The Bronx in good condition, requiring immediate attention in the event of a heavy wind blow or frost striking the overhead wires. In this event immediate action becomes necessary, and the material as well as the horses and men, should be located in a central position, where immediate action can be taken to remedy the defects caused by inclement weather.

"The organization of new companies necessitates additional horses, and there being no branch stable north of Ninety-ninth street for the keeping of spare or disabled horses which are at any time likely to be required by companies located within The Bronx, I would therefore recommend that application be made to the Sinking Fund Commission to lease the premises known as No. 1048 Union avenue, rear, The Bronx, for the term of one year, with the privilege of renewal for one year, at the rate of \$1,000 per year, payable monthly, to take effect on the 1st day of June next.

"Respectfully,

(Signed) "HUGH BONNER Deputy Fire Commissioner."

I have the honor to state that I have approved the recommendation of said Deputy Fire Commissioner, and to request that your Honorable Commission kindly take action in accordance therewith.

Respectfully,

FRANCIS J. LANTRY, Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

June 3, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. Francis J. Lantry, Commissioner of the Fire Department, in a communication under date of May 8, 1907, requests the Commissioners of the Sinking Fund to enter into a lease for the premises in the rear of No. 1048 Union avenue, Borough of The Bronx, for a period of one year, with the privilege of renewal for an additional year, for the purposes of a fire alarm telegraph bureau and a stable for the keeping of the disabled horses of the department.

This is to take the place of premises formerly leased, located at No. 439 East Sixty-eighth street, Borough of Manhattan, and consist of a stable in the rear of No. 1048 Union avenue, containing fifteen stalls in the basement and two lofts overhead, together with a lift or elevator on the outside of the building.

The rental asked for the premises of \$1,000 per annum is in my opinion reasonable, and I would therefore respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a lease of the premises in the rear of No. 1048 Union avenue, Borough of The Bronx, for a term of one year, with the privilege of renewal for an additional year on the same terms and conditions, at an annual rental of \$1,000, payable monthly, the City to furnish light, heat and water, the lessor to place the premises in tenantable condition. Lessor, Theodore Young.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from Theodore Young, of premises in the rear of No. 1048 Union avenue, Borough of The Bronx, for the use of the Fire Department, for a term of

one year from the date of occupation, with the privilege of renewal for an additional year upon the same terms and conditions, at an annual rental of one thousand dollars (\$1,000), payable monthly; the City to furnish light, heat and water; the lessor to place the premises in good tenantable condition; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same, when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolutions relative to property sold by the City known as Parcels 1, 2, 8 and 11, as shown on the map filed with judgment roll entered December 1, 1899, in the matter of the Mayor, Aldermen and Commonalty of The City of New York against the East Bay Land and Improvement Company, which said parcels were included in the deed made by the East Bay Land and Improvement Company to The City of New York, recorded in the Register's office of the County of New York on December 11, 1899, in volume 23, page 211, section 10 on the land maps of the County of New York:

May 31, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Commissioners of the Sinking Fund at a meeting held November 14, 1906, adopted a resolution authorizing the sale of Parcels 1, 2, 8 and 11, as shown on a map filed with judgment roll entered December 1, 1899, in the matter of the Mayor, Aldermen and Commonalty of The City of New York against the East Bay Land and Improvement Company, which said parcels were included in the deed made by the East Bay Land and Improvement Company to The City of New York, recorded in the Register's office of the County of New York on December 11, 1899, in volume 23, page 211, section 10 on the land maps of the County of New York.

It seems that the Board of Estimate and Apportionment at a stated meeting, after a public hearing, authorized the closing of certain streets in the Borough of The Bronx, and in said streets were included the parcels above named. After the closing of the streets the action of the Board, together with a report thereon, was transmitted to the Commissioners of the Sinking Fund and the resolution, as hereinbefore stated, was adopted. The property was advertised in the CITY RECORD, as required by the Charter, and was sold at public auction on December 13, 1906, the purchaser bidding the sum of \$40,100 therefor and paying a deposit of \$4,010. The time for the closing of the title was extended by the Comptroller to May 1, 1907, at which time the Title Guaranteed and Trust Company, representing the purchaser of the property at the auction sale (Frederick W. Fieder, Jr., a clerk in the Title Guarantee and Trust Company's office, but who, I presume, represents the moneyed interest back of the proposition), rejected the title.

Upon our request to the Title Company for the reason why the said title was rejected, Mr. Walter Lindner, one of the solicitors thereof, in a communication dated May 21, 1907, gives three reasons why the title is rejected, as follows:

1. That portion of the premises which was embraced in the Colonial patents to Lewis Morris and his successors in title is affected by the question whether there is not outstanding at the present time an interest in so much of that property as was below original high water mark, in the heirs of Arabella Graham, deceased. The Morris patents would seem to bear the construction that they cover all this low land and tideway down to low water mark, and that the portion of meadows and tideway under consideration came into the ownership of Arabella Graham, who conveyed the upland to Gulian Ludlow by deed dated January 22, 1805, and recorded in the Register's office of Westchester County in Liber 37 of deeds at page 341. This deed clearly does not include the meadows and tideway.

I am informed that efforts are being made to acquire quitclaims from the present representatives of Arabella Graham, and that a partition suit is pending between a person claiming through such representatives and those who have not quitclaimed, the lis pendens in that action being still uncancelled; if such quitclaims be acquired or the title perfected it would not necessarily follow that the benefits of it would inure to the City.

2. There are numerous judgments docketed against The City of New York. I have never been able to understand why these judgments are not a lien which could be satisfied by execution.

3. The question arises whether this land is alienable by the City or is covered by the prohibition in section 205 of the Charter against the sale of land under water. It would seem that this question must be determined by physical conditions. If it can be shown that there has been filling in under warrant of law to such an extent that these lands were not at the time of the sale flooded by the tide, the conclusion would probably follow that they were not "lands under water," to which prohibition in section 205 of the Charter would attach.

It seems to me under the circumstances that there is nothing to do but for the Commissioners of the Sinking Fund to adopt two resolutions, one directing the refund to Mr. Frederick W. Fieder, Jr., of the sum of \$4,010, being the amount of money paid by him as deposit, being 10 per cent. of the purchase price, and also a resolution rescinding the action taken by the said Commissioners authorizing a sale of the property belonging to The City of New York, the parcels being known as Lots Nos. 1, 2, 8 and 11 on the map filed with the judgment roll entered December 1, 1899, in the matter of the Mayor, Aldermen and Commonalty of The City of New York against the East Bay Land and Improvement Company, which said parcels were included in the deed made by the East Bay Land and Improvement Company to The City of New York, recorded in the Register's office of the County of New York December 11, 1899, in volume 23, page 211, section 10 on the land maps of the County of New York, and that a certified copy of said resolution be immediately transmitted to the Board of Estimate and Apportionment with a request that all action heretofore taken thereon, closing said streets, be rescinded, and that said streets be, in accordance with the Charter, restored to the map of The City of New York, after public hearing, as provided for in said Charter.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the resolution adopted by this Board at meeting held November 14, 1906, authorizing a sale at public auction, after due advertisement, for cash to the highest bidder of Parcels 1, 2, 8 and 11, as shown on the map filed with the judgment roll, entered December 1, 1899, in the matter of the Mayor, Aldermen and Commonalty of The City of New York against the East Bay Land and Improvement Company, which said parcels were included in the deed made by the East Bay Land and Improvement Company to The City of New York, recorded in the Register's office of the County of New York December 11, 1899, in volume 23, page 211, section 10 on the land maps of the County of New York, be and the same is hereby rescinded; and be it further

Resolved, That the Secretary be and is hereby requested to transmit a certified copy of this resolution, together with a copy of the report of the Appraiser of Real Estate of the Department of Finance, approved by the Comptroller, to the Board of Estimate and Apportionment, with the request that all action heretofore taken thereon, closing said streets, be rescinded, and that said streets be, in accordance with the Charter, restored to the map of The City of New York, after public hearing, as provided for in said Charter.

Resolved, That a warrant payable from the Sinking Fund for the Redemption of the City Debt No. 1 be drawn in favor of Frederick W. Fieder, Jr., for the sum of four thousand and ten dollars (\$4,010), being the 10 per cent. paid by him December

13, 1906, on account of purchase price of Parcels 1, 2, 8 and 11, as shown on map filed with judgment roll entered December 1, 1899, now refunded pending settlement of questions affecting the title and the City's right to sell the said lands.

The report was accepted and the resolutions severally unanimously adopted.

The following communication was received from the Department of Bridges, relative to a lease of the building on the factory site of John A. Roebling's Sons Company, at Roebling, N. J.:

June 1, 1907.

To the Honorable Commissioners of the Sinking Fund, New York City:

GENTLEMEN—I enclose herewith copy of a letter from the Ryan-Parker Construction Company, the contractor for the construction of the towers, cables, superstructure, etc., for the Manhattan Bridge, asking that the City lease a warehouse situated on the factory site of the John A. Roebling's Sons Company at Trenton, N. J., in which the wire for the Manhattan Bridge to be used in making the cables may be stored as manufactured.

The application for the lease is made under the provisions of paragraph "EE" of the contract between The City of New York and the said company, which reads as follows:

"(EE) In order to enable the contractor to prosecute the work advantageously, the Engineer shall, from time to time, as the work progresses, not oftener than once a month, within the times fixed for completion, make an estimate of the amount of work done under this contract since the last preceding estimate was made. In the preparation of such estimates the Engineer shall determine:

"(1) The amount and value of material delivered at the shops.

"(2) The amount and value of material manufactured and delivered at the bridge site ready for erection, or delivered on such land, belonging to or leased by The City of New York, within the city limits, as may be designated by the Commissioner."

I also enclose copy of opinion from the Corporation Counsel, dated May 23, 1907, advising me that such a lease may properly be made.

The warehouse that the John A. Roebling's Sons Company of Trenton, N. J., propose leasing to The City of New York for the storage of the wire for the Manhattan Bridge cables, suspenders and hand ropes, will be a brick structure 126 feet long by 40 feet wide by 16 feet high, with slate roof, situated on the factory site of the John A. Roebling's Sons Co., at Roebling, township of Florence, county of Burlington, State of New Jersey. The building adjoins the factory where the wire is made, but is separated by more than twenty feet of yard room from any building.

In the event that this warehouse should prove itself insufficient to carry all the wire required, the company holds itself ready to lease other warehouse or warehouses to accomplish the desired result.

The compensation for any such warehouse or all such warehouses shall be one dollar per annum, and for a period equal to the life of the contract between the City and the Ryan-Parker Construction Company.

The John A. Roebling's Sons Company will place upon any such warehouse or warehouses any mark of identification that your Board may wish.

From a business point of view, this proposed lease seems to me to be parallel in every respect with the action taken by your Board at the meeting held May 1, 1907, authorizing a lease of premises in the City of Bayonne, N. J., for the storage of manufactured steel to be used in the construction of the Manhattan Bridge, except that the compensation for the proposed lease is nominal.

The advantage to the City is that if this lease is authorized, the manufacture of wire will be started at an early date, and it will be available for erection as soon as the towers are completed, and the construction of the bridge will be expedited.

I enclose a copy of a report submitted by Mr. O. F. Nichols, Consulting Engineer in this Department, and assigned to the Manhattan Bridge, explaining more fully this advantage.

In consideration of the benefit that will accrue to the City through the expeditious completion of the Manhattan Bridge, I recommend that your Board enter into a lease with the John A. Roebling's Sons Company of Trenton, N. J., of the warehouse hereinabove described, with a proviso that additional warehouses, similarly situated, shall be placed at the disposal of the City, if required, for the nominal consideration of one dollar per annum for all such warehouses during the life of the contract between the City and the Ryan-Parker Construction Company.

Respectfully,

J. W. STEVENSON, Commissioner of Bridges.

June 4, 1907.

CHANDLER WITHINGTON, Esq., Chief Engineer, Finance Department:

DEAR SIR—I have been trying half an hour to get you on the telephone. The best information I can get, supplementing the Commissioner's letter, as to the location of the building to be used for storage of wire for the Manhattan Bridge, is as follows: That the building, 126 feet long, 40 feet wide, and 16 feet high, will be located and is now being built at the new wire works of the John A. Roebling's Sons Co., now known as "Roebling," located near the east bank of the Delaware river, at a station on the Amboy division, Pennsylvania Railroad, now known as "Kinkora," about four miles north of Bordentown, in the township of Florence, County of Burlington, State of New Jersey.

I have directed that a map, showing the location of this building, with reference to the railroad, the river and the Roebling works, be prepared, which may accompany the lease if made.

Very truly yours,

O. F. NICHOLS, Consulting Engineer.

In connection therewith the Comptroller presented the following report and offered the following resolution:

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. James W. Stevenson, Commissioner, Department of Bridges, in communication under date of June 1, 1907, requests the authorization of the execution of a lease for the Department of Bridges of a warehouse situated on the factory site of the John A. Roebling's Sons Company, at Trenton, N. J., in which the wire for the Manhattan Bridge, to be used in making the cables may be stored as manufactured, at a rental of \$1 per annum, for a period equal to the term necessary to complete the contract between the Department of Bridges and the Ryan-Parker Construction Company, dated June 15, 1906, for the construction of the towers, cables, superstructure, etc., for the Manhattan Bridge.

I would report that the Acting Corporation Counsel, in communication addressed to the Commissioner of Bridges under date of May 23, 1907, after reviewing the question at length, gives it as his opinion that such a lease may be properly made.

I fully concur in the views expressed by the Bridge Commission, that the arrangement as proposed would greatly expedite the work to be performed under the contract.

The Acting Corporation Counsel having ruled that there are no legal objections, after the contract is duly modified, in making payments for material manufactured and delivered on the property in question (after same is leased by the City), I think the Commissioners of the Sinking Fund may properly authorize the Comptroller to execute a lease of the property in question for the purposes as requested in communication of the Bridge Commission under date of June 1, 1907, for a term extending to the completion of the contract between the Department of Bridges and the Ryan-Parker Construction Company, dated June 15, 1906, for the construction of the towers, cables, superstructures, etc., for the Manhattan Bridge; said period, however, may be shortened and terminated at any time by the Commissioner of Bridges, with the approval of the Commissioners of the Sinking Fund, if it is deemed that the land is no longer necessary for the construction of said bridge; said term, however, not to extend beyond the 1st day of May, 1912, with the privilege of renewal from year to year, upon the same terms and conditions as herein contained, and that the compensation be fixed at \$1 per annum.

The lease to contain a clause: In the event that the premises above referred to and described should prove itself insufficient to carry all the wire required, the com-

pany holds itself ready to lease other warehouse or warehouses to accomplish the desired result.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from the John A. Roebling's Sons Company, of a brick building 126 feet long by 40 feet wide by 16 feet high, with slate roof, situated on the factory site of the John A. Roebling's Sons Company, at Roebling, located near the east bank of the Delaware river, at a station on the Amboy Division of the Pennsylvania Railroad now known as "Kinkora," about four miles north of Bordentown, in the Township of Florence, County of Burlington, State of New Jersey, for the use of the Department of Bridges, for a term from the date of occupation and extending to the date of completion of the contract between the Department of Bridges and the Ryan-Parker Construction Company, dated June 15, 1906, for the construction of the towers, cables, superstructure, etc., for the Manhattan Bridge; said term, however, not to extend beyond the first day of May, 1912, with the privilege of renewal from year to year upon the same terms and conditions as are herein contained. The rental for the whole term of occupation to be one dollar (\$1) per annum, to be paid at the expiration or sooner termination of the lease; the lease to contain a provision that the term of occupation may be shortened or terminated at any time by the Commissioner of Bridges, with the approval of the Commissioners of the Sinking Fund, if it is deemed that the land is no longer necessary for the construction of said bridge; the lease is also to contain a clause that in the event that the aforesaid premises should prove itself insufficient to carry all the wire required, the lessor is to furnish such other warehouse or warehouses as may be necessary; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same, when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

At this point the Chairman of the Finance Committee, Board of Aldermen, arrived, and thereafter participated in the proceedings.

The Committee to whom was referred the matter of the proposed lease by the Commissioner of Docks of land under water, between Third and Lincoln avenues, Borough of The Bronx, to the Central Railroad of New Jersey, reported verbally in favor of the lease as recommended by the Commissioner of Docks, and the Committee was thereupon discharged (see page 335). The Comptroller then offered the following resolution:

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Docks, of a lease to the Central Railroad Company of New Jersey, of land under water belonging to The City of New York, in the Borough of The Bronx, between Third and Lincoln avenues, and described as follows:

Beginning at a point on the easterly line of Third avenue, distant 241.86 feet southerly from the southerly side of the Southern boulevard, said point being at the intersection of the said easterly line of Third avenue and southerly line of grant to Lewis Morris in 1851, and running thence in a straight line southeasterly to a point in the bulkhead and pierhead line established by the Secretary of War in 1890, distant 100 feet easterly, measured along said bulkhead and pierhead line; thence easterly and along said bulkhead and pierhead line 145 feet; thence northerly in a straight line drawn at right angles with the said bulkhead and pierhead line 48 feet; thence westerly in a straight line to the point or place of beginning, —said lease to begin on the 1st day of July, 1907, and to be for a term of ten years, with the privilege of two renewals of ten years each; rental for the first term of ten years to be at the rate of ten (10) cents per square foot per annum for land under water above described, said rental to commence on the same date as the commencement of the lease; the rental for the first renewal term to be at the rate of twelve and one-half (12 1/2) cents per square foot per annum, and for the second renewal term at the rate of fifteen (15) cents per square foot per annum; the lessee to have the privilege of erecting on said land under water a transfer bridge, platforms, etc., in accordance with plans to be hereafter submitted to and approved by the Commissioner of Docks. The remaining terms and conditions of the lease to be similar to those contained in leases of land under water now in use by the Department of Docks and Ferries, and as recommended by the Commissioner of Docks in communication dated May 28, 1906.

Which resolution was unanimously adopted.

The Comptroller presented the following report and offered the following resolution, relative to a conveyance to the Long Island Railroad Company, of property owned by the City situated at the junction of Skillman and Rapelje avenues, Long Island City, Borough of Queens, in consideration of a conveyance by the Long Island Railroad Company to the City of New York, of property on the block bounded by Skillman and Foster avenues, Heiser and Gosman streets, in the Borough of Queens (see page 335):

Hon. HERMAN A. METZ, Comptroller:

May 22, 1907.

SIR—The Commissioners of the Sinking Fund at a meeting held May 15, 1907, appointed William Richenstein, George E. Clay and George J. Ryan, all residents of the Borough of Queens, as three discreet and disinterested appraisers to appraise two parcels of land; one owned by The City of New York and turned over to the Commissioners of the Sinking Fund by the Board of Education; the other owned by other parties, which the Board of Education desired to acquire and which, by a recent act of the Legislature, the Commissioners were authorized to exchange property owned by The City of New York not needed for public purpose for property owned by other parties which was needed for public purpose.

William Richenstein reports that property owned by The City of New York is worth \$13,599 50
Property owned by other parties is worth 22,785 00
George E. Clay reports that property owned by The City of New York is worth 10,632 00
Property owned by other parties is worth 20,623 35
George J. Ryan reports that property owned by The City of New York is worth 10,400 00
Property owned by other parties is worth 20,520 00

All three appraisals are hereto annexed.

Inasmuch as a full report was made to the Commissioners of the Sinking Fund at their meeting held May 15, 1907, giving the description of the properties by metes and bounds, it is not necessary to go into it in this report.

As the offer of the outside parties is to make an even exchange of the land owned by them for the land owned by the City, I would respectfully recommend that the

Commissioners of the Sinking Fund, in accordance with said law, adopt a resolution authorizing the even exchange of property for property, irrespective of value, that a certified copy of said resolution be transmitted to the Board of Estimate and Apportionment for its concurrence and approval, as the law requires that the same shall be transmitted to the Board of Estimate and Apportionment for its action at its first meeting thereafter.

Respectfully submitted for approval.

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Whereas, The Commissioners of the Sinking Fund at meeting held May 15, 1907, adopted the following resolution:

Whereas, The Board of Education at a meeting held February 13, 1907, did adopt a resolution surrendering to the Commissioners of the Sinking Fund for sale as property not required for City use, premises owned by it and heretofore used as Public School 3, in the Borough of Queens, located at the junction of Skillman and Rapelje avenues, Long Island City, and bounded and described as follows:

All that certain piece or parcel of land lying and being situated in the Town of Newtown, County of Queens and State of New York, as surveyed November 26, 1864, by P. G. Van Alst, City Surveyor, Brooklyn, and which said piece of ground is described as follows:

Beginning at a point on the northeasterly side of the highway opposite the town landing at Dutch Kills, in the said Town of Newtown, and running thence south seventy-five (75) degrees and fifteen (15) minutes east, one hundred and seventy-one (171) feet nine (9) inches along land of William Bragaw, to the northwesterly side of the old road leading to the Village of Newtown; thence north fifty-two (52) degrees and forty-one (41) minutes east, ninety-five (95) feet one (1) inch along the northwesterly side of said old road; thence north seventy-five (75) degrees fifteen (15) minutes west, three hundred and twenty-three (323) feet along land of Mrs. Aletta Burnett, to the northeasterly line of said first mentioned highway; thence south thirty-six (36) degrees eighteen (18) minutes east, one hundred and nineteen (119) feet three and one-half (3½) inches along the northeasterly side of said highway to the point or place of beginning, containing eighteen thousand five hundred and fifty-three square feet of land, including the site of the old school house as shown by the annexed diagram colored red, being the premises which were conveyed by Conrad Diestel, of the Town of Newtown, County of Queens, and State of New York, and Elizabeth his wife, to John Bragaw, John W. Paynter and Titus M. Evans, Trustee of School District No. 4, in said town and county, by deed dated April 29, 1865, and recorded in the Queens County Clerk's office in Liber 227, of Deeds, page 243, June 2, 1865; and

Whereas, The said Board requested the acquisition of other land not owned by The City of New York, mentioned in said resolution as being bounded and described as follows:

Beginning at a point formed by the intersection of the southerly line of Skillman avenue with the easterly line of Gosman street, and running thence southerly along the easterly line of Gosman street 398 feet; thence easterly and parallel or nearly so with Foster avenue 182 feet to the former easterly boundary line of the Gosman farm; thence northerly 410 feet along said line to the southerly line of Skillman avenue; thence westerly along the southerly line of Skillman avenue 92.94 feet more or less to the easterly line of Gosman street, the point or place of beginning, be the said several dimensions more or less, together with all the right, title and interest of the owners of said premises of, in and to the streets in front thereof to the centre thereof. It being the intention to convey all the property owned or controlled by the railroad company lying within the area of this block; therefore be it

Resolved, That in accordance with the provisions of section 205a of the Greater New York Charter as amended, the Commissioners of the Sinking Fund determine that the land turned over by the Board of Education, and hereinbefore described, is no longer needed for Departmental or public purpose, and do further determine that the lands of private owners herein in this resolution described are needed for a public purpose; it is therefore

Resolved, That to determine the value of the land of the City hereinbefore described and the land of private owners to be exchanged therefor, the said Commissioners of the Sinking Fund do hereby appoint George J. Ryan, George E. Clay and William Richenstein, three discreet and disinterested appraisers, residing in the Borough of Queens, who are hereby authorized and directed to appraise the value of the two parcels of land hereinabove described and to report their appraisals within ten days to this Board; and

Whereas, The said Appraisers have submitted the following:

By William Richenstein—

Value of the property owned by The City of New York..... \$13,599 50

Value of the property owned by the Long Island Railroad Company.. 22,785 00

By George E. Clay—

Value of the property owned by The City of New York..... 10,632 00

Value of the property owned by the Long Island Railroad Company.. 20,623 35

By George J. Ryan—

Value of the property owned by The City of New York..... 10,400 00

Value of the property owned by the Long Island Railroad Company.. 20,520 00

—therefore be it

Resolved, That pursuant to the provisions of section 205A of the Greater New York Charter, the Commissioners of the Sinking Fund by unanimous vote, subject, however, to the approval of the Board of Estimate and Apportionment, hereby authorize a conveyance to the Long Island Railroad Company of the hereinabove described property owned by The City of New York, in consideration of a conveyance by the Long Island Railroad Company to The City of New York of the property owned by the Long Island Railroad Company, in the Borough of Queens, which is also hereinabove described, free and clear of all encumbrances, including taxes and assessments, water charges and sales for the same; and be it further

Resolved, That when these resolutions and action of the Commissioners of the Sinking Fund authorizing such exchange have been approved by the Board of Estimate and Apportionment, the Corporation Counsel be and is hereby requested to prepare the legal instruments on the part of The City of New York to effect such exchange, and upon said instruments having been prepared and approved as to form by the Corporation Counsel, and approved by the Comptroller of The City of New York, it shall be the duty of the Mayor of The City of New York to execute, and the City Clerk to attest and deliver to the Long Island Railroad Company, the deed of the property owned by The City of New York, upon receiving at the same time the deed of the property owned by the Long Island Railroad Company.

The report was accepted and the resolution unanimously adopted.

Adjourned.

N. TAYLOR PHILLIPS, Secretary.

PUBLIC NOTICE.

Whereas, The Grand Army of the Republic of the State of New York will hold its annual encampment at Utica on the 19th, 20th and 21st days of June, 1907; and

Whereas, A number of these veterans are employed in various departments in The City of New York who are delegates to the said encampment; and

Whereas, By reason of services during the War of the Rebellion, these veterans are worthy of consideration and entitled in justice to our favor; therefore be it

Resolved, That all employees of The City of New York who are veterans of the Civil War and delegates to the State Encampment of the Grand Army of the Republic to be held at Utica, be granted leave of absence with pay for three days, viz., the 19th, 20th and 21st days of June, 1907.

Resolved, That his Honor, George B. McClellan, Mayor of The City of New York, be and he is hereby respectfully requested to attach his signature of approval to the resolution of the Board of Aldermen of The City of New York.

Adopted by the Board of Aldermen May 28, 1907.

Approved by the Mayor June 5, 1907.

P. J. SCULLY, City Clerk.

BOARD OF REVISION OF ASSESSMENTS.

A meeting of the Board of Revision of Assessments was held in the Council Chamber, City Hall, on Thursday, June 6, 1907, at 2:03 o'clock p. m.

Present—N. Taylor Phillips, Deputy and Acting Comptroller; George L. Sterling, Assistant and Acting Corporation Counsel; and Lawson Purdy, President of the Department of Taxes and Assessments.

On motion of the Assistant and Acting Corporation Counsel, the minutes of the meeting of May 16, 1907, were approved as printed in the CITY RECORD.

BOROUGH OF THE BRONX.

Regulating, etc., East One Hundred and Eighty-ninth Street.

The assessment list for regulating, grading, curbing, flagging, laying crosswalks, building approaches and placing fences in East One Hundred and Eighty-ninth street, from Park avenue to Southern Boulevard, and objections, the hearing in which matter was postponed at meeting of May 16, 1907, were presented by the Deputy and Acting Comptroller, having been received from the Board of Assessors under date of May 10, 1907.

No one appearing in opposition after notice, on motion of the Assistant and Acting Corporation Counsel, the objections filed against the assessment were overruled and the assessment list was confirmed, all the members voting in the affirmative.

BOROUGH OF BROOKLYN.

Grading Lot, North Side of Eastern Parkway.

The Deputy and Acting Comptroller presented the assessment list for grading a lot on the north side of Eastern Parkway, between Bedford and Franklin avenues, and on the south side of Degraw street, between Bedford avenue and Franklin avenue, with objections of Samuel H. Coombs and others, as executors and trustees, filed by Coombs & Wilson, attorneys, and testimony taken in said matter, having been received from the Board of Assessors under date of May 31, 1907.

Mr. Wilson of Messrs. Coombs & Wilson, attorneys, was heard in opposition to the assessment.

On motion of the President of the Department of Taxes and Assessments, the assessment list was referred back to the Board of Assessors with instructions to reduce the assessment pro rata by 50 per cent., and to confirm the same as so reduced, all the members voting in the affirmative.

In connection with the above, on motion of the President of the Department of Taxes and Assessments, the Secretary was directed to call the attention of the Borough President to the judgment expressed by the Board of Revision of Assessments at meeting held October 18, 1906, in the matter of the grading of lots under contracts let by the City for such work. All the members voting in the affirmative.

BOROUGH OF MANHATTAN.

Flagging, etc., St. Nicholas Avenue, East and West Sides.

The assessment list for flagging and reflagging west side of St. Nicholas avenue, from Amsterdam avenue to One Hundred and Sixty-seventh street, and east side of St. Nicholas avenue, from Amsterdam avenue to One Hundred and Sixty-ninth street, and objections of the New York Institution for the Blind, filed by Joseph A. Flannery, attorney, were presented by the Deputy and Acting Comptroller, having been received from the Board of Assessors under date of May 31, 1907. Mr. Flannery, attorney, appeared by representative and stated that he rested upon his objections filed.

On motion of the Assistant and Acting Corporation Counsel, the objections filed against the assessment were overruled and the assessment list was confirmed, all the members voting in the affirmative.

Paving Delancey Street, South Side, etc.

The assessment list for paving that portion of the southerly side of Delancey street from Clinton street to the Bowery, 100 feet from the old southerly line of Delancey street to the new line of Delancey street, with granite blocks, and objections filed by the following attorneys, viz.: I. T. Flatto, for Amelia Zeeman; Edward F. Brown, for Sarah Cohen; Davis & Kaufmann, for Meyer Vesell and others; Joseph A. Flannery, for Isaac Brinn and others; Edward H. Hawke, Jr., for M. J. Adrjan and others; Walter H. Martin, for Max Wolper and others; Joseph F. Mulqueen, for Isaac Sakolski and others; Michael J. Mulqueen, for George Horn and others; Henry H. Sherman, for George S. Underhill, executor; Edward W. Murphy, for Joseph Weil and another, were presented by the Deputy and Acting Comptroller, having been received from the Board of Assessors under date of May 31, 1907, together with report of the Borough President of May 10, 1907, and copy of testimony taken.

The Board of Assessors reported that a reduction of 37½ per cent. had been made in the assessment, as determined by them at meeting held May 21, 1907. Messrs. Walter H. Martin, Michael J. Mulqueen and Henry H. Sherman, attorneys, were heard in opposition to the assessment.

No others appearing in opposition after notice, on motion of the President of the Department of Taxes and Assessments, the assessment list was referred back to the Board of Assessors with instructions to make a pro rata reduction in the amount of the present assessment, as already reduced, of 12½ per cent. and to confirm the same, all the members voting in the affirmative.

At 3:25 o'clock p. m., on motion of the President of the Department of Taxes and Assessments, the Board adjourned to meet on Thursday, June 13, 1907, at 2 o'clock p. m.

HENRY J. STORRS,
Chief Clerk, Board of Revision of Assessments.

DEPARTMENT OF PARKS.

Thursday, May 23, 1907.

Stated meeting, 3 p. m.

Present—Commissioners Herrman, President; Berry, Kennedy.

A representative of the Comptroller being present, and the meeting open to the public, the estimate box was opened and all the estimates or proposals received in pursuance of duly published advertisements were opened and read, as follows:

Commissioner Kennedy offered the following:

Resolved, That the Commissioner of Parks for the Boroughs of Brooklyn and Queens be and he hereby is authorized to cause forms of contract and specifications to be prepared for furnishing all the labor and materials necessary to repave the walks in Prospect Park, Borough of Brooklyn, and, when the same shall have been approved by the Corporation Counsel, to advertise for proposals for doing the work.

Which was adopted by the following vote:
Ayes—Commissioners Herrman, Kennedy—2.

Commissioner Kennedy offered the following:

Resolved, That the Commissioner of Parks for the Boroughs of Brooklyn and Queens be and he hereby is authorized to cause forms of contract and specifications to be prepared for furnishing all the labor and materials necessary to lay sidewalks and curbing around the Parade Ground, Borough of Brooklyn, and, when the same shall have been approved by the Corporation Counsel, to advertise for proposals for doing the work.

Which was adopted by the following vote:
Ayes—Commissioners Herrman, Kennedy—2.

Commissioner Kennedy offered the following:

Resolved, That the Commissioner of Parks for the Boroughs of Brooklyn and Queens be and he hereby is authorized to cause forms of contract and specifications to be prepared for furnishing all the labor and materials necessary to lay sidewalks, reset curb and for repaving part of Prospect Park plaza, and, when the same shall have been approved by the Corporation Counsel, to advertise for proposals for doing the work.

Which was adopted by the following vote:
Ayes—Commissioners Herrman, Kennedy—2.

Commissioner Kennedy offered the following:

Resolved, That the proposal of the lowest formal bidder for furnishing and delivering playground supplies for parks in the Borough of Brooklyn, for which bids have been this day received, be forwarded to the Comptroller for his approval of sureties, and when so approved that a contract for the same be entered into and executed by the President for and on behalf of this Board.

Which was adopted by the following vote:
Ayes—Commissioners Herrman, Kennedy—2.

Commissioner Herrman offered the following:

Resolved, That the proposals of the lowest formal bidders, respectively, for furnishing and delivering waste receptacles and wire tree guards for parks in the Borough of The Bronx, for which proposals have been this day received, be forwarded to the Comptroller for his approval of sureties and when so approved that contracts for the same be entered into and executed by the President for and on behalf of this Board.

Which was adopted by the following vote:
Ayes—Commissioners Herrman, Kennedy—2.

On motion, at 3:25 p.m., the Board adjourned to meet Wednesday, 29th inst., at 3 p.m.

CLINTON H. SMITH, Assistant Secretary.

EXECUTIVE DEPARTMENT.

Pursuant to statutory requirement, notice is hereby given that an act, Assembly No. 2712, Int. No. 1866, has been passed by both branches of the Legislature, entitled:

An Act to amend the Greater New York charter, in relation to powers of the police commissioner and fire commissioner to re-hear charges and reinstate discharged members.

Further notice is hereby given that a public hearing upon such bill will be held at the Mayor's office in the City Hall in The City of New York on Friday, June 14, 1907, at 1:30 o'clock p.m.

Dated City Hall, New York, June 11, 1907.

 50 linear feet of additional twelve (12) inch vitrified culvert pipe, furnished and laid.
 2 iron hoods for basin traps, as shown on plan of receiving basin.
 50 square feet of three (3) inch bluestone flagstone, for two (2) basin covers, with openings cut for vault cover.
 2 vault covers, of pattern as shown on plan of receiving basin.
 430 linear feet of five inch by sixteen inch (5 inch by 16 inch) bluestone curb, furnished and set in concrete.

The time for the completion of the work and the full performance of the contract is two hundred (200) days.
 The amount of security required is Twenty-four Thousand Dollars (\$24,000).

No. 4. FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR CONSTRUCTING A TEMPORARY SANITARY SEWER AND APPURTENANCES IN SIMONSON AVENUE, FROM TERMINUS OF PROPOSED SEWER IN SIMONSON AVENUE, AS LAID OUT ON THE PLAN OF SEWER DISTRICT NO. 17 A, TO A POINT ABOUT 475 FEET SOUTHWARD THEREFROM; ALSO A TEMPORARY COMBINED SEWER IN BAY AVENUE, SOUTHWARD OF THE TRACKS OF THE STATEN ISLAND RAPID TRANSIT RAILWAY, IN THE THIRD WARD, AS AN EXTENSION OF THE SEWER NOW IN THE COURSE OF CONSTRUCTION IN BAY AVENUE, TO A POINT ABOUT 460 FEET SOUTHERLY THEREFROM TOGETHER WITH THE WORK INCIDENTAL THERETO.

The Engineer's estimate of the quantity and quality of the material and the nature and extent, as near as possible, of the work required is as follows:

100 linear feet of salt-glazed vitrified pipe sewer of twelve (12) inches interior diameter, all complete, as per section on plan of the work.
 350 linear feet of salt-glazed vitrified pipe sewer of eight (8) inches interior diameter, all complete, as per section on plan of the work.
 475 linear feet of salt-glazed vitrified pipe sewer of six (6) inches interior diameter, all complete, as per section on plan of the work.
 3 manholes, complete, as per section on plan of the work.
 1 flush tank, with No. 5 Van Vranken siphon set, and connected with water main, complete, as per section on plan of the work.
 1,000 feet (B. M.) of sheeting, retained.
 2 reinforced concrete receiving basins, with one and one-quarter (1 1/4) inches galvanized wrought-iron bars, all complete, as shown on plans on file in the office of the Commissioner of Public Works, and connected with sewer.

The time for the completion of the work and the full performance of the contract is thirty-five (35) days.

The amount of security required is Six Hundred and Fifty Dollars (\$650).
 The contracts must be bid for separately, and the bids will be compared and the contract awarded at a lump or aggregate sum for each contract.

Bidders are requested to make their bids or estimates upon the blank form prepared by the President, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the said President. The plans and drawings may be seen and other information obtained at the office of the Commissioner of Public Works of the Borough of Richmond, Borough Hall, New Brighton, Borough of Richmond.

GEORGE CROMWELL,
 President.

The City of New York, May 31, 1907.

See General Instructions to Bidders on the last page, last column, of the "City Record."

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY.

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY, ROOM 1536, NOS. 13 TO 21 PARK ROW, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

NOTICE OF SALE AT AUCTION.

ON TUESDAY, JUNE 25, 1907,
 at 11 o'clock a. m., the Department of Water Supply, Gas and Electricity will sell at public auction to the highest bidder, by William H. Smith, auctioneer, at the Gowanus Pipe Yard, Butler and Nevins streets, Borough of Brooklyn, N. Y., the following parcels of scrap iron:

"A."

125 tons, more or less, scrap iron.
 The above material is stored on the grounds of the Gowanus Pipe Yard, and will be sold on the spot.

"B."

50 tons, more or less, scrap iron.
 The above material is stored on the grounds of the Western District Repair Yard, North Portland avenue, Borough of Brooklyn, N. Y., but will be sold at the Gowanus Pipe Yard, Butler and Nevins streets, Borough of Brooklyn, N. Y.

TERMS OF SALE.

The upset price at which this material will be sold is as follows:
 \$8 per ton for scrap iron.

No bid below this price will be considered or accepted.

The sale of the material will be based on delivery on the ground, but the purchaser or purchasers must agree to have the material weighed at the nearest public scale to the point where the material is sold.

Successful bidders must make cash payment in bankable funds at the time and place of sale. Bids will be received for one or both of this material, but no bid will be considered or accepted for less than the entire quantity in each case.

The purchaser or purchasers must remove all the material within thirty days after the sale, otherwise he or they will forfeit the money paid at the time of sale and the ownership to the material, which will thereafter be resold for the benefit of the City. The purchaser or purchasers must remove the material under the supervision of an employee of the Department, and will not be allowed to select material for removal at will.

JOHN H. O'BRIEN,
 Commissioner of Water Supply,
 Gas and Electricity.

j1,25

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY, ROOM 1536, NOS. 13 TO 21 PARK ROW, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

2,760 square yards of old stone blocks, to be purchased by contractor and removed.

470 cubic yards of concrete.

1,400 linear feet of new bluestone curbstone, furnished and set.

250 linear feet of old bluestone curbstone, redressed, rejoined and reset.

7 noiseless covers, complete, for sewer manholes, furnished and set.

1 noiseless cover, complete, for water manhole, furnished and set.

Time allowed for doing and completing above work is 30 working days.

Amount of security required is One Thousand Dollars.

No. 18. REGULATING AND REPAVING WITH ASPHALT PAVEMENT ON CONCRETE FOUNDATION THE ROADWAY OF TWENTY-FOURTH STREET, FROM TENTH AVENUE TO THIRTEENTH AVENUE.

Engineer's estimate of amount of work to be done:

4,360 square yards of asphalt pavement, including binder course.

4,360 square yards of old asphalt pavement, to be removed.

4,360 square yards of old stone blocks, to be purchased by contractor and removed.

740 cubic yards of concrete.

2,520 linear feet of new bluestone curbstone, furnished and set.

150 linear feet of old bluestone curbstone, redressed, rejoined and reset.

12 noiseless covers, complete, for sewer manholes, furnished and set.

4 noiseless covers, complete, for water manholes, furnished and set.

7,840 linear feet of new bluestone curbstone, furnished and set.
 3,360 linear feet of old bluestone curbstone, redressed, rejoined and reset.
 12 noiseless covers, complete, for sewer manholes, furnished and set.
 23 noiseless covers, complete, for water manholes, furnished and set.
 Time allowed for doing and completing above work is 150 working days.
 Amount of security required is Thirty Thousand Dollars.

No. 31. FOR REGULATING AND REPAVING WITH ASPHALT BLOCK PAVEMENT ON CONCRETE FOUNDATION THE ROADWAY OF AUDUBON PLACE, FROM BROADWAY TO ONE HUNDRED AND FIFTY-EIGHTH STREET.

Engineer's estimate of amount of work to be done:
 3,200 square yards of asphalt block pavement.
 390 square yards of old stone blocks, to be purchased by contractor and removed.
 450 cubic yards of concrete, including mortar bed.
 420 linear feet of new bluestone curbstone, furnished and set.
 420 linear feet of old bluestone curbstone, redressed, rejoined and reset.
 3 noiseless covers, complete, for sewer manholes, furnished and set.
 1 noiseless cover, complete, for water manhole, furnished and set.
 Time allowed for doing and completing above work is 40 working days.
 Amount of security required is Two Thousand Dollars.

No. 32. REGULATING AND REPAVING WITH ASPHALT BLOCK PAVEMENT ON CONCRETE FOUNDATION THE ROADWAY OF ONE HUNDRED AND FIFTY-SECOND STREET, FROM ST. NICHOLAS AVENUE TO AMSTERDAM AVENUE.

Engineer's estimate of amount of work to be done:
 1,920 square yards of asphalt block pavement.
 310 cubic yards of concrete, including mortar bed.
 820 linear feet of new bluestone curbstone, furnished and set.
 340 linear feet of old bluestone curbstone, redressed, rejoined and reset.
 6 noiseless covers, complete, for sewer manholes, furnished and set.
 2 noiseless covers, complete, for water manholes, furnished and set.
 Time allowed for doing and completing above work is 30 working days.
 Amount of security required is Fifteen Hundred Dollars.

No. 33. REGULATING AND REPAVING WITH ASPHALT BLOCK PAVEMENT ON CONCRETE FOUNDATION THE ROADWAY OF ONE HUNDRED AND FIFTY-FIFTH STREET, FROM ST. NICHOLAS AVENUE TO BROADWAY.

Engineer's estimate of amount of work to be done:
 7,500 square yards of asphalt block pavement.
 1,060 cubic yards of concrete, including mortar bed.
 1,150 linear feet of new bluestone curbstone, furnished and set.
 1,100 linear feet of old bluestone curbstone, redressed, rejoined and reset.
 3 noiseless covers, complete, for sewer manholes, furnished and set.
 5 noiseless covers, complete, for water manholes, furnished and set.
 Time allowed for doing and completing above work is 60 working days.
 Amount of security required is Five Thousand Dollars.

No. 34. REGULATING AND REPAVING WITH ASPHALT BLOCK PAVEMENT ON CONCRETE FOUNDATION THE ROADWAY OF ONE HUNDRED AND SIXTY-EIGHTH STREET, FROM AMSTERDAM AVENUE TO ST. NICHOLAS AVENUE.

Engineer's estimate of amount of work to be done:
 3,580 square yards of asphalt block pavement.
 3,580 square yards of old stone blocks, to be purchased by contractor and removed.
 530 cubic yards of concrete, including mortar bed.
 720 linear feet of new bluestone curbstone, furnished and set.
 720 linear feet of old bluestone curbstone, redressed, rejoined and reset.
 8 noiseless covers, complete, for sewer manholes, furnished and set.
 2 noiseless covers, complete, for water manholes, furnished and set.
 Time allowed for doing and completing above work is 40 working days.
 Amount of security required is Three Thousand Dollars.

No. 35. REGULATING AND REPAVING WITH ASPHALT BLOCK PAVEMENT ON CONCRETE FOUNDATION THE ROADWAY OF ONE HUNDRED AND EIGHTY-FIRST STREET, FROM AMSTERDAM AVENUE TO ST. NICHOLAS AVENUE.

Engineer's estimate of amount of work to be done:
 3,880 square yards of asphalt block pavement.
 690 square yards of old stone blocks, to be purchased by contractor and removed.
 580 cubic yards of concrete, including mortar bed.
 1,450 linear feet of new bluestone curbstone, furnished and set.
 130 linear feet of old bluestone curbstone, redressed, rejoined and reset.
 8 noiseless covers, complete, for sewer manholes, furnished and set.
 3 noiseless covers, complete, for water manholes, furnished and set.
 Time allowed for doing and completing above work is 40 working days.
 Amount of security required is Three Thousand Dollars.

No. 36. REGULATING AND PAVING WITH ASPHALT BLOCK PAVEMENT ON CONCRETE FOUNDATION THE ROADWAY OF ONE HUNDRED AND THIRTY-EIGHTH STREET, FROM FIFTH AVENUE TO LENOX AVENUE.

Engineer's estimate of amount of work to be done:
 3,185 square yards of asphalt block pavement.
 500 cubic yards of concrete, including mortar bed.
 1,200 linear feet of new bluestone curbstone, furnished and set.
 720 linear feet of old bluestone curbstone, redressed, rejoined and reset.
 8 noiseless covers, complete, for sewer manholes, furnished and set (not to be bid for).
 1 noiseless cover, complete, for water manhole, furnished and set (not to be bid for).
 Time allowed for doing and completing above work is 40 working days.
 Amount of security required is Three Thousand Dollars.

No. 37. REGULATING AND REPAVING WITH GRANITE BLOCK PAVEMENT ON CONCRETE FOUNDATION THE ROADWAY OF FORTY-FIRST STREET, FROM ELEVENTH AVENUE TO HUDSON RIVER.

Engineer's estimate of amount of work to be done:
 1,200 linear feet of new granite block pavement, with paving cement joints.
 562 cubic yards of concrete.
 1,600 linear feet of new bluestone curbstone, furnished and set.
 50 linear feet of old bluestone curbstone, redressed, rejoined and reset.
 174 square feet of new granite bridgestone, furnished and laid.
 Time allowed for doing and completing above work is 50 working days.
 Amount of security required is Two Thousand Five Hundred Dollars.

2,714 square yards of granite block pavement, with paving cement joints.
 562 cubic yards of concrete.
 1,600 linear feet of new bluestone curbstone, furnished and set.
 50 linear feet of old bluestone curbstone, redressed, rejoined and reset.
 174 square feet of new granite bridgestone, furnished and laid.
 Time allowed for doing and completing above work is 50 working days.
 Amount of security required is Two Thousand Five Hundred Dollars.

No. 38. REGULATING AND REPAVING WITH GRANITE BLOCK PAVEMENT ON CONCRETE FOUNDATION THE ROADWAY OF SPRING STREET, FROM GREENWICH STREET TO WEST STREET.

Engineer's estimate of amount of work to be done:
 1,760 square yards of granite block pavement, with paving cement joints.
 1,760 square yards of old stone blocks, to be purchased by contractor and removed.
 350 cubic yards of concrete.
 700 linear feet of new bluestone curbstone, furnished and set.
 90 linear feet of old bluestone curbstone, redressed, rejoined and reset.
 700 square feet of new granite bridgestone, furnished and laid.
 40 square feet of old bridgestone, redressed, rejoined and relaid.
 Time allowed for doing and completing above work is 35 working days.
 Amount of security required is Two Thousand Dollars.

No. 39. REGULATING AND REPAVING WITH WOOD BLOCK PAVEMENT ON CONCRETE FOUNDATION THE ROADWAY OF CLINTON STREET, FROM EAST BROADWAY TO SOUTH STREET.

Engineer's estimate of amount of work to be done:
 3,850 square yards of wood block pavement.
 620 cubic yards of concrete, including mortar bed.
 2,300 linear feet of new bluestone curbstone, furnished and set.
 150 linear feet of old bluestone curbstone, redressed, rejoined and reset.
 9 noiseless covers, complete, for sewer manholes, furnished and set.
 5 noiseless covers, complete, for water manholes, furnished and set.
 3,850 square yards of old stone blocks, to be purchased by contractor and removed.
 Time allowed for doing and completing above work is 75 working days.
 Amount of security required is Three Thousand Five Hundred Dollars.

No. 40. REREGULATING, REGRADING, CURBING AND RECURBING, FLAGGING AND REFLAGGING AND PAVING WITH GRANITE BLOCK PAVEMENT ON CONCRETE FOUNDATION THE ROADWAY OF EAST SEVENTY-SIXTH STREET, FROM THE WEST LINE OF EXTERIOR STREET TO A POINT 314 FEET WESTERLY THEREFROM.

Engineer's estimate of amount of work to be done:
 1,205 cubic yards of rock excavation.
 2,183 cubic yards of earth excavation.
 400 linear feet of new bluestone curbstone, furnished and set.
 230 linear feet of old bluestone curbstone, redressed, rejoined and reset.
 1,800 square feet of new flagging, furnished and laid.
 720 square feet of old flagging, retrimmed and relaid.
 10 cubic yards of cement rubble retaining wall.
 1,050 square yards of granite block pavement, including sand bed laid with paving cement joints.

175 cubic yards of concrete.
 866 square yards of old pavement, to be removed (not to be bid for).
 175 square feet of old bridgestone, to be removed (not to be bid for).
 Time allowed for doing and completing above work is 75 working days.

Amount of security required is Two Thousand Five Hundred Dollars.

No. 41. REREGULATING, REGRADING, CURBING AND RECURBING, FLAGGING AND REFLAGGING ONE HUNDRED AND FORTY-EIGHTH STREET, FROM A POINT 225.7 FEET WEST OF BROADWAY TO THE EASTERN LINE OF RIVERSIDE DRIVE.

Engineer's estimate of amount of work to be done:
 40 cubic yards of earth excavation for wall trench.
 830 cubic yards of filling, to be furnished, exclusive of that secured from excavation.
 100 cubic yards of cement masonry for retaining walls and culverts.
 95 linear feet of guard rail.
 100 linear feet of new bluestone curbstone, furnished and set.

80 linear feet of old bluestone curbstone, redressed, rejoined and reset.

See General Instructions to Bidders on the last page, last column, of the "City Record."

Item 1—About 50 tons, more or less, of scrap iron and steel mixed, at a price bid per gross ton.
Item 2—A lot of old roadway plank and lumber, at a lump sum price bid for the lot.

TERMS OF SALE.

The whole of the purchase price bid and the auctioneer's fees shall be paid by the successful bidder in cash or bankable funds on or before delivery of the material, and the purchaser must remove from the yards within ten days from date of sale all of the materials purchased.

To secure the removal as above specified, the purchaser thereof shall be required to make, at time of sale, a cash deposit of twenty-five per cent. of the estimated amount on Item 1 and the purchase price bid on Item 2.

The Commissioner of Bridges reserves the right to resell any of the material not removed by the purchaser within the time specified.

Full information may be obtained upon application to Engineer's Office, Brooklyn Bridge, No. 179 Washington street, Brooklyn.

JAMES W. STEVENSON,
Commissioner of Bridges.

SAM VORZIMER,
Auctioneer.

DEPARTMENT OF FINANCE.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

AT THE REQUEST OF THE PRESIDENT A of the Borough of Manhattan, public notice is hereby given that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction all the buildings, parts of buildings, etc., standing within the lines of property owned by The City of New York, acquired for street opening purposes, in the

Borough of Manhattan.

Being the buildings within the area of the proposed Delancey street extension located between Broome and Spring streets, and extending from the Bowery to Elm street, Borough of Manhattan, and which is more particularly described on a map on file in the office of the Collector of City Revenue.

Pursuant to a resolution of the Commissioners of the Sinking Fund adopted at a meeting held June 5, 1907, the sale of the above-described buildings and appurtenances thereto will be held by the direction of the Comptroller on

MONDAY, JUNE 17, 1907.

at 10 o'clock a. m., on the premises, on the following

TERMS AND CONDITIONS.

It being understood that the purchasers, at the time of the auction sale, when the said bid is accepted by the City, shall execute a contract with The City of New York for the proper compliance with these terms and conditions, which contract shall provide for liquidated damages at so much per day for each and every day the removal of the buildings, etc., remains incomplete, after the expiration of sixty days from the day of sale. A copy of said contract is on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale and of the contract. Said bond must be filed within forty-eight hours after the sale.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler setting, etc., and all stoops and area walls shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible material, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes at the main pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within sixty days from the day of sale, will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furlings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight, where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York

reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel, and to reject any or all bids.

H. A. METZ,
Comptroller.

City of New York—Department of Finance,
Comptroller's Office, June 11, 1907.

j12,24

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

AT THE REQUEST OF THE PRESIDENT A of the Borough of The Bronx, public notice is hereby given that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction all the buildings standing within the lines of property owned by The City of New York acquired for street opening purposes in the

Borough of The Bronx.

Being all those certain encroachments within the area of Baychester avenue, from Fourth street and Vernon parkway east to White Plains road, in the Twenty-fourth Ward, of the Borough of The Bronx, City of New York, which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, the sale of the above-described buildings and appurtenances thereto will be held by the direction of the Comptroller, on

MONDAY, JUNE 17, 1907.

at 11 a. m., on the premises, on the following

TERMS AND CONDITIONS.

It being understood that the purchasers, at the time of the auction sale, when the said bid is accepted by the City, shall execute a contract with The City of New York for the proper compliance with these terms and conditions, which contract shall provide for liquidated damages at so much per day for each and every day the removal of the buildings, etc., remains incomplete, after the expiration of sixty days from the day of sale. A copy of said contract is on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale and of the contract. Said bond must be filed within forty-eight hours after the sale.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler setting, etc., and all stoops and area walls shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible material, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes at the main pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within sixty days from the day of sale, will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furlings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight, where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York

reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel, and to reject any or all bids.

ASSIGNMENT FOR COURT PURPOSES.

IN PUBLIC NOTICE IS HEREBY GIVEN that, pursuant to the provisions of section 205 of the amended Greater New York Charter, the Commissioners of the Sinking Fund hereby assign the Corn Exchange Bank Building, situated on Jay street, St. George, Borough of Richmond, as the place where the Court of Special Sessions, Second Division, City of New York, shall be held on and after the date of occupancy

of said premises for the purposes of the said Court.

By order of the Commissioners of the Sinking Fund, under resolution adopted at a meeting of the Board held June 5, 1907.

H. A. METZ,
Comptroller.

City of New York—Department of Finance,
Comptroller's Office, June 7, 1907.

j8,24

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF THE BRONX:

TWENTY-FOURTH WARD, SECTION 11.

EAST ONE HUNDRED AND EIGHTY-NINTH STREET—REGULATING, GRADING, CURBING, FLAGGING, LAYING CROSS-WALKS, BUILDING APPROACHES AND PLACING FENCES, from Park avenue to the Southern Boulevard. Area of assessment: Both sides of One Hundred and Eighty-ninth street, from Park avenue to the Southern Boulevard, and to the extent of half the block at the intersecting and terminating streets and avenues.—that the same was confirmed by the Board of Revision of Assessments June 6, 1907, and entered June 6, 1907, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before August 5, 1907, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessment became a lien to the date of payment.

HERMAN A. METZ,
Comptroller.

City of New York—Department of Finance,
Comptroller's Office, June 6, 1907.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF MANHATTAN:

TWELFTH WARD, SECTION 8.

FLAGGING AND REFLAGGING ST. NICHOLAS AVENUE, west side, from Amsterdam avenue to One Hundred and Sixty-seventh street, and on ST. NICHOLAS AVENUE, east side, from Amsterdam avenue to One Hundred and Sixty-ninth street. Area of assessment: East side of St. Nicholas avenue, between One Hundred and Sixty-fourth and One Hundred and Sixty-ninth streets; west side of St. Nicholas avenue, between One Hundred and Sixty-fourth and One Hundred and Sixty-eighth streets.—that the same was confirmed by the Board of Revision of Assessments on June 6, 1907, and entered on June 6, 1907, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room H, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before August 5, 1907, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessment became a lien to the date of payment.

TWENTY-NINTH WARD, SECTIONS 15 AND 16.

SEWER BASINS along CLARENCE ROAD, on the northwest corner of EAST TWENTY-SECOND STREET, all four corners of EAST TWENTY-THIRD AND EAST TWENTY-FIFTH STREETS, northeast and southeast corners of EAST TWENTY-SIXTH STREET, northeast corner of ROGERS AVENUE, northeast corner of EAST TWENTY-EIGHTH AND TWENTY-NINTH STREETS, northeast corner of NOSTRAND AVENUE, northeast and northwest corners of EAST THIRTY-FIRST STREET, also EAST THIRTY-FOURTH STREET, northeast corner of EAST THIRTY-FIFTH STREET, and northwest corner of EAST THIRTY-SEVENTH STREET. Area of assessment: Both sides of Clarendon road, from Flatbush avenue to Rogers avenue; north side of Clarendon road, from Rogers avenue to East Thirty-seventh street; both sides of East Twenty-second street and west side of East Twenty-third street, between Beverley road and Clarendon road; east side of Twenty-third street; both sides of Bedford avenue, East Twenty-fifth and East Twenty-sixth streets and Rogers avenue, between Beverley road and Clarendon road; both sides of East Twenty-eighth and Twenty-ninth streets, Nostrand avenue, Thirty-first and Thirty-second streets, New York avenue, Thirty-fourth and Thirty-fifth streets and Brooklyn avenue, between Beverley road and Clarendon road, and the west side of East Thirty-seventh street, between Beverley and Clarendon roads; northwest corner of Vanderveer place and East Twenty-third street; east side of Twenty-third street; both sides of Bedford avenue, East Twenty-fifth street, East Twenty-sixth street, and west side of Rogers avenue, from Clarendon road to Avenue U.

TWENTY-NINTH WARD, SECTION 16.

SEWER BASINS at the southwest, northwest and northeast corners of EAST FOURTEENTH STREET and CORTELYOU ROAD; on the southwest, northwest and northeast corners of EAST THIRTEENTH STREET and CORTELYOU ROAD, and on the northeast and southeast corners of EAST ELEVENTH STREET and CORTELYOU ROAD. Area of assessment: South side of Cortelyou road, from Eleventh street to Fourteenth street, Lot No. 67 of Block 5154; Lot No. 12 of Block 5155; Lots Nos. 13, 14, 17, 19, 64 and 66 of Block 5156; block bounded by Thirteenth and Fourteenth streets, Cortelyou road and Beverley road; east side of Fourteenth street, between Cortelyou road and Beverley road; west side of Thirteenth street, from Cortelyou road to Beverley road; north side of Cortelyou road, from Eleventh to Fifteenth street, and east side of Eleventh street, between Cortelyou road and Beverley road.

BEVERLEY ROAD—RECONSTRUCTING SEWER, between East Thirteenth street and East Fifteenth street, to agree with adopted drainage district map of the vicinity, viz.: Map T, District No. 40. Area of assessment: Plot bounded by Fort Hamilton avenue, Caton avenue, Coney Island avenue and Parade place, known as the Parade Ground; south side of Caton avenue; both sides of Church avenue, Albemarle road and Beverley road, from Coney Island avenue to Fifteenth street; both sides of Turner place and Huckle place, from Coney Island avenue to Eleventh street; east side of Coney Island avenue; both sides of Eleventh, Twelfth, Thirteenth, Fourteenth and west side of Fifteenth streets, from Beverley road to Caton avenue.

THIRTIETH WARD, SECTION 18.

EIGHTH AVENUE—REGULATING AND GRADING, between Bay Ridge and Seventh avenues. Area of assessment: Both sides of Eighth avenue, from Bay Ridge avenue to Seventy-third street, and to the extent of half the block at the intersecting streets.—that the same were confirmed by the Board of Assessors June 4, 1907, and entered June 4, 1907, in the Record of Titles of Assessment, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessment, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record." * * *

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Mechanics' Bank Building, Court and Montague streets, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. until 12 m., and all payments made thereon on or before August 3, 1907, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when such assessments became liens to the date of payment.

HERMAN A. METZ,
Comptroller.

City of New York—Department of Finance, Comptroller's Office, June 4, 1907.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF the Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF MANHATTAN:

NINETEENTH WARD, SECTION 5.

EAST SEVENTY-FOURTH STREET—PAVING, REREGULATING, REGRADING, CURBING AND RECURBING, FLAGGING AND REFLAGGING AND PLACING NECESSARY BRIDGESTONE THEREON, from the west line of Exterior street to a point 87-30 feet westerly therefrom. Area of assessment: Both sides of Seventy-fourth street, between Exterior street and Avenue A.

—that the same was confirmed by the Board of Assessors on June 4, 1907, and entered on June 4, 1907, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of entry of the assessments interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record." * * *

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room H, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. to 12 m., and all payments made thereon on or before August 3, 1907, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

HERMAN A. METZ,
Comptroller.

City of New York—Department of Finance, Comptroller's Office, June 4, 1907.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

AT THE REQUEST OF THE PRESIDENT of the Board of Trustees of the Bellevue and Allied Hospitals, public notice is hereby given that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing within the lines of property owned by The City of New York, acquired by it for hospital purposes, said buildings being situated upon land, described as follows,

Borough of Manhattan.

Being the buildings, parts of buildings, etc., situated within the area of the block bounded by the northerly side of East Twenty-eighth street, southerly side of East Twenty-ninth street, easterly side of First avenue and the East river, Borough of Manhattan.

The sale of the above-described buildings, parts of buildings, etc., will take place under the supervision of the Collector of City Revenue, Department of Finance, and will be held by direction of the Comptroller on

WEDNESDAY, JUNE 12, 1907,

at 11 a. m., on the premises, upon the following

TERMS AND CONDITIONS.

It being understood that the purchasers, at the time of the auction sale, when the said bid is accepted by the City, shall execute a contract with The City of New York for the proper compliance with these terms and conditions, which contract shall provide for liquidated damages at so much per day for each and every day the removal of the buildings, etc., remains incomplete after the expiration of sixty days from the day of sale. A copy of said contract is on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale and of the contract.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler setting, etc., and all stoops and area walls shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler setting, etc., and all stoops and area walls shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

The purchaser at the sale shall also shut off and cap all water pipes in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within sixty days from the day of sale, will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

Party walls and fences when existing against adjacent property not sold shall not be taken down, but all furlings, plaster, chimneys, projecting brick, etc., on the faces of such party walls, shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel, and to reject any or all bids.

FRIDAY, JUNE 14, 1907,

at 10:30 a. m., on the premises.

Also being the buildings, parts of buildings, etc., between Sunswick street and Jackson avenue, Long Island City, Borough of Queens, which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan. The sale will be held by direction of the Comptroller on

FRIDAY, JUNE 14, 1907,

at 2 p. m., on the premises.

Pursuant to a resolution of the Commissioners of the Sinking Fund adopted at a meeting held May 22, 1907, the sale of the above-described buildings and appurtenances thereto will be held upon the following

TERMS AND CONDITIONS.

It being understood that the purchasers, at the time of the auction sale, when the said bid is accepted by the City, shall execute a contract with The City of New York for the proper compliance with these terms and conditions, which contract shall provide for liquidated damages at so much per day for each and every day the removal of the buildings, etc., remains incomplete after the expiration of sixty days from the day of sale. A copy of said contract is on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale and of the contract.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler setting, etc., and all stoops and area walls shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale and of the contract.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler setting, etc., and all stoops and area walls shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler setting, etc., and all stoops and area walls shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler setting, etc., and all stoops and area walls shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court and the entering in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessments to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, at the Hackett Building, No. 51 Jackson avenue, Long Island City, Borough of Queens, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. until 12 m., and all payments made thereon on or before July 27, 1907, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

HERMAN A. METZ,
Comptroller.
City of New York, Department of Finance,
Comptroller's Office, May 27, 1907.

between Ninth avenue and Eighth avenue; running thence northerly and along the centre line of the blocks between Ninth avenue and Eighth avenue to the southerly side of Thirty-seventh street; running thence easterly along the southerly side of Thirty-seventh street to the point or place of beginning.

TWENTY-SIXTH, TWENTY-NINTH AND THIRTY-SECOND WARDS, SECTION 12.

SUTTER AVENUE—OPENING, from Barrett street to East Ninety-eighth street. Confirmed March 29, 1906, and April 22, 1907; entered May 27, 1907. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the westerly side of Barrett street where the same is intersected by the centre line of the block between Sutter avenue and Blake avenue; running thence westerly through the centre line of the block and parallel with Sutter avenue to the intersection of the easterly side of East Ninety-eighth street with the westerly side of Ralph avenue; running thence northwesterly along the easterly side of East Ninety-eighth street to the centre line of the block between Sutter avenue and East New York avenue; running thence easterly and along the centre line of the blocks between East New York avenue and Sutter avenue, and Pitkin avenue and Sutter avenue to the westerly side of Barrett street; running thence southerly and along the westerly side of Barrett street to the point or place of beginning.

The above-entitled assessments were entered on the date hereinbefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any assessment shall remain unpaid for a period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Mechanics' Bank Building, Court and Montague streets, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. until 12 m., and all payments made thereon on or before July 26, 1907, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum, from the date when the above assessments became liens to the date of payment.

DEPARTMENT OF FINANCE, CITY OF NEW YORK, BUREAU FOR THE COLLECTION OF ASSESSMENTS AND ARREARS, BOROUGH OF BROOKLYN, MAY 17, 1907.

NOTICE IS HEREBY GIVEN TO ALL whom it may concern that, in pursuance of law, a list has been prepared and may be obtained at the office of the Deputy Collector of Assessments and Arrears in the Borough of Brooklyn, Mechanics' Bank Building (third floor), corner of Montague and Court streets, in said Borough, of the parcels of land and premises in said Borough upon which any tax, assessment or water rates levied or imposed subsequent to July 1, 1882, and prior to January 1, 1883, had been returned or transmitted to the former Registrar of Arrears prior to the thirty-first day of December, 1897, or to the Collector of Assessments and Arrears subsequent thereto, and now remains unpaid and in arrears, and that the said several parcels of land specified in the said list will be sold, at public auction, to the highest bidder, on

WEDNESDAY, JUNE 19, 1907, at 2 o'clock p. m., in the Borough Hall, in the said Borough of Brooklyn, in the large room designated Room No. 2, in the rear of the Borough Hall, now used by the Spanish War Veterans' Association, for the payment of the aggregate amount of all arrears of taxes, assessments and water rents due thereon and returned and transmitted as aforesaid, with all default, interest and expenses accrued thereon.

HERMAN A. METZ,
Comptroller of The City of New York.
m2,j19

DEPARTMENT OF FINANCE, CITY OF NEW YORK, December 14, 1906.

UNTIL FURTHER NOTICE AND UNLESS otherwise directed in any special case surety companies will be accepted as sufficient upon the following contracts to the amounts named:

Supplies of Any Description, including Gas and Electricity—

One company on a bond up to \$50,000.

Two companies on a bond up to \$125,000.

Three companies on a bond up to \$200,000.

Asphalt, Asphalt Block and Wood Block Pavements—

Two companies on a bond up to \$50,000.

Three companies on a bond up to \$125,000.

Regulating, Grading, Paving, Sewers, Water Mains, Dredging, Construction of Parks, Parkways, Etc.—

One company on a bond up to \$25,000.

Two companies on a bond up to \$75,000.

Three companies on a bond up to \$150,000.

Four companies on a bond up to \$250,000.

New Docks, Buildings, Bridges, Aqueducts, Tunnels, Etc.—

One company on a bond up to \$25,000.

Two companies on a bond up to \$75,000.

Three companies on a bond up to \$150,000.

Four companies on a bond up to \$250,000.

Repairs, Ventilating, Heating, Plumbing, Etc.—

One company on a bond up to \$25,000.

Two companies on a bond up to \$75,000.

Three companies on a bond up to \$150,000.

Four companies on a bond up to \$250,000.

On bonds regarded as hazardous risks additional surety will be required as the Comptroller sees fit in each instance.

All bonds exceeding \$250,000 will by that fact alone be considered hazardous risks, no matter what the nature of the work.

H. A. METZ,
Comptroller.

BOARD OF ESTIMATE AND APPORTIONMENT.

PUBLIC NOTICE.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment held in the Old Council Chamber, Room 16, City Hall, Borough of Manhattan, on Friday, May 24, 1907, the following proceedings were had:

Whereas, The Nassau Electric Railroad Company has, under date of May 29, 1905, made application to this Board for a grant of the right, privilege and franchise to construct, maintain and operate a street surface railroad upon and along Livingston and other streets, in the Borough of Brooklyn; and

Whereas, Section 92 of the Railroad Law and sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on June 2, 1905, fixing the date for public hearing thereon as June 30, 1905, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in the Brooklyn Daily "Eagle" and the Brooklyn "Citizen," newspapers designated by the Mayor, and in the City Record for ten days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the Nassau Electric Railroad Company and the adequacy of the compensation proposed to be paid therefor; now therefore it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Nassau Electric Railroad Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board, as follows:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Nassau Electric Railroad Company, the franchise or right fully set out and described in the following form of proposed contract for the grant of the right thereof, embodying all of the terms and

term of this contract, then the annual rate of compensation for such succeeding ten years shall be reasonable, and either the City (by the Board) or the Nassau Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of compensation at such amount as shall be reasonable, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Nassau Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of this original contract, and their report shall be filed with the Board within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgments upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Nassau Company and its officers under oath. The valuation so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of this original contract. If, in any case, the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Nassau Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expense of the said appraisers shall be borne jointly by the City and the Nassau Company, each paying one-half thereof.

Third—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any other cause, the tracks and appurtenances, including sub and superstructure, poles, wires and subways for electrical conduits, constructed pursuant to this contract, within the streets and highways hereinbefore described, may be acquired by the City in the manner hereinafter described, and, if so acquired, the same may be used or disposed of by the City for any lawful purpose whatsoever, or may be leased to any company or individual. In case the City should decide, by resolution of the Board, to acquire said tangible property constructed in connection with and pertinent to the franchise herein conferred, a certified copy of the resolution of the Board declaring such intention shall be served upon the Nassau Company at least six months prior to the termination of this contract; or, if the same be renewed, then at least six months prior to the termination of the said renewal term; or, in case of the termination of this contract for any other cause than by expiration, within thirty days after such termination. If the City (by the Board) and the Nassau Company, after the declaration of such intention by the Board and the receipt of said resolution by the Nassau Company, can agree as to the then value of such tangible property, the amount thus agreed upon shall thereupon be paid by the City to the Nassau Company, and the property thus acquired shall become the property of the City from and after the date of termination of this contract or any renewal thereof. Nothing shall be included in such amount for any value derived from the franchise. In case, however, the City (by the Board) and the Nassau Company shall not agree as to the then value of said property within a reasonable time, such value shall be determined by appraisal in the manner hereinbefore described in connection with the revaluation of the terms of this franchise in case of a renewal thereof. If, however, within the time or times hereinabove mentioned, the City shall not declare its intention of acquiring said tangible property, the Nassau Company shall, at the termination of this contract or of any renewal thereof, remove any and all of its tracks and appurtenances constructed pursuant to this contract in said streets and avenues, and said streets and avenues shall be restored to their original condition, at the sole cost and expense of the Nassau Company. In case the Nassau Company shall neglect, after due notice from the City (by the Board) to remove said tracks and appurtenances after the expiration of this contract or any renewal thereof, then the City shall have the right to make such removal and to collect the expense thereof from the Nassau Company.

Fourth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions, over the same streets, avenues or highways and the right to make the requisite and necessary connections with the tracks of the Nassau Company, its successors or assigns, which shall be constructed under this contract.

The use of the railroad which shall be constructed and maintained in the streets, avenues and highways under this contract including the tracks, wires and other equipment used in connection therewith, shall be permitted by the Nassau Company, its successors or assigns, to any individual or corporation to which the City may have granted, or may hereafter grant, the right or privilege to use such streets, avenues or highways for street railroad purposes, upon payment of an annual sum by such individual or corporation to the Nassau Company, which shall not exceed the legal interest in such proportion of the whole cost of the construction of such railroad, and such proportion of the cost of keeping the tracks and track equipment in repair, as the number of cars operated by such company or individual shall bear to the number of cars operated by the companies then using the same, together with the actual cost of the power necessary for the operation of the cars thereon of such individual or corporation, and such proportion of the cost of laying and repairing of pavement and removal of snow and ice, and of all the other obligations imposed upon the Nassau Company by the terms of this contract, in connection with the maintenance or the operation of the said railroad so used, as the number of cars operated by such company or individual shall bear to the number of cars operated by the companies using the same. And, in addition to the said annual sum, computed as aforesaid, the Nassau Company shall have the right to charge such corporation or individual a portion of the original cost of said railroad—the amount so charged to be in proportion to the respective use of said railroad, and to be also based upon that proportion of such part of the original cost as the unexpired portion of the franchise shall bear to the entire period thereof.

If at any time during the terms of this contract the City shall operate a street surface railroad over the whole or any portion of the railroad which shall be constructed under this contract, the Nassau Company shall allow the City to use the whole or any part of the track and track equipment upon payment by the City of

an annual sum, which shall be no greater in proportion to the use than is provided above in the case of the use of said tracks and track equipment by other street railroad companies.

Each individual and corporation shall be charged by the Nassau Company a rental for the use of the aforesaid railroad tracks and appurtenances thereof that shall be uniform in proportion to use with that which the Nassau Company charges any other individual or corporation.

Fifth—The Nassau Company, its successors or assigns, shall pay for the right to construct, maintain and operate the tracks hereby authorized and described for and during the first five years after the commencement of the operation of this extension, into the treasury of the City, to the credit of the Sinking Fund thereof, three per cent. (3%) of its gross receipts for and during the year ending September 30 next preceding; and after the expiration of such five years make a like annual payment into the treasury of the City, to the credit of the Sinking Fund, of five per cent. (5%) of its gross receipts, such percentage to be paid only upon such portion of the Nassau Company's gross receipts as shall bear the same proportion to its whole gross receipts as the length of its extension shall bear to the entire length of its railroad.

The president and the treasurer of the Nassau Company shall, on or before November 1 in each year, make a verified report to the Comptroller or chief fiscal officer of the City of the gross amount of its receipts for the year ending September 30 next preceding, and the books of such corporation shall be open to inspection and examination by such Comptroller or officer, or his duly appointed agent, for the purpose of ascertaining the correctness of its reports as to its gross receipts, and shall state in such report the total mileage of its extension herein authorized and the total mileage of the Company.

All payments provided for under this paragraph shall be made on or before November 1 in each year.

The annual charges of payments shall continue throughout the whole term of the contract hereby granted, notwithstanding any clause in any statute or in the charter of any other railroad company providing for payments for railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, or of any part thereof, or of any of the routes mentioned herein, or of any parts thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, especially said conditions as to payments, anything in the statute or in the charter of such assignee or lessee to the contrary notwithstanding; and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim, by reason thereof or otherwise, exemption from liability to perform each and all of the conditions of this contract.

The rights and privileges granted hereby shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by act of the Nassau Company, its successors and assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City of New York, acting by the Board of Estimate and Apportionment or its successors in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding. And the granting, giving or waiving of any two or more of such consents shall not render unnecessary any subsequent consent or consents.

Nothing in this contract shall interfere with or prevent the Nassau Company making traffic arrangements for cars of the Brooklyn Rapid Transit system, and shall not be construed to prevent other companies or the City operating over the tracks of this extension hereby granted.

All compensation received by the Nassau Company from other railroad companies or from the City for the use of the tracks covered by this agreement shall be included in the amount of gross receipts upon which the Nassau Company is required to pay to the City annually the percentage provided above.

Sixth—The Nassau Company shall commence construction of the railroad herein authorized within three months from the day upon which the consents of the property owners are obtained, or from the decision of the Appellate Division of the Supreme Court, that such railroad ought to be constructed, and shall complete the construction of the same within six months from the same date, otherwise this grant shall cease and determine, and all sums paid, or which may be deposited with the Comptroller of the City, as hereinabove provided, shall thereupon be forfeited to the City; provided that such periods may be extended by the Board for a period or periods not exceeding in the aggregate six months each; and provided, further, that if the commencement or completion of said construction shall be prevented by legal proceedings in any Court, or by works of public improvement or from any other different cause not within the control of the Nassau Company, the time for the commencement or completion of such construction shall be extended for a period covered by such prevention.

Seventh—The said railroad shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City, who have jurisdiction in such matters, as provided in the Charter of the City.

Eighth—The said railroad shall be constructed and operated in the latest improved manner of street railway construction and operation for overhead trolley railroads, and the railroad and property of the Nassau Company shall be maintained in good condition throughout the term of this contract.

Ninth—The rate of fare charged for any passenger upon such railroad by any corporation operating thereon not to exceed the rate lawfully chargeable by such corporation for any passenger for one continuous ride from any point on its railroad, or of any road, line or branch operated by it or under its control, to any other point thereof, or of any connecting line or branch thereof, within the limits of the City.

Tenth—The cars of each of the lines of the Nassau Company shall be run both day and night, as often as the reasonable convenience of the public may require, or as directed by the Board.

Eleventh—The Nassau Company shall attach to each car run over the said railroad proper fenders or safeguards, in conformity with such laws and ordinances as are now enforced, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities.

Twelfth—All cars which are operated on said railroad shall be heated during the cold weather, in conformity with such laws and ordinances as are now enforced, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities.

Thirteenth—The Nassau Company, so long as it shall continue to use any of the tracks upon

the streets and avenues in which the railroad shall be constructed under this contract, shall cause to be watered the entire roadway of such streets and avenues, at least three times in every twenty-four hours, when the temperature is above 35 degrees Fahrenheit, and shall provide for such purpose at least one tank car, to be propelled by electric power, the capacity of which shall be sufficient to water such streets and avenues in a satisfactory manner.

Fourteenth—All cars operated on said railroad shall be well lighted by electricity or by some lighting system equally efficient, or as may be required by the Board.

Fifteenth—The Nassau Company shall at all times keep the streets, avenues or highways upon which the said railroad is constructed, between its tracks, the rails of its tracks, and for a distance of two feet beyond the rails on either side thereof, free and clear from ice and snow; provided, however, that the Nassau Company shall, at the option of the Commissioner of Street Cleaning, enter into an agreement for each winter season or part thereof to clean an equivalent amount of street surface from curb line to curb line.

Sixteenth—The Nassau Company shall pave and keep in permanent repair that portion of the surface of the street, avenue or highway in which said railroad is constructed, between its tracks, the rails of its tracks and for a distance of two feet beyond the rails on either side thereof, under the supervision of the local authorities and whenever required by them to do so, and in such manner as they may prescribe.

In case of the neglect of the corporation to make pavements or repairs after the expiration of thirty days' notice to do so, the local authorities may make the same at the expense of such corporation. The Company agrees that notice printed in the CITY RECORD shall constitute sufficient notice within the meaning of this contract. And the City shall have the right to change the material or character of the pavement of any such street, avenue or highway, and in that event the Nassau Company, its successor or assigns, shall be bound to replace the pavement on the portion of the street it is responsible for in the manner directed by the proper City officer at its own expense, and the provisions as to repairs herein contained shall apply to such renewed or altered pavement.

Seventeenth—In case of any violation or breach or failure to comply with any of the provisions herein contained, where not otherwise provided by self-executing penalties, this contract may be forfeited by a suit brought by the Corporation Counsel on notice of ten days to the Nassau Company, or at the option of the Board by resolution of said Board.

Eighteenth—If the Nassau Company, its successors or assigns, shall fail to give efficient public service at the rates herein fixed or to maintain its structures in good condition throughout the whole term of this contract, the Board may give notice to the Nassau Company, specifying any default on the part of the Nassau Company, and requiring the Nassau Company to remedy the same within a reasonable time; and upon failure of the Nassau Company to remedy such default within a reasonable time the Board of Estimate and Apportionment shall, after the hearing hereinabove provided for, fix such an amount that said Nassau Company shall pay as a penalty as shall seem just and fair to said Board, or the Board, in case such structures which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board, as aforesaid, shall have the right to make all needed repairs at the expense of the Nassau Company, in which case the Nassau Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinabove provided.

Nineteenth—The Nassau Company shall assume all liability to persons or property by reason of the construction or operation of the railroad authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Nassau Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Twentieth—This grant is based upon the expressed condition that the Nassau Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City of New York the sum of ten thousand dollars (\$10,000), either in money or securities, to be approved by him, which fund shall be security for the performance by the Nassau Company of all of the terms and conditions of this contract, especially those which relate to the payment of the annual charges for the privilege hereby granted, the efficiency of the public service rendered, the repairs of the street pavement, the removal of snow and ice and the quality of the construction of the railroad; and in case of default in the performance by the Nassau Company of such terms and conditions, the City shall have the right to cause the work to be done and material to be furnished for the performance thereof, after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceeding; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund, after ten days' notice in writing to the Nassau Company. Or in case of failure to keep the said terms and conditions of this contract relating to the headway, heating and lighting of cars, fenders, wheelguards and watering of street pavements, the Company shall pay a penalty to be fixed by the Board of Estimate and Apportionment after the hearing hereinabove provided for.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Comptroller of the City, on complaint made, shall, in writing, notify the Nassau Company, through its president, to appear before the Board of Estimate and Apportionment on a certain day, not less than ten days after the date of such notice, to show cause why it should not be penalized in accordance with the foregoing provisions. If the Nassau Company fails to make an appearance, or, after a hearing, appears in the judgment of the Board of Estimate and Apportionment to be in fault, said Board of Estimate and Apportionment shall forthwith impose such an amount as a penalty as appears to it to be just and fair, and without legal procedure instruct the Comptroller to withdraw the said amount of such penalty from the security fund deposited with the Comptroller. In case of any drafts made upon the security fund the Nassau Company shall, upon ten days' notice in writing, pay to the Comptroller of the City a sum sufficient to restore said security fund to the original amount of ten thousand dollars, and in default thereof this contract shall be canceled and null, at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any of the legal rights, remedies or causes of action belonging to the City.

The Company agrees to make application to the Commissioner of Water Supply, Gas and Electricity for permission to string and maintain its electrical conductors in the streets covered by this grant.

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, including the provision as to rates, fares and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right;

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by the Nassau Electric Railroad Company and the said form of proposed contract for the grant of such franchise or right containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to June 28, 1907, in the CITY RECORD and at least twice during the ten days immediately prior to June 28, 1907, in the Brooklyn Daily "Eagle" and the Brooklyn "Citizen," two daily newspapers designated by the Mayor therefor and published in The City of New York, at the expense of the Nassau Electric Railroad Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the Nassau Electric Railroad Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board, to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on June 28, 1907, at 10:30 o'clock a. m., hold a public hearing thereon at which citizens shall be entitled to appear and be heard.

JOSEPH HAAG,
Secretary.

Dated New York, May 24, 1907.

j5,28

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to lay out a public place, bounded by Forty-fifth street, Fort Hamilton avenue and New Utrecht avenue, Borough of Brooklyn, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on June 14, 1907, at 10:30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions, adopted by the Board on May 3, 1907, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442, of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by laying out a public place, bounded by Forty-fifth street, Fort Hamilton avenue and New Utrecht avenue, in the Borough of Brooklyn, City of New York, more particularly described as follows:

Beginning at a point in the western line of New Utrecht avenue, at the intersection of the northern line of Forty-fifth street, as the same are laid down on the map of the City;

1. Thence westerly along the northern line of Forty-fifth street 33.3 feet to the eastern line of Fort Hamilton avenue;

2. Thence northerly along the eastern line of Fort Hamilton avenue 36.8 feet to the western line of New Utrecht avenue;

3. Thence southerly along the western line of New Utrecht avenue 44.3 feet to the point of beginning.

Note—These dimensions are approximate.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 14th day of June, 1907.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 14th day of June, 1907.

Dated June 1, 1907.

JOSEPH HAAG,
Secretary,
No. 277 Broadway, Room 1406.
Telephone, 2280 Worth.

j1,12

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to close and discontinue DeBruyn's lane, between Benson and Cropsey avenues, Borough of Brooklyn, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on June 14, 1907, at 10:30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions, adopted by the Board on May 3, 1907, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442, of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by closing and discontinuing DeBruyn's lane, between Benson and Cropsey avenue, in the Borough of Brooklyn, City of New York, more particularly described as follows:

Parcel "A."
Beginning at a point in the western line of Benson avenue distant 94 feet southerly from the intersection of the western line of Benson avenue and the southern line of Bay Twenty-third street, as the same are laid down on the map of the City;

tions, to wit: On September 15, 1905; September 28, 1906, and on April 12, 1907, respectively; due notice of such applications and of such dates for public hearings having been published according to law; and

Whereas, It was provided by Section VI. of said ordinance that the said Company should complete the construction of at least twenty-four miles of double-track railroad on or before July 1, 1905; and

Whereas, Said Company has petitioned this Board under date of May 18, 1906, for an extension of time in which to complete the construction of said twenty-four miles of railroad; and

Whereas, This Board has made inquiry as to the proposed modifications and alterations in the said routes of said Company, and as to the extension of time applied for, and has reached the conclusion that certain of such modifications and alterations are desirable and in the public interest, and that an extension of time is warranted in order to permit of the construction of twenty-four miles of double-track railroad, including such modified or altered routes; now therefore it is

Resolved, That the following form of resolution for the consent or right applied for by the New York City Interborough Railway Company containing the form of proposed contract for the grant of such right be hereby introduced and entered in the minutes of this Board, as follows:

Resolved, That the Board of Estimate and Apportionment hereby consents to certain modifications and alterations in the route of the New York City Interborough Railway Company as granted by an ordinance adopted by the Board of Aldermen on March 16, 1903, and approved by the Mayor March 31, 1903, and hereby consents to an extension of time in which to complete twenty-four miles of double-track railroad, including such modified or altered routes, such modifications and alterations in said routes and such extension of time being fully set forth and described in the following form of proposed contract for the granting thereof, embodying such terms and conditions as modify or alter said ordinance as approved March 31, 1903; which said ordinance otherwise remains unchanged as to all the other terms and conditions expressed therein; and be it further

Resolved, That the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

NEW YORK CITY INTERBOROUGH RAILWAY COMPANY.

Proposed Form of Contract for Alterations in Routes and Extension of Time for Completion of Construction.

This contract, made the day of 1907, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of the said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the New York City Interborough Railway Company (hereinafter called the Company), party of the second part, witnesseth:

Whereas, A certain ordinance, entitled: "An ordinance granting to the New York City Interborough Railway Company the right or franchise to construct and operate a street surface railroad in, upon and along certain streets, avenues, parkways, highways and bridges of The City of New York," was heretofore adopted by the Board of Aldermen, March 16, 1903, and approved by the Mayor of The City of New York on March 31, 1903; and

Whereas, Thereafter the Company on April 3, 1903, filed with the Comptroller of said City a written acceptance, executed March 31, 1903, of said ordinance, and of the terms, conditions and provisions thereof, and an agreement to perform and observe the same; and

Whereas, In and by said ordinance the consent of the corporation of The City of New York was granted to the Company for the construction, maintenance and operation of the rail-road of said railway company upon certain enumerated streets, avenues, highways, etc., within said City, and across certain streets, avenues, highways, etc., as may be encountered in its route; and

Whereas, On the 10th day of April, 1905, on the 20th day of June, 1906, and on the 11th day of March, 1907, the Board of Directors of the said Company at meetings of said Board duly held on said dates, and by a vote of two-thirds of all the directors of the said Company passed resolutions amending said routes as are more particularly shown on maps filed on April 25, 1905, on the 20th day of June, 1906, and on the 12th day of March, 1907, respectively, in the office of the Clerk of New York County; and

Whereas, It is the intention of said railway company when the consent of the City has been obtained to relinquish part of the routes as originally granted by the ordinance above referred to, and to substitute such changed or altered routes therefor; and

Whereas, The said Company has applied to the Board of Estimate and Apportionment as the local authorities of The City of New York by verified petitions dated June 26, 1905, June 21, 1906, and March 12, 1907, for the consent of such local authorities for such alterations and for the modification of the said ordinance in accordance therewith; and

Whereas, The Company has presented a petition dated May 18, 1906, for an extension of time in which to complete twenty-four miles of double-track railroad;

Now, therefore, in consideration of the premises, and of the mutual covenants herein contained, the parties do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the provisions and conditions hereinafter set forth, the right to relinquish routes as heretofore granted to said Company, and to the substitution in the place thereof of certain other routes, all of which are shown on a map entitled: "New York City Interborough Railway Company," signed, Alfred Skiff, President; A. E. Kalbach, Engineer, dated March 18, 1907, a copy of which is attached hereto and made a part hereof, and are more particularly described as follows:

Change First.

Route Relinquished—Beginning at the intersection of Sedgwick avenue with Perot street; running thence northwesterly in, upon and along Perot street to Boston avenue; thence northwesterly on Boston avenue to its intersection with Fort Independence street.

Route Substituted—Beginning at the intersection of Sedgwick avenue and Perot street; running thence northerly in, upon and along Sedgwick avenue to the intersection of Sedgwick avenue with Boston avenue; thence in, upon and along Boston avenue to Fort Independence street.

Change Second.

Route Relinquished—Beginning at the intersection of Kingsbridge road and Heath avenue; running thence northerly in, upon and along Heath avenue to its intersection with West Two

Hundred and Thirtieth street; thence westerly in, upon and along West Two Hundred and Thirtieth street to its intersection with Bailey avenue.

Route Substituted—Beginning at the intersection of Kingsbridge road and Heath avenue; running thence westerly in, upon and along Kingsbridge road over the proposed viaduct or bridge, crossing the railroad tracks of the New York and Putnam Railroad Company and the New York Central and Hudson River Railroad Company, and across Spuyten Duyvil creek to Muscoota street; thence in, upon and along Muscoota street to Broadway.

Change Third.

Route Relinquished—Beginning at the intersection of Boston road with East One Hundred and Seventy-eighth street; running thence northwesterly in, upon and along East One Hundred and Seventy-eighth street to Vyse street; thence northeasterly in, upon and along Vyse street to East One Hundred and Eighty-second street; thence northwesterly in, upon and along East One Hundred and Eighty-second street to the Southern Boulevard.

Route Substituted—Beginning at the intersection of the Boston road with East One Hundred and Seventy-eighth street; running thence northwesterly in, upon and along Boston road to East One Hundred and Eightieth street; thence northwesterly in, upon and along East One Hundred and Eightieth street to the Southern Boulevard.

Change Fourth.

Route Relinquished—Beginning at the intersection of Ogden avenue with West One Hundred and Sixty-first street; running thence northwesterly in, upon and along West One Hundred and Sixty-first street to its intersection with Summit avenue; thence northeasterly in, upon and along Summit avenue to its intersection with West One Hundred and Sixty-sixth street; thence westerly in, upon and along West One Hundred and Sixty-sixth street to its intersection with Lind avenue; thence northerly in, upon and along Lind avenue as it winds and turns to Aqueduct avenue; thence northeasterly in, upon and along Aqueduct avenue to Ogden avenue.

Route Substituted—Beginning at the intersection of Ogden avenue and West One Hundred and Sixty-first street; running thence northerly in, upon and along Ogden avenue to its intersection with Aqueduct avenue.

Change Fifth.

Route Relinquished—Beginning at the intersection of Kingsbridge road with Reservoir avenue; running thence northerly and westerly in, upon and along Reservoir avenue as it winds and turns to Sedgwick avenue.

Route Substituted—Beginning at the intersection of Kingsbridge road with Sedgwick avenue; running thence northerly in, upon and along Sedgwick avenue to its intersection with Reservoir avenue.

Change Sixth.

Route Relinquished—Beginning at the intersection of Tremont avenue with Ryer avenue; running thence northerly in, upon and along Ryer avenue to East One Hundred and Eightieth street; thence southeasterly in, upon and along East One Hundred and Eightieth street to Webster avenue.

Route Substituted—Beginning at the intersection of Tremont avenue and Ryer avenue; thence easterly in, upon and along Tremont avenue to Webster avenue; thence northeasterly in, upon and along Webster avenue upon the tracks of the Union Railway Company of New York City to the intersection of Webster avenue with East One Hundred and Eightieth street.

Change Seventh.

Route Relinquished—Beginning at the intersection of East One Hundred and Forty-ninth street and Cortlandt avenue; running thence northerly in, upon and along Cortlandt avenue to East One Hundred and Fifty-sixth street; thence easterly in, upon and along East One Hundred and Fifty-sixth street to its intersection with St. Ann's avenue.

Route Substituted—Beginning at the intersection of East One Hundred and Forty-ninth street with Cortlandt avenue; running thence easterly in, upon and along East One Hundred and Forty-ninth street to its intersection with St. Ann's avenue; thence northerly in, upon and along St. Ann's avenue to its intersection with East One Hundred and Fifty-sixth street;

And further grants an extension of time in which to complete the construction of twenty-four miles of double-track railroad upon the routes of the Company as heretofore granted, and hereby modified, from July 1, 1905, to a time eighteen months after the execution of this contract by the Mayor.

Section 2. The grant of this franchise, right and privilege is subject to the following conditions:

First—That all the terms, provisions and conditions contained in said ordinance approved March 31, 1903, except only the description of the routes which are hereby modified, and excepting so much of said ordinance as related to the completion of twenty-four miles of double-track railroad on or before July 1, 1905, shall apply to the routes of the said Company as described herein with the same force and effect as when they applied to the routes described in said ordinance approved March 31, 1903, and as though said altered routes had been specifically described in said ordinance.

Second—That the Company covenants and agrees to abandon and relinquish, and does hereby abandon and relinquish to The City of New York all its right and franchise to construct, maintain and operate a street surface railroad over the routes marked "Routes Relinquished" in the paragraphs entitled Change First, Change Second, Change Third, Change Fourth, Change Fifth, Change Sixth and Change Seventh in Section One hereof.

Third—That the company covenants and agrees to complete the construction and put in operation twenty-four miles of double-track railroad upon the route described in the ordinance approved March 31, 1903, and as herein modified, within eighteen months from the date of the execution of this contract by the Mayor of the City.

Fourth—That this contract shall not become operative until the Company shall procure to be executed and approved, in proper form for record, and duly deliver to the Board of Estimate and Apportionment an agreement wherein the Union Railway Company of New York City shall agree to waive any right it may have to exclusive franchises by former grants to or now owned by the said Union Railway Company in streets or avenues for which authority to construct railways therein is hereby given, and in which the said Union Railway Company shall further agree to allow the use of its tracks in such streets and avenues by the said New York City Interborough Railway Company, its successors or assigns, The City of New York and any other company to which the City may hereafter grant or lease rights.

Fifth—Nothing in this contract shall be deemed to affect in any way the right of the

City to grant to any individual or other corporation similar rights or privileges upon the same or other terms and conditions in or upon which a railway is herein authorized.

Sixth—That this contract shall not become operative until the Company shall duly execute under its corporate seal an instrument in writing, to be first approved by the Corporation Counsel, and shall file the same in the office of the Comptroller of the said City within thirty days from the execution of this contract by the Mayor, in and by which said instrument in writing said Company shall covenant and agree that the consent of the Board of Estimate and Apportionment to the change of route shall not in any way change, alter or amend any of the terms, conditions and requirements in said ordinance approved March 31, 1903, fixed and contained and heretofore duly accepted by said Company by an instrument filed with the Comptroller of The City of New York on April 3, 1903, except only the description of the routes which are hereby modified, and excepting so much of said ordinance which relates to the time for the completion of twenty-four miles of double-track railroad, and that said ordinance approved March 31, 1903, shall remain in full force and effect, and said Company shall further covenant and agree, in said instrument, to abide by and perform all the conditions and requirements of this contract.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed the day and year first above written.

THE CITY OF NEW YORK,

By..... Mayor.

Attest:

..... City Clerk.

NEW YORK CITY INTERBOROUGH RAILWAY COMPANY,

By..... President.

Attest:

..... Secretary.

(Here add acknowledgments.)

Resolved, That the results of the inquiry made by this Board as to the money value of the proposed franchise and the adequacy of the compensation proposed to be paid therefor and of the terms and conditions, are as specified and fully set forth in the ordinance approved by the Mayor March 31, 1903, as amended by the foregoing form of proposed contract for the consent to such modifications and alterations.

Resolved, That these preambles and resolutions including said resolution for the consent of The City of New York to the modifications and alterations as applied for by the New York City Interborough Railway Company and the said form of proposed contract for the grant of said franchise or right containing said results of such inquiry after the same shall be entered in the minutes of this Board, shall be published for at least twenty days immediately prior to June 21, 1907, in the City Record, and at least twice during the ten days immediately prior to June 21, 1907, in the "North Side News" and "New York Tribune," two daily newspapers designated by the Mayor therefor, and published in The City of New York, at the expense of the New York City Interborough Railway Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment before authorizing any contract for the consent of the City to certain modifications and alterations in the routes of the New York City Interborough Railway Company, as granted by ordinance approved March 31, 1903, and before consenting to an extension of time in which to complete twenty-four miles of double track railroad, as required by said ordinance, such modifications and consent being fully set forth and contained in the foregoing form of proposed contract for the granting of such franchise or right, and before adopting any such contract will, at a meeting of said Board, to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on the 21st day of June, 1907, at 10:30 a.m., hold a public hearing thereon at which citizens shall be entitled to appear and be heard.

JOSEPH HAAG,
Secretary.

New York, May 10, 1907.

PUBLIC NOTICE

NOTICE IS HEREBY GIVEN TO THE New York City Railway Company, Brooklyn Rapid Transit Company and Coney Island and Brooklyn Railroad Company, and all street surface railway companies operating in the Boroughs of Manhattan and Brooklyn, that at a meeting of the Board of Estimate and Apportionment, held in the Old Council Chamber, Room 16, City Hall, Borough of Manhattan, on May 24, 1907, the Secretary of the Board of Estimate and Apportionment was directed to communicate in writing with the aforementioned railway companies, and to have published in the City Record a notice requesting the aforementioned companies to submit to the Board of Estimate and Apportionment on or before September 1, 1907, petitions in writing, duly verified by the presidents and secretaries of the respective companies, for franchises to construct, maintain and operate double-track railroads over and across the Manhattan Bridge and upon and along the Flatbush avenue extension, in the Borough of Brooklyn.

JOSEPH HAAG,
Secretary.

Dated New York, May 24, 1907.

BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS.

INVITATION TO CONTRACTORS.

Delancey Street, between the Bowery and Norfolk Street.

THE CITY OF NEW YORK (HEREIN after called the City) acting by its Board of Rapid Transit Commissioners (hereinafter called the Board) contemplates building a certain rapid transit railroad, known as Route No. 9, in Delancey street (Manhattan) and other streets in the boroughs of Manhattan and Brooklyn, including ultimately Centre street, Grand street, Desbrosses street, Canal street and William street

in Manhattan, and Fulton street, Lafayette avenue and Broadway in Brooklyn.

By this advertisement, the City invites proposals to construct that part of said railroad which is situated in Delancey street, between the Bowery and Norfolk street, in accordance with the detailed plans and specifications adopted therefor.

The general plan of construction calls for a subsurface railroad with four tracks. Suitable cross-overs, turn-outs and sidings are also to be provided, all as shown in the detailed plans of construction. The tunnels are to have a height of not less than thirteen (13) feet in the clear, and a maximum width of fifteen (15) feet for each track, except at curves, etc., where the width may be increased. The roof of the tunnels is generally to be as near the surface of the street as street conditions and grades will permit, but will be depressed whenever necessary to avoid grade crossings. The roof and sides of the tunnels will be of iron or steel and masonry. The manner of construction shall be by excavation under cover, unless otherwise directed by the Board.

In the detailed plans for construction, provisions for pipe galleries through Delancey street are included. Bids for the construction of the railroad must be accompanied by a separate bid for the construction of the pipe galleries above referred to, as it is essential for the City to separate the cost of the railroad from the cost of the pipe galleries. The Board reserves the right to accept a bid for construction of the railroad and at the same time to reject the accompanying bid for pipe galleries.

The price stated for railroad construction is to include the furnishing of all materials and the performance of all labor requisite to the complete construction of that part of the proposed railroad which is to be built under this contract, including all sewer and street construction and reconstruction and other work caused by or incidental to the construction of the same as set out in the proposed form of contract.

A fuller description of the work to be done is set forth, and other requirements, provisions, details and specifications are stated in the printed form of contract now on file in the office of the Board, No. 320 Broadway, Borough of Manhattan, and in the detailed drawings therein referred to, at which office copies of the contract and of the form of bond and contractor's proposal may be had on application. The contract drawings may be inspected at the same office. The printed form of contract and the detailed drawings are to be deemed a part of this invitation.

Partial payments to the contractor will be made monthly as the work proceeds, as provided in the form of contract.

The work of construction (including pipe galleries) is to be completed as soon as practicable, and within twenty months from the date of delivery of the contract.

SEALED BIDS OR PROPOSALS WILL BE RECEIVED AT THE SAID OFFICE OF THE BOARD, AT NO. 320 BROADWAY, BOROUGH OF MANHATTAN, CITY OF NEW YORK UNTIL

names of new sureties or a different schedule of securities approved by the Board; but such substitution must be made within five days after notice of disapproval by the Board, unless this period is extended by the Board.

In case of failure or neglect to execute and deliver the contract or to make the required deposit or to execute and deliver the required bond, such bidder or bidders will, at the option of the Board, be deemed either to have made the contract or to have abandoned the contract. In the latter case the Board will give notice thereof to the defaulting bidder or bidders. And the Board may thereupon proceed to make another contract with such, if any, of the original bidders as, in the opinion of the Board, it will be to the best interest of the City to contract with, or may, by new advertisement, invite further proposals. The defaulting bidder or bidders shall thereupon be liable to the City for all loss and damage by it sustained, including the excess, if any, of the amount it shall pay any other contractor over the amount of the bid of such defaulting bidder or bidders.

Every proposal must, when submitted, be enclosed in a sealed envelope endorsed "Proposal for Constructing Rapid Transit Railroad—(Delancey Street)" and must be delivered to the Board or to its Secretary; and in the presence of the person offering the proposal it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received or deposited unless accompanied by a certified check drawn upon a National or State bank or trust company within The City of New York and satisfactory to the Board, payable to the order of the Comptroller of The City of New York, for the sum of fifteen thousand dollars.

If the Board shall give notice to any bidder that his or its proposal is accepted and the contract is approved by the Board of Estimate and Apportionment, and if the bidder shall fail within ten days thereafter or within such further period, if any, as may be prescribed by the Board, to execute and deliver the contract and to execute and deliver the bond with sureties, or make a deposit in cash or securities, then this invitation to contractors and proposal accepted as aforesaid shall be a contract binding the bidder to pay to the City the damages by it sustained by reason of such failure; and in such case the bidder hereby absolutely assigns to the City the ownership of the check accompanying his or its proposal as a payment on account of such damages.

Such check must not be enclosed in the sealed envelope containing the proposal, but must be separately delivered to the Board or to its Secretary, who will give a proper voucher for the deposit.

All such deposits made by bidders whose proposals shall not be accepted by the Board will be returned to the person or persons making the same within five days after the contract shall be executed and delivered. The deposit of the successful bidder or bidders will be returned when the contract is executed and its provisions as to payment are complied with.

THE BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS FOR THE CITY OF NEW YORK.

By A. E. ORR,
President.

BION L. BURROWS,
Secretary.

m22,j13

SEALED BIDS OR PROPOSALS WILL BE RECEIVED AT THE SAID OFFICE OF THE BOARD, AT No. 320 BROADWAY, BOROUGH OF MANHATTAN, CITY OF NEW YORK, UNTIL

THURSDAY, JUNE 13, 1907.

AT 12 O'CLOCK NOON, AT WHICH TIME OR AT A LATER DATE TO BE FIXED BY THE BOARD THE PROPOSALS WILL BE PUBLICLY OPENED.

Proposals must be in the form prescribed by the Board, copies of which may be obtained at the office of the Board.

Each proposal must be signed and acknowledged and also verified by an affidavit of the bidder (or if it be a corporation, then by an officer thereof) to the effect that the several matters therein stated are in all respects true. If the proposal is made by a firm, it will be sufficient if the proposal is signed and acknowledged, and the affidavit sworn to, by one member of the firm.

Each proposal must specify an office within The City of New York at which notices may be delivered, and delivery of a notice at such office shall be deemed a sufficient delivery and notice to the bidder.

Each proposal or bid must contain the name and place of residence of the person or persons making the same, the names of all persons interested with him therein, and if no other person so interested, it shall distinctly state that fact; and if the bidder shall be a corporation, there shall be submitted a certified copy of its certificate of incorporation, with a certificate of the amount of stock paid in in cash, and the names and business addresses of all officers and directors of the corporation shall be stated; also, that it is made without any connection with any other person making a proposal or bid for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of department, chief of bureau, deputy thereof or clerk therein, or other officer of the corporation, or any member or employee of the Board, is interested, directly or indirectly, as contracting party, partner, stockholder, or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof.

No proposal will be allowed to be withdrawn for any reason whatever after it shall have been deposited with the Board.

The Board is not obliged by law to accept any of the proposals received by it but may reject any of such proposals and readvertise, or may accept any of such proposals as will in the judgment of the Board best promote the public interest and award a contract accordingly, subject to approval by the Board of Estimate and Apportionment as required by law.

The award of the contract or contracts (if awarded) will be made by the Board within ten days after the opening of the proposals. The bidder whose proposal shall be accepted shall in person or by duly authorized representative attend at the said office of the Board within ten days after the delivery of a notice by the Board that his proposal is accepted and that the contract is approved by the Board of Estimate and Apportionment; and such bidder shall then deliver a contract in the form referred to, duly executed with its execution duly proved.

At the time of the delivery of a contract, the contractor will be required to furnish security to the City by giving a bond in the penalty of one hundred and sixty thousand dollars. At the option of the successful bidder cash or approved securities may be deposited instead of giving a bond. If securities are deposited in place of a bond under this contract, they must be of the character of securities in which savings banks may invest their funds and must be approved by the Board. The contractor's bond must be in the form annexed to the form of contract.

In addition and as further security to the City, ten per cent of each amount certified from time to time to be due to the contractor will be retained until the work is fully completed.

Each bidder must state in his proposal the names and places of business of the proposed sureties on the bond and describe any securities proposed to be deposited.

A bidder whose proposals are otherwise satisfactory to the Board may, in case the sureties or securities named by him are not approved by the Board, substitute the names of new sureties or a different schedule of securities approved by the Board; but such substitution must be made within five days after notice of disapproval by the Board, unless this period is extended by the Board.

In case of failure or neglect to execute and deliver the contract or to make the required deposit or to execute and deliver the required bond, the bidder whose proposal was accepted will, at the option of the Board, be deemed either to have made the contract or to have abandoned the contract. In the latter case the Board will give notice thereof to such defaulting bidder. And the Board may thereupon proceed to make another contract with such, if any, of the original bidders as, in the opinion of the Board, it will be to the best interest of the City to contract with, or may by new advertisement invite further proposals. The defaulting bidder shall thereupon be liable to the City for all loss and damage by it sustained, including the excess, if any, of the amount it shall pay any other contractor over the amount of the bid of such defaulting bidder.

Every proposal must, when submitted, be enclosed in a sealed envelope indorsed "Proposal for Constructing Rapid Transit Railroad—(Pearl Street to Park Row)," and must be delivered to the Board or to its Secretary; and in the presence of the person offering the proposal it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received or deposited unless accompanied by a certified check drawn upon a National or State bank or trust company within The City of New York and satisfactory to the Board, payable to the order of the Comptroller of The City of New York, for the sum of twelve thousand five hundred dollars.

If the Board shall give notice to any bidder that his or its proposal is accepted and the contract is approved by the Board of Estimate and Apportionment, and if the bidder shall fail within ten days thereafter or within such further period, if any, as may be prescribed by the Board, to execute and deliver the contract and to execute and deliver the bond with sureties, or make a deposit in cash or securities, then this invitation to contractors and proposal accepted as aforesaid shall be a contract binding such bidder to pay to the City the damages by it sustained by reason of such failure; and in such case the bidder absolutely assigns to the City the ownership of the check accompanying his or its proposal as a payment on account of such damages.

Such check must not be enclosed in the sealed envelope containing the proposal, but must be separately delivered to the Board or to its Secretary, who will give a proper voucher for the deposit.

Partial payments to the contractor will be made monthly as the work proceeds, as provided in the form of contract.

The work of construction (including pipe galleries) is to be completed as soon as practicable, and within twenty months from the date of delivery of the contract.

is executed and its provisions as to security are complied with.

THE BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS FOR THE CITY OF NEW YORK.

By A. E. ORR,
President.

INVITATION TO CONTRACTORS.

Centre Street to the Bowery.

THE CITY OF NEW YORK (HEREIN after called the City), acting by its Board of Rapid Transit Commissioners (hereinafter called the Board), contemplates building a certain rapid transit railroad, known as Route No. 9, in Centre street (Manhattan) and other streets in the Boroughs of Manhattan and Brooklyn, including ultimately Delancey street, Grand street, Desbrosses street, Canal street and William street, in Manhattan, and Fulton street, Lafayette avenue and Broadway, in Brooklyn.

By this advertisement the City invites proposals to construct that part of said railroad which begins at the northerly side of Broome street and curves through Cleveland place (formerly Marion street) and private property into the new Delancey street extension, and runs thence under said extension and under and across the Bowery and under Delancey street to a point about 225 feet east of the centre line of the Bowery.

The general plan of construction calls for a four-track sub-surface railroad.

A station at the Bowery and extending to points between Elizabeth and Chrystie streets will be constructed, and suitable cross-overs, turnouts and sidings are also to be provided, all as shown in the detailed plans of construction.

The tunnels are to have a height of not less than thirteen (13) feet in the clear, and a maximum width of fifteen (15) feet for each track, except at curves, etc., where the width may be increased.

The roof of the tunnels is generally to be as near the surface of the street as street conditions and grades will permit. The roof and sides of the tunnels will be of iron or steel and masonry. Entrances to the station are intended to be placed within private property, rights in which will be acquired for the purpose.

The manner of construction shall be by excavation under cover, unless otherwise directed by the Board.

In the detailed plans for construction, provisions for pipe galleries through Delancey street and the new extension are included. Bids for the construction of the railroad must be accompanied by a separate bid for the construction of the pipe galleries above referred to, as it is essential for the City to separate the cost of the railroad from the cost of the pipe galleries.

The Board reserves the right to accept a bid for construction of the railroad and at the same time to reject the accompanying bid for pipe galleries.

Bidders must visit the location of the railroad and station to be built under this contract and note the present conditions, especially along the line of the new Delancey street extension. The buildings standing within the lines of the said new street on May 1, 1907, are to be demolished and the materials removed by other contractors.

A fuller description of the work to be done is set forth, and other requirements, provisions, details and specifications are stated in the printed form of contract now on file in the office of the Board, No. 320 Broadway, Borough of Manhattan, and in the detailed drawings therein referred to, at which office copies of the contract and of the form of bond and contractor's proposal may be had on application.

The contract drawings may be inspected at the same office.

The printed form of contract and the detailed drawings are to be deemed a part of this invitation.

Partial payments to the contractor will be made monthly as the work proceeds, as provided in the form of contract.

The work of construction (including pipe galleries) is to be completed as soon as practicable, and within twenty months from the date of delivery of the contract.

SEALED BIDS OR PROPOSALS WILL BE RECEIVED AT THE SAID OFFICE OF THE BOARD, AT No. 320 BROADWAY, BOROUGH OF MANHATTAN, CITY OF NEW YORK, UNTIL

THURSDAY, JUNE 13, 1907.

AT 12 O'CLOCK NOON, AT WHICH TIME OR AT A LATER DATE TO BE FIXED BY THE BOARD THE PROPOSALS WILL BE PUBLICLY OPENED.

Proposals must be in the form prescribed by the Board, copies of which may be obtained at the office of the Board.

Each proposal must be signed and verified by an affidavit of the bidder (or if it be a corporation, then by an officer thereof) to the effect that the several matters therein stated are in all respects true. If the proposal is made by a firm, it will be sufficient if the proposal is signed and acknowledged, and the affidavit sworn to, by one member of the firm.

Each proposal must specify an office within The City of New York at which notices may be delivered, and delivery of a notice at such office shall be deemed a sufficient delivery and notice to the bidder.

The Board is not obliged by law to accept any of the proposals received by it, but may reject all such proposals and readvertise, or may accept any of such proposals as will, in the judgment of the Board, best promote the public interest, and award a contract accordingly, subject to approval by the Board of Estimate and Apportionment, as required by law.

Each proposal must contain the name and place of residence of the person or persons making the same, the names of all persons interested with him therein, and if no other person so interested, it shall distinctly state that fact; and if the bidder shall be a corporation, there shall be submitted a certified copy of its certificate of incorporation, with a certificate of the amount of stock paid in in cash, and the names and business addresses of all officers and directors of the corporation shall be stated; also, that it is made without any connection with any other person making a proposal or bid for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of department, chief of bureau, deputy thereof or clerk therein, or other officer of the corporation, or any member or employee of the Board, is interested, directly or indirectly, as contracting party, partner, stockholder or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof.

No proposal will be allowed to be withdrawn for any reason whatever after it shall have been deposited with the Board.

The Board is not obliged by law to accept any of the proposals received by it, but may reject all such proposals and readvertise, or may accept any of such proposals as will, in the judgment of the Board, best promote the public interest, and award a contract accordingly, subject to approval by the Board of Estimate and Apportionment, as required by law.

Each proposal must be signed and verified by an affidavit of the bidder (or if it be a corporation, then by an officer thereof) to the effect that the several matters therein stated are in all respects true. If the proposal is made by a firm, it will be sufficient if the proposal is signed and acknowledged, and the affidavit sworn to, by one member of the firm.

Each proposal must specify an office within The City of New York at which notices may be delivered, and delivery of a notice at such office shall be deemed a sufficient delivery and notice to the bidder.

The Board is not obliged by law to accept any of the proposals received by it, but may reject all such proposals and readvertise, or may accept any of such proposals as will, in the judgment of the Board, best promote the public interest, and award a contract accordingly, subject to approval by the Board of Estimate and Apportionment, as required by law.

Each proposal must contain the name and place of residence of the person or persons making the same, the names of all persons interested with him therein, and if no other person so interested, it shall distinctly state that fact; and if the bidder shall be a corporation, there shall be submitted a certified copy of its certificate of incorporation, with a certificate of the amount of stock paid in in cash, and the names and business addresses of all officers and directors of the corporation shall be stated; also, that it is made without any connection with any other person making a proposal or bid for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of department, chief of bureau, deputy thereof or clerk therein, or other officer of the corporation, or any member or employee of the Board, is interested, directly or indirectly, as contracting party, partner, stockholder or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof.

No proposal will be allowed to be withdrawn for any reason whatever after it shall have been deposited with the Board.

The Board is not obliged by law to accept any of the proposals received by it, but may reject all such proposals and readvertise, or may accept any of such proposals as will, in the judgment of the Board, best promote the public interest, and award a contract accordingly, subject to approval by the Board of Estimate and Apportionment, as required by law.

Each proposal must be signed and verified by an affidavit of the bidder (or if it be a corporation, then by an officer thereof) to the effect that the several matters therein stated are in all respects true. If the proposal is made by a firm, it will be sufficient if the proposal is signed and acknowledged, and the affidavit sworn to, by one member of the firm.

Each proposal must specify an office within The City of New York at which notices may be delivered, and delivery of a notice at such office shall be deemed a sufficient delivery and notice to the bidder.

The Board is not obliged by law to accept any of the proposals received by it, but may reject all such proposals and readvertise, or may accept any of such proposals as will, in the judgment of the Board, best promote the public interest, and award a contract accordingly, subject to approval by the Board of Estimate and Apportionment, as required by law.

Each proposal must contain the name and place of residence of the person or persons making the same, the names of all persons interested with him therein, and if no other person so interested, it shall distinctly state that fact; and if the bidder shall be a corporation, there shall be submitted a certified copy of its certificate of incorporation, with a certificate of the amount of stock paid in in cash, and the names and business addresses of all officers and directors of the corporation shall be stated; also, that it is made without any connection with any other person making a proposal or bid for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of department, chief of bureau, deputy thereof or clerk therein, or other officer of the corporation, or any member or employee of the Board, is interested, directly or indirectly, as contracting party, partner, stockholder or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof.

No proposal will be allowed to be withdrawn for any reason whatever after it shall have been deposited with the Board.

The Board is not obliged by law to accept any of the proposals received by it, but may reject all such proposals and readvertise, or may accept any of such proposals as will, in the judgment of the Board, best promote the public interest, and award a contract accordingly, subject to approval by the Board of Estimate and Apportionment, as required by law.

Each proposal must be signed and verified by an affidavit of the bidder (or if it be a corporation, then by an officer thereof) to the effect that the several matters therein stated are in all respects true. If the proposal is made by a firm, it will be sufficient if the proposal is signed and acknowledged, and the affidavit sworn to, by one member of the firm.

Each proposal must specify an office within The City of New York at which notices may be delivered, and delivery of a notice at such office shall be deemed a sufficient delivery and notice to the bidder.

The Board is not obliged by law to accept any of the proposals received by it, but may reject all such proposals and readvertise, or may accept any of such proposals as will, in the judgment of the Board, best promote the public interest, and award a contract accordingly, subject to approval by the Board of Estimate and Apportionment, as required by law.

Each proposal must contain the name and place of residence of the person or persons making the same, the names of all persons interested with him therein, and if no other person so interested, it shall distinctly state that fact; and if the bidder shall be a corporation, there shall be submitted a certified copy of its certificate of incorporation, with a certificate of the amount of stock paid in in cash, and the names and business addresses of all officers and directors of the corporation shall be stated; also, that it is made without any connection with any other person making a proposal or bid for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of department, chief of bureau, deputy thereof or clerk therein, or other officer of the corporation, or any member or employee of the Board, is interested, directly or indirectly, as contracting party, partner, stockholder or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof.

No proposal will be allowed to be withdrawn for any reason whatever after it shall have been deposited with the Board.

The Board is not obliged by law to accept any of the proposals received by it, but may reject all such proposals and readvertise, or may accept any of such proposals as will, in the judgment of the Board, best promote the public interest, and award a contract accordingly, subject to approval by the Board of Estimate and Apportionment, as required by law.

first street, East river, and continuing at the following points in the order named:

Department yard, foot of Twenty-fourth street, East river.

Ferry terminal at St. George, Staten Island.

Pier "A," North river.

Department yard, foot of West Fifty-seventh street, North river.

Foot of West Eightieth street, North river.

At Foot of East Ninety-first Street.

Lot No. 1—Raft of 12-inch by 12-inch and 14-inch by 14-inch white pine and yellow pine timber. Size of raft, 35 feet by 40 feet by 2½ feet deep.

Lot No. 2—Raft of 5-inch by 10-inch yellow pine. Size of raft, 31 feet by 31 feet by 5 feet deep.

Lot No. 3—Raft of 12-inch by 12-inch yellow pine and pile butts. Size of raft, 19 feet by 34 feet by 2 feet deep.

Lot No. 4—One (1) bunch of 50 spruce piles, 30 to 40 feet long.

Lot No. 5—One (1) bunch of 54 spruce piles, 30 to 40 feet long.

Lot No. 6—Raft of 4-inch by 10-inch and 5-inch by 10-inch and 12-inch by 12-inch yellow pine; also 7 spruce piles about 20 feet long.

Lot No. 7—Raft of 12-inch by 12-inch and 6-inch by 12-inch yellow pine. Size of raft, 22 feet by 10 feet by 1 course deep.

Lot No. 8—Raft of 12-inch by 12-inch yellow pine, 2 courses deep; also old crib timber pile butts and plank of random sizes. Size of raft, 20 feet by 30 feet by 5 feet deep.

Lot No. 9—About 36 yellow pine pile butts, 6 to 30 feet long.

Lot No. 10—Raft of 12-inch by 12-inch yellow pine, 36 oak piles and 5 yellow pine piles 30 to 40 feet long.

Lot No. 11—Raft of 16-inch by 16-inch, 12-inch by 12-inch yellow pine; also 33 oak piles and 9 yellow pine piles. Size of raft, 70 feet by 39 feet by 2 feet deep.

Lot No. 12—One (1) course of 12-inch by 12-inch yellow pine. Size of raft, 18 feet by 30 feet.

Lot No. 13—Raft of 3-inch by 10-inch and 4-inch by 10-inch yellow pine. Size of raft, 20 feet by 30 feet by 3 feet deep.

At the Department Yard, Foot of East Twenty-fourth Street.

Lot No. 14—About 45 pairs old rubber boots.

Lot No. 15—About 13 old diver's dresses and mittens.

Lot No. 16—About 200 pounds old rope.

Lot No. 17—About 3 old armature plates.

Lot No. 18—About 3 old mooring posts, about 2,700 pounds.

Lot No. 19—About 1,500 pounds scrap iron.

Lot No. 20—Three old coal buckets—1 large, 1 small, 1 round.

Lot No. 21—One old bellows.

At Ferry Terminal, St. George, Staten Island.

Lot No. 22—About 10 tons of old scrap iron.

Lot No. 23—About 35,000 pounds of old brass condenser tubes.

At Pier "A," North River.

Lot No. 24—One (1) locomobile.

Lot No. 25—One (1) No. 6 Remington typewriter, No. 15237.

Lot No. 26—One (1) No. 6 Remington typewriter, No. 18367.

Lot No. 27—One (1) No. 6 Remington typewriter, No. 86321.

Lot No. 28—One (1) No. 6 Remington typewriter, No. 92923.

Lot No. 29—One (1) No. 6 Remington typewriter, No. 141951.

At Department Yard, Foot of West Fifty-seventh Street.

Lot No. 30—About 2,000 pounds old rubber.

Lot No. 31—Raft of old trusses, floor beams, yellow pine and spruce boards. Size of raft, 30 feet by 23 feet by 6½ feet deep.

Lot No. 37—One (1) lot scrap iron, engine bases, engine parts, etc.

TERMS OF SALE.

The sale will commence at 10:30 o'clock a. m. Each of the above lots will be sold separately and for a sum in gross.

The estimated quantities stated to be in the several lots are believed to be correct, but the Commissioner of Docks will not make any allowance from the purchase money for short deliveries on any lot, and bidders must judge for themselves as to the correctness of the estimate of quantity when making their bids.

If the purchaser or purchasers fails or fail to effect removal of the material within ten days from the date of sale, he or they shall forfeit his or their purchase money or moneys and the ownership of the material.

Terms of sale to be cash, to be paid to the auctioneer at the time of sale.

An order will be given for the material purchased.

Dated The City of New York, June 5, 1907.

J. A. BENSEL,

Commissioner of Docks.

MUNICIPAL CIVIL SERVICE COMMISSION.

MUNICIPAL CIVIL SERVICE COMMISSION, No. 299 BROADWAY, NEW YORK, June 11, 1907.

PUBLIC NOTICE IS HEREBY GIVEN that applications will be received from TUESDAY, JUNE 11, UNTIL THURSDAY, JULY 11, 1907, AT 4 P. M. for the position of ASSISTANT ENGINEER, BOARD OF WATER SUPPLY.

The examination will be held on

WEDNESDAY, JULY 31, 1907,

at 10 a. m. The subjects and weights of the examination are as follows:

Technical 50
Mathematics 15
Report 15
Experience 20

The percentage required is 75 on the technical paper and 70 on all.

Candidates should not apply for this position unless they are ready to accept employment in any part of the State where their services may be needed. Certification will not be made from the resulting eligible list to any other department, except, if necessary, to the Aqueduct Commission, nor will transfers of those who accept appointment be allowed to any other department for one year.

The requirement of residence in the State of New York has been waived so far as it applies to this examination.

That section of Rule VIII, requiring that applications from non-residents of the City should bear the certificates of at least two reputable citizens of The City of New York has been waived for this examination, subject to the approval of the Mayor and the State Civil Service Commission.

The provision of Rule VII, to the effect that no person who has entered an examination for appointment to a competitive position and failed therein, or who has withdrawn therefrom, shall be admitted within nine months to a new examination for the same position, is waived so far as it applies to this examination.

Applications must be on forms supplied by the Commission, and must be on file not later than 4 p. m. Thursday, July 11, 1907.

The salary is \$1,350 per annum and upwards. For further information as to compensation and qualifications for the position, address the Board of Water Supply, No. 299 Broadway, New York City.

The minimum age is 21 years.

FRANK A. SPENCER,
Secretary.

President;

R. ROSS APPLETION,

ALFRED J. TALLEY,

Civil Service Commissioners.

FRANK A. SPENCER,
Secretary.

MUNICIPAL CIVIL SERVICE COMMISSION, No. 299 BROADWAY, CITY OF NEW YORK.

PUBLIC NOTICE WILL BE GIVEN OF all competitive examinations two weeks in advance of the date upon which the receipt of applications for any scheduled examination will close. Applications will be received for only such examinations as are scheduled.

When an examination is advertised, a person desiring to compete in the same may obtain an application blank upon request made in writing or by personal application at the office of the Commission.

All notices of examinations will be posted in the office of the Commission, City Hall, Municipal Building, Brooklyn, and advertised in the City Record for two weeks in advance of the date upon which the receipt of applications will close for any stated position.

Public notice will also be given by advertisement in most of the City papers.

Wherever an examination is of a technical character, due notice is given by advertisement in the technical journals appertaining to the particular profession for which the examination is called.

Such notices will be sent to the daily papers as matters of news, and to the General Post-office and stations thereof. The scope of the examination will be stated, but for more general information application should be made at the office of the Commission.

Unless otherwise specifically stated, the minimum age requirement for all positions is 21.

NOTICE IS HEREBY GIVEN THAT Theodore B. Gates, Francis A. McCloskey and Burt L. Rich, Commissioners of Estimate in the above entitled proceeding, have made and signed their final report herein, and on June 10, 1907, filed the same with the Secretary of the Board of Estimate and Apportionment of The City of New York, at No. 277 Broadway, in the Borough of Manhattan, in The City of New York, and on the same day filed a duplicate of said report in the office of the Clerk of Kings County, in the Hall of Records, in the Borough of Brooklyn, in The City of New York, and that said report will be presented for confirmation to the Supreme Court at Special Term for the hearing of motions, to be held in the County Court House, in Kings County, on June 24, 1907, at 10:30 o'clock a. m., or as soon thereafter as counsel can be heard.

Dated Borough of Brooklyn, City of New York, June 10, 1907.

WILLIAM B. ELLISON,
Corporation Counsel,
j10,20

SECOND JUDICIAL DEPARTMENT.

In the matter of the application of The City of New York, acting by and through the Commissioner of Docks, relative to acquiring right and title to and possession of certain uplands, filled-in lands, lands and lands under water, wharf property, wharfage rights, terms, easements, emoluments and privileges of and to the uplands, filled-in lands, lands and lands under water, and wharf property necessary to be taken for the improvement of the water front and harbor of The City of New York in the vicinity of WHALE CREEK, in the Borough of Brooklyn, in The City of New York, pursuant to a certain plan heretofore adopted by the Commissioner of Docks, and approved by the Commissioners of the Sinking Fund.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, by virtue of an order of the Supreme Court, bearing date the 4th day of March, 1907, and filed and entered in the office of the Clerk of the County of Kings on the 5th day of March, 1907, were appointed Commissioners of Estimate in the above entitled proceeding, for the purpose of making a just and equitable estimate of the loss and damage to the respective owners, lessees, parties and persons entitled to or interested in the uplands, filled-in lands, lands and lands under water, wharf property, wharfage rights, terms, easements, emoluments and privileges of and to the uplands, filled-in lands, lands and lands under water, and wharf property so to be taken for the improvement of the water front and harbor of The City of New York, in the vicinity of Whale creek, in the Borough of Brooklyn, in The City of New York, and which said uplands, filled-in lands, lands and lands under water, wharf property, wharfage rights, terms, easements, emoluments and privileges of and to the uplands, filled-in lands, lands and lands under water, and wharf property so to be taken are bounded and described as follows:

Beginning at a point in the pierhead and bulkhead line on the southerly side of Newtown creek, in the Borough of Brooklyn, established by the Secretary of War in 1890, where the easterly line of Henry place intersects the same, and running thence southerly and along said easterly line of Henry place and its prolongation until it intersects the easterly line of North Henry street; thence southerly and along said easterly line of North Henry street to the southerly line of Greene street; thence westerly and along said southerly line of Greene street 465 feet; thence northerly and along the line drawn parallel and distant 465 feet westerly from the easterly line of said North Henry street until it intersects a line drawn parallel with and distant 520 feet westerly from the easterly line of Henry place; thence still northerly and along said parallel line to the centre line of Padege avenue; thence westerly and along the centre line of Padege avenue to a line drawn in the southerly prolongation of the bulkhead on the easterly side of Whale creek; thence northerly along the said bulkhead and its southerly prolongation to the bulkhead and pierhead line on the southerly side of Newtown creek, established by the Secretary of War in 1890; thence easterly and along said bulkhead and pierhead line to the place of beginning, — and which said property is shown on a certain plan for the improvement of the water front and harbor of The City of New York, in the vicinity of Whale creek, in the Borough of Brooklyn, The City of New York, adopted by the Commissioner of Docks on February 1, 1906, and approved by the Commissioners of the Sinking Fund on March 21, 1906, and which said plan is on file in the office of the Department of Docks and Ferries.

All parties and persons interested in the property above described, taken or to be taken for the said improvement or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, room No. 401, on the fourth floor of the building No. 258 Broadway, in The City of New York, Borough of Manhattan, with such affidavits or other proofs as the said owners or claimants may desire, within ten days after the date of this notice, and that the said Commissioners will be in attendance at our offices above specified on the 20th day of June, 1907, at 10:30 o'clock in the forenoon of that date, to hear the said parties and persons in relation thereto, and at such time and place, or at such other times and places as we may appoint, shall hear such owners in relation thereto and examine the proof of such claimant or claimants on such additional proofs or allegations as may then be offered by such owners or on behalf of The City of New York.

Dated New York, June 7, 1907.

THEO. B. GATES,
GEORGE B. BOYD,
JULIUS SIEGELMAN,
Commissioners.

JOSEPH M. SCHENCK,
Clerk.

j7,18

COUNTY OF KINGS.

In the matter of the application of George B. McClellan, Herman A. Metz, Alexander E. Orr, Charles Stewart Smith, Morris K. Jesup, John H. Starin and Woodbury Langdon, constituting the Board of Rapid Transit Railroad Commissioners of The City of New York, for and on behalf of said City, relative to acquiring a triangular parcel of land situated in the Borough of Brooklyn, bounded by FLATBUSH AVENUE, FOURTH AVENUE AND ATLANTIC AVENUE, for rapid transit purposes.

NOTICE IS HEREBY GIVEN THAT THE report of Lewis L. Fawcett, Frank Harvey Field and Walter S. Brewster, Commissioners of Appraisal in the above-entitled proceeding, which was filed in the office of the Clerk of the County of Kings on the 12th day of March, 1907, will be presented to the Court at a Special Term of the Supreme Court for the hearing of motions, to be held at the County Court House, in the Borough of Brooklyn, on the 19th day of June, 1907, at the call of the calendar on that day, or as soon thereafter as counsel can be heard, and a motion made for the confirmation thereof.

Dated New York, June 3, 1907.

WILLIAM B. ELLISON,
Corporation Counsel,
Hall of Records,
Borough of Manhattan.

SECOND DEPARTMENT.

In the matter of acquiring title by The City of New York to certain lands and premises situated on the easterly side of BROADWAY and the westerly side of WINEGAR PLACE, adjoining Public School 18, in the Borough

of Richmond, in The City of New York, duly selected as a site for school purposes, according to law.

NOTICE IS HEREBY GIVEN THAT THE report of Albert E. Hadlock, Thomas A. Braniff and Charles J. McCormack, Commissioners of Estimate and Appraisal, duly appointed in the above entitled proceeding, which report bears date the 29th day of May, 1907, was filed in the office of the Board of Education of The City of New York, on the 31st day of May, 1907, and a duplicate of said report was filed in the office of the Clerk of the County of Richmond on the same day.

Notice is further given that the said report will be presented for confirmation to the Supreme Court of the State of New York, in the Second Judicial District, at Special Term, for the hearing of motions, to be held at the County Court House, in the Borough of Brooklyn, in The City of New York, on the 17th day of June, 1907, at the opening of the Court on that day, and that then and there, or as soon thereafter as counsel can be heard thereon, a motion will be made that the said report be confirmed.

Dated New York, May 31, 1907.

WILLIAM B. ELLISON,
Corporation Counsel,
Hall of Records,
Borough of Manhattan,
City of New York.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to EIGHTY-FOURTH STREET, from First avenue to Fourth avenue, from Seventh avenue to Tenth avenue, from Twelfth avenue to Eighteenth avenue, in the Thirtieth and Thirty-first Wards, in the Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court, made and entered herein on the 26th day of August, 1902, and duly filed in the office of the Clerk of Kings County, a copy of which order was filed in the office of the Register of the County of Kings on the 3d day of September, 1902, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate of the loss or damage, if any, to the respective owners, lessees, parties and persons entitled to or interested in the lands and premises to be taken for the purpose of opening the said street, as particularly described in the petition of The City of New York, filed with said order in the office of the Clerk of Kings County, and for the purpose of making a just and equitable assessment of the benefit of said street so to be opened, to the respective owners, lessees, parties and persons entitled to or interested in the lands and premises and not required for the purpose of opening said street but benefited thereby, and of ascertaining and defining the district benefited by said assessment, and the extent and boundaries of the respective tracts and parcels of land participating in said benefit, and of performing the trusts and duties required of us by title 4, of chapter 17 of the Charter of The City of New York, and the acts or parts of acts supplementary thereto or amendatory thereof.

The Board of Estimate and Apportionment adopted a resolution on the 1st day of July, 1904, amending the within proceeding by including that portion of Eighty-fourth street lying between Seventeenth avenue and Eighteenth avenue, and such lands as are necessary to widen said street between Sixteenth avenue and Eighteenth avenue in accordance with the change of map adopted by said Board on December 11, 1903, and approved by the Mayor of The City of New York on December 18, 1903.

The proceedings herein were amended by including the said lands by an order of the Supreme Court made and entered in the office of the Clerk of the County of Kings on the 8th day of June, 1906, a copy of which order was filed in the office of the Register of the County of Kings on the 2d day of May, 1907, and indexed in the index of Conveyances in Section 19, Blocks 6312, 6313, 6314, 6325 and 6326.

All parties and persons interested in the lands and premises so included for the purpose of opening said street, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office in the Bureau of Street Openings of the Law Department, No. 166 Montague street, Borough of Brooklyn, in The City of New York, with such affidavits or other proofs as the said owner or claimants may desire, within twenty days after date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 18th day of June, 1907, at 2 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto; and at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto, and examine proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner or on behalf of The City of New York.

Dated Borough of Brooklyn, The City of New York, May 24, 1907.

WALTER E. PARFITT,
WM. B. GREEN,
THOMAS H. STEWART,
Commissioners.

JAMES F. QUIGLEY,
Clerk.

SECTION NO. 6.

Notice of Application for the Appointment of Commissioners of Appraisal.

PUBLIC NOTICE IS HEREBY GIVEN that it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court of the State of New York for the appointment of Commissioners of Appraisal under chapter 724 of the Laws of 1905, as amended. Such application will be made at a Special Term of the Supreme Court to be held in and for the Third Judicial District, at the City Hall, City of Albany, N. Y., on June 29, 1907, at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard. The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York, and at least one of whom shall reside in the county where the real estate hereinabove described is situated, to act as Commissioners of Appraisal under said act and

discharge all the duties conferred by the said act and the acts amendatory thereof, upon such Commissioners of Appraisal, for the purpose of providing an additional supply of pure and wholesome water for The City of New York.

The real estate to be acquired herein is situated in the Town of Hurley, and is to be acquired in fee for the purpose of furnishing an additional supply of pure and wholesome water to The City of New York.

The following is a statement of the boundaries of the lands to be acquired herein, with a reference to the date and place of filing of the map.

All the parcels herein described are to be acquired in fee and are colored pink on the map hereinafter referred to.

All those certain pieces or parcels of real estate situated in the Town of Hurley, County of Ulster, and State of New York, shown on a map entitled "Reservoir Department, Section No. 6, Board of Water Supply of The City of New York. Map of real estate situated in the Town of Hurley, County of Ulster, and State of New York, to be acquired by The City of New York, under the provisions of chapter 724 of the Laws of 1905, as amended, for the construction of Ashokan Reservoir and appurtenances, in the vicinity of Ashton, south of railroad," which map was filed in the office of the County Clerk of the County of Ulster, at Kingston, New York, on the 8th day of May, 1907, and is bounded and described as follows:

Beginning at the most westerly point of Parcel No. 223, in the southerly property line of the Ulster and Delaware Railroad Company, where the same is intersected by the line between the Towns of Hurley and Olive, and running thence along the said southerly railroad property line and the northerly lines of said Parcel No. 223 and of Parcels Nos. 227, 230, 231, 229, 233, 234, 235, 236, 240, 239, 241 and 248, north 52 degrees 28 minutes east 8,399.9 feet and on a curve of 5,697 feet radius to the right 1,281.6 feet, crossing and recrossing Beaver Kill to the most northerly point of before mentioned Parcel No. 248, in the centre of a road leading from Ashton Post Office to West Hurley; thence along the centre of said road, the northerly line of said Parcel No. 248, partly along the northerly line of Parcel No. 249, and still continuing along the before mentioned southerly railroad property line, south 67 degrees 44 minutes east 193 feet, to the most westerly point of Parcel No. 251; thence along the northerly lines of said parcel and of Parcels Nos. 252, 257, 258, 260, 264 and 268, and still continuing along the before mentioned southerly railroad property line the following courses, distances and curves: North 48 degrees 15 minutes east 8,143 feet, north 64 degrees 27 minutes east 801.4 feet, north 71 degrees 31 minutes east 349.1 feet, north 76 degrees 33 minutes east 3,286.3 feet and on a curve of 2,898 feet radius to the left 1,036.2 feet to the northeast corner of Parcel No. 268; thence along the easterly line of said parcel, south 37 degrees 45 minutes east 282 feet to a point in the northerly line of a road leading from Ashton to West Hurley

such use shall continue until The City of New York shall have legal right to take possession of or change the same.

Dated May 14, 1907.

SECTION No. 7.

Notice of Application for the Appointment of Commissioners of Appraisal.

PUBLIC NOTICE IS HEREBY GIVEN that it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court of the State of New York for the appointment of Commissioners of Appraisal under chapter 724 of the Laws of 1905, as amended. Such application will be made at a Special Term of the Supreme Court, to be held in and for the Third Judicial District, at the City Hall, City of Albany, N. Y., on June 29, 1907, at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard.

The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York, and at least one of whom shall reside in the county where the real estate hereinafter described is situated, to act as Commissioners of Appraisal under said act and discharge all the duties conferred by the said act, and the acts amendatory thereof, upon such Commissioners of Appraisal, for the purpose of providing an additional supply of pure and wholesome water for The City of New York.

The real estate to be acquired herein is situated in the Towns of Olive and Hurley, and is to be acquired in fee for the purpose of furnishing an additional supply of pure and wholesome water to The City of New York.

The following is a statement of the boundaries of the lands to be acquired herein, with a reference to the date and place of filing the map.

All the parcels herein described are to be acquired in fee, and are colored pink on the map hereinafter referred to.

All those certain pieces or parcels of real estate situated in the Towns of Olive and Hurley, County of Ulster and State of New York, shown on a map entitled, "Reservoir Department, Section No. 7, Board of Water Supply of The City of New York, Map of real estate situated in the Towns of Olive and Hurley, County of Ulster and State of New York, to be acquired by The City of New York, under the provisions of chapter 724 of the Laws of 1905, as amended, for the construction of Ashokan Reservoir and appurtenances, in the vicinity of Ashton, north of railroad," which map was filed in the office of the County Clerk of the County of Ulster, at Kingston, New York, on the 13th day of May, 1907, and is bounded and described as follows:

Beginning at the most southerly point of Parcel No. 270, in the northerly property line of the Ulster and Delaware Railroad Company, where the same is intersected by the line between the Towns of Hurley and Olive, and running thence along the southerly line of said Parcel No. 270 and along the said town line north 53 degrees 18 seconds west 416.2 feet to a point in the centre of Beaver Kill; thence, still continuing along the said southerly line and the said town line, north 52 degrees 41 minutes west 2,101.2 feet, crossing a road leading from Brown's Station to Ashton and a road leading from Brown's Station to Olive to the most westerly point of before-mentioned road leading from Brown's Station to Olive; thence along the centre line of said road and still continuing along the westerly line of said parcel north 2 degrees 1 minute east 280.9 feet to the most northerly point of said parcel; thence along the northerly line of same south 48 degrees 5 minutes east 282.4 feet to the most westerly point of before-mentioned Parcel No. 270; thence along the northerly line of said parcel the following courses and distances: North 51 degrees 37 minutes east 376.7 feet, north 46 degrees 26 minutes west 32.7 feet, north 37 degrees 10 minutes east 165.4 feet, north 52 degrees 36 minutes east 229.1 feet, south 54 degrees 30 minutes east 20.1 feet, north 52 degrees 51 minutes east 430.8 feet, south 45 degrees 56 minutes east 202.1 feet and north 54 degrees 1 minute east 810.3 feet to a point in the westerly line of said parcel north 41 degrees 14 minutes west 652.7 feet, north 64 degrees 54 minutes east 301.1 feet and north 38 degrees 32 minutes west 593.8 feet to the northwest corner of said parcel; thence along the northerly line of same north 67 degrees 21 minutes east 640.3 feet, south 38 degrees 43 minutes east 90.5 feet and north 62 degrees 3 minutes east 444 feet to the northeasterly line of same south 8 degrees 34 minutes east 50.4 feet, north 79 degrees 52 minutes east 19.9 feet and south 36 degrees 13 minutes east 1,028.6 feet to a point in the westerly line of Parcel No. 274; thence along the said westerly line the following courses and distances: North 59 degrees 22 minutes east 399.2 feet, north 34 degrees 50 minutes west 514.7 feet, north 83 degrees 6 minutes east 316 feet and north 28 degrees 22 minutes west 364.5 feet to the northwest corner of said parcel in the centre of the Ulster and Delaware plank road leading from Olive to Ashton; thence along the centre of said road and the northerly lines of said Parcel No. 274 and of Parcels Nos. 278 and 279 the following courses and distances: North 80 degrees 21 minutes east 181.9 feet, north 65 degrees 43 minutes east 385.2 feet, north 59 degrees 29 minutes east 286.5 feet, north 63 degrees 57 minutes east 374 feet, north 77 degrees 50 minutes east 336.1 feet, north 77 degrees 50 minutes east 305.8 feet, north 69 degrees 6 minutes east 204.7 feet and north 86 degrees 4 minutes east 267.4 feet to the northeasterly corner of said Parcel No. 270, in the before-mentioned line between the Towns of Hurley and Olive; thence along the said town line south 25 degrees 42 minutes east 20 feet to the northwest corner of Parcel No. 289, in the southerly line of before-mentioned plank road; thence along the said southerly line and the northerly line of said parcel north 90 degrees east 23.8 feet to the northwest corner of Parcel No. 280; thence along the northerly line of said parcel north 62

degrees 37 minutes east 65.9 feet to the most westerly point of Parcel No. 290, at the intersection of the centre lines of said plank road and a road leading to Glenford; thence along the centre line of said road leading to Glenford and the northerly line of said Parcel No. 290 and partly along the northerly line of Parcel No. 291 north 50 degrees 36 minutes east 117.5 feet to a point in the westerly line of Parcel No. 292; thence along the said westerly line north 25 degrees 4 minutes west 123 feet, north 47 degrees 45 minutes east 176.7 feet and south 44 degrees 31 minutes east 112 feet to a point in the before-mentioned centre line of a road leading to Glenford; thence along the centre line of said road, and still continuing along the westerly line of said Parcel No. 292, the following courses and distances: North 42 degrees 44 minutes east 31.4 feet, north 30 degrees 44 minutes east 302.3 feet, north 21 degrees 2 minutes east 135.8 feet and north 7 degrees 53 minutes east 117.5 feet to a point in the westerly line of Parcel No. 296; thence along the said line and the northerly lines of said parcel and of Parcels Nos. 304 and 313, and still continuing along the centre line of said road, the following courses and distances: North 11 degrees 18 minutes east 121.5 feet, north 43 degrees 36 minutes east 202.9 feet, north 35 degrees 37 minutes east 123.1 feet, north 51 degrees 36 minutes east 102.9 feet, north 43 degrees 33 minutes east 327.9 feet, north 54 degrees 14 minutes east 458.1 feet, north 40 degrees 10 minutes east 126.8 feet, north 43 degrees 38 minutes east 239.6 feet and north 13 degrees 3 minutes east 154.1 feet, south 3 degrees 56 minutes west 184 feet and south 12 degrees 15 minutes east 120.3 feet to a point in the westerly line of Parcel No. 309; thence along the said westerly line the following courses and distances: North 29 degrees 8 minutes east 365.2 feet, south 64 degrees 8 minutes east 88 feet, north 42 degrees 3 minutes east 199 feet, south 44 degrees 2 minutes east 46.2 feet, north 46 degrees 20 minutes east 224 feet and north 28 degrees 1 minute west 150.7 feet to the northwest corner of said parcel; thence along the northerly line of same north 64 degrees 50 minutes east 956.7 feet to the northeast corner of said parcel; thence along the easterly line of same south 24 degrees 20 minutes east 1,961.7 feet, north 68 degrees 20 minutes east 1,412.1 feet and south 39 degrees 39 minutes east 1,560.4 feet, recrossing before-mentioned Beaver Kill to the southeast corner of Parcel No. 309, in the before-mentioned northerly property line of the Ulster and Delaware Railroad Company; thence along the said northerly line and running along the southerly lines of said Parcel No. 309 and of Parcels Nos. 307, 306, 305, 304, 281, 280, 278, 277, 276, 275, 274, 273 and of before-mentioned Parcel No. 270 the following courses, distances and curve; South 76 degrees 33 minutes west 1,142.3 feet, on a curve of 5,763 feet radius to the left 2,423.4 feet and south 52 degrees 28 minutes west 8,418.3 feet to the point or place of beginning.

Reference is hereby made to the said map, filed as aforesaid, in the office of the County Clerk of the County of Ulster, for a more detailed description of the real estate to be taken in fee, as above described.

In case any property above described is used for any public purpose, such as a highway, etc., such use shall continue until The City of New York shall have legal right to take possession of or change the same.

Dated May 14, 1907.

Section No. 3.

NOTICE OF APPLICATION FOR THE APPOINTMENT OF COMMISSIONERS OF APPRAISAL.

PUBLIC NOTICE IS HEREBY GIVEN that it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court of the State of New York for the appointment of Commissioners of Appraisal under chapter 724 of the Laws of 1905, as amended. Such application will be made at a Special Term of the Supreme Court, to be held in and for the Ninth Judicial District, at the Court House in the Village of White Plains, Westchester County, N. Y., on Saturday, July 20, 1907, at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard. The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York, and at least one of whom shall reside in the county where the real estate hereinafter described is situated, to act as Commissioners of Appraisal under said act and discharge all the duties conferred by the said law and the acts amendatory thereof, upon such Commissioners of Appraisal, for the purpose of providing an additional supply of pure and wholesome water for The City of New York.

The real estate sought to be taken or affected is situated in the Town of North Castle, in the County of Westchester and State of New York.

The following is a brief description of the real estate sought to be taken, with a reference to the date and place of filing of the map:

All those certain pieces or parcels of real estate situated in the Town of North Castle, County of Westchester and State of New York, shown on a map entitled: "Southern Aqueduct Department, Section No. 3, Board of Water Supply of The City of New York, Map of real estate situated in the Town of North Castle, County of Westchester and State of New York, to be acquired by The City of New York, under the provisions of Chapter 724 of the Laws of 1905, as amended, for the construction of Kensico Dam and Reservoir and appurtenances, south of Kensico Dam, between the N. Y. C. & H. R. R., Harlem Division, and Valhalla Avenue," which map was filed in the office of the Register of the County of Westchester, at White Plains, New York, on the 22d day of April, 1907, as Map No. 1713, and is bounded and described as follows:

Beginning at the northeast corner of Parcel No. 189 in the westerly side of Broadway, in the northerly line of Parcel No. 191, and run-

ning thence along the said northerly line south 86 degrees 15 minutes east 21.5 feet to a point in the centre of Broadway; thence along the centre line of said road and the easterly line of Parcel No. 191 the following courses and distances: South 4 degrees 4 minutes east 46.5 feet, south 9 degrees 22 minutes east 104.5 feet, south 7 degrees 8 minutes east 148.1 feet, south 12 degrees 48 minutes east 74.2 feet, south 21 degrees 48 minutes east 104.7 feet, south 27 degrees 21 minutes east 45.5 feet, and south 29 degrees 5 minutes east 80.4 feet to the northeast corner of Parcel No. 195; thence along the easterly line of said parcel and still continuing along the centre of Broadway south 29 degrees 5 minutes east 141.8 feet, south 25 degrees 38 minutes east 27.7 feet, south 22 degrees 13 minutes east 66.6 feet, south 17 degrees 18 minutes east 73 feet and south 3 degrees 23 minutes east 23.1 feet to a point in the northerly line of Parcel No. 188; thence along the said northerly line north 76 degrees 36 minutes east 33.6 feet to the northwest corner of Parcel No. 196; thence along the northerly line of said parcel north 76 degrees 36 minutes east 12.74 feet to the westerly line of Parcel No. 188; thence along the westerly line of said parcel and still continuing along the centre of Broadway south 26 degrees 38 minutes east 67 feet, north 21 degrees 42 minutes west 96.1 feet, north 19 degrees 56 minutes west 90.5 feet and north 11 degrees 13 minutes west 62.5 feet to the northwest corner of said parcel; thence along the northerly line of same north 69 degrees 57 minutes east 13 feet to a point in the westerly line of Chambers Avenue; thence along the northerly line of Parcel No. 187; thence along the westerly line of same and the northerly line of Parcel No. 188; thence along the northerly line of same north 69 degrees 57 minutes east 13 feet to a point in the westerly line of Chambers Avenue; thence along the northerly line of same and the easterly line of Parcels Nos. 187 and 188; thence along the northerly line of same north 84 degrees 25 minutes east 27.8 feet, partly along the northerly line of Parcels Nos. 188 and 186; thence, still continuing along the northerly line of Parcel No. 186, south 82 degrees 16 minutes east 1.1 feet and north 89 degrees 36 minutes east 48.7 feet to a point in the northerly line of Parcel No. 188, in the westerly line of See Avenue; thence along said northerly line north 89 degrees 36 minutes east 26.3 feet and north 84 degrees 25 minutes east 19 feet to a point in the easterly line of said See Avenue; thence north 84 degrees 25 minutes east 27.8 feet, partly along the northerly line of Parcels Nos. 188 and 186; thence, still continuing along the northerly line of Parcel No. 177 in the southerly line of Chambers Avenue; thence along the said lines south 56 degrees 57 minutes east 39.9 feet to the northeast corner of Parcel No. 177 at the southwest corner of Chambers and Valhalla Avenues; thence along the westerly line of said Valhalla Avenue and the easterly line of Parcels Nos. 177 and 178 on a curve of 119.8 feet radius to the left 117 feet to the northeast corner of Parcel No. 179; thence along the easterly line of said parcel and of Parcel No. 180, and still continuing along the westerly line of Valhalla Avenue, south 34 degrees 55 minutes east 94.8 feet to the southeast corner of said Parcel No. 180; thence along the southerly line of said parcel south 55 degrees 5 minutes west 130 feet to a point in the easterly line of Parcel No. 181; thence along the said easterly line south 34 degrees 55 minutes east 166.7 feet to the southeast corner of same; thence along the southerly line of said parcel south 63 degrees 52 minutes west 141.3 feet to a point in the northerly line of Nethermont Avenue, in the easterly line of Parcel No. 188; thence along the said easterly line south 6 degrees 58 minutes west 136.9 feet to the northeast corner of Parcel No. 158 in the westerly line of said Avenue; thence along the said westerly line and the easterly line of said parcel, and partly along the easterly line of Parcel No. 150 on a curve of 278.5 feet radius to the right 52.7 feet and still continuing along the westerly line of Nethermont Avenue and the easterly line of Parcel No. 159, and along the easterly line of Parcels Nos. 160, 161, 188, 129, 131 and 132, crossing Hillandale Avenue south 9 degrees 3 minutes west 492.5 feet to the southeast corner of Parcel No. 132; thence along the southerly line of said parcel south 78 degrees 17 minutes east 141.3 feet to the northeast corner of Parcel No. 121; thence along the easterly line of said parcel south 11 degrees 14 minutes west 262.3 feet and south 8 degrees 23 minutes west 543.2 feet to the southeast corner of said parcel; thence along the southerly line of same south 55 degrees 5 minutes west 130 feet to a point in the easterly line of Parcel No. 181; thence along the said easterly line south 34 degrees 55 minutes east 166.7 feet to the southeast corner of same; thence along the southerly line of said parcel south 62 degrees 47 minutes west 41.2 feet to the southwest corner of said parcel; thence along the westerly line of same and the easterly line of Parcel No. 150; thence along the westerly line of same and the easterly line of Parcel No. 159; thence along the westerly line of same and the easterly line of Parcels Nos. 160, 161, 188, 129, 131 and 132, crossing Hillandale Avenue, north 9 degrees 3 minutes east 492.5 feet to the southeast corner of Parcel No. 132; thence along the southerly line of said parcel south 78 degrees 17 minutes east 141.3 feet to the northeast corner of Parcel No. 121; thence along the easterly line of said parcel south 11 degrees 14 minutes west 262.3 feet and south 8 degrees 23 minutes west 543.2 feet to the southeast corner of said parcel; thence along the southerly line of same south 55 degrees 5 minutes west 130 feet to a point in the easterly line of Parcel No. 181; thence along the said easterly line south 34 degrees 55 minutes east 166.7 feet to the southeast corner of same; thence along the southerly line of said parcel south 62 degrees 47 minutes west 41.2 feet to the southwest corner of said parcel; thence along the westerly line of same and the easterly line of Parcel No. 150; thence along the westerly line of same and the easterly line of Parcel No. 159; thence along the westerly line of same and the easterly line of Parcels Nos. 160, 161, 188, 129, 131 and 132, crossing Hillandale Avenue, north 9 degrees 3 minutes east 492.5 feet to the southeast corner of Parcel No. 132; thence along the southerly line of said parcel south 78 degrees 17 minutes east 141.3 feet to the northeast corner of Parcel No. 121; thence along the easterly line of said parcel south 11 degrees 14 minutes west 262.3 feet and south 8 degrees 23 minutes west 543.2 feet to the southeast corner of said parcel; thence along the southerly line of same south 55 degrees 5 minutes west 130 feet to a point in the easterly line of Parcel No. 181; thence along the said easterly line south 34 degrees 55 minutes east 166.7 feet to the southeast corner of same; thence along the southerly line of said parcel south 62 degrees 47 minutes west 41.2 feet to the southwest corner of said parcel; thence along the westerly line of same and the easterly line of Parcel No. 150; thence along the westerly line of same and the easterly line of Parcel No. 159; thence along the westerly line of same and the easterly line of Parcels Nos. 160, 161, 188, 129, 131 and 132, crossing Hillandale Avenue, north 9 degrees 3 minutes east 492.5 feet to the southeast corner of Parcel No. 132; thence along the southerly line of said parcel south 78 degrees 17 minutes east 141.3 feet to the northeast corner of Parcel No. 121; thence along the easterly line of said parcel south 11 degrees 14 minutes west 262.3 feet and south 8 degrees 23 minutes west 543.2 feet to the southeast corner of said parcel; thence along the southerly line of same south 55 degrees 5 minutes west 130 feet to a point in the easterly line of Parcel No. 181; thence along the said easterly line south 34 degrees 55 minutes east 166.7 feet to the southeast corner of same; thence along the southerly line of said parcel south 62 degrees 47 minutes west 41.2 feet to the southwest corner of said parcel; thence along the westerly line of same and the easterly line of Parcel No. 150; thence along the westerly line of same and the easterly line of Parcel No. 159; thence along the westerly line of same and the easterly line of Parcels Nos. 160, 161, 188, 129, 131 and 132, crossing Hillandale Avenue, north 9 degrees 3 minutes east 492.5 feet to the southeast corner of Parcel No. 132; thence along the southerly line of said parcel south 78 degrees 17 minutes east 141.3 feet to the northeast corner of Parcel No. 121; thence along the easterly line of said parcel south 11 degrees 14 minutes west 262.3 feet and south 8 degrees 23 minutes west 543.2 feet to the southeast corner of said parcel; thence along the southerly line of same south 55 degrees 5 minutes west 130 feet to a point in the easterly line of Parcel No. 181; thence along the said easterly line south 34 degrees 55 minutes east 166.7 feet to the southeast corner of same; thence along the southerly line of said parcel south 62 degrees 47 minutes west 41.2 feet to the southwest corner of said parcel; thence along the westerly line of same and the easterly line of Parcel No. 150; thence along the westerly line of same and the easterly line of Parcel

said brook and the northerly lines of Parcels Nos. 270 and 285 the following courses and distances: North 49 degrees 45 minutes east 13.4 feet, north 63 degrees 25 minutes east 57.7 feet, north 37 degrees 49 minutes east 19.7 feet, north 9 degrees 13 minutes east 20.7 feet and north 4 degrees 02 minutes west 33.6 feet, recrossing Kensico avenue to a point in the westerly line of before mentioned Parcel No. 284; thence along said line north 44 degrees 22 minutes east 71.7 feet, crossing North Castle road to the point or place of beginning.

Also all those certain pieces or parcels of real estate bounded and described as follows:

Beginning at a point in the easterly property line of the New York Central and Hudson River Railroad Company (Harlem Division), in the westerly line of Parcel No. 268, said point being also in the southerly line of the property of The City of New York, and running thence along said southerly and westerly lines the following courses and distances: North 55 degrees 43 minutes east 390.5 feet, north 60 degrees 51 minutes east 285 feet, on a curve of 624 feet radius to the left 130 feet, partly along the Bronx river, and south 56 degrees 20 minutes east 365 feet, crossing said river and Broadway; thence still continuing along the southerly line of the property of The City of New York and the westerly line of Parcel No. 268 the following courses and distances: North 33 degrees 46 minutes east 297 feet, north 32 degrees 10 minutes east 66 feet, south 25 degrees 05 minutes east 185.4 feet, south 82 degrees 01 minute east 285.2 feet and north 56 degrees 08 minutes east 225 feet to the southeast corner of said property of The City of New York; thence along the easterly line of said property and still continuing along the before mentioned westerly line of Parcel No. 268 north 7 degrees 59 minutes east 278 feet, north 4 degrees 07 minutes west 192.1 feet, north 26 degrees 50 minutes east 294.8 feet, north 10 degrees 53 minutes east 1,170.8 feet, north 40 degrees 36 minutes east 223.1 feet, north 44 degrees 50 minutes east 283.2 feet, north 54 minutes east 398.8 feet, north 10 degrees 16 minutes east 569 feet, north 4 degrees 30 minutes east 241.3 feet and north 14 degrees 48 minutes east 361.5 feet to the southwest corner of Parcel No. 286; thence along the westerly line of said parcel and still continuing along the easterly line of said property of The City of New York north 14 degrees 48 minutes east 758.7 feet and north 19 degrees 16 minutes east 450.2 feet to the northerly line of same the following courses and distances: South 56 degrees 15 minutes east 133.8 feet, south 55 degrees 53 minutes east 266.8 feet, south 56 degrees 58 minutes east 82.6 feet, south 57 degrees 14 minutes east 180.3 feet and south 63 degrees 02 minutes east 46.1 feet to the northeast corner of said parcel; thence along the easterly line of same the following courses and distances: South 37 minutes west 212 feet, south 6 degrees 58 minutes west 178.8 feet, south 24 degrees 59 minutes east 48.6 feet, south 53 degrees 58 minutes east 87.6 feet, south 55 degrees 55 minutes east 235 feet, north 86 degrees 59 minutes east 41.9 feet, south 83 degrees 40 minutes east 56.1 feet, south 23 degrees 38 minutes west 239.4 feet, south 81 degrees 46 minutes west 41.9 feet; south 87 degrees 50 minutes west 39.5 feet, south 82 degrees 20 minutes west 111 feet, south 3 degrees 09 minutes west 106.3 feet, south 10 degrees 01 minute west 75.9 feet, south 19 degrees 21 minutes west 100.2 feet, south 38 degrees 40 minutes west 14.1 feet, south 12 degrees 50 minutes west 40.5 feet, south 3 degrees 07 minutes west 38.6 feet, south 11 degrees 34 minutes west 34.4 feet, south 65 degrees 45 minutes east 17.8 feet, south 10 degrees 07 minutes west 89.4 feet, south 14 degrees 25 minutes west 108.4 feet, south 25 degrees 44 minutes west 126 feet and south 19 degrees 41 minutes west 27.6 feet to the northeast corner of before mentioned Parcel No. 268; thence along the easterly line of said parcel the following courses and distances: South 2 degrees 06 minutes west 1,651.6 feet, south 42 degrees 08 minutes east 311.5 feet, south 24 degrees 43 minutes west 401.8 feet, north 75 degrees 23 minutes west 574.6 feet and south 10 degrees 33 minutes west 1,329.6 feet to the southeast corner of same; thence along the southerly line of said parcel the following courses and distances: North 89 degrees 44 minutes west 8.7 feet, north 80 degrees 08 minutes west 174.3 feet, north 74 degrees 25 minutes west 51.8 feet and north 79 degrees 27 minutes west 69.2 feet to the northeast corner of Parcel No. 266, in the westerly line of Davis avenue; thence along said westerly line and the easterly lines of said parcel and Parcels Nos. 267 and 264 south 20 degrees 47 minutes west 751.4 feet, crossing McClellan avenue to the southeast corner of said Parcel No. 264; thence along the southerly lines of said parcel and Parcels Nos. 267, 259, 258, 246 and 228 the following courses and distances: North 78 degrees 38 minutes west 14.5 feet, north 87 degrees 46 minutes west 129.9 feet, north 89 degrees 02 minutes west 64.3 feet, north 88 degrees 09 minutes west 71.7 feet, north 81 degrees 21 minutes west 85.7 feet, north 81 degrees 01 minute west 90.1 feet, south 67 degrees 39 minutes west 43.9 feet, north 66 degrees 10 minutes west 41.4 feet, north 84 degrees 25 minutes west 46.8 feet, south 89 degrees 36 minutes west 75 feet, south 82 degrees 16 minutes west 198.5 feet, south 85 degrees 01 minute east 57.7 feet and south 69 degrees 57 minutes west 6.4 feet, crossing Valhalla, Carpenter, See and Chambers avenues, to a point in the easterly line of Parcel No. 202 in the westerly line of Chambers avenue; thence along said easterly line and the easterly lines of Parcels Nos. 201, 200, 199, 198, 197 and 196 the following courses and distances: South 69 degrees 57 minutes west 13 feet, south 11 degrees 13 minutes east 62.5 feet, south 19 degrees 56 minutes east 90.5 feet, south 21 degrees 42 minutes east 96.1 feet, south 26 degrees 38 minutes east 38.72 feet, south 13 degrees 59 minutes east 28.3 feet and south 24 degrees 35 minutes west 25.8 feet to the southeast corner of Parcel No. 196; thence along the southerly line of said parcel and partly along the southerly line of Parcel No. 268 south 48 degrees 36 minutes west 161 feet to the centre of Broadway; thence along the centre line of said Broadway and the southerly line of said Parcel No. 268 the following courses and distances: North 3 degrees 23 minutes west 23.1 feet, north 17 degrees 18 minutes west 73 feet, north 22 degrees 13 minutes west 66.6 feet, north 25 degrees 38 minutes west 27.7 feet, north 29 degrees 05 minutes west 22.2 feet, north 27 degrees 21 minutes west 45.5 feet, north 21 degrees 48 minutes west 104.7 feet, north 12 degrees 48 minutes west 75.4 feet, north 9 degrees 18 minutes west 84.2 feet, north 7 degrees 08 minutes west 148.1 feet, north 9 degrees 22 minutes west 104.5 feet and north 4 degrees 04 minutes west 46.5 feet; thence still continuing along said southerly line of Parcel No. 268 north 86 degrees 15 minutes west 209.4 feet to a point in the centre of Bronx river; thence along the centre line of said river, and still continuing along the southerly line of Parcel No. 268 and along the line between the towns of North Castle and Mount Pleasant the following courses and distances: South 15 degrees 24 minutes west 93.4 feet, south 43 degrees 15 minutes west 47.2 feet, south 54 degrees 37 minutes west 47.2 feet, south 54 degrees 37 minutes west 53.3 feet, south 50 degrees 56 minutes west 58.8 feet, south 25 degrees 15 minutes west 62.4 feet, south 71 degrees 13 minutes west 55.6 feet, south 88 degrees 37 minutes west 111.5 feet, north 79 degrees west 95.3 feet, north 78 degrees 55 minutes west 76.6 feet, south 43 degrees 23 minutes west 102.5 feet to the southwest corner of said Parcel No. 268, in the before mentioned easterly property line of the New York Central and Hudson River Railroad Company (Harlem Division); thence along said line and partly along the westerly line of said Parcel No. 268 on a curve of 1,973 feet radius to the left 424.2 feet, crossing and re-crossing Davis brook to the point or place of beginning.

Fee is to be acquired by The City of New York in all the real estate contained in the above description.

Reference is hereby made to the said map, filed as aforesaid, in the office of the Register of the County of Westchester, for a more detailed description of the real estate to be taken.

Included within the foregoing description and shown on the map filed as aforesaid is certain real estate now devoted to highway purposes, which said real estate is to be acquired in fee by The City of New York, as shown on said map included within the pink lines.

There is also shown on the said map filed as aforesaid other real estate to be acquired in fee by The City of New York, which it is proposed to substitute in place of the highways to be acquired in fee as above mentioned, and the perpetual use of such real estate to be acquired for the new highways is to be allowed the public. Such new roads or highways referred to in this notice are shown on said map.

Dated June 3, 1907.

NINTH JUDICIAL DISTRICT.

WESTCHESTER COUNTY.

KENSICO RESERVOIR.

Section No. 5.

NOTICE OF APPLICATION FOR THE APPOINTMENT OF COMMISSIONERS OF APPRAISAL.

PUBLIC NOTICE IS HEREBY GIVEN that it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court of the State of New York for the appointment of Commissioners of Appraisal under chapter 724 of the Laws of 1905, as amended. Such application will be made at a Special Term of the Supreme Court, to be held in and for the Ninth Judicial District, at the Court House in the Village of White Plains, Westchester County, N. Y., on Saturday, July 20, 1907, at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard. The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York and at least one of whom shall reside in the county where the real estate hereinabove described is situated, to act as Commissioners of Appraisal under said act and discharge all the duties conferred by the said law and the acts amendatory thereof, upon such Commissioners of Appraisal, for the purpose of providing an additional supply of pure and wholesome water for The City of New York.

The real estate sought to be taken or affected is situated in the Town of Mount Pleasant, in the County of Westchester and State of New York.

The following is a brief description of the real estate sought to be taken, with a reference to the date and place of filing of the map:

All those certain pieces or parcels of real estate situated in the Town of Mount Pleasant, County of Westchester and State of New York, shown on a map entitled "Southern Aqueduct Department, Section No. 5, Board of Water Supply of The City of New York. Map of real estate, situated in the Town of Mount Pleasant, County of Westchester and State of New York, to be acquired by The City of New York, under the provisions of chapter 724 of the Laws of 1905, as amended, for the construction of Kensico Reservoir and appurtenances, in the vicinity of Kensico Dam and West of Kensico Lake, which map was filed in the office of the Register of the County of Westchester, at White Plains, New York, on the 3d day of May, 1907, as Map No. 1717; and is bounded and described as follows:

Beginning at a point in the westerly line of Lake View terrace 100 feet southerly from the southwest corner of Second street and said Lake View terrace, measured along the westerly line of said terrace, said point being the northeast corner of Parcel No. 353, in the northerly line of Parcel No. 353, and running thence along the said northerly line south 79 degrees 40 minutes east 50 feet, crossing Lake View terrace to a point in the easterly line thereof; thence along the said easterly line, the easterly line of Parcel No. 363 and the westerly line of the property of The City of New York the following courses and distances: South 10 degrees 20 minutes west 773.2 feet, south 52 minutes west 187.5 feet, south 8 degrees 15 minutes west 220.6 feet, south 19 degrees 14 minutes west 196.1 feet to the northwest corner of Parcel No. 304; thence along the northerly line of said parcel and still continuing along the westerly line of the property of The City of New York south 84 degrees 35 minutes east 102.5 feet, south 15 degrees 12 minutes west 101.5 feet and south 84 degrees 36 minutes east 144.9 feet to the northeast corner of Parcel No. 303; thence along the easterly line of same and of Parcel No. 303 south 5 degrees 28 minutes west 261.2 feet, crossing a parkway, thence still continuing along the westerly line of the property of The City of New York and the easterly line of said parkway, and of Parcel No. 303 south 30 degrees 47 minutes west 295 feet to the southeast corner of said parcel and the southwest corner of the property of The City of New York; thence along the southerly line of said Parcel north 54 degrees 18 minutes west 39.8 feet to the southeast corner of before mentioned Parcel No. 304; thence along the southerly line of said parcel and before mentioned Parcel No. 363, and of Parcel No. 287 the following courses and distances: North 69 degrees 16 minutes west 122 feet, north 75 degrees 4 minutes west 62.5 feet, south 86 degrees 4 minutes west 137.9 feet and north 53 degrees 40 minutes west 79.2 feet, crossing Mount Pleasant avenue to the southwest corner of said Parcel No. 287 in the easterly line of Kensico avenue; thence along the westerly line of said parcel and the easterly line of said avenue north 50 minutes east 396.8 feet; thence still continuing along the easterly line of said avenue and partly along the westerly line of said Parcel No. 287 and along the westerly lines of Parcels Nos. 288, 289, 297, 290, 291, 292 and 293 north

5 degrees 53 minutes west 783.3 feet to the southeast corner of Kensico avenue and First street in the westerly line of Parcel No. 363; thence along the said westerly line north 5 degrees 53 minutes west 28.4 feet and north 10 degrees 20 minutes east 22.7 feet to the northeast corner of said streets; thence along the easterly line of said streets and the westerly lines of Parcels Nos. 315, 341, 316, 317, 318, 319, 320, 321, 322, 323, 324 and 325 north 10 degrees 20 minutes east 525 feet to the northwest corner of Parcel No. 325 and the southeast corner of Parcel No. 314; thence along the southerly line of said Parcel No. 314 north 79 degrees 40 minutes west 50 feet to a point in the westerly line of said avenue and the southeast corner of Parcel No. 311; thence along the southerly line of said parcel north 79 degrees 40 minutes west 100 feet, south 10 degrees 20 minutes west 100 feet, north 65 degrees 56 minutes west 181.2 feet and north 73 degrees 58 minutes west 55.8 feet to the southwest corner of said parcel; thence along the westerly line of same the following courses and distances: North 79 degrees 40 minutes west 100 feet, south 10 degrees 20 minutes west 100 feet, north 65 degrees 56 minutes west 181.2 feet and north 73 degrees 58 minutes west 55.8 feet to the southwest corner of said parcel; thence along the westerly line of same the following courses and distances: North 79 degrees 40 minutes west 100 feet, north 7 degrees 31 minutes west 172.7 feet, north 4 degrees 37 minutes west 172.7 feet and north 9 degrees 03 minutes west 1,032.5 feet to the northwest corner of said Parcel No. 364; thence along the northerly line of same the following courses and distances: South 75 degrees 25 minutes east 117.1 feet south 81 degrees 10 minutes east 333.6 feet, south 76 degrees 51 minutes east 207 feet and south 78 degrees 14 minutes east 162 feet to a point in the northerly line of before mentioned Parcel No. 449 in Kensico avenue; thence partly along the northerly line of said parcel and the northerly lines of Parcels Nos. 404, 405, 406 and 407 south 79 degrees 40 minutes east 227.5 feet to the northeast corner of said Parcel No. 407, in the northerly line of before mentioned Parcel No. 449; thence along the northerly line of same the following courses and distances: South 75 degrees 25 minutes east 117.1 feet south 81 degrees 10 minutes east 333.6 feet, south 76 degrees 51 minutes east 207 feet and south 78 degrees 14 minutes east 162 feet to a point in the northerly line of before mentioned Parcel No. 449 in Kensico avenue; thence partly along the northerly line of said parcel and the northerly lines of Parcels Nos. 404, 405, 406 and 407 inclusive, contained in the above description.

Reference is hereby made to the said map, filed as aforesaid, in the office of the Register of the County of Westchester, for a more detailed description of the real estate to be taken in fee, as above described.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person so be interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be enclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
