DEPARTMENT OF TAXES AND ASSESSMENTS.

Hall of Records, July 1, 1910.

Hon. WILLIAM J. GAYNOR, Mayor of The City of New York:

Sir—In accordance with the requirements of section 1544 of the Greater New York Charter, we make the following report for the Department of Taxes and Assessments for the three months ending June 30, 1910. Though nominally this is a report for the last three months, it is actually a statement of all the principal transactions of the Department, including a summary of its work for the official year. The statistics which summarize the operations of the Department are fully set forth in an appendix to the report.

The total assessed valuation of taxable real and personal property for the year is as follows:

Real Estate	\$7,044,192,674
Personal Property.....	372,644,825
Total	\$7,416,837,499

Real Estate.

The table showing the comparative assessment of real estate by sections and Wards in all Boroughs is continued. The ordinary real estate is shown in the subdivisions of taxable lands and improvements. The real estate of corporations, which is almost exclusively private rights-of-way of public service corporations and improvements on such rights-of-way, is shown without any attempt to divide the same into land and improvements. It would be difficult to make this division, and in view of the fact that the right-of-way and all permanent fixtures attached to the freehold are considered real estate under the law, it would not be productive of much information if it were carried out. Special franchises include the tangible property of public service corporations, situated in streets and public places, together with the value of the privilege of maintaining and operating it there. Special franchises are assessed by the State Board of Tax Commissioners, who certify the results reached by them to this Board and such results are placed upon our assessment rolls.

The net increase in the assessed value of all real estate is \$237,012,970. The net increase in the assessed value of ordinary real estate is \$233,983,620. The difference is due to the decrease of \$8,592,300 in the assessed valuation of special franchises as certified by the State Board of Tax Commissioners, which is offset by the increase of \$11,621,650 in the assessed valuation of real estate of corporations.

The increase of \$233,983,620 in the assessed value of ordinary real estate is probably a little below what should be the normal increase year by year. It was stated in our report last year that the normal increase should be about four per cent. per year. This year's increase is somewhat less than that, but it is to be explained on account of the depression of real estate, which has continued during the period when our assessment work for this roll was being made. It is hoped that conditions will be improved by the time the next year's roll is made.

A table is presented analyzing the assessed value of all exempt real estate into about fifty separate classes, with a comparison of the years 1908, 1909 and 1910. This table shows the assessed value for 1910 in the aggregate as follows:

United States.....	\$70,582,300
State of New York.....	1,756,900
City of New York.....	964,309,185
Educational, Religious and other Exempt Institutions.....	322,365,754

Land and Improvement Value Compared.

The map of the City and the Borough maps show the sections and Wards. The comparative tables show the land and improvement values in every section and Ward for four years, with the increase in the valuation of the land and in the valuation of the improvements or the decrease, as the case may be. These statistics with the maps exhibit the assessments in such a manner that anyone interested may determine the fairness of the work throughout the City. An examination of these tables, section by section, will show that the percentage of value as between land and improvements has remained substantially the same.

Land Value Maps.

With our report last year we published as a supplement a volume of maps, showing the front foot values of inside lots on each side of every block in each Borough and of acreage where the land has not been subdivided into blocks and lots. The demand for these maps was very great. The Departmental offices were besieged with applicants and the requests by mail ran into the thousands. All applications were listed and the distribution was made most carefully, due regard being had to priority of application and the nature of the business of the applicants. Requests for these maps were received from many places outside of The City of New York. Requests came from most of the States of the Union, from Canada, England, Germany and Japan. As far as possible all such requests were complied with and many appreciative letters were received, expressing approval of this, the first attempt ever made to present to the public such detailed information of the work of assessment.

This year the Department has requested the Board of City Record to arrange for the publication of such maps as supplements to the CITY RECORD and for their sale at a uniform price of one dollar per Borough. In this way it is believed that the City will collect from purchasers sufficient to cover the cost of publication, the Department will be relieved of the necessity of selection among the applicants, and many who failed to obtain the maps last year will now be enabled to receive them.

Surveyor's Bureau.

The permanent land map has been completed for the Borough of Brooklyn by the creation of Sections 14 and 25, which were part of Wards 26, 29 and 32. Two Boroughs, Manhattan and Brooklyn, are now entirely subjected to the Block system, as is also so much of The Bronx as lies west of the Bronx River.

In preparing tentative maps in Queens after consolidation, great difficulties confronted the Surveyor on account of the imperfections of their existing maps and the entire lack of any maps for part of the territory. So far as practicable, local names were used to designate locations. With the rapid subdivision of large tracts the difficulty of suitably identifying lots increased. During the past year the Surveyor's Bureau has made new tentative maps for the Fourth Ward, dividing the Ward into blocks in the same manner as on the permanent land maps. This change will greatly facilitate the use by the public of the maps and records of the Department.

Organization of the Department.

In our report last year we published an outline of the organization of the Department and the assignment of the Deputies to the several Bureaus. This has been helpful in informing the public as to the methods and work of the Department, and it is repeated this year with some further detail.

The work of the Department admits of a threefold division:

1. The actual work of assessment in the field as performed by the District Deputies.
2. The supervision and direction of this work.
3. The review and correction of assessments on applications for reduction or on motion of the Board.

In the matter of the field work by the District Deputies during the past year, the districts have been increased by the subdivision of districts in Manhattan and Brooklyn, two districts being added in Manhattan and two in Brooklyn, and the Deputy assessing real estate of corporations has been assigned to that duty exclusively.

The number of parcels to be handled by the Deputies assigned to some of the districts had increased to too great a number, and relief has been had by the subdivision as stated above. There is constant need of careful study and changes in this respect by the Board, and the subject of mapping and boundaries of the different districts is now under consideration and may lead to more changes in the coming year. The subject of the supervision of the work of the District Deputies has received the careful consideration of the Board with a view to strengthening the efficiency of the Department. The Chief Deputy has been relieved from the duties of Deputy in charge of the Borough of Manhattan, which he has heretofore performed in addition to the duties of Chief Deputy. A Deputy in charge of Manhattan has been appointed. The Chief Deputy and the Assistant Chief Deputy will now be enabled to devote themselves to the general supervision and inspection of the entire City, which will require their full time and attention.

A number of changes in the office routine have been made by the Board, which it is believed have tended and will tend to greater efficiency and a more fixed responsibility and more rapid departmental work.

Analysis of the Cost of the Real Estate Bureau.

We have added this year an analysis of the cost of the Real Estate Bureau. Ninety-five per cent. of the total assessment of property upon the rolls for 1910 is real estate. Five per cent. of the total is personalty. The efficiency and economy of the Real Estate Bureau is, therefore, the real test of the departmental work. From

this analysis it appears that the cost of assessing each separate parcel of real estate is 83 cents, in which is included the cost of administration, supervision of the work, supplies and contingencies, the cost of the Surveyor's Bureau, the review of all applications for reduction of assessments and the cost of preparing the tax rate and extending the tax against 500,276 separate parcels. When these different charges not directly connected with the active work of assessment are eliminated, it is found that the cost per parcel is 48 cents.

Personal Property Assessment.

It appears to be difficult for the general public to understand the condition of the law regarding the assessment of personal property by this Department. This is not surprising, because the history of the assessment of personal property is a long and involved story. Briefly, it may be summarized as followst The theory of the liability of all property, both real and personal, for assessment dates back for more than one hundred years. At the time of its introduction the forms of personal property were much fewer and simpler than at present.

Beginning with 1823, attempts were made to tax corporations as corporations. About fifty years ago the law began to exempt some classes of personal property, and in more recent years has come the theory of substituting special taxes on special forms of personal property as a substitute for the liability of all personal property to the general property tax. This practice has been carried farther with succeeding Legislatures, until to-day the greater part of all the classes of personal property are subjected to special taxes and exempted from the general property tax. To enumerate only some of these taxes there may be mentioned the inheritance tax, the mortgage recording tax, the stock transfer tax, the tax on bank shares and trust companies and by the legislation of 1910 license taxes upon automobiles.

Early in the history of the State, the statutes permitted the offset of debt against the taxable personal property, and this remains the law to-day. By reason of the special taxes and consequent exemption from the general property tax and the offset of debt the volume of personal property liable to assessment under the general property tax has steadily decreased. There is to-day but a small portion, or what may really be called a remnant of personal property liable to assessment. With each exemption or special tax laid, the difficulties of administration have increased. Not only must the assessing officer avoid the attempt to assess classes of personal property which, by reason of special taxes, are exempt from the general property tax, but the investor, on the other hand, knowing the law, is constantly seeking so to invest his property as not to come within the jurisdiction of the official assessing under the general property tax. The difficulties of enforcing the law against the remnant of personal property liable to the general property tax, has thus increased year by year, and the irritation of the public at the attempt to enforce the law based upon this now almost obsolete theory, has increased correspondingly.

Nearly all the forms of permanent investment for personal property are now subjected to some special tax, thus stocks are exempt in the hands of the holder, because the corporation itself is assessed; mortgages are exempt provided they have paid the recording tax, and chapter 601 of the Laws of 1901, has extended this exemption to all bonds of corporations secured by a mortgage on real estate in the State of New York, provided the bonds are themselves presented for registration and taxation under the mortgage recording tax. Copyrights, patents, trademarks and goodwill have been held exempt. Bonds of the United States, of the State of New York, of The City of New York and of all the municipalities in the State of New York, have been exempted by statute.

In attempting to carry out the assesment of the general property tax on personal property to-day, we deal with three classes—corporations, estates and individuals. Corporations are subjected to a state tax with some exceptions, and it is worthy of note that a bill was pending at Albany this present year to exempt manufacturing corporations from the general property tax and make them liable to a tax for local purposes upon their profits, framed on lines similar to the State tax on corporations now subject to the State tax. In any event, few corporations now escape taxation by the State, and taxation by the municipality under the general property tax must inevitably mean double taxation. Estates are liable to the inheritance tax levied by the State, and by the legislation of 1910, chapter 706, the rates of taxation have been substantially increased. Attempts to assess personal property must therefore result in double taxation. The individual alone remains. If he puts his property into permanent investments he has a wide choice of exempt securities. If he puts his money into the channels of business the law permits him the offset of all his debts. What remains, therefore, taxable is simply the excess of his assets over his debts in current business and the value of his chattels. Even in the matter of chattels the substitution of special taxes continues, for by the legislation of 1910, automobiles have been exempted from local taxation and subjected to special taxes. Attention may also be called to the fact that there was pending in the legislature this last year a bill to extend the exemption so as to include all personal effects, household furniture and tools of mechanics.

The comparatively small amount of personal property held upon the rolls by The City of New York, namely, \$372,644,825, does not result from any laxity on the part of the administration. When the annual record of assessment or the assessment rolls, as they are popularly termed, were open for inspection on the second Monday of January, the total upon the rolls was \$1,266,546,159. As a result of the daily examinations of applicants for the reduction of assessments up to the 31st of March, the amount of the tentative rolls was reduced to \$372,644,825. Although great care was taken to purge the rolls of the names of all persons who are dead or propertyless, and there are fewer worthless assessments than ever before, nevertheless, past experience shows many millions of assessments as to which no applications for reduction were made and upon which no taxes can ever be collected.

An improvement has been made this year which will prevent errors and misunderstandings as to the assessments concerning which applications for reduction or cancellation were made. Each applicant, at the conclusion of the examination, was given a statement of the tentative action by the Commissioner. This statement advised the applicant of the amount of the final assessment, the place and date for paying taxes, and at the same time furnished him with the proof of the action taken to guard him against any mistake on the part of the Department.

Legislation.

A number of important tax measures were passed by the Legislature of 1910, but, except in one or two instances, they do not affect this Department. The progressive inheritance tax (chapter 706) is of far-reaching importance, and has been referred to elsewhere in this report. Chapter 601 does affect the administration of this Department. By this it is provided that bonds of a corporation secured by a mortgage on real estate in the State of New York may be presented by the owner or holder to the County Clerk or Register under the provisions of the mortgage recording tax, and upon registration and payment of a tax shall be exempt from local taxation. This will put these coporation bonds in the same class as real estate mortgages, and will exempt a large class of securities from further assessment under the personal property tax law. At the same time, judging by the experience under the mortgage recording tax, the annual revenue derived from the registration fee will probably exceed the tax collected under the general property tax.

Chapter 374 amends the law as to the taxation of automobiles by subjecting them to a State license, payable into the State Treasury for highway purposes, and exempts them from local taxation.

The taxation of manufacturing corporations was made the subject of discussion at a conference called by the Board of Trade and Transportation of The City of New York at Rochester, on March 30. To this conference were invited the representatives of all the cities of the State, all the chambers of commerce and other commercial bodies. The meeting was largely attended and was widely representative. The City of New York was represented by the Hon. Lawson Purdy, President of the Department of Taxes and Assessments, Mr. Edward L. Heydecker, Assistant to President Purdy, and the Hon. John J. Murphy, Tenement House Commissioner, who were appointed by Mayor Gaynor. The following resolutions were unanimously adopted:

Whereas, In addition to the direct purpose of taxation, which is to provide revenue for the support of government, economists now universally recognize that its indirect effect in checking or encouraging production is most powerful; and

Whereas, It is self-evident that the purpose of government should be to stimulate and not to repress production;

Whereas, The laws of Pennsylvania, Maryland, New Jersey and several other States, and of the Dominion of Canada for the taxation of manufacturing industries are framed or administered so as to relieve such interests from the taxation of such personal property as machinery and tools, and all investment employed in manufacturing, while the law of the State of New York requires the imposition of a tax upon such property, and such tax in this State is unequally imposed, being in some districts waived, and in others exacted.

And this inequality is due to the laxity in the one case, and to the zeal in others of the local assessors, but in all cases is imposed or waived as the whim, or wisdom, or zeal of such assessors may dictate, and in all such counties may be at any time imposed to the highest limit, and is an element of uncertainty, a menace, and a deterrent influence upon all manufacturing corporations contemplating a location or an expansion, and induces the location of corporations in other States whose laws are more favorable in this respect, and has resulted in taking many large corporate investments in manufacturing from New York State; and

Whereas, From 1890 to 1900, the capital invested in New York by manufacturing corporations has increased only 46.1 per cent., while in Pennsylvania it has increased 56.5 per cent.; the value of manufacturing products has increased in New York 27.1 per cent., and in Pennsylvania 37.8 per cent.; wage earners engaged in manufacturing have increased in New York 12.9 per cent., and in Pennsylvania 28.7 per cent.; and horse-power has increased in New York 52.1 per cent., and in Pennsylvania 88.4 per cent., in the same period of time; and

Whereas, The Courts have denounced the present antiquated statute of 1857, imposing a tax on the capital and surplus of corporations as being incapable of literal application without leading to absurd and inequitable results; be it

Resolved, That this conference hereby constitutes itself a committee, to be known as the Rochester Conference Committee, to further such legislation as will relieve the manufacturing industries of this State from discriminating taxation.

Resolved, That the Committee on Legislation be authorized and directed to further such legislation as will place the manufacturing industries of this State in respect of taxation upon as favorable a basis as those of Pennsylvania.

A bill was introduced by Senator Brough to carry out the suggestions of the resolutions, but failed of passage. If such a change in the laws of taxation affecting manufacturing corporations shall be adopted by the State of New York, it will prove a great stimulus to manufacturing interests, and will be of the greatest benefit to The City of New York.

A bill providing for the abolition of the tax upon the remnant of personal property now subject to the General Property Tax in The City of New York, was introduced at the request of the City Administration by the Hon. William Allaire Shortt, Member of Assembly from Richmond County. This bill was earnestly supported as a City measure, and was favorably reported by the Committee on Taxation, and no serious opposition was developed in public discussion. Respectfully submitted.

Note—This report is dated July 1, 1910, but before going to press the tax rate for 1910 has been fixed by the Board of Aldermen and is accordingly inserted to facilitate comparison.

Note—The tax rates given for the several Boroughs include the State tax for the previous year. The Borough rates are given in cents, the State tax in mills, being the tax imposed on \$1 of the assessed valuation.

The tax rate in the four Counties varies because County expenses are a County charge.

Section 24 of the Tax Law provides for the assessment of bank shares at their book value and for a uniform tax rate of 1 per cent. throughout the State. The assessment is made as of June 1, and the tax is payable December 31.

Bank share assessments are not included in the aggregate assessments of real and personal property submitted in this report. The tax, when collected, is turned into the General Fund, and becomes available for the general expenses of the City.

The Honorable Commissioners of Taxes and Assessments:

Gentlemen—I have the honor to transmit a statement of the transactions of my office for the quarter ending June 30, 1910:

Lot Alterations.

Borough of Manhattan—Alterations were made affecting 166 lots in the 37 volumes of block tax assessment maps.

Borough of The Bronx—Alterations were made affecting 784 lots in the 31 volumes of block tax assessment maps and in the 5 volumes of tentative maps.

Borough of Brooklyn—Alterations were made affecting 3,136 lots in the 118 volumes of block tax assessment maps.

Borough of Queens—Alterations were made affecting 1,432 lots in the 31 volumes of tentative maps.

Borough of Richmond—Alterations were made affecting 968 lots in the 13 volumes of tentative maps.

The duplicate copies of the tax maps used by the Deputy Tax Commissioners in all the Boroughs, and the copies of the block tax assessment maps in the offices of the Bureau of Arrears and Water Registrar in the Boroughs of Manhattan, The Bronx and Brooklyn, were corrected to correspond with the alterations made on the original maps.

The number of volumes of tax maps in the different departments now in actual use for purposes of levying taxes, water rents, assessments and arrears, is as follows:

Department of Taxes and Assessments.....	235
Duplicates used by Deputy Tax Commissioners.....	235
Comptroller's office, Bureau of Arrears.....	186
Department of Water Supply, Water Registrar.....	186

Lands Acquired for Public Purposes.

Lands acquired for street and other public purposes in seventy proceedings were properly shown on the tax maps: four of the proceedings were in the Borough of Manhattan, five in the Borough of The Bronx, fifty-two in the Borough of Brooklyn, eight in the Borough of Queens, and one in the Borough of Richmond.

Street Closing.

The Board of Estimate and Apportionment discontinued and closed one street in the Borough of Brooklyn, which was taken from the maps.

Changes of Names.

Pursuant to ordinances, three street names were changed in the Borough of Manhattan.

New Tentative Maps.

New tentative maps are in preparation for the 24th Ward, east of the Bronx River in the Borough of The Bronx, and for the 4th Ward of the Borough of Queens.

Land Value Maps.

Maps of the sixty Assessment Districts into which the City is divided were corrected to date, and the unit values established by the Deputy Commissioners for the year 1910 were marked on them. Respectfully submitted,

HENRY W. VOGEL, Surveyor.

CONTRACT No. 1233.

FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR FURNISHING AND DELIVERING COAL.

The time for the completion of the work and the full performance of the contract is on or before the expiration of one hundred and eighty (180) calendar days. The amount of security required for each class is as follows:

Class 1. About 3,000 tons of egg coal, the sum of \$5,000.

Class 2. About 100 tons of egg, stove or chest-nut coal, the sum of \$200.

Class 3. About 25 tons of semi-bituminous coal, the sum of \$100.

Class 4. About 501 tons of pea coal, the sum of \$600.

The bidder shall state a price per ton for furnishing and delivering all the coal called for in any class of the contract upon which a bid is submitted.

The total amount of any bid will be determined by multiplying the price bid per ton for each class of coal to be delivered by the total tonnage of each class provided in the contract. Each class of the contract, if awarded, will be awarded as a separate and distinct contract to the lowest bidder in that class whose bid is regular in all respects.

The attention of bidders is called to Article E of the contract, which permits the Commissioner to increase or decrease the amount of coal called for in any class to an extent not to exceed five (5) per cent.

Delivery will be required to be made at the time and in the manner and in such quantities as may be directed.

BOARD OF ESTIMATE AND APPORTIONMENT.

Franchise Matters.

PUBLIC NOTICE IS HEREBY GIVEN that at the meeting of the Board of Estimate and Apportionment held this day, the following proceedings were had:

Whereas, The Merchants' Refrigerating Company has, under date of January 27, 1910, made application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate conduits for refrigeration purposes, under and along Warren, Chambers, Reade, Greenwich, Duane, Washington, Jay and North Moore sts., and in such further territory in the Borough of Manhattan, City of New York, as may be agreed upon; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on June 10, 1910, fixing the date for a public hearing thereon as July 1, 1910, at which citizens were entitled to appear and be heard, and publication was had for at least two (2) days in the "New York Press" and the "Evening Post," newspapers designated by the Mayor, and in the City Record for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the Merchants' Refrigerating Company, and the adequacy of the compensation proposed to be paid therefor; now therefore it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Merchants' Refrigerating Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Merchants' Refrigerating Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all the terms and conditions, including the provisions as to rates and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of the City of New York be and he

hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

PROPOSED FORM OF CONTRACT.

This contract, made this day of 19 , by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Merchants' Refrigerating Company (hereinafter called the Company), party of the second part, witnesseseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree, as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate certain conduits with the necessary branches and extensions therefrom, leading directly into private property, for the sole purpose of supplying refrigeration to consumers, provided that no conduit be of a greater outside diameter than twelve (12) inches, including insulation or other covering; the same to be constructed and operated only beneath the surface of such of the streets, avenues and highways situate within the Borough of Manhattan, City of New York, as are included within the districts bounded and described as follows:

District Number 1.

Bounded on the north by the center line of Beach street; on the west by the center line of Hudson street; on the south by the center line of Franklin street, and on the east by the center line of Varick street.

District Number 2.

Bounded on the north by the center line of Harrison street, between Greenwich and Washington streets; on the west by an irregular line formed by the center lines of Washington street and Jay street, the westerly line of West street and the center lines of Duane street, Washington street, Warren street and Greenwich street; on the south by the center line of Murray street, between Greenwich street and West Broadway, and on the east by an irregular line formed by the center line of West Broadway, the center line of Hudson street, the center line of Duane street, prolonged in a straight line to the center line of Hudson street, and the center line of Greenwich street.

Provided, however, that upon written application to the Board by the Company, the Board may, by resolution, extend the lines of either of the districts hereinabove described to all or any part of a district bounded and described as follows:

District Number 3.

Bounded on the north by the center line of Hubert street; on the west by the westerly line of West street; on the south by the center line of Murray street; on the east by an irregular line formed by the center lines of West Broadway, Franklin street, Varick street, Beach street and Hudson street.

All of which districts being more particularly shown—Districts Numbers 1 and 2 by full red lines, and District Number 3 by dashed red lines—on a map entitled

"Map showing districts applied for by the Merchants' Refrigerating Company to accompany petition dated January 27, 1910, to the Board of Estimate and Apportionment, City of New York," signed by Frank A. Horne, Secretary, a copy of which is hereto annexed and made a part of this contract.

Should either of the districts known as District Number 1 and District Number 2 be extended as hereinbefore provided, then the terms and conditions of this contract shall apply to such extended districts.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The said right to construct, maintain and operate said conduits shall be held and enjoyed by the Company for the term of fifteen (15) years from the date upon which this contract is signed by the Mayor, with the privilege of renewal of said contract for the further period of ten (10) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding ten (10) years shall be reasonable and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuation so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of this original contract.

If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company each paying one-half thereof.

Second—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of two thousand dollars (\$2,000) in cash within one (1) month after the date on which this contract is signed by the Mayor, and before anything is done in exercise of the privilege hereby granted.

(b) During the first term of five years, an annual sum which shall in no case be less than eight hundred dollars (\$800), and which shall be equal to two (2) per cent. of its gross annual receipts, if such percentage shall exceed the sum of eight hundred dollars (\$800).

During the second term of five years, an annual sum which shall in no case be less than twelve hundred dollars (\$1,200), and which shall be equal to three (3) per cent. of its gross annual receipts, if such percentage shall exceed the sum of twelve hundred dollars (\$1,200).

During the third term of five years, an annual sum which shall in no case be less than fifteen hundred dollars (\$1,500), and which shall be equal to three (3) per cent. of its gross annual receipts, if such percentage shall exceed the sum of fifteen hundred dollars (\$1,500).

The gross receipts mentioned above shall be the total receipts from all business of furnishing refrigeration to consumers.

(c) An annual payment of twenty-five cents (\$0.25) for each linear foot of conduit constructed within the limits of any street, avenue or highway, excepting, however, such conduits as are constructed within the vault space or vault spaces of any building or buildings used or occupied exclusively by the Company for the purpose of its business.

An annual payment of two dollars (\$2) for each manhole constructed within the limits of any street, avenue or highway.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the Treasury of the City on February 1 of each year and shall be for the amount due to December 31 next preceding. Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and December 31 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before February 1 in each year for the year ending December 31 next preceding.

(d) Before any rights hereby conferred are exercised by the Company and within one (1) month from the date on which this contract is signed by the Mayor, the Company shall pay to the City the sum of two thousand due hundred dollars (\$2,500); said amount being due the City by reason of the unauthorized occupation of the streets by the Company or its predecessors.

Any and all payments to be made by the terms of this contract to the City by the Company shall be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other company providing for payments for refrigerating rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, or of any of the streets and avenues mentioned herein or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all conditions of this contract, and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fourth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual, firm or other corporation a similar right or privilege upon the same or other terms and conditions, over the same streets and avenues, or within the districts hereinbefore described.

Fifth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Sixth—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the conduits and appurtenances of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its conduits and appurtenances constructed pursuant to this contract and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Seventh—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets and avenues in which the Company is hereby authorized to operate.

Eighth—All construction which shall be made under this grant shall be done in a manner solely upon the terms and conditions hereafter to be imposed by the President of the Borough of Manhattan and the Commissioner of Water Supply, Gas and Electricity, or their respective successors in authority. The said Company shall submit a working plan of construction to the said President and to the said Commissioner, which shall include and show in detail the method of construction of said conduit line, connections, manholes and other appurtenances and the mode of protection of all subsurface construction under the streets and avenues in which the Company is hereby authorized to operate.

Ninth—Any alteration to the sewerage or drainage system, or to any other subsurface or to any surface structures in the streets, required on account of the construction or operation of the conduits of the Company, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Tenth—It is agreed that the right hereby granted shall not be in preference or in hindrance to public work of the City, and should the said conduits in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the conduits and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Eleventh—The Company shall bear the expense of keeping in repair for one year after it has been replaced, all payment which may at any time be removed by said Company, either for the purpose of construction or for the repairing of the conduit line and its appurtenances.

Twelfth—The Company shall bear the expense of inspection which may be required by the President of the Borough of Manhattan and the Commissioner of Water Supply, Gas and Electricity, and of all work of construction.

Thirteenth—The Company shall cause a test to be made of the pipes to be contained within the conduits hereby authorized whenever required by and under the supervision of the Commissioner of Water Supply, Gas and Electricity. The conditions of such test shall be as follows:

(a) If the test be made in the foundry where the pipes are manufactured, such pipes shall be subjected to a pressure of three hundred (300) pounds per square inch.

(b) If the test be made in the field, of pipes in use or ready for use, such pipes shall be subjected to a pressure of two hundred (200) pounds per square inch.

A certificate showing that such a test has been made without injury to the pipes shall be executed by an officer of the Company, and indorsed by the Commissioner of Water Supply, Gas and Electricity, and filed with the Board.

Fourteenth—The Company shall not charge consumers more than the following rates:

(a) Consumers making monthly contracts: Four (4) cents per month per cubic foot for boxes of not over 500 cubic feet;

Two (2) cents per month per cubic foot for boxes of over 500 cubic feet, but less than 1,500 cubic feet;

One (1) cent per month per cubic foot for boxes of 1,500 cubic feet and over.

(b) Consumers making yearly contracts: Fifteen (15) cents per year per cubic foot of box.

These rates to apply to boxes located not above the first floor of any building.

During the term of this contract the Board shall have absolute power to regulate the maximum rates, provided that such rates shall be reasonable and fair.

Fifteenth—The Company, upon the application for refrigeration of any person, firm or corporation whose premises are located within Districts Numbers 1 and 2, or if such districts be extended as hereinbefore provided, then within such extended districts, shall extend its conduits to such premises and furnish to said applicant refrigeration at the rates herein prescribed or at such rates as may be hereafter fixed by the Board as herein provided. The Company shall not be required, however, to furnish refrigeration to applicants whose premises are located above the first floor of any building.

Sixteenth—A correct map shall be furnished to the Board by the Company on the first day of February, 1911, showing the exact location of all conduit lines and manholes constructed, with reference to the street lines, the curb lines and the street surface, together with a statement of the total length of such conduit. On the same date of each succeeding year, during the term of this contract, a supplementary map shall be furnished the Board showing all conduits laid during the preceding year.

Seventeenth—The conduit lines hereby authorized shall be used only by the Merchants' Refrigerating Company, and for no other purpose than supplying refrigeration.

Eighteenth—The Company shall submit a report to the Board not later than February 1, in each year, for the year ending December 31 next preceding, and at any other time, upon request of the Board, which shall state:

1. The amount of stock issued; for cash; for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt by last report.
5. The total amount of funded debt.
6. The floating debt as by last report.
7. The total amount of floating debt.
8. The total amount of funded and floating debt.

9. The average rate per annum of interest on funded debt.
10. Statement of dividends paid during the year.

11. Number of feet of conduit now laid.
12. The total amount expended for same.

13. Amount, kind and capacity of machinery now in use and required for operation.
14. The total amount expended for same.

15. Quantity of refrigeration produced during the year and the average price received for same.
16. Quantity used in Company's own warehouses.

17. Quantity furnished to outside consumers.
18. Number and location of warehouses occupied by the Company, exclusively or in part, and the extent of such occupation by the Company.

19. Number of outside consumers supplied.
20. Amounts paid by Company for damages to persons or property on account of construction and operation.

21. Total expenses of operation, including salaries.

—and such other information in regard to the business of the Company as may be required by the Board.

Nineteenth—The Company shall at all times keep accurate books of account of the gross earnings from the privileges granted under this contract, and on or before February 1 in each year shall make a verified report to the Comptroller of the City of New York of the business done by the Company for the year ending December 31 next preceding, as he may prescribe. Such report shall contain the number of feet of conduit laid and the number of manholes constructed during the year, and also a statement of the gross receipts from all business of furnishing refrigeration to consumers, together with such other information and in such detail as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report; and may examine its officers under oath.

Twentieth—In case of any violation or breach or failure to comply with any of the provisions herein contained or with any orders of the Board acting under the powers herein reserved, the franchise or consent herein granted may be for-

feited by a suit brought by the Corporation Counsel on notice of ten days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the conduits constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Twenty-first—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its conduits and appurtenances as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of fifty dollars (\$50) as fixed or liquidated damages, or the Board, in case such conduits or appurtenances which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Twenty-second—The Company shall assume all liability to persons or property by reason of the construction or operation of the conduits authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Twenty-third—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of three thousand dollars (\$3,000), either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract and compliance with all orders of the Board, acting under the powers herein reserved, especially those which relate to the payment of the annual charges for the privilege hereby granted, the rendering of efficient public service at the rates herein fixed, the repairs of the street pavement and the maintenance of the property in good condition throughout the whole term of this contract, and in case of default in the performance by the Company of such terms and conditions, or compliance with such orders, or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or in case of failure to observe the said terms and conditions of this contract, or its neglect or refusal to comply with any notice or direction of the Board, or other municipal officials, given or made pursuant to the terms of the contract, or under the authority of any laws or ordinances now or hereafter in force in such case and in any of these events, the Company shall pay to the City a penalty of one hundred dollars (\$100) for each violation, which sums may be deducted from said fund.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President or other officer to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or after a hearing appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice in writing, pay to the City a sum sufficient to restore said security fund to the original amount of three thousand dollars (\$3,000), and in default thereof this contract shall be canceled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or rights under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Twenty-fourth—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Twenty-fifth—The words "streets or avenues" and "streets and avenues," wherever used in this contract, shall be deemed to mean "streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title or over which the public has an easement," included in the districts hereinabove described, and under the surface of, or in which authority is hereby given to the Company to construct or maintain its conduits.

Twenty-sixth—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned shall be transferred by law to any other Board, authority, officer or officers, then and in such case such other Board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Sec. 3. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part by its Mayor, thereunto duly authorized by the

Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

THE CITY OF NEW YORK,
Mayor.
[CORPORATE SEAL.] By City Clerk,
MERCHANTS' REFRIGERATING COMPANY,
[SEAL.] By Secretary.

(Here add acknowledgments.)
Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, including the provision as to rates and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions for the grant of a franchise or right applied for by the Merchants' Refrigerating Company and by said form of a proposed contract for the grant of such franchise or right, containing said results of such inquiry, after the same shall be entered in the minutes of this Board shall be published for at least twenty (20) days immediately prior to Friday, September 16, 1910, in the City Record, and at least twice during the ten (10) days immediately prior to Friday, September 16, 1910, in two daily newspapers to be designated by the Mayor therefor, and published in The City of New York, at the expense of the Merchants' Refrigerating Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of a franchise or right applied for by the Merchants' Refrigerating Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will at a meeting of said Board, to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on Friday, September 16, 1910, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

(New York "Sun" and "Herald" designated.)
JOSEPH H. AAG, Secretary.
Dated New York, July 1, 1910. a25,516

PUBLIC NOTICE IS HEREBY GIVEN that at the meeting of the Board of Estimate and Apportionment held this day, the following proceedings were had:

Whereas, The Staten Island Rapid Transit Railway Company has, under date of June 3, 1910, made application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate two additional tracks, together with the necessary bridge or viaduct therefor over and across Western Avenue in the Third Ward, Borough of Richmond, and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws this Board adopted a resolution on June 10, 1910, fixing the date for public hearing thereon as July 1, 1910, at which citizens were entitled to appear and be heard; and publication was had for at least two (2) days in the "New York Press" and the "New York Herald," newspapers designated by the Mayor, and in the City Record for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the Staten Island Rapid Transit Railway Company and the adequacy of the compensation proposed to be paid therefor; now therefore it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Staten Island Rapid Transit Railway Company containing the form of proposed contract for the grant of such franchise or right be hereby introduced and entered in the minutes of this Board as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Staten Island Rapid Transit Railway Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof embodying all the terms and conditions including the provisions as to rates and charges upon and subject to the terms and conditions in said proposed form of contract contained and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

PROPOSED FORM OF CONTRACT.
This contract, made this day of 19 , by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and The Staten Island Rapid Transit Railway Company (hereinafter called the Company), party of the second part, witnesses:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate two (2) additional tracks, together with the necessary bridge or viaduct therefor over and across Western Avenue, Third Ward, Borough of Richmond, said tracks to be constructed immediately to the south of the present track of the Company crossing over and above such avenue, all as shown on a map entitled:

"Map Showing Proposed Tracks Over and Across Western Avenue in the Third Ward, Borough of Richmond, City of New York. To Accompany Petition of the Staten Island Rapid Transit Railway Co. To the Board of Estimate and Apportionment."

—signed by Geo. H. Campbell, Vice-President, and Wm. B. Redgrave, Division Engineer, attached to this contract and made a part hereof.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The said right to construct, maintain and operate said railroad tracks shall be held and enjoyed by the Company from the date on which this contract is signed by the Mayor to and until October 28, 1934, with the privilege of renewal of said contract for the further period of twenty-five (25) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the

Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigation, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuation so ascertained, fixed and determined, shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of this original contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of one hundred and fifty dollars (\$150) in cash within three (3) months after the date on which this contract is signed by the Mayor, and before anything is done in exercise of the privilege hereby granted.

(b) From the date on which this contract is signed by the Mayor until October 28, 1914, the annual sum of one hundred and fifty dollars (\$150).

(c) During the succeeding term of ten (10) years the annual sum of two hundred dollars (\$200).

(d) During the last term of ten (10) years the annual sum of three hundred dollars (\$300).

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the Treasury of the City on November 1 of each year, and shall be for the amount due to September 30 next preceding. Provided that the first annual payment shall be only for that portion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Any and all payments to be made by the terms of this contract to the City by the Company, shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—The annual charges or payments herein provided for shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any railroad or railway company providing for payment for railroad or railway rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, or of any part thereof, shall be valid or effectual for any purpose unless a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fourth—The consent hereby given shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall title, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the acts of the said grantee, its successors or assigns, or by operation of law, without the consent in writing of the City, acting by the Board, or its successors in authority.

Fifth—Upon the termination of this contract, or if the same be renewed, then upon the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the tracks and equipment of the Company constructed pursuant to this contract within the street shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to the Company or any other company or individual.

If, however, at the termination of this contract, as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its tracks and other equipment constructed pursuant to this contract, and the said street shall be restored to its original condition at the sole cost and expense of the Company.

Sixth—The Company shall commence and complete the construction of the tracks and appurtenances herein authorized within three (3) years from the date upon which this contract is signed by the Mayor; otherwise the rights herein granted shall cease and determine.

Seventh—The Company shall pay the entire cost of the construction and maintenance of the tracks and bridge or viaduct herein authorized to

be constructed, and in addition shall pay the following:

(a) The cost of the protection of all surface and subsurface structures which shall be in any way disturbed by the construction of such tracks, and the bridge or viaduct.

(b) All changes in sewer or other subsurface structures made necessary by the construction of the said tracks and the bridge or viaduct, including the laying or relaying of pipes, conduits, sewers or other structures.

(c) The replacing or restoring the pavement in said street which may be disturbed during the construction of the tracks, and the bridge or viaduct.

(d) The inspection of all work during the construction or removal of the tracks, and the bridge or viaduct, as herein provided, which may be required by the President of the Borough of Richmond and the Commissioner of Water Supply, Gas and Electricity.

Eighth—Before the construction shall be begun the Company shall obtain permits to do the work from the President of the Borough of Richmond and from the Commissioner of Water Supply, Gas and Electricity. The Company shall perform all the duties which may be imposed upon it by these officials, as conditions of such permits, provided such conditions are not inconsistent with the provisions of this consent. The Company shall submit to these officials working plans, which shall include and show in detail the method of construction of said railroad tracks and the bridge or viaduct, and the mode of protection or changes in all subsurface structures required by the construction of the same.

Ninth—The bridge or viaduct to be constructed under this contract shall, subject to the approval of the President of the Borough of Richmond, be constructed in a single span from house-line to house-line, and there shall not be any supporting columns erected in the street. Such viaduct or bridge shall have a vertical clearance of not less than sixteen (16) feet above the centre of the street, and shall have drip pans placed under the same for the entire width of the street. The said tracks and bridge or viaduct shall be constructed, maintained and operated at the expense of the Company, subject to the supervision, control and inspection of the proper authorities of The City of New York who have jurisdiction over such matters under the Charter of the City or by this contract.

Tenth—The Company shall be liable for all damages to persons or property, including the street and subsurface structures therein, by reason of the construction and operation or maintenance of said railroad tracks and appurtenances, and it is a condition of this consent that The City of New York assumes no liability to either person or property on account of this consent.

Eleventh—Free and uninterrupted access to and passage over the street shall be maintained at all times, both during construction and thereafter, and no cars shall be allowed to stand upon said railroad tracks within the limits of said street.

Twelfth—This consent is granted on the further and express condition that all laws or ordinances now in force, or which may hereafter be adopted, shall be strictly complied with.

Thirteenth—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights hereby conferred, shall deposit with the Comptroller of the City the sum of five hundred dollars (\$500) either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract, especially those which relate to the payment of the annual charge for the privileges hereby granted, and the proper construction, maintenance and operation of the structures hereby authorized, and in case of default in the performance by the Company of such terms and conditions the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice in writing to the Company; or in case of failure to keep the other terms and conditions of this contract, the Company shall pay a penalty of ten dollars (\$10) per day for each day of violation.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President or other officer to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provision. If the Company fails to make an appearance, or after a hearing appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice in writing, pay to the City a sum sufficient to restore said security fund to the original amount of five hundred dollars (\$500), and in default thereof this contract shall be annulled at the option of the Board, acting on behalf of the City. No action or proceeding or right under this or any other provision of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Fourteenth—In case of any violation, or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railroad tracks and other structures constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Fifteenth—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Sixteenth—The word "street," wherever used herein, shall be deemed to mean such streets, avenues, highways, driveways, concourses, boulevards or public places across and over which the Company is hereby granted the right to construct its tracks.

Sec. 3. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the Laws of the State of New York.

Sec. 4. Nothing in this contract contained shall be deemed to limit in any way the police power now vested or hereafter to be delegated or granted to the City by the State of New York.

Sec. 5. The Company promises, covenants and agrees to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

THE CITY OF NEW YORK.

[SEAL.] By Mayor.
Attest: City Clerk.
THE STATEN ISLAND RAPID TRANSIT RAILWAY COMPANY,
Vice-President.
Secretary.

(Here add acknowledgments.)

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor and of the terms and conditions, including the provisions as to rates, fares and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract.

Resolved, That these preambles and resolutions, including the said resolution for the grant of the franchise or right applied for by the Staten Island Rapid Transit Railway Company and the said form of a proposed contract for the grant of such franchise or right, containing said results of such inquiry after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to Friday, September 16, 1910, in the City Record and at least twice during the ten (10) days immediately prior to Friday, September 16, 1910, in two daily newspapers to be designated by the Mayor therefor and published in The City of New York at the expense of the Staten Island Rapid Transit Railway Company, together with the following notice to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the Staten Island Rapid Transit Railway Company and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will at a meeting of said Board to be held in the old Council Chamber, City Hall, Borough of Manhattan, City of New York, on Friday, September 16, 1910, at 10:30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

DEPARTMENT OF HEALTH.

AT A MEETING OF THE BOARD OF Health of the Department of Health, held August 16, 1910, the following resolution was adopted:

Resolved, That section 69 of the Sanitary Code of the Board of Health of the City of New York, be and the same is hereby amended so as to read as follows:

Sec. 69. No person shall manufacture or produce or have, sell or offer for sale in the City of New York any drug which is adulterated or misbranded. The term drug as herein used shall include all medicines for external or internal use, or both. Drugs as herein defined shall be deemed adulterated:

(a) If when sold by or under a name recognized in the United States pharmacopoeia or National formulary, it differs from the standard of strength, quality or purity as determined by the test laid down in the United States pharmacopoeia or National formulary official at the time of investigation; provided that no drug defined in the United States pharmacopoeia or National formulary shall be deemed to be adulterated under this provision if the standard of strength, quality or purity be plainly stated upon the bottle, box or other container thereof; although the standard may differ from that determined by the test laid down in the United States pharmacopoeia or National formulary.

(b) If its strength or purity falls below the professed standard under which it is sold.

A drug shall be deemed misbranded:

(a) If it be an imitation or offered for sale under the distinctive name of another article.

(b) If the contents of the package as originally put up shall have been removed, in whole or in part, and other contents shall have been placed in such package, or if the package fails to bear a statement on the label of the quantity or proportion of any alcohol, morphine, opium, cocaine, heroin, chloroform, cannabis indica, chloral hydrate or acetanilid, or any derivative or preparation of any such substances contained therein.

(c) If the package or its label bear any statement, design, or device regarding the ingredients or regarding their action on diseased conditions, which statement, design or device shall be false or misleading in any particular.

Notices to Property Owners.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF MANHATTAN:

NINETEENTH WARD, SECTION 5.
MADISON AVENUE—RESTORING ASPHALT PAVEMENT in front of No. 652. Area of assessment: West side of Madison avenue, between 60th and 61st sts., known as Lot 17, in Block 1375.

The above assessments were certified to the Collector of Assessments and Arrears, under the provisions of section 391 of the Greater New York Charter.

—that the same were entered on August 20, 1910, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room H, 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before October 19, 1910, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessments became liens to the date of payment.

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title in fee, wherever the same has not been heretofore acquired, to the lands and premises required for the purpose of opening and extending FIFTH STREET, between Smith street and Hoyt street, in the Tenth and Twelfth Wards, Borough of Brooklyn, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, Second Department, at a Special Term of said Court, to be held for the hearing of motions, in the County Court House, in the County of Kings, in the Borough of Brooklyn, The City of New York, on the 2d day of September, 1910, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of three Commissioners of Estimate, one of whom shall be appointed Commissioner of Assessment, in the above entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title in fee by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for the opening and extending of Fifth street, between Smith street and Hoyt street, in the Tenth and Twelfth Wards, Borough of Brooklyn, City of New York, being the following described lots, pieces or parcels of land, viz.:

1. Thence northerly along the west line of Smith street 61.40 feet;
2. Thence easterly, deflecting 102 degrees 16 minutes 15 seconds to the right, 674.10 feet to the east line of Hoyt street;
3. Thence southerly, deflecting 84 degrees 50 minutes 4 seconds to the right, 60.24 feet along the east line of Hoyt street;
4. Thence westerly 666.47 feet to the point of beginning.

The Board of Estimate and Apportionment, on the 8th day of October, 1909, duly fixed and determined the area of assessment for benefit in this proceeding as follows:

Beginning at a point on the easterly side of Smith street where it is intersected by a line midway between Fourth street and Fifth street, and running thence easterly along the said line midway between Fourth street and Fifth street and along the prolongation of the said line to a point distant 300 feet easterly from the easterly line of Hoyt street, the said distance

being measured at right angles to Hoyt street; thence southwesterly at right angles to Fifth street to the intersection with the bulkhead of Gowanus Canal; thence southwesterly along the said bulkhead to the intersection with a line distant 100 feet southerly from and parallel with the southerly line of Fifth street, the said distance being measured at right angles to Fifth street; thence westerly along the said line parallel with Fifth street and along the prolongation of the said line to the intersection with the westerly line of Smith street; thence westerly at right angles to Smith street a distance of 100 feet; thence northwesterly and parallel with Smith street to the intersection with a line at right angles to Smith street and passing through the point of beginning; thence easterly along the said line at right angles to Smith street to the point or place of beginning.

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to amending its application heretofore made in the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of CASTLETON AVENUE (although not yet named by proper authority), from Columbia street to Jewett avenue, in the First Ward, Borough of Richmond, City of New York, as amended by an order of the Supreme Court of the State of New York, Second Department, duly entered and filed in the office of the Clerk of the County of Richmond on the 17th day of May, 1910, making the lines conform with those of Castleton avenue, between Jewett avenue and Columbia street, as shown upon a map or plan adopted by the Board of Estimate and Apportionment on the 11th day of March, 1910, so as to make the lines and grades conform with those of Castleton avenue, between Columbia

street and Jewett avenue, as shown on a map or plan bearing the signature of the President of the Borough of Richmond and dated June 10, 1910, and adopted by the Board of Estimate and Apportionment on July 1, 1910.

PURSUANT TO THE STATUTE IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, Second Department, at a Special Term of said court, to be held for the hearing of motions, at the County Court House, in the Borough of Brooklyn, in the City of New York, on the 24th day of August, 1910, at the opening of the court on that day, or as soon thereafter as counsel can be heard thereon, for an order amending the proceeding entitled, "In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of Castleton avenue (although not yet named by proper authority), from Columbia street to Jewett avenue, in the First Ward, Borough of Richmond, City of New York, as amended by an order of the Supreme Court of the State of New York, Second Department, duly entered and filed in the office of the Clerk of the County of Richmond on the 17th day of May, 1910, making the lines conform with those of Castleton avenue, between Jewett avenue and Columbia street, as shown upon a map or plan adopted by the Board of Estimate and Apportionment on the 11th day of March, 1910," so as to make the lines and grades conform with those of Castleton avenue, between Columbia street and Jewett avenue, as shown upon a map or plan bearing the signature of the President of the Borough of Richmond and dated June 10, 1910, and adopted by the Board of Estimate and Apportionment on July 1, 1910.

Castleton avenue, from Columbia street to Jewett avenue, in the First Ward, Borough of Richmond, City of New York, is shown upon a map entitled "Map changing the map or plan of The City of New York as to certain parts thereof, in the Borough of Richmond, to wit: Layout and grades of the extension of Castleton avenue, from Columbia street to Jewett avenue, Borough of Richmond, City of New York," which map is dated June 10, 1910, and adopted by the Board of Estimate and Apportionment July 1, 1910, and is bounded and described as follows:

Beginning at the point of intersection of the westerly prolongation of the northerly line of Castleton avenue, east of Columbia street, and the westerly line of Columbia street, which point is more particularly defined by reference to monuments in the map heretofore mentioned:

1. Thence southerly along said westerly line of Columbia street 60.29 feet.
2. Thence westerly, deflecting 95 degrees 40 minutes 00 seconds to the right, 95.96 feet, to the easterly line of Jewett avenue.
3. Thence northerly, deflecting 122 degrees 49 minutes 00 seconds to the right, along said easterly line of Jewett avenue 88.21 feet.
4. Thence easterly, deflecting 86 degrees 24 minutes 10 seconds to the right, 28.95 feet.
5. Thence still easterly 877.93 feet to the point of beginning.

Castleton avenue, from Columbia street to Jewett avenue, in the First Ward, Borough of Richmond, is shown upon "Map changing the map or plan of The City of New York as to certain parts thereof, in the Borough of Richmond, to wit: Layout and grades of the extension of Castleton avenue, from Columbia street to Jewett avenue, Borough of Richmond, City of New York," which map was dated June 10, 1910, and adopted by the Board of Estimate and Apportionment July 1, 1910, and filed in the office of the Corporation Counsel of The City of New York on the 3d day of August, 1910, in the office of the President of the Borough of Richmond and in the office of the Clerk of the County of Richmond on or about the same day.

Dated New York August 11, 1910.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any service, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, stakeholder or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
