The Committee recommended disapproval for the reason that it is proposed to place this tablet on the outside of a building, and it is a policy adopted by the Commission and approved generally by City officials that such tablets containing the names of the persons who occupy positions in the Departments are not suitable decorations for the exteriors of public buildings; but the Committee would be willing to recommend the approval of an appropriate tablet for the interior of the building.

On motion, the report of the Committee was adopted and the following resolution passed:

Certificate 1736. Resolved, That the Art Commission hereby disapproves the designs for a tablet to be placed on the exterior of the Administration Building of the Sea View Hospital, Richmond, represented by Exhibits "189CM" and "189CN," of record in this matter.

Submission 1819—Hamburg-American Line Pier Shed.

The Committee recommended that the designs be given preliminary approval, with the understanding that in making the final drawings that a little more architectural treatment be given to the exterior in order that it may more nearly correspond with the building recently erected on an adjoining pier.

On motion, the report of the Committee was adopted and the following resolution passed:

Certificate 1737. Resolved, That the Art Commission hereby approves, but as preliminary drawings only, the designs and location of a pier shed at the foot of 25th st., for the Hamburg-American Line, represented by Exhibits "779A," "779B," "779C," and "779D," of record in this matter.

In the cases in which preliminary approval was given, the Assistant Secretary was directed to notify the proper authorities that when working drawings have been completed they should be submitted to the Commission for final approval; also to transmit copies of the reports of the Committee to the proper authorities.

The Committee on Restoration of Rotunda, City Hall, reported that their work was completed and they were thereupon discharged.

In accordance with the notice given at the last regular meeting of the Commission, upon November 10, Commissioner Stokes moved that the Rules and Procedure of the Art Commission be amended by adding rule 22, which should read as follows:

Rule 22. Samples of materials which it is proposed to use on the exterior of structures to be erected from approved designs, together with a detail at not less than one-half inch scale showing the proposed color scheme in designs calling for polychrome treatment, shall be submitted to the Commission, and that no work shall be done until such samples have been approved in writing. Samples of such of the following materials as it is intended to use shall be submitted; one brick, showing proposed color and texture; one sample (six inches square and one inch thick) of stone, terra cotta, cement, stucco and tile, showing proposed surface treatment, color and texture. All samples shall be properly labeled and signed and shall remain the property of the Art Commission.

On motion, the proposed amendment was unanimously adopted.

The following Committees reported progress: Relocation of Statues, City Hall, Assay Office Facade, Quarters and Staff.

On motion, the following testimonial was unanimously adopted:

We, the member of the Art Commission of The City of New York, deeply regret that we are to lose from our membership Mr. I. N. Phelps Stokes, whose term expires December 31. We hereby express our sincere appreciation of the conscientious and efficient manner in which Mr. Stokes has performed the duties—always arduous and exacting—of architect member of the Commission. In fact, he has exalted duties into opportunities to serve the Commission and thereby the City. We have grown accustomed to rely upon his impartial judgment and shall greatly miss him from our counsels. His tact and kindness, his devotion and loyalty, his pleasing personality and uniform courtesy have endeared him to all of his associates.

Resolved, That the Secretary be instructed to send to Mr. Stokes a copy of the above testimonial.

On motion, the meeting adjourned.

J. Q. ADAMS, Assistant Secretary.

\*Includes two improvements for which partial final authorization has been given.

A comparison of the estimated value of improvements for which final authorization has been given since January 1, 1913, and of all outstanding preliminary authorizations, with the value of the assessment lists relating to authorizations since January 1, 1902, returned in 1913, up to and including December 12, shows as follows:

| Borough.  | Amount for Which Final Authorization Has been Given in 1913, Plus Outstanding Preliminary Authorizations. | Assessment Lists Returned. |
|-----------|---|----------------------------|
| Manhattan | \$828,700 00  | \$451,911 78               |

| Total     | \$16,972,500 00   | *\$7,196,245 40            |

\*Includes \$931,837.65 returned on contracts for repaving certain streets in Queens which were completed and reported to the Comptroller during 1913, pursuant to the provisions of chapter 679 of the Laws of 1911.

In the report for the quarter ending September 30, 1913, it was shown that in the Borough of Queens improvements aggregating in cost \$756,929.94 were reported as being complete but not returned to the Board of Assessors, this amount exceeding the limitation placed upon the Borough by \$256,929.94, and under the rule of the Board no further improvements for this Borough have since been authorized. The records of the Board of Assessors now show that assessment lists have been returned to an amount greater than the deficiency, thus clearing the way for granting further authorizations for local improvements in this Borough.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

*Public Hearing on the Proposed Extension of the Area of Assessment in the Proceeding for Acquiring Title to the Lands Required for the Widening of Canal Street, at Its Easterly Junction with the Bowery, Borough of Manhattan (Cal. No. 8).*

(At the meeting of the Board on December 11, 1913, the hearing in this matter was continued to December 18, 1913.)

The Secretary presented affidavit of publication, showing that the matter had been duly advertised.

The Secretary presented the following Committee report:

Board of Estimate and Apportionment, City of New York, December 15, 1913.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—At the meeting of the Board of Estimate and Apportionment held on October 2, 1913, a petition asking for a reapportionment of the cost of the acquisition of title to the triangular area at the northeasterly corner of Canal street and the Bowery for the purpose of widening Canal street at this point was referred to a committee consisting of the Comptroller, the President of the Board of Aldermen and the President of the Borough of Richmond for consideration and report.

At the preceding meeting, held on September 25, the Board directed that a public hearing be held on October 23 upon a modified area of assessment suggested by the Chief Engineer of the Board in order to give a certain measure of relief from

assessments which were claimed to be very burdensome and out of proportion to the benefit which would be derived from the inclusion in the street area of the property which has been acquired and title to which is already in The City of New York.

Your Committee has given hearings to interested property owners and has very carefully considered the entire question. At these hearings the owners of property within the area of assessment both directly and through their attorneys have laid great emphasis upon the fact that this widening of Canal street at its junction with the Bowery is simply an addition to the plaza at the Manhattan end of the Manhattan Bridge, and they insist that the expense of acquiring this addition should be paid for in the same manner as was the original bridge plaza, namely, by the City at large. They also refer to a number of other street extensions and widenings which have been carried out by the City in recent years, such as the widening of Delancey street and its extension to Elm street, which extension is known as Kenmare street, the extension of Flatbush avenue, in the Borough of Brooklyn, and the widening of Livingston street, in the same Borough, in all of which the entire expense was assumed by The City of New York. In two of the above cases, namely, the widening of Delancey street and the widening of Livingston street, it should be noted that assessments were levied for a substantial part of the expense, but the property owners were relieved from these assessments through acts of the Legislature, the act with respect to Delancey street being permissive and the relief having been granted by the Board of Estimate and Apportionment, while in the case of Livingston street the act was mandatory, no action having been taken by the Board.

Your Committee is not greatly impressed with the argument that because the City has paid the entire cost of certain improvements it should treat all other similar improvements in the same manner, especially in view of the fact that in a number of the cases referred to the Board of Estimate and Apportionment had before it no Local Board resolution, and believed at that time that it had not the power to initiate without such Local Board resolution a proceeding to acquire title and assess any portion of the cost. The right to do this has since been clearly established, and the Board has availed itself of that right in a number of instances, one of which is the proceeding now under consideration.

Your Committee believes that there has been great local benefit from the important improvements above referred to, and that it was distinctly unfair to place the entire cost upon the City at large, with no local assessment whatever. We believe that if there be local benefit from this widening of Canal street there should be a corresponding local assessment.

Those who have appeared before us have argued that there is no local benefit whatever, some of them even maintaining that they have been damaged instead of being benefited, and they cite cases where rentals, and even sale prices, have actually decreased during the last two or three years. We believe, however, that while there may be cases of this kind this shrinkage in values is only temporary and is due to the disturbance and confusion incidental to the construction work connected with the improvement of the bridge plaza and the building of the subway to connect with the Manhattan Bridge, and that when this work shall have been completed there will be a substantial increase in values, due not only to the creation of the plaza, no portion of the cost of which has been assessed, but also to the widening, the cost of which it is proposed to assess in part upon the property deemed to be benefited.

Another argument submitted to your Committee is that the widening of Canal street is due solely to the prolongation of the lines of the Manhattan Bridge to the Bowery, instead of stopping them at Canal street; that the work now undertaken is the correction of a mistake in the original plans, and that this widening should be regarded as the completion of the Manhattan Bridge and not as the widening of Canal street. They argue that bridges or the approaches to bridges are very different from streets, and that while the City has always assessed the expense of street extensions and widenings, it has not been its policy to assess the cost of bridges or approaches leading to them.

Your Committee believes that bridges across the East River or other streams are simply highways carried across those streams, this idea having been well established when all tolls upon our bridges were abolished for the simple reason that they are highways and should be treated as such. The volume of traffic changes from time to time in different streets, and it assumes different courses owing to improvements made in different parts of the City or to the development of a particular kind of business in certain sections. As a result of these changes it becomes necessary to widen streets and to cut off corners in order to accommodate such traffic, and the expense of doing so has lately been met by assessment upon the property deemed to be benefited, while in some cases the City or one or more Boroughs have contributed a portion of the cost.

We believe that the widening of Canal street at its junction with the Bowery is one of those cases, and that it involves a certain amount of local benefit.

The difficult question to be determined in this, as in other cases, is the proportion of the cost which will represent the local benefit. The Board has already determined that two-thirds of the entire cost should be placed upon the City at large and one-third upon a local area benefit, upon which a hearing was given at the time the proceeding was instituted. While the area acquired is only slightly over 11,000 square feet, or the equivalent of about 4½ city lots, the awards for property taken, including consequential damages, amount to approximately \$500,000, while the interest and incidental expenses amount to about \$133,000 more. The third of the total expense which under the original resolution of the Board of Estimate and Apportionment is to be assessed, amounts to about \$211,000. The area of benefit adopted by the Board extends up the Bowery two and one-half blocks above Canal street and half a block south, and includes one and one-half blocks east and west of the Bowery to a point midway between Hester and Grand streets and one-half block on either side of the Bowery from the middle of the block between Hester and Grand streets to the middle of the next block north. The tentative assessments within this area vary greatly. At the northwesterly corner of Canal and Chrystie streets a parcel 50 by 75 feet, no portion of which was taken, and which therefore received no award, is \$6,295.72. The parcel on Canal street immediately next to this was awarded damages to the amount of \$48,000 for about one-third of its area which was taken, while the assessment upon the remnant which was left is \$4,657. A parcel on the Bowery having a frontage of 38 feet and a depth of 118 feet, no portion of which was taken, and which therefore received no award is assessed \$5,965, while a lot on the west side of the Bowery nearly opposite this, having a frontage of 50 feet and a depth of about 145 feet, is assessed \$8,046. The assessments decrease in proportion to the distance from the area taken, until a 25-foot lot on the Bowery is assessed about \$300, while a similar lot on the west side of Elizabeth street has an assessment of about \$73.

Your Committee believes that many of the assessments are burdensome and are probably out of proportion to the benefit which will be derived, although we believe that when the work of construction shall have been completed, the benefit from the improvement will be found to have been substantial and will be reflected in an increase in values, although it is exceedingly difficult to predict the precise amount of such benefit in dollars and cents.

In reporting upon the petition for relief, the Chief Engineer of the Board suggested an increase in the area of benefit. Owners of property lying just outside of the present district of assessment naturally oppose such an extension, and while your Committee believes that an enlargement of the area of benefit might give a certain degree of relief, the greater portion of the assessment would still be concentrated upon the parcels in the immediate vicinity of the intersection of Canal street and the Bowery, and that the heavy assessments which we have referred to would not be very substantially reduced, while a large number of additional parcels would be subjected to an assessment which, while not very heavy, would be irritating to the property owners, while it would be difficult to show any actual benefit.

Reference was made by a number of the speakers who addressed us to the proceeding to widen the Flatbush avenue extension at the Brooklyn end of the Manhattan Bridge, where one-half of the cost was assessed upon a local area and one-half was placed upon the Borough of Brooklyn under the provisions of the Gerhardt Bill, and while admitting the local benefit in that case, it was contended that there is little, if any, similarity in the two cases. One of the petitioners for relief makes the extraordinary suggestion that two-thirds of the cost should be borne by the City, as now provided, and one-third by the Borough of Brooklyn, or, following the precedent established in the case of the Roebling street widening, that 3½ per cent. should be assessed upon the new frontage to a depth of 100 feet, and 30 per cent. be placed upon the Borough of Brooklyn. This suggestion is referred to as indicating that the owners of the property are solely interested in securing relief for themselves without regard to an equitable distribution of the cost, and with this in mind propose that, whatever Borough assessment there might be, it should be placed upon a Borough other than that in which the improvement and their own property are located.

Your Committee is convinced that some relief from the assessments as levied

by the Commission should be granted, but the Board has not the power to assume for the City at large a greater proportion of the cost unless it avails itself of the provisions of chapter 679 of the Laws of 1911, commonly known as the Gerhardt Bill, which would permit a redistribution of the expense and the placing of a portion of it upon one or more Boroughs. We believe that any improvement which facilitates traffic over the Manhattan Bridge and the streets connecting directly therewith will be of some benefit to the entire Borough of Brooklyn, and that if any portion of the expense is assumed by one or more Boroughs, a small portion should be placed upon the Borough of Brooklyn and a considerably larger portion upon the Borough of Manhattan.

In view of all the conditions, your Committee recommends that, after giving the hearing required by the statute, the Board reapportion the expense of this improvement as follows: 55 per cent. upon The City of New York, 30 per cent. upon the Borough of Manhattan, 7.5 per cent. upon the Borough of Brooklyn, 7.5 per cent. upon the local area already established.

Your Committee further wishes to emphasize the fact that the conditions with respect to this improvement are clearly exceptional, and that any relief given in this case is not to be considered a precedent in other cases. Respectfully submitted,

WM. A. PRENDERGAST, Comptroller; ..... President Board of Aldermen; GEORGE CROMWELL, President, Borough of Richmond. Messrs. M. J. Mulqueen, Albert A. Massey and Edward W. Murphy appeared in favor of the report as presented.

Messrs. Lawrence M. D. McGuire, Morris Jacoby, Wm. H. Sage, Truman H. Baldwin, Charles Gulden and Robert M. Fisher appeared in opposition to any local assessment being imposed.

The Acting President of the Board of Aldermen moved that 62½ per cent. of the cost of the proceeding be placed upon The City of New York, 30 per cent. upon the Borough of Manhattan and 7½ per cent. upon the local area heretofore fixed.

The City of New York, Offices, Commissioner of Public Works of the Borough of Queens, Long Island City, November 24, 1913.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment, 277 Broadway, New York City, N. Y.:

Dear Sir—Enclosed please find petition to the Board of Estimate and Apportionment signed by residents of Corinth avenue and other streets in Maspeth, requesting withholding of approval of the Board of Estimate and Apportionment in the matter of acquiring title to Corinth avenue, from Grand street to Caldwell avenue; to Carter place, from Grand street to Caldwell avenue; to Division avenue, from Calamus avenue to Caldwell avenue; to Samuelson street, from Corinth avenue to Division avenue, 2d Ward.

Through an error this petition was received at this office instead of the office of the Board of Estimate and Apportionment. Yours truly,

JOSEPH FLANAGAN, Commissioner of Public Works.

In the matter of acquiring title to Corinth avenue, from Grand street to Caldwell avenue; to Carter place, from Grand street to Caldwell avenue; to Division avenue, from Calamus avenue to Caldwell avenue; to Samuelson street, from Corinth avenue to Division avenue, Borough of Queens.

To the Honorable the Board of Estimate and Apportionment:

The undersigned do most earnestly and urgently petition your honorable body to withhold your sanction and approval of the contemplated opening and grading of the streets as proposed in the above entitled proceedings now pending before you, and to discontinue and rescind such proceedings as tending to the irreparable injury of the undersigned, your petitioners.

It is respectfully called to your attention that information has been obtained from the Topographical Bureau in the office of the President of the Borough of Queens, to

the effect that part of Whitlock avenue as shown on Sections 18 and 27 of the Final Maps of the Borough of Queens, may be closed where it crosses the said streets proposed to be opened and graded, and that thereupon the said map, so far as it affects the said streets, will be materially changed.

It is further respectfully submitted that among the undersigned there are practically the owners of all the residences along Carter place, and that those of them who signed the original petition addressed to the Local Board of the Newtown District, to open said Carter place, did so in ignorance of the consequences to ensue from such opening, and they now wish to revoke their former action by joining herein.

It is further submitted that any damage which the City might award short of the full value of the premises affected by such contemplated opening and owned by the undersigned would be inadequate to compensate such owners, who are financially circumstanced that they would be unable to make the repairs to their buildings required by the great change of grade proposed (as much as seventeen feet in places), and would be unable to pay the necessarily large assessments attending the opening and grading of the said streets.

Dated November 11, 1913.

HENRY N. WILL, 64 Carter Street, and a Number of Others.

The City of New York, Office of the President of the Borough of Queens, Long Island City, December 8, 1913.

*Changing the Grade of Wall Street, from New Street to William Street; of Broad Street, from Exchange Place to Wall street, and of Nassau Street, from Wall Street to Pine Street, Borough of Manhattan (Cal. No. 15).*

The Secretary presented the following communication from the Secretary to the President of the Borough of Manhattan, and report of the Chief Engineer:

Office of the Commissioner of Public Works, Borough of Manhattan, 21 Park Row, New York City, October 28, 1913.

Hon. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment, 277 Broadway, New York City:

Dear Sir—We send you herewith a map showing a change of grade at Wall and Broad streets. The purpose of this grade change is to provide for a more nearly

level entrance to the new building which J. P. Morgan & Co. is erecting at the southeast corner of Wall and Broad streets.

The building is to be set back at the entrance which will be located at the corner. This will increase the sidewalk space and enable the City to use a large radius curve on the curb line.

In addition, J. P. Morgan & Co. have agreed to defray whatever costs will be involved in the regulating, regrading and repaving of the street area, and will also pay whatever damage is caused to private property due to the change of grade.

We ask you to present this map to the Board of Estimate and Apportionment as a change in the map or plan of the City, subject to these conditions.

Respectfully yours, LOUIS GRAVES, Secretary to President.

Report No. 13428.

December 10, 1913.

Hon. ARDOLPH L. KLINE, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the Secretary to the President of the Borough of Manhattan, bearing date of October 28, 1913, requesting the consideration of a map showing a change proposed in the grade of Wall street between New street and William street, of Broad street between Wall street and Exchange place, and of Nassau street between Wall street and Pine street.

The Board is informed that the object sought under this plan is the provision of a flatter gradient across the southeasterly corner of Broad and Wall streets, in order to afford a more nearly level entrance to the new building which is here being erected by J. P. Morgan & Co., which building is to be set back from the corner sufficiently to permit of using a larger radius for the curb and at the same time securing an increased sidewalk width at the corner. The Borough Secretary states that J. P. Morgan & Co. have agreed to assume responsibility for any damage to abutting property which may be occasioned as a result of the new grades, and also to pay the expense involved in reregulating, regrading, and repaving the streets affected by the changes in order to make them conform with the plan.

The maximum change involved in the grade at the corner in front of the Morgan property is about 15 inches. Aside from this change the adjustment reaches a maximum of about 0.2 feet in Wall street and about 0.6 feet in Broad street, while the Nassau street modification is located at its intersection with Wall street where the elevation is to be raised a maximum of 0.05 feet. The new position shown on the plan for the curb at the southeasterly corner of Broad and Wall streets would here leave an irregular sidewalk width which contracts to a minimum of about 9 feet, while the new building will apparently set back several feet from the street corner. It would therefore appear that if the plan is carried out as now proposed a considerable portion of what is intended to be sidewalk space would be left in private control.

In my judgment the plan should not be approved until a formal stipulation has been executed by J. P. Morgan & Co. and has been approved by the Corporation Counsel and accepted by the Board of Estimate and Apportionment relative to the assumption by the company of the cost of the physical work involved in making the change, as well as full liability for any damage which may be occasioned abutting owners. It would also seem reasonable to suggest that either provision be made in the stipulation which would insure to the public the right to use the area which is to be added to the sidewalk space in front of the building, or that this area be incorporated upon the City map and then deeded to the City.

I would therefore recommend that the map be referred back to the Borough President in order that its approval may be preceded by the carrying out of these conditions. Respectfully, NELSON P. LEWIS, Chief Engineer.

On motion, the matter was referred back to the President of the Borough of Manhattan.

*Changing the Grade of the Street System Within the Territory Bounded by Crescent Street, Liberty Avenue, Lincoln Avenue and Pitkin Avenue, Borough of Brooklyn (Cal. No. 17).*

The Secretary presented the following communication from the President of the Borough of Brooklyn, and report of the Chief Engineer:

The City of New York, Office of the President of the Borough of Brooklyn, Brooklyn, September 26, 1913.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment:

Dear Sir—We are preparing reports for the regulating, grading, curbing, laying walks on Railroad avenue, from Glenmore avenue to Sutter avenue, in response to petition received for this improvement.

Sewer has been installed between these limits, but additional sewer basins are required on Railroad avenue at the northeast and northwest corners of Belmont avenue, and northeast, northwest and southeast corners of Sutter avenue. There is an element of indeterminateness about the grades of Railroad avenue at Conduit avenue which should be settled before the paving is carried out. There is a difference of 1.07 feet in elevation between Glenmore and Pitkin avenues. There is no legal grade established for Conduit and Glenmore avenues.

In order that the element of indeterminateness be removed and proper grades established to meet improvements, and provide for proper drainage, I forward herewith for adoption by your Board map showing a change of grade in the street system heretofore laid out within the territory bounded by Liberty avenue, Lincoln avenue, Pitkin avenue and Crescent street. Yours very truly,

L. H. POUNDS, President of the Borough.

November 10, 1913.

Report No. 13303.

Hon. ARDOLPH L. KLINE, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the President of the Borough of Brooklyn, bearing date of September 26, 1913, requesting the approval of a map showing a change proposed in the grade of the street system within the territory bounded by Crescent street, Liberty avenue, Lincoln avenue and Pitkin avenue.

The modifications shown on this plan comprise a slight change in the grade of Pitkin avenue at its intersection with Lincoln avenue, the fixing of grades for Conduit avenue between Crescent street and Lincoln avenue, and a general adjustment of street grades to the datum plane now in use by the Highway Bureau. It is understood that the grades proposed are intended to conform in so far as practicable with existing improvements and at the same time make provision for surface drainage.

I see no reason why the plan should not be approved, and would recommend such action after a public hearing.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by changing the grades of the street system within the territory bounded by Crescent street, Liberty avenue, Lincoln avenue and Pitkin avenue, in the Borough of Brooklyn, City of New York, which proposed change is more particularly shown upon a map or plan bearing the signature of the Secretary of the Board of Estimate and Apportionment, and dated September 26, 1913.

Resolved, That this Board consider the proposed change at a meeting of the Board to be held in the City Hall, Borough of Manhattan, City of New York, on the 16th day of January, 1914, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 16th day of January, 1914.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

*Changing the Lines of East 43d Street, Between Flatlands Avenue and Avenue M, Borough of Brooklyn (Cal. No. 18).*

The Secretary presented the following resolution of the Local Board of the Flatbush District, Borough of Brooklyn, and report of the Chief Engineer:

*In the Local Board of the Flatbush District.*

Whereas, A petition for a local improvement, to wit:

1. That East 43d street from Flatlands avenue to Avenue M be narrowed from 60 feet to 40 feet by taking 20 feet from its westerly side; or else discontinue the opening of East 43d street as above; or,

2. That Lincoln avenue from Flatlands avenue to Avenue M, or to Flatbush avenue be laid out on the map of the City to agree with the old street as now in use, and which has been in use as a public highway for the past forty (40) years,

—has been received by the President of the Borough of Brooklyn, and

Whereas, He has appointed a time for a meeting of this Local Board, at which meeting the said petition would be submitted by him to the said Local Board, and

Whereas, The said petition was duly submitted thereafter to the said Local Board; now, therefore, it is

Resolved, That the Local Board of the Flatbush District hereby recommends to the Board of Estimate and Apportionment an alteration in the map or plan of The City of New York by reducing the width of East 43d street, between Flatlands avenue and Avenue M, from 60 feet to 40 feet, by taking 20 feet from its westerly side.

Adopted by the Local Board of the Flatbush District this 2d day of July, 1913, Commissioner Pounds and Aldermen Bosse, Esterbrook and Morrison voting in favor thereof.

Attest: REUBEN L. HASKELL, Secretary.

Approved on August 8, 1913.

L. H. POUNDS, President, Borough of Brooklyn.

October 24, 1913.

Report No. 13255.

Hon. ARDOLPH L. KLINE, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on July 2, 1913, recommending a change in the City plan by decreasing the width of East 43d street between Flatlands avenue and Avenue M from 60 feet to 40 feet, the narrowing to be accomplished by the exclusion from the street lines of a strip 20 feet wide on the westerly side.

Proceedings for acquiring title to East 43d street from Flatbush avenue to Flatlands avenue were authorized under a resolution adopted on February 8, 1912, at which time attention was called by your Engineer to the fact that between these limits the street would be approximately parallel with an old road known as Lincoln avenue, and that this old street occupied such a position with reference to East 43d street as mapped that the carrying out of the proceeding would result in serious damage; it was then suggested that, before the opening proceeding was advanced, steps be taken by the Borough President to modify the street plan in case a further study should establish the desirability of departing from the lines previously laid out. As a result of this suggestion the street was subsequently discontinued in the block between Avenue M and Flatbush avenue, and provision was made for laying out Baughman place with a position at right angles to that of the street which it was intended to replace. At this time information was submitted to the Board intended to establish the practicability of closing Lincoln avenue and of establishing title to the easement within its lines in the abutting owners whenever the final street plan was carried out.

The resolution now presented is accompanied by a petition from a number of property owners who advise that they are erecting five buildings dependent for street frontage upon Lincoln avenue, and that if 43d street is improved as now proposed it will not afford frontage and will deprive these buildings of a considerable portion

of their back yards; they request that the street be narrowed as proposed by the Local Board or that Lincoln avenue between Flatlands avenue and Avenue M or Flatbush avenue be laid out to conform with the lines of the old highway which they claim has been in public use for forty years. A recent inspection shows that three of the buildings to which the petitioners refer are well advanced toward completion, and that they have been given such a position as to depend upon the retention of Lincoln avenue as now in use, the petitioners in this respect having entirely ignored the City map. From evidences presented with the resolution it would appear that the direct damage to buildings is of an insignificant character under the plan heretofore adopted or the one now proposed, and that the change is desired in order to add to the back yard area of buildings fronting upon Lincoln place.

In my judgment, a width of not less than 50 feet should be assigned to this street, and I would recommend that the plan be referred back to the Borough President for amendment in this particular, and with the suggestion that he give further consideration to the practicability of resubdividing the block traversed in such a way as to make the street system conform more adequately with existing conditions, to the end that consequential damage may be minimized, providing that, in his judgment, a modification along such lines can advantageously be made.

Respectfully,  
NELSON P. LEWIS, Chief Engineer.

On motion the matter was referred back to the President of the Borough of Brooklyn.

*Modifying the Street Plan for the Territory Bounded by Logan Street, Belmont Avenue, Pine Street, Pitkin Avenue, Lincoln Avenue, Glenmore Avenue, Grant Avenue, Cozine Avenue, Milford Street and Stanley Avenue, Borough of Brooklyn* (Cal. No. 19).

The Secretary presented the following communication from the Acting Commissioner of Public Works of the Borough of Brooklyn and report of the Chief Engineer:

The City of New York, Office of the President of the Borough of Brooklyn, Brooklyn, October 8, 1913.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment:

Dear Sir—I forward map showing a change of the lines and grades in the street system bounded by Belmont avenue, Pine street, Pitkin avenue, Lincoln avenue, Glenmore avenue, Grant avenue, the unmapped territory south of Vandalia avenue, the marginal street, the unmapped territory south of Vandalia avenue, Atkins avenue, Cozine avenue, Milford street, Stanley avenue and Logan street.

In this connection I quote report received from our Chief Engineer of the Topographical Bureau: "On May 1, 1911, the Harbor Line Board of the United States War Department approved a plan for the bulkhead and the pierhead lines of Jamaica Bay, which changed the location of the Spring Creek Basin to a point about 1,000 feet east of its original location, as laid out by the Town Survey Commission. In addition, it cut down the length of the basin from Sutter avenue to Fairfield avenue. On January 3, 1912, the Sinking Fund Commission adopted a plan of water-front improvement which laid out a marginal street system conforming to the United States lines. These two (2) plans have been followed by a drainage and sewer plan for the district adjacent to Spring Creek Basin submitted by the Bureau of Sewers. A general readjustment of the street plan has thus been made necessary. Doscher street, which now ends at Belmont avenue, is extended to Sutter avenue. Dumont avenue is laid out across the old location of Spring Creek Basin and it will form a very important connection to the Borough of Queens. Fountain avenue from Dumont avenue to Fairfield avenue is left at its present width of 100 feet, on account of its probable importance as a connection with the water-front improvements. From Dumont avenue to Sutter avenue, Fountain avenue is reduced in width from 100 feet to 60 feet. Fairfield avenue is given a width of 100 feet on the theory that there will eventually be needed a wide thoroughfare making a direct connection between the heads of the different canals. Fairfield avenue, in connection with Flatlands avenue, on the west and Fairfield avenue in Queens on the east, seems to carry out this idea and will be, in my judgment, a very important thoroughfare in the future. Crescent street and Railroad avenue, indicated within the marginal street area, are legally open, and are, therefore, left on the map. Hemlock street is carried to its logical terminus as the marginal street. The two (2) new streets, called Fountain place and Crystal place, are laid out between Holly street and Fountain avenue. The area south of Vandalia avenue is at present unmapped. The proposed grades as shown upon this map are required for the proper drainage of this territory."

There are three improvements affected by this proposed change of grade, and which work we would like to complete this fall.

I would respectfully request, therefore, that this matter be placed on an early calendar of your Board of Estimate for adoption. Yours very truly,

GEO. W. TILLSON, Consulting Engineer, and Acting Commissioner, Public Works.

Report No. 13340.

November 15, 1913.

Hon. ARDOLPH L. KLINE, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the Acting Commissioner of Public Works, Borough of Brooklyn, bearing date of October 8, 1913, requesting the approval of a plan showing a modification in the street system for the territory adjoining the head of what was originally laid out as the Spring Creek Basin.

Since the date when the communication was presented, it has been found advisable to modify the treatment proposed for the southerly portion of the area, and the map has been amended in such a way as to relate to the territory bounded by Logan street, Belmont avenue, Pine street, Pitkin avenue, Lincoln avenue, Glenmore avenue, Grant avenue, Cozine avenue, Milford street and Stanley avenue.

As originally laid out upon the City map the Spring Creek Basin was intended to have its northerly terminal at Sutter avenue. A radical modification is necessitated by reason of the new position given to the basin under the plan approved by the War Department on May 1, 1911, in connection with the fixing of the harbor lines of Jamaica Bay and its tributary basins, the new plan locating the head of the Spring Creek Basin at Fairfield avenue and at the same time giving it a position east of the one originally contemplated.

The plan now submitted makes provision for adjusting the street system to conform with the elimination of the old basin in the section north of Cozine avenue by continuing the east and west streets across the area which it occupied, thereby removing breaks in what are intended to be the main traffic arteries of this locality. A further subdivision north of Dumont avenue, in order to avoid excessive block dimensions, is made by laying out Crystal street, while south of Dumont avenue a similar result has been accomplished by laying out Fountain place and Crystal place.

As heretofore planned, Fountain avenue and Chestnut street, these being intended to serve as easterly and westerly marginal streets around the basin, were given a width of 100 feet. Under the amended plan it is proposed to decrease the width of the latter street to 60 feet in the section north of Dumont avenue and to wholly discontinue it south of this point. The width of Fountain avenue is to be similarly decreased in the section between Sutter avenue and Dumont avenue in order to make it correspond with that fixed for the adjoining section on the north. South of Dumont avenue it is assumed that the street will serve as an important water-front outlet and the width of 100 feet originally planned is retained, while at the same time an adjustment is made in its position to coincide with that proposed for the basin. The resulting plan will effect a desirable improvement in the general street system of the locality.

Advantage is taken of the opportunity to lay out an extension of Doscher street through the block between Belmont avenue and Sutter avenue, thereby subdividing transversely a block having a depth of about 367 feet, and for a general adjustment of the street grades of the locality, these including provision for referencing all of the grades to the datum plane now in general use by the Highway Bureau. The territory is generally unimproved, and the grade changes appear to be designed in such a way as to conform with existing conditions in so far as practicable and at the same time insure adequate surface drainage.

In the case of the block of Blake avenue, from Euclid avenue to Pine street, and of Crescent street, from Vienna avenue to Stanley avenue, it would appear that the elevations now planned are inconsistent with those to which the streets have been graded, but that the grades previously established were not respected when the improvements were made. It is also believed that the plan can be carried out without substantial damage to buildings, except in the case of Hegeman avenue within the lines of which several inexpensive buildings have been erected, nearly all of which fall within the lines of Fountain avenue.

In my judgment the plan is a proper one, and its approval is recommended after a public hearing.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by changing the lines and grades of the street system within the territory bounded by Logan street, Belmont avenue, Pine street, Pitkin avenue, Lincoln avenue, Glenmore avenue, Grant avenue, Cozine avenue, Milford street and Stanley avenue in the Borough of Brooklyn, City of New York, which proposed change is more particularly shown upon a map or plan bearing the signature of the President of the Borough, and dated June 16, 1913.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 16th day of January, 1914, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 16th day of January, 1914.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

*Changing the Grade of Fordham Road Between Hampden Place and Sedgwick Avenue; of West 187th Street Between Fordham Road and Harlem River Terrace, and of Harlem River Terrace Between Fordham Road and a Point About 450 Feet North of West 187th Street, Borough of The Bronx* (Cal. No. 20).

The Secretary presented the following communication from the Commissioner of Public Works of the Borough of The Bronx, and report of the Chief Engineer:

City of New York, President of the Borough of The Bronx, Office of the Commissioner of Public Works, December 28, 1912.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment, 277 Broadway, City:

Dear Sir—The Consolidated Gas Company has made application for adjustment of grades on the former Fordham road, now West 187th street, between Harlem River Terrace and the intersection of Fordham road, for the reason that said company intends to erect a concrete wall on the north side of Fordham road the entire length of its property.

A survey shows that the road has not been graded in accordance with the filed grade, and it would seem very desirable at this time to legalize the grades at present existing. With this end in view, I am forwarding herewith for consideration and adoption by your Board "map showing the change of grades of Fordham road (formerly West 184th street) between Sedgwick avenue and Hampden place; West 187th street (formerly Fordham road), between Harlem River Terrace and Fordham road; and Harlem River Terrace between Fordham road and a point 358.28 feet northerly of the point of curve northerly of West 187th street (amendment of section 16), dated December 23, 1912."

Respectfully,

THOMAS W. WHITTLE, Commissioner.

Report No. 13405.

December 3, 1913.

Hon. ARDOLPH L. KLINE, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the Commissioner of Public Works, Borough of The Bronx, bearing date December 28, 1912, requesting the approval of a map showing a change proposed in the grade of Fordham road between Hampden place and West 187th street, of West 187th street between Fordham road and Harlem River terrace, and of Harlem river terrace between Fordham road and a point about 450 feet north of West 187th street.

These changes include provision for adjusting the elevation of the platform at the acute intersection of Fordham road with West 187th street, and for changing the grade of West 187th street at and near its intersection with Harlem river terrace. The former changes comprise a slight adjustment needed to properly blend the grades of Fordham road and West 187th street, the width of the former having recently been increased, while the latter change provides for raising the legal grade about three feet.

Information is presented to show that the elevations now planned are intended to legalize the improvements already carried out along the line of the streets affected, these comprising the regulating and grading of Harlem River terrace south of West 187th street, of West 187th street through the entire length, and of that portion of Fordham road to which title has heretofore been acquired.

In my judgment the map is a proper one, and its approval is recommended after a public hearing.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

*Petition for Reduction in the Width of Lurting Avenue, Between West Farms Road and the Property of the New York, New Haven and Hartford Railroad Company, Borough of The Bronx* (Cal. No. 21).

(At the meeting of the Board on December 11, 1913, the report of the President of the Borough of The Bronx was presented and the matter was laid over for one week.)

The Secretary presented the following:

Whalen & Dunn, Attorneys and Counsellors at Law, No. 97 Cedar Street, N. Y., Borough of Manhattan, City of New York, December 13, 1913.

Matter of Lurting avenue, from West Farms road to property of the New York, New Haven and Hartford Railroad Company, in the Borough of The Bronx.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment, 277 Broadway, New York City.

Dear Sir—At a meeting of the Board of Estimate and Apportionment held on or about September 19, 1912, the opening of the above named street as a street 60 feet in width was authorized, and thereafter and at another meeting held on July 31, 1913, a petition, which had been presented to said Board requesting that the width of this street be fixed at 50 feet, was referred to the Hon. Cyrus C. Miller, President of the Borough of The Bronx. Before any action was taken by the President of the Borough of The Bronx upon the petition so referred to him, and on the 26th day of August, 1913, a motion was made in the Supreme Court of this County for the appointment of Commissioners to acquire title wherever necessary to this street as a street 60 feet in width. On observing the usual notices posted in the vicinity of the property to be acquired, the property owners affected presented a further petition directly to the President of the Borough of The Bronx, asking that the width of this street be reduced to 50 feet and requesting him to act upon the petition referred to him by the Board of Estimate on the 31st day of July, 1913.

A hearing upon both petitions before the Local Board of the Chester District, in which this street is situated, was appointed by the President of the Borough of The Bronx for October 20, 1913, and notwithstanding the fact that no one appeared in opposition to the petition asking that the width of the street be reduced to 50 feet, the President of the Borough of The Bronx, after stating that he had never heard of the street, requested that the hearing be adjourned to permit him to examine the street and the property affected. The continuation of the hearing was further adjourned, until finally, on December 3, 1913, it again came before the said Local Board and no person appeared in opposition to the petition of the property owners to reduce this street to a street 50 feet in width except the Borough President himself.

We appeared at a hearing on December 3, 1913, before the Local Board in support of the petition referred to the President of the Borough of The Bronx by the Board of Estimate on July 31, 1913, and also in support of a similar petition submitted by the property owners directly to him. The property owners themselves appeared and addressed the Borough President on the matter, and the Aldermen constituting the Local Board of Chester also vigorously supported the petitions asking for a street 50 feet in width. Nevertheless the President of the Borough of The Bronx appeared to be opposed to the same and deferred a decision in the matter to a later date.

We have received from the President of the Borough of The Bronx, under date of December 8, a copy of a letter addressed to you relating to this matter. In this letter we note that the Borough President states that he has considered all the objections to lessening the width of this street. We beg to state that no objections whatever were raised upon the petition of the property owners referred to him by your Board on July 31, 1913, and no objections to lessening the width of this street were evident at any time, except in the remarks of the Borough President himself. The Borough President proceeds to state in his letter some of the present conditions relative to this street and his own opinions as to the future values and developments, on which he apparently has based his decision to overrule the demands of the property owners and taxpayers. He concludes his letter by suggesting a form of agreement to be entered into between the property owners and the City, with the ultimate purpose of enabling the City to make the street 60 feet in width if it is so desired, but which agreement, if possible of being executed, would have the effect of deferring the very future improvements and values which the President of the Borough of The Bronx foretells, because of the uncertain status in which it would leave the street itself.

It is the contention of the property owners that a street 50 feet in width would be ample for all present and future needs, for the very simple reason that the street is only one block in length. Certainly the property owners do not wish a street 50 feet in width if it is going to in any way prevent the future increase in the values of the property. It is, however, their opinion that it will not.

On October 28, 1913, the Commissioners of Estimate and Assessment were appointed by the Supreme Court to open this street as a street 60 feet in width, pursuant to the motion made for said Commissioners on August 26, 1913. The petition of the property owners to your Board having been practically denied by the President of the Borough of The Bronx, to whom your Board referred the same (and the property owners contend that this denial was unwarranted), the same property owners, in order to avoid the costs of a Commission, whose work will later be set aside, being placed upon The City of New York, and in order that The City of New York may have notice of their intention to apply later to the Court to set aside any report made by them and to discontinue this proceeding for a street 60 feet in width, pursuant to section 986 of the Charter, have prepared and filed with the Commissioners a notice signed by a majority of the property owners affected, and a similar notice we enclose herewith on behalf of the property owners.

As attorneys for these property owners, we also ask that we be given notice of any motion or resolution of the Board of Estimate and Apportionment to vest title to the property sought in this proceeding by The City of New York in any manner except by confirmation of the report of the Commissioners, and also that such notice be given in sufficient time to enable the property owners to appear in the matter.

This request is made because it has, in other proceedings where property owners sought the protection of section 986 of the Charter, resulted that before their petitions for discontinuance of the street could be heard by the Court, the resolution of the Board of Estimate and Apportionment has been passed, vesting the title and thus preventing property owners from acquiring the relief which the law has provided for their protection in exactly such exigencies.

The property owners affected by this proceeding can establish, even at this time, that an amount of a majority in amount of the whole assessments and awards which may be made by the report of the Commissioners in this proceeding, will ask for the discontinuance of the same, and it seems that they should not be deprived of their right to do so. It further seems that the work of the newly appointed Commission upon this street will be useless and therefore should be avoided or the proceeding amended so that the present Commissioners may acquire title to a street 50 feet in width, to which a majority of the property owners interested are agreeable.

Very truly yours,

WHALEN & DUNN.

New York Supreme Court, First Department.

In the matter of the application of The City of New York relative to the opening and extending of Lurting avenue (also known as Hone avenue and as Forest avenue), from Walker avenue to the property of the New York, New Haven and Hartford Railroad Company, in the 24th Ward, Borough of The Bronx, City of New York.

To the Commissioners of Estimate and Assessment:

The undersigned, being property owners, residents and taxpayers upon property on Hone avenue affected by this proceeding or within the area of assessment proposed for this proceeding, do hereby protest against the institution of this proceeding and against any and all action taken by you as Commissioners, on the following grounds:

First—That this proceeding has not been instituted at the request of and on the initiative of and for the benefit of any property owners or taxpayers affected by the same.

Second—That it has been instituted and initiated without the knowledge of the majority of the property owners who are or will be affected by this proceeding.

Third—That a petition to have this street opened as a 50-foot street was presented to the Board of Estimate and Apportionment and that said Board referred it to the President of the Borough of The Bronx, and a similar petition was also presented to the President of the Borough of The Bronx, both of which petitions were signed by a large number of property owners affected thereby, and that the President of the Borough of The Bronx has requested at a hearing held by him on said petition on the 20th day of October, 1913, that the hearing on said petition be adjourned in order to permit him to ascertain the facts relative to this proceeding, and that no decision upon the petition before the said President of the Borough of The Bronx has been given.

Fourth—That the majority of the property owners on this street have offered to cede to The City of New York the land required for this street as a street fifty feet in width.

Fifth—That the institution and continuance of this proceeding will be of no benefit to the property owners affected thereby and will result in unnecessary and wasteful expenditure if this proceeding is continued.

Sixth—That it is the intention of your petitioners, in the event that this proceeding continues, and notice of this intention is hereby given, to apply to the Court upon the coming in of any report made by this Commission, for the discontinuance of this proceeding, pursuant to section 986 of the Charter of The City of New York.

EDWARD H. GRADY, No. 1500 Lurting Avenue, and 16 Others.

On motion, the report of the President of the Borough of The Bronx was approved.

The President of the Borough of The Bronx offered the following resolution: Resolved, That the Board of Estimate and Apportionment of The City of New York hereby denies the petition of Fred M. Weiss and other property owners, requesting that the width of Lurting avenue between West Farms road and the property of the New York, New Haven and Hartford Railroad Company, Borough of The Bronx, be fixed at 50 feet.

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Changing the Grades of Adams Street, Between Morris Park Avenue and Van Nest Avenue, Borough of The Bronx (Cal. No. 22).

The Secretary presented the following communication from the Commissioner of Public Works of the Borough of The Bronx and report of the Chief Engineer, City of New York, President of the Borough of The Bronx, Office of the Commissioner of Public Works, October 9, 1913.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment, 277 Broadway, City:

Dear Sir—I transmit herewith for consideration and adoption by your Board "Map showing the change of grade of Adams street between Morris Park avenue and Van Nest avenue (amendment to section 37)," dated August 6, 1913.

On July 29, 1913, a map was forwarded to you showing a change of grade in this street, and on August 28, 1913, your Board gave a hearing on the proposed change. On account of some opposition the map was referred back to the Borough President. The change proposed at that time provided for lowering the grade, as filed, at the angle point between Morris Park avenue and Van Nest avenue three feet, and raising the grade at the intersection of Van Nest avenue two feet. Certain buildings had been built to the grades, as filed, between Van Buren street and Adams street, and a number of the property owners objected to the change so far as the raising of the grade at Van Nest avenue was concerned. The map now forwarded provides for the proposed change at the angle point, but leaves the grades at the intersection of Van Nest avenue the same as filed, which I think will overcome the objection of the property owners.

Respectfully,

THOMAS W. WHITTLE, Commissioner.

Report No. 13305.

November 10, 1913.

Hon. ARDOLPH L. KLINE, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—At the meeting of the Board of Estimate and Apportionment held on August 28, 1913, a map showing a change proposed in the grade of Adams street, between Morris Park avenue and the New York, New Haven and Hartford Railroad, Borough of The Bronx, was referred back to the Borough President, objections having been raised by the owners of property in Van Nest avenue, the grade of which, at its intersection with Adams street, it was proposed to raise about 2 feet.

Under date of October 9, 1913, the Commissioner of Public Works has forwarded an amended plan, this limiting the grade change to the block of Adams street, between Morris Park avenue and Van Nest avenue; the amended map provides for lowering the summit heretofore fixed approximately in the middle of this block about 3 feet, the elevation here proposed being identical with that shown on the plan previously considered. The Commissioner states that the grade changes now indicated do not affect Van Nest avenue and are believed to meet the objections heretofore raised by the property owners. In the original report concerning the change it was shown that it probably would increase the cost of the physical work required for grading the street and that the elevations planned would be inconsistent with those to which buildings had been erected.

At the meeting of October 23 last a petition for relief from assessment in the matter of the proceeding for acquiring title to this street, by placing the expense upon the entire Borough, was considered by the Board and at that time provision was made for extending the district of assessment previously fixed by making it include an adjoining section of the railroad right of way, it being held by the petitioners that the change of grade damage had been substantially increased as a result of the reconstruction of the railroad. In view of the fact that the Board has already been appealed to for relief from assessment which will of necessity be imposed as a result of improving this street, it would seem inconsistent to make further changes in the grades which would add to the burden to be borne by the property owners. I am informally advised, however, that the change indicated on the plan is favored by the interests affected by it.

I would recommend that a public hearing be given and that unless substantial objections are then presented the map be adopted. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by changing the grades of Adams street between Morris Park avenue and Van Nest avenue, in the Borough of The Bronx, City of New York, which proposed change is more particularly shown upon a map or plan bearing the signature of the Secretary of the Board of Estimate and Apportionment and dated August 6, 1913.

Resolved, That this Board consider the proposed change at a meeting of the Board to be held in the City Hall, Borough of Manhattan, City of New York, on the 16th day of January, 1914, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record for ten days continuously, Sundays and legal holidays excepted, prior to the 16th day of January, 1914.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Final Map of Section 114, Borough of Queens (Cal. No. 23).

The Secretary presented the following communication from the Secretary to the President of the Borough of Queens, and report of the Chief Engineer:

The City of New York, Office of the President of the Borough of Queens, Long Island City, September 10, 1913.

JOSEPH HAAG, Esq., Secretary of the Board of Estimate and Apportionment:

Dear Sir—By direction of President Connolly, I transmit herewith for the approval of the Board of Estimate and Apportionment section 114 of the Final Maps of the Borough of Queens.

The grades on this map vary from those shown on alteration map adopted by the Board of Estimate and Apportionment June 12, 1913, as it is found that the recently designed sewer on Forbell avenue will permit of considerable reduction in the grades previously adopted.

Yours respectfully,

HUGH HALL, Secretary to the President.

Report No. 13399.

December 3, 1913.

Hon. ARDOLPH L. KLINE, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the Secretary to the President of the Borough of Queens, bearing date of September 10, 1913, requesting the approval of the final map of Section No. 114.

This map relates to the territory bounded approximately by the Brooklyn Borough line, Fairfield avenue, Sapphire street, Egan avenue, Ruby street and Flynn avenue, comprising an area of about 100 acres, all of which is included within the limits of the tentative plan of the Aqueduct section of the borough, which was approved by the Board on July 6, 1911. Since this date lines and grades have been definitely fixed for small portions of Elderts lane, Egan avenue and Forbell avenue.

The map now presented ratifies the plans heretofore favored by the Board in so far as street lines are concerned, but provision appears to have been made for radical changes in grade, the elevations to be fixed having been lowered from two to six feet over the entire area. The Secretary advises that the elevations now planned are based on the design which has been prepared for the Forbell avenue sewer. It is understood, however, that this sewer is intended only for the removal of storm water, and that the low elevation which it is proposed to give the streets will necessitate pumping the sanitary flow from a considerable portion of this area, as well as from the adjoining sections on the east and south.

When the tentative plan was prepared it was made to include all of the upland adjoining Jamaica Bay without reference to the project then under consideration for the development of this water-front. The approval was made to exclude the area which it was proposed to devote to basins, as well as adjoining lands over which the Department of Docks and Ferries proposed to assume jurisdiction. The effect of this treatment was to terminate the street system on the south by this line of control without attempt to reconcile it with the conditions thus created, this resulting in a cul-de-sac at the southerly terminal of a large proportion of the streets.

This condition was pointed out to the Board at the time when the final map of portions of Elderts lane, Egan avenue and Forbell avenue was approved, but it was then evidently assumed that the adjustments needed to harmonize the street system

with the water-front development through the remaining area would be provided for when the final plan was prepared.

This adjustment is not indicated on the plan now presented, the carrying out of which would, in my judgment, be prejudicial to the proper development of this territory, providing that the Spring Creek Basin as laid out by the War Department is to be created.

I would therefore recommend that the map be referred back to the Borough President with the suggestion that the grades be modified to such extent as may reasonably be required in order to make adequate provision for both sanitary and storm water drainage, to the end that unnecessary pumping may be avoided, and with the additional suggestion that further final mapping of the area be deferred until tentative plans have been submitted to and approved by the Board showing the required modification in the one approved in 1911, in order that the water-front may be adequately served.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

On motion, the matter was referred back to the President of the Borough of Queens.

*Petition Requesting Enlargement of the Area of Assessment in the Proceeding for Acquiring Title to Church Avenue, Between 36th Street and Ocean Parkway, Borough of Brooklyn (Cal. No. 24).*

(At the meeting of the Board on September 25, 1913, this matter was laid over for two weeks. On October 9, 1913, it was laid over until November 20, 1913. On November 20, 1913, it was laid over until December 18, 1913.)

(At the meeting of the Board on November 20, 1913, a communication was presented from the Kensington and Parkville Improvement League, stating that the league had adopted a resolution on November 11, 1913, urging the assumption by the City of the major portion of the expenses of the improvement.)

On motion of the President of the Borough of Brooklyn, the matter was laid over until January 16, 1914.

*Amending the Proceeding for Acquiring Title to East 53d Street and to East 54th Street, from Remsen Avenue to the Bulkhead Line of Jamaica Bay, Excluding from Each Street the Land of the Long Island Railroad Company, Borough of Brooklyn (Cal. No. 25).*

The Secretary presented the following communication from the Acting Commissioner of Public Works of the Borough of Brooklyn, and report of the Chief Engineer: The City of New York, Office of the President of the Borough of Brooklyn, Brooklyn, November 21, 1913.

Mr. ARTHUR S. TUTTLE, Deputy Chief Engineer, Board of Estimate and Apportionment:

Dear Sir—I send you herewith copy of a communication received by me from the Chief Engineer of the Topographical Bureau regarding amendment of the proceedings for acquiring title to East 53d and East 54th streets, between Remsen avenue and the bulkhead line of Jamaica Bay, excepting the land owned by the Long Island Railroad Company. I have been over this matter myself and think it would be advisable to amend the proceedings as is suggested, that is, to leave out the portion between Foster avenue and Glenwood road and that below Avenue T.

Regarding the suggestion that both streets between Clarkson avenue and Beverly road have been improved, so that evidences of dedication could probably be produced, I would say that it does not seem to me, if we are to take a fee title to the remainder of the streets, these blocks should be omitted, but rather that where we take any title it be in fee.

Respectfully, GEO. W. TILLSON, Acting Commissioner of Public Works.

Report No. 13396.

December 3, 1913.

Hon. ARDOLPH L. KLINE, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—At the meeting of the Board of Estimate and Apportionment held on November 20, 1908, a proceeding was instituted for acquiring title to the following streets in the Borough of Brooklyn: East 53d street, from Remsen avenue to the bulkhead line of Jamaica Bay; East 54th street, from Remsen avenue to the bulkhead line of Jamaica Bay; excluding from each street the land of the Long Island Railroad Company. Up to the present time the proceeding has not been materially advanced.

There is transmitted herewith a communication from the Acting Commissioner of Public Works, bearing date of November 21, 1913, in which attention is directed to the fact that the bulkhead lines recently approved for Mill Creek Basin have brought about conditions which will probably result in a change in the street system south of Avenue T. It is also stated that the proposed development of Kings highway, which crosses East 53d street and East 54th street diagonally between Farragut road and Avenue D, will make it necessary to here radically modify the lines of the streets as heretofore mapped. Attention is also directed to a map which was approved by the Board on October 21, 1910, embodying a modification of the street system in the vicinity of the Long Island Railroad intended to meet the railroad requirements under which each of the streets was carried across the former location of Paerdegat Basin and Paerdegat avenue.

It is suggested that in order to clear the way for advancing the proceeding, provision be now made for excluding each of the streets between Avenue T and the bulkhead line of Jamaica Bay; for including the short section of East 54th street between the former location of Paerdegat avenue and Glenwood road; and for excluding East 53d street from Foster avenue to Glenwood road, and that portion of East 54th street extending from Clarendon road to Farragut road.

Under the conditions noted it would seem advisable to amend the proceeding as suggested, and I would recommend that after a new public hearing has been given concerning a district of assessment modified as required by the changed conditions, the opening proceeding be amended in such a way as to relate to the streets as now laid out between the following limits: East 53d street, from Remsen avenue to Foster avenue, and from Glenwood road to Avenue T; East 54th street, from Remsen avenue to Clarendon road, and from Farragut road to Avenue T.

The amended district of assessment should be made to include the following areas:

1. Beginning at a point on the southwesterly line of Remsen avenue where it is intersected by a line midway between East 51st street and East 52d street, and running thence northeastwardly at right angles to Remsen avenue, a distance of 200 feet; thence southeastwardly and parallel with Remsen avenue to the intersection with a line at right angles to Remsen avenue and passing through a point on its southwesterly side where it is intersected by a line midway between East 54th street and East 55th street; thence southwestwardly along the said line at right angles to Remsen avenue to the intersection with its southwesterly side; thence southwardly along the said line midway between East 54th street and East 55th street to the intersection with a line midway between Foster avenue and Farragut road; thence westwardly along the said line midway between Foster avenue and Farragut road to the intersection with a line midway between East 51st street and East 52d street; thence northwardly along the said line midway between East 51st street and East 52d street to the point or place of beginning.

2. Beginning at a point on a line midway between East 54th street and East 55th street distant 100 feet northerly from the northerly line of Farragut road, and running thence southwardly along a line always midway between East 54th street and East 55th street to a point distant 100 feet southeasterly from the southeasterly line of Avenue T; thence southwestwardly and parallel with Avenue T to the intersection with a line at right angles to Avenue T and passing through a point on the southerly line of Avenue S where it is intersected by a line midway between East 51st street and East 52d street; thence northwestwardly along the said line at right angles to Avenue T to the intersection with the southerly line of Avenue S; thence northwardly along the said line midway between East 51st street and East 52d street to the intersection with a line midway between Farragut road and Glenwood road; thence eastwardly along the said line midway between Farragut road and Glenwood road to the intersection with a line midway between East 53d street and East 54th street; thence northwardly along the said line midway between East 53d street and East 54th street to a point distant 100 feet northerly from the northerly line of Farragut road; thence eastwardly and parallel with Farragut road to the point or place of beginning.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

On motion of the President of the Borough of Brooklyn the matter was laid over until January 16, 1914.

Report No. 13381.

Hon. ARDOLPH L. KLINE, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on August 27, 1913, initiating proceedings for acquiring title to East 16th street from Beverly road to the Brighton Beach Railroad.

This resolution affects one block or about 500 feet of East 16th street, which was recently laid out upon the City Map to have a width of 50 feet excepting for a distance of about 100 feet at the northerly end where the easterly right-of-way line of the Brooklyn and Brighton Beach Railroad meets the street diagonally, resulting in a varying width, decreasing from 50 feet to zero at the extreme northerly end. The street is not in use and the abutting property is only slightly improved. It is believed that a barn on the easterly side falls partially within the street lines.

I would recommend the approval of the resolution; that title to the land be acquired in fee; that the entire cost and expense of the proceeding, including any damages allowed for intended regulating, be assessed upon the property benefited; and that a district of assessment be laid out to comprise the following area:

Bounded on the north by a line at right angles to East 16th street and passing through a point on its easterly side where it is intersected by the easterly right-of-way line of the Brooklyn and Brighton Beach Railroad; on the east by a line midway between East 16th street and East 17th street; on the south by the northerly line of Beverly road; and on the west by the easterly right-of-way line of the Brooklyn and Brighton Beach Railroad.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was offered:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of East 16th street from Beverly road to the Brighton Beach Railroad, in the Borough of Brooklyn, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Bounded on the north by a line at right angles to East 16th street and passing through a point on its easterly side where it is intersected by the easterly right-of-way line of the Brooklyn and Brighton Beach Railroad; on the east by a line midway between East 16th street and East 17th street; on the south by the northerly line of Beverly road; and on the west by the easterly right-of-way line of the Brooklyn and Brighton Beach Railroad.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 16th day of January, 1914, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record and the corporation newspapers for ten days prior to the 16th day of January, 1914.

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Flatbush District on the 21st day of May, 1908, President Coler and Aldermen Potter and Esterbrook voting in favor thereof. Attest: CHARLES FREDERICK ADAMS, Secretary.

Report No. 13444.

Hon. ARDOLPH L. KLINE, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on May 21, 1908, initiating proceedings for acquiring title to 50th street from 17th avenue to West street, excluding the right of way of the Long Island Railroad.

This resolution affects four blocks or about 2,200 feet of 50th street, which has been laid out upon the City Map to have a width of 60 feet. The street is not in use west of 19th avenue but east of this point it is approximately graded. On the northerly side the curbing and flagging have been provided in the latter section and the abutting property is here partially improved. It is believed that near 17th avenue a number of buildings encroach.

The Long Island Railroad crosses the street at a point near 19th avenue and it has heretofore been deemed inadvisable to institute an opening proceeding affecting the street because of an inconsistency in the elevations of the street and of the railroad tracks. A map has recently been presented for the consideration of the Board under which the street grades will be fixed in such a way as to permit of the construction of a highway bridge at any time when it may be deemed necessary, and it would therefore seem proper to now carry out the opening proceeding.

I would recommend the approval of the resolution; that title to the land be acquired in fee; that the entire cost and expense of the proceeding, including any damages allowed for intended regulating, be assessed upon the property benefited; and that a district of assessment be laid out to comprise the following area:

Beginning at a point on the easterly line of West street where it is intersected by the prolongation of a line midway between 50th street and 51st street, and running thence northwestwardly along the said line midway between 50th street and 51st street and along the prolongation of the said line to a point distant 100 feet northwesterly from the northwesterly line of 17th avenue; thence northeastwardly and parallel with 17th avenue to the intersection with a line midway between 49th street and 50th street; thence southeastwardly along the said line midway between 49th street and 50th street and along the prolongation of the said line to the intersection with a line midway between West street and Gravesend avenue; thence southwardly along the said line midway between West street and Gravesend avenue to the intersection with a line at right angles to West street and passing through the point of beginning;

thence westwardly along the said line at right angles to West street to the point or place of beginning.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

Report No. 13416.

December 9, 1913.

Hon. ARDOLPH L. KLINE, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Van Courtlandt District, Borough of The Bronx, adopted on July 28, 1913, initiating proceedings for acquiring title to the unnamed street extending from Sedgwick avenue to the intersection of Fordham road with Hampden place.

This resolution affects one block or a little less than 200 feet, comprising the entire length of the unnamed street, which was recently laid out upon the City Map to have a width of 20 feet. The grade of the street is such as to limit its use to pedestrian traffic, and it is understood that steps will be constructed which will afford a more direct connection between the adjoining area on the south and east with the University Heights Bridge and the West 207th street station of the subway. It is believed that there are no buildings on the land to be acquired.

I would recommend the approval of the resolution; that title to the land be acquired in fee; that the entire cost and expense of the proceeding, including any damages allowed for intended regulating, be assessed upon the property benefited, and that a district of assessment be laid out to comprise the following area:

Beginning at a point on the southeasterly side of Fordham road where it is intersected by a line distant 100 feet northeasterly from and parallel with the northeasterly line of the unnamed street, the said distance being measured at right angles to the unnamed street, and running thence southeastwardly along the said line parallel with the unnamed street to a point distant 100 feet northwesterly from the northwesterly side of Sedgwick avenue, the said distance being measured at right angles to Sedgwick avenue; thence northeastwardly and always distant 100 feet northwesterly from and parallel with the northwesterly side of Sedgwick avenue to the intersection with the prolongation of a line distant 400 feet northeasterly from and parallel with the northeasterly side of West 183d street as this street is laid out between Andrews avenue and Aqueduct avenue, the said distance being measured at right angles to West 183d street; thence southeastwardly along the said line parallel with West 183d street and along the prolongation of the said line to a point distant 100 feet southeastwardly from the southeasterly side of Andrews avenue, the said distance being measured at right angles to Andrews avenue; thence southwestwardly and always distant 100 feet southeastwardly from and parallel with the southeasterly side of Andrews avenue to the intersection with a line distant 400 feet southwestwardly from and parallel with the southwestwardly side of West 183d street, the said distance being measured at right angles to West 183d street; thence northwardly along the said line parallel with West 183d street and along the prolongation of the said line to a point distant 200 feet northwesterly from its intersection with the northwesterly side of Loring place; thence northeastwardly at right angles to the course last described to the intersection with the prolongation of a line distant 100 feet northeasterly from and parallel with the northeasterly side of West 182d street as this street is laid out between Hampden place and Sedgwick avenue, the said distance being measured at right angles to West 182d street; thence northwardly along the said line parallel with West 182d street and along the prolongation of the said line to a point distant 100 feet northwesterly from the northwesterly side of Sedgwick avenue, the said distance being measured at right angles to Sedgwick avenue; thence northeastwardly and always distant 100 feet northwesterly from and parallel with the northwesterly side of Sedgwick avenue to the intersection with a line distant 100 feet southwestwardly from and parallel with the southwestwardly side of the unnamed street, the said distance being measured at right angles to the unnamed street; thence northwardly along the said line parallel

with the unnamed street to the intersection with the southeasterly side of Hampden place; thence northeastwardly along the southeasterly side of Hampden place and of Fordham road to the point or place of beginning.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

*Request for the Amendment of the Proceeding Relating to the Opening of Van Nest Avenue, from Bear Swamp Road to Walker Avenue, by the Inclusion of the Section from Bear Swamp Road to Williamsbridge Road, Borough of The Bronx* (Cal. No. 29).

The Secretary presented the following:

Van Nest Property Owners' Association Headquarters, Maurer's Casino, Unionport Road, near Van Nest Avenue, New York, October 28, 1913.

Honorable Board of Estimate and Apportionment:

Gentlemen—With reference to the opening of Van Nest avenue, we respectfully petition that the proceeding now pending between Bear Swamp road and Walker avenue be amended so as to include that part of Van Nest avenue between Bear Swamp road and Williamsbridge road. This latter section is within the area of benefit, and should be opened at the same time as the action now pending. Thanking you in advance, I remain

Yours very truly,

RUDOLPH PROLL, Secretary,  
1713 Van Buren street, Bronx.

Report No. 13361.

November 21, 1913.

Hon. ARDOLPH L. KLINE, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from Mr. Rudolph Proll, Secretary of the Van Nest Property Owners' Association, Borough of The Bronx, bearing date of October 28, 1913, requesting that the proceeding for acquiring title to Van Nest avenue, from West Farms road to Bear Swamp road be amended by the inclusion of the section of the street extending from Bear Swamp road to Williamsbridge road.

A proceeding for acquiring title to Van Nest avenue, between the limits named, together with Kinsella street, from Matthews avenue to Bear Swamp road, was instituted by the Board of Estimate and Apportionment on November 19, 1909, and was amended on April 20, 1911, to conform with certain changes made in the street alignment. The oaths of the Commissioners of Estimate and Assessment were filed on December 21 following, and to permit of carrying out a grading improvement title to the land was vested in the City on April 1, 1913.

The proceeding has advanced too far to permit of amending it by including an additional length of the street, for the reason that the Commissioners at the present time taking testimony might not be qualified to act if the proceeding were so amplified. The result sought might be equally well attained if a new proceeding were instituted and the Court appointed the same set of Commissioners who are at the present time acting in the adjoining section.

There has been no resolution forwarded initiating proceedings for acquiring additional lands needed for Van Nest avenue, and under these conditions I would recommend that the matter be referred to the Borough President with the suggestion that it be presented for the consideration of the Local Board, and with the understanding that if a suitable Local Board resolution is later submitted an attempt will be made to meet the desires of the property owners as outlined in this report.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

On motion the matter was referred to the President of the Borough of The Bronx.

*Acquiring Title to the Property Required for the Widening of East 161st Street on Its Southerly Side Between Mott Avenue and a Point About 100 Feet East of Sheridan Avenue, Borough of The Bronx* (Cal. No. 30).

The Secretary presented the following communication from the Acting Corporation Counsel and report of the Chief Engineer of the Board:

City of New York, Law Department, Office of the Corporation Counsel, New York, December 2, 1913.

Board of Estimate and Apportionment:

Gentlemen—I am in receipt of a letter, dated November 21, 1913, addressed to the Corporation Counsel by Joseph Haag, your Secretary, transmitting copy of a communication from the President of the Borough of The Bronx and a copy of a report of the Chief Engineer of your Board in the matter of acquiring title to the

lands required for the widening of East 161st street between Mott avenue and a point about 100 feet east of Sheridan avenue, Borough of The Bronx.

At the meeting of your Board held on November 20, 1913, the matter was referred to the Corporation Counsel with a request that he advise the Board whether it has the power to fix an area of assessment and to make provision for assessing the entire cost upon a local area.

The doubt which has arisen as to the power of the Board to exercise its discretion in this particular case is due to the enactment of chapter 130 of the Laws of 1895, providing for the acquisition of the Concourse north of East 161st street, and chapter 522 of the Laws of 1905, which provided for the acquisition of the land from East 158th street to East 164th street, between Walton and Mott avenues.

The first named act provides that not more than fifteen transverse roadways may be laid out to cross under the Concourse, and that the Commissioners of Estimate and Assessment should not assess more than 25 per cent. of the expense of acquiring the property upon a local area of assessment, the remaining expense being assumed by the City at large.

Section 3 of the Act of 1905 makes the provisions of the Act of 1895 "respecting the area of assessment and the amount of the assessment to be borne by the lands, tenements and hereditaments benefited" applicable to the extension of the Concourse.

The land now proposed to be acquired is not to be taken for one of the transverse roads provided for in the original Concourse act, and is not affected by its provisions, nor is the area to be taken included in or affected by the provisions of the later act.

I am of the opinion that neither of the acts referred to limits in any way the discretion of the Board as to the adoption of the area of assessment or the authority of the Board to fix the proportion of the cost and expense to be borne by the property owners in the proposed proceeding, and that the general provisions of the Charter apply to the acquisition of title to the land sought to be taken.

Yours respectfully, LOUIS H. HAHLO, Acting Corporation Counsel.

Report No. 13413.

December 11, 1913.

Hon. ARDOLPH L. KLINE, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—At the meeting of the Board of Estimate and Apportionment held on February 6, 1913, a map was approved under which provision was made for widening East 161st street in the vicinity of the Grand Boulevard and Concourse, Borough of The Bronx, which was intended to clear the way for the construction of a transverse road under the latter street. The Borough President subsequently advised that efforts to secure a petition from the property owners to the Local Board for the acquisition of the land needed for the carrying out of this project had been unsuccessful, and the Board of Estimate and Apportionment was accordingly requested to initiate the necessary opening proceeding.

Inasmuch as the resolution adopted by the Board in the matter of widening East 161st street described the map as including provision for a transverse road, some doubt arose as to whether the special acts of the Legislature relating to the Grand Boulevard and Concourse north of East 161st street, and to the extension of this street from East 161st street to East 158th street, would in any way limit the authority of the Board or modify the procedure to be followed. The Board accordingly on November 20 last requested the Law Department to advise whether it is vested with the power to lay out a district of benefit and to make provision for meeting the entire expense of the opening proceeding through a local assessment.

Under date of December 2, 1913, the Board is now informed by the Corporation Counsel that the special acts of the Legislature do not in any way limit its discretion as to the fixing of an area of assessment or modify its authority to determine the proportion of the cost and expense to be borne by the property owners in the proposed proceeding, and that the general provisions of the City Charter are in every way applicable. Under these conditions it would appear proper to grant the request of the Borough President and to institute the desired proceeding.

The land which is needed for the widening comprises two parcels, one of which extends through the entire southerly side of the block of East 161st street between Mott avenue and Sheridan avenue, and has a width of about 35 feet, and the other is a triangular parcel at the southeasterly corner of Sheridan avenue, having a frontage of about 41.5 feet on the latter street and of about 100 feet on East 161st street. The parcel last noted falls within the limits of an area owned by the New York and Harlem Railroad Company and partly used as a freight yard, but the remaining land is at the present time in private use, and it is believed that near Sheridan avenue buildings encroach.

In accordance with the request of the Borough President I would recommend the adoption of a resolution for acquiring title to the widening of East 161st street on its southerly side from Mott avenue to a point about 100 feet east of Sheridan avenue.

I would also recommend that title to the land be acquired in fee; that the entire cost and expense of the proceeding, including any damages allowed for intended regulating, be assessed upon the property benefited; and that a district of assessment be laid out to comprise the following area:

Beginning at a point on a line bisecting the angle formed by the intersection of the prolongations of the centre lines of East 162d street and East 163d street as these streets are laid out immediately west of Sheridan avenue where it is intersected by a line midway between Gerard avenue and Walton avenue as these streets are laid out where they meet East 164th street on the south, and running thence eastwardly along the said bisecting line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the easterly line of Grand Boulevard and Concourse and the westerly line of Sheridan avenue, as these streets are laid out at East 163d street; thence northwardly along the said bisecting line to the intersection with a line distant 100 feet northerly from and parallel with the northerly line of East 163d street as this street is laid out between Grand Boulevard and Concourse and Sheridan avenue, the said distance being measured at right angles to East 163d street; thence eastwardly along the said line parallel with East 163d street and along the prolongation of the said line to a point distant 100 feet easterly from the easterly line of 3d avenue, the said distance being measured at right angles to 3d avenue; thence southwardly and always distant 100 feet easterly from and parallel with the easterly line of 3d avenue to a point distant 100 feet easterly from the easterly line of St. Anns avenue, the said distance being measured at right angles to St. Anns avenue; thence southwardly and always distant 100 feet easterly from and parallel with the easterly line of St. Anns avenue to the intersection with the prolongation of a line midway between East 158th street and East 159th street as these streets are laid out between Brook avenue and St. Anns avenue; thence westwardly along the said line midway between East 158th street and East 159th street and along the prolongation of the said line to the intersection with the easterly line of Brook avenue; thence southwestwardly in a straight line to a point on the westerly line of Brook avenue where it is intersected by a line midway between East 157th street and East 158th street, as these streets are laid out between Brook avenue and 3d avenue; thence westwardly along the said line midway between East 157th street and East 158th street and along the prolongation of the said line to the intersection with the prolongation of a line midway between East 157th street and East 158th street as these streets are laid out between 3d avenue and Elton avenue; thence westwardly along the said line midway between East 157th street and East 158th street and along the prolongations of the said line to a point distant 100 feet westerly from the westerly line of Sheridan avenue, the said distance being measured at right angles to Sheridan avenue; thence northwardly and always distant 100 feet westerly from and parallel with the westerly line of Sheridan avenue to a point distant 100 feet northerly from the northerly line of East 158th street, the said distance being measured at right angles to East 158th street; thence westwardly and always distant 100 feet northerly from and parallel with the northerly line of East 158th street to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the centre lines of Gerard avenue and Walton avenue as these streets are laid out between East 158th street and East 161st street; thence northwardly along the said bisecting line to the intersection with a line distant 100 feet southerly from and parallel with the southerly line of East 161st street as this street is laid out between Gerard avenue and Walton avenue, the said distance being measured at right angles to East 161st street; thence westwardly along the said line parallel with East 161st street and along the prolongations of the said line, to the intersection with a line distant 100 feet westerly from and parallel with the westerly line of Cromwell avenue, the said distance being measured at right angles to Cromwell avenue; thence northwardly along the said line parallel with Cromwell avenue to the intersection with a line distant 100 feet northerly from and parallel with the northerly line of East 161st street as this street is laid out at Cromwell avenue, the said distance being measured at right angles to East 161st street; thence

eastwardly along the said line parallel with East 161st street to the intersection with the prolongation of a line midway between Gerard avenue and Walton avenue as these streets are laid out immediately south of East 164th street; thence northwardly along the said line midway between Gerard avenue and Walton avenue and along the prolongation of the said line to the point or place of beginning.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

*Amending the Proceeding for Acquiring Title to Nereid Avenue, from White Plains Road to Bullard Avenue, Borough of The Bronx (Cal. No. 31).*

The Secretary presented the following report of the Chief Engineer:

Report No. 13429.

December 10, 1913.

Hon. ARDOLPH L. KLINE, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—On November 13, 1901, the Board of Public Improvements authorized a proceeding for acquiring title to Nereid avenue from White Plains road to the Bronx River in the Borough of The Bronx. The Commissioners of Estimate and Assessment filed their oaths on May 21, 1903, and on April 27, 1906, the proceeding was confirmed as to awards excepting parcels 34 and 35, these comprising land in railroad use.

The attention of the Board of Estimate and Apportionment was subsequently directed to objection on the part of the railroad company to the confirmation of the proceeding, and on June 1, 1906, the Corporation Counsel was authorized to enter into an agreement which would provide for the acceptance of an easement for street purposes to the land in railroad occupancy instead of the fee title originally contemplated. Negotiations intended to accomplish this result did not meet with any substantial progress, and on the advice of the Corporation Counsel the proceeding was amended on October 3, 1912, by excluding the section west of Bullard avenue.

In connection with the preparation of the damage maps relating to an opening proceeding affecting Bullard avenue, it was found that the westerly line of Bullard avenue did not coincide with the easterly boundary of the railroad property, and a map embodying the changes necessary to overcome this discrepancy was approved by the Board on December 4 last. For the reason that Bullard avenue is named as the westerly terminus of the Nereid avenue opening proceeding it would seem advisable, in order to avoid any possible question as to its scope, to amend the latter proceeding to conform with the new position of Bullard avenue.

I would accordingly recommend that the resolution under which the Nereid avenue opening proceeding was authorized be further amended so as to make the proceeding clearly relate to the street from White Plains road to Bullard avenue as now laid out.

I would also recommend that the Corporation Counsel be then requested to apply to the Supreme Court to have a corresponding modification made in the jurisdiction of the Commissioners of Estimate and Assessment.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

*Acquiring Title to 43d Street, from Astoria Avenue to Jackson Avenue, and to 44th Street, from Astoria Avenue to Roosevelt Avenue, Borough of Queens (Cal. No. 32).*

The Secretary presented the following communication from the President of the Borough of Queens and report of the Chief Engineer:

The City of New York, Office of the President of the Borough of Queens, Long Island City, November 20, 1913.

Mr. JOSEPH HAAG, Secretary of the Board of Estimate and Apportionment:

Dear Sir—At the meeting of the Board of Estimate and Apportionment on May 16, 1912, the matter of acquiring title to 43d street, from Jackson avenue to Astoria avenue, and to 44th street, from Astoria avenue to Sackett street, was referred back to this office.

I enclose herewith copy of report of the Topographical Engineer of this Department, in which it is stated that the recent adoption by the Board of Estimate and Apportionment of a map changing the lines of 44th street clears the way for the further consideration by the Board of fixing a date for a public hearing on the area of assessment for acquiring title to these streets.

Kindly submit this matter to the Board for its consideration. Respectfully,

MAURICE E. CONNELLY, President of the Borough of Queens.

Report No. 13415.

December 6, 1913.

Hon. ARDOLPH L. KLINE, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—At the meeting of the Board of Estimate and Apportionment held on May 16, 1912, a report was presented concerning a district of assessment in a proposed proceeding for acquiring title to the following streets in the Borough of Queens: 43d street, from Astoria avenue to Jackson avenue; 44th street, from Astoria avenue to Sackett street. At his request, the matter was then referred back to the Borough President for further consideration.

Under a map change approved on November 6, 1913, the lines of 44th street, between Polk avenue and Sackett street were slightly shifted, and the street was incidentally extended a short distance southwardly to an intersection with Roosevelt avenue. In a communication bearing date of November 20 last, the Borough President now advises that the approval of the modifications noted has cleared the way for the consideration by the Board of the opening proceeding above referred to.

The provision of an outlet for 44th street has resulted in adding to the street area a block having a length of a little over 100 feet, and the attention of the Borough President has been directed to the advisability of providing for the acquisition of this portion of the street in connection with the proceeding originally proposed. As a result there has been forwarded to this office a report by the Topographical Engineer in which this view is concurred in, and such modification in the scope of the proceeding is therefore suggested.

Forty-third street has been given a width of 70 feet, and 44th street one of 60 feet. The proceeding now proposed will affect a length of about 1,600 feet of the former street, and about 4,500 feet of the latter. The streets are adjacent and parallel and can advantageously be made the subject of a single opening proceeding, such treatment being recommended.

Forty-third street is in use for its full width from Jackson avenue to a point about 200 feet north of Burnside avenue, and 44th street at a lesser width from Polk avenue to Burnside avenue. The streets are otherwise not in use. A number of buildings have in each case been erected upon the abutting property, some of which, it is believed, encroach upon the land needed for the widening of 44th street.

I would recommend the adoption of a resolution for acquiring title to 43d street between the limits originally proposed, and to 44th street, from Astoria avenue to Roosevelt avenue.

I would also recommend that title to the land be acquired in fee; that the entire cost and expense of the proceeding, including any damages allowed for intended regulating, be assessed upon the property benefited, and that a district of assessment be laid out to comprise the following area:

Beginning at a point on a line midway between McIntosh street and Kearney street where it is intersected by the prolongation of a line distant 100 feet southerly from and parallel with the southerly line of Grand avenue as this street is laid out between 42d street and 43d street, the said distance being measured at right angles to Grand avenue, and running thence southeastwardly along the said line midway between McIntosh street and Kearney street to the intersection with the prolongation of a line midway between 44th street and 45th street, as these streets are laid out between Patterson avenue and Burnside avenue; thence southwardly along a line always midway between 44th street and 45th street and the prolongations thereof, to the intersection with a line distant 100 feet southerly from and parallel with the southerly line of Roosevelt avenue; thence westwardly along the said line parallel with Roosevelt avenue to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the easterly line of 43d street and the westerly line of 44th street as these streets are laid out between Polk avenue and Sackett street; thence northwardly along the said bisecting line to the intersection with the southerly line of Polk avenue; thence northwardly in a straight line to a point on the northerly line of Polk avenue midway between 43d street and 44th street; thence northwardly along a line always midway between 43d street and 44th street to the intersection with a line midway between Jackson avenue and Hayes avenue; thence westwardly along the said line midway between Jackson avenue and Hayes avenue to the intersection with a line midway between 41st street and 42d street; thence northwardly along the said line midway between 41st street and 42d street to the intersection with a line distant 100 feet southerly from and parallel with the southerly line of Grand avenue as this street is laid out between 42d street and 43d street, the said distance being measured at right angles to Grand avenue; thence eastwardly along the said line parallel with Grand avenue and along the prolongation of the said line to the point or place of beginning.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was offered:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of 43d street, from Astoria avenue to Jackson avenue; 44th street, from Astoria avenue to Roosevelt avenue, in the Borough of Queens, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement, to fix and determine upon an area or areas of assessment for benefit for said proceedings.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, as amended, hereby gives notice that the following is the proposed area of assessment for benefit in these proceedings:

Beginning at a point on a line midway between McIntosh street and Kearney street where it is intersected by the prolongation of a line distant 100 feet southerly from and parallel with the southerly line of Grand avenue as this street is laid out between 42d street and 43d street, the said distance being measured at right angles to Grand avenue, and running thence southeastwardly along the said line midway between McIntosh street and Kearney street to the intersection with the prolongation of a line midway between 44th street and 45th street, as these streets are laid out between Patterson avenue and Burnside avenue; thence southwardly along a line always midway between 44th street and 45th street and the prolongations thereof, to the intersection with a line distant 100 feet southerly from and parallel with the southerly

line of Roosevelt avenue, the said distance being measured at right angles to Roosevelt avenue; thence westwardly along the said line parallel with Roosevelt avenue to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the easterly line of 43d street and the westerly line of 44th street as these streets are laid out between Polk avenue and Sackett street; thence northwardly along the said bisecting line to the intersection with the southerly line of Polk avenue; thence northwardly in a straight line to a point on the northerly line of Polk avenue midway between 43d street and 44th street; thence northwardly along a line always midway between 43d street and 44th street to the intersection with a line midway between Jackson avenue and Hayes avenue; thence westwardly along the said line midway between Jackson avenue and Hayes avenue to the intersection with a line midway between 41st street and 42d street; thence northwardly along the said line midway between 41st street and 42d street to the intersection with a line distant 100 feet southerly from and parallel with the southerly line of Grand avenue as this street is laid out between 42d street and 43d street, the said distance being measured at right angles to Grand avenue; thence eastwardly along the said line parallel with Grand avenue and along the prolongation of the said line to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 16th day of January, 1914, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 16th day of January, 1914.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Report No. 13375.

November 18, 1913.

Hon. ARDOLPH L. KLINE, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Jamaica District, Borough of Queens, adopted on April 25, 1913, initiating proceedings for acquiring title at the expense of The City of New York to a parcel of land having an area of about 3.2 acres adjoining Upland Park on its easterly side, the acquisition, however, being conditioned upon the cession to the City, without expense, of an adjoining parcel having an area of one acre.

At the meeting of September 19, 1912, a communication was presented from the Commissioner of Parks advising that the owner of the smaller parcel was prepared to deed it to the City, providing that the larger one was also acquired and suggesting that the expense involved in acquiring the larger area might properly be assumed either by the City or by the Borough, and at this time the matter was referred to the Borough President.

Upland Park, having an area of about 6.6 acres, was placed upon the City Map on December 15, 1905, in order to clear the way for the acceptance of a deed of cession. The park is largely wooded and is partially occupied by a lake the greater portion of which is located outside of the park boundary. The extension proposed by the Park Commissioner was intended to include all of the flooded area, together with a parcel adjoining it on the north which was apparently needed to secure a boundary which might be made to conform with the street plan when it is prepared.

Under the Charter requirements, before the opening proceeding proposed by the Park Commissioner and by the Local Board could be carried out, or before a deed of cession could be accepted by the City, it will be necessary to incorporate upon the City plan the area which it is proposed to include within the park limits. No such map has yet been presented, and I would therefore recommend that the matter be referred back to the Borough President in order that action upon the resolution may be preceded by a map upon which it can be based, and with the further suggestion that such a plan make provision for laying out streets to form the boundary of the park lands.

The park is located in a somewhat isolated section of the Borough and its advantages would probably be availed of by only a comparatively small area in this vicinity. Under these conditions I can see no reason for asking the City to assume any portion of the expense, and in my judgment its position is not such as to warrant any substantial contribution from the Borough to meet the expense involved. Under the rules which have been suggested relative to the determination of the area benefited by improvements of this character, it is proposed that the area to be assessed be so laid out as to permit of an assessment graded under the rules usually observed in determining benefit, and based on a frontage assessment of about 15 per cent. of the value of the abutting land to a depth of 100 feet. The application of such a rule in this instance would result in fixing the boundary of the district of assessment a little less than one-half mile from the perimeter of the park. In case a map is submitted to and adopted by the Board, I see no reason why an agreement could not be entered into with the owner of the parcel which is to be ceded to the City without expense, of such a character as to relieve him from any assessment in the proceeding, which proceeding, in my judgment, should be carried out as a local improvement of benefit only to property in the immediate vicinity.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

On motion, the matter was referred back to the Local Board of the Jamaica District, Borough of Queens.

*Amending the Proceeding for Acquiring Title to Caspian Street, from Andrews Street to Metropolitan Avenue; to Zeidler Street, from Andrews Street to Metropolitan Avenue, and to King Place, from Caspian Street to Metropolitan Avenue, Borough of Queens (Cal. No. 34).*

The Secretary presented the following report of the Chief Engineer:

Report No. 13417.

December 9, 1913.

Hon. ARDOLPH L. KLINE, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—At the meeting of the Board of Estimate and Apportionment held on July

11, 1912, a proceeding was instituted for acquiring title to the following streets in the Borough of Queens: Caspian street, from Andrews street to Metropolitan avenue; Zeidler street, from Andrews street to Metropolitan avenue; King place, from Caspian street to Metropolitan avenue. Up to the present time the proceeding has not been materially advanced.

Under a map change approved on December 4 last the lines of Caspian street were shifted slightly through a portion of the block between Collins avenue and Eliot avenue, and it will be necessary to make a corresponding modification in the opening proceeding.

I would accordingly recommend that after a new public hearing has been given upon a district of assessment identical in position and description with the one heretofore fixed, the opening proceeding be amended so as to relate to each of the streets between the limits originally proposed as now laid out.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was offered:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of amending the proceeding instituted by said Board on July 11, 1912, for acquiring title to Caspian street, from Andrews street to Metropolitan avenue; Zeidler street, from Andrews street to Metropolitan avenue, and King place, from Caspian street to Metropolitan avenue, Borough of Queens, so as to conform to a map or plan adopted by the Board of Estimate and Apportionment December 4, 1913, and approved by the Mayor December 15, 1913, under which the lines of Caspian street were shifted slightly through a portion of the block between Collins avenue and Eliot avenue; the amended proceeding relating to the streets being acquired thereunder as the said streets are now laid out upon the map or plan of The City of New York.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of the Greater New York Charter, as amended, hereby gives notice that the following is the proposed area of assessment for benefit in this proposed amended proceeding:

Beginning at a point on the southerly right of way line of the Bushwick Branch of the Long Island Railroad where it is intersected by the prolongation of a line distant 100 feet easterly from and parallel with the easterly line of Caspian street as this street is laid out where it adjoins Metropolitan avenue, the said distance being measured at right angles to Caspian street, and running thence southwardly along the said line parallel with Caspian street and along the prolongations of the said line to a point distant 100 feet southerly from the southerly line of Metropolitan avenue; thence westwardly and parallel with Metropolitan avenue a distance of 250 feet; thence northwardly at right angles to Metropolitan avenue to a point distant 100 feet southerly from the southerly line of Caspian street, the said distance being measured at right angles to Caspian street; thence westwardly along a line always distant 100 feet southerly from and parallel with the southerly line of Caspian street to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the easterly line of King place and the westerly line of Collins avenue; thence southwardly along the said bisecting line to the intersection with the centre line of Metropolitan avenue; thence westwardly along the centre line of Metropolitan avenue to the intersection with the prolongation of a line midway between Himrod street and Harmon street; thence southwardly along the said line midway between Himrod street and Harmon street and along the prolongation of the said line to the intersection with a line distant 100 feet southerly from and parallel with the southerly line of Metropolitan avenue, the said distance being measured at right angles to Metropolitan avenue; thence westwardly along the said line parallel with Metropolitan avenue to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the easterly line of Andrews street and the westerly line of Zeidler street as these streets are laid out where they adjoin Metropolitan avenue; thence northwardly along the said bisecting line to the intersection with the prolongation of a line midway between Zeidler street and Martin street; thence northwardly along the said prolongation of a line midway between Zeidler street and Martin street to a point distant 100 feet westerly from the westerly line of Andrews street, the said distance being measured at right angles to Andrews street; thence generally northwardly and always distant 100 feet westerly from and parallel with the westerly line of Andrews street and the prolongations thereof to the intersection with a line midway between Arctic street and Caspian street as these streets are laid out between Arnold street and Andrews street; thence southeastwardly along the said line midway between Caspian street and Arctic street and along the prolongation of the said line to the intersection with the prolongation of a line midway between Caspian street and Arctic street as these streets adjoin Collins avenue; thence eastwardly along the said line midway between Caspian street and Arctic street and along the prolongations of the said line to the intersection with the southerly right of way line of the Bushwick Branch of the Long Island Railroad; thence eastwardly along the said right of way line to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 16th day of January, 1914, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days prior to the 16th day of January, 1914.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

*Matter of Alleged Dedication to Public Use of Maryland Avenue, from Tompkins Avenue to Fox Hill Terrace, Borough of Richmond (Cal. No. 35).*

(At the meeting of the Board held on July 10, 1913, a report was presented from the Chief Engineer relative to the construction of a sewer in Maryland avenue, at which time it was pointed out that papers were submitted intended to establish a dedication to public use, but that these evidences did not appear to be conclusive.)

The Secretary presented the following communication from the Acting Corporation Counsel, which was ordered printed in the minutes and filed:

The City of New York, Law Department, Office of the Corporation Counsel, New York, October 31, 1913.

*The Board of Estimate and Apportionment:*

Gentlemen—I am in receipt of a letter dated July 11, 1913, addressed to the Corporation Counsel and signed by your Secretary, Joseph Haag, transmitting copies of papers in the matter of the proposed temporary sewer in Maryland avenue, from Fox Hill terrace to the existing sewer, about 60 feet east of Tompkins avenue, Borough of Richmond, consisting of a resolution of the Local Board of the Staten Island District and the report of the Acting Chief Engineer of your Board, together with copies of affidavits of George F. Cornell and Joseph O'Neil, relative to the alleged dedication of a portion of this street to the public use.

Your Secretary states that at a meeting of your Board, the matter was referred to the Corporation Counsel for advice as to the title of this street, between the limits named by the Local Board.

It appears from the affidavits of Messrs. Cornell and O'Neil, that they have lived in the former village of Edgewater, in the Borough of Richmond, for over 20 years; that they of their own knowledge have known Maryland avenue, from Tompkins avenue to Fox Hill terrace, to have been open and used as a public highway for more than 20 years; that it was recognized by the Village authorities as open for public use and that it was maintained as a public road at the public's expense.

From the report of Mr. Arthur S. Tuttle, Acting Chief Engineer, to Hon. William J. Gaynor, dated July 25, 1913, it appears that the street was graded, but the roadway at the present time is grass grown and shows no evidence of having been traversed by vehicles; it is lighted by electric lamps, but apparently there are no subsurface structures of any kind.

From the facts set forth in the affidavits of Messrs. Cornell and O'Neil, and in the report of Mr. Arthur S. Tuttle, I am of the opinion that there is not sufficient evidence to establish the dedication of Maryland avenue, from Tompkins avenue to Fox Hill terrace, to the use of the public.

I herewith return all the papers transmitted by your Secretary. Respectfully,

LOUIS H. HAHLO, Acting Corporation Counsel.

On motion, the Secretary was directed to send a copy of the communication from the Acting Corporation Counsel to the President of the Borough of Richmond.

The Secretary presented the following:

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment, 277 Broadway, New York City:

Dear Sir—In connection with the construction of subdivision 3 of the Eastern Parkway line, pursuant to Contract No. 3, dated March 19, 1913, between The City of New York and Interborough Rapid Transit Company, a portion of which runs along East 98th street from East New York avenue to Livonia avenue, in the Borough of Brooklyn, it is essential that the City acquire title to this street at an early date. The Commission is informed that a proceeding has been instituted to acquire title to this street from East New York avenue to Foster avenue and that the rule and damage maps were filed with the Board of Estimate and Apportionment on December 5. The Public Service Commission, therefore, requests you to take such steps as may be necessary to expedite the acquisition of title to this street for the full portion needed for rapid transit purposes.

Yours very truly,

TRAVIS H. WHITNEY, Secretary.

Report No. 13440.

December 13, 1913.

Hon. ARDOLPH L. KLINE, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the Acting President of the Borough of Brooklyn, bearing date of December 4, 1913, presenting for consideration the rule map and damage map prepared for the court record and for the use of the Commissioners of Estimate and Assessment to be appointed in the proceeding for acquiring title to East 98th street, from East New York avenue to Foster avenue, excluding the right of way of the Long Island Railroad.

This proceeding was instituted by the Board of Estimate and Apportionment on April 3, 1913, and the maps indicate that it affects an area of 661,188.24 square feet. Of this area 49,926.56 square feet has been acquired in connection with opening proceedings relating to some of the intersecting streets, 145,159.04 square feet is included in opening proceedings now in progress relating to certain other of the intersecting streets, and 71,181.89 square feet has been ceded to the City by property owners, leaving a net area of 394,920.75 square feet to be acquired under the new proceeding.

The street is not in use and the abutting property is almost entirely unimproved. Eight buildings, together with fences, encroach upon the land to be acquired.

Portions of the street are shown on maps filed by the property owners between September 5, 1872, and June 8, 1906, and also upon a number of property maps not filed.

I would recommend the approval of the maps, and that after certification they be forwarded to the Corporation Counsel. Respectfully,

NELSON P. LEWIS, Chief Engineer.

This proceeding was instituted by the Board of Estimate and Apportionment on January 10, 1908, and the oaths of the Commissioners of Estimate and Assessment were filed on March 19 of the following year. The proceeding was amended on October 22, 1909, and again on February 9, 1911, to conform with changes made in the lines of Barnes avenue. Slight modifications were subsequently made in the lines of Wallace avenue at its intersection with North Oak Drive, and minor changes were also made in some of the block dimensions with the result that a further amendment was made in the opening proceeding on February 20 of the current year.

The maps now presented embody such modifications as are necessary to make them harmonize with the latest amendment. They conform with the streets as now mapped and it is recommended that they be approved.

It is also recommended that after certification they be forwarded to the Corporation Counsel.

Seymour avenue and Sacket avenue are not in use, but a narrow macadamized roadway falls within the lines of Eastchester road. In addition to the buildings above noted, porches, steps and fences encroach upon the land needed for the widening of the street last named. The existing street within the lines of Eastchester road includes an area of 825,280.91 square feet, which has been in use for highway purposes for many years, and in which the City undoubtedly has an undisputed ownership.

Portions of Eastchester road and Seymour avenue are shown on maps filed by the property owners between December 3, 1849, and May 18, 1911.

I would recommend the approval of the maps, and that after certification they be forwarded to the Corporation Counsel.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of The City of New York hereby approves the rule map, damage map and profile, submitted by the President of the Borough of The Bronx, to be used by the Corporation Counsel in the proceeding instituted by said Board on June 27, 1912, for acquiring title to Eastchester road from Williamsbridge road to Laconia avenue; Seymour avenue from Eastchester road to Hicks street, and Sacket avenue from the prolongation of the easterly line of Newport avenue to Eastchester road, Borough of The Bronx.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

*Rule Map, Damage Map and Profile in the Proceeding for Acquiring Title to 4th Street, from Queens Boulevard to Jackson Avenue, and to 5th Street, from Queens Boulevard to Woodside Avenue, Borough of Queens (Cal. No. 39).*

The Secretary presented the following report of the Chief Engineer:

Report No. 13401.

December 3, 1913.

Hon. ARDOLPH L. KLINE, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the Secretary to the President of the Borough of Queens, bearing date of April 8, 1913, presenting for consideration the rule map, damage map and profile prepared for the court record and for the use of the Commissioners of Estimate and Assessment to be appointed in the proceeding for acquiring title to the following streets: 4th street, from Queens boulevard to Jackson avenue; 5th street, from Queens boulevard to Woodside avenue.

This proceeding was instituted by the Board of Estimate and Apportionment on January 11, 1912, and was amended to conform with certain map changes on February 20 of the current year. The maps now presented conform in dimensions with the plan under which the streets were laid out, and indicate that the proceeding affects an area of 348,140.6 square feet, distributed between the streets as shown in the following table, which also indicates the number of buildings affected:

| Streets.         | Area Acquired Under Other Proceedings (Sq. Ft.) | Net Area to be Acquired Under This Proceeding (Sq. Ft.) | Buildings Affected. |
|------------------|---|---|---------------------|
| 4th street ..... | 13,906.8  | 250,945.7   | 23                  |
| 5th street ..... | 13,442.1  | 69,846.0  | 4                   |
| Total .....      | 27,348.9  | 320,791.7   | 27                  |

Fourth street is not in use south of Woodside avenue, but north of this point it is approximately graded; 5th street is paved and improved at a lesser width than that at which the street is mapped. The abutting property in each case is partially improved, and, in addition to the buildings above noted, porches, steps and fences encroach upon the land to be acquired.

Portions of the streets are shown on maps filed by the property owners between April 29, 1869, and July 21, 1893.

I would recommend the approval of the maps, and that after certification they be forwarded to the Corporation Counsel.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

Which was adopted by the following vote:

*Rule Map, Damage Map and Profile in the Proceeding for Acquiring Title to 2d Street from Howell Avenue to Jackson Avenue; and to 3d Street from Queens Boulevard to Woodside Avenue, and from Stryker Avenue to Jackson Avenue, Borough of Queens (Cal. No. 40).*

The Secretary presented the following report of the Chief Engineer:

Report No. 13400.

December 3, 1913.

Hon. ARDOLPH L. KLINE, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the Secretary to the President of the Borough of Queens, bearing date of October 9, 1913, presenting for consideration the rule map, damage map and profile prepared for the court record and for the use of the Commissioners of Estimate and Assessment to be appointed in the proceeding for acquiring title to the following streets: 2d street, from Howell avenue to Jackson avenue; 3d street, from Queens boulevard to Woodside avenue, and from Stryker avenue to Jackson avenue.

This proceeding was instituted by the Board of Estimate and Apportionment on April 3, 1913. The maps now presented indicate that it affects an area of 277,449.1 square feet distributed between the streets as shown in the following table, which also indicates the number of buildings affected:

| Street.         | Area Ceded (Sq. Ft.) | Area Acquired Under Other Proceedings (Sq. Ft.) | Net Area to be Acquired Under This Proceeding (Sq. Ft.) | Buildings Affected. |
|-----------------|----------------------|---|---|---------------------|

Of the net area needed for 3d street, 3,877.7 square feet at the intersection with Woodside avenue comprises land which, in the opinion of the Corporation Counsel, has been dedicated to public use; 3d street is not in use south of Woodside avenue, but with this exception, a narrow roadway falls within the street lines in each case, and the abutting property is partially improved. In addition to the buildings noted, porches, steps and fences encroach upon the land to be acquired.

Portions of the streets are shown on maps filed by the property owners on April 29, 1867, and July 21, 1893.

I would recommend the approval of the maps, and that after certification they be forwarded to the Corporation Counsel.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

*Rule Map, Damage Map and Profile in the Proceeding for Acquiring Title to Atlantic Avenue from the Brooklyn Borough Line to Van Wyck Avenue, Excluding all Land Within the Limits of the Right-of-way of the Long Island Railroad Company and All Land Actually Occupied by Railroad Buildings, Borough of Queens (Cal. No. 41).*

The Secretary presented the following report of the Chief Engineer:

Report No. 13378.

December 6, 1913.

Hon. ARDOLPH L. KLINE, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the Secretary to the President of the Borough of Queens, bearing date of October 9, 1913, presenting for consideration the rule map, damage map and profile prepared for the court record and for the use of the Commissioners of Estimate and Assessment to be appointed in the proceeding for acquiring title to Atlantic avenue from the Brooklyn Borough line to Van Wyck avenue, excluding all land within the limits of the right-of-way of the Long Island Railroad Company and all land actually occupied by railroad buildings.

A proceeding for acquiring title to this street was instituted by the Board of Estimate and Apportionment on April 25, 1912, and was amended on December 4 last to conform with a map change under which the street width for a portion of its length on the northerly side of the Long Island Railroad was decreased from 35.28 to 35 feet.

The maps now presented conform in dimensions with the plan under which the street has been laid out and indicate that the proceeding affects an area of 1,101,840.3 square feet. Of this area 5,589.6 square feet within the lines of old Rockaway road has been acquired under a deed accepted by the Supervisors of Queens County in 1883, and 34,629.2 square feet has been ceded to the City by the property owners, leaving a net area of 1,061,621.5 square feet still to be acquired. Of the net area 210,339.3 square feet falls within the lines of old existing roads and comprises land which the Corporation Counsel has advised is dedicated to public use.

The street is roughly in use for a portion of its width through almost the entire distance affected and a number of buildings have been erected upon the abutting property. Twenty-eight of these, together with porches, steps and fences, encroach upon the land to be acquired. Portions of the street are shown on maps filed by the property owners between February 3, 1838, and October 17, 1912, and also upon a number of property maps not filed.

I would recommend the approval of the maps, and that after certification they be forwarded to the Corporation Counsel.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

*Section 6 of the Damage Maps in the Queens Boulevard Opening Proceeding, This Covering All of the Street from Yellowstone Avenue to Union Turnpike, Borough of Queens (Cal. No. 42).*

The Secretary presented the following report of the Chief Engineer:

Report No. 13441.

December 13, 1913.

Hon. ARDOLPH L. KLINE, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the Secretary to the President of the Borough of Queens, bearing date of December 8, 1913, presenting for consideration section 6 of the damage map in the Queens Boulevard opening proceeding, this covering all of the street from Yellowstone avenue to Union turnpike.

A proceeding for acquiring title to Queens Boulevard from Van Dam street to Hillside avenue was instituted by the Board of Estimate and Apportionment on October 19, 1911. The rule map, covering the entire area to be acquired, together with sections 1, 2, 3, the greater portion of section 4, and section 5 of the damage map have already been approved. The oaths of the Commissioners of Estimate and Assessment were filed on November 14, 1912, and title to a considerable portion of the street has been vested in the City.

The section now under consideration affects an area of 1,092,448.1 square feet. Of this area 381,176.9 square feet has been acquired for Hoffman Boulevard under the provisions of chapter 905 of the Laws of 1869, and 14,754 square feet is included in an opening proceeding now in progress relating to 51st street, leaving a net area of 696,517.2 square feet still to be acquired. As previously reported, the proceeding affects an area of 2,415,058 square feet, which makes the total net area included in the damage maps presented up to the present time aggregate 3,111,575.2 square feet.

In the section now under consideration seven buildings fall within the street lines, making the total number of such encroachments amount to one hundred and seventy-six.

A small portion of the area within the street lines between the limits included in section No. 6 is shown on a map filed by the property owners on April 25, 1913.

I would recommend the approval of the map and that after certification it be forwarded to the Corporation Counsel.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

*Modifying the Drainage Plan for Sewerage Districts 21-Z and 22-BM, Borough of Manhattan (Cal. No. 43).*

The Secretary presented the following communication from the Secre-

tary to the President of the Borough of Manhattan and report of the Chief Engineer:  
City of New York, Office of the President of the Borough of Manhattan, City Hall, October 21, 1913.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment, 277 Broadway, New York City.

Dear Sir—By direction of the Borough President, I transmit herewith an original and three copies of modified drainage plan showing location, sizes and grades of sewers in Sewerage Districts Nos. 21-Z and 22-BM (Cedar street, between Broadway and Nassau street).

Very truly yours,  
Report No. 13307.

LOUIS GRAVES, Secretary to the President.  
November 10, 1913.

Hon. ARDOLPH L. KLINE, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the Secretary to the President of the Borough of Manhattan, bearing date of October 21, 1913, requesting the approval of a modification in the drainage plan for Sewerage Districts Nos. 21-Z and 22-BM.

This plan relates to the sewer in Cedar street, between Broadway and Nassau street. Information is presented to show that the existing sewer in this street is broken down and that it has a capacity much greater than needed to meet the drainage requirements. The plan now submitted provides for a 15-inch pipe sewer, which is believed to be ample for the needs.

The plan, in my judgment, is a proper one and its approval is recommended.  
Respectfully,  
NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:  
Resolved, That the Board of Estimate and Apportionment hereby approves the modified drainage plan showing location, sizes and grades of sewers in Sewerage Districts Nos. 21-Z and 22-BM, Borough of Manhattan, being the design for a sewer in Cedar street between Nassau street and Broadway, bearing the signature of the Secretary of the Board of Estimate and Apportionment and dated September 20, 1913.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Modifying the Drainage Plan of Sewerage District No. 43-G-2, Borough of The Bronx (Cal. No. 44).

The Secretary presented the following communication from the Commissioner of Public Works of the Borough of The Bronx and report of the Chief Engineer:

City of New York, President of the Borough of The Bronx, 3d Avenue and 177th Street, Office of the Commissioner of Public Works, January 22, 1913.  
Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment, 277 Broadway, New York City:

Dear Sir—I forward herewith for consideration and adoption by your Board a lithoprint of drainage plan for Sewerage District No. 43-G-2.

This plan modifies the sewers in the vicinity of Devoe avenue and West Farms road and has been prepared on account of changes made in the street system.

Respectfully,

THOMAS W. WHITTLE, Commissioner.

Report No. 13261.

October 30, 1913.

Hon. ARDOLPH L. KLINE, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the Commissioner of Public Works, Borough of The Bronx, bearing date of January 22, 1913, requesting the approval of a map showing a change in the drainage plan for District No. 43-G-2.

This plan relates to Devoe avenue, between East 174th street and West Farms road, to East 177th street and Wyatt street, between Devoe avenue and Bronx Park avenue, to Van Nest avenue, between Devoe avenue and East 177th street, and to the low level section of East 174th street, between Devoe avenue and the Bronx River. The occasion for this change appears to be a recent modification in the City map, under which the grade of Devoe avenue in the section immediately north of East 174th street was separated into two levels, and a low level street was provided for in East 174th street, between Devoe avenue and the Bronx River, the latter street and the low level section of Devoe avenue being intended to serve as frontage for property abutting upon these streets and also having frontage upon the river.

As originally presented by the Commissioner, the plan also made provision for a sewer in the high level portion of Devoe avenue, the street here abutting upon property of the New York, Westchester and Boston Railroad, but upon calling his attention to the fact that this sewer could only afford benefit to railroad property which it might later be found impracticable to assess, it has been amended by the omission of this section. It was also pointed out to him by your Engineer that the sewer for the low level portion of Devoe avenue and for East 174th street, as planned, would discharge into the Bronx River, and it was therefore suggested that this portion of the sewer be so designated as to permit of its use only for storm water and with the understanding that the local needs in the matter of house drainage might be met through the use of private sewers and by pumping, if necessary, into the high level sewer, the latter work to be done wholly at the expense of the property owners. It would, of course, be understood that if this treatment were adopted, the Bronx River might be availed of by the abutting owners for the discharge of house sewage on their own individual responsibility until such time as the sanitary conditions of the river required an abatement of the resulting nuisance, and that the adoption of this course would relieve the City from assuming responsibility for maintaining the pumping plant which would then be required. This view is not concurred in by the Commissioner, who states that the river is a tidal stream and also has a normal dry weather flow of about 50 cubic feet per second. He urges that inasmuch as the dry weather flow which it is proposed to admit through the plan now under consideration would only amount to about 0.15 cubic feet per second, the discharge could be effected without creating a nuisance. In answer to this argument it might be said that while the conditions which would ultimately result at East 174th street if the plan was carried out might not in themselves be seriously objectionable, it would seem reasonable in this case to extend similar privileges to other property along the river bed, the one under consideration affording a precedent for such treatment.

In my judgment a further admission of raw sewage into the Bronx River should not be sanctioned, and the plan should be amended in such a way as to exclude provision for sanitary drainage in the low level portions of Devoe avenue and East 174th street.

The matter is reported to the Board for such action as may be deemed proper.  
Respectfully,  
NELSON P. LEWIS, Chief Engineer.

On motion of the President of the Borough of The Bronx the matter was laid over for one week (December 24, 1913).

Modifying the Drainage Plan for Sewerage District No. 40-B, Borough of Queens (Cal. No. 45).

The Secretary presented the following communication from the Secretary to the President of the Borough of Queens, and report of the Chief Engineer:

The City of New York, Office of the President of the Borough of Queens, Long Island City, September 5, 1913.

JOSEPH HAAG, Esq., Secretary of the Board of Estimate and Apportionment:

Dear Sir—Herewith I transmit for the approval of the Board of Estimate and Apportionment:

Amended Drainage Plan of Sewerage District No. 40-B showing new grades and sizes of sewers due to the extension of Colby street from Freedom avenue to Portland avenue.

Yours respectfully,  
Report No. 13250.

HUGH HALL, Secretary to the President.  
October 17, 1913.

Hon. ARDOLPH L. KLINE, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the Secretary to the President of the Borough of Queens, bearing date of September 5, 1913, requesting the approval of a modification in the drainage plan for Sewerage District No. 40-B.

This plan relates to the territory bounded by Freedom avenue, Atlantic avenue, Portland avenue and Chichester avenue, comprising an area of about ten acres. It provides the required amendments to conform with a change recently made in the City plan, under which McCormick avenue and Seattle street were discontinued north of Chichester avenue, while Colby street, having a position at right angles to the discontinued streets, was laid out to extend from Freedom avenue to Portland avenue.

The elevation proposed for the Atlantic avenue lateral where it meets the Freedom avenue trunk is slightly below the inner top of the latter, and in recognition of the surcharging of the lateral which may result by reason of this treatment, a note has been attached to the plan intended to relieve the City from any liability for damage which might result during periods of maximum runoff, unless the house connections are made in recognition of this condition.

I see no reason why the plan should not be approved, and would recommend such action. Respectfully,  
NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves the modified drainage plan for Sewerage District No. 40-B, Borough of Queens, being the design for sewers in the territory bounded by Freedom avenue, the Long Island Railroad, Portland avenue and Chichester avenue, bearing the signature of the President of the Borough and dated August 4, 1913.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

GEORGE MCANENY, President of the Borough of Manhattan.

Report No. 13389.

November 28, 1913.

Hon. ARDOLPH L. KLINE, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Washington Heights District, Borough of Manhattan, adopted on October 8, 1912, initiating proceedings for constructing sewers in the following streets: Amsterdam avenue, from West 179th street to West 181st street; West 181st street, from Amsterdam avenue to Laurel Hill terrace; Laurel Hill terrace, from West 181st street to Amsterdam avenue, opposite West 188th street.

Title to these streets has been legally acquired, and the resolution effects lengths varying from one short block of West 181st street to two long blocks of Laurel Hill terrace, aggregating a little less than one-half mile. Amsterdam avenue and West 181st street are paved, but Laurel Hill terrace is not in use. A few buildings have been erected upon the property abutting on the westerly side of Amsterdam avenue. The entire frontage on West 181st street and on the easterly side of Amsterdam avenue and of Laurel Hill terrace is occupied by Highbridge Park. The central portion of the roadway, in the case of West 181st street, is occupied by a double track trolley railroad. The outlet sewer is built.

The work is estimated to cost about \$27,000, and the assessed valuation of the property to be benefited is \$635,300.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was offered:

Whereas, The President of the Borough of Manhattan has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Washington Heights District, duly adopted by said Board on the 8th day of October, 1912, and approved by the President of the Borough of Manhattan on the 10th day of October, 1912, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"To construct sewers and appurtenances in Amsterdam avenue, between 179th and 181st streets; in 181st street between Amsterdam avenue and Laurel Hill terrace, and in Laurel Hill terrace, between West 181st street and Amsterdam avenue at West 188th street."

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Manhattan to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment; the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Manhattan has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report being accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Report No. 12370.

December 12, 1913.

Hon. ARDOLPH L. KLINE, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted June 2, 1913, initiating proceedings for constructing sewers in the following streets: 48th street from 17th avenue to 19th avenue; 18th avenue from 48th street to 49th street.

Title to these streets has been legally acquired, and the resolution affects two long blocks of the former and one short block of the latter, aggregating about 1,700 feet. The streets are in use but the abutting property in each case is entirely unimproved. The outlet sewers are provided for.

The work is estimated to cost about \$6,200, and the assessed valuation of the property to be benefited is \$145,700.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

*Petition from the Albany Heights Realty Company and Nine Other Property Owners Requesting Relief from Assessment in the Matter of Regulating and Grading Avenue P, Between Gravesend Avenue and Ocean Parkway, Borough of Brooklyn (Cal. No. 51).*

The Secretary presented the following:

Albany Heights Realty Company, No. 13 Willoughby Street, Brooklyn, N. Y., July 3, 1913.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment, Borough Hall, New York:

Dear Sir—Enclosed please find resolution of property owners in matter of Avenue P, Regulating and Grading.

Please place this on the calendar for consideration at the earliest date possible and kindly advise me on what day the matter will be heard, and oblige,

Yours very truly, CHRISTIAN C. RUCKERT, No. 13 Willoughby Street, Brooklyn.

Brooklyn, June 28, 1913.

To the Honorable Board of Estimate and Apportionment:

Gentlemen—Whereas, An assessment has been levied upon the property of the petitioners abutting Avenue P, in the Borough of Brooklyn, in the proceedings for regulating and grading Avenue P, between Gravesend avenue and Ocean parkway, of which assessment \$19,220.64 was for the cost of filling in an excavation or sand pit lying within the lines of Avenue P; and

Whereas, The land upon which the excavation was made was and is land owned by The City of New York and the excavation or pit was made by the public authorities to obtain sand and gravel for public purposes; and

Whereas, The sand and gravel removed from the said pit or excavation was used wholly by The City of New York for the general public benefit and the land prior to its excavation was on grade;

Now therefore these petitioners pray that the abutting property owners be relieved from so much of the said assessment as was due to the cost of filling in the said sand pit or excavation lying within the lines of Avenues P, between Gravesend avenue and Ocean parkway, in the Borough of Brooklyn.

JACQUES S. STRYKER, and Eleven Others.

Report No. 13406.

December 3, 1913.

Hon. ARDOLPH L. KLINE, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a petition from the Albany Heights Realty Company and nine other property owners bearing date of June 28, 1913, requesting relief from assessment in the matter of the grading of Avenue P between Gravesend avenue and Ocean Parkway, Borough of Brooklyn, in recognition of the increase in the cost of the improvement by reason of the inclusion therein of the expenses of filling in an area within the street lines which had been used by the City as a sand pit.

The improvement of Avenue P between the limits named was authorized by the Board on August 31, 1911, at which time provision was made for vesting title to the street in the City on October 2 following, under an opening proceeding then in progress. The grading improvement related to five blocks or about 1,300 feet of Avenue P and was originally estimated to cost about \$15,300. The records show that the carrying out of the work involved an expenditure of \$23,781.66, and that the proceeding was confirmed by the Board of Revision of Assessments on June 27, 1913, with provision for placing an assessment of \$17,663.80 upon the benefited property, this being based on an assumption by the City of \$6,117.86, which relief I am informally advised at the office of the Board of Assessors was granted in recognition of the conditions of which the petitioners now call the attention of the Board.

From information furnished by the Acting Commissioner of Public Works of the Borough, it appears that the Town of Gravesend acquired title to a parcel of property within the lines of Avenue P in 1850 for use as a gravel pit, and that subsequent to this date material was taken from the pit for town and city use. It is understood that the land was originally approximately at street grade, and that to refill it about 22,500 cubic yards of material were required, this involving an expense of about \$15,500. It also appears that the awards made for this parcel included recognition of its decreased value, the allowance for it being about \$8,800 less than that made for adjoining properties. It would therefore appear that by reason of the low elevation of the City-owned parcel the total amount assessed for the opening proceeding and for the grading improvement was about \$6,700 more than would have been the case if no material had been removed. This amount it will be noted is only about \$600 more than the relief which has already been granted by the Board of Revision of Assessments.

Under the provisions of section 436 of the Charter, as amended by chapter 678 of the Laws of 1907, the determination heretofore made by the Board concerning the apportionment of the cost of the grading improvement may be reconsidered at any time within six months after the assessment has been confirmed, providing that a request for such reconsideration is presented by a majority of the property owners whose property has been assessed. No information is presented by the petitioners to show that they represent a majority of those assessed for the improvement, and it is clear that the relief already extended to them is substantially all that could fairly be claimed in the case.

I would therefore recommend that the petition be denied.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

Mr. E. M. Davis appeared and requested that the matter be referred to a committee.

On motion of the President of the Borough of Brooklyn, the matter was referred to a committee, consisting of the President of the Borough of Brooklyn and the Acting President of the Board of Aldermen, with a request that they report in one week (December 24, 1913).

*Rescinding the Resolutions Granting Preliminary and Final Authorization Respectively for Regulating and Grading, and for Paving 44th Street, from 1st Avenue to 2d Avenue, Borough of Brooklyn (Cal. No. 54).*

The Secretary presented the following communication from the President of the Borough of Brooklyn, resolution of the Local Board of the Bay Ridge District and report of the Chief Engineer of the Board:

The City of New York, Office of the President of the Borough of Brooklyn, Brooklyn, November 26, 1913.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment, City of New York:

Dear Sir—We have forwarded to your office a resolution adopted by the Local Boards to rescind resolution for paving 44th street from 1st to 2d avenue, this Borough. When this improvement was originally initiated the property was in the hands of different persons than own it at the present time.

The present owners do not wish the improvement at this time and desire to have the authorization rescinded, consequently the Local Board has taken favorable action towards rescinding the resolution for paving.

Through an oversight, the petition did not include the grading and curbing. I therefore respectfully ask that resolutions be placed on the calendar rescinding the two previous resolutions for curbing and paving at an early date. The City has been reimbursed by the present owners of the property for the amount expended in obtaining preliminary information and data for the final authorization, and the check has been deposited with the Comptroller, as the papers forwarded with the resolution will show.

Thanking you in advance for your consideration, I remain, Yours very truly,

L. H. POUNDS, President of the Borough.

Report No. 13414.

December 6, 1913.

Hon. ARDOLPH L. KLINE, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—At the meeting of the Board of Estimate and Apportionment held on May 15, 1913, and in accordance with resolutions of the Local Board of the Bay Ridge District, Borough of Brooklyn, adopted respectively on November 14, 1912, and June 20 of the same year, preliminary authorization was granted for grading and curbing 44th street, from 1st avenue to 2d avenue, and for paving this street with granite block (permanent pavement) between identical limits.

The work of grading was estimated to cost about \$2,700, and the work of paving about \$9,000, the assessed valuation of the land to be benefited having been stated to be \$148,750.

The Borough President subsequently requested that the construction work relating to each of these improvements be authorized, and this was accordingly done on July 10 of the current year, at which time the estimated cost of the grading work was reduced to \$2,300, and that of the paving was increased to \$9,800. Information was presented showing that an expense of \$52.37 had been incurred in carrying out the preliminary work relating to the former improvement, and an expense of \$2.95 in carrying out similar work relating to the paving.

Subsequently the ownership in the entire block affected was transferred and the present owners petitioned that the proceedings involving the physical improvement of the street be discontinued. The Local Board accordingly, on November 14, 1913, adopted a new resolution, which is herewith transmitted, rescinding its resolution of June 20, 1912, under which the paving work was initiated. Information is presented with the papers showing that the property owners have deposited a check reimbursing the City for such drafts as have already been made against the Street Improvement Fund in carrying out the preliminary work, and that the Seaboard Construction Company, to whom the contract for the work had been awarded, has executed an instrument releasing the City from any damages or claims for damages resulting from the letting of a contract for the work, or any rights which it may have by reason of having been the lowest and accepted bidder.

In a communication bearing date of December 3, 1913, the Acting Borough President has requested that the resolutions of the Board of Estimate authorizing these improvements be rescinded and under the circumstances noted I can see no reason why this should not be done.

I would accordingly recommend that the resolutions of May 15 and July 10, 1913, under which the preliminary authorization and final authorization respectively were granted for regulating and grading, and for paving 44th street, from 1st avenue to 2d avenue, be rescinded.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

Hon. ARDOLPH L. KLINE, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—At the meeting of the Board of Estimate and Apportionment held on October 9, 1913, and in accordance with a resolution of the Local Board of the Bay Ridge District, Borough of Brooklyn, adopted on November 14, 1912, preliminary authorization was granted for grading, curbing and flagging 45th street, from Fort Hamilton avenue to 10th avenue.

The work was estimated to cost about \$1,700, and the assessed valuation of the land to be benefited was stated to be \$54,200.

Subsequently the owner of all of the property abutting on this block of the street petitioned that the proceeding be discontinued, and on November 14 of the current year the Local Board accordingly adopted a resolution rescinding the resolution of November 14, 1912, under which the matter was initiated. Information is presented with the papers showing that no expenses have been incurred, and it is evidently desired that the resolution granting preliminary authorization be rescinded.

I can see no reason why this should not be done, and would recommend the rescission of the resolution of October 9, 1913, granting preliminary authorization for grading, curbing and flagging 45th street, between the limits named.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

Report No. 13409.

December 5, 1913.

Hon. ARDOLPH L. KLINE, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the New Lots District, Borough of Brooklyn, adopted on June 27, 1912, initiating proceedings for paving with asphalt (preliminary pavement) Shepherd avenue, from Arlington avenue to Atlantic avenue.

This resolution affects two blocks, or about 800 feet of Shepherd avenue, which the Corporation Counsel has previously advised is dedicated to public use. A proceeding for acquiring title to the block between Fulton street and Atlantic avenue was instituted on June 18, 1909, but up to the present time has not been advanced sufficiently to permit of vesting title to the land in the City. It will be unnecessary, however, in view of the existence of a public easement, to defer the consideration of the paving improvement.

An approximately graded roadway is in use. The abutting property is partially improved and all of the subsurface structures have been provided. A grading improvement, which involves only a small amount of work, has recently been given final authorization.

The work is estimated to cost about \$5,000, and the assessed valuation of the land to be benefited is \$93,300.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was offered:

Whereas, The President of the Borough of Brooklyn has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the New Lots District, duly adopted by said Board on the 27th day of June, 1912, and approved by the President of the Borough of Brooklyn on the 2d day of July, 1913, as follows, to wit:

"Resolved, That the Local Board of the New Lots District hereby amends resolution of November 26, 1906, initiating proceedings to pave with asphalt on concrete foundation, Shepherd avenue, between Arlington and Atlantic avenues, by providing for a preliminary asphalt pavement on a 4-inch concrete foundation, so as to make the amended resolution read as follows:

"To lay a preliminary asphalt pavement on a 4-inch concrete foundation on Shepherd avenue, between Arlington and Atlantic avenues."

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Brooklyn to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment; the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Brooklyn has submitted a statement showing that all of the above described work has been done; that he has secured the approval of the form of contract by the Corporation Counsel; that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report being accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

Which was adopted by the following vote:

Hon. ARDOLPH L. KLINE, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on July 10, 1912, initiating proceedings for paving with asphalt (preliminary pavement) East 2d street, from Fort Hamilton avenue to Beverly road.

This resolution affects four blocks, or about 1,800 feet of East 2d street, title to

which has been legally acquired. The street is graded, curbed and flagged, and a few buildings have been erected upon the abutting property. The water main has been provided only from Beverly road to Albemarle road, and the gas main is lacking, but the sewer has been provided for excepting in the short block between Fort Hamilton avenue and Caton avenue, where the Chief Engineer of the Sewer Bureau advises no sewer will be required.

In a communication bearing date of July 21, 1913, the Borough President has advised that arrangements will be made with the Flatbush Waterworks Company for the installation of the remaining portion of its main prior to the carrying out of the paving improvement, and under these circumstances there would appear to be no reason to defer its consideration by the Board.

The work is estimated to cost about \$12,400, and the assessed valuation of the land to be benefited is \$152,550.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract, with the understanding that the construction will then be authorized if the gas main has been provided for, and with the further understanding that the work will not be begun until the water main has been completed. Respectfully,

NELSON P. LEWIS, Chief Engineer.

Hon. ARDOLPH L. KLINE, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Bay Ridge District, Borough of Brooklyn, adopted on April 3, 1913, initiating proceedings for paving with asphalt (preliminary pavement) 56th street from Fort Hamilton avenue to 11th avenue.

This resolution affects one long block of 56th street, title to which has been legally acquired. An approximately graded roadway is in use, the abutting property is largely improved, and all of the subsurface construction has been provided for.

A favorable report has been prepared upon a grading improvement affecting the street between the limits named, and there would therefore appear to be no reason to defer the consideration of the paving.

Hon. ARDOLPH L. KLINE, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the New Lots District, Borough of Brooklyn, adopted on June 27, 1912, initiating proceedings for paving with asphalt (preliminary pavement) Livonia avenue, from Hinsdale street to Snediker avenue.

This resolution affects one short block of Livonia avenue, title to which has been legally acquired. The street is graded, curbed and flagged, the abutting property is largely improved, and, with the exception of a portion of the gas main, all of the subsurface structures have been provided for.

The work is estimated to cost about \$2,100, and the assessed valuation of the land to be benefited is \$196,150.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract, with the understanding that the construction will then be authorized if arrangements have been made for completing the gas main. Respectfully,

the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract, with the understanding that the construction will then be authorized if the gas main has been provided for.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

Report No. 13284.

November 17, 1913.

Hon. ARDOLPH L. KLINE, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Chester District, Borough of The Bronx, adopted on May 19, 1913, initiating proceedings for grading, curbing and flagging Tier street, from City Island avenue to North street.

This resolution affects two blocks or about 700 feet of Tier street, title to which has been legally acquired. The street is not in use and the abutting property is entirely unimproved with respect to its lines. It is believed that near City Island avenue several buildings encroach.

The work is estimated to cost about \$10,300, and the assessed valuation of the property to be benefited is \$39,950.

From information presented with the resolution it appears that the assessments with average about \$180 a city lot, this requiring a minimum assessed valuation of \$360. I am advised by the Department of Taxes and Assessments that for a distance of about 200 feet at the middle of the block adjoining North street the lots have a

value of only \$300, and there also appears to be reason for believing that in this section the assessment will be somewhat higher than the average because a greater amount of filling will here be required.

I would therefore recommend that the resolution be referred back to the Local Board with the suggestion that it be amended by the exclusion of the curbing and flagging in order that the cost may be kept within such limits as will permit of fully assessing the expense upon the property benefited.

Respectfully,  
NELSON P. LEWIS, Chief Engineer.  
On motion, the matter was referred back to the President of the Borough of The Bronx.

Title to these streets has been established and the resolution affects seven short blocks of Fulton street and one long block of Canal avenue, aggregating a length of about 2,400 feet. The streets are in use and the abutting property in each case is partially improved. The outlet sewer is provided for.

The work is estimated to cost about \$25,000, and the assessed valuation of the property to be benefited is \$5,799,205.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

Sir—Herewith is transmitted a resolution of the Local Board of the Newtown District, Borough of Queens, adopted on January 20, 1911, initiating proceedings for grading, curbing, flagging and reflagging Weil place, from Flushing avenue to North Washington place.

An opening proceeding relating to this street between the limits named was instituted by the Board of Estimate and Apportionment on May 16, 1912. The oaths of the Commissioners of Estimate and Assessment were filed on October 14, 1913, and title to the land can be vested in the City at any time.

From Flushing avenue to a point about 100 feet westerly from North Washington place the street is approximately graded and a few buildings have been erected upon the abutting property. Throughout the remaining portion of the distance affected the street is not in use and a frame building falls entirely within its lines.

The work is estimated to cost about \$3,800, and the assessed valuation of the property to be benefited is \$66,900.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract.

Hon. ARDOLPH L. KLINE, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Newtown District, Borough of Queens, adopted on March 10, 1910, initiating proceedings for grading Skillman avenue, from Dickson street to a point about 75 feet west of Van Pelt street.

A proceeding for acquiring title to this street from Greenpoint avenue to the angle point between Hulst street and Van Pelt street was instituted by the Board of Estimate and Apportionment on October 8, 1909, and was amended on November 2, 1911, to conform with certain map changes, and again on January 9 of the current year by the inclusion of an additional section of the street extending from Greenpoint

avenue to Woodside avenue. The oaths of the Commissioners of Estimate and Assessment were filed on November 19, 1913, and title to the land can be vested in the City at any time.

The resolution now presented affects fifteen blocks, or about 4,000 feet, of Skillman avenue. A narrow roadway is in use in the section west of Grove street, and a few buildings have here been erected upon the abutting property. West of Laurel Hill avenue the entire frontage on the north is occupied by the Sunnyside Railroad yard.

The work is estimated to cost about \$12,100, and the assessed valuation of the property to be benefited is \$876,300.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract.

Hon. ARDOLPH L. KLINE, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Newtown District, Borough of Queens, adopted on October 18, 1912, initiating proceedings for grading, curbing and flagging Clinton avenue from Clermont avenue to Broad street.

A proceeding for acquiring title to this street from Montgomery avenue to Mueller street was instituted by the Board of Estimate and Apportionment on January 20, 1905, and the oaths of the Commissioners of Estimate and Assessment were filed on June 6 of the following year. This proceeding was amended on September 24, 1909, to conform with certain map changes, and again on June 19 of the current year by excluding the section between Rust street and Broad street. The later amendment has not been confirmed by the Supreme Court up to the present time, but for the reason that no change was made east of Broad street title to the land can here be vested in the City at any time.

The resolution now presented affects two blocks, or about 1,200 feet of Clinton avenue. An approximately graded roadway is in use for a distance of about 200 feet adjoining Broad street, and a number of buildings have here been erected upon the abutting property, but the street is otherwise not in use.

The work is estimated to cost about \$20,100, and the assessed valuation of the property to be benefited is \$80,000.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract.

Sir—Herewith are transmitted communications from the President of the Borough of The Bronx, advising that all of the conditions imposed by the Board prior to the authorization of the following local improvements have been complied with.

1. Grading, curbing and flagging Muliner avenue from Morris Park avenue to Bear Swamp road.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on November 6, 1913, at which time information was presented to show that its probable cost would be about \$17,000. The Borough President states that the time to be allowed for the completion of the improvement is 125 days, and that the expense incurred for the preliminary work amounts to \$39.36.

The work to be done comprises the following: 13,700 cubic yards filling, 1,750 linear feet curbing, 8,500 square feet cement sidewalk. The cost of the improvement is now estimated to be \$12,600.

3. Grading, curbing and flagging Benedict avenue from Storrow street to Olmstead avenue.

The preliminary work for this improvement was authorized by the Board of Esti-

mate and Apportionment on November 20, 1913, at which time information was presented to show that its probable cost would be about \$23,300. The Borough President states that the time to be allowed for the completion of the improvement is 120 days, and that the expense incurred for the preliminary work amounts to \$57.59.

The work to be done comprises the following: 4,250 cubic yards earth and rock excavation, 9,970 cubic yards filling, 2,700 linear feet curbing, 10,880 square feet cement sidewalk. The cost of the improvement is now estimated to be \$15,700.

4. Grading, curbing and flagging St. Peters avenue from Westchester avenue to Walker avenue.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on November 6, 1913, at which time information was presented to show that its probable cost would be about \$9,000. The Borough President states that the time to be allowed for the completion of the improvement is 50 days, and that the expense incurred for the preliminary work amounts to \$71.52.

The work to be done comprises the following: 1,621 cubic yards excavation, 1,045 cubic yards filling, 3,950 linear feet curbing, 19,920 square feet cement sidewalk. The cost of the improvement is now estimated to be \$9,000.

I see no reason why the construction work required to carry out these improvements should not be authorized and would recommend such action.

I would also recommend that title be vested in the City on February 2, 1914, to the following streets: Muliner avenue, from Morris Park avenue to Bear Swamp road; Wallace avenue, from Bear Swamp road to Baker avenue; Benedict avenue, from Storrow street to Olmstead avenue; Olmstead avenue, Damage Parcels No. 11 and No. 12 in the proceeding for acquiring title to this street from West Farms road to the bulkhead line of Pugsleys Creek; Chatterton avenue, from Virginia avenue to the easterly line of the easement adjoining Pugsley avenue, and from Zerega avenue to the bulkhead line of Westchester Creek.

Sir—Herewith are transmitted communications from the President of the Borough of The Bronx, advising that all of the conditions imposed by the Board prior to the authorization of the following local improvements have been complied with.

1. Grading, curbing and flagging Muliner avenue from Morris Park avenue to Bear Swamp road.

3. Grading, curbing and flagging Benedict avenue from Storrow street to Olmstead avenue.

The preliminary work for this improvement was authorized by the Board of Esti-

mate and Apportionment on November 20, 1913, at which time information was presented to show that its probable cost would be about \$23,300. The Borough President states that the time to be allowed for the completion of the improvement is 120 days, and that the expense incurred for the preliminary work amounts to \$57.59.

The work to be done comprises the following: 4,250 cubic yards earth and rock excavation, 9,970 cubic yards filling, 2,700 linear feet curbing, 10,880 square feet cement sidewalk. The cost of the improvement is now estimated to be \$15,700.

4. Grading, curbing and flagging St. Peters avenue from Westchester avenue to Walker avenue.

I see no reason why the construction work required to carry out these improvements should not be authorized and would recommend such action.

I would also recommend that title be vested in the City on February 2, 1914, to the following streets: Muliner avenue, from Morris Park avenue to Bear Swamp road; Wallace avenue, from Bear Swamp road to Baker avenue; Benedict avenue, from Storrow street to Olmstead avenue; Olmstead avenue, Damage Parcels No. 11 and No. 12 in the proceeding for acquiring title to this street from West Farms road to the bulkhead line of Pugsleys Creek; Chatterton avenue, from Virginia avenue to the easterly line of the easement adjoining Pugsley avenue, and from Zerega avenue to the bulkhead line of Westchester Creek.

*Regulating and Grading Van Cortlandt Park South from Broadway to Moshulu Parkway South, and Constructing Steps in this Street Between Van Cortlandt Avenue and Gale Place, The Bronx (Cal. No. 93).*

The Secretary presented the following report of the Chief Engineer:

Report No. 13445.

December 15, 1913.

Hon. ARDOLPH L. KLINE, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—At its meeting held on December 23, 1912, the Local Board of the Van Cortlandt District, Borough of The Bronx, adopted a resolution initiating proceedings for grading, curbing and flagging Van Cortlandt Park South from Broadway to Moshulu Parkway South, and for constructing steps in this street between Van Cortlandt Avenue and Gale Place.

On July 17 following the attention of the Borough President was informally called to the fact that no information was at hand to show that arrangements had been made for constructing the bridge required over the New York and Putnam Railroad, and that pending the construction of the abutments for this bridge to act as retaining walls, it would manifestly be impracticable to complete the work described.

At the request of the Borough President the resolution was placed upon the calendar for the meeting of July 31 and was at that time given preliminary authorization. The work was then estimated to cost about \$90,000, and the Board was advised that the assessed valuation of the property to be benefited was \$3,511,575.

In the accompanying communication from the Borough President, bearing date of December 11, 1913, the Board is informed that all of the conditions imposed prior to the authorization of the carrying out of this improvement have been complied with, and request is now made for final authorization. The Borough President states that expenses have been incurred to the amount of \$266.45, which has been charged against the Street Improvement Fund, and that it is proposed to allow the contractor 275 days in which to complete the improvement.

The work to be done comprises the following: 22,500 cubic yards earth and rock excavation; 86,350 cubic yards filling; 6,120 linear feet curbing; 10,820 square feet bluestone flagging; 18,840 square feet cement sidewalks; 395 cubic yards masonry; 1,060 cubic feet of granite for steps and coping; 545 linear feet pipe railing; 8 lamp posts. The cost of the improvement is now estimated to be \$78,700.

In the absence of information to show that the construction of the railroad bridge has been arranged for, it is evident that the completion of the improvement and the return of the assessment list may be delayed for a long time to come. In view, however, of the preliminary authorization already given by the Board the matter is now submitted for such action as may be deemed proper.

In case the improvement is authorized, provision should be made for vesting title on February 2, 1914, to Van Cortlandt Park South from Broadway to Moshulu Parkway, excluding railroad lands. Respectfully,

NELSON P. LEWIS, Chief Engineer.

On motion of the President of the Borough of The Bronx, the matter was laid over for one week (December 24, 1913).

28. Grading Harvard avenue from Fulton street to Hillside avenue.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on May 1, 1913, at which time information was presented to show that its probable cost would be about \$4,700. The Borough President states that the time to be allowed for the completion of the improvement is 30 days, and that the expense incurred for the preliminary work amounts to \$94.11.

The work to be done comprises the following: 225 cubic yards earth and rock excavation, 5,500 cubic yards filling (excess). The cost of the improvement is now estimated to be \$3,400.

I see no reason why the construction work required to carry out these improvements should not be authorized and would recommend such action.

I would also recommend that title be vested in the City on February 2, 1914, to the following streets: Madison street from Myrtle avenue to the northerly line of Seneca avenue; Cornelia street from Forest avenue to the easterly line of Anthon avenue, unless previously confirmed; Packard street from Middleburg avenue to Borden avenue, unless previously confirmed; Cypress avenue from the westerly line of Elton street to the easterly line of Kendall place.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

*Establishing Roadway and Sidewalk Widths for the East Side of Varick Street, at St. John's Chapel, Borough of Manhattan (Cal. No. 122).*

*Establishing the Roadway Width of Crown Street from Bedford Avenue to Rogers Avenue, Borough of Brooklyn (Cal. No. 123).*

The Secretary presented the following communication from the Acting President of the Borough of Brooklyn and report of the Chief Engineer:

The City of New York, Office of the President of the Borough of Brooklyn, Brooklyn, December 3, 1913.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment:

Dear Sir—Under date of the 28th ult., this department requested final authorization for the regulating, grading, curbing, etc., of Crown street from Bedford avenue to Rogers avenue.

This is a 70-foot street with a legal roadway width of 36 feet; the intersection at both Bedford and Rogers avenues has been paved and the corners turned for a 34-foot roadway. The block next to the east of Rogers avenue has also been improved with a 34-foot roadway width.

It is respectfully recommended that a resolution be favorably considered by your Board of Estimate and Apportionment fixing the roadway width of Crown street from Bedford avenue to Rogers avenue at 34 feet, located centrally thereon. This will avoid the resetting of the curb and the readjustment of asphalt block pavement as well as the rebuilding of two sewer basins in view of the fact that the intersection at both Bedford and Rogers avenues has been improved and corners turned for a 34-foot roadway. Yours very truly,

GEO. W. TILLSON, Acting Borough President.

Report No. 13439.  
Hon. ARDOLPH L. KLINE, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the Acting President of the Borough of Brooklyn, bearing date of December 3, 1913, requesting that a special roadway treatment be established for Crown street, from Bedford avenue to Rogers avenue.

This street has been laid out upon the City map to have a width of 70 feet, and between the limits named has a length of one block or about 700 feet. Under the general rule the roadway should be 36 feet wide.

Information is now presented showing that the intersection at both Bedford avenue and Rogers avenue has been paved, and that the curb corners have been set in such a way as to provide a roadway 34 feet wide on Crown street. It is also stated that receiving basins have been built in harmony with this treatment. In order to avoid the destruction of these improvements it is desired that existing conditions be legalized.

I can see no objection to the proposed treatment, and would recommend the adoption of a resolution fixing the roadway width of Crown street, between the limits named, at 34 feet, the roadway to be centrally located. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, By the Board of Estimate and Apportionment of the City of New York, that the roadway width of Crown street from Bedford avenue to Rogers avenue, Borough of Brooklyn, is hereby established at 34 feet; said roadway to be centrally located.

Which was adopted by the following vote:

*Establishing the Roadway Width of Union Street from Rogers Avenue to Nostrand Avenue, Borough of Brooklyn (Cal. No. 124).*

The Secretary presented the following communication from the Acting Commissioner of Public Works of the Borough of Brooklyn and report of the Chief Engineer:

The City of New York, Office of the President of the Borough of Brooklyn, Brooklyn, November 10, 1913.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment:

Dear Sir—We are advertising for bids to be received this month for the regulating, grading and laying sidewalks on Union street from Rogers avenue to Nostrand avenue.

This street is 70 feet wide and the legal roadway width is 36 feet. To the west of Rogers avenue and to the east of Nostrand avenue the street has been curbed to a 34-foot roadway width. The corners of both Nostrand and Rogers avenues have been turned to a 34-foot roadway and two sewer basins have been constructed in accordance therewith.

I would respectfully request in view of the conditions above outlined that the Board of Estimate and Apportionment adopt a resolution as early as possible, fixing the roadway width on Union street, from Rogers avenue to Nostrand avenue, at 34 feet, located centrally thereon. Yours very truly,

GEO. W. TILLSON, Acting Commissioner of Public Works.

November 22, 1913.

Report No. 13369.  
Hon. ARDOLPH L. KLINE, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the Acting Commissioner of Public Works of the Borough of Brooklyn, bearing date of November 10, 1913, relative to a special roadway treatment for Union street, from Rogers avenue to Nostrand avenue.

This street has been laid out upon the City map to have a width of 70 feet, and between the limits named has a length of one block, or about 800 feet. Under the general rule the roadway should be 36 feet wide.

The Acting Commissioner advises that in the adjoining sections the street has been improved with a roadway 34 feet wide, and that in the block now under consideration the curb corners have been set in harmony with this treatment. He further advises that receiving basins have been constructed along identical lines, and requests that provision be made for legalizing existing conditions.

I can see no objection to the treatment proposed, and would recommend the adoption of a resolution fixing the roadway width of Union street, between the limits named, at 34 feet, the roadway to be centrally located. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, by the Board of Estimate and Apportionment of the City of New York, That the width of the roadway of Union street from Rogers avenue to Nostrand avenue, Borough of Brooklyn, is hereby established at 34 feet; said roadway to be centrally located.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

*Establishing the Roadway and Sidewalk Widths of Firth Avenue Between Grand Street and Whitlock Avenue, Borough of Queens (Cal. No. 125).*

The Secretary presented the following communication from the Secretary to the President of the Borough of Queens, and report of the Chief Engineer:

The City of New York, Office of the President of the Borough of Queens, Long Island City, November 10, 1913.

JOSEPH HAAG, Esq., Secretary of the Board of Estimate and Apportionment:

Dear Sir—President Connolly directs me to request that the Board of Estimate and Apportionment adopt a resolution fixing the roadway width of Firth avenue from Grand street to Whitlock avenue at thirty-five (35) feet, in order to save the improvements made by the property owners, as set forth in the enclosed communication received from the Engineer of Highways, this department.

Yours respectfully,

HUGH HALL, Secretary to the President.

Report No. 13403.

December 8, 1913.

Hon. ARDOLPH L. KLINE, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the Secretary to the Presi-

dent of the Borough of Queens, bearing date of November 10, 1913, requesting the adoption of a resolution fixing the roadway width of Firth avenue between Grand street and Whitlock avenue at 35 feet.

Firth avenue has been laid out to have a width of 75 feet, and under the general rules of the Board it should have a roadway 40 feet wide. The street as mapped extends from Metropolitan avenue to Grand street and occupies a position such as to warrant a belief that it will ultimately become a thoroughfare of considerable importance. An inspection of the ground shows that between the two blocks described by the Borough Secretary the street has been graded by the property owners for its full width, and that the curbing has been set on the easterly side in a position coinciding with that required for a roadway 35 feet wide.

A resolution has been adopted by the Local Board initiating proceedings for grading the street through its entire length, but action in the matter has been deferred pending the appointment of Commissioners in the opening proceeding authorized on May 16, 1912, and the vesting of title to the street.

The object sought under the treatment now proposed is the legalization of the improvements made by the property owners. It seems reasonable to assume that the slight contraction of the roadway resulting from the position given the curbing will not interfere with the traffic requirements for a long time to come, and that until this need exists it might properly be retained; at the same time it would seem reasonable to insure that the curbing on the westerly side of the street is given the position required under the general rules.

I would therefore recommend the adoption of a resolution fixing the roadway width of Firth avenue between Grand street and Whitlock avenue at 37½ feet, this to adjoin a sidewalk 17.5 feet wide on the westerly side and 20 feet wide on the easterly side.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, by the Board of Estimate and Apportionment of The City of New York, That the width of the roadway of Firth avenue, between Grand street and Whitlock avenue, Borough of Queens, is hereby established at 37½ feet; this to adjoin a sidewalk 17.5 feet wide, on the westerly side, and a sidewalk 20 feet wide, on the easterly side.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

*Paving Clasons Point Road, from Westchester Avenue to the East River, Borough of The Bronx (Cal. No. 126).*

(The final authorization for this improvement was granted by the Board on November 20, 1913, at which time it was estimated that the work would require 200 days.)

The Secretary presented the following:

Twin City Ferry Company, Clason Point-College Point, 17 State Street, New York, December 15, 1913.

The Board of Estimate and Apportionment:

Gentlemen—This Company is very much interested in the paving of Clason Point road, which was finally authorized on the 20th of November last.

The contract is now being advertised and bids are to be opened on December 23. The Engineer allows 130 days for doing the work and expects to start it about April 1 next so that without any allowance for delays the contractor has until September 1 to finish. Of course there will be some delays caused by bad weather and by the work to be done by the Railway Company on its tracks, and this will extend the contractors' time still further. The penalty specified is \$25 per day which is absurdly low.

I have gone into the matter thoroughly and am sure that the work can be done in less than half the time allowed by the Engineer. My information comes from the contractors who are expected to bid on the job.

The road is an important one. It is the only way of reaching the amusement resorts at Clason Point, which are not patronized except in the summer. It is not a local matter, but concerns Queens, and, in fact, the entire City.

The paving is a very important matter to this Company, and I ask your Honorable Board to take such action as will prevent the contract being awarded on the terms proposed. Yours truly,

TWIN CITY FERRY COMPANY,

By F. H. WEEKS, President.

Mr. F. H. Weeks appeared in support of his request.

On motion of the President of the Borough of The Bronx, the matter was referred to him for consideration.

Whereas, On or about April 12, 1912, this Commission determined that Exterior street from East 151st street to East 158th street, in The City of New York, should be carried across the tracks of the Spuyten Duyvil and Port Morris Railroad (leased to and operated by the New York Central and Hudson River Railroad Company) above the grade of such railroad by means of an overhead bridge for general traffic; and

Whereas, On or about July 2, 1912, this Commission adopted a resolution approving a general plan for such overhead bridge submitted by said The New York Central and Hudson River Railroad Company under date of June 12, 1912; and

Whereas, On or about October 28, 1913, this Commission adopted a resolution approving structural plans for such overhead bridge submitted by said The New York Central and Hudson River Railroad Company under date of October 10, 1913; and

Whereas, The Commission has determined that said bid is not excessive and is otherwise satisfactory;

Resolved, That this Commission hereby approves the said bid of said American Bridge Company of New York for the fabrication and delivery of said steel work as aforesaid, namely, 2.89 cents per pound, material to be delivered f. o. b. cars Kingsbridge within five (5) months from receipt of complete information, and that the Secretary of this Commission be and he hereby is directed to endorse upon said summary of bids the approval by this Commission of the bid of said American Bridge

*Temporary Drain in Robertson Street from East 242d Street to East 243d Street, Borough of The Bronx (Cal. No. 128).*

(Preliminary authorization for the construction of this drain was authorized by the Board on December 4, 1913, after a public hearing, notice of which was advertised in the City Record for ten days.)

The Secretary presented the following:  
Wakefield Improvement League, 4664 White Plains Road, The Bronx, New York, December 13, 1913.

To the Honorable the Board of Estimate and Apportionment:  
Gentlemen—The Wakefield Improvement League of the Borough of The Bronx, at a regular meeting, held on December 12, 1913, adopted resolutions, a copy of which is herewith enclosed, asking for reconsideration of the action taken by your honorable Board on December 4th, ult., in the matter of the Robertson place drain (Calendar No. 80), and respectfully asks that the League be given an opportunity to be heard on this most important matter. Yours very truly,

WILLIAM W. PENFIELD, President.

Whereas, This Improvement League has learned with regret that the Board of Estimate and Apportionment at its meeting on December 4, 1913, adopted a resolution involving an assessment of \$4,600 upon property owners in the vicinity of Robertson place and 243d street for the purpose of constructing a drain to carry off surface water, some of which now flows through a lot in Mount Vernon to Beech street, where it joins the water from Beech street in Mount Vernon, and then passes on across private property in The City of New York, through to the Bronx River, and,

Whereas, At a previous presentation of this matter to the Local Board of Chester, it was shown to the members of that Board to their satisfaction that this proposed improvement would work a great damage to the people along Robertson street and 243d street, and all for the benefit of the City of Mount Vernon, which is now pouring a much greater volume of water over private land in The City of New York, and therefore the petition to the Local Board was denied, and,

Whereas, The matter as passed on by the Board of Estimate and Apportionment was without real notice to the people of Wakefield, and without their having an opportunity to be heard, therefore, be it

Resolved, That this Wakefield Improvement League hereby protests against the action of the Board of Estimate and Apportionment in favoring the Robertson street drain, and respectfully asks that the matter be reconsidered at the next regular meeting of the Board of Estimate and Apportionment, and that the members of this League and those associated with them be afforded an opportunity to be heard in remonstrance, and,

Resolved, That a copy of these preambles and resolutions be sent to each member of the Board of Estimate and Apportionment.

On motion of the President of the Borough of The Bronx the matter was referred to him for consideration.

*Relief from Assessment in the Proceeding for Acquiring Title to Grandview Avenue, from Metropolitan Avenue to Stanhope Street, and from Linden Street to Forest Avenue, Borough of Queens (Cal. No. 129).*

The Secretary presented the following communication:  
City of New York, President of the Borough of The Bronx, 3d Avenue and 177th Street, Office of the President, December 15, 1913.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment:

Sir—On May 22, 1913, the Board of Estimate and Apportionment referred the petition of property owners for relief from the increased assessment on their property caused by the exemption of a cemetery within the area of assessment from assessment for the cost of acquiring title to Grandview avenue, Borough of Queens, to a special committee of the Board, consisting of the Comptroller, the President of the Borough of Brooklyn and the President of the Borough of The Bronx, for consideration and report. Please put the item on the calendar for next Thursday for consideration. I have just finished the report and have not had time to submit it to the other two members of the committee, but expect to have it in time for the meeting.

Yours very truly, CYRUS C. MILLER, President of the Borough of The Bronx.

On motion of the President of the Borough of The Bronx the matter was laid over for one week (December 24, 1913).

*Protest Against the Purchase of Property for a Public Park to Comprise the Triangular Plot Bounded by Broadway, West 174th Street and Wadsworth Avenue, Borough of Manhattan (Cal. No. 130).*

(At the meeting of the Board on December 4, 1913, a resolution was adopted, laying out this property as a public park, with the understanding that the entire cost of the proceeding shall be assessed upon the property deemed to be benefited thereby.)

The Secretary presented the following which were ordered printed in the minutes and filed:

Department of Finance, City of New York, December 15, 1913.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment, 277 Broadway, New York, N. Y.:

My Dear Mr. Haag—The within letter was directed to me, but I believe it should have the attention of the Board of Estimate and Apportionment.

Very truly yours, WM. A. PRENDERGAST.  
Hall J. Howe & Co., Real Estate Brokers and Appraisers, No. 141 Broadway, New York, December 9, 1913.

WILLIAM A. PRENDERGAST, Esq., Comptroller, 280 Broadway, New York City:

Dear Sir—I am informed that at the meeting of the Board of Estimate on December 4, 1913, action was taken favoring the acquiring by the City of the triangle plot bounded by Broadway, West 174th street and Wadsworth avenue. In several of the daily papers in making report of the action of the Board of Estimate, it was stated that the property had been offered to the City at private sale at \$25,000, with the understanding that the price might be reduced to \$20,000.

As an owner of property in this immediate neighborhood, I want to protest against the City entertaining the purchase of this property at any such price. Our firm has been one of the largest dealers in vacant property in this section for the last thirty years, and in my judgment the assessed valuation placed on it by the City, namely, \$6,500, is very close to the actual value of this property. The price named of \$20,000 is simply ridiculous.

I desire to enter my protest, and request that I be notified when any further action is taken in this matter. Yours very truly, THOMAS S. WALKER.

The Secretary was directed to notify Mr. Walker of the action taken by the Board in this matter.

*Map Showing Changes of Grade in East 149th Street, Between 3d Avenue and Harlem River; in East 150th Street, Between Park Avenue and Melrose Avenue, and in the Intersecting Streets Affected Thereby, Borough of The Bronx (Cal. No. 131).*

The Secretary presented the following communication from the President of the Borough of The Bronx:

City of New York, President of the Borough of The Bronx, 3d Avenue and 177th Street, Office of the President, December 16, 1913.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

Dear Sir—I forward herewith, for the consideration of the Board of Estimate and Apportionment at its next meeting, a blueprint of a "map showing the change of grade in East 149th street, between 3d avenue and the Harlem River, and in East 150th street, between Park avenue and Melrose avenue, and the intersecting avenues and streets affected thereby, dated December 15, 1913."

The blueprint forwarded herewith is not the plan to be adopted by the Board, but it contains all the information relating to the change of grades. Before the

meeting of the Board on Thursday, the proper map will be presented, to be substituted for the one forwarded herewith, under the title given above.

The question of the change of grades on 149th street has been raised by a number of property owners in the vicinity and the matter is presented to the Board to give them an opportunity to be heard.

I would request that the Chief Engineer of the Board prepare a report on the matter, if possible, but if he is unable to do so, the matter can lie over for one week after the meeting on Thursday. Yours truly,

CYRUS C. MILLER, President of the Borough of The Bronx.

Mr. Sigmund Feust appeared and requested that the matter be laid over.  
On motion of the President of the Borough of The Bronx, the matter was laid over for two weeks (December 31, 1913).

The Chair announced a public hearing relative to the recommendation of the Commissioner of Docks that the Board of Estimate and Apportionment authorize the institution of condemnation proceedings for the acquisition of property located between Jefferson and Montgomery streets, East River, Borough of Manhattan, for wharf purposes.

(On November 20, 1913, the Board adopted a resolution fixing a public hearing for this day on the application of the Commissioner of Docks, as above, which application is printed in the minutes of said meeting at page 11324 of the City Record of December 5, 1913.)

Affidavit of publication of notice of hearing is on file.

Mr. George S. Mittendorf and Mr. Truman H. Baldwin appeared in opposition to the proposition.

No one else desiring to be heard, the Chair declared the hearing closed.

The Secretary presented the following:

Commissioners of the Sinking Fund of The City of New York, December 17, 1913.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

Dear Sir—I transmit herewith a certified copy of resolution adopted by the Commissioners of the Sinking Fund at meeting held this day, consenting to the institution of condemnation proceedings for the acquisition of certain water-front property on the East River, including Pier 49. Very truly yours, JNO. KORB, JR., Secretary.

Whereas, A public hearing having been given and all the requirements of chapter 372 of the Laws of 1907 having been complied with, it is

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the institution of condemnation proceedings for the acquisition of water-front property lying about 48 feet westerly of Clinton street, and wharf property lying about 88 feet easterly of Clinton street, including Pier, old, No. 49, as requested by the Commissioner of Docks in a communication dated November 13, 1913, and more particularly described as follows:

*Establishing Roadway and Sidewalk Widths for the East Side of Varick Street, at St. John's Chapel, Borough of Manhattan (Cal. No. 122).*

On motion of the President of the Borough of Manhattan this matter was laid over for one week (December 24, 1913).

*Establishing the Roadway Width of Crown Street from Bedford Avenue to Rogers Avenue, Borough of Brooklyn (Cal. No. 123).*

The Secretary presented the following communication from the Acting President of the Borough of Brooklyn and report of the Chief Engineer:

The City of New York, Office of the President of the Borough of Brooklyn, Brooklyn, December 3, 1913.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment:

Dear Sir—Under date of the 28th ult., this department requested final authorization for the regulating, grading, curbing, etc., of Crown street from Bedford avenue to Rogers avenue.

This is a 70-foot street with a legal roadway width of 36 feet; the intersection at both Bedford and Rogers avenues has been paved and the corners turned for a 34-foot roadway. The block next to the east of Rogers avenue has also been improved with a 34-foot roadway width.

It is respectfully recommended that a resolution be favorably considered by your Board of Estimate and Apportionment fixing the roadway width of Crown street from Bedford avenue to Rogers avenue at 34 feet, located centrally thereon. This will avoid the resetting of the curb and the readjustment of asphalt block pavement as well as the rebuilding of two sewer basins in view of the fact that the intersection at both Bedford and Rogers avenues has been improved and corners turned for a 34-foot roadway. Yours very truly,

GEO. W. TILLSON, Acting Borough President.

Report No. 13439.

Hon. ARDOLPH L. KLINE, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the Acting President of the Borough of Brooklyn, bearing date of December 3, 1913, requesting that a special roadway treatment be established for Crown street, from Bedford avenue to Rogers avenue.

This street has been laid out upon the City map to have a width of 70 feet, and between the limits named has a length of one block or about 700 feet. Under the general rule the roadway should be 36 feet wide.

Information is now presented showing that the intersection at both Bedford avenue and Rogers avenue has been paved, and that the curb corners have here been set in such a way as to provide a roadway 34 feet wide on Crown street. It is also stated that receiving basins have been built in harmony with this treatment. In order to avoid the destruction of these improvements it is desired that existing conditions be legalized.

I can see no objection to the proposed treatment, and would recommend the adoption of a resolution fixing the roadway width of Crown street, between the limits named, at 34 feet, the roadway to be centrally located. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, By the Board of Estimate and Apportionment of the City of New York, that the roadway width of Crown street from Bedford avenue to Rogers avenue, Borough of Brooklyn, is hereby established at 34 feet; said roadway to be centrally located.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

*Establishing the Roadway Width of Union Street from Rogers Avenue to Nostrand Avenue, Borough of Brooklyn (Cal. No. 124).*

The Secretary presented the following communication from the Acting Commissioner of Public Works of the Borough of Brooklyn and report of the Chief Engineer:

The City of New York, Office of the President of the Borough of Brooklyn, Brooklyn, November 10, 1913.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment:

Dear Sir—We are advertising for bids to be received this month for the regulating, grading and laying sidewalks on Union street from Rogers avenue to Nostrand avenue.

This street is 70 feet wide and the legal roadway width is 36 feet. To the west of Rogers avenue and to the east of Nostrand avenue the street has been curbed to a 34-foot roadway width. The corners of both Nostrand and Rogers avenues have been turned to a 34-foot roadway and two sewer basins have been constructed in accordance therewith.

I would respectfully request in view of the conditions above outlined that the Board of Estimate and Apportionment adopt a resolution as early as possible, fixing the roadway width on Union street, from Rogers avenue to Nostrand avenue, at 34 feet, located centrally thereon. Yours very truly,

GEO. W. TILLSON, Acting Commissioner of Public Works.

Report No. 13369.

Hon. ARDOLPH L. KLINE, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the Acting Commissioner of Public Works of the Borough of Brooklyn, bearing date of November 10, 1913, relative to a special roadway treatment for Union street, from Rogers avenue to Nostrand avenue.

This street has been laid out upon the City map to have a width of 70 feet, and between the limits named has a length of one block, or about 800 feet. Under the general rule the roadway should be 36 feet wide.

The Acting Commissioner advises that in the adjoining sections the street has been improved with a roadway 34 feet wide, and that in the block now under consideration the curb corners have been set in harmony with this treatment. He further advises that receiving basins have been constructed along identical lines, and requests that provision be made for legalizing existing conditions.

I can see no objection to the treatment proposed, and would recommend the adoption of a resolution fixing the roadway width of Union street, between the limits named, at 34 feet, the roadway to be centrally located. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, by the Board of Estimate and Apportionment of the City of New York, That the width of the roadway of Union street from Rogers avenue to Nostrand avenue, Borough of Brooklyn, is hereby established at 34 feet; said roadway to be centrally located.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

*Establishing the Roadway and Sidewalk Widths of Firth Avenue Between Grand Street and Whitlock Avenue, Borough of Queens (Cal. No. 125).*

The Secretary presented the following communication from the Secretary to the President of the Borough of Queens, and report of the Chief Engineer:

The City of New York, Office of the President of the Borough of Queens, Long Island City, November 10, 1913.

JOSEPH HAAG, Esq., Secretary of the Board of Estimate and Apportionment:

Dear Sir—President Connolly directs me to request that the Board of Estimate and Apportionment adopt a resolution fixing the roadway width of Firth avenue from Grand street to Whitlock avenue at thirty-five (35) feet, in order to save the improvements made by the property owners, as set forth in the enclosed communication received from the Engineer of Highways, this department.

Yours respectfully,

HUGH HALL, Secretary to the President.

Report No. 13403.

Hon. ARDOLPH L. KLINE, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the Secretary to the Presi-

dent of the Borough of Queens, bearing date of November 10, 1913, requesting the adoption of a resolution fixing the roadway width of Firth avenue between Grand street and Whitlock avenue at 35 feet.

Firth avenue has been laid out to have a width of 75 feet, and under the general rules of the Board it should have a roadway 40 feet wide. The street as mapped extends from Metropolitan avenue to Grand street and occupies a position such as to warrant a belief that it will ultimately become a thoroughfare of considerable importance. An inspection of the ground shows that between the two blocks described by the Borough Secretary the street has been graded by the property owners for its full width, and that the curbing has been set on the easterly side in a position coinciding with that required for a roadway 35 feet wide.

A resolution has been adopted by the Local Board initiating proceedings for grading the street through its entire length, but action in the matter has been deferred pending the appointment of Commissioners in the opening proceeding authorized on May 16, 1912, and the vesting of title to the street.

The object sought under the treatment now proposed is the legalization of the improvements made by the property owners. It seems reasonable to assume that the slight contraction of the roadway resulting from the position given the curbing will not interfere with the traffic requirements for a long time to come, and that until this need exists it might properly be retained; at the same time it would seem reasonable to insure that the curbing on the westerly side of the street is given the position required under the general rules.

I would therefore recommend the adoption of a resolution fixing the roadway width of Firth avenue between Grand street and Whitlock avenue at 37½ feet, this to adjoin a sidewalk 17.5 feet wide on the westerly side and 20 feet wide on the easterly side.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, by the Board of Estimate and Apportionment of The City of New York, That the width of the roadway of Firth avenue, between Grand street and Whitlock avenue, Borough of Queens, is hereby established at 37½ feet; this to adjoin a sidewalk 17.5 feet wide, on the westerly side, and a sidewalk 20 feet wide, on the easterly side.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

*Paving Clasons Point Road, from Westchester Avenue to the East River, Borough of The Bronx (Cal. No. 126).*

(The final authorization for this improvement was granted by the Board on November 20, 1913, at which time it was estimated that the work would require 200 days.)

The Secretary presented the following:

Twin City Ferry Company, Clason Point-College Point, 17 State Street, New York, December 15, 1913.

The Board of Estimate and Apportionment:

Gentlemen—This Company is very much interested in the paving of Clason Point road, which was finally authorized on the 20th of November last.

The contract is now being advertised and bids are to be opened on December 23. The Engineer allows 130 days for doing the work and expects to start it about April 1 next so that without any allowance for delays the contractor has until September 1 to finish. Of course there will be some delays caused by bad weather and by the work to be done by the Railway Company on its tracks, and this will extend the contractors' time still further. The penalty specified is \$25 per day which is absurdly low.

I have gone into the matter thoroughly and am sure that the work can be done in less than half the time allowed by the Engineer. My information comes from the contractors who are expected to bid on the job.

The road is an important one. It is the only way of reaching the amusement resorts at Clason Point, which are not patronized except in the summer. It is not a local matter, but concerns Queens, and, in fact, the entire City.

The paving is a very important matter to this Company, and I ask your Honorable Board to take such action as will prevent the contract being awarded on the terms proposed. Yours truly,

TWIN CITY FERRY COMPANY,

By F. H. WEEKS, President.

Mr. F. H. Weeks appeared in support of his request.

On motion of the President of the Borough of The Bronx, the matter was referred to him for consideration.

Whereas, On or about April 12, 1912, this Commission determined that Exterior street from East 151st street to East 158th street, in The City of New York, should be carried across the tracks of the Spuyten Duyvil and Port Morris Railroad (leased to and operated by the New York Central and Hudson River Railroad Company) above the grade of such railroad by means of an overhead bridge for general traffic; and

Whereas, On or about July 2, 1912, this Commission adopted a resolution approving a general plan for such overhead bridge submitted by said The New York Central and Hudson River Railroad Company under date of June 12, 1912; and

Whereas, On or about October 28, 1913, this Commission adopted a resolution approving structural plans for such overhead bridge submitted by said The New York Central and Hudson River Railroad Company under date of October 10, 1913; and

Whereas, The Commission has determined that said bid is not excessive and is otherwise satisfactory;

Resolved, That this Commission hereby approves the said bid of said American Bridge Company of New York for the fabrication and delivery of said steel work as aforesaid, namely, 2.89 cents per pound, material to be delivered f. o. b. cars Kingsbridge within five (5) months from receipt of complete information, and that the Secretary of this Commission be and he hereby is directed to endorse upon said summary of bids the approval by this Commission of the bid of said American Bridge

*Temporary Drain in Robertson Street from East 242d Street to East 243d Street, Borough of The Bronx (Cal. No. 128).*

(Preliminary authorization for the construction of this drain was authorized by the Board on December 4, 1913, after a public hearing, notice of which was advertised in the CITY RECORD for ten days.)

The Secretary presented the following:

Wakefield Improvement League, 4664 White Plains Road, The Bronx, New York, December 13, 1913.

*To the Honorable the Board of Estimate and Apportionment:*

Gentlemen—The Wakefield Improvement League of the Borough of The Bronx, at a regular meeting, held on December 12, 1913, adopted resolutions, a copy of which is herewith enclosed, asking for reconsideration of the action taken by your honorable Board on December 4th, ult., in the matter of the Robertson place drain (Calendar No. 80), and respectfully asks that the League be given an opportunity to be heard on this most important matter. Yours very truly,

WILLIAM W. PENFIELD, President.

Whereas, This Improvement League has learned with regret that the Board of Estimate and Apportionment at its meeting on December 4, 1913, adopted a resolution involving an assessment of \$4,600 upon property owners in the vicinity of Robertson place and 243d street for the purpose of constructing a drain to carry off surface water, some of which now flows through a lot in Mount Vernon to Beech street, where it joins the water from Beech street in Mount Vernon, and then passes on across private property in The City of New York, through to the Bronx River, and,

Whereas, At a previous presentation of this matter to the Local Board of Chester, it was shown to the members of that Board to their satisfaction that this proposed improvement would work a great damage to the people along Robertson street and 243d street, and all for the benefit of the City of Mount Vernon, which is now pouring a much greater volume of water over private land in The City of New York, and therefore the petition to the Local Board was denied, and,

Whereas, The matter as passed on by the Board of Estimate and Apportionment was without real notice to the people of Wakefield, and without their having an opportunity to be heard, therefore, be it

Resolved, That this Wakefield Improvement League hereby protests against the action of the Board of Estimate and Apportionment in favoring the Robertson street drain, and respectfully asks that the matter be reconsidered at the next regular meeting of the Board of Estimate and Apportionment, and that the members of this League and those associated with them be afforded an opportunity to be heard in remonstrance, and,

Resolved, That a copy of these preambles and resolutions be sent to each member of the Board of Estimate and Apportionment.

On motion of the President of the Borough of The Bronx the matter was referred to him for consideration.

*Relief from Assessment in the Proceeding for Acquiring Title to Grandview Avenue, from Metropolitan Avenue to Stanhope Street, and from Linden Street to Forest Avenue, Borough of Queens (Cal. No. 129).*

The Secretary presented the following communication:

City of New York, President of the Borough of The Bronx, 3d Avenue and 177th Street, Office of the President, December 15, 1913.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment:

Sir—On May 22, 1913, the Board of Estimate and Apportionment referred the petition of property owners for relief from the increased assessment on their property caused by the exemption of a cemetery within the area of assessment from assessment for the cost of acquiring title to Grandview avenue, Borough of Queens, to a special committee of the Board, consisting of the Comptroller, the President of the Borough of Brooklyn and the President of the Borough of The Bronx, for consideration and report. Please put the item on the calendar for next Thursday for consideration. I have just finished the report and have not had time to submit it to the other two members of the committee, but expect to have it in time for the meeting.

Yours very truly, CYRUS C. MILLER, President of the Borough of The Bronx.

On motion of the President of the Borough of The Bronx the matter was laid over for one week (December 24, 1913).

*Protest Against the Purchase of Property for a Public Park to Comprise the Triangular Plot Bounded by Broadway, West 174th Street and Wadsworth Avenue, Borough of Manhattan (Cal. No. 130).*

(At the meeting of the Board on December 4, 1913, a resolution was adopted, laying out this property as a public park, with the understanding that the entire cost of the proceeding shall be assessed upon the property deemed to be benefited thereby.)

The Secretary presented the following which were ordered printed in the minutes and filed:

Department of Finance, City of New York, December 15, 1913.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment, 277 Broadway, New York, N. Y.:

My Dear Mr. Haag—The within letter was directed to me, but I believe it should have the attention of the Board of Estimate and Apportionment.

Very truly yours,

WM. A. PRENDERGAST.

Hall J. Howe & Co., Real Estate Brokers and Appraisers, No. 141 Broadway, New York, December 9, 1913.

WILLIAM A. PRENDERGAST, Esq., Comptroller, 280 Broadway, New York City:

Dear Sir—I am informed that at the meeting of the Board of Estimate on December 4, 1913, action was taken favoring the acquiring by the City of the triangle plot bounded by Broadway, West 174th street and Wadsworth avenue. In several of the daily papers in making report of the action of the Board of Estimate, it was stated that the property had been offered to the City at private sale at \$25,000, with the understanding that the price might be reduced to \$20,000.

As an owner of property in this immediate neighborhood, I want to protest against the City entertaining the purchase of this property at any such price. Our firm has been one of the largest dealers in vacant property in this section for the last thirty years, and in my judgment the assessed valuation placed on it by the City, namely, \$6,500, is very close to the actual value of this property. The price named of \$20,000 is simply ridiculous.

I desire to enter my protest, and request that I be notified when any further action is taken in this matter. Yours very truly,

THOMAS S. WALKER.

The Secretary was directed to notify Mr. Walker of the action taken by the Board in this matter.

*Map Showing Changes of Grade in East 149th Street, Between 3d Avenue and Harlem River; in East 150th Street, Between Park Avenue and Melrose Avenue, and in the Intersecting Streets Affected Thereby, Borough of The Bronx (Cal. No. 131).*

The Secretary presented the following communication from the President of the Borough of The Bronx:

City of New York, President of the Borough of The Bronx, 3d Avenue and 177th Street, Office of the President, December 16, 1913.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

Dear Sir—I forward herewith, for the consideration of the Board of Estimate and Apportionment at its next meeting, a blueprint of a "map showing the change of grade in East 149th street, between 3d avenue and the Harlem River, and in East 150th street, between Park avenue and Melrose avenue, and the intersecting avenues and streets affected thereby, dated December 15, 1913."

The blueprint forwarded herewith is not the plan to be adopted by the Board, but it contains all the information relating to the change of grades. Before the

meeting of the Board on Thursday, the proper map will be presented, to be substituted for the one forwarded herewith, under the title given above.

The question of the change of grades on 149th street has been raised by a number of property owners in the vicinity and the matter is presented to the Board to give then an opportunity to be heard.

I would request that the Chief Engineer of the Board prepare a report on the matter, if possible, but if he is unable to do so, the matter can lie over for one week after the meeting on Thursday. Yours truly,

CYRUS C. MILLER, President of the Borough of The Bronx.

Mr. Sigmund Feust appeared and requested that the matter be laid over. On motion of the President of the Borough of The Bronx, the matter was laid over for two weeks (December 31, 1913).

I have given careful consideration to the statements contained in the reports of the Department of Finance with respect to each of the several funds mentioned, and it appears that all of these funds have long been dormant on the books of the Comptroller and, as there are no known legal obligations of the City defrayable therefrom, that there is little, if any, likelihood that any further demands thereon will be made.

I am of opinion that all of such funds, with the exception of the fund termed "Street Cleaning Security Deposits," fall within the purview of section 237 of the Charter and may be transferred by the Comptroller, with the approval of the Board of Estimate and Apportionment, to the General Fund of the City pursuant to the provisions of said section.

However, the fund termed "Street Cleaning Security Deposits," being a forfeited security deposit, should be paid into "The Sinking Fund of The City of New York for the Redemption of the City Debt."

Respectfully yours, LOUIS H. HAHLO, Acting Corporation Counsel.

Board of Estimate and Apportionment, Efficiency and Budget Advisory Staff—Modification of Schedules and Transfer of Appropriation (Cal. No. 13).

The Secretary presented the following:

City of New York, Board of Estimate and Apportionment, Office of the Secretary, 277 Broadway, December 6, 1913.

To the Board of Estimate and Apportionment, City of New York:

Gentlemen—We herewith request transfers in the sum of \$250 within 1913 appropriations to the Efficiency and Budget Advisory Staff of this Board.

It is proposed to transfer \$70 from No. 2125, Office Supplies, and \$180 from No. 2142, Contingencies, to No. 2130, Office Equipment.

The appropriation for No. 2130 was \$1,200. This allowance has been practically expended for equipment for the new offices of the Efficiency and Budget Advisory Staff. Other items of equipment are now needed and the transfers are requested on the estimates of cost.

The appropriation for No. 2125 was \$600 and there is an unencumbered balance of \$70 in the account.

The appropriation for No. 2142 was \$1,600 and there is an unencumbered balance of \$180 in the account. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Borough of Manhattan; LEWIS H. POUNDS, President, Borough of Brooklyn; CYRUS C. MILLER, President, Borough of The Bronx; Budget Committee.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 17, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On December 6, 1913, the Budget Committee requested the transfer of \$250 within the appropriations made to the Board of Estimate and Apportionment for the year 1913. In connection therewith I report as follows:

It is proposed to transfer the sum of \$70 from the account entitled "Supplies, Office Supplies, No. 2125, Efficiency and Budget Advisory," and \$180 from "Contingencies, No. 2142, Efficiency and Budget Advisory" to "Purchase of Equipment, Office Equipment, No. 2130, Efficiency and Budget Advisory."

The 1913 budget appropriation for the purchase of office equipment for the Bureau of Efficiency was \$1,000, which was increased by transfer to \$1,200. The unencumbered balance remaining in the account on December 4, 1913, was \$111.39.

The Efficiency Engineer in charge of the Bureau states that it is proposed to purchase a number of items of office furniture which are necessary to complete the equipment of the office. Because of the small appropriation for this purpose all necessary equipment could not be purchased when the Bureau was organized. Request was made in the Departmental Estimate for 1914 for several of the smaller items and it was suggested by the Budget Committee that they be purchased out of the balance in the 1913 account. As there are now balances in other accounts of the Bureau that are no longer required for the purpose for which they were appropriated, it is requested that they be transferred to account No. 2130, so that the necessary furniture may be purchased.

The following shows the condition of the accounts from which it is proposed to transfer the \$250:

|                   | Appropriations | Expended to December 4, 1913. | Estimated Liabilities to December 31. | Estimated Surplus. | Requested Transfer. |
|-------------------|----------------|-------------------------------|---------------------------------------|--------------------|---------------------|
| Account 2125..... | \$600 00       | \$511 19                      | \$18 81                               | \$70 00            | \$70 00             |
| Account 2142..... | 1,600 00       | 1,387 40                      | 32 60                                 | 180 00             | 180 00              |

I recommend the adoption of the attached resolutions granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

For Public School 37, Queens, a rate corresponding to the existing rate less \$221 for rent allowance is requested for a temporary assignment to fill a vacancy. For Public School 72, Manhattan, the rate is to be increased from \$2,604 to \$3,288 per annum on account of the opening of the new addition. A rate of \$10 per month is requested for the Janitor of Public School 95, Manhattan for the care of the classroom on the roof of the Carmine Street Bath. Whereas, By opinions of the Corporation Counsel as of June 28 and July 30, 1910, the Comptroller was advised that the payment of salaries of Janitors in the Department of Education was illegal unless such salary shall have been established under the provisions of section 56 of the Greater New York Charter; and

Whereas, The Special Committee on Janitorial Compensation and the Committee on School Inquiry, Board of Estimate and Apportionment, submitted a joint report on March 27, 1913, which contained detailed suggestions and recommendations for the reorganization of the janitorial force of the Board of Education; therefore be it

Resolved, That, pursuant to the provisions of section 56 of the Charter, the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, pending action by the Board of Education on the aforesaid report, the compensation of Janitors in the Department of Education be fixed temporarily and until further modified in accordance with the following list:

(On September 25, 1913, this matter was referred to the Comptroller.)

(On November 20, 1913, the above matter was referred to the Comptroller for a report.)

(On November 26, 1913, the matter was laid over two weeks and on December 11, 1913, for one week.)

**Department of Water Supply, Gas and Electricity—Transfer of Appropriation (Cal. No. 37A).**

The Secretary presented the following:  
The City of New York, Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, New York, November 18, 1913.  
Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment:

Dear Sir—The appropriation made to this department for the payment of taxes in the Croton and Bronx watersheds for this year is insufficient, and there does not appear at the present time a sufficient amount unencumbered in other appropriations to be transferred to that fund.

Most of the tax bills of any year are not received until the year following, and are charged, as far as the appropriation permits, to the appropriation of the year for which they are levied, the others being paid for the current year.

There were paid out of the appropriation for this year over \$100,000 of taxes for the year 1912, and to relieve this year's appropriation and to prevent the

accumulation of penalties on tax bills now due, I respectfully request that the Board of Estimate and Apportionment transfer the sum of \$25,142.70 to the 1912 appropriation for payment of taxes from surplus balances of other accounts of the same year, as indicated below:

TO  
518 Special Contract Obligations, Water Supply, Collection and Storage, Taxes, Croton Watershed..... \$25,142 70  
Yours very truly,  
HENRY S. THOMPSON, Commissioner.  
Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 8, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On November 18, 1913, the Commissioner of Water Supply, Gas and Electricity requested transfers aggregating \$25,142.70 within the appropriation made to his department for the year 1912. In connection therewith I report as follows:

The proposed credit transfer is to the 1912 account entitled "Special Contract Obligations, Water Supply, Collection and Storage, Taxes, Croton Watershed." The Commissioner states:

"The appropriations made to this department for the payment of taxes in the Croton and Bronx watersheds for this year is insufficient, and there does not appear at the present time a sufficient amount unencumbered in other appropriations to be transferred to that fund. Most of the tax bills of any year are not received until the year following, and are charged as the appropriation permits, to the appropriation of the year for which they are levied, the others being paid for the current year. There were paid out of the appropriation for this year over \$100,000 of the taxes for the year 1912, and to relieve this year's appropriation and to prevent the accumulation of penalties on tax bills now due, I respectfully request that the Board of Estimate and Apportionment transfer the sum of \$25,142.70 to the 1912 appropriation for the payment of taxes from surplus balances of other accounts of the same year."

The proposed debit transfers are from eight accounts for 1912 in which there are unencumbered balances available for transfer.

The present unexpended balance in the 1913 appropriation for Taxes, Croton Watershed, is \$9.96, with bills already received and awaiting payment amounting to \$20,278.67, exclusive of penalties thereon. The proposed transfer will permit of charging tax bills for 1912 to the amount of \$25,142.70, which have been paid from the 1913 appropriation, against the appropriation for the year for which the taxes were levied, thus releasing the same amount to provide for the payment of taxes levied for the year 1913, now unpaid.

I recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

#### Department of Water Supply, Gas and Electricity—Modification of Schedules and Transfer of Appropriation (Cal. No. 37E).

The Secretary presented the following:  
The City of New York, Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, New York, November 26, 1913.  
Hon. WILLIAM A. PRENDERGAST, Comptroller:

Dear Sir—I have appealed in vain to many other departments and divisions of the City Government for surplus balances of appropriations of 1913 with which to replenish certain accounts of this department, and it has occurred to me that you might suggest some way out of the difficulty. There is immediate necessity for transfer of approximately \$6,000.

Appropriation No. 740, Postage, will require \$1,000 for postage to enable the department to send out the bills payable January 1. Account No. 741 will need approximately \$2,000 in order to pay bills that have accrued and will accrue to the end of the year for the regular office supplies for all boroughs, such as water, ice and towel service. The department is indebted to the Statistical Service Company in the sum of \$1,587.50 for compiling a code classification of material, supplies and equipment, and coding, punching and tabulating Hollerith cards. This service was done at the urgent request of your department, and because of its necessity the orders for work were given, charging the expense to an account that was hardly appropriate, expecting to get a transfer to an appropriate account later. Several other accounts are deficient, and the full list of the amounts required, including those I have mentioned in detail, is as follows:

|     |                               |          |
|-----|-------------------------------|----------|
| 728 | Food Supplies .....           | \$500 00 |
| 740 | Postage .....                 | 1,000 00 |
| 741 | Office Supplies .....         | 2,000 00 |
| 750 | Motor Vehicle Supplies .....  | 100 00   |
| 773 | Motor Vehicle Equipment ..... | 500 00   |
| 856 | Car fares .....               | 250 00   |
| 886 | Contingencies .....           | 1,587 50 |
|     | <b>\$5,937 50</b>             |          |

There will be undoubtedly more than this amount available in appropriations of this department, which will not be available, however, for transfer until certain outstanding contracts and open market orders are liquidated. I should like very much indeed to pay the accrued bills, however, promptly, and to do so a transfer to these accounts is necessary.

Thanking you for your kindness in the matter, I am, very truly yours,  
F. T. PARSONS, Deputy and Acting Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 11, 1913.

#### To the Board of Estimate and Apportionment:

Gentlemen—On November 26, 1913, the Commissioner of Water Supply, Gas and Electricity requested transfer of \$5,937.50 from 1913 appropriations outside of his Department to various accounts within his Department. On December 1, 1913, by supplemental request, the amount was reduced to \$4,937.50. In connection therewith I report as follows:

This sum of money is necessary, in order to provide funds for the payment of bills that have accrued or are about to accrue for water, ice and towel service, postage, suppers, carfares and auto maintenance. The transfer to "Contingencies" is to pay a bill for statistical service, which was necessary and the order for which was drawn against an account to which such work could not be properly charged. It is recommended that the transfer be made from "Code No. 2534, Advertising, 1913," in which there is a sufficient unencumbered balance.

The appropriation of \$1,500 for Motor Vehicle Equipment was used for three cars for the entire year, one of which is a brand new car, purchased this year, and one car for part of the year. Attention is called to the fact that this means an

expenditure for tires, tubes and fixtures, without counting running supplies, gasoline or repairs. It would appear that such an expenditure is unwarranted by the service rendered by these cars. Attention is also called to the fact that this Department has again incurred liabilities in excess of appropriations, in violation of section 1542 of the Charter.

The adoption of the attached resolution will grant the request.

Respectfully,  
WM. A. PRENDERGAST, Comptroller.

The modification of supporting schedules affecting some of the above accounts was included in the request. In connection therewith I report as follows:

The transfers to these accounts are necessary to meet accrued bills and requisitions for necessary supplies, etc. There are sufficient unencumbered balances in the accounts from which the transfers are to be made.

Attention is called to the fact that this transfer contains several instances where the Department has contracted liabilities in excess of appropriations in violation of section 1542 of the Greater New York Charter.

The adoption of the attached resolutions will grant the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

President, Borough of Richmond—Transfer of Appropriation (Cal. No. 37G).

The Secretary presented the following:

The City of New York, Office of the President of the Borough of Richmond, Borough Hall, New Brighton, New York City, October 25, 1913.

Honorable Board of Estimate and Apportionment, 277 Broadway, New York City:

Gentlemen—In order to continue the operation of our Experimental Sewage Disposal Plant at West New Brighton for the balance of the year it will be necessary that we secure the additional sum of \$1,200. Heretofore funds have been provided for this purpose out of the proceeds of corporate stock and the funds so provided are now practically exhausted.

The operation of this plant has been provided for in the Budget for 1914 by means of tax levy appropriation. We would therefore ask for the transfer of \$1,200 from Appropriation "No. 109, Interest on Revenue Bonds and Revenue Bills, Debt Service, Fixed Charges and Contributions, Interest" (or some other available appropriation), to our appropriation "No. 3339, Administration, Contingencies," in the same manner as was recently done in the case of the provision for the topographical force of this office. It is important that the plant be kept going for the balance of the year and I would ask for early and favorable action in the matter. Yours respectfully,

GEORGE CROMWELL, President of the Borough of Richmond.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 11, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On October 25, 1913, the President of the Borough of Richmond requested the transfer of \$1,200 on account of the Experimental Sewage Disposal Plant at West New Brighton. In connection therewith I report as follows:

In the corporate stock budget of 1911 there was included an authorization of \$30,000 for the construction and maintenance of an Experimental Sewage Disposal Plant at West New Brighton, which was approved by the Board of Aldermen on July 25, 1911, and by the Mayor on August 31, 1911.

The Budget Committee of your Board in considering the departmental request of the President of the Borough of Richmond for the year 1914, deemed it advisable to continue this experimental station for at least one more year, and accordingly provided for its continuance out of tax levy funds.

It is found that the original authorization will be insufficient to maintain the plant until January 1, 1914, but instead of \$1,200 being necessary that \$200 will be sufficient.

I recommend the adoption of the attached resolution authorizing transfer of \$200 from No. 2534, Miscellaneous, City, Fixed Charges and Contributions, Advertising, Advertising not otherwise provided for, including Arrearages, to No. 3339, Administration, Contingencies.

WM. A. PRENDERGAST, Comptroller.

*Municipal Explosives Commission—Transfer of Appropriation (Cal. No. 38).*

The Secretary presented the following:

Municipal Explosives Commission of The City of New York, 157 East 67th Street, New York City.

Hon. ARDOLPH L. KLINE, Chairman, Board of Estimate and Apportionment, City Hall, New York City:

Dear Sir—We respectfully request that the Budget appropriation for 1913 for this Commission be modified by the transfer of the sum of \$50 from the contingencies account (Code No. 2150—1913) to the office furniture account (Code No. 2148—1913).

We desire this transfer for the reason that an additional sum of about \$50 will be required for necessary office furniture for the use of this Commission over and above the amount originally appropriated for that account for 1913. Respectfully,

MUNICIPAL EXPLOSIVES COMMISSION,

GEO. O. EATON, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 13, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On November 29, 1913, the Municipal Explosives Commission requested transfer of \$50 within appropriations to the Commission for the year 1913. In connection therewith I report as follows:

It is proposed to transfer \$50 from No. 2150, Contingencies, to Purchase of Equipment, No. 2148, Office Equipment, in which the original appropriation was \$100. Of this \$55 has been expended, leaving \$45 available balance. It is stated that the \$95 is necessary to purchase four chairs and a closet for use in the office of the Commission.

It appears that \$45 should be sufficient for four chairs. The closet is not shown to be necessary.

I recommend therefore that the request be denied. Respectfully,

WM. A. PRENDERGAST, Comptroller.

Resolved, That the Board of Estimate and Apportionment hereby denies the request of the Municipal Explosives Commission, as set forth in a communication dated November 29, 1913, for the transfer of fifty dollars (\$50) from Account No. 2150 to Account No. 2148, for the year 1913.

Yours very truly, JOSEPH FLANAGAN, Commissioner of Public Work and Acting President of the Borough of Queens.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 11, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On November 22, 1913, the Acting President of the Borough of Queens requested modification of two temporary wage schedules and transfer of \$580 within appropriations to his office for the year 1913. In connection therewith I report as follows:

The request is in Wages, Temporary Employees, Care of Sewers and Sewage, No. 3145, Cleaning and Repairing, and Care of Sewers and Sewage, No. 3146, Disposal of Sewage.

In No. 3145 it is proposed to decrease the number of days of Foreman at \$4 per day from 3,350 to 3,210, Assistant Foreman at \$3.50 per day from 1,170 to 1,150, Driver at \$3 per day from 278 to 56½, Mechanic's Helper at \$3 per day from 278 to 276½, Bricklayer at \$5.60 per day from 556 to 553½, Electrician at \$4.50 per day from 184 to 128, unassigned balance from \$1 to 50 cents, and to increase the number of days of Laborer at \$3.50 per day from 556 to 558, Laborer at \$3 per day from 3336 to 3388, and Laborer at \$2.50 per day from 16,957 to 17,286. It is also proposed to transfer \$580 from account No. 3145 to No. 3146 to provide for the increase of the number of days of Laborer at \$2.50 per day from 4,695 to 4,927.

In No. 3145 the increase in the number of days of Laborer at \$3.50 is requested owing to additional work in connection with the Ingleside screening chamber; Laborer at \$3 per day on account of increase of salary of a Laborer from \$2.50 to \$3 per day; Laborers at \$2.50 per day due to necessity of keeping Watchmen at the Ingleside screening chamber, a new gang on basin and sewer cleaning in the Richmond Hill section, and for emergency work.

In No. 3146 the increase in the number of days of Laborers at \$2.50 is requested on account of the necessity of employing three Laborers on Sundays at the Jamaica disposal plant. An increase of 71 days instead of 22, as requested, will be sufficient to carry the present force to the end of the year. This necessitates a transfer of only \$177.50 from No. 3145 to 3146.

A sufficient number of days remain in the various lines to be reduced to permit of this modification and transfer. The recommended decrease in the number of days of several of the lines is not as requested, owing to the necessary increase in the number of days of Laborer in account No. 3145 being only 71 days.

I recommend the adoption of the attached resolutions granting the transfer to the extent of \$177.50, and the modification in part, as enumerated above.

Respectfully, WM. A. PRENDERGAST, Comptroller.

Department of Parks, Manhattan and Richmond—Modification of Schedule (Cal. No. 40).

The Secretary presented the following:  
The City of New York, Department of Parks, Boroughs of Manhattan and Richmond, Arsenal, Central Park, December 5, 1913.

Hon. WILLIAM A. PRENDERGAST, Comptroller:

Dear Sir—I respectfully request a modification of Schedule 1516, Personal Service, Wages, Temporary Employees, General, in the Budget for the year 1913, as follows:

|                                 |          |
|---------------------------------|----------|
| FROM                            |          |
| Laborer, at \$2.50 per day..... | \$967 50 |
| TO                              |          |
| Driver, at \$2.50 per day.....  | \$500 00 |
| Driver, at \$2.75 per day.....  | 467 50   |

The Schedule, when modified, will read as follows:

|  |             |
|--|-------------|
| Personal Service, Wages, Temporary Employees, General. |             |
| 1516 Driver, at \$2.75 per day (8,204 days) .....      | \$22,561 00 |
| Driver, at \$2.50 per day (9,676 days) .....           | 24,190 00   |
| Laborer, at \$2.50 per day (108,733 days) .....        | 271,832 50  |

The money provided for Drivers at \$2.75 and \$2.50 per day will not suffice to carry on the work of this Department for the balance of the month, whereas we can better dispense with the necessary amount from the labor schedule.

I earnestly request that you kindly give this your immediate attention, so that the payrolls of the Department will not be held up. Very truly yours,

L. F. LAROCHE, Commissioner of Parks, Boroughs of Manhattan and Richmond.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 11, 1913.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 11, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On December 3, 1913, the Commissioner of Water Supply, Gas and Electricity requested modification of two schedules for wages in his department, involving a transfer of \$519. In connection therewith I report as follows:

The requested changes consist of a reapportionment of the temporary time provided for Laborers and Mechanics attached to the Brooklyn Pumping Stations and distribution system.

In "Personal Service, Wages, Temporary Employees, Water Supply, Pumping, 720W, Water Revenue Force," the schedule total is decreased by \$519, which amount is added to the schedule total of "Personal Service, Wages, Temporary Employees, Water Supply, Distribution, 723W, Water Revenue Force." This modification is stated to be necessary to meet actual payroll conditions.

The schedule changes, in detail, are as follows:

| Code No. | Line Item.                                     | Schedule Transfer. Decrease. | Schedule Transfer. Increase. | Cash Transfer. Decrease. | Cash Transfer. Increase. |

Department of Water Supply, Gas and Electricity—Appropriation from Water Revenues (Cal. No. 42).

The Secretary presented the following:

The City of New York, Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, New York, December 1, 1913.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment:

Dear Sir—Two schedules, one supporting account S-357, Salaries, Regular Employees, Corporate Stock and Water Revenue Force, the other supporting account S-362, Distribution, Salaries, Regular Employees, Water Revenue Force, have been modified since they were first made by the addition of other positions—in one case by transfer from a tax levy account of a whole schedule line, and in another case by the restoration of a line for an Assistant Engineer at \$2,100, stricken out by the Board of Aldermen on passing the budget for 1913.

The accounts are now practically exhausted, and there is needed to bring the appropriation to the figure of the schedule for account S-357 the sum of \$2,725, and to account S-362 the sum of \$5,175. This amount may be transferred from account S-369, Distribution, Wages, Regular Employees, Water Revenue Force.

I respectfully request that the Board of Estimate and Apportionment make such a transfer, if permissible; otherwise that they make a further appropriation of these sums from the Brooklyn Water Revenue, under section 242 of the Charter.

Yours very truly,

HENRY S. THOMPSON, Commissioner.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, December 9, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On December 1, 1913, the Commissioner of Water Supply, Gas and Electricity requested transfers aggregating \$7,900 within appropriations to his department for 1913, pursuant to the provisions of section 242 of the Greater New York Charter, from the Brooklyn Water Revenues of that year. In connection therewith I report as follows:

The requested transfers are to the following accounts:

|   |            |
|---|------------|
| S-357 Personal Service, Salaries, Regular Employees, Water Supply, Collection and Storage, 669CW, Corporate Stock and Water Revenue Force, Water Revenue Allowance..... | \$2,725 00 |
| S-362 Personal Service, Salaries, Regular Employees, Water Supply, Distribution, 681W, Water Revenue Force, Water Revenue Allowance .....                               | 5,175 00   |
| Total.....  | \$7,900 00 |

The original 1913 budget schedule for Account S-357 showed a total allowance of \$29,240, apportioned \$17,515 to corporate stock fund and \$11,725 to water revenue funds. On May 29, 1913, your Board approved a modification of the schedule for this account by adding thereto a Superintendent of Ponds and Reservoirs at \$2,500 per annum, transferred from the Croton to the Brooklyn watershed, thus increasing both the schedule total and water revenue allowance by \$2,500. No additional appropriation for Account S-357 was made, however, at that time.

On July 31, 1913, your Board approved a further modification, increasing the schedule total by \$450, and transferring to this account \$225 necessary to pay the increase for the six months from July 1, 1913. It is now stated that the additional amount of water revenue funds required to meet all payroll changes to December 31, 1913, is \$1,677.

In Account S-362 the original schedule total approved by the Board of Estimate and Apportionment was \$22,460. A position of Assistant Engineer, at \$2,100, was eliminated by the Board of Aldermen, thus reducing the schedule total to \$20,360. On February 20, 1913, the schedule was modified to restore the position of Assistant Engineer at \$2,100, but no additional appropriation was made at that time.

On May 8, 1913, your Board approved the addition of two Automobile Enginemen, at \$1,200 each, thus increasing the schedule total to \$24,860, without, however, providing the necessary additional funds. On July 31, 1913, this schedule was again modified resulting in an increase of \$1,350, and \$675 was transferred to the account to provide for this increase for the six months from July 1, 1913. The additional amount of water revenue funds required to meet all payroll changes to December 31, 1913, is now stated to be \$2,756.91.

The Commissioners propose to provide for the present deficits in Accounts S-357 and S-362, either by transferring thereto the required amounts from Account S-369, Personal Service, Wages, Regular Employees, Pumping, 701W, Water Revenue Force, Water Revenue Allowance, in which account there is an available surplus, provided that such transfer can be made, or by a further appropriation under the provisions of section 242 of the Greater New York Charter.

The resolutions governing the 1913 budget schedules provide:

"That no transfers shall be made from appropriations or schedules of 'Wages, Regular Employees,' to any other appropriation or schedule than 'Wages, Regular Employees.'"

As the 1913 budget includes tentative allowances for all employees chargeable to water revenue funds, there appears to be no good reason why the resolution should be held to apply to water revenue appropriations as well as those desired from the tax levy.

I recommend, therefore, the adoption of the attached resolution appropriating the further sum of \$4,433.91 from the 1913 Brooklyn water revenues to provide for the necessary payroll changes for the balance of the current year.

Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of subdivision 1 of section 242 of the Greater New York Charter, hereby appropriates from the water revenues received in the Borough of Brooklyn during the year 1913 the sum of four thousand four hundred and thirty-three dollars and ninety-one cents (\$4,433.91) for the use of the Department of Water Supply, Gas and Electricity in the maintenance, improvement and extension of the water supply system in the Borough of Brooklyn during the year 1913, said amount to be in addition to all appropriations hitherto made for said purpose and to be apportioned as follows:

|   |            |
|---|------------|
| DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY.  |            |
| S-357 Personal Service, Salaries, Regular Employees, Water Supply, Collection and Storage, 669—CW, Corporate Stock and Water Revenue Force, Water Revenue Allowance ..... | \$1,677 00 |
| S-362 Personal Service, Salaries, Regular Employees, Water Supply, Distribution, 681W, Water Revenue Force, Water Revenue Allowance .....                                 | 2,756 91   |
|   | \$4,433 91 |

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

*Edison Electric Illuminating Company—Claim of (Cal. No. 46).*

The Secretary presented the following:

The City of New York, Department of Finance, Comptroller's Office, December 15, 1913.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—Under and pursuant to the provisions of section 246 of the Charter, I hereby certify that a claim has been presented by the Edison Electric Illuminating Company of Brooklyn for \$5,764.62, which sum is alleged to be due for services rendered from June 1 to December 31, 1911, in the furnishing of electric current and stand-by services in testing the plant installed by the Bureau of Sewers, Borough of Brooklyn, in the Gowanus Canal Pumping Station; that the sum of \$5,764.62 represents the actual cost price to claimant company, without interest, for the electric current and stand-by service furnished; that this claim is illegal and invalid against The City of New York, for the reason that for the said electric current and stand-by service involving the expenditure of more than \$1,000, no bids were invited, pursuant to the provisions of section 419 of the Charter; but notwithstanding in my judgment, it is equitable and proper for the City to pay said claim, inasmuch as the City has received value for the same and has been benefited to the extent of \$5,764.62, which amount should be paid in full satisfaction thereof out of the account entitled, "Code 666 of 1911, Heat, Light and Power, Borough of Brooklyn, Bureau of Lamps and Lighting, Heat and Power for City Departments."

Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to section 246 of the Charter, as amended, the Board of Estimate and Apportionment hereby determines that The City of New York has received a benefit from the Edison Electric Illuminating Company of Brooklyn, New York, and is justly and equitably obligated to pay to the said company, without interest, the sum of five thousand seven hundred and sixty-four dollars and sixty-two cents (\$5,764.62) for service rendered from June 1, to December 31, 1911, in furnishing electric current and stand-by service in testing the plant installed by the Bureau of Sewers, Borough of Brooklyn, in the Gowanus Canal Pumping Station; that the said sum shall be paid in full satisfaction of this application which embraces all prior claims, which have been presented on behalf of the Edison Electric Illuminating Company of Brooklyn, for the electric current and stand-by service above mentioned; that the interests of the City will be best subserved by the payment thereof, and that said sum shall be paid only upon the execution by claimant company of a full release in favor of the City in such form as may be approved by the Corporation Counsel, and the Comptroller is hereby authorized to pay said claim in the sum of five thousand seven hundred and sixty-four dollars and sixty-two cents (\$5,764.62) from the account entitled "Code 666 of 1911, Heat, Light and Power, Borough of Brooklyn, Bureau of Lamps and Lighting, Heat and Power for City Departments."

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

*City Magistrates' Courts, First Division—Issue of Special Revenue Bonds and Modification of Schedules (Cal. No. 47).*

(On December 4, 1913, the resolution of the Board of Aldermen in this matter was referred to the Comptroller.)

The Secretary presented the following:

*In the Board of Aldermen.*

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of seven hundred and twenty-five dollars (\$725), the proceeds whereof to be used by the Board of City Magistrates, First Division, for the purpose of replenishing 1913 Code numbers, as follows: 2366, \$500; 2367, \$25; 2369, \$200; total, \$725.

All obligations contracted for hereunder to be incurred on or before December 31, 1913.

Adopted by the Board of Aldermen November 18, 1913, three-fourths of all the members voting in favor thereof.

Received from his Honor the Mayor December 2, 1913, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it. P. J. SCULLY, Clerk.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 11, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On November 18, 1913, the Board of Aldermen adopted a resolution requesting \$725 in special revenue bonds to replenish several 1913 appropriation accounts, City Magistrates' Courts, First Division. In connection therewith I report as follows:

The request involves replenishing No. 2366, Carfare, to the extent of \$500; No. 2367, Expressage and Deliveries, to the extent of \$25, and No. 2369, General Plant Service and Finger Print System, to the extent of \$200.

The Budget allowance for No. 2366, Carfare, was \$900. The unexpended balance on December 9 was 1 cent. The sum of \$500 is requested to meet liabilities against the account and for estimated expenditures for the remainder of the year. It is stated that the Budget appropriation was insufficient because of a change made during the present year in the probation system of the courts, which change necessitated investigation of probation cases before the Magistrates render their decisions, and thereby increasing the cost for carfares.

The Budget allowance for No. 2367, Expressage and Deliveries, was \$30. The

unexpended balance on December 9 was 93 cents. The sum of \$25 is requested to meet liabilities incurred during November and expenditures estimated for December. The Chief Clerk of the Courts states that the expenditures chargeable to the account are considerably larger during the last two months of the year than for any other two months.

The Budget allowance for No. 2369, General Plant Service and Finger Print System, was \$2,427. This was increased to \$3,947 by \$1,500 special revenue bonds. The Chief Clerk, however, states that the unexpended balance of the Budget allowance is \$931, and that the entire proceeds of the special revenue bonds were needed for equipment, materials and supplies for the Finger Print Bureau. He also states that there is need for additional funds for the following expenditures chargeable to No. 2369:

|  |                |
|--|----------------|
| Storing records .....                    | \$45 00        |

*Queens Borough Public Library—Request for Additional Appropriation (Cal. No. 48).*

(On December 4, 1913, the request in this matter was referred to the Comptroller.)

The Secretary presented the following:

The Queens Borough Public Library, Jamaica, Long Island, New York, November 21, 1913.

To the Honorable Board of Estimate and Apportionment, 277 Broadway, New York City:

Gentlemen—In support of the request of the Queens Borough Public Library herewith submitted for an additional amount of one hundred and twenty dollars (\$120) for rental for Broadway branch during the year 1914, I have to state that the amount of seven hundred and eighty dollars (\$780) was allowed in the Budget of 1913 to provide for the removal of Broadway branch to better quarters.

The owner of the building required a rental at the rate of nine hundred dollars (\$900) per annum for a term of one year, or at the rate of six hundred dollars (\$600) per annum for a term of five years. Neither of these propositions was acceptable to the Library Board of Trustees. On August 21 the library was threatened with eviction within one week.

No suitable building was found to be available until September 1, when a new store, located at 298 Steinway avenue, Long Island City, and owned by Henry J. Schlesier, was available at a rental of nine hundred dollars (\$900) per annum. In the emergency this place was taken by monthly rental at the rate of \$75 per month, to the end of December, 1913. This action was taken subsequent to the presentation of our Budget for 1914.

It is now necessary to provide for the year 1914. The premises now occupied are offered in a proposal agreeable to the Library Board of Trustees, and no other suitable place can be obtained. The rental asked is at the rate of nine hundred dollars (\$900) per annum for a period of three years.

For the above reasons the accompanying request to add the sum of one hundred and twenty dollars (\$120) to our appropriation for rentals during the year 1914 is made and respectfully urged upon your honorable Board.

Respectfully yours, WILLIAM E. KENNEDY, Secretary, Board of Trustees.

The Queens Borough Public Library, Jamaica, Long Island, New York, November 20, 1913.

To the Honorable Board of Estimate and Apportionment, 277 Broadway, New York City:

Gentlemen—On behalf of the Board of Trustees of the Queens Borough Public Library, we hereby apply to the Board of Estimate and Apportionment for the sum of one hundred and twenty dollars (\$120) to be added to the rental for Broadway Branch, 298 Steinway avenue, Long Island City, for the year 1914, either by adding this amount to the Budget appropriation of the Queens Borough Public Library for the year 1914, or by an issue of revenue bond funds.

I enclose a copy of the resolution passed by the Board of Trustees of the Queens Borough Public Library in which they consent to said application. Respectfully yours, WILLIAM E. KENNEDY, Secretary, Board of Trustees.

The Queens Borough Public Library, Jamaica, Long Island, New York, November 17, 1913.

At a meeting of the Board of Trustees of the Queens Borough Public Library, held at Jamaica, Long Island, on Thursday, November 13, 1913, the following action was taken:

(Extract from the Minutes.)

(72) Resolved, That the proper officers of the corporation request the Board of Estimate and Apportionment to provide a sum of \$120 to be added to the rental for Broadway Branch, 298 Steinway avenue, Long Island City, for the year 1914, either by adding this amount to the Budget appropriation for 1914, or by an issue of revenue bond funds.

A true copy.

WILLIAM E. KENNEDY, Secretary.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, December 10, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On November 21, 1913, the Trustees of the Queens Borough Public Library requested an additional \$120 in the appropriation for rent for 1914. In connection therewith I report as follows:

It has been found impossible to obtain suitable quarters for the Broadway Branch, Long Island City, at \$780 per annum, the rate estimated in the Library request for 1914. Quarters have been obtained at 298 Steinway avenue at \$900 per annum. There is no necessity for special revenue bonds at this time as the funds may be available through transfer during 1914.

I recommend that the request be denied without prejudice to a request from the Library during 1914 for transfer within appropriations to meet this deficit.

Respectfully,  
WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby denies the request of the Board of Trustees of the Queens Borough Library as set forth in a communication dated November 21, 1913, for an appropriation of one hundred and twenty dollars (\$120), to be added to the rental of the Broadway Branch Library at 298 Steinway avenue, Long Island City, for the year 1914.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary was directed to transmit a copy of the report of the Comptroller to the Board of Trustees of the Queens Borough Library.

Department of Water Supply, Gas and Electricity—Approval of Form of Contract, Etc. (Cal. No. 49).

The Secretary presented:

Report of the Comptroller recommending that the request of the Deputy and Acting Commissioner of Water Supply, Gas and Electricity for approval of form of contract, specifications, plans and estimate of cost (\$14,000) for furnishing and constructing a screen chamber, screens and superstructure near new Croton Dam, in Cortlandt, Westchester County, New York, be disapproved, as it would seem that this work may be deferred for a number of years until its construction is imperatively demanded, in view of the fact that the Catskill Water Supply will be available for the Borough of Manhattan within a very short time.

Which was referred to the Commissioner of Water Supply, Gas and Electricity.

Fire Department—Modification of Schedules (Cal. No. 50).

The Secretary presented the following:

Fire Department of The City of New York, November 25, 1913.

Hon. ARDOLPH L. KLINE, Mayor and Chairman of the Board of Estimate and Apportionment:

Sir—Request is made for the modification of code account No. 1390, repair shop payroll of this Department for the year 1913, and also for the year 1914, as shown on attached schedule.

This request is made in order to facilitate the work of the repair shop where the services of a Carriage Trimmer are required instead of that of an Upholsterer. This change will not involve any increase in the appropriation to this Department.

Respectfully,  
JOS. JOHNSON, Fire Commissioner.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, December 6, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On November 26, 1913, the Fire Commissioner requested modification of a wage schedule in his Department for 1913 and 1914. In connection therewith I report as follows:

The proposed changes are in Maintenance of Apparatus and Equipment, Repairing, No. 1390, Manhattan, The Bronx and Richmond, for 1913, and Maintenance of Apparatus and Equipment, No. 1669, Repairing, for 1914. The Commissioner desires to change the line "Upholsterer, 1 at \$4.50 per day" in each schedule, to Carriage Trimmer, 1 at \$4.50 per day. The grade of position of Carriage Trimmer, at \$4.50 per day, has not been established, for the Fire Department, in accordance with the provisions of section 56 of the Greater New York Charter.

I recommend, therefore, that the request be denied. Respectfully,  
WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby denies the request of the Fire Commissioner, as set forth in a communication dated November 25, 1913, for the modification of schedule No. 1390 for the year 1913, and schedule No. 1669 for the year 1914.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary was directed to transmit a copy of the report of the Comptroller to the Fire Commissioner.

Hon. WILLIAM A. PRENDERGAST, Comptroller of Greater New York:

The Mason Builders' Association is a branch of the Building Trades Employers' Association, and its membership includes 98 construction companies, firms and individuals. The Mason Contractors' Association, with 35 employers, and the Stone Mason Contractors' Association, with 48 employers, are affiliated with the Mason Builders' Association. The members of these three Associations employ 80 per cent. of the Bricklayers and Mason Bricklayers in Greater New York.

The agreement between the Mason Builders' Association and the Bricklayers' Unions is signed by the following:

Mason Builders' Association—Arthur G. Stone, Chairman; F. J. Ashfield, P. J. Brennan, William Crawford, Otto M. Eiditz, D. H. Mapes, C. C. Woodruff, F. T. Youngs, Ely Greenblatt, Daniel J. Lahey, M. C. Rosenbaum, N. Conforti, Frank E. Conover.

Bricklayers' Unions—No. 34, Sam Tomley, Chairman; No. 1, William J. Gardner, Jr.; No. 9, Henry J. Kuntz; No. 34, John Lynch, Alexander Porter, Thomas Darcy; No. 37, Thomas A. Smith, Fred Riley; No. 41, John Bartley.

The signed agreement provides as follows:

"1. That the wages of the Bricklayers from January 1, 1912, to January 1, 1914, be 70 cents per hour; from January 1, 1914, to January 1, 1916, the wages shall be 75 cents per hour; the hours of labor to be from 8 a. m. to 5 p. m., exclusive of the noon hour, except on Saturdays, when the hours of labor shall be from 8 a. m. to 12 m. This agreement shall expire on January 1, 1916."

Mr. Arthur G. Stone, Chairman of the Committee of the Mason Builders' Association stated as follows:

"The agreement to pay the Bricklayers 75 cents an hour after January 1, 1914, was entered into with the representatives of the unions two years ago. At that time our Committee had quite a controversy with the men before arriving at a rate. It was finally agreed that the rate for 1912 and 1913 should be 70 cents an hour, with the understanding that for two years, beginning January 1, 1914, we should pay 75 cents an hour. We had formerly made agreements with the men for one or two years, but as a compromise agreed upon the rates fixed for the four years, 1912 to 1915, inclusive.

"The members of our Associations intend to keep faith with the Bricklayers, and we shall pay 75 cents an hour on and after January 1, 1914."

The Secretary of the Building Trades Employers' Association stated as follows:

"Ninety per cent. of the Bricklayers in Greater New York are members of the unions. Our experience has been that a Bricklayer will not work on a job where the rate agreed upon with the Employers' Association is not paid, or other stipulations fulfilled.

"Bricklayers in private employ average about 200 days' work in the year, owing to weather conditions or the uncertainty of construction work.

"Bricklayers employed by members of the Stone Mason Contractors' Association on foundation work receive the regular rate paid to other Bricklayers."

Provision is made in the 1914 Budget for the full year for the majority of Bricklayers in City departments. When they are not employed, accruals from their wages revert to the General Fund for the Reduction of Taxation. Of the 9,691 days provided for in 1914 schedules, 1,580 days are for Bricklayers temporarily employed.

It appears that the prevailing rate for Bricklayers, on and after January 1, 1914, will be 75 cents per hour, or \$6 per diem.

We therefore recommend the adoption of the attached resolutions approving the \$6 rate, and requesting the heads of City Departments to provide for the increase.

Respectfully, WM. A. PRENDERGAST, Comptroller; O. GRANT ESTERBROOK, Acting President, Board of Aldermen, Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in City Departments of the grade of position, in addition to those heretofore established, as follows:

| Title and Rate.                                      | Number of Incumbents. |
|--|-----------------------|
| Bricklayer, 75 cents per hour or \$6 per day         | Unlimited.            |
| Bricklayer (Mason), 75 cents per hour or \$6 per day | Unlimited             |

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby requests the heads of City Department in which Bricklayers and Bricklayers (Masons) are employed, to provide for the compensation of such workmen beginning January 1, 1914, at the rate of six dollars (\$6) per diem, by the transfer of funds, or by application for an authorization of special revenue bonds in the necessary amounts.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary was directed to transmit a copy of the report of the Committee on Salaries and Grades to the Executive Committee, Bricklayers' and Masons' Union of Greater New York.

Department of Water Supply, Gas and Electricity—Issue of Corporate Stock (Cal. No. 52).

The Secretary presented:

Report of the Committee on Finance of the Board of Aldermen adopted by said Board December 9, 1913, rejecting the resolution adopted by the Board of Estimate and Apportionment October 2, 1913, rescinding resolution adopted June 26, 1913, which authorized the issue of \$18,000 corporate stock for furnishing, delivering and laying a 12-inch water main and appurtenances under the East River to North Brother Island, under the jurisdiction of the Department of Water Supply, Gas and Electricity. This resolution is rejected for the reason that several hearings have been held on this matter at which representatives of the Departments of Health and Water Supply, Gas and Electricity have appeared and urged the establishment of this 12-inch main owing to the tendency of the present direct 6-inch main to freeze, and for the further reason that it is desirable that the attention of the Engineering Force of the Board be called to the matter; also a

Communication from the Commissioner of Health requesting that this matter be referred to the Chief Engineer of the Board.

Which was referred to the Corporate Stock Budget Committee, consisting of the Comptroller and the Presidents of the Boroughs of Manhattan, Brooklyn and The Bronx and also to the Chief Engineer of the Board.

Department of Water Supply, Gas and Electricity—Approval of Form of Contract (Cal. No. 53).

(On July 3, 1913, this matter was referred to the Comptroller and the Chief Engineer of the Board.)

The Secretary presented the following:

Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, City of New York, July 1, 1913.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

Dear Sir—I transmit herewith for approval proposed contract with the Woodhaven Water Supply Company for the rental of hydrants. The existing contract for this service expired June 18, 1913. The enclosed draft is in all respects a duplicate of the former contract, with the exception that the quality of water to be furnished shall be of the standard which the Department has prescribed for other companies.

This contract provides for the rental of hydrants at \$18 per annum per hydrant and runs for a period of one year. This apparently short period of time is recommended in order that this Department may have an opportunity to investigate as to the necessity of altering the distribution system maintained by this company, with a view to increasing the service to the residents and also improving conditions so as to afford better fire protection.

Very truly yours, J. W. F. BENNETT, Deputy and Acting Commissioner.

Agreement made this \_\_\_\_\_ day of \_\_\_\_\_, by and between The City of New York, hereinafter called "The City," a municipal corporation, acting by and through the Commissioner of Water Supply, Gas and Electricity, hereinafter called "The Commissioner," duly authorized so to do by the Board of Estimate and Apportionment of The City and with the consent and approval in writing of both the Mayor and Comptroller of The City, party of the first part, and the Woodhaven Water Supply Company, hereinafter called "The Company," a domestic corporation having its present place of business in the 4th Ward of the Borough of Queens, in this City, party of the second part.

Witnesseth, that the parties hereto mutually covenant, and agree as follows:

1. The Company will furnish through its hydrant already set, or which may hereafter be set, and through its mains and pipes already laid, or which may hereafter be laid, all the pure and wholesome water that is or may be required by The City, its agents, servants or employees, for sanitary purposes, the extinguishment of fires, the testing of fire apparatus, the practice, drill and exhibition of firemen, and for use in any fire house or police station, and for flushing and cleaning the streets, sewers and sidewalks, and for sprinkling the streets.

2. The Company shall at all times maintain a pressure of at least twenty-five (25) pounds per square inch at each and every hydrant, at an elevation not exceeding fifty-eight (58) feet above mean high tide, and shall whenever fifty (50) hydrants have been erected in the territory above the line of ten (10) pounds pressure with reservoir full, maintain at all times a pressure of twenty (20) pounds at each and every hydrant in such territory, above said line, and for failure to maintain at any hydrant the pressure above required to be maintained at such hydrant, when such failure is not due to an act of God or unavoidable contingency, The Company shall pay to The City for each and every such hydrant the sum of Five Dollars (\$5.00) per day for each and every day and fraction of a day that such pressure shall not be maintained thereat, and all such sums may be deducted from any moneys due or to become due to The Company at any time under this agreement.

3. The Company shall at all times keep its reservoirs, standpipes, mains, gates or valves, hydrants, wells, pumping machinery and pipes in good repair and working order, and in case of failure so to do, after ten (10) days' notice in writing from The Commissioner, The City may do the work necessary in the way of repairs or painting and charge the cost thereof to The Company and deduct the said cost from any moneys due or to become due to The Company under this agreement, provided, however, that if any hydrant, pipe or other apparatus of The Company be damaged by any agent or servant of The City in the performance of his duties as such, reasonable wear and tear excepted, the cost of repair or of necessary new apparatus shall be paid by The City.

4. Hydrants hereafter set shall be connected with the mains by pipe not less than four (4) inches inside diameter, and all such hydrants shall be of the "Smith" or "Chapman" pattern, or equal to same, subject to the consent of The Commissioner.

5. All mains hereafter laid shall be not less than six (6) inches inside diameter, and all pipe and mains hereafter laid shall be of first quality cast iron, tested to a hydrostatic pressure of three hundred (300) pounds to the square inch, and shall be thoroughly coated with approved coating at a temperature of three hundred (300) degrees Fahrenheit.

6. New mains shall be laid by The Company at its own expense within the Borough of Queens when and where requested by The Commissioner, provided that no extension shall be required to be made between November 1 and April 1 of any year during the existence of this contract, unless the ground is free from frost and provided, also, that The Commissioner shall not require the laying of new mains, unless at the same time he requires the erection by The Company upon its mains (whether new or old) of new hydrants averaging one for each three hundred and fifty-two (352) feet of new mains required to be laid. No extension of mains shall be made or work commenced thereon in the way of opening any street or otherwise until and unless the Commissioner shall have issued his permit to The Company to open the street or to do such work as may be necessary.

7. All pipes and hydrants before being laid or set shall be subject to the inspection of The City, acting by or through The Commissioner, his engineers, or such other agents as he may select, and when not in accordance with the terms of this agreement shall be rejected. The Department of Water Supply, Gas and Electricity of The City shall be informed at all times of the location of all mains laid and to be laid and hydrants set and to be set by The Company, and when new hydrants are set and water ready to be turned on, written notice thereof shall be given to The City or The Commissioner. The Company shall furnish to The Commissioner, within sixty (60) days after the execution and delivery of this agreement, a map, plan or blue print showing the location of all mains, hydrants, gates, blow-offs, specials, pumping station, standpipes and reservoirs, the size of the main, and such other details and particulars as The Commissioner may require by written notice within five (5) days after the execution and delivery of this agreement; and also within ten (10) days after the commencement of work on any alteration of said system and apparatus by way of extension, addition, elimination or otherwise, a map, plan or blue print, showing such alteration and showing the portion of such system and apparatus as so altered. The Commissioner, acting through his engineers or such other agents as he may designate, shall have the right to inspect and examine at all reasonable times during the day or night, and at any season of the year, the pipes, hydrants, wells, pumping stations, standpipes, reservoirs and all other property and apparatus of The Company.

8. The Company shall at its own expense, lower or raise and relay and reset its mains and pipes and hydrants whenever necessary in the course of the grading or regrading of any street, roadway, or other highway, and shall care for and protect those mains, pipes and hydrants while such grading or regrading is being done.

9. The Company shall at all times properly guard all openings made by it in any street, roadway or highway, and shall cause the same to be packed and refilled and all roadbeds, sidewalks, gutters and pavements to be replaced in as good condition as they were previously, and shall remove all surplus stone, dirt and other substance, and in case of failure so do within five (5) days after the completion of the work. The Commissioner may cause the same to be done and the reasonable cost thereof may be deducted from any moneys due or to become due to The Company under this agreement.

10. Gates and valves shall be placed by The Company on all mains and pipes which may hereafter be laid whenever and wherever directed by The Commissioner, so as to allow the supply of all water to be shut off in case of accident, repairs or extensions from any one portion of the system of distribution without affecting the supply to any other portion of the system.

11. The Company will execute and deliver to The City its bond with sureties to be approved by The Comptroller of The City in the penal sum of Fifteen Thousand Dollars (\$15,000), conditioned to save and hold The City harmless from all suits and actions of every description and from all damages and costs by reason of injury to person or property, including streets, roads, highways and pavements, on account of or arising out of the acts or omissions of The Company or its officers, agents or employees, or by reason of breaks or failures in the pipes, hydrants, or other apparatus of The Company, provided, however, that in the event of suit being brought immediate notice thereof shall be given to The Company, which shall have the right to employ counsel at its own expense to defend the same, and that it will pay each and every judgment recovered in the said suit. Said bond shall be further conditioned for the faithful performance by The Company of each and every condition, covenant and obligation imposed upon the Company by this agreement.

12. The City will pay to The Company, and the Company will accept in full compensation for water supplied as provided in Clause I of this agreement, the sum of eighteen dollars (\$18) per year, and at the same rate for fractions of a year, for each and every hydrant now erected on its pipes and mains and which may hereafter be erected in accordance with this agreement.

13. On and after the first day of July and the first day of January of each year, during the continuance of this agreement, The Company shall furnish proof to the satisfaction of The Commissioner, that it has fully performed and fulfilled this agreement in all its particulars and conditions up to the said first day of July or the said first day of January, as the case may be, and particularly that it has furnished water of the quality and in the quantity hereinbefore specified, that the water so furnished has been delivered at each hydrant at the pressure prescribed by Clause II of this agreement during all the time that said water was required to be furnished; whereupon The Commissioner shall certify the fact, and in his certificate state the amount to which The Company shall be entitled, less any deductions allowed by the terms of this agreement, and shall annex thereto a requisition upon The Comptroller of The City to pay The Company the sum to which it shall be so entitled, less such deductions; and without such certificate and requisition The Company shall not be or become

entitled to any payment under and in respect to the terms of this agreement. On the requisition above provided being presented to said Comptroller, he shall, within thirty (30) days thereafter, pay to The Company the amount thereof in lawful money.

14. The City shall not, nor shall any department or officer of The City of New York be precluded or estopped by any return or certificate made or given by an engineer, inspector or other officer, agent or appointee of the Department of Water Supply, Gas and Electricity, or of The City, under or in pursuance of anything in this contract contained, from any time showing the true and correct amount and character of the service that shall have been supplied by The Company or any other person or persons under this contract.

15. At all times during the continuance of this agreement The Company will supply to the inhabitants of the Borough of Queens residing on streets in which the mains of The Company now are or may hereafter be located, pure and wholesome water for domestic and other uses and purposes, and will charge for all water so supplied up to January 1st, 1914, at rates not exceeding those now charged by The Company to its consumers; on and after January 1st, 1914, the rates shall not exceed those given in the schedule hereto annexed, dated January 1st, 1908, marked "A" and made part of this agreement.

The water to be supplied under the terms of this contract shall be practically odorless, tasteless, clear and colorless and be reasonably free from organic matter and show no indication of sewer pollution. The amount of chlorine in such water shall average not more than twenty-five parts per million, and the amount of iron shall average not more than five-tenths (5-10) parts per million and shall at no time exceed one and one-half (1½) parts per million. The Commissioner and his agents, servants and employees shall at all times have the right to take samples of the said water at or near the point of delivery into the mains, and the taking and testing of such samples shall be entirely under the control and direction of said Commissioner. The Company shall be entitled to copies of the results of all tests without charge thereof.

16. This agreement shall continue and be binding upon and run in favor of the respective parties hereto, their and each of their successors and assigns, for the term of one (1) year from the date hereof, or, if prior to the expiration of such term of one (1) year The City shall establish in that portion of the Borough of Queens in which the mains of The Company now are or hereafter shall be laid its own system of water supply and shall give The Company sixty (60) days' notice in writing thereof, or if prior to the expiration of such period of one (1) year any proceeding to condemn the stock, franchises, assets and other property of The Company shall be brought, this agreement shall terminate upon such establishment and expiration of the time stated in said notice, or upon the entry of the judgment of condemnation, but in no case shall this contract continue beyond the expiration of the said period of one (1) year. After the giving of the sixty (60) days' notice above provided for, The Commissioner shall not require any extension of mains to be laid, but The Company shall be paid the hydrant rentals provided for by this agreement during the existence of this agreement, up to the time that The City shall cease to use water supplied by The Company. The Commissioner may also, at his option, declare this agreement at an end in case of any breach by The Company of any of the covenants and provisions of this agreement, and this agreement shall cease and terminate upon such declaration. In case of condemnation proceedings, as above provided, the title to the stock, franchises and assets of The Company it is sought to condemn by such proceedings shall vest in The City upon entry of such judgment of condemnation without further act on the part of The Company or The City, or the officers or agents of either.

17. By and upon the execution and delivery of this agreement, all other prior contracts and agreements shall be deemed to be and shall be hereby cancelled and superseded, and any and all exclusive rights, privileges or franchises to lay water pipes, mains and hydrants and to deliver and supply water, thereby granted or conferred shall be deemed to be and shall be hereby surrendered and abandoned; provided, however, that the non-exclusive franchise of The Company to lay and maintain pipes, mains and hydrants and to deliver and supply water shall not be prejudiced or affected; and provided further, that nothing herein stated shall affect the right of The Company to receive from The City compensation due it under former agreement.

18. Nothing in this agreement shall be so construed as to give to The Company any exclusive right or privilege to lay mains and pipes and to erect hydrants and to maintain the same and other apparatus in the Borough of Queens, or to supply water to The City or the inhabitants thereof, or to limit the right of The City as hereinbefore provided to establish and maintain its own water supply system and apparatus within the Borough of Queens, or the district within which the mains of The Company are now laid or may hereafter be laid. This agreement shall not bar or in any manner affect the rights of The City to acquire the franchises, assets and property of The Company, or any part thereof, by condemnation proceedings or otherwise at any time, and shall not be taken to enhance the value of or add to The Company's stock, franchises, assets and property, but, on the contrary, the stock, assets, franchises and property of The Company shall be valued in any proceedings to condemn the same without enhancement by reason of any provision of this contract being considered or allowed.

19. This agreement preliminary to its execution has been submitted in all its details to the Board of Estimate and Apportionment of The City and to the Mayor and the Comptroller of The City, and the assent of said Board has been given by resolution passed \_\_\_\_\_ to the execution of this agreement as submitted, and this agreement has also received the separate written consents and approvals of said Mayor and said Comptroller.

20. This agreement shall not be binding or of any force unless the Comptroller of The City shall endorse hereon his certificate that there remains unexpended and unapplied, as provided in the Greater New York Charter, a balance of the appropriation or fund applicable thereto sufficient to pay the estimated expense of executing this agreement, as certified by the officers making the same.

In witness whereof The Commissioner has hereunto set his hand and seal, and The Company has caused its corporate seal to be hereunto affixed, and this agreement to be signed in its name by its President and attested by its Secretary, the day and year first above written.

....., Commissioner of Water Supply, Gas and Electricity.

**Comptroller's Certificate.**

In pursuance of the provisions of section 149 of the Greater New York Charter, I hereby certify that there remains unapplied and unexpended a balance of the appropriation made to the Department of Water Supply, Gas and Electricity for the year 1913, entitled "General Plant Service—875, Water Supply, Distribution, Rental of Fire Hydrants," applicable to this contract, sufficient to pay the estimated expense of executing the same, viz., (\$ ) dollars.

Dated New York, 1913.

....., Comptroller.

Board of Estimate and Apportionment, City of New York, New York, December 3, 1913.

**To the Honorable the Board of Estimate and Apportionment:**

Gentlemen—At a meeting of the Board of Estimate and Apportionment held on July 3, 1913, a communication from the Deputy and Acting Commissioner of Water Supply, Gas and Electricity transmitting for approval a proposed contract with the Woodhaven Water Supply Company for the rental of hydrants for a period of one year was referred to the Comptroller and the Chief Engineer of the Board for investigation and report.

On June 18 of the present year a contract with this company for the rental of hydrants for five years expired, the said contract having been approved by the Board on June 5, 1908. The contract now submitted is for a period of one year, the Deputy and Acting Commissioner stating in his letter of transmittal that this short period is recommended "in order that this Department may have an opportunity to investigate as to the necessity of altering the distribution system maintained by this Company with a view to increasing the service to the residents and also improving conditions so as to afford better fire protection."

When the contract of 1908 was approved, the attention of the Board was called to certain modifications in the draft submitted for the Board's consideration, all of which modifications were accepted by the Department of Water Supply and incorporated in the contract. The contract now submitted is similar to the contract of 1908, with the following exceptions:

In section 8, providing for the lowering or raising of pipes, mains and hydrants whenever necessary in connection with the improvement of the street in which they are located, it is now made clear that this work is to be done at the expense of the company, this not having been specified in the former contract.

In section 15 the provisions as to the quality of water to be furnished have been modified to conform with the standard prescribed for other companies, which standard is now considerably higher than that provided in the former contract. While the amount of chlorine remains the same, that is, not more than 25 parts per million, the amount of iron is reduced from 3 parts as an average and never exceeding 5 parts to 0.5 parts per million and never exceeding 1½ parts.

An important feature of the new contract is that, while the rates for the remainder of the year 1913 remain as heretofore, on and after January 1, 1914, they are to be modified to agree with a schedule which is attached to the contract and which provides the identical rates now charged by the City as specified in section 282 of the City Ordinances. The reduction in rates will put the residents of Woodhaven on precisely the same basis as those who are supplied by the City's own system.

The number of hydrants now connected with the mains in the territory of the Woodhaven Company is 937, while at the time the last contract was made, in June, 1908, the number of these hydrants was 747.

The contract price for each hydrant is \$18 a year, so that with the hydrants now in use the contract will amount to \$16,866.

The bond to be given by the company is \$15,000, or the same as that required under the contract of 1908, but while the number of hydrants is increased, the period covered by the contract is but one-fifth that of the former contract, and the total amount of the bond is nearly 90 per cent. of the total contract based upon the present number of hydrants.

We believe that this contract could properly be approved by the Board of Estimate and Apportionment, and we submit a resolution providing for such approval. The contract will, of course, require the separate approval of both the Mayor and the Comptroller, and should be approved as to form by the Corporation Counsel.

Respectfully, WM. A. PRENDERGAST, Comptroller; NELSON P. LEWIS, Chief Engineer, Board of Estimate and Apportionment.

**Hon. WILLIAM A. PRENDERGAST, Comptroller:**

Dear Sir—In order that I may make certain deserved promotions in the Bureau of Water Registrar, Borough of Brooklyn, I beg to request that you submit, with your approval, to the Board of Estimate and Apportionment, the enclosed modification of the salary schedule supporting account No. 684. Yours truly,

HENRY S. THOMPSON, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 11, 1913.

**To the Board of Estimate and Apportionment:**

Gentlemen—On December 1, 1913, the Commissioner of Water Supply, Gas and Electricity requested modification of a salary schedule in his Department for 1913. In connection therewith I report as follows:

The request is in Personal Service, Salaries, Regular Employees, Water Revenue Collection, No. 684W, Water Revenue Force.

The line "Inspector, 5 at \$1,500," is changed to "Inspector, 4 at \$1,500," and "Inspector, 1 at \$1,800 (A. S. I. \$800)." This change is to permit of the promotion of Frank Higgins, now Inspector at \$1,500, to the \$1,800 grade. The \$300 required for this increase is obtained by the reduction in a position of Clerk from \$900 to \$300.

Mr. Higgins was appointed to the Department September 4, 1896, and is now assigned as Assistant to the Chief Inspector and also in charge of the Meter Testing Station, Borough of Brooklyn. He has received his present rate of compensation since January 15, 1910.

The line "Clerk, 48 at \$900," is changed to "Clerk, 47 at \$900," and "Clerk, 1 at \$300 (N. A. S. I.)." It is proposed to fill a vacancy in the position of Clerk at \$900 with a new appointment at the \$300 rate, using \$300 thus released for the increase previously noted. The \$300 balance is dropped.

The present schedule provides for an Inspector at \$1,250. This position has been made vacant by the retirement by your Board of David Smith, Factory Inspector. This vacancy can be filled by the appointment of an Inspector at the minimum rate, namely, \$1,100. The line "Inspector, 1 at \$1,250," should therefore be changed to "Inspector, 1 at \$1,100 (A. S. I. \$256.66)." The \$150 balance should be dropped. The total schedule decrease will be \$450.

Modification as of December 1, 1913, is requested. The necessary line item changes, in detail, are as follows:

| Code No. | Line Item.                                   | Schedule Transfer. |            | Cash Transfer. |           |

I recommend the adoption of the attached resolution, granting the request, with the additional modification previously noted. Respectfully,

WM. A. PRENDERGAST, Comptroller.

**Department of Water Supply, Gas and Electricity; Department of Public Charities—Connect City Water Mains with Distribution Mains on Grounds of Kings County Hospital (Cal. No. 57).****The Secretary presented the following:**

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 13, 1913.

**To the Board of Estimate and Apportionment:**

Gentlemen—The Commissioner of Public Charities, in submitting his departmental estimates for the year 1914, included an item of \$13,000 to pay for water to be purchased from the Flatbush Water Works Company in the year 1914 for the use of the Kings County Hospital. The Budget Committee of the Board of Estimate and Apportionment took this request into consideration and decided that it would be against public policy and not to the best interests of the City to provide for the purchase of water, as requested. The request was denied, and no provision was made in the 1914 Budget for the purchase of water from the Flatbush Water Works Company for the Kings County Hospital.

The Kings County Hospital is located on Clarkson street, in what was formerly known as the town of Flatbush, in the County of Kings.

A 48-inch water main, owned by the City of New York, extends through Clarkson street in front of the Kings County Hospital, and within a few feet of the grounds of that institution. It would be a very simple and inexpensive task to connect this City water main with the distribution system in the grounds at the hospital. In my opinion this should have been done long ago, but, because of adverse opinions of the Corporation Counsel, the City did not supply itself with water, but continued to pay large sums annually to a private water company for the water used in the hospital.

It is the contention of the Flatbush Water Works Company that the City cannot use water in the Kings County Hospital, except from the mains of the Flatbush Water Works Company. This contention has been supported in the past by the Corporation Counsel.

On June 3, 1881, the authorities of the old Town of Flatbush granted a charter to the Flatbush Water Works Company to supply water within the boundaries of the Town of Flatbush. On April 25, 1894, the Town of Flatbush was annexed to the then City of Brooklyn, and it became known as the 29th Ward.

The Annexation Act (chapter 356, section 4, Laws of 1894) provides, in part, as follows:

"The amount annually payable by said town for water supplied to it under contracts between it and the Flatbush Water Works Company, existing on January 1, 1894, shall, after this act takes effect, during the terms of said contracts, be levied and collected from the property situated and taxable within the territory hereby annexed in the district chargeable therewith; and such amounts shall be paid to the said water works company by said city as they fall due from time to time under said contract; and the said city of Brooklyn shall not distribute or furnish water for consumption or use within said territory, or lay any pipes or mains for the distribution or supply of water within said territory until the expiration of the charter of said water works company, or until the said city shall acquire the property of said company for public use by condemnation."

Since the annexation of the Town of Flatbush to the old City of Brooklyn, the Kings County Hospital has continued to receive, under yearly contract, this water supplied from the Flatbush Water Works Company.

On April 1, 1910, the Deputy Commissioner of Public Charities, in a communication to the Commissioner of Water Supply, Gas and Electricity, writes as follows:

"This Department is about to enter into the usual contract with the Flatbush Water Works Company of Brooklyn for furnishing water for the use of our institutions at Flatbush during the year. I am informed that your Department contemplates laying a water main through Clarkson street, on which street are located the buildings to which water is furnished by the said company. If practicable, I would ask that our buildings be connected with the new main, when laid, and the water for our use in Flatbush be thereafter furnished by the City."

On May 6, 1910, the following reply was received from the Department of Water Supply, Gas and Electricity:

"Some weeks ago you communicated with the Department, asking for information as to whether arrangements could be made for the extension of the City's water mains to a point near where a supply of water could be delivered to the Kingston Avenue Hospital. Recently the Law Department advised that, under the charter granted to the Flatbush Water Supply Company, the City of New York is stopped from entering this section of the Borough, now known as the 29th Ward, to lay mains. Under the circumstances, it would be necessary for your Department to again enter into a contract with a private water company for the purchase of water."

The opinion referred to by the Commissioner of Water Supply, Gas and Electricity was given by Mr. G. L. Sterling, Acting Corporation Counsel, under date of April 25, 1910. The following is quoted from that opinion:

"I am of the opinion that the foregoing provisions of law (chapter 356, section 4, Laws of 1894) are in full force and effect and are binding upon The City of New York as the successor of the City of Brooklyn, under the Greater New York Charter (see section 1614). It follows, therefore, that your Department has no right to lay pipes or mains for the purpose of connecting the Kingston Avenue Hospital with existing water mains of The City of New York. Water cannot be supplied in that territory by the City nor pipes laid for that purpose. \* \* \* I therefore answer your question that the restrictions contained in chapter 356 of the Laws of 1894 \* \* \* prevent your Department from the laying of a water main and the supplying of water to the Kingston Avenue Hospital in the 29th Ward of the Borough of Brooklyn."

The communication from the Department of Water Supply, Gas and Electricity and the opinion of the Law Department both refer to the institution involved as the Kingston Avenue Hospital. The Kingston Avenue Hospital is under the jurisdiction of the Department of Health and the Kings County Hospital is under the jurisdiction of the Department of Public Charities. The Kingston Avenue Hospital also obtains its water supply from the Flatbush Water Works Company, as it is in the territory included in the 29th Ward of the Borough of Brooklyn.

This matter is of such great importance to the City that it should not be dismissed by an opinion of the Corporation Counsel, but should be submitted, if necessary, to the highest authority in the State. It is doubtful if the Legislature in passing the Annexation Act ever intended to bind the City in such a way that it could not use for its own purposes in its own institutions water from its own mains. Evidently it was the intention of the Legislature that the City should not enter into competition with the Flatbush Water Works Company.

The hearing on the departmental estimate of the Department of Public Charities on the Budget for 1914 was presided over by Hon. Cyrus C. Miller, President of the Borough of The Bronx. When the examiners recommended that the appropriation for water be denied and that the Kings County Hospital be connected with the City's own mains, they submitted the opinion of the Corporation Counsel, quoted above, and also laid the other facts, quoted above, before the Committee. Mr. Miller took these facts under advisement and after full consideration came to the conclusion that the City had authority to supply itself with water. Mr. Miller passed upon this matter as follows:

"I understand that water mains belonging to the City have been laid in front of the Kings County Hospital in Flatbush, and that the question arises whether the City has the right to connect the hospital with the water mains so as to supply the hospital."

"Laying aside the question whether the contract is not void because unconscionable, it seems to me that the evident intent of the agreement between the then City of Brooklyn (chapter 356, section 4, Laws of 1894) and the Flatbush Water Works Company was that the City should not enter into competition with the water company by laying water pipes in the territory named and distributing water therein to customers. This does not go so far as to prevent the City from supplying itself with water within the territory. If that were so the City could not sink a well within the territory and supply any of its institutions with water or catch rain water on the roof and use it."

"Under the circumstances it seems to me that the City has authority to supply itself with water by taking part of the water passing through its mains or by sinking artesian wells or by catching water on the roof of its buildings."

As a matter of fact, the Annexation Act, which prohibited the laying of pipes or mains by the City within the territory included in the 29th Ward has been violated by agreement with and the consent of the Flatbush Water Works Company. The 48-inch main which runs through Clarkson street, in front of the Kings County Hospital, is connected with the mains of the Flatbush Water Works Company, and while it was not laid as a distribution main to supply water to the City's customers within the 29th Ward, provision is made by agreement for the furnishing of City water to the Flatbush Water Works Company through this main in case of any shortage in the supply of the Flatbush company.

I am informed that it would take only a day or so to make the connection between the City's main and the Kings County Hospital. This should be done before the first of the year.

I recommend that the Board of Estimate and Apportionment adopt the attached resolution, directing the Commissioner of Water Supply, Gas and Electricity to make such connections so that they will be available for use by the first day of January, 1914. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:  
Resolved, That the Board of Estimate and Apportionment hereby directs the Commissioner of Water Supply, Gas and Electricity to connect the City's water main, running through Clarkson street, with the distribution mains on the grounds of the Kings County Hospital, such connections to be made at as many points as may be necessary in order to give a full supply of water for all the hospital buildings for all purposes, with particular reference to fire protection.

Department of Water Supply, Gas and Electricity—Approval of Form of Contract (Cal. No. 58).

The Secretary presented:

Report of the Comptroller referring to the contract submitted by the Commissioner of Water Supply, Gas and Electricity for the installation of coal and ash handling equipment at the new Milburn Pumping Station, at Baldwin, Long Island, at an estimated cost of \$17,600, and recommending in connection with this contract and other contracts chargeable to corporate stock funds that the Commissioner of Water Supply be requested not to expend any corporate stock funds in connection with pumping stations or collection systems in any of the five boroughs of the City, pending the appointment of a Committee by the Board, to consist of the Chief Engineer of the Board, the Chief Engineer of the Board of Water Supply, the Chief Engineer of the Department of Water Supply, Gas and Electricity, and an Engineer of the Department of Finance, which Committee, it is recommended, be appointed for the purpose of formulating and reporting to the Board a plan which shall provide for the utilization of the water supply from the Catskill Reservoir in the wisest way.

Mr. J. W. F. Bennett, Deputy Commissioner of Water Supply, Gas and Electricity, appeared and requested that the following be stricken from the recommendation in the report: "That the Commissioner of Water Supply be requested not to expend any corporate stock funds in connection with pumping stations or collection systems in any of the five Boroughs of the City pending the appointment of a Committee by the Board."

Mr. Reginald Pelham Bolton, Washington Heights Taxpayers' Association, urged that the work on the 179th Street Station proceed.

The matter was referred to the Corporate Stock Budget Committee, consisting of the Comptroller and the Presidents of the Boroughs of Manhattan, Brooklyn and The Bronx, and to the Chief Engineer of the Board, the Chief Engineer of the Board of Water Supply, the Chief Engineer of the Department of Water Supply, Gas and Electricity and an Engineer of the Department of Finance.

Carnegie Realty Company—Claim of (Cal. No. 59).

The Secretary presented the following:  
The City of New York, Department of Finance, Comptroller's Office, December 15, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—Under and pursuant to the provisions of section 246 of the Charter, I hereby certify that claims have been filed in this Department by Messrs. Wingate & Cullen, attorneys at law, on behalf of the Brooklyn & Carnegie Realty Company, as assignee of the Carnegie Amusement Company, for rent, with interest, alleged to be due it on account of the occupancy by the New York Police Department of a building on the premises at Carnegie Landing, in the Borough of Brooklyn, at the rate of \$500 per annum, which became due it respectively on April 1, 1908, April 1, 1909, April 1, 1910, April 1, 1911, and April 1, 1912.

That no action has been instituted on these claims and an investigation of the facts upon which the claims are based discloses that the Police Department occupied the premises at Carnegie Landing known as Harbor Precinct "C" from June 15, 1908, to March 1, 1913; four years, eight months and thirteen days; that no rent was paid for the premises for any part of this period; that former Police Commissioner Theodore Bingham negotiated for a lease of the premises in question for the use of the Police Department at the rate of \$500 per annum; which appears to be the fair and reasonable rental value of the same, and had applied to the Commissioners of the Sinking Fund for authorization of a lease of said premises; that the Corporation Counsel was of the belief that possibly The City of New York had title to the premises and therefore advised the Sinking Fund Commissioners not to authorize the leasing of the premises, pursuant to the provisions of section 217 of the Greater New York Charter; that subsequently the Corporation Counsel was convinced that the City did not have such title, and the present Police Commissioner did not wish to request the Sinking Fund Commissioners to authorize the preparation of a lease providing for the payment of arrearage in rental for the premises in question, pursuant to the provisions of section 217 of the Charter. That the Corporation Counsel has advised that this claim is illegal and invalid as against the City and that the claim may be paid pursuant to the provisions of section 246 of the Charter; therefore, these claims are illegal and invalid as against the City by reason of a technical objection thereto; that the City has received value and a benefit from the same to the extent of \$2,354.16, the fair and reasonable rental value of the premises during the period of time that it was occupied by The City of New York, in which amount, in my judgment, it is equitable and proper for the City to adjust said claim, notwithstanding their illegality and invalidity as against The City of New York; that said sum be paid to the Brooklyn & Carnegie Realty Company in full settlement of its claims out of the funds and in amounts as follows:

1908 R. C. L.—11..... \$270 83

1909 R. C. L.—11B..... 500 00

1910 R. C. L.—11B..... 500 00

1912 Code No. 1631..... 500 00

1913 Code No. 2527..... 83 33

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That pursuant to section 246 of the Charter, as amended, the Board of Estimate and Apportionment hereby determines that the City has received a benefit from the Brooklyn and Carnegie Realty Company and is justly and equitably obligated to pay to it, without interest, the sum of two thousand three hundred and fifty four dollars and fifteen cents (\$2,354.15), the fair and reasonable rental value of the premises occupied by the Police Department of the City of New York as a station house, on premises at Carnegie Landing, Canarsie, Borough of Brooklyn, known as Harbor Precinct "C," for the period from June 15, 1908, to March 1, 1913, four years, eight months and thirteen days; that such sum shall be paid in full satisfaction of the claims which have been presented by the Brooklyn and Carnegie Realty Company; that the interests of the City will be best subserved by the adjustment of said claims in said sum and that payment shall only be made upon the execution by the Brooklyn and Carnegie Realty Company and the Carnegie Amusement Company of full releases in favor of the City, in such form as may be approved by the Corporation Counsel, and the Comptroller is hereby authorized to pay said claims in the amounts and from the accounts as follows:

\$270.83, 1908, R. C. L., 11.

\$500, 1909, R. C. L., 11-B.

David J. Tysen—Claim of (Cal. No. 60).

The Secretary presented the following:  
The City of New York, Department of Finance, Comptroller's Office, December 15, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—Under and pursuant to the provisions of section 246 of the Charter, I hereby certify that two claims have been filed in this department by David J. Tysen, for the use and occupation of certain land at New Dorp, on Richmond road, near Egbertville, Richmond County, by the Bureau of Highways, for the storage of materials from January 1, 1909, to July 1, 1913, at the rental of \$100 per annum; that no action has been instituted on these claims, and investigation of the facts upon which the said claims are based, discloses that the Bureau of Highways of Richmond County occupied the premises in question from July 1, 1910, to July 1, 1913, a period of three years, during which no rent was paid by the City; that the Sinking Fund Commission authorized the leasing of the premises in question from July 1, 1913, at a rental value of \$100; that this claim is illegal and invalid for the reason that the City did not enter into the leasing of the said premises as is provided in section 217 of the Charter from the date of the occupation thereof by the City, but notwithstanding, in my judgment, the City is justly and equitably obligated to pay these claims, pursuant to the provisions of section 246 of the Charter, in the sum of three hundred dollars (\$300), the fair and reasonable rental value of the premises during the time that it was occupied by The City of New York, and that the said sum of \$300 be paid to David J. Tysen in full settlement of his claims out of the funds and in the amounts as follows:

The Secretary presented the following:

The City of New York, Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, New York, December 9, 1913.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment:

Dear Sir—I respectfully request that the Board of Estimate and Apportionment transfer the sum of \$3,500 between appropriations made to this department for the year 1913 under section 242 of the Charter as indicated below:

|   | \$3,500 00 |

Yours truly,

HENRY S. THOMPSON, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 16, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On December 9, 1913, the Commissioner of Water Supply, Gas and Electricity requested modification of two wage schedules in his Department for 1913, involving transfers aggregating \$3,500. In connection therewith I report as follows:

The modification proposed by the Commissioner is a reapportionment of the corporate stock and water revenue allowances, without changing the schedule totals.

The Personal Service, Wages Regular Employees, Water Supply, Collection and Storage 697C.W., Corporate Stock, and Water Revenue Force, the water revenue allowance is increased by \$1,000, and the corporate stock allowance decreased by a like amount.

In personal Service, Wages Regular Employees, Water Supply, Distribution, 707C.W. Corporate Stock and Water Revenue Force, the water revenue allowance is increased by \$2,500, and the corporate stock allowance correspondingly decreased.

The \$3,500 of additional water revenue is obtained by the transfer of \$3,500 from Account S.—369, Personal Service, Wages Regular Employees, Water Supply, Pumping, 701W., Water Revenue Force, Water Revenue Allowance, the appropriation for which is in excess of the requirements.

The amount of corporate stock thus far authorized is inadequate to meet the present schedule allowances, and the Commissioner proposes to pay the force engaged on the watershed and distributing systems entirely from water revenue funds during the balance of the year.

In order that payrolls now held up for lack of funds may be paid, I recommend the adoption of the attached resolutions granting the request.

Respectfully,

WM. A. PRENDERGAST, Comptroller.

While the total corporate stock expenditures reflected in the payrolls for schedules 703TCW and 705TC are well within the total corporate stock allowance for the two schedules, the corporate stock charges on payroll 703TCW up to November 26, 1913, the date of the last payroll paid, were \$20,666 as against a schedule allowance of \$18,523. The two forces provided in schedules 703TCW and 705TC work together and are consolidated in the 1914 Budget.

As the tax levy charges for 703TCW were correspondingly decreased by the additional amount of new construction work done by this force, the Commissioner proposes to decrease the tax levy allowance for 703TCW by \$3,000 and increase the tax levy allowance for 705TC by a like amount, thus permitting a reapportionment of the corporate stock allowances.

I recommend the adoption of the attached resolutions granting the request.

Respectfully,

WM. A. PRENDERGAST, Comptroller.

The Secretary presented the following:

The City of New York, Office of the President of the Borough of Richmond, Borough Hall, New Brighton, New York City, November 5, 1913.

Honorable Board of Estimate and Apportionment, 277 Broadway, New York City: Gentlemen—On the 3d instant a request was made for the modification of the wage schedule of the Engineering-Construction Division of this office. The schedule referred to is No. 3290TCS, Tax Levy, corporate stock, and special and trust fund force, and in addition to the changes requested therein I would ask that the line "Transitman and Computer, \$1,650," be substituted for the line "Transitman and Computer, 2 at \$1,650, \$3,300," and that the line "Assistant Engineer, 2 at \$1,650" be substituted for the line "Assistant Engineer, \$1,650."

This change is requested in order that we may restore to one of our men the title of Assistant Engineer, which he held when employed in the Topographical Bureau prior to the time of his transfer to the Construction Division on August 1, 1912.

Yours respectfully, GEORGE CROMWELL, President of the Borough of Richmond.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 11, 1913.

*To the Board of Estimate and Apportionment:*

Gentlemen—On November 5, 1913, the President of the Borough of Richmond requested modification of one salary schedule within appropriation for the year 1913. In connection therewith, I report as follows:

S. L., \$550).

This change is requested in order that Robert J. Milner may have his title of Assistant Engineer restored, that being his title up to the time of his transfer from the Topographical Bureau to the Engineering Construction Division, on August 1, 1912.

I recommend the adoption of the attached resolution granting the request. Respectfully, WM. A. PRENDERGAST, Comptroller.

| S-411  | Purchase of Equipment, Motor Vehicles and Equipment, Water Supply, 775TW, Collection and Storage, Water Revenue Allowance ..... | 170 00     |  |
| S-425  | Materials, General Plant Materials, Water Supply, 794TW, Collection and Storage, Water Revenue Allowance.....                   | 5,150 00   |  |
| S-432  | Contract or Open Order Service, General Repairs, Water Supply, 804TW, Distribution, Water Revenue Allowance.....                | 3,500 00   |  |
|  |   | \$8,820 00 |  |

Account S-411 is practically exhausted and new equipment is stated to be necessary. An allowance of \$75 would appear to be ample for all additional equipment that may be required before the 1914 appropriations are available.

Account S-425 is also practically exhausted. The requested transfer is to provide for the purchase of brass strainers for driven wells.

In a report to your Board under date of December 11, 1913, I stated, in part, as follows:

"On October 29, 1913, the Deputy and Acting Commissioner of Water Supply, Gas and Electricity forwarded for approval form of contract, specifications and estimate of cost in the amount of \$5,160 for brass strainers for use in driven wells of the Department of Water Supply. The cost of these supplies will be charged to a corporate stock fund, entitled 'C. D. W.—29, Water Supply System, Borough of Brooklyn, Infiltration Galleries from Spring Creek to Bellmore.' \* \* \* The form of contract is suitable, the specifications are fair and the estimate of cost is reasonable. I think, however, that the attention of the Commissioner should be called to the impropriety of purchasing such supplies, or any supplies or materials to be used for maintenance purposes out of corporate stock funds. It also seems to me that any expenditure of corporate stock funds upon the Brooklyn collection and pumping systems is of doubtful propriety."

It was therefore suggested that the Commissioner apply for a transfer to permit of the purchase of these strainers from water revenue funds. The purchase of these strainers during 1913 was taken into account in making the 1914 Budget allowances.

The proposed credit transfer in Account S-432 is to provide for bills of the Bureau of Highways, Borough of Brooklyn, for the repair of pavements opened by the Department of Water Supply, Gas and Electricity.

The unencumbered balance in this account is approximately \$100. The liabilities, however, do not cover certain bills for payment of repairs.

The requirements, as submitted by the Commissioner's Engineers, are as follows:

|  |            |
|--|------------|
| Outstanding bills, Bureau of Highways, for work done to October 31, 1913 ..... | \$2,068 15 |
| Estimated bills for work done to December 31, 1913.....                        | 1,500 00   |
|  | \$3,568 15 |

The amount of the November bills is now stated to be \$455 and there appears to be no good reason why the December bills should exceed this amount. An additional allowance of \$3,000 will probably be ample.

I recommend the adoption of the attached resolutions granting the request to the extent of \$8,225 and modifying the existing schedules for the administration of the funds.

Respectfully,

WM. A. PRENDERGAST, Comptroller.

Yours very truly,

HENRY S. THOMPSON, Commissioner.

Department of Finance, City of New York; Bureau of Municipal Investigation and Statistics, December 15, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On November 28, 1913, the Commissioner of Water Supply, Gas and Electricity requested transfers aggregating \$1,945 within the appropriations made to his Department for the year 1913. In connection therewith I report as follows:

The proposed credit transfers are to the following accounts:

|  |            |
|--|------------|
| 742TW Supplies, Office Supplies, Water Supply, Executive, Tax Levy Allowance .....                                   | \$75 00    |
| 759TW Supplies, General Plant Supplies, Water Supply, Pumping, Tax Levy Allowance .....                              | 700 00     |
| 785TW Purchase of Equipment, General Plant Equipment, Water Supply, Collection and Storage, Tax Levy Allowance ..... | 80 00      |
| 789TW Purchase of Equipment, General Plant Equipment, Water Revenue Collection, Tax Levy Allowance .....             | 100 00     |
| 795TW Materials, General Plant Materials, Water Supply, Pumping, Tax Levy Allowance .....                            | 950 00     |
| 800 Contract or Open Order Service, General Repairs, Administration, Executive .....                                 | 40 00      |
| Total Allowance .....  | \$1,945 00 |

Accounts No. 785TW and No. 800 are overencumbered at present, and the remaining accounts are practically exhausted. Supplies and materials for the operation and maintenance of pumping stations are stated to be urgently required.

The debit transfers are from ten accounts for Supplies, Materials, etc., in which there are ample unencumbered balances for transfer.

Attention is called to the fact that the Department has again contracted obligations in excess of appropriations in violation of section 1542 of the Charter. In some cases the transfer provides for the payment of bills contracted for last June. This is the first attempt the Department has made to provide for the payment of these bills.

The adoption of the attached resolution would grant the request and modify the existing schedules for the administration of the funds affected.

Respectfully,

WM. A. PRENDERGAST, Comptroller.

*Department of Street Cleaning—Approval of Form of Contract, Etc. (Cal. No. 65).*  
The Secretary presented the following:

Office of Commissioner of Street Cleaning, New York City, December 10, 1913.  
Hon. ARDOLPH L. KLINE, Mayor, Chairman of the Board of Estimate and Apportionment:

Dear Sir—On November 20, 1913, pursuant to section 546 of the Greater New York Charter, your Board approved of a form of contract as amended, with the plans and specifications, for the construction of a runway and dumping boards at the foot of 107th street and East River, Borough of Manhattan, at an estimated cost of \$8,571.43, said amount to be paid out of the tax levy fund entitled No. 1305, 1913, Department of Street Cleaning, Contract or Open Order Service, General Repairs, Maintenance of Buildings and Repairs, Manhattan. It was further resolved that in the event of no bids being received, within the estimated cost, the amount of said estimated cost might be reconsidered by you to conform to the amount of the bids received therefor, provided that the lowest bid was within the amount authorized or available for such work.

On December 9, 1913, after advertisement of the same, I received ten bids, the lowest of which was for \$9,666, to which must be added the architect's fee of 5 per cent of the amount of the contract, which would necessitate the expenditure of \$10,149.30, to which amount I request that you amend your resolution, as the money for this work comes out of a general fund to which there is a sufficient sum available to meet the increased cost of this work. Yours respectfully,

WM. H. EDWARDS, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 16, 1913.

*To the Board of Estimate and Apportionment:*

Gentlemen—On December 10, 1913, the Commissioner of Street Cleaning requested approval of a new estimate of cost in the sum of \$9,666 for the construction of a runway and dumping boards at the foot of 107th street and East River, Borough of Manhattan.

The form of contract, as amended, and the plans and specifications were approved on November 20, 1913, at an estimated cost of \$8,571.43.

Bids were opened for the work on December 9, 1913. Ten bids were received, ranging from \$9,666 to \$15,300. The amount of the low bid (\$9,666) appears reasonable.

The cost is to be paid from a tax levy appropriation. The fund is entitled "No. 1305, 1913, Department Street Cleaning, Contract or Open Order Service, General Repairs, Maintenance of Buildings and Repairs, Manhattan." On December 12, 1913, an unencumbered balance of \$18,721.50 remained in the fund.

I recommend the adoption of the attached resolution granting the request. Respectfully,  
WM. A. PRENDERGAST, Comptroller.

*Department of Water Supply, Gas and Electricity—Issue of Corporate Stock (Cal. No. 66).*

The Secretary presented the following:

City of New York, Department of Water Supply, Gas and Electricity, 13-21 Park Row, New York, November 17, 1913.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment:

Dear Sir—The balance remaining to the credit of account CDW 36—B, Salaries and Wages, Manhattan and The Bronx, is sufficient to provide for only about two weeks' time of the men engaged in construction work.

As we have the material necessary to continue this work until the end of the year, I respectfully request that the Board of Estimate and Apportionment authorize the issue of corporate stock to the amount of \$11,000, to provide for the salaries and wages for this purpose. Yours very truly,

HENRY S. THOMPSON, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 14, 1913.

*To the Board of Estimate and Apportionment:*

Gentlemen—On November 17, 1913, the Commissioner of Water Supply, Gas and Electricity requested an authorization of corporate stock in the sum of \$11,000 to replenish the account for his Department, entitled, "C. D. W. 36—B, Water Supply Systems, Boroughs of Manhattan and The Bronx, Salaries and Wages of Labor Construction Force." In connection therewith we report as follows:

The additional corporate stock is required to provide for the payment of wages of the labor construction force employed on this distribution system in the boroughs of Manhattan and The Bronx. The Budget schedules for this force are 703 T. C. W. and 705 T. C. The corporate stock allowance for these two accounts is \$87,903.45, of which amount \$61,946.45 is chargeable to C. D. W. 36—B. The expenditures against C. D. W. 36—B, up to November 26, 1913, the date of the last payroll, were \$54,634.41, and the balance in the account is \$264.99. Payrolls for December 3 and 10, 1913, are held up pending the allowance of additional funds. The Commissioner's Engineers state the Department has ample material to continue the construction work of setting hydrants, etc., during the remainder of the year.

On a schedule basis the additional corporate stock requirements up to December 31, 1913, would be as follows:

|  |             |
|--|-------------|
| Schedule allowance .....               | \$61,946 45 |
| Expenditures to November 26, 1913..... | 54,634 41   |

\$7,312 04

Unexpended balance November 26, 1913..... 264 99

Deficit ..... \$7,047 05

In a communication to your Board, under date of December 9, 1913, requesting a transfer of tax levy funds from No. 703 T. C. W. to 705 T. C., the Commissioner states that the additional allowance of corporate stock for No. C. D. W. 36—B, may be reduced to \$7,000.

We recommend the adoption of the attached resolution approving of the amended request. Respectfully,

*To the Board of Estimate and Apportionment:*

Gentlemen—On November 17, 1913, the Fire Commissioner requested approval of the form of contract and specifications for 15,000 feet of 2½-inch cotton rubber lined fire hose. The estimated cost, \$12,000, is to be charged to a special revenue bond fund entitled "R. F. D.—18B, Revenue Bond Fund for Fire Department, Purchase of Fire Hose for New Companies, 1913." An appropriation of \$59,100 for the fund was requested by the Board of Aldermen on April 15, 1913, and approved by the Board of Estimate and Apportionment on July 3, 1913. On December 16, 1913, an unencumbered balance of \$25,824 remained in the fund.

The specifications are similar to those approved by the Board of Estimate and Apportionment on July 31, 1913. The estimate of cost is reasonable.

I recommend the adoption of the attached resolution granting the request.

Respectfully,  
WM. A. PRENDERGAST, Comptroller.

*President of Board of Aldermen—Compensation of (Cal. No. 71).*

The Secretary presented the following:

City of New York, Office of the Mayor, December 16, 1913.

*To the Honorable Board of Estimate and Apportionment:*

Gentlemen—I beg to transmit to your body a communication from the Honorable John Purroy Mitchel, recommending that the Board of Estimate and Apportionment increase the salary of the President of the Board of Aldermen to the sum of \$10,000, and calling attention to the fact that unless such action is taken prior to January 1, 1914, it cannot become effective during the term of the incumbent who will take office on that day. In this recommendation I most heartily concur, and I urge that the Board take immediate action to make it effective beginning January 1, 1914.

I fully agree with what Mr. Mitchell says in respect to the importance and responsibility of the high office of President of the Board of Aldermen, and I feel that the entire City would be unwilling to have Mr. McAneny devote his great abilities to that office at the small salary which is now provided. The President of the Board of Aldermen is one of the most important officials of the City government, and the functions which he must exercise as a member of your honorable Board are of the highest importance. I trust that immediate action will be taken upon Mr. Mitchell's recommendation. Very truly yours,

A. L. KLINE, Mayor.  
55 Liberty Street, December 15, 1913.

*Hon. ARDOLPH L. KLINE, Mayor and Chairman of the Board of Estimate and Apportionment, New York City:*

Dear Sir—In two weeks the new City administration will take office. I am moved at this time to call to your attention a matter concerning which I feel that action should be taken by the City government at once. It is, moreover, a matter which, under the law, must be dealt with by the existing administration before the first of January, if it is to be disposed of at all by the City government without application to the Legislature.

The salary of the President of the Board of Aldermen is fixed at the sum of \$5,000. That salary was established many years ago, at the time of consolidation, when it was assumed that the functions of that office would be confined to attendance at the sessions of the various boards of which this City officer is a member.

As every one knows, the office has grown in power and usefulness until to-day it is of commanding importance in the government of the City. A proper and conscientious discharge of its duties requires the entire time of the incumbent. I feel that I am peculiarly able to draw these facts to your attention, inasmuch as I speak from my own experience in that office.

I do not think that any one believes that \$5,000 is adequate compensation for an official who can efficiently discharge the duties of this office, or who carries the responsibilities, financial and legislative, that devolve upon him.

We all expect and hope that Mr. McAneny will be able to devote his entire time to the service of the City as President of the Board of Aldermen during the next four years. It is quite unfair to continue to ask the exclusive services of the President of the Board of Aldermen for the compensation now fixed for that office.

I, therefore, take the liberty of suggesting respectfully to the Board of Estimate that action be taken now, prior to the first of January, fixing the compensation of the President of the Board of Aldermen at \$10,000 per annum. If this action be taken concurrently by your Board and by the Board of Aldermen, to whom I am addressing a like communication, this matter may be adjusted and disposed of by the City government. If action be delayed until after January 1, legislative action would be required.

I urge upon you the advisability of immediate action.

Respectfully yours, JOHN PURROY MITCHEL.

*In the Board of Aldermen.*

Whereas, The Hon. John Purroy Mitchel, Mayor-elect of The City of New York, has, in communications addressed respectively to the Mayor of this City and the President of the Board of Aldermen, pointed out the inadequacy of the compensation of the President of the Board of Aldermen, and urges strongly upon this Board the fixation of the salary of the President of the Board of Aldermen at a sum commensurate with the duties and responsibilities pertaining to said office; and

Whereas, This Board is in full accord with and heartily concurs in the opinion as expressed by the Mayor-elect in said communications; therefore, be it

Resolved, That the Board of Estimate and Apportionment be, and it hereby is, respectfully requested to adopt appropriate resolutions at its next meeting recommending to this Board the fixation of the salary of the President of the Board of Aldermen at the sum of ten thousand dollars (\$10,000), the same to take effect on January 1, 1914.

Adopted by the Board of Aldermen December 16, 1913, a majority of all the members elected voting in favor thereof.

P. J. SCULLY, Clerk.

A telegram was received from Matthew W. Ryan, recommending the aforesaid increase in salary, which was ordered filed.

Henry Wells Durham, being duly sworn, deposes and says: That, by direction of the late Mayor Gaynor of The City of New York, under date of May 23, 1913, he

attended the Third International Road Congress held in London, England, from June 23 to June 28, 1913; that by the further direction of the late Mayor Gaynor, under date of May 23, 1913, he afterward visited various European cities to the number of twenty-five, on the dates above mentioned, for the purpose of making a study of pavements, paving methods and pavement maintenance; and that the foregoing is a true statement of the expenses incurred in the said duties assigned to him.

HENRY WELLES DURHAM.

Sworn to before me this 8th day of November, 1913. R. L. McNicol, Commissioner of Deeds, City of New York.

The following resolution was offered:

Resolved, That the Secretary of the Board of Estimate and Apportionment is hereby authorized to prepare a voucher in favor of Henry Welles Durham, Chief Engineer of the Bureau of Highways, Borough of Manhattan, in payment of bill of expenses incurred in connection with his attendance at the Third International Road Congress, held in London, England, and in making a study of pavements, paving methods and pavement maintenance in various European cities, during the summer of 1913, amounting to \$1,689.10, to be charged against the appropriation made to the Board of Estimate and Apportionment for Contingencies for the year 1913 (Code No. 2141); this authorization being subject to proper audit by the Department of Finance.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

President, Board of Aldermen—Establishment of Certain Positions (No. 79).

(On December 11, 1913, the request in this matter was referred to the Committee on Salaries and Grades.)

The Secretary presented the following:

City of New York, Office of the President of the Borough of Manhattan, City Hall, December 11, 1913.

To the Honorable Board of Estimate and Apportionment:

Sirs—I have the honor to submit to your Board certain changes in the schedule of offices and positions subject to the President of the Board of Aldermen, to meet what I believe will be the need of that office after January 1, next.

The President at present is allowed a Secretary, at \$3,000, but no other secretarial staff. I wish, if your honorable Board and the Board of Aldermen approve, to establish the separate position of "Legislative Secretary," at \$3,000, the incumbent to devote his time chiefly to that part of the work of the office that will be incidental to the Board of Aldermen. There will, I believe, be abundant need for both positions.

There is at present allowed one Clerk at \$480. This position has been practically that of office boy, and a full Clerkship is really required. I would ask, therefore, that the grade of Clerk at \$1,500 be established, and also that there be allowed \$1,800 for one of the two Stenographers now scheduled at \$1,500, in order to permit a more acceptable choice for a prospective vacancy.

I would also ask that the position of Clerk and Messenger, at \$1,650, be established, the incumbent to be transferred from the present staff of the President of the Borough of Manhattan. The "Auctioneer's Process Server," now allowed the office of the President of the Board of Aldermen, will be employed in future not only by the President but by the Vice-Chairman and the Chairman of the Finance Committee of the Board, for purposes incidental to their offices.

A resolution embodying the proposed changes is attached hereto.

Respectfully, GEORGE McANENY, President, Borough of Manhattan.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 17, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On December 11, 1913, the President of the Borough of Manhattan requested the establishment in the office of the President of the Board of Aldermen of the following additional grades of positions:

| Title of Position.          | Rate Per Annum. |
|-----------------------------|-----------------|
| Legislative Secretary ..... | \$3,000 00      |
| Clerk .....                 | 1,500 00        |
| Stenographer .....          | 1,800 00        |
| Clerk and Messenger .....   | 1,650 00        |

In connection therewith we report as follows:

The present established positions in the office of the President of the Board of Aldermen are as follows:

| Title of Position.                | Rate Per Annum. |
|-----------------------------------|-----------------|
| Private Secretary .....           | \$3,000 00      |
| Confidential Stenographer .....   | 1,500 00        |
| Auctioneer's Process Server ..... | 1,200 00        |
| Chief Examiner .....              | 5,000 00        |
| Examiners, 2 at .....             | 4,000 00        |
| Stenographer .....                | 1,500 00        |
| Clerk .....                       | 480 00          |

It is proposed that the position of Private Secretary be retained and that the incumbent of the new position of Legislative Secretary devote his time chiefly to work relating to the Board of Aldermen. The proposed position of Clerk, at \$1,500, will supplant a present position of Clerk at \$480. The position of Stenographer at \$1,800 is requested in place of existing position of Stenographer at \$1,500. It is also proposed to establish the position of Clerk and Messenger at \$1,650, to permit of the transfer to that position of the incumbent of a similar position in the office of the President of the Borough of Manhattan.

The President of the Borough of Manhattan states that the proposed new grades of positions in the office of the President of the Board of Aldermen are necessary to put the office on an efficient working basis, and that with the exception of the retention of the present Private Secretary, who is to be transferred to the new position of Legislative Secretary, there will be no net addition to the office force. The auctioneer's process server, now employed in the office of the President of the Board, will, if the request is granted, divide his duties between that office and the offices of Vice-Chairman and Chairman of the Board of Aldermen.

We recommend the adoption of the attached resolution granting the request and abolishing the superseded positions of Stenographer at \$1,500, and Clerk at \$480.

Respectfully, WM. A. PRENDERGAST, Comptroller; O. GRANT ESTER-BROOK, President, Board of Aldermen, Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the office of the President of the Board of Aldermen, of the grades of positions, in addition to those heretofore established, as follows:

| Title.                      | Rate Per Annum. | Number of Incumbents. |

Department of Health—Site for Contagious Diseases Hospital, Borough of The Bronx (No. 81).

(On May 1, 1913, this matter was referred to a committee consisting of the Comptroller, the President of the Borough of Manhattan and the Commissioner of Health.)

The Secretary presented the following:

The City of New York, Department of Finance, Comptroller's Office, December 17, 1913.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—At a meeting of your Board, held May 1, 1913, there was referred to a committee consisting of the Comptroller, the President of the Borough of Manhattan, and the Commissioner of the Department of Health, the question of the acquisition of a new site for the construction of a hospital for contagious diseases in the Borough of The Bronx.

After careful consideration of the subject we are of the opinion that the premises known as Seton Falls, containing about 33 acres of land, and bounded on the north by 233d street, on the east by Seaton and Pratt avenues, on the south by Schieffelin lane and on the west by the land of Schieffelin, is the most desirable for the purposes mentioned.

The owners claim that the premises now stand on their books at a cost of \$135,000, but after negotiation it has been agreed to sell the same to The City of New York for the sum of \$82,500, it being understood and agreed that the City will pay for any assessments that may be levied against these premises after December 26, 1913.

In a recent opinion the Corporation Counsel held that your Board was without power to select a site for public buildings and that such authority rested wholly with the Board of Aldermen, except where specifically provided by the Charter.

We therefore respectfully recommend that the Commissioner of the Department of Health be requested to ask the Board of Aldermen to designate the premises in question as a site for the construction of a hospital for contagious diseases, in the Borough of The Bronx, it being understood that, should the premises be acquired by The City of New York, the Commissioner of the Department of Health will turn over to the Commissioners of the Sinking Fund as being no longer required by said Department, the present site now owned by the City on Eastchester road, in the Borough of The Bronx, which was formerly intended to be used for the erection of this hospital. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Borough of Manhattan; ERNST J. LEDERLE, Commissioner, Department of Health, Committee.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the recommendations contained in the report of the Committee, consisting of the Comptroller, the President of the Borough of Manhattan, and the Commissioner of Health, dated December 17, 1913, that the Commissioner of Health be requested to ask the Board of Aldermen to designate the premises known as Seton Falls, containing about 33 acres of land, and bounded on the north by 233d street, on the east by Seaton and Pratt avenues, on the south by Schieffelin lane, and on the west by the land of Schieffelin, Borough of The Bronx, as a site for a hospital for contagious diseases, it being understood that should the premises be acquired by The City of New York, the Commissioner of Health will turn over to the Commissioners of the Sinking Fund, as being no longer required by the Department of Health, the present site now owned by the City on Eastchester road, Borough of The Bronx, which was formerly intended to be used for the erection of said hospital.

City Chamberlain; Department of Water Supply, Gas and Electricity—Modification of Schedules and Transfer of Appropriation (No. 82).

The Secretary presented the following:

City of New York, Office of the Chamberlain, December 12, 1913.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment, 277 Broadway, New York City.

Dear Sir—Request is hereby made for the transfer of the sum of \$75 from Code 100, 1913, Telephone Service, to Code 102, 1913, Contingencies. This transfer is requested particularly to permit of the employment of a temporary Clerk for a period of two weeks, to take the place of a regular Clerk who is absent on sick leave, the appropriation for temporary employees having been exhausted. Very truly yours,

R. R. MOORE, Chamberlain.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 18, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On December 12, 1913, the City Chamberlain requested transfer of \$75 within appropriations to his office for the year 1913. In connection therewith I report as follows:

It is proposed to transfer from the account entitled "Contract or Open Order Service, Communication, No. 100, Telephone Service," to "No. 102, Contingencies."

The Deputy Chamberlain states that \$27 of the proposed \$75 requested to be transferred is for the purpose of paying for the services of a temporary Clerk for a period of nine days, at the rate of \$3 per day. This Clerk was employed to take the place of a regular Clerk who is absent on sick leave. The request is to transfer the \$27 to Contingencies. It is against the policy of your Board to pay for personal service out of a contingency account. Upon being informed of this fact the Chamberlain requested the Commissioner of the Department of Water Supply, Gas and Elec-

tricity to consent to the transfer of \$27 from some account in his Department to the account entitled "Personal Service, No. 95, Wages, Temporary Employees." On December 17, 1913, the Commissioner verbally approved of the transfer of \$27 from the 1913 account entitled "Department of Water Supply, Gas and Electricity, Personal Service, Wages, Regular Employees, Water Revenue Collection, No. 724, Tax Levy Force."

The Chamberlain states that the balance of the requested transfer to the contingency account, \$48, is for the purpose of purchasing about 2,000 stamped envelopes. As the purchase is not a proper charge against a contingency account I recommend that the \$48 be transferred to Account No. 96, Office Supplies.

I recommend the adoption of the attached resolutions transferring the funds for the payment of the services of the Clerk from the Department of Water Supply, Gas and Electricity, and transferring the \$48 to the Office Supply account.

Respectfully,  
WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

#### Board of Education—Modification of Schedules and Transfer of Appropriation (No. 84).

The Secretary presented the following:

Board of Education, Park Avenue and 59th Street, New York, December 2, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—We are advised by the Committee on Buildings that there is a shortage in the fund for the salaries of employees in the division of repairs, due to the required apportionment of service charges against the tax budget and corporate stock accounts; and, in view of the fact that the Board of Education will not be in session until December 10, 1913, we respectfully request the Board of Estimate and Apportionment to make the following transfers at the earliest possible moment, in order that the employees may be compensated for their services during the month of December, 1913, without delay:

From the Special School Fund for the year 1913, and from the items contained therein entitled as follows:

| Personal Service, Salaries of Regular Employees, Administration. |             |
|--|-------------|
| 3437 Office of the Auditor .....                                 | \$3,000 00  |
| 3438 Office of the City Superintendent of Schools.....           | 2,000 00    |
| 3440 Office of the Superintendent of School Supplies.....        | 3,000 00    |
| 3441 Office of the Superintendent of School Buildings.....       | 5,000 00    |
|  | \$13,000 00 |

—which items are in excess of their requirements, to the item also contained within the Special School Fund for the year 1913, entitled Code 3444 T. C., Salaries Regular Employees Maintenance, Bureau of Buildings, Division of Repairs, Tax Levy and Corporate Stock Force, which item is insufficient for its purposes.

It is very important that action be taken at the earliest possible date, as otherwise the services of one hundred men will have to be dispensed with, and the work of compiling an inventory of the equipment in this Department, which the Comptroller has requested to have completed by December 31, 1913, is dependent upon their continued employment. Very truly yours,

T. W. CHURCHILL, President, Board of Education; JOHN GREENE, Chairman, Committee on Finance.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 16, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On December 2, 1913, the President of the Board of Education and the Chairman of the Finance Committee requested the transfer of salary accruals aggregating \$13,000 within the special school fund appropriations for the current year for the payment of the salaries of regular employees. The transfer is requested for the purpose of meeting a deficit in the appropriation for the salaries of the inspecting and drafting force in the Bureau of Buildings, Account No. 3444TC, and is necessary in order to provide funds for the December payrolls.

The account in which the deficit occurs is No. 3444TC, for which tax levy funds in the sum of \$134,933.33 were allowed for 1913, and corporate stock funds in the sum of \$292,519.25, making a total of \$427,452.58. The schedule for this account provides for a corps of 232 employees, whose time is divided between general repair work chargeable to tax levy and construction work chargeable to corporate stock accounts. As the balance in the tax levy allowance was insufficient to cover the payrolls for November \$600 was transferred to the account on December 11, 1913, from Account No. 3454 to cover the deficiency for that month.

The Board of Education proposes to transfer salary accruals aggregating \$13,000, as follows: \$3,000 from No. 3437, \$2,000 from No. 3438, \$3,000 from No. 3440 and \$5,000 from No. 3441. This is contrary to the resolutions governing the Budget. I therefore propose that funds to cover the deficit be provided by transfers from the two special appropriations aggregating \$48,000, made in the Budget for the current year for accounting and statistical work. The condition of these accounts as of December 10, 1913, is shown in the following statements furnished by the Auditor of the Board of Education:

From the foregoing, balances appear to be available aggregating \$7,960.80 in No. 3453 and \$4,324.23 in 3454. As already stated the sum of \$600 has since been transferred from the latter account, but it is estimated that a surplus of at least \$300 will be available from the \$7,500 allotted to the Department of Finance. This would leave an available balance of \$4,024.23. This sum, together with the \$7,960.80 in No. 3453, a total of \$11,985.03, is approximately \$1,000 less than the amount required for No. 3444TC. Inasmuch, however, as the balances in these accounts are only estimated, and cannot be accurately determined until after the end of the year, and because actual disbursements will probably be considerably less than the estimates, it is suggested that \$9,000 be transferred from No. 3453, to meet the present emergency, with the understanding that the deficit in the account, if any should occur, will be provided for at a later date. This amount, together with the \$4,000 available in No. 3454, will meet the requirements in No. 3444TC.

The attached resolutions, if adopted, will provide the necessary \$13,000, as indicated. Respectfully,  
WM. A. PRENDERGAST, Comptroller.

FOR THE RIGHT TO DUMP AND FILL BEHIND THE BULKHEAD WALL RECENTLY BUILT BETWEEN E. 123D ST. AND E. 124TH ST., HARLEM RIVER, BOROUGH OF MANHATTAN.

TERMS AND CONDITIONS OF SALE.

The work to be done is to fill in with suitable material as hereinafter described the area behind the new bulkhead wall extending from the southerly side of E. 123d st. northerly a distance of 171 feet, and extending inshore a distance of about 140 feet to the present shore line offshore of the easterly side of Pleasant ave.

The filling shall be brought to a grade 10 inches below the top of the coping of the bulkhead wall, and shall extend inshore on a sloping grade to a grade 10 inches below the grade of

E. 123d st. Bidders will state in writing a lump sum price which they agree to pay for the privilege of filling the whole of the area above described.

It is estimated that the area outlining the above described limits will create a basin to be filled in under the agreement, the cubical contents of which in the net void space are equal to 6,550 cubic yards.

In the estimated amount given, the amount in cubic yards is arrived at without placing any allowance for shrinkage, settlement, swelling of the material or penetration into the mud.

The Department is not bound in any way by the estimate, and bidders must satisfy themselves of the actual quantity required to fill in the above described area by examination of the premises or such other means as they may prefer, the intention of the Department being to fill in the whole of the said premises behind the bulkhead wall within the above described limits, and no allowance will be made to the purchaser from the purchase price on account of any discrepancy which may be found between the above estimated quantity and the actual amount of the filling required.

The purchaser will be required to place the filling in accordance with the following specifications:

All of the filling shall, unless otherwise directed, be placed directly in the rear of the bulkhead wall and carried from the bulkhead wall toward the shore.

All materials must be dumped and filled in only in such manner, at such points, and in such order of procedure, and at such times and seasons as may, from time to time, be directed, and the work of filling in may be entirely suspended for such periods of time as may be directed by the Engineer. The purchaser shall have no claims for damage or for any allowance from the purchase money on account of such suspension of the work.

The purchaser shall provide all plank and other appliances and all necessary labor, and shall at all times keep the dump graded to the satisfaction of the Engineer.

All directions shall be given by the Engineer, and wherever the word "Engineer" is used in these specifications it refers to and designates the Chief Engineer of the Department of Docks and Ferries, or such officer or employee as may be designated by him.

Rip-rap stone coming directly on or against the bulkhead wall must be deposited carefully in such manner as will not injure the same.

All the filling, except as otherwise specified herein, shall be of ashes, cellar dirt, broken stone, etc., entirely free from garbage or any organic matter objectionable in the opinion of the Engineer.

The filling shall be commenced within five days after the date of the receipt of a notification from the Engineer that the work, or any part of it, is ready to be begun, after which not less than 100 cubic yards per day shall be placed, and the whole amount of the filling called for to bring the above described basin up to grade shall be completed within 66 days from the date of the receipt of said notification. At the expiration of this time this agreement shall be considered closed, unless a further extension of time shall be given by the Commissioner of Docks. If at any time during the progress of the work it shall be deemed necessary to order the suspension of the whole or any part of the filling, the time for completing said filling shall be extended as much as it may have been delayed by such suspension.

In case the purchaser at any time does not proceed with the work of filling in to the satisfaction of the Commissioner of Docks, the said Commissioner will at once terminate the privilege of filling in and proceed to have the remainder of the filling in done by other parties in such way and manner as he deems proper, and any loss which may result therefrom shall be charged against the principal and his surety.

The purchaser shall, during the work of filling, and at all times until the completion thereof, take all necessary precaution and place proper guards for the prevention of accidents, and put up and maintain at night sufficient lights, and he shall indemnify and save harmless The City of New York from all damages and costs to which it may be put by reason of injury to the person or property of another resulting from the negligence or carelessness in the performance of the work or guarding the same, to which the surety is also bound.

No bid or estimate will be considered unless accompanied by a certified check drawn to the order of the Commissioner of Docks, or money to the amount of twenty-five per centum of the amount of the bid, which amount shall be applied, in the case of the successful bidder, to the first one-quarter of the amount of the filling to be deposited; twenty-five per centum to be paid when the first one-quarter of filling has been completed, twenty-five per centum additional when one-half the filling has been completed, and the balance, twenty-five per centum, when three-quarters of said filling has been completed.

A surety or guarantee company, duly authorized by law to act as surety, to be approved by the Commissioner of Docks, will be required to enter into a bond or obligation jointly and severally with the purchaser in the sum of double the amount of the purchase price as security for the satisfactory performance of said work, in accordance with the terms and conditions hereof.

The contractor agrees that he will comply with the provisions of the Labor Law. He further agrees that no laborer, workman or mechanic in the employ of the contractor, subcontractor or other person doing or contracting to do the whole or a part of the work contemplated by the contract, shall be permitted or required to work more than eight hours in any one calendar day, except as in cases of extraordinary emergency caused by fire, flood or danger to life or property. That the wages to be paid for a legal day's work to all classes of such laborers, workmen or mechanics upon public work or upon any material to be used thereon shall not be less than the prevailing rate for a day's work in the same trade or occupation in the locality where such public work is being constructed. Each such laborer, workman or mechanic shall receive the prevailing rate of wages. This contract shall be void and of no effect unless the person or corporation making or performing the same shall comply with the provisions of sections 3 and 14 of the Labor Law.

The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer

in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless, The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-ends, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement, to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The amount shall be as specified in the proposals or instructions to bidders and shall not be in excess of 5 per cent.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
