For the Preliminary Budget Fiscal Year 2020

## Bronx

The City of New York  
Bill de Blasio, Mayor

## **FY 2020 Preliminary Budget Register of Community Board Budget Priorities**

**The Register of Community Board Budget Requests for the Preliminary Budget** reports the FY 2020 preliminary budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2020 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In July, OMB publishes the **Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-5943 for more information about the community board process including consultations, and the geographic versions of budget documents.

## FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

### LAYOUT OF BUDGET REQUESTS PAGES

#### Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

#### Column 2: Tracking Code

The nine digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year for which the request was submitted and the last two digits are the request number. The tenth character indicates whether it is a capital ("C") or expense ("E") budget request.

#### Column 3: Project Information

**Request:** A brief description of the project.

**Explanation:** Supporting information detailing the project, and its potential benefits.

**Responsible Agency:** The City agency which would implement the project.

**Budget Line Number:** The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

**PROJECT ID:** The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

**Source of Request:** Any group(s) which support the request.

#### Column 4: Response

The Preliminary Budget recommendation for each budget request.

03	101202003C	<p><b>Request:</b> Renovate or upgrade an elementary school</p> <p><b>Explanation:</b> Funding for the placement of critical air circulation and conditioning system in PS1 located at 335 East 152nd Street, the Courtlandt School. Community Board 1 is within the most profound asthma corridor of our City. We voice our concerns about the current conditions for learning in all of our schools. However, in PS1 the air quality and circulation is extremely poor. Its over heated conditions are not conducive for learning and is having an adverse impact on the learning environment for our children. We advocate for the allocation of Capital funding for construction of an air condition system within the school.</p> <p><b>Responsible Agency:</b> Department of Education</p> <p><b>Location Site Name:</b> PS1</p>	<p>This request includes more than one proposal. Funding for part is recommended.</p>
04	101202004C	<p><b>Request:</b> Repair or provide new street lights</p> <p><b>Explanation:</b> Upgrade illumination on existing street lighting in the District. Street lighting throughout the entire District at night does not appear to be providing the proper illumination to support public safety. The Board requests for an upgrade ad increase in foot-candles on the existing lamp poles, including within all pedestrian underpasses in the District.</p> <p><b>Responsible Agency:</b> Department of Transportation</p>	<p>Please contact the Borough Commissioner's office to discuss this request.</p>
05	101202005C	<p><b>Request:</b> Repair or provide new street lights</p> <p><b>Explanation:</b> Fund major improvements including additional lighting at the Major Deegan underpasses at Brook, St. Ann's, Lincoln and Willis Avenues. 06	101202006C	<p><b>Request:</b> Repair or build new step streets</p> <p><b>Explanation:</b> Create a new step street. The development of a Step Street at East 159th Street and ST. Ann's Avenue provides a connection for residents in the area above St. Ann's Avenue. This Step Street is one the Board has advanced over 15 years and continues to support. It's development provides for residents of major developments such as St. Ann's Terrace, a development of 350 units accessibility from this portion of the District. It is important as it will connect an area cutoff from direct walking and connection to bus routes and other features with the important housing corridor of the District.</p> <p><b>Responsible Agency:</b> Department of Transportation</p> <p><b>Location Address:</b> East 159th St. Ann's Avenue  <b>Site Street:</b> St. Ann's Avenue  <b>Cross Street 1:</b> East 159th Street <b>Cross Street 2:</b> St. Ann's Avenue</p>	Further study by the agency of this request is needed.
07	101202007C	<p><b>Request:</b> Rehabilitate bridges</p> <p><b>Explanation:</b> The reconstruction of the East 153rd Street Bridge. Previously at this location the past Administration had approved a design for a cable-less Bridge at East 153rd Street and the money was taken out of the budget. Due to increased population in Bronx County in Boards 1 and 4 there is a need for a new bridge to be built at this location. The increased density and strained traffic conditions in the District along 149th Street, the Grand Concourse and on to East 161st Street has created limited options for drivers. The East 153rd Street Bridge is presently in the projected Capital Plan. Our Board supports development of the East 153rd Street Bridge which can reduce congestion in our District.</p> <p><b>Responsible Agency:</b> Department of Transportation</p> <p><b>Location Site Name:</b> 159th Street Bridge</p>	Funds are unavailable for this project. We recommend this project be brought to the attention of your elected officials, i.e. Borough President, Council/Assemblymember, or State Senator.

08	101202008C	<p><b>Request:</b> Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</p> <p><b>Explanation:</b> Redevelopment of the Garrison Playground located at East 146th Street and Walton Avenue into a Science themed Playground. A component of the City's HPD RFP and selected redevelopment plan for 425 Grand Concourse is an allocation of Capital monies. Additionally, the Borough President's Capital Allocation for FY2017 includes \$500,000 for the reconstruction of the adjacent Garrison Playground. The averse closure and subsequent demolition of the former PS31 in 2015 devastated the educational capacity in the District while also creating a serious void of passive and active recreation space. The theme and the importance of science will uplift and inspire young persons of the District while providing a 21st century recreational and learning experience.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p> <p><b>Location Site Name:</b> Garrison Playground</p>	<p>This project was funded in a prior fiscal year and the project is currently under construction.</p>
09	101202009C	<p><b>Request:</b> Other park programming requests</p> <p><b>Explanation:</b> The Board is requesting the improvement and upgrade of the St. Mary's Dog Run. An expansion of the existing Dog Run is needed. Installation of the St. Mary's Dog Run six years ago has been successful and a positive addition for residents who own dogs of all breeds in the community. At this time there is need to modernize and expand the elements and features of the Dog Run to make it accessible and functional for dogs of all sizes. The Board is requesting funding to fully develop the aspects of the St. Mary's Park Dog Run including appropriate and separate runs for different dog sizes, heights, features, signage of rules and appropriate use, equipment, supplies to support the expansion and fencing. We also seek additional PEP Officers to provide enforcement of the rules.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p> <p><b>Location Site Name:</b> St Mary's Park</p>	<p>This project was funded in a prior fiscal year and the project is currently in procurement.</p>

14	101202014E	<p><b>Request:</b> Extend library hours or expand and enhance library programs</p> <p><b>Explanation:</b> Increase funding for libraries to expand to 7-day service. Only 15 of the city's libraries are open 7-days a week the increased funding would ensure that at least one branch in every Council District is open for 7-days. This is particularly important when more people rely on library services from early literacy to ESOL classes for immigrants and story time for homeless families.</p> <p><b>Responsible Agency:</b> New York Public Library</p>	<p>NYPL is in favor of this project but added or restored City funding is required for all expense budget costs and any needed capital costs. CSD 7 is currently operating near capacity . As part of the Lower Concourse North project the city has agreed to construct a new 572 seat middle school. However, it should be noted that the SCA capital plan expires next year, meaning that a new plan and new projections will be released, likely resulting in additional deficits and capacity issues. 05	104202005C	<p><b>Request:</b> Improve access to a building in a park</p> <p><b>Explanation:</b> Grant Park was to be completed in stages to permit continued use by children of some areas of the park. However, the development of a series of large sink holes in the children's play area in the park's southwestern quadrant has effectively shut down the entire park indefinitely. This adversely impacts the entire community the park has historically served. Currently nearly \$30 million (\$25.7 through NDF) has been allocated for reconstruction of the park, roadbed, playground and basketball court.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p> <p><b>Location Site Name:</b> Grant Park</p>	<p>This is a Department of Parks and Recreation project with prior, current, and/or expected future year commitments. 04	104202004E	<p><b>Request:</b> Provide, expand, or enhance after school programs for middle school students (grades 6-8)</p> <p><b>Explanation:</b> Community District Four's many working families and single-parent households require no-cost after-school care. Free after-school care allows parents to work and maintain employment, keeps children safe, and enhances children's educational attainment. It also allows families to use scarce financial resources on other pressing needs. Accordingly, we request that DYCD increase funding at existing organizations district-wide to provide after school programs. They should also partner with local schools to provide additional funding to site after schools programs.</p> <p><b>Responsible Agency:</b> Department of Youth &amp; Community Development</p>	DYCD has increased funding in this service area.
05	104202005E	<p><b>Request:</b> Other workforce development requests</p> <p><b>Explanation:</b> Creation of a Local Employment Network for the purpose of connecting local residents to available job opportunities. 06	104202006E	<p><b>Request:</b> Expand programs for housing inspections to correct code violations</p> <p><b>Explanation:</b> HPD should increase its funding for code enforcement inspectors and provide incentives to property owners to repair and retrofit their buildings in accordance with the building codes like 8A loan and Participation loan programs. The city should reinstate the Neighborhood Preservation Office to deal with code enforcement, anti-harassment and displacement. This would provide a team of individuals geographically-based to deal immediately and directly with these issues. This office could also focus on improving conditions on NYCHA campuses.</p> <p><b>Responsible Agency:</b> Department of Housing Preservation &amp; Development</p>	Further study by the agency of this request is needed.
07	104202007E	<p><b>Request:</b> Provide better park maintenance</p> <p><b>Explanation:</b> CB4 respectfully requests additional PEP officers be assigned to Borough to assist in maintenance and upkeep particularly during the summer months.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p>	The agency will try to accommodate this issue within existing resources.
08	104202008E	<p><b>Request:</b> Assign additional uniformed officers</p> <p><b>Explanation:</b> The 44th precinct is one of the most active in the city. We recently received new recruits from the academy but as the District grows we need growth in our key service sectors to keep pace. We request the City allocate funding for more permanent new officers in the next fiscal year. The Community Affairs Division is fantastic and with more officers in the division there is a great opportunity to increase their presence and awareness district wide and increase positive relations between police and the community. We request an increase in officers as well in the next fiscal year.</p> <p><b>Responsible Agency:</b> Police Department</p>	NYPD's total uniformed staffing levels depend on decisions made in the Preliminary and Executive Budget process. Allocation of uniformed personnel is scheduled by the agency only after graduation of police classes from the Academy.

Mid-Bronx Senior Citizen Council, Highbridge Community Development Corporation and BronxWorks are organizations that work with seniors and operate senior facilities in the District.</p> <p><b>Responsible Agency:</b> Department for the Aging</p>	<p>DFTA continues to advocate for increased funding to support aging services throughout the five boroughs. 14	104202014E	<p><b>Request:</b> Create a new, or renovate or upgrade an existing public library</p> <p><b>Explanation:</b> Currently our operational funding enables our libraries to be a stable and consistent resource for all New Yorkers, opening our doors at minimum six days per week and offering high-quality and diverse programming. We seek to maintain our expense funding and urge the Administration to baseline the \$16 million in expense funding secured in the FY19 Adopted Budget. This is particularly important at this moment, when more people than ever rely on our services, from early literacy to ESOL classes for immigrants and story times for homeless families</p> <p><b>Responsible Agency:</b> New York Public Library</p> <p><b>Location Address:</b> 728 River Avenue  <b>Site Block:</b> 2482 <b>Lot:</b> 2</p>	<p>With the support of community boards, the Mayor, and the City Council, all NYPL branches offer 6 day service. 16	104202016E	<p><b>Request:</b> Create or promote programs to de-stigmatize mental health problems and encourage treatment</p> <p><b>Explanation:</b> We have a number of facilities throughout the district for formerly homeless individual and families. Many of these are individuals with a history of mental illness. While we do not advocate for any additional facilities of this type in our district we want to ensure that the individuals that are here receive proper care. This benefits the individuals and their families as well as area residents. DOHMH should work with DHS to identify these facilities and target those that would benefit from additional programming and/or services.</p> <p><b>Responsible Agency:</b> Department of Health and Mental Hygiene</p>	<p>More information is needed from the community board before making a funding decision. The community board should contact the agency.</p>
17	104202017E	<p><b>Request:</b> Assist low income households in paying for energy costs</p> <p><b>Explanation:</b> Fifty-six percent of all District households are rent-burdened, meaning their gross rent was more than 35 percent of their household income. We request that HRA work with Con Edison, DEP and HPD to create literature and conduct outreach educating tenants on how to save energy and lower energy costs. Additionally, HPD should target older buildings in need of upgrades and offer low-interest loans to upgrade energy systems throughout - with the strict and clear understanding that the cost of these upgrades are to be shouldered by building owners, and NOT tenants.</p> <p><b>Responsible Agency:</b> Human Resources Administration</p>	<p>This is not in the City's budget jurisdiction. 18	104202018E	<p><b>Request:</b> Provide, expand, or enhance rental assistance programs</p> <p><b>Explanation:</b> Homelessness has reached historic levels in NYC. According to the Coalition for the Homeless, as of August 2018, there are 62,166 homeless people, including 15,189 homeless families with 22,511 homeless children, sleeping each night in the New York City municipal shelter system. Families make up nearly three-quarters of the homeless shelter population. The city is investing hundreds of millions of dollars in new affordable housing. We respectfully request that the City ramp up it's efforts to permanently house families and individuals living in the shelter system.</p> <p><b>Responsible Agency:</b> Human Resources Administration</p>	<p>Homelessness prevention is one of the Agency's priorities. Funds have been allocated in the budget for these services.</p>
19	104202019E	<p><b>Request:</b> Provide, expand, or enhance job training</p> <p><b>Explanation:</b> Unemployment plays a key role in the socio-economic status of local residents. While unemployment both nationally and in the Bronx has hit record lows (5.9 percent and 4.3 percent respectively), the residents of Community Districts Four are still contending with this issue. Unemployment in the district hovers around than fourteen percent. While the percentage of unemployed residents has consistently decreased, we must continue to create jobs and economic opportunities. Moreover, tens of thousands residents are underemployed, and therefore, still impoverished. Community District Four advocates for HRA to work with SBS, EDC and community-based organizations to create better employment opportunities for District residents.</p> <p><b>Responsible Agency:</b> Human Resources Administration</p>	<p>HRA's Career Services provides services to clients to assist them in developing job skills, obtaining employment, financial counseling and building sustainable careers that provide a path out of poverty.</p>

04	107202004C	<p><b>Request:</b> Provide a new NYPD facility, such as a new precinct house or sub-precinct</p> <p><b>Explanation:</b> The 52nd Precinct has over 300 officers servicing the community. Currently, the Precinct is need of a sub-precinct to accommodate the growth. There is vacant space that can purchased by the city across the street at 3041 Webster Ave. In addition, the parking lot at the precinct needs to be renovated to further accommodate the growth.</p> <p><b>Responsible Agency:</b> Police Department</p> <p><b>Location Site Name:</b> 52 Precinct</p>	<p>This is not recommended for funding because it is not an efficient use of resources to open a new police precinct or substation. To establish an additional precinct requires splitting personnel resources (including additional administrative positions) between the existing precinct and the new precinct. Consequently, the net effect may result in a reduction of officers available for patrol in the precinct because the new facility would require adequate administrative and support staff.</p>
05	107202005C	<p><b>Request:</b> Upgrade or create new greenways</p> <p><b>Explanation:</b> There is currently a city-owned vacant lot at Oliver Place between Marion and Decatur Avenues. The site is not only an eyesore for the community, but also has facilitated numerous negative activities including loitering, drug dealing and violent crimes. The site has long been a target for the development of a new park for community residents, but the resources have never been invested to make this plan a reality. The city should make a targeted investment to develop a playground or community garden on the lot to address these outstanding issues.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p> <p><b>Supported by:</b> Bedford Residents</p> <p><b>Location Site Name:</b> Oliver Place  <b>Address:</b> Marion Avenu Decatur Avenue</p>	<p>The Department of Parks and Recreation does not maintain this facility.</p>

Last year response stated that the budget was increased. Yes, it was increased to included the union mandated raises required of the Mayor's Pay Plan. 03	112202003E	<p><b>Request:</b> Provide, expand, or enhance the Summer Youth Employment Program</p> <p><b>Explanation:</b> Increase funding for SYEP and look to end the yearly budget dance. Base line the increases so that those participating in the program can build upon their programs to offer better outcomes and services for our youth. We should look to models used in other City's like Philadelphia and work with the private sector to offer more meaningful summer jobs to youth. Use the SYEP program as the doorway to internships that would otherwise not be available to those of us that do not have someone advocating on their behalf. Offer multi-year placements so that our youth have an opportunity to grow with one particular employer. End the lottery system to make sure that once a youth enters the SYEP program they can stay in it. Every Tuesday and Wednesday CB12's offices become a hub of activity of those seeking HRA's assistance for Food Stamps/SNAP benefits. We encourage an expansion of these services to five days a week and that additional services are offered like APS. In years past HRA has said that further study was required of the agency. # Register of Community Board Budget Requests

For the Preliminary Budget Fiscal Year 2020

## Brooklyn

The City of New York  
Bill de Blasio, Mayor

## **FY 2020 Preliminary Budget Register of Community Board Budget Priorities**

**The Register of Community Board Budget Requests for the Preliminary Budget** reports the FY 2020 preliminary budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2020 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In July, OMB publishes the **Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-5943 for more information about the community board process including consultations, and the geographic versions of budget documents.

## FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

### LAYOUT OF BUDGET REQUESTS PAGES

#### Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

#### Column 2: Tracking Code

The nine digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year for which the request was submitted and the last two digits are the request number. The tenth character indicates whether it is a capital ("C") or expense ("E") budget request.

#### Column 3: Project Information

**Request:** A brief description of the project.

**Explanation:** Supporting information detailing the project, and its potential benefits.

**Responsible Agency:** The City agency which would implement the project.

**Budget Line Number:** The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

**PROJECT ID:** The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

**Source of Request:** Any group(s) which support the request.

#### Column 4: Response

The Preliminary Budget recommendation for each budget request.

To include HRA in this new structure would be redundant and the community's voice would be ignored. The community has outlined that the need for higher education in the district, is an absolute necessity to prepare our young people for long-lasting career opportunities not minimum wage positions. Economic growth in a community is not centered on the growth of business but the growth of economic empowerment of the residents who will patronize existing and future businesses.</p> <p><b>Responsible Agency:</b> Economic Development Corporation</p> <p><b>Location Site Name:</b> Broadway Junction</p>	EDC is currently investigating the possibility of a project at this site.

The original study completed in CB5 only included zip code 11207. The results of the program outlined the great need for healthy food options in local groceries and bodegas. The Epi Data Brief generated from the initiative also showed that bodegas make up 51% of the food establishments in the 11207 areas of the district. Additionally, the brief exposed that for every grocery store, there were 5 fast food restaurants and 10 bodegas. In addition, during the Shop Health initiative, grocery store and bodega owners were given free marketing tools that promoted healthy food and beverage purchases, as well as free containers/baskets for fruit &amp; vegetable displays.</p> <p><b>Responsible Agency:</b> Department of Health and Mental Hygiene</p> <p><b>Supported by:</b> NYC Council Member Espinal NYC Council Member Barron</p>	<p>The agency will try to accommodate this issue within existing resources.</p>

08	205202008E	<p><b>Request:</b> Reduce rat populations</p> <p><b>Explanation:</b> CB5 has received an increase in constituency complaints that include rodent infestation and it is evident that an increase of rodent infestation is a definite increase in disease and illness. We are requesting that the DOHMH conduct a survey/study of the district - in particular in the following areas: surrounding blocks with new construction; commercial strips in the district that are heavily populated with restaurants and eateries; remaining vacant lot areas that are slated for or pending programming or development assignments; NYCHA developments.</p> <p><b>Responsible Agency:</b> Department of Health and Mental Hygiene</p>	<p>DOHMH continues to increase the number of inspections performed annually and has expanded our successful rat indexing approach to Brooklyn. We also continue to respond to 311 complaints and readily participate in walk-through events requested by the community in areas of concern. Feel free to contact us to request a walk-through. The Community centers that provide recreational activities and safe havens for that population should be flooded with images of healthy food options, as well as the dangers of bad food choices and lifestyle practices. Studies have shown that healthy diet and exercise promote physical as well as mental wellness. This message has to be "super-sized" in CB5. Unfortunately, our district is currently plagued with poor quality food choices, an over abundance of fast food restaurants, and a clear disconnect in education on how to eat and live healthier.</p> <p><b>Responsible Agency:</b> Department of Health and Mental Hygiene</p> <p><b>Supported by:</b> Brooklyn Borough President Eric L. CB5's District Office team would like to participate in the dissemination and promotion of any materials created through DOHMH to address this very serious matter. 01	207202001E	<p><b>Request:</b> Assign additional crossing guards</p> <p><b>Explanation:</b> Increase school crossing guard personnel in CD 7. Our population has grown by 50% in two decades and we have many more schools, charters and pre-K programs, but our crossing guard personnel has remained at 40 throughout. Several children have been hit at unguarded crossing in the past few years in this community, with at least four deaths. The allocation formula has never been explained.</p> <p><b>Responsible Agency:</b> Police Department</p> <p><b>Supported by:</b> Councilman Brad Lander</p>	<p>NYPD funding is currently available to maintain the previously established School Crossing Guards and School Safety Agents headcounts. Any new post/staffing needs would need to go through internal and external vetting before being funded. The availability of future funding depends on decisions made in the Preliminary and Executive budget process. Last year, the School Crossing Guard headcount was increased by 200 to create a group of replacement guards, who are deployed to cover existing posts due to illness, vacation, or other absences.</p>

07	207202007E	<p><b>Request:</b> Other NYPD programs requests</p> <p><b>Explanation:</b> Increase and sustained truck enforcement. Truck traveling off-route in a dangerous manner (such as speeding) have been an increasing concern for residents.</p> <p><b>Responsible Agency:</b> Police Department</p>	Additional NYPD resources for this project are unavailable at this time due to funding constraints. 27	207202027E	<p><b>Request:</b> Provide, expand, or enhance the Summer Youth Employment Program</p> <p><b>Explanation:</b> Additional SYEP slots are needed in our community because of our very large youth population and many of the slots are used by students who live outside of CD7.</p> <p><b>Responsible Agency:</b> Department of Youth &amp; Community Development</p>	<p>DYCD has increased funding in this service area.</p>
28	207202028E	<p><b>Request:</b> Assign additional uniformed officers</p> <p><b>Explanation:</b> Increase patrolman service at 72nd Precinct. We commonly hear from constituents that there are only two or three cars patrolling, particularly on weekends. A smaller police force, special assignments and borough-wide agencies have contributed to a steep decline of local officers in the past decade.</p> <p><b>Responsible Agency:</b> Police Department</p>	<p>The NYPD has implemented the NCO program to address community concerns. 01	208202001C	<p><b>Request:</b> Provide more housing for extremely low and low income households</p> <p><b>Explanation:</b> Too many city dwellers are living well below the poverty line. As such, many families are forced to combine households in units that are way too small for the capacity they are designed for. Having additional low-income housing opportunities will help rectify this problem of apartment sharing and overcrowding.</p> <p><b>Responsible Agency:</b> Department of Housing Preservation &amp; Development</p>	<p>The agency will try to accommodate this issue within existing resources.</p>
02	208202002C	<p><b>Request:</b> Provide more housing for special needs households, such as seniors, or the formerly homeless</p> <p><b>Explanation:</b> Seniors, the disabled, and the homeless are often left out of housing conversations. As vulnerable populations, they need to be watched carefully and catered to just as much as families. Many seniors and disabled individuals live on fixed incomes of minimal amounts, and are thus unable to afford the current housing market. This leads them to homelessness and homeless shelters. Housing needs to be created specifically for these populations to prevent the vicious cycle of people entering homeless shelters.</p> <p><b>Responsible Agency:</b> Department of Housing Preservation &amp; Development</p>	<p>The agency will try to accommodate this issue within existing resources.</p>
03	208202003C	<p><b>Request:</b> Expand loan programs to rehabilitate multiple dwelling buildings</p> <p><b>Explanation:</b> Many small scale landlords desire to maintain their apartments but are unable to afford the rising costs of doing so without raising rents to unaffordable levels. Loan programs to help them with rehabilitation projects are necessary to ensure that these landlords and property owners do not have liens levied against their properties because of code enforcement violations.</p> <p><b>Responsible Agency:</b> Department of Housing Preservation &amp; Development</p>	<p>The agency will accommodate this issue within existing resources.</p>

04	208202004C	<p><b>Request:</b> Renovate, upgrade or provide new community board facilities and equipment</p> <p><b>Explanation:</b> Acquire land, or re-appropriate a city-owned building for use by Community Board 8. Rescue 2 of the FDNY will be relocating from its base at 1472 Bergen Street shortly. The building and land is city-owned, and can be remodeled to support not only the CB 8 district office, but also house meeting space for the Board. This will in turn save the City millions of dollars in rent payments.</p> <p><b>Responsible Agency:</b> Department of Citywide Administrative Services</p>	<p>DCAS Real Estate Services has not received a Space Request Form from the Community Board. 05	208202005C	<p><b>Request:</b> Renovate or upgrade an elementary school</p> <p><b>Explanation:</b> Provide a new PA system, new classroom doors, a new cafeteria floor, new curtains for the auditorium, and a new gymnasium floor. The current PA system does not reach the entire building, the doors do not close all the way so they cannot be locked, the tiles are buckling in the cafeteria, and the gym floor cannot be sanded again. These are the specific requests from the school. SCA last year stated that it unable to prioritize funding for these requests. However, in the wake of multiple school shootings and unnecessary student deaths, it is imperative that the PA system and properly functioning doors be provided. How will SCA explain student deaths because the doors were unable to close and lock and an announcement of an emergency situation unable to be made?</p> <p><b>Responsible Agency:</b> Department of Education</p> <p><b>Location Site Name:</b> PS 243  <b>Address:</b> 1580 Dean Street</p>	<p>This request includes more than one proposal. 06	208202006C	<p><b>Request:</b> Renovate or upgrade a middle or intermediate school</p> <p><b>Explanation:</b> Provide new electrical system throughout the building, modernize/update the auditorium, provide new tables for the lunchroom, install new doors with locks, upgrade pipes/water system in the building. These requests were made by the school directly. Last year, SCA stated that funding for part is recommended. What part, and when will it be completed? In the wake of the massive amount of school shootings in recent months, it is imperative that every school be equipped with doors that are able to close and lock in a hurry as this can save lives. How will SCA explain the loss of life if a shooting occurs in a school and tens of children murdered simply because the door to their classroom could not lock?</p> <p><b>Responsible Agency:</b> Department of Education</p> <p><b>Location Site Name:</b> PS 335 <b>Address:</b> 130 Rochester Avenue</p>	<p>This request includes more than one proposal. 07	208202007C	<p><b>Request:</b> Funding for Videoconferencing for Community Board meetings and committee meetings</p> <p><b>Explanation:</b> CB8 is faced with many obstacles when it comes to getting community members to our meetings. Videoconferencing is a way in which more people can attend meetings and participate in them without leaving the comfort of home. It also remedies instances where committee's with important votes cannot legally conduct business if a quorum is not present. We urge DOITT to create a process by which all community boards can use videoconferencing for all of their meetings to enhance participation.</p> <p><b>Responsible Agency:</b> Dept of Information Technology &amp; Telecommunication</p>	<p>DoITT does not provide computer hardware and software to other City agencies. Individual agencies are responsible for obtaining funding and conducting procurements for their own computer resources. 08	208202008C	<p><b>Request:</b> Increase energy efficiency and environmental performance of NYCHA developments</p> <p><b>Explanation:</b> The Brownsville power grid is insufficient to support its service base. Con Ed has identified that NYCHA developments place most of the strain on the grid. An audit of energy efficiency and environmental performance should be conducted to ensure that NYCHA developments are running efficiently and using as little energy as possible to function effectively. The use of energy efficient bulbs in all units and common areas and the installation of solar panels on NYCHA buildings will aid tremendously in this effort and also reduce the electricity bill owed to Con Edison.</p> <p><b>Responsible Agency:</b> Housing Authority</p>	<p>This request includes more than one proposal. 10	208202010C	<p><b>Request:</b> Add NYPD parking facilities</p> <p><b>Explanation:</b> With the construction of Pacific Park around the 78th Precinct, there is a dearth of parking spaces available for officers of the precinct. The 77th Precinct also lacks adequate parking spaces and the result is officers angle parking on the sidewalk in front of private homes, double parking on residential streets, or disobeying alternate side parking rules. The city should look into purchasing vacant lots around the precincts to convert to parking lots for officers and reduce the propensity of officers often breaking the laws they are sworn to uphold.</p> <p><b>Responsible Agency:</b> Police Department</p>	<p>NYPD will formally request OMB to allow the Department of Citywide Administration Services (DCAS) to conduct a survey of available properties.</p>

01	208202001E	<p><b>Request:</b> Provide or enhance rental subsidies programs</p> <p><b>Explanation:</b> As the affordable housing market continues to be stressed by man-made conditions, more financial rental assistance services are needed to assist tenants with maintaining their housing independence.</p> <p><b>Responsible Agency:</b> Department of Housing Preservation &amp; Development</p>	<p>The agency will try to accommodate this issue within existing resources.</p>
02	208202002E	<p><b>Request:</b> Other request for services for the homeless</p> <p><b>Explanation:</b> Incentives need to be provided to property owners and managing agents to accept the rental assistance vouchers provided to families when trying to move them to permanent housing. Presently, the stigma of homelessness makes people too hesitant to see past the circumstance and act in a humane fashion. It is unfortunate that greed gets in the way, but some form of incentive should be provided to convince property owners and landlords to do the right thing.</p> <p><b>Responsible Agency:</b> Department of Homeless Services</p>	<p>The Agency continually works with Provider organizations to enhance service that are working successfully. 04	208202004E	<p><b>Request:</b> Expand tenant protection programs</p> <p><b>Explanation:</b> More and more landlords are resorting to illegal tactics to evict tenants from their homes or make conditions so bad that residents elect to leave their homes, thus allowing them to raise rents. 05	208202005E	<p><b>Request:</b> Other community board facilities and staff requests</p> <p><b>Explanation:</b> In FY 2016, the Boards' budgets were slightly increased to accommodate the collective bargaining agreement. However, the operating budget for Community Boards are still woefully inadequate, not keeping pace of inflation and any increased operating costs. The costs for acquiring much needed newer technology, computer software, upgraded hardware, as well as internet/web access capabilities is expensive. In addition, according to Chapter 70, Section 2800 (21f) of the City Charter, we are required to have experts such as planners to assist us in our Charter mandated duties. 06	208202006E	<p><b>Request:</b> Reduce rat populations</p> <p><b>Explanation:</b> With the large number of development projects scattered throughout the District, and renovation projects ongoing in our historic districts, the number of rodent complaints has skyrocketed. While the city has always had a large rodent population, the "out of sight, out of mind" complex was strong. However, rodents are more visible today than at any other time in the last two decades. A greater number of inspectors and exterminators are needed to quickly address baiting concerns and identify rodent havens and burrows for treatment. Additionally, DOHMH should consider a policy change mandating that developers bait more than just the perimeter of their projects and instead bait a wider berth so that some of the strain of reducing rodent populations is removed from the Department's shoulders.</p> <p><b>Responsible Agency:</b> Department of Health and Mental Hygiene</p>	<p>DOHMH continues to increase the number of inspections performed annually and has expanded our successful rat indexing approach to Brooklyn. We also continue to respond to 311 complaints and readily participate in walk-through events requested by the community in areas of concern. Feel free to contact us to request a walk-through. 08	208202008E	<p><b>Request:</b> Expand programs for certain industries, e.g. fashion, film, advanced and food manufacturing, life sciences and healthcare</p> <p><b>Explanation:</b> CB 8 is a growing community and an attractive spot for filming, culinary arts, and even fashion designers. Many of our residents have interests in, or untapped potential, to fill openings in many of these areas and thrive. Training programs geared toward helping our residents of all ages engage their interests and skills is essential. The creation of a Culinary Arts Program and Culinary Education and Training Facility Space situated in Community District 8 boundaries would address the need and interest for these skills by these businesses and our hospitality industry. Additionally, training programs geared toward different positions in film and theater production is crucial for increasing diversity in the industry.</p> <p><b>Responsible Agency:</b> Economic Development Corporation</p>	Further study by the agency of this request is needed.
09	208202009E	<p><b>Request:</b> Expand programs for housing inspections to correct code violations</p> <p><b>Explanation:</b> As more and more landlords are allowing currently occupied rent controlled and rent stabilized apartments to drift into the ranks of uninhabitability to push out long term tenants, this allows them to then renovate recently vacated apartments to collect higher rents. We need to ensure that enforcement agents use their full power to encourage landlords to make repairs for long term tenants rather than just focusing on improving the habitability for higher rent paying tenants. If landlords are unwilling to make necessary repairs, we urge the City to do so for them and bill them for the repairs, with the threat of vacating their ownership of the property should they not reimburse and pay hefty fines. This in turn will deter illegal tactics to get rid of low rent paying tenants.</p> <p><b>Responsible Agency:</b> Department of Housing Preservation &amp; Development</p>	HPD will accommodate this issue with existing resources as it pertains to the Housing Maintenance Code. 10	208202010E	<p><b>Request:</b> Address illegal conversions and uses of buildings</p> <p><b>Explanation:</b> More and more small property owners (owners of two to four family houses) are beginning to divide what are supposed to be single units into two to three apartments. 11	208202011E	<p><b>Request:</b> Create or promote programs to de-stigmatize mental health problems and encourage treatment</p> <p><b>Explanation:</b> The stigma of admitting to having a mental illness is great, especially in immigrant and communities of color where sentiments such as "mental illness is not a disease you can afford to have," continue to be a plague. This stigma prevents those suffering from symptoms from seeking help. Programs such as THRIVE NYC are a great start, but the fear of being identified in the community as having an illness prevents many from seeking their services. More education on what mental illness versus what it is not is direly needed to help eliminate the negative stigma that is pervasive in many communities. An understanding of the different ways people can suffer from mental illness can go a long way in helping de-stigmatize the condition and also allow sufferers to seek help.</p> <p><b>Responsible Agency:</b> Department of Health and Mental Hygiene</p>	<p>The agency will accommodate this issue within existing resources.</p>
12	208202012E	<p><b>Request:</b> Enhance park safety through more security staff (police or parks enforcement)</p> <p><b>Explanation:</b> Existing resources are currently not sufficient to accommodate this request. 13	208202013E	<p><b>Request:</b> Promote vaccinations and immunizations</p> <p><b>Explanation:</b> Unfortunately, erroneous reports not backed by factual data have frightened some parents into declining immunization for their children. This practice puts other children at risk and also has the potential to bring back diseases that could actually be avoided via immunization and education. Factual data regarding the link between immunizations and autism is very necessary to prevent parents from making an uninformed decision that could have major deleterious ramifications on not only their children, but the broader community, especially as their non-immunized children become school age. 14	208202014E	<p><b>Request:</b> Provide commercial lease support for business owners</p> <p><b>Explanation:</b> With the current climate of capitalism focused on profit maximization, many of our commercial tenants are suffering from what is now being referred to as "commercial gentrification." Property owners with commercial spaces are often raising rents on commercial properties at lease renewal by astronomical amounts, usually tripling or quadrupling the previous rent rate. The majority of our businesses cannot survive these increases and are forced to close, thus leading to high turnover and vacancy rates. Lease negotiation support for commercial tenants is necessary to assist them in overcoming the greed barrier to remain in their spaces and continue the trend of economic growth in CB 8.</p> <p><b>Responsible Agency:</b> Department of Small Business Services</p>	<p>The agency will accommodate this issue within existing resources.</p>

16	208202016E	<p><b>Request:</b> Increase enforcement of illegal dumping laws</p> <p><b>Explanation:</b> Illegal dumping creates blight and makes it appear as though the community does not care about itself. As it stands, existing resources are not sufficient to stem this tide of community blight. Illegal dumping must be stopped and penalties strengthened for those that illegally dump waste. Because current laws target those that dump from vehicles, black market dumpers that use shopping carts and dump near corner baskets are often overlooked. It is imperative that domestic violence prevention, education, and intervention services be provided across all groups (with special focus on teenagers and the LGBTQ population) and all avenues. With ATS options, youth can receive the mental health services they need, training, mentoring, and counseling services to begin the process of properly integrating into the community to build social capital. 22	208202022E	<p><b>Request:</b> Enhance educational and recreational programs</p> <p><b>Explanation:</b> As informational resources proceed further into the digital era, and fewer services are provided without the use of online tools, it is imperative that our seniors acquire the technical skills needed to navigate the world wide web to gain access to services. Too often, seniors do not possess the technical savvy to research their problems online or access the help available from online resources. Computer literacy programs and purchase assistance programs will help remedy this. Funding is imperative for services such as these, and computer training programs should be available in every senior center.</p> <p><b>Responsible Agency:</b> Department for the Aging</p>	<p>DFTA continues to advocate for increased funding to support aging services throughout the five boroughs. Presently, there is no additional funding available to increase program budgets or commence new initiatives.</p>
23	208202023E	<p><b>Request:</b> Other cleaning requests</p> <p><b>Explanation:</b> Provide enforcement for proper commercial trash receptacles for mixed-use buildings along primary and secondary corridors. Mixed-use buildings without trash storage receptacles for residential use cause an alarming rate of corner basket misuse. Residential tenants that have no location within their premises to place their garbage, are led to place their household trash in corner baskets, or, in instances when a corner basket is not present, simply leave their trash bags on the sidewalk in an area it does not belong. Proper enforcement of container/receptacle laws will help eliminate this cycle, and also potentially lead to a decrease in vermin along commercial corridors.</p> <p><b>Responsible Agency:</b> Department of Sanitation</p>	<p>The agency will try to accommodate this issue within existing resources.</p>

24	208202024E	<p><b>Request:</b> Provide more frequent litter basket collection</p> <p><b>Explanation:</b> While we have been assured that our commercial strips receive 6 day a week basket collection, we constantly receive complaints of overflowing baskets that have not been collected and dumped in days. These complaints are usually from residents in and around the vicinity of Vanderbilt and Washington Avenues. We urge additional litter basket collection, the addition of extra baskets where necessary, and the monitoring of existing baskets to ensure that they are not being improperly used.</p> <p><b>Responsible Agency:</b> Department of Sanitation</p>	<p>This request cannot be funded in FY 2020. 25	208202025E	<p><b>Request:</b> Other zoning and land use requests</p> <p><b>Explanation:</b> Study the rezoning of the manufacturing district bounded by Grand and Franklin Avenues between Atlantic Avenue and Bergen Street (blocks 1125, 1126, 1133, 1134, 1141, and 1142), as well as the south side of Atlantic Avenue between Grand and Vanderbilt Avenues (blocks 1122 and 1124) for mixed residential and manufacturing use according to Community Board 8s M-CROWN proposal as amended and submitted to the Department of City Planning.</p> <p><b>Responsible Agency:</b> Department of City Planning</p> <p><b>Supported by:</b> Councilwoman Laurie Cumbo</p>	<p>DCP will continue discussions with the Board and community stakeholders regarding the concerns addressed in this request.</p>
26	208202026E	<p><b>Request:</b> Provide, expand, or enhance adult protective services</p> <p><b>Explanation:</b> We must keep in mind that our elderly population is at risk for abuse from family members and home health aides seeking to take advantage of their frail emotional and physical states. Our elderly population is the most vulnerable and often forgotten. They require considerable attention to maintain their safety and well-being, thus preventing them from being subjected to unnecessary hardship, pain, and mental aggravation in the form of fear.</p> <p><b>Responsible Agency:</b> Human Resources Administration</p>	<p>The APS will continue work with clients to ensure that they live safely in the community with the greatest level of independence possible.</p>

27	208202027E	<p><b>Request:</b> Create or promote programs for education and awareness on nutrition, physical activity, etc.</p> <p><b>Explanation:</b> District 8 is severely plagued by other health ailments including diabetes, heart disease, asthma, stroke, obesity, and many other conditions that require substantial medical care for those afflicted. The inability to afford healthy food options combined with the lack of healthy food options for residents on the eastern end of the district only compounds these problems. Lower income residents without excess expendable cash should have access to quality fresh food and be trained in healthy living without exceeding their budget. Programs stressing proper nutrition should be provided for families as a preventive measure to stem the development of diseases caused by poor dietary habits and lack of exercise.</p> <p><b>Responsible Agency:</b> Department of Health and Mental Hygiene</p>	DOHMH plans to continue funding for obesity programming.
28	208202028E	<p><b>Request:</b> Provide, expand, or enhance educational programs for adults</p> <p><b>Explanation:</b> Financial education and planning is direly needed in less economically advantaged households. Due to the inevitability of having to stretch their finances even further than they are capable, it is imperative that residents have access to financial planning and budgeting information to learn how to properly plan their monthly spending. They must be educated on what is and is not a priority in order to avoid the inevitable if they are not careful: homelessness. People applying for one-shot deals to cover back rent should automatically be enrolled in such financial planning courses to obtain the tools to prevent them from needing these emergency services again.</p> <p><b>Responsible Agency:</b> Human Resources Administration</p>	HRA's Career Services provides services to clients to assist them in developing job skills, obtaining employment, financial counseling and building sustainable careers that provide a path out of poverty.

29	208202029E	<p><b>Request:</b> Provide, expand, or enhance skills training and employment services for high school students at risk of dropping out</p> <p><b>Explanation:</b> Early intervention is the key to saving the future of our youth. It is well documented that inner-city children have a higher risk for crime, dropping out of school and other educational deficits, gang involvement, drug use, and incarceration. We urge funding for activities that target at-risk youth. Funding for youth development and delinquency and prevention programs is necessary to serve our youth and quell the growing trend toward life-ruining activities.</p> <p><b>Responsible Agency:</b> Department of Youth &amp; Community Development</p>	<p>DYCD has a number of youth workforce development programs to encourage both youth who are attending school, or disconnected to obtain vocational skills and employment. Additionally, the agency has worked with the Mayor in funding to the Summer Youth Employment program through City-tax levy funding and private donations to make up for the significant loss in federal funding. Expansion of the program depends on the availability of state and federal funding.</p>
30	208202030E	<p><b>Request:</b> Assign additional staff to address specific crimes (e.g. drug, gang-related, vice, etc.)</p> <p><b>Explanation:</b> While we are aware that staffing levels are allocated based on graduating classes and Administrative processes, there is an inherent need for undercover officers to assist with the growing gang population on the eastern end of the District, and vice offices to address the increasing sex trafficking operations in CB8. Additionally, an increase in street drugs to compete with not as easily available prescription drugs, has led to more drug houses in our community. Undercovers are needed to infiltrate these rings and close these houses down, thus making the community safer for all. A great benefit of the closure of these drug houses is also the reduction of opioid drugs readily available to the seeking public.</p> <p><b>Responsible Agency:</b> Police Department</p>	<p>The agency will try to accommodate this issue within existing resources.</p>

31	208202031E	<p><b>Request:</b> Expand or improve nutritional programs, e.g., school meals</p> <p><b>Explanation:</b> It is regrettably laughable that the DOE would state that it is committed to providing healthy food choices and maintaining high nutritional standards by offering delicious and attractive menu options, and that their nutritional standards always meet, and many times exceed, USDA Nutrition Standards for school meals. If that were the case, would students be served unappetizing and fattening meals that are moldy, unidentifiable meats, spoiled milk, expired and moldy juice, and foods that are so hyper processed, they cannot even pass as the substance they claim to be? Numerous news exposes based on the 2017 investigation of the DOE food program speak a different tune to what the DOE claims, and this lack of honesty within the agency is disheartening.</p> <p><b>Responsible Agency:</b> Department of Education</p>	Further study by the agency of this request is needed.
32	208202032E	<p><b>Request:</b> Provide or expand NYC organics collection program</p> <p><b>Explanation:</b> Separate organic collection is useful in diminishing the amount of trash sent to landfills daily. We are highly disappointed that the City discontinued organics collection because it did not properly plan an effective strategy for collection. Organics collection can not only save the city millions of dollars a year, but can actually allow the city to profit from the collection. Organic waste can be broken down by biodigesters and the compost sold to other municipalities for their fertilizer needs. We urge the city to re-institute organics collection.</p> <p><b>Responsible Agency:</b> Department of Sanitation</p>	DSNY will evaluate this request.

33	208202033E	<p><b>Request:</b> Provide, expand, or enhance job training</p> <p><b>Explanation:</b> Not every person lacking job skills and basic training for resume creation and interview success tips lives within a NYCHA development or is eligible to receive cash assistance. Job training opportunities need to be expanded beyond those living in NYCHA housing and receiving cash assistance. These programs are needed to help the underachieving gain self-sufficiency and move away from a life living off of other people and potentially public assistance when they no longer have a support system.</p> <p><b>Responsible Agency:</b> Human Resources Administration</p>	<p>HRA's Career Services provides services to clients to assist them in developing job skills, obtaining employment, financial counseling and building sustainable careers that provide a path out of poverty.</p>
34	208202034E	<p><b>Request:</b> Provide, expand, or enhance after school programs for elementary school students (grades K-5)</p> <p><b>Explanation:</b> Primary school is an important time in our children's lives. It is in primary school that the foundation for education is laid. After school programs are effective tools in enhancing and enriching education as well as providing social skill building opportunities.</p> <p><b>Responsible Agency:</b> Department of Youth &amp; Community Development</p>	<p>Presently, there are a variety of agency-funded programs in the district for this target population. 35	208202035E	<p><b>Request:</b> Provide more HIV/AIDS information and services</p> <p><b>Explanation:</b> While HIV transmission rates are down citywide, transmission of other non-HIV related diseases is on the rise, and in District 8, we rank in the top 10 in all categories of increased STD infection according to the latest Dept. of Health data. The fear of HIV has been lessened over time because of new drugs created to help prevent infection and drugs designed to help a person live longer. Adequate education should be provided regarding the use of prophylactics and engaging in safe sexual practices to prevent the unnecessary spread of the disease.</p> <p><b>Responsible Agency:</b> Department of Health and Mental Hygiene</p>	<p>DOHMH manages a variety of HIV programs that include education, testing and counseling, including Brooklyn Knows. 36	208202036E	<p><b>Request:</b> Provide, expand, or enhance street outreach services</p> <p><b>Explanation:</b> A large portion of homeless youth belong to the lesbian, gay, bisexual, transgender, non binary, non conforming, and queer (LGBTQ) population. They are often ostracized and shunned by their families and are forced to choose to either be comfortable with who they are or change/hide/pretend to be someone they are not simply to continue receiving familial support. In order to be true to themselves, they leave abusive situations and are forced to the streets. Efforts should be made to reach out to these youth to remove them from abusive situations and prevent them from becoming part of the growing homeless population.</p> <p><b>Responsible Agency:</b> Department of Youth &amp; Community Development</p>	DYCD has increased funding in this service area.
37	208202037E	<p><b>Request:</b> Enhance programs for elder abuse victims</p> <p><b>Explanation:</b> Too often, our elders are too ashamed or afraid to speak up for themselves, leading them to suffer continued abuse at the hands of caregivers or even strangers. We encourage DFTA to increase outreach efforts and initiate public service announcements to inform seniors of their options and services should they ever come face to face with elder abuse. We also advocate for increased public awareness programs to help people identify the signs and signals of elder abuse.</p> <p><b>Responsible Agency:</b> Department for the Aging</p>	DFTA continues to advocate for increased funding to support aging services throughout the five boroughs. Presently, there is no additional funding available to increase program budgets or commence new initiatives.
38	208202038E	<p><b>Request:</b> Increase transportation services capacity</p> <p><b>Explanation:</b> The elderly have a difficult enough time traveling. 39	208202039E	<p><b>Request:</b> Other garbage collection and recycling requests</p> <p><b>Explanation:</b> We advocate for containerized garbage collection for all of CB 8's NYCHA developments. This will help to eliminate maintenance workers putting garbage curbside immediately after the Dept. of Sanitation has collected it. As an immediate side effect, our streets will look much cleaner and people will take more pride in their community. 40	208202040E	<p><b>Request:</b> Increase enforcement of canine waste laws</p> <p><b>Explanation:</b> It is imperative that Pooper Scooper laws be enforced and that signs alerting dog owners that it is their responsibility to clean up after their dogs are installed. AS A RESULT, WE ARE ASKING THAT FUNDING TO RE-INSTATE THE SIGNAGE UNIT BE PROVIDED. Furthermore, additional Sanitation Police Officers are also needed to issue summonses to dog owners who do not clean up after their dogs as canine waste has the potential to create health hazards for humans and other dogs. Dog owners must be held responsible for properly caring for their pets.</p> <p><b>Responsible Agency:</b> Department of Sanitation</p>	<p>The educational signs program was discontinued several years ago. 42	208202042E	<p><b>Request:</b> Forestry services, including street tree maintenance</p> <p><b>Explanation:</b> We are pleased with the number of new trees that have been planted in the district over the last few years. The Parks Department must hold contractors accountable for not following the mandates of their contract as many of the recently planted trees are either dead or dying. Better street tree maintenance is needed to prevent these issues from plaguing a valuable resource. Additionally, older trees need better care such as pruning and larger tree pits to remain healthy and vibrant.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p>	The agency will accommodate this issue within existing resources.
43	208202043E	<p><b>Request:</b> Other programs to address public health issues requests</p> <p><b>Explanation:</b> As the number of dementia and Alzheimers disease cases grow in the community, additional funds to maintain/increase services are required. Asthma rates have increased due to harsh conditions within the community (i.e. massive construction projects, demolition, renovation efforts). Longer clinic hours need to be initiated for people that need emergency treatment but cannot afford a hospital emergency room visit.</p> <p><b>Responsible Agency:</b> Department of Health and Mental Hygiene</p>	More information is needed from the community board before making a funding decision. The community board should contact the agency.
44	208202044E	<p><b>Request:</b> Enhance home care services</p> <p><b>Explanation:</b> Homebound seniors should not have to live a life of unintentional isolation because they are self-sufficient enough to be able to live on their own still. Medicaid ineligible seniors should not be forced to pay exorbitant out of pocket costs for assistance in day to day needs. We encourage increasing home care services for homebound seniors to include not only basic care and assistance, but also for interactive conversation and companionship to prevent the ails of isolation.</p> <p><b>Responsible Agency:</b> Department for the Aging</p>	DFTA continues to advocate for seniors and senior related issues on all levels.

45	208202045E	<p><b>Request:</b> Provide, expand, or enhance primary prevention services to strengthen families</p> <p><b>Explanation:</b> Families need certain tools to learn to get along. Intergenerational assistance is needed to help bridge the gaps between younger and older generations that, to be blunt, do not understand each other. Children these days have the mindset that a parent is supposed to be a friend, and because parents are afraid of legal repercussions for reprimanding their children the way they were, attitudes are often left unchecked, which can cause friction in the home. Children, parents, and extended family need to be educated on the modern family structure and what the new social "norm" is for family ties.</p> <p><b>Responsible Agency:</b> Administration for Children's Services</p>	<p>ACS currently offers services for youth and families. 46	208202046E	<p><b>Request:</b> Improve public housing maintenance and cleanliness</p> <p><b>Explanation:</b> All NYCHA developments should be equipped with containers for garbage storage since maintenance staff currently places garbage curbside multiple times per day. This leads to curbs of NYCHA developments always having garbage outside, which is unsightly and unsanitary. Containerized collection will provide a place to house garbage until pickup day.</p> <p><b>Responsible Agency:</b> Housing Authority</p>	<p>In order to fund this initiative contact local elected officials for appropriations.</p>

48	208202048E	<p><b>Request:</b> Expand access to public health insurance such as Medicaid</p> <p><b>Explanation:</b> With the federal government extracting every ounce of worth from the Affordable Care Act, now more than ever, individuals in need of health care must have a viable option for health care than the skeleton plans designed to undermine what the ACA was attempting to accomplish. Decreasing eligibility requirements to receive Medicaid, or even having a payment system to make more people Medicaid eligible would help bridge the gap between those with quality health insurance and those without. Costs of private markets are increasing drastically due to cuts in federal subsidies and fewer people are able to afford private insurance. 02	209202002C	<p><b>Request:</b> Provide new or upgrade existing sanitation garages or other sanitation infrastructure</p> <p><b>Explanation:</b> There are major problems with Community District 9's existing sanitation garage. Not only is it in an unsuitable location at 356 Winthrop Street (close proximity to Kings County Hospital, SUNY Downstate Medical Center; SUNY Dialysis Center; SUNY Biotech Facility) but it is also too small. The results being the parking of garbage filled sanitation trucks on the district's streets in close proximity to residences, as well as imposing unsafe conditions for pedestrians. 01	212202001E	<p><b>Request:</b> Provide more frequent garbage or recycling pick-up for schools and institutions</p> <p><b>Explanation:</b> Provide daily garbage and recycling pick-up for Private Schools. CB 12 has about 80 private schools serving approximately 100,000 or more children. The District has 16 public schools which serves approximately a third of the total enrollment of the private schools. The student enrollment in some of the public schools has been dwindling rather than increasing. Most of these private schools have year round lunch programs with perishable foods. However, the private schools only receive two pickups per week while the public schools are picked up daily. The student enrollment in private schools far outnumber the enrollment in public schools in this district and because of the amount of garbage generated from these schools each day, daily pickups must be implemented.</p> <p><b>Responsible Agency:</b> Department of Sanitation</p> <p><b>Supported by:</b> Community Board 12</p>	<p>This is not a budget request. The matter in question is an issue of service delivery and/or agency policy. Contact the Department of Sanitation to determine how best to resolve this issue.</p>
02	212202002E	<p><b>Request:</b> Provide more frequent garbage or recycling pick-up for schools and institutions</p> <p><b>Explanation:</b> A dedicated school Sanitation truck for our district. Many times the school truck becomes full way before it covered even half of its route. This causes the garbage to mount and creates a quality of life hazard in addition to becoming a dumping area.</p> <p><b>Responsible Agency:</b> Department of Sanitation</p>	<p>The agency will accommodate this issue within existing resources.</p>

03	212202003E	<p><b>Request:</b> Assign additional traffic enforcement officers</p> <p><b>Explanation:</b> TCAs (Traffic Control Agents): Our district is in dire need of Traffic Control Agents assigned to critical areas in our District as well as alternative measures to decrease congestion. At this time, we have none. Locations where traffic congestion is out of control are 18th Avenue from 45th Street to Ocean Parkway; 15th Avenue from 42nd Street to 45th Street; 14th Avenue from 49th Street to 42nd Street (morning hours) 13th Avenue the entire day from 39th Street to 54th Streets and Avenues I and J from McDonald Avenue to Coney Island Avenue, Fort Hamilton Parkway from 36th Street to 46th Street, especially during rush hours (these are just to name a few). The traffic congestion is extremely severe as well as the horn honking during both the AM and PM rush hours.</p> <p><b>Responsible Agency:</b> Police Department</p>	<p>The future funding for civilian personnel depends on decisions made in the Preliminary and Executive budget process.</p>
04	212202004E	<p><b>Request:</b> Other request for services to support low-income New Yorkers</p> <p><b>Explanation:</b> In our Capital requests we asked that a HRA service center be opened in our district. Knowing that getting a new HRA Service Center in our district is a big ask, we are requesting that at least HRA send some service professionals a few times a week to our office to service our residents, as they have done in the past. HRA is currently operating such a program.</p> <p><b>Responsible Agency:</b> Human Resources Administration</p> <p><b>Supported by:</b> Community Board 12</p>	<p>The Agency will continue to send service professionals as it has been done in the past.</p>

05	212202005E	<p><b>Request:</b> Other NYPD programs requests</p> <p><b>Explanation:</b> Currently there are cameras installed and mounted throughout the confines of the 66th Precinct that were paid for by a state grant. The funds to operate and observe these cameras ran out and they are currently offline. We are requesting funding be appropriated for the purpose of bringing these cameras back online. These cameras are extremely important for investigative reasons as well as to prevent future crimes from occurring if the suspects can be identified faster. Additionally, with the increasing rise of bias crimes it is imperative that the NYPD can identify these individuals and prevent more hate crimes from being committed.</p> <p><b>Responsible Agency:</b> Police Department</p>	<p>Argus cameras are funded via allocations from elected officials for use within their districts. Specific location recommendations should be provided to the local precinct commander for submission to the Information Technology Bureau once funding is allocated. The NYPD will attempt to accommodate specific location requests whenever funding is provided, but reserves the right to place cameras as appropriate due to current crime trends and operational needs.</p>
06	212202006E	<p><b>Request:</b> Clean catch basins</p> <p><b>Explanation:</b> All catch basins should be cleaned on a regular scheduled basis. Deteriorated catch basins should be repaired or replaced as part of a regular maintenance schedule.</p> <p><b>Responsible Agency:</b> Department of Environmental Protection</p> <p><b>Supported by:</b> Community Board 12</p>	<p>In past five years (FY 2011 to FY 2015) catch basin complaints declined 16%. Based on recently passed legislation beginning in FY 2017, DEP's 148,000 catch basins will be inspected on a 1-year rotation, and will be cleaned and repaired as needed and also in response to 311 complaints. DEP anticipates that this new legislation will cost DEP an additional \$3-\$4 million per year (beginning in FY 17)</p>
07	212202007E	<p><b>Request:</b> Increase enforcement of illegal dumping laws</p> <p><b>Explanation:</b> There has been a major increase of illegal dumping on avenues and street corners especially all across 13th Avenue. The Super should have input of target areas and get continuous reports from Enforcement on their progress.</p> <p><b>Responsible Agency:</b> Department of Sanitation</p> <p><b>Supported by:</b> Community Board 12</p>	<p>The agency will try to accommodate this issue within existing resources.</p>

13	212202013E	<p><b>Request:</b> Conduct traffic or parking studies</p> <p><b>Explanation:</b> THIRTEENTH AVE -Thirteenth Avenue is the commercial shopping Mecca in Community Board 12. Traffic is congested, every day of the week; it can take up to an hour to traverse the 23 blocks of this shopping mecca. 01	214202001C	<p><b>Request:</b> Renovate or upgrade existing precinct houses</p> <p><b>Explanation:</b> In 2015 an allocation was made in a first step toward relocating the 70th Police Precinct House. The history of our efforts to relocate this aging facility goes back almost three decades. In 2006, DCAS began property acquisition at 1326 Ocean Avenue. In 2007 the NYPD capital plan set aside \$30 million for the acquisition of property, OMB stated its commitment to identify additional funding. onstruction was set to begin in 2013. Relocating the precinct house continues to be a priority despite the loss of the Ocean Avenue site. In the meantime, the current precinct house floods and leaks and does not have adequate lockers, storage, or parking, nor it is handicap accessible.</p> <p><b>Responsible Agency:</b> Police Department</p> <p><b>Location Site Name:</b> 70th Precinct</p>	<p>Funding for this project has been requested for the January Plan.</p>
02	214202002C	<p><b>Request:</b> Rehabilitate bridges</p> <p><b>Explanation:</b> The Beverley Road Bridge is in such disrepair that DOT barricaded the north side so that there is no parking. has reconfigured the dividing line to shift traffic south and has rerouted trucks so they do not drive over the bridge at all. Yet, DOT has not provided information as to funding and timing for repair. DOT responded last year that the agency had requested funding for the Beverley Road bridge but CB 14 was recently informed that the Parkside Road bridge will be repaired. We were unaware that this bridge was in disrepair.</p> <p><b>Responsible Agency:</b> Department of Transportation</p> <p><b>Location Site Street:</b> Beverley Road  <b>Cross Street 1:</b> Marlborough Rd <b>Cross Street 2:</b> E 16th St</p>	<p>This project was funded in a prior fiscal year and the preliminary design contract has been let.</p>

03	214202003C	<p><b>Request:</b> Provide a new or expanded park or amenity (i.e. playground, outdoor athletic field)</p> <p><b>Explanation:</b> CD 14 ranks last in the city in terms of the number of residents who live more than a quarter of a mile away from a park.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p>	<p>Department of Parks and Recreation funds are insufficient for this project. 04	214202004C	<p><b>Request:</b> Roadway maintenance (i.e. pothole repair, resurfacing, trench restoration, etc.)</p> <p><b>Explanation:</b> DOT had a \$60 million allocation for trench restoration and CB 14 received none of it. Six locations have been submitted to DOT. 564 East 29th Street; 1781 Ocean Avenue/SE corner of Avenue M; 715 Ocean Parkway Service Road; Waldorf Court between East 17 and Dead End; Hillel Place and Kenilworth Place intersection; 464-476 East 16th Street. The suggestion that Community Boards should turn to local elected officials to tend to trench conditions is irresponsible.</p> <p><b>Responsible Agency:</b> Department of Transportation</p>	<p>Funds are unavailable for this project. 05	214202005C	<p><b>Request:</b> Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</p> <p><b>Explanation:</b> Umma Park is in need of updating - the equipment is antiquated and the surface is in disrepair. There has been a good deal of residential development in the area thus the population in surrounding neighborhood is increasing. This park is in the most dense, and the most socio-economically neighborhood in the District, yet is the only playground in the District to not have been recently rehabilitated. The time has come to address and improve this increasingly important community asset.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p> <p><b>Location Site Name:</b> Umma Park</p>	<p>Department of Parks and Recreation funds are insufficient for this project. 12	214202012C	<p><b>Request:</b> Inspect storm sewer on specific street segment and service, repair or replace as needed</p> <p><b>Explanation:</b> CD 14 has been plagued by ongoing flooding concerns in several parts of the District. 01	214202001E	<p><b>Request:</b> Provide rental assistance/vouchers for permanent housing</p> <p><b>Explanation:</b> Community District 14 ranks 12th of 59 in the percentage of severely rent burdened household, according to the most recent NYU Furman Center report. The District ranks 6th in the percent of renter households that are severely overcrowded. Nearly 35% of renters in the District pay over 50% of their household income on monthly rent. Affordability of rentals (at 80% of AMI) decreased from 2010-2016, from 71.3% to only 51.1%. Yet, CD14 ranks 22nd in housing choice vouchers - only 6.4% of our residents are recipients.</p> <p><b>Responsible Agency:</b> Human Resources Administration</p>	<p>The Agency provides services for people who are eligible under certain guidelines.</p>
02	214202002E	<p><b>Request:</b> Expand code enforcement</p> <p><b>Explanation:</b> CD 14 ranks 18 of 59 in the number of serious housing code violations in the City. Housing code violations are correlated with health outcomes. Code enforcement must be resourced adequately and coordinated better with DOB permitting practices.</p> <p><b>Responsible Agency:</b> Department of Buildings</p>	<p>This project was funded in a prior fiscal year and the scope is now underway.</p>

05	214202005E	<p><b>Request:</b> Conduct traffic or parking studies</p> <p><b>Explanation:</b> The Church Avenue and Caton Avenue truck routes are often at a standstill. Permanent installations on these truck routes and in other parts of the District seem to be contributing to congestion. Emergency response has increased and a local firehouse has identified issues with the installation of speed humps on some residential streets. DOT should be required to engage in more rigorous and broadly based studies before moving forward with installations. A more urgent focus on the truck route study is needed to account for increased development.</p> <p><b>Responsible Agency:</b> Department of Transportation</p>	<p>Please contact the Borough Commissioner's office to discuss this request.</p>

07	214202007E	<p><b>Request:</b> Create or promote programs to de-stigmatize mental health problems and encourage treatment</p> <p><b>Explanation:</b> There were approximately 657 (per 100,000 adults) psychiatric hospitalizations last year, compared to 743 Brooklyn wide and 684 citywide. In addition alcohol and drug related hospitalizations were 836 and 649 per 100,000 respectively.</p> <p><b>Responsible Agency:</b> Department of Health and Mental Hygiene</p>	<p>DOHMH funds a variety of services related to mental health, alcohol, drug abuse, and depression. 08	214202008E	<p><b>Request:</b> CECM</p> <p><b>Explanation:</b> CECM, DOT and the Mayor's Office of Media and Entertainment must be better coordinated to minimize negative impacts on communities that are strained with hosting film crews, street events, street openings for repairs simultaneously and in close proximity. There is little enforcement when film crews or construction crews are taking up more space than necessary. Consideration for street activities should be brought down to the borough level.</p> <p><b>Responsible Agency:</b> Citywide Event Coordination and Management</p>	<p>The agency will try to accommodate this issue within existing resources.</p>
09	214202009E	<p><b>Request:</b> Provide more community board staff</p> <p><b>Explanation:</b> Additional resources would enable community boards to bring specialists on board, such as planners, policy analysts, and IT specialists to name some. It would also be helpful to have funding for temporary project related staff. This would enable CBs to introduce more initiatives such as our CBO roundtable and then develop longer range projects that build from those gatherings. 11	214202011E	<p><b>Request:</b> Forestry services, including street tree maintenance</p> <p><b>Explanation:</b> The lack of public green space also underscores the need for maintenance of street trees and ongoing care for the many very welcome newly planted trees. In addition funding must be provided to remove tree stumps even when a new tree cannot be planted for any reason. We are gratified by improvements in the DPR pruning cycle, but at Budget Consultations the Department agreed that an even more robust pruning cycle is desirable. 12	214202012E	<p><b>Request:</b> Provide more firefighters or EMS workers</p> <p><b>Explanation:</b> Fund adequate new firefighter, Marshall, EMS and inspector hires. The decrease in inspections in FY 2018 was related to a staffing shortage that was not addressed until the end of the year. Ensure that staffing remains adequate. Two years ago more than a dozen Fire Marshalls were hired and dedicated to Brooklyn. The increase is useful and should be augmented by additional hires for Marshalls and inspectors in FY 20.</p> <p><b>Responsible Agency:</b> Fire Department</p>	<p>In the Preliminary Budget, Citywide personnel/program/ equipment funds are maintained in FY 2020. 19	214202019E	<p><b>Request:</b> Increase resources for youth crime prevention programs</p> <p><b>Explanation:</b> Over 35% of the population in CD 14 is under the age of 24. There are three large high schools in the District. There is only one youth officer in the 70th Police Precinct. The 70th Precinct Explorers program has grown over the past two years. Additional resources to continue this positive trend and to reduce youth perpetrated crime are needed.</p> <p><b>Responsible Agency:</b> Police Department</p>	<p>Additional NYPD resources for this project are unavailable at this time due to funding constraints. However, the program will continue to operate within current funding levels.</p>
20	214202020E	<p><b>Request:</b> Other services for homebound older adults programs</p> <p><b>Explanation:</b> Case management, home care, legal services, and transportation services are generally intertwined. There is no way to prioritize the needs of one senior citizen over those of another and it would be folly to provide transportation over home care for a senior who is need of both. The funding of these services must be designed with the approach that support services are inextricable.</p> <p><b>Responsible Agency:</b> Department for the Aging</p>	<p>DFTA continues to advocate for increased funding to support aging services throughout the five boroughs. Presently, there is no additional funding available to increase program budgets or commence new initiatives.</p>
21	214202021E	<p><b>Request:</b> Increase enforcement of canine waste laws</p> <p><b>Explanation:</b> This is one of the most often heard complaints at nearly every community meeting. The difficulty in enforcing the law is recognized by the Board.</p> <p><b>Responsible Agency:</b> Department of Sanitation</p>	<p>The agency will try to accommodate this issue within existing resources.</p>

22	214202022E	<p><b>Request:</b> Other commercial district revitalization requests</p> <p><b>Explanation:</b> The development and restoration of the Kings theater was an EDC project that is owned and managed by a private entity and is a for profit enterprise, the Tow Performing Arts Center is housed at a public institution of higher education but will run ticketed events, the Mayor's Office of Media and Entertainment permitted over 150 film and television productions in our 2.9 square miles of space last year. These enterprises generate a good deal of profit with the support of public space and financing. There should be some sort of mechanism that directs some funding back to the local community that often bears significant inconvenience from these activities.</p> <p><b>Responsible Agency:</b> Department of Small Business Services</p>	<p>Further study by the agency of this request is needed.</p>
23	214202023E	<p><b>Request:</b> Reduce rat populations</p> <p><b>Explanation:</b> CD 14 continues to be among the highest number of rodent complaints in the City.</p> <p><b>Responsible Agency:</b> Department of Health and Mental Hygiene</p>	<p>DOHMH continues to increase the number of inspections performed annually and has expanded our successful rat indexing approach to Brooklyn. We also continue to respond to 311 complaints and readily participate in walk-through events requested by the community in areas of concern. Feel free to contact us to request a walk-through. Additional services would be contingent upon available resources.</p>
24	214202024E	<p><b>Request:</b> Provide, expand, or enhance the Summer Youth Employment Program</p> <p><b>Explanation:</b> According to our Youth Conference attendees survey the biggest draw for the 600 youth who attended our annual conference was "jobs". However, it has become increasingly difficult to schedule the conference in tandem with the Summer Youth Employment application deadline because funding is always so uncertain. Given the very small percentage of applicants who are placed in summer jobs, it is imperative that the program be expanded and dependably funded.</p> <p><b>Responsible Agency:</b> Department of Youth &amp; Community Development</p>	<p>DYCD has increased funding in this service area.</p>

25	214202025E	<p><b>Request:</b> Assign more non-teaching staff, e.g., to provide social, health and other services</p> <p><b>Explanation:</b> Given the large immigrant population of students and the poverty rate in our District, such service would promote and support learning and educational attainment.</p> <p><b>Responsible Agency:</b> Department of Education</p>	Principals have direct control over their respective school-based staffing needs and will make their decisions accordingly.
26	214202026E	<p><b>Request:</b> Other cleaning requests</p> <p><b>Explanation:</b> There are 1200 road segments in CD 14. Given the number of dead ends, overpasses, and road bridges, cleaning is a persistent need. The sheer variety of Supervisors' functions in this increasingly densely populated and high traffic district has increasingly demonstrated that additional supervisors would alleviate myriad issues.</p> <p><b>Responsible Agency:</b> Department of Sanitation</p>	The agency will try to accommodate this issue within existing resources.
27	214202027E	<p><b>Request:</b> Provide, expand, or enhance after school programs for elementary school students (grades K-5)</p> <p><b>Explanation:</b> The ethnic and socio economic factors cited above demonstrate the need for after school programs for both elementary and middle school age students.</p> <p><b>Responsible Agency:</b> Department of Youth &amp; Community Development</p>	Presently, there are a variety of agency-funded programs in the district for this target population. Additional programs are contingent upon available funding and will be distributed through an RFP process. Organizations are encouraged to apply.
28	214202028E	<p><b>Request:</b> Create or promote programs for education and awareness on nutrition, physical activity, etc.</p> <p><b>Explanation:</b> Based on the obesity, diabetes and mental health rates noted above.</p> <p><b>Responsible Agency:</b> Department of Health and Mental Hygiene</p>	DOHMH plans to continue funding for obesity programming.

02	215202002C	<p><b>Request:</b> Renovate or upgrade an existing health care facility</p> <p><b>Explanation:</b> Coney Island Hospital located at 2601 Ocean Parkway is the closest Hospital to our district, it is near every major road artery in the community, the Belt Parkway and Ocean Parkway. Severely affected by Super Storm Sandy, the hospital is currently under renovations and is in the process of constructing a new flood-proof tower. With the new tower underway, Coney Island Hospital should be given the additional funding it needs to become a Level 1 Trauma Center, they currently don't have the equipment needed to designate them as such. Community Board 15 would like to see them properly funded to achieve this trauma care designation.</p> <p><b>Responsible Agency:</b> Health and Hospitals Corporation</p> <p><b>Location Site Name:</b> Coney Island Hospital</p>	<p>The costs and efforts needed to submit and operate a Trauma Center would make this an unsustainable proposition. 38	215202038C	<p><b>Request:</b> Add NYPD parking facilities</p> <p><b>Explanation:</b> Currently Brooklyn has only one police tow pound in Northern Brooklyn and it's almost at full capacity. Southern Brooklyn needs a tow pound to expedite the tow needs of our communities. The current pound being so far away allows for limited ability to remove illegally parked or abandoned cars in any given day from southern Brooklyn because of long travel times. This is a growing problem in our community.</p> <p><b>Responsible Agency:</b> Police Department</p>	Further study by the agency of this request is needed.

CS	215202043C	<p><b>Request:</b> Reconstruct streets</p> <p><b>Explanation:</b> Gerritsen Beach was a heavily damaged area during Super Storm Sandy. Flooding and Ponding have been an issue in the old section of Gerritsen, (South of Bartlett Avenue), for many years, during the aftermath of Sandy it is critical these upgrades be made. CS	215202045C	<p><b>Request:</b> Inspect storm sewer on specific street segment and service, repair or replace as needed</p> <p><b>Explanation:</b> In Gerritsen Beach, a new sewer system is needed. The streets in Gerritsen do not have proper storm drainage. They are on an antiquated system that no longer works for this community. It was a seasonal bungalow community that has grown over the decades into a larger yearly occupied neighborhood. The infrastructure never followed suit, particularly south of Bartlett Avenue to the dead end.</p> <p><b>Responsible Agency:</b> Department of Environmental Protection</p> <p><b>Location Site Street:</b> Bartlett Avenue  <b>Cross Street 1:</b> Gerritsen Avenue <b>Cross Street 2:</b> Plumb Beach Avenue</p>	Further study by the agency of this request is needed.

CS	215202047C	<p><b>Request:</b> Provide a new or expand an existing elementary school</p> <p><b>Explanation:</b> Brooklyn has grown in population at an alarming rate and our school systems have not caught up with the demands. We have several schools in the district that are overcrowded and resources are stretched to the seams. We need to take a good hard look at these schools and seek solutions to either expand classrooms when possible or create a new school to accommodate these very real and growing needs. Our children are our future and they deserve the best education possible and overcrowded classrooms can not provide that. PS 254, PS 153 and PS 206 are prime examples of schools at capacity.</p> <p><b>Responsible Agency:</b> Department of Education</p>	<p>Community District is located in a School District with identified seat need. 01	215202001E	<p><b>Request:</b> Inspect sanitary sewer on specific street segment and repair or replace as needed</p> <p><b>Explanation:</b> Community Board 15 is requesting the installation of back-flow preventors throughout the district. This community experienced many sewer back up issues after Sandy and these preventors would help with the back-ups. The neighborhoods of Manhattan Beach, Sheepshead Bay and Gerritsen Beach are the areas most affected. On Avenue Y from Mcdonald Avenue to Ocean Avenue going south the area was inundated with sewer back-ups and back-flow preventors would prevent that from happening again.</p> <p><b>Responsible Agency:</b> Department of Environmental Protection</p>	<p>Installation of backwater valves to prevent back-flow into homes in this area is being funded through the State's New York Rising program. Home resiliency audits are being performed in the District and preliminary analysis indicates that approximately 65% of homeowners in the area are eligible for valves. The City has an advisory role to CNYCN, the non-profit vendor who is running the program.</p>
02	215202002E	<p><b>Request:</b> Assign additional uniformed officers</p> <p><b>Explanation:</b> Community Board 15 is in need of additional police officers at our 61st Precinct, located at 2575 Coney Island Avenue. 03	215202003E	<p><b>Request:</b> Forestry services, including street tree maintenance</p> <p><b>Explanation:</b> Community Board 15 receives numerous complaints about trees not being pruned, maintained or planted in a timely fashion. More money needs to be allocated to provide better forestry services to our community, waiting 4 or 5 years is a ridiculously long time to have a tree planted and tree pruning can take 7 - 10 years, allowing it to become a hazard. We need to expedite this procedure, so adequately funding this division with additional trained staff and equipment would help to streamline this too long a process.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p>	<p>The agency recommends funding this expense budget request in FY 2020, but at this time the availability of funds is uncertain.</p>
04	215202004E	<p><b>Request:</b> Provide more firefighters or EMS workers</p> <p><b>Explanation:</b> Currently Kingsborough Community College at 2001 Oriental Blvd, during the Summer Months from May through October houses an FDNY fireboat. This fireboat is currently not manned 24/7 and we believe it would be in the best interest of the community if it could be. With a dry season, brush fires seem to have been more prevalent this year. Being a beach and boating community, rescues on the water are another challenge that a 24/7 fireboat would be well equipped to assist in. Pulling a boat from further away can be critical when time is of the essence. Being that this is a strategic location, we feel keeping it staffed and accessible 24/7 during the summer months would be a true asset to saving our residents and visitors lives.</p> <p><b>Responsible Agency:</b> Fire Department</p> <p><b>Location Site Name:</b> Kingsborough Community College  <b>Address:</b> 2001 Oriental Blvd</p>	<p>Further study by the agency of this request is needed.</p>

05	215202005E	<p><b>Request:</b> Assign additional crossing guards</p> <p><b>Explanation:</b> All the schools in the District are in need of additional crossing guards. With the severe traffic around schools at dismissal, crossing guards are imperative. Currently when a crossing guard is out sick, a uniformed officer is pulled away to take their place, taking an officer away from other critical policing work.</p> <p><b>Responsible Agency:</b> Police Department</p>	<p>NYPD funding is currently available to maintain the previously established School Crossing Guards and School Safety Agents headcounts. Any new post/staffing needs would need to go through internal and external vetting before being funded. In addition to meeting DOT pedestrian and vehicle clearance and safety requirements, the bioswale must be precisely located to collected stormwater runoff from the street. It also must be installed in an area where the underlying soil can absorb water. DEP is building the maximum number of bioswales to manage stormwater runoff and improve water quality in local waterways. Where we can install bioswales we will.</p>

# Register of Community Board Budget Requests

For the Preliminary Budget Fiscal Year 2020

## Manhattan

The City of New York  
Bill de Blasio, Mayor

## **FY 2020 Preliminary Budget Register of Community Board Budget Priorities**

**The Register of Community Board Budget Requests for the Preliminary Budget** reports the FY 2020 preliminary budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2020 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In July, OMB publishes the **Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-5943 for more information about the community board process including consultations, and the geographic versions of budget documents.

## FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

### LAYOUT OF BUDGET REQUESTS PAGES

#### Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

#### Column 2: Tracking Code

The nine digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year for which the request was submitted and the last two digits are the request number. The tenth character indicates whether it is a capital ("C") or expense ("E") budget request.

#### Column 3: Project Information

**Request:** A brief description of the project.

**Explanation:** Supporting information detailing the project, and its potential benefits.

**Responsible Agency:** The City agency which would implement the project.

**Budget Line Number:** The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

**PROJECT ID:** The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

**Source of Request:** Any group(s) which support the request.

#### Column 4: Response

The Preliminary Budget recommendation for each budget request.

11	302202011C	<p><b>Request:</b> Allocate funds for a new full service hospital with a Level 1 Trauma Center needed by the CB2 community since the closing of St. Vincent's Hospital.</p> <p><b>Explanation:</b> Since the closing of St. Vincent's, CB2 has no full-service admitting hospital, and no Level 1 Trauma care. While Northwell Health Greenwich Village handles emergency department needs, the closest admitting hospital is Mount Sinai Beth Israel, across town in CB6 and moving to CB3. With the imminent significant downsizing of that facility, there is serious concern in the community that hospital stays will happen farther from the community, causing greater distances to needed in-hospital testing and care, and greater distance for caregivers, loved ones and other support to visit patients. This will negatively impact outcomes and cause greater overcrowding in the next-nearest full-service hospitals.</p> <p><b>Responsible Agency:</b> Health and Hospitals Corporation</p>	<p>The nearest H+H facility is Bellevue, which is currently exploring how to absorb the potential increase in patients from Mount Sinai Beth Israel. 15	302202015C	<p><b>Request:</b> Allocate funds to reconstruct Clarkson St. from West St. to Greenwich St., including repair and replacement of Belgian blocks, along with installation of a granite bicycle strip.</p> <p><b>Explanation:</b> The Belgian block street bed on Clarkson St. bet. West and Greenwich Sts. is in great need of repair with loose, broken, scattered and missing blocks, large uncovered spaces, exposed manholes, and deep ridges, posing a major hazard to pedestrians, those in wheelchairs and with strollers, bicyclists and drivers. Morton St. is a main thoroughfare from the Hudson River Park (West St) going east, calling for an eastbound bicycle lane, granite bet West and Washington Sts and striped eastward from Washington. Excessively long pedestrian crossings, poor visibility, motorists driving on the sidewalk, gridlock, blocked crosswalks, hazardous turning movements, intermittent speeding, irregularly angled design and chaotic Holland Tunnel-bound traffic create exceptionally dangerous conditions for the many pedestrians (residential, working, tourists/seniors and children) using this area. We recognize and applaud the hiring of an additional enforcement staff member last year, but request that additional funds be allocated to increase staffing levels even more so as to effectively monitor compliance with approvals and check on violations and complaints. 01	303202001E	<p><b>Request:</b> Enhance NORC programs and health services</p> <p><b>Explanation:</b> Baseline funding for city funded NORCS Explanation: NORCs in CD 3, of which there are six, provide Supportive Services Programs to maximize and support the successful aging in place of older residents. Many of the City's NORCs can access health and social services in their own buildings, building complexes or locally within their neighborhoods. These programs are a model for bringing necessary care and support to seniors living in age-integrated buildings or neighborhoods.</p> <p><b>Responsible Agency:</b> Department for the Aging</p>	<p>DFTA continues to advocate for increased funding to support aging services throughout the five boroughs. Presently, there is no additional funding available to increase program budgets or commence new initiatives.</p>
02	303202002E	<p><b>Request:</b> Assign more non-teaching staff, e.g., to provide social, health and other services</p> <p><b>Explanation:</b> Increased staff funding for social workers and guidance counselors in schools with high homeless population Explanation: In CSD1, homeless students are highly segregated into two schools PS 188 and PS 15, where over 40% of the student population is homeless. Homeless children in CD 3 require comprehensive coordination of services to reduce students learning loss as they change schools, and funding is needed to ensure that service providers work together to deliver comprehensive support and prevent gaps in service provision and prevent duplications of intake, etc. attendance</p> <p><b>Responsible Agency:</b> Department of Education</p>	<p>This project was funded in a prior fiscal year and the scope is now underway.</p>

03	303202003E	<p><b>Request:</b> Other senior center program requests</p> <p><b>Explanation:</b> Fully fund senior centers increase funding for over-utilized senior centers Explanation: Many senior centers in CB 3 have experienced a recent increase in membership without an increase in funding. This is in addition to centers that have historically been over-utilized and under-funded. A large number of senior centers are currently funded by DFTA with each DFTA funded senior center being contracted for a specific number of meals and other services. However, the senior centers that do not receive enough funding go to the City Council. DFTA should fully fund all senior centers and more equitably allocate resources to meet service needs in over-utilized centers.</p> <p><b>Responsible Agency:</b> Department for the Aging</p>	<p>DFTA continues to advocate for increased funding to support aging services throughout the five boroughs. Presently, there is no additional funding available to increase program budgets or commence new initiatives.</p>
04	303202004E	<p><b>Request:</b> Other facilities for the homeless requests</p> <p><b>Explanation:</b> Increased funding for Social workers in family shelters Explanation: There are 362 social workers in 72 families with children sites. CD 3 has social workers in only 2 facilities. There should be 2 social workers in every family shelter</p> <p><b>Responsible Agency:</b> Department of Homeless Services</p>	<p>The Agency is evaluating all families with children shelters to allocate adequate social workers to meet the ideal client to social worker ratio.</p>
05	303202005E	<p><b>Request:</b> Other runaway and homeless youth requests</p> <p><b>Explanation:</b> Increase funding for Runaway Homeless Youth Explanation: Runaway and homeless youth need protection and help reuniting with their families whenever possible. According to the NYC Youth Count Report, there were over 2,000 homeless youth under 24 years old in NYC in 2017. Funding is needed for programs that provide services such as drop-in centers, crisis shelters, transitional independent living programs, and street outreach and referral services. Funding is also needed for specialized programming for runaway and homeless pregnant and parenting youth, as well as LGBTQ youth.</p> <p><b>Responsible Agency:</b> Department of Youth &amp; Community Development</p>	<p>DYCD has increased funding in this service area.</p>

06	303202006E	<p><b>Request:</b> Other facilities for the homeless requests</p> <p><b>Explanation:</b> Funding for additional safe haven beds Explanation: CD 3 is currently experiencing a crisis with street homeless. There are not only more homeless, but some of the beds previously designated for street homeless have been re-designated for subway homeless, which is also dramatically increasing. Safe Haven beds are low-threshold housing that enable street homeless to transition to housing and have proven effective. Currently there are not always beds available and street homeless have had to wait for this form of shelter.</p> <p><b>Responsible Agency:</b> Department of Homeless Services</p>	<p>DHS surveyed street homeless clients to discover the reasons they were not coming into shelter, and tailored a system based on the type of shelter they said they would be most likely to accept - our low threshold Safe Haven and stabilization beds. It is smaller and more private, with fewer rules and regulations. The idea behind this system is that our first priority is to get the individual off the street and to accept a bed. As a result, DHS has housed over 4,000 chronically street homeless individuals since this redesign in 2007. We welcome the expansion of Safe Haven and stabilization beds.</p>
07	303202007E	<p><b>Request:</b> Other foster care and child welfare requests</p> <p><b>Explanation:</b> Increase funding for youth aging out of foster care (ACS) Explanation: There is increased need for additional resources and services to support activities for this population</p> <p><b>Responsible Agency:</b> Administration for Children's Services</p>	<p>ACS currently offers services for youth and families. 11	303202011E	<p><b>Request:</b> Other commercial district revitalization requests</p> <p><b>Explanation:</b> Neighborhood 360 Funds Explanation: Neighborhood 360 grants provide funding to non-profit organizations to address key findings and commercial revitalization opportunities identified in each Neighborhood 360 Commercial District Needs Assessment (CDNA).</p> <p><b>Responsible Agency:</b> Department of Small Business Services</p>	<p>A sponsor group should apply to the agency through its funding process. We request the remapping of our district from 4 precincts to 1 or at most 2 precincts</p> <p><b>Responsible Agency:</b> Police Department</p>	<p>This is not recommended for funding because it is not an efficient use of resources to open a new police precinct or substation. To establish an additional precinct requires splitting personnel resources (including additional administrative positions) between the existing precinct and the new precinct. It is smaller and more private, with fewer rules and regulations. The idea behind this system is that our first priority is to get the individual off the street and to accept a bed. Illegal hotel use in our district continues to grow exponentially. The NYS Attorney General report Airbnb in the City, found that CB4 is one most trafficked neighborhoods for illegal hotel use, and of the three community districts that collectively account for 41% of Airbnbs revenue in NYC. Illegal hotel use depletes our affordable housing stock, incentives tenant harassment and creates quality of life issues for existing tenants. 01	306202001C	<p><b>Request:</b> Provide more housing for extremely low and low income households</p> <p><b>Explanation:</b> CB6 requests the preservation of existing and the development of NEW low- and moderate-income housing in CD6. Over the past 15-20 years, a loss of Mitchell-Lama, and loss of Section 8 housing, and loss of rent-controlled and loss of rent-regulated housing, have caused areas in CD6 to become increasingly more income segregated. In order to support and retain our existing population and promote economic diversity, we call upon the City to commit at least \$20 Million to provide new or reclaimed low-and moderate-income housing within our district in the forthcoming year.</p> <p><b>Responsible Agency:</b> Department of Housing Preservation &amp; Development</p>	The agency will try to accommodate this issue within existing resources.
02	306202002C	<p><b>Request:</b> Invest in capital projects to improve access to the waterfront</p> <p><b>Explanation:</b> CB6 has been advocating for a fully-connected esplanade along the East River for over 20 years. A Memorandum of Understanding between New York State &amp; New York City is now in place detailing the funding sources for construction of the esplanade from East 38th St. to East 59th St. Certain particulars of funding, such as UN Plaza-related dispositions are yet to be accomplished. CB6 will insist that the City continue its commitment to its realization, and requests updated timelines for the esplanade and bikeway plans when possible. 03	306202003C	<p><b>Request:</b> Provide more housing for special needs households, such as seniors, or the formerly homeless</p> <p><b>Explanation:</b> CB6 asks that additional housing units be built for the homeless mentally ill population in the spirit of the NY/NY supportive housing programs. Too many mentally ill people are on the streets, in shelters or in jails where they do not receive support or medications. For these individuals, supportive housing will sharply reduce shelter recidivism and greatly improve the City's quality of life. More NY/NY-type units are needed citywide. In light of the homelessness crisis, we ask that the final disbursements be made through the NY/NY III program and that funding be expedited towards Mayor De Blasio's new 15,000-unit City-led goal. We include a special note to New York State, asking for full funding of the Governor's 20,000-unit statewide commitment.</p> <p><b>Responsible Agency:</b> Department of Housing Preservation &amp; Development</p> <p><b>Supported by:</b> Mental Health Association of New York City</p>	<p>The agency will accommodate this issue within existing resources.</p>

05	306202005C	<p><b>Request:</b> Provide a new or expanded health care facility</p> <p><b>Explanation:</b> The Children's Comprehensive Psychiatric Emergency Program at Bellevue Hospital is the only psychiatric emergency care environment in New York State, and one of three in the world, dedicated solely to the care of children and adolescents. The C-CPEP census doubled from 2011 to 2012 and almost doubled again in 2013. With significant growth in volume, it is essential that Bellevue expand the physical space dedicated to these services. Space has been identified to enlarge the waiting area, add 4 consultation rooms for emergency evaluations and Interim Crisis Clinic visits, and to add office space for new staff. All that is lacking is the funding to make this possible. There is an insufficient supply of housing for homeless families. HPD needs to allocate to homeless families just five percent (5%) more of the vacant units that become available annually from the city's existing affordable housing resources. 09	306202009C	<p><b>Request:</b> Other FDNY facilities and equipment requests</p> <p><b>Explanation:</b> Provide a back-up generator to Manhattan's Engine 016/007. After Superstorm Sandy, New Yorkers became aware of how our first responders could be limited in carrying out their important work when first-line equipment fails due to flooding or blackouts. Engine 16 confirms the firehouse does not have a generator, even though they are located in the postSandy Manhattan power-loss zone.</p> <p><b>Responsible Agency:</b> Fire Department</p> <p><b>Supported by:</b> Kips Bay Neighborhood Alliance Uniformed Firefighters Association</p> <p><b>Location Site Name:</b> Engine 16/Ladder 7 <b>Address:</b> 234 E 29th Street</p>	<p>Emergency generators are being installed throughout firehouses on a yearly basis, priority established by Fire Operations, funding is reliant on Federal Grants. Repairs and upgrades to facilities must be scheduled carefully so overall (and local/neighborhood) emergency response operations are not negatively impacted. Additionally, these requests must be prioritized so more critical issues (e.g., health and safety or operational response issues) are addressed first. We repair all facilities as resources and priorities allow.</p>

11	306202011C	<p><b>Request:</b> Renovate or upgrade existing precinct houses</p> <p><b>Explanation:</b> CB6 requests that the 13th Precinct receive funds for a full renovation or replacement of the precinct house. Though NYPD has replied that this has been funded, requests for scope so far only cite upgrades to wiring and aesthetics, not the full structural work we have been told is needed. With crime-fighting shifting more and more to technology-heavy approaches, precincts should be fully equipped with state of the art hardware that would increase the efficiency of uniformed and civilian staff. NYPD management acknowledged the need and requested our support for this request in 2016.</p> <p><b>Responsible Agency:</b> Police Department</p> <p><b>Location Site Name:</b> 13th Precinct <b>Address:</b> 230 E 21st Street</p>	<p>This project was funded in a prior fiscal year and the scope is now underway.</p>
12	306202012C	<p><b>Request:</b> Create a new, or renovate or upgrade an existing public library</p> <p><b>Explanation:</b> The Epiphany Branch Library requires a partial interior renovation to meet ADA compliance and requires immediate replacement of its windows and renovation of the building envelope. The library envelope reconstruction is partially funded, with a shortfall of \$1.5 Million per NYPL estimates. We ask that all work at the Epiphany Branch be fully funded, including interior ADA compliance and full window replacement, to guaranty its use by the widest possible audience.</p> <p><b>Responsible Agency:</b> New York Public Library</p> <p><b>Supported by:</b> New York Public Library</p> <p><b>Location Site Name:</b> Epiphany Library <b>Address:</b> 228 East 23rd Street</p>	<p>NYPL is in favor of this project; however, restored City capital funding is required. 14	306202014C	<p><b>Request:</b> Create a new senior center or other facility for seniors</p> <p><b>Explanation:</b> The Board understands the lack of fed &amp; state funds for a new senior center, but asks DFTA to aggressively advocate for such funds &amp; seek city funds, in conjunction with other agencies, to ensure adequate services to our aging population. CD6 only has Stein Ctr &amp; the Center at St. Peter's, a satellite location of Lenox Hill Houses. CB6 also notes DFTA's objective to provide innovative senior ctrs and the life-long learning concept clearly fits in the innovative approach. If an add'l physical location is not feasible now, we ask that centers in CD6 have these enhanced programs and that DFTA use future support programs for seniors in other spaces such as colleges &amp; schools.</p> <p><b>Responsible Agency:</b> Department for the Aging</p>	<p>DFTA continues to advocate for increased funding to support aging services throughout the five boroughs. Given the \$18 million the city and state allocated in 2015 to NYCHA for comprehensive security upgrades throughout its developments, we strongly request any uncommitted funds be used to replace all these doors entirely with layered access control (LAC) technology, including security key fobs, for all buildings within this local NYCHA development. 02	306202002E	<p><b>Request:</b> Enhance educational and recreational programs</p> <p><b>Explanation:</b> A new senior facility providing meals and services has been requested by CB6 for over a decade. While we continue to advocate for an additional center in our district, our aging population would benefit from an expansion of programming that can be housed in existing city facilities or in sites run by community organizations, and funded by DFTA and other agencies. Libraries or CBOs, for example, can host or provide exercise programs, fall prevention programming (i.e., Tai Chi), life long learning and technology programming.</p> <p><b>Responsible Agency:</b> Department for the Aging</p>	<p>DFTA continues to advocate for increased funding to support aging services throughout the five boroughs. Presently, there is no additional funding available to increase program budgets or commence new initiatives.</p>
03	306202003E	<p><b>Request:</b> Extend library hours or expand and enhance library programs</p> <p><b>Explanation:</b> Fund full Service Hours at Kips Bay, Epiphany and Grand Central Libraries and add service seven days a week in FY 2020. 05	306202005E	<p><b>Request:</b> Enhance park safety through more security staff (police or parks enforcement)</p> <p><b>Explanation:</b> Park Enforcement Patrol (PEP) officer presence reduces illegal or inappropriate behavior and increases the opportunity for peaceful and safe enjoyment of the parks by both children and adults. CB6 would like more frequent patrols in our district. Current levels of roving enforcement are not sufficient to address quality of life issues in our parks; more fixed patrols are needed. In this vein, we support funding of 1 additional sergeant and 8 additional PEP officers for Manhattan South.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p>	<p>The agency recommends funding this expense budget request in FY 2020, but at this time the availability of funds is uncertain.</p>
06	306202006E	<p><b>Request:</b> Enhance home care services</p> <p><b>Explanation:</b> Allocate Additional Funding for Home Assistance Programs for the Elderly in CD6. 15.6% of the population of the district is over age 65 and the mean age in the district is the oldest in the city. CB6 requests a higher level of attention to its elderly population. Increased availability of home assistance may become particularly important after the cutbacks in services at senior centers throughout the area. This method of care is far less expensive than subsidized nursing home care, which is typically the alternative.</p> <p><b>Responsible Agency:</b> Department for the Aging</p>	<p>DFTA continues to advocate for increased funding to support aging services throughout the five boroughs. 07	306202007E	<p><b>Request:</b> Investigate noise complaints at specific location</p> <p><b>Explanation:</b> Increase staffing of Noise Pollution Control Inspectors. In recent years, 311 and other reports show noise as #1 complain in the district. Aside from noise from late-night revelers and bars/restaurants, CD6 has also experienced increased complaints due to traffic congestion. Our roads are narrower due to bike/bus lanes and we have major approaches in our borders, such as the Queensboro Bridge and Queens Midtown Tunnel - the latter currently undergoing major shutdowns for improvements. We also host the 34th St Heliport and large construction projects that deserve monitoring. More inspectors would stay ahead of complaints with 24/7 monitoring, rather than the current after-the-fact on-site visits.</p> <p><b>Responsible Agency:</b> Department of Environmental Protection</p>	<p>The agency will accommodate this issue within existing resources.</p>
08	306202008E	<p><b>Request:</b> Other runaway and homeless youth requests</p> <p><b>Explanation:</b> Increase funding for school-based social workers - Issues with public education can add to the avalanche of issues that these children face in their lives, and can cause ripples of issues in the community (joblessness, health issues, poverty, crime). To address this, we strongly suggest the city provide a significant budget &amp; staffing boost for school-based social workers.</p> <p><b>Responsible Agency:</b> Department of Youth &amp; Community Development</p>	<p>This service area is not under the agency's jurisdiction.</p>

09	306202009E	<p><b>Request:</b> Reduce rat populations</p> <p><b>Explanation:</b> Reports of rats increased significantly in 2014 and continued since - a multi-agency effort, rat control is still a problem. Increased construction planned in the district in the next few years will only exacerbate the problem. We also take note of the need to coordinate rat abatement activities through adequate park maintenance, litter enforcement, and increased sanitation pickups. Major infestations persist throughout the district and additional efforts are needed</p> <p><b>Responsible Agency:</b> Department of Health and Mental Hygiene</p>	<p>DOHMH continues to increase the number of inspections performed annually and has expanded our successful rat indexing approach to Manhattan (which has more than one inspector). We also continue to respond to all 311 complaints and readily participate in walk-through events requested by the community in areas of concern. Feel free to contact us to request a walk-through. Additional services would be contingent upon available resources.</p>
10	306202010E	<p><b>Request:</b> Provide more community board staff</p> <p><b>Explanation:</b> Increase funding for CB6 Office to hire an additional staff member in charge of special projects to organize, coordinate and promote programming for, among other things, youth and senior activities and services. The Board Office is already overburdened by district-wide issues as well as individual constituent cases that require followup and constant monitoring. They support the Board in various capacities not limited to communication with city agencies with which CB6 has ongoing business. The "special projects" staff member would not only concentrate on sub-specialty issues that require frequent offsite work, but can take on responsibilities as needed whenever the office's caseload is at its highest. It would enhance and streamline the way our Board interacts with our community.</p> <p><b>Responsible Agency:</b> Mayor's Office of Management and Budget</p> <p><b>Location Site Name:</b> Community Board Six Office <b>Address:</b> 211 East 43rd Street</p>	<p>Community board budgets are being increased.</p>

11	306202011E	<p><b>Request:</b> Assign additional traffic enforcement officers</p> <p><b>Explanation:</b> We have elsewhere requested maintaining uniformed staff levels at the 13th Precinct and increasing staff at the 17th. This request is specifically directed at the need for increased enforcement of parking and traffic violations which is under a separate command in the NYPD. CD6 residents are mostly pedestrians. Vehicles in pedestrian crosswalks or traveling in a dangerous manner are a threat, particularly to our aging population, and cause congestion in a traffic-plagued district. In addition, drivers who cause air and noise pollution through excessive honking, unmuffled exhausts and idling should be penalized. Bike and bus lanes are not being respected. Many of these facets fall in line with the Mayor's Vision Zero plan and could be addressed with increased traffic officers.</p> <p><b>Responsible Agency:</b> Police Department</p>	<p>NYPD's total uniformed staffing levels depend on decisions made in the Preliminary and Executive Budget process. Allocation of uniformed personnel is scheduled by the agency only after graduation of police classes from the Academy.</p>

13	306202013E	<p><b>Request:</b> Other traffic improvements requests</p> <p><b>Explanation:</b> A paving crew should help with traffic conditions in CD6, while it would save money due to vehicular damage claims against the city. We have been informed by DOT sources that additional staffing is necessary to meet the needs of maintenance and repair of streets in our District. This would prevent lane closures, improve traffic in spots, and avoid damage to cars, trucks and city vehicles due to potholes and sinkholes. According to the Comptroller's Office, \$138 Million was spent on pothole claims in New York from 2010-2015 and wait time for pothole repairs as of July 2015 average 7 days.</p> <p><b>Responsible Agency:</b> Department of Transportation</p> <p><b>Supported by:</b> Report from the Office of the Comptroller</p>	<p>Resurfacing and milling requests should be directed to the respective NYCDOT Borough Directors of Maintenance. 15	306202015E	<p><b>Request:</b> Enhance programs for elder abuse victims</p> <p><b>Explanation:</b> With an aging population comes a greater need for attention to crimes perpetrated that are particular to seniors. Combating elder abuse, whether physical (domestic) abuse or the financial kind is critical in a district that has over 15% of its population over the age of 65 (and growing). CB6 asks for additional funds to be devoted to specialized programs developed by the Department for the Aging to identify and prevent these situations. Additionally, more data on the extent of elder abuse in our city would be helpful in identifying needs in the district and citywide.</p> <p><b>Responsible Agency:</b> Department for the Aging</p>	<p>DFTA continues to advocate for increased funding to support aging services throughout the five boroughs. Current Landmarks Preservation Commission staffing levels are not sufficient to physically inspect properties nor to process new (or outstanding) landmark applications. We ask that staffing at the agency increase.</p> <p><b>Responsible Agency:</b> Landmarks Preservation Commission</p>	<p>The Landmarks Preservation Commission received funding for, and hired, 3 additional permit-issuing staff in FY 2019. 19	306202019E	<p><b>Request:</b> Provide, expand, or enhance preventive services and community based alternatives for youth</p> <p><b>Explanation:</b> CB6 requests that funding be enhanced for preventive services that allow families to remain together while maintaining the welfare of children in the home. We understand these programs are effective in preventing children from entering foster care and can include services such as family or individual counseling, parenting classes, substance abuse treatment, domestic violence intervention, home care, and support for pregnant and parenting teens, among others. However, this funding must be coupled with additional staff and better training for caseworkers to ensure children's safety.</p> <p><b>Responsible Agency:</b> Administration for Children's Services</p>	<p>ACS currently offers services for youth and families. 20	306202020E	<p><b>Request:</b> Provide, expand, or enhance the Summer Youth Employment Program</p> <p><b>Explanation:</b> CB6 notes the value in providing jobs for our city's youth while they are out of class for the summer. It helps teens transition into the disciplinary structure of full-time employment and in many cases, adds much needed income to a household. There remains a large gap between funded summer youth positions and extraordinary number of applications received each year. The City has increased funding for this program in FY 2016 and FY 2017, and we look to an additional increase in FY 2020. We also ask the city target populations within our district where possible.</p> <p><b>Responsible Agency:</b> Department of Youth &amp; Community Development</p>	<p>DYCD has increased funding in this service area.</p>
21	306202021E	<p><b>Request:</b> Expand funding for fire prevention and life safety initiatives</p> <p><b>Explanation:</b> Extend Funding of the FDNY CPR Initiative: Community Board 6 endorses this borough-wide initiative. We understand that funding constraints have, in the past, limited the full implementation of this important community program. While some non-governmental funds are available, for example, via the FDNY Foundation, the City should be responsible for any short-fall in funding.</p> <p><b>Responsible Agency:</b> Fire Department</p>	<p>The FDNY Foundation provides funds to assist the Department in meeting these needs.</p>

04	307202004C	<p><b>Request:</b> Renovate other site component</p> <p><b>Explanation:</b> Only 16% of the 28 separate public school buildings located within Community School District 3 qualify as accessible under the Americans with Disabilities Act. Many of the non-accessible buildings were built during an era in which elevators and other means of providing equitable access was not feasible, and the cost to retrofit such buildings can be significant. Many students with disabilities must travel significant distances to a building that provides handicap accessibility. In addition, as a result of screening and admissions criteria at certain schools, the nearest accessible school building may not be available to or a viable option for certain mobility challenged students, which may exacerbate the segregation of students by race, performance level, or learning challenges.</p> <p><b>Responsible Agency:</b> Department of Education</p>	Further study by the agency of this request is needed.
05	307202005C	<p><b>Request:</b> Improve traffic and pedestrian safety, including traffic calming</p> <p><b>Explanation:</b> Speeding near schools continues to be a problem throughout the district, with some areas, such as West 95th/West 96th Street-with nearby entrances/exits to the Henry Hudson Parkway, a particular concern. Strategically placed speed cameras would make the areas close to schools much safer for children and all pedestrians. Failure to yield &amp; running red/amber lights with the resultant vehicular/pedestrian accidents resulting in serious injury and/or loss of life - continues to be a serious concern throughout the district. The placement of red light cameras - particularly in areas known to be at a high risk for vehicular/pedestrian conflicts - would send a strong message to operators of vehicles that speeding and improper/illegal movements will be prosecuted to the fullest extent possible</p> <p><b>Responsible Agency:</b> Department of Transportation</p>	Red Light Cameras are supported by NYCDOT; their placement locations are not disclosed to the public. 17	307202017C	<p><b>Request:</b> Roadway maintenance (i.e. pothole repair, resurfacing, trench restoration, etc.)</p> <p><b>Explanation:</b> There are 193.6 lane miles of paved streets in CD7, slightly more than 10% of the lane mileage of all of Manhattan. The huge increase in street cuts for utility work, including fiber optics and cable, and construction has left CD7s streets in dire shape. Side streets and intersections are particularly rutted. Many blocks on Broadway, Amsterdam Avenue and Columbus Avenue have ruts as deep as 6 inches in the parking lanes near the curbs.</p> <p><b>Responsible Agency:</b> Department of Transportation</p>	<p>Resurfacing and milling requests should be directed to the respective NYCDOT Borough Directors of Maintenance. 22	307202022C	<p><b>Request:</b> Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</p> <p><b>Explanation:</b> Verdi Park is overrun with rats, even with the recent installation of numerous solar trash compactors. It has an extremely high ratio of food consumption to square footage. Its benches attract a large number of homeless people, and its current plantings, which include large areas of ivy, facilitate the establishment of rat burrows. Then-Council Member Brewer allocated \$50,000 several years ago for the purchase of 10 solar trash compactors for Verdi Park, but those funds were never deployed and could not be deployed for trash compactors. Rather, they were held to be deployed as partial funding for a reconstruction of Verdi Park that would address the problems leading, among other things, to the heavy rat infestation.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p> <p><b>Location Site Name:</b> Verdi Park</p>	Further study by the agency of this request is needed.

25	307202025C	<p><b>Request:</b> Improve traffic and pedestrian safety, including traffic calming</p> <p><b>Explanation:</b> Electric and other infrastructure, and programming capacity, to coordinate traffic signals in Central Park electronically, including providing the ability for pedestrian walk signals to be activated by "push buttons" when pedestrians want to cross the Drives. The traffic signals in Central Park were installed decades ago, essentially to govern private motor vehicle traffic, which has now been prohibited in the Park. But currently, regardless of time of day or other circumstances, the signals on the Drives can only be governed manually. This innovation is necessary to provide up to date functionality to the traffic signal system in Central Park, so that the thousands of recreational users -- pedestrians (including runners), cyclists, skaters, etc. -- can be made as safe as possible.</p> <p><b>Responsible Agency:</b> Department of Transportation</p> <p><b>Location Site Name:</b> Central Park</p>	<p>Requests for new traffic signals should be directed to the respective NYCDOT Borough Commissioner. That final design phase has continued for an unusually long time because of issues involving getting electric power to the site, as well as the federal funding source, which requires additional levels of review. 01	307202001E	<p><b>Request:</b> Other community board facilities and staff requests</p> <p><b>Explanation:</b> Increase Community Board budgets. Community boards have not received a budget increase for non-personnel costs in more than fifteen years. Meanwhile, costs and demands for services have increased dramatically. The NYC Council included a one-time grant of \$42K for each community board in the FY19 budget. Baselineing this amount for each board would cover much of the increase in OTPS costs.</p> <p><b>Responsible Agency:</b> Mayor's Office of Management and Budget</p>	Community board budgets are being increased.
02	307202002E	<p><b>Request:</b> Provide, expand, or enhance after school programs for elementary school students (grades K-5)</p> <p><b>Explanation:</b> Afterschool programs ensure that children are safe in the hours between the end of school and the end of their families' work day, when they would otherwise be most vulnerable, and provide opportunities for remedial instruction, enrichment, and safe play. Certain of these same programs continue to provide these same safe and affirming environments during school breaks in the summer. Education and NYPD specialists have advised CB7 that an effective means to address increased gang and crew activity, especially in NYCHA campuses and adjacent parks and playgrounds, would be to have safe places for youth and teens to meet and spend time outside the influence of gang activity.</p> <p><b>Responsible Agency:</b> Department of Youth &amp; Community Development</p>	Presently, there are a variety of agency-funded programs in the district for this target population. 03	307202003E	<p><b>Request:</b> Investigate air quality complaints at specific location</p> <p><b>Explanation:</b> Dedicated enforcement staff for anti-idling law. There is currently no routine enforcement of the anti-idling law, and only spotty and largely unsuccessful enforcement of specific targeted violations. Drivers of commercial and individual private motor vehicles park at our curbs and run their motors continuously with impunity. The NYC idling law is intended to reduce pollution that harms our health. It also is addressed to limiting the use of non-renewable fossil fuels. The Upper West Side is particularly vulnerable to asthma and other health problems from pollution because of our high population density and the continued use of polluting fossil fuels for heating our buildings.</p> <p><b>Responsible Agency:</b> Department of Environmental Protection</p>	The agency will accommodate this issue within existing resources.
04	307202004E	<p><b>Request:</b> Other educational programs requests</p> <p><b>Explanation:</b> The Department of Education recently awarded a grant of \$500,000 to each of several school districts that are undertaking initiatives to identify and support efforts to increase diversity or end segregation of students based on race, ethnicity, performance level, and/or special needs status. District 3 / Community District 7 has already undertaken such initiatives, and is now working to address the needs of students who have scored below grade level on various in-school or standardized assessments, both those who will benefit from revised access to CSD3 schools and those who will not. District 3 should receive equivalent funding in order to continue its work to achieve its goals of increasing diversity while meeting the needs of all students.</p> <p><b>Responsible Agency:</b> Department of Education</p>	Further study by the agency of this request is needed.

05	307202005E	<p><b>Request:</b> Other request for services for the homeless</p> <p><b>Explanation:</b> The District is home to multiple transitional shelters and a variety of supportive housing operations. 06	307202006E	<p><b>Request:</b> Provide a new or expanded park or amenity (i.e. playground, outdoor athletic field)</p> <p><b>Explanation:</b> Solar trash compactors help control the rat population. The installation of solar trash compactors has been successful in, for example, Theodore Roosevelt Park. Two compactors are needed for Straus Park, and approximately 13-16 compactors deployed at various playgrounds in District 7 could substantially help to reduce the rat population.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p>	<p>The agency recommends funding this expense budget request in FY 2020, but at this time the availability of funds is uncertain.</p>
07	307202007E	<p><b>Request:</b> Provide, expand, or enhance the Summer Youth Employment Program</p> <p><b>Explanation:</b> Summer Youth Employment Programs serve several compelling needs. They provide alternatives to gang influence for at-risk youth; provide models and pathways to employment; develop positive work habits and self-esteem; and virtually every dollar earned is spent in the community. In addition, without the availability of this work force, community-based organizations serving children and youth cannot meet their adult-to-child ratios, making those programs less effective. SYEP has finally emerged from a 5-year period in which serial budget cuts all but decimated the program. Thanks to renewed and baselined funding, a record of over 74,000 youth were included in SYEP in the summer of 2018. Nevertheless, some 89,000 applicants were left without a placement.</p> <p><b>Responsible Agency:</b> Department of Youth &amp; Community Development</p>	<p>DYCD has increased funding in this service area.</p>

NYCHA developments in CD7 have a significant backlog of repair requests in residents apartments. Repairs are made when there are enough of them to warrant the issuance of a contract. Having skilled trades (plumbers, electricians, carpenters) do the work at these developments would result in timely repairs, a reduction of the backlogs and increased well-being for the residents. 10	307202010E	<p><b>Request:</b> Additional Preservation Staff</p> <p><b>Explanation:</b> More than 95% of all applications to the Landmarks Preservation Commission are determined or resolved by the LPC Staff, and the remaining 5% that proceed to a public hearing before the Commissioners also require extensive preparation and consultation between applicants and Staff. The proposed Amendments to the rules governing the LPC processes and procedures would result in even more applications being resolved at Staff Level. 11	307202011E	<p><b>Request:</b> Provide better park maintenance</p> <p><b>Explanation:</b> Pest control personnel. The rodent population in parks has exploded in recent years. In District 7, Verdi Square, Straus, Theodore Roosevelt and Riverside Parks, the Broadway Malls, and several playgrounds have had extreme rodent infestations. A second dedicated exterminator for District 7 and Riverside Park would allow Parks to address infestations through a variety of systematic and sustainable measures, including the newly available dry ice method, which, like more traditional methods, requires a licensed exterminator.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p>	<p>The agency recommends funding this expense budget request in FY 2020, but at this time the availability of funds is uncertain.</p>
12	307202012E	<p><b>Request:</b> Other NYPD staff resources requests</p> <p><b>Explanation:</b> Increased funding to train officers in the 20 and 24 Precincts in use of radar guns. Too few precinct officers are trained on the use of radar guns for speed enforcement. As a result, there is a finite limit to the speed enforcement available in our precincts. 13	307202013E	<p><b>Request:</b> Renovate other site component</p> <p><b>Explanation:</b> Fewer than 16% of school buildings in Community School District 3 are compliant with the federal Americans with Disabilities Act. This condition severely limits the schools that mobility-challenged students in our District may attend regardless of the appropriateness of the academic and enrichment offerings at that school. Many of the school buildings in CSD3 long pre-date any notion of modification or retro-fitting for handicap accessibility, making the installation of elevators and ADA-compliant ramps difficult if not impossible to envision in many instances. Funds are needed to perform a school building-by-building assessment and survey of the feasibility of installing elevators, ramps and other retrofitting devices to enhance or achieve compliance with ADA requirements.</p> <p><b>Responsible Agency:</b> Department of Education</p>	Further study by the agency of this request is needed.
14	307202014E	<p><b>Request:</b> Enhance park safety through more security staff (police or parks enforcement)</p> <p><b>Explanation:</b> Park Enforcement Personnel (PEP officers) for Riverside Park and District 7. Community District 7 is covered by the 16 city funded PEP that report out of North Meadow in Central Park. They cover both the east and west sides of Manhattan from 59th Street to 125th Streets, and Riverside Park. They also help cover other calls that fixed post officers in Central Park cannot cover. In addition four fixed-post officers, who are paid for under dedicated funding, patrol Riverside Park South and are available in Riverside Park only for emergency conditions. An additional eight officers and a sergeant (\$60K per officer, more for a sergeant) for Manhattan would increase safety and help address graffiti and other vandalism, littering, skateboarding, homeless, alcohol, off-leash, smoking, etc.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p>	The agency recommends funding this expense budget request in FY 2020, but at this time the availability of funds is uncertain.

16	307202016E	<p><b>Request:</b> Extend library hours or expand and enhance library programs</p> <p><b>Explanation:</b> Increase NYPL Staff and Operating Budget. Branch libraries increasingly serving as a lifeline to vulnerable constituents for services as varied as access to jobs and computer resources to research and recreational reading to safe havens for teens and youth. It is critical that this lifeline that branch libraries represent to the entire community be available 7 days a week in our District. 17	307202017E	<p><b>Request:</b> Other educational programs requests</p> <p><b>Explanation:</b> Since 2011, New York City Department of Education (DOE) has required students to receive sexuality education as part of their mandatory single semesters of health education in both middle and high school, but reports from students, educators, and DOE itself show that even this minimal requirement is not being effectively implemented. Every young person will one day have life-changing decisions to make about their sexual and reproductive health. Yet research shows that the majority of adolescents lack the knowledge required to make those decisions responsibly, leaving them vulnerable to coercion, sexually transmitted infections and unintended pregnancy.</p> <p><b>Responsible Agency:</b> Department of Education</p>	This request has already been funded.
18	307202018E	<p><b>Request:</b> Address illegal conversions and uses of buildings</p> <p><b>Explanation:</b> Allocate funding to expand the Certificate of No Harassment pilot program to the remaining 40 community districts.</p> <p><b>Responsible Agency:</b> Department of Buildings</p>	More information is needed from the community board before making a funding decision. The community board should contact the agency.
19	307202019E	<p><b>Request:</b> Add street signage or wayfinding elements</p> <p><b>Explanation:</b> There is a lack of signage where the Henry Hudson Parkway exits on to West Side streets, at the 79th Street and 95th -96th Street exits. As this may be the first place vehicles are actually on NYC streets from their point of origin, it is essential that New York City's rules &amp; regulations be visible to motorists who may not be aware of them. Additionally, there is a paucity of speed limit signage throughout the West Side.</p> <p><b>Responsible Agency:</b> Department of Transportation</p>	Further study by the agency of this request is needed.

20	307202020E	<p><b>Request:</b> Create or promote programs to de-stigmatize mental health problems and encourage treatment</p> <p><b>Explanation:</b> Department of Health &amp; Mental Hygiene/ NYC Police Department Mental Health Training. William F. Ryan Community Health Center has offered Mental Health First Aid training for community to learn how to listen and lead people with emotional problems to help. Training would be useful for the officers in the District 7 precincts. 21	307202021E	<p><b>Request:</b> Other educational programs requests</p> <p><b>Explanation:</b> Adequate child care is a necessity for working families. The Mayor's initiative to expand all-day pre-K, together with expanded Head Start programming, is funded under the Early Learn initiative, are proven drivers of achievement in school for years to come as well as stability for working families. It is essential that the funding for these programs, baselined in FY15, continue at least at the current programming levels to deliver both the services families need as well as certainty essential to good planning by service providers, families and ancillary services.</p> <p><b>Responsible Agency:</b> Department of Education</p>	Further study by the agency of this request is needed.
22	307202022E	<p><b>Request:</b> Other educational programs requests</p> <p><b>Explanation:</b> Regular physical fitness is acknowledged as necessary for both physical and mental well-being. Due to overcrowding and scheduling changes around curriculum pressures and testing, schools have reduced gym classes and recess time. Most school playgrounds operated by the Dept. of Education are locked after the school day because there is no staff to supervise them. It is recommended that two school playgrounds in the MCD7 receive funding of \$55K for personnel allowing the playgrounds to remain open.</p> <p><b>Responsible Agency:</b> Department of Education</p>	Further study by the agency of this request is needed.

23	307202023E	<p><b>Request:</b> Provide better park maintenance</p> <p><b>Explanation:</b> DPR has more than 8,400 street trees in District 7. This does not include the trees in Central and Riverside Parks. Many of these street trees have dead branches; most have not been trimmed for a long time. When stumps remain in place, trees cannot be replanted. Funding for emergency pruning and stump removal and a 10-year pruning cycle would make it possible for Parks to respond more rapidly to requests for tree pruning and stump removal, would reduce safety concerns, and would allow replacement of trees that have been removed.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p>	<p>The agency recommends funding this expense budget request in FY 2020, but at this time the availability of funds is uncertain.</p>
24	307202024E	<p><b>Request:</b> Provide better park maintenance</p> <p><b>Explanation:</b> DPR has more than 8,400 street trees in District 7. This does not include the trees in Central and Riverside Parks. While DPR looks to adjacent building owners to maintain, including voluntary plantings, the beds of street trees, DPR itself does not have any service to maintain the tree beds. In many tree beds, the soil becomes so compacted that water and air cannot reach the tree roots. DPR should have a service that assures that all street trees will thrive. A program in MCD7 addressed, at a minimum, to maximizing the DPR partnership with private neighbors, would demonstrate the importance of tree stewardship; the diversion of rain water away from sidewalks and sewers; and the value of disruption of disruption of rat burrows.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p>	<p>The agency recommends funding this expense budget request in FY 2020, but at this time the availability of funds is uncertain.</p>
25	307202025E	<p><b>Request:</b> New equipment for maintenance</p> <p><b>Explanation:</b> Vehicle Maintenance. DPRs heavy-duty vehicles are maintained by DSNY, which results in long delays and inefficiencies, severely hampering DPR operations. A dedicated maintenance budget would vastly improve DPRs ability to maintain the parks in the District.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p>	<p>Further study by the agency of this request is needed.</p>

26	307202026E	<p><b>Request:</b> Other park programming requests</p> <p><b>Explanation:</b> Staff for Gertrude Ederle Recreation Center (West 60th Street.) Replace two playground associates and two recreation specialists (\$54,000 each) to run various programs, including programs for teens and adult fitness. Attrition policies resulted in the elimination of these staff lines aft after the Center reopened following substantial renovations, and cuts in programming. It is essential that this new and thriving center be fully staffed.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p> <p><b>Location Site Name:</b> Gertrude Ederle Recreation Ctr</p>	<p>The agency recommends funding this expense budget request in FY 2020, but at this time the availability of funds is uncertain.</p>
27	307202027E	<p><b>Request:</b> Provide better park maintenance</p> <p><b>Explanation:</b> Synthetic Turf Field Maintenance Crew. \$330K Establish a crew to repair and maintain the six synthetic turf fields in Community District 7. DPRs synthetic turf installations experience heavy use throughout the year, as well as the effects of severe winters. These funds would allow DPR to contract for regular service to repair and maintain these synthetic surfaces, in order to extend their useful lives and prevent injuries to the youth and adults who use them.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p>	<p>The agency recommends funding this expense budget request in FY 2020, but at this time the availability of funds is uncertain.</p>

29	307202029E	<p><b>Request:</b> Increase transportation services capacity</p> <p><b>Explanation:</b> Compliance with the ADA needs to be monitored. All West Side residents should be able to enjoy its resources. All agencies should have staff insuring that: Traffic lights should reflect the pace at which the elderly and disabled are able to move. They should also alert the visually handicapped to red lights. DOT Stores and public buildings should be accessible to wheelchairs. CHR ADA compliance needs to be enforced. 30	307202030E	<p><b>Request:</b> Other request for services for vulnerable New Yorkers</p> <p><b>Explanation:</b> HRA administers \$3 billion in federal money for SNAP, which does not go through city budget. Since 2012 the number of applications has been down, with a reduction of 6% in 2014. The new Foodhelp.nyc program reaches out through CBOs and kiosks around town to enroll SNAP (Food Stamp) recipients, especially seniors and legal immigrants. Single adults without dependents now qualify for SNAP, and fingerprinting is no longer necessary. Faith based food pantries and community kitchens continue to feed the homeless with volunteer help and funding from their congregants and community. Community kitchens such as WSCAH also administer SNAP outreach, job training, and government funded benefits. 31	307202031E	<p><b>Request:</b> Assign additional uniformed officers</p> <p><b>Explanation:</b> Restoration of the number of police officers in precincts and PSAs. The number of uniformed officers in our precincts and housing developments was modestly increased in FY2016. CB7 seeks 15 uniformed patrol officers to enforce traffic regulations in CD7 and restoration of the overall headcount to 50,000 and the number of uniformed patrol officers to 40,000, which would fully staff Vision Zero, community policing, sector patrols, enforcement of traffic and bicycle regulations, and special units.</p> <p><b>Responsible Agency:</b> Police Department</p>	<p>NYPD's total uniformed staffing levels depend on decisions made in the Preliminary and Executive Budget process. Allocation of uniformed personnel is scheduled by the agency only after graduation of police classes from the Academy.</p>
32	307202032E	<p><b>Request:</b> Provide more frequent litter basket collection</p> <p><b>Explanation:</b> Funding for additional basket service at night and on weekends and holidays. CD7s 1,000 litter baskets are never empty and often they are overflowing. DSNY cut a Sunday basket truck, making it impossible to service all of the districts baskets. Additional basket service is needed from 4PM to midnight on Sundays and from midnight to 8AM on weekdays. The current service helps keep streets and sidewalks clean, with fewer incidents of rodent infestation and clogged catch basins and street drains, and reduces floatables in the Hudson River. Additional service on the night shift, weekends and holidays would improve conditions when thousands of tourists are in the district.</p> <p><b>Responsible Agency:</b> Department of Sanitation</p>	<p>Although the Department of Sanitation supports this program, due to fiscal constraints the availability of funds is uncertain.</p>
33	307202033E	<p><b>Request:</b> Other garbage collection and recycling infrastructure requests</p> <p><b>Explanation:</b> Funding for a dedicated collection truck to service the street recycling cans. Green and blue recycling cans have been added to street corners in MCD7. DSNY services them once a week. In budget consultations, DSNY said they do not have funds for additional service. The recycling is overflowing and the cans are left open by people collecting cans. MCD7 is the pilot for this program, which is not working well given the lack of service. Service is needed at least 3 times a week, if not daily.</p> <p><b>Responsible Agency:</b> Department of Sanitation</p>	<p>Department of Sanitation funding will be appropriated on an as needed basis as collection routes need expansion.</p>

34	307202034E	<p><b>Request:</b> Assist with on-site business compliance with City regulations</p> <p><b>Explanation:</b> Coordinate City Services for Small Businesses Small businesses face myriad regulatory inspections each year, all managed by different city departments. The pernicious erosion of the stock of affordable housing in our District and across our City continues apace. Recent efforts to build or preserve affordable housing requires benchmarks and a watchdog equal to the importance of the issue. 30	310202030C	<p><b>Request:</b> Provide more housing for extremely low and low income households</p> <p><b>Explanation:</b> Housing Development Fund Companies (HDFCs). During the 2017-2018 and 2016-1017 fiscal years, the CB10 Housing Committee focused its attention on retaining and stabilizing 4,936 units of cooperative housing in the district. These resident-owned special business corporations were created, beginning as early as 1966, by the Article XI of the New York State Private Housing Finance Law or the Housing Development Fund Company (HDFC) law. The HDFC law required all corporations organized under the legislation to include, Housing Development Fund Company or HDFC in its corporations name, thus causing this low-income housing stock to commonly be referred to as HDFCs.</p> <p><b>Responsible Agency:</b> Department of Housing Preservation &amp; Development</p>	<p>The agency will try to accommodate this issue within existing resources.</p>

It is important to note that the overarching objective of the TIL program was to provide tenants with the education and technical training to convert these city-owned rental properties to HDFC cooperatives. In 2008, HPD stopped actively developing and converting its TIL buildings to HDFCs. 16	311202016E	<p><b>Request:</b> Reduce rat populations</p> <p><b>Explanation:</b> The catchment area for the Rat Reservoir program should be expanded to include more areas in East Harlem, especially busy commercial corridors. Additionally, the program should target new construction sites (especially as the upcoming rezoning begins), as the construction often drives rat populations into the streets/surrounding buildings. Abatement should be increased on commercial corridors, in green spaces and near construction sites. Outreach about the Rat Academy should be increased to encourage superintendents, building staff, property managers, homeowners and businesses to participate, especially in the spring and summer. DoHMH should partner with local initiatives, such as East Harlem Neighborhood 360 and the East Harlem Community Alliance, to better connect with local business and</p> <p><b>Responsible Agency:</b> Department of Health and Mental Hygiene</p>	<p>DOHMH continues to increase the number of inspections performed annually and has expanded our successful rat indexing approach to Manhattan (which has more than one inspector). Home health aides are essential to assist seniors in their daily activities, particularly for those that cannot afford to hire a home health aide privately and would otherwise be isolated in their homes. DFTA and the Department of Youth and Community Development should partner to create a pilot program in East Harlem that would encourage multi-generational care of seniors, connecting youth to seniors who are mobility impaired.</p> <p><b>Responsible Agency:</b> Department for the Aging</p>	<p>DFTA continues to advocate for increased funding to support aging services throughout the five boroughs. # Register of Community Board Budget Requests

For the Preliminary Budget Fiscal Year 2020

## Queens

The City of New York  
Bill de Blasio, Mayor

## **FY 2020 Preliminary Budget Register of Community Board Budget Priorities**

**The Register of Community Board Budget Requests for the Preliminary Budget** reports the FY 2020 preliminary budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2020 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In July, OMB publishes the **Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-5943 for more information about the community board process including consultations, and the geographic versions of budget documents.

## FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

### LAYOUT OF BUDGET REQUESTS PAGES

#### Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

#### Column 2: Tracking Code

The nine digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year for which the request was submitted and the last two digits are the request number. The tenth character indicates whether it is a capital ("C") or expense ("E") budget request.

#### Column 3: Project Information

**Request:** A brief description of the project.

**Explanation:** Supporting information detailing the project, and its potential benefits.

**Responsible Agency:** The City agency which would implement the project.

**Budget Line Number:** The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

**PROJECT ID:** The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

**Source of Request:** Any group(s) which support the request.

#### Column 4: Response

The Preliminary Budget recommendation for each budget request.

20	404202020C	<p><b>Request:</b> Create a new senior center or other facility for seniors</p> <p><b>Explanation:</b> With the growing, aging population within CB4, the need for an assisted living facility cannot be overlooked. 21	404202021C	<p><b>Request:</b> Provide a new or expand an existing high school</p> <p><b>Explanation:</b> The lack of high schools within the district is a cause for concern. 26	404202026C	<p><b>Request:</b> Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</p> <p><b>Explanation:</b> Middleburgh Triangle is a small triangle located at the intersection of Corona Avenue, 90th Street and 48th Avenue. The small triangle even though maintained is a key historical location that would benefit from minor infrastructural upgrades. Benches for the bus stop, additional shrubbery, and historical signs emphasizing the neighborhood change from Middleburgh to Hastings to Newtown to present day Elmhurst should be emphasized as they showcase the rich history of our community. Additionally, Horse brook, Aske and Libra Triangles are all sites which tell a story of the rich history of our community. At the very least these facts should be included as part of the redesign of these small parks which should include benches, plantings/beautification, and historical facts via proper signage.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p> <p><b>Location Site Name:</b> Middleburgh Triangle  <b>Address:</b> 90th Street 48th avenue and Corona Avenue</p>	<p>Department of Parks and Recreation funds are insufficient for this project. 28	404202028C	<p><b>Request:</b> Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</p> <p><b>Explanation:</b> Residents of the Elmhurst community have been jogging along the outdoor perimeter of Newtown Field (92nd Street and 57 Avenue) for years as no official track exists within the area. However, a mere 2 blocks away, and sitting directly on the border of CB4, is Hoffman Park, a heavily utilized 3 acre park in need of renovation. In our opinion, this is a prime location for a proper jogging track. Ideally, funding can also be used to alleviate the prominent floor cracks that can be seen throughout the basketball, handball, and baseball fields. Implementation of a dog run would be a benefit to the local community as minimal space exists for this. 31	404202031C	<p><b>Request:</b> Provide more housing for special needs households, such as seniors, or the formerly homeless</p> <p><b>Explanation:</b> With the homeless crisis sweeping throughout the city, many communities have been seeing an increase in the number of shelters popping up within their constituencies. In conjunction with the Queens Boulevard Safety Program in which bike lanes were implemented along this boulevard, the added benefit from a decrease in the carbon foot prints along the corridor would be a huge asset to the bike riders, and pedestrians alike. Funding is being requested to look into the maintenance of trees along the boulevard. Additionally, trees surrounding Newtown Field (57 Ave and 92 Street) are in dire shape. 38	404202038C	<p><b>Request:</b> Other foster care and child welfare requests</p> <p><b>Explanation:</b> Although ACS strives to keep families together, there are times when children need alternative placements such as foster homes. Training of foster families increases the child's safety and ability to navigate through the difficult journey of being placed outside his/her home. In the first 8 months of FY 18, there was an increase in certified foster homes; more importantly is how well trained these homes are. Children placed into a foster family have been inevitably traumatized on different levels and need support of caring and knowledgeable families to succeed. Therapeutic foster homes are homes that have been identified and specifically trained to work with special needs children. 01	404202001E	<p><b>Request:</b> Study land use and zoning to better match current use or future neighborhood needs</p> <p><b>Explanation:</b> CB4Q is experiencing overdevelopment at an alarming rate. Existing one and two family homes are demolished and replaced with high density buildings that are out of character with the surrounding neighborhood. The existing infrastructure was built mainly for low density housing and the additional units place an undue strain on our fragile infrastructure. Requesting that DCP evaluate the current zoning in CB4Q taking into account the current state of our infrastructure, and identify areas where zoning changes would improve the quality of life for our constituency.</p> <p><b>Responsible Agency:</b> Department of City Planning</p>	<p>The Department of City Planning has commenced discussions with this Board and community stakeholders regarding the concerns addressed in this request.</p>
02	404202002E	<p><b>Request:</b> Forestry services, including street tree maintenance</p> <p><b>Explanation:</b> There is a backlog of requests for tree pruning. The current pruning cycle is far too long. Funding is needed to shorten this cycle, and to restore pruner and climber positions to the DPR. A shorter year pruning cycle will produce stronger, healthier, and better looking trees. A strong maintenance program is needed to care for existing trees and for the continuation of the million additional trees that are to be planted in NYC.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p>	<p>The agency recommends funding this expense budget request in FY 2020, but at this time the availability of funds is uncertain.</p>

08	404202008E	<p><b>Request:</b> Increase enforcement of illegal posting laws</p> <p><b>Explanation:</b> Several commercial corridors and their surrounding areas are infamous for illegal postings on utility poles, walls, and construction fences. The entire stretch of Roosevelt Avenue from 72nd Street to 114th Street and its adjacent side streets are havens for these postings. 10	404202010E	<p><b>Request:</b> Provide better park maintenance</p> <p><b>Explanation:</b> The large amount of parks within the district combined with the lack of proper personnel to maintain them continues to be a problem throughout the district. Requesting additional parks maintenance personnel, Parks Enforcement Police (PEP), foresters to meet current and future needs. Police barricades throughout the park as well as the closure of the Queens Museum of Art (QMA) during key events is a deterrent, and not a welcome to park goers.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p>	<p>The agency recommends funding this expense budget request in FY 2020, but at this time the availability of funds is uncertain.</p>

13	404202013E	<p><b>Request:</b> Other animal and pest control requests</p> <p><b>Explanation:</b> With mosquito-borne illnesses such as Zika, and West Nile within our communities, funding request would entail more staffing, and the continuation of public awareness campaigns to teach prevention in multiple languages. Our public plazas and abandoned properties are particularly vulnerable to rats. Requesting funding to increase awareness, and mitigation of pests (rats and mosquitoes) throughout the community.</p> <p><b>Responsible Agency:</b> Department of Health and Mental Hygiene</p>	<p>DOHMH continues to increase the number of inspections performed annually. We also continue to respond to all 311 complaints and readily participate in walk-through events requested by the community in areas of concern. 17	404202017E	<p><b>Request:</b> Increase enforcement of dirty sidewalk/dirty area/failure to clean area laws</p> <p><b>Explanation:</b> Several areas of our district are seeing a substantial amount of garbage pile up, with little to no penalty to the property owners. Commercial corridors such as Queens Boulevard, Roosevelt Avenue, Junction Boulevard, Broadway, and National Street near Corona Plaza are infamously known for excessive littering, but enforcement is scarce. Inspectors have often been witnessed turning a blind eye to several establishments. 22	404202022E	<p><b>Request:</b> Provide rental assistance/vouchers for permanent housing</p> <p><b>Explanation:</b> With the proliferation of hotel shelters throughout the city, the need for services to get our residents out of shelters should be more heavily emphasized. Family shelters within the district currently house multi generational homeless families The cost of housing these families into shelters/hotels far exceeds the cost of permanent housing. Funding should instead be allocated to preventative programs, and those geared towards removing people from the "system".</p> <p><b>Responsible Agency:</b> Department of Homeless Services</p>	<p>DHS provides aftercare services through the Homebase program to families newly relocating from the shelter system into NYCHA-assisted project-based Section 8, NYCHA public housing units, and LINC rental assistance programs. 23	404202023E	<p><b>Request:</b> Provide Metrocards to help low-income New Yorkers get to work and around the City</p> <p><b>Explanation:</b> With the ridership at many of our stations as high as 17 million riders per year for Roosevelt and as high as 6.8 million for Woodhaven Blvd, it is obvious that our residents are using mass transit as a means to get around. In conjunction with this, the low income cap throughout the district should reflect the needs for such a service. 01	405202001C	<p><b>Request:</b> Inspect storm sewer on specific street segment and service, repair or replace as needed</p> <p><b>Explanation:</b> Redesign and Reconstruct Sewer System in Portions of the CB5Q Area. After heavy rains, CB5Q has received complaints of extensive street flooding &amp; basement sewer backups in many parts of our communities. Aged sewer lines likely need to be replaced, enlarged or realigned to reduce flooding and resulting property damage. We look forward to completion of the funded sewer project in the Penelope Avenue/74 Street area, in Middle Village. Our primary need now is solutions to reported sewer backups and street flooding in the Cooper Avenue area, east of 74 Street; and in the 77 Avenue and 78 Avenue areas of Glendale, especially between 80 Street and 88 Street. We thank NYC DEP and DDC for their efforts toward the start of building a better, larger sewer system.</p> <p><b>Responsible Agency:</b> Department of Environmental Protection</p> <p><b>Supported by:</b> Glendale Property Owners Association</p>	This project is included in the ten-year plan.

03	405202003C	<p><b>Request:</b> Reconstruct streets</p> <p><b>Explanation:</b> Reconstruct Edsall Avenue from 71 Place to 73 Place in Glendale. Edsall Avenue has extensive ponding conditions because of a poor roadway surface, no sewer line or catch basins and there isn't any curbing on the north side of this street. Rainwater lays in the Roadway, between 71 Place and 72 Place, for many days after even moderate rain. This promotes unhealthy conditions. The jogging path around the ball fields is very narrow and there isn't any security lighting in this part of the park. These fields need to be reconstructed, and the best option for multiple sports use (such as baseball, soccer, football) is to install a safe artificial turf-type field surface which will give much better wear. This project is important as this park has the only soft surface ball fields in Maspeth or northern Ridgewood. 03	405202003E	<p><b>Request:</b> Assign additional building inspectors (including expanding training programs)</p> <p><b>Explanation:</b> Hire Inspectors and Plan Examiners, in Sufficient Numbers, to Cope with Illegal Uses of Property and Questionable Construction. A separate afternoon/evening and weekend inspection team of 10 inspectors for Queens is critical because inspectors very often can't gain access in the daytime during the work-week. Communities throughout Queens have been plagued with illegal apartments posing dangerous conditions, school overcrowding and more pressure on limited City services. Construction inspectors and plan examiners in adequate numbers are needed to curtail contractors building homes larger than the zoning permits. Currently to our knowledge, Queens has had only 22 plan examiners and 15 construction inspectors usually working in the borough.</p> <p><b>Responsible Agency:</b> Department of Buildings</p> <p><b>Supported by:</b> Numerous Local Civic Groups</p>	Further study by the agency of this request is needed.
04	405202004E	<p><b>Request:</b> Provide more frequent litter basket collection</p> <p><b>Explanation:</b> Provide Sanitation Department Cleaning Personnel, to Clean Illegal Dumping and for Litter Basket Collections. Illegal dumping and garbage drop-off locations are a consistent problem in District 5, Queens. In order to alleviate these very problematic conditions, which are potential health hazards and hamper business investment: 1. Restore Clean Team personnel to clean dump-out and drop-off locations on a regular basis, 2. Provide adequate personnel to empty litter baskets 7 days a week.</p> <p><b>Responsible Agency:</b> Department of Sanitation</p> <p><b>Supported by:</b> Ridgewood Local Dev't. Corp. Ridgewood Property Owners &amp; Civic Assn.</p>	Although the Department of Sanitation supports this program, due to fiscal constraints the availability of funds is uncertain.

05	405202005E	<p><b>Request:</b> Provide, expand, or enhance after school programs for middle school students (grades 6-8)</p> <p><b>Explanation:</b> Provide Funding for Educational and Recreational Programs, for Children and Teens. Funding for after school, evening and weekend delinquency prevention programs should be maintained locally. This is especially critical at a time when far too many children and teenagers are unsupervised by parents or guardians after the school day ends and on weekends. These programs are very critical as they increase self-esteem levels of participants, thereby preventing substance abuse and delinquent behavior. While Beacon Programs are welcome, it is vital that funding for other quality "local" education and recreation programs be a priority. Thankfully, Mayor de Blasio and City Council Members have increased youth program funding substantially.</p> <p><b>Responsible Agency:</b> Department of Youth &amp; Community Development</p> <p><b>Supported by:</b> Numerous Local Civic &amp; Community Organizations</p>	DYCD has increased funding in this service area.
06	405202006E	<p><b>Request:</b> Provide more firefighters or EMS workers</p> <p><b>Explanation:</b> Provide Funding for Fire Department Services. Funding is needed for the following essential Fire Department Services: maintain engine companies and ladder companies at current staffing levels; provide funding for the Department's Building Unit; ensure adequate staffing for excellent maintenance of FDNY apparatus and other vehicles; and provide sufficient funding for the Fire Safety Education Unit.</p> <p><b>Responsible Agency:</b> Fire Department</p> <p><b>Supported by:</b> Numerous Local Civics and Community Organizations</p>	Repairs and upgrades to facilities must be scheduled carefully so overall (and local/neighborhood) emergency response operations are not negatively impacted. Additionally, these requests must be prioritized so more critical issues (e.g., health and safety or operational response issues) are addressed first. We repair all facilities as resources and priorities allow.

07	405202007E	<p><b>Request:</b> Other services for homebound older adults programs</p> <p><b>Explanation:</b> Provide Needed Services for Senior Citizens. Community District 5, Queens has a very large senior citizen population, many of whom are frail, without adequate care and living alone. The following are necessary programs to meet some of the needs of senior citizens: 1) Provide adequate funding for Meals-on-Wheels programs; 2) Provide adequate funding for congregate meals programs; 3) Provide funding for senior transportation programs; 4) Fund Health Care Programs for the Elderly and Senior Home Care; 5) Fund Emergency Food Programs for Seniors.</p> <p><b>Responsible Agency:</b> Department for the Aging</p> <p><b>Supported by:</b> Numerous Local Civics &amp; Community Organizations</p>	<p>DFTA is aware of the growing aging population and continues to fund programs in this CD, as well as advocate for increased Federal, State, and City funding to enable seniors to remain independent, and to support homebound frail seniors and their caregivers.</p>
08	405202008E	<p><b>Request:</b> Provide more frequent garbage or recycling pick-up for schools and institutions</p> <p><b>Explanation:</b> Continue 5 Times Per Week Garbage Collection and Begin 5 Day a Week Recycling Collection for Schools. The reduction to 2 days per week garbage collection caused unsanitary conditions around many local schools. School collection, 5 days per week, is critical during the school year and during the Summer. It is also important that recycling collection at schools be increased. Five times a week recycling collection is needed for many public schools, as the current conditions result in recyclables crowding school sidewalks.</p> <p><b>Responsible Agency:</b> Department of Sanitation</p> <p><b>Supported by:</b> Ridgewood Property Owners &amp; Civic Association</p>	<p>This is not a budget request. The matter in question is an issue of service delivery and/or agency policy. Contact the Department of Sanitation to determine how best to resolve this issue.</p>

09	405202009E	<p><b>Request:</b> Forestry services, including street tree maintenance</p> <p><b>Explanation:</b> Allocate Funds for the Operation and Enhancement of the Division of Forestry in Queens. There are extensive needs for pruning of trees on city streets and in city parks, which are too numerous for the Division of Forestry to keep up with. There are currently more than 10,000 street tree stumps that need to be removed in Queens. The following budget allocations are needed to address these conditions, and the need to remove dead trees and limbs on an emergency basis: \$4.5 Million for county-wide pruning contract; \$3.5 Million for removal of tree stumps in Queens; \$2 million for removal of dead trees and limbs. Trees are aging, and risks of falling limbs and dead trees pose dangerous conditions.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p> <p><b>Supported by:</b> Ridgewood Property Owners Civic Assoc. Liberty Park Homeowners Assoc.</p>	<p>The agency recommends funding this expense budget request in FY 2020, but at this time the availability of funds is uncertain.</p>
10	405202010E	<p><b>Request:</b> Other traffic improvements requests</p> <p><b>Explanation:</b> Provide Sufficient Personnel for Traffic Safety Inspections, Sign Installations, Pavement Markings and Sign Manufacturing. Because of increasingly dangerous local traffic conditions, there has been a need during the past 10 years for more traffic safety studies, traffic signals, All Way Stop installations, Speed Bump installations, One Way Conversions, and No Parking designations to daylight intersections. Additional traffic device maintenance crews are needed for signage installation, pavement markings and sign manufacturing. Vehicles in good repair, including utility trucks, are needed to support current and projected staffing levels.</p> <p><b>Responsible Agency:</b> Department of Transportation</p> <p><b>Supported by:</b> Numerous Local Civic &amp; Community Organizations</p>	<p>The agency will try to accommodate this issue within existing resources.</p>

11	405202011E	<p><b>Request:</b> Other traffic improvements requests</p> <p><b>Explanation:</b> Fund Additional Street Maintenance for Queens Roadways and Curbs In order to have roadways along commercial strips and in residential communities repaired before dangerous conditions arise, the following requests need to be funded: provide one crew for cave-in repair; 2 crews for pothole repairs; 1 crew for concrete repair; 2 crews for curb replacement; and 1 crew for miscellaneous maintenance (ponding conditions, etc.) daily for Queens. Lawsuits against the City might be greatly reduced if repairs could be done more promptly.</p> <p><b>Responsible Agency:</b> Department of Transportation</p> <p><b>Supported by:</b> Numerous Local Civic &amp; Community Organizations</p>	<p>The agency will try to accommodate this issue within existing resources.</p>
12	405202012E	<p><b>Request:</b> Extend library hours or expand and enhance library programs</p> <p><b>Explanation:</b> Provide Six-Day-a-Week Service at Local Libraries. Increased educational demands on students, the fact that many families cannot afford the internet or up-to-date computers and increasing immigrant populations necessitate that the great majority of local/branch libraries be open 6-days a week. 13	405202013E	<p><b>Request:</b> Other enforcement requests</p> <p><b>Explanation:</b> Increase the Number of Sanitation Police and Enforcement Agents, Especially in Plain Clothes, to Significantly Reduce Excessive Abuse of Litter Baskets and Illegal Dumping. Because of previous lay-offs, there are now fewer Sanitation Police citywide for illegal dumping. Sanitation Police positions should be greatly increased for illegal dumping, especially since they are revenue producing, and dumping is severely hurting communities. One SEA agent is needed daily in Q5. Severe fines, vehicle impoundments and more publicity, such as frequent press releases to TV and radio stations and major newspapers, are needed to make an example of dumpers and curtail illegal dumping. The abuse of litter baskets on commercial strips has become deplorable, and needs to be better addressed.</p> <p><b>Responsible Agency:</b> Department of Sanitation</p> <p><b>Supported by:</b> Ridgewood Property Owners and Civic Assn. 14	405202014E	<p><b>Request:</b> Provide better park maintenance</p> <p><b>Explanation:</b> Assign More Personnel and Equipment for Maintenance of Parks in District 5, Queens. More park workers are needed to meet work requirements for the cleaning and maintenance of the 229.7 acres of parks in CD5Q. Currently, there are only 10 Parks Dept. maintenance staff, including supervisors, assigned for this massive parkland. Skilled maintenance workers (there are only 2 for all of Queens Districts 5, 9, 10 &amp; Forest Park) should be funded year-round. Reseeding, aerating and fertilizing ball fields and grassy areas need to be priorities so that large capital expenditures are not wasted. Funding is also needed to hire more seasonal workers. Long standing equipment needs include a new Gator, a new Crew Cab and a new Packer.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p> <p><b>Supported by:</b> Numerous Local Civic &amp; Community Organizations</p>	<p>The agency recommends funding this expense budget request in FY 2020, but at this time the availability of funds is uncertain.</p>

16	405202016E	<p><b>Request:</b> Expand programs for housing inspections to correct code violations</p> <p><b>Explanation:</b> Allocate Funding for Dept. of Housing Preservation &amp; Development Programs. Adequate funding must be appropriated to cope with illegal residential property uses, deteriorating housing stock, and harassment of tenants by greedy landlords. The needs include HPD Code Enforcement Inspectors; funding for housing rehabilitation loan programs; substantial funding for tenant legal services, and for demolition and seal up operations in Queens. 17	405202017E	<p><b>Request:</b> Other NYPD staff resources requests</p> <p><b>Explanation:</b> Hire Traffic Control Agents, School Crossing Guards and Additional School Safety Officers. The City should earmark funding to hire additional traffic control agents: (Traffic Enforcement Agents-Level II), so that heavily travelled Queens intersections can be staffed. This will diminish the need to assign police officers, who are paid more. In consideration of dangerous traffic conditions, funding is needed to hire at least 5 additional school crossing guards for District 5, Queens schools. Most elementary schools have only 1 or 2 School Safety Officers; intermediate schools only have 3 officers, which in many schools is very insufficient.</p> <p><b>Responsible Agency:</b> Police Department</p> <p><b>Supported by:</b> Juniper Park Civic Assn. 18	405202018E	<p><b>Request:</b> Reduce rat populations</p> <p><b>Explanation:</b> Hire Additional Personnel for Pest Control to Combat the Enormous Rat Population in our City. The Borough of Queens has too few staff to adequately address the rodent infestation problem, which has increased with the growth of dump-out locations and vacant properties. A minimum of 4 additional inspectors and 4 additional staff to bait are needed for Queens.</p> <p><b>Responsible Agency:</b> Department of Health and Mental Hygiene</p> <p><b>Supported by:</b> Ridgewood Property Owners &amp; Civic Assn. The Ridgewood Medical Center (formerly known as the Maspeth Child Health Station and Ridgewood Communicare Health Center) provides important health services to many children, families and senior citizens. Ridgewood and neighboring communities have seen an increase in the number of people struggling economically. Tenants are often in need of advice and assistance related to lease matters and landlords who do not upkeep property. In Q5, the Greater Ridgewood Restoration Corp. has a history of helping landlords and tenants. This organization has also prevented hundreds of properties from being taken from owners in lien sales through excellent outreach to owners.</p> <p><b>Responsible Agency:</b> Department of Housing Preservation &amp; Development</p>	<p>HPD has no funding in this program. 07	412202007C	<p><b>Request:</b> Inspect water main on specific street segment and repair or replace as needed</p> <p><b>Explanation:</b> Reconstruct Brinkerhoff Ave (110th Ave) from 173rd St to 178th St. Reconstruct 176th St from Brinkerhoff Ave (110th Ave) to 109th Ave. The section of Brinkerhoff Ave. is in serious disrepair. It has not been resurfaced or properly maintained in the last 60 years. There is little to no sidewalk between 176th and 178th streets. The roadway is higher than the pedestrian walkway causing water from the rain and broken water mains to flow into the yards and basements of homes. Between 177th and 178th streets the roadway is so broken up, there is no paving from the pedestrian walkway to more than five feet into the roadway. Cars are parked in the mud. We are submitting photographic evidence. It is truly a deplorable condition. The drainage issue must be resolved first by DEP prior to DOT work.</p> <p><b>Responsible Agency:</b> Department of Environmental Protection</p> <p><b>Supported by:</b> NYC DOT Brinkerhoff Action Group</p> <p><b>Location Site Street:</b> Brinkerhoff Ave <b>Cross Street 1:</b> 173rd St <b>Cross Street 2:</b> 178th St</p>	Further study by the agency of this request is needed.

# Register of Community Board Budget Requests

For the Preliminary Budget Fiscal Year 2020

## Staten Island

The City of New York  
Bill de Blasio, Mayor

## **FY 2020 Preliminary Budget Register of Community Board Budget Priorities**

**The Register of Community Board Budget Requests for the Preliminary Budget** reports the FY 2020 preliminary budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2020 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In July, OMB publishes the **Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-5943 for more information about the community board process including consultations, and the geographic versions of budget documents.

## FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

### LAYOUT OF BUDGET REQUESTS PAGES

#### Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

#### Column 2: Tracking Code

The nine digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year for which the request was submitted and the last two digits are the request number. The tenth character indicates whether it is a capital ("C") or expense ("E") budget request.

#### Column 3: Project Information

**Request:** A brief description of the project.

**Explanation:** Supporting information detailing the project, and its potential benefits.

**Responsible Agency:** The City agency which would implement the project.

**Budget Line Number:** The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

**PROJECT ID:** The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

**Source of Request:** Any group(s) which support the request.

#### Column 4: Response

The Preliminary Budget recommendation for each budget request.
