The time allowed for building said sheds is three months from the date of signing of the contract.

Bidders will state in the following proposals the price for building said sheds in conformity with the specifications and agreement, by which the bids will be tested. The price is to cover all expenses necessary for the erection of the sheds and the complete fulfillment of the contract.

Each proposal shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the bid, they will, on its being so awarded, become bound as sureties for its faithful performance; which consent must be verified by the justification of each of the persons signing the same for double the amount of security required.

No proposal will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as security or otherwise, upon any obligation to the Corporation.

The drawings which will form part of the specifications and agreement can be seen at the office of the Engineer-in-Chief of the Department.

Blank forms of agreement can be obtained upon application at the office of the Department.
