(4) GAS METERS TESTED—MAY. 3045

The Secretary stated that during the month of May the Commission had tested 29,301 meters of which 6015 were new meters, 22,617 were repaired and removed meters and 668 were complaint meters; that of the complaint meters tested 87 were correct, 382 fast and 199 slow; that the average percentage fast of the fast meters was 2.87 and that the average percentage slow of the slow meters was 2.86; that the total number of meters of all kinds tested by the Commission since its creation to May 31, 1908 was 269,607; and that the total number of complaint meters tested during the same period was 5,686.

(5) FINAL ORDER (No. 549). O-549

On motion by Commissioner Bassett, duly seconded, a Final Order (No. 549) was adopted in the matter of the hearing on motion of the Commission on the question of improvements in and additions to the service and equipment of the Long Island Railroad Company and the Long Island Electric Railway Company in respect to safety precautions at the grade crossing at South Street, Jamaica, Borough of Queens, City of New York, directing:

(1) that the Long Island Railroad Company instal, maintain and operate at all times, at the grade crossing of the Long Island Railroad Company at South Street, Jamaica, suitable gates, with proper signal bells, to be operated at all times by a flagman or gateman;

(2) that the Long Island Electric Railway Company instal, maintain and operate at all times a suitable derailing system at the South Street crossing of the Long Island Railroad Company's tracks in Jamaica;

(3) that the Long Island Railroad Company and the Long Island Electric Railway Company instal, maintain and operate at all times a suitable and efficient system of interlocking signals, so arranged as to prevent the closing of the derails when a steam train is approaching the crossing on the tracks of the Long Island Railroad Company and so as to signal to an approaching train of the Long Island Railroad Company the presence of a car of the Long Island Electric Railway Company on any point of the South Street track between the derails;

(4) that the Long Island Railroad Company and the Long Island Electric Railway Company instal, operate and maintain at all times protective devices at the grade crossing of their tracks on South Street, Jamaica, Borough of Queens, City of New York, similar in character and at least equal in efficiency to those now installed and maintained at the crossing of the Jamaica and Hempstead Turnpike with the Long Island Railroad near Queens, Borough of Queens, City of New York.

And further directing that the said safety devices be completely installed and put in operation not later than August 1, 1908 and that they be continued for a period of not less than two years.

(6) TARIFF ORDER (No. 550).

On motion made and duly seconded a Tariff Order (No. 550) was adopted granting permission to the Long Island Railroad Company to put into effect within three days after publication at stations and filing with the Commission a supplement No. 1 to Tariff P. S. C. 1 N. Y. No. 8, said tariff being a rate for transportation of organizations devoted to fresh air or similar charitable work, taking the place of rates on like traffic set forth in Tariff P. S. C. 1 N. Y. No. 8.

(7) TARIFF ORDER (No. 551).

On motion made and duly seconded a Tariff Order (No. 551) was adopted granting permission to the Long Island Railroad Company to put into effect within fifteen days after publication at stations and filing with the Commission a tariff P. S. C. 1 N. Y. No. 25, said tariff being a rate for setting aside a special car as a club car for the exclusive use of persons to be transported on regular trains between Long Island City and Edgemere.

(8) HEARING ORDER (No. 552).

On motion by Commissioner Eustis, duly seconded, a Hearing Order (No. 552) was adopted, directing a hearing on June 15, 1908, at 3:30 o'clock p. m. to inquire whether the Interborough Rapid Transit Company should be directed to widen the southbound station platform at its 116th Street station on the Third Avenue Elevated Line and to place the supports for the roof canopy at the edge furthest from the track so as not to present any obstruction to entering and disembarking passengers.

The Chair designated Commissioner Eustis to conduct the hearing.

(9) HEARING ORDER (No. 553).

On motion by Commissioner Eustis, duly seconded, a Hearing Order (No. 553) was adopted directing a hearing on June 15th at 2:30 o'clock p. m. to inquire whether repairs or improvements to or changes in the motive power or other property or device used by the Interborough Rapid Transit Company at its power house at the foot of West 59th Street ought reasonably to be made in order to obviate the emission of black smoke or gases from said power house.

The Chair designated Commissioner Eustis to conduct the hearing.

(10) COMPLAINT ORDER (No. 554).

On motion by Commissioner Eustis, duly seconded, a Complaint Order (No. 554) was adopted for satisfaction or answer within ten days by the New York Central and Hudson River Railroad Company in the matter of the complaint of Clarence C. Olney with respect to the smoke nuisance in the vicinity of 161st Street and Ogden Avenue.

(11) The Secretary presented a resolution of the Board of Estimate and Apportionment adopted May 22nd, 1908, making application to the Commission to determine whether Avenue P in the Borough of Brooklyn shall pass over or under or at grade of the tracks of the Long Island Railroad Company and of the Brooklyn Union Elevated Railroad, and also the grade of the street at said railroads; and recommending that the present grade of said street remain unchanged, and that it shall pass under the tracks of the Long Island Railroad and of the Brooklyn Union Elevated Railroad, and also that the construction of the crossing be not ordered until such time as the Board of Estimate and Apportionment shall advise that it is necessary.

HEARING ORDER (No. 555) WITH FORM OF NOTICE TO PROPERTY OWNERS.

Thereupon, on motion duly seconded, a Hearing Order (No. 555) with Notice was adopted, directing a hearing on the above application on July 9, 1908 at 2:30 o'clock p. m.

The Chair designated Commissioner McCarroll to conduct the hearing.

(12) INTERBOROUGH RAPID TRANSIT COMPANY—BROADWAY SERVICE—OPINION AND DISMISSAL ORDER.

Commissioner Eustis presented the following opinion in the matter of the Broadway Subway service:

Various hearings have been held in this matter, and representatives of the Washington Heights Taxpayers' Association produced a large amount of testimony in the shape of statements and exhibits giving the number of passengers that are compelled to transfer from the local to the express trains at 137th Street, and also showing that at times the Kingsbridge Express would be crowded on its southerly trip at 157th Street.

Upon all the proofs submitted I find that the present service on the Broadway express line north of 137th Street is adequate, except for a short time, not to exceed an hour, night and morning when some of the express trains have passengers standing between 157th and 137th Streets.

In so far as the complaint relates to the service north of Dyckman Street, requesting that the Railroad Company be compelled to run its Dyckman Street trains through to Kingsbridge and to Van Cortlandt when the terminal station at that point is finished, I find that on an average not over twenty-five per cent. of the seats in the Kingsbridge trains are occupied north of Dyckman Street, and at no time during the day are over seventy-five per cent. of the seats occupied, and to grant this request of the complainants would be to impose an unnecessary burden and expense upon the railroad company.

I find that it would be a great convenience to some people if the 137th Street local trains could be extended, but that the convenience would not be sufficient to warrant the Commission in putting this additional burden upon the railroad, when it is shown by the evidence that the other trains are adequate during almost the entire twenty-four hours of the day. And that north of 145th Street the railroad company has but two tracks, and if it were to extend the local trains to Dyckman Street the operation of the line would be made more difficult and dangerous.

I am therefore of the opinion that at the present time it would be unwise to direct the railroad company to satisfy the complaint. I would therefore recommend that the complaint be dismissed.

DISMISSAL ORDER (No. 556).

Thereupon, on motion by Commissioner Eustis, duly seconded, a Dismissal Order (No. 556) was adopted dismissing the proceedings in the above entitled matter.

(13) HEARING ORDER (No. 557).

On motion, duly seconded, a resolution (Hearing Order No. 557) was adopted, granting a public hearing on June 12th, 1908, at 4:00 o'clock p. m., in order to furnish all interested parties an opportunity to be heard in the matter of the application of the Interborough Rapid Transit Company for authority to construct an additional platform on the west side of Bowling Green station, preparatory to the establishment of shuttle service between Bowling Green and South Ferry.

Commissioner Eustis was designated to conduct the hearing.

(14) BROOKLYN LOOP LINES—PURCHASE OF REAL ESTATE.

The Secretary presented the following communication from the Counsel to the Commission:

June 4, 1908.

Public Service Commission for the First District:

Sirs—Referring to the resolution of the Commission adopted May 29, 1908, authorizing the execution by the Chairman and Secretary of a supplementary agreement for the purchase of the property of the Rossiter Realty Company, free and clear of all encumbrances, for the sum of \$174,470.00, I have prepared and transmit herewith the

supplementary agreement which has already been executed in duplicate by the Rossiter Realty Company.

I also transmit herewith a proposed resolution directing the Chairman and Secretary to request the Board of Estimate and Apportionment to direct the Comptroller to provide means necessary to purchase this property. It is important that these papers should be placed in the hands of the Comptroller without delay in order to obtain prompt action on his part.

Respectfully yours,  
(Signed) GEO. S. COLEMAN,  
Counsel to the Commission.

Thereupon, the following resolution was moved and duly seconded:

Whereas, In the opinion of the Public Service Commission for the First District it is necessary for the purpose of constructing and operating a part of the Brooklyn Loop Lines of the Rapid Transit Railroad to acquire in fee simple certain real property known as Nos. 145, 147 and 149 Centre Street and Nos. 105, 107 and 109 Walker Street, in the City of New York, Borough of Manhattan; and

Whereas, A contract dated February 18, 1908, was duly entered into by the Commission on behalf of The City of New York with the said Rossiter Realty Company, wherein and whereby said Rossiter Realty Company agreed to sell and The City of New York agreed to purchase for the sum of One Hundred and Seventy Thousand Dollars (\$170,000.00) said real property, subject, however, to certain leases therein referred to; and

Whereas, Thereafter a contract dated June 4, 1908, was duly entered into by the Commission on behalf of The City of New York with the said Rossiter Realty Company, wherein and whereby said Rossiter Realty Company agreed to sell and The City of New York agreed to purchase for the sum of One Hundred and Seventy-four Thousand Four Hundred and Seventy Dollars (\$174,470.00) said real property, free and clear of any and all encumbrances, including said leases; and

Whereas, On the 16th day of October, 1907, the Commission duly made its requisition upon the Board of Estimate and Apportionment of The City of New York for an appropriation of One Million Dollars (\$1,000,000.00) for the acquisition of real estate or interests therein necessary for the construction and operation of said Brooklyn Loop Lines;

Now therefore, it is

Resolved, That the Chairman and Secretary of the Public Service Commission for the First District be and they hereby are authorized and directed to request the Board of Estimate and Apportionment of The City of New York to direct the Comptroller of The City of New York to issue corporate stock of The City of New York on account of said requisition to the amount of One Hundred and Seventy-four Thousand Four Hundred and Seventy Dollars (\$174,470.00) to provide means for the purchase of said real property, free and clear of any and all encumbrances including the said leases.

Ayes—Commissioners Willcox, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

For resolution above referred to, see Minutes of 1908, page 1180.

BOARD OF ESTIMATE AND APPORTIONMENT.

EXTRACT FROM

MINUTES, BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK, JUNE 5, 1908.

NEW YORK AND QUEENS COUNTY RAILWAY COMPANY.

In the matter of the petitions of the New York and Queens County Railway Company for franchises to construct, maintain and operate two extensions or branches to its existing railway in the Borough of Queens, as follows:

(a) Connecting with its existing railway, at Broadway and Main street, in the former Village of Flushing, to Eleventh avenue and Thirty-sixth street, in the former Village of Whitestone; and

(b) Connecting with its existing railway at the corner of Franconia avenue and Twenty-second street, Ingleside, to Broadway and Bell avenue, Bayside.

At the meeting of September 20, 1907, a report and proposed form of contract was received from the Chief Engineer, and the matter was referred to a Select Committee, consisting of the Comptroller, the President of the Board of Aldermen and the President of the Borough of Queens.

The Secretary presented the following:

BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK, }  
NEW YORK, May 22, 1908.

To the Board of Estimate and Apportionment:

GENTLEMEN—Your Committee, appointed at the meeting of September 20, 1907, to consider a report upon the proposed form of contract under which the right was to be given to the New York and Queens County Railway Company to construct, maintain and operate two extensions to its existing railway, one from Flushing to Whitestone and the other from Flushing to Bayside, in the Borough of Queens, would report as follows:

Two meetings of the Committee have been held, the first on September 27, 1907, and the second on January 20, 1908. At these meetings the officials and counsel of the railroad were heard, as well as residents and property owners of the districts affected. As a result of such meetings, your Committee would recommend to the Board the following amendments to the proposed form of contract, as printed in the minutes of the Board of Estimate and Apportionment of September 20, 1907, at pages 2868 to 2879, inclusive:

Strike out all matter after the title of the map in section 1 and insert the following:

"Dated June 20, 1907, and signed by F. L. Fuller, President, and A. E. Kalbach, Consulting Engineer, copies of which maps are attached hereto and to be deemed a part of this contract and to be construed with the text thereof, and are to be substantially followed. Provided that deviations therefrom and additional turnouts, switches and crossovers which are inconsistent with the foregoing description and the other provisions of this contract, may be permitted by resolution of the Board of Estimate and Apportionment."

Insert after section 1, as amended, the following:

"Section 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company."

In section 2, third, strike out the sum of five thousand dollars as the initial sum to be paid for each extension and insert in lieu thereof the sum of twenty-five hundred dollars in each case.

Amend the paragraph providing for the payments of minimum sums from the day on which the contract is signed by the Mayor, to read as follows:

"The payment of such minimum sums shall begin six months from the day on which this contract is signed by the Mayor."

In section 2, third, amend by striking out the entire paragraph relating to back payments, being the last paragraph but one on page 2872.

Amend section 2, seventh, by striking out the second and third paragraphs and inserting in lieu thereof the following:

"If at any time during the term of this contract the City shall desire to operate a street surface railroad over the whole or any portion of the railroad which shall be constructed under this contract, the Company shall allow the City to use the whole or any part of the track or track equipment, together with sufficient power to operate cars on such track upon payment of an annual sum by the City to the Company which shall not exceed the legal interest upon such proportion of the whole cost of construction of the portion of the railroad so used, as the number of cars operated by the City shall bear to the number of cars operated by the companies then using the same, and the City shall further pay to the Company the annual cost of the power necessary for the operation of its cars thereon."

Amend section 2, eighth, by adding the following:

"Provided, however, that the Board shall not require the two extensions hereby granted to be operated by underground electrical current until at least one of the

routes of the Company between Long Island City and Flushing shall be required to be so operated."

Amend section 2, tenth, by adding the following:

"Provided, however, that when the commencement or completion of said construction shall be prevented by legal proceedings in any court or by works of public improvement or from other causes not within the control of the Company, the time of the commencement or completion of such construction may be extended for the period of such prevention, but no delay to be so allowed for unless the court proceedings shall be diligently prosecuted by the Company, and provided further that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders and of papers upon which the same shall have been granted, and unless upon the request of the Board, the Company shall, in writing, consent that the Board, either in its own name, as a party, or in the name of The City of New York, as a party, may intervene in any such proceedings."

Section 2, fourteenth, add the following:

"Provided, however, that the Company, during the first five years of this contract, shall not be required to operate its cars between the hours of 1 o'clock and 5 o'clock a. m. each day, unless the Board shall determine, after a hearing had thereon, that public convenience requires the operation of cars during said hours."

Section 2, twenty-fifth, add the following:

"Provided, however, that in such event, this contract shall apply to the private property thus acquired."

Section 2, twenty-sixth, to be stricken out.

Section 2, twenty-seventh, to be numbered twenty-sixth.

Section 2, twenty-eighth, to be numbered twenty-seventh, and the following to be added:

"Provided, however, that such action by the Board shall not be taken until the Board shall, in writing, notify the Company, through its president, to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why it had not violated the said contract. In case the Company fails to appear, action may be taken by the Board forthwith."

Section 2, twenty-ninth, thirtieth, thirty-first, thirty-second, thirty-third and thirty-fourth, to be renumbered twenty-eighth to thirty-third, inclusive.

Attached hereto will be found two proposed resolutions which we recommend for adoption by the Board, carrying out the intentions of the Committee in relation to the disposition to be made of the claim against the Company and of the unused franchises.

Respectfully submitted,

H. A. METZ,

Comptroller;

LAWRENCE GRESSER,

President, Borough of Queens.

Proposed Resolutions.

Whereas, The Corporation Counsel, in an opinion dated June 18, 1907, has advised this Board that it is justified in disregarding the actions of the Boards of Trustees of the former villages of Flushing and College Point, respectively, wherein such Boards released the New York and Queens County Railway Company, as the successor to the Flushing and College Point Street Railway Company, from paying certain percentages for the maintenance and operation of a street surface railway in the Borough of Queens; and

Whereas, The Chief Engineer of this Board, on September 20, 1907, submitted a report showing the amount of money due The City of New York by the New York and Queens County Railway Company; now, therefore, be it

Resolved, That the Corporation Counsel be and he hereby is requested to forthwith institute proceedings to recover these or any other amounts of moneys due the City by the New York and Queens County Railway Company, and to take whatever steps he may deem necessary in the premises; and he is further requested to advise this Board of any action taken.

Whereas, Franchises for street surface railways have heretofore, from time to time, been granted by the local authorities of certain of the former civil divisions now comprising a part of The City of New York to the New York and Queens County Railway Company and to railway companies which have been merged with said company; and

Whereas, Many of such franchises or parts of the same have never been constructed, and the rights so to construct should be declared forfeited; now therefore be it

Resolved, That the Corporation Counsel is hereby directed to apply to the Attorney General of the State of New York to commence actions under and pursuant to the provisions of the Railroad Law against the said railroad company, and any of its constituent companies, for the forfeiture of any rights heretofore granted for street surface railways and which are at present unused and unconstructed; and be it further

Resolved, That the Chief Engineer is directed to furnish the Corporation Counsel with all data which may be in his office pertaining to such unused and unconstructed franchises.

The President of the Board of Aldermen stated he objected to granting a franchise unless the railroad company stipulated it would not plead the Statute of Limitations against the collection of certain moneys due the City by the Railroad Company, as set forth in the report presented to the Board on September 20, 1907.

Mr. A. G. Peacock, of counsel for the company, was asked by the Mayor if his company would waive such right, and he answered in the negative.

The matter was thereupon referred to the Corporation Counsel to advise the Board in time for the meeting of June 12, 1908, whether the Statute of Limitations would operate against the collection of the \$20,121, amount computed to be due, with interest at 6 per cent., up to June 30, 1906; also amount computed to be due by the New York and North Shore Railroad Company, with interest at 6 per cent., to December 1, 1906, amounting to \$989.74.

NEW YORK AND PORT CHESTER RAILROAD COMPANY.

The Secretary presented the following:

To the Board of Estimate and Apportionment:

The petition of the New York and Port Chester Railroad Company respectfully shows:

That heretofore, and on or about the 11th day of June, 1906, a contract was duly entered into by and between The City of New York and your petitioner, which was duly executed by the Hon. George B. McClellan, Mayor of the City on said date.

That in and by the said contract, among other things, The City of New York granted to your petitioner, subject to certain conditions and provisions therein set forth, the right to cross certain streets and highways therein described and the right and privilege to construct, operate and maintain a railroad with all necessary connections, turnouts, switches, etc., in and upon and across such streets and highways.

That among the provisions contained therein was the provision in paragraph 28 that the railroad company should actually expend or cause to be expended the sum of at least \$800,000 within two years after the date of the signing of the contract upon the actual construction of its railroad between the northerly line of The City of New York and Westchester avenue, at or near One Hundred and Sixty-seventh street.

That the time within which such expenditure is to be made, under the terms of the contract, expires on the 11th day of June, 1908, and your petitioner respectfully requests that the same be extended for the period of two years for the following reasons:

It is further provided in the said paragraph 28 that the Board of Estimate and Apportionment shall extend the time provided for in said section for the completion of the railroad and for the work to be performed and expenditures to be made as above, for a period or periods not exceeding in the aggregate two years, if the reasons given by the railroad company for non-fulfillment are for causes over which the railroad company had no control or was in no wise responsible.

That on or about April 5, 1907, your petitioner presented to this Board an application for the consent of the Board to certain changes in its route, and requested that the contract aforesaid be amended in such respect, which petition was by this Board referred to its Chief Engineer, as appears by the minutes of this Board of April 5, 1907, at page 988.

That on or about May 10, 1907, the Chief Engineer reported to this Board upon the said application, and upon the said report this Board set the application down for a public hearing on the 24th day of May, 1907, all of which more fully appears in the minutes of this Board of May 10, 1907, pages 1458-1466.

That on May 24, 1907, the said public hearing was opened and was continued until June 7, 1907, as appears by the minutes of this Board of May 24, 1907, at page 1604.

At the same hearing a further report from the Chief Engineer was presented recommending that the change in route be made and that the proposed contract to such effect be sent to the Corporation Counsel for his approval as to form and for suggestions as to changes or additions required to properly protect the City, which further report of the Chief Engineer, together with the proposed form of contract between the City and your petitioner, appear in the minutes of this Board of May 24, 1907, at pages 1604-1616.

That on the same date your petitioner, through its Chief Engineer, advised the Board that it had commenced construction upon its railroad on the 8th day of May, 1907, as appears by the minutes of this Board at page 1626.

That on June 7, 1907, the public hearing on the said application was completed, and the matter was referred to the Chief Engineer with directions to report to the Board on June 21, and also referred to the Corporation Counsel, as appears by the minutes of this Board on said date, page 1802.

That on June 21, 1907, the said petition came before this Board for action and the Corporation Counsel reported that he had examined the proposed form of contract and was of opinion that it fully protected the interests of the City. Said opinion, together with the further reports, appear in the minutes of said Board of this date, pages 2023-2037.

That thereupon the Chair reported that he had been served with an injunction order in the suit of Robert E. Robinson against various persons, including this petitioner and the Board of Estimate and Apportionment, enjoining the defendants from granting the said application of this petitioner for its change of route, and the Board of Estimate and Apportionment thereupon deferred action on the matter pending the conclusion of the court proceedings, as appears by the minutes of this Board of the said date, pages 2037-2038.

That thereafter the said temporary injunction was argued before the Court at Special Term on the 3d day of July, 1907, the Corporation Counsel appearing for the defendants, the Board of Estimate and Apportionment, and the temporary injunction was continued pending the action.

That thereafter an appeal was taken from the said order granting the said temporary injunction to the Appellate Division of the Supreme Court, and, in November, 1907, the said order was affirmed by a divided Court and remains in force until the final judgment in the action.

That on the 9th day of March, 1908, the cause was reached upon the calendar for trial, and was thereupon referred to ex-Judge Charles F. Brown, as Referee, and is now pending before him. The actual trial of the case is nearly completed.

That the continuance of the injunction order was coupled with a provision leaving the Board of Estimate free to continue the advertisement of the final public hearing upon the said application and to adjourn the same from time to time until after the final determination of this action, and that in accordance therewith, and upon the advice of the Corporation Counsel, this Board, on July 8, as appears by its minutes, pages 2612-2621, directed the official advertisement as required by law of the said proposed contract changing the said route, and has, from time to time thereafter, adjourned the matter awaiting the final determination of the Court.

And your petitioner further shows:

That for the reasons stated by it in its application to this Board for its change of route, the said change of route is necessary and advisable for every reason, both from the point of view of the City and point of view of the railroad company, for railroad reasons and for financial reasons, and your petitioner would deem it most unwise, while the consideration of the matter is pending, to begin construction on the basis of the route as originally laid down, which would be useless in the event that the judgment of the Court in the said suit should finally permit the Board of Estimate to act upon the application for the change of route.

That your petitioner intends in good faith to construct its railroad as stated in its application for the said change of route, and has caused to be acquired real estate in The City of New York necessary for its right of way to the cost exceeding a million dollars.

Wherefore, Your petitioner asks that its time within which to expend the sum of \$800,000 upon the construction of its railroad be extended two years from June 11, 1908, as provided in said paragraph 28 of the said contract.

Dated, New York, June 3, 1908.

NEW YORK AND PORT CHESTER RAILROAD COMPANY,

(Signed) By MACE MOULTON, President.

Messrs. Edward M. Grout and John J. Delany, of counsel, appeared on behalf of the company.

The following was offered:

Whereas, This Board did, on May 18, 1906, adopt a resolution authorizing the Mayor to execute, in the name and on behalf of the City, a contract between the New York and Port Chester Railroad Company and The City of New York, granting to the company the right to cross certain streets and highways, and to construct, maintain and operate a railroad in the Borough of The Bronx, in The City of New York, upon certain conditions therein fully set forth; and

Whereas, On the 11th day of June, 1906, the Mayor did execute, in the name and on behalf of The City of New York, a contract granting to the company such right, which contract was dated the 31st day of May, 1906; and

Whereas, The New York and Port Chester Railroad Company, in a petition dated June 3, 1908, requests an extension of time until June 11, 1910, in which to comply with the provisions of section 2, Twenty-eighth, to wit: that the Company should actually expend, or cause to be expended, the sum of at least eight hundred thousand dollars (\$800,000) within two years after the date of the signing of the contract, upon the actual construction of its railroad between the northerly line of The City of New York and Westchester avenue, at or near One Hundred and Sixty-seventh street; and

Whereas, This Board will not be in a position to determine definitely the advisability of granting the said petition before the said contract will expire, to wit, June 11, 1908; now therefore be it

Resolved, That the Board of Estimate and Apportionment hereby grants, upon the conditions hereinafter set forth, an extension of time up to and including June 26, 1908, for the New York and Port Chester Railroad Company to comply with the provisions of section 2, Twenty-eighth, as aforesaid; and be it further

Resolved, That this extension of time shall not become operative until said New York and Port Chester Railroad Company shall duly execute an instrument, in writing, to the satisfaction of the Board of Estimate and Apportionment, and file the same in the office of the said Board on or before June 10, 1908, wherein said Company

shall promise, covenant and agree that the consent of the Board of Estimate and Apportionment so given to the extension of time shall not in any wise change, alter or amend any of the terms, conditions and requirements in the contract fixed and contained, which said contract shall remain in full force and effect except as herein expressly modified.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens and Richmond—14.

The petition was then referred to the Chief Engineer, with directions to report back in time for the meeting of June 26, and was also referred to the Corporation Counsel, with the request to advise the Board if the petition set forth facts which made it mandatory upon the Board to extend the life of the franchise under section 2, twenty-eighth.

The following matters, not on the calendar for this day, were considered by unanimous consent:

UNION RAILWAY COMPANY OF NEW YORK CITY.

The Secretary presented the following:

To the Honorable the Board of Estimate and Apportionment:

The petition of the Union Railway of New York City respectfully shows:

First—That your petitioner is a street surface railway company, organized and existing under the laws of the State of New York, having been formed by the filing of articles of consolidation in the office of the Secretary of State of New York on the fifth day of July, 1892.

Second—That for many years it has been engaged in the operation of a double track street surface railroad, with extensions and branches thereof, for the carriage of passengers in the Boroughs of Manhattan and The Bronx, in The City of New York, and using the overhead trolley system of electric traction as motive power thereon.

Third—That one of the lines of the petitioner's railroad has been operated for many years upon Fordham avenue and Bailey avenue, in the Borough of The Bronx, and afforded a convenient connection for public travel between the easterly portion of the Bronx Borough, in which are operated the steam lines of the New York and Harlem Railroad, the elevated lines of the Manhattan Railway, and the Kingsbridge section of the Borough of The Bronx.

An additional line of the petitioner's railroad has been operated on Broadway, between Two Hundred and Thirtieth street and the northerly line of The City of New York, affording also a convenient line of travel to and from the terminus of the subway line to many thousands of people traveling daily thereon.

Fourth—Your petitioner now proposes to connect its road upon Fordham and Bailey avenues, which now terminates at the intersection of Two Hundred and Thirtieth street and Bailey avenue, with the road upon Broadway, which now terminates at Two Hundred and Thirtieth street, by the construction of a double track extension or branch in said Borough of The Bronx, in The City of New York, upon the following streets and avenues:

Beginning at and connecting with the petitioner's double track road now constructed on Bailey avenue at the intersection thereof with West Two Hundred and Thirtieth street, running thence westerly in or upon the surface of West Two Hundred and Thirtieth street to its intersection with Broadway, there to connect with the petitioner's double track road now operated thereon.

Fifth—That heretofore and on or about the 23d day of August, 1892, the Common Council of The City of New York gave its consent to the construction of an extension to the petitioner's railroad upon streets described in the resolution as "thence northerly along said (Sedgwick) avenue to its intersection with Bailey avenue; thence along Bailey avenue to its intersection with Broadway at Kingsbridge."

Your petitioner believes that by such description the Common Council, giving such consent, intended to include the right to construct upon Two Hundred and Thirtieth street the extension herein applied for, but said resolution was not effective for such purpose by reason of failure to specifically describe the said street.

Sixth—That such extension or branch will be 750 feet in length, and when constructed will enable the petitioner to operate a continuous line of cars upon and over its Bailey avenue and Broadway lines above described.

Seventh—That your petitioner proposes to operate said extension or branch by the overhead system of electricity, similar in all respects to that now in use on its other lines of road.

Eighth—That for the purpose of constructing and operating such branch or extension of its road your petitioner desires to obtain from your Honorable Board, and hereby applies for its consent to and a grant of the franchise or right for the construction, maintenance and operation of a double track extension or branch of its existing railroad for public use in the conveyance of persons and property for compensation over the street and avenues above mentioned.

Wherefore, your petitioner prays that public notice of this application and of the time and place when and where the same will be first considered be given, as required by law, and that a franchise or right be granted in accordance with the provisions of the Greater New York Charter.

Dated New York, May 28, 1908.

UNION RAILWAY COMPANY OF NEW YORK,

By EDWARD A. MAHER, President.

City and County of New York, ss.:

Edward A. Maher, being duly sworn, says that he is the President of the Union Railway Company of New York City, the petitioner herein; that he has read the foregoing petition and knows the contents thereof, and that the same is true to his knowledge, except as to those matters which are therein stated on information and belief, and as to such matters he verily believes it to be true.

BOARD OF ESTIMATE AND APPORTIONMENT,  
DIVISION OF FRANCHISES, ROOM 801, No. 277 BROADWAY,  
June 4, 1908.

Mr. NELSON P. LEWIS, Chief Engineer:

SIR—The Union Railway Company of New York City, in a petition dated May 28, 1908, and signed by Edward A. Maher, President, has applied for a franchise for the right to construct, maintain and operate a branch or extension to its existing line connecting with the existing tracks on Bailey avenue at the intersection of West Two Hundred and Thirtieth street; thence westerly in or upon the surface of West Two Hundred and Thirtieth street to its intersection with Broadway, there to connect with the petitioner's double track road now operated thereon.

I would recommend that the Board fix Friday, June 26, 1908, as the date for public hearing on the petition, so that the preliminary public hearing may be had before the adjournment of the Board for the summer season.

A resolution for adoption in the usual form is attached hereto.

Respectfully,

HARRY P. NICHOLS, Engineer in Charge.

The following was offered:

Whereas, The foregoing petition from Union Railway Company of New York City, dated May 28, 1908, was presented to the Board of Estimate and Apportionment at a meeting held June 5, 1908.

Resolved, That in pursuance of law this Board sets Friday the 26th day of June, 1908, at 10.30 o'clock in the forenoon, and Room 16 in the City Hall, Borough of

Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard; and be it further

Resolved, That the Secretary is directed to cause such petition and these resolutions to be published for at least fourteen (14) days in two daily newspapers in The City of New York, to be designated by the Mayor, and for at least ten (10) days in the CITY RECORD, immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### THIRD AVENUE RAILROAD COMPANY.

The Secretary presented the following:

To the Honorable the Board of Estimate and Apportionment:

The petition of the Third Avenue Railroad Company respectfully shows, on information and belief, as follows:

First—That your petitioner is a street surface railroad company, organized and existing under the laws of the State of New York, having filed its articles of association in the office of the Secretary of State on the 8th day of October, 1853.

Second—That for many years it has operated a double track street surface railroad for the carriage of passengers in the Borough of Manhattan, City of New York, from the City Hall in said City upon Park row, Bowery and Third avenue to the Harlem River; upon One Hundred and Twenty-fifth street and Manhattan street from East River to North River, and upon Amsterdam avenue from One Hundred and Twenty-fifth street to the northerly terminus thereof at Fort George, at or near the intersection of Fort George avenue, using the underground system of electrical traction as motive power for such operation.

Third—That your petitioner proposes to extend its road on Amsterdam avenue and construct a branch thereof with double tracks and such connections, switches and appurtenances as may be necessary for the accommodation and operation of the said extension or branch in, through and upon the surface of such streets, avenues and highways in the Borough of Manhattan, City of New York, as are described as follows: Beginning at and connecting with the double track road upon Amsterdam avenue, owned by the Third Avenue Railroad Company, at or near the connection of said avenue with Fort George avenue, running thence northerly, westerly and southerly in, upon and along said Fort George avenue, as it winds and turns to the connection thereof with St. Nicholas avenue, running thence southerly in, upon and along St. Nicholas avenue to the intersection of One Hundred and Ninetieth (190th) street and running thence easterly in, upon and along said One Hundred and Ninetieth (190th) street to the intersection of said street with Amsterdam avenue, there to connect with the existing railroad on said avenue now owned by the said company.

Fourth—That such extension or branch will be 3,500 feet or thereabouts in length. When constructed it will enable the petitioner to operate cars over a continuous line of road, and avoid the inconvenience arising from the use of a stub end railroad terminal. The present operation will be accelerated thereby and quicker transportation given to the public seeking to depart from the Fort George territory.

Fifth—That your petitioner proposes to operate said extension or branch by the underground system of electrical operation, of the character now used on the petitioner's road on Third avenue, Amsterdam avenue and other streets above referred to.

Sixth—That for the purpose of constructing and operating said extension or branch of its road your petitioner desires to obtain from your Honorable Board and hereby applies for its consent to, and a grant of, the franchise or right for the construction, maintenance and operation of a double track extension branch of its existing railroad, for public use in the conveyance of persons and property for compensation, in or upon the avenues, streets and highways above described.

Wherefore, your petitioner prays that public notice of this application and of the time and place when and where the same will be first considered, be given, as required by law, and that a franchise or right for the construction, maintenance and operation of said above described extension and branch be granted in accordance with the provisions of the Greater New York Charter.

Dated, New York, June 2, 1908.

The following was offered:

Whereas, The foregoing petition from Third Avenue Railroad Company, dated June 2, 1908, was presented to the Board of Estimate and Apportionment at a meeting held June 5, 1908.

Resolved, That, in pursuance of law this Board sets Friday, the 26th day of June, 1908, at 10.30 o'clock in the forenoon, and Room 16 in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard; and be it further

Resolved, That the Secretary is directed to cause such petition and these resolutions to be published for at least fourteen (14) days in two daily newspapers in The City of New York, to be designated by the Mayor, and for at least ten (10) days in the CITY RECORD, immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The full minutes of the meeting of this day will appear in the CITY RECORD at a later date.

JOSEPH HAAG, Secretary.

## BOARD OF EXAMINERS.

May 5, 1908.

Present—Messrs. Warren A. Conover, Charles Buek, Lewis Harding, Charles G. Smith, Edward F. Croker, Henry R. Marshall and George A. Just, Chairman.

Meeting called to order at 2 p. m.

On motion, minutes approved as read.

Appeal 33. On presentation of report, and, on motion, approved.

Appeal 39 of 1908, New Building 186 of 1908; premises, northeast corner Park avenue and One Hundred and Sixty-sixth street, The Bronx; Charles Schaefer, Jr., appellant.

1. Gable wall has excessive openings and exceeds 105 feet in depth.

That the construction as shown and filed is equally as good as walls are of sufficient strength, being laid in cement mortar.

That the gable wall exceeds 105 feet in depth.

That the percentage of openings is not excessive, there being less than 45 per cent., which is allowed for all walls where the same are laid in cement, and as the span between the bearings is only 16 feet in the construction of which the wall in question the floor loads are considerably decreased, being below the average of the regular span of 26 feet between bearings.

All piers are of sufficient strength.

Appearance: Mr. Charles Schaefer, Jr.

On motion, denied.

Appeal 40 of 1908, New Building No. . . of 1908—New steel and reinforced concrete fireproof theatre on premises south side of Surf avenue, between West Tenth street and Jones walk, Coney Island; Helmle & Huberty, appellants.

1. We do not provide a 14-foot rear court full length and width of building.

2. Level of corridor more than one step above street level. Main entrance more than four steps above street level. Perpendicular risers to overcome differences of levels between lobbies, corridors and auditorium.

3. Auditorium gradients exceed one foot in twelve feet.

4. Portion of existing kitchen building under stage.

1. It is practically impossible to erect at Coney Island close to ocean a complete modern theatre at the street level of the lower portion of stage and the greater part of auditorium floor would extend down into ground considerably below ocean tide; building dams, waterproofing, etc., is almost impossible and cost of same absolutely prohibitive.

2. Permit omission of 14-foot rear court full height and width of building.

Permit level of corridor more than one step above street level, also main entrance more than four steps above street level; and also

Permit perpendicular risers to overcome distance of levels between lobbies, corridors and auditorium.

Permit auditorium gradient to exceed one foot in twelve feet to permit portion of existing kitchen under stage.

3. Owing to difficulties of overcoming physical objections, such as tides, etc., mentioned on opposite page, it is planned to raise theatre to higher level, as shown. The ground floor to be an open space with entrances at all sides. Liberal stairs provided at three main points from ground to promenade; promenade is not inclosed as a fireproof construction and will extend to the ocean, allowing safe distribution of the public.

A large elevator from ground up to balcony and intermediate levels is also provided.

Above promenade the building at rear of stage is only one story high and will have standpipes above roof.

Auditorium gradient to be changed as shown so as to afford proper sight lines.

Existing kitchen coming under portion of stage is one story high, entirely fireproof and built of concrete throughout.

The owners own and control the entire block fronting 200 feet on Surf avenue and extending about 900 feet to ocean. This plot contains boilers, fire pumps, and a complete fire fighting equipment. In addition to this there is a high pressure salt water fire service throughout the building covered by this application.

There will be standpipes in large numbers.

Appearances: Messrs. Huberty & Feltman.

On motion, referred to Chief Croker for examination and report; the appeal being laid over for one week.

The Chairman announced the matter of coal pocket construction as a special order of business; and after informal discussion the matter was laid over until the next meeting.

Adjourned.

EDWARD V. BARTON, Clerk.

## BOARD OF EXAMINERS.

May 12, 1908.

Present—Messrs. Warren A. Conover, Charles Buek, Lewis Harding, Charles G. Smith, Edward F. Croker, Henry R. Marshall and George A. Just, Chairman.

Meeting called to order at 2 p. m.

On motion, minutes approved as read.

Appeal 40 of 1908—New fireproof theatre building, Surf avenue, between West Tenth street and Jones walk, Coney Island; Helmle & Huberty, appellants. Referred to Chief Croker at the last meeting of the Board for examination and report.

Chief Croker reported verbally, recommending approval.

On motion, approved on condition that a platform (about four feet wide) be placed in the middle of the main stairway from the auditorium floor down to the promenade.

The Chairman announced the matter of coal pocket construction as a special order of business; whereupon, on motion, duly made and seconded, it was

Resolved, That it is the sense of this Board that in the future no non-fireproof coal pockets or grain elevators should be constructed within the fire limits.

Mr. Buek recorded in the negative.

Adjourned.

EDWARD V. BARTON, Clerk.

## BOARD OF EXAMINERS.

May 19, 1908.

Present—Messrs. Warren A. Conover, Charles Buek, Lewis Harding, Charles G. Smith, Edward F. Croker, Henry R. Marshall and George A. Just, Chairman.

Meeting called to order at 2 p. m.

On motion, minutes approved as read.

Appeal 41. Violation 1585, of 1908, premises No. 15 William street, Manhattan; George R. Read & Co., appellants.

As the two buildings in which fireproof doors were ordered are really one building, in that an extension was built to the older building some six years ago, this building having one set of elevators, one plant, two staircases. Both are fireproof, of steel construction, with terra-cotta floor arches and terra-cotta partitions and equipped with standpipes, and all the necessary fire auxiliaries.

The other portion of the notice referring to iron shutters we will be pleased to comply with.

Appearance: Mr. Wm. H. Class, Jr.  
On motion, laid over for one week, the Clerk being instructed to request the Superintendent of Buildings to forward the plans for both parts of the building.  
Appeal 42, Alteration 622, of 1908, No. 108 Waverly place, Manhattan; Henry A. Koelble, appellant.  
No. 1. Walls will be of unlawful thickness for increased height.  
No. 2. Building will cover an excessive lot area.  
That an equally good and more desirable form of construction can be employed.  
The question of excessive height of walls and excessive lot area.  
The walls of the new work will not be carried any higher than the walls of the rear portion of present ninth story.  
The present walls are laid in cement mortar and the new walls will be laid in cement mortar.  
The top story will not be entirely built up, a portion of the rear will still remain uncovered.  
The total covered space of ninth story will be over 100 square feet less than allowed by the Building Code for a nine-story building, and only 175 square feet in excess of what is required for a nine-story building if it were a full story.  
Only six new rooms will be added, four of which will face the street. In order to improve the light and ventilation of the inside rooms, I propose to cut large openings with nine inches of ceiling between the front and inside rooms on all stories from second to ninth, so that the inside rooms will really be alcove rooms, and consequently very much improved.  
A four-inch standpipe with outlets for hose, now provided on all stories, including new. Entire building is also provided with an automatic fire alarm system and has a direct connection to the Fire Department. All work to be fireproof, same as present building.  
Appearance: Mr. Henry A. Koelble.  
On motion, denied.  
Appeal 43, New Building 265 "B," of 1908, premises southeast corner Prospect avenue and One Hundred and Seventy-fifth street, The Bronx; Neville & Bagge, appellants.  
No. 1. Brick partition walls are required where span exceeds twenty-six feet.  
Inasmuch as the span is only eight inches in excess of that required by the code, and as the building is only three stories in height, and the span of the first tier of beams is less than twenty-six feet, and as the beams are supported in the centre of two rows of transverse partitions in each story.  
Appearance: Mr. Felson.  
On motion, denied.  
Adjourned.

EDWARD V. BARTON, Clerk.

BOARD OF EXAMINERS.  
May 26, 1908.  
Present—Messrs. Warren A. Conover, Lewis Harding, Charles G. Smith, Edward F. Croker, Henry R. Marshall and Charles Buck, Acting Chairman.  
Meeting called to order at 2 p. m.  
On motion, minutes approved as read.  
Chief Croker excused.  
Appeal 41, laid over at last meeting.  
On motion, approved.  
Appeal 44, of 1908, New Building 77, of 1906, entire block Seventy-eighth to Seventy-ninth street, Broadway and West End avenue, Manhattan; Clinton & Russell, appellants.  
That the chimney flues are enclosed in terra cotta blocks, instead of solid brick work and some of the fire brick have only four inches of terra cotta blocks instead of eight inches of solid brick work.  
It being claimed that the rules and regulations of the President of the said Borough, or the provisions of law or ordinances do not apply.  
That the vent flues for gas logs and ranges be built of four inches of selected hard burned hollow tile blocks, laid up in full joints of Portland cement mortar, lined with one and one-quarter inch thick hard terra cotta flue linings, jointed full and flush with Portland cement, and the entire stacks of flues plastered on the outside with hard plaster one inch thick.  
That these vent flues are built in the very best manner by skilled, competent workmen under our supervision, and that of Mr. Fred Usher, of John Downey, and are entirely safe and will be used only as vents, and will not be subject to smoke or flame.  
Appearances: Mr. J. H. Wells, representing Clinton & Russell, and Mr. Fred Usher, representing John Downey.  
On motion, laid over.  
Appeal 45, of 1908, New Building 163, of 1908, No. 477 Madison avenue, Manhattan; Hunt & Hunt, appellants.  
3. Suitable stairs should be provided to attic story and to sub-basement.  
6. Wall construction for attic story is unlawful (sections 27 and 31 of the Code).  
7. Proposed method of supporting roof beams not satisfactory.  
9. File detail of proposed concrete floor construction.  
Specify floors for which brick arches are to be used.  
Give thickness of arches. Arches must conform to the requirements of section 106 of the Code.  
All points are lawful and we appeal on these grounds, specified in section 411, chapter 406, Laws of 1901.  
Circular staircase be approved from third story to roof.  
Access to sub-basement on pipe ducts by iron ladder, entrance to same enclosed by partition and door be approved.  
Wall construction for attic or mansard be approved.  
Proposed method of roof beams support be approved.  
Detail of proposed concrete floor construction has been filed with the Department and described as follows: Brick arches are to be used in vault construction only—4-inch by 8-inch arches as per span 1¼ rise to foot of span.  
No law against circular stairs. Besides circular stairs to roof, there is a fire escape provided.  
Sub-basement is for use of pipes and air ducts only.  
Wall construction is lawful as per sections 27, 31 and 90, the use of heavier material than terra cotta being considered undesirable.  
Support of roof beams is entirely by steel and is lawful.  
Floor construction detail, Department's regulations have been complied with.  
Appearance: Mr. Hunt.  
On motion, laid over.  
Adjourned.

EDWARD V. BARTON, Clerk.

## POLICE DEPARTMENT.

May 28, 1908.

The following proceedings were this day directed by the Police Commissioner:

Whereas, The new station house in course of erection for the Twenty-third Precinct (formerly Nineteenth Precinct), on premises south side of West Thirtieth street, 263 feet easterly from Seventh avenue, is nearly completed,

Ordered, That the Commissioners of the Sinking Fund be and are hereby respectfully requested to authorize the Police Commissioner to establish, provide and furnish such building as a station house for the Twenty-third Precinct, for the accommodation thereof of members of the Police Force and as a place of temporary detention for persons arrested and property taken within said precinct, and also to provide and furnish such business accommodations, apparatus and articles, and provide for the care thereof as shall be necessary for the Department of Police and the transaction of the business of the Department.

Having investigated the financial condition of Ellen Reilly, and as a result of such investigation and from the evidence now before me being of the opinion that the said Ellen Reilly does not need for her support the pension heretofore granted her;

Now, therefore, under authority vested in me by section 356 of the Greater New York Charter, it is

Ordered, That the pension heretofore granted to Ellen Reilly on or about the 18th day of April, 1888, be and the same is hereby reduced to \$120 per annum, as of the 31st day of May, 1908.

Having investigated the financial condition of Jenet Whalen, and as a result of such investigation, and from the evidence now before me being of the opinion that the said Jenet Whalen does not need for her support the pension heretofore granted her;

Now, therefore, under authority vested in me by section 356 of the Greater New York Charter, it is

Ordered, That the pension heretofore granted to Jenet Whalen on or about the 15th day of April, 1887, be and the same is hereby reduced to \$180 per annum, as of the 31st day of May, 1908.

Ordered to be Paid.

## BOROUGH OF MANHATTAN.

## WASHINGTON HEIGHTS DISTRICT.

At a meeting of the Board of Local Improvements of the Washington Heights District, held May 26, 1908, the following members were present: Aldermen McDonald, Mulcahy, Marx and Acting President Cloughen.

The Acting President presented for the Board's consideration the matter of acquiring title to extension of Haven avenue, from its present terminus at West One Hundred and Seventieth street to Fort Washington avenue at about West One Hundred and Sixty-eighth street, and an extension of West One Hundred and Sixty-ninth street, from Fort Washington avenue to the proposed extension of Haven avenue.

The following resolution was introduced by Alderman McDonald:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board, at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now, therefore, it is

Resolved, by the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To acquire title to Haven avenue, from its present terminus at West One Hundred and Seventieth street to Fort Washington avenue at about West One Hundred and Sixty-eighth street, and an extension of West One Hundred and Sixty-ninth street, from Fort Washington avenue to Haven avenue; and it is hereby further

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Which was adopted.

The Acting President presented for the Board's consideration the matter of paving, curbing, etc., West One Hundred and Forty-eighth street, from Broadway to Riverside drive. Estimated cost, \$4,435. Assessed valuation of property affected, \$273,000.

The following resolution was introduced by Alderman McDonald:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board, at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now, therefore, it is

Resolved, by the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To pave with granite block pavement on concrete foundation, curb and recurb West One Hundred and Forty-eighth street, from Broadway to Riverside drive; and it is hereby further

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Which was adopted.

The Acting President presented for the Board's consideration the matter of paving with asphalt block pavement, curbing and recurbing West One Hundred and Fifty-fourth street, from St. Nicholas avenue to Amsterdam avenue.

Mr. H. S. Johnson, representing the Washington Heights Taxpayers' Association, appeared and requested that this matter be laid over until the next meeting.

On motion of Alderman McDonald the matter was laid over for two weeks.

The Acting President presented for the Board's consideration the matter of paving with asphalt block pavement, curbing and recurbing West One Hundred and Fifty-first street, from St. Nicholas place to St. Nicholas avenue.

On motion of Alderman McDonald this matter was laid over for two weeks.

The Acting President presented for the Board's consideration the matter of paving Two Hundred and Eleventh street, from Broadway to the bulkhead line of the Harlem River.

On motion of Alderman McDonald this matter was laid over for two weeks, to await the report of the Chief Engineer of Highways.

A resolution for the following was introduced by Alderman Mulcahy:

To repair sidewalk on the southeast corner of One Hundred and Forty-first street and Convent avenue.

Which was adopted.

The Acting President presented for the Board's consideration the matter of laying out an improvement as a public park the plot of ground between One Hundred and Sixty-fifth street, Croton street, Amsterdam avenue and Audubon avenue, leaving a 30-foot roadway for entrance to property on the northerly side of Croton street.

Mr. Christian Trinks, representing the Washington Heights Progressive Association, appeared in opposition, and requested that, in view of the large number of assessments recently levied for improvements in this vicinity, action on this petition should be deferred until the property likely to be assessed for the proposed park could better stand additional expense.

Rev. Edward T. McGinley, rector of the Church of St. Rose of Lima, appeared in favor of this improvement.

Mr. Louis H. Moos appeared in favor.

On motion of Alderman McDonald this matter was laid over for two weeks.

On motion, the Board adjourned.

BERNARD DOWNING, Secretary.

## BOROUGH OF MANHATTAN.

Meetings of the Boards of Local Improvements of the Greenwich and Riverside Districts, called for May 26, were postponed, there being no quorum of either Board present.

BERNARD DOWNING, Secretary.

## DEPARTMENT OF DOCKS AND FERRIES.

### FILLING PRIVILEGE.

OFFICE OF THE DEPARTMENT OF DOCKS AND FERRIES, PIER "A," FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Docks, at Pier "A," foot of Battery place, in The City of New York, until 12 o'clock noon on

FRIDAY, JUNE 12, 1908.

FOR THE RIGHT TO DUMP AND FILL IN BEHIND THE BULKHEAD WALL RECENTLY BUILT ON THE WESTERLY PART OF THE JAMES SLIP SECTION, EAST RIVER, BOROUGH OF MANHATTAN.

TERMS AND CONDITIONS OF SALE.

The work to be done is to fill in with suitable material, as hereinafter described, the area behind the new bulkhead wall extending from the close pile bulkhead at its westerly end to a line at right angles to the wall at a point 175 feet east of its westerly end distant, from which line the filling will be allowed to take its natural slope, and from the rear of the bulkhead wall or riprap backing to the old crib bulkhead along the southerly side of South street; or where the bulkhead is below grade to a point about 10 feet inshore of the face of the bulkhead, or as directed by the Engineer. The exact limits to be seen on a map at Pier "A," which, together with the soundings and other data used, forms part of this agreement.

The exact limits of the basin to be filled under this agreement may be seen on a map at Pier "A," together with the soundings and other data used, the said map being a part of this agreement.

The filling will be brought to a grade level with the top of the coping of the bulkhead wall and will extend inshore on a regular grade to the level of the street adjacent.

It is estimated that the area outlining the above described limits will create a basin to be filled in, under this agreement, whose cubical contents in net void space is equal to about 2,700 cubic yards.

This estimate is arrived at by computing the net void space between the face of the old crib bulkhead, along the southerly side of South street, and the rear of the bulkhead wall, either before commencement or during the progress of the work herein called for.

Bidders will state in writing a lump sum price, which they agree to pay for the privilege of filling in the void space behind the bulkhead wall, built or to be built, on the westerly part of the James Slip Section, as described above, and as appears in detail on the map at Pier "A."

In the estimated amount given, the amount in cubic yards is arrived at without placing any allowance for shrinkage, settlement, swelling of the material or penetration into the mud.

The Department is not bound in any way by such estimate, and bidders must satisfy themselves of the actual quantity required to fill in the above described area by examination of the premises or such other means as they may prefer, the intention of the Department being to fill in the whole of the said premises behind the bulkhead wall within the above described limits, and no allowance will be made to the purchaser from the purchase price on account of any discrepancy which may be found between the above estimated quantity and the actual amount of filling required. The purchaser will be required to place the filling in accordance with the following specifications:

All the filling shall, unless otherwise directed, be placed directly in the rear of the bulkhead wall and carried from the bulkhead wall toward the shore until the bank of same has been carried out at the finished grade for a distance of about 30 feet from the face of the bulkhead wall, at which time, if so directed by the Engineer, the filling shall be started at the bank and carried outshore toward the bulkhead wall.

All material must be dumped and filled in only in such manner, at such points and in such order of procedure and at such times and seasons as may, from time to time, be directed, and the work of filling in may be entirely suspended for such periods of time as may be directed by the Engineer. The purchaser shall have no claim for damage or for any allowance on the purchase money on account of such suspension of the work.

All directions must be given by the Engineer, and wherever the word Engineer is used in these specifications it refers to and designates the Engineer-in-Chief of the Department of Docks and Ferries, or such officer or employee as may be designated by him.

Riprap stone coming directly on or against the bulkhead wall must be deposited carefully in such manner as will not injure the same.

All the filling, except as otherwise specified herein, shall be of ashes, cellar dirt, broken stone, etc., entirely free from garbage or any organic matter objectionable in the opinion of the Engineer.

At any section of the bulkhead wall the filling shall be brought up level with the under side of the backing log of the bulkhead wall at such section, and no higher, unless otherwise directed.

The filling shall be commenced within five days after the date of the receipt of a notification from the Engineer that the work, or any part of it, is ready to be begun. The Department reserves the right of ordering the contractor to deposit not less than 100 cubic yards per day, as directed by the Engineer, and the whole amount of the filling called for to bring the above described basin up to grade, shall be completed within twenty-seven (27) days from the date of the receipt of said notification. At the expiration of this time this agreement shall be considered closed unless a further extension of time shall be given by the Commissioner of Docks. If at any time during the progress of the work it shall be deemed necessary to order the suspension of the whole or any part of the filling, the time for completing said filling shall be extended as much as it may have been delayed by such suspension.

In case the purchaser at any time does not proceed with the work of filling in to the satisfaction of the Commissioner of Docks, the said Commissioner will at once terminate the privilege of filling in and proceed to have the remainder of the filling in done by other parties in such way and manner as he deems proper, and any loss which may result therefrom shall be charged against the principal and his surety.

The purchaser shall, during the work of filling in, and at all times until the completion thereof, take all necessary precautions and place proper guards for the prevention of accidents, and put up and maintain at night sufficient lights, and he shall indemnify and save harmless The City of New York from all damages and costs to which it may be put by reason of injury to the person or property of another resulting from negligence or carelessness in the performance of the work or guarding the same, to which the surety is also bound.

No bid or estimate will be considered unless accompanied by a certified check drawn to the order of the Commissioner of Docks, or money to the amount of twenty-five per centum of the amount of the bid, which amount shall be applied in the case of the successful bidder to the first one-quarter of the amount of the filling to be deposited; twenty-five per centum to be paid when the first one-quarter of filling has been completed; twenty-five per centum additional when one-half the filling has been completed, and the balance, twenty-five per centum, when three-quarters of said filling has been completed.

A surety or guarantee company, duly authorized by law to act as surety, to be approved by the Commissioner of Docks, will be required to enter into a bond or obligation jointly and severally with the purchaser, in the sum of double the amount of the purchase price as security for the satisfactory performance of said work, in accordance with the terms and conditions hereof.

Dated The City of New York, June 5, 1908.

ALLEN N. SPOONER,  
Commissioner of Docks.

Comptroller's Office, June 5, 1908. j8,20

**CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.**

**AT THE REQUEST OF THE PRESIDENT** of the Borough of The Bronx, public notice is hereby given that the Commissioners of the Sinking Fund by virtue of the powers vested in them by law, will therefore sell at public auction the buildings, parts of buildings, included therein, owned by The City of New York, and which were acquired by it for street opening purposes in the

**Borough of The Bronx.**  
Being all those buildings, parts of buildings, etc., on Spuyten Duyvil road, south of West Two Hundred and Twenty-seventh street, to West Two Hundred and Thirtieth street, in the Twenty-fourth Ward, Borough of The Bronx, and which are more particularly described on a certain map on file in the office of the Collector of City Revenue and Markets, Department of Finance, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting May 27, 1908, the sale of the above described buildings and appurtenances thereto will be held by the direction of the Comptroller, on

**WEDNESDAY, JUNE 17, 1908,**  
at 11 o'clock a. m. on the premises upon the following

**TERMS AND CONDITIONS.**  
The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also at the time of sale give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars, the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in the street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of The Bronx, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all openings in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances or any part thereof within sixty days from the day of the sale will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beamholes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids. And it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

**NOTICE IS HEREBY GIVEN THAT AT** the meeting of the Board of Estimate and Apportionment held on May 22, 1908, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Heberton avenue, between a line about 188 feet north of Ann street and Richmond terrace, in the Borough of Richmond, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point on the line midway between Heberton avenue and Broadway as the lines of the said streets are either laid out or commonly recognized, at and adjoining their intersection with Ann street, distant 100 feet southerly from the southerly line of Ann street, the said distance being measured at right angles to the line of Ann street, and running thence northwardly in a straight course and along the said line midway between Heberton avenue and Broadway and the prolongation of the said line to the intersection with the westerly line of Richmond terrace; thence easterly at right angles to the line of Richmond terrace to a point distant 100 feet easterly from the easterly line of Richmond terrace; thence southwardly and always distant 100 feet from and parallel with the easterly line of Richmond terrace to the intersection with a line bisecting the angle formed by the intersection of the southeasterly line of Heberton avenue, as laid out immediately east of its intersection with Ann street, with the northerly line of Bennett street as recognized between Heberton avenue and Jewett avenue; thence southwestwardly along the said bisecting line to the intersection with a line parallel with the line of Ann street as commonly recognized between Heberton avenue and Broadway; and passing through the point of beginning, thence westwardly along the said line parallel with Ann street to the point or place of beginning.

[With the exception of Heberton avenue, none of the streets mentioned in the above description have been placed upon the City map, and the references to street lines are intended to apply to those determined by usage, and as commonly recognized.]

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 19th day of June, 1908, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 19th day of June, 1908.

Dated June 6, 1908.

**PUBLIC NOTICE IS HEREBY GIVEN** that at a meeting of the Board of Estimate and Apportionment, held April 24, 1908, the following petition was received:

To the Honorable Board of Estimate and Apportionment of The City of New York:

The petition of the Hudson and Long Island Traction Company respectfully shows:

First—That your petitioner is a street surface railway corporation, duly organized and existing under the laws of the State of New York, and proposes to construct a line of street surface railway in the Counties of New York and Queens and across the Blackwells Island Bridge, connecting the Boroughs of Manhattan and Queens in The City of New York and State of New York.

Second—Your petitioner now desires to obtain from your Honorable Board and hereby respectfully applies for its consent to a grant of the right, privilege and franchise to construct, maintain and operate a single or double track street surface railroad for public use in the conveyance of persons and property for compensation in, upon, along and over the surface of certain streets, avenues, highways, roads and public places in the Boroughs of Manhattan and Queens and across the Blackwells Island Bridge, of which the following is a description:

Beginning at a point at the intersection of West Forty-second street with Twelfth avenue, in the Borough of Manhattan, City of New York; running thence northerly over, upon and along said Twelfth avenue to the intersection of said Twelfth avenue with West Forty-third

street; thence extending easterly over, upon and along said West Forty-third street to the intersection of said West Forty-third street with Eleventh avenue; thence extending northerly over, upon and along said Eleventh avenue to the intersection of said Eleventh avenue with West Fifty-seventh street; thence extending easterly over, upon and along said West Fifty-seventh street to the intersection of Fifth avenue and West Fifty-seventh street; thence extending easterly and crossing said Fifth avenue over, upon and along East Fifty-seventh street to the intersection of said East Fifty-seventh street with Second avenue; thence extending northerly over, upon and along said Second avenue to a point on Second avenue opposite the plaza of the Blackwells Island Bridge; thence extending easterly over, upon, along and across said Plaza and Bridge, and upon, along and across the plaza of said bridge in Long Island City, Borough of Queens, New York City, and crossing all avenues or streets intersecting said proposed route.

Third—That said corporation proposes to operate said proposed railroad by such motive power as may be lawfully employed.

Wherefore your petitioner prays that public notice hereof and of the time and place when and where this application will be first considered be given as required by law, and that the desired consent be granted in accordance with the provisions of the Greater New York Charter.

Dated April 9, 1908.

**PUBLIC NOTICE IS HEREBY GIVEN** that at a meeting of the Board of Estimate and Apportionment held May 1, 1908, the following petition was received:

To the Honorable Board of Estimate and Apportionment of The City of New York:

The petition of the New York and Queens County Railway Company respectfully shows:

First—That your petitioner is a street surface railway corporation duly organized and existing under the laws of the State of New York, and now operating a street surface railway in the Borough of Queens, City of New York, and has duly filed, pursuant to section 90 of the Railroad Law, a statement of the extension of its road and branch thereof herein proposed.

Second—That for the purpose of constructing and operating a branch or extension of its present road your petitioner desires to obtain from your Honorable Board, and hereby respectfully applies for its consent to and a grant of the right, privilege and franchise for the construction, maintenance and operation of a double-track street surface railway for public use in the conveyance of persons and property for compensation in, upon, along and over certain streets, avenues, highways, bridges, viaducts and public places in the Borough and County of Queens, City and State of New York, of which the following is a description:

Beginning at and connecting with its present tracks on Jackson avenue at a point opposite the Blackwells Island Bridge plaza, where the proposed bridge approach or viaduct connecting Jackson avenue with Thomson avenue intersects the said Jackson avenue; thence southeasterly in, upon, along and over the said bridge approach or viaduct from said Jackson avenue to Thomson avenue; thence easterly in, upon, along and over said Thomson avenue to its junction with Hoffman boulevard; thence southeasterly in, upon, along and over the said Hoffman boulevard to Fulton street, in the former Village of Jamaica, crossing such other streets, avenues, highways, bridges, viaducts and public places as may be encountered in said route, and with such connections, turnouts, switches, crossovers, stands, poles, wires and equipment as may be necessary for the construction and operation of said railway by the overhead system of electricity, or by any other motive power that may be lawfully employed upon the same.

Third—That your petitioner proposes to operate said extension or branch by the overhead system of electricity, substantially similar to that now in use on its other lines, or by other motive power that may be lawfully employed.

Wherefore your petitioner prays that public notice hereof, and of the time and place when and where this application will be first considered, be given as required by law, and that the desired consent be granted in accordance with the provisions of the Greater New York Charter.

**PUBLIC NOTICE IS HEREBY GIVEN** that at a meeting of the Board of Estimate and Apportionment held April 24, 1908, the following petition was received:

To the Honorable Board of Estimate and Apportionment of The City of New York:

The petition of the South Shore Traction Company respectfully shows:

First—That your petitioner is a street surface railway corporation, duly organized and existing under the laws of the State of New York, and is now constructing its line of street surface railway in the counties of Nassau and Suffolk, in the State of New York, and has duly filed, pur-

suant to section 90 of the Railroad Law, a statement of the extension of its road and branch thereof herein proposed.

Second—That for the purpose of constructing and operating a branch or extension of its present line, your petitioner desires to obtain from your Honorable Board, and hereby respectfully applies for, its consent to a grant of the right, privilege and franchise for construction, maintenance and operation of a single or double track street surface railway for public use in the conveyance of persons and property for compensation in, upon, along and over the surface of certain streets, avenues, highways, bridges, public places and private property in the Borough of Queens, City of New York, of which the following is a description:

Beginning at the so-called bridge plaza of the Blackwells Island Bridge; thence over and across Jackson avenue; thence along the so-called "Bridge Approach" to Thompson avenue; thence along Thompson avenue, crossing the intervening streets and tracks of the Long Island Railroad to Hoffman boulevard; thence along Hoffman boulevard to and across Hillside avenue and other intervening streets and by private right of way to and across Maple street and Shelton avenue; thence along Shelton avenue to Union avenue; thence along Union avenue to, along and across Fulton street to Union Hall avenue; thence along Union Hall avenue and by private right of way to and across New York avenue to Linden street; thence along Linden street to and across Locust street and by private right of way to Puntine street; thence along Puntine street to South street; thence along South street, crossing the Long Island Railroad, to Farmers road; thence along, upon and across Farmers road and by private right of way to Central avenue; thence in a generally easterly direction over, upon and along Central avenue to where it intersects the boundary line between The City of New York and the Town of Hempstead, said point being the western terminal point of the South Shore Traction Company, as designated in its certificate of incorporation.

And also crossing such other streets, avenues and highways as may intersect such designated routes.

Also for consent and permission to operate the cars of said company along, upon and across the plaza of the Blackwells Island Bridge, in the Borough of Queens, City of New York; thence across and over said Blackwells Island Bridge and along, upon and across the plaza of the said Blackwells Island Bridge, in the Borough of Manhattan, City of New York.

Third—That said corporation proposes to operate said extension or branch by the overhead system of electricity or other motive power that may be lawfully employed.

Wherefore your petitioner prays that public notice hereof and of the time and place when and where this application will be first considered be given, as required by law, and that the desired consent be granted, in accordance with the provision of the Greater New York Charter.

**PUBLIC NOTICE IS HEREBY GIVEN** that at a meeting of the Board of Estimate and Apportionment, held May 15, 1908, the following petition was received:

To the Honorable Board of Estimate and Apportionment of The City of New York:

The petition of the Nassau Electric Railroad Company respectfully shows:

1. Your petitioner is a street surface railroad corporation duly organized and existing under the laws of the State of New York, and has duly made and filed, pursuant to section 90 of the Railroad Law, a statement of the names and description of the streets, roads, avenues, highways and private property in or upon which it is proposed to construct, maintain and operate extensions or branches of its railroad, as herein set forth.

2. Your petitioner desires to obtain from The City of New York, and hereby respectfully applies for its consent to a grant of the franchise or right to use certain streets, roads, avenues, highways or public grounds within or belonging to The City of New York for the construction and operation in and upon the surface thereof extensions or branches of its street surface railroad to consist of a double or single track surface railroad (including necessary poles, wires, conduits, connections, switches, sidings, turnouts, crossovers and suitable stands, equipment or other structures necessary for the accommodation and operation of said railroad by the overhead or other system of electricity or other motive power which may be lawfully used upon the same), for public use and conveyance of persons and property for compensation.

3. The following is a description of the said certain streets, roads, avenues, highways, driveways or public ground within or belonging to The City of New York, in, through, upon and along which your petitioner desires to extend its railroad, to wit:

Beginning at the terminus of its present track on the easterly side of Flatbush avenue, between Atlantic avenue and Fourth avenue; thence along Flatbush avenue to Fourth avenue, and running thence in a westerly direction across the tracks of

the Brooklyn City Railroad Company on Flatbush avenue and making a suitable connection therewith to Fourth avenue; thence along Fourth avenue to Atlantic avenue, and along Atlantic avenue to Flatbush avenue, and making a suitable connection with the tracks of the Brooklyn City Railroad Company at the intersection of Flatbush avenue and Atlantic avenue.

4. Your petitioner proposes to operate the railroad to be constructed upon said streets and avenues by the overhead trolley system or by any other motive power other than steam locomotive power which may be approved by the Public Service Commission of the First District and consented to by the owners of property bounded upon said routes, as provided by law.

Wherefore your petitioner prays that public notice herein of the time and place when and where this application will be first considered be given, as required by the provisions of section 92 of the Railroad Law and of all other laws applicable thereto, and that the desired consent or grant be embodied in the form of a contract with all the terms and conditions as to compensation and otherwise, in accordance with the provisions of the Greater New York Charter and the laws of the State.

Dated at the Borough of Brooklyn, City of New York, May 1, 1908.

## PUBLIC SERVICE COMMISSION— FIRST DISTRICT.

### THE SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Public Service Commission for the First District, by virtue of the powers vested in it by law, and subject to the approval of the Commissioners of the Sinking Fund, will offer for sale at public auction the buildings now standing upon certain parcels of property owned by The City of New York, acquired for rapid transit purposes in The City of New York, Borough of Manhattan, being a five-story brick building standing on lot, known as Lot No. 3, No. 142 Centre Street, said lot being situated on the easterly side of Centre Street, and its most southerly point on Centre Street, being distant approximately 127 feet 11 inches southerly from the point formed by the intersection of the easterly side of Centre Street and the southerly side of Walker Street and being approximately 26 feet 4 inches in front, 26 feet 8 inches in the rear, in depth on the southerly side 105 feet 8 inches, and on the northerly side 103 feet; a five-story brick building standing on lot, known as Lot No. 4, No. 144 Centre Street, said lot adjoining said Lot No. 3 on the north and being approximately 26 feet 4 inches in front, 26 feet 8 inches in the rear, in depth on the southerly side 103 feet on the southerly side, and on the northerly side 100 feet 4 inches; a seven-story building standing on lot, known as Lot No. 5, Nos. 146, 148 and 150 Centre Street and Nos. 111, 113 and 115 Walker Street, said lot adjoining said Lot No. 4 on the north and being approximately 75 feet 3 inches in front on Centre Street, 66 feet 3 inches on Walker Street, 80 feet 3 inches on the easterly side thereof and 75 feet 8 inches on the southerly side thereof; a seven-story brick building standing on lot, known as Lot No. 7, No. 117 Walker Street, said lot adjoining said Lot No. 5 on the east and being approximately 25 feet in front, 25 feet in the rear, 80 feet 3 inches on the westerly side and 82 feet on the easterly side; and a four-story brick building standing on lot, known as Lot Nos. 8 and 9, Nos. 119 and 121 Walker Street, said lot adjoining said Lot No. 7 on the east and being approximately

20 feet in front, 50 feet in the rear, 100 feet on the westerly side thereof and 100 feet on the easterly side, said parcels of property being more particularly described on certain maps or plans and a memorandum on file in the office of the Register of the County of New York, which are marked as follows: "Public Service Commission for the First District, Chief Engineer's Office, Route 9-0-2, Drawing No. 25, November 27, 1907, George S. Rice, Chief Engineer."

Pursuant to a resolution of the Public Service Commission for the First District, adopted on May 26, 1908, the sale of the above described buildings will be held by said Commission on the premises on

THURSDAY, JUNE 18, 1908,

at 11 o'clock a. m., upon the following terms and conditions and subject to the approval of the Commissioners of the Sinking Fund:

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York and must also, at the time of the sale, give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by The City of New York to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

All the materials of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Manhattan, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permits for all openings in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any portion thereof, within sixty days from the day of the sale, will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the City of New York will, without notice to the purchaser, cause the same to be removed and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls, are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water-tight where they have been disturbed by the operations of the contractor.

The Public Service Commission for the First District reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto do present their said objections, in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 16th day of June, 1908, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 18th day of June, 1908, at 3 o'clock p. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 17th day of June, 1908.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at a point formed by the intersection of the westerly prolongation of a line parallel to and distant one hundred (100) feet southerly from the southerly line of West One Hundred and Seventy-eighth street and a line parallel to and distant one hundred (100) feet westerly from the westerly line of Buena Vista ave-

nue; running thence northerly along said parallel line to Buena Vista avenue to its intersection with the westerly prolongation of a line parallel to and distant one hundred (100) feet northerly from the northerly line of West One Hundred and Seventy-eighth street; thence easterly along said last-mentioned westerly prolongation and parallel line to West One Hundred and Seventy-eighth street to its intersection with a line parallel to and distant one hundred (100) feet westerly from the westerly line of Haven avenue; thence northerly along said parallel line to Haven avenue to its intersection with a line parallel to and distant one hundred (100) feet northerly from the northerly line of West One Hundred and Seventy-ninth street; thence easterly along said parallel line to West One Hundred and Seventy-ninth street to its intersection with a line parallel to and distant one hundred (100) feet easterly from the easterly line of Broadway; thence southerly along said line parallel to Broadway to its intersection with a line parallel to and distant one hundred (100) feet northerly from the northerly line of West One Hundred and Seventy-eighth street; thence easterly along said line parallel to West One Hundred and Seventy-eighth street to its intersection with a line parallel to and distant one hundred (100) feet easterly from the easterly line of Eleventh avenue; thence southerly along said line parallel to Eleventh avenue to its intersection with a line parallel to and distant one hundred (100) feet southerly from the southerly line of West One Hundred and Seventy-eighth street; thence westerly along said last-mentioned parallel line to its intersection with a line parallel to and distant one hundred (100) feet easterly from the easterly line of Broadway; thence southerly along said last-mentioned parallel line to its intersection with a line parallel to and distant one hundred (100) feet southerly from the southerly line of West One Hundred and Seventy-seventh street; thence westerly along said last-mentioned parallel line to its intersection with the southerly prolongation of a line parallel to and distant one hundred (100) feet westerly from the westerly line of Haven avenue; thence northerly along said last-mentioned southerly prolongation and parallel line to its intersection with a line parallel to and distant one hundred (100) feet southerly from the southerly line of West One Hundred and Seventy-eighth street; thence westerly along said last-mentioned parallel line and its westerly prolongation to the point or place of beginning; excepting from said area all streets, avenues and roads, or portions thereof, heretofore legally opened, as shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part I., to be held in the County Court House, in the Borough of Manhattan, in the City of New York, on the 15th day of September, 1908, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

## SUPREME COURT—NINTH JUDICIAL DISTRICT.

### NINTH JUDICIAL DISTRICT.

#### WESTCHESTER COUNTY.

#### VILLAGE OF MOUNT KISCO.

Notice of Application for the Appointment of Commissioners of Appraisal.

PUBLIC NOTICE IS HEREBY GIVEN that it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court of the State of New York for the appointment of Commissioners of Appraisal, under the Charter of The City of New York and under the provisions of chapter 428 of the Laws of 1907. Such application will be made to the Supreme Court at a Special Term thereof, to be held in and for the Ninth Judicial District, at the Court House in the Village of White Plains, Westchester County, N. Y., on the 20th day of June, 1908, at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard. The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York and one of whom shall reside in the county in which the real estate acquired or affected is situated, and one of whom shall reside in the county in which the said real estate shall be situated, or in an adjoining county, as Commissioners of Appraisal, to ascertain and appraise the compensation to be made to the owners of and persons interested in the real estate laid down on said maps, as indicated in this act.

The real estate sought to be taken or affected is situated in the Towns of New Castle and Bedford, Westchester County and State of New York.

The following is a description of the real estate to be acquired in fee, together with a reference to the date and place of filing of the map:

All those certain pieces or parcels of real estate, situated in the Village of Mount Kisco, County of Westchester and State of New York, shown on a map entitled "Department of Water Supply, Gas and Electricity of The City of New York. Map of lands situated in the Village of Mount Kisco, towns of New Castle and Bedford, Westchester County, New York, to be acquired by The City of New York under the provisions of chapter 428 of the Laws of 1907, to authorize The City of New York and the Village of Mount Kisco, Westchester County, New York, to enter into a contract or agreement to provide for the disposal of the sewage of said village and to allow The City of New York to acquire such lands as may be necessary in and about said village and to raise funds to carry said contract or agreement into effect," which map was filed in the office of the Commissioner of Water Supply, Gas and Electricity, on the 14th day of February, 1908, and in the office of the Register of Westchester County, on May 6, 1908; which parcels are bounded and described as follows:

#### First Piece.

Beginning at a point in the easterly line of New road, said point being the northwest corner of Parcel No. 1, shown on above mentioned map of lands; and running thence along the easterly line of New road and the westerly line of Parcel No. 1, north 35 degrees 33 minutes east 71.92 feet; thence along the northerly line of said parcel, south 50 degrees 9 minutes east 229.45 feet, to a point in the westerly line of the right of way of the Harlem Division of the New York Central and Hudson River Railroad; thence along said right of way line and the easterly line of said parcel, south 34 degrees 19 minutes west 65.88 feet; thence along the southerly line of said parcel, north 51 degrees 42 minutes west 230.48 feet to the point or place of beginning.

#### Second Piece.

## PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

## NOTICE TO CONTRACTORS.

### GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, bureau chief, clerk, collector, or other officer of the City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, or the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 430 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids on estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Council, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
