BOARD OF EDUCATION.

ORGANIZATION—MONDAY, FEBRUARY 6, 1905.

Pursuant to section 1061 of the Greater New York Charter, the Board of Education of The City of New York met on Monday, February 6, 1905, at 4 o'clock P. M., at the Hall of the Board of Education, Park avenue and Fifty-ninth street, Borough of Manhattan.

The meeting was called to order by the Secretary, and, on motion of Mr. Partridge, Mr. Dix was elected President pro tem.

Present—Mr. Adams, Mr. Aldcroft, Mr. Babbott, Mr. Backus, Mr. Barrett, Mr. Barry, Mr. Collier, Mr. Cunneen, Mr. Dix, Mr. Donnelly, Mr. Eppig, Mr. Everett, Mr. Field, Mr. Greene, Dr. Hamlin, Mr. Harkness, Mr. Harrison, Dr. Haupt, Mr. Higgins, Mr. Ingalls, Mr. Jackson, Mr. Jonas, Mr. John C. Kelley, Mr. Lummis, Mr. McGowan, Mr. Man, Mr. Marks, Mr. Partridge, Mr. Payne, Mr. Renwick, Mr. Schaedle, Mr. Schmitt, Mr. A. Stern, Mr. M. S. Stern, Mr. Thompson, Mr. Tift, Mr. Vandenhoff, Mr. Warburg, Mr. Wilsey, Mr. Wingate, Mr. Winthrop—41.
Also City Superintendent Maxwell.

Absent—Mr. Francolini, Mr. Frissell, Mr. Higginson, Mr. John P. Kelly, Mr. Weir—5.

The President pro tem. announced that the first order of business would be the election of a President.

Mr. Collier nominated Henry N. Tift for President.

The nomination was seconded by Messrs. Jackson and Adams.

Mr. Harkness moved that the Secretary be instructed to cast one ballot for Henry N. Tift as President.

Adopted.

The President pro tem. appointed Messrs. Wilsey and Aldcroft as Tellers.

The Tellers reported that the Secretary had cast one ballot, as instructed.

The President pro tem. thereupon announced that Henry N. Tift had been duly elected President of the Board of Education of The City of New York for the ensuing year.

The President pro tem. designated Messrs. John C. Kelley and Adams to escort the President-elect to the chair.

On taking the chair the President addressed the Board as follows:

"Gentlemen—If I was gratified at your selection two months ago, when you knew little or nothing about me, I should be a very unappreciative man indeed were I not more gratified at your renewed expression of confidence when you have had a chance to learn about me; and whatever you may have learned, I think you are convinced that I mean to do my duty, absolutely fearlessly, absolutely impartially, and as President of the whole Board.

"This is no time for extended remarks. It has been a great privilege to me to work with you, gentlemen. I knew that I would have loyalty if I showed myself willing to bear my share of the work. I knew that I could count upon the service of each one of you if I was willing to serve. I knew that this Board could only attend to its work as efficiently as usual when every one of us was doing what I promised you I would do, namely, deal with all its interests with an eye single to the best welfare of the entire Department.

"I have some plans which, when there is a better opportunity, I would like to lay before you more in detail, regarding some of the things which, in my humble judgment, should be accomplished during this coming year. And that you may have them in mind, as I have had them in mind for some time, I will briefly refer to them.

"I do feel that we should to a certain extent revise our system of bookkeeping for the purpose of giving us a clearer insight into the correlation of and expenses connected with the different bureaus.

"I have in mind the possibility, the desirability of legislation which shall have for its result a better provision for the needs of this Department in a financial way—meaning by that such provision as shall keep pace annually with what I understand is the approximately regular increase in school population each year.

"I hope we shall be able to make forward progress to a great extent in the establishment of a building which shall have the custody of our supplies; I mean a building of our own which shall be sufficiently large to meet all the requirements, not only of the present but of the future, as a depository for our supplies, which are growing more and more numerous every year.

"I hope we shall favorably consider the desirability of having, and make good progress toward establishing, an up-to-date twentieth century truant school, on the cottage system if possible.

"I hope we shall be able to give more attention to what, in my judgment, has been a little over-emotional dealing with the subject of breakfastless children. I am knowing to the fact that there is a large amount of destitution in this City; I am also knowing to the fact that many of the destitute families send their children to our schools; but I do not believe that there is any great number of children who go to our schools without breakfast. In that view I am confirmed by many gentlemen who are in close touch with the work of providing for destitute families. It was only to-day that one of these gentlemen—a president of one of our largest societies—told me that he did not think, so far as he could gather from his reports, that there was any extra need or cause for anxiety, and he was most desirous that there should not be any emotional charity; that we should not start off on a general crusade, feeding all New York. And yet there is a basis for the criticism that has been made, and I am hoping that this Board may find sufficient time to deal with the question intelligently and thoroughly, to the end that we may get at the truth.

"I do not wish to take any more of your time. I can only say to you, gentlemen, that I am here to receive any and all suggestions at any and all times, and I pledge you my unqualified, my absolutely sincere, earnest and faithful efforts."

The President announced that the next order of business would be the election of a Vice-President.

Mr. Harkness nominated Mr. John C. Kelley for Vice-President.

The nomination was seconded by Messrs. Collier and Field.

Mr. Wingate nominated Mr. Greene for Vice-President.

The nomination was seconded by Messrs. Adams, Vandenhoff and McGowan.

The President appointed Messrs. Jonas and Field as Tellers.

The Tellers reported as follows:

Whole number of votes cast.....	37
Necessary to a choice.....	24
Of the votes cast, Mr. John C. Kelley received.....	22
Of the votes cast, Mr. John Greene received.....	14
Of the votes cast, Mr. Frank Harvey Field received.....	1

NATHAN S. JONAS,

FRANK HARVEY FIELD,

Tellers.

There being no election the Board proceeded to a second ballot.

The Tellers reported as follows:

Whole number of votes cast.....	38
Necessary to a choice.....	24
Of the votes cast, Mr. John C. Kelley received.....	26
Of the votes cast, Mr. John Greene received.....	12

NATHAN S. JONAS,

FRANK HARVEY FIELD,

Tellers.

The President thereupon announced that Mr. John C. Kelley had been duly elected Vice-President of the Board of Education for the ensuing year.

The Vice-President thanked the members of the Board for the honor conferred upon him.

The President announced for consideration the minutes of the meeting held on December 28, 1904, and, on motion, they were approved as printed.

Reports Laid Over.

The President announced for consideration the report of the Committee on Elementary Schools relative to granting a leave of absence to Gustave Hartman, a Teacher in Public School 188, Manhattan, for the year 1905 (see Journal, page 146).

The President put the question whether the Board would adopt the report and resolution of the Committee on Elementary Schools, and it was decided in the negative by the following vote:

Ayes—Messrs. Adams, Collier, Donnelly, Everett, Hamlin, Haupt, John C. Kelley, Marks, Payne, Schaedle, M. S. Stern and Wilsey—12.

Nays—The President and Messrs. Aldcroft, Backus, Barry, Dix, Eppig, Field, Greene, Harrison, Higgins, Ingalls, Jonas, Lummis, McGowan, Man, Renwick, Schmitt, A. Stern, Vandenhoff, Warburg, Wingate and Winthrop—22.

The President announced for consideration the report of the Committee on Elementary Schools relative to the consolidation of Public Schools 25 and 79, Brooklyn, into a single organization to be known as Public School 25, Brooklyn (see Journal, page 153).

Mr. Collier moved that this matter be laid over.

Reports and resolutions were adopted as follows:

Appropriating the sum of thirty-four thousand five hundred dollars (\$34,500) from the proceeds of Corporate Stock to be issued by the Comptroller pursuant to sections 47 and 169 of the Revised Charter, application for the issue of which is hereby made; said sum to be applied to the purchase, for school purposes, of lands and premises bounded and described as follows:

Beginning at a point on the southeasterly side of Forsyth street distant one hundred and fifty (150) feet three (3) inches southerly from the southerly side of Hester street; running thence easterly at right angles with Forsyth street and parallel with Hester street one hundred (100) feet four (4) inches; thence running southerly and parallel with Forsyth street twenty-five (25) feet; thence running westerly and parallel with Hester street one hundred (100) feet four (4) inches to the southeasterly side of Forsyth street; running thence northerly along the southeasterly side of Forsyth street twenty-five (25) feet to the point or place of beginning, be the said several dimensions more or less, together with all the right, title and interest of the owners of said premises, of, in and to the streets in front thereof to the centre thereof; —the said sum to be paid by said Comptroller out of the proceeds of said Corporate Stock, requisition therefor being hereby made, for the said lot of land and premises, upon the presentation to him of the deed or deeds therefor, together with a certificate of the Corporation Counsel that the title thereto is satisfactory and fully free from all incumbrances and is vested in The City of New York.

Approving the action of the Corporation Counsel, on behalf of the Board of Education, in incurring an expense of seven hundred dollars (\$700) for expert witnesses' fees in connection with the acquiring of title by the City to lands on First avenue and One Hundred and Seventeenth street, Borough of Manhattan, as a site for school purposes, and approving, auditing and charging the bills of Herbert C. Plass and F. E. Mainhart in the above matter against the School Building Fund of the Board of Education.

Approving the action of the Corporation Counsel, on behalf of the Board of Education, in incurring an expense of \$105.60 for costs, etc., in connection with the acquiring title by the City to lands on the southwest corner of Prospect avenue and One Hundred and Seventy-sixth street, Borough of The Bronx, as a site for school purposes, and approving, auditing and charging the bill of costs and expenses in the above matter against the School Building Fund of the Board of Education.

Approving the action of the Comptroller, on behalf of the Board of Education, in incurring an expense of one hundred and fifty-nine dollars and twelve cents (\$159.12) for examination of titles in connection with the acquiring of titles by the City to the following lands:

Borough of Brooklyn—
Marcy avenue and Keap street.
No. 249 Keap street.
Rodney street and Marcy avenue.

—as sites for school purposes, and approving, auditing and charging the bills of the Title Guarantee and Trust Company in the above matters against the School Building Fund of the Board of Education.

Requesting the Commissioners of the Sinking Fund to authorize a renewal of the lease of the premises at No. 1187 Bedford avenue, occupied as an annex to the Commercial High School, Borough of Brooklyn, for a term of one year from February 1, 1905, at an annual rental of \$600; otherwise on the same terms and conditions as in the existing lease. Owners, Moller Brothers & Co.; Emil Nothiger, attorney, No. 797 Bedford avenue, Brooklyn.

Requesting the Commissioners of the Sinking Fund to authorize a renewal of the lease of the premises No. 1191 Bedford avenue, occupied as an annex to the Commercial High School, Borough of Brooklyn, for a term from February 1, 1905, to July 1, 1905, at a rental of \$50 per month, and on the same terms and conditions as in the existing lease. Owner, R. C. Talbot-Perkins; Henry J. Green, Sr., agent, No. 1161 Fulton street, Brooklyn.

Approving the accompanying plans for the erection of an addition to Public School 10, Borough of The Bronx.

Requesting the Commissioners of the Sinking Fund to authorize renewals of the leases of the following-named premises for the periods mentioned, and on the same terms and conditions as at present existing:

Washington avenue and One Hundred and Seventy-fourth street, The Bronx; owners, First Presbyterian Church of Tremont; E. E. Black, secretary, No. 149 Broadway; annex to Public School 4; District No. 25; date of expiration, July 1, 1905; term, 1 year; annual rental, \$2,000.

Fulton avenue, between One Hundred and Sixty-ninth and One Hundred and Seventieth streets, The Bronx; owners, St. John's German Lutheran Church; annex to Public School 2; District No. 25; date of expiration, July 1, 1905; term, 1 year; annual rental, \$2,100.

Finding Adolph G. Bornemann, a Cleaner in the Bureau of Supplies of the Department of Education, guilty of neglect of duty, insubordination and gross misconduct, and dismissing said Adolph G. Bornemann from the public school system of The City of New York.

Awarding the contracts for supplies for the truant schools in the boroughs of Manhattan and Brooklyn, for the year ending December 31, 1905, as per list attached; but no payments to be made on account of said contracts until the Committee on Supplies shall have filed the contracts to be entered into by it for and on behalf of the Board of Education, with the contractors mentioned; said contracts to be drawn and approved in the usual manner in compliance with law and the rules of the Board of Education applicable thereto.

Amending subdivision 5 of section 64 of the By-Laws of the Board of Education so as to read as follows:

5. Salaries of newly appointed teachers shall begin on the date of the beginning of actual and personal service; and all increase in the pay of teachers shall begin on the anniversary of such date.

Providing that no deductions be made upon the pay-rolls in the case of Teachers in the public schools who were late in reaching school on January 25, 26 and 27, 1905, if they reached their schools at any time up to 3 o'clock P. M., and provided that their

tardiness was occasioned by the storm and the interruption of the means of travel occasioned thereby, and suspending all By-laws and parts of By-laws inconsistent herewith, and referring to the Committee on Elementary Schools, with power, the matter of excuse of absence of Teachers in the public schools on January 25, 26 and 27, 1905, on account of the severe storm and the interruption of the means of travel occasioned thereby, and also the matter of excuse of absence of Teachers in the public schools due to the severe storm on January 4, 1905, and suspending all By-Laws and parts of By-Laws inconsistent herewith for the purpose mentioned.

Denying the request of the Brooklyn Sunday School Union, the Brooklyn Eastern District Sabbath School Association and the Greenpoint Sunday School Association, as no such holiday as "Children's Day" is contemplated by the By-Laws of the Board of Education.

Transferring Rose J. Cowen, a Teacher in Public School 43, Grammar, Manhattan, at her own request, from the rank and pay of Schedule IV. to the rank and pay of Schedule III., to take effect February 1, 1905.

Approving and ratifying the action of the President in suspending John S. Johnson, Janitor of Public School 95, Borough of Brooklyn, on January 14, 1905, pending action by the Board of Education in the matter, and dismissing John S. Johnson, Janitor of Public School 95, Borough of Brooklyn, from the public school system of The City of New York.

Appropriating the sum of three hundred and thirty-two dollars (\$332) from the proceeds of Corporate Stock, to be issued by the Comptroller, pursuant to sections 47 and 169 of the Revised Charter, application for the issue of which is hereby made; said sum to be applied in payment of the following bills:

Thomas Cockerill & Son, Public School 104, Manhattan, for building brick wall	\$295 00
Bloomington Bros., Hall of the Board of Education, for frames	37 00
	\$332 00

Requesting the Secretary to notify the owners of the premises hereinafter mentioned that the leases of the following-named premises, which will expire on July 1, 1905, will not be renewed for the reason stated above:

No. 186 Chrystie street, Annex to Public School 35, Borough of Manhattan.
No. 225 East One Hundred and Tenth street, Annex to Public School 83, Borough of Manhattan.

Northwest corner St. Ann's avenue and One Hundred and Forty-fourth street, Annex to Public School 30, Borough of The Bronx.

Excusing the pupils in the training schools and high schools selected to take part in the musical features of the Public School Centennial Celebration from attendance on their respective schools on Monday, February 20, 1905, in order to attend a rehearsal to be held at Carnegie Hall at 9.30 o'clock A. M., on that day, and to prepare for taking part in the evening exercises.

Mr. Harkness moved that the matter of the election of an Associate City Superintendent to succeed Mr. Algernon S. Higgins, whose term of office expired on December 31, 1904, which was laid over at the last meeting (see Journal, page 106), be taken up.

Adopted.

Mr. Greene moved that the Board go into executive session.

Adopted.

In Executive Session.

The Board went into executive session.

In Open Session.

Mr. Wingate moved that the election of an Associate City Superintendent be postponed until the next annual meeting of the Board, to be held in February, 1906.

Adopted.

The following was also presented and action taken as indicated:
To the Board of Education:

It has been long evident that the method provided in section 1064 of the Revised Charter for assuring the appropriation each year of a sum which shall be sufficient for the items included in the General School Fund, by a percentage, namely, upon the assessed valuations of the real and personal property in the City, is unreliable and not based upon a correct principle.

The intention of the law was, undoubtedly, to ensure a sufficient allowance to prevent the impairment of the sums needed for the salaries of teachers and the other essential and unalterable items comprised in the General School Fund. There is, however, but a very limited relationship, if any, between the annual increase of property valuations and the growth and requirements of the schools. The fluctuations each year are widely different. Thus, in the property valuations, the increase for:

1899 was 13.12 per cent.

1900 was 5.05 per cent.

1901 was 3.66 per cent.

1902 was 1.82 per cent.

1903 was 40.84 per cent. In this year the great increase in valuations, according to the plan of Comptroller Grout, occurred, and the rate of allowance for the School Board was reduced from 4 to 3 mills.

1904 was 3.83 per cent.

On the other hand, the requirements of the schools, as set forth in the annual Budgets, were in:

1902.....3.27 per cent. more than the "mill" tax provided.
1903.....2.96 per cent. more than the "mill" tax provided.
1904.....5.47 per cent. more than the "mill" tax provided.
1905.....9.64 per cent. more than the "mill" tax provided.

In each case, however, less than the amount deemed by the Board of Education to be necessary was provided, and during the past two years, at least, the work of some of the departments of our system has been impaired. It is evident, without further argument, that the present method does not correspond justly with the growth of the schools, and that it imposes on both the Board of Estimate and Apportionment and the Board of Education serious and unfortunate responsibilities, which should as far as possible be diminished.

This subject has been for some time under serious consideration of the Finance Committee and the Auditor, and Mr. Cook is entitled to credit for his intelligent suggestions and co-operation in the matter.

The Committee on Finance now submits for the consideration of the Board a plan which it is believed will be as nearly equitable and satisfactory as possible, being based, in a word, upon the certified annual attendance in the schools and the annual increase thereof.

The plan is embodied in the bill annexed to this report amending section 1064 of the Revised Charter, and the Committee ask that the accompanying tables, which have been prepared with great care by the Auditor, be printed in full in the Journal.

The bill provides that in place of percentage on property valuations, an allowance per capita for each pupil of the certified average attendance and the probable increase based upon that of the preceding year be made. If, in any year, a larger increase should occur, the Board of Estimate and Apportionment may make a moderate additional allowance of bonds for the emergency. Should the annual allowance be more than needed, the surplus shall be carried over to reduce the amount to be appropriated for the following year.

The rates mentioned in the bill are calculated upon actual requirements of the present year, and, if in force when the appropriation for 1905 was asked for, would have called for \$433,950.27 less than the amount estimated at that time to be necessary by this Board, the excess having come from varying estimates made at the time of the increases expected to occur. On the other hand, the amount would have been just sufficient to permit the unimpaired continuance of the system during the present year, as we now realize the necessities to be.

For special teachers, including teachers of manual training, physical training, foreign languages, sewing, cooking, music and drawing, the sum of \$400,000 per annum is fixed as the amount now necessary, to be varied according to future necessities of the case; for vacation schools, playgrounds and recreation centres, the amount of \$200,000 per annum, and for evening lectures, the sum of \$100,000 are fixed in like manner.

The average attendance for the preceding school year shall be certified in August of each year by the City Superintendent, based upon sworn certificates to be given by the Principal of each school, according to the custom which prevailed in the former City of New York prior to consolidation. The Committee suggest that the subject be referred to a joint Committee to consist of the members of the Committee on By-Laws and the Finance Committee, and that they shall have power to approve and amend the bill, and to do all things necessary in relation thereto, including conferences with his Honor the Mayor and the Comptroller, who, it is believed, will appreciate the importance and justice of the proposed measure.

An Act to amend the Greater New York Charter, section ten hundred and sixty-four, relative to the General School Fund.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Section ten hundred and sixty-four of the Greater New York Charter as re-enacted by chapter four hundred and sixty-six of the laws of nineteen hundred and one, is hereby amended so as to read as follows:

Section 1064. The board of education shall represent the schools and the school system of the city of New York before the board of estimate and apportionment, and before the board of aldermen, in all matters of appropriations in the budget of the city for educational purposes, and in all other matters, and shall, in general, be the representative of the school system of the city in its entirety. On or before the fifteenth of September in each year it shall submit an estimate in detail of the moneys needed for the entire school system of the city, during the next succeeding calendar year, to the board of estimate and apportionment for its action. The board of estimate and apportionment shall appropriate for the general school fund for the year nineteen hundred and (two) six and, annually, for each year thereafter, an amount (equivalent to not less than three mills on every dollar of assessed valuation of the real and personal estate in the city of New York, liable to taxation) which shall be computed in the following manner.

1. Based upon the average attendance of the school year next preceding the calendar year to which the estimate applies, to which shall be added the percentage of increase between the average attendance of the school year hereinbefore mentioned and the school year next preceding same, there shall be appropriated for each unit of the result so ascertained, not less than thirty-one dollars in elementary day schools; not less than eighty-eight dollars in day high and training schools; not less than twelve dollars and eighty cents in elementary evening schools, and not less than twenty seven dollars in evening high schools.

2. For the institutions known as corporate schools, not less than fifteen dollars for each unit of average attendance of the school year next preceding the fiscal and calendar year to which the estimate applies.

3. For special education, including special teachers of manual training, physical training, foreign languages, sewing, cooking, music and drawing, an amount not less than four hundred thousand dollars per annum; for vacation schools, playgrounds and recreation centres an amount not less than two hundred thousand dollars; and for evening lectures for the people an amount not less than one hundred thousand dollars.

4. For the salaries of attendance officers, not less than ninety-two thousand dollars.

5. For general supervision, including the salaries of the members of the board of superintendents, district superintendents, the members of the board of examiners, and all directors and supervisors, an amount not less than two hundred and sixty-eight thousand five hundred dollars.

In case the aggregate amount so appropriated for the general school fund is insufficient for its purposes, the board of estimate and apportionment is hereby empowered to authorize the issue of revenue bonds not exceeding the sum of one hundred thousand dollars in any year, and apply the proceeds of the same to the general school fund; provided that the board of education shall certify to the board of estimate and apportionment the reasons and necessity for such additional sum and the purposes for which the same is to be expended.

In case the amount so appropriated for the general school fund exceeds the expenditures and ascertained liabilities chargeable to such fund during any one year, the amount by which the said general school fund exceeds said expenditures and liabilities shall become part of the general school fund for the next succeeding year, and the amount to be raised by tax for said fund shall be diminished by the amount of said excess. On or before the tenth day of August in each year the city superintendent of schools shall certify and submit in writing to the board of education for its action a statement showing in detail the average attendance of the last preceding school year. The board of education shall administer all moneys appropriated or available for educational purposes in the city of New York, subject to the general provisions of this act relating to the audit and payment of salaries and other claims by the department of finance.

Sec. 2. This act shall take effect immediately.

The following is suggested as a plan or basis for an amendment or revision of section 1064 of the Charter, having reference particularly to the Constitution of the General School Fund:

The expenditures from the General School Fund as at present constituted comprises the following.

1. Salaries of Principals and Teachers in elementary schools—day and evening.
2. Salaries of Principals and Teachers in high schools—day and evening.
3. Salaries of Principals and Teachers in training schools.
4. Salaries of Principals and Teachers in truant schools.
5. Salaries of Teachers of special branches.
6. Salaries of City Superintendent and Associates.
7. Salaries of District Superintendents.
8. Salaries of Examiners.
9. Salaries of Supervisors of Special Branches.
10. Salaries of Lecturers.

11. Salaries of Attendance Officers.
12. Salaries of Teachers in vacation schools.
13. Salaries of Teachers in vacation playgrounds.
14. Salaries of Teachers in recreation centres.
15. Corporate schools.

For practical purposes we will group the above items as follows:

- a. Elementary Schools, 1 and 4.
- b. Secondary Schools, 2 and 3.
- c. Special Education, 5, 10, 12 and 14.
- d. Truancy, 11.
- e. General Supervision, 6, 7, 8 and 9.
- f. Corporate School, 15.

It is proposed to reconstitute the General School Fund in the following manner by amendment to the Charter:

For Elementary and High Schools, on a fixed allowance per unit of attendance (average).

For all other purposes (except Corporate Schools), by including a minimum sum for each item.

Annual increases in budget requirements for elementary and high schools to be provided for by ascertaining the increase of school attendance of the current school year over the next preceding school year, and including the increase of attendance at the fixed cost per unit.

Any increase above the minimum amount established for all other purposes, to be recommended by the Board of Education and discretionary with the Board of Estimate and Apportionment.

For Corporate Schools, by fixing a per capita rate of \$15 based on average attendance during preceding school year.

In the event of an abnormal increase in school attendance in any year, beyond the figures estimated, whereby a financial deficit can be shown to exist, the Board of Estimate and Apportionment to be empowered to authorize the issue of Revenue Bonds for a sum not exceeding \$100,000 in any one year, provided that the Board of Education shall certify to the Board of Estimate and Apportionment as to the particular need and purpose for which the sum asked shall be expended.

The foregoing plan affords a simple and practical method of closely figuring and determining the needs of the school system so far as relates to the General School Fund. The preparation and presentation of this particular portion of the Budget could not be accompanied by complications as in the past.

The following is a pro forma showing of the effect of such a measure upon the Budget for 1905:

Mr. Lummis moved that the recommendations contained in the report of the Committee on Finance be adopted.

The motion was seconded, and discussion ensued.

Mr. A. Stern moved that the entire matter be laid on the table.

The motion was seconded by Mr. Backus and adopted.

The following reports, preambles and resolutions were also adopted:

To the Board of Education:

The Committee on Finance respectfully reports that the following communication has been received from the Committee on Supplies:

"New York, February 6, 1905.

"Hon. William Lummis, Chairman, Committee on Finance:

"Dear Sir—As you are aware, your Committee asked that the funds for supplies for the Board of Education be made one fund, so as to facilitate the workings of the Department.

"When the Board of Estimate and Apportionment passed the Budget, it was found that they allowed same according to boroughs. I find upon investigation that this seriously hampers the Bureau of Supplies, because we are compelled to make out five orders on contractors when one would suffice; and five sets of bills have to be passed when one set would serve our purpose. This also entails a lot of work for the Bureau of Audit and Accounts.

"In view of the foregoing, and so as to facilitate the workings of the Department, and to simplify matters for the Bureau of Audit and Accounts, I would ask that you present a resolution to the Board of Education this afternoon, requesting the Board of Estimate and Apportionment to transfer the following amounts to the Board of Education Account, thereby making it one fund. The amounts are as follows:

Supplies—

Borough of Manhattan.....	\$561,906 28
Borough of The Bronx.....	99,283 13
Borough of Brooklyn.....	421,058 45
Borough of Queens.....	87,751 18
Borough of Richmond.....	28,300 96

"If this is done I feel confident it will effect a great saving from a clerical and bookkeeping standpoint in the Bureau of Supplies, as well as the Bureau of Audit and Accounts.

"Very truly yours,

"S. M. Dix, Chairman, Committee on Supplies."

In accordance with the foregoing, the following resolution is submitted for adoption:

Resolved, That the Board of Estimate and Apportionment be and it is hereby respectfully requested to transfer the under-mentioned sums, included in the Special School Fund for the current year, and appropriated to the Supplies appropriations of the several boroughs, to wit:

Special School Fund, 1905.

Supplies—	
Manhattan	\$561,906 28
Brooklyn	421,058 45
The Bronx	99,283 13
Queens	87,751 18
Richmond	28,300 96

Aggregate\$1,198,300 00

—to the fund for the same year, also included in the Special School Fund, entitled, "Supplies," Board of Education.

Note—All estimates are based on the average cost of like work as evidenced by contracts let during 1904, and does not provide for the acquisition of sites yet to be selected and designated by the Board, other than that for the Girls' Technical High School in Item E.

Your Committee calls attention to the fact that, unless funds are provided at an early date, but very few contracts can be let, the available balance being only about \$600,000, and plans are ready for buildings which will cost many times this amount.

Your Committee therefore requests the adoption of the following resolutions: Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to authorize the issue of Corporate Stock during the year 1905 to the amount of twelve million seven hundred and thirty-seven thousand seven hundred and fifty-one dollars, for the erection, equipment and improvement of school buildings and the acquisition of sites therefor; and be it further

Resolved, That the said Board be requested to authorize the immediate issue of Corporate Stock to the amount of three million five hundred thousand dollars in accordance with the provisions of clause 9 of section 169 of the Charter.

Approving and ratifying the action of the President of the Board in suspending without pay, on February 2, 1905, Michael F. Doherty, Inspector of Fuel, in the Bureau of Supplies, pending the preferring of charges against him by the Superintendent of School Supplies, and referring said charges to the Committee on Supplies for investigation and report.

Approving and ratifying the action of the Committee on Supplies in dispensing with the services of James Crean, Cleaner in the Bureau of Supplies, on February 4, 1905, he having failed to perform his duties in a satisfactory manner.

The following preambles and resolutions were also adopted:

Whereas, The Committee on Elementary Schools at the meeting of the Board of Education held January 25, 1905, recommended, through a misapprehension, that the retirement of Miss Catherine H. O'Neil, a teacher in Public School 6, Borough of Brooklyn, take effect February 1, 1905; and

Whereas, It was the intention of the City Superintendent and of said Committee that this retirement should take effect March 2, 1905, to enable the teacher to get the benefit of the increased pension to which she will be entitled after March 1, 1905; and

Whereas, The Chairman of the Committee on Elementary Schools directed that Miss O'Neil be notified that it was the intention of said Committee to have the necessary change made at this meeting of the Board of Education, and that she continue in the service until the close of the school day on March 1, 1905; and

Whereas, This action of the Chairman was approved and ratified by the Committee on Elementary Schools at its meeting held January 31, 1905, and its former action recommending that Miss O'Neil be retired to take effect February 1, 1905, was reconsidered; therefore be it

Resolved, That the action of the Committee on Elementary Schools in notifying Miss O'Neil to continue in the service as above stated be approved, and that the report and resolution adopted by the Board of Education on January 25, 1905, in so far as it relates to the retirement of this teacher, be amended so that said retirement shall take effect March 2, 1905.

Whereas, Miss Emma A. Duke, Clerk with knowledge of stenography and typewriting, was appointed to a position in this Department on January 3, 1905, for a temporary period; and

Whereas, She has been certified by the Municipal Civil Service Commission as eligible for permanent appointment; therefore be it

Resolved, That Miss Emma A. Duke, of No. 429 West Twenty-second street, Borough of Manhattan, be regularly appointed as Clerk with knowledge of stenography and typewriting in the Department of Education, for such time as her services may be required.

Whereas, Statements have been recently published to the effect that 70,000 children in The City of New York go daily to public schools breakfastless or insufficiently fed; and

Whereas, If this be the fact, it reflects on the good name of The City of New York; and

Whereas, Such a condition should be remedied promptly and wisely;

Resolved, That a committee of five be appointed by the President to investigate the statements recently made that a large number of children in the public schools are insufficiently fed, to ascertain the facts, and to inquire into the conditions and suggest such remedy not inconsistent with the purposes of public education as may be proper.

Resolved, That the Board hereby tenders to Mr. Lummis its thanks for the valuable and arduous service that he has rendered to it as Chairman of the Committee on Finance, and regrets his inability to continue to occupy that important position.

On motion, all absent members were excused for non-attendance at this meeting.

On motion, the Board adjourned at 7.20 o'clock P. M.

Reports and resolutions were adopted as follows:

Rescinding the resolution adopted February 6, 1905, awarding to the James Curran Manufacturing Company a contract for installing heating and ventilating apparatus for addition to and alterations in Public School 104, Borough of Manhattan; approving the action of the Committee on Buildings in rejecting all bids for the above-mentioned work, and authorizing the Superintendent of School Buildings to readvertise for other proposals.

Rescinding so much of the appropriation from the proceeds of Corporate Stock of seven hundred and forty-one thousand one hundred and seventy-two dollars (\$741,172), as recommended by the Committee on Finance on February 6, 1905, as relates to a proposed contract with the James Curran Manufacturing Company for sixteen thousand eight hundred and sixty-nine dollars (\$16,869), for installing heating and ventilating apparatus for addition to and alterations in Public School 104, Borough of Manhattan.

Appropriating the sum of six thousand eight hundred dollars (\$6,800) from the proceeds of Corporate Stock, to be issued by the Comptroller, pursuant to sections 47 and 169 of the Revised Charter, application for the issue of which is hereby made; said sum to be applied to the purchase for school purposes of lands and premises bounded and described as follows:

No. 266 Rodney street, Borough of Brooklyn:

Beginning at a point on the southerly side of Rodney street, distant two hundred and two (202) feet six (6) inches easterly from the southeasterly corner of Rodney street and Marcy avenue; thence southerly and parallel with Marcy avenue and partly through the centre of a party wall seventy (70) feet; thence easterly and parallel with Rodney street twenty (20) feet; thence northerly and again parallel with Marcy avenue and partly through the centre of a party wall seventy (70) feet to the southerly side of Rodney street; thence westerly along the southerly side of Rodney street twenty (20) feet to the point or place of beginning, together will all the right, title and interest of the owner of said premises, of, in and to the streets and avenue in front thereof to the centre thereof, being premises known as No. 266 Rodney street; the said sum to be paid by said Comptroller out of the proceeds of said Corporate Stock, requisition therefor being hereby made, for the said lots of land and premises, upon the presentation to him of the deed or deeds therefor, together with a certificate of the Corporation Counsel that the title thereto is satisfactory and fully free from all incumbrances and is vested in The City of New York.

Approving the action of the Corporation Counsel, on behalf of the Board of Education, in incurring an expense of seventy dollars (\$70) in connection with the acquiring by the City of title to lands on Noll street, between Evergreen and Central avenues, in the Borough of Brooklyn, as a site for school purposes; and approving, auditing and charging the bill in favor of Sarah J. Egan, as administratrix of George Phillips, one of the Commissioners of Estimate in the above matter, against the School Building Fund of the Board of Education.

Approving the action of the Corporation Counsel, on behalf of the Board of Education, in incurring an expense of one thousand dollars (\$1,000) for expert services in connection with the acquiring of title by the City to lands on One Hundred and Nineteenth and One Hundred and Twentieth streets, between Seventh and Eighth avenues, Borough of Manhattan, as a site for school purposes, and approving, auditing and charging the bills of F. E. Mainhart and Ransom E. Wilcox in the above matter against the School Building Fund of the Board of Education.

Approving the action of the Corporation Counsel, on behalf of the Board of Education, in incurring an expense of two hundred dollars (\$200) in favor of Samuel Smyth for services as an expert in the matter of acquiring title to the school site on the southwest corner of One Hundred and Seventeenth street and First avenue, Borough of Manhattan; and approving, auditing and charging the bill of Samuel Smyth in the above matter against the School Building Fund of the Board of Education.

Requesting the Commissioners of the Sinking Fund to authorize a renewal of the lease of the premises used for school purposes at Pleasant Plains, Borough of Richmond, known as the "Old School-house," for a period of one year from July 1, 1905, and on the same terms and conditions as contained in the existing lease. Owner, John M. Van Wyk, Princess Bay, S. I.

Approving the accompanying plans for the erection of a new building for Public School 33, Borough of Richmond.

Approving and ratifying the action of the Committee on Supplies in fining Edward H. Kohl ten days' pay for his neglect of duty (the balance of his pay for the period of his suspension to be paid to him) and in restoring him to duty as Cleaner in the Bureau of Supplies on February 10, 1905.

Approving and ratifying the action of the Committee on Supplies in appointing the following-named persons as Inspectors of Fuel in the Bureau of Supplies for a temporary period, at a salary of \$3.50 per day of actual service each, said appointments taking effect on the dates indicated below:

Patrick H. Lydon, No. 664 East One Hundred and Forty-first street, The Bronx, February 14, 1905.

William J. Thompson, No. 9 East One Hundred and Thirtieth street, Manhattan, February 11, 1905.

John H. A. Filan, No. 1207 Lexington avenue, Manhattan, February 11, 1905.

Disapproving of the following bills and requesting the Committee on By-Laws and Legislation to take such action as it deems proper to defeat said bills:

Senate bill No. 189, entitled "An Act to amend section ten hundred and ninety-two of the Greater New York Charter, in relation to the Public School Teachers' Retirement Fund."

Assembly bill No. 330, entitled "An Act to amend section ten hundred and ninety-two of the Greater New York Charter, in relation to the Public School Teachers' Retirement Fund."

Approving Assembly bill No. 528, entitled "An Act to transfer to the city of New York the normal and training school in the Borough of Queens, City of New York, formerly in the village of Jamaica and County of Queens."

Disapproving of the following bills:

Senate bill No. 190, entitled "An Act to amend section ten hundred and eighty-eight of the Greater New York Charter, in relation to the powers and duties of local school boards."

Assembly bill No. 338, entitled "An Act to amend section ten hundred and eighty-eight of the Greater New York Charter, in relation to the powers and duties of local school boards."

(The above bills, which are similarly worded, provide that the Local School Boards shall have full power to excuse absence of Teachers, subject to such general rules of the Board of Education as may be necessary to secure uniformity of procedure in all districts, and eliminate the provision for approval by the Board of Superintendents in cases where Teachers are excused with pay.)

Assembly bill No. 316, entitled "An Act to amend section three of title sixteen of chapter five hundred and fifty-six of the laws of eighteen hundred and ninety-four as amended by chapter four hundred and fifty-nine of the laws of nineteen hundred and three, in relation to the compulsory attendance of children between fourteen and sixteen years of age upon instruction."

(Provides for the amendment of the Compulsory Education Law in such manner as to practically nullify its provisions for children over fourteen years of age.)

Disapproving Assembly bill No. 702, and directing that the Committee on By-Laws and Legislation take such action as it deems proper to defeat the passage of said bill.

Rescinding the action taken by the Board of Education on October 28, 1903 (see Journal, pages 2966-2967), in selecting and determining as a site for school purposes certain lands and premises on Sixth avenue, Fifty-fifth and Fifty-sixth streets, Borough of Brooklyn, and selecting and determining as a site for school purposes the following described lands and premises on Sixth avenue, Fifty-fifth and Fifty-sixth streets, in Local School Board District No. 37, Borough of Brooklyn, the assessed valuation of which, as shown by the books of record on file in the Department of Taxes and Assessments, is \$18,000:

Authorizing and requesting the Committee on By-Laws and Legislation, with power, to draft and cause to be introduced in the Legislature, and to seek to secure the passage of a proper amendment to the Charter, by which female Teachers in the schools under the jurisdiction of this Board shall forfeit their positions, and the same shall become vacant, upon marriage, with the provision that this Board may, in cases to be prescribed for in its By-Laws and in such manner as therein provided, reinstate, reappoint and re-employ such Teacher.

The following report and resolution were presented and action taken as indicated:

To the Board of Education:

The Committee on Elementary Schools respectfully reports that it has had under consideration a communication from the Board of Superintendents, submitting a resolution adopted February 16, 1905, nominating persons for appointment as teachers in districts designated, subject to section 66, subdivision 12, of the By-Laws, assigning them to schools indicated opposite their names, and recommending that their appointments take effect March 1, 1905. These names were taken from the proper eligible lists, in accordance with law. The figure "1" set against the names in this report indicates that the persons are married women, requiring a suspension of the By-Laws; "2" indicates married women eligible for appointment under section 66, subdivision 12, of the By-Laws; and "3" indicates that the appointment is for a period of one year. After very careful consideration of the matter, your Committee recommends for confirmation all but twelve of the persons whose names were presented by the Board of Superintendents. The following resolution is offered for adoption:

Resolved, That the following-named persons be appointed as teachers in the districts designated, and assigned to the schools indicated opposite their names, said appointments to take effect March 1, 1905; the appointment of those with the figure "3" set against their names to be for a period of one year; and that all By-Laws and parts of By-Laws inconsistent with the appointment of those against whose names the figure "1" is set be suspended for the purposes of this resolution:

FRANK D. WILSEY,
Chairman, Committee on Elementary Schools.
Adopted February 21, 1905, a majority being present.
A. Emerson Palmer, Secretary, Board of Education.

Mr. Schmitt moved that this report be laid over until the next regular meeting of the Board.
Adopted.
Later in the meeting Mr. Wilsey moved that the action taken on said report be reconsidered.
Adopted.
Mr. Wilsey moved that the nominations of the men named in the foregoing report be approved.
Adopted.
Mr. Collier moved that consideration of the remainder of the foregoing report be deferred until the next stated meeting of the Board.
Adopted.

To the Board of Education:

The Committee appointed for the purpose of reducing the expenses of the Board so as to bring them within the amount provided in the Budget respectfully reports:
About a year ago a special committee on economy was appointed, which, after a careful investigation of the entire school system, made a report in which it recommended all the economies which were considered to be possible to make in the administration of the comparatively small amount of school money as to which the Board of Education has any discretion. Such of these as were in the power of the Board and proved to be practicable were carried out. A few could not be. Among those that have been effected during 1904 were:

1. Cutting down the book list.
 2. Decreasing the cost of the vacation schools and playgrounds by \$39,036.28 in 1904 as compared with 1903, and reducing the amount asked for 1905 by \$24,386.26 (which is a further reduction of fifteen per cent., less than that expended during 1904).
 3. Cutting down the free lectures and restricting them to the congested districts, sixteen lecture centres having been closed in 1904 two months earlier than usual, and other reductions being made.
 4. Transferring the regular teachers employed as assistants to the principal to classrooms, and filling their places with substitutes (so that the amount paid for this kind of service was reduced in 1904 \$75,000).
 5. Steps have also been taken to carry out certain other recommendations.
 6. The recommendations in respect to the economies to be effected in purchasing sites and leasing buildings, if one could be taken from the Comptroller and the other from the Commissioners of the Sinking Fund, and both placed in the hands of the Board of Education, have never been acted upon by the officials concerned.
 7. The recommendation in regard to investigating into the heating apparatus of the different buildings and the use of pea coal was reported to be impracticable, as was also the apportioning of the school supplies every six months instead of annually.
- The economies thus effected in 1904 aggregate \$115,000 a year, besides a large cumulative saving, and were all that were then or are now considered practicable. A further economy was effected by reducing the compensation of the principals and teachers in evening high schools, and principals in evening elementary schools, making a total saving of approximately, \$17,490.

The Budget for 1905 presented by the Board of Education was based upon a continuance of all these economies, and the full amount asked in it was indispensable to the proper maintenance of the school system. All that was received for the General School Fund was \$17,783,868.74, a reduction of \$944,618.73 from what was asked for. The mandatory fixed charges which the Board has no power to reduce (as stated in detail in the following schedule) aggregate \$16,989,640.81:

This leaves but \$794,227.93 for new teachers, free lectures, evening schools, recreation centres and emergencies, which it is estimated can be increased to \$996,227.93, as hereinafter stated.

With all the reductions that were made in these branches during the last year, the amount expended for them was approximately \$681,000, without including the salaries of new teachers or substitutes appointed by the Board of Superintendents as the equivalent of new teachers to fill vacancies. This \$681,000, in the opinion of the Committee, is the least possible amount with which these important activities of our school system can be successfully maintained. To close any of them would be a proceeding which, in its opinion, the public would not submit to, as it has plainly shown during the past year. The proper thing undoubtedly would be to do as was done last year—to ask the Board of Estimate for a further appropriation. Unfortunately, the members of the Board of Estimate have practically placed themselves upon record as not being willing to grant this concession. There is, therefore, nothing for the Board to do but cut down its system so as to enable it to be operated within the moneys which have been given it; that this is going to be injurious to our schools is self-evident.

In recommending to you further economies necessary to do this, the Committee does so under protest and expressly disclaims any responsibility for the injurious consequences which must necessarily result therefrom to the schools, the children attending the schools, and to the public.

This Committee made a report to the Executive Committee on December 21, 1904, in order that that Committee might comply with the requirements of section 12 of the By-Laws that it "shall report to the Board in December of each year a plan for apportioning the General School Fund among the various objects of expenditure included in said fund." In presenting this recommendation, the Committee desired it to be placed on record that it was obliged to make reductions in the items applicable to various activities, to the detriment, in its opinion, of the system, and that such recommendation was tentative only, and was made without prejudice to requesting further moneys from the Board of Estimate and Apportionment.

The plan was as follows:

Resources.	
1. General School Fund, balance available after deduction of all known fixed charges as per Budget, 1905, and as per statement of Auditor.....	\$794,227 93
2. Difference in salaries of persons who have resigned from the system since June 1904, whose positions have been filled by new teachers.....	100,000 00
3. Trust Funds, for maintenance of training schools.....	100,000 00
Total available resources.....	\$994,227 93
Proposed Expenditures.	
1. For new teachers in all schools and to include substitutes employed in place of vacancies, and for promotions.....	\$350,000 00
(A reduction of \$413,524.66.)	
2. For evening schools, both elementary and high.....	445,000 00
(A reduction of \$222,100.)	
3. For lectures.....	60,000 00
(A reduction of \$21,000.)	
4. For vacation schools and playgrounds, recreation centres, etc.....	135,000 00
(A reduction of \$82,772.)	
	\$990,000 00
Balance, proposed surplus.....	\$4,227 93

The report was approved by a unanimous vote of the Executive Committee, and adopted by the Board of Education on December 28, 1904.

As stated in this report, the fact that additional funds must be made available is unquestionable, in the opinion of your committee.

If not more than \$350,000 is available for new teachers in all schools, the very much needed special classes for deficient children cannot be established, and this much needed reform will have to wait.

To render the evening schools, both elementary and high, effective, a larger sum than \$445,000 must be appropriated. If this is not supplied either the term must be shortened, which would be very deplorable, or the salaries of the teachers reduced, which, when done last year, had the very bad result of forcing the resignation of the best teachers of our force, as they refused to teach at a starvation rate.

If not more than \$135,000 will be available to operate the vacation schools, playgrounds and recreation centres, many important features of the recreation centres will have to be discontinued; the supervision must be reduced, which in the gymnasiums might mean the injury of lives; and in the vacation schools we should get less efficient teachers, and the very great good accomplished during the short time in each year that these activities are in operation, which is derived almost entirely by the poorer of our people and in the most congested districts of our city, would be seriously impaired.

In addition to the economies heretofore recommended by this Committee, and which, as above stated, have been adopted by the Board, your Committee would recommend the following:

Pupil Teachers.

At present the girls who are studying in the training schools are required to devote fifty-six days to practice teaching in the public schools, first acting as assistants to the class teachers and afterwards being allowed to manage a class. For this they are paid \$1.50 a day, and as there are some seven hundred of them, this amounts to quite a sum. In view of the fact that this practice teaching is a part of their regular course of instruction, the Committee considers that the amount which is paid to them should be reduced. As they have to pay for carfares, lunches and similar expenses, some allowance should be made to them. The Committee is of the opinion, however, that this should be limited to \$1 a day. This reduction, it is estimated, will effect a saving in 1905 of \$20,000.

Reduction in the Salaries Paid to Teachers in the Evening Schools.

If these schools are to be carried on at all, it must be done by competent persons, and competent persons cannot be obtained unless adequate compensation is allowed. The reductions which were made last year in these schools have already resulted in a number of the best teachers declining to accept appointments; and the detrimental effect of this is shown in the work. The Committee is, therefore, of the opinion that whatever reductions are made in respect to these schools should be made by reducing the number of schools or by reducing the number of sessions in the schools, rather than by cutting down the pay of the teachers.

Reducing Hours of Instruction in Lowest Grade.

The question of reducing the time of instruction during the first year (viz., of children of mainly six years of age) from five hours to three and one-half hours' actual instruction and in addition one hour of physical training in the playgrounds, and a similar period for special instruction of the backward children, particularly for those who are over age but are kept back by their imperfect knowledge of English, has been carefully considered on account of the saving which might be effected by such change and we have asked the Board of Superintendents to give this matter their consideration and to report to us.

The Superintendents have given a great deal of thought to the question, and their opinions as pedagogical experts are entitled to great consideration. The Committee cannot, however, consider that all their points are well taken.

They make it appear as one of the reasons why this suggestion has been brought up that it is on account of the agitation against part-time classes.

We are sure that no member of this Board could be moved to consider the subject from anything else than the standpoint of its intrinsic value.

The Superintendents dwell at length upon the so-called Stern plan for three teachers to teach four classes or two teachers to teach three classes. Our Committee has never considered this suggestion advisable or feasible.

The Superintendents also dwell upon the savings of Corporate Stock in reducing the number of additional buildings as one of the principal objects to be attained by

this means; but this is erroneous. Furthermore, that saving can in no wise be as great as one might suppose at first glance, but the money and space that would be saved are imperatively needed.

Firstly, to reduce the size of the classes; or

Secondly, to form special classes for backward children and for children who have not received any instruction until they have become too old for the classes appropriate to their age; and

Thirdly, to provide for special manual instruction and similar special instruction and so on.

What the Board of Superintendents says about European systems is only partly correct.

In Germany the children in the first year do not receive longer instruction than three hours a day, though it is true they receive instruction on Saturday also, and that the vacation time is not longer than six weeks.

In the Superintendents' report mention is made of the size of the classes; but while it is true that the register of a class should be taken into account for the sake of the record, the average attendance should be the basis upon which we judge the amount of instruction required.

Coming now to the point of the value of instruction, comparing three and one-half hours a day with five hours a day, it goes without saying that a child in five hours will learn more than a child in three and one-half; but it is questionable how much more effort a child has to exert, and how much the body suffers under this longer instruction.

When we had this proposition before us, the chief speaker on the subject, one of the most experienced Principals, began by saying that so far as instruction was concerned three and one-half hours in the first year was ample, but in order to give the child the atmosphere of the school and to counteract the home influences they wished to retain the five hours.

Every father knows that a child cannot assimilate more than a certain quantity of mental food, and that three and one-half hours a day is really too long for the average child. If children are to be kept in school as at day nurseries, which is only necessary in certain quarters of the City, then a cheaper and more health-giving plan would be to turn them loose in the playgrounds after the school hours, under the supervision of one or two Teachers, as is now done in the recreation centres.

Money is saved in this way, for afternoon extra play centres will not be needed. The nerves of the children will be benefited. By the children being taught by drills and organized games an incidental discipline will be implanted in a strong and more healthful way.

That every child should receive its instruction in the essentials during the morning hours is conceded to be absolutely necessary.

From what it has learned, the Committee feels that the best way of solving the difficulty of the first year's instruction would be the following:

In the crowded districts where two classes have to use the same classroom Class A could receive instruction from 8 to 10 in the morning, and in the afternoon from 12.30 to 2 o'clock; and Class B from 10 to 12 in the morning, and from 2 to 3.30 in the afternoon. The defective and backward children in each class should be taught by themselves for one hour after the regular class is dismissed, from 3.30 to 4.30, while the playground should be open for gymnastic drills or play.

Your Committee does not feel justified in making a formal recommendation in this matter, as another Committee has been appointed, and will report to you, without doubt, in the near future. It has felt, however, that inasmuch as it has studied the question, and inasmuch as the question of the necessity for Clerks is somewhat dependent upon the action in this matter, it should set forth its views on the subject.

If the Board of Education should decide that such an arrangement of hours would be advisable, then the second plan, namely, the abolition of the position of Clerks or additional Teachers, should become easily feasible. In this connection the Committee would make the following statement:

Abolishing Clerks or Assistants to Principals.

The amount paid for the services of these Clerks or Assistants to Principals is more than \$300,000 a year. This is nearly as much as the entire cost of the much-criticised special instruction in the schools, namely, singing, manual training, physical culture, German and French, taken together.

We are in favor of abolishing the Clerks and additional Teachers. The argument that these Clerks take charge of classes when the Teacher is absent is not based on facts, as outside substitutes are always called in, and usually there are numbers of substitutes available on a few moments' notice, except in the outlying districts, where, on account of the small size of the schools, Clerks are not employed.

If the Teachers of the first grade only taught three and one-half hours, then their services might be available for an hour and one-half for clerical duty, which would be sufficient to attend to that part of the clerical work which has to be done during the school hours. What other clerical work there may be, such as reports and similar matters, might be assigned to such other Teacher as the Principal might designate for that purpose. Such Teachers should be given to understand that the Principal has the right to call upon them, in addition to teaching, for not more than an average of about half an hour's time each day, which will make less work than the five hours' teaching which the Teacher is required to do now.

We must not forget that our Teachers teach only 190 days per year, and only five hours a day on such days. The Committee knows of no other profession where such few hours are required.

No other city employs Clerks in the public schools, and none were employed in Brooklyn or any of the other boroughs before consolidation. The Board got into this extravagant habit just as it got into the extravagant habit, under the Davis Law, of raising Teachers' salaries automatically, even while they are still on probation and not yet satisfactory.

This Committee would therefore recommend that if the Board decides to reduce the hours of instruction in the first year to three and one-half hours, and one hour in playground—together four and one-half hours—the position of Additional Teacher or Clerk be abolished, and that this Board so amend its By-Laws that it will be part of the duty of the Teachers to give, in addition to the five hours of instruction, such additional time for statistical and clerical work as the Principal may ask of them, such additional time not to exceed one-half hour for each working day, or ninety-six and one-half hours per year.

In looking over the entire field, your Committee finds that, in order to run all the activities to the full extent which will be desirable for the public, the estimate laid before the Board of Estimate was a conservative one. It will take at least \$300,000, which we hope will be saved by abolishing the position of Clerk, to provide for the means for the different departments without expanding. If your Board does not deem it advisable to abolish the Clerks and save the \$300,000, in addition to reducing the pay of the Pupil Teachers, then we feel that we have to go before the Board of Estimate and ask for additional funds, the more so, as investigations have shown that special classes are needed to instruct backward pupils and to tutor children who for one reason or another have not received instruction until later years, and who have to receive special tuition before they can be placed in the class in which they belong according to their age; be it therefore

Resolved, That this Committee recommends that, if the Board decides to reduce the time of instruction during the first school year to three and one-half hours with the additional time for physical culture, the Board abolish the Clerks and Additional Teachers and let the By-Laws be so changed as to give the Principal the right to require of any Teacher in the school, in addition to five hours' instruction, clerical work to the extent of an average of half an hour every working day; and be it also

Resolved, That the Pupil Teacher's pay be reduced from \$1.50 to \$1 per day.

Mr. McGowan moved that this report be laid over.

Adopted.

The following preambles and resolutions were also adopted:

Whereas, On April 20, 1904 (see Journal, page 649), the Executive Committee adopted a resolution requesting the Commissioners of the Sinking Fund to authorize

a renewal of the lease of the premises at Wilbur avenue and Prospect street, occupied as an annex to Public School 4, Borough of Queens; and

Whereas, On June 21, 1904, the Commissioners of the Sinking Fund adopted a resolution declining to renew this lease until fire-escapes were erected, and requesting the Board of Education to vacate the premises at once and stay out until such time as the fire-escapes were provided, which request was complied with; and

Whereas, The owner has made certain alterations to the exits of the premises in accordance with and under the direction of the Department of Buildings in the Borough of Queens, which alterations were accepted in lieu of the fire-escapes previously ordered, and were completed prior to September 1, 1904; and

Whereas, After the completion of the alterations, as above mentioned, said premises were again taken possession of for school purposes on September 1, 1904; and

Whereas, The Department of Buildings has certified that the alterations as above specified are satisfactory and the premises suitable for school purposes, and the Department of Health has certified, under date of March 8, 1904, as to the satisfactory sanitary condition of said premises; therefore be it

Resolved, That the Commissioners of the Sinking Fund be and they hereby are requested to authorize a renewal of the lease of the premises at Wilbur avenue and Prospect street, occupied as an annex to Public School 4, Borough of Queens, for a term of one year from September 1, 1904, with the privilege of renewal, at an annual rental of \$800, and on the same terms and conditions as in the former lease. Owner, Margaret Loretto Callahan, No. 151 Prospect street, Long Island City.

Whereas, The Commissioners of Estimate and Appraisal have been appointed in the matter of the proceeding for the acquisition of certain lands and premises on Summit street, Prospect and Garretson avenues, adjoining Public School 1, at Totenville, Borough of Richmond, as a site for school purposes; and

Whereas, There are no buildings on said property, and plans have been prepared for the general reconstruction of said school building and the erection of an addition thereto; therefore be it

Resolved, That the Board of Education hereby requests the Board of Estimate and Apportionment to adopt a resolution, in accordance with the provisions of section 1439 of the Revised Charter, directing that title to the above-mentioned lands and premises, and all interest therein, shall vest in The City of New York ten days after the adoption of such resolution.

Whereas, Plans are well under way for the erection of an addition to Public School 13 and a new building to take the place of Public School 7, Borough of Richmond; therefore be it

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to take such action as may be necessary to insure the immediate acquisition by The City of New York of title to the following proposed school sites:

1. Site on Fresh Kill road, adjoining Public School 7, Borough of Richmond.
2. Site on Clifton avenue, Clare and Anderson streets, adjoining Public School 13, Borough of Richmond.

Whereas, The Commissioners of Estimate and Appraisal have been appointed in the matter of condemnation proceedings for the acquisition of title by The City of New York to certain lands and premises on Forty-first and Forty-second streets (100 feet by 197 feet 6 inches by 50 feet by 98 feet 9 inches by 67 feet 2 inches by 20 feet 5 inches by 97 feet 9 3/4 inches, irregular), in the Borough of Manhattan; and

Whereas, There is great need for additional school accommodations in this vicinity; therefore be it

Resolved, That the Board of Education hereby requests the Board of Estimate and Apportionment to adopt a resolution, in accordance with the provisions of section 1439 of the Revised Charter, directing that title to the above-mentioned lands and premises and all interest therein shall vest in The City of New York three months after the adoption of such resolution.

Approving and ratifying the action of the Committee on Care of Buildings in assigning Joseph Fathergill, Janitor of Public School 55, Borough of Queens, to the temporary care of Public School 50, Borough of Queens, on February 21, 1905.

Referring the matter of rearranging the portraits of former Presidents and representatives of the school system hanging in the Board room to the Committee on Care of Buildings, with the suggestion that in rearranging the same the chronological order of service be observed as nearly as practicable, and that the portrait of DeWitt Clinton occupy the chief place of honor.

New Business.

The President announced that the next order of business would be the election of a member of the Executive Committee to fill the vacancy caused by the expiration of the term of office of Mr. Kiendl.

Mr. Aldcroft nominated Mr. Collier as a member of the Executive Committee. The nomination was seconded by Mr. Babbott.

Mr. Harkness moved that the Secretary be instructed to cast one ballot for Mr. Collier.

Adopted.

The Secretary cast one ballot, as instructed.

The President thereupon announced that Mr. Collier had been duly elected a member of the Executive Committee, in place of Mr. Kiendl, whose term of office expired on December 31, 1904.

Mr. Dix moved that the Board go into executive session.

Adopted.

In Executive Session.

The Board went into executive session.

In Open Session.

Mr. Dix moved that the matter of the action of the Board of Superintendents in assigning clerical assistants in public schools to classroom work be referred to the Committee on By-Laws and Legislation for investigation as to the authority of the Board of Superintendents to take such action, and that, pending the report of said Committee, the Board of Superintendents suspend action in reference to all such assignments.

Adopted.

On motion, all absent members were excused for non-attendance at this meeting.

On motion, the Board adjourned at 6.30 o'clock p. m.

Approving the action of the Committee on Elementary Schools in authorizing the Principal of Public School 3, Manhattan, to hold the afternoon session for the classes now being taught in Public School 111, Manhattan, from 12.30 to 2.30 P. M., instead of from 1 to 3 P. M.

Granting the request of the Board of Superintendents for permission to withdraw its recommendation that Public School 2, Grammar, and Public School 2, Primary, Borough of The Bronx, be consolidated into one school and placed under the direction of the Principal of the grammar school.

Approving the recommendation of the Board of Superintendents that the kindergarten furniture be taken from Public School 84, District No. 39, Borough of Brooklyn, and that the room be temporarily fitted up with seats and desks for pupils of the first year, and authorizing the Committee on Buildings to carry out the same.

Granting the application of Miss Almira Conklin for excuse, with pay, of her absence from duty in Public School 18, The Bronx, from February 1, 1904, to May 1, 1904, inclusive, due to serious personal illness, and suspending all By-Laws or parts of By-Laws inconsistent therewith.

Approving the recommendation of the Board of Superintendents, that the leased building at Steinway and Vandeventer avenues, Long Island City, Borough of Queens, which is now an annex to Public School 8, District No. 42, be made an annex to Public School 6, in the same district, said arrangement to continue only until the expiration of the lease of said building.

Approving the distribution among the teachers of the public schools of a treatise entitled "The Opportunity and Responsibility of the Teacher in the Prevention of Tuberculosis," prepared by the Committee on the Prevention of Tuberculosis of the Charity Organization Society of The City of New York, said treatise, pamphlet form, to be printed and distributed at the expense of said Society; and that the President of the Board of Education be requested to prepare a communication calling the attention of the teachers in the public schools to the pamphlet hereinbefore described, which communication shall be printed and prefixed to said pamphlet.

Requesting the Comptroller of The City of New York to issue a letter of credit to Gustavus C. Hanus, Superintendent of the Nautical School, for eighteen hundred pounds sterling (£1,800), to be used by him as may be needed for obtaining funds for the payment of salaries, supplies, repairs, port dues, pilotage, provisions, and other necessary general expenses, at such foreign ports as may be visited during the summer cruise of said Schoolship; also to advance the sum of two thousand five hundred dollars (\$2,500) in cash, to be expended for salaries, supplies, repairs, port dues, pilotage, provisions, and other necessary general expenses, while cruising in Long Island Sound prior to and after the return from the foreign cruise; the vouchers for said expenditures to be submitted by the Superintendent to the Executive Committee on the Nautical School, upon the return of the ship, for its audit, and for liquidation by the Comptroller, and suspending all By-Laws and parts of By-Laws herewith.

Appropriating the sum of twenty-four thousand one hundred and ten dollars and forty-five cents (\$24,110.45) from the proceeds of Corporate Stock, to be issued by the Comptroller pursuant to sections 47 and 169 of the Revised Charter, application for the issue of which is hereby made; said sum to be applied in payment of the following bills to be in curried by the Committee on Buildings, for and on behalf of the Board of Education, with the Superintendent of State Prisons, for desks, seats, etc., as per our specifications and at prices fixed by the State Board of Classification, for the following schools:

Approving and ratifying the action of the Committee on Supplies in granting a leave of absence for the months of March and April, 1905, without pay, to Mary E. Corrigan, Clerk to the Local School Boards of Districts Nos. 8 and 12, and to District Superintendent Stitt, on account of personal illness.

Requesting the Board of Estimate and Apportionment to transfer the sum of two hundred dollars (\$200) from the Special School Fund for the year 1904, and from the item contained therein, entitled "Lectures," Board of Education, which item is in excess of its requirements, to the item also contained within the Special School Fund for 1904, entitled "Rents," Borough of Manhattan, which item is insufficient for its purposes.

Requesting the Secretary to notify the owner of the premises at Potter and Steinway avenues, Long Island City, Borough of Queens, occupied as an annex to Public School 8, that the lease, which will expire March 15, 1905, will not be renewed, for the reason that occupancy after said date will be unnecessary.

Approving and ratifying the action of the Committee on Supplies in granting a leave of absence for the month of March, 1905, with pay, to James McAndrew, Cleaner in the Bureau of Supplies, on account of personal illness.

Approving and ratifying the action of the Committee on Care of Buildings in making the following appointments of Janitor-Engineer, Janitor and Cleaners, said appointments having been made from eligible lists submitted by the Municipal Civil Service Commission:

Annual Salary. To Take Effect.

James C. Walsh (Janitor-Engineer) to Public School 29, Manhattan.....	\$1,677 00	March 16, 1905
Michael J. Madden (Janitor) to Public School 43, Queens.....	739 20	March 16, 1905

Daniel O'Dea (Cleaner) to Public School 83, Queens.....	480 00	March 4, 1905

Approving and ratifying the action of the Committee on Care of Buildings in assigning temporarily to the care of public schools the following-named Janitors, they to receive the salary of the position, less the rent allowance, in each case:

Name. Taking Effect.

William Hammer to Public School 111, Manhattan.....	Feb. 25, 1905
William P. Turnure to Public School 52, Manhattan.....	Mar. 1, 1905
Hugh Doon to Public School 29, The Bronx.....	Mar. 4, 1905
William R. Dixon to Public School 3, annex, Richmond.....	Feb. 3, 1905

Amending so much of the resolution adopted on February 6, 1905 (see Journal, page 238), as applies to accepting the resignation of Mary Barberich, taking effect February 1, by striking out "February 1," and inserting in lieu thereof "February 21."

Authorizing the Superintendent of the New York Nautical School to admit to said school G. C. McDonald and Ralph T. Wood, both of whom are under sixteen years of age; and suspending all By-Laws and parts of By-Laws inconsistent therewith.

Authorizing the Superintendent of the New York Nautical School to admit Lester N. Friedman to said school and allow him to enter for the period of the summer cruise of the year 1905, or such time as he may elect; and suspending all By-Laws and parts of By-Laws inconsistent therewith.

Approving and ratifying the action of the Committee on Care of Buildings in dispensing with the services of Daniel Higbie, Cleaner in Public School 83, Borough of Queens, on March 3, 1905, he having failed to perform his duties in a satisfactory manner.

Considering Emma F. Lee, Cleaner in Public School 188, Borough of Manhattan, who absented herself from duty, without leave, for more than five days, as having resigned, in accordance with subdivision 2 of Rule XIII. of the Rules of the Municipal Civil Service Commission, which provides that absence without leave for a period of five days shall be considered as a resignation.

Requesting the Board of Rapid Transit Railroad Commissioners to consent to the transfer of Mr. Frederick W. Abell, employed as Stenographer and Typewriter by said Commission, to the Department of Education; and requesting, upon consent being granted, the Municipal Civil Service Commission to approve the transfer of Mr. Frederick W. Abell to the Department of Education.

Requesting the City Superintendent of Schools to designate two Attendance Officers for temporary service in connection with the Educational Exhibit at the American Museum of Natural History on Saturdays and Sundays, they to be compensated for this work on Sundays at a rate not to exceed three dollars per day.

Assigning temporarily Miss Christine M. Scovel to duty in attendance upon the Educational Exhibit at the American Museum of Natural History, at a compensation of three dollars per day, and temporarily relieving her in the meantime from service as a Kindergarten in the public schools.

Appointing Miss Maria B. Mendes as Teacher in charge of instruction in the New York Truant School.

The President called attention to a communication received by him from District Superintendent Stitt in reference to Teachers who were late in reaching school on the 7th inst by reason of the railroad strike.

Mr. Collier moved to excuse all Teachers who were late or absent on the 7th and 8th inst. by reason of the railroad strike, and that all conflicting By-Laws or parts of By-Laws be suspended for said purpose.

Adopted by unanimous vote.

On motion, all absent members were excused for non-attendance at this meeting.

On motion, the Board adjourned at 6.40 o'clock P. M.

A. EMERSON PALMER, Secretary.

PROCEEDINGS OF THE BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS.

AT A MEETING OF THE BOARD HELD IN NO. 320 BROADWAY, ON THURSDAY, MARCH 30, 1905,

There were present:

Alexander E. Orr, President, presiding; John H. Starin, Vice-President; Mayor George B. McClellan, Comptroller Edward M. Grout, and Commissioners Woodbury Langdon, Morris K. Jesup and John Clafin.

Commissioner Charles Stewart Smith sent word asking to be excused on account of absence from the City.

George L. Rives, of Counsel; George S. Rice, Acting Chief Engineer, and Alfred Craven, Acting Deputy Chief Engineer, also were present.

The minutes of the preceding meeting, that of the 23d inst., were read and it was moved they be approved.

Ayes—The President, Vice-President, Mayor, Comptroller and Commissioners Langdon, Jesup and Clafin.

Nays—None.

Carried.

Letter of August Belmont, transmitting letter of Jacob H. Schiff in behalf of the Montefiore Home, and also letter of Edward M. Shepard, Chairman, Board of Trustees of the College of The City of New York, suggesting names for the One Hundred and Thirty-seventh street and Broadway station of the Rapid Transit Railroad, were read as follows:

INTERBOROUGH RAPID TRANSIT COMPANY, }
No. 23 NASSAU STREET, }
NEW YORK, March 25, 1905. }

Hon. ALEXANDER E. ORR, Chairman, Board of Rapid Transit Railroad Commissioners, No. 320 Broadway, New York City:

DEAR SIR—I send you enclosed a communication from Mr. Jacob H. Schiff, dated March 22, suggesting that the name of "Montefiore Park" be applied to the Subway station at One Hundred and Thirty-seventh street and Broadway.

With return of Mr. Schiff's letter will you kindly let me have the views of your Board on this subject, and oblige,

Yours truly,
(Signed) AUGUST BELMONT, President.

MONTEFIORE HOME, }
BROADWAY, 138TH AND 139TH STREETS, }
NEW YORK, March 22, 1905. }

AUG. BELMONT, Esq., Interborough Rapid Transit Company, No. 23 Nassau Street, New York City:

MY DEAR MR. BELMONT—Upon the petition of the managers of Montefiore Home for Chronic Invalids, at Broadway and One Hundred and Thirty-eighth street, the Board of Aldermen have recently named the square which the City has acquired at the intersection of Broadway, One Hundred and Thirty-seventh and One Hundred and Thirty-eighth streets, "Montefiore Park," and the directors of our institution now respectfully ask that the Subway station at One Hundred and Thirty-seventh street be named "Montefiore Park" station.

The buildings of Montefiore Home for Chronic Invalids cover the entire block bounded by Broadway, Hamilton place, One Hundred and Thirty-eighth and One Hundred and Thirty-ninth streets, and also the entire front of the block east of Hamilton place. The institution harbors some 250 patients and there is a very considerable travel of those who visit the institution and its inmates.

The directors, therefore, hope that you and the gentlemen of your Board will grant their petition, and they will very greatly appreciate if the good will asked for can be shown to the altruistic interest represented in Montefiore Home.

Believe me, with much respect,

Yours very faithfully,
(Signed) JACOB H. SCHIFF, President.

EDWARD M. SHEPARD, }
No. 26 LIBERTY STREET, NEW YORK, }
March 28, 1905. }

Hon. ALEXANDER E. ORR, Produce Exchange, City:

DEAR MR. ORR—I am Chairman of the Board of Trustees of the College of The City of New York. We are, as possibly you know, constructing very large and important buildings, costing, with the land, about \$6,000,000, between One Hundred and Thirty-eighth and One Hundred and Fortieth streets, St. Nicholas terrace and Amsterdam avenue. The institution has now between 2,000 and 3,000 students, and at a near day in the future is likely to have 5,000 students. The subway station to be used by these students is at One Hundred and Thirty-seventh street. The college will make by far the largest contribution of passengers at that station, at least larger than any other institution or association or collection of institutions or associations. The station at One Hundred and Sixteenth street is called the "Columbia College" station, and we greatly desire, and it seems to us to be eminently fit, that the One Hundred and Thirty-seventh street station should be called the "City College" station.

I understand that the Board is now engaged in giving names to stations, and I venture earnestly to trust that it may be practicable to give the name we desire to the One Hundred and Thirty-seventh street station.

Faithfully yours,
(Signed) EDWARD M. SHEPARD.

The following resolution was moved:
Resolved, That the Secretary be and he hereby is instructed to reply to the above communications that the Board does not deem it advisable to make any change from the street names of stations, and to state the reasons.

Ayes—The President, Vice-President, Mayor, Comptroller and Commissioners Woodbury Langdon, Morris K. Jesup and John Clafin.

Nays—None.

Carried.

Two reports, as follows, of the Acting Chief Engineer as to the progress of the work in Joralemon street tunnel were presented as follows:

MARCH 27, 1905.

Hon. A. E. ORR, President, Rapid Transit Board:

DEAR SIR—In accordance with your request, I submit a report as to the condition of Joralemon street, to which Mr. Theo. F. Miller, has drawn attention in his letter of March 23, which I return herewith.

The situation with respect to the shafts between Garden place and Henry street is as follows:

The north shaft can be filled as soon as the cross drift connecting the two tunnels at the foot of the shaft is finished; this work is now under way and should be finished about the latter part of April. The filling of the shaft will probably take until June 1. The head-house, sand bin, etc., have already been removed from the shaft, and a derrick erected for handling the filling.

The filling of the south shaft can begin at once and should be completed about May 1. The closing of this shaft now will put the contractor to some inconvenience, however, and might stop the concrete work in the east heading, but this would not be of serious moment. The contractor would probably prefer to wait until the new shaft west of Furman street is ready for service, which will be about May 1. This delay would mean that the old shaft would not be filled until about the 1st of June.

In regard to repairs to the stoops and sidewalks, there is no reason why they should not be made at once from Clinton street to Furman street. This matter was taken up last fall, and, as a result, the contractors repaired the stoops of No. 134 Joralemon street, and made temporary repairs to the sidewalk and area of No. 146, the owners of these premises having expressed a willingness to have the work done at that time. The stoop of No. 136 and the stoop and sidewalk of No. 140 were repaired by the owners at their own expense, many of the other owners not wishing to have the repairs made at that time.

In reference to the regrading of the curbs and street surface, this work can be done at any time, except where the shafts are located. We find that there has been a settlement generally of from two to six inches on Joralemon street, except for a short stretch west of Hicks street, where the settlement was much greater. The asphalt pavement between Clinton and Hicks streets was much worn when the work was begun on Joralemon street, having been laid in 1885. Such repairs as the contractor could be called upon to make would not therefore put this street in first-class condition.

The repairs to the buildings as far west as Columbia place can, I believe, safely be made now, except in a few cases west of Hicks street, where, on account of imperfect work, some reconstruction may be necessary, and which may result in a slight settlement of the surface of the street.

Very truly yours,
(Signed) GEORGE S. RICE, Acting Chief Engineer.

NEW YORK, March 27, 1905.

Hon. ALEX. E. ORR, President, Rapid Transit Board:

MY DEAR SIR—I beg leave to report that a "blow-out" occurred at the north shield of the Joralemon street tunnel this morning at about twenty minutes after eight o'clock, and the tube back to the lock has been flooded. A laborer was blown out by the escaping air and came to the surface of the water, being rescued by two men who were collecting drift wood. Four other men working in the tube were injured but not seriously. One of them was thrown against the outer braces of the shield and was caught in the mud, and his companions succeeded in temporarily stopping the break and rescued him at 8.50 A. M. Five minutes later a second "blow-out" occurred, which flooded the tunnel to the top of the shield. Assistant Engineer Sanborn was in the tunnel at the time.

The shield was located near the bulkhead at the foot of Joralemon street, and had advanced to a point about 20 feet beyond the spring piece of the bulkhead. The top of the shield is nearly 28 feet below mean high water.

A boulder in the top pocket in the excavation which had to be blasted probably was the immediate cause of the "blow-out." There was a pressure of about 14 pounds in the tube under normal conditions, which pressure dropped to about 10½ pounds when the accident occurred.

Very truly yours,
(Signed) GEORGE S. RICE, Acting Chief Engineer.

President Orr moved the following resolution:

Resolved, That the report of the Acting Chief Engineer as to the condition of Joralemon street, dated the 27th of March, just read, be and the same is hereby referred back to the Acting Chief Engineer with instructions to see that the Contractor proceeds to have the work therein outlined done without delay.

Ayes—The President, Vice-President, Mayor, Comptroller and Commissioners Woodbury Langdon, Morris K. Jesup and John Clafin.

Nays—None.

Carried.

Report of the Committee on Plans and Contracts was read as follows:

MARCH 30, 1905.

To the Board:

The Committee on Plans and Contracts herewith submits its report as to additional rapid transit lines in the boroughs of Manhattan, Brooklyn and The Bronx.

In laying out the present subway system early in the year 1897, it will be remembered that the Board was restricted by the decision of the court in the use of the City's credit to a sum which should be much less than \$50,000,000. The road which was planned, in view of this restriction, and which is now under operation by the Interborough Rapid Transit Company, was for this reason confessedly inadequate in extent even at that time, when The City of New York consisted only of the boroughs of Manhattan and The Bronx. The creation of Greater New York and the enlargement by the Legislature of the powers of this Board so as to cover all of the boroughs and all of the bridges between them, has only served to make the first municipal rapid transit system appear even more inadequate from the point of view of the City at large. The Board, however, has always been under the belief that the completion of the first subway system, by its demonstrated success, would lead to the early undertaking of other lines. So, indeed, it has proved; and the time seems now to have arrived in which the attempt should be made to plan a system of rapid transit railroads at least partially commensurate with all the needs of the present City.

Your Committee considers that the work which the Board is about to undertake is, in many respects, even more important than the work previously done; and that the year 1905 may, perhaps, be of more real moment in the rapid transit annals of the City than the year 1900. For while five years ago the great work of building the first municipal railroad was begun, the present year ought to witness the laying out of a large and comprehensive system of municipal railroads, the adoption of which will doubtless, to a large extent, determine the principal lines of intramural communication for this City for many years to come.

Your Committee has therefore approached the subject with a keen appreciation of the responsibility imposed upon it.

The completion of the first subway railroad and its success in operation, both from the point of view of the traveller and of the operating company, have very naturally induced many persons, property-owners as well as investors, to interest themselves in plans for additional railroads.

The result has been, in the first place, a wealth of suggestions for additional lines from residents of all parts of the City who are interested, both as property-owners and as daily travellers, in additional means of access to the more remote parts of the City. Most of the suggestions thus submitted have been excellent. They have been carefully thought out by those interested, and they apparently reflect with accuracy the general sentiment of the different localities.

It will be readily understood that all of these local suggestions could not be adopted. They would, in some respects, be inconsistent with each other, and they would constitute a system so vast as to be beyond the contemplation of your Committee. To undertake the construction of all the lines that have been suggested by the various local interests would involve an expenditure exceeding \$200,000,000, a sum, of course, quite out of the question, if the credit of the City alone is to be used; for The City of New York, rich and powerful as it is, cannot engage its credit without limit in rapid transit enterprises.

Many suggestions have also been received from persons or associations anxious to undertake the work of building and operating railroads. It is fortunate for the City that an important revolution in opinion has taken place since the contract of 1900 was let. At that time the local transportation companies, without exception, were unwilling

to engage in subway projects. So pronounced was this attitude that when bids were invited in the latter part of 1899 for the contract which has now proved itself to be so profitable, not one single interest identified with passenger transportation of any kind in The City of New York was to be found among the bidders. The only two persons who submitted bids were not railroad men in any sense of the word.

The completion of the subway has now produced a result which should accrue to the immense benefit of the City. The principal local transportation interests seem now to be anxious to compete for future subways. Your Committee has received from the Interborough Company, who are the lessees of both the present subway and the elevated system in Manhattan and The Bronx, and from the Metropolitan interests, who are the owners of all the principal surface lines in these two boroughs, repeated personal assurances of their desire to bid for additional rapid transit lines. Similar assurances have been received from other interests.

But beyond the mere willingness to bid, it is thought by your Committee that the demonstration of the feasibility of construction and the profits of operation will unquestionably enable the Board to let contracts on terms far more favorable to the City than those which were embodied in the Manhattan-The Bronx contract. The great advantage to any corporation of reducing fixed charges to the lowest possible point will, it is hoped, lead responsible and experienced bidders to offer to build largely with their own money. This was actually done by the Interborough interests in their bid for the Brooklyn extension, where the road is to be completed at a cost to the City of only about twenty per cent. of the actual cost.

In the light of the assurances which the Committee has received and which plainly indicate that more than one interest is prepared to construct and operate rapid transit railroads without calling upon the City to advance its credit in the undertaking to the full extent, or perhaps not to any considerable extent at all, your Committee has felt itself justified in laying out a far more comprehensive and elaborate system of lines than it could have ventured to do had the prospects for active competition been less bright. This report is therefore largely based upon such prospects, and if we are disappointed in this regard the City will be able to contract, at the present time, for only a small portion of the routes now suggested.

But while it is fortunate for the City that powerful competing interests are prepared to enter the field as bidders, this very fact has made the task of your Committee an exceedingly difficult one. How to lay out routes calculated to provide the largest possible measure of rapid transit for the City and at the same time so arranged as to promote vigorous competition, has been the problem.

The Committee in its study of the situation first went over all the suggestions from the local associations. These were worked out carefully upon a map in connection with the previous studies of the late Chief Engineer of the Board, Mr. Parsons, as outlined in his reports of February 19 and March 12, 1903, and December 29, 1904, and the former suggestions made some time ago to the Board by the Interborough and Metropolitan interests. With these before it, the Committee laid out, with the assistance of the Acting Chief Engineer, the lines which were given to the public through the newspapers on February 28, 1905, and formally reported to the Board at its meeting on March 9, 1905. The Committee then called upon the various interests who had signified their intention to become bidders to give the Committee the benefit of their suggestions, and all who desired to do so were given separate and special hearings by the Committee, and their suggestions received and examined in detail.

It has been the effort of the Committee to arrange new routes so that each of them should be capable of separate operation and should be practicable to build at once, both from engineering, transportation and financial standpoints, having regard to transportation conditions now existing or which may shortly be expected to be in force. In particular the effort has been made to lay out routes so that they could be operated advantageously in connection with other existing means of passenger transportation in the City.

The estimated cost of the rapid transit railroads and routes now proposed, and for which the Committee believes there are probable bidders, will very materially exceed the means now available to the City for construction; but, as already stated, there is reason to believe that bids may be anticipated which will only call for an amount of municipal investment well within the present ability of the City. As the time is now favorable from the City's standpoint for the making of contracts for several lines of railroad which seem to meet with the conditions above laid down, the Committee recommends that such routes, although distinct, should nevertheless be approved at the present time and together.

Even if the Board should be disappointed in the expectation that a large amount of private capital is now available for this municipal work, nevertheless the City will be amply protected. It is not expected that the contracts would all be let at once, although the routes might all be approved at the same time. No contract can be let, under the provisions of section 37 of the Rapid Transit Act, as amended by chapter 562, Laws of 1904, unless and until the Board of Estimate and Apportionment "shall have consented thereto and prescribed a limit to the amount of bonds" to be issued under the contract. It is quite impossible for anybody at the present time to form an opinion as to the amount of money which the City may be called upon to furnish for the purposes of the rapid transit extensions now suggested. If these extensions shall be approved by the Board it will be necessary to get the consent and approval of the Board of Aldermen, and also the consent and approval of a majority of the property-owners along the several lines, or, in default thereof, the approval of the courts. With the utmost diligence these steps, as experience has abundantly proved, require much time. Until they had been completed invitations to bidders cannot be issued, and the terms of a contract cannot be formulated. The only way to find out what the City may be called upon to do will be to prepare contracts after the routes have been officially approved and to invite proposals from bidders. By submitting the various routes to competition in turn, beginning with those which seem most urgent, the extent to which the City can undertake additional building will be accurately ascertained.

To a great extent, especially in roads leading into and through the Borough of Brooklyn, quite independent lines are proposed by your Committee. These will no doubt compete to some extent with existing surface or elevated roads, but they will not compete with the municipal railway now under construction. In the Borough of Manhattan, however, any north-and-south lines which may be laid out will necessarily be in some degree either extensions of or competitors to the existing subway. It is desirable, on the one hand, to avoid useless duplication of existing transportation facilities. On the other hand, the Committee believe that it is essential for the Board to avoid laying out lines which only one single bidder could afford to build. In order to afford the fullest opportunity for competition between the principal rival interests which have indicated their desire to bid for routes which are in part identical, as in the cases of Seventh and Lexington avenues, the Committee has pursued the policy of making one route of the part desired by both. Such route may be bid for in combination with other routes in such a manner as to permit both interests to have an equal chance in the bidding. The result is some apparent complexity, but it is believed that a careful study of the lines laid out will show how such combinations of lines can be effected, and the main reasons for the choice of the routes which have been adopted.

Your Committee has been strongly urged to recommend to the Board the granting of a franchise to the Manhattan Railway Company, under section 32 of the Rapid Transit Act, for an increase of its facilities along Second avenue. It is proposed to four-track the elevated railroad, beginning with about One Hundred and Fiftieth street and Third avenue, in the Borough of The Bronx, and thence southerly and along Second avenue and First avenue, in Manhattan, to a point near First street. At that point it is proposed to divert two of the elevated tracks by passing through private property, and thence becoming a subway railroad along Chrystie and Centre streets and under Chambers street to the Hudson river.

Your Committee do not recommend the grant of such a franchise, which would necessarily have to be perpetual. They think it inadvisable because they believe that grants of perpetual franchises should not be made under such circumstances as these. Because they believe that at least in the more thickly settled parts of the City, except under very exceptional conditions, no further additions should be made to the elevated railroad systems. And because they believe that if the City entered upon the policy of increasing the facilities of the elevated roads it would tend to discourage persons who might otherwise be bidders for new municipal subway systems.

The result of the various considerations which have been briefly outlined above is the recommendation to the Board by the Committee of the following additional lines:

Route No. 1.

East Side Route—On First avenue from the Borough of The Bronx south to the Battery in the Borough of Manhattan.

Beginning at East One Hundred and Thirty-eighth street and Alexander avenue in the Borough of The Bronx, running thence southerly a four track subway under Alexander avenue, to and under the Harlem river to First avenue in the Borough of Manhattan, thence continuing under First avenue to Second street, thence through private property to First street and private property to Houston street, crossing Houston street and through private property to Essex street, thence through Essex street widened to Hester street (where a loop will begin—passing through Essex street, East Broadway, Seward Park, crossing Division street to Hester street), thence from Hester street continuing two tracks through Essex street and Rutgers street and private property to Madison street, thence through Madison street to Roosevelt street and New Bowery, thence through New Bowery to Pearl street between Dover and Ferry streets, thence through private property to Water street, through Water street to Pine street, through private property to Wall street, from Wall street through Beaver street and Bowling Green to Battery Park.

Route No. 2.

West Side Route—Via Ninth avenue and Columbus avenue from Battery Park to West Two Hundred and Eleventh street, all in Manhattan.

Beginning at Battery Park, in connection with Route No. 1, thence through Washington street, a two-track subway to Cortlandt street (with a loop crossing Liberty street, through private property), to West street, to Albany street, and private property, back to and through Washington street to Cortlandt street.

Thence a four-track subway through Washington street to Spring street, thence through private property to Greenwich street at Vandam street, through Greenwich street to Ninth avenue, through Ninth and Columbus avenues to One Hundred and Tenth street, thence through Morningside Park to Manhattan avenue at One Hundred and Eleventh street, thence through Manhattan avenue, St. Nicholas avenue, Kingsbridge road and Sherman avenue to West Two Hundred and Eleventh street.

Route No. 3.

East Side Route—On Third avenue from the Borough of The Bronx south to Battery Park in the Borough of Manhattan.

Beginning on private property south of Southern Boulevard between Third and Lincoln avenues in the Borough of The Bronx, thence a two-track subway to and through the Southern Boulevard east to Cypress avenue (with a spur from Willis avenue through private property to and through One Hundred and Thirty-second street to Brown's place), thence through Cypress avenue and private property to One Hundred and Thirty-eighth street, thence west on One Hundred and Thirty-eighth street and through private property to Lincoln avenue, thence through Lincoln avenue and private property to tunnel under Harlem river, to Borough of Manhattan at Third avenue and One Hundred and Twenty-eighth street, thence a four-track subway through Third avenue to the Bowery at Fifth street, thence through the Bowery to Chatham square, thence a two-track subway through Park row, Nassau street and Broad street, and through private property at Broad street and Pearl street to Pearl street, thence through Pearl street and New Bowery to Chatham square.

Letter of the Interborough Rapid Transit Company was presented as follows:

INTERBOROUGH RAPID TRANSIT COMPANY,
No. 23 NASSAU STREET,
NEW YORK, March 30, 1905.

Hon. ALEXANDER E. ORR, Board of Rapid Transit Railroad Commissioners, No. 320 Broadway, New York:

DEAR SIR—An erroneous impression has gone out to the public respecting the position of the Interborough Rapid Transit Company in regard to new subways. There was no intention to convey to the Commission, nor is it a contention of the Interborough Company that all rapid transit routes should be laid out for it, and without competition. The sole contention made was that the system now existing, and uncompleted, should be completed by the extension of a branch line up the East Side from Forty-second street, and one down the West Side from Forty-second street, along routes naturally tributary to the system.

We have, of course, the right to reserve criticism of other lines, as to their wisdom from a transportation point of view, but we have never contended, nor do we now contend, that they should not be authorized upon the principle of absolutely open competition.

Please, therefore, correct at the meeting to-day any other impression, and give the same proper publicity.

I remain,

Yours very truly,

(Signed) AUGUST BELMONT, President.

Letter of John B. McDonald was read, as follows, and referred to the Committee on Plans and Contracts:

JOHN B. McDONALD,
No. 32 NASSAU STREET,
NEW YORK, March 29, 1905.

Hon. ALEXANDER E. ORR, President, Rapid Transit Railroad Commissioners, No. 320 Broadway, New York City:

DEAR SIR—I beg to submit for the consideration of your Board a profile on which has been located the grade lines of proposed four-track subway on Thirty-fourth street, connecting the west line on Seventh avenue and the lines on Lexington and Third avenues, proposed by me; also the grade lines of proposed moving platform on Thirty-fourth street, and the tunnel grade lines of the Pennsylvania, New York and Long Island Railroad on Thirty-second street.

The roof lines of the new subway have been fixed below the street surface on the lines which have been found to be the economic distance, saving as far as practicable the disturbance of subsurface structures.

The width of the new subway is 52 feet 8 inches, except at stations. The space required at stations must be at least 85 feet in order to accommodate the traffic which will be developed at the following intersecting transfer points:

Seventh avenue and Thirty-fourth street, for the Pennsylvania station and local traffic.

Broadway and Thirty-fourth street.

Fifth avenue and Thirty-fourth street.

Lexington avenue and Thirty-fourth street.

Thirty-fourth street is 100 feet in width between building lines and 63 feet between curb lines. The grade lines shown for the new subway are practically arbitrary, as they are controlled by the grade of the Seventh avenue line, the crossing under the present subway at Fourth avenue, and the connection with the Lexington and Third avenue lines. These grade lines, as well as the width to be occupied, show that the new subway and the moving platform as proposed cannot both be constructed in Thirty-fourth street.

Very truly yours,

(Signed) JOHN B. McDONALD.

Communication of the Deputy Comptroller as to Claim No. 40378 for \$27,000 by the trustees of Richard Arnold, deceased, for damages alleged to be due by reason of the erection of certain wooden buildings in the space in front of their premises, Nos. 33, 35 and 37 East Seventeenth street, was presented and referred to the Acting Chief Engineer for report, the same to be forwarded to the Finance Department on receipt thereof.

The following resolution was moved:

Resolved, That this Board hereby consents to the following transfers and makes the following appointment on the staff of its Acting Chief Engineer:

Name.	Title.	Salary.	To Take Effect
Transfers.			
Joseph R. Geoghan....	Assistant Engineer, to the Department of Bridges.		
Warren C. Metz.....	Axeman, to the Borough of The Bronx.

The Comptroller presented report as to easements offered to be released in Boston road, Southern Boulevard, etc., previously referred to him, as follows:

MARCH 30, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—This office is in receipt, from the Board of Rapid Transit Commissioners, of an order from Mr. Van Benschoten, representing a Mr. Spencer, who represents the owners of the premises along the line of the Interborough Elevated extension of the subway. I have compared the offers as shown in the communication with the map and find in nearly every instance a difference in the foot frontage. \$10, the price offered per front foot, is what the City has been paying on Boston road, Southern Boulevard and Westchester avenue. I would respectfully recommend the acceptance by the Board of Rapid Transit Commissioners of the offers made by Mr. Spencer through Mr. Van Benschoten of \$10 per running front foot, with the exception of the Dowd parcel on Boston road, heretofore offered to the City by Mr. Murphy, as by letter hereto annexed, and that the Corporation Counsel be requested to cause an examination to be made, and warrants to be drawn in accordance with the results as shown by the certificates of the title company.

The following are the parcels offered:

Augusta Jahn	Frontage 19 feet on the west side of Boston road, beginning 38 feet south of One Hundred and Seventy-eighth street, Lot No. 28, Block 3135.
Rachael Purdy	Frontage 27 feet on the west side of Boston road, beginning at the southwest corner of One Hundred and Seventy-ninth street and Boston road, Lot No. 21, Block 3136.
Ida C. Mapes.....	Frontage 70 feet on the west side of Boston road, beginning at the northwest corner of Boston road and One Hundred and Seventy-ninth street, Lot No. 1, Block 3137.
Edmund A. Funke.....	Frontage 38 feet on the west side of Boston road, beginning 62.4 feet north of One Hundred and Eightieth street, Lot No. 33, Block 3138.
	Frontage 50 feet on the east side of Boston road, beginning 248.88 feet north of Woodruff street.
Holtzman, trustee for Cromptons, Michael J. Dowd	Frontage 50 feet on east side of Boston road, being Lot No. 1 of the lots of St. John & Archer, made by S. L. Armstead.
Alfred and Catherine Loweth	Frontage 124.38 feet, being entire west side of Boston road between One Hundred and Eighty-first and One Hundred and Eighty-second streets, Lot No. 35, Block 3128.
Lambert J. Mapes.....	Frontage 51.88 feet on the east side of Boston road, beginning 220.28 feet south of One Hundred and Seventy-seventh street, being Lot No. 41, Block 3016.
Rachel Purdy.....	Frontage 270.08 feet on the west side of Boston road, beginning at the southwest corner of One Hundred and Eightieth street and Boston road, Lot No. 20, Block 3137.
William Wray and others	Frontage 64.48 feet on the west side of Boston road, beginning at the northwest corner of Tremont avenue and Boston road, being Lot No. 39, Block 3135.
William Wray and others	Frontage 75.70 feet, beginning at the junction of Vyse street and Boston road, on the west side of Boston road, being Lot No. 81, Block 2992.
Estate of Thomas Minford	Frontage 300.93 feet on the east side of Boston road, beginning at the northeast corner of Boston road and Hoe street, Lot No. 48, Block 2991.
Peabody Home for the Aged	Frontage 150 feet on the northeast corner of Boston road, being the northeast corner of Boston road and One Hundred and Seventy-ninth street.
Alfred A. Keller.....	Frontage 118.31 feet on the east side of Boston road, beginning at the northeast corner of Tremont avenue and Boston road, being Lot No. 1, Block 3139.
Stoeckel	Frontage 170 feet on the east side of Boston road, being the southeast corner of Tremont avenue and Boston road.
Catherine A. Andrews..	Frontage 55 feet on the west side of Boston road, beginning 26.01 feet south of One Hundred and Seventy-ninth street, being Lot No. 24, Block 3136.
Estate of Thomas Minford	Frontage 658 feet on the west side of Boston road and Southern Boulevard, being at the junction of these two streets. (Only a small part touches Southern Boulevard.)
Annie R. Spratley.....	Frontage 440.92 feet on the west side of Southern Boulevard, being at the junction of Boston road and Southern Boulevard, Lots Nos. 175, 191, 194, Block 2978.
Horace P. Whitney and others	Block on the west side of Westchester avenue, between One Hundred and Fifty-sixth street and Forrest avenue, having about 265 feet frontage, Lots Nos. 43, 45, 46, 51, 52, 53, 54, 55, Block 2645.
Horace P. Whitney and others	Frontage 26 feet on the west side of Westchester avenue, beginning 294.01 feet south of Forrest avenue, being Lot No. 3, Block 2645, Section 10.

As to this property offered by Mr. Murphy, I would respectfully recommend that the Board of Rapid Transit Commissioners accept the proposition at \$10 per running foot frontage, which is the price heretofore paid, that the Corporation Counsel be requested to have the title examined, and that the warrants to be drawn for the payment thereof be at the same rate for the number of feet shown on the policy of the title company.

I desire to call the attention of the Rapid Transit Board to the fact that Boston road has been widened and straightened in many places, and that the attention of the Corporation Counsel should be called to this matter for the reason that what would appear to be a frontage on Boston road, as shown in these offers, is not in every case an actual frontage, and great care should be exercised in the acquisition of these parcels and the payments therefor.

The acceptance of the offer of Mr. Murphy will eliminate from that of Mr. Van Benschooten the property of Michael J. Dowd, fronting 50 feet on the east side of Boston road at Vyse avenue, and the Board should adopt the necessary resolutions in accordance therewith.

Respectfully,
(Signed) MORTIMER J. BROWN,
Appraiser of Real Estate in Charge of Bureau.

Approved:
EDWARD M. GROUT, Comptroller.

Letter of Edward W. Murphy, dated March 1, Attorney for Michael J. Dowd, received through the Comptroller's Office, was read as follows:

NEW YORK, March 1, 1905.

Board of Rapid Transit Commissioners, No. 320 Broadway, Borough of Manhattan, City of New York:

GENTLEMEN—I have communicated to Mr. Michael J. Dowd the refusal of the Corporation Counsel to advise the acceptance of the terms stated in my letter to you of the 21st of February, 1905, wherein \$18 per foot was asked for the easements affected by the Rapid Transit Railroad on Boston road, and he has authorized me to sell the same at \$10 per foot.

The following is a diagram of the property owned by Mr. Dowd:
(In original, diagram.)

Mr. Dowd became seized of the above described property on the 29th day of January, 1901, by deed recorded in Liber 48 of Conveyances, page 197, section 11.

Kindly advise me when you will take up this matter and oblige,

Respectfully yours,
(Signed) EDWARD W. MURPHY.

The following resolution was moved:

Resolved, That this Board for and in behalf of The City of New York do acquire from Michael J. Dowd, the owner of certain property fronting 50 feet on the east side of Boston road at Vyse street, all easements of light, air or access appurtenant to the said piece or parcel of land which may have been or which may hereafter be taken or damaged in whole or in part by the construction, maintenance or operation, in, upon, or over, the said streets, of the Rapid Transit Railroad, in accordance with the routes and general plan prescribed by the Board of Rapid Transit Railroad Commissioners for The City of New York, by resolutions adopted January 14, 1897, and February 4, 1897, providing a satisfactory title can be secured by grant or release, the consideration of the same to be \$10 per running foot frontage.

Ayes—The President, Vice-President, Mayor, Comptroller and Commissioners Woodbury Langdon, Morris K. Jesup and John Claflin.

Nays—None.
Carried.

Report of the Acting Chief Engineer was presented as follows, with respect to property of the New York Dock Company, in Joralemon street, and the Secretary was instructed to forward copy of the same to the New York Dock Company:

MARCH 29, 1905.

BION L. BURROWS, Esq., Secretary, Rapid Transit Board:

DEAR SIR—I return herewith copies of letters from the New York Dock Company, transmitted with yours of March 13, and in regard to the complaints therein would report that the break in the tunnel mentioned in Mr. Wiggin's letter of March 7 was due to a blow-out which occurred on that date at the north shield under the bulkhead line. Since this time the tube has been emptied of water, and a small force of men were put to work at the face preparatory to advancing the shield. The violent agitation of the water, due to the escaping air, rendered it difficult to hold the air pressure with the light cover existing at the bulkhead line, and consequently much of the covering, including filling recently placed by the contractor, was washed out. This disturbance and the cutting off of the piles encountered by the shield resulted in the settlement of the piles noted in Mr. Wiggin's letters of March 6 and 7. It is not practicable to do anything to remedy this until both shields shall have been advanced beyond the bulkhead, when the comparatively slight damage can be repaired by the driving of new piles or otherwise. The work of getting the shield past the bulkhead line is one of great difficulty on account of the light covering, and the presence of the piles and boulders which have to be removed as encountered.

As to the condition of the power-house adjacent to Warehouse No. 67, the facts are substantially as stated by Mr. Wiggin in his letter of March 6. The movement of the lintel over the entrance door is not due to the rapid transit construction. The cracks mentioned are slight ones and of little structural importance. The three-inch settlement mentioned evidently refers not to the building, but to the railroad track along the dock front, which has settled to that extent over the north tube. The settlement has not interfered with the operation of the railroad, and can be graded up when the second shield shall have passed beyond the tracks.

Very truly yours,
(Signed) GEORGE S. RICE, Acting Chief Engineer.

Report of the Acting Chief Engineer and letter of Rapid Transit Subway Construction Company were presented as follows, as to proposed Two Hundred and Seventh street station:

MARCH 30, 1905.

Hon. A. E. ORR, President, Rapid Transit Board:

MY DEAR SIR—Pursuant to resolution of the Board, adopted on October 13, 1904, authorizing the establishment of a station at Two Hundred and Seventh street, referring the preparation of plans and estimate of cost to the Engineer, I beg leave to report that the plans are now ready and that the cost of this station is estimated at about \$50,000.

Very truly yours,
(Signed) GEORGE S. RICE, Acting Chief Engineer.

RAPID TRANSIT SUBWAY CONSTRUCTION COMPANY,
No. 23 NASSAU STREET,
NEW YORK, April 4, 1905.

Hon. ALEXANDER E. ORR, President, Board of Rapid Transit Commissioners, No. 320 Broadway, New York City:

MY DEAR SIR—Referring to our application of September 14, 1904, for the establishment of a station on the west side branch of the Rapid Transit Railway at the intersection of Broadway and Two Hundred and Seventh street, in order to serve the needs which will arise from the erection of a bridge across the river at that point, we beg to request that you allow the expense of providing this station as an additional compensation under Contract No. 1, with the City.

I remain,
Very respectfully yours,
(Signed) AUGUST BELMONT, President.

The following resolution was moved:

Whereas, The Chief Engineer of the Board, in his report of the 21st of September, pointed out the necessity for the establishment of a station of the Rapid Transit Railroad at Two Hundred and Seventh street and Broadway;

Whereas, The Rapid Transit Subway Construction Company has requested that the construction of the same be authorized as extra work under the contract dated February 21, 1900;

Whereas, The Acting Chief Engineer has reported that the work can be done for approximately \$50,000;

Resolved, That this Board hereby authorizes the construction of said station as extra work under the said contract.

Ayes—The President, Vice-President, Mayor, Comptroller and Commissioners Woodbury Langdon, Morris K. Jesup and John Claflin.

Nays—None.
Carried.

Report of the Acting Chief Engineer was read as follows, as to No. 57 Spring street:

MARCH 30, 1905.

Hon. A. E. ORR, President, Rapid Transit Board:

DEAR SIR—In reference to the proposed connection at No. 57 Spring street with our station at Spring street, and referring to the letter of Mr. W. C. Sommerfeld of February 20, in regard to this matter, I beg leave to report that this building, No. 57 Spring street, is a five-story brick structure, with wooden floors; the first story is at present vacant, but is intended for use as a store of some kind. The upper floors are used as flats. The basement is used as a wine cellar. The expense to the Rapid Transit Commission for removing the kiosk and providing a connection, as shown on Mr. Sommerfeld's drawing, should be about \$3,500.

Very truly yours,
(Signed) GEORGE S. RICE, Acting Chief Engineer.

The following resolution was moved:

Resolved, That this Board hereby approves the proposal to do away with kiosk in connection with subway station at No. 57 Spring street.

Resolved, further, That Counsel be requested to have prepared a conveyance of the easement for such an entrance, to be executed by the owner of the said property.

Ayes—The President, Vice-President, Mayor, Comptroller and Commissioners Woodbury Langdon, Morris K. Jesup and John Claflin.

Nays—None.
Carried.

Letter of the President of the Pennsylvania Railroad Company was read as follows, and referred to the Committee on Plans and Contracts:

THE PENNSYLVANIA RAILROAD COMPANY,
PHILADELPHIA, March 30, 1905.

Mr. ALEXANDER E. ORR, President, No. 320 Broadway, New York City:

DEAR SIR—In view of the importance to the traffic to and from the new Pennsylvania Station of a four-track connection with the east side, I earnestly trust that your

Commission will take no action interfering with or delaying the construction of an adequate and convenient four-track connection without giving us an opportunity to be heard.

Very truly yours,
(Signed) A. J. CASSATT, President.

Reports of the Acting Chief Engineer on suggestions of J. Aspinwall Hodge, were ordered printed as follows:

MARCH 28, 1905.

BION L. BURROWS, Esq., Secretary, Rapid Transit Board:

DEAR SIR—I have considered the suggestions with respect to advertising signs in the subway, as embodied in letter of Mr. J. Aspinwall Hodge, transmitted with yours of March 17.

Mr. Hodge bases his suggestions upon the assumption of the alleged right of the contractor to maintain advertising signs in the subway station being sustained by the courts, and takes the premises that if the signs, as he suggests, are placed on panels between the tracks and taken off the platforms, objections to them on both sanitary and artistic grounds would be removed.

While in some respects the plan proposed is worthy of consideration, in my opinion its disadvantages outweigh its practical features. The signs in the subway, as Mr. Hodge proposes to place them, would be in such a position that in the event of their becoming loosened by any cause, serious interference with the trains would ensue. Another objection to his method is that the signs placed between the tracks would cut off the view from one side of the station to the other, and this view we have endeavored to keep as free from obstructions as possible. These are the two main objections. I do not consider it necessary to discuss in this report other objections which are obvious; the objections already pointed out would seem sufficient to show the impropriety of arranging the signs as suggested.

Very truly yours,
(Signed) GEORGE S. RICE, Acting Chief Engineer.

MARCH 28, 1905.

BION L. BURROWS, Esq., Secretary, Rapid Transit Board:

DEAR SIR—I have your letter of March 17 enclosing a letter from J. Aspinwall Hodge in reference to a second story railroad structure for the proposed elevated loop between the Manhattan terminals of the Bridges to Brooklyn.

The method of construction which Mr. Hodge suggests was first considered at a time when property in this City was at a very much less value than at present. He suggests that, instead of running the elevated road through Baxter street widened, it should go through private property and cross the streets by bridges, and in that way it would be less objectionable than the modern method of running it in the middle of the street. The main objection to the scheme proposed by Mr. Hodge is the great cost entailed by the peculiar conditions under which the property would have to be acquired, and also the manner of putting that property in shape so that it would be of use. If an elevated road should be run through private property as proposed, it would practically destroy the three lower stories of an ordinary building, and each block would have to be of a comprehensive and uniform style of building to meet the conditions imposed. If an elevated road were to run through such a section of the City the tracks would necessarily have to be at an elevation of about 18 feet above the level of the street, and a space of 14 feet would necessarily be required for the operation of the trains. That would make a structure which would be over 30 feet high, and would practically render the structure unfit for use except on the lower portion; and the occupants of the building would not only be subjected to the inconvenience of having the running of trains through their structure, but also would be subjected to the annoyance of a passageway open to all kinds of weather, and to which they would have very little benefit, as most of the property covered would not be accessible to the trains, the stations being some distance apart and only available to a small number of people. In addition to the inconvenience and the necessity of having these buildings of uniform structure, they would necessarily have to be of a fireproof nature, as a fire in any one of the blocks would be apt to seriously affect the running of the trains. Of course, the natural thing to do would be to make the buildings entirely fireproof, which would add very much to the cost.

I have not considered any particular scheme in reporting upon this subject, but have treated it in a broad sense, stating the main objections, and not the advantages of such a method of construction. The excessive cost I consider as the paramount objection to the plan proposed.

Very truly yours,
(Signed) GEORGE S. RICE, Acting Chief Engineer.

The Acting Chief Engineer reported as follows as to fire in subway:

MARCH 29, 1905.

Hon. A. E. ORR, President, Rapid Transit Board:

DEAR SIR—This morning, shortly after nine o'clock, an employee of the Interborough Company was running a train north of the One Hundred and Fifty-seventh street station for the purpose of getting the train out of the way. For some reason, not now known, a car caught fire and the train was run into the temporary bulkhead, which had been placed south of the One Hundred and Sixty-eighth street station. The bulkhead caught fire, and some paint was ignited which was stored near by. At the present time smoke is coming out of the One Hundred and Sixty-eighth street station shaft and the firemen are playing water on the shaft timbers to prevent them from being burned. The damage is problematical, but there is no doubt that the centering on both sides of the shaft which is temporarily supporting the brick arch, has been burned.

The amount of damage done probably cannot be ascertained until later.

Very truly yours,
(Signed) GEORGE S. RICE, Acting Chief Engineer.

The Secretary reported that the President had executed consent of the Board to the New York Connecting Railroad Company to obtain certain consents to the 29th of June, 1905, and the 29th of December, 1905, as authorized on the 16th of March. Form of said consent is as follows:

Whereas, The Board of Rapid Transit Railroad Commissioners for The City of New York did, by certificate dated the 23d day of June, 1904, authorize the New York Connecting Railroad Company to construct and operate a certain connecting railroad or railroads in the said City in manner and subject to the terms and conditions prescribed in the said certificate; and

Whereas, The said certificate, duly executed by the Board, was delivered by the Board to the New York Connecting Railroad Company, which company on the 29th day of June, 1904, duly accepted the franchise and all the terms, conditions and requirements thereof by an instrument in writing; and

Whereas, The said Board did, by certificate bearing date December 15, 1904, duly extend the times of the New York Connecting Railroad Company to obtain or receive, as provided in the certificate of June 23, 1904, the consent of the local authorities to March 29, 1905, and the consent of the necessary property owners, or, in lieu of such latter consent, the determination of the Appellate Division to September 29, 1905; and

Whereas, Reasonable cause has been shown by said New York Connecting Railroad Company to the said Board why the consents provided for in said certificate have not been obtained within the periods prescribed by the certificate of December 15, 1904, and this Board, pursuant to the terms of the said certificate, has power to extend the said periods;

Now therefore the Board of Rapid Transit Railroad Commissioners for The City of New York does hereby

Certify that the time of the New York Connecting Railroad Company to obtain or receive the consent of the local authorities required by the certificate or franchise of this Board to said railroad company, dated June 22, 1904, as extended by the certificate of this Board dated December 15, 1904, be and the same hereby is further extended to the 29th day of June, 1905, and that the time to obtain the consent of the necessary property owners, or, in lieu thereof, the determination of the Appellate Division, as required in said certificates, be and the same hereby is further extended to the 29th day of December, 1905.

In witness whereof, this certificate has been prepared by the Board of Rapid Transit Railroad Commissioners for The City of New York, by and upon a concur-

rent vote of at least six members of the said Board, and is now attested by the signature of its President, who is its presiding officer, and by the signature of its Secretary, this 16th day of March, 1905.

THE BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS
FOR THE CITY OF NEW YORK,
[SEAL.]

By A. E. ORR, President.

Attest:

BION L. BURROWS, Secretary.

[Acknowledgment.]

The President presented miscellaneous communications, which were referred to the respective committees.

The Board then adjourned.

PROCEEDINGS OF THE BOARD OF RAPID TRANSIT RAILROAD
COMMISSIONERS.

AT A MEETING OF THE BOARD HELD IN NO. 320 BROADWAY, ON THURSDAY, APRIL 6, 1905.

There were present:

John H. Starin, Vice-President, presiding; Mayor George B. McClellan; Comptroller Edward M. Grout, and Commissioners Woodbury Langdon, Charles Stewart Smith, Morris K. Jesup and John Claflin.

George L. Rives, of Counsel; George S. Rice, Acting Chief Engineer, and Alfred Craven, Acting Deputy Chief Engineer, also were present.

The Vice-President addressed the Board, announcing the sudden death of the brother of President Orr, and suggested, inasmuch as there was no public work which would suffer from such a course, that it would be a fitting mark of respect to adjourn without transacting any business.

The Board thereupon adjourned.

CORPORATION SALE OF REAL ESTATE.

BRYAN L. KENNELLY, Auctioneer.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction, on

MONDAY, MAY 8, 1905.

at 12 o'clock M., at the New York Real Estate Salesroom, Nos. 14 and 16 Vesey street, the following-described real estate belonging to the Corporation of The City of New York, viz.:

All that certain lot, piece or parcel of land situate, lying and being in the Borough of Manhattan, City of New York, known as No. 233 West Fifty-eighth street, bounded and described as follows, viz.:

Beginning at a point on the northerly side of West Fifty-eighth street 120 feet easterly from the corner formed by the intersection of the northerly side of West Fifty-eighth street with the easterly side of Broadway; running thence northerly at right angles to West Fifty-eighth street 100 feet 5 inches; thence easterly parallel with West Fifty-eighth street 25 feet; thence southerly parallel with the first course 100 feet 5 inches to the northerly side of West Fifty-eighth street; thence westerly along the northerly side of West Fifty-eighth street 25 feet to the point or place of beginning.

The said land is sold subject to the use by the Fire Department of The City of New York free of

rental or other charges of any nature or kind whatsoever until the new engine-house to be located on the premises on the north side of Fifty-eighth street, beginning 225 feet west of Seventh avenue, are ready for occupancy to accommodate the present engine company, now located at No. 233 West Fifty-eighth street, but such term shall not extend beyond May 1, 1906.

The minimum or upset price at which the said premises are to be sold is fixed and appraised by the Commissioners of the Sinking Fund at the sum of seventy-five thousand dollars (\$75,000), and the sale is made upon the following

TERMS AND CONDITIONS:

The highest bidder will be required to pay ten per cent. of the amount of his bid, together with the auctioneer's fees, at the time of the sale; thirty per cent. upon the delivery of the deed, which shall be thirty days from the date of the sale; the remaining sixty per cent. either to be paid at the date of the delivery of the deed or, at the option of the purchaser, to remain on bond and mortgage for five years, with interest at the rate of six per cent. per annum, payable semi-annually, the mortgage to contain the customary thirty days' interest and ninety days' tax and assessment and insurance clauses.

The bond and mortgage may be paid off at any time within the term thereof on giving thirty days' notice to the Comptroller, or may be paid in installments of not less than five thousand dollars (\$5,000) on any day when interest is due, or on thirty days' notice. The bond and mortgage will be prepared by the Corporation Counsel, and the sum of twelve dollars and fifty cents (\$12.50) will be charged for drawing, acknowledging and recording the same.

The Comptroller may, at his option, resell the property if the successful bidder shall fail to comply with the terms of sale, and the person failing to comply therewith will be held liable for any deficiency which may result from any such resale.

The right is reserved to reject any and all bids.

Maps of said real estate may be seen on application at the Comptroller's Office, Stewart Building, No. 280 Broadway, Borough of Manhattan.

By order of the Commissioners of the Sinking Fund, under a resolution adopted at a meeting of the Board held April 12, 1905.

SUPREME COURT.

KINGS COUNTY.

In the matter of acquiring title by The City of New York to certain lands and premises situated on ARLINGTON AVENUE, ASHFORD STREET AND WARWICK STREET, in the Borough of Brooklyn, duly selected as a site for a public library, according to law.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate in the above-entitled matter, appointed pursuant to the provisions of the statutes relating thereto, hereby give notice to the owner or owners, lessee or lessees, parties or persons respectively entitled to or interested in the lands, tenements, hereditaments and premises, title to which is sought to be acquired in this proceeding, and to all others whom it may concern, to wit:

First—That we have completed our estimate of the loss and damage to the respective owners, lessees, parties and persons interested in the lands or premises affected by this proceeding and having any interest therein, and have filed a true report or transcript of such estimate in the office of the Board of Estimate and Apportionment of The City of New York, at No. 280 Broadway, in the Borough of Manhattan, City of New York, for the inspection of whomsoever it may concern.

Second—That all parties or persons whose rights may be affected by the said estimate and who may object to the same or any part thereof, may within ten days after the first publication of this notice, April 28, 1905, file their objections to such estimate, in writing, with us, at our office in the Franklin Trust Company Building, No. 166 Montague street, Room 92, in the Borough of Brooklyn, in said City, as provided by statute, and that we, the said Commissioners, will hear parties so objecting at our office, on the 11th day of May, 1905, at 3 o'clock in the afternoon, and upon such subsequent days as may be found necessary.

Dated THE BOROUGH OF BROOKLYN, CITY OF NEW YORK, April 28, 1905.

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to certain lands and premises required for an easement for a STORM RELIEF TUNNEL SEWER, from the Webster Avenue Sewer, near Wendover avenue, in the Millbrook Water-

shed (Sewerage District No. 33) to the Harlem river, about 231 feet north of Highbridge, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court, bearing date the 10th day of March, 1905, and duly entered in the office of the Clerk of the County of New York, at his office in the Borough of Manhattan, in The City of New York, on the 11th day of March, 1905, a copy of which order was duly filed in the office of the Register of the County of New York, and indexed in the Index of Conveyances, Block Nos. 2541, 2533, 2534, 2535, 2536, 2522, 2874, 2873, 2872, 2857, 2858, 2844, 2845, 2835, 2819, 2820, 2821 and 2788, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate and assessment of the loss and damage, if any, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of acquiring an easement for the above mentioned storm relief tunnel sewer, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 11th day of March, 1905; and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken, and of performing the trusts and duties required of us by chapter 17, title 4, of the Greater New York Charter, as amended, and the Acts or parts of Acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of acquiring said easement for a storm relief tunnel sewer, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, fourteenth floor, Nos. 90 and 92 West Broadway, Borough of Manhattan, in The City of New York, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 22d day of May, 1905, at 3 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimants or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.
