Be it further Resolved, That, in pursuance of the provisions of section 226 of the Greater New York Charter, the Board of Estimate and Apportionment makes this the Budget of The City of New York for the year one thousand nine hundred and ten, with the exception that the items contained in the schedules under the titles "Salaries" or "Salaries and Wages," in the different Boards, Offices, Bureaus and Departments of the City and County governments, shall be administered under the following terms and conditions:

First—That no change shall be made by any board or head of an Office, Bureau or Department in the City of County governments in the schedules of "Salaries" and "Salaries and Wages," herein contained, except when authorized thereto by twelve (12) votes of the Board of Estimate and Apportionment, and when such change will not increase the monthly rate of the total amount herein appropriated for the said schedules of "Salaries" and "Salaries and Wages" for monthly payrolls in the different Boards, Offices, Bureaus and Departments of the City or County governments.

Second—(a) That the heads of the several Boards, Offices, Bureaus and Departments of the City and County governments shall prepare their several payrolls for audit by the Department of Finance in accordance with the items of the aforesaid schedules, entitled "Salaries" and "Salaries and Wages"; and (b) set forth on monthly payrolls the monthly pro rata expenditures of (said) appropriations for monthly payrolls; (c) affix to all payrolls a certificate made by the person preparing such payrolls to the effect that there is a time record on file in said Board, Office, Bureau or Department, certified by the person or persons having knowledge of the facts, showing the character of service and the exact time of employment of such person or persons on said payrolls, and that the distribution or division of the time of such person or persons as shown on such payrolls is in accordance with such time record.

Be it further Resolved, That all appropriations for (1) supplies; (2) general supplies; (3) materials for repairs and replacements; (4) fuel, and (5) forage, to any Board, Office, Bureau or Department of the City or County governments, made in this Budget, be made under the following conditions:

First—That, in so far as practicable, all contracts and open market orders for the purchase of such "Supplies," "General Supplies," "Materials for Repairs and Replacements," "Fuel" and "Forage" be based upon specifications which are definite and certain as to character and quality, and which conform with standard specifications for the various classes of supplies, materials, fuel and forage hereafter to be promulgated by this Board.

Second—That, in so far as such standard specifications may hereafter be established by this Board, the Comptroller, at the time of certifying as to the sufficiency of appropriations out of which contracts for "Supplies," "General Supplies," "Materials for Repairs and Replacements," "Fuel" and "Forage" are to be paid, shall also certify that the specifications for such supplies or materials for which standard specifications have been prescribed, are in conformance with such standard specifications.

Third—That all open market orders issued by any Department for supplies or materials, for which standard specifications shall have been prescribed, shall contain a description of the goods ordered, conforming with such standard specifications.

Fourth—That the Comptroller shall, in auditing claims for goods delivered on open market orders, determine, through inspection or otherwise, whether the goods delivered conform with such standard specifications.

THE CITY OF NEW YORK.

FOR CHARITABLE INSTITUTIONS.

Conditions Governing Payments to Charitable Institutions.

The appropriations in this Budget are made subject to the following conditions:

1. The accounts and records of all charitable institutions receiving public moneys shall be kept so as to show all receipts, disbursements and population in such form as shall be satisfactory to the Comptroller, Records must show the addresses of parents, guardians or nearest relatives of inmates and other information designed to facilitate inquiry into their financial inability to make provision for dependents in the institution.

2. Moneys received from the City Treasury shall be used by such institutions for recurring expenses of "care, support, education and maintenance."

3. All institutions receiving public moneys and all their books of record and accounts shall at all reasonable times be open to the visitation, inspection and examination of duly authorized representatives of the Department of Finance, and at all proper times the Department of Public Charities shall have access to the record of inmates.

4. Upon its appearing to the satisfaction of the Comptroller that it would be to the public interest to withhold payments to any charitable institution for which an apportionment has been made, he shall in his discretion suspend payments and give written notice to such institution of his intention to apply to the Board of Estimate and Apportionment for authority to cease making further payments, and upon the determination of such Board that such payments shall terminate, the right of any such institution to receive payment for services rendered thereafter shall thereupon end.

5. Where appointments are made upon a per capita basis for inmates of private charitable institutions, there will be no payments unless the inmates shall have been accepted by the Commissioner of the Department of Public Charities as proper charges against the City; and except in emergency cases, the Commissioner of Charities shall not accept as proper charges persons capable of paying for their own support, or for whose care adequate provision can be made in public hospitals.

In determining the acceptance of patients in private hospitals as proper charges, the Commissioner of Charities shall first consider the nature of the services actually rendered to the patients by the hospitals. The records of the institutions and the bed-card notes showing the treatment given shall be received as the essential evidence in deciding acceptances or rejections. *The City shall not be liable for any payment to charitable institutions in excess of the apportionment which may have been made to such institutions, notwithstanding the acceptances of the Commissioner of Charities or any per capita rates of payment that may have been fixed for the inmates thereof.*

6. All institutions receiving money from the City are required to state specifically the amount so received, as from the City Treasury, in their printed annual reports.

7. No money shall be paid to any private charitable institution which pays any salary to or gives consideration, financial or of any kind, for services to, or that has any business dealing with, or secures goods or merchandise, directly or indirectly, from any officer or trustee or member of its Board of Managers.

8. That charitable institutions for children now carried in the Budget and not sending their inmates to the Public Schools, and not sharing in the Corporate School Fund, and not receiving teachers and school supplies from the Board of Education, but giving in their own buildings secular education to the children resident in the institutions, shall be paid a per capita of 7 cents per day, five school days in the week, for each child receiving such instruction of four years of age and over during ten months in the year. This money to be paid under the authorization of section 230 of the Charter, but under the general conditions relating to institutions receiving Corporate School money, as provided in section 1154.

9. Magistrates are requested to transfer dependent, and when judicious, no proper guardianship children, and all cases coming to their attention in the courts where no crime is proven against the child, to the Commissioner of Charities, who can commit to institutions. Magistrates are earnestly requested not to commit a dependent child to an institution on a court commitment.

10. The Commissioner of Charities is instructed to take such steps either by appeal to the national authorities or by proper bills to the Legislature, as to provide that the children of emigrants abandoned within one year after arrival in this City be returned to the country whence they came.

11. No dependent child under sixteen years of age shall be accepted as a proper charge upon the City, and no money will be paid for the care, support, maintenance or education of such child unless it shall have been lawfully committed to a suitable private charitable institution having its own plant and equipment for the proper protection and care of children, under the supervision of the State Board of Charities, and has been placed in this Budget by the Board of Estimate and Apportionment.

This order has no relation to the class of children of such mental and physical condition as those cared for in the City Institution at Randalls Island.

12. The rates of payments to private charitable institutions, unless otherwise specially provided for, are fixed for the various classes of inmates as follows:

The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
