RE: Report on Public Participation Plan for the Southwest Brooklyn Converted Marine Transfer Station Permitting Process

Dear Mr. Cryan:

The New York City (City) Department of Sanitation (DSNY) is pleased to submit to the New York State Department of Environmental Conservation (NYSDEC) the enclosed original and three copies of the Report on Public Participation Plan Completion for the proposed Southwest Brooklyn Converted Marine Transfer Station (Southwest Brooklyn PPP Report). The PPP Report marked original contains the original Affidavit of Publication for the Notice of Complete Application.

The Southwest Brooklyn PPP Report, prepared in accordance with the Public Participation Plan approved for the project on March 8, 2007, supports the NYSDEC permit process in connection with final permit applications submitted by DSNY for the Southwest Brooklyn Converted Marine Transfer Station, an element of the City's approved Comprehensive Solid Waste Management Plan.

Please contact me or Sarah Dolinar of my staff if you should have any questions or comments on this Southwest Brooklyn PPP Report. Thank you for your time and attention.

Sincerely,

Harry Szarpanski
