The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

#### HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed, at http://www.nyc.gov/html/hhsaccelerator/html/ roadmap/roadmap.shtml. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

#### **Participating NYC Agencies**

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children's Services (ACS) Department for the Aging (DFTA) Department of Consumer Affairs (DCA) Department of Corrections (DOC) Department of Health and Mental Hygiene (DOHMH) Department of Homeless Services (DHS) Department of Probation (DOP) Department of Small Business Services (SBS) Department of Youth and Community Development (DYCD) Housing and Preservation Department (HPD) Human Resources Administration (HRA) Office of the Criminal Justice Coordinator (CJC)

#### Statement of Basis and Purpose of Regulations

Various state and local laws vest the New York city Comptroller with authority to enforce prevailing wage laws by conducting investigations and hearings and issuing reports with recommendations or orders. New York labor law section 220(3-a)(a)(ii) further requires covered employers to post jobsite notices and provide pay stubs and notices to covered employees with applicable prevailing wage and supplement rates, and vests the Comptroller with the authority to assess civil penalties for violations of these notice requirements. The laws that vest authority in the Comptroller are detailed below.

- Article 8 of the New York labor law requires payment of prevailing wages and supplements to construction workers on New York city public work projects.
- Article 9 of the New York labor law requires payment of prevailing wages and supplements to building service employees on building service contracts with city agencies.
- Subdivision 8, paragraph h of subdivision 16 and paragraph g of subdivision 17 of section 421-a of the New York real property tax law require payment of prevailing wages and supplements to building service employees in certain buildings that receive real estate tax exemptions under that law.
- New York city administrative code section 6-109 requires payment of prevailing wages and supplements to workers on certain service contracts with city agencies.
- New York city administrative code section 19-142 requires payment of prevailing wages and supplements to workers on New York city street excavations.

This proposed rule sets forth a clear and uniform procedure for investigating and assessing civil penalties for failure to post notices at job sites or provide notices with pay stubs to workers under the above-mentioned laws. The comprehensiveness of the rules provides enhanced guidance to employers, employees, and building owners covered by these laws.

Section 1 amends section 2-02 of chapter 2 of title 44 to add a definition for "Construction Poster" that is required by labor law section 220(3-a) (a)(ii) and amends the definition of "Worker Notice Poster" in section 2-02 of such chapter to conform to the requirements of labor law section 220(3- a)(a)(ii).

Section 2 amends paragraph 1 of subdivision c of section 2-04 of chapter 2 of title 44 to add an additional recordkeeping requirement for pay stubs or wage statements required by labor law sections 195(3) and 220(3-a)(a)(ii). Section 2 also amends paragraphs 4, 5 and 6 of subdivision c of section 2-04 of such chapter to add additional notice requirements for public work projects to be posted at job sites and provided to workers with their pay stubs under labor law section 220(3- a)(a)(ii).

Section 3 amends chapter 2 of title 44 to add a new section 2-07 creating a procedure for the assessment of civil penalties to covered employers for failure to post required jobsite notices or to provide notices and pay stubs with applicable prevailing wage and supplement rates under labor law section 220(3-a)(a)(ii).

§ 2-07 Civil Penalties for Violations of Employer Notice Requirements.

(a) Penalties for Construction Poster violations with opportunity to cure. (1) The failure of a Covered Employer performing Covered Work subject to the requirements of labor law article eight to comply with the Construction Poster requirements set forth in section 2-04(c)(4) constitutes a separate violation at each work site, for each work day. Covered Employers are deemed to have willfully posted an incorrect Construction Poster if they knew or should have known that the trade classifications or Prevailing Wages and Supplements detailed in such poster are incorrect or incomplete for the Covered Work performed at such public work site.

The penalty amounts set forth in Appendix A apply to the following Construction Poster violations.

(2) A Class 1 Construction Poster violation consists of:

i) <u>failing to post a Construction Poster at the public work</u> site where the Covered Employer has 10 or more employees and has worked on a prior public work project; or

ii) willfully posting an incorrect Construction Poster at the public work site.

(3) A Class 2 Construction Poster violation consists of:

i) failing to post a Construction Poster at the public work site where the Covered Employer has fewer than 10 employees or has never worked on a prior public work project; or

ii) posting a Construction Poster without schedules detailing trade classifications and Prevailing Wages and Supplements at the public work site; or

iii) posting a Construction Poster in an inaccessible and not prominent place at the public work site.

(4) A Covered Employer that has committed a first Construction Poster violation under this section has ten days from receipt of the summons under section 2-07(e) to post a proper Construction Poster, sign the admission of liability and certification of cure on the summons, and return the summons with a photograph of such poster to the Comptroller. If such proof of compliance is acceptable to the Comptroller, an order for such violation will be issued with no civil penalty. Each violation by a Covered Employer that occurs after the Comptroller has issued one order under section 2-07 to that Covered Employer within the last six years is a second violation. Each violation by a Covered Employer that occurs after the Comptroller has issued two or more orders under section 2-07 to that Covered Employer within the last six years is a third and subsequent violation.

(b) Penalties for Worker Notice violations with opportunity to cure. (1) The failure of a Covered Employer to comply with the Worker Notice requirements set forth in section 2-04(c)(5) for employees performing Covered Work subject to the requirements of labor law article eight constitutes a separate violation for each such employee. Covered Employers are deemed to have willfully provided an incorrect Worker Notice if they knew or should have known that the trade classifications or Prevailing Wages and Supplements detailed in such notice are incorrect or incomplete for such Covered Work performed by such employee.

The penalty amounts set forth in Appendix A apply to the following Worker Notice violations.

(2) A Class 1 Worker Notice violation consists of:

i) <u>failing to provide a Worker Notice where the Covered</u> Employer has 10 or more employees and has worked on a prior public work project; or

ii) willfully providing an incorrect Worker Notice.

(3) A Class 2 Worker Notice violation consists of:

i) <u>failing to provide a Worker Notice where the Covered</u> Employer has fewer than 10 employees or has not worked on a prior public work project; or

ii) providing a Worker Notice without schedules detailing trade classifications and Prevailing Wages and Supplements.

(4) A Covered Employer that has committed a first Worker Notice violation has thirty days from receipt of the summons under section 2-07(e) to provide a proper Worker Notice to each employee, sign the admission of liability and certification of cure on the summons, and return the summons with a copy of such notice to the Comptroller. If such proof of compliance is acceptable to the Comptroller, an order for such violation will be issued with no civil penalty. Each violation by a Covered Employer that occurs after the Comptroller has issued one order under section 2-07 to that Covered Employer within the last six years is a second violation. Each violation by a Covered Employer that occurs after the Comptroller has issued two or more orders under section 2-07 to that Covered Employer within the last six years is a third and subsequent violation.

Penalties for pay stub violations with opportunity to cure. (1) The failure of a Covered Employer to comply with the pay stub requirements set forth in section 2-04(c)(6) for employees performing Covered Work subject to the requirements of labor law article eight constitutes a separate violation for each such employee, for each work week. Covered Employers are deemed to have willfully provided an incorrect pay stub to an employee performing Covered Work subject to the requirements of labor law article eight if they knew or should have known that the Prevailing Wage rates detailed in such pay stub are incorrect or incomplete for such Covered Work performed by such employee in the work week covered by such pay stub. Penalties for pay stub violations may be assessed for up to one year from the date of the violation for each such employee. The penalty amounts set forth in Appendix A apply to the following pay stub violations.

<u>A Class 1 pay stub violation consists of:</u>
 <u>i) failing to provide a pay stub; or</u>
 <u>ii) willfully providing an incorrect pay stub.</u>

(3) A Class 2 pay stub violation consists of providing a pay stub without trade classifications and Prevailing Wage rates.

(4) A Covered Employer that has committed a first Class 2 pay stub violation has thirty days from receipt of the summons under section 2-07(e) to provide to each employee the proper pay stubs for the entire compliance period in the summons, sign the admission of liability and certification of cure on the summons, and return the summons with copies of all such pay stubs to the Comptroller. If such proof of compliance is acceptable to the Comptroller, an order for such violation will be issued with no civil penalty. Each violation by a Covered Employer that occurs after the Comptroller has issued one order under section 2-07 to that Covered Employer within the last six years is a second violation. Each violation by a Covered Employer that occurs after the Comptroller has issued two or more orders under section 2-07 to that Covered Employer within the last six years is a third and subsequent violation.

(c) Designation. Before the Comptroller issues an order assessing a civil penalty against a Covered Employer under labor law section 220(3-a)(a)(ii) for failing to post a Construction Poster or willfully posting an incorrect Construction Poster, failing to provide a Worker Notice or willfully providing an incorrect Worker Notice, or for failing to provide a pay stub or willfully providing an incorrect pay stub, a hearing is held by the hearings division of the office of administrative trials and hearings.

(d) Summons. For every alleged violation under labor law section 220(3-a)(a)(ii), the Bureau issues a summons to the Covered Employer performing work at the public work site or employing the workers at issue. The summons is either served in person upon any managing or general agent of the Covered Employer or mailed to the Covered Employer at its business address. The summons contains the name and address of the Covered Employer, the address of the work site and date for alleged violations concerning the Construction Poster, the name of the employee and date for alleged violations concerning Worker Notices and pay stubs, a brief description of the nature of the alleged violation and the maximum and "mail-in" penalty amounts.

(e) Waiver of hearing. Any person who receives a summons under this section may waive a hearing by admitting the violation charged on the summons and paying the "mail-in" penalty amount. Payment must be made by certified or bank check payable to the "New York City Comptroller" and must be mailed to the Comptroller's office with the summons before the hearing date. Admission of the violation charged on the summons constitutes an order of the Comptroller for purposes of paragraph 4 of subdivision a, paragraph 4 of subdivision b and paragraph 4 of subdivision c of this section.

(f) Order. The presiding hearing officer promptly issues a recommended decision after the hearing, which may adjudicate violations alleged in one or more summonses. The recommended decision must describe particularly the nature of each alleged violation and assess a civil penalty or dismiss the charge. The office of administrative trials and hearings serves the recommended decision on every party. The recommended decision is not subject to an appeal under section 6-19 of title 48 of the rules of the city of New York. The Comptroller may adopt, reject or modify, in whole or in part, the recommended decision when issuing an order under labor law section 220(3-a)(a)(ii). The Bureau files the order of the Comptroller and serves a copy of the order on every party.

#### Statement of Basis and Purpose of Proposed Rule

DCA is proposing to amend Section 2-109 of Title 6 of the Rules of the City of New York relating to the record keeping requirements for secondhand automobile dealers.

Recently, the New York State Department of Motor Vehicles issued a new regulation that requires automobile dealers, absent limited exceptions, to use an electronic recordkeeping system called the Vehicle Electronic Reassignment and Integrated Facility Inventory ("VERIFI"). *See* 15 NYCRR 78.9. Under New York City law, secondhand automobile dealers must maintain written records of all transactions with specific information such as a description of the automobile purchased or sold and name and address of the buyer or seller. *See* NYC Admin. Code §20-273.

DCA is proposing a rule to clarify that a record maintained by a dealer in the VERIFI system satisfies the requirements of Section 20-273 of the New York City Administrative Code if it contains the information required by Section 20-273. In other words, this rule would make clear that secondhand automobile dealers need not maintain separate records to comply with the New York State VERIFI requirements and the New York City Administrative Code requirements.

DCA's authority for these rules is found in Sections 1043 and 2203(f) of the New York City Charter, and Sections 20-104(b) and 20-275.1 of the New York City Administrative Code.

#### Proposed Rules

Section 2-109 of Subchapter K of Chapter 2 of Title 6 of the Rules of the City of New York is amended to read as follows:

#### §2-109 Records and Reports.

(a) To comply with Section 20-268.5(a) of the Administrative Code, a second-hand automobile dealer must maintain a copy of the consumer bill of rights signed or initialed by each consumer for six years after the date of execution of such document.

(b) To comply with Section 20-268.5(c) of the Administrative Code, a second-hand automobile dealer must maintain an automobile contract cancellation option report in the format shown below.

(c) A second-hand automobile dealer shall be in violation of Section 20-268.5(c) of the Administrative Code for failing to make available a copy of its automobile contract cancellation option report to the commissioner within 20 business days of receiving a request. Notwithstanding the foregoing sentence, a second-hand automobile dealer shall not be in violation of Section 20-268.5(c) for such a failure where he or she received and complied with a similar request in the past 12 months.

(d) Records maintained by a second-hand automobile dealer in a manner compliant with the Vehicle Electronic Reassignment and Integrated Facility Inventory (VERIFI) system pursuant to Title 15, Part 78.9 of the Code, Rules and Regulations of the State of New York satisfy the requirements of Section 20-273 of the Administrative Code if the records contain the information required by such section of the Administrative Code. Nothing in this subdivision affects a second-hand automobile dealer's obligations to fully comply with Sections 20-273(e) and 20-273(f) of the Administrative Code.

#### Statement of Basis and Purpose of Proposed Rules

As part of New York City's Green Infrastructure Program DEP provides incentives to private property owners for implementation of green stormwater management practices (also known as "green infrastructure") on private property located within the five boroughs of the City. The Green Infrastructure Grant Program ("Program") was created in 2010 to create a partnership with private property owners in the design and construction of green infrastructure practices. In preparation for the rollout of additional incentive programs, and to ensure that there is no overlap between programs, DEP is proposing to amend its Program rules to specifically incentivize green roof retrofits. Green roof retrofits are an especially important type of stormwater management practice in ultra-urban cities like New York City. The rule amendments would also provide for a more streamlined application submission and design review process for green roof retrofits.

The Rules are authorized by Section 1403 of the Charter of the City of New York and Section 24-501 *et seq.* of the Administrative Code.

The text of the proposed amendments follows.

\*\*\*

Section 1. Chapter 48 of Title 15 of the Rules of the City of New York is amended to read as follows:

#### <u>Chapter 48</u>

#### Green Infrastructure Grant Program.

§48-01 Purpose and Applicability.

- (a) Purpose. The Green Infrastructure Grant Program ("Program") is intended to provide funding for the design and construction of green [infrastructure] <u>roof retrofits</u> to manage stormwater runoff in New York City.
- (b) Applicability. The Program provides funding for the design and construction of green [infrastructure practices] <u>roof retrofits</u> on real property located within

the five (5) boroughs of New York City[,] and, except as set forth in \$48-04(b)[, below] of these rules, real property that is privately owned.

#### §48-02 Definitions.

"Applicant" means the person or entity completing, preparing and/ or submitting the Program application, in some cases on behalf of the potential Grantee.

"City" means the City of New York.

"Conditional acceptance" or "conditionally accepted" refers to a Grant application that has been reviewed by the Department and accepted subject to satisfaction of additional specific requirements, and for which there has not yet been a binding commitment to award a Grant because there remain pre-conditions to be satisfied by the Applicant and/or the prospective Grantee.

"Department" means the Department of Environmental Protection, the City agency responsible for administering the Green Infrastructure Grant Program.

"Funding Agreement" means the primary contract between the City and the Grantee with respect to the Program funding.

"Green [Infrastructure Practice] <u>Roof</u>" means a [stormwater management installation that is] <u>vegetated system installed</u> <u>on an above grade roof which is</u> designed and constructed by the Grantee to manage stormwater runoff [from the immediate impervious tributary drainage area during a rain event. This term typically refers, but is not necessarily limited, to the following: rain gardens or other bioinfiltration systems, porous paving materials, green roofs, and various subsurface retention systems] in accordance with the Program Guide.

"Private property" means real property not owned by the City [or another public entity] and located within the limits of the five (5) boroughs of the City of New York.

"Program" means the Department's Green Infrastructure Grant Program that facilitates [the installation of Green Infrastructure Practices] green roof retrofits on private property.

"Program Guide" means the step-by-step instruction manual for prospective Grantees that describes the Project development process to be followed from conditional acceptance of the application until execution of the Funding Agreement, and how the Department will provide the funding to the Grantee for the construction of the Project. The Program Guide will be incorporated by reference into the Funding Agreement.

"Project" means the Green [Infrastructure Practice's] <u>Roof(s)</u> to be installed on the Grantee's property with funding provided by a Grant awarded by the Department.

§48-05 Project Feasibility Requirements [for Infiltration Projects and Rooftop Projects].

(a) <u>The building for which the proposed Project will be</u> <u>implemented must be fully constructed and in a condition to</u> <u>accept the Retrofit at the time of application.</u>

- [(a)] (b) The proposed Project must manage [at least one (1) inch of] stormwater runoff from the surrounding impervious tributary drainage area[, unless the Department determines that a particular Project has sufficient benefits to warrant allowing a lesser volume in a given case] and be designed in accordance with the <u>Program Guide</u>.
- (c) [When an application for an infiltration Project is conditionally accepted, the Applicant will be required to submit the results of a geotechnical investigation, conducted in accordance with procedures set forth by the Department in the Program Guide, which confirm that the underlying soils are suitable for the Project.]
- [(c) Proposed rooftop] Projects must be determined to be feasible by a structural analysis that has been performed by a professional structural engineer licensed by the State of New York and that concludes that the loading capacity of the roof is sufficient to support the proposed Project.

To request a paper copy of the application, one can mail a request to Green Infrastructure Grant Program, [Office of Green Infrastructure] <u>Bureau of Environmental Planning & Analysis</u> at 59-17 Junction Blvd, 11<sup>th</sup> Floor, Flushing, NY 11373, and completed paper applications may be submitted to the same address.
- (b) Only one (1) tax lot may be included in an application to fund a proposed Project, unless the potential Grantee owns adjacent lots and the proposed Project would manage stormwater runoff from all of the commonly owned adjacent tax lots. In this case, one (1) application may be submitted for a Project to be constructed on the adjacent lots in common ownership.
- (c) The Applicant must provide all information requested on the application form, including detailed information regarding Project scope, drawings, schematics, maps and plans. Proof of property ownership must be included.

  - 4. [The type of Project proposed;]
  - [5.] A description of how the proposed Project will function;
  - 5. A structural analysis that has been performed by a professional structural engineer licensed by the State of New York that concludes that the loading capacity of the roof is sufficient to support the proposed Project;
  - 6. The professional qualifications of those designing and implementing the Project;
  - 7. The proposed budget for the proposed Project;
  - 8. Calculations of the stormwater projected to be managed by the proposed Project, derived using the calculator provided by the Department with the application;
  - 9. The construction timeline for the proposed Project;
  - 10. Information including the Project's location within the property, footprint dimensions, stormwater flow directions, and proposed materials;

- 11. A record of the connection of the building or site to the sewer, if available[, or the application or proposal for site connection for new construction]; and
- 12. A proposed maintenance plan that details maintenance tasks and activities for the useful life of the [project] <u>Project</u>, and a statement of how the Grantee would pay for these activities (note that maintenance costs are not eligible for Grant funding).

(e) Relevant additional information should be included if applicable, such as:

- 1. At least two photos showing the existing conditions of the proposed Project area within the property as of the date of the application submission;
- 2. Identification of any "co-benefits" in addition to reduced stormwater runoff;
- 3. Identification of any local institutions or community groups that will be involved in the design, construction or stewardship of the proposed Project; and
- 4. The proposed monitoring plan, if any.
- §48-07 Selection of Projects and Appeals.
  - (a) The Department will conditionally accept applications, in its discretion, based upon the criteria set forth in this section, after a complete application has been submitted, reviewed, and determined to meet the eligibility requirements as set forth in these Rules.
  - (b) Applications will be evaluated based upon the following criteria:
    - 1. Cost/benefit ratio. The stormwater management benefits of the Project should be cost-effective in comparison to the Project costs.
    - 2. Constructability. An evaluation of the constructability of the proposed Project will be based on information submitted.
    - 3. Other factors. Such other factors as the quality of the application materials, a short construction timeline, the availability of matching funds or inkind contributions, the involvement of community partners or organizations, public visibility or accessibility, the inclusion of a robust scientific monitoring plan, the ability of the proposed Project to be replicable on a wide scale, and/or the inclusion of any training or workforce development opportunities as part of a proposed Project may be considered by the Department when evaluating the Project proposal.
  - (c) Prospective Grantees will be required to submit a Doing Business Data Form to the Mayor's Office of Contracts.
  - (d) If an application is conditionally accepted, the Applicant will be notified by letter, with a copy of the Program Guide. Such Guide will also be available on the Department's website, at http://www.nyc.gov/dep/ grantprogram. The prospective Grantee must complete an Acceptance Form and return it to the Department within two (2) weeks after receipt of the acceptance letter, confirming that the prospective Grantee is prepared to execute the Funding Agreement and if appropriate, a restrictive covenant or security agreement, upon final acceptance of the Project design and is able to design and construct the Project within one (1) year of conditional acceptance. Unsuccessful Applicants will be sent a letter advising what needs to be done for a resubmitted application to be conditionally accepted, or, if it does not appear that the application will be accepted, advising of the reasons for denial.
  - (e) If an application is denied in whole or in part, an appeal may be submitted as set forth in this paragraph. Such appeal may be made by the property owner sending a letter to the New York City Department of Environmental Protection, Attn: Commissioner, 59-17 Junction Boulevard, Flushing, NY 11373, c/o Bureau of Legal Affairs, within thirty (30) days after the date of the denial letter issued by the Department. Failure to submit an appeal within thirty (30) days will finalize the Department's denial. Upon receipt of a timely letter of appeal, the Commissioner will appoint an appeal officer within the Department to review. Such appeal officer will make a report on the appeal to the Commissioner. The Commissioner or his or her designee must issue a final order within sixty (60) days after receiving the report. A

copy of the final order will be sent to the appellant within ten (10) days after the date the Commissioner or his or her designee issues it.

#### §48-08 Funding.

- (a) Funding is provided to Grantees, or an approved assignee, on a reimbursement basis upon receipt of invoices for eligible costs previously paid. Monthly invoices may be submitted to the Department after:
  - 1. Final designs have been accepted by the Department;
  - 2. The Funding Agreement has been registered pursuant to Section 328 of the City Charter; and
  - 3. A notice to proceed with the Project has been issued to the Grantee by the Department.
- (b) The following items are not eligible expenses and cannot be covered by the Grant:
  - 1. Non-third party personnel costs or salaries of Grantee employees
  - 2. Operating costs
  - 3. Maintenance activities
  - 4. Legal expenses
- (c) The Department will disburse Grant funding in accordance with the instructions and requirements of the Department's Agency Chief Contracting Officer and the City's Office of Management and Budget.

- (c) Grantees must provide proof of the required insurance as set forth in the Funding Agreement.
- (d) After a final design has been accepted by the Department, a notice to proceed will be issued to the Grantee.
- (e) Failure to render satisfactory progress or to complete the Project to the satisfaction of the Department may be deemed an abandonment of the Project and, under the terms of the Funding Agreement, may result in the termination of further Grant funding and recoupment of funds already disbursed. Satisfactory progress includes, without limitation, executing required Funding Agreement [or] completing design milestones, or submitting required paperwork in accordance with the deadlines set forth in the Program Guide.
- (f) [Infiltration Projects must be designed and/or installed by a New York State-licensed professional. Where necessary, all final contract plans must be signed and stamped by a professional engineer, registered architect, or registered landscape architect.]
- [(f)] Projects must comply with all local, state and federal laws and regulations.

Grant funds must not be used for political advocacy, boycotts, advertising, or litigation expenses. In addition, funds must not be used for legally mandated actions under local, state or federal law and/or associated with administrative permit conditions or terms of settlement agreements.

- (g) Grantees must submit regular construction status reports once construction commences, until final acceptance by the Department. Once construction of the Project is completed, Grantees are required to submit regular maintenance summaries for three (3) years.

#### STATEMENT OF BASIS AND PURPOSE OF RULE

The TLC is proposing rules that would amend or add sections to the existing rules governing Medallion Broker Licenses and Taxicab Agent Licenses.

#### Broker License Rule Amendments

In April 1984, the City Council of the City of New York enacted Local Law No. 18 which added what is now section 19-527 of the Administrative Code of the City of New York. That section, in of the Administrative Code of the City of New York. That section, in substance, (1) defines "Taxicab Broker" as one "who, for another... acts as an agent or intermediary in negotiating the purchase or sale of a taxicab" (Administrative Code §19-527[a]); (2) provides for the licensing of such brokers, the payment of an annual license fee of \$500, the posting of a \$50,000 bond for nonpayment of fines imposed by the Taxi and Limousine Commission ("TLC") or judgements "by reason of any misrepresentations, fraud or deceit, or any unlawful act or omission of such licensee, his or her agents or employees" (Administrative Code \$19-527[b] [c] [c]); and (3) granted TLC the power to impose a fine §19-527[b], [c], [e]); and (3) granted TLC the power to impose a fine of up to \$10,000, suspend or revoke a license for making a material misstatement or misrepresentation on a Taxicab Broker license application, committing a fraudulent, deceitful or unlawful act while acting as a Taxicab Broker, or violating any TLC rule (Administrative Code §19-527[f]).

TLC's rules implementing this local law, located at chapter 62 of Title 35 of the Rules of the City of New York, establish: (a) procedures for the licensing and supervision of an individual or business entity acting as a Taxicab Broker; (b) the qualifications, requirements, prohibitions, and procedures for getting and maintaining a Taxicab Broker's License; (c) rules of operation to protect Taxicab Brokers' customers and the public; and (d) penalties for violations.

In response to allegations of Broker misconduct, on May 20, 2019, Mayor de Blasio ordered a joint investigation by the TLC, Department of Finance and Department of Consumer and Worker Protection into Taxicab Brokers practices. The 45-day review was charged with identifying and penalizing Taxicab Brokers who violated existing TLC regulations and developing regulatory changes to address issues uncovered and unaddressed by the existing regulatory framework.

The report<sup>1</sup> detailing the findings of the joint investigation, includes a summary of identified TLC rule violations, which were forwarded to TLC's Prosecution Division for enforcement and are currently the subject of ongoing administrative enforcement proceedings<sup>2</sup>, as well as a number of recommended changes to TLC rules in order to ensure that Taxicab Brokers are held to a higher standard going forward.

Specifically, the proposed changes:

- Revise penalties for violation of the TLC Broker rules to reflect the seriousness of the prohibited conduct;
- Extend the TLC-required record retention period for Taxicab Brokers from three years to ten years; Provide restitution to Brokers' clients, as appropriate, for
- TLC rule violations; Clarify that TLC rules apply to all services offered by Brokers, including but not limited to medallion transfers, broker-facilitated financing or refinancing, and insurance;
- Strengthen Brokers' obligations to disclose interests in TLCissued taxicab licenses and related taxicab business services provided to their clients, through annual disclosure to TLC of Brokers' interests;
- Expand the required disclosure of interests to include any interests held by spouses, children and other relatives of the Broker:
- Require disclosure of actual conflicts in any transaction to be
- completed on a form provided by TLC; Require written agreements between Brokers and their clients specifying all fees and costs charged by the Broker, informing clients of the Broker's duty to act in their interest, disclose any facts the Broker knows that impact the value of a medallion as well as all offers to purchase, and disclose any
- fees paid to the Broker by a third party; Require that Brokers submit to TLC completed broker agreements including all agreement attachments required by TLC rules and copies of closing statements completed on TLC-provided forms;
- Require that Brokers complete for their clients, and submit within 30 days to TLC, a plain language explanation of material loan terms for any financing or refinancing facilitated by Brokers.

These steps will provide meaningful transparency improvements in the medallion purchasing process. However, they do not address bank or credit union lending practices s, which play a key role in the medallion market, but are regulated at the state and federal level. To provide medallion purchasers with greater protection and transparency,

continuing review of the adequacy of state and federal regulations and the sufficiency of their enforcement will be necessary.

#### Agent License Rule Amendments

Outreach to owners as part of the Broker investigation revealed the need for additional regulations applicable to leases between businesses licensed as Taxicab Agents<sup>3</sup> and passive medallion owners. This includes consistent and enforceable contracts as well as mandatory contract provisions informing passive medallion owners of their rights when working with a Taxicab Agent. Additionally, numerous owners reported that agents they worked with failed to make timely medallion lease payments, and agreements they entered into allowed the Agent to reduce the medallion lease payment without the owner's consent while also prohibiting owners from cancelling their lease agreements in such cases without significant penalties. Finally passive owners also expressed uncertainty about Agents' obligation under TLC rules to pay applicable taxes and fees for medallions they manage. The proposed rules address these issues and others by requiring that

- Written medallion leases must specify lease amounts and frequency of lease payments, all costs and fees that the Agent may charge the owner, and Agent's obligation to pay fees or taxes as required by TLC rules or the medallion lease agreement for all such fees or taxes incurred during the Agent's management of the owner's medallion.
- Written leases must include a provision allowing medallion owners to cancel the medallion lease agreement without penalty or cost if the Agent notifies the Owner of its intention to lower the medallion lease amount.
- Annual accountings to be prepared by Agents for medallion owners itemizing all taxes, fees, insurance and other costs paid by the Agent on behalf of the Medallion Owner.
- Agents provide restitution for any overcharges underpayments, or missed payments and will face a penalty for failure to pay fees or taxes the Agent was required by TLC rules or the medallion lease agreement to pay.

#### Enforcement of New Regulations

The investigation into Broker practices revealed the need for greater oversight into the business practices of Brokers Agents and other TLC-regulated businesses. To ensure that TLClicensed businesses comply with TLC regulations, including the proposed regulations described above, TLC announced the formation of a Businesses Practices Accountability Unit (BPAU), which will be charged with ongoing monitoring of TLC-licensed businesses, detailed review of TLC-required annual disclosures as well as broker agreements and Broker-provided closing and loan disclosure statements for accuracy and completeness, and investigation of complaints lodged against such entities. TLC is currently staffing this new unit and anticipates BPAU will begin its work by the end of calendar year 2019.

#### Additional Non-Regulatory Work

The investigation into Broker practices also revealed that for current drivers who own their medallions, the largest single issue they face is unaffordable debt. The average median debt owed by surveyed drivers who own their medallions is approximately \$500,000, well above the prices medallions regularly sell for today on the secondary market. Because of loan refinancing, drivers who purchased their medallions years ago at lower prices also often carry significant debt. Fifty-one-percent of surveyed drivers who own their medallions stated they struggle to pay their monthly bills and 26% stated they are considering bankruptcy. However, only 15% of surveyed drivers who own their medallions indicated their lender has lowered the monthly payments or reduced the loan principal.

To address these financial challenges facing many TLC licensees, the City is preparing to open a new Driver Assistance Center to serve as a central location where licensees can make appointments and receive free services from the TLC and other agency partners. At the Center, licensees will find on-site staff offering financial counseling and debt restructuring assistance, financial advocacy for those negotiating loan refinancing, referrals to mental health services and screening for public benefits. The Center will be located at TLC's Long Island City facility and will be open to all TLC licensed drivers.

The Commission's authority for this rule is found in §2303 of the New York City Charter and §§19-503 and 19-527 of the Administrative Code of the City of New York.

#### Statement of Basis and Purpose of Proposed Rule

In order to allow greater vehicle choice for medallion owners and a broader selection of vehicles for passengers who use wheelchairs, these proposed rules would permit taxicab medallion owners who are required to, or choose to, hack-up with an accessible vehicle to use approved vehicle models in addition to the Nissan NV200 Taxi of Tomorrow. In addition, the proposed rules would permit accessible taxicabs to add an accessible taxi symbol to the roof light. The proposed rules also remove outdated material relating to the introduction of the NV200 Taxi of Tomorrow in New York City. Also, the proposed rule change would amend the technical specifications for taxicals regarding partitions in vehicles, such as the NV200 Taxi of Tomorrow, where the partition is specifically designed to not interfere with the deployment of an airbag.

TLC's authority for these rules is found in section 2303 of the New York City Charter and section 19-503 of the New York City Administrative Code.
