The President laid before the Board the following communication from William T. Walker:

Toledo, Ohio, October 9, 1880.

F. J. TWOMEY, Esq., Clerk Common Council, New York City:

DEAR SIR-I received, per American Express, this morning, the medal kindly awarded me by the Common Council of the City of New York by resolution adopted September 14, 1880, and

approved by the Mayor September 23, 1880, accompanied by a kind and patriotic letter from you, bearing date October 8. Permit me to return to the Common Council of the great City of New York, and to yourself, my sincere thanks for the honor conferred, and to assure you I accept it fully "as an evidence of the appreciation of the corporation of this (your) city of the patriotic services and sacrifices of its citizen soldier."

Very respectfully yours,

The President laid before the Board the following communication from Hill & Murray, of Niagara

NIAGARA FALLS, October 4, 1880.

FRANCIS J. TWOMEY, Esq., Clerk of Board of Supervisors of New York:

DEAR SIR—As you are probably aware, an extravagant scheme was concocted last year in the interest of, and favored by the proprietors of two or three large hotels here, aided by such extravagant men as Wm. Dorsheimer, Frederick Law Olmstead (landscape gardener), and some others who hoped to profit by the scheme as commissioners, etc., to create an extensive International Park at Niagara Falls, the cost of which would have been anywhere from \$5,000,000 to \$10,000,000.

This scheme was sugar-coated, and put before the Legislature last spring in such shape that, had it not been for our opposition and efforts to show up the job, and probable cost to the State, it would have become a law.

have become a law.

THE CITY RECORD.

have become a law.

We enclose to you herewith a document that was circulated in the Legislature last spring, showing the cost to each county in the State, assuming the total first cost to be only \$5,000,000, and not taking into account the large sum that would be necessary each year to maintain such park.

We desire, if you please, that you will place this letter and document before your Board of Supervisors, and such other prominent public men as you may think best, in order that the Assemblymen elected from your county may go to Albany this winter with such instructions from their constituents as the people may advise; for it is now a settled fact that the same scheme, in some form or another, will be brought before the Legislature again this winter; and we assume that the taxpayers of your county do not wish to be so enormously taxed for the creation and yearly maintenance of such park for Niagara Falls, and thereby establishing a precedent for the building of parks at the State expense in every town or county throughout the State.

We remain yours, very respectfully,

HILL & MURRAY.

Read the Bill carefully.

Although it is claimed by those interested in the passage of the above bill that it will entail upon Although it is claimed by those interested in the passage of the above bill that it will entail upon the people no actual expense beyond the \$10,000 appropriated for the expense of the commission, it cannot but be understood by all acquainted with the methods of legislation, that this measure, in so fur as it provides for the condemnation of private property, commits the State to the project, and that when the probable cost of the undertaking is ascertained, the Legislature will be asked to make the appropriation necessary, and it will be urged that fairness to those whose property has been condemned under this bill requires that the money should be appropriated.

DEPARTMENT OF PUBLIC WORKS, COMMISSIONER'S OFFICE, ROOM 19, CITY HALL, NEW YORK, October 6, 1880.

Hon. EDWARD COOPER, Mayor and Chairman Board of Estimate and Apportionment:

SIR—In accordance with section 112 of the Charter, and with the Circular Letter of the Comptroller, dated the 24th ult., I respectfully submit the following estimate of the amounts required to conduct the public business under the charge of this Department for the year 1881:

The examination of the interior of the aque luct, in May last, showed the urgent necessity of continuing the work of improving and strengthening the structure according to the plans adopted, until all those parts of it which are built on embankments are rendered secure. The examination also showed the efficiency and great value of the work already accomplished, in accordance with the intention expressed in last year's estimate. I therefore include in this estimate provision for about the same amount of this work as was included in the estimate and appropriation for 1880. The ordinary work of maintenance includes the care and preservation of all the property and structures connected with the reservoirs and lakes in Putnam County, the Croton lake, dam, aqueduct, city reservoirs and high-service works, and the running of the pumping machinery for the high service. The expense for next year is increased by the necessity of providing a new boiler for the pumping machinery at High Bridge; by the running of the new high-service works at Ninth avenue and Ninety-eighth street, and by the rise in the price of coal (about \$1.50 per ton) and other necessary supplies.

the coming year.

For Flagging Sidewalks and Fencing Vacant Lots in Front of City Property...... \$1,500 00 The repairs of sidewalks and fences in front of grounds and buildings owned by the city will

For Laying Croton Pipes.

Salaries to be paid out of this amount, including all persons except laborers receiving less than two dollars per day. The expenditure for laying Croton pipes is limited to the above amount by law, chapter 381, Laws of 1879, though with the present increase in population and erection of new buildings it is hardly sufficient to supply the demand for the extension of the water service. A number of resolutions already passed by the Common Council, calling for additional pipes, have to remain unexecuted until next year for want of funds.

This estimate includes, in addition to the usual repairs of public buildings, armories, etc., an allowance of \$18,000, for the necessary work, alterations and fittings to prepare the upper part of the Essex Market building for an armory for the Fifth Regiment of the National Guard. Considerable ESSEX MARKET DURING FOR an armory for the Fifth Regiment of the National Guard. Considerable work will also be required in several other armories, and rooms now occupied by this department for the use of the Marine Court, and the building No. 31 Chambers street, for this department. The estimate also includes \$6,000 for a passenger elevator for the brown stone Court-house. The necessity of this convenience for the large number of people who have to transact business in that building has been urged on me by one of the Grand Juries and by Judges of the Court, and I recommend that provision be made for it.

provision be made for it. For Public Drinking-hydrants. \$6,000 00

There are now 355 public drinking-hydrants in use in this city, the care and repairs of which require considerable outlay, and constant demands are made for the erection of new ones.

These hydrants supply a great public need, for which adequate provision should always be

for the necessary cost of inspection and superintendence by skilled persons.

The inspection of water-pipes in houses must also be continued, though to a lesser extent.

less than two dollars per day.....

44,000 00

The pavements to be kept in repair out of this appropriation are—5,000,000 square yards granite and trap blocks;
1,800,000 square yards cobble;
—and about 50,000 square yards of concrete and wood pavement, partly patched with stone blocks. From this area is to be deducted such amount of repaving as your Board may provide for, the cost of repaving being estimated at an average of \$1.75 per square yard.

As stated in my last quarterly report, the older block pavements were generally badly laid, with stones of imperfect size and shape and on defective foundations, and whole blocks of these pavements are in such condition that complete relaying from curb to curb appears to be the most economical and effective method of repairs. The demand for the ordinary repairs of sunken and dangerous spots in all parts of the city is so great, however, that with the usual annual appropriation of \$150,000 very little such relaying could be done. It is with the object of increasing this most necessary and useful work of relaying and permanently improving entire blocks of imperfect Belgian pavements, that I ask your Board to appropriate the above amount. Out or this appropriation must also be paid any expense to be incurred for such regrading of streets and avenues as may become necessary, and for which no assessment can be laid. for which no assessment can be laid.

The amount of salaries and compensation for the unexpired portion of this year is, of course, only estimated, but care has been taken to keep the estimate within the probable amount that it will be necessary to expend for that purpose.

I append a comparative statement of the appropriations for 1880, and the foregoing estimate for 1881, from which it will be seen that the proposed increase falls principally, or almost exclusively, upon additional work and improvements which are deemed necessary, and of which I will here Repaying Streets—Increase. \$192,000 00

N. B.—As the above mentioned quantities, though stated with as much accuracy as is possible, in advance, are approximate only, bidders are required to submit their proposals upon the following express conditions, which shall apply to and become part of every proposal

(1.) Bidders must satisfy themselves, by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing estimate, and shall not at any time after the submission of a proposal, dispute or complain of such statement nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

ing in regard to the nature or amount of the work to be done.

(2.) Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation beyond the amount payable for the work before mentioned which shall be actually performed, at the price therefor to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under this contract is to be commenced within five days after the date of execution of the agreement, and all the work to be done under the contract is to be fully completed on or before the 13th day of April, 1881, or within as many days thereafter as the premises may have been occupied, after the date of the execution of the agreement, by the Department of Docks in dredging for the pier, after the toth December, 1880, by the lessees of the inner end of the pier; and the damages to be paid by the contractor for each day that the contract or any part thereof may be unfulfilled after the time fixed for fulfillment has expired, Sundays and holidays not to be excepted, are, by a clause in the contract, fixed and liquidated at fifty dollars per day.

All the old material taken from said Pier at the foot of Leroy street, North river, and the shed thereon, to be removed under this contract, will be relinquished to the contractor, and bidders must estimate the value of such material when considering the price for which they will do the work under the contract.

Bidders will state in their estimates the price for the whole of the work to be done, in contormity with the approved form of contract and specifications therein set forth, by which the bids will be tested. This price is to cover the expenses of furnishing all the necessary materials and labor, and the performance of all the work set forth in the annexed agreement.

Bidders will write out the amount of their estimate for doing this work, in addition to inser

Bidders will write out the amount of their estimate for doing this work, in addition to inserting the same in figures.

Should the lowest bidder or bidders neglect or refuse to accept to contract within forty-eight [48] hours after written notice that the same has been awarded to his or their bid or estimate, or if, atter acceptance, he or they should refuse or neglect to execute the contract and give the proper security for forty-eight hours after notice that the same is ready for execution, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be re-advertised and re-let, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also that no member of the Compon Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one berson is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or restdence, to the effect that if the contract be awarded to the contract between the world on its contract. Writing, of two housenoiders of recenoiders or the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance: and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation any difference between the sum to which said person or persons would be entitled on its completion, and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested; the consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a househol-ter or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and were and above his liabilities as bail, surety, and otherwise; and that he has offered himself as surety in good faith, and with the intention to execute the bond required by section 6 of chapter 574, of the Laws of 1871, and by section 27 of chapter VIII. of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York, after the award is made and prior to the signing of the cuntract.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corpor

The right to decline all the estimates is reserved, if deemed for the interest of the Corporation.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

CHAPTER 195.

AN ACT in relation to the payment of assessments for local improvements in the City of New York.

Passed May 7, 1880; three-fifths being present.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. At any time before the first day of September, eighteen hundred and eighty, any person liable therefor may pay, to the officer authorized to receive the same, the amount of any assessment for any local improvement in the City of New York, heretofore confirmed and now unpaid, with interest thereon at the rate of seven perentum per annum from the date of confirmation to the date of payment and at any time on or after said first day of September, and before the first day of December, eighteen hundred and eighty, any such assessment may be paid as aforesaid, with interest at the rate of nine per centum per annum from the date of confirmation to the date of payment.

centum per annum from the date of confirmation to the date of payment.

Sec. 2. Where any installment or installments of any assessments have been paid under the provisions of chapter one hundred and there of the laws of eighteen hundred and seventy-six, or of chapter one hundred and fifty-nine of the laws of eighteen hundred and seventy-seven, or of chapter two hundred and fifty-five of the laws of eighteen hundred and seventy-eight, the amount of such assessment or assessments remaining unpaid may be paid within the same periods prescribed in the first section of this act and upon the same terms and conditions therein prescribed.

Sec. 3. Upon such payment in full, as hereinbefore

scribed.

Sec. 3. Upon such payment in full, as hereinbefore provided, such assessment or assessments shall cease to be a lien upon the property, and shall be deemed fully paid, satisfied and discharged; and there shall be no further interest or penalty by reason of such assessment or assessments not having been paid within the time heretofore required by law, or by reason of any statute heretofore requiring the payment of any penalty or interest over the rate hereinbefore provided for upon any unpaid assessment.

Sec. 4. No provision of this act hereinbefore contained shall be construed as applicable to or affecting any assessment for the collection of which assessment the property has been sold.

Sec. 5. This act shall take effect immediately.

ARREARS OF TAXES.

NOTICE TO TAXPAYERS.

THE COMPTROLLER OF THE CITY OF NEW York hereby gives notice to owners of Real Estate in said city, that, as provided by chapter 123 of the Laws of 1880, they may now pay any arrears of taxes and Croton water rents levied prior to the year 1877, with interest thereon at the rate of seven per cent. per annum. If, however, such taxes and Croton water rents are not paid before the first day of October next, the property on which they are due will be sold for taxes immediately thereafter, with the addition of accrued interest thereon at the rate of 12 per cent. per annum from the respective dates on which they were levied.

Lists for such tax sale are now being prepared by the Clerk of Arrears.

Lists for such tax sale are now being prepared by the Clerk of Arrears.

The time of payment of taxes for the years 1877, 1878, and 1879, with interest thereon at the rate of seven per cent. per annum, is extended to the first day of April, 1881 and if not paid before that date, interest will be payable at the rate of twelve per cent. per annum.

The Act, chapter 123, Laws of 1880, containing these provisions of law, is published below.

JOHN KELLY,

Comptroller.
