### GENERAL CHARGES TO SECTION.

2496

A temporary approach was built at the inner end of Pier, old 36, North river, on the north side, to give access to the outer end of the pier, outside of a line about 50 feet westerly of the established builkhead line.

bulkhead line. The inner about 125 feet in length of Pier, old 36. North river, with the shed thereon, extend-ing easterly from a line about 50 feet westerly of the established bulkhead line, were removed to make room for the wall construction.

Beach Street Section-Resolution of the Board, July 16, 1879.

BULKHEAD WALL.

Stone Filling-279 cubic yards of small cobles, and 268 cubic yards of rip-rap stone were delivered and placed on the wall foundation, under Treasurer's Orders therefor. Masonry-14 pieces of coping stone were prepared by dressing their beds, and were set between Piers, new 26 and new 27, North river, on this section.

Laught Street Section-Resolution of the Board, July 30, and November 3, 1880

### BULKHEAD WALL.

Masonry-5 pieces of coping stone were prepared by dressing their beds and were set between Pier, new 26 and new 27, North river, on this section, completing the coping for the full width of the slip between Piers, new 26 and new 27, North river.

GENERAL CHARGES TO SECTION.

The old platform forming a temporary approach to Pier, new 27, North river, was taken up and the material was removed from the premises. 9,714 loads of earth filing were received by tickets and were placed in rear of the bulkhead wall at the south end of the section.

### Spring Street Section. FIER, NEW 35, NORTH RIVER.

The shed upon this pier was finished by the lessees on April 14, 1888.

Charlton Street Section.

The work of building a new pier was finished on February 15, 1888, by the Pacific Improve-ment Company, contractors, and the erection of a shed on the new pier was begun by the lessee, on March 22, 1888, and is now in progress.

Leroy Street Section.

BULKHEAD BETWEEN PIERS, NEW 40 AND NEW 42, NORTH RIVER. A shed is in process of construction by the lessers, on the bulkhead extending from the centre of the bulkhead between Piers, new 40 and new 41, northerly to the centre of the bulkhead between Piers, new 41 and new 42. North river.

Silt Basins, Spring to West Eleventh street, N. R .- Resolution of the Board June 2, 1886.

The silt-basins on the new filled land were cleaned out at various times during the quarter. West Twenty-third Street Section-South End-Resolution of the Board, November 5, 1880.

PIER, NEW 56 NORTH RIVER-TEMPORARY APPROACH.

The sheathing was patched with new 4-inch spruce plank.

West Twenty-third Street Section-North End-Resolution of the Board, June 28, 1882. BULKHEAD WALL.

Stone Filling-32S cubic yards of rip-rap stone were delivered and placed in front of the wall under a Treasurer's Order therefor.

PIER, NEW 60, NORTH RIVER-TEMPORARY APPROACH.

Holes in the approach were repaired, and beginning on April 13, the old plank approach was taken up, raised with earth filling and relaid with new 4-inch spruce plank.

West Thurty-first Street Section-Kerolution of the Board, August 8 and September 19, 1883.

FIEL Purey-price Strees School—Activation of the Board, Anglui o and September 19, 1883. FIEL, NEW 61, NORTH RIVES. Under Secretary's Order No. 6965. The shed on the pier was completed by the lesses on April 21, 1888, and humper frames were built by the lesses at the outer end of the pier under Secretary's Order No. 6891. The railroad tracks leading to an extending out upon the pier, begun by the lesses under Secretary's Order No. 7228 on November 26, 1887, were nearly completed during the quarter and are now in use.

### FILLING IN REAR OF WALL.

1,229 loads of earth filling were received on tickets and 624 loads were received free from the Street Cleaning Department, and all were placed in rear of the bulkhead wall, upon land under water belonging to the City. In addition to the above, the owners of the land under water in rear thereof deposited a large amount of filling during the quarter, under permit of the Board.

West Thirty-second Street Section-Resolution of the Board, October 22, 1885.

BULKHEAD WALL

Dredging-18.602 cubic vards of mud were excavated and removed from the site of the wall,

Dreaging—16,032 cans yarus of mut were exclusive and removed from the set of the muter inder transmission of the set of t

NEW PIER AT FOOT OF WEST THIRTY-SECOND STREET, NORTH RIVER. Contract No. 256.

The building of a new pier, 500 feet long and 100 feet wide, to be known as Pier, new 26, North river, was begun by John Gillies, contractor, on November 17, 1887, and is in progress.

Secretary's Order No. 7174. A shed is being crected upon the pier by the lessees. Begun April 26, 1888.

GENERAL CHARGES TO SECTION.

About 120 feet in length of the outer end of the old Pier at the foot of West Thirty-second street were removed to make room for earth filling at this point. 7,780 loads of earth filling were received on tackets, and 3,582 loads of filling were received free from the Department of Street Cleaning, and all were deposited in rear of the wall.

NEW PIER AT FOOT OF WEST THIRTY-SEVENTH STREET, NORTH RIVER.

Contract No. 252. The new pier, 500 feet long and 60 feet wide, begun by John Gillies, contractor, was finished on March 3, 1888.

TEMPORARY APPROACH TO NEW FIER AT FOOT OF WEST THIRTY-SEVENTH STREET, NORTH RIVER.

Unanimous Resolution of the Board, June 25, 1887.

The approach connecting the inner end of the new pier with the old bulkhead a distance of about 270 feet, begun by the force of the Department on September 1, 1887, was virtually completed on March 2, 1888.

NEW PIER AND AFPROACH AT THE FOOT OF WEST THIRTY-EIGHTH STREET, NORTH RIVER. Contract No. 264.

The work of building the outer about 400 feet in length of the pier, begun by Richard Cronin, contractor, on February 6, 1887, has been in progress during the quarter.

DREDGING.

been maintained in good order. EAST SEVENTEENTH STREET YARD, EAST RIVER. Granite has been prepared for setting and for delivery for different sections of the work. The Yard has been maintained in good order. The floating property of the Department is as follows: too.ton derrick. "City of New York." To ton derrick. Tag " Manhattan." 2 dredges, Nos. 3 and 4. to pile-drivers, Nos. 1, 2, 3, 5, 6, 7, 8, 9, 10 and 11. 9 deck scows, "B," "C," "D," "E," "F," "H," "I," "Jim," and "Willie." Boring machine "Woodcock." Divers' scow "G." Small divers' scow. To yawls, 3 skifts and 3 sounding boats. 100 ton derrick. "City of New York."—The derrick placed Pile-driver No. 7 in the water ; lifted Pile-driver No. 3 out of the water for repairs, and placed it in the water after the repairs were completed ; placed Pile-driver No. 9 on scow "E," for repairs, and shifted several pairs of pile-11,506 cubic yards of mud were excavated and removed from the half slips on either side of the pier under Treasurer's Orders therefor. PROPOSED NEW PIER AT FOOT OF WEST FORTY-SEVENTH STREET, NORTH RIVER

15 rod borings were taken with the boring-machine. Begun March 19 and finished March 27,

1888 West Fifty second Street Section-South End-Unanimous Resolution of the Board October 6, 1887. BULKHEAD WALL.

Dredging--2,714 cubic yards of mud were excavated and removed from the site of the wall under Treasurer's Orders therefor.

GENERAL CHARGES TO SECTION.

The inner end of the old pier at the foot of West Fifty-first street was removed by the force of the Department to make room for the wall.

NEW PIER AT FOOT OF WEST FIFTY-FIRST STREET, NORTH RIVER. Contract No. 272.

The outer end of the old pier was removed by Richard Cronin, contractor.

BORINGS.

Under Unanimous Resolution of Board, April 9, 1888.

Nine borings were made with the boring machine to determine length of piles for the new pier.

DREDGING.

22,285 cubic yards of mud were excavated and removed from the site of the new pier and from the slips on either side, under Treasurer's Orders therefor.

West Fifty-seventh Street, North River.

YELLOW PINE TIMBER.

Contract No. 259.

Vellow pine timber has been received from Dexter Hunter, contractor, during the quarter, and has been inspected, stored and cared for by the force of the Department.

Proposed new Crib-bulkhead from West Seventy-fifth Street to West Seventy-seventh Street, N.R. Secretary's Order No. 7430.

41 test piles were driven to determine the nature of the river bottom.

Crib-Julkhead West Seventy-seventh to West Seventy-eighth Street, N. R .- Secretary's Order No. 7167.

4,066 wagon loads and 1,332 cart loads of earth and small stone were received from Thomas Smith & Co. and deposited as filling in rear of the cribwork. Secretary's Order No. 7357-3,104 cart loads of drit were received from the Department of Street Cleaning and deposited as filling in rear of the cribwork.

New made land at West Ninety-sixth street, North River-Resolution of the Board, April 5, 1888.

120 wagon loads and 362 cart loads of earth and small stone were received from Thomas Smith & Company and deposited in rear of the old cribwork.

New bulkhead at West One Hundred and Fifty-eighth street, North River .- Contract No. 260.

The work of building a new crib-bulkhead at these premises has been continued during the quarter by D. A. Gillies, contractor.

Pier, new 29, East River-Contract No. 261.

Ther, new 29, East River—Contract No. 261. The work of building a new pier and approach at the foot of Market street, East river, on the site of pier, old 37, East river, to be known as Pier, new 29, East river, has been continued during the quarter by P. Sanford Ross, contractor. Test Piles—Fourteen test piles were driven by the force of the Department to determine the nature of the river bottom. Dredging—13,360 cubic yards of mud and 4,894 cubic yards of cribwork were excavated and removed from the site of the new pier, and from the half slips on either side, under Treasurer's Orders therefor.

Pier, new 32, East River-Under unanimous Resolution of Board, December 1, 1886.

The river bottom on each side of the pier was examined by the divers and obstructions were

Pier 60, East River-Contract No. 271.

The work of removing old Pier 60, of building a new pier on its site, and of repairing the crib-bulkhead thereat, at the foot of Rivington street, East river, was begun March 19, 1888, by D. A. Gillies, contractor, and is now in progress.

Dumping Pier at East Forty-sixth street, East River-Contract No. 271.

The work of removing the old structures at the foot of East Forty-sixth street, East river, of building a new high level damping pier and of repairing the bulkhead at the foot of said street, was begun on March 26, 1888, by Messrs. O'Connell & Coffey, contractors, and is now in progress.

Small Landing Pier at East Fifty-first street, East River-Secretary's Order No. 7636.

A small landing pier 30 feet long and 12 feet wide, with an approach, for the use of the Department of Public Charities and Correction, was begun April 17, 1888, and is in progress.

New Crib-bulkhead East One Hundred and Fourteenth street to East One Hundred and Fifteenth street, Hartem River-Contract No. 258.

The work of building a new crite-builkhead from the centre line of the block between East One Hundred and Fourteenth street and East One Hundred and Fifteenth street and the northerly line of East One Hundred and Fifteenth street, begun on December 13, 1887, by John Gillies, con-tractor, was finished on April 20, 1888.

New Pier and crib-bulkhead at East One Hundred and Seventeenth street, Harlem River.

Contract No. 262.

The work of building a new crib-bulkhead across the foot of East One Hundred and venteenth street, Harlem river, and of building a new pier 137 feet long and 50 feet wide in front the same, was carried on during the quarter by J. W. Flaherty, contractor.

Unanimous Resolution of the Board, January 13, 1888.

The work of extending the new pier under construction, under Contract No. 262, about 39 feet out to the established pier-head line of 1887, was begun by J. W. Flaherty, under Treasurer's Order No. 12846, on April 14, 1888, and is now in progress.

509 cubic yards of cribwork were excavated and Twenty-fifth Street, Harlen River-Secre-tary's Order No. 7409. 509 cubic yards of cribwork were excavated and removed, under Treasurer's Order, from the outer end of the old pier at the foot of East One Hundred and Twenty-fifth Street, Harlen river, to make way for examinations for proposed wall, and some of the old timber work of the pier was removed by the force of the Department. Crib-bulkhead between One Hundred and Fifty-ninth and One Hundred and Sixty-first Streets,

Harlen River-Secretary' Order No. 7450. The work of dredging for and building a crib-bulkhead on piles, by the Manhattan Elevated Railroad Company, on the established lines of 1887, was begun March 29, 1888, and is now in

Department Yards. WEST FIFTY-SEVENTH STREET, NORTH RIVER.

The Blacksmith has done ironwork as required for the different sections, for floating property and for the work of general repairs. 1,050 barrels of Portland cement were received under Treas-urer's Orders and were stored for Department use. 21 concrete foundation blocks, containing about 632 cubic yards were made. Tests were made of samples of the following brands of Portland cement and the results recorded : Secretary's Order No. 7441---- Superior.'' Secretary's Order No. 7460----'' Superior.'' The roots of the buildings were painted under Secretary's Order No. 7379, and the yard has been maintained in good order.

### THE CITY RECORD.

driving ways, as required ; loaded 5 concrete base blocks, and set them in the bulkhead wall at Franklin Street Section. The crew and the force of floating property at work repairing tower legs, house, deck, engines, machinery, blocks, rigging, etc.; resheathing and shingling house, and painting ; the valves were packed, the boiler and machinery were cleaned, bilges were pumped, and beam-bolts were

acked, the boiler and machinery were cleaned, bugst boiler, under Treasurer's Order No. screwed up. The Pioneer Iron Works repaired and put in 6 new tubes in boiler, under Treasurer's Order No.

12783. To-ton Derrick—This derrick has been at work at East Seventeenth Street Yard, on masonry at Beach and Laight Street Sections, and in raising and pumping out sunken Pile-driver No. 9, at West Fifty-seventh Street Yard. The force of floating property repaired the machinery, cleaned boiler and engines and made

The force of floating property repaired the machinery, cleaned boiler and engines and made rope fenders. Tug "Manhattan "—The tug has done all the towing required by the Department, except when it was laid up for repairs as detailed below, when the towing needed was done by the tugs of Victor Vierow, hired under Treasurer's Order No. 12829. On February 28, at 11 A. M., one blade of the propeller was broken off and the tug was put on dry dock at Court street, South Brooklyn, where the wheel was balanced by the Pioneer Iron Works, under Treasurer's Order No. 12829, and it was taken from the dock and returned to West Fifty-seventh Street Yard on March to at 5,30 P. M. On April 4, at 5,30 P. M., the tug was laid up at Burtiss' dry dock, foot of Elizabeth street South Brooklyn, and the Pioneer Iron Works put on a new propeller wheel of 9 feet 6 inches in diameter and 15 feet 9 inches pitch, under Treasurer's Order No. 12826. The Pioneer Iron Works junct Treasurer's Order No. 12826. The Pioneer Iron Works junct Treasurer's Order No. 12826. The Pioneer Iron Works under Treasurer's Order No. 12826. The Pioneer Iron Works under papierd copper exhaust pie. The force of the Department calked bottom from keel to copper and payed it with pitch, painted bolt heads, cleaned boiler and papierd machinery. Ran off dock on April 7, and arrived at West Fifty-seventh Street Yard at 10.20 A. M.

called bottom from keel to copper and payed is that picely provided at West Fifty-seventh Street Yard at 10.20 A. M. In addition to the work mentioned above, the force of floating property repaired the sheet copper on the sides, put on some oak sheathing, painted and whitewashed, made canvas covers for life-boats and made hickory fenders. Boring Machine "Woodcock "--365 borings were made at East One Hundred and Twenty-fifth street, 9 borings were made at West Fifty-seventh street, North river, and 15 borings were made at West Forty-seventh street, North river. The force of floating property cleaned boiler and machinery. Dredges Nos. 3 and 4 remain in the possession of the Union Dredging Company. Pile-driver No. 1--Has been laid up at West Fifty-seventh Street Yard. The force of the Depart-ment shifted boiler, engine and machinery form Pile-driver No. 4. The force of the Depart-ment shifted boiler, engine and machinery form Pile-driver No. 9 to this pile-driver and fitted them up, put in new coal-bunkers, repaired the house and shingled its roof and made various repairs as required. The 60 feet vertical ways made for this pile-driver are now on Pile-driver No. 3. Pile-driver No. 2. Has been laid up at West Fifty-seventh Street Yard. The force of the Department made and set up a new steam winch, furnished by the Pioneer Iron Works, under Treasurer's Order No. 12795; and put in position one new No. 1 windlass, one set of double sheaves and boxes, and 6 roller chocks furnished by the Eckford Iron Works, under Treasurer's Order No. 12843. The roof of the house was reshingled, and the house was repaired and painted. The pile-driver is now in first-class order and is at work. Pile-driver No. 3. Is now under repairs at West Fifty-seventh Street Yard. The rom March Io Avail. J. Was on the deek of the pier for repairs. Decayed plank and tubers were cut out and

Foot of the noise was resingled, and the noise was reparted and painted. The pine-driver is now in first-class order and is at work. Pile-driver No. 3—1s now under repairs at West Fifty-seventh Street Yard. From March 10 to April 5, it was on the deck of the pier for repairs. Decayed plank and timbers were cut out and replaced with new; the scow was calked and painted, and the machinery was repaired. The old ways were condemned and broken up, and a new set of 60 feet, made originally for File-driver No. r, were placed on the scow. Some of the cleats and upper timbers were pulled out by the sinking of File-driver No. 5, (fitted up as a pile cutter)—Is now laid up at West Fifty-seventh Street Yard. The force of the Department repaired and painted the house and reshingled its roof, repaired the machinery, saw gear and shaft and saw frame, and marked scale on ways. The Fioneer Iron Works, under Treasurer's Order No. 12806, furnished two cast-iron bearings, cut out and welded in piece in saw shaft and furnished 36-inch by 8-inch pulley and pattern and core box for cast-iron bearings.

piece bearin

bearings. Pile-driver No. 6—Is now laid up at West Fifty-seventh Street Vard. The force of the Depart-ment repared and cleaned the machinery. Pile-driver No. 7—It was placed in the water at West Fifty-seventh Street Yard on March 10, after the repairs consisting of cutting out decayed material and replacing with new, as follows : new 6-inch knees, new side and end plank and timbers as required ; new deck, replaced wearing pieces, calked and painted a new smoke-stack, and bonnet furnished by the Pioneer Iron Works, under Treasurer's Order No. 12850 was put on. The engine, machinery, house and ways were thoroughly overhauled and a hoisting boom was fitted up on the ways. The pile-driver is now in good condi-tion and is at work.

Treasurer's Order No. 12850 was put on. The engine, machinery, how and show in good condi-tion and is at work. Ele-driver No. 8 (fitted up with batter ways)—Is now lid up at West Fifty-seventh Street Yard. The force of the Department repaired and cleaned its machinery. Pile-driver No. 9—Is now under repairs at West Fifty-seventh Street Yard. On March 28 the Police Department inspected bolicr, which logether with the engine have since been put on Pile-driver No. 1. The force of the Department repaired and repaired and reshingled the house. At IT P. M., on April 15, while loaded with material and waiting to go out on the work, it sprung a leak in its upper seams and suck, damaging Pile-driver No. 3 at the same time. It was raised and pumped out by the to-ton derrick on April 10. The bolicr and engine was shifted to Pile-driver No. 1 on Vile. The and engine and fitted up a new smoke stark of the Was Fifty-seventh Street Treasurer's Order No. 1266. It is now at work. Pile-driver No. 10. The force of the Department repaired the machinery, cleaned the boiler Treasurer's Order No. 1266. It is now at work. Pile-driver No. 10- The force of the Streat Kirwise Marker Marker, under Treasurer's Order No. 1266. It is now at work. Pile-driver No. 1266. It is now at work. Pile-driver No. 1266. The Police Department inspected the boiler on April 21, 1888. Divers' Scow "G" Is now at Franklin Street Section. It has been engaged on different sections of work as required, and is now in good order.

Small Divers' Scow—Is now laid up at West Fifty-seventh Street Yard, and is too decayed to use on the work. It is used for the temporary storage of lines, etc. Scow "B"—Is now in use and has been from time to time, as required. It is now in good order. Scow "C".—Is now in use and has been from time to time, as required. It is now in good order. Scow "C".—Is now in use and has been from time to time, as required. It is now in good order. Scow "C".—Is now in use and has been from time to time, as required. It is now in good order. Scow "C".—Is now at West Fifty-seventh Street Yard, in good order. It has been used from time to time, as required. Scow "F".—Is used as a coal scow, being fitted up with pockets of 2 tons capacity each, and is now at West Fifty-seventh Street Yard, and is in good order. Scow "H".—Is now laid up at West Fifty-seventh Street Yard, in good order. It has been used from time to time, as required. Scow "H".—Is now laid up at West Fifty-seventh Street Yard. This is the second of the three new scows ordered under unanimous resolution of the Board, December 8, 1886. Its dimensions are 70 feet long, so feet wide, and 7 feet 6 inches decp, with a displacement of 325 tons. It was begun in October, 1887, and was launched at West Fifty-seventh Street Yard on March 16, 1888. Scow "K".—Is the third and last of the new deck scows ordered by unanimous resolution of the Board, December 8, 1886, was begun in March, 1888, and is now in progress. Scow "Im".—Is now laid up at West Fifty-seventh Street Yard, and is used for the storage of timber.

the Board, December 8, 1886, was begun in March, 1888, and is now in progress. Scow "Jim"—Is now laid up at West Fifty-seventh Street Yard, and is used for the storage of timber. Scow "Wille"—Is now laid up at West Fifty-seventh Street Yard, and is unfit for any service except for storage of material. Small Boats—One new 15.ft. yawl is under construction, to be known as No.21. Repaired and painted yawls, sounding boats and skiffs. The two batteaux are decayed and worthless and are to be replaced with new ones. Land Ways—A new set of 45.ft. land-ways, for general use, are under construction at West Fifty-seventh Street Yard. The 30-ft. land-ways were repaired and painted. Construction Work—Two section offices are under construction. Each is to be to feet by 12 feet and to feet 6 inches high. They were begun April 13 at West Fifty-seventh Street Yard. Steam was jurnished for thaving out broken stone for concrete at the yard. General Repairs—Made and painted two signs, one for Pier at Thirteenth street, North river, and the other for Pier 48, East river, and did various pieces of work at Pier "A," North river, and for the building thereon. EAST SEVENTEENTH STREET YARD.

Repaired and cleaned the hoisting machinery.

Miscellaneous.

Various small pieces of work about the tide gauges, pike poles, hose-reels, office fittings and work for floating property have been done.

### Materials and Subplies.

Materials and Supplies. The following materials and supplies have been furnished for use of floating property : F. S. Shurick, under Treasurer's Order No. 12762, furnished 3,201 feet, B. M., of white oak, and 843 feet, B. M., of white oak under Treasurer's Order No. 12862. Charles L. Backi & Co., under Treasurer's Order No. 12785, furnished 5,545 feet, B. M., yellow pine timber. William B. Ferguson & Son, under Treasurer's Order No. 12787, furnished eight 6-inch double patent blocks with iron straps and three 16-inch solid sheave snatch blocks, labor and material to repair six snatch, two double and five single blocks, under Treasurer's Order No. 12856, and four double heavy purchase blocks under Treasurer's Order No. 12793, furnished 16 pounds sala packing. Genen, under Treasurer's Order No. 12793, furnished 16 pounds sala packing. Green, under Treasurer's Order No. 12793, furnished 16 pounds sala packing. Green, under Treasurer's Order No. 12793, furnished 16 pounds sala packing. Green, under Treasurer's Order No. 12793, furnished 16 pounds sala packing. Green, under Treasurer's Order No. 12793, furnished 16 pounds sala packing. Green, under Treasurer's Order No. 12793, furnished 16 pounds sala packing. Green, under Treasurer's Order No. 12793, furnished 16 pounds sala packing. Green, under Treasurer's Order No. 12793, furnished 16 pounds Sala packing. Green, under Treasurer's Order No. 12793, furnished 16 pounds Sala packing. Green, under Treasurer's Order No. 12793, furnished 16 pounds Sala packing. Green, under Treasurer's Order No. 12793, furnished 16 pounds Sala packing. Green, under Treasurer's Order No. 12793, furnished 16 pounds Sala packing. Green, under Treasurer's Order No. 12793, furnished 16 pounds Sala packing. Green, under Treasurer's Order No. 12793, furnished 16 pounds Sala packing. Green, under Treasurer's Order No. 12793, furnished 16 pounds Sala packing.

pine boards. Abendroth & Root Manufacturing Co., under Treasurer's Order No. 12819, numere se Gaskell, Greenlie & Co., under Treasurer's Order No. 12823, furnished 100 one-inch galvanized square iron washers, 500 pounds of square black iron washers and 200 pounds of wrought-iron nuts. Jersey City Chaiu Works, under Treasurer's Order No. 12830, furnished six 1¼-inch and four 54 inch chains with hooks, each to feet long. George Karr & Co., under Treasurer's Order No. 12840, furnished z,000 feet, B. M., of clear white pine, and twenty-five 2-inch by o-inch spruce plank, under Treasurer's Order No. 12849, McNab & Harlin Manufacturing Co., under Treasurer's Order No. 12854, furnished steam future

igs. C. R. Poillon, under Treasurer's Order No. 12881, furnished one spruce boom, 30 feet long and

5. K. Fonton, under Treasurer's Order No. 12801, intrinsned one spruce boom, 2010 feet long and 4. inches in diameter. John A. Roebling Sons & Co., under Treasurer's Order No. 12807, furnished 252 feet of 56-inch galvanized iron wire guy rope, eight 56-inch open sockets and four 56-inch tumbuckles. Pierson & Co., under Treasurer's Order No. 12906, furnished 90 feet of 52-inch by 4-inch American refined iron.

Surveying Party.
The Surveying Party has given all the lines and levels required for the various work of the Department, and the various levels over the wall and earth filling have been taken as usual.
Ten surveys have been made on the North river water-front and twenty on that of the East and Harlem rivers, of which one on the North river and six on the East and Harlem rivers, of which one on the North river and six on the East and Harlem rivers, of which one on the North river and resorded uting this quarter.
14,858 disk soundings have been taken in 84 slips and 1,480 rod soundings in 15 slips by the Surveying and Sounding Parties, of which 6,187 disk soundings in 28 slips, and 105 rod soundings in 3 slips were on the East and Harlem rivers.
Of the above, 1,659 disk soundings in 76 slips and 496 rod soundings in 6 slips were for General Repairs and examinations before and after dredging.
Most of these soundings have been ratued and plotted and placed on file.
The automatic tide gauges have been attended to.

(Signed), ABKAM S. HEWITT, Mayor.

### CIVIL SERVICE SUPERVISORY AND EXAMINING BOARDS.

CITY OF NEW YORK-CIVIL SERVICE SUPERVISORY AND EXAMINING BOARDS, SECRETARY'S OFFICE, ROOM 11, CITY HALL, New York, June 3, 1887.

NEW YORK, June 3, 1887. ) THOMAS COSTIGAN, ESG., Supervisor City Record: DEAR SIR - The following amendment to Regulation 16 of the New York City City Service Regulations has been made : If the appointing officer shall notify the Sec-retary of more than one vacancy at any one time, the Secretary shall certify to the appointing of-ficer for appointment, the names of as many persons as there are vacancies to be filled, with the addition of two names for the first vacancy and one name for every two vacancies in addition to the first. Yours respectfully, LEE PHILLIPS, Secretary and Executive Officer.

CITY OF NEW YORK-CIVIL SERVICE SUPERVISORY AND EXAMINING BOARDS, SECRETARY'S OFFICE, ROOM 11, CITY HALL, NEW YORK, May 31, 1887.

NEW YORK, May 31, 1887.) THOMAS COSTIGAN, Esq., Supervisor: DEAR SIR—The following resolution was passed by the Supervisory Board at their meet-ing, held May 27, 1887: "Resolved, That in view of the inadequate space in the Secretary's office and in order to enable him more readily to discharge the business of the same, the Secretary is authorized to arrange the business of the office so that the same shall be open for personal interviews with appli-cants and the public during a part of the day only."

cants and the public during a part of the day only." Pursuant to the above action, I hereby designate the two hours between 2 and 4 o'clock in atternoon as the time for which the offices shall be open for personal interviews with applicants and the public.

# Very respectfully, LEE PHILLIPS, Secretary and Executive Officer.

### CITY COURT\_TRIAL TERM, PART I.
