PROCEEDINGS OF THE BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS.

AT A MEETING OF THE BOARD HELD IN NO. 320 BROADWAY, ON THURSDAY, MAY 3, 1906.

There were present—Alexander E. Orr (President), presiding; John H. Starin, Vice-President; Herman A. Metz, Comptroller, and Commissioners Woodbury Langdon and Charles Stewart Smith.

George L. Rives and Albert B. Boardman, Counsel; George S. Rice, Chief Engineer, and Alfred Craven, Deputy Chief Engineer, also were present.

The minutes of the meeting of April 19 were read, and it was moved that they be approved.

Ayes—The President, Vice-President, Comptroller and Commissioners Langdon and Smith.

Nays—None.

Carried.

Report of the Chief Engineer, inclosing sheets 1604-E and 1604-F for computation of rental, contracts Nos. 1 and 2, was presented as follows and ordered transmitted to the Comptroller:

NEW YORK, May 1, 1906.

BION L. BURROWS, Esq., Secretary, Rapid Transit Board:

DEAR SIR—Referring to the rental payable by the Interborough Rapid Transit Company, referred to in copy of communication of the Comptroller, transmitted with yours of April 19, I beg leave to hand you herewith sheets 1604-E and 1604-F, being statements giving the interest to be paid by the Interborough Rapid Transit Company to the City for part of rapid transit railway operated up to March 31, 1906, inclusive, on contracts Nos. 1 and 2.

It should be noted that these figures are subject to change, as they are based on tentative figures, which may be revised when final adjustments are made, and hence the acceptance of these statements by the City and contractor should be understood not to commit either party to the figures provisionally used in ascertaining the rental due up to March 31, 1906.

Very truly yours,
(Signed) GEORGE S. RICE, Chief Engineer.

Communication of the Comptroller transmitting report to him of his Clerk on bond for \$200,000 of the New York and Jersey Railroad Company, was presented as follows:

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
April 20, 1906.

Hon. ALEXANDER E. ORR, President, Board of Rapid Transit Railroad Commissioners,
New York City:

SIR—I have the honor to transmit herewith report in the matter of the \$200,000 bond of the New York and Jersey Railroad Company, which I have approved.

Respectfully,

(Signed) H. A. METZ, Comptroller.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
April 20, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—I have the honor to report that this Department has received from the United States Fidelity and Guaranty Company a certificate of reinsurance in the amount of \$50,000, in favor of the United States Fidelity and Guaranty Company on the \$200,000 bond written by said United States Fidelity and Guaranty Company in favor of the New York and Jersey Railroad Company. This reinsurance the United States Fidelity and Guaranty Company agrees to hold for the benefit of The City of

New York in connection with the \$200,000 bond written by them. Under these circumstances I respectfully submit that the United States Fidelity and Guaranty Company be accepted on the bond above mentioned.

Respectfully,
(Signed) PAUL LOESER, Clerk to the Comptroller.

Approved:
(Signed) H. A. METZ, Comptroller.

The following resolution was moved:

Whereas, The Comptroller has received from the United States Fidelity and Guaranty Company a certificate of reinsurance in the amount of fifty thousand dollars (\$50,000) in favor of the United States Fidelity and Guaranty Company, on the two hundred thousand dollars (\$200,000) bond written by the said United States Fidelity and Guaranty Company in favor of the New York and Jersey Railroad Company, the said United States Fidelity and Guaranty Company having agreed to hold the said reinsurance for the benefit of The City of New York in connection with the two hundred thousand dollars (\$200,000) bond written by that company, as reported by the Comptroller in communications dated the 20th of April, 1906.

Resolved, That this Board hereby approves the bond of the New York and Jersey Railroad Company, principal, with the United States Fidelity and Guaranty Company, surety, to the Board of Rapid Transit Railroad Commissioners for The City of New York, dated the 21st of March, 1906, in the sum of two hundred thousand dollars (\$200,000), in accordance with the certificate of the 2d of February, 1905, as follows:

Know all men by these presents, That the New York and Jersey Railroad Company, a corporation of the State of New York, as principal, and the United States Fidelity and Guaranty Company, a corporation of the State of Maryland, as surety, are held and firmly bound unto the Board of Rapid Transit Railroad Commissioners for The City of New York and their successors in the penal sum of two hundred thousand dollars (\$200,000), lawful money of the United States, to be paid to said Board of Rapid Transit Railroad Commissioners for The City of New York, for the payment of which sum, well and truly to be made, said principal and surety bind themselves and their successors, firmly by these presents. Sealed with the seals of said principal and surety, and dated this 21st day of March, 1906.

Whereas, The Board of Rapid Transit Railroad Commissioners for The City of New York heretofore duly made and delivered its certificate or franchise dated February 2, 1905, to said New York and Jersey Railroad Company for the construction, maintenance and operation of extensions to its underground tunnel railway in The City of New York, said extensions being from the intersection of Christopher and Greenwich streets easterly under Christopher street to Sixth avenue, and thence with one branch under Sixth avenue to a terminal station at or near the intersection of Sixth avenue and Thirty-third street, and with another branch crossing diagonally under Sixth avenue to Ninth street, and thence easterly under Ninth street to a terminal station at or near the intersection of Fourth avenue and Ninth street. A copy of said certificate is hereto annexed and marked "Schedule A"; and

Whereas, In and by Article V. of the said certificate or franchise it is provided that the said New York and Jersey Railroad Company before beginning the construction of any part of the extensions of its railroad thereby authorized shall file with the Comptroller of The City of New York a bond in the penal sum of \$200,000 in such form and with such sureties as shall be approved by said Board of Rapid Transit Railroad Commissioners for The City of New York for the faithful performance by said railroad company of all the conditions and requirements of said certificate, so far as the same shall relate to the construction of the said extensions; and

Whereas, The said Board of Rapid Transit Railroad Commissioners for The City of New York has approved this bond as to form and sufficiency of surety, such approval being indorsed hereon;

Now, therefore, The condition of this bond is such that if said railroad company shall faithfully perform all the conditions and requirements of the said certificate, "Schedule A" hereto annexed, so far as the same shall relate to the construction of said extensions until said extensions shall be completed, then this bond shall be void, otherwise to be and remain in full force and virtue.

(Signed) NEW YORK AND JERSEY RAILROAD COMPANY,
By W. G. McAdoo, President.

Attest:

C. W. KING, Secretary.

(Signed) THE UNITED STATES FIDELITY AND GUARANTY COMPANY,
By SYLVESTER J. O'SULLIVAN, Manager.

Attest:

GEORGE E. HAYES, Attorney in Fact.

Communications of the Comptroller were presented as follows:

April 18, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Board of Rapid Transit Commissioners has presented to this office at various times offers from property owners, or through attorneys, for the sale to The City of New York of the easements and rights of way in front of their property over Nagle avenue, Tenth avenue and Broadway, in the Borough of Manhattan, and Westchester avenue and Boston road, in the Borough of The Bronx, and the City has already acquired a large number of parcels of land along here at the rate per foot front on Tenth avenue of \$6, and on Boston road and Westchester avenue, at the rate of \$10 per front foot.

The offers submitted are as follows:

28. Charles Weisbecker....	{ 13 to 16 }	3402	Broadway	100'	10 00	1,000 00

I would respectfully recommend to the Board of Rapid Transit Commissioners that the following action be taken on the several parcels:

1. That the easement of the Martha Graham property be acquired.
2. That the easement of the David Laemmle property be acquired.
3. That the easement of the property of the Abraham Seigel estate be acquired.
7. That the easement of the William Simpson property be acquired.
8. That the easement of the Marguerite Spengler property be acquired.
16. That the easement of the Eliza Jane Pierce property be acquired.
17. That the easement of the Augusta Jahn property be acquired.

BOROUGH OF MANHATTAN.

18. That the easement of the John M. Rice property be acquired.

Before proceeding further with recommendations I desire to call the attention of the Board of Rapid Transit Commissioners to the fact that heretofore we have been paying for a release of easements in the Borough of Manhattan, along the Dyckman tract, \$6 a foot front, and the release of Mr. John M. Rice is at \$6 a foot front. Under date of January 9 I referred a number of propositions back to the Board of Rapid Transit Commissioners, stating that we had acquired the property at \$6 a foot front, and recommended the rejection of the offers at \$10 a foot front. Under date of March 7, Assistant Corporation Counsel Harris writes me that: "It is claimed that property is more valuable on Tenth and Nagle avenues than on Boston road, Southern Boulevard and Westchester avenue. It would seem to me very desirable that the Rapid Transit Railroad Commissioners accept all of the offers south of the Harlem river which have been made at the price of \$10 a running foot before the proceedings have been advertised, because in my opinion awards considerably in excess of that amount would be given by the Commissioners, and as soon as it is known by the advertisement that the application will be made for the appointment of Commissioners these offers will in all probability be withdrawn."

If the Corporation Counsel in charge of these proceedings writes in this manner it seems to me that there is nothing to be done but to accept the offers that are made at \$10 a foot front. Under these circumstances I recommend:

19. That the offer of Mr. Murphy as attorney for the owners of the property be accepted.
20. That the offer of Mr. Murphy as attorney for the owners of the property be accepted.

21. That the easement of the Manatee Company property be acquired.
22. That the easement of the Manatee Company property be acquired.
24. That the easement of the William I. Rosenfeld property be acquired.
25. That the easement of the William I. Rosenfeld property be acquired.
26. That the easement of the Charles Weisbecker property be acquired.
27. That the easement of the Charles Weisbecker property be acquired.

I also recommend that the following offers be rejected on the following grounds:

4. Estate of Sarah E. McGraw for the reason that the lots and blocks do not tally with the feet frontage, and that we have the matter as having been heretofore acquired.

5. Estate of Sarah E. McGraw for the same reason.
6. Property of John B. Simpson rejected on the grounds that we have the matter as having been heretofore acquired.

9. Property of Max J. Adler be rejected on the grounds that on October 12, 1905, the Board of Rapid Transit Railroad Commissioners authorized its acquisition.
10. Property of Edward Rohrlé be rejected on the grounds that we have the matter as having been heretofore acquired.

11. Shepperd estate be rejected on the grounds that we have the matter as having been heretofore acted upon.

12. Shepperd estate for the same reasons.
13. Property of William Allen be rejected, it having been heretofore acted upon.
14. Property of Moses L. Olenick be rejected, it having been heretofore acted upon.

15. Property of Louisa Stein be rejected, it having been heretofore acted upon.

23. This proposition of the Manatee Company should be referred to the Engineer of the Rapid Transit Board for evidence as to what damage is done to this plot by the operation of the rapid transit road, the property being located on the corner of Post avenue and Emerson place, 55 feet northwesterly from Tenth avenue, and if in his opinion the property has been damaged the matter should be referred to the Corporation Counsel for his opinion as to whether the damage would be as great this distance from Tenth avenue as if it were fronting on Tenth avenue.

28. I recommend the rejection of this proposition for the reason that it is north of the Harlem River Ship canal, and the elevated railroad has not as yet come nearer than probably 1,000 feet of this property.

I desire to call the attention of the Rapid Transit Board, as was done some time since, to the fact that this office receives communications from various attorneys containing offers of properties which have heretofore been acted upon by the Board and which necessitates a double amount of work.

The Corporation Counsel in a communication under date of April 6, 1906, states in part:

"Would it not be advisable to obtain a copy of the maps from the Rapid Transit Commission and have indicated thereon the parcels, the easements of which the City has purchased? If such a map could be prepared so that a blue print could be taken from it it would be of great assistance in the condemnation proceedings for acquiring the remaining easements."

The Commissioners in the proceedings must have maps before them upon which they can intelligently act, and if the Rapid Transit Board will have a copy of the maps made which they already have, and have blue prints taken, so that this office could receive one, and when easements are acquired we would then be enabled to mark that particular lot as having been heretofore acquired.

I would therefore respectfully request that the Board of Rapid Transit Railroad Commissioners adopt a resolution directing the Engineer of their Board to have three similar maps prepared, to be used in condemnation proceedings, and when so prepared, blue prints be taken of the same; that the originals be filed with the Corporation Counsel's office; that the blue prints be filed in the Bureau of Real Estate of the Department of Finance; the resolutions to be adopted as to parcels 1, 2, 3, 7; 8, 17, 18, 19, 20, 21, 22, 24, 25, 26 and 27 shall be:

"All easements of light, air or access appurtenant to any of the said several pieces or parcels of land which may have been, or which may hereafter be taken or damaged in whole or in part by the construction, maintenance or operation in, upon or over the streets above mentioned of the rapid transit railroad, built in accordance with the routes and general plan prescribed by the Board of Rapid Transit Railroad Commissioners for The City of New York, by resolutions adopted January 14, 1897, and February 4, 1897, providing a satisfactory title can be secured by grant or release."

Respectfully submitted for approval,

(Signed) MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

April 21, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Board of Rapid Transit Commissioners transmitted to this office in a communication dated April 19, 1906, offers of one Banton Moore, who represents the owners of pieces of property hereinafter mentioned who will convey the easements appurtenant to their premises for the operation of an elevated railway, at the rate of \$10 per front foot.

Owner.	Lot.	Block.	Street.	Feet Front.	Rate.
1. Emil S. Levi.....	{ 47 49 }	2940	So. Boulevard and Boston road	67.31	\$10 00
2. Anna Flood.....		51	2940 So. Boulevard and Boston road	25	10 00
3. Jules P. Storm.....	32	2228	{ Tenth avenue..... Sherman avenue.....	{ 31 75 }	{ 10 00 10 00 }

1. The property is located adjoining the elevated railroad station at the junction of the Southern Boulevard and Boston road, and I would recommend that the Board of Rapid Transit Commissioners adopt a resolution authorizing the acquisition of the easements at the price named.

2. This lot fronts on Boston road quite some distance south of the junction of the two streets where the elevated railroad station is located. I do not think that this lot is entitled to the rate per foot frontage as would be paid for property fronting on the streets through which the railroad runs or at the point where the station is erected. I would therefore recommend as to this piece that it be returned to Mr. Banton Moore, with the request that under the conditions named he reduce the price.

3. This property fronts 31 feet 10 1/2 inches on Tenth avenue, upon which the elevated railroad is erected, and extends 75.5 feet along Sherman avenue. It seems to me that this man is not entitled to the same rate per foot frontage as would be paid for Tenth avenue, and I would respectfully recommend that the proposition be returned to Mr. Banton Moore for the reduction of the rate per foot frontage, for the reason above mentioned.

I would respectfully recommend that the resolution to be adopted by the Rapid Transit Board shall be for all easements of light, air or access appurtenant to any of the said several pieces or parcels of land which may have been, or which may hereafter be taken or damaged, in whole or in part, by the construction, maintenance or operation in, upon or over the streets above mentioned of the rapid transit railroad, built in accordance with the routes and general plan prescribed by the Board of Rapid Transit Railroad Commissioners for The City of New York, by resolutions adopted January 14, 1897, and February 4, 1897, providing a satisfactory title can be secured by grant or release.

Respectfully submitted for approval,

Appraiser of Real Estate.

BANTON MOORE, COUNSELOR-AT-LAW,
No. 35 NASSAU STREET,
NEW YORK, April 25, 1906.

Hon. ALEXANDER E. ORR, President, Board of Rapid Transit Railroad Commissioners, No. 320 Broadway, New York City:

DEAR SIR—I represent the following-named property owners who will convey the easements in front of their property in Southern Boulevard for the operation of the elevated railway at the rate of ten dollars per front foot:

1. Margaret Stanton, owner of Lot No. 38 of Block 2975, premises known as No. 2273 Southern Boulevard. Frontage, 25 feet
2. James J. O'Hara, owner of Lot No. 37 of Block 2975, premises known as No. 2275 Southern Boulevard. Frontage, 25 feet.
3. Corlear Realty Company, owner of Lots Nos. 1 and 5 of Block 2984, at north-westerly junction of Southern Boulevard and Boston road. Frontage, 170 feet on Boston road.

A diagram of the location of each of the above-mentioned pieces of property accompanies this letter.

Very respectfully yours,
(Signed) BANTON MOORE,
Attorney for Margaret Stanton, James J. O'Hara
and Corlear Realty Company.

NEW YORK, May 2, 1906.

Hon. ALEXANDER E. ORR, President, Board of Rapid Transit Commissioners, No. 320 Broadway, City:

DEAR SIR—I represent the following-named property owners who will convey the easements appurtenant to their premises for the operation of an elevated railway, at the rate of ten dollars per front foot:

1. Andrew Downing, owner of Lot No. 52 of Block 2940, 25 feet front on Boston road, about 85 feet south of the junction with Southern Boulevard.
2. William B. Kaufman, owner of Lot No. 2 of Block 2210, 25 feet front on the easterly side of Tenth avenue, 24.11 feet north of Two Hundred and Thirteenth street.
3. Loton H. Slawson, owner of Lots Nos. 6, 7 and 8 of Block 2204, 75 feet front on the easterly side of Tenth avenue, being the southeast corner of Tenth avenue and Two Hundred and Eighth street.
4. John O'Connell, owner of Lot No. 9 of Block 2984, 25 feet front on the west side of Boston road, 200 feet north of the junction with Southern Boulevard.
5. Frederick Johnson, owner of Lots Nos. 3 and 4 of Block 2676, 50 feet front on the east side of Westchester avenue, 88 feet northeast of One Hundred and Fifty-sixth street.

A diagram showing the location of each of the above-mentioned pieces of property is inclosed.

Very respectfully yours,
(Signed) BANTON MOORE,
Attorney for Andrew Downing, Wm. B. Kaufman, Loton
H. Slawson, John O'Connell, Frederick Johnson.

ARMON SPENCER,
Nos. 156 AND 158 BROADWAY, NEW YORK,
April 26, 1906.

The Rapid Transit Commission, No. 320 Broadway, New York:

GENTLEMEN—I am authorized by the owner, Lambert G. Mapes, of the property shown on the diagram attached hereto, that is 75 feet on the east side of Boston road,

beginning 8.31 feet south of Bryant street, to present the same to your Board for settlement at \$10 a front foot for damages caused by the maintenance and operation of the elevated road in front of this property.

Yours very truly,
(Signed) A. SPENCER.

LAW OFFICES OF JOSEPH A. FLANNERY,
No. 170 BROADWAY,
NEW YORK, April 27, 1906.

Hon. ALEXANDER E. ORR, President of the Board of Rapid Transit Commissioners, No. 320 Broadway, City:

DEAR SIR—As attorney for the American Real Estate Company, the owner of premises abutting on Naegle avenue, Tenth avenue and Broadway, in the Borough of Manhattan, City of New York, and designated on the tax maps of The City of New York as follows:

- Block 2217, all of the block.
- Block 2218, Lot No. 41.
- Block 2214, Lot No. 1.
- Block 2215, Lot No. 1.
- Block 2215, Lot No. 42.
- Block 2215, Lot No. 74.
- Block 3265, Lot No. 130.

I herewith inclose their offer to sell and convey any and all easements in, over and upon said avenues in front of and adjoining said property, necessary for the maintenance and construction of the said Rapid Transit Railroad, as now completed in front of said premises, at and for the sum of ten dollars (\$10) per running foot, which I would thank you to present to the Board of Rapid Transit Commissioners for their favorable action.

Yours respectfully,
(Signed) J. A. FLANNERY.

To the Board of Rapid Transit Commissioners:

GENTLEMEN—The undersigned is the owner of property having a frontage of 700 feet on Naegle avenue, 56.3½ feet on Tenth avenue and 1,025.6½ feet on Broadway, Manhattan, the said property being designated on the tax maps of The City of New York as follows:

- Block 2217, all of the block.
- Block 2218, Lot No. 41.
- Block 2214, Lot No. 1.
- Block 2215, Lot No. 1.
- Block 2215, Lot No. 42.
- Block 2215, Lot No. 74.
- Block 3265, Lot No. 130.

—and does hereby offer to sell and convey any and all easements in, over and upon the streets in front of and adjoining said property, necessary for the maintenance and construction of the said Rapid Transit Railroad, as now completed in front of said premises, at and for the sum of ten dollars (\$10) per running foot, provided this offer be accepted in writing on or before the 12th day of May, 1906, and that the consideration above stated be paid to it on or before the 27th day of May, 1906.

(Signed) AMERICAN REAL ESTATE COMPANY,
By D. B. HOLMES.

Dated New York, April 27, 1906.

State of New York, County of New York, ss.:

On this 27th day of April, 1906, before me personally came Dyer B. Holmes, to me known, who being by me duly sworn, did depose and say that he resided in The City of New York, State of New York; that he is Vice-President of the American Real Estate Company, the corporation described in and which executed the above instrument; that he knew the seal of the said corporation; that the seal affixed to said instrument was said corporate seal; that it was so affixed by order of the Board of Directors of the said corporation, and that he signed his name thereto by like order.

(Signed) LESTER HOLMES,
Commissioner of Deeds in and for The City of New York.

Communications of the Corporation Counsel were presented as follows, and it was understood that the Auditor would draw vouchers on the Comptroller for the easements in question:

LAW DEPARTMENT—OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, April 23, 1906.

Board of Rapid Transit Railroad Commissioners, No. 320 Broadway, New York City:

GENTLEMEN—I have caused the title to premises situated on the westerly side of Westchester avenue, 387 feet north of Prospect avenue, being 50 feet on Westchester avenue, to be examined, and find that Max J. Adler can convey the easements appurtenant to said property, necessary for the construction, maintenance and operation of an elevated railroad in front thereof, subject to a mortgage made by Helene Morison to American Mortgage Company, dated May 17, 1905, recorded in the office of the Register of the County of New York, Section 10, Liber 74, page 423; also subject to a mortgage made by Helene Morison to Andrew P. Morison, dated June 26, 1905, recorded in said Register's office in Section 10, Liber 77, page 328.

The release should be executed by Frank Raymond, Louis P. Mendham, Helene Morison, Catharine Kelly and Max J. Adler.

Respectfully yours,
(Signed) G. L. STERLING,
Acting Corporation Counsel.

CITY OF NEW YORK, LAW DEPARTMENT,
OFFICE OF THE CORPORATION COUNSEL, No. 2 TRYON ROW,
April 28, 1906.

Board of Rapid Transit Railroad Commissioners, No. 320 Broadway, New York City:

GENTLEMEN—I beg to inform you that the Lawyers' Title Insurance and Trust Company have informed me that premises 28.43 feet on the westerly side of Boston road, 64.48 feet north of One Hundred and Seventy-seventh street, are owned by Charles M. Breidenbach instead of Michael J. Breidenbach, the said Michael J. Breidenbach having conveyed the same to Charles M. Breidenbach, who can convey the easements necessary for the construction, operation and maintenance of an elevated railroad in front of said premises.

Respectfully yours,
(Signed) G. L. STERLING,
Acting Corporation Counsel.

Communication of the West End Board of Trade, pointing out the desirability of laying out an additional rapid transit route, either through Seventy-ninth or Eighty-sixth street, in Brooklyn, connecting the proposed Fourth avenue route with the proposed Bensonhurst and Coney Island route, was presented and referred to the Committee on Plans and Contracts.

Report of counsel was presented as follows and a copy ordered transmitted to the Chief Engineer for his information:

No. 32 NASSAU STREET, NEW YORK,
April 23, 1906.

ALEXANDER E. ORR, Esq., President, Rapid Transit Commission, No. 320 Broadway:

DEAR SIR—Mr. Rice, under date of the 19th inst., directed the attention of the Board to the fact that the Building Superintendent of the Borough of Brooklyn, who has recently been appointed to that position, has notified the sub-contractors, Messrs. Cranford & McNamee, that he claims jurisdiction over the underpinning now in progress on Fulton street and Flatbush avenue, and that it will be necessary for them to file plans and specifications and obtain permits from the Building Department.

This is simply a phase of the same question which has frequently arisen between the Rapid Transit Commission and the City Departments. Ever since March, 1900, when work on the present Manhattan-Bronx subway began, the right of the various City Departments to inspect or control the contractor's operations has been intermittently the subject of discussion with the Law Department, with the result that the paramount power of the Rapid Transit Commission has been tacitly sustained by the successive Corporation Counsels.

Without going into a detailed examination of the subject, it is probably enough to quote the language of the Appellate Division in the case of *Haefelin vs. McDonald*, 96 App. Div., 213, 219, where the Court says:

"The only control that the City or its officers or agents had in relation to this contract was the right to approve or disapprove of the general plans for the construction of the road when adopted by the Rapid Transit Railway Commissioners. Neither the City nor its agents had authority to prescribe the form of the contract or the conditions under which the railroad was to be constructed, or to control the action of the Rapid Transit Railway Commissioners or the contractors with whom the Commissioners had made a contract. The municipal corporation was not a contracting party, except so far as it was bound by the express provisions of the contract made on its behalf by the Rapid Transit Railway Commissioners, acting under the legislative mandate."

It is quite plain that if the various City Departments that have to do directly or indirectly with the control of the City's streets, could require the contractors to obey their orders, there would be endless and intolerable confusion and delay in construction. The Bureau of Highways, of Sewers and of Buildings in the Borough President's office, and the Department of Water Supply, Gas and Electricity, might issue orders conflicting entirely with those of the Rapid Transit Commission, thus possibly paralyzing the work of construction. No danger to the public interests need follow from the fact that the Rapid Transit Commission is by law placed in paramount control of the work, for if the Building Superintendent or any other officer of the City government finds improper or dangerous conditions existing, he may notify the Rapid Transit Commission, who will doubtless act promptly in every proper case.

The sub-contractors have not appealed to the Board to take any action in this matter, and we think that all that is necessary at present is that Mr. Rice should be advised of our views. If the Superintendent of Buildings considers that any case has arisen demanding the interposition of the courts he will doubtless apply to the Corporation Counsel, whose views as to the law, we believe, coincide with our own.

Respectfully yours,
(Signed) G. L. RIVES,
BOARDMAN, PLATT & SOLEY.

Communication of the Chairman of the Committee of Fifty, which had charge of the Saxe-Stanley bill, for the removal from the surface of the tracks of the New York Central Railroad in Eleventh avenue, together with report of counsel thereon, was presented as follows, and a copy of counsel's report ordered transmitted to the Committee:

MILES MENANDER DAWSON, F. I. A., CONSULTING ACTUARY,
No. 11 BROADWAY, NEW YORK,
April 19, 1906.

ALEXANDER E. ORR, Esq., Board of Rapid Transit Commissioners:

DEAR MR. ORR—We address you in behalf of the Committee of Fifty which had in charge the Saxe-Stanley bill, which has received the approval of your honor and of Governor Higgins, and is now a law. We wish to direct your attention to a few matters in which, in the opinion of our committee, yourself and other branches of the municipal government, including other members of your administration, can be exceedingly helpful at this juncture, and we are sure that as to anything which may be deemed feasible we shall not ask in vain, in view of your often expressed interest in the matter.

First, is there not a way for the City to raise the question as to the validity of the existing franchise in the courts at once, thus preparing the way for a proper valuation if the company agrees to exchange for a new franchise under the plan or for condemnation, if necessary, or possibly even obviating all necessity for the latter.

Aside from inherent defects and also from defects due to misconduct, the franchise depends wholly for its present validity upon a construction of the Court of Appeals decision in *People vs. O'Brien*, which eminent counsel advise our committee is strained and untenable. We have also heard that conflicting views have been held by different distinguished men while engaged by the City as Corporation Counsel. All this seems to us to call for a test at the earliest moment of this title to use our streets.

We do not see how the Board of Rapid Transit Commissioners can bring the matter up unless by an agreed case for valuation purposes or in condemnation; but we suppose that the City's interests are such as to render it plainly a proper plaintiff in such proceedings.

Second, in order to save life and expedite traffic in our streets and also to lay a foundation for a proper appraisal of the value of this franchise, if valid, we respectfully submit that all violations of existing ordinances and regulations should be stopped and that all additional ordinances and regulations, fairly within the scope of the powers and duties of the municipal authorities, should be enacted and be enforced.

If this be not done the murder of the innocent will go on unchecked until the actual removal takes place; street traffic will be impeded as usual, and the railroad company, rushing through all the traffic it can, in utter disregard for the restrictions of law and of the rights and safety of our citizens, will lay a foundation for a claim for compensation which would represent, in large part, the capitalization of its gains by defiance of law and of loss to us by our failure to guard the rights of the City and its people.

We are aware that against so powerful and alert a lawbreaker, vigilance can be maintained only at great cost; but, not to speak of the lives that will be saved and the property interests that will be served by rigid enforcement, this cost will inevitably be made good many fold, in case the franchise is held valid by the reduced values to be paid in condemnation or allowed in exchange for a new franchise as the case may be.

Our committee desires us also to offer its earnest co-operation with yourself and the City authorities in these matters.

Very respectfully yours,
(Signed) JOHN P. CHIDWICK,
Chairman, Committee of Fifty.
MILES M. DAWSON,
Chairman, Executive Committee.

No. 32 NASSAU STREET, NEW YORK,
April 26, 1906.

ALEX. E. ORR, Esq., President, Rapid Transit Commission, No. 320 Broadway:

DEAR SIR—Mr. Burrows has handed us by your direction a copy of a letter dated April 19, recently received from John P. Chidwick and Miles M. Dawson on behalf of the committee which had in charge the Saxe-Stanley bill for the removal of surface tracks from Eleventh avenue, etc.

In this letter (which from internal evidence seems to be a copy of a letter addressed to the Mayor) the question is first asked whether there is now "a way for the City to raise the question as to the validity of the existing franchise in the courts at once"; and next, a suggestion is made "that all violations of existing ordinances and regulations should be stopped and that all additional ordinances and regulations fairly within the scope of the powers and duties of the municipal authorities should be enacted and be enforced."

I am unable to see how the Rapid Transit Commission can do anything either in the matter of enforcing the old ordinances of the City government or in enacting new ones.

With respect to the first part of the letter which relates to a proposed inquiry into the right of the New York Central Railroad Company to make use of Eleventh avenue and other streets of the City, I think it would be proper to reply to the letter to the effect that if counsel for the Committee of Fifty will kindly confer with counsel for the Board this important subject will be carefully considered in the light of the facts which the committee has been able to secure and with the benefit of the examination which the committee's counsel have made into the law.

Respectfully yours,
(Signed) G. L. RIVES,
BOARDMAN, PLATT & SOLEY.

Report of the Chief Engineer on this same matter was presented as follows, Counsel drawing attention to the fact that the matter in question had been brought to the notice of the Board and action taken as early as April 23:

NEW YORK, May 3, 1906.

Hon. A. E. ORR, President, Rapid Transit Board:

DEAR SIR—In connection with the subway on the west side of the City, in accordance with the terms of the Saxe bill passed by the Legislature, I beg leave to report that I have, in pursuance with your instructions, conferred with Mr. Wilgus, Vice-

President of the New York Central and Hudson River Railroad, and obtained considerable information from the New York Central engineering department, and have also included this particular portion of the work in the contract for borings.

Very truly yours,
(Signed) GEORGE S. RICE, Chief Engineer.

Report of the Chief Engineer was presented as follows, and a copy ordered transmitted to the Washington Heights Taxpayers' Association:

NEW YORK, May 1, 1906.

ALEXANDER E. ORR, Esq., President, Board of Rapid Transit Railroad Commissioners,
No. 320 Broadway, New York City:

DEAR SIR—I have had referred to me by the Secretary a copy of a letter received from the Washington Heights Taxpayers' Association, dated April 18, containing resolutions to the effect that escalators should be provided at the One Hundred and Sixty-eighth and One Hundred and Eighty-first street stations.

As early as five years ago a very careful consideration was given to the matter of using escalators at One Hundred and Sixty-eighth and One Hundred and Eighty-first street stations. The question was investigated both by the Subway Construction Company and your own Engineers. The matter has been continually before us since that time.

If escalators were used at these two stations, the shafts, which had already been constructed, would have to be considerably enlarged. This would involve delay and considerable additional expense; furthermore, there was no experience upon the operation of spiral escalators, the only type which seemed practicable to use at these points.

In view of these circumstances, elevators were adopted instead of escalators. The elevators are entirely adequate for all ordinary traffic which these stations will be called upon to accommodate for some time to come. Only at One Hundred and Sixty-eighth street station, where a baseball field has been located, is there any need for additional facilities. It is unlikely that this baseball field will remain in its present location very long; should it be removed, no additional facilities will be required.

When the traffic conditions warrant it, it will be entirely practicable to construct new shafts and install in them escalators at both stations. This work can be done at a very little cost in addition to the cost of enlarging the original shafts and installing the escalators.

Mr. Bryan advises me that the Interborough people have taken up the matter of escalators at these two stations with the Otis Elevator Company, but at the present time cannot give any definite decision as to just what can be done in this direction. As soon as the Otis Elevator Company's plans have been completed, and estimates of cost of the work made, I shall advise you further.

Very truly yours,
(Signed) GEORGE S. RICE, Chief Engineer.

Report of the Chief Engineer was presented as follows, and referred to counsel as to the legal question involved and to the Chief Engineer to confer with the Interborough Rapid Transit Company:

NEW YORK, May 1, 1906.

Hon. ALEXANDER E. ORR, President, Board of Rapid Transit Railroad Commissioners,
No. 320 Broadway, New York City:

DEAR SIR—I have had referred to me, by the Secretary, a communication addressed to the Mayor by the East Tremont Taxpayers' Association, in reference to the necessity for an escalator or elevator at the rapid transit railroad station at Boston road and One Hundred and Seventy-seventh street.

I have made an investigation of this matter and find that passengers using this station are required to make an ascent of approximately 32 feet from the street surface to the ticket house, thence an ascent of about 15 feet to the train platform, in all to ascend 47 feet before they can board the trains.

Under the terms of the contract with John B. McDonald, the Board could have exacted of the contractor that elevators be provided at this station. This was not done.

It is entirely practicable to provide either elevators or escalators at the present time at a very small additional cost over what would have been involved if they had been installed when the station was first constructed. If elevators are used, property will have to be acquired on one or both sides of the street. Escalators would therefore seem to be preferable.

First, an ascending escalator can be provided, from the street surface to the ticket house floor, thereby requiring the passengers to ascend only one stairway 15 feet high before boarding trains. Second, if subsequent conditions warrant it, a descending escalator can then be built.

Very truly yours,
(Signed) GEORGE S. RICE, Chief Engineer.

Report of the Chief Engineer was presented as follows:

NEW YORK, May 3, 1906.

Hon. ALEXANDER E. ORR, President, Board of Rapid Transit Railroad Commissioners,
No. 320 Broadway, New York City:

DEAR SIR—Pursuant to the resolution of the Board on April 5, in reference to my report on ventilation, I have conferred with the Interborough Rapid Transit Company with a view to arriving at a final understanding.

Mr. Bryan, after conference with his associates, approves of the plan as outlined in my report to the Board and will present the matter to the Interborough Board for ratification at its next meeting.

I therefore respectfully recommend that such resolution be adopted as may be necessary to enable me to proceed with the work at once.

Respectfully yours,
(Signed) GEORGE S. RICE,
Chief Engineer.

The following resolution was moved:

Resolved, That the report of the Chief Engineer, dated the 5th of April, 1906, on plans for improving the ventilation of the rapid transit railroad be and the same hereby is approved, and that the officers of this Board be and they hereby are authorized to execute a supplemental agreement with the Interborough Rapid Transit Company for the purpose of carrying into effect the plans of the Chief Engineer on this subject as outlined in his said report.

Ayes—The President, Vice-President, Comptroller and Commissioners Langdon and Smith.
Nays—None.
Carried.

Report of the Chief Engineer was presented as follows:

NEW YORK, April 25, 1906.

Hon. A. E. ORR, President, Rapid Transit Board:

DEAR SIR—As recommended in my letter of December 14, 1905, the Board authorized the rental of two rooms, at \$35 per month, in Brooklyn, for a period of four months, as a field office in making surveys for the extension to Fort Hamilton. As there is still much topography to be taken in this part of Brooklyn, and it will be a saving of expense to continue this office for a couple of months longer, I would like permission to renew this rental until our work is completed.

Very truly yours,
(Signed) GEORGE S. RICE,
Chief Engineer.

The following resolution was moved:

Resolved, That the Chief Engineer be and he hereby is authorized to execute a contract for renewal of rental of rooms as a field office in Brooklyn, at \$35 per month, as requested in his communication printed above.

Ayes—The President, Vice-President, Comptroller and Commissioners Langdon and Smith.
Nays—None.
Carried.

Communication of the Chief Engineer was presented as follows:

NEW YORK, May 3, 1906.

Hon. A. E. ORR, President, Rapid Transit Board:

DEAR SIR—It will be necessary in the study of the new routes to have certain test borings made in the boroughs of Manhattan, The Bronx, Brooklyn and Queens, and

also test borings on the lines of such routes as pass under the Harlem and East rivers and Newtown creek. The wash borings which the Board authorized me, on March 9, 1905, to let contract for have been completed, but diamond drill borings are now necessary to be made along the proposed river crossings, and some additional wash borings on Tenth and Eleventh avenues in Manhattan, and on the Bensonhurst, Bath Beach and Coney Island route in Brooklyn.

The authorization of the Board is therefore respectfully requested to obtain bids for doing this work, the inclosed form of contract having been submitted to the counsel of the Board and passed upon, and has also been duly approved by the Corporation Counsel.

Very truly yours,
(Signed) **GEORGE S. RICE,**
Chief Engineer.

Much discussion followed as to the best course to be pursued by the Board in connection with this proposed expenditure which the Chief Engineer stated would probably amount to \$27,000, and as to other expenditures in connection with laying out, getting the consents of property owners and the approval of the courts to the proposed additional rapid transit routes, it being the opinion of the Board that under the effect of the latest amendment to the Rapid Transit Act, the so-called Elsberg bill, which had been accepted by the Mayor of The City of New York and would probably be signed by the Governor, in view of the apparently very narrow limit of borrowing capacity of the City, which seemed to make it a question whether or no even a small portion of the proposed lines could be constructed in the near future, it might be wise to reduce expenditures to the lowest possible point. It was decided, however, to go on with the legal and engineering steps in connection with the main lines in Manhattan, The Bronx and Brooklyn.

The following resolution was moved:

Resolved, That the President of this Board be and he hereby is authorized to advertise for bids and to award contracts to the lowest responsible bidder for making certain wash-borings and diamond drill borings as recommended by the Chief Engineer in his communication printed above, as to the Eleventh avenue line in Manhattan Borough, the East river lines and the Bensonhurst, Bath Beach and Coney Island route.

Ayes—The President, Vice-President, Comptroller and Commissioners Langdon and Smith.
Nays—None.
Carried.

The following letter was read:

New York, May 3, 1906.

Hon. A. E. ORR, President, Rapid Transit Board:

DEAR SIR—I desire to appoint Mr. John H. Myers Division Engineer in charge of the Second Division.

Mr. Myers has been in the employ of the Board since the commencement of the work, having served not only as Assistant Engineer, but also as Senior Assistant Engineer, and is in direct line of promotion. It is my intention to use him on the work necessitated under the provisions of the Saxe bill passed by the Legislature for a subway for the New York Central tracks on the west side of the City.

I recommend that Mr. Myers' salary be fixed at the usual rate of compensation for Division Engineer, namely, \$4,000 per annum.

Very truly yours,
(Signed) **GEORGE S. RICE,** Chief Engineer.

The following resolution was moved:

Resolved, That this Board hereby makes the following appointments and promotions, accepts the following resignation, requests the following reinstatement and rescinds the following appointments and promotions on the staff of its Chief Engineer:

In connection with the above, President Orr asked explanations of the Chief Engineer as to the necessity for additional appointments and as to the necessity for making the promotions requested. The Chief Engineer explained that in both cases the necessity was urgent.

Communication of the president of the Hudson and Manhattan Railroad Company was presented as follows and ordered filed:

HUDSON AND MANHATTAN RAILROAD COMPANY,
No. 111 BROADWAY, NEW YORK,
May 2, 1906.

BION L. BURROWS, Esq., Secretary, Board of Rapid Transit Railroad Commissioners,
No. 320 Broadway, New York:

DEAR SIR—We herewith inclose, to be filed with the Board:

1. A copy of a notice dated April 20, 1906, of our intention to commence work in Cortlandt street, west of Church street, for the construction of our tunnel railroad and subsurface station at that point, which notice has been duly served upon the owners and occupants of property situated upon this street likely to be affected by our work.

2. Copy of a similar notice which has been duly served upon the owners and occupants of property in Fulton street.

3. Copy of a similar notice which has been duly served upon the Commissioner of Water Supply, Gas and Electricity.

4. Copy of a similar notice which has been duly served upon the Superintendent of the Bureau of Sewers.

5. Copy of a similar notice which has been duly served upon the Superintendent of the Bureau of Buildings.

Yours respectfully,
(Signed) **W. G. McADOO,** President.

The Secretary reported that the President had executed agreement modifying terms of certificate dated February 2, 1905, to the New York and Jersey Railroad Company, under date of April 12, 1906, as authorized by the Board on.....

Mr. Rives reported that the said agreement or certificate had been accepted by the New York and Jersey Railroad Company.

Mr. Rives reported that Commissioners to condemn easements along the viaduct structure of the rapid transit railroad in the Borough of The Bronx had been appointed by the Appellate Division of the Supreme Court, but had not yet filed their oaths.

He reported also that he and Mr. Boardman had appeared before the Mayor on April 20 at the hearing on the so-called Elsberg bill to amend the Rapid Transit Act, as directed by the Board, and that the Mayor had accepted the bill.

He reported that the Court of Appeals had affirmed the decision of the lower court in the case of Wilcox vs. the Mayor, on the constitutionality of the act transferring the jurisdiction over franchises from the Board of Aldermen to the Board of Estimate, the opinion of the Court being as follows:

COURT OF APPEALS.

(DECIDED APRIL 24, 1906.)

Clermont H. Wilcox,
Appellant,

against

George B. McClellan, as Mayor, etc., et al.,
Respondents.

L. Lafin Kellogg for appellant.

John J. Delany, Corporation Counsel (Theodore Connolly, of counsel), for respondents.

O'Brien, J.—This action was brought by a taxpayer of The City of New York against the Mayor and the other officials of that City constituting the Board of Estimate and Apportionment. The purpose of the action was to restrain the Board from proceeding to exercise the various powers conferred by the statutes hereinafter referred to. The defendants demurred to the complaint on the ground that it did not state facts sufficient to constitute a cause of action. The demurrer was sustained by the Trial Court, and the judgment was subsequently affirmed on appeal.

The plaintiff's case is based entirely upon allegations that the statutes conferring new powers upon the defendants as the Board of Estimate and Apportionment are void as in conflict with the State Constitution. This general conclusion is based upon various grounds and reasons that need not be referred to with much detail, since the whole argument rests upon one or two propositions that are controlling. The enactments attacked by the complaint were passed, or at least became laws, on the 27th of May, 1905, and consist in form of three separate statutes. Two of them are amendments to the Charter with respect to the powers and duties of the Board of Estimate and Apportionment and the Board of Aldermen (Laws 1905, chapter 629; Laws 1905, chapter 630). The other is an act which purports to amend chapter 4 of the Laws of 1901, known as the Rapid Transit Act (Laws 1905, chapter 631). The general scope of the complaint is to the effect that the Legislature had no power to pass these laws, since it was an attempt to abolish or greatly restrict the powers and duties of the Board of Aldermen as the legislative and governing body of the City, and transferred these powers and duties to another board, namely, the Board of Estimate and Apportionment.

It is argued that prior to the passage of these acts the power to grant franchises rested with the Board of Aldermen, while by the legislation in question the power of the Aldermen over this subject was abolished and transferred to the Board of Estimate and Apportionment. This changing of the statute in various ways constitutes the substantial element in the complaint, and it is necessary only to deal with that feature of the controversy.

All franchises or privileges known by that term proceed from the State in the exercise of its sovereign powers. Through different mediums or agencies the State may act in granting franchises, but it is itself the source and depository from which the right proceeds. Sometimes the franchise is conferred directly by the State through some grant or legislative enactment, but more generally the sovereign delegates its power to municipal or local authorities. It is in the manner of delegating the power to certain officers of The City of New York that it is claimed that the constitutional power of the Legislature has been transcended in this case. There can be no doubt that the Legislature had the power to repeal the Charter in so far as it conferred power upon the Board of Aldermen to grant franchises. The authority that conferred the power could abolish it or take it away. It makes no difference that this power was exercised by the Legislature before the official terms for which the Aldermen were elected had expired, since that body had no vested right to the continuance of any of the public powers or duties conferred upon them by the Charter. Having abolished or greatly limited the powers of the Aldermen with respect to the granting of franchises, the Legislature was not compelled to leave this power in abeyance, but might confer it upon any other local authority authorized by the Constitution. There is no constitutional restriction upon the power of the Legislature to delegate to local authorities the power to grant franchises for the use of the public streets or otherwise, except in one class of cases. The Legislature is forbidden by the Constitution to pass any local bill granting to any corporation, association or individual the right to lay down railroad tracks; and further, that no law shall authorize the construction or operation of a street railroad except upon condition that the owners of one-half in value of the property bounded on and the consent also of the local authorities having control of that portion of the street or highway upon which it is proposed to construct or operate such railway shall be first obtained (Constitution, article 3, section 18). Therefore, the Legislature has no power, direct or indirect, to grant a franchise for the purpose of laying down railroad tracks in the street, except upon the conditions specified in this provision of the Constitution, and one of these conditions is that the consent of the local authorities having control of the street shall be obtained. As to all other franchises, the Legislature is not restricted in conferring power upon the local authorities.

It is contended by the learned counsel for the plaintiff that at the time of the passage of the acts in question the Board of Aldermen constituted the sole authority having control of the streets within the meaning of this provision of the Constitution. If this were so we cannot see how it would restrict the Legislature from abolishing that power and transferring it to some other board or department of the City government. But it seems to us that the contention cannot be sustained as a matter of fact. When the various charters and statutes relating to the control of the streets of the City are examined it will be found that for certain purposes the Board of Aldermen possess certain powers. The Board of Estimate and Apportionment possess the power to open and close streets and alter the City map, and the Street Commissioner or Commissioner of Public Works possessed certain other powers in that respect. It was therefore competent for the Legislature, by the acts in question, to specify the particular body or board that should be deemed to have control of the streets within the meaning of the Constitution, and in this case it has designated for that purpose the Board of Estimate and Apportionment. There is nothing in the Constitution to prevent the Legislature from making such a designation, or from changing it from time to time, as the public interest may require, and that is substantially what the legislation in question seeks to accomplish. The burden is upon the plaintiff to point out the particular provision of the Constitution claimed to have been violated in the passage of these laws. The amendments were an exercise by the Legislature of its undoubted power with respect to the government of cities, and every presumption should be indulged in favor of the validity of its action. If, in the judgment of the Legislature, the Board of Estimate and Apportionment was the proper body to intrust with the granting of franchises, we are unable to see wherein any right of the Board of Aldermen or of any other officer or individual has been unduly invaded.

The argument in support of this appeal has taken a wide range and much has been said with reference to the manner in which the Board of Estimate and Apportionment is constituted and the methods by which consent is given to the granting of franchises. It is contended, in substance, that the Legislature had no power to give

control of the streets to such a body, since by its Constitution a mere majority of the individuals composing it may determine the question before it. In this view of the case it may be well to restate the functions of that Board and the purpose for which they were conferred by the Charter. The amendments in question did not create the Board of Estimate and Apportionment, nor regulate the manner in which its assent shall be expressed as to questions that come before it. All these things are to be found, not in the amendments, but in the Charter as it previously existed, and are really not attacked by the complaint at all. The Charter of The City of New York, as we all know, was the result of the labor of a commission composed of its most eminent citizens. It numbered amongst its members professional men of the highest character, business men and persons who had long been familiar with the City Government. That commission reported to the Legislature, and it may be useful here to recall what was said in that report with reference to the Board of Estimate and Apportionment and the manner in which its decisions were to be made. We quote from the report, which the Legislature incorporated into the new Charter:

"The Commission has recommended a considerable extension of the powers now conferred upon the Board of Estimate and Apportionment. With respect to what may be called the routine expenditures of the City, whether they are provided for by taxation or by use of the City's credit, the Board of Estimate and Apportionment is given large powers. By reason of the possession of these new powers and of the increase of its freedom in exercising the powers which it has from the beginning of its history possessed, the Board of Estimate and Apportionment under our draft Charter will be the most important body in the City Government. Whatever dissatisfaction may have been felt with any other municipal body the Board of Estimate and Apportionment has generally given satisfaction for its capacity, efficiency and integrity. Under the plan of the Commission it will be in reality the centre of all legislative activity in relation to financial affairs and of much of the administrative activity of the City. It will be in effect an Upper House of the City Legislature and also a cabinet of the most important administrative officers. In dealing with the composition of the Board of Estimate and Apportionment the Commission has not been unmindful of the danger of changing an agency of government which has long and successfully stood the test of experience. The present Board consists of the Mayor, the Comptroller, the President of the Council, the President of the Department of Taxes and Assessments and the Corporation Counsel—the two last named officials being appointees of the Mayor. In giving to the Mayor the absolute power of removal it is evident that his appointees would be to a greater extent than at present under his influence, so that the Mayor in the Board of Estimate and Apportionment might, in effect, have three votes out of the five. It is not considered advisable to make the Corporation Counsel and the President of the Department of Taxes and Assessments elective officers; neither was it considered desirable to elect additional members to the Board at large. A Board consisting of three members would be manifestly too small. On the other hand the fact that the Board of Estimate and Apportionment was given the power to disapprove the decision of Local Improvement Boards and to determine the amount of money to be expended out of the treasury of the City in public works in each borough made it proper that the boroughs should have a direct representation on the Board. The Commission has therefore recommended that the Board of Estimate and Apportionment shall be composed purely of elective officers, viz.: The Mayor, the Comptroller and the President of the Board of Aldermen, elected by the City at large, and of the Presidents of the five boroughs, elected by the citizens of their localities. But in adding the Borough Presidents to the Board of Estimate and Apportionment another question required consideration. If the Borough Presidents were to possess a voting power, not only equal to that of each other but also to that of the other members of the Board, they might together control its decisions, and this would mean that the financial control of the City would pass from the officials who are not directly interested in spending the City's money to officers at the head of great administrative agencies and charged with the duty of spending large sums in the development and improvement of the particular localities they are elected to represent. It therefore seemed essential that the total voting power of the five Borough Presidents should be less than that of the officers elected from the City at large, and it was not thought just to give to the representatives of the smaller boroughs an equal vote with the Presidents of the two great boroughs of Manhattan and Brooklyn. What should be the representation of the different elements in the Board of Estimate and Apportionment has been one of the most difficult questions which the Commission has had to answer. We propose to give three votes to each of the officers elected at large, two votes each to the Presidents of the Boroughs of Manhattan and Brooklyn, and one vote each to the Presidents of The Bronx, Queens and Richmond. It will be perceived that the total number of votes in the Board will be sixteen, and that nine of these votes will be cast by the officers elected at large, assuring to them a control of the Board." (Assembly Documents No. 40.)

In organizing the Government of The City of New York as it now exists the Legislature had the power to provide for cumulative voting in the Board of Estimate and Apportionment. The Charter unites not only two great cities, but counties, towns and villages under one general system of municipal government. Some of the municipalities thus united were large, populous and wealthy. Again, many of them were mere rural towns, and two whole counties and the larger part of a third county were embraced in the consolidation. In the decision of questions involving vast interests that devolved upon the Board it would be obviously unjust and unfair to permit each member to vote per capita, and accordingly it was enacted that they should have votes in proportion to the interests they represented. There is nothing new in such a principle when applied to a system of popular government where localities and not individuals are a controlling element. The duty of electing the President of the United States may in certain cases devolve upon the House of Representatives, and then it is provided that the individual member is eliminated and the vote taken by States, each State, whether great or small, having but one vote. There is nothing in the Constitution of this State to prevent the Legislature from providing for cumulative voting in such Boards. It is a question of policy, not power.

There is nothing in the case of Rathbone vs. Wirth (150 N. Y., 459) that has any bearing on the questions in this case. The statute in that case provided for the election by the Common Council of the City of Albany of a Police Board consisting of four persons. The Board were local city officers required by the Constitution to be elected by the people or appointed by such local authorities as the Legislature should direct. The local authority selected, by the Legislature and named in the statute to make the appointment was the Common Council, and so far the form of the Constitution was complied with. But in substance it was violated, since the statute was so drawn as to enable a political minority of the whole body to elect a Police Board. There was no provision in the statute for cumulative voting in the Common Council, and the question discussed in the case at bar was not involved at all. But there was a provision in the statute "that no person is eligible to the office of police commissioner unless at the time of his election he is a member of the political party or organization having the highest or next highest representation in the common council." What this court held was that a minority of the Common Council was not the local authority contemplated by the Constitution and the statute to make the appointment. In other words, it was not the Common Council, and that the Legislature had no power to so frame a statute on political lines as to produce such a result, since while it professed to obey the Constitution, it was an evasion of its letter and spirit.

If in that case the Charter of the City of Albany or any existing law provided, for instance, that the Mayor should on such questions be authorized to cast two votes instead of one, then a question somewhat similar to that in the case at bar might possibly arise, but there was nothing of that kind in the statute or in any law, and the members of the Common Council were authorized to vote only per capita. It is a very common provision in City Charters that the Mayor, although a member of the Common Council, shall not be entitled to vote on any question before the body unless there is a tie. The same power that could deprive him of a vote as a member of the Common Council could also authorize him to cast one vote or two, as the Legislature might deem just and proper. It is one thing to make decisions in the municipal board by cumulative voting. It is quite another thing to so manipulate a statute that a minority may overrule the will of the majority and elect officers that the Common Council only had the power to elect.

In the case at bar the so-called home rule provision of the Constitution has no application. The statutes in question did not assume to appoint any one to a local or other office. At most, the statutes simply imposed some new and additional duties upon the Board of Estimate and Apportionment which had theretofore been performed by the Aldermen. There is nothing in the Constitution that forbids such legislation. The judgment should be affirmed, with costs.

Cullen, Ch. J., Haight, Vann, Werner, Willard, Bartlett and Hiscock, JJ., concur. Judgment affirmed.

Mr. Boardman reported that in the proceedings before Referee Parker in the Park avenue deviation case the property owners were putting in expert testimony to the effect that the fee value of the land had been reduced twenty to thirty per cent. by the proximity of the subway. He thought it would be wise for the City to employ an expert to testify in rebuttal. On motion, the matter was referred to the Comptroller with power to select such an expert.

Mr. Boardman presented bills of the Title Guarantee and Trust Company amounting to \$14,150.50 for searches and information in preparing papers on application for proposed additional rapid transit routes, including lists of owners of property abutting on the said routes, and the said bills were referred to the Comptroller for report.

The Comptroller brought up the matter of the failure of the Interborough Company to carry out the requests of the Board, as expressed in the report of the committee and resolution adopted at the meeting on March 22, 1906, and transmitted to the President of the Interborough Company on March 23, receipt of which communication was acknowledged by the president of that company on March 27. The Comptroller pointed out that the Interborough Company had paid no attention whatever to the requests of the Board to provide means at express stations for notifying the passengers that the express service had ceased, either by a sign conspicuously placed or otherwise, and that the express service was stopped at midnight, as usual, at Ninety-sixth street. The Secretary was directed to write the Interborough Company and request a definite reply on the matter.

Bill for disbursements of counsel, amounting to \$4,031.06, was presented and ordered approved.

Statements of the Interborough Rapid Transit Company showing gross receipts and operating expenses, capital invested, payments for rental, and also statement showing details of expenditures for subway equipment by that company, were presented as follows and referred to the Comptroller for investigation and report, it being understood that the Auditor of the Board would assist the Comptroller's experts in the investigation:

Auditor's office, New York, May 3, 1906.

The Secretary reported that on receipt of a request to that effect from the Secretary of the Board of Estimate and Apportionment, an additional member of the Board was added by the President to the committee appointed to confer with a committee of the Board of Estimate and Apportionment on a terminal of the proposed Bensonhurst and Coney Island rapid transit route, the committee now consisting of the Comptroller and Commissioner Smith.

The President reported to the Board that he had conferred with Commissioner Claffin and had endeavored to get him to reconsider his resignation, but without avail; that Mr. Claffin had said that he must request the Board to accept his resignation.

Commissioner Smith and Commissioner Langdon also stated that they had spoken to Mr. Claffin on the subject.

Commissioner Langdon moved the following resolution, which was seconded by Commissioner Smith:

Resolved, That this Board hereby accepts, with great regret, the resignation of John Claffin.

Ayes—The President, Vice-President, Comptroller and Commissioners Langdon and Smith.

Nays—None.

Carried.

President Orr asked Commissioner Smith to prepare and present at the next meeting of the Board a resolution indicative of the Board's recognition of Mr. Claffin's services as Commissioner and of the high esteem in which he is held by the members of the Board as a friend and as an associate.

The Board then adjourned.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

AT THE REQUEST OF THE BOARD OF Education, public notice is hereby given that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction, the buildings, parts of buildings, etc., standing within the lines of property owned by The City of New York, acquired for school purposes, in the

Borough of Manhattan.

All the buildings, parts of buildings, etc., standing upon land acquired for the Board of Education, and described as follows:

Beginning at a point in the southerly line of East Fifty-seventh street distant 100 feet westerly from the westerly line of Second avenue; running thence southerly and parallel with Second avenue 100 feet 5 inches; thence westerly and parallel with East Fifty-seventh street 75 feet; thence northerly and again parallel with Second avenue 100 feet 5 inches to the southerly line of East Fifty-seventh street; thence easterly along the southerly line of East Fifty-seventh street 75 feet to the point or place of beginning.

By direction of the Comptroller, the sale of the above-described buildings and appurtenances thereto will be made under the supervision of the Collector of City Revenue, Department of Finance. The sale will take place on

FRIDAY, JUNE 8, 1906,

at 11 a. m., on the premises, and will be sold for the highest marketable price at public auction on the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and

description within the described area, are to be torn down to a level two feet below the existing curb; and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings, or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studding, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove the said buildings and appurtenances, or any portion thereof, within said period, will work forfeiture of ownership of such buildings, or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will without notice to the purchaser cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and from all suits and actions, claims and demands, of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of the said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain, and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

EAST ONE HUNDRED AND THIRD STREET—CURBING AND PAVING, from the west house line of Exterior street to a point 100 feet west. Area of assessment: Both sides of One Hundred and Third street, from the westerly house line of Exterior street to about 100 feet west, on Block 1697, Lots Nos. 23 1/2, 21 1/2 and 21; also Block 1606, Lot No. 34.

—that the same was confirmed by the Board of Assessors on May 8, 1906, and entered on May 8, 1906, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof on the said Record of Titles of Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room 85, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before July 7, 1906, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

SALE OF LEASE OF CITY PROPERTY.

THE COMPTROLLER OF THE CITY OF New York will sell at public auction to the highest bidder of yearly rental, at the Comptroller's Office, Stewart Building, No. 280 Broadway, in the Borough of Manhattan, City of New York, on

WEDNESDAY, MAY 16, 1906,

at 12 o'clock m., a lease for the term of ten years from May 1, 1906, with the privilege of renewal for an additional term of ten years upon the same terms and conditions, of the following-described premises belonging to the Corporation of The City of New York, viz.: All that certain plot of ground situated on the northerly side of West One Hundred and Fifty-first street distant one hundred and twenty-five (125) feet easterly from the northeasterly corner of West One Hundred and Fifty-first street and Amsterdam avenue; size of plot seventy-five (75) feet front and rear by ninety-nine (99) feet eleven (11) inches in depth on either side.

The minimum or upset price for which said lease is to be sold is five hundred dollars (\$500) per annum, payable quarterly, and said sale shall be made upon the following

TERMS AND CONDITIONS.

The highest bidder will be required to pay the auctioneer's fee and 25 per cent. of the amount of the yearly rental at the time and place of sale; the amount so paid for one quarter's rent shall be forfeited if the successful bidder does not execute the lease when notified that it is ready for execution. He will also be required to give a bond in double the amount of the annual rent bid, with two sufficient sureties to be approved by the Comptroller, conditioned for the payment of the rent quarterly in advance, and for the performance and fulfillment of the covenants and terms of the lease. The City of New York will not be liable for any damages for failure of the purchaser at the sale to obtain a permit from the Bureau of Buildings of The City of New York for the erection of a building on the site, in view of the fact that an aqueduct is constructed beneath said property. No building shall be erected upon said site except approval shall have been first obtained from the Commissioners of the Sinking Fund, and plans and specifications of said building shall be presented to said Board and approval in writing obtained. No person shall be received as lessee or surety who is a delinquent on any former lease from the corporation, and no bid shall be accepted from any person who is in arrears to the corporation upon debt or contract, or who is a defaulter as surety or otherwise upon any obligation to the corporation as provided by law. The lease will be in the usual form of leases of like property, a copy of which may be seen at the Bureau for the Collection of City Revenue and Markets, Room No. 139, Stewart Building, No. 280 Broadway, Borough of Manhattan.

The Comptroller shall have the right to reject any bid if deemed to be for the best interest of the City.

By order of the Commissioners of the Sinking Fund, under and pursuant to a resolution adopted at a meeting held April 18, 1906, as amended by resolution adopted April 26, 1906.

NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court, and the entering in the Bureau for the Collection

of Assessments and Arrears of the assessment for OPENING AND ACQUIRING TITLE to the following-named street in the BOROUGH OF THE BRONX:

TWENTY-FOURTH WARD, SECTION 12. EAST ONE HUNDRED AND NINETY-NINTH STREET—OPENING, from Bainbridge avenue to Jerome avenue. Confirmed April 10, 1906; entered May 2, 1906. Area of assessment includes:

Lot No. 98, in Block No. 3299, said block being bounded by Mosholu parkway, Briggs avenue, Bainbridge avenue and East Two Hundred and First street (Suburban street), and said lot being old Williamsbridge road.

The above-entitled assessment was entered on the date hereinbefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 150 of this act."

Section 150 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before July 2, 1906, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

BOARD OF ESTIMATE AND APPORTIONMENT.

AT A MEETING OF THE BOARD OF Estimate and Apportionment, held April 27, 1906, in the Old Council Chamber, City Hall, Borough of Manhattan, the following proceedings were had:

Whereas, The Seaboard Refrigeration Company has made application to this Board for a grant of the right, privilege and franchise to construct, maintain and operate a pipe line and all necessary appurtenances for the transportation of refrigeration under and along certain streets in Coney Island, Borough of Brooklyn; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 620 and 630 of the Laws of 1905, provide for the manner and procedure for making such grants; and

Whereas, The Mayor has, in pursuance of such law, designated the Brooklyn Daily "Eagle" and Brooklyn "Citizen" as the two daily newspapers published in said City in which the publications hereinafter provided for are to be made, other than those required to be made in the City Record; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the Seaboard Refrigeration Company, and the adequacy of the compensation proposed to be paid therefor, and the results of such inquiry and notice of a public hearing to be had thereon before this Board have been published at least ten days in the City Record and at least twice in the Brooklyn Daily "Eagle" and the Brooklyn "Citizen," two daily newspapers published

in The City of New York, and a public hearing has been had thereon by this Board; now therefore it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Seaboard Refrigeration Company, containing the form of proposed contract for the grant of such franchise or right be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Seaboard Refrigeration Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions including the provisions as to rates and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

PROPOSED FORM OF CONTRACT.

This contract, made this day of 1906, by and between The City of New York, party of the first part, by the Mayor of said City acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City, and the Seaboard Refrigeration Company, a domestic corporation of the State of New York, hereinafter called the Company, party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City of New York hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the franchise, right and privilege to construct, maintain and operate a conduit not to exceed eighteen inches in diameter, with the necessary branches and connections therefrom, leading directly into private property, for the sole purpose of supplying refrigeration to consumers, said conduit and branches to be beneath the surface of each of the following-named streets, avenues and highways, between the points described as follows, all situate in the Borough of Brooklyn, City of New York, to wit:

In, under and along West Twenty-first street, West Twelfth street and West Eighth street, between Surf avenue and Neptune avenue; in, under and along Neptune avenue, between West Twenty-first street and West Eighth street; and in, under and along Surf avenue, between West Twenty-fifth street and West Fifth street, said routes being shown on a map entitled "Map to accompany the petition of the Seaboard Refrigeration Company to the Board of Estimate and Apportionment, dated November 2, 1905, for laying conduits along designated streets and avenues on Coney Island, Borough of Brooklyn, New York," signed by Charles E. Booth, President, and Henry Guttin, Engineer, copy of which is annexed hereto and made a part of this grant.

Sec. 2. The grant of this franchise, right and privilege is subject to the following conditions:

First—The said franchise, right and privilege to lay one conduit line in each of the streets, avenues or highways, and between the limits as hereinbefore described, and the franchise, right and privilege to maintain and operate the same shall be held and enjoyed by the said Company, its lessees or successors, for a term of fifteen years from the date of the signing of said grant, with the privilege of renewal of said grant for a further period of ten years, upon a fair revaluation of said franchise, right and privilege.

If the Company shall determine to exercise its privilege of renewal, it shall make application to the Board of Estimate and Apportionment of The City of New York, or to any authority which shall be authorized by law to act for the City in place of the said Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this grant. The determination of the revaluation shall be sufficient, if agreed to in writing by the Company and by the Board of Estimate and Apportionment, or by such other authority in its place. If the Company and the Board, or such other authority in its place for the City, shall not reach such agreement on or before the day one year before the expiration of the original term of this grant, then the annual rate of compensation for such succeeding ten years shall be reasonable, and either the City (by the Board or by such other authority in its place) or the Company shall be bound upon request of the other to enter into a written agreement with such other authority, fixing the rate of such compensation at such amount as shall be reasonable; and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment, or its successors in authority; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluations aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the contract, and their report shall be filed with the Board of Estimate and Apportionment, or its successors in authority, within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but shall not in any event be less than the minimum amount fixed as the sum to be paid annually for the last year of this original grant. If in any case the annual rate shall not be fixed prior to the termination of the original term of this grant then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—Upon the termination of this contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any other cause, all conduit lines and appurtenances thereto, constructed pursuant to this contract, shall be and become the property of The City of New York, without compensation therefor, and the same may be used by the City for any purpose whatsoever. If, however, at the termination of this grant, as above, the City by the Board of Estimate and Apportionment, or its successors in authority, shall so order by resolution, the said Company shall remove, at its own expense, said conduit line and all appurtenances thereto, and shall restore the streets and pavements to their original condition.

Third—The Company, its successors or assigns, shall pay for this privilege to The City of New York the following sums of money, to wit:

1. Five thousand dollars (\$5,000) in cash within thirty (30) days after the signing of the contract.

2. During the first five years of this contract an annual sum which shall in no case be less than eight hundred and fifty dollars (\$850), and which shall be equal to 4 per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of eight hundred and fifty dollars (\$850).

During the second five years of this contract an annual sum which shall be in no case less than eleven hundred dollars (\$1,100), and which shall be equal to 5 per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of eleven hundred dollars (\$1,100).

During the third and remaining five years of this contract an annual sum which shall in no case be less than fourteen hundred dollars (\$1,400), and which shall be equal to 6 per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of fourteen hundred dollars (\$1,400).

3. An annual payment of ten (10) cents for each linear foot of conduit line and two dollars (\$2) for each manhole constructed within the limits of any street, avenue or highway. The sums due shall be calculated from the day when the permit is obtained to open the streets for any section of the work.

All sums herein provided for shall be paid into the Treasury of The City of New York on November 1 of each year, and shall be for the amount due to September 30 next preceding.

Any and all payments made by the terms of this franchise to The City of New York by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of The City of New York or by any law of the State of New York.

Fourth—The annual charges or payments shall continue throughout the whole term of the privilege hereby granted, whether original or renewal, as hereinbefore provided, notwithstanding any clause in any statute or in the charter of any other company, providing for payments of refrigerating rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, whether original or renewal, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this grant, and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said condition as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise, exemption from liability to perform each and all of the conditions of this grant. Nothing herein contained shall apply to any mortgage or mere lien, but shall apply to any purchaser upon foreclosure or under or by virtue of any provision of a mortgage or lien.

Fifth—The rights and privileges granted hereby shall not be assigned either in whole or in part, or leased or sublet in any manner, nor shall title thereto or right, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the act of the Company, its successor or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of The City of New York, acting by the Board of Estimate and Apportionment, or its successor in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents. This provision, however, shall not apply to the making of a mortgage, but shall apply to a sale under foreclosure.

Sixth—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets, avenues and highways on the route heretofore described.

Seventh—If a conduit line as herein described shall not be constructed and in actual operation in all the streets and avenues, and upon all the routes hereby described, on May 1, 1911, all rights hereby given shall be thereupon forthwith and immediately forfeited without judicial or other proceedings, unless at least 50 per cent. of the conduit line shall then be constructed and in operation, when, in such case, the forfeiture shall affect only the Company's rights, privileges and franchises on the remaining portion of the conduit line hereby granted.

Eighth—All construction which shall be made under this grant shall be done in a manner solely upon the terms and conditions hereafter to be imposed by the President of the Borough of Brooklyn and the Commissioner of Water Supply, Gas and Electricity, and their respective successors in authority. The said Company shall submit a working plan of construction to the said President and to the said Commissioner, which shall include and show in detail the method of construction of said conduit line, connections, manholes and other appurtenances, and the mode of protection of all subsurface construction under the streets, avenues and highways described in the routes.

Ninth—The said Company shall bear the expense of keeping in repair for one year after it has been replaced all pavement which may at any time be removed by said Company, either for the purpose of construction or for the repairing of the conduit line and its appurtenances.

Tenth—The said Company shall bear the expense of inspection, which may be required by the President of the Borough of Brooklyn and the Commissioner of Water Supply, Gas and Electricity, of all the work of construction required, or removal of the said conduit line, which shall be done under this grant.

Eleventh—The Company shall cause a test to be made of the pipes laid under this grant before said pipes shall be used for the conveyance of gas or fluid under pressure for refrigerating purposes. The pipes so tested shall be submitted to a pressure of 450 pounds per square inch, and such test shall be made under the supervision of the Commissioner of Water Supply, Gas and Electricity. A certificate showing that such a test has been made, without injury to the pipes, shall be executed by an officer of the Company, indorsed by the Commissioner of Water Supply, Gas and Electricity, and filed with the Board of Estimate and Apportionment.

Twelfth—The Company, its successors or assigns, shall not charge consumers more than three dollars and fifty cents (\$3.50) for the same amount of refrigeration which is produced by one ton of ice. During the term of this contract the Board of Estimate and Apportionment shall have absolute power to regulate the maximum and minimum rates, provided that such rates shall be reasonable and fair. All refrigeration which may be required by The City of New York at

any point along the routes herein described, shall be furnished by the Company without cost to the City.

The Company, upon the application for refrigeration of any person or corporation located along the routes herein authorized, shall extend its conduit to such premises and furnish to said applicant refrigeration at the prices which are hereinafter prescribed, or at which such prices may be hereafter fixed, in properly insulated compartments, under contracts containing fair and reasonable regulations for such service; otherwise this contract shall cease and determine at the option of the Board of Estimate and Apportionment.

It is mutually understood and agreed by and between the parties hereto that in the event of any dispute arising between the company and any consumer or user of its refrigeration, as to the fairness and reasonableness of the regulations contained in said contracts, the Board of Estimate and Apportionment on the application of either said consumer, user or Seaboard Refrigeration Company shall have the power to pass upon and decide as to the fairness and reasonableness of such regulations, and said Seaboard Refrigeration Company hereby agrees to abide by such decision and conform such regulations thereto.

Thirteenth—A correct map shall be furnished to the Board of Estimate and Apportionment by the Company, showing the exact location of all the conduit lines and manholes laid with reference to the curb lines of the streets and the street surface, and the same shall be furnished on the first day of November of each year until all conduit lines which are authorized by this grant are constructed or until the right hereby authorized to construct conduit lines along the routes described have ceased by limitation, as herein provided.

Fourteenth—The grant of this privilege shall not affect in any way the right of The City of New York to grant a similar privilege upon the same or other terms and conditions to any other person or corporation.

Fifteenth—The Company shall assume all liability by reason of the construction and operation of the conduit line and the City shall assume no liability whatsoever to either persons or property by reason of its construction.

As a condition of this grant, the Company, its successor or assigns, hereby agrees to repay to the City any damages which the City shall be compelled to pay by reason of any acts or defaults of the Company, its successor or assigns. Due notice of any such demand shall be given to the Company.

Sixteenth—In case of any violation or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited or avoided by The City of New York by a suit brought by the Corporation Counsel, on notice of ten days to the said Company.

Seventeenth—If the Company has in position a conduit or pipe line in streets or avenues other than those herein described, then the Company shall remove such conduit or pipe line at its own expense, within one year from the date of signing this contract. If the Company owns a conduit or pipe line in the streets or avenues herein described, such conduit or pipe line shall be deemed to be a conduit line herein authorized, but no right is hereby given to lay or construct a conduit line in addition to that which the Company already has in such streets or avenues.

Eighteenth—The conduit line hereby authorized shall be used only by the Company and for no other purpose than for supplying refrigeration by the ammonia process or such other process as may be consented to by the Board of Estimate and Apportionment.

Nineteenth—The Company hereby agrees not to issue stock or bonds other than have been heretofore issued, until a certificate of authority therefor has been issued by the Board of Estimate and Apportionment, or until such Board shall further certify in writing as to the amount of stock or bonds reasonably required for the purposes of the Company. The stock and bonds of the said Company shall not be issued in excess of the amount so certified.

The Company shall not increase its capital stock or its bonded indebtedness without the consent in writing of the Board of Estimate and Apportionment stating the amount of the authorized increase. For the purpose of making this determination as to the amount of stock and bonds to be issued, or the amount of the authorized increase of the capital stock and bonded indebtedness of the Company, the Board of Estimate and Apportionment may take and hear testimony under oath and examine the books and papers of the Company, and require verified statements from the officers thereof, pertaining to the value of the property and of the franchise owned or operated by the Company. Such determination shall be made within sixty (60) days after the final submission of the papers or of final hearing on the application for the issue or increase of capital stock or bonds of indebtedness.

The Company shall submit a report to the Board of Estimate and Apportionment not later than November 1 of each year, for the year ending September 30 next preceding, which shall state:

1. The amount of stock issued; for cash; for property;
2. The amount paid in as by last report;
3. The total amount of capital stock paid in;
4. The funded debt by last report;
5. The total amount of funded debt;
6. The floating debt as by last report;
7. The amount of floating debt;
8. The total amount of funded and floating debt;
9. The average rate per annum of interest on funded debt;
10. Statement of dividends paid during the year;
11. Number of feet of conduit now laid;
12. The total amount expended for same;
13. Amount, kind and capacity of machinery now in use and required for operation;
14. The total amount expended for same;
15. Number of tons of refrigeration furnished during the year;
16. Total receipts from refrigeration and the average price per ton received during the year;
17. Amounts paid by Company for damage to persons or property on account of construction and operation;
18. Total expenses for operation; including salaries;
19. An inventory of all the property of the Company.

—and such other information in regard to the business of the Company as may be required by the Board. For each failure to comply with the foregoing, the Company shall pay a penalty of one hundred dollars (\$100), which may be collected by the Comptroller without notice.

Twentieth—The Company shall at all times keep accurate books of accounts of the gross earnings from the privileges granted under this contract. The Company shall, on or before November 1 in each year, make a verified report to the Comptroller of The City of New York, of the business done by the Company for the year ending September 30 next preceding, as he may prescribe. Such report shall contain the number of feet of conduit laid and the number of manholes constructed during the year, and also a statement of the gross receipts from

all business of furnishing refrigeration to consumers, together with such other information and in such detail as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report and may examine its officers under oath.

Twenty-first—If the said Company, its successors or assigns, shall fail to give efficient public service at the rates herein fixed, or fails to maintain its structures in good condition throughout the full term of its occupancy of such streets, the Board of Estimate and Apportionment of The City of New York may give written notice to the said Company specifying any default on the part of said Company, and requiring said Company to remedy the same within a reasonable time, and upon the failure of the Company to remedy said default within a reasonable time, said Company shall for each day thereafter during which the default or defect remains, pay to The City of New York a sum of fifty dollars (\$50) as fixed or liquidated damages, or the said City, in case such structures which may affect the surface of the streets, shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the said Company shall pay to the City the amount of the cost of such repairs with legal interest thereon, all of which sums may be deducted from the fund hereinbefore provided.

Twenty-second—This grant is upon the express condition that the Company, within thirty days after the execution of this contract and before anything is done in exercise of the rights conferred thereby, shall deposit with the Comptroller of The City of New York the sum of five thousand dollars (\$5,000), either in money or in securities to be approved by him, which fund shall be security for the performance by the Company of the terms and conditions of this grant, especially those which relate to the payment of the annual charge for the privilege and the penalties herein provided, and in case of default in the performance by said Company of such terms and conditions The City of New York shall have the right, after due notice, to collect the same from the said fund without legal proceedings, or after default in the payment of the annual charges shall collect the same, with interest, from said fund after ten days' notice in writing to the said Company. In case of any drafts so made upon this security fund the said Company shall, upon thirty days' notice in writing, pay to the Comptroller of The City of New York a sum of money sufficient to restore the said fund to the original amount of five thousand dollars (\$5,000), and in default thereof the grant hereby made may be canceled and annulled at the option of the Comptroller of The City of New York, acting on behalf of said City. No action or proceeding or rights under the provisions of this section shall affect other legal rights, remedies or causes of action belonging to The City of New York.

Twenty-third—The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

Twenty-fourth—The Company agrees to assume and comply with any of the existing provisions or future amendments of Article V. of the Transportation Corporations Law relating to pipe lines, imposing conditions, restrictions or penalties should the Board of Estimate and Apportionment from time to time so require, in the same manner and to the same extent as if the Company had been incorporated under the said Transportation Corporations Law.

In witness whereof the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed, and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed, and its corporate seal to be hereunto affixed, this day and year first above written.

THE CITY OF NEW YORK,

By Mayor.

[SEAL] SEABOARD REFRIGERATION CO.,
By President.

Attest:
[SEAL] Secretary.

Resolved, That the results of the inquiry made by this Board as to the money value of such franchise or right proposed to be granted, and the adequacy of the compensation proposed to be paid therefor are that the money value of such right or franchise proposed to be granted is the total amount of money which it is proposed, as provided in and by the form of proposed contract, for the grant of such franchise or right, as hereinbefore fully set forth, shall be paid for such franchise or right, and that such compensation is adequate therefor.

Resolved, That these preambles and resolutions, including the said resolution for the grant of the franchise or right applied for by the Seaboard Refrigeration Company, and the said form of proposed contract for the grant of such franchise or right, and said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published at the expense of the Seaboard Refrigeration Company, for at least twenty days immediately prior to May 25, 1906, in the City Record and at least twice during the ten days immediately prior to May 25, 1906, in the Brooklyn Daily "Eagle" and Brooklyn "Citizen," two daily newspapers designated by the Mayor therefor, and published in The City of New York, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the Seaboard Refrigeration Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board, to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on May 25, 1906, at 10:30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

JOSEPH HAAG,
Secretary.
NEW YORK, April 27, 1906.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to change the grade of Exterior street, from East One Hundred and Forty-fourth street to East One Hundred and Forty-ninth street, in the Borough of The Bronx, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on May 18, 1906, at 10:30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly

set forth and described in the following resolutions adopted by the Board on April 20, 1906, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by changing the grades of Exterior street, from East One Hundred and Forty-fourth street, in the Borough of The Bronx, City of New York, more particularly described as follows:

1. The grade at the intersection of East One Hundred and Forty-fourth street to be 10.0 feet above mean high-water datum, as heretofore;
2. The grade 115 feet southerly of the south-easterly curb intersection of East One Hundred and Forty-sixth street to be 11.0 feet above mean high-water datum;
3. The grade at the intersection of East One Hundred and Forty-sixth street to be 10.0 feet above mean high-water datum;

In the matter of acquiring title by The City of New York to certain lands and premises situated on the easterly line of CATHERINE STREET, 300 feet south of WESTCHESTER AVENUE, in the Borough of The Bronx, in The City of New York, duly selected as a site for school purposes, according to law.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Appraisal in the above-entitled proceeding, do hereby give notice to the owner or owners, lessee or lessees, parties or persons respectively entitled to or interested in the lands, tenements, hereditaments

and premises, title to which is sought to be acquired in this proceeding, and to all others whom it may concern, to wit:

First—That we have completed our estimate of the loss and damage to the respective owners, lessees, parties or persons respectively entitled to or interested in the lands and premises affected by this proceeding, or having any interest therein, and have filed a true report or transcript of such estimate in the office of the Board of Education of The City of New York, at its office, at the southwest corner of Fifty-ninth street and Park avenue, in the Borough of Manhattan, City of New York, for the inspection of whomsoever it may concern.

Second—That all parties or persons whose rights may be affected by the said estimate, or who may object to the same, or any part thereof, may, within ten days after the first publication of this notice, May 15, 1906, file their objections, in writing, with us, at our office, Room 401, No. 258 Broadway, in the Borough of Manhattan, in The City of New York; and we, the said Commissioners, will hear parties so objecting, at our said office, on the 28th day of May, 1906, at 4 o'clock in the afternoon of that day, and upon such subsequent days as may be found necessary.

Dated New York, May 14, 1906.

Thence northerly in a line parallel with the first-mentioned course about 241 feet to the southerly line of South street;

Thence easterly and along the southerly line of South street and along the inner end of said pier 31 feet, more or less, to the point or place of beginning, be said several distances more or less.

Together with all right, title and interest in and to said pier or any portion thereof not now owned by The City of New York.

Parcel "B."

Pier (old) 3, East river, bounded and described as follows:

Beginning at a point in the easterly side of Pier (old) 3, where it intersects the present bulkhead at the inshore end of said pier, and running thence southerly and along the easterly side of said pier 458.4 feet;

Thence westerly and along the outer end of said pier 40.4 feet;

Thence northerly and along the westerly side of said pier 457.4 feet to the inshore or northerly end of said pier;

Thence easterly and along the present bulkhead at the inshore end of said pier 40.9 feet to the point or place of beginning.

Together with all right, title and interest in and to said pier or any portion thereof not now owned by The City of New York.

Parcel "C."

The bulkhead, dock or wharf property between Piers (old) 2 and 3, East river, extending along the southerly line of South street, from the easterly side of said Pier (old) 2, to the westerly side of said Pier (old) 3, a distance of 116.61 feet, more or less.

Parcel "D."

The bulkhead, dock or wharf property extending along the southerly side of South street, beginning at the easterly side of Pier (old) 3, East river, and extending easterly therefrom, a distance of 106.4 feet, more or less, to property now owned by The City of New York.

Parcels "A" and "C" are, and each of them is, to be acquired for ferry purposes, and Parcels "B" and "D" are, and each of them is, to be acquired for the execution of a certain plan for the improvement of the water front of The City of New York, pursuant to the statutes in such case made and provided, and determined upon by the Board of Docks on the 13th day of April, 1871, and approved by the Commissioners of the

Sinking Fund on the 27th day of April, 1871, as altered and amended by the Board of Docks on the 3d day of November, 1899, which alteration and amendment was approved by the Commissioners of the Sinking Fund on the 6th day of December, 1899, and which said plan and alteration and amendment thereof are on file in the office of the Department of Docks and Ferries.

All parties and persons interested in the said wharf property, wharfage rights, terms, easements, emoluments and privileges taken or to be taken for the said improvement of the water front of The City of New York on the East river, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, Room 401, on the fourth floor of the building No. 258 Broadway, in The City of New York, Borough of Manhattan, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice, and we, the said Commissioners, will be in attendance at our office above specified on the 29th day of May, at 10 o'clock in the forenoon of that day, to hear the parties and persons in relation thereto, and at such time and place, or at such other, or further times and places as we may appoint, we shall hear such owners in relation thereto, and examine the proofs of such claimant or claimants, or such additional proofs or allegations as may be then offered by such owners, or on behalf of The City of New York.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the purpose of opening and extending of WEIHER COURT (although not yet named by proper authority), between Washington avenue and Third avenue, in the Twenty-third Ward, Borough of The Bronx, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, First Department, at a Special Term of said Court, to be held at Part III, thereof, in the County Court House, in the Borough of Manhattan, in The City of New York, on Thursday, the 24th day of May, 1906, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and Assessment in the above-entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for the purpose of opening and extending of Weiher Court (although not yet named by proper authority), between Washington avenue and Third avenue, in the Twenty-third Ward, Borough of The Bronx, City of New York, being the following-described lots, pieces or parcels of land, viz:

Beginning at a point in the western line of Third avenue distant 146.89 feet southerly from the intersection of said line with the southern line of East One Hundred and Sixty-fifth street;

1. Thence southerly along the western line of Third avenue for 25.15 feet;

2. Thence westerly deflecting 96 degrees 18 minutes 30 seconds to the right for 146.12 feet;

3. Thence southerly deflecting 90 degrees 12 minutes 37 seconds to the left for 3 feet;

4. Thence westerly deflecting 90 degrees 12 minutes 37 seconds to the right for 161 feet;

5. Thence northerly deflecting 89 degrees 47 minutes 23 seconds to the right for 3 feet;

6. Thence westerly deflecting 89 degrees 47 minutes 23 seconds to the left for 105 feet to the eastern line of Washington avenue;

7. Thence northerly along last-mentioned line for 25 feet;

8. Thence easterly deflecting 90 degrees 12 minutes 37 seconds to the right for 105 feet;

9. Thence northerly deflecting 90 degrees 12 minutes 37 seconds to the left for 7 feet;

10. Thence easterly deflecting 90 degrees 12 minutes 37 seconds to the right for 161 feet;

11. Thence southerly deflecting 89 degrees 47 minutes 23 seconds to the right for 7 feet;

12. Thence easterly for 143.45 feet to the point of beginning.

Weiher Court is laid out on two maps, entitled "Map or Plan showing the locating and laying out of Weiher Court in the block bounded by East One Hundred and Sixty-fourth street, Washington avenue, East One Hundred and Sixty-fifth street and Third avenue," running east of the easterly side of Washington avenue for about 266 feet in the Twenty-third Ward, Borough of The Bronx, City of New York, and "Map or Plan showing the proposed extension of Weiher Court, from its easterly end to Third avenue, in the Twenty-third Ward, Borough of The Bronx, City of New York," which maps were filed in the office of the President of the Borough of The Bronx on June 24, 1902, and January 2, 1906; in the office of the Register of the County of New York on June 23, 1902, as Map No. 335, and December 29, 1905, as Map No. 1103, and in the office of the Counsel to the Corporation of The City of New York on or about the same dates as Maps Nos. 8 and 25, all respectively.

The land to be taken for Weiher Court is located in Block 2369 of Section 9 of the Land Map of The City of New York.

FIRST DEPARTMENT.

In the matter of the application of The Mayor, Aldermen and Commonality of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the purpose of opening MORRIS AVENUE (although not yet named by proper authority), from the east side of the New York and Harlem Railroad to the Grand Boulevard and Concourse, as the same has been heretofore designated as a first-class street or road, in the Twenty-third and Twenty-fourth Wards of The City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate of assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 23d day of May, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 25th day of May, 1906, at 11 o'clock a. m.

Second—That the abstract of our said supplemental and amended estimate of assessment, together with our benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 2d day of June, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at a point formed by the intersection of a line parallel to and 100 feet southeasterly from the southeasterly line of Cortlandt avenue with a line parallel to and 100 feet southeasterly from the southeasterly line of East One Hundred and Forty-ninth street; running thence northwesterly along said last-mentioned parallel line to its intersection with the southeasterly line of Spencer place; thence northeasterly along a straight line to a point formed by the intersection of the northeasterly line of East One Hundred and Fifty-third street with a line parallel to and 100 feet northwesterly from the northwesterly line of Sheridan avenue; thence northeasterly along said parallel line to its intersection with a line parallel to and 100 feet southwesterly from the southwesterly line of Belmont street; thence northwesterly along said last-mentioned parallel line to its intersection with a line parallel to and 100 feet northwesterly from the northwesterly line of Walton avenue; thence northeasterly along said last-mentioned parallel line to its intersection with the southwesterly line of Burnside avenue; thence in a general direction southeasterly along said southwesterly line of Burnside avenue to its intersection with a line parallel to and 100 feet southeasterly from the southeasterly line of Grand Boulevard and Concourse; thence southwesterly along said parallel line to its intersection with a line parallel to and 100 feet easterly from the easterly line of Monroe avenue; thence southerly along said last-mentioned parallel line to its intersection with a line parallel to and 100 feet southerly from the southerly line of Belmont street; thence westerly along said last-mentioned parallel line to its intersection with the middle line of Claremont Park; thence southerly and southwesterly along said middle line and its prolongation to its intersection with a line parallel to and 100 feet northeasterly from the northeasterly line of Teller avenue; thence southeasterly, southerly and southwesterly along said parallel line to its intersection with the northwesterly prolongation of a line parallel to and 100 feet northeasterly from the northeasterly line of East One Hundred and Sixty-second street; thence southeasterly along said last-mentioned prolongation and parallel line and its southeasterly prolongation to its intersection with a line parallel to and 100 feet southeasterly from the southeasterly line of Courtlandt avenue; thence southwesterly along said last-mentioned parallel line to the point or place of beginning; as such streets are shown upon the final maps and profiles of the Twenty-third and Twenty-fourth Wards of The City of New York, excepting from said area all streets, avenues and roads, or portions thereof, heretofore legally opened, as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 1st day of October, 1906, at the opening of the Court on that day.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, by the Corporation Counsel, for the appointment of Commissioners of Estimate and Assessment to ascertain and determine the compensation which should justly be made for the discontinuance and closing of WEST ONE HUNDRED AND FIFTY-FIRST STREET, from the easterly side of Riverside drive extension to the United States bulkhead line, Hudson river, in the Twelfth Ward, in the Borough of Manhattan, in The City of New York.

NOTICE IS HEREBY GIVEN, PURSUANT to the statutes thereto relating, that it is the intention of the Corporation Counsel to make application to a Special Term of the Supreme Court, First Department, to be held at Part III. thereof, in the County Court House, in the Borough of Manhattan, in The City of New York, on Friday, the 18th day of May, 1906, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of three discreet and disinterested persons as Commissioners of Estimate and Assessment, who are to ascertain and determine the compensation which should justly be made to the several owners, lessees and parties respectively entitled unto or interested in the lands, tenements and hereditaments and premises, or rights or interests therein taken, affected or damaged, extinguished or destroyed, by the discontinuance and closing of that part of West One Hundred and Fifty-first street, from the easterly side of Riverside drive extension to the United States bulkhead line, Hudson river, in the Twelfth Ward, in the Borough of Manhattan, in The City of New York, which is more particularly bounded and described as follows, to wit:

Beginning at a point in the northerly line of West One Hundred and Fifty-first street distant 470 feet westerly from Broadway; thence westerly along the northerly line of said street distant 340.92 feet to the easterly line of Twelfth avenue; thence southerly along the said line distant 63.01 feet to the southerly line of said West One Hundred and Fifty-first street; thence easterly along said line, distance 338.55 feet to a point distant 453.12 feet westerly from Broadway; thence northerly, distance 62.33 feet to the point or place of beginning.

Also, beginning at a point in the northerly line of West One Hundred and Fifty-first street and the westerly line of Twelfth avenue, said point being the continuation of the northerly line of said West One Hundred and Fifty-first street; thence westerly and in continuation of said northerly line, distance 293.32 feet to the United States bulkhead line, established by the Secretary of War October 18, 1890; thence southerly along said line, distance 60.02 feet to the southerly line of said street; thence easterly along said line to the westerly line of Twelfth avenue, distance 310.14 feet; thence northerly along the westerly line of Twelfth avenue, distance 63.01 feet to the point or place of beginning.

The map or plan of The City of New York was duly changed so as to discontinue and close the aforesaid part of West One Hundred and Fifty-first street, by resolution of the Board of Estimate and Apportionment, adopted on the 7th day of July, 1905, approved by the Mayor on the 12th day of July, 1905, and the maps showing such part of West One Hundred and Fifty-first street to be discontinued and closed, were filed in the following offices:

One copy in the office of the Register of the County of New York on the 3d day of August, 1905; one copy thereof in the office of the Corporation Counsel on the 3d day of August, 1905, and one copy thereof in the office of the President of the Borough of Manhattan on the 7th day of August, 1905.

Dated New York, May 5, 1906.

SECOND DEPARTMENT.

In matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of EAST TWO HUNDRED AND TWENTY-SECOND STREET (although not yet named by proper authority), from Seventh avenue to the Hutchinson river, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by orders of the Supreme Court, bearing date the 24th day of March, 1906, and duly entered in the office of the Clerk of the County of New York at his office in the Borough of Manhattan, in The City of New York, on the 30th day of March, 1906; in the office of the Clerk of the County of Kings at his office in the Borough of Brooklyn on the 30th day of March, 1906, and in the office of the Clerk of the County of Westchester at his office at White Plains on the 24th day of March, 1906, a copy of which order was duly filed in the office of the Register of the County of New York, and indexed in the Index of Conveyances, "Annexed Territory." Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate and assessment of the loss and damage, if any, or of the benefit and advantage, if any, as the case may be, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening the above-mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 30th day of March, 1906; in the office of the Clerk of the County of Kings on the 30th day of March, 1906, and in the office of the Clerk of the County of Westchester on the 24th day of March, 1906, and a just and equitable estimate and assessment of the value of the benefit and advantage of said street or avenue so to be opened or laid out and formed, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the said respective lands, tenements, hereditaments and premises not required for the purpose of opening, laying out and forming the same, but benefited thereby, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing

the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening the said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, fourteenth floor, Nos. 90 and 92 West Broadway, Borough of Manhattan, in The City of New York, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 1st day of June, 1906, at 3:30 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 480 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department, for which the work is to be done. Plans and drawings of construction work may also be seen there.
