New York City Reformatory,

Hart's Island, N. Y. }

July 1, 1906.

Hon. FRANCIS J. LANTRY, Commissioner of Correction:

Sir—I respectfully submit herewith report of the transactions of the New York City Reformatory of Misdemeanants for the quarter ending June 30, 1906, the same being the second quarter of our existence.

On March 31 we had a total census of 96 inmates. There were fifty-two (52) commitments, eight (8) released on parole and one (1) discharged during the month of April; twenty-nine (29) commitments, twenty-one (21) released on parole and seven (7) discharged during the month of May, and forty-five (45) commitments and twenty-four (24) released on parole during the month of June, leaving a total of 161 inmates June 30, 1906.

All inmates except those who have received an advanced education were compelled to attend school half of each day and labor the other half, except Sundays and holidays.

Catholic, Protestant and Hebrew services were held at least once a week, and were well attended, although attendance is not compulsory.

Thirty (30) have been taught in the School of Telegraphy during the quarter, and twenty (20) can receive and send messages.

An average of ten (10) inmates have been engaged in painting inside of two dormitories and outside of workshop. Details of the work accomplished, such as rooms painted, etc., are submitted in the report of the Foreman Painter.

A number of inmates have been engaged in laying cosmocrete sidewalks. In all 3,176 square feet of walks have been laid. The construction of these walks consists in digging a trench 18 inches deep and 6 feet wide, which is filled in with 12 inches of cinders and ashes, 4 inches of grouting and 2 inches of cement facing.

A number of inmates have been engaged in excavating and laying concrete foundation for a 40-ton ice plant; also in digging trenches for underground telephone and electric lighting wires.

While most of the work performed has been outside labor, something has also been accomplished in the shops. During this quarter we have made 79 dozen pairs women's stockings and 137 dozen pairs of men's socks; have repaired 134 pairs of

inmates' shoes and cut from patterns 1,280 pairs men's brogans and 1,190 pairs of women's lace shoes.

Individual motors have been installed to machines in the shoe factory, and as soon as they are in running order work in shoemaking will be commenced.

Beside occasional military drills on week days the inmates are allowed to play baseball on Saturday afternoons and holidays. In this connection I desire to mention the fact that we have had quite a few volunteer entertainments given by outside friends of the institution, and a great minstrel entertainment by the Young Folks' League of Congregation Shaari Zedek of Brooklyn, consisting of a chorus of about forty voices, is worthy of special mention.

Respectfully submitted,

JOHN E. VAN DE CARR, Overseer.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done.
