Appeal 56—159 N. B., 1904, Nos. 615 and 617 West Fifty-fifth street, Manhattan, Wm. Collins, appellant. Laid over.

Mr. A. B. Foans appeared before the Board.

On motion, referred to Chief Croker for examination and report.

Appeal 58—New Building 200 of 1904, No. 181 Seventh avenue, Manhattan, H. E. Armstrong, appellant.

Wooden structure within fire limits is unlawful.

Coal pocket to be covered with corrugated galvanized steel, leaving a 12-inch air space between wood and corrugated steel.

Is not built against any other building.

Surrounding property belong to same estate.

Claim steel covering makes building fireproof.

Cheaper.

More practical.

On motion, referred to Chief Croker for examination and report with recommendation.

Appeal 59—New Building 96 of 1904, southwest corner Eighty-ninth street and Central Park, West, Manhattan, Robt. T. Lyons, appellant.

No. 1. Including pent-house, building is 13 stories and height exceeds 150 feet, so that it should be entirely constructed of non-inflammable material.

It is the belief of the appellant that the law was not intended to apply to pent-houses of reasonable area above the twelfth story.

Will the provisions of section 105 of the Code as to fireproofing for building above 12 stories and over 150 feet in height apply in this case.

The appellant's reasons for desiring a favorable decision on the question to be passed upon are as follows:

1. All walls at the terminals of pent-house will be carried up to the full height.
 2. The floor will be furnished in cement.
 3. Wire-glass will be used wherever glass is necessary.
 4. Proper skylights will be provided.
 5. The roof of pent-house will not be more than 150 feet above curb level.
 6. All woodwork entering into the construction of pent-house will be fireproofed by the process which is fully accepted and approved by the Bureau of Buildings.
 7. The pent-house will be constructed wholly fireproof.
 8. Two standpipes with hose connections and outlets in the pent-house will be provided.
 9. Pent-house will not cover more than 50.8 per cent. of the roof area.
- Mr. Robt. T. Lyons appeared before the Board.
On motion, denied.
Adjourned.

THOMAS F. DONOHUE, Clerk.

BOARD OF EXAMINERS.

MAY 3, 1904.

Present—Messrs. William J. Fryer, Charles Buek, William C. Smith, Charles G. Smith, Edward F. Croker and Walter Cook (Chairman).

Meeting called to order at 3 P. M.

On motion, minutes approved as read.

Appeal 47—On motion, dismissed, the appellant having failed to appear, as requested, for two consecutive meetings.

Appeal 57—On presentation of report and on motion, appeal was denied.

Appeal 60—F. S. C. 22 of 1904, No. 614 East Eighty-third street, Manhattan, G. Knoche, appellant.

On motion, referred to Chief Croker for examination and report, with recommendation.

Appeal 61—N. B. 96, 1904, observation tower foot of West Eighth street, Coney Island, Brooklyn, Kirby, Petit & Green, appellants.

That the permit granted for erection of tower, stated that the tower was to be for the purposes of a water supply, and public was not to be admitted.

The rules and regulations of the President of the said borough, or the provisions of law or ordinances do not apply.

Shall the two electric elevators described in application, and furnished by A. B. See Electric Elevator Company, be installed in the observation tower as aforesaid?

The construction of the tower is sufficiently strong to permit of the installation and use of elevators, and there are no valid reasons why the elevators should not be permitted.

Mr. Petit appeared before the Board.

On motion, referred to committee for examination and report (Chief Croker and Mr. Smith, C. G.).

Mr. Fryer was then excused.

Appeal 62—N. B. 291 of 1904, No. 43 Fifth avenue, Manhattan, Henry Andersen, appellant.

"Fire-escapes are required."

Fire-escapes are not required on this building.

Why the fire-escapes should not be left off.

The building being fire-proof throughout, and as there are only two families on each floor, and as there is a fire-proof stairway in the building, and two elevators, the appellant sees no reason why the fire-escape should not be left off.

Mr. A. Waters appeared before the Board.

On motion, laid over, the Clerk being directed to write the Bureau of Buildings for further information.

Adjourned.

THOMAS F. DONOHUE, Clerk.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
