J. W. STEVENSON, Secretary.

j29, 30.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to alter the map or plan of The City of New York, by changing the lines of East One Hundred and Sixty-second street, from River avenue to the intersection of Walton avenue and Grand Boulevard and Concourse approach, in the Borough of The Bronx, City of New York, and that a meeting of said Board will be held in the Old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 6th day of February, 1903, at 2.30 o'clock p. m., at which such proposed change of lines will be considered by said Board, all of which is more particularly set forth and described in the following resolutions adopted by the Board on the 16th day of January, 1903, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, deeming it for the public interest so to do, proposes to alter the map or plan of The City of New York, by changing the lines of East One Hundred and Sixty-second street, from River avenue to the intersection of Walton avenue and Grand Boulevard and Concourse approach, in the Borough of The Bronx, City of New York, more particularly described as follows:

East One Hundred and Sixty-second street, from River avenue to the intersection of Walton avenue and Grand Boulevard and Concourse approach, is to be laid out at a width of 70 feet.

From River avenue to Gerard avenue the northern line of East One Hundred and Sixty-second street, as filed and legally opened, is to be retained for the northern line of the new 70-foot street. Said northern line will connect with the western line of Gerard avenue by a curve of 40 feet radius.

Between Gerard avenue and Walton avenue the northern line of East One Hundred and Sixty-second street will intersect the eastern line of Gerard avenue at a point directly opposite where the curve of the 40-foot radius, described in the course of the northern line between River avenue and Gerard avenue, intersects the western line of Gerard avenue; said point is about 320 feet northerly of the Concourse approach.

East One Hundred and Sixty-second street to run from Gerard avenue to Walton avenue at right angles with Gerard avenue, and thence to run adjoining Walton avenue southerly until it meets the junction of Walton avenue with the Grand Boulevard and Concourse.

It is proposed to discontinue those portions of East One Hundred and Sixty-second street, between River avenue and the Grand Boulevard and Concourse approach, which are not covered by the new 70-foot street.

Twenty-five per cent. of the purchase money must be paid to the auctioneer in cash at the time and place of sale; the balance of the purchase money to be paid to Charles A. Berrian, at his office, No. 141 Broadway, before 12 o'clock a. m. on the 5th day of February, 1903.

All the buildings and their foundations of every class and description within the hereinbefore described area are to be torn down to the level of the existing curb and removed from the premises. All tin from roofs, and galvanized or black iron from roofs, cornices, sides of buildings or partitions, brick laid in lime mortar or in mortar which may be readily broken from the bricks, floor beams, joists, studding, flooring, ceiling, roofing boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. The building known as McClave's Office Building, on the south side of West Twenty-second street, the easterly side of which is about 75 feet west of the west side of Eleventh avenue, and having a frontage of about 42 feet on West Twenty-second street, and a depth of about 25 feet, is expressly reserved from this sale. All adjoining lots and buildings are to be removed, so as not to impair the stability of the foundations or walls of the above-described building or injure it in any way, leaving this building intact, with all the rubbish and debris cleared away from the vicinity.

The building over the passageway to the west of this building is to be removed so as to leave the walls in substantially a vertical line along the westerly side of same, and in such a condition that the Department of Docks and Ferries may place on the westerly side of this building such partitions as it may require without any unnecessary work.

All machinery and other personal property is to be removed from the buildings on or before January 26, 1903, and in case of failure so to do such machinery and personal property will be removed by this Department and stored at the expense and risk of the owner. No machinery or personal property of any description contained in said buildings will be sold.

And for the further securing of the removal of the said buildings, etc., hereinbefore mentioned, the purchaser will be required at the time of sale and the award of said property to him to execute a bond in such form and with such sureties as may be approved by the Commissioner of Docks of The City of New York, and in a penalty of one thousand (\$1,000) dollars, and he will in all things carry out the terms of sale and comply with the conditions thereof, and remove all of said property within the time required by the said terms of sale.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department, and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety, or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to the City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contracts must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
