The following communication was received from the Law Department, relative to the lease of rooms in the Gerken Building, Nos. 90 and 92 West Broadway, Borough of Manhattan:

CITY OF NEW YORK, LAW DEPARTMENT,
OFFICE OF THE CORPORATION COUNSEL.
NEW YORK, April 28, 1909.

To the Commissioners of the Sinking Fund:

GENTLEMEN—The Bureau of Street Openings, Law Department, requires additional room for use of the Examiners in condemnation proceedings.

Mr. Frederick Gerken, the owner of the premises Nos. 90 and 92 West Broadway, has consented to cancel the lease of Room 86, on the eighth floor (which does not become operative until May 1, 1909), the rental of which is \$425 per annum, and contains 210 square feet, and enter into a lease of Rooms 48 and 49 on the fourth floor, at an annual rental of \$600, and which contain 374 square feet, thereby giving the Bureau 164 additional square feet of office room at an increase of \$175 per annum.

I recommend that your Commission adopt a resolution cancelling the lease of Room 86, No. 90 and 92 West Broadway, and obtain a lease from Mr. Gerken of Rooms 48 and 49, in the same building, terminating at the same time as the present leases of the Bureau, to wit, October 1, 1911, and that authority be given to occupy these rooms in advance of the execution of the lease therefor, if your Board approves the arrangement.

Very respectfully,

F. K. PENDLETON, Corporation Counsel.

April 28, 1909.

To the Commissioners of the Sinking Fund:

GENTLEMEN—In reference to the communication of Francis K. Pendleton, Esq., Corporation Counsel, addressed to your Commission on April 28, 1909, I hereby consent to the cancellation of the lease of Room 86, in the Gerken Building, Nos. 90 and 92 West Broadway, which lease would become operative on May 1, 1909, and in consideration of the cancelling of the above lease I also agree to enter into a lease with The City of New York for Rooms 48 and 49 in the Gerken Building, Nos. 90 and 92 West Broadway, at the annual rental of \$600.

Yours very truly,

FREDERICK GERKEN.

In connection therewith the Deputy Comptroller presented the following report and offered the following resolutions:

July 10, 1909.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Corporation Counsel in a communication under date of April 28, 1909, requests that the lease heretofore authorized to be made for Rooms 86 and 87 on the eighth floor of the Gerken Building, Nos. 90 and 92 West Broadway, Borough of Manhattan, for the use of the Law Department, be cancelled, and that in place of Rooms 86 and 87 on the eighth floor, in order to provide more room for said Department, Room 87 on the eighth floor and Rooms 48 and 49 on the fourth floor of said building be leased by the City at an annual rental of \$1,025.

Mr. Frederick Gerken the lessor and owner of the Gerken Building has cancelled the lease heretofore executed by him on April 21, 1909, to the City, for Rooms 86 and 87 on the eighth floor of said building, at an annual rental of \$850 for a period of two years and five months, from May 1, 1909, to October 1, 1911.

The rental of \$1,025 per annum for Room 87 on the eighth floor and Rooms 48 and 49 on the fourth floor being reasonable and just, and in order that proper provision may be made for the requirements of the Law Department, I would respectfully recommend that a resolution be adopted by the Commissioners of the Sinking Fund, rescinding the resolution of February 11, 1909, authorizing the lease of Rooms 86 and 87 on the eighth floor, and that a new lease be entered into by the City with Frederick Gerken for Room 87 on the eighth floor and Rooms 48 and 49 on the fourth floor of the Gerken Building, Nos. 90 and 92 West Broadway, for a period of two years and five months, from May 1, 1909, to October 1, 1911, at an annual rental of \$1,025, payable quarterly, the lessor to make repairs and to furnish light, heat, elevator and janitor service.

Respectfully submitted for approval.

MORTIMER J. BROWN, Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the resolution adopted by this Board at meeting held February 11, 1909, authorizing a lease of Rooms 86 and 87 on the eighth floor of the Gerken Building, Nos. 90 and 92 West Broadway, Borough of Manhattan, for use of the Law Department, be and the same is hereby rescinded.

*Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from Frederick Gerken, of Room 87 on the eighth floor and Rooms 48 and 49 on the fourth floor of the Gerken Building, Nos. 90 and 92 West Broadway, Borough of Manhattan, for use of the Law Department, for a period of two years and five months, from May 1, 1909, at an annual rental of ten hundred and twenty-five dollars (\$1,025), payable quarterly; the lessor to make repairs and to furnish light, heat, elevator and janitor service; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolutions severally unanimously adopted.

The Deputy Comptroller presented the following report and offered the following resolution relative to the rental of premises at Nos. 128 to 132 Mott street, Borough of Manhattan, occupied by the Board of Elections:

July 10, 1909.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Board of Elections have used and occupied for a number of years the sixth loft of the premises known as Nos. 128 to 132 Mott street, Borough of Manhattan, under a lease to the City from August Mietz, at an annual rental of \$1,600, the lease for said premises having expired December 1, 1908.

The Commissioners of the Sinking Fund by a resolution adopted March 1, 1909, authorized the payment of the rent for said premises for the month of December, 1908, amounting to the sum of \$133.34.

Under date of April 21, 1909, a resolution was adopted by the Commissioners of the Sinking Fund authorizing a lease of the above mentioned premises from March 1, 1909, for a term of five years, at an annual rental of \$1,600. At a subsequent meeting under date of May 5, 1909, the resolution of April 21, 1909, authorizing said renewal, was reconsidered and referred to a Select Committee, consisting of the President of the Board of Aldermen and the City Chamberlain. At a meeting of the Commissioners of the Sinking Fund held on June 30, 1909, said Committee reported back, recommending that a renewal of the lease of the premises known as Nos. 128 to 132 Mott street, Borough of Manhattan, be made with August Mietz, for a period of five years from March 1, 1909.

You will note that the original lease having expired December 1, 1908, and that a resolution was adopted March 1, 1909, authorizing the payment of the rent for the month of December, 1908, no provision was made for the two months intervening, January and February, 1909, as between the expiration of the old lease and the beginning of the new one on March 1, 1909. In view of these conditions, I would respectfully recommend that the Commissioners of the Sinking Fund authorize the Comptroller to pay, without the necessity of entering into a lease, to August Mietz, the sum of \$266.67, rental for the premises Nos. 128 to 132 Mott street, Borough of Manhattan, for the months of January and February, 1909, the same being at the rate of \$1,600 per annum, the premises being occupied by the Board of Elections.

Respectfully submitted for approval.

MORTIMER J. BROWN, Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Comptroller be and is hereby authorized to pay to August Metz, the sum of two hundred and sixty-six dollars and sixty-seven cents (\$266.67), being the rental of premises at Nos. 128 to 132 Mott street, Borough of Manhattan, occupied by the Board of Elections, for the months of January and February, 1909, without the necessity of entering into a lease.

The report was accepted and the resolution unanimously adopted.

J. H. MCCOOEY, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby concur in the following resolution adopted by the Armory Board at meeting held July 16, 1909:

Resolved, That the bid of the Guidone & Galardi Company, Borough of Manhattan, for Item No. 1, erection and completion of an armory building for the Twenty-second Regiment Engineers, N. G., N. Y., Fort Washington avenue, One Hundred and Sixty-eighth and One Hundred and Sixty-ninth streets, Borough of Manhattan, in the sum of five hundred and fifteen thousand dollars, be accepted, being the lowest formal bid received for said work; that the same be submitted to the Commissioners of the Sinking Fund for their concurrence and to the Comptroller for his approval of the sureties

thereon, and when so approved the Chairman of this Board be authorized to execute the contract on behalf of the Board; that all the other bids be rejected and the Comptroller requested to return the deposits received from the unsuccessful bidders.

The report was accepted and the resolution unanimously adopted.

The Deputy Comptroller presented the following report and offered the following resolution relative to the action of the Armory Board in accepting the bid of the Otis Elevator Company, for installation of an electric passenger elevator in the Sixty-ninth Regiment armory, in the Borough of Manhattan:

NEW YORK, July 24, 1909.

To the Honorable the Commissioners of the Sinking Fund:

GENTLEMEN—At a meeting of the Armory Board held July 16, 1909, the following was adopted:

"Resolved, That the bid of the Otis Elevator Company, Borough of Manhattan, for Item No. 1, installation of an electric passenger elevator in the armory of the Sixty-ninth Regiment, Borough of Manhattan, in the sum of \$4,950 be accepted, being the lowest formal bid received for said work. That the same be submitted to the Commissioners of the Sinking Fund for their concurrence and to the Comptroller for his approval of the sureties thereon, and when so approved the Chairman of this Board be authorized to execute the contract on behalf of the Board; that all the other bids be rejected, and the Comptroller requested to return the deposits received from the unsuccessful bidders."

On June 2, 1909, the Armory Board received and opened the following bids for Item No. 1, installation of electric passenger elevator in the armory of the Sixty-ninth Regiment, Borough of Manhattan:

Rhode Island Elevator and Machine Company.....	\$4,949 00

Neptune B. Smyth.....	5,638 00

William Horne Company.....	5,940 00
The Maintenance Company.....	7,690 00

The lowest bid, that of the Rhode Island Elevator and Machine Company, after examination by the Corporation Counsel and the Comptroller, was declared informal on the ground that the check for the deposit was not in the form required by the advertisement.

The bid, \$4,950, of the Otis Elevator Company, Borough of Manhattan, being the lowest formal bid received, I think the Commissioners of the Sinking Fund may properly concur in the action of the Armory Board.

Respectfully,

J. H. MCCOOEY, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby concur in the following resolution adopted by the Armory Board at meeting held July 16, 1909:

Resolved, That the bid of the Otis Elevator Company, Borough of Manhattan, for Item No. 1, installation of an electric passenger elevator in the armory of the Sixty-ninth Regiment, Borough of Manhattan, in the sum of four thousand nine hundred and fifty dollars (\$4,950), be accepted, being the lowest formal bid received for said work. That the same be submitted to the Commissioners of the Sinking Fund for their concurrence, and to the Comptroller for his approval of the sureties thereon, and when so approved the Chairman of this Board be authorized to execute the contract on behalf of the Board; that all the other bids be rejected, and the Comptroller requested to return the deposits received from the unsuccessful bidders.

Ungrich, of the City's interest in and to a strip of the old Kingsbridge road, in the Borough of Manhattan, be rescinded, and that a new resolution be adopted authorizing a conveyance of the same property to Louis K. Ungrich and Henrietta L. Ungrich as trustees under the last will and testament of Louis Ungrich, deceased.

Which was laid over, the matter requiring a unanimous vote of all the members, and there being only four members present.

The Comptroller presented a report relative to the agreement approved by the Board of Estimate and Apportionment between The City of New York and the Long Island Railroad Company, providing for the exchange of certain surface and sub-surface rights to property included within the limits of the line under process of acquisition for the 72-inch pipe line extension for the Department of Water Supply, Gas and Electricity, and certain property outside of these limits of taking, and transmitted to the Commissioners of the Sinking Fund for approval.

The Deputy Comptroller presented the following report and offered the following resolutions relative to the lease of rooms at Nos. 100, 102 and 104 Court street, Borough of Brooklyn, for the use of the Children's Court (see page):

July 20, 1909.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Commissioners of the Sinking Fund, at a meeting held July 2, 1909, adopted a resolution authorizing the Comptroller to execute a renewal of the lease to the City of three floors of the building, Nos. 102 and 104 Court street, Borough of Brooklyn, for the use of the Children's Court, Second Division, for a term of three years, seven months and fifteen days, from July 1, 1909, at an annual rental of \$1,800, payable quarterly; and also

Resolved, That the Corporation Counsel was requested to prepare a lease to the City from the estate of J. D. Willis, by the executor, of the second, third and fourth floors of the premises, No. 100 Court street, Borough of Brooklyn, for the use of the Children's Court, Second Division, for a period of three years, seven months and fifteen days, from July 1, 1909, at an annual rental of \$1,700, payable quarterly, the owner to make certain alterations and repairs to fit the rooms for the purposes for which they were intended to be occupied.

The owner of the property had increased the rent on the property, Nos. 102 and 104 Court street, and it was not renewed upon the same terms and conditions; the two propositions, namely, the old lease and the new one, were to be made one lease, and my report requesting a renewal of the lease was to indicate to the Commissioners of the Sinking Fund that it was not, all of it, a new proposition.

I respectfully recommend that the Commissioners of the Sinking Fund amend the resolution adopted at said meeting, by requesting that the Corporation Counsel prepare a lease to the City of the second and third floors of the building, Nos. 102 and 104 Court street, Borough of Brooklyn, for the use of the Children's Court, Second Division, and also for the second, third and fourth floors of the premises, No. 100 Court street, Borough of Brooklyn, for the use of the Children's Court, Second Division, in said Borough, for a period of three years, seven months and fifteen days, from July 1, 1909, at an annual rental of \$3,500, payable quarterly, the owner to repair the roof and make the same tight, and keep in good condition throughout the term of the lease, and redecorate and repaint the same where necessary to be done, at the direction of the presiding Justice, of the premises, Nos. 102 and 104 Court street, now occupied as a Children's Court, and to cut an archway door between Nos. 100 and 102 Court street, on the floor one flight up, arranged either by door or some other manner, to close up the stair entrance to No. 100 Court street to the floor one flight up, same being done in accordance with the requirements of the Fire Department; the plumbing in the premises, No. 100 Court street, to be removed from its present location to the back of the building, in accordance with the requirements of the Building Department, and to install the necessary toilet facilities for men in the back of building; to cut archway between the back room and the middle room so as to give light and air on the first flight up; to remove and rearrange partition so as to make the back of the house as one room, except where it is used for toilet facilities; on the third floor, or on floor two flights up, to take down present partition in back room and rearrange it so as to provide toilet facilities for women; on the fourth floor, or three flights up, to arrange rooms in the back of house so that it shall be one room, except where toilet room is; to rearrange toilets on that floor, in accordance with the requirements of the Building Department; all of the rooms to be painted and papered

and the window shutters to be removed from the front of the building; and also to make such other alterations and repairs, at the request of the presiding Justice, as may be necessary for the purposes for which it is intended to be used, although not herein specifically mentioned; all of the work to be done in accordance with the requirements of the Building Department and in accordance with the ordinance of the City; and anything to be done, not herein specifically mentioned, that the ordinances or Departments require, must and shall be done by the owner of the property at his own cost and expense; and in addition, he shall pay the taxes, make the repairs inside and outside of the building during the term of the lease, and shall pay for the water used on the premises. Lessor, estate of J. D. Willis, by Theodore B. Willis, executor.

Respectfully,

MORTIMER J. BROWN, Appraiser of Real Estate, Department of Finance.

The report was accepted and the resolutions severally unanimously adopted.

The Deputy Comptroller presented the following report recommending an amendment to the resolution adopted July 2, 1909, authorizing a lease of premises on Anable street, First Ward, Borough of Queens, for the use of the Department of Taxes and Assessments and the Department of Finance (see page):

July 21, 1909.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Commissioners of the Sinking Fund, at a meeting held July 2, 1909, adopted a resolution authorizing a lease from Stuard Hirschman, of property located in the First Ward, Borough of Queens, specifically mentioned in said resolution, for the use of the Department of Taxes, Department of Finance, and leases have been drawn by the Corporation Counsel, as required by the Charter, for the purpose of submitting the same to Mr. Hirschman for his signature. There are one or two clauses in the leases which were left out of the report and resolution and which Mr. Hirschman desires to have inserted. I do not see why the same should not be inserted, both for his protection as well as the protection of the City. I therefore respectfully recommend that the resolution adopted on July 2, 1909, authorizing said lease, be amended by inserting the following:

In the third paragraph of said resolution, after the words "the lease is to be for a period of five years from the date of occupation," insert therein the words (which said occupation shall not be later than March 1, 1910).

In the fourth paragraph of the said resolution, after the words, "the lease to contain a clause that in the event of the owner erecting a building greater in height than the three stories mentioned herein to be under lease, and any portion of the upper stories to be rented," after the word "rented" insert the words "by the said Stuard Hirschman, his successors or assigns." Also to amend said resolution by inserting three additional paragraphs:

"That no alterations or additions or improvements shall be made by the City upon that part occupied by the City without the written consent of the owner."

"That in the case of any damage or injury occurring to the glass in that part of the building occupied by the City, or damage or injury to said premises so occupied, of any nature or kind whatsoever, said damage or injury being caused by the carelessness, negligence or improper conduct on the part of the City, its agents or employees, the City shall cause the said damage or injury to be repaired as speedily as possible at its own cost and expense."

"The owner shall not be liable, in case the City shall sustain any damage or injury to its personal property by carelessness, negligence or improper conduct on the part of its employees or agents, or on the part of any other tenant, by reason of the breakage, leakage or obstruction of the croton water or soil pipes, or other leakage in or about said building, except that which would be caused from the defects in the roof of said building, but the said owner shall cause the said damage or injury to be repaired as speedily as possible, at his own cost and expense."

Respectfully submitted for approval,

MORTIMER J. BROWN, Appraiser of Real Estate, Department of Finance.

Approved:

N. TAYLOR PHILLIPS, Deputy and Acting Comptroller.

A resolution to amend the resolution adopted July 2, 1909, as recommended, was offered for adoption.

The Chamberlain moved to strike out from the proposed amendment the words "by said Stuard Hirschman, his successors or assigns," in the fourth paragraph.

Motion carried.

The resolution as amended was then offered for adoption as follows:

Resolved, That the resolution adopted by this Board at meeting held July 2, 1909, authorizing a lease of premises in the building to be erected upon a strip of land situated on the southerly side of Anable street, 150 feet east of Jackson avenue, in the First Ward, Borough of Queens, for use of the Department of Taxes and Assessments and the Department of Finance (Collector of Assessments and Arrears), be and the same is hereby amended by inserting the following:

In the third paragraph of said resolution, after the words "the lease is to be for a period of five years from the date of occupation," insert therein the words "(which said occupation shall not be later than March 1, 1910)."

Also to amend said resolution by inserting three additional paragraphs:

"That no alterations or additions or improvements shall be made by the City upon that part occupied by the City without the written consent of the owner."

"That in the case of any damage or injury occurring to the glass in that part of the building occupied by the City, or damage or injury to said premises so occupied, of any nature or kind whatsoever, said damage or injury being caused by the carelessness, negligence or improper conduct on the part of the City, its agents or employees, the City shall cause the said damage or injury to be repaired as speedily as possible at its own cost and expense."

"The owner shall not be liable, in case the City shall sustain any damage or injury to its personal property by carelessness, negligence or improper conduct on the part of its employees or agents, or on the part of any other tenant, by reason of the breakage, leakage or obstruction of the croton water or soil pipes, or other leakage in or about said building, except that which would be caused from the defects in the roof of said building, but the said owner shall cause the said damage or injury to be repaired as speedily as possible, at his own cost and expense."

Which resolution was unanimously adopted.

The Deputy Comptroller presented the following statement and offered the following resolution relative to bill of William B. Tubby for services as architect in the matter of constructing buildings on Wallabout Market lands, in the Borough of Brooklyn:

April 8, 1909.

Hon. HERMAN A. METZ, Comptroller:

SIR—Bills of William B. Tubby, in amount five hundred and seventeen dollars and sixty-four cents (\$517.64), for services as architect in the matter of constructing buildings on Wallabout Market lands, in the Borough of Brooklyn, are awaiting payment in Auditing Bureau.

Under the original contract with the City of Brooklyn such bills were paid from the market revenues. Since consolidation these revenues have been paid into the Sinking Fund for the Redemption of the City Debt, No. 1, and transfers have been made from time to time to the City Treasury of amounts to meet such bills when presented.

A resolution for a similar transfer to meet the above bills is herewith submitted.

Respectfully,

F. W. SMITH, Chief Accountant and Bookkeeper.

CITY OF NEW YORK, LAW DEPARTMENT,
OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, July 12, 1909.

Hon. HERMAN A. METZ, Comptroller:

SIR—I am in receipt of a communication from N. Taylor Phillips, Deputy Comptroller, bearing date April 26, 1909, and enclosing a contract made September 18, 1897, between the City of Brooklyn and W. B. Tubby, for architectural services in designing plans and supervising the construction of buildings to be erected upon the Wallabout Market property. Authority to enter into such a contract was, by section 3, chapter 569 of the Laws of 1894, vested in the Commissioner of City Works of the City of Brooklyn, and the expense was made payable by the same act, as amended by chapter 85 of the Laws of 1906, from the rental and fees derived from Wallabout Market.

The Deputy Comptroller calls my attention to the fact that such rentals and fees were, prior to consolidation, paid into the general Revenue Fund of the City of Brooklyn, but since consolidation following the New York City Ordinances governing market rents and fees, they have been deposited in the Sinking Fund for the Redemption of the City Debt No. 1. He also informs me that Mr. Tubby has, from time to time, presented bills for services rendered under this contract, and that an amount to meet the same has been, by resolution of the Commissioners of the Sinking Fund, transferred from the Sinking Fund Redemption No. 1 to the City Treasury account, Wallabout Market, Borough of Brooklyn, Expenses for Designs and Superintendence of Construction of Buildings.

I am requested to advise you whether this action of the Sinking Fund Commissioners is legal.

I think it is. The statute and ordinance contemplates that only those fees and rentals from the Wallabout Market shall be paid into the City Treasury to which no prior charge or lien has attached. I think that it is clear that, pursuant to the contract between the Commissioner of City Works and Mr. Tubby, made by authority of statute, the moneys due Mr. Tubby should be deducted from the amount of fees and rentals paid into the Sinking Fund. Since it is probably impossible from year to year to foresee the exact amount which may be due the architect, I can see no irregularity in payment into the Sinking Fund of the entire fees and rentals derived from the Wallabout Market property and the subsequent payment to the architect by resolution of the Commissioners of the Sinking Fund, when the amounts due Mr. Tubby have been ascertained.

I return herewith the copy of the contract, forwarded by the Deputy Comptroller, and advise you that the two bills amounting to \$517.64 may properly be paid from the City Treasury account entitled Wallabout Market, Borough of Brooklyn, Expenses for Designs and Superintendence of Construction of Buildings.

Yours very truly,

WILLIAM P. BURR, Acting Corporation Counsel.

Resolved, That a warrant payable from the Sinking Fund for the Redemption of the City Debt No. 1 be drawn in favor of the City Chamberlain for the sum of five hundred and seventeen dollars and sixty-four cents (\$517.64) to be by him deposited in the City Treasury to credit of Wallabout Market, Borough of Brooklyn, Expenses for Designs and Superintendence of Construction of Buildings.

Which resolution was unanimously adopted.

Each parcel must be bid for separately and will be sold in its entirety, as described in the above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids, and that a deposit of \$500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for; (2) the amount of the bid; (3) the full name and address of the bidder.

All bids must be enclosed in properly sealed envelopes marked "Proposals to be opened August 10, 1909," and must be delivered or mailed in time for their delivery prior to 11 a. m. of that date to the "Collector of City Revenue, Room 141, No. 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

These buildings must be totally demolished by the purchaser before removal, or if removed from their present location without previous demolition, must not be relocated except upon high ground, and when so relocated must be connected with the sewerage system or such provisions made for the disposal of sewage matter as will meet with the approval of the Department of Water Supply, Gas and Electricity and of the Comptroller, upon penalty of the forfeiture to The City of New York of the buildings and the security deposited to insure compliance with the terms and conditions of the sale.

The buildings will be sold for removal only subject to the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also at the time of sale give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars, the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings, extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Village of Mount Kisco, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances or any part thereof within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, to

gether with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice, to the purchaser, cause the same to be removed and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls, are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of the City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be in closed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
