**RULES AND REGULATIONS.****Construction and Repairs.**

**Rule 1.** No piles shall be driven, nor shall any platform be erected, nor shall any filling-in or construction, repairs, alterations, removals, dredging or demolitions of any kind be made on any part of the water front of the City, without a written permit therefor being first had and obtained from the Commissioner of Docks, under a penalty of one hundred dollars for each and every violation of this rule, in addition to all damages to be recovered from the owner, lessee or occupant of any pier or bulkhead, or any water-front property or right, who shall cause or permit any such work to be done upon the premises before such permit therefor has been obtained; and there shall be a further penalty of twenty-five dollars a day for each and every day which shall elapse until any piles so driven or platform so erected or material so filled in or work so done without such permit being first obtained therefor, shall be removed after the expiration of the time specified in a notice for such removal, signed and served upon such owner, lessee or occupant by the Dock Master of the District.

**Maintenance of Structures.**  
**Rule 2.** No shed, building, office, tally-house, booth or stand shall be erected, nor shall any derrick, hoisting-mast, coal-hopper, sign or advertising device or obstruction of any kind, be placed or maintained on any pier, bulkhead, marginal street, quay, or wharf structure, nor upon any reclaimed land, without a written permit being first had and obtained from the Commissioner of Docks, and if the owner, lessee, occupant or agent of said wharf property or land shall place or permit the erection, placing or maintaining of any erection or any structure for which permit has not been duly obtained from the Commissioner, then for failure to remove, said owner, lessee, occupant or agent shall forfeit and pay a penalty of one hundred dollars in addition to all damages for each and every violation of this rule; and there shall be a further penalty of twenty-five dollars a day for each and every day which shall elapse until any such erection or structure so placed without permit being first obtained therefor, shall be removed after the expiration of the time specified in a notice for such removal signed and served upon such owner, lessee, occupant or agent by the Dock Master of the District.

**Overburdened Piers, Bulkheads, etc.**  
**Rule 3.** No cargo shall be discharged from any vessel upon any pier, bulkhead or wharf structure, at which such vessel is being unladen, after notice signed and served by the Dock Master of the District, upon the owner, consignee, master or other officer of such vessel, or stevedore, that such pier, bulkhead or structure will be endangered by the placing of additional cargo thereon, under a penalty of one hundred dollars for each and every such offense, in addition to all damages caused thereby after the service of said notice. **All goods, merchandise and materials of every kind, including any pier, bulkhead or other wharf structure, or reclaimed land, after the time designated for the removal thereof shall have expired, will be liable to be removed by the Commissioner of Docks to any warehouse or yard, at the sole risk and expense of the owner of any such goods, merchandise or materials, and all expense incurred for such removal and storage, or otherwise, shall be and become a lien thereon, and such goods, merchandise and materials will not be delivered to the owner until the expense of such removal and storage has been paid.**

**Manner of Discharging Cargoes.**

**Rule 5.** No sand, gravel or similar material shall be discharged from or loaded into any vessel unless canvas or similar material be extended from the vessel's side to the bulkhead or wharf structure at which such vessel is being unladen, to prevent the falling of the sand into the water; and if the surface of any of such wharf structures is not sufficiently tight to prevent the sand dumped thereon from going through into the water, then no sand shall be discharged thereon from any vessel, unless canvas or similar material be first laid thereon to receive the sand.

No vessel of any kind shall be loaded or discharged by horse-power, unless proper planking be provided to protect the surface of such pier, bulkhead or wharf structure from injury consequent upon the travel of the horse, or the unloading of stones or similar cargo thereupon, under a penalty of twenty-five dollars for each offense of discharging such stones or like cargo upon such pier, bulkhead or wharf structure, to be recovered from the owner, consignee or master of any such vessel, or stevedore, severally and respectively.

therefor as specified, shall be subject to a penalty of one hundred dollars for each and every offense, and a further penalty of twenty-five dollars a day for each and every day after the placing of the same on any pier, bulkhead or reclaimed land, until the removal thereof, to be recovered from the owners, agent, consignee of the vessel or of the manure, ashes, cellar dirt, garbage, offal, dead animals, or refuse of any kind so received, delivered or deposited severally and respectively.

No ashes, refuse, offal, fruit, vegetables or any other substance shall be thrown into the water surrounding or adjacent to any pier or bulkhead, or any other part of the water-front of the City, under a penalty of twenty-five dollars for each and every such offense, to be recovered from the owner, lessee or occupant, severally and respectively, of any pier, bulkhead, wharf, structure, or any property from which any such substance shall be thrown, or from the person actually throwing the same; or, if any such substance be thrown, from any vessel lying in water within the jurisdiction of the Department, whether berthed or not, then such penalty to be recovered from the owner, consignee or master of such vessel, severally and respectively.

**Inflammable Material.**

**Rule 7.** The loading or discharging or keeping on any wharf, pier or bulkhead or any lighter, barge or other craft moored to any wharf, pier or bulkhead in the City, of cotton, turpentine, rosin, hay, straw, or any explosive or other inflammable material deemed extra hazardous material in the standard policy of fire insurance in use in the State of New York, shall not be permitted unless the same is covered with tarpaulins, or other more permanent or substantial material, under a penalty of \$50 for each day or fraction of a day such cotton, turpentine, rosin, hay, straw or explosive of other inflammable material or merchandise shall remain uncovered; such penalty to be recovered from the owner, lessee or occupant of any pier, wharf or bulkhead on which such cotton, turpentine, rosin, hay, straw, explosive or other inflammable material or merchandise may be left exposed in contravention of the terms of this rule, or from the owner, lessee or occupant of any wharf, pier or bulkhead to which shall be moored any lighter, barge or other craft upon which inflammable merchandise or material shall be left uncovered as herein provided.

All rules and regulations of the Fire Department and other departments of the City Government, and all ordinances of the Board of Aldermen and of any commission or officer lawfully constituted governing the handling and storage of any of the substances hereinbefore in this rule mentioned, shall be complied with.

**Snow and Ice.**

**Rule 8.** No snow or ice shall be dumped into the waters adjacent to the water-front of the City, except from the piers, bulkheads and other places designated from time to time, by the Commissioner, for such dumping, under a penalty of twenty-five dollars for each and every such offense, to be recovered from the owner, lessee or occupant of any pier, bulkhead or other wharf property, from which any such snow or ice shall be dumped, or from the person actually dumping the same severally and respectively.

**Storage on Shedded Piers, etc.**

**Rule 9.** It shall not be lawful for the owners, lessees or occupants of any pier, wharf or bulkhead, which has been covered with a shed, pursuant to the statute in such cases made and provided, and constructed in conformity with the authority of the Department to use such shedded pier, wharf or bulkhead for the permanent storage of goods, merchandise, cargo or material of any kind which may be discharged or placed thereon. Piers, wharves and bulkheads thus shedded are designed for the protection of merchandise and cargo in transit, as prescribed by the act, and such merchandise and cargo must be removed therefrom within a reasonable period.

**Vehicles on Wharf Property.**

**Rule 10.** No unharassed truck, cart, wagon or vehicle of any description shall be placed or left at any time on any marginal street, wharf or place, or on any bulkhead, pier, or reclaimed land under the charge and control of the Department of Docks and Ferries, under a penalty of \$3, to be recovered from the owner thereof, and any unharassed truck, cart, wagon or vehicle of any description placed or left on any marginal street, wharf or place, or on any bulkhead, pier or reclaimed land under the charge and control of the Department shall be removed by the Dock Master of the District, or other authorized representative, to a place to be designated by the Commissioner of Docks, and an additional charge of not less than fifty cents per day for storage on same shall be and become a lien thereon, and such unharassed truck, cart, wagon or vehicle of any description will not be delivered to the owner until said fine and storage charge shall have been paid.

**Permits for Sand and Building Material.**

**Rule 11.** No brick, sand, gravel or similar material shall be unloaded on any wharf property, unless a permit therefor shall be issued by the Superintendent, and no such material shall be unloaded on unleased City property unless an application shall be submitted to the Superintendent, accompanied by a receipt from the Dockmaster for \$10, specifying the name of the vessel from which the cargo is to be unloaded, and a permit issued therefor by the Superintendent. At the expiration of ten days from the date of said permit, if any portion of said cargo remains, a similar application, accompanied by a receipt for an additional \$10, shall be submitted as in the first instance. No vessel carrying such material or cargo shall be allowed to occupy a berth for a period longer than three days when said berth is required by another vessel. ### NOTICE TO CONTRACTORS.

### GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
