The Clerk proceeded to read the minutes of the Stated Meeting of October 30, 1906.

On motion of Alderman Brown further reading was dispensed with and the minutes were approved as printed.

MESSAGES FROM HIS HONOR THE MAYOR.

The President laid before the Board the following message from his Honor the Mayor:

No. 1244.

City of New York—Office of the Mayor,
November 12, 1906.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—I return herewith, with my disapproval, resolution passed by your Honorable Board on October 30, 1906, entitled "Resolution permitting holiday traffic up to and including January 5, 1907."

There is no reason, in my opinion, why these privileges should be granted for so long a period as two months. In former years (with the exception of the year 1905) the practice has been to limit the operation of such a resolution to the period of one month, beginning with the first day of December, and I think that it would be wiser, in the future, to adhere to the same rule.

In disapproving a somewhat similar resolution on April 30 of this year I stated in my message to your Honorable Board "the practice of attempting to suspend the provisions of the revised ordinances regulating the peddling and selling of goods in the public streets, which has been increasing to a very large extent during the past year, should not, in my opinion, be encouraged."

I see no reason for changing my former views in this regard, and I therefore must refuse to approve this resolution.

Respectfully,

GEO. B. McCLELLAN, Mayor.

Resolved, That permission be and the same is hereby given to storekeepers, hucksters and peddlers to stand on the sidewalk near the curb and with push carts in the carriageway near the curb on all streets and avenues of The City of New York for the sale of holiday goods, Christmas trees, toys, etc., with the consent of the property owners and the written permission of the Alderman of the District, provided a free passageway be kept on the sidewalk for all pedestrians and in the carriageway for all vehicles; said permission to continue only up to and including January 5, 1907, and the ordinance or ordinances conflicting with the foregoing provisions are hereby suspended for the period of time above-mentioned.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

PETITIONS AND COMMUNICATIONS

No. 1256.

Saratoga Springs, N. Y., November 10, 1906.

To the Chairman of the Board of Supervisors:

Dear Sir—The County Superintendents of the Poor of New York State and the citizens of Saratoga Springs extend to your Board of Supervisors a cordial invitation to the Thirty-seventh Annual Convention of the County Superintendents of the Poor, to be held in Saratoga Springs, June 25 to 28, 1907.

It is desired that your Board take action on this invitation and send a delegation of its members to the convention. Topics of vital importance will be discussed. You will learn what efforts are being made in the various counties through the Boards of Supervisors and County Superintendents of the Poor to better the condition of the poor, aged and unfortunate, and to maintain and improve the county almshouses.

We trust that you will appoint a delegation at your earliest convenience and send the name and post-office address of each delegate to Hugh P. Graham, Cohoes, N. Y., so that communications in regard to the convention may be sent from time to time to each intending delegate. The wives of delegates are included in this invitation. Mr. Graham will be glad to answer any inquiries or give any information that is desired.

Respectfully yours,

RALPH S. WISNER,

President of the Association, Superintendent of Ontario County Poor,
Canandaigua, N. Y.

S. W. PEARSE,

Superintendent of Saratoga County Poor, Ballston Spa, N. Y.

The Woman's Municipal League of The City of New York,
Riverside Branch,
New York, November 12, 1906.

To the Financial Committee of the Board of Aldermen:

Gentlemen—As dwellers upon the West Side, deeply interested in the condition of Broadway, the Riverside Branch of the Woman's Municipal League begs to solicit your influence in procuring an adequate appropriation towards the improvement of the small parks of Broadway, which have long been an offense to all those dwelling in their vicinity.

The Merchants' Association of New York,
No. 346 Broadway, Corner Leonard Street,
November 12, 1906.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen, City Hall, City:

Dear Sir—There is now pending before the Honorable Board of Aldermen an ordinance regulating the numbering of buildings throughout the Borough of Manhattan, copy of which we inclose herewith.

Recent inspection by this association shows that in many parts of the City a great number of residences and stores are without street numbers and that in nearly all parts of the City buildings that are properly numbered have the numbers affixed to the outside of the door in such manner that when the door is open, as it usually is during the day and the evening, the numbers are not visible. We have consulted with a number of our members directly affected by this ordinance. Their opinion is unanimous as to the necessity for a better system of numbering, and that the provisions of the proposed ordinance should be extended to cover all parts of the City.

We attach hereto a summary of replies received by us, including the statements of the Postmasters of New York and of Brooklyn. All the firms quoted are very large business houses, able to speak with great authority upon the question.

We respectfully urge that the passage of this ordinance is most desirable, and trust that it may be enacted by the Honorable Board of Aldermen.

Respectfully yours,

COMMITTEE ON CITY CONDITIONS,
THE MERCHANTS' ASSOCIATION OF NEW YORK,
By John C. Eames, Chairman.

Quotations from Communications Received by the Merchants' Association of New York Favoring the Adoption of an Ordinance Requiring the Proper Numbering of Buildings and Residences.

Hon. W. R. Willcox, Postmaster, The City of New York—I am heartily in favor of this measure, as it will undoubtedly be of benefit to letter carriers and facilitate the delivery of mail. With the rapid increase in the number of buildings which are constantly being erected, there is necessity, not only for the carriers that are comparatively new in the service, but for those who have been in the employ of the Postoffice for some time, for some ready means of ascertaining the street numbers of buildings as soon as they are tenanted.

George H. Roberts, Jr., Postmaster, Brooklyn, N. Y.—It appears to me that the extension of the ordinance to cover the Borough of Brooklyn would be a benefit. I know that such display of numbers would be appreciated by the carriers at this postoffice and would greatly facilitate the delivery of mail.

William H. Palmer, Jr., Secretary-Treasurer, New York Transportation Company—We believe there can be no doubt but that an ordinance of this character is badly needed. Our drivers frequently experience difficulty in locating a given number on a given street, and an ordinance of this kind would certainly be very beneficial. In our opinion this ordinance should by all means be extended to cover all of the boroughs of this City. We shall be very glad to have you use our name in favor of this ordinance.

William H. Baker, Vice-President and General Manager, Postal Telegraph-Cable Company—Its adoption and enforcement will materially facilitate the delivery of telegrams. We think the provisions of the ordinance should cover all boroughs.

John R. Butler, Vice-President, Simpson-Crawford Company—We are most heartily in favor of the ordinance. The neglect of householders and property owners in general in this respect is a most flagrant one and one that should be corrected as speedily as possible. At the present time streets are unnecessarily encumbered by the slow movement of vehicles endeavoring to search out numbers for which they have deliveries, the drivers of such vehicles very often being compelled to drive blocks beyond their destination, for the reason that not a single number can be seen which will guide them as to the proper location of their destination. In many of the smaller cities of this country such an ordinance as the one proposed has been enforced for many years, and we believe that it has been a case of neglect entirely that some positive plan of displaying house numbers has not been enforced long ago.

L. Adams, President, O'Neill-Adams Dry Goods Company—It would be a great convenience in the delivery of goods etc., if the owners of buildings were compelled to place street numbers thereon, not only in the Borough of Manhattan, but throughout the Greater City. So many residences are now without numbers that their absence causes much trouble and delay to drivers of our wagons, and we hope the ordinance may pass the Board of Aldermen and speedily become a law.

Abraham & Straus—We favor that the ordinance be extended to cover the Borough of Brooklyn.

Saks & Co.—We believe that an ordinance of this sort would be beneficial to all, in all of the boroughs, as well as the Borough of Manhattan.

Rogers, Peet & Co.—It is undoubtedly desirable that all houses should be legibly numbered, both for the convenience of City residents and visitors, as well as for the easier transaction of business, because retail merchants making delivery of purchases find that their messengers frequently lose considerable time in looking for street numbers on houses.

Any ordinance applicable to Manhattan should also apply to all the boroughs, and the ordinance should be so worded as not to work the hardship on householders which a literal compliance with the proposed requirement might subject them to.

The Fourteenth Street Store—We are heartily in favor of the project, and in our opinion it should be extended to cover all of the boroughs as well as Manhattan.

The absence of numbers on houses causes the loss of a great deal of time to our drivers. We would estimate that from 10 to 15 per cent. of our drivers' time is lost in ascertaining the numbers of houses, which are invisible from the street. It means that the man must get off his wagon, go to the door and in some instances inquire of the householder. We sincerely hope that this ordinance will be adopted.

Frederick Loeser & Co.—We believe the proposed ordinance to have the street number of buildings displayed in such a manner as to be seen from the sidewalk during the day or night to be a very good one, and we think it should be extended to cover all the boroughs as well as Manhattan.

Rothenberg & Co.—We think the ordinance a necessity. It would be a great help to our drivers. We trust that the Honorable Board of Aldermen will pass this ordinance, which will materially assist us in the delivery of merchandise.

Brill Brothers—We are in accord with the ordinance requiring buildings and residences to affix street numbers. We have four wagons and numerous boys, and from their reports they often find it difficult to locate places owing to the absence of the street number, and in our opinion this ordinance should be extended to cover all the boroughs, as well as Manhattan.

L. P. Starkweather, General Agent United States Express Company—I am heartily in favor of the ordinance and think it should be extended to the boroughs of Brooklyn and The Bronx.

Chapman & Co.—Good law. It should apply to Brooklyn as well.

Andrew Alexander—It is undoubtedly in the interests of all mercantile establishments who deliver goods from house to house to have the street numbers in plain view upon the houses. We feel the need of numbers where they do not exist in the annexed district more than we do in the City proper, and it would be in the interests of our members for the society to exert influence to have numbers on every house where it is practicable to do so.

A. D. Matthew's Sons—I can say that the delivery of goods is retarded by the absence of distinct house numbers. I acquiesce in any ordinance that would give us better results.

H. Batterman—I am heartily in favor of the ordinance now before the Board of Aldermen compelling owners to affix street numbers to their houses, so that they may be read both day and night. Drivers of our delivery suffer great inconvenience in locating houses to which packages are addressed, especially at night. Therefore it seems to me this ordinance should be passed and enforced.

Andrew Davey—The ordinance enforcing owners or occupants of buildings to place the numbers in conspicuous places should meet with universal approval. I would be glad to have you urge this matter as far as possible. I would suggest, however, that the number be not placed on the door proper, but on the front of the building over the door, as the door may be oftentimes open, and, though the number is on, yet it is hidden from the view of the inquirer. The number should be of a certain size, say not less than three inches. It seems to me, therefore, that the proper place for the number is on the front of the building over the door.

L. M. Blumstein—I heartily approve of the ordinance in favor of exposing the number on every residence in the City; in fact, in the several boroughs of the City. There is considerable difficulty experienced at the present time by merchants in delivering goods to customers where the number is not discernible from the sidewalk.

Ordinance.

The owner of every building in the Borough of Manhattan, City of New York, shall cause the street number of the same to be plainly and legibly displayed in such manner that the same may be seen and read from the sidewalk in front thereof at all times during the day and night.

Any person violating this ordinance shall be liable to a penalty of \$25, to be recovered in an action which shall be brought by the Corporation Counsel after giving thirty days' written notice to the owner of the building to comply with the ordinance. Such notice shall be given by depositing the same in a postpaid wrapper in the New York Post Office, addressed to the owner of the building at the building.

It shall be the duty of the Police Department to report to the Corporation Counsel all violations of this ordinance forthwith.

The Corporation Counsel shall furnish the Police Department with duplicates of all notices sent to the owners of buildings, and it shall be the duty of the Police Department immediately after the expiration of thirty days from the date of said notice to report to the Corporation Counsel each instance of non-compliance with the ordinance.

Which was referred to the Committee on Laws and Legislation.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The President laid before the Board the following communication from the President, Borough of Brooklyn:

No. 1259.

The City of New York,
Office of the President of the Borough of Brooklyn,
Brooklyn, October 30, 1906.

The Honorable Board of Aldermen, New York City:

Gentlemen—I forward to you herewith a communication addressed to me on October 26 by Mr. Joseph M. Lawrence, Superintendent of Public Buildings and Offices, and also form of resolution authorizing the President of the Borough to contract for the necessary repairs to the elevator in Borough Hall, Borough of Brooklyn, without public bidding. I hereby request that your Board adopt the resolution as soon as possible.

Yours very truly,

BIRD S. COLER,

President of the Borough of Brooklyn.

The City of New York,
Office of the President of the Borough of Brooklyn,
Brooklyn, October 26, 1906.

Hon. BIRD S. COLER, Borough President, Borough Hall, Brooklyn:

Dear Sir—I have obtained an estimate from the Otis Elevator Company for thoroughly repairing and changing the method of control of the elevator in Borough Hall, amounting to \$1,400. This is a matter that Superintendent Moore of the Bureau of Buildings has recently called to my attention as being necessary. May I request you to secure the approval of the Board of Aldermen, of the enclosed resolution, so that we may proceed with the work? I expect to charge the expense to the recent \$17,000 Borough Hall appropriation.

Respectfully yours,

JOSEPH M. LAWRENCE, Superintendent.

Whereas, The passenger elevator in the Brooklyn Borough Hall is in a condition dangerous to life and limb; and

Whereas, It is inexpedient to advertise for bids for a contract for its repairs, it being advantageous to the City to have repairs made by the manufacturers of the elevator,

Resolved, That the President of the Borough of Brooklyn be and is hereby authorized to contract for the necessary repairs to the elevator in the Borough Hall without public bidding, the cost of the repairs not to exceed fifteen hundred dollars (\$1,500).

Which was referred to the Committee on Public Letting.

The President laid before the Board the following communication from the Police Commissioner:

No. 1260.

Police Department of The City of New York,
No. 300 Mulberry Street,
New York, November 1, 1906.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen, City Hall:

Sir—I beg respectfully to ask that this Department be authorized to purchase thirty standard and wide-carriage typewriters in the open market in an amount not to exceed a total cost of \$3,250. This action is deemed necessary because of the fact that the typewriting machines desired are manufactured under patents, and if competing bids were obtained the low-priced machines would not answer the requirements of this Department. It is, therefore, essential to secure the necessary machines without resorting to advertisement for competing bids.

Very respectfully,

THEO. A. BINGHAM, Police Commissioner.

City of New York,
Office of the President of the Borough of Manhattan,
City Hall, October 31, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of Board of Aldermen:

Dear Sir—I inclose herewith for such action as your Honorable Board may deem proper, a copy of resolution adopted by the Local Board of the Riverside District at its meeting held on October 30, 1906, recommending to the Board of Aldermen that the triangular plot bounded by West End avenue, Broadway and One Hundred and Sixth street, be designated and hereafter known as "Bloomingdale square." There is also inclosed a copy of a petition signed by a number of property owners in the vicinity, asking that this plot of ground be named as above.

Very truly yours,

BERNARD DOWNING,

Secretary, Local Board of Riverside District.

In the Local Board of the Riverside District.

Whereas, A petition described below has been received by the President of the Borough of Manhattan, and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused the notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and of the place where there would be a meeting of this Local Board, at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, the said petition was duly submitted thereafter to the said Local Board, which did duly consider the same, and give a full hearing thereon; now therefore it is

Resolved, That the Local Board of the Riverside District does hereby recommend to the Board of Aldermen that the triangular plot of ground bounded by West End avenue, Broadway and One Hundred and Sixth street, be designated and hereafter known as "Bloomingdale square"; and it is hereby further

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Aldermen.

Adopted by the Local Board of the Riverside District on the 30th day of October, 1906, all the members present voting in favor thereof.

Attest: Bernard Downing, Secretary.

Approved this 31st day of October, 1906.

JOHN F. AHEARN,

President of the Borough of Manhattan.

New York, June 18, 1906.

To Hon. JOHN F. AHEARN, President of the Borough of Manhattan:

The subscribers, whose names are written underneath, respectfully petition you and the Local Board of The Riverside District for a certain local improvement, to wit:

To give the name of "Bloomingdale square" to the triangular plot of ground owned by the City, and bounded by Broadway, West End avenue, One Hundred and Sixth street and One Hundred and Seventh street. This is in the heart of the region formerly known as "Bloomingdale," with which the name has been associated historically for over two hundred years. The Bloomingdale Reformed Church, which has been in existence in this city for one hundred years, is now erecting a new church edifice on West End avenue, between One Hundred and Sixth and One Hundred and Seventh streets, directly opposite this square, which at present has no official title. It would be of great benefit not only to the church, but to the entire neighborhood, if the name of "Bloomingdale square" were adopted, thus localizing and preserving that historic name.

—and they hereby request that you appoint a time for a meeting of the said Local Board, and that you submit this petition to said Board and do all such other acts as may be required of you by law, in order that the local improvement above described may be initiated and obtained or constructed.

The President laid before the Board the following communication from the Comptroller:

No. 1262.

Department of Finance—City of New York,
November 3, 1906.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Sir—The Board of Estimate and Apportionment, at its meeting held June 22, 1906, adopted a resolution approving of the issue of Corporate Stock of The City of New York to an amount not exceeding \$5,000 to provide means to pay the expenses of the preparation of the necessary plans and specifications for the construction of a building for the Sixth District Municipal Court in the Borough of Brooklyn. This resolution was transmitted to the Board of Aldermen, and under date of July 2, 1906, the Board of Aldermen adopted a resolution authorizing the Comptroller to issue Corporate Stock in the said amount, as provided by section 169 of the Greater New York Charter. This resolution received the approval of His Honor the Mayor on July 10, 1906.

It now appears that the Presiding Justice of the District, the Hon. Lucien Bayliss, desires other quarters, and the Police Commissioner, under date of November 1, 1906, has requested the Commissioners of the Sinking Fund to assign the property for his use.

I would therefore respectfully recommend that the matter be presented to the Board of Aldermen at an early date, for the rescinding of the resolution of July 2, 1906.

Respectfully,

H. A. METZ, Comptroller.

P. J. SCULLY, Esq., City Clerk, City Hall, Borough of Manhattan, New York City:

Dear Sir—I herewith tender my resignation to the Board of Aldermen as a Commissioner of Deeds of The City of New York, to take effect immediately. I now reside outside the State of New York. Kindly advise me, if convenient, of the acceptance of such resignation. My term of office expires on July 25, 1907.

Yours respectfully,

DAVID STEWART EDGAR.

Which resignation was accepted.

The President laid before the Board the following communication from the Jamaica Bay Improvement Commission:

No. 1265.

Jamaica Bay Improvement Commission,
No. 215 Montague Street, Brooklyn,
New York City, October 25, 1906.

To the Honorable the Board of Aldermen, City of New York:

Gentlemen—In pursuance of a resolution of the Sinking Fund Commission, dated December 13, 1905, approved by the Board of Estimate on March 2, 1906, and concurred in and approved by the Board of Aldermen on April 10, 1906, His Honor the Mayor, on April 26 of this year appointed the undersigned a Commission to report as follows:

First—Upon the general improvement and development of Jamaica Bay, together with plans for the physical improvement and cost of same.

Second—Upon the general condition of the water front of the boroughs of The Bronx, Brooklyn, Queens and Richmond, etc.

In the Mayor's letter of appointment, the Commissioners were asked to report before December 31, 1906. The Board of Aldermen had requested that the report be made by December 1, and the Comptroller's office regards this date as binding. As it is now but five or six weeks until the date mentioned, the Commissioners desire to state the condition of the work at the present time and to request that they be allowed an additional six months in which to file their report.

The Commissioners have collected and compiled a large amount of valuable data from the United States Coast and Geodetic Survey, from the Department of Docks and Ferries, and from the Topographical Bureaus of the Boroughs of Brooklyn and Queens, concerning Jamaica Bay.

They have made surveys of portions of the Bay where reliable data were not to be had, and they are still continuing field work, a considerable amount of which is still unfinished.

They have new maps in course of construction and well advanced, which are believed to be the most reliable and complete to date.

They have also collected valuable statistics bearing upon the subject.

But the preliminary work is by no means complete.

The reasons for requesting additional time are:

First—Because it soon became apparent that the original time allowance was inadequate for work of such importance and scope.

Second—Because it was impossible to get a sufficiently large working force for a considerable period, owing to the scarcity of engineers and the restrictions of the Municipal Civil Service rules.

Third—The Commission has only received this week from the Department of Law rulings as to legal questions upon which depends the extent of the engineering work to be considered.

Fourth—The United States Army engineers are now making surveys of Rockaway Inlet and Bar, upon which to base recommendations to Congress as to the opening of the channel into Jamaica Bay. They will scarcely be ready before January. The recommendations of this Commission as to the improvement of the interior of the bay must depend largely upon what the United States Government will do at the Inlet.

Jamaica Bay has a shore line, including its mainland and principal islands, of over forty miles, and an area, including its adjoining marsh lands, approximately one-fourth the size of the total area of the boroughs of Brooklyn and Queens.

The importance and magnitude of the work to be considered are such that the Commission finds it impossible to complete a proper report within the time limit as now fixed.

Respectfully,

PHILIP P. FARLEY,
WILLIAM G. FORD,
JOHN J. McLAUGHLIN.

Which was ordered on file.

The President laid before the Board the following communication from the Public Administrator:

No. 1266.

Bureau of Public Administrator,
New York, October 31, 1906.

To the Honorable the Board of Aldermen:

Pursuant to chapter 230, section 30, of the Laws of 1898, the undersigned hereby reports a transcript of such of his accounts as have been closed or finally settled, and of those on which any money has been received by him as part of the proceeds of any estate on which he has administered since the date of his last report.

Respectfully,

WILLIAM M. HOES,
Public Administrator of the County of New York.

Which was ordered on file.

The President laid before the Board the following communication from the Board of Estimate and Apportionment, transmitting resolution:

No. 1267.

Board of Estimate and Apportionment, City of New York,
Office of the Secretary, No. 277 Broadway,
New York, November 10, 1906.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment November 2, 1906, recommending the establishment of various grades of the positions of Assistant, Junior Assistant, Messenger, etc., in the Bureau of Street Openings, Law Department, together with copy of report of the Investigations Division, Department of Finance, approved by the Comptroller and the President, Board of Aldermen, relative thereto.

I also transmit form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,
JOSEPH HAAG, Secretary.

November 2, 1906.

Hon. HERMAN A. METZ, Comptroller.

Sir—The request of the Corporation Counsel addressed to the Board of Estimate and Apportionment under date of October 23, 1906, for the approval by that body of a new schedule of salary grades and positions in the Bureau of Street Openings of the Law Department, was referred to the Comptroller and the President of the Board of Aldermen, as a Select Committee, for consideration and report. The matter having been referred by you to the Bureau of Municipal Investigation and Statistics, a representative of this division has conferred with the officials of the Law Department regarding the reasons for the proposed designations and new salary grades.

The schedule submitted by the Corporation Counsel, for which approval is asked, is as follows:

Positions and Salaries, Bureau of Street Openings, Law Department.

Position.	Proposed Salary.
1 Assistant	\$7,500 00
1 Assistant	5,500 00
1 Assistant	4,500 00
1 Assistant	4,000 00
1 Assistant	3,500 00
3 Assistants at	3,000 00
2 Assistants at	2,750 00
2 Assistants at	2,100 00
1 Assistant	1,800 00
1 Junior Assistant	1,800 00
1 Junior Assistant	1,500 00
4 Junior Assistants at	1,200 00
2 Messengers at	1,200 00
2 Messengers at	900 00
1 Telephone Switchboard Operator	750 00
1 Chief Computer of Assessments	3,000 00
1 Computer of Assessments	2,000 00
3 Computers of Assessments at	1,650 00
4 Computers of Assessments at	1,500 00
5 Computers of Assessments at	1,200 00
1 Computer of Assessments	1,050 00
1 Topographical Draughtsman	1,950 00
1 Topographical Draughtsman	1,650 00
3 Topographical Draughtsman at	1,500 00
1 Topographical Draughtsman	1,350 00

The aggregate salaries proposed to be paid under this schedule of positions will be \$91,000 per annum. At present the number of employees and the aggregate salaries paid in the several classifications are as follows:

13 Assistants to the Corporation Counsel.....	\$39,100 00
4 Junior Assistants	5,100 00
2 Messengers	1,800 00
1 Switchboard Telephone Operator	600 00
15 Computers of Assessments	19,500 00
5 Topographical Draughtsmen	7,800 00
A total of	\$73,900 00

This would represent a net increase in the annual cost of the Bureau, in so far as it affects the positions enumerated, of \$17,100.

The cost of the maintenance of the Bureau of Street Openings is charged to the several funds for street and park openings in the different boroughs, these funds being furnished by bond issues from time to time and, in a large measure, reimbursed by assessments levied upon the properties benefited.

The Corporation Counsel states that he has made a very careful inquiry into the conditions existing in the Bureau of Street Openings, and he finds that there has been a tremendous increase in the amount of work required of the force there employed, owing to the rapid growth and development of the outlying sections of the City. At the present time there are, approximately, 250 proceedings already authorized and now in process; about 350 more proceedings pending before the Board of Estimate and Apportionment for authorization, and a great many more under way in the

various Local Boards of Improvement. Throughout the City there has been much complaint on the part of property owners on account of delay in prosecuting street opening proceedings; and it was due to this fact largely that the provisions of the City Charter, relating to these proceedings, were amended in the 1906 session of the Legislature.

By the provisions of the City Charter, as amended, a preliminary report giving appraised values of land to be taken for street openings is required to be filed by the Commissioners of Condemnation within sixty days from the filing of their oaths of office. This, and other features of the law, it is anticipated, will necessitate more prompt work and greater efficiency in the Bureau of Street Openings.

It will be noticed that the same number of Assistants to the Corporation Counsel and Computers of Assessments are to be employed; the new positions included in the schedule now under consideration being two additional Junior Assistants to the Corporation Counsel, two Messengers and one Topographical Draughtsman. The compensation of the Switchboard Telephone Operator is fixed at \$750 per annum, instead of \$600.

The Corporation Counsel, after inquiring into all of the facts, urges the Board of Estimate and Apportionment to approve the salary schedule as proposed, so as to provide for promotions and increases of salaries in his staff of Assistants for efficiency and meritorious service. There has, he says, been no promotions of consequence among the employees of this Bureau in a number of years, and that the Department must be in a position to retain the services of competent lawyers engaged in such important work; and he believes it is economy for the City to make the salary increases proposed.

The same is true of the Topographical Draughtsmen, whose services are in large demand in other Departments of the City government. The higher grade of salary is asked to be fixed so as to enable the Department to retain the services of competent men who are familiar with the work of the Bureau.

It would appear from the information obtained from the Corporation Counsel that the importance and responsibility of the positions occupied by the Assistants to the Corporation Counsel in this Bureau would entitle them to the salaries proposed; and, in view of the present accumulation of street opening proceedings and the anticipated increase in these proceedings during 1907, I would respectfully suggest that you recommend to the Board of Estimate and Apportionment the approval of the request.

Yours respectfully,

(Signed) CHARLES S. HERVEY,
Supervising Statistician and Examiner.

Approved:

(Signed)

H. A. Metz,
Comptroller.

P. F. McGowan,
President of the Board of Aldermen.

Whereas, The Board of Estimate and Apportionment at a meeting held November 2, 1906, adopted the following resolution:

Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of the following grades of positions in the Bureau of Street Openings, Law Department:

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salaries of the above named positions as set forth therein.

Which was referred to the Committee on Salaries and Offices.

The President laid before the Board the following communication from Metropolitan Sewerage Commission:

No. 1268.

Metropolitan Sewerage Commission of New York,
No. 17 Battery Place,
New York City, November 12, 1906.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen, City Hall:

Sir—I am directed by the Metropolitan Sewerage Commission of New York to request the adoption of a resolution by your Honorable Board permitting this Commission to enter into contract, without public letting, for the services of a power launch and necessary crew needed for the work of the Commission.

It is estimated that the cost of a suitable boat and crew under charter would be about four hundred and fifty dollars (\$450) per month, and that the period of the contract to be let would not exceed about six months. This Commission has carefully examined all available boats in this vicinity and has reached the conclusion that a suitable boat can best be secured by contract without public letting.

I am directed to request that your Board empower this Commission to proceed in this matter and to incur a total expense of not exceeding three thousand dollars (\$3,000).

Respectfully yours,

A. J. PROVOST, JR., Secretary.

Which was referred to the Committee on Public Letting.

In connection therewith Alderman Hann offered the following resolution:

Resolved, That, pursuant to the provisions of section 419 of the Greater New York Charter, the Metropolitan Sewerage Commission be and is hereby authorized and empowered to enter into a contract, without public letting, for the services of a power launch and the necessary crew, needed for the work of said Commission, at an expense not exceeding three thousand dollars (\$3,000).

Which was referred to the Committee on Public Letting.

REPORTS OF STANDING COMMITTEES.

Report of Committee on Finance—

No. 963.

The Committee on Finance, to whom was referred on June 26, 1906 (Minutes, page 1249), the annexed resolution in favor of an issue of \$25,000 Special Revenue Bonds for fitting up and equipping new offices for the Bureau for the Collection of Assessments and Arrears of the Department of Finance, respectfully

REPORTS:

That this has been in the Committee's hands for some time as the advisability of the expenditure was questioned, but after investigation, your Committee feel that on account of the very large amount of outstanding claims due the City for back taxes and assessments, which are represented in the records of this office, that it is good business to remove them to a more modern and fireproof building than

that in which they are at present, and to install new fireproof filing cases. The Comptroller has submitted a detailed estimate of the cost, and it seems that it will take the amount requested to do the work. Your Committee therefore recommend the adoption of the resolution.

(ORIGINAL.)

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue Special Revenue Bonds in an amount not to exceed twenty-five thousand dollars (\$25,000), to be expended for the purpose of fitting up and equipping the new offices to be occupied by the Bureau for the Collection of Assessments and Arrears of the Department of Finance, in the boroughs of Brooklyn and Manhattan.

JOHN R. DAVIES, B. W. B. BROWN, THOS. J. MULLIGAN, A. L. KLINE, JOHN DIEMER, JAMES W. REDMOND, Committee on Finance.

The Committee on Finance, to whom was recommended on October 31, 1906 (Minutes, page 1028), the annexed resolution in favor of an issue of \$25,000 Special Revenue Bonds for equipping new offices for the Bureau for the Collection of Assessments and Arrears, Department of Finance, respectfully

REPORTS:

That since the committee's previous report on this application, Comptroller Metz has notified the committee that he has decided to keep this bureau in the same building. Your committee has suggested that in view of this especially, that the amount be reduced to \$15,000, to which he agreed. Your committee favor the equipment of these offices with fireproof record cases, etc., in place of the present dilapidated furniture, especially as the records are of great value. Your committee therefore recommend the adoption of the annexed substitute resolution.

(SUBSTITUTE.)

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and hereby is requested to authorize the Comptroller to issue Special Revenue Bonds in an amount not to exceed fifteen thousand dollars (\$15,000), to be expended for the purpose of fitting up and equipping the new offices to be occupied by the Bureau for the Collection of Assessments and Arrears of the Department of Finance, in the Boroughs of Brooklyn and Manhattan.

JOHN R. DAVIES, B. W. B. BROWN, JOHN DIEMER, A. L. KLINE, THOS. J. MULLIGAN, Committee on Finance.

Which was made a Special Order for the next meeting at 2 o'clock p. m.

Subsequently, the hour of 2 o'clock having arrived, Alderman Davies called up the Special Order and moved its adoption.

The President put the question whether the Board would agree to accept said report and adopt said substitute resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Bunting, Callahan, Carter, Clifford, Cronin, Davies, Diemer, Dinwoodie, Dotzler, Doull, Dowling, Downing, Doyle, Ellery, Everson, Farrell, Freeman, Fried, Griffenhagen, Gunther, C. Hahn, J. J. Hahn, Harnischfeger, Hatton, Higgins, Keely, Kenneally, Kline, Krulish, Kuck, Kuntze, Levine, Markert, Monahan, Morris, Mulligan, Murphy, Noonan, Olvany, O'Neill, Peters, Potter, Reardon, Richter, Rowcroft, Schneider, Smith, Stapleton, Sturges, Sullivan, Torpey, Wafer, Wentz, President Cromwell, President Bermel, by Lawrence Gresser, Commissioner of Public Works; President Coler and the Vice-Chairman—60.

Reports of Committee on Salaries and Offices—

No. 1197—(G. O. No. 165).

The Committee on Salaries and Offices, to whom was referred on October 16, 1906 (Minutes, page 439), the annexed resolution endorsing action of Queens County Surrogate in fixing salary of an additional Copyist, respectfully

REPORTS:

That the matter referred to in this resolution has not been received from the Board of Estimate and Apportionment.

GENERAL ORDERS.

Alderman Davies called up General Order No. 164, being a report and resolution, as follows:

No. 1227.

The Committee on Finance, to whom was referred on October 23, 1906 (Minutes, page 485), the annexed resolution in favor of paying certain telephone bills, respectfully

REPORTS:

That having examined the subject, they therefore recommend that the said resolution be adopted.

Resolved, That the Comptroller be and he is hereby authorized and requested to draw warrants as follows:

One in favor of the New York Telephone Company for two hundred and six dollars and fifty-two cents (\$206.52), being for telephone service furnished to the office of the City Clerk for three months ending September 30, 1906.

One in favor of the New York and New Jersey Telephone Company for one hundred and ninety-four dollars and thirty-eight cents (\$194.38), being for telephone service furnished to the rooms of the Board of Aldermen in the Borough of Brooklyn, for the three months ending September 30, 1906.

One in favor of the New York and New Jersey Telephone Company for thirty dollars and forty-three cents (\$30.43), being for telephone service furnished to the office of the City Clerk in the Borough of Brooklyn, for the three months ending September 30, 1906.

The said several sums to be payment in full for all services rendered during the periods stated, and to be charged to and paid out of the appropriation entitled "City Contingencies, 1906."

JOHN R. DAVIES, B. W. B. BROWN, JAMES W. REDMOND, JOHN DIEMER, A. L. KLINE, THOS. MULLIGAN, Committee on Finance.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

No. 1270.

By the Vice-Chairman—
Whereas, Aquatic as well as athletic sport merits not only encouragement but support; and
Whereas, Other cities have established a precedent by giving practical aid to rowing and other clubs of like character; therefore
Resolved, That the accompanying letters and copy of correspondence, bearing upon the matter alluded to, be and the same are hereby referred to the Committee on Finance for the purpose of considering the advisability of an appropriation for the purpose indicated.
Resolved, further, That said Finance Committee be and is instructed to hold public hearings, in order to obtain a consensus of opinion regarding the matter herein suggested.

Harlem Regatta Association, }
New York, September 15, 1906. }

Hon. ELIAS GOODMAN:

Dear Sir—I am informed by our vice-president, Mr. Emil W. Kimmelberg, that you are in favor of an annual appropriation by the City for the encouragement of our rowing regattas on the Harlem river.

Other municipalities encourage aquatic sports by giving financial aid, and New York, it seems to us, should follow the example of our sister cities. It has been truly said:

"That the best way to make sturdy men is to offer some incentive for youths to adopt an athletic course"; and it is wisely contended "that the purifying of the blood and muscles of our young men builds up their brain cells, and makes them clean in body as well as moral in tone."

For our association I thank you for your manifest interest, and hope your noble purpose may receive the encouragement and support it deserves.

Sincerely,
EDWARD S. CONNELL,
President Harlem Regatta Association.

September 16, 1906.

Mr. EDWARD S. CONNELL, New York:

Dear Sir—I am in receipt of your favor of 15th inst., regarding an appropriation by the City towards the expenditure attending the annual regatta of your club.

It is true that I am disposed to interest myself in the matter, as reported to you by Mr. Kimmelberg but before I take any step however I would be pleased to learn something about the numerical strength of your association, the character of its membership and how many similar clubs there are in the city.

It would not be prudent to inaugurate a movement that may lead to requests for like consideration by a number of such clubs as your own. Nor would it be wise to make an exception in favor of one particular organization.

Kindly favor me with full particulars, and oblige,

Yours very truly,
ELIAS GOODMAN.

Harlem Regatta Association, }
New York, September 18, 1906. }

Hon. ELIAS GOODMAN, New York City, N. Y.:

Dear Sir—Your favor received.

The Harlem Regatta Association is made up of the following eighteen (18) rowing clubs located in different parts of Greater New York:

Atlanta Boat Club.	Metropolitan Rowing Club.
Columbia University Rowing Club.	New York Athletic Club.
Crescent Rowing Club.	Nonpareil Rowing Club.
Dauntless Rowing Club.	Nassau Boat Club.
Friendship Rowing Club.	Union Boat Club.
First Bohemian Boat Club.	Wyanoke Boat Club.
Harlem Rowing Club.	Palisade Boat Club.
Hudson Boat Club.	Sheepshead Bay Rowing Club.
Lone Star Boat Club.	Varuna Boat Club.

There are probably six thousand members in our association, all men, and with few exceptions, twenty-one years of age or over.

We sometimes have twenty thousand or more people watching our regattas from the Speedway, Washington Bridge, and from boats lined up along the Westchester shore of the river.

I don't think you will receive any similar requests for appropriations, as there is only one other rowing association in New York City (the Long Island Rowing Association). Some of the clubs of this association are members of our association.

Sincerely,
EDWARD S. CONNELL,
President Harlem Regatta Association.

City Clerk's Office, Boston, Mass., }
City Hall, October 9, 1906. }

ELIAS GOODMAN, Esq., Vice-Chairman of Board of Aldermen, New York City:

Dear Sir—Replying to yours of yesterday relative to appropriation of funds annually towards a regatta on a special holiday, I have to say that section 28 of chapter 26 of the revised laws of Massachusetts is as follows: "The city council may, by a yea and nay vote of two-thirds of the members of each branch thereof present and voting, appropriate money for armories for the use of the State militia, for the celebration of holidays and for other public purposes to an amount not exceeding in any one year one-fiftieth of one per cent. of its valuation for such year." Under authority of said statute, our city council annually appropriates money for "public celebrations."

Truly yours,
JOHN T. PRIEST, Assistant City Clerk.

Common Council, Philadelphia, }
October 11, 1906. }

ELIAS GOODMAN, Esq., Vice-Chairman, Board of Aldermen, City of New York, N. Y.:

My Dear Sir—In reply to your request for information in regard to a regatta on a special holiday, would say, that in the appropriation to the clerks of councils there is the following item:

"For the proper celebration of the Fourth of July in Independence square and to pay for music, etc., three thousand (3,000) dollars."

Of that amount, two thousand (2,000) dollars is set aside for a regatta on the Schuylkill river.

We have no general ordinance on the subject, it is simply an appropriation that is made annually.

Hoping this information will help you, I remain,

Very respectfully yours,
G. W. KOCHERSPERGER,
Chief Clerk of Common Council.

Which resolution was adopted.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS RESUMED.

The President laid before the Board the following communication from the Corporation Counsel:

No. 1271.

Law Department, Office of the Corporation Counsel, }
New York, November 12, 1906. }

P. J. SCULLY, Esq., Clerk of The City of New York:

Sir—I acknowledge the receipt of a communication from you, dated October 11, 1906, the material part of which is as follows:

"Kindly advise this office at your earliest convenience how a vacancy in the office of Recorder is filled. The position was created by chapter 488 of the Laws of 1847."

The general statute relating to the office of Recorder is section 1519 of chapter 410 of the Laws of 1882, known as "the Consolidation Act." This section provides as follows:

"Recorder, election of.

"Section 1519. There shall be elected at the general annual election in and for the city and county of New York, held in the month of November, in the year eighteen hundred and ninety-four, and in every fourteenth year thereafter, in the same manner that other county officers of said city and county are elected, a recorder for said city and county who shall hold his office for the term of fourteen years from the first day of January next after said election, on which day he shall enter upon the discharge of the duties of his office. All laws relating to general elections shall be deemed to apply to the elections authorized by this section, so far as the same are applicable thereto. In case a vacancy shall occur in the office of recorder, by death, resignation or otherwise, before or after said date, the board of aldermen are authorized to fill such vacancy. At the general election next ensuing the happening of such vacancy, an election shall be had for the full term."

At the time of the enactment of said section above referred to, the City and County of New York were coterminous and so continued to be until the enactment of the Greater New York Charter (chapter 378 of the Laws of 1897).

By virtue of section 1615 of that Charter, the Recorder of the City and County of New York became the Recorder of the County of New York, the section providing as follows:

"The foregoing does not include the office of recorder of the former city of New York which is hereby continued under the name and title of recorder of the County of New York."

Referring to section 1519 of the Consolidation Act as to vacancies in the office of Recorder, you will note that it provides:

" * * * In case a vacancy shall occur in the office of recorder by death, resignation or otherwise, before or after said date, the board of aldermen are authorized to fill such vacancy."

Before taking up the question involved in your inquiry, I would call your attention to the following:

First—Section 1519 of the Consolidation Act was enacted while the City and County of New York were coterminous. The Board of Aldermen referred to therein was the aldermen of The City of New York.

Second—The office of Recorder referred to in said section was an office of the City and County of New York.

Third—The office of Recorder as now constituted is a County office.

Fourth—The Board of Aldermen as at present constituted under the present Charter (chapter 401 of the Laws of 1901), is the Board of Aldermen of The City of New York.

The exact question to be determined, therefore, is: As the office of Recorder of the County of New York is a county office, can a vacancy in such office be filled by the Board of Aldermen of The City of New York?

It must be remembered that before the enactment of the Greater New York Charter, one of the powers of the Board of Aldermen of The City of New York was the power to fill a vacancy in the office of Recorder of the City and County of New York.

Section 46 of the Charter of 1897 provided as follows:

"Section 46. Except as otherwise provided in this act, all the powers and duties conferred or charged upon the common council or the mayor, aldermen and commonality of the city of New York, or the board of aldermen thereof, or upon the common council of the city of Brooklyn or of Long Island City, or upon any board, body or officer of any of the municipal and public corporations or parts thereof, hereby consolidated with the city of New York, as heretofore known and bounded, shall be exercised and performed by the municipal assembly of the city of New York, as hereby constituted, subject, nevertheless, to the power of approval by the mayor of said city, as provided in this act."

Section 42 of the Charter of 1901 provides as follows:

"Section 42. Except as otherwise provided in this act, all the powers and duties which on December thirty-first, eighteen hundred and ninety-seven, were conferred or charged upon the common council or the mayor, aldermen and commonality of the city of New York, or the board of aldermen thereof, or upon the common council of the city of Brooklyn or of Long Island City, or upon any board, body or officer of any of the municipal and public corporations or parts thereof, consolidated with the city of New York as heretofore known and bounded, and all the powers and duties which on January first, nineteen hundred and two, are conferred or charged upon the municipal assembly of the city of New York shall be exercised and performed by the board of

aldermen of the city of New York, as hereby constituted, subject, nevertheless, to the power of approval or disapproval by the mayor of said city, as provided in this act."

It seems to me, therefore, and I so advise you, that in case of a vacancy in the office of Recorder of the County of New York, under the provisions of section 42 of the Charter of 1901 above quoted, the power to fill such vacancy is devolved upon the Board of Aldermen of The City of New York.

Under date of October 15, 1906, you addressed to me a further communication, the substance of which is as follows:

"A few days ago I addressed a letter to you in which I asked you how the office of Recorder of the County of New York was filled in the event of a vacancy. I overlooked the fact that if you decided that such vacancy was filled by the Board of Aldermen representing the County of New York, that I should also like to be advised as to whether the President of the Board of Aldermen, the President of the Borough of Manhattan and the President of the Borough of The Bronx are entitled to vote on such proposition."

I have already answered that a vacancy in the office of Recorder of the County of New York is to be filled by the Board of Aldermen of The City of New York, and therefore all the members of the said Board, including the President of the Board of Aldermen and the Presidents of all the Boroughs of The City of New York, are entitled to participate in a vote to fill such vacancy, under section 18 of the Charter of 1901, which provides as follows:

"Sec. 18. The board of aldermen shall consist of members elected one from each of the aldermanic districts hereinafter provided for and of the president of the board of aldermen and of the presidents of the several boroughs. The president of the board of aldermen shall be chosen on a general ticket by the qualified voters of the city at the same time and for the same term as herein prescribed for the mayor. He shall be known as the president of the board of aldermen, and shall, except as herein provided, possess all the rights, privileges and powers, and perform the duties which on December thirty-first, eighteen hundred and ninety-seven, were conferred or imposed by law upon the president of the board of aldermen, of the mayor, aldermen and commonalty of the city of New York. The aldermen shall be elected at the general election in the year nineteen hundred and one, and every two years thereafter. The term of office of each member of the board of aldermen shall commence on the first day of January after his election, and shall continue for two years thereafter. The phrase, all the members of the board of aldermen, wherever used in this act, shall be taken and held to mean all the members of said board, including the president of the board of aldermen and the presidents of the several boroughs. The phrase, members elected to the board of aldermen, wherever used in this act, shall be taken and held to mean all the members of the said board, except president of the board of aldermen and the presidents of the several boroughs. Any vacancy which may occur among the members elected to the board of aldermen shall be filled by election by a majority of all the members elected thereto, of a person who must be of the same political party as the member whose place has become vacant; and the person so elected to fill any such vacancy shall serve for the unexpired portion of the term. A majority of all the members of the board of aldermen shall constitute a quorum. The salary of the president of the board shall be five thousand dollars a year, and the salaries of the aldermen shall be one thousand dollars a year."

Respectfully yours,

WILLIAM B. ELLISON, Corporation Counsel.

On motion of Aldermen Sturges the above communication was ordered printed in full in the minutes and ordered on file.

MOTIONS, ORDINANCES AND RESOLUTIONS, RESUMED.

No. 1272.

By Alderman Kline—

Resolved, That his Honor the Mayor be and he is hereby requested to return to this Board for further consideration a resolution (Int. No. 1056), being amendatory of a resolution for the purchase of coal, without public letting, by the Trustees of Bellevue and Allied Hospitals.

Which was adopted.

The paper was then received from his Honor the Mayor and is as follows:

Resolved, That the resolution authorizing the Trustees of Bellevue and Allied Hospitals to purchase in open market from month to month coal for the year 1906 to an amount not to exceed the sum of five thousand dollars, which was adopted by the Board of Aldermen June 19, 1906, and approved by the Mayor July 2, 1906, be and the same is hereby corrected and amended by striking out the figures "1906" and inserting in lieu thereof the figures "1905."

On motion of Alderman Kline the vote by which the above resolution was adopted was reconsidered.

The paper was then placed on file.

No. 1273.

By Alderman Krulish—

Whereas, The condition of the scarcity of water for domestic use in the Yorkville District, and especially the two hills, one located at the south of Eighty-sixth street and north of Eighty-second street, east of Third avenue, and one south of Seventy-fourth street and north of Fifty-ninth street, east of Third avenue, has been agitated by the Twelfth and Nineteenth Ward House and Real Estate Owners' Association, for a period of about seven or eight years; and

Whereas, This section of the City has been improved and built up with about 400 to 500 new law tenement houses, six and seven stories in height, during the last three years, and no provisions made to improve the water supply; and

Whereas, Numerous promises have been made by the Department of Water Supply to give relief and to connect the area mentioned with the high pressure service, if necessary, only one street, Eighty-fourth street, from Third avenue to Avenue A, has been supplied since August 9, 1906, with high pressure service; therefore be it

Resolved, That it is recommended to the Commissioner of Water Supply, Gas and Electricity, and the said Commissioner is hereby respectfully requested to either establish a pumping station on the east side of the Borough of Manhattan, in the locality aforementioned, if necessary, or to extend the high pressure service to the area complained of and recommended by the taxpayers.

Resolved, further, That the Board of Estimate and Apportionment be and hereby is respectfully urged to grant the necessary funds to carry out the intent of this preamble and resolution.

Which was adopted.

No. 1274.

By Alderman C. Bohn—

Resolved, That it is recommended to the Commissioner of Water Supply, Gas and Electricity, that two additional lamp-posts (making a total of four) be erected, street lamps be placed thereon and the same lighted, in front of the Bloomingdale Dutch Reformed Church, on the westerly side of Broadway, between One Hundred and Sixth and One Hundred and Seventh streets, in the Borough of Manhattan.

Which was adopted.

No. 1275.

By Alderman Grifenhagen—

Whereas, The appropriation of \$1,000,000 necessary to provide for the construction of a third track in the subway on Broadway, between One Hundredth and One Hundred and Forty-fifth streets upon the direct promise that said third track would be used for the convenience and comfort of the public for express service; and

Whereas, The Interborough Rapid Transit Company has neglected and refused to provide such express service on said track, although in operation over two years, but has during all of that time used the said track for storage purposes; therefore be it

Resolved, That the Board of Aldermen respectfully petition the Rapid Transit Commission to issue an order to the Interborough Rapid Transit Company that they immediately give the residents of Washington Heights and Inwood express service on the third track of the Broadway route between One Hundredth and One Hundred and Forty-fifth streets.

Which was adopted.

No. 1276.

By Alderman Freeman—

Resolved, That section 37 of article 4 of chapter 1 of Part II. of the Code of Ordinances, adopted October 30, 1906, and approved by the Mayor November 8,

1906, be and the same is hereby amended by striking therefrom the words "Police Justice," and inserting in lieu thereof the words "City Magistrate."

The President put the question whether the Board would agree with said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Bunting, Callahan, Carter, Cronin, Davies, Diemer, Dotzler, Doull, Dowling, Downing, Doyle, Ellery, Farrell, Freeman, Fried, Gunther, C. REPORTS OF STANDING COMMITTEES RESUMED.

Reports of Committee on Streets, Highways and Sewers—

No. 911—(G. O. No. 167).

The Committee on Streets, Highways and Sewers, to whom was referred on June 12, 1906 (Minutes, page 986), the annexed resolution in favor of numbering and renumbering certain streets in the Borough of Manhattan, respectfully

REPORTS:

That, having examined the subject, they believe the proposed improvement to be necessary.

They therefore recommend that the said resolution be adopted.

Resolved, That the President of the Borough of Manhattan be and he is hereby authorized to number and renumber, in such manner and to such extent as may be necessary, the buildings situated on the following-named streets, named pursuant to resolution adopted March 21, 1905, and approved March 27, 1905, to wit:

Two Hundred and Twenty-fifth street, Two Hundred and Twenty-sixth street, Two Hundred and Twenty-seventh street, Two Hundred and Twenty-eighth street, Marble Hill avenue and Fort Charles avenue.

SPECIAL ORDERS.

Alderman Diemer called up Special Order No. 68, being a report and resolution, as follows:

No. 1024.

The Committee on Public Letting, to which was referred, on July 10, 1906 (Minutes, page 294), the annexed resolution authorizing the Deputy Fire Commissioner of the Boroughs of Brooklyn and Queens to purchase an automobile without public letting, respectfully

REPORTS:

That on April 24, 1906, the Board of Aldermen adopted a report of the Committee on Public Letting and Finance that automobiles are necessary for the City departments to adequately meet modern conditions. Deputy Fire Commissioner Wise, who appeared before the Committee, set forth the necessity of more efficient means of communication with the widely dispersed localities in the Boroughs of Brooklyn and Queens, stating that the area of these boroughs was more than three times that of the Boroughs of Manhattan and The Bronx, where automobiles had proved their value in more prompt and effective service in case of fire. The Committee therefore recommended the adoption of said resolution.

Resolved, That, pursuant to the provisions of section 419 of the Greater New York Charter, the Deputy Fire Commissioner for the Boroughs of Brooklyn and Queens be and he is hereby authorized to purchase an automobile in the open market, without public letting, at a cost not to exceed the sum of three thousand dollars (\$3,000), provided that all conditions and restrictions heretofore prescribed with relation to the purchase of automobiles be complied with.

A. L. KLINE, FRANCIS J. O'NEILL, DAVID S. RENDT, MAX S. LEVINE, JOSEPH SCHLOSS, WM. S. CLIFFORD, Committee on Public Letting.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Bunting, Callahan, Carter, Clifford, Cronin, Davies, Diemer, Dotzler, Doull, Dowling, Downey, Doyle, Ellery, Everson, Farrell, Freeman, Fried, Grifenhagen, Gunther, C. Hahn, J. J. Hahn, Harnischfeger, Hatton, Higgins, Jacobson, Keely, Kenneally, Kline, Krulish, Kuck, Lawlor, Leverett, Levine, Linde, Markert, Moffitt, Monahan, Morris, Mulligan, Murphy, Noonan, Olvany, Peters, Potter, Reardon, Richter, Rowcroft, Schloss, Stapleton, Sturges, Sullivan, Torpey, Wafer, Wentz; President Cromwell; President Bermel, by Lawrence Gresser, Commissioner of Public Works; President Haffen, President Coler and the Vice-Chairman—62.

Negative—Aldermen Dinwoodie and O'Neill—2.

GENERAL ORDERS RESUMED.

Alderman Kline called up General Order No. 160, being a report and resolution, as follows:

No. 1116—(S. O. No. 78).

The Committee on Public Letting, to which was referred on September 19, 1906 (Minutes, page 774), the annexed communication from the Board of Education, requesting authority to purchase an auto-truck without public letting, respectfully

REPORTS:

That at a hearing on the above matter, Mr. Jones, Superintendent of School Supplies, appeared before the Committee and gave as his reasons for this request that the present method of delivering supplies to the various schools was very unsatisfactory. Experiments with auto-trucks had convinced him that the business of his department would be expedited and more economically handled if this means of transportation was adopted. It is the intention to purchase one of the trucks at the present time so as to test the practicability of auto-trucking in the worst time, that is, during the winter months. In view of the statements made by Mr. Jones, your Committee recommends the adoption of the annexed resolution.

Resolved, That, pursuant to the power conferred upon it by section 419 of the Greater New York Charter, the Board of Aldermen, deeming such course to be in the public interest, hereby authorize and empower the Board of Education to purchase a four-ton auto-truck without public letting. The cost of said auto-truck not to exceed the sum of five thousand dollars (\$5,000).

A. L. KLINE, WILLIAM CLIFFORD, FRANCIS J. O'NEILL, MAX S. LEVINE, JACOB BARTSCHERER, Committee on Public Letting.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the negative by the following vote, three-fourths of all the members elected failing to vote in favor thereof:

Affirmative—Aldermen Bartscherer, Clifford, Cronin, Dotzler, Doull, Everson, Fried, Higgins, Kenneally, Kline, Krulish, Kuck, Levine, Linde, Morris, Reardon, Schloss, Sturges, Wafer, Wentz, President Cromwell, President Bermel, by Lawrence Gresser, Commissioner of Public Works; President Coler and the Vice-Chairman—24.

Negative—Aldermen Dowling, Ellery, Freeman, Hatton, Lawlor and O'Neill.

On motion of Alderman Kline the above vote was reconsidered and the paper was made a Special Order for the next meeting at 2.30 o'clock p. m.

Alderman Diemer called up General Order No. 162, being a report and resolution, as follows:

No. 1165—(S. O. No. 79).

The Committee on Finance, to whom was referred on October 9, 1906 (Minutes, page 385), the annexed resolution in favor of an issue of Special Revenue Bonds, \$750, to pay salaries of Special Deputy Sheriffs, Borough of Brooklyn, respectfully

REPORTS:

Sheriff Flaherty appeared and exhibited telegram from the Governor directing him to take all necessary steps to ensure a peaceable primary election. He employed 125 deputies at \$5 each.

They therefore recommend that the said resolution be adopted.

Resolved, That the Board of Estimate and Apportionment be and hereby is requested, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, to authorize the Comptroller to issue Special Revenue Bonds to the amount of seven hundred and fifty dollars (\$750), the proceeds whereof shall be applied to the payment of the salaries of Special Deputy Sheriffs appointed and assigned for duty at the various voting places in the Borough of Brooklyn on primary day, September 18, 1906, the said appointments and assignments being made by the Sheriff of Kings County in accordance with an order of the Governor of the State of New York.

JOHN R. DAVIES, B. W. B. BROWN, JAMES W. REDMOND, A. L. KLINE, THOS. J. MULLIGAN, JOHN DIEMER, Committee on Finance.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the negative by the following vote, three-fourths of all the members elected failing to vote in favor thereof.

Affirmative—Aldermen Bartscherer, Brown, Bunting, Callahan, Carter, Clifford, Davies, Diemer, Dotzler, Downing, Doyle, Everson, Farrell, Grifenhagen, J. J. Hahn, Harnischfeger, Hatton, Keely, Kenneally, Kline, Krulish, Kuck, Levine, Linde, Moffitt, Morris, Mulligan, Murphy, Peters, Potter, Reardon, Richter, Rowcroft, Schloss, Schneider, Smith, Sturges, Sullivan, Wafer, Wentz, President Cromwell, President Bermel, by Lawrence Gresser, Commissioner of Public Works; President Coler and the Vice-Chairman—45.

Negative—Aldermen Ellery, Gunther, Kuntze, Lawlor, Leverett and O'Neill—6.

On motion of Alderman Diemer, the above vote was reconsidered, and the paper was made a Special Order for the next meeting at 2 o'clock p. m.

MOTIONS, ORDINANCES AND RESOLUTIONS AGAIN RESUMED.

No. 1285.

By Alderman Levine—

Resolved, That permission be and the same is hereby given to storekeepers, hucksters and peddlers to stand on the sidewalk near the curb and with pushcarts in the carriageway near the curb on all streets and avenues of The City of New York for the sale of holiday goods, Christmas trees, toys, etc., with the consent of the property owners and the written permission of the Alderman of the district, provided a free passageway be kept on the sidewalk for all pedestrians and in the carriageway for all vehicles; said permission to continue only from December 5, 1906, up to and including January 5, 1907, and the ordinance or ordinances conflicting with the foregoing provisions are hereby suspended for the period of time above mentioned.

Which was adopted.

No. 1286.

By Alderman Schloss—

Resolved, That the Corporation Counsel of The City of New York be and he is hereby requested to inform this Board as to the obligation of the builders of the subway to restore the surface of Broadway to its original condition, and, if such builders of the subway are liable under their contract for construction of the road, why action has not been taken against the said builders and contractors to enforce the restoration to the original condition of this important thoroughfare.

Which was adopted.

Alderman Sullivan moved that the Board do now adjourn.

The President put the question whether the Board would agree with said motion.

Which was decided in the affirmative.

And the President declared that the Board stood adjourned until Tuesday, November 20, 1906, at 1.30 o'clock, p. m.

P. J. SCULLY,

City Clerk, and Clerk of the Board of Aldermen.

M. CRAVEN, Commissioner.

AQUEDUCT COMMISSION.

Minutes of Stated Meeting of the Aqueduct Commissioners, Held at Their Office, No. 280 Broadway, New York City, Tuesday, August 21, 1906, at 2 p. m.

Present—The Comptroller, Commissioners Cowan (President), Ten Eyck, Ryan and Windolph and Chief Engineer Sears and William H. Burr, Expert Engineer.

In the absence of the Secretary, Frank H. Warder was designated to act as Secretary.

Minutes of August 15, 1906, were read and approved.

The Committee of Finance and Audit reported the examination and audit of estimate contained in Voucher No. 17936 amounting to \$14,479.75, which was approved and ordered certified to the Comptroller for payment by the following vote:

The Comptroller, Commissioners Cowan, Ten Eyck, Ryan and Windolph—5.

Weekly reports of the Chief Engineer for the weeks ending August 9 and 16, 1906, were referred to the Construction Committee.

The Commissioners proceeded with the consideration of the bids received on August 7, 1906, for the construction of the Croton Falls Reservoir, and the following report read:

Report No. 1475.

New York, August 15, 1906.

To the Aqueduct Commissioners:

Gentlemen—In accordance with the directions of the Aqueduct Commissioners to report on the bids received August 7, 1906, for constructing the Croton Falls Reservoir, and as to the financial standing of the bidders, including plant and their ability to do the work required, I beg to report as follows:

A letter was addressed to each of the bidders, inclosing a series of questions relating to the matter in hand, with a request for an early answer. In response to the same replies were received from all but two of the bidders, namely, Frank Bradley and the John J. Hart Company. Copies of these replies are hereto annexed. Some of these bidders were already well known on the work of this Commission, others have given references which have been confirmed by personal investigations. The result of the inquiries made is stated in each case as follows, taking the order followed in the canvass of bids:

No. 1—Ashbel G. Vermilye.

Mr. Vermilye is a young man apparently of great personal energy and ambition, with a well defined scheme for prosecuting this work. His references are unexceptional, but his experience, as shown by his replies to the questions propounded, as well as in a personal interview, has not included the handling of large contracts involving the great outlay required in the work under consideration. He has no plant on hand which could be investigated, and he made no reference to work of this sort or class which he had done; nor does he give any assurance as to the time in which his plant could be delivered on the ground. His ability to accomplish the work as contemplated is extremely doubtful. His estimate of the cost of the plant required is \$275,000. The amount of his bid is \$2817,510.60.

No. 2—James Malloy & Co.

(Associated with this bidder are Messrs. Cogan Brothers, Washington, D. C.) This bidder has done considerable work in this vicinity and in other parts of the country. Their most recent work has been the construction of the Connecticut Avenue Concrete Bridge at Washington, D. C., now very nearly completed. Mr. William H. Burr, Expert Engineer, is personally familiar with the satisfactory character and progress of this work. It is a work of first-class importance, involving the handling of large quantities of material within a limited time. A letter from the office of the Engineer Commissioner of the District of Columbia, Washington, D. C., presented by them, a copy of which is attached hereto, mentions the satisfactory manner in which this work has been prosecuted. The work referred to by this bidder as having been done in this immediate vicinity consists of the construction of three large sewers in the Borough of Brooklyn, one 13½-foot, one 12-foot and one 8-foot, inside diameter. Personal investigation has assured me that their statement is correct in this respect. They also built the earth and masonry dam at Meriden, Conn. These people are well equipped with plant and capital; their organization is well in hand, they have a well matured scheme for carrying on the work on the lines indicated in the specifications, and they are in a position to undertake this work at once and to prosecute it vigorously and to complete it within the time specified. Their estimate of the cost of the plant required is \$300,000. The amount of their bid is \$3,028,853.15.

No. 3—William J. Flanagan.

This bidder has heretofore had contracts with the Aqueduct Commissioners, viz.: the completion of the Muscote Dam and the highways and bridge abutments on the Croton River Division. The former has been completed; the latter, although practically finished, has not been fully completed as to minor details; both being many months behind contract time. His present plant and organization is fully occupied in the prosecution of his contract for constructing the Bronx Storm Relief Sewer, which is just now well begun. He claims, however, to be able to supply promptly the new plant required, but his estimate of the cost of a complete new equipment is believed to be entirely inadequate. His scheme for handling the proposed work at Croton Falls is vague and not well defined, and he offered little or no evidence of having the necessary organization for undertaking this work promptly or prosecuting it satisfactorily or within the time specified. His estimate of the cost of the plant required is \$250,000. The amount of his bid is \$3,045,217.35.

No. 4—Naughton Co. & Arthur McMullen.

This bidder presents a very full and satisfactory reply to the questions propounded. They have a record of some nine or ten years on large works in the vicinity of New York. They were bidders on the Cross river contract and the investigations made at that time by the Chief Engineer resulted in a favorable report as to their "promptness, efficiency and general contracting ability." They have a considerable plant on hand, as shown in their reply to the questions asked, which could be immediately installed on the work, and further equipment could be obtained before the limit of the capacity of the first layout was reached. Their organization appears to be efficient and available at once. Their estimate of the cost of the plant required is \$350,000. The amount of their bid is \$3,280,035.75.

No. 5—Coleman, Breuchaud & Coleman.

These bidders are well known to the Aqueduct Commissioners, having recently completed their contract for the construction of the new Croton Dam, the largest in the world. Their reply to the questions asked was very full and in much detail. Their experience in the construction of this dam in the Croton Valley is of great value. Their extensive plant would be at once available and could be removed to the site of the new work without delay. Their organization is available for immediate use, and they are in a position to undertake this work and prosecute it vigorously, and, in view of their recent record, would bring the same to a satisfactory conclusion. Their estimate of the cost of the plant required is \$400,000. The amount of their bid is \$3,394,502.

Mr. Frank Bradley and the John J. Hart Company not having made any reply to the questions asked, no report is herewith made on their account. Mr. Bradley's bid amounted to \$3,647,180.25. The John J. Hart Company's bid amounted to \$3,710,916.60.

Respectfully submitted,

WALTER H. SEARS, Chief Engineer.

I have joined the Chief Engineer in his investigations in regard to the bidders for the Croton Falls Reservoir, and I concur fully with him in the preceding report.

WILLIAM H. BURR, Expert Engineer.

CROTON FALLS RESERVOIR.

Questions to Contractors.

1. What large masonry dams have you built or what work of a similar nature have you done? None.
2. How many cubic yards of masonry were required? None.
3. What was the character of the masonry?
4. What was the contract price for the principal item of the masonry?
5. What time was allowed for the performance of the work?
6. Was the work finished on time?
7. If not, why?
8. Who was the Chief Engineer?
9. How soon could you organize a sufficient force to prosecute the work according to the schedule? One month.
10. What plant suitable for this work have you actually on hand? Itemize, giving size, capacity, etc., of the various principal units. None.
11. How long has this plant and the various parts of it been used?
12. What is its present condition?
13. How soon could the plant be moved to Croton Falls and put into working condition?
14. Where can the plant be seen now?
15. What assurance have you as to the time of delivery of the principal portions of the new plant required? None.
16. What do you estimate to be the value of the plant necessary to conduct this work according to the plans and specifications? \$275,000.

Mr. WALTER H. SEARS, Chief Engineer, Aqueduct Commission, No. 280 Broadway, New York City:

Dear Sir—Referring to our tender to the Aqueduct Commissioners submitted on August 7, for the construction of Croton Falls Reservoir work (Reservoir K), and in answer to your questions to contractors, we beg to submit the following:

In 1896-7 we built concrete dam for City of Meriden, Conn., involving concrete core and earth embankments. The height of this dam was 93 feet. We have built large amounts of masonry of various kinds for the New York, New Haven and Hartford Railroad, Baltimore and Ohio Railroad, West Shore Railroad and Norfolk and Western Railroad, and have completed several important contracts for The City of New York.

The Connecticut Avenue Bridge in Washington, D. C., now about completed, involved the placing of about 85,000 cubic yards of concrete, for which we received \$5.50 per cubic yard, we furnishing cement.

The masonry in connection with our contract for the elevation of tracks in Bridgeport, on the New York, New Haven and Hartford Railroad, amounted to about 75,000 cubic yards, and consisted of concrete and rubble; our price for the concrete was \$4.25 per cubic yard, and for the rubble masonry, stone furnished, \$2.30 per cubic yard, we furnishing the cement. This work was completed on time.

For the concrete in the Meriden Dam, our price was \$4.25 per cubic yard, we furnishing the cement.

Among the contracts completed for The City of New York we mention the following:

Tunnel trunk sewer, Sixtieth street, Brooklyn, 4,800 feet long, 13½ feet inside diameter, 13,000 yards brick masonry and 5,000 yards concrete.

Ninety-second street tunnel sewer, Borough of Brooklyn, 6,300 feet long, 12 feet inside diameter, 25,000 cubic yards brick masonry.

Bath avenue sewer, Borough of Brooklyn, 6,500 feet long, 8 feet diameter, 15,000 yards brick masonry.

Contracts in the Borough of Brooklyn aggregating about \$800,000 earth, rock excavation and masonry.

With the exception of the Meriden Dam, all the contracts mentioned were completed within the prescribed time. The reason the Meriden Dam was not completed on time was due to mistake in the borings—the original plan showed depth of 15 feet, when, as a matter of fact, we excavated 33 feet.

Our work on the Norfolk and Western Railroad, aggregating about \$1,500,000, consisted largely of excavation of rock, clay and earth, tunnel work and heavy masonry of various kinds.

The engineers in charge of the various contracts completed are as follows:

W. W. Coe, Chief Engineer, Norfolk and Western Railroad.

C. M. Ingersoll, Chief Engineer, New York, New Haven and Hartford Railroad.

H. H. Anderson, Chief Engineer, Sewers, Borough of Brooklyn.

Josiah A. Briggs, Chief Engineer, Borough of The Bronx.

Captain J. J. Morrow, Chief Engineer, Washington Bridge, Washington, D. C.

W. J. Douglas, Chief Engineer, Bridge Department, Washington, D. C.

In three weeks from the signing of contract we can be at work in force on the big dam. We have on hand plant to the value of about \$125,000, consisting of crushers with capacity of 400 cubic yards per day; concrete mixers, capacity 400 yards per day; 26 derricks with hoisting engines; three steam shovels, two locomotives, cars, steam drills, etc. Most of this plant has been in use for about two years, with the exception of the steam shovels, which are practically new. Condition of plant is first class. It would require probably two weeks to ship this plant and another two weeks to put it on the job. Some of it is in Washington, D. C., some at Bridgeport, Conn., and some in the western part of Virginia. We have already secured options on most of the plant necessary for the vigorous prosecution of this work, and, if need be, can deliver it on work in thirty to forty-five days. Our estimate of cost of plant necessary to conduct this work according to plans and specifications is \$300,000. We have available at the present time sufficient cash to purchase the necessary plant, and enough working capital besides to take care of this work.

In the past fifteen years we have completed contracts aggregating about \$7,500,000. In every instance work has been completed to the entire satisfaction of the engineer in charge, and we have never been called upon to pay a penalty for failure to complete within the specified contract time.

Yours respectfully,

(Signed) JAMES MALLOY & CO.,
By John F. Cogan, Member of Firm.

Office of the
Engineer Commissioner of the District of Columbia,
Washington, D. C., August 13, 1906.

To Whom it May Concern:

Messrs. Cogan Brothers & Forschner have executed, under contract with the District of Columbia, about four hundred thousand (400,000) cubic yards of grading on a line of Massachusetts avenue, at its intersection with Rock creek.

They are now constructing across Rock creek, under the firm name of "The District Construction Company," a concrete viaduct, composed entirely of unreinforced concrete trimmed with concrete blocks, made to simulate granite. This bridge has a length of fourteen hundred and fifty (1,450) feet, consisting of two abutments, five full-centre arches of one hundred and fifty (150) feet span, and two full-centre arches of eighty-two (82) feet span. The cost of this work will amount to approximately \$700,000, exclusive of approaches, handrails and paving, for which, as yet, no contract has been entered into. Their contract expires on the 1st of January, 1907, and will be completed well within that time. Both of the works hereinbefore mentioned were executed under my supervision and are entirely satisfactory. They have an excellent plant and have executed their work in a systematic, economical and workmanlike manner. On account of the size of the arches of the Connecticut Avenue Bridge, this work required exceptional care on the part of the contractor.

Very respectfully,

(Signed) W. J. DOUGLAS,
Engineer of Bridges of the District of Columbia.

Bronx Storm Relief Tunnel Sewer.

William J. Flanagan, Contractor,
One Hundred and Seventy-second Street and Jerome Avenue,
New York, August 10, 1906.

WALTER H. SEARS, Chief Engineer, Aqueduct Commission, No. 280 Broadway, New York, N. Y.:

Dear Sir—I inclose you herewith answers to the questions which you ask in reference to the Croton Falls Reservoir. Trusting they will be satisfactory, I remain,

Very truly yours,

(Signed) WILLIAM J. FLANAGAN.

1. What large masonry dams have you built or what work of a similar nature have you done?

A. Muscote Dam; roads, bridges, etc., Upper Croton Valley; roads, bridges, etc., Carmel (Reservoir D); Bronx Storm Relief Sewer, now under construction, and several others of more or less importance.

2. How many cubic yards of masonry were required?

A. Several hundred thousand.

3. What was the character of the masonry?

A. Dimension stone, reinforced concrete, plain concrete, dry rubble, rubble masonry, etc.

4. What was the contract price for the principal item of the masonry?

A. Always had price large enough to do the work at a profit and to the entire satisfaction of the engineer in charge.

5. What time was allowed for the performance of the work?

A. Never paid a penalty for non-completion on time and more often finished my work ahead of the specified time.

6. Was the work finished on time?

A. Answered in No. 5.

7. If not, why?

A. Unforeseen causes, such as change in plans, location, etc.

8. Who was the chief engineer?

A. Alphonse Fteley, W. R. Hill, J. Waldo Smith, W. H. Sears, Josiah A. Briggs, S. L. Cooper and many others.

9. How soon could you organize a sufficient force to prosecute the work according to schedule?

A. Immediately.

10. What plant suitable for this work have you actually on hand? Itemize, giving size, capacity, etc., of the various principal units.

A. The Allis-Chalmers, Lidgerwood, Mundy, Ingersoll-Rand Company, Yellow Pine Company, Porter Locomotive Works, Kilburn & Jacobs Manufacturing Company, Manning, Maxwell & Moore have the plant that I would require, all of which can be delivered immediately and for which I am in a position to pay spot cash. Have an abundance of second-hand plant of all descriptions, but would not think of putting old plant on a large job like this, where the best and newest and latest improved plant will not be too good.

11. How long has this plant and the various parts of it been used?

A. Answered in No. 10.

12. What is its present condition?

A. Answered in No. 10.

13. How soon could the plant be moved to Croton Falls and be put in working condition?

A. The small plant, such as teams, carts, wagons, scrapers, boilers, drills and some derricks, etc., could be at work on the job inside of one week after being ordered ahead on the work at the expiration of which time the big plant would start to arrive.

14. Where can the plant be seen now?

A. The aforementioned second-hand plant can be seen at One Hundred and Seventy-second street and Jerome avenue.

15. What assurance have you as to the time of delivery of the principal portions of the new plant required?

A. I have never experienced any trouble to get immediate shipments of new plant if a substantial payment was made with the order.

16. What do you estimate to be the value of the plant necessary to conduct this work according to the plans and specifications?

A. A quarter of a million dollars.

(Signed) WILLIAM J. FLANAGAN.

New York, August 13, 1906.

WALTER H. SEARS, Esq., Chief Engineer, Aqueduct Commission, No. 280 Broadway, New York City:

Dear Sir—In response to the questions which you have addressed to us under date of the 9th instant, we submit the following replies as to our work during the past ten years:

Question 1.

1. Holyoke dam across the Connecticut river, Holyoke, Mass., about 1,100 feet long.
2. Foundation and masonry of the bridge on the Harlem river at Kingsbridge, New York City.
3. Foundation and masonry of piers of the bridge over the Harlem river at Third avenue, New York City.
4. Foundation and masonry of the bridge over the Harlem river at One Hundred and Forty-fifth street, New York City.
5. Completion of the excavation for the foundation for the new Croton dam.
6. Approaches and tunnel under the Harlem river for the New York Rapid Transit Commission.
7. Section 5-B, New York rapid transit.
8. Substructure of the Monongahela Bridge at Pittsburg for the Wabash Railroad.
9. Substructure of bridge over the Ohio river at Mingo Junction.
10. Substructure of Pennsylvania Bridge over the Susquehanna river between Perryville and Havre-de-Grace, Md.
10. Substructure of bridge over the Potomac at Washington, D. C., taking the place of the old long bridge.
10. New stone arch bridge over the Connecticut river between Hartford and East Hartford.
11. Foundation and masonry of piers and abutments on the line of the new line of the Pennsylvania Railroad over the Hackensack Meadows connecting with the Hudson river tunnel.
11. Foundation and masonry of bridge over the Raritan river at Perth Amboy, N. J.
12. Grading and masonry for the elevation of tracks for the new Union Station at Washington, D. C.
13. Forty miles of sub-electric tracks for the Metropolitan Street Railway Company.
14. Foundations for the Fordham extension of the Manhattan Elevated Railroad.

Question 2.

1. Holyoke dam, about 50,000 cubic yards stone masonry.
2. Hartford Bridge, about 100,000 cubic yards masonry, granite facing and concrete backing.
3. New line of Pennsylvania Railroad, about 100,000 cubic yards of concrete masonry.
4. Approaches to Union Station, Washington, D. C., 150,000 cubic yards masonry, largely concrete.
5. Placed about 125,000 cubic yards of concrete in the various sub-electric lines of the Metropolitan Street Railway Company.
6. About 30,000 cubic yards of concrete in Section 5-B, in New York rapid transit.

Question 3.

1. In Holyoke dam, fine cut granite facing with rubble backing.
2. In Hartford Bridge, fine cut granite facing with concrete backing.
3. New line of Pennsylvania Railroad, cyclopean and monolithic masonry.
4. Approaches to Union Station, Washington, D. C., granite facing, rubble and concrete backing.
5. Metropolitan Street Railway work, monolithic concrete.
6. Rapid transit work, monolithic concrete.

Question 4.

The contract prices for the several works mentioned in reply to question 1, ranged from \$250,000 to \$3,000,000, the greater part of these amounts for masonry.

Question 5.

The reply to this question is comprised in the reply to question 6.

Question 6.

The Holyoke dam and such other works mentioned above that have been completed—several are now under construction—were completed within the time allowed in the contract.

Question 7.

Reply comprised to that in question 6.

Question 8.

The chief engineer of the Holyoke dam during construction was E. S. Waters, C. E., and is now in charge of James M. Sickman, C. E. The names of the engineers in charge of the other works are given on page 20 of our proposal for the Croton Falls Reservoir.

Question 9.

Within thirty days.

Question 10.

Two air compressor plants with capacity of 6,000 cubic feet of free air per minute, consisting of compressors, boilers, feed pumps and receivers; 35 steam drills with

complete quarry plant, consisting of blacksmiths' outfit, drill steel, batteries, air hose, quarry chains and magazines; 25 12-ton derricks 80-foot masts, 75-foot booms, complete; 18 6-ton derricks complete; 40 double drum hoisting engines, 1 1,600-foot 10-ton cableway; 1 950-foot 10-ton cableway; 6 300-foot 2½-ton cableways; 2 steam shovels; 4 locomotives; 40 4-yard cars; 2 5-ton electric cranes, 50-foot span for handling concrete blocks; 2 6-inch centrifugal pumps; 4 direct acting pumps; 20 2-yard buckets; 30 1-yard buckets. One machine shop complete with drill press, lathe, planers, pipe and bolt cutter. Track construction plant, consisting of rail benders, gauges, jacks, mauls, bars, wrenches, picks and sledges. Road construction plant, consisting of one 10-ton Pioneer road roller, scrapers, plows, shovels and stone crusher. Jacks from 4 tons to 60 tons and small tools.

Question 11.

From six months to three years.

Question 12.

The plant is all in good working condition.

Question 13.

The greater part of the plant could be moved to Croton Falls immediately and put in condition to begin work within thirty days.

Question 14.

Some of the plant is now at Fifty-eighth street and Broadway, some at One Hundred and Tenth street and Broadway in this city, some at Hartford, Conn., and some at Croton Point, N. Y.

Question 15.

The new cableways required in addition to those we have on hand we are assured can be installed within three months after the order is given to the makers. The large central compressed air plant we propose building, which will take the place of the temporary steam plants to be used in the beginning of the work, can be made ready for operation within four months. The large stone-crushing plant can be assembled within three months.

Question 16.

About \$350,000. We have about 1,000,000 feet, B. M., of yellow pine timber practically as good as new that can be placed on the site of the work at once, suitable for trestles, highway crossings, derrick supports, etc.

Respectfully submitted,

NAUGHTON CO. & ARTHUR McMULLEN.

Croton-on-Hudson, New York, August 13, 1906.

WALTER H. SEARS, Esq., Chief Engineer, Aqueduct Commission, No. 280 Broadway, New York City:

Dear Sir—In answer to your communication of August 9, 1906, we beg to hand you herewith our answers to the questions submitted by you in connection with the proposed contract for the construction of the Croton Falls Reservoir.

At the same time we would respectfully submit that few, if any other, contractors have constructed work equal to the character and magnitude of that stipulated in the contract for the Croton Falls reservoir, under the eight-hour labor law, and having had this exceptional experience, during the construction of the new Croton dam, we are in a position to know of the delay, difficulty and expense involved in carrying on work subject to the provisions of that law, which is an essential part of the contract.

In conclusion, we beg to state that if the contract is awarded to us we will carry out the scheme of building the dam as outlined by you in the specifications and as shown in the contract drawings. We feel confident that we are capable of making the progress outlined in the specification by building the work in the manner which you have proposed, for the reason that on the new Croton dam during the year 1898 we laid 158,275 cubic yards of rubble masonry, and between May 1, 1904, and December 31, 1904, we built a portion of the dam containing 93,452 cubic yards of rubble concrete masonry with granite facing, all of this latter work having been done in a very limited area.

Yours very truly,

COLEMAN, BREUCHAUD & COLEMAN.

Croton-on-Hudson, N. Y., August 13, 1906.

Answers of Coleman, Breuchaud & Coleman to questions submitted by Walter H. Sears, Esq., Chief Engineer, Aqueduct Commissioners, New York City, relative to the Croton Falls reservoir contract.

Answer to Question No. 1.

The new Croton dam for the water supply of The City of New York, and, in addition to this work, the members of our firm have been in the past engaged on various important works, among which we might mention the following:

Construction of Reservoir D, consisting of two dams, near Carmel, N. Y., in the Croton watershed.

New Croton gatehouse.

Section No. 1, new Croton aqueduct.

Section No. 8, new Croton aqueduct.

Iron lined section of the new Croton aqueduct.

All the bridge masonry on the reconstruction of the Morris and Essex Railroad.

All the bridge masonry on the Texas and Pacific Railroad.

All the bridge masonry on the Delaware, Lackawanna and Western Railroad, and on various other railroads.

West Shore Railroad tunnel at Weehawken, N. J.

Sea wall at Governor's Island.

Pneumatic foundations, Third Avenue Bridge, over Harlem river.

Pneumatic foundations for bridge over Harlem Ship Canal, at Kingsbridge.

Answer to Question No. 2.

In the new Croton dam, 943,717 cubic yards; in the other works mentioned, approximately 800,000 cubic yards.

Answer to Question No. 3.

The new Croton dam contract comprised the following classes of masonry:

	Cubic Yards.
Monolithic concrete masonry.....	6,353
Rubble concrete masonry.....	152,487
Rubble masonry.....	677,289
Dimension stone masonry.....	12,314
Facing stone masonry.....	30,497
Block stone masonry.....	4,550
Brick masonry.....	2,713
Dry rubble masonry.....	4,875
Rip-rap.....	52,639
Total.....	943,717

Answer to Question No. 4.

The price for the principal item of rubble masonry on the new Croton dam contract, including cost of cement, was as follows: Ten-hour day, \$4.05 per cubic yard; eight-hour day, \$4.655 per cubic yard.

Answer to Question No. 5.

Seven years.

Answer to Question No. 6.

No.

Answer to Question No. 7.

The Aqueduct Commissioners extended the time for the completion of our contract to allow for the time necessary to accomplish a great amount of additional work which was necessitated by extensive changes in the design of the dam, involving a large increase in excavation, and owing to the great additional depth required to obtain a suitable foundation for the main dam, and the consequent largely increased amount of

masonry required to be built to make the dam a complete masonry dam across the Croton river, and for other reasons regarding which you are fully informed.

Answer to Question No. 8.

Mr. Alphonse Fteley, Mr. William R. Hill, Mr. J. Waldo Smith and yourself.

Answer to Question No. 9.

We are ready to make an immediate start on the work with a large organization of skilled workmen who have had the benefit of many years' experience under our supervision in the construction of the new Croton dam, and we are prepared to prosecute the work in accordance with the schedule outlined by you.

Answer to Question No. 11.

One to ten years.

Answer to Question No. 12.

It has been maintained in first-class working condition and is ready for use.

Answer to Question No. 13.

The plant necessary to make an immediate start on the work can be moved immediately. It is located about fifteen miles from Croton Falls and could be placed and installed on the work much quicker than new plant could be purchased or than plant that had to be shipped over miles of railway. A part of our plant is located at our granite quarry, about five miles from the new Croton dam and about eleven miles from Croton Falls.

Answer to Question No. 14.

At the new Croton dam.

Answer to Question No. 15.

As the large plant which we have is especially adapted to the character of the work to be performed on the Croton Falls Reservoir there would be no delay or interference with the progress of the work on account of additional plant necessary, even though the manufacturers should fail to make prompt delivery, as they have promised us.

Answer to Question No. 16.

About \$400,000.

Which was ordered spread in full on the minutes and filed.

The following report was also read:

Report No. 1479.

New York, August 21, 1906.

To the Aqueduct Commissioners:

Gentlemen—In response to the request of the President of the Commission for a supplementary statement in regard to the bids received for the construction of the Croton Falls Reservoir, we respectfully beg to state that we have made further investigations regarding the capacity of the various bidders for performing this work satisfactorily and completing it within the prescribed time, this being an imperative condition of the work.

We find that the lowest bidder, Mr. Vermilye, has had no experience in handling large works and that it is practically certain that he could not finish the contract within the required time. His undertaking the work would result in grave uncertainties as to the successful execution of the contract, and we believe that it would be extremely unwise to make the award under such circumstances.

The second bidder, James Malloy & Co., have had a very large and extensive experience in handling contracts of magnitude. They are familiar with the requirements and installation of the plant which the exigencies of this work demand. They have already an extensive equipment and we find they possess abundant capital, not only to make rapid installation of additional plant, but also to execute the work to a successful completion.

Our investigations show that they are thoroughly responsible and in every way competent to undertake this work in such a way as to meet the requirements of the contract as to the prescribed time and to conserve the interests of the City under the same.

Under these circumstances we see no reason for giving further consideration to the bids higher than that of James Malloy & Co.

Very respectfully,

WALTER H. SEARS, Chief Engineer.

WM. H. BURR, Expert Engineer.

Which was ordered spread in full upon the minutes and filed.

The following resolution was thereupon offered:

Resolved, That the bid or proposal of James Malloy & Co. for constructing the Croton Falls Reservoir (Reservoir K), in the towns of Carmel, Southeast and Somers, Putnam and Westchester Counties, New York, bids for which were received and opened August 7, 1906, be and the same hereby is accepted, and the contract therefor be and it hereby is awarded to said James Malloy & Co., at the prices bid in their proposal, the said bid or proposal being the one the acceptance of which will, in the judgment of the Commissioners, best secure the efficient performance of the work; and the Secretary is hereby authorized to notify the successful bidder and to attend to the other necessary details.

Adopted by the following vote:

Commissioners Cowan, Ten Eyck, Ryan and Windolph—4, the Comptroller not voting.

HARRY W. WALKER, Secretary.

BOARD OF REVISION OF ASSESSMENTS.

A meeting of the Board of Revision of Assessments was held in the Council Chamber, City Hall, on Thursday, November 8, 1906, at 11:08 o'clock a. m.

Present—N. Taylor Phillips, Deputy and Acting Comptroller; George L. Sterling, Assistant and Acting Corporation Counsel.

On motion of the Assistant and Acting Corporation Counsel, the minutes of meeting of October 18, 1906, were approved as printed in the CITY RECORD.

BOROUGH OF THE BRONX.

Regulating, Grading, Paving, etc., East One Hundred and Seventy-fifth Street.

The assessment list for regulating, grading, paving with macadam pavement, curbing, flagging, laying crosswalks and planting trees in East One Hundred and Seventy-fifth street, from Third avenue to the Southern Boulevard (together with a list of awards for damages caused by a change of grade), with applications for awards for damages, and objections of John Brown and others, filed by Mulqueen & Mulqueen, attorneys; Wm. F. McDermott, by Cornelius J. Earley, attorney; Edwin Krows and others, by Raphael Tobias, attorney; A. J. Agate and others, by A. C. Hottenroth, attorney, and of Mary Guigues, by Charles V. Gabriel, attorney, the hearing of which was postponed at meeting of October 18, 1906, were presented by the Deputy and Acting Comptroller, having been received from the Board of Assessors under date of September 20, 1906.

Mr. Tobias, attorney, was heard, and urged that an award be made to the property of Adelaide F. Lalor, known as Lot No. 25, in Block 2944, for damages sustained by reason of the change in the grade of the street.

No others appearing in opposition, after notice, on motion of the Assistant and Acting Corporation Counsel, the assessment list was referred back to the Board of Assessors with instructions to reduce the assessment charged against Map No. 4, Lot No. 25, in Block 2944, to the sum of \$1, and to confirm the assessment as so reduced, all the members present voting in the affirmative.

BOROUGH OF BROOKLYN.

Sewer and Outlet in Pine Street.

The Deputy and Acting Comptroller presented the assessment list for sewer in Pine street, from Glenmore to Pitkin avenue, and outlet sewer in Pine street, from Pitkin to Sutter avenue, and objections of W. D. Losee, filed by A. C. Hottenroth, attorney, received from the Board of Assessors under date of October 31, 1906.

No one appearing in opposition after notice, on motion of the Assistant and Acting Corporation Counsel, the objections filed against the assessment were overruled and the assessment list was confirmed, all the members present voting in the affirmative.

Regulating, Grading, Paving, Etc., Nostrand Avenue.

The Deputy and Acting Comptroller presented the assessment list for regulating, grading and paving with granite block pavement, setting and resetting curbstones and laying cement sidewalks in Nostrand avenue, between Malbone street and Flatbush avenue, together with record of awards for damages caused by a change of grade; also applications for awards for damages, and objections filed by attorneys in behalf of property owners, as follows:

Schultz & Timony, for Harrison Rockefeller and others.

Ridgway & Dessar, for David Maurer and others.

John R. McMullen, for Charles J. Haubert and others.

A. C. Hottenroth, for Annie Fox and others.

Hugo Hirsh, for George Heinz and others.

R. L. Haskell, for Frederick Waldhauer and others.

Kiendl Brothers, for estate of Mary Ryan; also of Rev. R. C. Bowen, for himself and others; Charles J. Boylan, Mrs. W. Schletter, owners, having been received from the Board of Assessors under date of October 23, 1906.

The Assessors reported that they had made a pro rata reduction in the assessment of 10 per cent, as determined by them at meeting held September 18, 1906.

Messrs. Haskell, McMullen and Mr. Pecora, representing Ridgway & Dessar, attorneys, were heard in opposition to the assessment on the ground that a considerable portion of the avenue had been previously regulated, graded and paved under authority of the Town Board of Flatbush, and the expense therefor assessed upon the adjoining property, and also that the railroad in the avenue has not been assessed for its proportionate share of the expense.

Mr. Andrews, representing Mr. Hirsh, attorney, was heard and made similar objection, and also to the insufficiency of the award made for damages to the property of his client, known as Block 481, Lot No. 26.

No others appearing in opposition after notice, on motion of the Assistant and Acting Corporation Counsel, the assessment list was referred back to the Board of Assessors with instructions to reduce the amount of the present assessment pro rata by 10 per cent, and to confirm the same, all the members present voting in the affirmative.

At 12:20 o'clock p. m., on motion, the Board adjourned.

HENRY J. STORRS,

Chief Clerk, Board of Revision of Assessments.

The following resolutions were adopted, viz.:

Resolved, That the proposals of the lowest bidders for cartage of ballot boxes, voting booths and polling place fittings, required for use on the first day of registration, October 8, and for the general election to be held November 6, 1906, from the

respective places of storage or police precinct station houses to the polling places in the several election districts in the various police precincts, returning and replacing the same as directed, immediately after election to the places whence obtained, for the sum and prices therein stated, be and hereby is accepted.

From the Chairman of the Executive Committees of the New York County Republican and Democratic Committees, requesting the removal of certain election officers therein named, and duly authenticating and filing the names of persons to fill the vacancies created by such removals.

On motion, the said communications were ordered on file, the Secretary directed to transmit the names, etc., of the persons proposed for appointment to the Chief Clerks of the proper borough offices for notification of examination, etc., and the following preamble and resolution adopted, viz.:

Whereas, Written requests for the removal of certain election officers heretofore appointed in the County of New York have been filed with the Board of Elections by the Chairmen of the Executive Committees of the New York County Republican General Committee, pursuant to section 12, chapter 909, Laws of 1896, as amended; therefore be it

Resolved, That the following persons heretofore appointed and qualified as Inspectors of Elections in the election and assembly districts specified be and are each and severally removed and dismissed as such election officers.

The Board then adjourned.

CHARLES B. PAGE, Secretary.

BOARD OF ESTIMATE AND APPORTIONMENT.

CITY OF NEW YORK—BOARD OF ESTIMATE AND APPORTIONMENT.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment, held October 26, 1906, the following petition was received:

To the Honorable Board of Estimate and Apportionment of The City of New York:

The petition of the Nassau Electric Railroad Company respectfully shows:

1. Your petitioner is a street surface railroad corporation duly organized and existing under the Laws of the State of New York, and has duly made and filed, pursuant to section 90 of the Railroad Law, a statement of the names and description of the streets, roads, avenues, highways and private property in or upon which it is proposed to construct, maintain and operate extensions or branches of its railroad as herein set forth.

2. Your petitioner desires to obtain from The City of New York and hereby respectfully applies for its consent to a grant of the franchise or right to use certain streets, roads, avenues, highways or public grounds within or belonging to The City of New York for the construction and operation in and upon the surface thereof of extensions or branches of its street surface railroad to consist of a double or single track surface railroad (including necessary connections, switches, sidings, turnouts, crossovers and suitable stands or other structures necessary for the accommodation and operation of said railroad by the overhead or other system of electricity or other motive power which may be lawfully used upon the same), for public use and conveyance of persons and property for compensation.

3. The following is a description of the said certain streets, roads, avenues, highways, drive-ways or public ground within or belonging to The City of New York, in, through, upon and along which your petitioner desires to extend its railroad, to wit:

Route A.

Beginning at the intersection of Atlantic avenue and Alabama avenue and extending thence southerly on Alabama avenue to Livonia avenue; and on Livonia avenue, from Vesta avenue to New Lots road. From the intersection of Livonia avenue with New Lots road, it is proposed to construct a double track street surface railroad on New Lots road, from Livonia avenue to Berriman street; on Berriman street, from New Lots road to Sutter avenue, and on Sutter avenue easterly to the old Brooklyn City line, at or near Forbell avenue, under and pursuant to franchise granted by the City of Brooklyn to your petitioner by resolution of the Common Council adopted June 19, 1893.

Route B.

Beginning at the intersection of Liberty avenue and Forbell avenue, in the Borough of Brooklyn, and thence extending southerly on Forbell avenue to Spring creek.

Route C.

Beginning at the intersection of Thirty-ninth street and Eighth avenue, in the Borough of Brooklyn, and thence extending southwesterly on Eighth avenue to Seventh avenue; thence southerly on Seventh avenue to Seventy-ninth street, and thence southeasterly on Seventy-ninth street to Stillwell avenue, connecting at Stillwell avenue with tracks to be constructed thereon by the Coney Island and Gravesend Railway Company, under franchise granted to the said Coney Island and Gravesend Railway Company by the Commissioners of Highways of the Town of Gravesend on August 29, 1893, and by the Town Board of the Town of Gravesend on August 31, 1893.

Route D.

Beginning at the intersection of Thirtieth avenue with Thirty-ninth street, in the Borough of Brooklyn, and extending thence southwesterly on Thirtieth avenue to Bay Ridge avenue.

Your petitioner respectfully represents that additional transportation facilities are greatly needed in those sections of the City and upon the streets and avenues hereinabove described, and this application is made at the request of large numbers of persons residing in those localities. The said routes are extensions of existing routes of transportation and their construction and operation as a part of the railroad system of your petitioner will enable residents of the localities to reach nearly all parts of the Borough of Brooklyn for a single fare of five cents.

Your petitioner has received and caused to be recorded as required by law the consents of abutting property owners owning more than half in assessed value of all the property abutting on said Alabama avenue, between Atlantic avenue and Livonia avenue; on Livonia avenue, between Vesta avenue and New Lots road, and on Eighth and Seventy-ninth streets (exclusive of property on said avenues owned by The City of New York), and upon the other streets and avenues mentioned, your petitioner has received consents of large numbers of property owners and assurances of consents more than sufficient to comply with all legal requirements.

4. Your petitioner proposes to operate the railroad to be constructed upon said streets and ave-

nues by the overhead trolley system or by any other motive power other than steam locomotive power which may be approved by the State Board of Railroad Commissioners and consented to by the owners of property bounded upon said routes as provided by law.

Wherefore your petitioner prays that public notice herein of the time and place when and where this application will be first considered be given, as required by the provisions of section 92 of the Railroad Law and of all other laws applicable thereto, and that the desired consent or grant be embodied in the form of a contract with all the terms and conditions as to compensation and otherwise in accordance with the provisions of the Greater New York Charter and the Laws of the State.

Dated at the Borough of Brooklyn, City of New York, October 11, 1906.

THE NASSAU ELECTRIC RAILROAD COMPANY.

By E. W. WINTER, President.

[SEAL]

Attest:

C. D. MENEELY, Secretary.

City and State of New York, County of Kings, ss.: Edwin W. Winter, being duly sworn, deposes and says that he is the president of the Nassau Electric Railroad Company, the petitioner named in the foregoing petition; that he has read the foregoing petition and knows the contents thereof; that the same is true of his own knowledge except as to the matters therein stated to be alleged upon information and belief, and that as to those matters he believes it to be true; that the reason why this verification is not made by the petitioner is that it is a corporation; that the deponent is an officer of the said corporation, to wit, its president; and that the grounds of his information in regard to the matters stated in the foregoing petition, so far as the same are not within his personal knowledge, are statements made by officers or agents of the corporation to him as president thereof.

E. W. WINTER.

Sworn to before me this 10th day of October, 1906.

D. F. UROUHART, JR.,

Notary Public, Kings County.

City and State of New York, County of Kings, ss.: On this 10th day of October, in the year one thousand nine hundred and six, before me personally came Edwin W. Winter, to me known, who, being by me duly sworn, did depose and say that he resided in The City of New York, New York; that he is president of the Nassau Electric Railroad Company, the corporation described in and which executed the foregoing instrument; that he knew the seal of said corporation; that the seal affixed to said instrument was such corporate seal; that it was so affixed by order of the Board of Directors of said corporation, and that he signed his name thereto by like order.

D. F. UROUHART, JR.,

Notary Public, Kings County.

—and the following resolutions were thereupon adopted:

Whereas, The foregoing petition from the Nassau Electric Railroad Company, dated October 11, 1906, was presented to the Board of Estimate and Apportionment at a meeting held October 26, 1906.

Resolved, That in pursuance of law this Board sets Friday, the 23d day of November, 1906, at 10.30 o'clock in the forenoon, and Room 16 in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard; and he it further

Resolved, That the Secretary is directed to cause such petition and these resolutions to be published for at least fourteen (14) days in two daily newspapers in The City of New York, to be designated by the Mayor, and for at least ten (10) days in the City Record immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner.

NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF the Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court, and the entering in the Bureau for the Collection of Assessments and Arrears, of the assessment for OPENING AND ACQUIRING TITLE to the following-named avenue in the BOROUGH OF MANHATTAN:

TWELFTH WARD, SECTION 8.

AUDUBON AVENUE—OPENING, from One Hundred and Seventy-fifth street to Fort George avenue. Confirmed October 22, 1906; entered November 9, 1906. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of the northwesterly prolongation of the middle line of the block between West One Hundred and Sixty-fourth street and West One Hundred and Sixty-fifth street with a line parallel to and 100 feet northwesterly from the northwesterly line of Eleventh avenue (Boulevard); running thence northeasterly along said parallel line to its intersection with the westerly line of Kingsbridge road; thence, continuing northeasterly along a straight line to the point formed by the intersection of the easterly line of Kingsbridge road with a line parallel to and 100 feet northwesterly from the northwesterly line of Eleventh avenue; thence continuing northeasterly along said parallel line to its intersection with the middle line of the block between West One Hundred and Eighty-ninth street and West One Hundred and Ninetieth street; thence northwesterly along said middle line of the block and its prolongation to its intersection with a line parallel to and 100 feet northwesterly from the northwesterly line of Wadsworth avenue; thence northeasterly along said parallel line to its intersection with a line parallel to and 100 feet southeasterly from the southeasterly line of Fairview avenue; thence southeasterly, westerly and northwesterly along said line parallel to Fairview avenue to its intersection with the southeasterly line of Kingsbridge road; thence northeasterly along said southeasterly line of Kingsbridge road to its intersection with a line parallel to and 100 feet northwesterly from the northwesterly line of Fairview avenue; thence southeasterly, easterly, northeasterly and again southeasterly along said line parallel to Fairview avenue and its prolongation to its intersection with a line parallel to and 100 feet northerly from the northerly line of Fort George avenue; thence easterly, northeasterly, easterly, southeasterly and southerly following the windings of Fort George avenue along said last mentioned parallel line and southeasterly along a line parallel to and 100 feet southeasterly from the southeasterly line of Amsterdam avenue to its intersection with the middle line of the block between West One Hundred and Sixty-fourth street and West One Hundred and Sixty-fifth street; thence northwesterly along said middle line of the block to the point or place of beginning.

The above entitled assessment was entered on the date hereinafter given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room 85, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before January 8, 1907, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

WILLIAM H. SMITH, AUCTIONEER.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing upon property owned by The City of New York, acquired for street opening purposes, under the jurisdiction of the Commissioner of the Department of Parks, said buildings being situated in the Borough of Brooklyn and erected upon property described as follows:

Being the two buildings located on Bay Ridge parkway at Fifth avenue, between Sixty-sixth and Sixty-seventh streets, in the Borough of Brooklyn.

By direction of the Comptroller, the sale of the above-described buildings and appurtenances thereto will be made under the supervision of the Collector of City Revenue, Department of Finance.

The sale will take place on

FRIDAY, NOVEMBER 30, 1906

at 1 p. m., on the premises, and will be sold for the highest marketable price on the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area, are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls, shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances or any portion thereof, within said period, will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will without notice to the purchaser cause the same to be removed and the cost and expense charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against any and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

Party walls and fences when existing against adjacent property not sold, shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beam holes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

WILLIAM H. SMITH, Auctioneer.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing upon property owned by The City of New York, acquired for street opening purposes, under the jurisdiction of the President of the Borough of Brooklyn, said buildings being situated in the Borough of Brooklyn and erected upon property described as follows:

All the right, title and interest of The City of New York in and to the buildings remaining within the area of the property acquired for the proposed opening and extending of Grand street, from Hooper street to Havemeyer and South Fourth streets, which are more particularly described on a map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan. The sale will take place on

WEDNESDAY, NOVEMBER 28, 1906

at 1 p. m., on the premises, and will be sold for the highest marketable price on the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area, are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls, shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within said

period, will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against any and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

Party walls and fences when existing against adjacent property not sold shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beam holes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

WILLIAM H. SMITH, Auctioneer.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by

law, will offer for sale at public auction the buildings, parts of buildings, etc., standing upon property owned by The City of New York, acquired for the use of the Park Department, said buildings being situated in the

Borough of Brooklyn

and erected upon property bounded and described as follows:

Beginning at a point on the northerly line of Sunnyside avenue distant 42.54 feet westerly from the westerly line of Warwick street; thence easterly along the northerly line of Sunnyside avenue 2,031.54 feet, more or less, to the westerly boundary line of the National Cemetery; thence southerly along the westerly boundary line of the National Cemetery 285 feet, more or less, to the northerly line of Jamaica avenue; thence westerly along the northerly line of Jamaica avenue 2,067 feet, more or less, to a point 400 feet easterly from the easterly line of Barbey street; thence northerly at right angles to Jamaica avenue 115 feet, more or less; thence easterly parallel with Jamaica avenue 7.21 feet, more or less, to a point in the southerly side of Sunnyside avenue distant 57.69 feet westerly from the westerly line of Warwick street; thence northerly 62 feet, more or less, to the point of beginning.

By direction of the Comptroller, the sale of the above-described buildings and appurtenances thereto will be made under the supervision of the Collector of City Revenue, Department of Finance. The sale will take place on

WEDNESDAY, NOVEMBER 28, 1906

at 11 a. m., on the premises, and will be sold for the highest marketable price on the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of the City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area, are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt, roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within said period, will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials, of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them, be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of the City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

WILLIAM H. SMITH, AUCTIONEER.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing upon property owned by The City of New York, acquired for the purposes of an athletic field, under the jurisdiction of the Board of Education, said buildings being situated in the

Borough of Brooklyn.

and erected upon property described as follows: Being the property lying between Avenues K and L, East Sixteenth and East Seventeenth streets, in the Borough of Brooklyn.
 By direction of the Comptroller, the sale of the above-described buildings and appurtenances thereto will be made under the supervision of the Collector of City Revenue, Department of Finance.

The sale will take place on

FRIDAY, NOVEMBER 30, 1906

at 11 a. m., on the premises, and will be sold for the highest marketable price on the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stumps and area walls shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within said period, will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

Party walls and fences when existing against adjacent property not sold shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and made water-tight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within said period will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent and agreement to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beam holes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water tight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction the

buildings, parts of buildings, etc., standing upon property owned by The City of New York, acquired for Carnegie Library purposes, said buildings being situated in the

Borough of Manhattan
and erected upon property bounded and described as follows:

Beginning at a point on the easterly side of Tenth avenue distant 50 feet 5 inches, more or less, southerly from the point of intersection of the easterly side of Tenth avenue with the southerly side of West Fifty-first street; running thence easterly and parallel with West Fifty-first street 100 feet; running thence southerly and parallel with Tenth avenue 49 feet 6 inches; running thence westerly and parallel with West Fifty-first street 100 feet to the easterly side of Tenth avenue; running thence northerly along the easterly side of Tenth avenue 49 feet 6 inches to the point or place of beginning, said property being known as Nos. 742 and 744 Tenth avenue, and being known on the tax map as Section 4, Block 1060, Lots Nos. 63 and 64.

By direction of the Comptroller, the sale of the above-described buildings and appurtenances thereto will be made under the supervision of the Collector of City Revenue, Department of Finance. The sale will take place on

MONDAY, NOVEMBER 19, 1906

at 11 a. m., on the premises, and will be sold for the highest marketable price at public auction on the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area, are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, floorings, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within said period will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent and agreement to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against any and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beam holes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

FIRST DEPARTMENT.

In the matter of the application of the Counsel to the Corporation for and on behalf of the Mayor, Aldermen and Commonalty of The City of New York, relative to the estimate of the loss and damage and to the assessment of the benefit and advantage resulting from the closing of the KINGSBRIDGE ROAD, between One Hundred and Thirty-seventh street and One Hundred and Forty-ninth street (except where said road has been retained or title thereto has been legally acquired for street purposes) in the Twelfth Ward of The City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate as to Damage Parcel No. 1 and assessments for benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections, in writing, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 20th day of November, 1906, and that we, the said Commissioners, will thereafter reconsider our said estimates, or the part or parts thereof so objected to, and in case the same shall appear to us to require correction, but not otherwise, we shall and may correct the same accordingly.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the office of the Clerk of the County of New York, in the County Court House, in the Borough of Manhattan, in The City of New York, there to remain until the 26th day of November, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz:

On the north by West One Hundred and Fifty-fifth street

legally opened as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House, in the Borough of Manhattan, in the City of New York, on the 8th day of January, 1907, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to any of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 19th day of November, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 22d day of November, 1906, at 2 o'clock p. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of

Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 21st day of November, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in the City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of the middle line of the blocks between Leggett avenue and East One Hundred and Fifty-sixth street with a line parallel to and distant one hundred feet westerly from the westerly line of Fox street; running thence northerly along said parallel line to its intersection with a line parallel to and distant one hundred feet southerly from the southerly line of Longwood avenue; thence westerly along said last-mentioned parallel line to its intersection with the easterly line of Beck street; thence northerly along said line of Beck street to its intersection with a line parallel to and distant one hundred feet northerly from the northerly line of Intervale avenue; thence easterly along said parallel line to its intersection with a line parallel to and distant one hundred feet westerly from the westerly line of Fox street; thence northerly along said last-mentioned parallel line to its intersection with the prolongation of a line parallel to and distant one hundred feet southerly from the southerly line of that portion of Barretto street lying east of Fox street; thence easterly along said prolongation and parallel line to its intersection with a line parallel to and distant one hundred feet easterly from the easterly line of Fox street; thence southerly along said last-mentioned parallel line to its intersection with a line parallel to and distant one hundred feet northerly from the northerly line of Intervale avenue; thence easterly along said last-mentioned parallel line to its intersection with the westerly line of the Southern Boulevard; thence southerly along the westerly line of the Southern Boulevard to its intersection with a line parallel to and distant one hundred feet southerly from the southerly line of Longwood avenue; thence westerly along said parallel line to its intersection with a line parallel to and distant one hundred feet easterly from the easterly line of Fox street; thence southerly along said last-mentioned parallel line to its intersection with the middle line of the blocks between Leggett avenue and East One Hundred and Fifty-sixth street; thence westerly along said middle line to the point or place of beginning, as such area is shown upon the final maps and profiles of the Twenty-third and Twenty-fourth Wards of The City of New York, excepting from said area all streets, avenues and roads, or portions thereof, heretofore legally opened as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House, in the Borough of Manhattan, in the City of New York, on the 21st day of January, 1907, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there,
