Proposed Amendments to Classification.

PUBLIC NOTICE IS HEREBY GIVEN OF the following proposed amendments to the Municipal Civil Service Rules and Classification:
1. Amending paragraph 3 of Rule IV, to read as follows:
"3. The Competitive Class, the Non-Competitive Class and the Labor Class shall be subdivided, for the purpose of these rules, as hereinafter provided."

2. Amending paragraph 3 of Rule XVIII, to read as follows:
"3. A vacancy in any position in Part II, of said class, the incumbent of which is employed at an institution at a compensation not exceeding the limit, if any, set in the classification for such position may be filled by the appointment of any person who upon nomination by the appointing officer and upon proper non-competitive examination shall be certified by the institutional examiner to be qualified to perform duties of such position. A vacancy in any position in Part II, of such class, the incumbent of which is employed in the central office of the department or in a detached bureau of the department outside an institution, may be filled in a similar manner, except that the non-competitive examination thereof shall be conducted by the Board of Examiners. In any department or institution having a number of such employees in the same class of work, the appointing officer, in order to provide a list permitting of immediate selection in case of necessity, may nominate for examination more than one person."

3. Amending Rule XVIII, by adding thereto the following paragraphs:
"11. Whenever there is a vacancy in a position in Part I, of the non-competitive class, the head of department shall nominate a person to the Commission for non-competitive examination on a form provided by the Commission and if such nominee is certified by the Commission as qualified after such examination, he may be appointed permanently to fill such vacancy."

"12. Whenever there is a vacancy of an emergency character in a position in Part I, of the non-competitive class and it is not practicable to fill the position in the manner provided by clause 11 of this rule, an appointment may be made without certification or examination, subject to subsequent approval of the Commission, for a period not exceeding fifteen days, and such appointment may be renewed for only one additional period of fifteen days, subject, however, to the approval of the Commission."

FUBLIC HEARINGS WILL BE ALLOWED on the foregoing amendments, in accordance with Rule III., at the request of any interested persons, at the Commission's Offices, Room 1443, Municipal Building, on

WEDNESDAY, AUGUST 30, 1916, at 10.30 a. m., on or before Friday, August 31, 1916, at 10.30 a. m.

ROBERT W. BELCHER, Secretary.

Public Hearing.

FUBLIC NOTICE IS HEREBY GIVEN THAT a public hearing will be had at the offices of the Municipal Civil Service Commission, Room 1443, Municipal Building, Manhattan, on

WEDNESDAY, AUGUST 30, 1916, at 10.30 a. m., on the adoption of the following proposed resolution:

Whereas, clause 6 of Rule XVII. of the Rules of the Municipal Civil Service Commission of New York provides that "the positions of Engineer of Steamer and Pilot, in Grade I of the Fire Service, shall be filled by special competitive examination, open to all firemen of the first grade

as defined by section 740 of the City Charter"; and

Whereas, it appears that at this time there are but two firemen of the first grade as defined by section 740 of the City Charter who hold masters' and pilots' licenses with sufficient tonnage to take charge of fire boats of the Fire Department; and

Whereas, there is urgent necessity for the establishment of an eligible list for promotion to Pilot containing as many names as will probably be needed to meet emergencies of the service of the Fire Department, therefore be it

Resolved, that, with the approval of the Mayor and the State Civil Service Commission, the provision of clause 6 of Rule XVII. be waived and that firemen of the second grade as defined by section 740 of the City Charter who hold masters' and pilots' licenses with sufficient tonnage to take charge of the fire boats of the Fire Department be declared eligible to enter the special competitive examination ordered for the position of pilot by the Municipal Civil Service Commission on July 19, 1916.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL UNDER CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of the City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions, shall in any case be re-located or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be re-located or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a resale at public or private sale may be made in the same manner as if no prior sale thereof had been made.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and be it further
