PETITIONS AND COMMUNICATIONS.

No. 1500.

The American Society for the Prevention of Cruelty to Animals,
Madison Avenue and Twenty-sixth Street,
New York, December 18, 1908.

Hon. P. J. SCULLY, City Clerk, City Hall, New York:

Dear Sir—Will you kindly have the following resolution introduced at the next meeting of the Board of Aldermen.

The Outdoor Recreation League, the East Side Business Men's and Property Owners' Associations and all others having the improvement of Delancey street at interest, are anxious to have a fountain erected at the point indicated.

Very truly yours,

ALFRED WAGSTAFF, President.

In connection therewith Alderman Levine offered the following resolution:

Resolved, That permission be and the same is hereby given to the American Society for the Prevention of Cruelty to Animals to erect and place a public drinking fountain for man and beast on the south side of Delancey street, between Allen and Eldridge streets, the said fountain to be paid for by the said American Society for the Prevention of Cruelty to Animals and to be of a pattern and design approved by the Art Commission of The City of New York. The said drinking fountain to be erected under the supervision of the Commissioner of Water Supply, Gas and Electricity, and the water therefor shall be supplied by the Department of Water Supply, Gas and Electricity, without expense to the said society.

The President put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Barton, Bent, Beyer, B. W. B. Brown, Case, Colgan, Corbett, Davis, Delaney, Diemer, Doull, Dowling, Downing, Emener, Esterbrook, Finnigan, Flanagan, Gaynor, Grimm, Gunther, Handy, Heffernan, Hickey, Hochdorffer, Johnson, Kenneally, Levine, Linde, Loos, Martyn, Moskowitz, Mulligan, Mulvaney, Nagle, O'Reilly, Reardon, Redmond, Schloss, Stapleton, Velten, Walsh, Wentz; President Haffen, President Ahearn and the President—46.

MOTIONS, ORDINANCES AND RESOLUTIONS.

President Ahearn asked and obtained unanimous consent to introduce the following:

No. 1501.

Office of the President of the Borough of Manhattan,
City Hall,
New York, December 21, 1908.

Hon. PATRICK F. MCGOWAN, President of the Board of Aldermen:

Dear Sir—There is transmitted herewith for the consideration of your Honorable Board a form of resolution authorizing this Department to enter into a contract, without public letting, for the purchase of furniture, carpets and supplies, to be used in furnishing and equipping the additional Judges' Chambers in the City Court (Brownstone Building).

Very truly yours,

JOHN F. AHEARN, President.

Resolved, That, pursuant to section 419 of the Greater New York Charter, the President of the Borough of Manhattan be and he is hereby authorized to enter into a contract, without public letting, for the purchase of furniture, carpets and supplies, to furnish and equip the additional Judges' Chambers in the City Court (Brownstone Building), the total expense not to exceed ten thousand dollars (\$10,000).

The President put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Barton, Bent, Beyer, B. W. B. Brown, J. W. Brown, Case, Cole, Colgan, Corbett, Davis, Delaney, Doull, Dowling, Emener, Finnigan, Flanagan, Flynn, Gaynor, Goldschmidt, Grimm, Gunther, Handy, Heffernan, Hickey, Hines, Hochdorffer, Johnson, Kavanagh, Kenneally, Kenny, Linde, Loos, Martyn, Marx, McAleer, McCann, McDonald, Moskowitz, Muhlbauser, Mulcahy, Mulligan, Mulvaney, Nagle, Nugent, O'Reilly, Potter, Quinn, Reardon, Redmond, Rendt, Smith, Stapleton, Stormont, Velten, Walsh; President Haffen, President Coler, by Thomas R. Farrell, Commissioner of Public Works, President Ahearn and the President—60.

PETITIONS AND COMMUNICATIONS RESUMED.

No. 1502.

State Charities Aid Association,
United Charities Building, No. 105 East Twenty-second Street,
New York, December 9, 1908.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen, City Hall, New York:

Sir—I am directed to transmit to you the following copy of a resolution unanimously adopted by the Board of Managers of the State Charities Aid Association at a recent meeting:

"Resolved, That the Board of Managers of the State Charities Aid Association hereby expresses its earnest hope that the Board of Estimate and Apportionment and the Board of Aldermen will, at an early date, authorize the sale of Corporate Stock in such sum as may be necessary, for the completion of the Sea View Sanitarium already under construction, in the Borough of Richmond, for the use of the Department of Public Charities."

I am,

Very truly yours,
HOMER FOLKS, Secretary.

Which was referred to the Committee on Finance.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The President laid before the Board the following communication from the Department of Street Cleaning:

No. 1503.

Department of Street Cleaning of The City of New York,
Nos. 13 to 21 Park Row,
New York, December 16, 1908.

Hon. P. F. McGOWAN, President, Board of Aldermen:

Sir—I request that, in accordance with subdivision 8 of section 188 of the Greater New York Charter, your Board recommend to the Board of Estimate and Apportionment the issue of Special Revenue Bonds to the amount of \$9,280 to enable this Department to put into effect the resolutions of your Board of November 13, 1908, and of the Board of Estimate and Apportionment of December 11, 1908, establishing the grade of position of Hostler in this Department in addition to those already existing therein, with salary at the rate of \$800 per annum, and extra pay for Sunday work at the present rate of \$2.30 per day; no provision having been made in the Budget of 1909 for this proposed increase.

Respectfully,

FOSTER CROWELL, Commissioner.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the President, Borough of Queens:

No. 1504.

The City of New York,
Office of the President of the Borough of Queens,
Long Island City, December 21, 1908.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen, New York City:

Dear Sir—On December 21, 1906, the Board of Estimate and Apportionment appropriated the sum of twenty-five thousand dollars (\$25,000) for the construction of an interior bath in the Borough of Queens, which appropriation was subsequently approved by your Honorable Board and by his Honor the Mayor on February 13, 1907.

Plans were ordered drawn providing for thirty showers, but when bids were opened the lowest estimate was \$31,996. In order to bring the cost of construction within the appropriation the plans were modified by reducing the accommodations to fifteen showers; and on September 23, 1908, after proper advertisement and reception of bids, the construction of the bath was awarded to the Keystone Construction Company for \$16,600. The next lowest bidder was the Ahearn Construction Company, \$17,700.

I find that I can increase the capacity of the bath by eight showers, at an additional cost of \$6,237. While I should prefer to invite competition in bids for a supplemental contract for this work, it seems to me very impracticable to couple such a supplemental contract with the original contract for the construction of this interior bath, and I would therefore respectfully request that your Honorable Board, in pursuance of the provisions of section 419 of the Greater New York Charter, to authorize me to enter into a supplemental contract without public letting with the present contractors, the Keystone Construction Company, to increase the length of the building 14 feet and perform all necessary work incidental to the added construction and installation of eight additional shower baths, at a cost not to exceed \$6,237.

Respectfully,

LAWRENCE GRESSER, President, Borough of Queens.

Which was referred to the Committee on Public Letting.

The President laid before the Board the following communications from the Board of Estimate and Apportionment transmitting ordinances:

No. 1505.

Board of Estimate and Apportionment, City of New York,
Office of the Secretary, No. 277 Broadway,
December 21, 1908.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment December 18, 1908, amending resolution adopted September 14, 1906, relative to an issue of Corporate Stock in the sum of \$225,000, for the erection of buildings and for permanently bettering and improving property purchased for the use of the tuberculosis sanatorium in Otisville, Town of Mount Hope, Orange County, N. Y., by striking therefrom items 5 and 7 and substituting the figures \$42,000 for the figures "\$22,000" set opposite item 9 contained therein, together with copy of a report of the Comptroller relative thereto.

I also enclose form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Yours very truly,

JOSEPH HAAG, Secretary.

December 1, 1908.

Hon. HERMAN A. METZ, Comptroller:

Sir—The Board of Health of the Department of Health by resolution adopted October 28, 1908, requests the Board of Estimate and Apportionment:

To change the title of the issue of \$10,000 of Corporate Stock authorized on September 14, 1906, entitled Department of Health, Sites and Buildings for Sanatorium for Tuberculosis, Otisville, Orange County, N. Y., subtitle No. 5, "For the construction and equipment of a dormitory for the use of department employees" to the title "For living quarters for administrative officers."

Request is also made for:

The transfer of the sum of \$10,000 from the same issue of Corporate Stock under subtitle No. 7, "For the construction of an additional dormitory for the use of department employees" to be added to the Corporate Stock issue of \$22,000 under subtitle No. 9, "For the construction of and equipping, permanently bettering and improving buildings and pavilions used in connection with the sanatorium for tuberculosis at Otisville, Orange County, N. Y."

I would report that the quarters already provided are all that is necessary for the accommodation of the employees which it is at present found necessary to have reside at the sanatorium.

The two buildings provided for by Items 5 and 7 of the resolution of the Board of Estimate and Apportionment adopted October 28, 1908, authorizing \$20,000 for the construction and equipment of two dormitories for the use of the Department employees, are therefore not needed.

There is, however, need for the expenditure of \$10,000 for residence building for Physicians, Nurses, Superintendent and for transient officials who are obliged to remain for a short time at the sanatorium while transacting official business connected therewith.

There is also need for a present expenditure of \$10,000 for general construction and alteration purposes, namely: For the remodeling of certain old buildings in order that one section of the sanatorium farm may be devoted to female patients. Up to the present time no female patients have been received.

To meet the necessities above set forth, I would advise that the resolution adopted September 14, 1906, by the Board of Estimate and Apportionment, approving the issue of Corporate Stock to the amount of \$225,000 for the erection of buildings and for the improving, permanently bettering and equipping property purchased for the use of a tuberculosis sanatorium located in the Town of Mount Hope, Orange County, State of New York, be amended as follows:

By striking therefrom Items 5 and 7, which read as follows:

- | | |
|--|-------------|
| 5. For the construction and equipment of a dormitory for the use of Department employees | \$10,000 00 |
| 7. For the construction of an additional dormitory for the use of Department employees | 10,000 00 |

In Item 9, which reads as follows:

- | | |
|---|-------------|
| 9. For the construction of and equipping, permanently bettering and improving buildings and pavilions used in connection with the sanatorium for tuberculosis at Otisville, Orange County, N. Y. | \$22,000 00 |
|---|-------------|

By substituting \$42,000 in place of \$22,000.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Approved:

H. A. Metz, Comptroller.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment December 18, 1908:

"Resolved, That the resolution adopted by the Board of Estimate and Apportionment September 14, 1906, authorizing an issue of Corporate Stock, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, in the sum of two hundred and twenty-five thousand dollars (\$225,000) for the purpose of providing means for the erection of buildings, and for improving, permanently bettering and equipping property purchased for the use of tuberculosis sanatorium located in the Town of Mount Hope, Orange County, State of New York, be and the same is hereby amended by striking therefrom the Items 5 and 7, which read as follows:

- | | |
|---|-------------|
| "5. For the construction and equipment of a dormitory for the use of Department employees | \$10,000 00 |
| "7. For the construction of an additional dormitory for the use of the Department employees | 10,000 00" |

—and by substituting the figures \$42,000 for the figures "\$22,000," set opposite Item 9, which reads as follows:

- | | |

No. 1506.

Board of Estimate and Apportionment—City of New York,
Office of the Secretary, No. 277 Broadway,
December 21, 1908.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment December 18, 1908, approving of an issue of Corporate Stock in the sum of \$2,500 to provide for the expense to be incurred by the trustees of the Brooklyn Public Library for sidewalks, fences and sodding of the grounds of five (5) branch libraries in the Borough of Brooklyn, together with copy of a report of the Comptroller relative thereto.

I also inclose form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Yours very truly,

JOSEPH HAAG, Secretary.

December 16, 1908.

Hon. HERMAN A. METZ, Comptroller:

Sir—In the matter of the communication of John W. Devoy, Treasurer of the Brooklyn Public Library, under date of December 7, 1908, which was presented at a meeting of the Board of Estimate and Apportionment held December 11, 1908, requesting authority to apply \$2,500 from the issue of \$8,660, Special Revenue Bonds authorized June 26, 1908, for maintenance of certain new libraries during the year 1908, to the purpose of sodding the ground and placing around the buildings sidewalks and fences, and which was referred to you for consideration and report, I beg to submit the following:

Special Revenue Bonds under the provisions of subdivision 7, section 188 of the Charter were authorized June 26, 1908, in amount \$8,660, to provide for the maintenance of one new branch library known as Leonard Branch, to be established in Carnegie building, and for the additional maintenance of four branch libraries, to be moved into Carnegie buildings, said allowance being for the remaining portion of the year 1908.

The construction of the buildings is completed, and the said buildings have been accepted by the City and the several libraries are installed in the new quarters so provided. It, however, appears that the sites upon which buildings have been erected, in accordance with the agreements made by the City with the representatives of Andrew Carnegie, will require certain improvements, viz.: sidewalks, fences and placing the grounds around said buildings in proper condition. In the opinion of your Examiner the expense of such betterment of the library site might appropriately have been met out of the Carnegie funds, the said agreements with the representatives of Andrew Carnegie relative to the erection of the new buildings provide that upon the acquisition of sites they shall "proceed with the erection and equipment of library buildings thereon, without cost to The City of New York, and shall complete the same with funds so to be contributed by Andrew Carnegie," but under the construction placed upon this portion of the agreement quoted by your Examiner it does not seem obligatory for the said representatives to place upon the donor the further burden of the expense of placing the site in presentable and safe condition. I would recommend that in the further erection of Carnegie buildings that such methods may be employed that the said representatives may be enabled to turn the library property over to the City in as satisfactory a condition as a grantee would require.

The fact remains, however, that the said buildings have been accepted by the City and the sites in the judgment of the Trustees require an outlay approximately of the sum of \$2,500 for purposes as stated.

It is stated by Mr. Devoy, Treasurer, that owing to delays of contractors the buildings were not ready as early as anticipated, and the allowance made for maintenance, viz.: \$8,660, will exceed by approximately \$2,500, the increased cost of maintenance as provided and request that the said excess may be used in the expense to be incurred for "sodding the grounds and placing around the buildings sidewalks and fences."

This contemplated expense seems in no sense a maintenance, but rather in the nature of a permanent betterment to the property of the City, and should not, in the opinion of your Examiner, be met out of the proceeds of bonds authorized for the maintenance of the libraries, but rather under the provisions of section 47 of the Charter, as amended by chapter 376 of the Laws of 1908.

In view of the expressed requirements stated by the Brooklyn Public Library, I would recommend that pursuant to the provisions of section 47 of the Greater New York Charter, as amended by chapter 376 of the Laws of 1908, appropriation be made to the Brooklyn Public Library in the amount not exceeding \$2,500, to provide for the expense of constructing fences and sidewalks and sodding the grounds of the Carnegie branch libraries known as Leonard, Brownsville, Bushwick, City Park and Saratoga.

Yours respectfully,

(Signed) CHARLES S. HERVEY, Supervising Statistician and Examiner.

Approved:

H. A. Metz, Comptroller.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of twenty-five hundred dollars (\$2,500), to provide for the expense to be incurred by the Trustees of the Brooklyn Public Library for sidewalks, fences and the sodding of the grounds of five (5) branch libraries in the Borough of Brooklyn.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment December 18, 1908, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purpose therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York, to an amount not exceeding twenty-five hundred dollars (\$2,500), to provide for the expense to be incurred by the Trustees of the Brooklyn Public Library for sidewalks, fences and the sodding of the grounds of the following branch libraries in the Borough of Brooklyn:

"Leonard Branch, Leonard and Devoe streets; Brownsville Branch, Glenmore avenue and Watkins street; Bushwick Branch, Seigel and Morrell streets; City Park Branch, St. Edwards street and Auburn place; Saratoga Branch, Macon street and Hopkinson avenue,

—and when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding twenty-five hundred dollars (\$2,500), the proceeds whereof to be applied to the purposes aforesaid."

Hon. PATRICK F. McGOWAN, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment December 18, 1908, approving of an issue of Corporate Stock in the sum of \$45,000, to be used by the President of the Borough of Brooklyn in the preparation of the land for a public market in the Eighth Ward, Borough of Brooklyn, together with copy of a communication from the President of the Borough of Brooklyn and copy of report of the Comptroller relative thereto.

I also enclose form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Yours very truly,

JOSEPH HAAG, Secretary.

The City of New York,
Office of the President of the Borough of Brooklyn,
Brooklyn, November 30, 1908.

The Honorable the Board of Estimate and Apportionment:

Gentlemen—In a communication dated June 6, 1906, the Board was requested to authorize an issue of Corporate Stock to the amount of \$2,000,000 for the purpose of constructing what is known as the Eighth Ward Public Market, to be located near the foot of Thirty-sixth street, in this Borough, and under a resolution of the Board passed at the subsequent meeting of June 22, on the motion of the Comptroller, an appropriation of \$200,000 of Corporate Stock, or 10 per cent. of the amount required, was allowed for the purpose stated.

This Eighth Ward Market improvement was undertaken by the City under the previous administration, although no plans had been prepared when I took office. The improvement involved in the first place the bulkheading and reclaiming of more than thirteen acres out of the plot of fifteen acres acquired by the City for the market in 1905 at a cost of approximately \$800,000.

With the appropriation allowed for the improvement of this market site by the Board in the summer of 1906 I have proceeded with contract work on designs presented to the Board in the original application, and at the present time about eight and one-half acres have been reclaimed by filling with selected material up to a surface near the finished street grades, and furthermore bulkheading and concrete sea wall of substantial type surrounding the entire property acquired, and providing for pier connections, transfer car floats, etc., has been nearly completed at the present time, but the available funds are so nearly exhausted that the land reclaimed and the protection works constructed must be abandoned unless a further appropriation is allowed.

On July 1, 1907, I petitioned the Board for a further allowance of \$500,000 on account of this undertaking, but since reference of this matter to the Comptroller no report has been presented, to my knowledge.

The condition with which I am confronted is such that to insure the proper protection of the work already completed and to provide for the continuation of the bulkhead and sea wall for a distance of nearly 300 feet, which is a necessary extension to be built in meeting the amended plans of the Department of Docks so as to join the bulkhead of the Eighth Ward Market with the improvements provided for in the adopted plan of the Dock Department, as well as to provide for additional depths and quantities of crib work already built, which was made necessary by unforeseen contingencies in dredging operations, it now becomes necessary to request a further immediate appropriation of Corporate Stock to the amount of \$45,000.

The advisability of utilizing these market lands after an investment of a million dollars by the City is, of course, apparent, and I have laid these matters before the Board on several occasions, but for the present I will confine my request for funds to only what is necessary to preserve the lands filled by protection work such as fendering, riprap and the extension of the bulkhead to meet the amended bulkhead lines of the Department of Docks, as approved by the Sinking Fund Commission at a recent date.

Since the appropriation by the Board of \$200,000, filling to the amount of 190,000 cubic yards has been deposited on this market site, not only without cost to the City other than the cost of spreading the material, but, furthermore, through the well arranged plans of the Engineers in utilizing a cheap temporary bulkhead the dredged material for the permanent sea wall construction has been deposited in place in such a manner as to afford a saving, as compared with the cost of disposing of this material at sea, to the amount of about \$22,000.

Investigation of these matters, the work accomplished and the plans prepared will show that the work has been competently designed and executed, and I would urge that the earliest possible action be taken on this application so that the important work of sea wall construction and extension may be carried to a successful completion, a portion of this appropriation being necessary owing to the increase in the necessary depth of the supporting crib work already mentioned.

Very truly yours,

BIRD S. COLER, President, Borough of Brooklyn.

December 14, 1908.

Hon. HERMAN A. METZ, Comptroller:

Sir—Hon. Bird S. Coler, President of the Borough of Brooklyn, under date of November 30, 1908, requested authorization of the Board of Estimate and Apportionment for the issuance of \$45,000 worth of Corporate Stock for the purpose of constructing the Eighth Ward Public Market, Brooklyn.

On June 6, 1906, application was made for the authorization of \$2,000,000 worth of Corporate Stock for the purpose of constructing this market, and on June 20 this Department recommended an appropriation of \$200,000 for the purpose of preparing the site in accordance with the submitted estimates on the costs of undertaking the land reclamation.

This \$200,000 was authorized at the meeting of June 22, 1906, and with bond premiums has amounted to \$204,094.13, which amount, together with the \$45,000 additional asked for, will be required to complete the reclamation of the land previously under water. The work has been well and economically planned and is being efficiently prosecuted and the excess cost over that originally estimated is more largely due to the greater depth of cribwork necessitated by conditions and the extension of the land end of the north concrete wall some 280 feet further east to meet changed location of the Dock Department's prospective improvement. The ensuing land reclamation will amount to nearly 13 acres, at a cost of about \$1,150 per 25-foot by 100-foot plot, and, except on the south, where abutting private property a temporary bulkhead has been constructed, is encompassed by a permanent concrete wall.

I would, therefore, recommend that the Board of Estimate and Apportionment authorize the Comptroller, pursuant to section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, to issue Corporate Stock to the additional amount of \$45,000, the proceeds to be used by the President of the Borough of Brooklyn for the preparation of land for a public market in the Eighth Ward of said Borough.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Approved:

H. A. Metz, Comptroller.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of forty-five thousand dollars (\$45,000), to be used by the President of the Borough of Brooklyn in the preparation of the land for a public market in the Eighth Ward, Borough of Brooklyn.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment December 18, 1908, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purpose therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York, to an amount not exceeding forty-five thousand dollars (\$45,000), to be used by the President of the Borough of Brooklyn in the preparation of the land for a public market in the Eighth Ward, Borough of Brooklyn; and when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding forty-five thousand dollars (\$45,000), the proceeds whereof to be applied to the purposes aforesaid."

Which were severally referred to the Committee on Finance.

The President laid before the Board the following communication from the Board of Estimate and Apportionment, transmitting resolution:

No. 1508.

Board of Estimate and Apportionment, City of New York,
Office of the Secretary, No. 277 Broadway,
December 18, 1908.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen:

Dear Sir—I transmit herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment December 18, 1908, recommending the establishment of an additional grade of position of Recording Clerk in the office of the Surrogate, Kings County, with salary at the rate of \$1,100 per annum, together with form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein. I also transmit copy of report of the Comptroller relative thereto.

Very truly yours,

JOSEPH HAAG, Secretary.

December 15, 1908.

Hon. HERMAN A. METZ, Comptroller:

Sir—At a meeting of the Board of Estimate and Apportionment held December 11, 1908, a communication was received from the Clerk of the Surrogate's Court of Kings County requesting the establishment of the grade of position of Recording Clerk, at \$1,100 per annum, this request having been referred to the Comptroller for consideration and report.

It appears upon examination of the Budget for the year 1909 that in the schedules of positions and grades accompanying appropriation item No. 1613, "Surrogate's Court, Kings County, Salaries," that provision is made for eight Recording Clerks at \$1,100 per annum each. The Surrogate, in his departmental estimate for 1909, asked that \$1,200 each be provided for the eight Recording Clerks in his office, then receiving \$1,000 each. It would appear, however, that only \$100 of the increase asked for each of these Clerks was allowed in the Budget for 1909. Inquiry at the office of the Surrogate discloses the fact that a grade of \$1,200 for Recording Clerks exists, and that there are three persons receiving compensation at that rate. The Chief Clerk is authority for the statement that the work done by all the Recording Clerks in the office is practically the same, and that there is no good reason why any discrimination should exist. However, inasmuch as the Budget for 1909 provides only sufficient money to pay \$1,100 per annum each to the eight Clerks now receiving \$1,000 per annum each, the establishment of the grade of \$1,100 per annum is asked for.

The attention of your Examiner has been directed to the fact that Copyists employed in the office of the Register of Kings County transcribing deeds and mortgages are doing practically the same kind of work as that done by the Recording Clerks in the Surrogate's office. There are thirty-five salaried Copyists employed in the Register's office, at \$1,200 per annum each.

In view of the facts as herein stated, I would respectfully suggest that the Comptroller recommend to the Board of Estimate and Apportionment the approval of the request under consideration.

Yours respectfully,

(Signed) CHAS. S. HERVEY, Supervising Statistician and Examiner.

Approved:

(Signed) H. A. Metz, Comptroller.

Whereas, The Board of Estimate and Apportionment, at a meeting held December 18, 1908, adopted the following resolution:

Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of the grade of position of Recording Clerk in the office of the Surrogate, Kings County (in addition to those already existing therein), with salary at the rate of eleven hundred dollars (\$1,100) per annum.

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salary of said position as set forth therein.

Which was referred to the Committee on Salaries and Offices.

REPORTS OF STANDING COMMITTEES.

Reports of Committee on Finance—

No. 1406.

The Committee on Finance, to which was referred on December 1, 1908 (Minutes, page 1401), the annexed communication, asking for an issue of \$2,000 Special Revenue Bonds to replenish appropriation Board of Coroners, Manhattan, respectfully

REPORTS:

That, having examined the subject, it believes the proposed issue to be necessary to meet bills for services of Interpreters, care of Coroners' physicians, etc., which have accumulated in excess of amount allowed in 1908 Budget for such purposes.

It therefore recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of two thousand dollars (\$2,000), the proceeds whereof to be used by the Board of Coroners, Borough of Manhattan, for the purpose of replenishing the account entitled Salaries and Expenses of Coroners in the Borough of Manhattan, 1908.

T. P. SULLIVAN, R. S. DOULL, JOHN J. COLLINS, JOHN D. GUNTHER, JAMES W. REDMOND, FRANK L. DOWLING, Committee on Finance.

Board of Coroners, Borough of Manhattan,
Criminal Court Building,
New York, November 30, 1908.

The Honorable Board of Aldermen, City of New York, Hon. PATRICK F. McGOWAN, President:

Gentlemen—The Board of Coroners in the Borough of Manhattan respectfully request your co-operation to secure for this Department the sum of two thousand

dollars (\$2,000), an amount needed in excess of the general appropriation for the year 1908. The sum asked for is to be used for contingency purposes, to liquidate true and just claims, bills for which will be presented for payment to this office at the expiration of the year, and for services needed in the prosecution of the work of the Coroners.

We therefore appeal to your Honorable Body to consider favorably the request that Revenue Bonds be issued to provide this Department with the amount of money herein mentioned.

Very truly yours,
JULIUS HARBURGER, President, Board of Coroners.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Dowling moved the adoption of this report.

The President put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

No. 1473 (G. O. No. 111).

The Committee on Finance, to which was referred on December 15, 1908 (Minutes, page 1504), the annexed resolution in favor of an issue of \$135,000 Special Revenue Bonds to meet deficiency in the account of Final Disposition, Department of Street Cleaning, respectfully

REPORTS:

That Commissioner Crowell appeared before the Committee and stated that this item had been cut in the Budget for 1908 \$129,566.94 from the amount estimated to be necessary, whereas the amount of ashes and rubbish disposed of in 1908 had exceeded the estimate. He submitted a statement (attached hereto) showing in detail how the deficiency has been incurred. The Committee recommends that the said resolution be adopted.

Whereas, The Commissioner of Street Cleaning, in a communication to this Board dated December 15, 1908, has requested the issue of Special Revenue Bonds to the amount of one hundred and thirty-five thousand dollars (\$135,000), to make up the deficiency in the appropriation of his Department for the year 1908, for the Borough of Manhattan, entitled Appropriation for Final Disposition, Disposal of Ashes, Street Sweepings and Rubbish, including Towing and Unloading and Hired Scows.

Resolved, That the Board of Aldermen hereby requests the Board of Estimate and Apportionment, pursuant to subdivision 8 of section 188 of the Greater New York Charter, to authorize the issue of Special Revenue Bonds to the amount of one hundred and thirty-five thousand dollars (\$135,000), to make up the deficiency in the Budget of 1908 in the appropriation of the Department of Street Cleaning for the Borough of Manhattan, entitled Appropriation for Final Disposition, Disposal of Ashes, Street Sweepings and Rubbish, including Towing and Unloading and Hired Scows.

No. 1481.

The Committee on Finance, to which was referred on December 15, 1908 (Minutes, page 1513), the annexed resolution in favor of an issue of \$7,200 Special Revenue Bonds to pay salaries of Clerks, office of Clerk of New York County, respectfully

REPORTS:

That a representative of the County Clerk appeared before the Committee and stated that through some inadvertence this allowance had been omitted from the Budget, and unless same was granted men already appointed and at work would have to be laid off and the work of the office would correspondingly suffer. The Committee therefore recommends that the said resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of seven thousand two hundred dollars (\$7,200), the proceeds whereof to be used by the County Clerk of New York County to pay the salaries for the year 1909 of two Clerks, at \$1,200 each per annum, provided for under chapter 742 of the Laws of 1907, and four Recording Clerks, at \$1,200 each per annum, appointed under the provisions of the State Civil Service Law, appropriation for which was omitted in the Budget for 1909.

The Committee on Finance, to which was referred on December 15, 1908 (Minutes, page 1514), the annexed resolution in favor of an issue of \$50,000 Special Revenue Bonds for street repairs, respectfully

REPORTS:

That Borough President Ahearn appeared before the Committee and stated that the facts in connection with this application were fully set forth in his letter hereto attached, and that this action was taken by advice of the Corporation Counsel.

The Committee recommends that the said resolution be adopted.

Resolved, That, pursuant to subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of \$50,000 for the purpose of establishing a fund for repairing street pavements where the period of maintenance has not expired.

T. P. SULLIVAN, R. S. DOULL, JOHN J. COLLINS, JOHN D. GUNTHER, JAMES W. REDMOND, FRANK L. DOWLING, Committee on Finance.

The City of New York,
Office of the President of the Borough of Manhattan.
City Hall, December 11, 1908.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen:

Dear Sir—Request is hereby made for an issue of Special Revenue Bonds to the amount of \$50,000 for the purpose of establishing a fund for the repairing of street pavements where the period of maintenance has not expired, and where the contractor has failed to comply with the requirements of his contract.

This request is made by reason of the fact that several contracts, carrying unexpired periods of maintenance, have recently been abrogated by some of the asphalt

paving companies, and as there are not sufficient funds remaining in the retained percentages on the contracts to maintain them to the date of expiration, a separate and special fund will have to be established for the purpose.

There are at the present time several streets in a dangerous condition which should be repaired, but the work cannot be undertaken for lack of a fund to which the cost may be properly certified. It is proposed, and the Corporation Counsel has so advised, that when a fund has been created the cost of the work will be charged to it, and the money expended for such repairs may be recovered by the City through the usual legal process and returned to the fund when collected. It is impossible to anticipate what additional contracts will be involved by the future action the contractors may take and the amount that will be required for repairs upon streets included in contracts which have several years to run cannot therefore be estimated. A sufficient amount should, however, be appropriated to provide for the repairs that are necessary at the present time and which will be required during the progress of the work for which several contracts have recently been entered into.

Very truly yours,
JOHN F. AHEARN, President.

Under Rule 21 consideration of this report was deferred. Subsequently Alderman Dowling moved the adoption of this report.

Alderman Esterbrook moved that the above resolution be amended by inserting after the word "pavements" the words "in the Borough of Manhattan."

Which motion was adopted.

The President put the question whether the Board would agree to accept such report and adopt said resolution as amended.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Barton, Bent, Beyer, B. W. B. Brown, J. W. Brown, Carter, Case, Cole, Coleman, Colgan, Corbett, Davis, Delaney, Diemer, Doull, Dowling, Emener, Esterbrook, Finnigan, Flanagan, Flynn, Gaynor, Goldschmidt, Grimm, Gunther, Handy, Heffernan, Hines, Hochdorffer, Kavanagh, Kenneally, Kenney, Levine, Linde, Loos, Martyn, Marx, McAleer, McCann, McDonald, Moskowitz, Mulcahy, Mulligan, Mulvaney, Nagle, Nugent, O'Reilly, Potter, Reardon, Redmond, Rendt, Schloss, Smith, Stapleton, Walsh, Wentz, President Coler, by Thomas R. Reports of Committee on Salaries and Offices—

No. 1447.

The Committee on Salaries and Offices, to which was referred on December 8, 1908 (Minutes, page 1457), the annexed resolution requesting the Board of Estimate and Apportionment to fix the salary of Captain of Attendants in the Court of General Sessions at \$2,000 per annum, respectfully

REPORTS:

That, having examined the subject, it believes the proposed increase should first receive the approval of the Board of Estimate and Apportionment, and therefore recommends that the said resolution be adopted.

Resolved, That the Board of Estimate and Apportionment be and it is hereby respectfully requested to fix the salary of the position of Captain of Attendants in the Court of General Sessions of the Peace of The City of New York (five parts), at the rate of two thousand dollars (\$2,000) per annum, this request being predicated upon the reasons that the salary now paid is insufficient for the services rendered and that officers in courts of like jurisdiction in other parts of the City receive the amount herein requested, and, further, that this request, if adopted, will bring about an equalization of salaries for like services rendered.

R. S. DOULL, JOHN DIEMER, T. P. SULLIVAN, SAMUEL MARX, P. F. FLYNN, MICHAEL STAPLETON, Committee on Salaries and Offices.

Under Rule 21 consideration of this report was deferred. Subsequently Alderman Doull moved the adoption of this report.

Which report was accepted.

The Committee on Salaries and Offices, to which was referred on December 15, 1908 (Minutes, page 1488), the annexed resolution in favor of establishing position of Deputy Chief in charge of the Marine Division, Fire Department, respectfully

REPORTS:

That Deputy Commissioner Whitney appeared before the Committee and stated that, owing to the growth of this branch of the service, it was imperative that a head should be appointed, for which reason this application was made. The Committee believes this to be a wise and timely step, and therefore recommends that the said resolution be adopted.

Whereas, The Board of Estimate and Apportionment, at a meeting held December 11, 1908, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of the position of Deputy Chief in charge of the Marine Division, under the jurisdiction of the Fire Department, with salary at the rate of forty-two hundred dollars (\$4,200) per annum, for one incumbent."

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the above resolution and fixes the salary of said position as set forth therein.

No. 1470.

The Committee on Salaries and Offices, to which was referred on December 15, 1908 (Minutes, page 1489), the annexed resolution in favor of establishing additional grade of Hostler in Street Cleaning Department, at \$800 per annum and extra pay for Sunday work, respectfully

REPORTS:

That, having examined the subject, it believes the proposed increase to be equitable, as it places these men on a level with others of the same class.

It therefore recommends that the said resolution be adopted.

Whereas, The Board of Estimate and Apportionment, at a meeting held December 11, 1908, adopted the following resolution:

Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of the grade of position of Hostler in the Department of Street Cleaning (in addition to those already existing therein), with salary at the rate of eight hundred dollars (\$800) per annum, and extra pay for Sunday work at the present rate of two dollars and thirty cents (\$2.30) per day.

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salary of said position as set forth therein.

R. S. DOULL, JOHN DIEMER, T. P. SULLIVAN, SAMUEL MARX, P. F. FLYNN, MICHAEL STAPLETON, Committee on Salaries and Offices.

Under Rule 21 consideration of this report was deferred. Subsequently Alderman Doull moved the adoption of this report.

The President put the question whether the Board would agree to accept such report and adopt said resolution.

Report of Committee on Laws and Legislation—

No. 1491.

The Committee on Laws and Legislation, to which was referred on December 15, 1908 (Minutes, page 1517), the annexed ordinance in favor of amending the fire-arm ordinance for the benefit of the Bergen Beach Gun Club, in the Borough of Brooklyn, respectfully

REPORTS:

That it believes the proposed concession to be proper as an accommodation to a large number of reputable persons, the club being known to be respectable and well conducted, and therefore recommends that the said ordinance be adopted.

AN ORDINANCE to amend section 430 of part 1 of the Code of Ordinances of The City of New York relating to the "Discharge of Firearms."

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. Section 430 of part 1 of the Code of Ordinances of The City of New York relating to the discharge of firearms, as amended, is hereby further amended by adding at the end thereof the words, "the grounds of the Bergen Beach Gun Club, bounded by Avenue T on the north, East Seventy-third street and Avenue U on the east, Island avenue and Avenue U on the south and East Seventy-first street on the west, Bergen Beach, in the Borough of Brooklyn."

Sec. 2. This ordinance shall take effect immediately.

Report of Committee on Streets, Highways and Sewers—

No. 1495.

The Committee on Streets, Highways and Sewers, to which was referred on December 15, 1908 (Minutes, page 1519), the annexed resolution in favor of changing the name of part of Seventh avenue, in the Borough of Manhattan, to Jefferson boulevard, respectfully

REPORTS:

That, having examined the subject, it believes the proposed change of name to be desirable, inasmuch as it is supported with considerable enthusiasm by a large number of property owners, who consider such distinctive appellation preferable to a mere numerical number, and as a recognition of one of the most distinguished Presidents and patriots of America. It therefore recommends that the accompanying substitute resolution be adopted, the resolution as presented not being exactly in proper form.

(SUBSTITUTE.)

Resolved, That the name of the public thoroughfare extending northerly from Central Park, in the Borough of Manhattan, from One Hundred and Tenth street to the Harlem River, now known as Seventh avenue, be and the same is hereby changed to Jefferson boulevard, by which latter name such thoroughfare shall be hereafter designated and known, and that the President of said Borough is hereby authorized and requested to make the necessary changes on the maps and records of The City of New York.

(ORIGINAL.)

Resolved, That Resolution No. 648, which was placed on file by Resolution No. 1427, on December 1, 1908, being a petition of the Woman's Democratic Club to change the name of a part of Seventh avenue, Manhattan, to Jefferson boulevard, be recalled from the files, and that the petition be acceded to; also, that the President of the Borough of Manhattan be and he is hereby requested, authorized and empowered to make the necessary changes on the maps of The City of New York.

Which was recommended to the Committee on Streets, Highways and Sewers.

GENERAL ORDERS.

Alderman Kenney called up General Order No. 109, being a report and resolution, as follows:

No. 1173.

The Committee on Public Letting, to which was referred on October 6, 1908 (Minutes, page 27), the annexed resolution authorizing the Commissioner of Water Supply, Gas and Electricity to purchase patented water main connections in open market, respectfully

REPORTS:

That Deputy Commissioner Loughman appeared before the Committee and stated that this was a renewal of a permission which had extended since 1904, and that this renewal would last about eighteen months. These patent devices enabled the Department to connect small and large mains when making repairs or establishing new plant without the necessity of shutting off the water, and depriving residents of the vicinity of water supply. The Committee recommends that the said resolution be adopted.

Resolved, That, in accordance with the provisions of section 419 of the amended Greater New York Charter, the Commissioner of Water Supply, Gas and Electricity be and is hereby authorized to purchase, without public letting, certain patented devices for connecting water mains at an expense not to exceed ten thousand dollars (\$10,000).

FRANK L. DOWLING, FREDERICK C. HOCHDORFFER, G. A. COLGAN, MAX S. LEVINE, THOS. J. MULLIGAN, JAMES J. SMITH, Committee on Public Letting.

The President put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Barton, Bent, Beyer, B. W. B. Brown, J. W. Brown, Carter, Case, Cole, Coleman, Colgan, Corbett, Davis, Delaney, Diemer, Doull, Dowling, Downing, Emener, Finnigan, Flanagan, Flynn, Gaynor, Goldschmidt, Grimm, Heffernan, Hickey, Hines, Hochdorffer, Kavanagh, Kenneally, Kenney, Levine, Linde, Loos, Martyn, Marx, McAleer, McCann, McDonald, Moskowitz, Muhlbaue, Mulcahy, Mulligan, Mulvaney, Nagle, Nugent, O'Reilly, Potter, Rendt, Redmond, Reahy, Schloss, Smith, Stapleton, Walsh, Wentz, President Cromwell, President Coler, by Thomas R. Farrell, Commissioner of Public Works; President Ahearn and the President—61.

Alderman Kenney called up General Order No. 110, being a report and resolution, as follows:

No. 674.

The Committee on Laws and Legislation, to which was referred on April 28, 1908 (Minutes, page 239), the annexed ordinance relative to the use of headlights and searchlights on automobiles, respectfully

REPORTS:

That, having examined the subject, it believes the added restrictions embodied therein to be timely, of real benefit and advantage to the general users of the highways, and therefore recommends that the said ordinance be adopted.

JAMES W. REDMOND, JOHN F. WALSH, JOS. D. KAVANAGH, JOHN S. GAYNOR, JOSEPH SCHLOSS, JOHN McCANN, Committee on Laws and Legislation.

The Committee on Laws and Legislation, to which was committed on June 30, 1908 (Minutes, page 882), the annexed ordinance relative to the use of lights on automobiles, respectfully

REPORTS:

That, having re-examined the subject with great care, it sees no reason to change the opinion arrived at when it delivered the first report recommended, which it confirms, and recommends that the said ordinance be adopted.

AN ORDINANCE to amend section 458 of the Code of Ordinances of The City of New York relative to the use of headlights and searchlights on automobiles while in use upon the streets, highways and thoroughfares of said City.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. Section 458 of the Code of Ordinances of The City of New York is hereby amended to read as follows:

Sec. 458. Lights—Each and every vehicle using the public streets or highways of this City, except vehicles of licensed truckmen, shall show, between one hour after sunset and one hour before sunrise, a light or lights, so placed as to be seen from the front and each side; if dash lantern is carried it shall be placed on the left-hand side; such light or lights to be of sufficient illuminating power to be visible at a distance of 200 feet; said light or lights shall show white in front, but may be colored on the sides, excepting licensed truckmen. Every automobile shall exhibit during the same period two lamps showing white lights visible at a distance of 300 feet in the direction toward which the automobile is proceeding, and shall also exhibit a red light, visible in the reverse direction. The lamps shall be so placed as to be free from obstruction to light from other parts of said automobile. No operator of any automobile or other motor vehicle, while operating the same upon the public highway, within the City, shall use any acetylene, electric or other headlight, unless properly shaded so as not to blind or dazzle other users of the highway, or make it difficult or unsafe for them to ride, drive or walk thereon. In the Borough of The Bronx, excepting south of Tremont avenue and One Hundred and Seventy-seventh street, east of Jerome avenue and west of the Bronx River, and in the Boroughs of Richmond and Queens, and in the Twenty-sixth, Thirtieth, Thirty-first and Thirty-second Wards of the Borough of Brooklyn, every car or other vehicle between said hours, while moving on, along or standing upon the portion of streets in said Boroughs or parts of Boroughs, shall also carry a light or lights of such illuminating power as to be plainly visible 200 feet, both ahead and behind said car or vehicle.

Sec. 2. This ordinance shall take effect immediately.

Note—New matter in italics.

JAMES W. REDMOND, JOHN F. WALSH, JOS. D. KAVANAGH, JOHN McCANN, JOHN S. GAYNOR, CHARLES DELANEY, Committee on Laws and Legislation.

The President put the question whether the Board would agree to accept such report and adopt said ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Barton, Bent, Beyer, J. W. Brown, Carter, Case, Cole, Corbett, Davis, Delaney, Doull, Dowling, Esterbrook, Flanagan, Flynn, Gaynor, Goldschmidt, Grimm, Heffernan, Hines, Hochdorffer, Johnson, Kavanagh, Kenneally, Kenney, Levine, Linde, Loos, Martyn, Marx, McAleer, McCann, Moskowitz, Muhlbaue, Mulcahy, Mulvaney, Nagle, O'Reilly, Rendt, Schloss, Stapleton, Stormont, Walsh and President Gresser, by Alfred Denton, Commissioner of Public Works—45.

By Alderman Bent—
Resolved, That:
1. Any person, being the owner in whole or in part, or the manager, or any employee or attache, who admits to or allows to remain in any place where mov-

ing pictures are shown under a common show license or in any candy store, ice cream parlor, restaurant or any other business enterprise, any child actually or apparently under the age of sixteen years, unless accompanied by his or her parent or relative, or with friends of his or her parent, whether an admission fee is charged or otherwise, is guilty of a violation of the Ordinances of The City of New York.

2. Any person, not the parent, relative or friend of his or her family, who invites or takes any child actually or apparently under the age of sixteen years into any place where moving pictures are shown under a common show license, or any candy store, ice cream parlor, restaurant or any other business capacity, whether an admission fee is charged or otherwise, is guilty of a violation of the Ordinances of The City of New York.

3. Any person being found guilty before any City Magistrate of having violated such ordinances as above provided, shall be punished:

For the first offense by imprisonment for not more than ten days, or by a fine of not more than ten dollars.

For the second offense, by imprisonment for not less than ten days nor more than twenty days, or by fine of not less than ten dollars nor more than twenty dollars.

And for the third or any following offense, by imprisonment for not less than twenty days nor more than sixty days, or by a fine of not less than twenty dollars nor more than fifty dollars, or both.

On motion, at 3.45 p. m. the Board adjourned.

MUNICIPAL CIVIL SERVICE COMMISSION.

Minutes of Meeting of the Municipal Civil Service Commission of New York, Held at the Commission's Offices, No. 299 Broadway, on Wednesday, November 4, 1908, at 10 A. M.

Present—President Frank L. Polk and Commissioners R. Ross Appleton and Arthur J. O'Keefe.

The President, Mr. Frank L. Polk, presided.

The hearing granted Alexander S. Scherr, of No. 236 East Eighty-sixth street, to show cause why he should not be removed from the position of Patrolman for having been personated in the mental examination for that position, was adjourned for one week at the request of his counsel.

John D. Clifford, of No. 445 Degraw street, Brooklyn, appeared before the Commission, in accordance with their instructions, on the charge that he had not taken the written examination for Patrolman held on or about January 24, 1908; that some one had taken the examination for him and that on the strength of the rating in that examination he had obtained a position on the Police Force.

After the Commission had gone into regular session the minutes of the meeting held October 28 were approved.

On motion, the matter of John D. Clifford was laid over.

On the recommendation of the Committee on Transfers, the following transfers were approved:

1157. Joseph A. Cronin, Clerk, second grade (\$1,050 per annum), from the Tenement House Department to the Department of Docks and Ferries.

1162. Miss Jennie T. Duffy, Stenographer and Typewriter, second grade, from the Department of Public Charities to the Board of Water Supply.

1163. Patrick Dwyer, Inspector of Masonry and Carpentry, from the Department of Education to the Bureau of Buildings, Borough of Manhattan.

1165. Edward Catherwood, Clerk, third grade (\$1,350 per annum), from the office of the Commissioners of Accounts to the Department of Water Supply, Gas and Electricity.

On the recommendation of the Committee on Transfers, the following transfer was disapproved:

1164. John F. Hughes, from the position of Inspector of Tenements in the Tenement House Department to that of Inspector of Plumbing in the Bureau of Buildings, Borough of Manhattan, he never having qualified for the latter position.

The President presented the following report on transfers, reinstatements, etc., in the labor class, acted upon by him:

Transfers Approved.

Patrick J. Keefe, from Paver to Park Laborer, Department of Parks, Borough of The Bronx.

Agnes L. O'Keefe, Cleaner, from the Department of Education to the office of the President of the Borough of Manhattan.

Edward F. Green, from Driver to Stableman, Department of Street Cleaning.

W. F. Bergstrom, from Boardman to Scowman, Department of Street Cleaning.

Jeremiah Corcoran, from Scowman to Boardman, Department of Street Cleaning.

William Pettitt, Laborer, from the office of the President of the Borough of The Bronx to the Department of Water Supply, Gas and Electricity.

William Preuss, from Laborer to Stoker, Department of Water Supply, Gas and Electricity.

Thomas J. Noonan, Laborer, from the Department of Parks, Boroughs of Brooklyn and Queens, to Department of Water Supply, Gas and Electricity.

Reassignments Approved.

Domenic Malfi, Dock Laborer, Department of Docks and Ferries.

Patrick Hogan, Marine Stoker, Department of Docks and Ferries.

John J. Kelly, Park Laborer, Department of Parks, Boroughs of Brooklyn and Queens.

Wesley Brown, Driver, Department of Street Cleaning.

Applications Granted.

The action of the Secretary was approved.

A communication was presented from the Chief Examiner, dated October 30, forwarding the resignations of Gertrude Wells and S. Raymond Brinckerhoff, Monitors. On motion, the resignations were accepted.

A report was presented from the Labor Clerk, dated October 30, relative to communications from the International Brotherhood of Boiler Makers, Iron Ship Builders and Helpers of America, requesting the classification of the positions of Boiler Maker's Helper and Boiler Maker's Apprentice. It appearing from the report that there were not more than half a dozen Boiler Makers in the employ of the City, and that no request ever had been received for an eligible list for either Boiler Maker's Helper or Boiler Maker's Apprentice, the request was denied.

A report was presented from Dr. J. P. Warbasse, Medical Examiner, dated October 30, in relation to the physical examination of candidates for the position of Inspector, Board of Water Supply. The report was ordered filed.

The Secretary stated that a comparison of the handwriting in the application filed by Joseph J. Rahl, of No. 55 Watts street, Borough of Manhattan, a candidate for the position of Fireman, with that appearing in the examination papers pointed to the conclusion that the candidate had been personated in the mental examination. It appeared that the candidate had been appointed to the position of Fireman on May 14, 1907, and that he had subsequently resigned. On motion, it was

Resolved, That the Secretary be and he hereby is directed to place the name of Joseph J. Rahl upon the "black list."

On the recommendation of the President, to whom the matter had been referred at a previous meeting, the Secretary was directed to communicate with the Police Commissioner and state that Andrew J. Tully, of No. 231 East Thirty-fourth street, Manhattan, candidate for Patrolman, had attained the minimum age of twenty-one at the time of filing his application; that he had made an innocent mistake in giving the date of his birth, and that his appointment should be made permanent.

Letters were presented from the Secretary of the Department of Health, dated October 28 and November 2, requesting that the following named persons be given a non-competitive examination to qualify them for provisional appointment as Nurses, pending the preparation of an eligible list for that position, pursuant to the provisions of paragraph 3 of Rule XII.:

Katherine Vandermeulen, No. 2172 Richmond terrace, Port Richmond, Staten Island.

Lucille A. Tischner, No. 133 Garfield place, Brooklyn.

Frieda M. Paetsch, No. 589 Lexington avenue, Manhattan.

Mary Staib, No. 145 East Sixtieth street, Manhattan.

The request was granted and the Secretary was directed to proceed with the examination at an early date. The emergency appointment of the said persons for a period of fifteen days was approved under the provisions of paragraph 4 of Rule XII.

On motion, it was

Resolved, That the Secretary be and he hereby is directed to proceed with an open competitive examination for the position of Nurse.

The request of the Department of Health for approval of the promotion of Thomas Hanley, a Clerk of the third grade in the employ of that Department, to the fifth grade with salary at the rate of \$2,550 per annum, to take effect September 30, 1908, was denied for the reason that Mr. Hanley had not qualified by examination for such promotion.

On motion, the request of the Department of Public Charities for an open competitive examination for Dietitian was referred back to the Chief Examiner with a request for a definite report.

A letter was presented from the Commissioner of Street Cleaning, dated October 22, requesting to be advised as to what course to pursue in order to change the title of two hundred and fifty-two persons employed in the Labor Class from Acting Assistant to Foreman to Assistant Foreman, second grade. The matter was laid over, pending the receipt of a brief from Hon. Julius M. Mayer.

A letter was presented from the Deputy and Acting Commissioner of Bridges, dated October 28, requesting authority to reinstate Theodore F. Lenz in that Department as a Bridge Keeper. It appeared that prior to June, 1898, when the Trustees of the New York and Brooklyn Bridge and the Department of Bridges operated the local railroad across the Brooklyn Bridge, Theodore F. Lenz had been employed as a Motorman, and that in June, 1898, when the Brooklyn Elevated Railroad Company took over the bridge railroad, under a lease with the City, he had become an employee of the railroad company, where he had served continuously until the installation of the through train service on the Brooklyn Bridge in January, 1908. The reinstatement was approved.

The following requests for promotion examinations were granted:

Board of Education.

Typewriting Copyist, third grade, to Stenographer and Typewriter, third grade (change of title), office of the City Superintendent.
Cleaner to Messenger, office of the Secretary.

Department of Docks and Ferries.

Marine Sounder to Chainman and Rodman.

Department of Finance.

Inspector to Transitman and Computer, Bureau of Engineering.

Department of Public Charities.

Trained Nurse to Supervising Nurse (male and female).

President of the Borough of Richmond.

Stenographer and Typewriter, third grade, to Clerk, third grade (change of title), Bureau of Engineering-Topography.

Typewriting Copyist, second grade, to Clerk, second grade (change of title), Bureau of Engineering-Topography.

Clerk, third grade, to Chief Clerk, fourth grade (all Bureaus); to be open also to the third grade Stenographers and Typewriters in the Bureaus of Engineering Construction and Engineering-Topography, there being no Clerks of the third grade in those Bureaus.

From positions in the Labor Class to Messenger, Bureau of Engineering-Topography; to be open to all employees in the Labor Class who on October 1 had served for a period of three years.

From positions in the Labor Class to Axeman, Bureaus of Engineering-Topography and Engineering Construction; to be open to all employees in the Labor Class who on October 1 had served for a period of three years.

The request of the Department of Water Supply, Gas and Electricity for an examination for promotion from Building Inspector of Masonry and Carpentry to Assistant Engineer (Borough of Brooklyn), was denied.

The request of the Department of Health for an examination for promotion from the position of Bacteriologist in the Research Laboratory to that of Assistant Director of the Research Laboratory was referred to Mr. Murray, Examiner in Charge of the Promotion Bureau, for a recommendation.

The request of the Deputy Clerk of the Court of Special Sessions, First Division, that Hugh S. Doyle, second grade Clerk employed in that Court, be permitted to qualify in the forthcoming examination for promotion to the third grade, was denied for the reason that the candidate had not served the requisite length of time in the second grade.

The request of the Commissioner of Water Supply, Gas and Electricity, dated October 26, that Howard C. Kelly, Stenographer and Typewriter employed in the Bureau of Lamps and Lighting, Borough of Richmond, be certified as eligible for promotion to \$1,200 per annum, was denied for the reason that the eligible list from which Mr. Kelly had been appointed in the City service on January 15, 1907, was a list for the second grade only.

The leaves of absence, without pay, granted the following named employees were approved:

James M. Finley, Inspector, Board of Education, from August 3 to October 19, 1908.

Maurice Donohue, Clerk, Department of Health, from October 18 to November 18, 1908 (additional leave). Doctor's certificate.

Edward McConekey, Inspector of Regulating, Grading and Paving, office of the President of the Borough of Brooklyn, three months, from October 27, 1908. Doctor's certificate.

Barnett Cohen, Topographical Draughtsman, office of the President of the Borough of Richmond, six months, from November 7, 1908 (additional leave). Doctor's certificate.

The following emergency appointments were approved under the provisions of paragraph 4 of Rule XII.:

October 30, 1908 (seven days)—Emmet R. Kelly, Engineer, Brooklyn Disciplinary Training School.

September 1, 1908—Miss A. L. Barrett, Stenographer and Typewriter, Department of Water Supply, Gas and Electricity.

October 7, 8 and 9, 1908—Frederick Strude, Automobile Engineman, Department of Finance.

A letter was presented from the Superintendent of the Brooklyn Disciplinary Training School for Boys stating that Charles R. Williams and Marshal D. Spaulding had been appointed as Caretakers, in an emergency, with salary at the rate of \$720 per annum and maintenance, for periods of two weeks and one month, respectively, from October 28. The communication was ordered filed.

The Secretary presented for the consideration of the Commission vouchers from the Department of Health in payment of Mr. John V. Van Pelt for services rendered as an expert water color artist, and Mr. F. S. Dixon as an expert statistician, amounting to \$175 and \$28, respectively.

On motion, the Secretary was directed to certify the vouchers, in accordance with paragraph 6 of Rule XII.

The Secretary presented for consideration a voucher from the Department of Water Supply, Gas and Electricity, in the amount of \$1,000, covering services rendered by Professor R. C. Carpenter as an expert engineer.

On motion, the Secretary was directed to certify the voucher as being exempt from the provisions of the Civil Service Rules.

A communication was presented from the Police Commissioner approving the suggestions of the President in the matter of an examination for Police Matron.

On motion, it was Resolved, That the Secretary be and he hereby is directed to proceed with an open competitive examination for the position of Police Matron.

The following reports of departmental Boards of Examiners for positions in the non-competitive class were approved upon the recommendation of the Chief Examiner:

Department of Health, October 26; Department of Public Charities, November 2; New York Nautical School, November 1.

A letter was presented from the Commissioner of Parks, Boroughs of Brooklyn and Queens, dated October 30, requesting the Commission to hold an examination for promotion to the grade of Inspector of Masonry Construction for that Department, and stating that application had been made to the Board of Estimate and Apportionment for the establishment of the said position. The Secretary was directed to inquire to what class of employees the Commissioner desired the examination to be open.

A communication was presented from the Deputy Commissioner of Water Supply, Gas and Electricity, dated October 29, stating that Michael F. Merron, Pilot, had been temporarily appointed on the Department boat "Antietam" on August 20, the regular Pilot having been suspended, and that Mr. Merron had been employed to October 19. Accompanying the communication was a report of the departmental Board of Examiners for positions in the non-competitive class, certifying as to Mr. Merron's qualifications, and also his license as a master pilot. The Secretary was directed to certify the payroll for services rendered prior to the holding of the departmental examination, pursuant to the provisions of paragraph 6 of Rule XII., and the report of the departmental examination was approved.

A letter was presented from Mr. W. L. Alexander, of the Monarch Typewriter Company, Poughkeepsie, N. Y., requesting that he be furnished with a list of the persons who had applied for permission to take the examination for the positions of Stenographer and Typewriter and Typewriting Copyist, Board of Water Supply, to be held at Poughkeepsie on November 7. The request was denied.

The request of John L. Strong, of No. 271 Audubon avenue, that his name be removed from the blacklist and that his application for Clerk, Board of Water Supply, be accepted, was referred to the President for consideration.

The request of John J. Kennedy, of No. 221 Madison avenue, Flushing, L. I., that he be restored to eligibility for temporary employment from the eligible list of Clerk, second grade, was granted upon his statement that his failure to reply to the letter received from the Commission on June 22, 1908, inquiring as to whether he would be willing to accept a temporary appointment, was due to a misapprehension.

The request of Miss Margaret V. O'Neil, Telephone Operator in the office of the Commission, for permission to compete in the examination for promotion to Clerk of the third grade was ordered continued on the calendar.

The Commission then adjourned to meet Wednesday, November 11, 1908, at 10 o'clock in the forenoon.

F. A. SPENCER, Secretary.

MUNICIPAL CIVIL SERVICE COMMISSION.

Minutes of Meeting of the Municipal Civil Service Commission of New York, Held at the Commission's Offices, No. 299 Broadway, on Wednesday, November 11, 1908, at 10 a. m.

Present—President Frank L. Polk and Commissioners R. Ross Appleton and Arthur J. O'Keeffe.

The President, Mr. Frank L. Polk, presided.

The hearing accorded Alexander S. Scherr, of No. 236 East Eighty-sixth street, to show cause why he should not be dismissed from the position of Patrolman, was adjourned for one week.

After the Commission has gone into regular session the minutes of the meeting held November 4 were approved.

On the recommendation of the Committee on Transfers, the following transfers were approved:

1164. John F. Hughes, from the position of Inspector of Tenements (\$1,200 per annum) in the Tenement House Department to that of Inspector of Plumbing (\$1,200 per annum) in the Bureau of Buildings, Borough of Manhattan, it appearing that he had previously held the latter position, and there being no eligible list in existence for the same.

James J. Hogan, No. 2148 Lexington avenue.
Charles A. Conrath, No. 454 East One Hundred and Thirty-fourth street.
Nicholas J. Geis, No. 63 West One Hundred and Thirty-ninth street.
Jacob Klein, No. 3 East One Hundred and Ninth street.
James J. Lahey, No. 1528 East Eighteenth street, Brooklyn.

Inspector of Foods (Fish).

Louis J. Oliver, No. 39 First avenue, Tompkinsville.

Inspector of Elevators.

Patrick Clark, No. 165 East Ninetieth street.

Dockmaster.

Ambrose A. Sweeney, No. 1107 Eighth avenue, Brooklyn.
The appeal of Patrick F. Griffin, No. 77 Douglas street, Brooklyn, candidate for Machinist, for a physical re-examination, was granted, he having furnished a doctor's certificate showing that he was ill at the time of the general examination.

A communication was presented from the Chief Examiner, dated November 5, forwarding the resignation of Marion B. Crowell, No. 103 Maple street, Richmond Hill, L. I., from the position of Monitor. On motion, the resignation was accepted.

A report was presented from the Chief Examiner in relation to the communication of John R. Blake, Bayside, L. I., dated November 6, regarding the conduct of the recent examination for the position of Clerk, Board of Water Supply. The report was ordered filed.

A report was presented from the Chief Examiner, dated November 10, stating that on Mr. Rafferty's report the application of Frank Corbin, of No. 340 East Twenty-fifth street, for the position of Clerk, Board of Water Supply, should be rejected. On motion, the application was rejected, pursuant to the provisions of paragraph 14 of Rule VII.

A report was presented from Mr. Rafferty, Examiner, dated November 5, in relation to the application of James V. Kilroe, No. 358 West One Hundred and Twentieth street, applicant for the position of Inspector of Meters and Water Consumption, who gave as the date of his birth in the application April 5, 1886, and in the preliminary sheet at the mental examination April 5, 1887. The report stated that the candidate had produced a baptismal certificate from St. John's Roman Catholic Church, of Honesdale, Pa., which gave the date of birth as April 5, 1887, and that the candidate therefore had been twenty years eleven months and fourteen days old at the time of filing the application, but over twenty-one years at the time of the examination. After careful consideration of the matter the application was accepted.

A report was presented from Mr. Rafferty, Examiner, dated November 5, recommending, with the approval of the Chief Examiner, that as the following named candidates had either absented themselves from the examination, or failed, their applications should be filed for future reference:

J. H. Livingston, Stationary and Janitor Engineer; E. Fitzgerald, Stationary and Janitor Engineer; Samuel Ackerman, Topographical Draughtsman; Samuel Brookman, Topographical Draughtsman; Maxwell A. Cantor, Topographical Draughtsman; William H. Soossen, Topographical Draughtsman; William A. Evelenka, Structural Steel Draughtsman; James J. Moynahan, Structural Steel Draughtsman; John J. Sheil, Deputy and Junior Assistant Corporation Counsel; Wolf Sheinberg, Deputy and Assistant Corporation Counsel; Michael Klein, Inspector of Meters and Water Consumption; Christ. B. Donnelly, Inspector of Meters and Water Consumption; J. F. Dunn, Inspector of Meters and Water Consumption; G. F. McCloskey, Inspector of Meters and Water Consumption; J. M. Brerton, Inspector of Meters and Water Consumption; C. LeCaron, Inspector of Meters and Water Consumption; P. F. Connelly, Inspector of Meters and Water Consumption; R. A. Kenahan, Inspector of Meters and Water Consumption; J. McMillin, Inspector of Meters and Water Consumption; P. T. White, Inspector of Meters and Water Consumption; J. D. Mullarkey, Inspector of Pipe Laying; G. Mingalone, Inspector of Hydrants; J. McNurney, Inspector of Hydrants; J. F. Dunn, Inspector of Pipe Laying; P. F. Connelly, Inspector of Pipe Laying; L. F. Fick, Inspector of Pipe Laying; J. Dunn, Inspector of Meters and Water Consumption.

The recommendation was adopted.

A communication was presented from the Chief Examiner, dated October 28, forwarding a report from Mr. Ruddy, Clerk, stating that an error had been made in the physical examination of Michael Cahill, candidate for Patrolman on Aqueduct, and recommending that the candidate be given a physical re-examination and that the Medical Examiner be called upon for an explanation. On motion, it was

Resolved, That the Secretary be and he hereby is directed to summon Michael Cahill, candidate for Patrolman on Aqueduct, for a physical re-examination, it appearing that an error was made by the Examiners in his original examination.

The Secretary called the attention of the Commission to the fact that an open competitive examination for the position of Fireman should be held at an early date, as the eligible list had been nearly exhausted. The matter was referred to the President.

The brief submitted by Alfred J. Talley, Esq., in the matter of the appeal of Dominick Riley, a candidate for promotion to Captain of Police, was referred to the President.

The request of the Department of Water Supply, Gas and Electricity, dated September 14, for approval of the transfer of Patrick J. McKiernan from the position of Axeman to that of Inspector of Fuel, which had been laid over at the Commission's meeting of September 16, was denied, and the Secretary was directed to call the attention of the Department to the provisions of paragraph 2 of Rule XIV. governing transfers.

On motion, the Secretary was directed to proceed with the following promotion examinations:

Telephone Operator to Clerk (of the appropriate grade), office of the President of the Borough of Manhattan.

Bacteriologist to Assistant Director of Research Laboratory, Department of Health.

Laborer to Foreman of Laborers, Department of Public Charities (New York City Children's Hospitals and Schools, Randalls Island).

A communication was presented from the Fire Commissioner, dated November 10, designating Acting Deputy Chief of Department John Kenlon and Medical Officer Joseph E. Smith as members of the Departmental Board of Examiners. On motion, the designation was approved.

A communication was presented from the Mayor, dated November 10, requesting to be informed of the number of automobiles in use by the Commission, etc. The Secretary was directed to reply to the inquiry and state that no automobiles had been appropriated for the use of the Civil Service Commission.

The Secretary stated that on November 5 he had received a request from the Department of Docks and Ferries for authority to extend the emergency appointment of Miss Mildred Heaney, as Stenographer and Typewriter, for an additional period of fifteen days, and that, there being no eligible list from which an appointment could be made, he had summoned Miss Heaney for a non-competitive examination to qualify her for a provisional appointment, pending the preparation of an eligible list for Stenographer and Typewriter, in accordance with the provisions of paragraph 3 of Rule XII. The action of the Secretary was approved.

The leave of absence without pay for three months from October 28, granted John H. Armstrong, Inspector of Regulating, Grading and Paving in the Bureau of Highways, was approved, it appearing from the doctor's certificate furnished that the same was required on account of illness.

A letter was presented from the President of the Borough of Brooklyn, dated November 6, stating that he had been requested by George A. Wheeler, of No. 243 Greene avenue, Brooklyn, whose name had been certified to that Department for appointment as Inspector of Carpentry and Masonry, to correct an error which he had made in notifying the Commission of Mr. Wheeler's declination of appointment on the score of location. It appeared from the letter of the Borough President that Mr. Wheeler had actually declined appointment on the ground of insufficient compensation, and that another candidate, whose name had been certified at the same time as Mr. Wheeler's, had been the one who had declined on account of location. On motion, the Secretary was directed to restore the candidate's name to the eligible list of Inspector of Carpentry and Masonry, with the notation that he had declined the appointment offered him in the office of the President of the Borough of Brooklyn, on December 14, 1906, on account of insufficient compensation.

A letter was presented from the Receiver of Taxes, dated November 10, in relation to the case of James Lawler, who had been appointed to the position of Temporary Clerk in that Bureau from the preferred list, and removed on October 29, owing to absence without leave. Accompanying the letter was a doctor's certificate, showing the candidate's absence to have been caused by illness. On motion, the Secretary was directed to restore his name the preferred list of Temporary Clerk.

A letter was presented from the Police Commissioner, dated November 4, requesting authority to continue the services of Mr. Otto B. Arland, who was excepted from examination by the Commission, with the approval of the Mayor and the State Civil Service Commission, on November 15, 1907, to serve as an expert in temporary charge of the Bureau of Electrical Service, with compensation at the rate of \$3,000 per annum, during the balance of the year 1908, and during the year 1909, at such times and for such lengths of time as his services might be required. On motion, it was

Resolved, That, with the approval of the Mayor and the State Civil Service Commission, the Police Commissioner be authorized to continue the employment of Mr. Otto B. Arland as expert in temporary charge of the Bureau of Telegraph and

Electric Service, with compensation at the rate of \$3,000 per annum, for an additional period of six months, beginning November 15, 1908.

A letter was presented from the Police Commissioner, dated November 4, requesting authority to extend the services of Mr. Nathaniel J. Whitehead, who was excepted from examination by the Commission, with the approval of the Mayor and the State Board, on May 15, 1908, to be employed as an advisory expert in the purchase of supplies for the use of the Police Department, during the balance of the year 1908 and during 1909, at such times and for such lengths of time as his services might be required, at a compensation not to exceed \$3,000 per annum.

On motion, it was

Resolved, That, with the approval of the Mayor and the State Civil Service Commission, the Police Commissioner be authorized to continue the employment of Mr. Nathaniel J. Whitehead as advisory expert in the purchase of supplies for the use of the Police Department, with compensation at the rate of \$3,000 per annum, for an additional period of six months, beginning November 15, 1908.

A communication was presented from the Mayor, dated November 5, requesting an amendment of the classification of exempt positions by including therein the position of Telephone Operator in the Mayor's office. The Secretary was directed to advertise a public hearing on the proposed amendment in accordance with Rule III.

A communication was presented from the Commissioner of Docks and Ferries, dated November 4, requesting that the position of Rigger be stricken from Part II. of the Labor Class and included in Part III. The matter was referred to the Labor Clerk for a report.

A letter was presented from the Comptroller, dated November 2, requesting authority to continue the employment of Adolph Simendinger, Temporary Clerk, until such time as the services of the other Temporary Clerks employed in the Department should be dispensed with. The Secretary stated that Mr. Simendinger had been appointed a Temporary Clerk in the Department of Finance on April 1, 1908, and that the Comptroller had been authorized to extend his appointment until September 1, and again until November 1, in order that he might complete the work on which he had been engaged. The request was denied.

A communication was presented from the Commissioner of Parks, Boroughs of Manhattan and Richmond, dated November 5, requesting that the name of Charles Stewart, an employee of that Department, be changed upon the roster to read "Charles Stuart," the latter being the correct spelling of his name. The Secretary was directed to note the change on the records.

On motion, the following appointments in the Board of Water Supply were approved, pursuant to the provisions of paragraph 7 of Rule XII.:

C. F. Roy, High Falls, N. Y., Mining Superintendent, per month, \$275.
H. H. Mitchell, Cornwall, N. Y., Mining Shaft Boss, per day, \$5.

A communication was presented from the Board of Water Supply, dated November 6, nominating the following persons for non-competitive examination to qualify them for provisional appointment as Stenographers and Typewriters for assignment at Poughkeepsie, N. Y., pending the preparation of an eligible list:

John A. Burns, Poughkeepsie, N. Y., care of Board of Water Supply.
Morris Keibel, Poughkeepsie, N. Y., care of Board of Water Supply.
Pierre M. Howard, Poughkeepsie, N. Y., care of Board of Water Supply.
Owen McCabe, Poughkeepsie, N. Y., care of Board of Water Supply.
Charles Finnigan, Poughkeepsie, N. Y., care of Board of Water Supply.
Robert J. Lacey, Poughkeepsie, N. Y., care of Board of Water Supply.

The Secretary was directed to proceed with the examination, pursuant to the provisions of paragraph 3 of Rule XII.

The action of the Secretary in approving the reassignment to duty of George W. Cottam, Gardener, in the Department of Parks, Borough of The Bronx, was approved, the absence of the said employee from May 29 to October 17, 1908, having been due to illness.

A letter was presented from the Secretary of the Board of Education, dated November 6, in reply to the Commission's inquiry as to the reasons for which leaves of absence had been granted to J. Levine, Draughtsman's Helper, and H. C. Meyer, Architectural Draughtsman, for a period of three months, and stating that in Mr. Levine's case it was an additional vacation without pay, while Mr. Meyer had availed himself of an opportunity to take up some work in Washington which would advance his studies, the Bureau of Buildings not being especially busy in the particular line of work on which he had been engaged. On motion, the Secretary was directed to call the attention of the Board of Education to paragraph 2 of Rule XIII, provid-

ing that leaves of absence without pay might be granted by an appointing officer where such absence did not exceed thirty days, and to state that at the expiration of thirty days it would be necessary to forward the names of the two employees to be placed upon the preferred list.

A letter was presented from the Secretary of the Department of Health, dated October 30, requesting, by direction of the President, that in future no communications addressed to the Commission from that Department be recognized unless they emanated from the office of the President or the Secretary. The communication was ordered filed.

A letter was presented from the President of the Borough of Brooklyn, dated November 6, in response to the Commission's request for information regarding the case of John Goergen, of No. 739 East Two Hundred and Thirty-seventh street, who had been certified for appointment as Inspector of Sewer Construction, and regarding whom a report had been received by the Commission to the effect that he had failed to reply. It appeared that the candidate had applied to the Commission for restoration to the eligible list and stated that, owing to the fact that the letter from the Borough President had been addressed to One Hundred and Thirty-seventh street instead of Two Hundred and Thirty-seventh street, the same had been returned to the Brooklyn department marked "not found," and he had been dropped from the list. In his letter the Borough President stated that a notice had been sent to the candidate addressed "No. 737 East One Hundred and Thirty-seventh street" and a second one to "No. 737 East Two Hundred and Thirty-seventh street," both of which had been returned by the Post Office authorities marked "not found." On motion, the Secretary was directed to restore the candidate's name to the preferred list of Inspector of Sewer Construction.

A letter was presented from Deputy and Acting Comptroller McCooey, dated October 29, stating that the following named persons had been appointed as Temporary Clerks in the Bureau for the Collection of Taxes, pursuant to the authority contained in subdivision 2 of paragraph 2 of Rule XII.

Willard A. McLeod, No. 575 Putnam avenue, Brooklyn; John F. Quayle, No. 312 State street, Brooklyn; George F. Hyer, No. 424 Gates avenue, Brooklyn. The appointments were approved.

On motion, the following emergency appointments were approved under the provisions of paragraph 4 of Rule XII:

November 7, 1908 (seven days)—John Bradley, stationary engineer, Brooklyn, Disciplinary Training School.

November 6, 1908 (one day)—Luke Scully, stationary engineer, Brooklyn Disciplinary Training School.

October 7 to 23, 1908—Abraham L. Fennell, inspector of incumbrances, Bureau of Public Works, Brooklyn.

October 20, 1908—A. F. Marron, stenographer, Brooklyn Disciplinary Training School.

The Secretary presented, for the consideration of the Commission, a voucher from the Department of Public Charities for salary of William A. McCaffrey as a Chauffeur, from October 1 to 31, 1908, amounting to \$100. The Secretary was directed to certify the voucher in accordance with the provisions of paragraph 6 of Rule XII.

The reports of the following Departmental Boards of Examiners for positions in the non-competitive class were approved upon the recommendation of the Chief Examiner:

Department of Correction, October 20, November 4; Brooklyn Disciplinary Training School for Boys, November 4; New York Nautical School, November 3; Department of Public Charities, November 9; Department of Finance, November 6.

The request of Miss Margaret V. O'Neil, Telephone Operator in the office of the Commission, for permission to enter the forthcoming promotion examination for Clerk, third grade, was referred to the President.

A letter was presented from John J. Kennedy, of Little Falls, N. Y., dated November 9, an applicant for the position of Patrolman, requesting that as he was not known to any business man of New York City, he be permitted to submit the certificates of four residents of Little Falls, N. Y., in his application. Accompanying the request were letters of recommendation from S. B. Arnold, Captain of the First United States Cavalry; R. M. Nolan, First Lieutenant, First United States Cavalry; George W. Lewis, Captain and Adjutant, Powhatan Guard, Department of Police, Jamestown Exposition, and Henry W. Carpenter, Captain, United States Marine Corps, Department of Police, Jamestown Exposition. On motion, the request was granted.

A letter was presented from George C. Barry, of No. 307 West One Hundred and Fiftieth street, dated November 5, stating that in the event of there being a decision to the effect that all employees of the City Clerk's office must pass a civil service examination, he would claim the position of Custodian in that office, "having taken first place in an open competitive examination held by the Commission for such position." The communication was ordered filed.

The request of Victor H. Gilbert, of No. 515 West One Hundred and Forty-seventh street, that his name be restored to the list of Clerk, Building and Tenement House Departments, was denied for laches.

The following requests for restoration to the eligible lists indicated were granted: John J. A. Meenagh, No. 108 East One Hundred and Twenty-third street, Clerk, second grade (for temporary work). Stated that he changed his address and failed to have the same noted on the records of the Commission, and therefore did not receive notice in the matter of accepting temporary work.

Harry A. Shannon, No. 36 Horatio street, Clerk, first grade. Did not receive notice from the Tenement House Department for the reason that he changed his address.

John G. Neun, No. 2216 Broadway, Patrolman. Stated that he had been injured and was not in condition to appear before the Police Surgeons when notified. Declined appointment on account of "temporary inability."

Norman H. Ferguson, No. 22 Bethune street, Fireman. Declined appointment on account of "temporary inability."

John J. McFadden, No. 70 Fourth place, Brooklyn, Clerk, second grade. Stated that he declined appointment in the Department of Water Supply, Gas and Electricity on account of "temporary inability."

Thomas M. A. Byrnes, No. 112 West Forty-eighth street, Stenographer and Typewriter, second grade. Stated that he declined appointment in the College of The City of New York on account of "temporary inability."

A communication was presented from George McLaughlin, Esq., Secretary of the State Commission of Prisons, dated November 7, inclosing, for the consideration of the Commission, a copy of the report of the inspection of the branch workhouse on Harts Island made by the Standing Committee of the Commission of Prisons on November 3, 1908, and submitted to the Commission at its meeting of November 5, and approved. The matter was referred to the Secretary for a report.

The Commission then adjourned to meet Wednesday, November 18, 1908, at 10 o'clock in the forenoon.

F. A. SPENCER, Secretary.

CIVIL SERVICE MATTERS.

Appointments.

Commissioner Shaw reported that on November 23, 1908, he had made the following temporary appointment, pursuant to Civil Service Rule XII., paragraph 3, to take effect November 21, 1908:

Walter J. Hayes, No. 244 West Fourth street, New York City, temporary Stenographer and Typewriter, \$75 per month; file number, 639.

Commissioner Benschel reported that on November 24, 1908, he had made the following appointment, pursuant to Civil Service Rule XII., paragraph 7, to take effect upon assignment to duty by the Chief Engineer:

John Wagner, Cold Spring, N. Y., Mining Blacksmith, \$3.50 per day; file numbers, 727, 734.

On recommendation of Commissioner Shaw the following appointments were made, to take effect upon assignment to duty by the Chief Engineer:

Joseph D. Short, No. 1024 Simpson street, New York City, temporary Stenographer and Typewriter, \$75 per month; Chief Engineer's number, 2853; file numbers, 639, 749. (Civil Service Rule XII., paragraph 3.)

Harry A. Shannon, No. 36 Horatio street, New York City, Clerk (first grade), \$300 per annum; Chief Engineer's number, 2855; file numbers, 590, 617, 750.

On recommendation of Commissioner Shaw, and pursuant to Chief Engineer's communication 2862, November 24, 1908 (751), the Secretary was directed to request the Municipal Civil Service Commission to restore the name of George A. Vollmar to the eligible list for Assistant Engineer, Designer, and to certify the same to this Board.

Promotion.

On motion of Commissioner Chadwick the salary of Alfred Heller, Clerk, was increased to \$420 per annum, to take effect December 1, 1908.

Separations.

John E. Carpenter, Assistant Engineer, to take effect October 31, 1908; resigned.

Chief Engineer's communication 2794, November 21, 1908 (752), recommended that charges be preferred against Frank J. Brooks, Typewriting Copyist, for irregular attendance and insubordination. On motion, the Secretary was directed to prepare and serve the charges on Brooks, with notice of trial for December 1, 1908, at 11 a. m.

Assignment of Salary.

Commissioner Shaw submitted report of the Chief Engineer, dated November 19, 1908, and report of the Chief Clerk, dated November 12, 1908 (753), in regard to assignment of salary by James F. Murphy, Topographical Draughtsman, and recommended that no action be taken. On motion, this recommendation was approved.

OTHER MATTERS.

Contract 1.

Chief Engineer's communication 2857, November 23, 1908 (724), reporting cessation of work for the present season on this contract, was laid over to the meeting next prior to December 31, 1908.

Contract 2.

Chief Engineer's communication 2860, November 24, 1908 (722), reporting the practical suspension on Tuesday, November 17, 1908, of work under this contract, was referred to Commissioner Benschel for report.

Commissioner Benschel reported that on November 20, 1908, he had written the National Surety Company (669), People's Surety Company (670), United Surety Company (671), Title Guaranty and Surety Company (672) and Aetna Indemnity Company (673), by registered mail, notifying them that work under this contract was practically suspended, and that immediate steps must be taken either to have the contractor proceed with the work as called for or for said surety companies to proceed to carry out the contract in accordance with the terms of the bond. The Secretary reported that receipt of this communication had been acknowledged by the Title Guaranty and Surety Company (700).

Contract 24.

Chief Engineer's communication 2820, November 21, 1908 (708), transmitted printed pamphlets and advertisements of this contract, and, on motion, the Secretary was directed to forward said pamphlets and advertisements to the Corporation Counsel for approval as to form.

Contract 30.

Chief Engineer's communication 2851, November 19, 1908 (698), forwarding blue prints, accession 7081 and 7469, showing design and proposed location of blow-off conduit from Hill View Reservoir, and recommending that permission to lay this conduit be requested from the City of Yonkers, was referred to the Commissioners of the Board as a Committee of the Whole.

Contract 38.

The Secretary reported that on November 17, 1908, he had written the Commissioner of Parks for the Boroughs of Manhattan and Richmond (658) forwarding maps showing proposed locations of drilling machines on property under the jurisdiction of said Commissioner.

Contract "C."

Commissioner Shaw reported that on November 20, 1908, informal estimates had been received from the following for printing this contract:

Martin B. Brown Company, Nos. 49 and 51 Park place, New York City.
"Brooklyn Daily Eagle," Washington and Johnson streets, Brooklyn, N. Y.
J. W. Pratt Company, No. 52 Duane street, New York City.

Evening Post Job Printing Office, No. 156 Duane street, New York City.
Commissioner Shaw further reported that the estimate of the Evening Post Job Printing Office, being the lowest received, \$73.50, had been accepted, and that the Chief Clerk had been directed to issue requisition and order accordingly (711). Commissioner Shaw also reported that he had directed the Chief Clerk to attach to the order the usual clause inserted in all contracts and agreements in reference to observation of the Labor Law.

Geological Investigations.

Chief Engineer's communication 2859, November 24, 1908 (725), submitted copy of report of Dr. Charles P. Berkey, dated October 30, 1908, giving further data in reference to geological conditions in New York City, and recommended that Dr. Berkey be granted leave to publish the same. On motion, said communication and copy of report were filed, and said permission was granted, and the Secretary was directed to notify Dr. Berkey accordingly.

Hudson River Crossing.

Chief Engineer's communication 2858, November 24, 1908 (723), submitted report of Consulting Engineer Burr, dated November 23, 1908, giving estimate of cost of stiffened suspension bridge of two 1,400-foot spans for carrying the aqueduct across

the Hudson River at the Storm King crossing line, and on motion, was referred to the Commissioners of the Board as a Committee of the Whole.

Commissioner Benschel reported that informal estimates had been received from the following for hoisting engines, boilers and equipment at the Hudson River shafts:

J. S. Mundy, Nos. 39 and 41 Cortland street, New York City.
Lidgerwood Manufacturing Company, No. 96 Liberty street, New York City.

Lambert Hoisting Engine Company, No. 30 Church street, New York City.
On recommendation of Commissioner Benschel, the estimate of J. S. Mundy, being the lowest received, \$11,472, was accepted, and the Chief Engineer was directed to prepare and submit to the Board form of agreement in triplicate.

Information.

A letter was received from the Executive Secretary of the Mayor, dated November 23, 1908 (706), asking for photographs showing the work of this Board. On motion, the Secretary was directed to procure the same and forward them to the Mayor.

Maps.

A communication was received from Francis T. Gilling, dated November 22, 1908 (709), proposing to prepare a relief map, and on motion, was referred to Commissioner Chadwick.

Monuments.

Mr. M. J. Rickard, the Acting Superintendent, reported as follows:

From October 5 to October 31, inclusive, 41 operations were performed at Bellevue Hospital, 5 at Gouverneur Hospital, 16 at Harlem Hospital and 4 at Fordham Hospital, at all of which but one (a minor operation) the attending surgeons or their assistants were present.

Reports of the attendance of the visiting physicians and surgeons are herewith submitted.

In accordance with the rules a fire drill was held at all of the hospitals during the week.

A communication from Bloomingdale Brothers regarding the furnishings for the training school has been received and the firm has been notified to bid in accordance with the specifications. Bids for these furnishings were opened on Monday, November 2, and it is suggested that the Building Committee be requested to examine the bids and report upon them at the next meeting.

The Board asks the appointment of three Oilers at \$3 a day, and there are no funds from which to pay these men during the remainder of the year, and no provision was made for them in the Departmental Estimate for 1909. Owing to the method with which the Budget has been prepared it is not known whether or not it will be necessary to ask for Revenue Bonds to pay the salaries of employees not included in the Budget, and it is recommended that the matter be referred to the Committee on Salaries and Officers.

Permission is requested to purchase the following articles:

Toweling for Bellevue Hospital.

Lowest bid, John Wanamaker	\$322 50
Next lowest bid, W. S. Kinsey & Co.	345 00

Engineers' Supplies for Gouverneur Hospital.

Lowest bid, W. R. Bellows	\$58 90
Next lowest bid, Hemphill Engineering Company	61 48

Engineers' Supplies for Harlem Hospital.

Lowest bid, W. R. Bellows	\$75 25
Next lowest bid, John Simmons Company	95 94

Dr. Samuel Alexander, Visiting Surgeon, requests the services of a special Nurse for two days to care for a special operative case, and Dr. James R. Hayden, Visiting Surgeon, requests the services of a special male Nurse for ten days or two weeks to care for a case requiring a special operation.

On motion, duly seconded, it was

Resolved, That the bids on furnishings for the training school be referred to the Building Committee for examination and report.

On motion, duly seconded, it was

Resolved, To refer the matter of establishing the grade for Oilers and providing for their wages to the Committee on Officers and Employees for recommendation and report.

On motion, duly seconded, it was

Resolved, To accept the bid of John Wanamaker, \$322.50, on toweling for Bellevue Hospital; W. R. Bellows, \$58.90, on Engineers' Supplies for Gouverneur Hospital, and W. R. Bellows, \$75.25, on Engineers' Supplies for Harlem Hospital.

Reports of Committees.

Dr. Brannan, to whom had been referred the communication of Messrs. McKim, Mead & White, dated October 17, with the estimate of the John H. Parker Company on furnishing and setting 14 gray Knoxville marble shelves with 28 bronze brackets in the bathrooms of Pavilions A and B, reported in favor of accepting the estimate, and, on motion, duly seconded, it was

Resolved, to approve this recommendation and authorize the expenditure of \$223.

Mr. Barry, of the Building Committee, reported against the installation of another elevator at Bellevue Hospital and recommended that the bid of the Otis Company to repair the present elevator be accepted, a time limit being set within which the work must be completed.

Mr. Barry, of the Building Committee, reported progress in the matter of considering the erection of a waiting room for patients.

Mr. Sachs, to whom had been referred the complaint of the excessive heat in the operating room at Harlem Hospital, reported upon the matter, and, on motion, duly seconded, it was decided to place an awning over the skylight next summer.

The Special Committee, to which had been referred the rules for the Board of Trustees, reported upon the matter, and, on motion, duly seconded, it was

Resolved, That the consideration of these rules be made a special order for the next meeting of the Board on Tuesday, November 10, 1908.

Dr. Brannan reported receipt of the following bids on November 2, 1908:

For all Labor and Material Required for Furnishing and Setting Wrought Iron Fence Posts and Copings, Sidewalk Curbs, Sidewalk Paving and Other Work in Connection Therewith in Front of Pavilion A and the Pathological Department and Male Dormitory Buildings of the New Bellevue Hospital.	
Kelly & Kelley	\$17,166 00
Bart Dunn	18,000 00
Thomas Cockerill & Son	18,300 00
Guidone & Gilardi Company	18,877 00
John B. Malatesta	18,999 00
Joseph D. Benedetto	19,484 00
William Horne Company	19,700 00
Ficklen Concrete Construction Company	21,245 00
McHarg & Barton Company	21,830 00
Henry E. Fox	23,500 00
J. M. Knopp	24,724 00
The Concourse Construction Company	22,550 00

On motion, duly seconded, it was Resolved, in the best interests of the City, to reject all of these bids and advertise anew for bids on fence, etc.

Mr. Barry reported upon the communication of the Hospital Supply Company regarding an additional shelf for the side tables, and, on motion, duly seconded, it was

Resolved, To approve of the bid of the Hospital Supply Company and authorize an expenditure of one dollar additional for each table.

Mr. Barry reported upon a letter from the Supervising Engineer, dated October 24, regarding the request of the Department of Water Supply, Gas and Electricity for certain plans and sketches, and, on motion, duly seconded, it was

Resolved, To request Mr. Jones to prepare the sketches required and submit them to the Department of Water Supply, Gas and Electricity.

The Committee on Supplies, to which had been referred certain estimates on supplies at the last meeting, reported in favor of accepting the lowest estimate in each case, and, on motion, duly seconded, it was

Resolved, To approve this recommendation.

Mr. Sachs called attention to the condition of the grass at Harlem Hospital, and, on motion, duly seconded, it was

Resolved, To plant seeds and put on manure at once.

The matter of procuring the services of an expert to look after the grounds of all the hospitals in the Department was discussed, and, on motion, duly seconded, it was

Resolved, To refer this matter to the Building Committee for investigation and report.

Mr. Barry spoke of the condition of the elevator at Fordham Hospital, and, on motion, duly seconded, it was

Resolved, To refer this matter to the Acting Superintendent for report at the next meeting.

The Acting Superintendent was also instructed to report on the condition of the elevator in the Nurses' home at Fordham Hospital. Specifications and advertisement were authorized for the repair of the elevator in the hospital.

Mr. Paulding suggested consideration of the matter of restricting the number of X-Ray photographs, by requiring the authorization of some one person or committee instead of permitting every member of the Medical Board to order what he desired, and, on motion, duly seconded, the matter was referred to the President and Mr. Barry for investigation and report.

Mr. O'Keefe of the Harlem Hospital Conference Committee recommended the appointment of Dr. Augusto T. Rossana as Clinical Assistant to Out Patients at Harlem Hospital (nose and throat department), and, on motion, duly seconded, it was

Resolved, To approve this recommendation.

BOARD OF ESTIMATE AND APPORTIONMENT.

PUBLIC NOTICE IS HEREBY GIVEN that at the meeting of the Board of Estimate and Apportionment, held this day, the following proceedings were had:

Whereas, The New York and North Shore Traction Company has, under date of June 11, 1908, made application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate a double-track street surface railway as an extension to its existing and proposed lines in Nassau County, upon and along Broadway, Tenth street, Bayside boulevard and other streets and avenues, in the Borough of Queens; and

Whereas, Section 92 of the Railroad Law and sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance to such laws, this Board adopted a resolution on June 26, 1908, fixing the date for public hearing thereon as September 18, 1908, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in the "Flushing Evening Journal" and the "Long Island City Daily Star," newspapers designated by the Mayor, and in the City Record, for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for, and proposed to be granted to the New York and North Shore Traction Company, and the adequacy of the compensation proposed to be paid therefor; now therefore it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the New York and North Shore Traction Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the New York and North Shore Traction Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates, fares and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

This contract made this day of 1909, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the New York and North Shore Traction Company (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate a street surface railway, with the necessary wires and equipment, for the purpose of conveying persons and property in the Borough of Queens, in The City of New York, upon the portion of the following routes which lies within streets or avenues to which the City has title for street purposes:

Beginning at a point where the boundary line between The City of New York and the County of Nassau intersects Broadway in the Borough of Queens; thence in and upon Broadway to the easterly side of Bell avenue, in the former Village of Bayside;

Also beginning at the intersection of Broadway and Tenth street, in the former Village of Bayside, and there connecting with the above-described route on Broadway; thence in and upon Tenth street to an unnamed street; thence in and upon said unnamed street to Bayside boulevard; thence in and upon Bayside boulevard to Ashburton avenue; thence in and upon Ashburton avenue to Chambers street; thence in and upon Chambers street to Crocheron avenue; thence in and upon Crocheron avenue to Twenty-third street; thence in and upon Twenty-third street to State street; thence in and upon State street to Thirteenth street; thence in and upon Thirteenth street to Chestnut street; thence in and upon Chestnut street, across Murray street,

Murray lane, and continuing in and upon private property in line of the prolongation of Chestnut street, to Chestnut street at Flushing place; and thence still in and upon Chestnut street to Whitestone avenue; thence in and upon Whitestone avenue to State street; thence in and upon State street to Farrington street; the railway upon all of said route to be of double track; thence by a single track continuing in and upon State street, from Farrington street to Prince street; thence in and upon Prince street to Broadway; thence in and upon Broadway to Farrington street; thence in and upon Farrington street to State street, and there connecting with the double track above described; all in the Borough of Queens, City of New York.

The said routes, with switches and cross-overs, are shown upon two maps, each of which is entitled "Map showing proposed street surface railway of the New York and North Shore Traction Company, in the Borough of Queens, to accompany petition for a franchise in the Board of Estimate and Apportionment, dated June 11, 1908," and signed by John J. Stanley, President, and Charles H. Clark, Consulting Engineer, copies of which maps are attached hereto, are to be deemed a part of this contract, and are to be substantially followed, provided that deviations therefrom and additional turnouts, switches and crossovers which are consistent with the foregoing description, and the other provisions of this contract, may be permitted by resolution of the Board.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railway shall be obtained by the Company within six months from the signing of this contract by the Mayor, and a copy of such consents shall be filed with the Board within such time; or, in the event that such consents cannot be obtained within such time, the Company shall, within one month thereafter, make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law, to determine if said railway ought to be constructed; otherwise this grant shall cease and determine.

Second—The said right to construct, maintain and operate said railway shall be held and enjoyed by the Company for the term of twenty-five (25) years from the date upon which this contract is signed by the Mayor, with the privilege of renewal of said contract for the further period of twenty-five (25) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal, it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound, upon request of the other, to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of this original contract, and their report shall be filed with the Board within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of this original contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Third—The Company shall pay to the City for this privilege the following sums of money:

(a) The sum of seven thousand dollars (\$7,000) in cash within four (4) months after the date on which this contract is signed by the Mayor, and before anything is done to exercise the privilege hereby granted.

(b) During the first term of five years an annual sum which shall in no case be less than two thousand two hundred dollars (\$2,200), and which shall be equal to three (3) per cent. of its gross annual receipts if such percentage shall exceed the sum of two thousand two hundred dollars (\$2,200).

During the second term of five years an annual sum which shall in no case be less than four thousand dollars (\$4,000), and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of four thousand dollars (\$4,000).

During the third term of five years an annual sum which shall in no case be less than four thousand five hundred dollars (\$4,500), and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of four thousand five hundred dollars (\$4,500).

During the fourth term of five years an annual sum which shall in no case be less than five thousand five hundred dollars (\$5,500), and which shall be equal to six (6) per cent. of its gross annual receipts, if such percentage shall exceed the sum of five thousand five hundred dollars (\$5,500).

During the remaining term of five years an annual sum which shall in no case be less than six thousand two hundred dollars (\$6,200), and which shall be equal to six (6) per cent. of its gross annual receipts if such percentage shall

exceed the sum of six thousand two hundred dollars (\$6,200).

The gross receipts mentioned above shall be the gross earnings of the Company from all sources within the limits of the City. The payment of such minimum sums shall begin from the date on which this contract is signed by the Mayor.

All such sums as above shall be paid into the treasury of the City on November 1 of each year and shall be for the amount due to September 30 next preceding.

Whenever such percentage required to be paid shall exceed the minimum amount as above, such sum over and above such minimum shall be paid to the said Comptroller on or before November 1 in each year for the year ending September 30 next preceding. The fiscal year shall end on September 30 next preceding said date of payment, and provisions of the Railroad Law as it now exists, or as it may hereafter be amended, relating to the manner of payments and statements of percentages of gross receipts of street railway companies not inconsistent with this contract, shall be strictly complied with.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinance of the City or by any law of the State of New York.

Fourth—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination the tracks and equipments of the Company constructed pursuant to this contract within the streets, avenues and highways shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this grant as above, the City (by the Board) shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its tracks and other equipment constructed pursuant to this contract, and the said streets, avenues and highways shall be restored to their original condition at the sole cost and expense of the Company.

Fifth—The annual charges or payment shall continue throughout the whole term of this contract, whether original or renewal, notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payments for railway or railway rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, whether original or renewal, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Sixth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Seventh—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions, over the same streets, avenues or highways.

The use of said railway which shall be constructed by the Company under this contract, including the tracks, wires and other equipment, or any structures in public streets and avenues owned by the Company and used in connection therewith, shall be permitted by the Company to any individual or corporation to which the City may have granted, or may hereafter grant, the right or privilege to use such streets, avenues or highways for street railway purposes, for a distance not exceeding six thousand (6,000) feet of street, upon payment of an annual sum by such individual or corporation to the Company, which shall be equal to the legal interest on such proportion of the whole cost of the construction of such railway and structures and of the cost of keeping the tracks and track equipment in repair, as the number of cars operated by such company or individual shall bear to the number of cars operated by the companies then using the same, together with the actual cost of the power necessary for the operation of the cars thereon of such individual or corporation and the cost of laying and repairing of pavement and removal of snow and ice, and all the other duties imposed upon the Company by the terms of this contract, in connection with the maintenance or the operation of the said railway so used. Provided, however, that if in the opinion of the Company the legal rate of interest of the cost of such railway shall be an insufficient sum to pay for the use of such tracks, it may appeal to the Board, and the Board may fix a percentage of the cost to be paid to the Company at a sum in excess of the legal rate of interest, if in its opinion such action is justified.

The Company shall not at any time oppose, but shall, upon the request of the Board, consent to the construction or operation of any street surface railway which may necessitate the use of any portion of the railway which shall be constructed by the Company pursuant to this contract.

Eighth—Said railway may be operated by overhead electric power substantially similar to the overhead electric system now in use by street surface railways in the Borough of Queens, or by any other motive power, except locomotive steam power or horse power, which may be approved by the Board, and consented to by the abutting property owners, in accordance with the provisions of law, and by the Public Service Commission for the First District of the State of New York.

Provided, however, that the Board, at any time after the first ten years of this contract, upon giving to the grantee one year's notice, may require the Company to operate its railway upon the whole or upon any portion of its route, by underground electric power substantially similar to the system now in use on the street surface railways in the Borough of Manhattan, and thereupon to discontinue the use of the overhead trolley system, and to remove its poles, wires and other structures used by it for that purpose from the streets, avenues and highways of the City.

Ninth—Upon six months' notice by the Board to the Company, all wires for the transmission of power, except trolley wires, for the operation of the railway, upon all or any portion of the route hereby authorized, shall be placed in conduits beneath or alongside of the railway. The Company shall provide in such conduits two ducts not less than 3 inches in diameter for the exclusive use of the City. Such ducts shall be used only by the Company for the operation of its railway and by the City, as above.

Tenth—The Company shall commence construction of the railway herein authorized within six months from the date upon which the consents of the property owners are obtained, or from the date upon which the decision of the Appellate Division of the Supreme Court that such railway ought to be constructed is rendered in lieu of such consents, and shall complete the construction and place the same in full operation within eighteen months from the date of obtaining such consents or such decision, otherwise this right shall cease and determine, and all sums paid, or which may be deposited with the Comptroller of the City, as hereinafter provided, shall thereupon be forfeited to the City; provided that such periods may be extended by the Board for a period or periods not exceeding in the aggregate six months each; and provided, further, that when the commencement or completion of said construction shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within control of the Company, the time for the commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company; and provided, further, that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board the Company shall, in writing, consent that the Board either in its own name as a party, or in the name of the City as a party, may intervene in any such proceedings.

Eleventh—Said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

Twelfth—Said railway shall be constructed and operated in the latest approved manner of street railway construction and operation, and it is hereby agreed that the Board may require the Company to improve or add to the railway equipment, including rolling stock and railway appurtenances, from time to time, as such additions and improvements are necessary, in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time, the rights hereby granted shall cease and determine.

Thirteenth—The rate of fare for any passenger upon such railway shall not exceed five (5) cents, and the Company shall not charge any passenger more than five (5) cents for one continuous ride from any point on said railway, or a line or branch operated in connection therewith, to any point thereof, or of any connecting line or branch thereof, within the limits of the City.

The Company shall carry free upon the railway hereby authorized during the term of this contract all members of the Police and Fire Departments of the City, when such employees are in full uniform.

Fourteenth—No cars shall be operated upon the railway hereby authorized, other than passenger cars, cars for the transportation of express matter and cars necessary for the repair or maintenance of the railway, and no freight cars shall be operated upon the tracks of said railway.

Fifteenth—Cars on the said railway shall run at intervals of not more than thirty minutes both day and night, and as much oftener as reasonable convenience of the public may require, or as may be directed by the Board; provided, however, that the Company, during the first five years of this contract, shall not be required to operate its cars between the hours of 1 o'clock a. m. and 5 o'clock a. m. each day, unless the Board shall determine, after a hearing had thereon, that public convenience requires the operation of cars during said hours.

Sixteenth—The Company shall attach to each car run over the said railway proper fenders and wheel guards, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities.

Seventeenth—All cars which are operated on said railway shall be heated during the cold weather, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities.

Eighteenth—The Company, so long as it shall continue to use any of the tracks upon the streets and avenues in which said railway shall be constructed, shall cause to be watered at least three times every twenty-four hours when the temperature is above thirty-five degrees Fahrenheit, the entire width of the streets and avenues, except when the width of such streets and avenues shall exceed 60 feet between curb lines, in which case the Company shall cause to be watered only 60 feet in width of such roadway, and the Company shall provide for such purpose at least one tank car, the capacity of which shall be sufficient to water such streets and avenues in a satisfactory manner.

Nineteenth—All cars operated on said railway shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by the Board.

Twentieth—The Company shall at all times keep the streets, avenues or highways upon which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails on either side thereof, free and clear from ice and snow; provided, however, that the Company shall, at the option of the President of the Borough of Queens, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

Twenty-first—As long as said railway, or any portion thereof, remains in any street, avenue or highway, the Company shall pay and keep in permanent repair that portion of the surface of the street, avenue or highway in which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two feet beyond the rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe. And the City shall have the right to change the material or character of the pavement of any street, avenue or highway, and in that event the Company shall be bound to replace such pavement in the manner directed by the proper City officer, at its own expense, and the provision as to repairs herein contained shall apply to such renewed or altered pavement.

Twenty-second—Any alteration to the sewerage or drainage system, or to any other surface or to any surface structures in the streets, required on account of the construction or opera-

tion of the railway, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Twenty-third—Before any construction shall be commenced upon any portion of the route, written permits shall be obtained from the President of the Borough of Queens, and the Commissioner of Water Supply, Gas and Electricity, and the Company shall comply with any conditions which those officials may impose, as a condition upon which such permit is granted, provided such conditions are imposed for the purpose of protecting the structures over which those officials have jurisdiction.

Twenty-fourth—It is agreed that the right hereby granted to operate a street surface railway shall not be in preference or in hindrance to public work of the City, and should the said railway in any way interfere with the construction of public works in the streets, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the tracks and appurtenances in a manner as directed by the President of the Borough of Queens.

Twenty-fifth—Should, in the opinion of the President of the Borough of Queens, the present roadway or any of said streets, avenues or highways be of insufficient width to accommodate both railway and other vehicular traffic, the Company shall widen such roadway under the direction of the President of the Borough of Queens to a width sufficient to accommodate such traffic, provided that no roadway shall be widened beyond the total width of the street, avenue or highway.

Twenty-sixth—Should, in the opinion of the Board at any time before or during construction of the railway, any of said streets, avenues or highways be of insufficient width to accommodate both railway and other vehicular traffic, the Company shall either construct and operate its railway upon a private right of way outside of the lines of such streets, avenues or highways, or shall purchase and cede to the City a strip of land adjacent thereto, for the purpose of widening the same to a width sufficient for the use of a street surface railway and for the accommodation of other vehicular traffic. If such street, avenue or highway is so widened, the Company shall grade the roadway thereon as directed by the President of the Borough of Queens.

Twenty-seventh—Where the bridges, viaducts or culverts encountered in the route are of insufficient width to carry the roadway as the same may be widened, as herein provided, or of insufficient strength to bear the additional load of a street surface railway, the Company shall either carry its tracks upon new structures independent of the existing ones, so as not to interfere with the present and future use by the City of such bridges, viaducts or culverts, or shall, without cost to the City, construct new bridges, viaducts or culverts sufficiently wide to carry the roadway as the same may be widened, as herein provided.

Twenty-eighth—The Company agrees to comply with any and all the rules which may be made by the Commissioner of Water Supply, Gas and Electricity for the purpose of preventing the destruction of the pipes or structures in the street by electrolysis, which may be caused by the electric current used by the Company, whether such rules affect the method of the original construction of said railway or any reconstruction, maintenance or repairs upon such railway at any time during the term of this contract.

Twenty-ninth—The Company hereby agrees that if the City is or shall become entitled to acquire, and shall at any time during the term of this contract acquire, or otherwise come into possession of any of the property on which this Company shall construct railway tracks, on the route herein described, no compensation shall be awarded for the right to have railway tracks thereon.

Thirtieth—The Company shall submit to the Board a report not later than November 1 of each year for the year ending September 30 next preceding, or at any other time, upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt by last report.
5. The total amount of funded debt.
6. The floating debt as by last report.
7. The total amount of floating debt.
8. The total amount of funded and floating debt.
9. The average rate per annum of interest on funded debt.
10. Statement of dividends paid during the year.
11. The total amount expended for same.
12. The names of the directors elected at the last meeting of the corporation held for such purpose.
13. Location, value and amount paid for real estate owned by the Company as by last report.
14. Location, value and amount paid for real estate now owned by the Company.
15. Number of passengers carried during the year.
16. Total receipts of Company for each class of business.
17. Amounts paid by the Company for damage to persons or property on account of construction and operation.
18. Total expenses for operation, including salaries.

—and such other information in regard to the business of the Company as may be required by the Board.

Thirty-first—The Company shall at all times keep accurate books of account of the gross earnings from all sources within the limits of the City, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company, for the year ending September 30 next preceding, in such form as he may prescribe. Such report shall contain a statement of such gross earnings, the total miles in operation and the miles of railway constructed and operated under this contract, and such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Thirty-second—In case of any violation or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited by a suit brought by the Corporation Counsel, on notice of ten days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railway constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Thirty-third—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the

Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of two hundred and fifty dollars (\$250) as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Thirty-fourth—The Company shall assume all liability to persons or property by reason of the construction or operation of the railway authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Thirty-fifth—This grant is upon the express condition that the Company, within four (4) months after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of ten thousand dollars (\$10,000), either in money or securities to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract, especially those which relate to the payment of the annual charges for the privilege hereby granted, the efficiency of the public service rendered, the repairs of the street pavement, the removal of snow and ice and the quality of construction of the railway, and in case of default in the performance by the Company of such terms and conditions, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges shall collect the same, with interest, from the said fund after ten days' notice in writing to the Company; or in case of failure to keep the said terms and conditions of this contract relating to the headway, heating and lighting of cars, fenders, wheel guards and watering of street pavements, the Company shall pay a penalty of fifty dollars (\$50) per day for each day of violation, and the further sum of ten dollars (\$10) per day for each car that shall not be properly heated, lighted or supplied with fenders or wheel guards, in case of the violation of the provisions relating to those matters.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Comptroller of the City, on complaint made, shall, in writing, notify the Company through its President, to appear before him on a certain day not less than ten (10) days after the date of such notice, to show cause why it should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears in the judgment of the Comptroller to be in fault, said Comptroller shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to him to be just, and without legal procedure withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice, in writing, pay to the Comptroller of the City a sum sufficient to restore said security fund to the original amount of ten thousand dollars (\$10,000), and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Thirty-sixth—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets, avenues and highways in which the Company is authorized to operate.

Thirty-seventh—The words "notice" of "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Thirty-eighth—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers, shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Sec. 3. This grant is also upon the further and express condition that the provisions of the Railroad Law, applicable thereto, and all laws or ordinances now in force, or which may be adopted affecting the surface railways operating in the City, not inconsistent with the terms and conditions hereinbefore fixed, shall be strictly complied with by the Company.

Sec. 4. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions,

including the provision as to rates, fares and charges, are as heretofore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by the New York and North Shore Traction Company, and the said form of proposed contract for the grant of such franchise or right containing said results of such inquiry, after the same shall be entered in the minutes of the Board, shall be published for at least twenty (20) days immediately prior to Friday, January 8, 1909, in the City Record, and at least twice during the ten days immediately prior to Friday, January 8, 1909, in two daily newspapers to be designated by the Mayor therefor and published in The City of New York, at the expense of the New York and North Shore Traction Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the New York and North Shore Traction Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board, to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on Friday, January 8, 1909, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

DEPARTMENT OF DOCKS AND FERRIES.

DEPARTMENT OF DOCKS AND FERRIES, PIER "A," FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS WILL BE RECEIVED BY the Commissioner of Docks at the above office until 12 o'clock m. on

THURSDAY, DECEMBER 31, 1908.

FOR THE PRIVILEGE OF OPERATING A BOOT BLACKING BUSINESS ON THE MUNICIPAL FERRYBOATS OF THE STATEN ISLAND FERRY AND ALSO IN THE TERMINALS OF THE ABOVE FERRY FOR A PERIOD OF ONE (1) YEAR, BEGINNING JANUARY 1, 1909.

Said privilege will allow the boot blacks on all parts of the boats and at the terminals of said ferry, under such restrictions as the Commissioner of Docks shall direct, but in no case will they be permitted to solicit trade.

Said privilege to be revocable at the pleasure of the Commissioner of Docks, and to expire by limitation of time on December 31, 1909.

The bidders will state the amount offered per annum for this privilege, which will be payable in monthly installments, in advance, to the Cashier of the Department.

A bond in the sum of Two Thousand Dollars (\$2,000) will be required as security for compliance with the terms of the privilege.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Commissioner of Docks, or cash, in the sum of \$150.

FILLING-IN PRIVILEGE.

DEPARTMENT OF DOCKS AND FERRIES, PIER "A," FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Docks at Pier "A," foot of Battery place, in The City of New York, until 12 o'clock noon on

THURSDAY, DECEMBER 24, 1908,

FOR THE RIGHT TO DUMP AND FILL IN BEHIND THE RIPRAP EMBANKMENT RECENTLY BUILT, OR TO BE BUILT, ON THE NORTHERLY PART OF THE CARMANSVILLE SECTION, ON THE NORTH RIVER, BOROUGH OF MANHATTAN.

TERMS AND CONDITIONS OF SALE.

The work to be done is the filling in with suitable material as hereinafter described of the area behind the riprap embankment extending from about the northerly side of West One Hundred and Fifty-fifth street, North River, northerly a distance of about 675 feet to a line about 100 feet south of and parallel with the south side of One Hundred and Fifty-eighth street pier, North River, and from the rear face of the riprap embankment and filling now in place in rear of same to the embankment along the right of way of the New York Central and Hudson River Railroad. The exact limits of the basin to be filled in under this agreement, together with the soundings and other data used in making the estimate, may be seen on a map at the office of the Engineer at Pier "A," which map makes part of this agreement.

It is estimated that the lines above described outline a basin to be filled in under this agreement, the cubic capacity of which in net void space is about 30,000 cubic yards. In this estimate the amount in cubic yards is arrived at without making any allowance for shrinkage, settlement, swelling, compression of or penetration into the mud.

Bidders are warned that the Department is not bound in any way by the above estimate, and must satisfy themselves of the actual quantity required to fill in the above described basin, by examination of the premises, or such other means as they may prefer; the intention of the Department being to fill in the whole of the basin above described under this agreement at the price agreed upon for the whole work.

All the filling, except as otherwise specified, shall be of ashes, cellar dirt, broken stone, etc., free from garbage or any other organic matter objectionable in the opinion of the Engineer.

The fill shall, unless otherwise directed, be placed directly in the rear of the riprap embankment and be carried therefrom inshore until the bank has been carried out at the finished grade for a distance of 50 feet from the inshore face of the embankment; at which time, if so directed by the Engineer, the filling may be started at the bank and carried outshore. All the filling shall be brought to a level of about 10 feet above mean low water, as determined by the Engineer.

All material must be dumped and filled in only in such manner, at such points and in such order of procedure and at such times and seasons as may from time to time be directed, and the work of filling in may be entirely suspended for such periods of time as may be directed by the Engineer. The purchaser shall have no claim for

damage or for any allowance from the purchase money on account of such suspension of the work.

Bidders will state in writing a lump sum price, which they agree to pay for the privilege of filling in the void space behind the riprap embankment built or to be built on the northerly part of the CARMANSVILLE SECTION, as described above and as appears in detail on the map at Pier "A," and which becomes a part of this agreement.

All directions shall be given by the Engineer, and wherever the word "Engineer" is used in these specifications it refers to and designates the Chief Engineer of the Department of Docks and Ferries, or such officer or employee as may be designated by him.

The filling shall be commenced within five days after the date of the receipt of a notification from the Engineer that the work, or any part of it, is ready to be begun. The Department reserves the right of ordering the Contractor to deposit not less than 150 cubic yards per day, as directed by the Engineer, and the whole amount of the filling called for to bring the above described basin up to grade shall be completed within one year from the date of the receipt of said notification. At the expiration of this time this agreement shall be considered closed, unless a further extension of time shall be given by the Commissioner of Docks. If at any time during the progress of the work it shall be deemed necessary to order the suspension of the whole or any part of the filling the time for completing said filling shall be extended as much as it may have been delayed by such suspension.

In case the purchaser at any time does not proceed with the work of filling in to the satisfaction of the Commissioner of Docks the Commissioner may at once terminate the privilege of filling in and proceed to have the remainder of the filling in done by other parties in such way and manner as he deems proper, and any loss which may result therefrom shall be charged against the Contractor and his surety.

The Contractor shall, during the work of filling in and at all times until the completion thereof, take all necessary precautions and place proper guards for the prevention of accidents, and put up and maintain at night sufficient lights, and he shall indemnify and save harmless The City of New York from all damages and costs to which it may be put by reason of injury to the person or property of another resulting from negligence or carelessness in the performance of the work or guarding the same, to which the surety is also bound.

No bid or estimate will be considered unless accompanied by a certified check drawn to the order of the Commissioner of Docks, or money to the amount of twenty-five per centum of the amount of the bid, which amount shall be applied in the case of the successful bidder to the first one-quarter of the amount of the filling to be deposited; twenty-five per centum to be paid when the first one-quarter of filling has been completed; twenty-five per centum additional when one-half the filling has been completed, and the balance, twenty-five per centum, when three-quarters of said filling has been completed.

A surety or guaranty company, duly authorized by law to act as surety, to be approved by the Commissioner of Docks, will be required to enter into a bond or obligation jointly and severally with the purchaser in the sum of double the amount of the purchase price as security for the satisfactory performance of said work, in accordance with the terms and conditions hereof.

A. N. SPOONER, Commissioner.
Dated The City of New York, December 15, 1908.

When an examination is advertised, a person desiring to compete in the same may obtain an application blank upon request made in writing or by personal application at the office of the Commission, Room 1119.

The Commission cannot guarantee that applications mailed in response to written requests will be received in time to permit of their being prepared and filed prior to closing hour.

All notices of examinations will be posted in the office of the Commission, and advertised in the City Record for two weeks in advance of the date upon which the receipt of applications will close for any stated position.

Public notice will also be given by advertisement in most of the City papers.

Wherever an examination is of a technical character, due notice is given by advertisement in the technical journals appertaining to the particular profession for which the examination is called.

Such notices will be sent to the daily papers as matters of news. The scope of the examination will be stated, but for more general information application should be made at the office of the Commission.

Specimen questions of previous examinations may be obtained at Room 1108.

Unless otherwise specifically stated, the minimum age requirement for all positions is 21.

HERMAN A. METZ, Comptroller.
City of New York, Department of Finance, Comptroller's Office, December 10, 1908. d12.26

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

AT THE REQUEST OF THE PRESIDENT of the Borough of Brooklyn public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction all the buildings, parts of buildings, etc., standing within the lines of property now owned by The City of New York, acquired by it for street opening purposes, in the

Borough of Brooklyn.

Being all the buildings, parts of buildings, etc., standing within the lines of the new street to be opened as an approach to the Manhattan Bridge, extending from Nassau street to the intersection of Flatbush avenue and Fulton street, in the Fourth, Fifth and Eleventh Wards of the Borough of Brooklyn, City of New York, and being more particularly described as being that three-story and basement brick building, No. 30 Debevoise place, all of which property is more particularly shown on a draft damage map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held February 20, 1907, the sale of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

THURSDAY, DECEMBER 24, 1908

at 10 a. m., on the premises, upon the following terms and conditions:

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of the City of New York, and must also at the time of sale give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars, the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings, extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Brooklyn, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all openings in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances or any part thereof within sixty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within sixty days from the day of possession, and the successful bidder will provide and furnish all materials

of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beamholes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

H. A. METZ, Comptroller.
City of New York, Department of Finance, Comptroller's Office, December 10, 1908. d11.24

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF the Greater New York Charter, the Comptroller of the City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF MANHATTAN:

TWELFTH WARD, SECTION 8 (MARBLE HILL).

NOTICE OF ASSESSMENTS FOR LOCAL IMPROVEMENTS IN THE BOROUGH OF BROOKLYN, CITY OF NEW YORK.

NOTICE IS HEREBY GIVEN THAT THE assessment roll in the following entitled matter has been completed and will be due and payable on the 15th inst., and that the authority for the collection of the same has been delivered to the Collector of Assessments and Arrears, and all persons liable to pay such assessment are required to pay the same without delay at his office, in the Mechanics' Bank Building, Court and Montague streets, in the Borough of Brooklyn.

Assessment for benefit from Prospect Park (for lands taken) under chapter 244, Laws of 1878, thirty-first instalment.

Chapter 583, Laws of 1888, title 7, section 10, as amended by chapter 888, Laws of 1895; chapter 775, Laws of 1896, and section 937, chapter 378, Laws of 1897, and chapter 466 of the Laws of 1901 amendatory thereof.

On all assessments which shall be paid to the Collector of Assessments and Arrears, before the expiration of thirty days from the time the same shall become due and payable, an allowance shall be made to the person or persons making such payments at the rate of seven and three-tenths per centum per annum for the unexpired portion thereof. On all assessments paid after the expiration of thirty days from the time the same shall have become due and payable there shall be added to and collected as part of every such assessment interest at the rate of nine per cent. per annum, to be computed from the time the same became due and payable to the date of payment.

THURSDAY, DECEMBER 24, 1908

at 11 a. m., on the premises, upon the following terms and conditions:

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of the City of New York, and must also at the time of sale give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars, the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings, extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Brooklyn, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for a opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within sixty days from the day of the sale will work forfeiture of ownership of such buildings, appurtenances, or portion, as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls, are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of the City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

FIRST DEPARTMENT.

In the matter of acquiring title by The City of New York to certain lands and premises situated on the EASTERLY SIDE OF CLINTON STREET, between Broome street and the southerly clearance of the Williamsburg Bridge, in the Borough of Manhattan, in The City of New York, duly selected as a site for buildings for police purposes, according to law.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Appraisal in the above-entitled proceeding, do hereby give notice to the owner or owners, lessee or lessees, parties or persons respectively entitled to or interested in the lands, tenements, hereditaments and premises, title to which is sought to be acquired in this proceeding, and to all others whom it may concern, to wit:

First—That we have completed our estimate of the loss and damage to the respective owners, lessees, parties or persons respectively entitled to or interested in the lands and premises affected by this proceeding, or having any interest therein, and have filed a true report or transcript of such estimate in the office of the Police Commissioner of The City of New York, situated at No. 300 Mulberry street, in the Borough of Manhattan, City of New York, for the inspection of whomsoever it may concern.

Second—That all parties or persons whose rights may be affected by the said estimate, or who may object to the same, or any part thereof, may, within ten days after the first publication of this notice, Tuesday, December 22, 1908, file their objections, in writing, with us, at our office, Room 401, No. 258 Broadway, in the Borough of Manhattan, in The City of New York, and we, the said Commissioners, will hear parties so objecting, at our said office, on the 5th day of January, 1909, at 10 o'clock in the forenoon of that day, and upon such subsequent days as may be found necessary.

Dated New York, December 16, 1908.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the widening of RIVERSIDE DRIVE, on the easterly side, from West One Hundred and Fifty-eighth street to West One Hundred and Sixty-fifth street, in the Twelfth Ward, Borough of Manhattan, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate of assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us

at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 15th day of January, 1909, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 18th day of January, 1909, at 11 o'clock a. m.

Second—That the abstract of our said estimate of assessment, together with our benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 18th day of January, 1909.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.:

On the west by the Hudson River; on the north by Dyckman street; on the east by Broadway, and on the south by One Hundred and Thirty-fifth street.

Fourth—That, provided there be no objections filed to said abstract, our final last partial and separate report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 11th day of March, 1909, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to said abstract of estimate of assessment, the notice of motion to confirm our final last partial and separate report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of KNOX PLACE, from Moshulu Parkway North to Gun Hill road, and GATES PLACE, from Moshulu Parkway North to Gun Hill road (although not yet named by proper authority), in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN TO ALL persons interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 4th day of January, 1909, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 5th day of January, 1909, at 2 o'clock p. m.

Second—That the undersigned, Commissioner of Assessment, has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 4th day of January, 1909, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 5th day of January, 1909, at 3 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 14th day of June, 1907, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at the intersection of a line 100 feet northwesterly from and parallel with the northwesterly line of Gates place, the said distance being measured at right angles to the line of Gates place with the westerly line of Moshulu Parkway North, and running thence northeastwardly and parallel with the line of Gates place to the intersection of the northeasterly line of Gun Hill road; thence northeasterly on a radial line 100 feet; thence southeasterly and always parallel with and distant 100 feet from the northeasterly line of Gun Hill road to the intersection with a line distant 100 feet southeasterly from and parallel with the southeasterly line of Knox place, the said distance being measured at right angles to the line of Knox place; thence southwestwardly and parallel with the southeasterly line of Knox place to the intersection with the easterly line of Moshulu Parkway North; thence westwardly at right angles to the line of Moshulu Parkway North 160 feet; thence northwardly and always parallel with the line of Moshulu Parkway North to the intersection with a line at right angles to the point described as the point or place of beginning; thence eastwardly to the point or place of beginning.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 4th day of January, 1909.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein, will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 8th day of February, 1909, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final

reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
