NEW YORK, FRIDAY, APRIL 13, 1894.

NUMBER 6,365.

### COMMISSIONERS OF THE SINKING FUND OF THE CITY OF NEW YORK.

*Proceedings of the Commissioners of the Sinking Fund at a Meeting held at the Mayor's Office,  
at 1 o'clock P. M. on Friday, March 30, 1894.*

Present—Thomas F. Gilroy, Mayor; Frederick Smyth, Recorder; Ashbel P. Fitch, Comptroller; Joseph J. O'Donohue, Chamberlain, and Nicholas T. Brown, Chairman Committee on Finance, Board of Aldermen.

The minutes of the meeting held March 1, 1894, were read and approved.

The following communication was received from the Board of Fire Commissioners, for lease of lots at Nos. 604 and 606 West Forty-third street:

HEADQUARTERS FIRE DEPARTMENT,  
Nos. 157 AND 159 EAST SIXTY-SEVENTH STREET,  
NEW YORK, March 10, 1894.

*The Honorable Commissioners of the Sinking Fund:*

GENTLEMEN—I have the honor to state that, pending the building of a new house for Engine Company No. 2, at No. 530 West Forty-third street, it will be necessary to provide that company with temporary quarters, and after diligent search in the vicinity a building suitable for the purpose could not be found, but the best otherwise that can be found are vacant lots at Nos. 604 and 606 West Forty-third street, which are offered to the Department for \$25 per month.

It is very necessary that action should be taken as early as practicable, and I have to request that your Honorable Board authorize the execution of the lease.

The owners are The E. S. Higgins Carpet Company, Nos. 607 and 609 West Forty-third street, and the lease is desired for the term of one year from March 15.

Very respectfully,

JOHN J. SCANNELL, President.

In connection therewith the Comptroller presented the following:

FINANCE DEPARTMENT—COMPTROLLER'S OFFICE,  
March 30, 1894.

*To the Commissioners of the Sinking Fund:*

GENTLEMEN—I submit herewith a communication from the President of the Fire Department, requesting the necessary action on the part of this Board to authorize the lease for one year of the premises Nos. 604 and 606 West Forty-third street, upon which to erect a building for temporary quarters for Engine Company No. 2.

The premises which the Fire Department desires to rent consist of two vacant lots, which have been offered to the City by the owners, the E. S. Higgins Carpet Company, at a rental of \$25 per month. It is intended to erect cheap wooden structures on the lots, sufficient for the temporary needs of this engine company; and as the rental proposed to be paid is fair and reasonable, I offer for adoption the following resolution.

Respectfully,

ASHBEL P. FITCH, Comptroller.

Resolved, That the Counsel to the Corporation be and is hereby requested to prepare a lease to the City from the E. S. Higgins Carpet Company, of the premises Nos. 604 and 606 West Forty-third street, for the temporary occupation of Engine Company No. 2, for the term of one year, from March 15, 1894, at a rental of six hundred dollars (\$600); and the Commissioners of the Sinking Fund, deeming the rent fair and reasonable, and that it would be for the interest of the City that such lease should be made, the Comptroller is hereby authorized and directed to execute such lease when prepared and approved by the Counsel to the Corporation, as provided by sections 123 and 181 of the New York City Consolidation Act of 1882.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Board of Fire Commissioners, requesting that the old Arsenal property, at White and Elm streets, be assigned to the Fire Department:

HEADQUARTERS FIRE DEPARTMENT,  
Nos. 157 AND 159 EAST SIXTY-SEVENTH STREET,  
NEW YORK, March 19, 1894.

*Honorable Commissioners of the Sinking Fund:*

GENTLEMEN—Under date of September 10, 1892, I had the honor to make application, on behalf of the Board of Commissioners of this Department, that a part of the ground owned by the City at northeast corner of White and Elm streets be assigned to this Department for the use of Engine Company No. 31. Final action on this application not having as yet been taken by your Honorable Board we now desire to withdraw it, and, in lieu, request that the whole of the site owned by the City at the location named be assigned to this Department for quarters of Engine Company No. 31, the Water Tower now located at Chambers and Centre streets, and for storage of spare apparatus for use in case of emergency, and as headquarters of the Chief of the Second Battalion.

As the building at Centre and Chambers streets at present in use by this Department will in time give way to the proposed improvements in City Hall Park, and it will be a difficult matter to procure a site sufficient for the accommodation of two companies in that immediate vicinity, it is deemed best to provide, as early as possible, for housing the water tower in proximity to the many manufacturing establishments east of Broadway, and within easy distance of the dry goods business centre, and to provide also for storing spare apparatus, ready for immediate use.

The site named affords the space needed for these purposes and the necessary quarters for the Chief in charge of that section of the city.

Very respectfully,

ANTHONY EICKHOFF, Acting President.

Which was referred to the Comptroller.

The Comptroller presented communications from the Board of Docks, for improvement of the water-front between Charles and Gansevoort streets, North river, together with report thereon of the Engineer of the Finance Department, as follows:

CITY OF NEW YORK—DEPARTMENT OF DOCKS,  
PIER "A," NORTH RIVER, BATTERY PLACE,  
NEW YORK, February 1, 1894.

*Hon. ASHBEL P. FITCH, Comptroller of the City of New York:*

SIR—The plan for the proposed improvement of the water-front between Charles and West Twenty-third streets, North river, is the result of careful study of the latest and best foreign docks, with such modifications as are required to meet different conditions existing in the port of New York.

This plan is the only plan which has ever been presented to the Commissioners of the Sinking Fund which meets the requirements of modern trade and offers adequate facilities to modern steamers.

The chief difference between the present plan and previous plans presented to the Board of Sinking Fund Commissioners lies in the increase in the length and width of all slips and piers. These changes, when carried out, will enable the largest existing ships to be docked in New York at a minimum expense. To reject this plan is to say that the City of New York does not wish to retain the trade it now holds, and that hereafter if ships of the modern type call at the port, they must be docked in Jersey City or Brooklyn.

I may add that no plan for the proposed improvements or agreement to purchase involves or authorizes any increase in the annual expenditure by law allowed to the Board of Docks.

I inclose a copy of a letter received by me yesterday from the White Star Line, which speaks for itself.

I also inclose copy of a letter published in the New York "Tribune" some weeks ago, further explaining the plan.

I may add that the "Journal of Commerce," the "Real Estate Record" and all other papers representing the great trades of New York, approve of the proposed plan and wish the improvement to be made.

Should the plans be approved at the next meeting of the Sinking Fund, as I hope they may be, the Department of Docks would be enabled to put a large number of unemployed laborers at work on urgently needed public improvements, which, when completed, will be of great advantage to the City.

Yours, respectfully,

J. SERGEANT CRAM, President.

CITY OF NEW YORK—DEPARTMENT OF DOCKS,  
PIER "A," NORTH RIVER, BATTERY PLACE,  
NEW YORK, March 8, 1894.

*Hon. THOMAS F. GILROY, Mayor and Chairman of the Commissioners of the Sinking Fund.*

SIR—At a meeting of the Board of Docks, held this date, the following resolution was adopted.

Resolved, That, pursuant to the provisions of section 712 of chapter 410 of the Laws of 1882, as amended by chapter 397 of the Laws of 1893, the map or plan prepared and submitted by the Engineer-in-Chief, and adopted this day by the Board of Docks of the City of New York, for the alteration and amendment of the plan for improving the water-front and harbor of the City of New York, as determined by the Board of the Department of Docks, April 13, 1871, and adopted by the Commissioners of the Sinking Fund April 27, 1871, on the North river, between the northerly side of Pier, new 46, near the foot of Charles street, and a point eighteen and two one-hundredths feet north of the northerly side of Gansevoort street, be and is hereby directed to be transmitted to the Commissioners of the Sinking Fund for their approval.

Yours, respectfully,

J. SERGEANT CRAM, President.

CITY OF NEW YORK—DEPARTMENT OF DOCKS,  
PIER "A," NORTH RIVER, BATTERY PLACE,  
NEW YORK, March 14, 1894.

*Hon. ASHBEL P. FITCH, Comptroller of the City of New York:*

SIR—By direction of the Hon. Thomas F. Gilroy, Mayor and Chairman of the Sinking Fund, I send directly to you plan for the improvement of the water-front, between the northerly side of Pier, new 46, North river, and Gansevoort street, being the first section of the proposed plan for the improvement of the water-front on the North river, between Charles and West Twenty-third streets. The plan heretofore adopted for this section of the water-front provides for no piers whatever, but consists simply of a line of river wall 1,360 feet long.

The proposed plan has five large piers and one half pier, with a total wharfage room of 10,400 lineal feet, about five and one-half times more than the plan heretofore adopted. It will cost about \$732,000 to build the five and one-half piers and the sea-wall embraced in this plan.

The assessed valuation of the private property which must be acquired to carry out the plan for 1892, was \$1,712,000.

The piers and wall, when built, can be let for not less than \$330,000.

Yours, respectfully,

J. SERGEANT CRAM, President.

CITY OF NEW YORK—FINANCE DEPARTMENT,  
COMPTROLLER'S OFFICE,  
March 20, 1894.

*Hon. ASHBEL P. FITCH, Comptroller:*

SIR—The President of the Department of Docks, in communication of March 14, 1894, sends a plan for the improvement of the water-front between the northerly side of Pier, new 46, North river, and Gansevoort street, being the first section of the proposed plan for the improvement of the water-front on the North river, between Charles and West Twenty-third streets.

The President states "that the plan heretofore adopted for this section of the water-front provides for no piers whatever, but consists simply of a line of river wall 1,360 feet long."

"The proposed plan has five large piers and one half pier, with a total wharfage room of 10,400 lineal feet, about five and one-half times more than the plan heretofore adopted. It will cost about \$732,000 to build the five and one-half piers and the sea-wall embraced in this plan."

He states that the assessed valuation of the private property which must be acquired to carry out the plan was, in 1892, \$1,712,000.

The advantages mentioned are certainly very great—so great, indeed, that it appears strange that the proposed bulkhead should not have been decided on in the beginning.

But the present bulkhead has existed so long that vast interests have accumulated inside of it, all of which must be paid for at a high rate.

The property to be acquired consists of 200 6-10 city lots. In addition to this will be "rights of wharfage, cranes," etc., pertaining to the bulkhead line to be acquired, about 1,185 feet.

The amount of dredging necessary to carry out the project will be over a million cubic yards. The cost may be summed up as follows:

Taking the assessed valuation as 60 per cent. of the full value of the private property, which would be a low estimate, this item would cost.....	\$2,853,000 00
1,185 lineal feet of bulkhead rights, at, say, \$500 .....	592,500 00
Dredging 1,000,000 cubic yards, at, say, 60 cents.....	600,000 00
Cost of the five and a half piers and the wall.....	732,000 00
Total.....	\$4,777,500 00

The adoption of this plan does not involve the appropriation of the money necessary to carry it out, the Department expecting, as I understood from the discussion, to pay for it from its regular appropriations, the whole system to be completed to Twenty-third street in the course of ten or twelve years.

The plan appears to me to be worthy of favorable consideration; the improvement would give facilities which will be needed in the near future, and these facilities are exceedingly important for the steamship traffic of the city.

The only thing I can see against the improvement is the expense, and for this, as stated by the President, the piers and walls, when built, can be let for not less than \$330,000 per annum, about 7 per cent. on the above estimated cost.

Respectfully,

EUG. E. MCLEAN, Engineer.

Hon. J. Sergeant Cram, President of the Dock Department, and Hon. Andrew J. White, Commissioner of Docks, addressed the Board in favor of the improvement.

Hon. De Lancey Nicol, representing the Hoffman estate, and others, was heard in opposition to the proposed plan.

- Discussion followed, participated in by the Commissioners of the Sinking Fund and others. The Recorder then offered the following resolution:

Resolved, That the Commissioners of the Sinking Fund hereby consent to and approve of the proposed improvement of the water-front between the northerly side of Pier, new 46, near the foot of Charles street, and a point eighteen and two one-hundredths feet north of the northerly side of Gansevoort street, North river, in accordance with the resolutions adopted by the Board of Docks on March 8, 1894, and shown on a map or plan submitted in duplicate by the Engineer-in-Chief of the Department of Docks.

Which was unanimously adopted.

The plan so adopted was certified to by the Commissioners of the Sinking Fund, and the Secretary instructed to transmit it to the Board of Docks.

The Comptroller called up communication from the Board of Docks, with agreement for the purchase of the northerly half of Pier, old 14, and the southerly half of Pier, old 12, North river, etc., from the Central Railroad Company of New Jersey, received March 1, 1894 (Minutes, page 355).

The Comptroller said: I think that the \$500 a foot asked for this property is more than we should pay, under the circumstances, and in that place. I desire to have the agreement laid over until the next meeting, with a view to obtaining more favorable terms.

Which was agreed to.

The following communication was received from the Board of Docks for the improvement of the water-front from One Hundred and Thirty-eighth street to Seventh avenue, Harlem river.

CITY OF NEW YORK—DEPARTMENT OF DOCKS,  
PIER "A," NORTH RIVER, BATTERY PLACE,  
NEW YORK, March 12, 1894.

Hon. THOMAS F. GILROY, Mayor, and Chairman of the Commissioners of the Sinking Fund:

SIR—At a meeting of the Board of Docks held March 8, 1894, I was directed to transmit to you for submission to the Commissioners of the Sinking Fund, for their approval, the plan for the improvement of the water-front from the centre line of East One Hundred and Thirty-eighth street to the westerly side of Seventh avenue, made in accordance with the provisions of section 712, chapter 410 of the Laws of 1882, as amended by chapter 517 of the Laws of 1884.

Yours, respectfully,

AUGUSTUS T. DOCHARTY, Secretary.

Which was referred to the Comptroller.

In reply to inquiries by the Mayor, the Secretary stated that the forms of contracts and specifications for furnishing the New Criminal Court Building, and making certain alterations in accordance with the approved list, under the resolution of March 1, 1894, have not been received.

Whereupon the Mayor moved that when the Board adjourns, it adjourns to meet on Thursday, April 5, 1894, at 1 o'clock P. M., and that the Commissioner of Public Works be directed to have prepared and to submit for approval at that meeting the forms of contracts and specifications for the said work.

Which was unanimously adopted.

The following communications were received from the Commissioner of Street Cleaning, for lease of stable Nos. 271 and 273 West Eighty-seventh street, and a section station at No. 202 East Sixty-fifth street:

DEPARTMENT OF STREET CLEANING—CITY OF NEW YORK,  
NEW CRIMINAL COURT BUILDING, CENTRE STREET,  
NEW YORK, March 23, 1894.

Hon. ASHBEL P. FITCH, Comptroller:

SIR—I inclose copies of letters addressed to the Mayor, as Chairman of the Board of Commissioners of the Sinking Fund, requesting the approval of that Board for the leasing of a stable and of a section station, which will, I assume, come before the Board at its next meeting. As I desire, if possible, to obtain possession of these premises on the 1st of April, the inclosed letters are sent you, with the request that you will have an examination made of the premises I desire to lease, in order that you may report upon them when the Board next meets.

The premises I desire for a section station are now connected by a doorway with the corner building, in which there is a liquor store. It is proper that you should understand that this doorway will be closed and bricked up, so that there will not be any connection between the section station and any other part of the building in which it is situated.

The stable I desire to lease in West Eighty-seventh street is absolutely necessary for a convenient and economical performance of the work of my Department in that section of the city. It will save many miles of carting.

Very respectfully,

W. S. ANDREWS, Commissioner of Street Cleaning.

(Copy.)

DEPARTMENT OF STREET CLEANING—CITY OF NEW YORK,  
NEW CRIMINAL COURT BUILDING, CENTRE STREET,  
NEW YORK, March 19, 1894.

Hon. THOMAS F. GILROY, Chairman, Board of Commissioners of the Sinking Fund:

SIR—It is necessary for an economical performance of the work devolving upon this Department in that section of the city west of the Central Park, and between Fifty-ninth and One Hundred and Tenth streets, that there should be a Department stable in that district.

There is now an opportunity to lease such a stable, and I ask the approval of the Board of Commissioners of the Sinking Fund for such leasing. The location of the stable is Nos. 271 and 273 West Eighty-seventh street. The size is 50 by 100 feet, a three-story and basement brick building. It can be leased for a period of ten years, at an annual rental of \$4,500, payable quarterly. The lessor to expend \$300 for repairs.

The property is offered for lease by Horace Ingersoll, No. 640 West Thirty-fourth street. Immediate possession may be had, and I am anxious, if possible, to take possession by the 1st of April.

Very respectfully,

W. S. ANDREWS, Commissioner of Street Cleaning.

(Copy.)

DEPARTMENT OF STREET CLEANING—CITY OF NEW YORK,  
NEW CRIMINAL COURT BUILDING, CENTRE STREET,  
NEW YORK, March 19, 1894.

Hon. THOMAS F. GILROY, Chairman of the Board of Commissioners of the Sinking Fund:

SIR—I desire to lease, as soon as possible, so that possession may be obtained by April 1, floor and basement of No. 202 East Sixty-fifth street, for a section station, for the Thirtieth and Thirty-second Sections, at an annual rental of \$480, payable quarterly.

I ask the approval of the Board of Commissioners of the Sinking Fund for the making of a lease for these premises for a term of five years.

Section stations are required for an economical and efficient administration of the business of this Department, and for the proper care of the City property in use.

Very respectfully,

W. S. ANDREWS, Commissioner of Street Cleaning.

The reports of Engineer McLean of the Finance Department thereon are as follows:

COMPTROLLER'S OFFICE, March 26, 1894.

Hon. ASHBEL P. FITCH, Comptroller:

SIR—I have examined the stable at Nos. 271 and 273 West Eighty-seventh street, which the Commissioner of Street Cleaning desires to lease for a period of ten years, at an annual rental of \$4,500, the lessor to expend \$300 for repairs.

The stable has an ultimate capacity of 87 stalls, 35 in the basement and 52 in the second story. It is very well arranged, though considerably out of repair.

The first or street floor, with the exception of the space occupied by the office, the elevator, the runway and the washing place for vehicles, can be used for the storage of carts. There is also a small space for cart storage in the basement. The third story affords good storage room for feed and for carts, which can be carried up in the elevator. This elevator is worked by hand, and is about 15 feet by 8.6 feet.

The price asked is high; it is now leased at \$3,600 per annum, which, I think, is its full value, though, considering the difficulty of obtaining stables just where they are needed for the purposes of the Department the City might be justified in paying something more.

This stable is located one hundred feet from the corner of West End avenue and Eighty-seventh street. The block in front of it is not built up, nor is the street from Tenth avenue. But the street west of West End avenue is well built up and the avenue itself on the west side, and on the east side, between Eighty-seventh and Eighty-eighth streets is built up, the corner being a handsome residence the yard of which extends to the stable. All of the buildings in the immediate neighborhood towards West End avenue are new and present a pleasing architectural effect, and doubtless their occupants would object strongly to the proposed location of the stable.

Respectfully,  
EUG. E. McLEAN, Engineer.  
COMPTROLLER'S OFFICE, March 26, 1894.

Hon. ASHBEL P. FITCH, Comptroller:

SIR—I have examined the premises No. 202 East Sixty-fifth street, which the Commissioner of Street Cleaning desires to lease for a section station (Thirtieth and Thirty-second Sections), for a term of five years at an annual rental of \$480.

The premises consist of a room about 40 by 23 feet on first story and a basement room, or cellar, of about half that space.

The rooms are at present entirely out of repair, but I was told they would be renovated at once. The upper room needs papering and calcimining, and the basement floor should be renewed. I think the rent reasonable.

Respectfully,  
EUG. E. McLEAN, Engineer.

On motion, the communications for leasing the stable on West Eighty-seventh street were referred to the Comptroller, with instructions to confer with the lessor for the purpose of obtaining a lower rent for the premises.

The Comptroller was requested also to give public notice of the meeting of the Commissioners of the Sinking Fund at which the question of hiring the said premises will be considered, and owners of property in the neighborhood will be heard in relation thereto.

The Mayor then offered the following resolution to authorize lease of premises No. 202 East Sixty-fifth street for a section station:

Resolved, That this Board hereby consents to and approves of the leasing by the Commissioner of Street Cleaning of the first floor and basement of the premises No. 202 East Sixty-fifth street, for a section station for the Thirtieth and Thirty-second Sections, at a yearly rental of four hundred and eighty dollars, payable quarterly, for a term of two years, with the privilege of three yearly renewals at the same rent; and the Counsel to the Corporation is requested to prepare the said lease and indorse it with his approval as to form.

Which was unanimously adopted.

The Comptroller presented the following report and resolution in relation to the delay of the contractors in prosecuting the work on the New Criminal Court Building:

FINANCE DEPARTMENT—COMPTROLLER'S OFFICE,  
March 30, 1894.

To the Commissioners of the Sinking Fund:

GENTLEMEN—I submit herewith the Architects' certificates and estimates of work done and materials furnished on the contracts on the New Criminal Court Building of the Q. N. Evans Construction Company for heating, ventilating and elevator service; of James Fay for plumbing, gas-fitting, etc.; of the Jackson Architectural Iron Works for ironwork, and on the supplemental contract of Dawson & Archer for additional masonwork, etc. The reports of W. G. Bergen, Superintendent of the Bureau of Repairs and Supplies, to the Deputy and Acting Commissioner of Public Works, and of Eugene E. McLean, Engineer of the Finance Department, to the Comptroller, and a communication from the Commissioner of Public Works in relation to the delays attendant upon the accepting of these contracts, are also herewith submitted. It appears that the work done on both these contracts depended, as to time, on the work of other contractors, upon whom responsibility for delay has rested. The matter is brought to the attention of the Sinking Fund Commissioners for such action as they may deem proper.

Respectfully,  
ASHBEL P. FITCH, Comptroller.

Resolved, That the Commissioner of Public Works be and is hereby directed to transmit to the Commissioners of the Sinking Fund a statement showing in detail the number of days occupied by each contractor on the New Criminal Court Building, and the number of such days properly chargeable to each contractor on his work thereon.

The report was accepted and the resolution unanimously adopted.

The following resolutions were received from the Armory Board for payment of bills of Patrick Gallagher for extra work on the Seventy-first Regiment Armory:

Resolved, That the Comptroller be authorized to pay to P. Gallagher the sum of three thousand four hundred and seventy-two dollars and ninety-five cents (\$3,472.95), for extra work on the armory building at Thirty-fourth street and Park avenue, and that the Commissioners of the Sinking Fund be requested to concur in and authorize the issue of bonds necessary to pay the same.

The voucher is herewith transmitted.

Respectfully,  
E. P. BARKER, Secretary.

Whereupon the Comptroller offered the following:

Resolved, That the Comptroller be and hereby is authorized and directed to issue Armory Bonds, to be known as "Consolidated Stock of the City of New York," pursuant to the provisions of chapter 299 of the Laws of 1883 and amendments thereto, and as provided by section 132 of the New York City Consolidation Act of 1882, to the amount of three thousand four hundred and seventy-two dollars and ninety-five cents (\$3,472.95), payable from taxation, redeemable in not less than ten nor more than twenty years from the date of issue, at such rate of interest as he may determine, not exceeding three per cent. per annum, the proceeds thereof to be applied to the payment of the bills of Patrick Gallagher for extra work on the armory at Thirty-fourth street and Park avenue, as specified in a resolution of the Board of Armory Commissioners in relation thereto, adopted March 27, 1894; and

Resolved, That the said stock be and hereby is exempted from taxation by the City and County of New York, in pursuance of the provisions of section 137 of the New York City Consolidation Act of 1882, and an ordinance of the Common Council, approved by the Mayor October 2, 1880.

Which were unanimously adopted.

The following resolution was received from the Clerk of the Common Council:

IN COMMON COUNCIL.

Resolved, That permission be and the same is hereby given to L. R. Mestaniz to lay an iron conduit fifteen (15) inches in diameter, to contain a ten (10) inch iron pipe, for conducting steam from the northeast corner of Forty-fourth street and Depew place to the southeast corner of Forty-

fourth street and Depew place, as shown on the accompanying diagram, upon the payment to the City, as compensation for the privilege, such amount as may be determined an equivalent by the Commissioners of the Sinking Fund, provided the said L. R. Mestaniz shall stipulate with the Commissioner of Public Works to save the City harmless from any loss or damage that may be occasioned by the exercise of the privilege hereby given during the progress or subsequent to the completion of laying said pipes, the work to be done and material supplied at his own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council.

Adopted by the Board of Aldermen February 27, 1894, a majority of all the members elected voting in favor thereof.

Approved by the Mayor March 3, 1894.

MICHAEL F. BLAKE, Clerk of the Common Council.

In connection therewith the Comptroller presented the following:

FINANCE DEPARTMENT—COMPTROLLER'S OFFICE, }  
March 30, 1894. }

To the Commissioners of the Sinking Fund:

GENTLEMEN—By a resolution of the Board of Aldermen adopted February 27, 1894, and approved by the Mayor March 3, 1894, permission was given to L. R. Mestaniz to lay an iron conduit, fifteen inches in diameter, to contain a ten-inch iron pipe, for conducting steam from the northeast corner of Forty-fourth street and Depew place to the southeast corner of Forty-fourth street and Depew place, as shown on the diagram herewith submitted, upon the payment to the City as compensation for that privilege of such an amount as may be determined upon as an equivalent therefor by the Commissioners of the Sinking Fund, provided the said L. R. Mestaniz shall stipulate with the Commissioner of Public Works to save the City harmless from any loss or damage that may be occasioned by the exercise of the privilege thereby given during the progress or subsequent to the completion of laying said pipes.

From an examination made by the Engineer of the Finance Department, whose report is herewith submitted, it appears that the distance between curbs in the line of this proposed laying of pipes is thirty feet, and that sixty dollars per annum would be a fair charge for the privilege, with a fee of ten dollars for opening the street.

I accordingly submit the following resolution for such action as the Commissioners of the Sinking Fund may deem advisable.

Respectfully,

ASHBEL P. FITCH, Comptroller.

Resolved, That the compensation to be paid to the City by L. R. Mestaniz for the privilege of laying an iron conduit, fifteen inches in diameter, to contain a ten-inch iron pipe, for conducting steam from the northeast corner of Forty-fourth street and Depew place to the southeast corner of Forty-fourth street and Depew place, shall be sixty dollars per annum, and a fee of ten dollars for opening the street, to be paid to the Department of Public Works; the opening of the street and relaying of the pavement to be done at the expense of said L. R. Mestaniz, under the direction of the Commissioner of Public Works, and subject to such conditions as he shall prescribe; provided also that the said L. R. Mestaniz shall give a satisfactory bond for the faithful performance of all conditions prescribed by the said Commissioner of Public Works and by a resolution of the Board of Aldermen passed February 27, 1894, and approved by the Mayor March 3, 1894; said bond to be approved by the Comptroller and filed in his office; and provided further, that the right be reserved to revoke such permission at any future time, if necessary in the interest of the City.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Aqueduct Commissioners with a map of certain property on the line of the New Croton Aqueduct, between One Hundred and Fiftieth and One Hundred and Fifty-second streets, east of Tenth avenue:

AQUEDUCT COMMISSIONERS' OFFICE, }  
STEWART BUILDING, No. 280 BROADWAY, }  
NEW YORK, March 13, 1894. }

Hon. ASHBEL P. FITCH, Comptroller:

DEAR SIR—The following is an extract from the minutes of stated meeting of the Aqueduct Commissioners, held on March 7, 1894:

"The Construction or Executive Committee presented the following communications, received from the Chief and Acting Chief Engineers:

"NEW YORK, January 24, 1894.

"To the Honorable the Committee on Construction:

"GENTLEMEN—On November 22, 1893, you asked me to furnish the plans of property acquired for the purposes of the New Croton Aqueduct in the vicinity of Convent avenue, etc.

"I now respectfully submit the plan, showing in red outlines the property now in the hands of the City.

"The lots or parts of lots tinted in sienna are in Convent avenue. I wish, however, to modify my statement of November 22 in regard to the aforesaid property.

"I have since communicated with the Chief Engineer of the Department of Public Works, and have ascertained that, owing to the proximity of the Old Croton Aqueduct, the Department would like to keep the parcels adjacent thereto.

"The only parcels that could now be disposed of, provided the Commissioners find the time favorable for it, are those marked on the accompanying map in blue, as follows:

"Nos. 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34 and a part of Nos. 35 and 36.

"If the above-mentioned parcels were sold, a reservation should be incorporated in the deeds excepting from the full conveyance of the said land 'a permanent easement for the perpetual maintenance of an aqueduct under the surface.'

"A stipulation should also be introduced to the effect that within a strip 33 feet wide on each side of the centre line of the aqueduct, no drilling or excavation of any kind should extend deeper than a horizontal plane 10 feet above the crown of the said aqueduct.

"I am, respectfully,

"A. FTELEY, Chief Engineer."

"NEW YORK, February 5, 1894.

"To the Honorable the Committee on Construction:

"GENTLEMEN—On January 24, 1894, certain plans of property acquired for the purposes of the New Croton Aqueduct in the vicinity of Convent avenue and One Hundred and Fifty-first street were submitted to you by the Chief Engineer, with a communication of same date, making certain recommendations, etc., as to the disposal of the said property.

"The plans above referred to were returned to the Chief Engineer, with the request 'that he prepare plans and descriptions covering only the parcels which are to be sold, and excluding all others.'

"I herewith submit plans and descriptions of the property in question, made to conform with your request.

"These descriptions are made to cover the points suggested by the Chief Engineer in his communication above referred to, for the purpose of preserving the New Aqueduct from the encroachments of future owners of the property.

"I am, respectfully,

"ALFRED CRAVEN, Acting Chief Engineer.

—and recommended the adoption of the following resolution:

"Resolved, That the accompanying map or plan showing certain lots or parcels of land on the line of the New Aqueduct, between One Hundred and Fiftieth and One Hundred and Fifty-second streets, east of Tenth avenue, in the City of New York, designated and described thereon as 'Parcels Nos. 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34 and a part of Nos. 35 and 36,' indicating the areas of the parcels to be disposed of, referred to in the communications of the Chief Engineer of the Aqueduct Commissioners, dated January 24, 1894, and of the Acting Chief Engineer, dated February 5, 1894, above set forth, together with copies of said communications and of the description of said parcels of land, be transmitted by the President of this Commission to the Comptroller for submission to the Commissioners of the Sinking Fund for such action as they may deem proper.

The Comptroller called the attention of the Board to the sale of the Staten Island and Bay Ridge ferry franchises. He said that some difficult questions of law and policy had arisen which would require careful examination before the terms of sale were agreed upon, and the advertisements and leases approved.

He requested that a member of the Board be associated with him with the right to call in the services of the Counsel to the Corporation.

On motion of the Chamberlain, the Mayor and Comptroller were appointed to confer with the Counsel to the Corporation, in regard to the terms of sale of these ferries, and the forms of advertisements and leases, and were requested to report at an early day.

The following communication was received from the Commissioner of Street Improvements, Twenty-third and Twenty-fourth Wards, for additional office accommodation:

CITY OF NEW YORK—COMMISSIONER OF STREET IMPROVEMENTS, }  
TWENTY-THIRD AND TWENTY-FOURTH WARDS, }  
NO. 2622 THIRD AVENUE, CORNER 141ST STREET, }  
COMMISSIONER'S OFFICE, March 27, 1894. }

Hon. ASHBEL P. FITCH, Comptroller:

DEAR SIR—It is essentially necessary that this Department obtain additional office accommodation. The draughtsmen are so crowded in their present quarters as to compel them to work under embarrassment, which would be in the interest of the public service to remove.

Temporary relief could be obtained by renting as an office, for one year, a floor in the building on the southwest corner of Sedgwick avenue and Depot place, for the use of a field party to take charge of the contract works which are now in progress, and of the preliminary and contemplated works on the section west of Jerome avenue. Much time is lost now by the Engineers going back and forward from this office.

The works under contract and contemplated in that section are accumulating fast, and it is in the interest of the public service that a field party be located near the works and within reach of the Inspectors and contractors.

The renting of this floor will afford more room in the small department building and its annex. Hoping you will present this matter to the Sinking Fund Commission at your earliest convenience,

I remain, respectfully,

LOUIS F. HAFFEN, Commissioner.

The petition of the Madison Avenue Reformed Church to have canceled certain assessments on its property was received, as follows:

AMASA THORNTON, LAWYER, No. 111 BROADWAY, }  
NEW YORK, March 26, 1894. }

Hon. ASHBEL P. FITCH, Comptroller:

DEAR SIR—As attorney for the Madison Avenue Reformed Church, Madison avenue and Fifty-seventh street, I herewith respectfully inclose you a certified copy of chapter 101, Laws of 1894, which authorizes the Commissioners of the Sinking Fund to cancel assessments against said church. The church was assessed, February, 1871, for a sewer, the tax amounted to \$484.70 and was paid October 28, 1872. The sewer then paid for was amply sufficient for the church, it was in Madison avenue. I am quite sure the church property had also paid its share of a vitrified pipe-line sewer in Fifty-seventh street. In 1886 a large sewer was put in Fifty-seventh street; it was of no use at all to the church, but the church was assessed \$2,402.14 for it, which tax has not been paid, and the church property has been sold to the City. We believe the tax was not fair under all the circumstances, and that under the law inclosed the Commissioners of the Sinking Fund should order it cancelled, and I trust that you will so recommend.

Yours, respectfully,

AMASA THORNTON.

#### CHAPTER 101.

The commissioners of the sinking fund of the city of New York are hereby authorized and empowered, in their discretion, to cancel and annul all assessments and sales to the mayor, aldermen and commonalty of the city of New York, for assessments, or any of them to the first day of May, eighteen hundred and ninety-three, affecting property in the city of New York, now belonging to the house of the good shepherd, the Hebrew benevolent and orphan asylum society of the city of New York, and the Saint Luke's hospital, in the city of New York, and the Madison avenue Reformed church, situate at the corner of Fifty-seventh street and Madison avenue, the New York Magdalen benevolent society and Lebanon hospital association of the city of New York, situate on Westchester avenue and One Hundred and Fiftieth street, and the comptroller of the city of New York, is hereby directed to mark such assessments and sales for assessment upon the assessment books of the city of New York, in accordance with the determination of the said commissioners.

§ 2. This act shall take effect immediately.  
State of New York, Office of the Secretary of State, ss. :

I have compared the preceding with the original law on file in this office, and do hereby certify that the same is a correct transcript therefrom and of the whole of said original law.

Given under my hand and the seal of office of the Secretary of State, at the City of Albany, this 9th day of March, in the year one thousand eight hundred and ninety-four.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

The work is to be completed and delivered as provided in the contract.

Any person making an estimate for the work shall present the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which they relate, specifying the kind of cables it is proposed to furnish.

The Fire Department reserves the right to decline any and all bids or estimates or any part thereof, if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract.

who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. ## TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets shall be in need of repairs, pavement or repavement the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereupon liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act: When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairing, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.
