EXECUTIVE DEPARTMENT.

CITY OF NEW YORK—OFFICE OF THE MAYOR,
 September 19, 1900.

Supervisor of the City Record:

DEAR SIR—I am directed by the Mayor to transmit to you, for publication in the CITY RECORD, the following memorandum of an appointment made by him on the 18th instant.

Very respectfully yours,

ALFRED M. DOWNES, Secretary to the Mayor.

APPOINTMENT MADE BY THE MAYOR

SEPTEMBER 18, 1900.

Henrietta C. S. Clare, residing at No. 471 Manhattan avenue, in the Borough of Manhattan, in The City of New York, an Inspector of Common Schools for the Twenty-seventh School District of the boroughs of Manhattan and The Bronx of said City, for the unexpired portion of a term of five years, which commenced July 1, 1900.

LOCAL BOARDS.

BOROUGH OF QUEENS.

Meeting of the Local Board, Borough of Queens, City of New York, held in temporary Borough Hall, Long Island City, on August 10, 1900, at which were present:
 Councilman David L. Van Nostrand, Aldermen Luke Otten and Joseph Geiser, with President of the Borough, Frederick Bowley.

The following was duly adopted:

Whereas, The Commissioner of Bridges of The City of New York did address a communication to the President of the Borough of Queens, and by the latter submitted to this the Local Board of the Borough aforementioned, at its meeting held July 27, 1900, wherein said Commissioner sets forth the desirability of constructing a bridge over Dutch Kills creek, on parallel lines with the established City lines of Borden avenue, in First Ward, said Borough, and which is to take the place of existing public bridge, which was constructed to cross over said creek diagonally with the lines of said avenue; and

Whereas, To make the approaches to bridge properly conform to the established City lines of Borden avenue, and to the full width thereof, would cause the rearranging of and additional curbing and paving, regulating and grading of said avenue, the President caused due notice to be given of a public hearing to be afforded by this Board on this 10th day of August, 1900, and caused survey and sketch to be made, showing the present irregular lines of said avenue, in consequence of the existing "Cork Screw" bridge; and

Whereas, No person appeared at such public hearing in opposition to aforesaid proposed improvements; and

Whereas, It appears to this Board that the construction of a new bridge as suggested by the Commissioner of Bridges would be to the best interests of this City; therefore

Resolved, That recommendation be and hereby is made to the Board of Public Improvements, City of New York, that it initiate and progress the necessary proceedings toward having the construction of above-stated bridge and the approaches thereto promptly carried out.

Also,

Whereas, The Deputy Commissioner of Sewers for the Borough of Queens did under date of July 28, 1900, in a communication addressed to the President of said Borough, make statement of the necessity for the construction of a sewer in Van Alst avenue, from Flushing avenue line of sewerage to the trunk sewer in Hoyt avenue, in First Ward, Borough of Queens, City of New York, for discharge from the former into the latter, and asking therein for the favorable consideration and action of the Local Board thereon; and

Whereas, Said President did cause notice to be published of public hearing thereon to be afforded before this Local Board, at meeting to be held this August, 1900; and

Whereas, No person appeared at such hearing in opposition to the proposition to construct such sewer; and

Whereas, This Board deems that such undertaking would be for the best interests of this City; therefore

Resolved, That recommendation be and hereby is made to the Board of Public Improvements, City of New York, that it extend such favorable consideration and action toward the speedy carrying out of the aforesaid suggestion of the Deputy Commissioner of Sewers as the necessity therefor demands.

Also,
Whereas, The Volunteer Steam Fire-engine Company No. 4, of Maspeth, in Second Ward, Borough of Queens, City of New York, has petitioned for the placing of a fire-hydrant fronting its premises on Maspeth avenue, near Grand avenue; now this the Local Board of aforesaid borough, in meeting assembled this 10th day of August, 1900, appreciating the services such organization is ever ready to render to the public does hereby

Resolve, That recommendation be and hereby is made to the Board of Public Improvements, City of New York, toward having prompt response made to the desires of said company, set forth in its petition and above stated.

Also,
Whereas, F. De Hass Simonson of Newtown, owner of real estate along Myer avenue and Lee avenue, from Thomson avenue to Woodside avenue, in Second Ward, Borough of Queens, City of New York, has, through the President of the borough aforesaid, submitted to this the Local Board of said borough, at its meeting held this August 10, 1900, petitioned that permit be granted to the Citizens' Water Supply Company for the extension of its water-mains therein, with the necessary fire-hydrants attached thereto; therefore

Resolved, That recommendation be and hereby is made to the Board of Public Improvements, City of New York, that it give such prompt and favorable consideration and action as the needs of the petitioners may demand, and the rights of the company under the law may entitle it to.

Also,
Whereas, Petition of residents and taxpayers on Elm street, between the Brooklyn and Jamaica Plank road and Stewart avenue, in Richmond Hill, Fourth Ward, Borough of Queens, City of New York, for supply of water and fire hydrants (by means of extension of water-mains therein by the Jamaica Water Supply Company), was submitted by the President of aforesaid borough to the Local Board thereof, in meeting assembled this August 10, 1900; now in relation thereto, it is

Resolved, That recommendation be and hereby is made to the Board of Public Improvements, City of New York, that it give such prompt and favorable consideration and action to the foregoing as the needs of the petitioners may demand, and the right of the Company under the law may entitle it to.

Also,
Resolved, By this the Local Board of the Borough of Queens, City of New York, in meeting assembled on August 10, 1900, that recommendation be and hereby is made to the Commissioner of Public Buildings, Lighting and Supplies that he extend prompt and favorable consideration and action to the desires of the petitioners for the erection of an electric light in the vicinity of Hoyt avenue and Goodrich street, in First Ward of borough aforesaid.

On motion of Councilman Van Nostrand, the Secretary was directed to communicate to the Deputy Fire Commissioner for the boroughs of Brooklyn and Queens, that the electric fire alarm system in Flushing is defective, unreliable and deceptive.

On motion, the Secretary was directed to inform the Commissioner of Public Lightings that the electric lighting of streets between Flushing and Little Neck is irregular, unreliable, and hence unsatisfactory to the people along the line thereof; also that the existing gas-lights, which are overshadowed by being in too close proximity with the electric lights, should be placed at other points, where their service is required.

Communication from the editor of "The Rockaway Recorder," dated August 7, 1900, setting forth that: The price charged here for gas is \$2.25 per 1,000 cubic feet, less ten per cent. cash discount, if bills are paid promptly, was ordered on file, pending conclusions to similar complaint of exorbitant charges in Newtown.

Adjourned to August 31, 1900.

JOSEPH FIESEL, Secretary.

DEPARTMENT OF HEALTH.

DEPARTMENT OF HEALTH,
SOUTHWEST CORNER FIFTY-FIFTH STREET AND SIXTH AVENUE,
NEW YORK CITY, September 21, 1900.

TO CONTRACTORS.

SEALED BIDS OR ESTIMATES FOR FURNISHING ONE THOUSAND TONS OF WHITE ASH COAL, egg size, for the Riverside Hospital, at North Brother Island, under the charge of the Board of Health, will be received at the office of the Department of Health, in The City of New York, until 11 o'clock A. M. of

OCTOBER 3, 1900.

The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Furnishing Coal for the Riverside Hospital," and with his or their name or names, and the date of its presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Board and read.

The Board of Health reserves the right to reject all bids or estimates, as provided in section 419, chapter 378, Laws of 1897, if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.
The Coal to be of good quality, and the quantity that will be required will be about One Thousand (1,000) Tons of White Ash Coal, egg size, to be well screened and in good order, each ton to be 2,240 pounds, in accordance with the specifications attached to and which form a part of the contract aforesaid.

Delivery to be made at the Riverside Hospital, at North Brother Island, at the time required by the Board of Health; any changes in the time or place of delivery, however, may be made, in writing, by the Board of Health.

The above quantity is estimated and approximated only, and bidders are notified that the Board of Health reserves the right to increase or diminish said quantities by an amount not exceeding fifteen per cent. of the estimated quantities, and the contractor will be paid therefor only at the rate or price named in the contract, and that in case the above-named quantity shall not be required by the Department, no allowance will be made for any real or supposed damage or loss of profit.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal sum of Two Thousand Five Hundred (\$2,500) Dollars.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters therein stated are in all respects true.

Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Bidders will be required to furnish testimonials that they are engaged in the coal business in The City of New York, and have the plant necessary to carry out promptly and regularly the contract, if it be awarded, to the entire satisfaction of the Board of Health, and must furnish an undertaking for the faithful performance of all the provisions thereof in the manner provided by law, executed by two householders or freeholders of The City of New York, each justifying in the penal sum of Two Thousand Five Hundred (\$2,500) Dollars and agreeing that if he shall omit or refuse to execute the said contract they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corpora-

tion may be obliged to pay to the person or persons to whom the contract shall be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of The City of New York.

Should the person or persons to whom the contract is awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him, or to his bid or estimate, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract shall be readvertised and let as provided by law.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the National or State banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Bidders are cautioned to examine the form of contract and the specifications for particulars before making their estimates. Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment for the Coal will be made by requisition on the Comptroller, and as more specifically and particularly is set forth in the contract form.

Bidders are informed that no deviation from the contract and specifications will be allowed unless under the written instruction of the Board of Health.

Blank forms of bids or estimates, the proper envelope in which to inclose the same, together with the form of agreement, including specifications approved as to form by the Corporation Counsel, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department, southwest corner of Fifty-fifth street and Sixth avenue, where the plans, which are made a part of the specifications, can be seen.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall neglect or refuse, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Bidders are required to state in their estimates, under each of their names and places of residence, the names of all persons interested with them therein, and if no other person be so interested they shall distinctly state the fact; also, that such estimate is made without any connection with any other person making a bid or estimate for the same purpose, and that it is in all respects fair and without collusion or fraud; and also, that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof.

Contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of the contract and stated in the proposals, over and above all his debts of every nature, and over and above all his liabilities as bail, surety or otherwise; that he has offered himself as a surety in good faith, and with an intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be determined by the Comptroller of The City of New York after the award is made and prior to the signing of the contract.

The time allowed for the completion of the whole work will be sixty working days. And the damages to be paid by the contractor for each day that the contract or any part thereof may be unfulfilled after the time fixed for the completion of the whole work has expired are, by a clause in the contract, fixed and liquidated at twenty dollars per day.

The amount of security required is Fifteen Thousand Dollars.

Blank forms of proposals, the form of agreement, including the specifications, the proper envelopes in which to inclose the same, approved as to form by the Corporation Counsel, and showing the manner of payment and further information, will be furnished at the office of the Department of Bridges. Bidders are cautioned to examine each and all the provisions thereof carefully before making their estimate.

The person or persons to whom the contract may be awarded will be required to attend at the office of the said Department, with the securities offered by him or them, and execute the contract within five days after written notice that the same has been awarded to him or their bid or estimate, and that the securities offered by him or them have been approved by the Comptroller; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation, and thereupon the work will be readvertised and relet, and so on until the contract be accepted and executed. The work to commence at such time as the Commissioner of Bridges may designate.

The prices must be written in the bid and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items called for in these specifications, or which contain bids for items not called for therein. Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the Commissioner of Bridges to reject all bids should he deem it to the public interest so to do. No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The price is to include the furnishing of all the necessary materials and labor, and the performance of the whole of the work mentioned in the specifications annexed.

The following is a statement of the "Engineer's" estimate of the quantity and quality of the materials and the nature and extent of the work required as near as possible, and the several bids will be tested by the quantities mentioned in such statement. These items in all cases include both materials and labor complete in the work:

- 50 square feet relaying old crosswalks.
- 20 linear feet resetting old curb.

For further particulars as to the quantity and quality of the supplies or of the materials to be furnished, bidders are referred to the printed specifications. Such work and materials must conform in every respect to printed specifications and plans.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall neglect or refuse, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Bidders are required to state in their estimate, under oath, their names and places of residence, the names of all persons interested with them therein, and if no other person be so interested they shall distinctly state the fact; also, that such estimate is made without any connection with any other person making a bid or estimate for the same purpose, and that it is in all

respects fair and without collusion or fraud; and also, that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of The City of New York, with their respective places of business or residence, or of a guaranty or surety company duly authorized by law to act as surety, to the effect that if the contract be awarded to the person making the estimate, they will, or it will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will, or it will, pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of the contract and stated in the proposals, over and above all his debts of every nature and over and above all his liabilities as bail, surety or otherwise; that he has offered himself as a surety in good faith and with an intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be determined by the Comptroller of The City of New York after the award is made and prior to the signing of the contract.

The time allowed for the completion of the whole work will be one hundred and twenty-five working days. And the damages to be paid by the contractor for each day that the contract or any part thereof may be unfulfilled after the time fixed for the completion of the whole work has expired are, by a clause in the contract, fixed and liquidated at twenty dollars per day.

The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. When more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth

the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by the Revised Ordinances if the contract shall be awarded to the person or persons for whom he consents to become surety. The said sureties may consist of responsible guaranty companies. The adequacy and sufficiency of the security offered to be approved by the Comptroller of The City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National or State banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

For particulars as to the quantity and quality of the materials, or the nature and extent of the work required, bidders are referred to the specifications.

Bidders are cautioned to examine the specifications for particulars of the work, etc., required before making their estimates, and are cautioned against referring to any specifications other than those furnished by the Department. Such references are cause for rejecting bids wherever they are written, and will in no case govern the action of the Department officers in passing upon tenders.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract.

The specifications may be seen at the offices of Horgan & Slattery, Architects, No. 1 Madison avenue, Borough of Manhattan.

Blank forms of bids or estimates, the proper envelopes in which to inclose the same, the specifications and agreement approved as to form by the Corporation Counsel, and any further information desired, can be obtained at the office of the Department of Public Charities, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities will insist upon its absolute enforcement in every particular.

No. 1. FOR FURNISHING AND ERECTING GRAVITY MECHANICAL FILTER PLANTS WITH APPURTENANCES FOR PURIFYING THE SUPPLY FROM RAISELY AND FROM SPRINGFIELD STREAMS.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him therein, and if no other person be so interested it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or in the work to which it relates, or in any portion of the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance, and that if he shall refuse or neglect to execute the same they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting, the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security re-

quired for the faithful performance of the contract. Such check or money must NOT be inclosed in a sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by The City of New York as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid the amount of the deposit will be returned to him.

THE COMMISSIONER OF WATER SUPPLY RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.
