Each estimate must contain the name and place of  
residence of the person making the same, the names of all  
persons interested with him therein, and if no other per-  
son be so interested it shall distinctly state that fact.  
That it is made without any connection with any other  
person making an estimate for the same work, and is in  
all respects fair and without collusion or fraud. That no  
member of the Common Council, head of a department,  
chief of a bureau, deputy thereof, or clerk therein, or  
other officer of the Corporation, is directly or indirectly  
interested in the estimate or in the work to which it re-  
lates or in the profits thereof.

Each estimate must be verified by the oath, in writing,  
of the party making the same, that the several matters  
therein stated are true, and must be accompanied by the  
consent, in writing, of two householders or freehold-  
ers in the City of New York, to the effect that if the  
contract is awarded to the person making the estimate,  
they will, upon its being so awarded, become bound as  
his sureties for his faithful performance; and that if he  
shall refuse or neglect to execute the same, they will pay  
to the Corporation any difference between the sum to  
which he would be entitled upon its completion and that  
which the Corporation may be obliged to pay to the person  
to whom the contract shall be awarded at any subsequent  
letting; the amount to be calculated upon the estimated  
amount of the work by which the bids are tested.

The consent last above mentioned must be accom-  
panied by the oath or affirmation, in writing, of each of  
the persons signing the same, that he is a householder  
or freeholder in the City of New York, and is worth the  
amount of the security required for the completion of the  
contract, over and above all his debts of every nature,  
and over and above his liabilities as bail, surety, or  
otherwise, and that he has offered himself as surety in  
good faith, with the intention to execute the bond re-  
quired by law.

No estimate will be considered unless accompanied by  
either a certified check upon one of the State or National  
banks of the City of New York, drawn to the order of  
the Comptroller, or money, to the amount of five  
per centum of the amount of the security required for  
the faithful performance of the contract. Such check or  
money must not be inclosed in the sealed envelope  
containing the estimate, but must be handed to the  
officer or clerk of the Department who has charge of the  
estimate-box, and no estimate can be deposited in said  
box until such check or money has been examined by  
said officer or clerk and found to be correct. All such  
deposits, except that of the successful bidder, will be  
returned to the persons making the same within three  
days after the contract is awarded. If the successful  
bidder shall refuse or neglect, within five days after  
notice that the contract has been awarded to him, to  
execute the same, the amount of the deposit made by

him shall be forfeited to and retained by the City of  
New York as liquidated damages for such neglect or  
refusal; but if he shall execute the contract within the  
time aforesaid, the amount of the deposit will be  
returned to him.

DEPARTMENT OF PUBLIC WORKS,  
COMMISSIONER'S OFFICE,  
NO. 31 CHAMBERS STREET,  
NEW YORK, August 14, 1889.

# TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

**ATTENTION IS CALLED TO THE RECENT**  
act of the Legislature (chapter 449, Laws of 1889),  
which provides that whenever any streets or avenues in  
the city, described in any grant of land under water,  
from the Mayor, Aldermen and Commonalty containing  
covenants requiring the grantees and their successors to  
pave, repave, keep in repair or maintain such streets,  
shall be in need of repairs, pavement or repavement,  
the Common Council may, by ordinance, require  
the same to be paved, repaved or repaired, and  
the expense thereof to be assessed on the property  
benefited; and whenever the owner of a lot so assessed  
shall have paid the assessment levied for such paving,  
repaving or repairing, such payment shall release and  
discharge such owner from any and every covenant and  
obligation as to paving, repaving and repairing, con-  
tained in the water grant under which the premises are  
held, and no further assessment shall be imposed on  
such lot for paving, repaving or repairing such street or  
avenue, unless it shall be petitioned for by a majority of  
the owners of the property (who shall also be the owners  
of a majority of the property in frontage) on the line of  
the proposed improvement.

The act further provides that the owner of any such  
lot may notify the Commissioner of Public Works, in  
writing, specifying the ward number and street number  
of the lot that he desires, for himself, his heirs and  
assigns, to be released from the obligation of such  
covenants, and elects and agrees that said lot shall be  
thereafter liable to be assessed as above provided, and  
thereupon the owner of such lot, his heirs and assigns  
shall thenceforth be relieved from any obligation to  
pave, repair, uphold or maintain said street, and the lot  
in respect of which such notice was given shall be liable  
to assessment accordingly.

The Commissioner of Public Works desires to give  
the following explanation of the operation of this act:  
When notice, as above described, is given to the  
Commissioner of Public Works, the owner of the lot or  
lots therein described, and his heirs and assigns, are  
forever released from all obligation under the grant in  
respect to paving, repaving or repairing the street in  
front of or adjacent to said lot or lots, except one assess-  
ment for such paving, repaving or repairs, as the Com-  
mon Council may, by ordinance, direct to be made  
thereafter.

No street or avenue within the limits of such grants  
can be paved, repaved or repaired until said work is  
authorized by ordinance of the Common Council, and  
when the owners of such lots desire their streets to be  
paved, repaved or repaired, they should state their  
desire and make their application to the Board of Alder-  
men and not to the Commissioner of Public Works, who  
has no authority in the matter until directed by  
ordinance of the Common Council to proceed with the  
pavement, repavement or repairs.

Commissioner of Public Works

PROPOSALS FOR ESTIMATES.

SEALED ESTIMATES FOR BUILDING A station-house, Lodging-house and Prison on the ground and premises in the City of New York to be located on the north side of East One Hundred and Fourth street, 125 feet west of Third avenue, will be received at the Central Office of the Department of Police in the City of New York, until 12 o'clock M. of Friday, the 25th day of March, 1892.

The person or persons making an estimate shall furnish the same in a sealed envelope, indorsed "Estimates for Building a Station-house, Lodging-house and Prison," and with his or their name or names, and the date of presentation to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the estimates received will be publicly opened by the head of said Department and read.

For particulars of the nature and extent of the work to be done reference must be made to the plans and specifications on file in the office of the Chief Clerk of the said Department.

Bidders will state in writing, and also in figures, a price for the work complete. The price is to cover the furnishing of all the materials and labor and the performance of all the work called for by the specifications, plans, drawings and form of agreement. Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the head of said Department to reject any or all bids which may be deemed prejudicial to the public interests.

No estimates will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The entire work is to be completed within SEVEN MONTHS from the date of the contract.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract in the manner prescribed by law, in the sum of TWENTY THOUSAND DOLLARS.

Each estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract and herein stated, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-book, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

No estimate for a sum in excess of SIXTY-FIVE THOUSAND (\$65,000) DOLLARS can be considered. Plans may be examined and specifications and blank estimates may be obtained by application to the undersigned, at his office in the Central Department.

The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section
