

Hon. Mark Levine, Manhattan Borough President Manhattan Community Boards Demographic Report for 2025

Pursuant to New York City Charter Section 82 (17)(a), the Office of the Manhattan Borough President (MBPO) submits this report on the application and selection processes for the appointment of community board members for the 2025-2027 term.

Introduction and Vision for Manhattan Community Boards

Community boards are an essential form of local democracy, providing local community members and stakeholders with a volunteer opportunity to help govern their neighborhood and city. Composed of 50 volunteer members serving staggered two-year terms, community boards are tasked with reviewing and making recommendations on complex, local issues impacting education, parks and open space, libraries, housing, transportation, economic development, zoning, the environment and city planning, among other critical aspects of urban living. In addition to appointing over 300 members (including vacant mid-year vacancies) to the Borough's 12 community boards each year, the MBPO also works to provide professional support and extensive trainings to board members and staff in order to increase efficiency and impact.

In keeping with Borough President Levine's commitment to ensure community boards reflect the diversity of our neighborhoods, the MBPO has continued to seek out Manhattanites who have historically been less represented on community boards, including but not limited to youth 16 years or older, public housing residents, and people holding marginalized identities. This commitment guided every aspect of the appointment process, from outreach, to review and final determinations.

The MBPO is enormously proud of our 2025 appointment cycle. Over 950 applicants and 570 interviews to fill 320 seats were conducted, and this year's appointments reflect significant progress toward boards that better represent the diversity of their communities. Over 70% of new members self-identified as a race other than white/non-Hispanic alone, and 23% self-identified as Latino/Hispanic. The new class also includes strong LGBTQIA+ representation, gender diversity, and a notable number of parents. Geographic diversity across the borough was also made a priority in the selection process.

Community Board Application and Outreach Strategy

The 2025 Manhattan Community Board application gathered a wide range of information used to ensure appointments reflected the needs and interests of the communities they served. In addition to standard demographic and residency questions, the application included questions on applicants' civic engagement, community priorities, education, skills, car ownership, housing type and more. Additionally, to better assess each individual's approach to key community issues, new applicants and reapplicants were asked to rank the importance of elements they consider important in the creation of housing, like affordability, infrastructure impact, and open space, as well as social services and outreach. Also included are questions to ensure each

applicant is committed to attending all meetings to the best of one's ability. It was also made fully available in Spanish and Traditional Chinese.

On January 13, 2025, the application was published on the MBPO website (www.manhattanbp.nyc.gov), with a deadline of February 28, 2025 at 5pm (this deadline was later extended to March 7, 2025 to allow time for additional applicants to apply). Direct correspondence was made between the MBPO, District Managers, and community board Chairpersons to alert them of the application and request their assistance in sharing the application link among their members and larger community lists. Members whose terms were concluding were also emailed and called directly by MBPO staff. Borough President Levine and staff also promoted the application at Borough Board and Borough Service Cabinet meetings in January, February and March, as well as at monthly district service cabinet and full board meetings for all 12 Manhattan community boards.

Additionally, the MBPO utilized a wide range of tools to further promote the application to individuals with diverse backgrounds. The Community Affairs Unit of MBPO reached out to public housing tenant leaders, community-based organizations, public high schools, not-for-profit organizations, organized labor and other community-based groups in order to both promote the application as well as present it to their communities. The MBPO also requested the assistance of all Manhattan City Council Members to further promote the application throughout their districts and e-mail listservs. The MBPO created a series of digital ads that ran on LinkNYC towers throughout the Borough, and the applications were covered in local news media online and in print. Borough President Levine also attended various community meetings and participated in interviews with local news outlets encouraging Manhattan residents to apply.

For the term beginning in 2025, the MBPO received a total of 951 applicants, inclusive of both new applicants and reapplicants. This is up significantly from the 837 total applicants we received in 2024. As in previous years, the MBPO created a series of LinkNYC ads that ran throughout the borough. The ads ran until the end of the application period on March 7th (see image below of a sample of LinkNYC advertisements that ran in the 2025 application period). In addition, the MBPO ran additional digital advertising on its social media platforms (Twitter, Instagram and Facebook), using the same series of advertisements appearing on LinkNYC kiosks.

李文促华社居民积极申请社委会职位 截止期延长至3/7

【侨报记者韩清媛 2月25日 纽约报道】曼哈顿区长李文（Mark Levine）敦促曼哈顿华社居民积极申请当地社区委员会职位，申请截止日期现已延长至2025年3月7日。

区长办公室发文称，社区委员会在有关住房、土地使用、公共安全和城市服务的决策制定上至关重要。增加华社的代表性将确保在地方决策中听取不同的声音中，而对于华社居民来说，这也是一个积极参与社区并做出真正改变的关键机会。

为鼓励申请，区长办公室发起了一场全市外联活动，在曼哈顿各地的LinkNYC亭上以繁体中文、西语和英语做广告。其中一个广告是用繁体中文书写，画有一个热气腾腾的茶壶并标有“茶热需凉，邻近需帮”的短语，以号召更多华社居民申请社委会职位。

据悉，纽约市共有59个社区委员会，其中曼哈顿共有12个。每个社区委员会有50名义务成员，任期交错为两年，每年任命（或重新任命）25名，其中区长能委任半数成员，另一半由其选区与社区重叠的市议员提名。华埠地区由第一社区委员会、第二社区委员会及第三社区委员会“三分天下”，全范围内共有150个成员名额。

社区委员会成员必须居住、工作在辖区内或对社区服务区所服务的社区有重大兴趣，并且是纽约市居民。此外，区长办公室还着重寻找具有社区参与历史、专业知识和技能、出席委员会会议的申请人，而在所有社区委员会成员中，纽约市府雇员的比例不得超过25%。

曼哈頓社委會申請延至3月7日 李文促華人加入

記者韓清媛／紐約報導

曼哈頓區長李文(Mark Levine)宣布，2025年度社區委員會申請已延至3月7日(周五)，並呼籲曼哈頓的華人積極遞交申請表格，成為社委會的一員。社委將在眾多關於社區發展的決策中發揮關鍵作用，如參攷市政預算、土地使用、住房發展、新開發案及交通事務等決策。

據介紹，曼哈頓擁有12個社區委員會，由

50個志願者組成，任期兩年，當中有25人由區長委任；目前申請加入社委會的日期已延長至3月7日，申請者需符合在當地居住、工作，或是對社區有重大關聯等條件。

為了鼓勵申請，李文辦公室在曼哈頓範圍舉辦推廣活動，包括用中文宣傳，以「茶熱需涼，鄰近需幫」為主題，呼籲華人民眾踴躍成為社委會的一員，使其注入更多元化的聲音；作為地方政府的基層力量，社區委員

會可與市府機構、民選官員或地方領袖等合作，確保社區的觀點能夠被聽到，並影響決策。

每個委員會都有本身的預算，地區經理和員工，其所承擔的三個主要職責，分別為監督市府提供的服務、規畫和審查土地使用申請，包括引發爭議的土地重新規畫，以及為每年的城市預算提出建議。

申請現已開放，欲申請加入者，可前往網

2025 coverage of the Manhattan Community Board application process in the World Journal, China Press and Patch – Upper East Side

In addition to street and digital advertising, the MBPO organized several Community Board information sessions on select NYCHA campuses throughout the borough. Particular attention was given to community board districts with high numbers of NYCHA residents – specifically Manhattan Community Boards 3 and 11, but MBPO staff also attended NYCHA tenant meetings throughout the borough to promote the community board application process.

Community Board Application Review and Appointment Process

There were 122 vacancies in total on the 12 community boards during the 2025 appointment cycle. A table of this disaggregated information can be found below. It is important to note that the overall number of vacancies has continued to fluctuate, as board membership can change dynamically based on removals or resignations throughout the year. It is also important to note that when considering community board appointments, the Borough President considered not only vacancies, but took steps to consider the applicants for all 300 seats that were either open or up for reappointment.

Total: 122 vacancies

MBPO staff compared each district's census data profile (as provided by the Department of City Planning) to the demographic makeup of each community board. This, along with direct input from District Managers, helped determine whether the aggregate of appointments fairly represent all segments of the community, and where particular attention should be put during the appointment process.

In the 2025 application cycle, every new and returning board member application was read and carefully considered by MBPO staff and the essay portions of every application were reviewed by at least two MBPO staff members.

After the application portals closed, a digitized version of all applications for each council district was distributed to every Manhattan City Council Member. Council Members received copies of all applications that resided, worked or had a significant interest in their districts. The digitized applications included the full application as well as any additional documents (such as a resume or curriculum vitae) that were submitted. Borough President Levine and MBPO staff also met individually with Council members and their staff to review applicants and community board vacancies.

In addition to submitting application materials, the MBPO requires that all applicants, both new and re-applying, participate in the interview portion of the review process. The interview process consisted of a 2-hour virtual exercise in which applicants were randomly placed in break-out rooms with approximately 10-15 other applicants. While in these breakout rooms, the applicants were asked to consider and discuss two community board scenarios - one focusing on preference of funds allocation in the City budget and the other focusing on a land use proposal. At least two members of MBPO staff were assigned to each room and were asked to review each applicant and complete a digital evaluation form at the end of each interview session. Applicants were reviewed on their ability to communicate, active listening skills, ability to identify problems and come up with creative solutions, to respectfully engage with others, collaborate, and establish next steps. In the 2025 interview cycle, MBPO offered seven interview dates between March 13 to March 19, 2025, with at least one session on every day of the week and at various times in order to accommodate as many schedules as possible. Each session was capped at 120 participants. In total, 568 applicants participated in the interview process. Disaggregated tables of applications received as well as interviews conducted for 2024 and 2025 are below.

| 10 | 74 | 60% |
| 11 | 30 | 35% |
| 12 | 40 | 45% |
| Total | 568 | 77% |

For the 2025 application cycle, after the interview sessions were complete, MBPO staff used information from the submitted application to assess each applicant. The Borough President reviewed the submitted applications with Council Members and staff before making final selections for board appointment.

Demographics

The MBPO maintains anonymized demographic information disaggregated by community board on the office's website (manhattanbp.nyc.gov). The following information below describes the demographic information that board members voluntarily disclosed as of 2025.

The 2025 appointments also showed significant steps towards being more representative of our diverse communities. For example, 23% of new applicants identified as Latino/Hispanic, a demographic that was previously slightly underrepresented. In fact, just over 70% of new members identified as a race other than white/non-Hispanic alone.

Additionally, the class of new appointments included over 13% of individuals that identified as LGBTQIA+; 50% identified as male, 48% female, 1% gender non-conforming, and 1% prefer not to say; 22% of new appointments identified as parents. We also prioritized geographic representation and diversity across the borough.

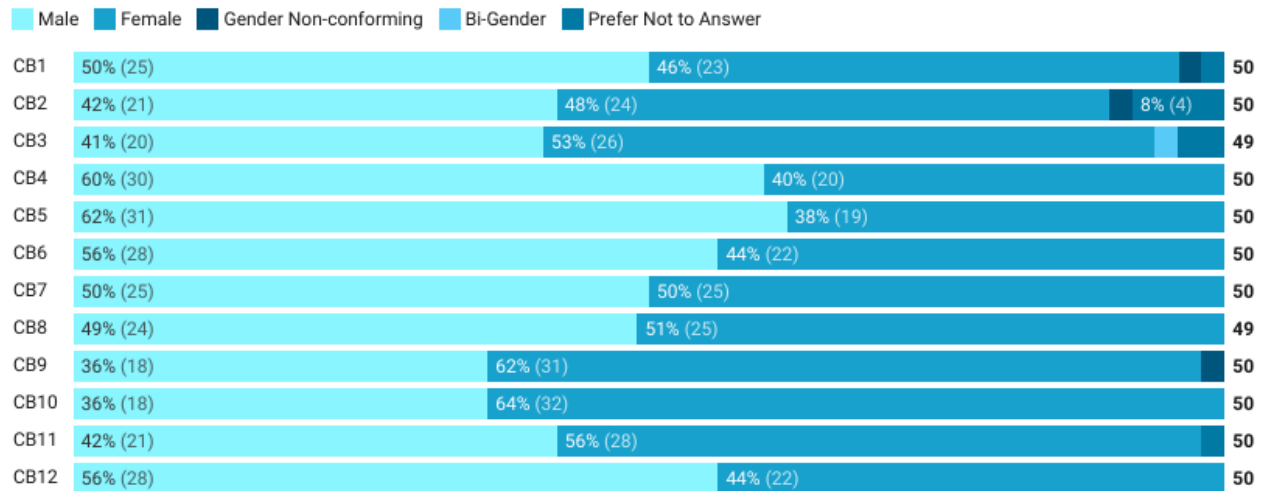

Overall, the MBPO is very proud of the 2025 classes of appointed board members with regard to the diversity of voices and experiences, there is still much work to be done to increase broad representation on Manhattan community boards. We strongly believe that with future appointment processes, expanded outreach, additional advertisement in languages other than English, and thoughtful consideration of all applicants, Manhattan community boards can become a more powerful tool in uplifting often overlooked and underserved communities.

Summary

The MBPO remains extremely proud of the overall outreach, review, and appointment process for Manhattan Community Boards. The cycle brought in the second highest number of applicants in the history of the office, second only to the number received in the Spring of 2017. The MBPO's targeted outreach efforts in 2025 brought more applicants from varied backgrounds than the previous years. The 2025 class of appointees includes a depth and diversity of perspectives, experiences, creative ideas, and tremendous enthusiasm for public service and civic engagement to their boards. Applicants were evaluated on responses such as addressing the

housing crisis, past experience in public service, previous attendance at committee and full board meetings, and consideration of mental health support in their community, as well as their approach to working collaboratively with colleagues in the interest of the greater good.

As New York City confronts an affordability crisis and myriad challenges, conversations about how our streets, schools, hospitals, park space, and housing should be developed and preserved have never been more present in both public discourse and governance. Now more than ever, it is critical to have diverse representation and participation both on community boards and in all realms of civic engagement.
