BOARD OF ESTIMATE AND APPORTIONMENT.

(FINANCIAL AND FRANCHISE MATTERS.)

MINUTES, BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK, HELD IN ROOM 16, CITY HALL, FRIDAY, NOVEMBER 15, 1907.

The Board met in pursuance of an adjournment.

Present—George B. McClellan, Mayor; Herman A. Metz, Comptroller; Patrick F. McGowan, President of the Board of Aldermen; John F. Ahearn, President of the Borough of Manhattan; Bird S. Coler, President of the Borough of Brooklyn; Louis F. Haffen, President of the Borough of The Bronx; Joseph Bermel, President of the Borough of Queens; George Cromwell, President of the Borough of Richmond.

The Mayor, Hon. George B. McClellan, presided.

Minutes of meetings held October 4, 7, 9, 11, 18, 22 and 25, 1907, were approved as printed.

BROOKLYN, QUEENS COUNTY AND SUBURBAN RAILROAD COMPANY.

The public hearing on the petition of the Brooklyn, Queens County and Suburban Railroad Company for a franchise to construct, maintain and operate a double track street surface railroad from the intersection of the existing tracks at Metropolitan avenue and Dry Harbor road, thence northerly upon and along Metropolitan avenue to the Jamaica Plank road, in the Village of Jamaica, together with the right to connect the aforesaid tracks with the existing tracks on Jamaica Plank road, Metropolitan avenue and Dry Harbor road, Borough of Queens, was opened.

The hearing was fixed for this day by resolution adopted October 18, 1907. Affidavits of publication were received from the "Brooklyn Daily Eagle," the "Brooklyn Citizen" and CITY RECORD.

The following appeared in opposition to the proposed grant:

T. Ellet Hodgskin, representing certain property owners, who filed a brief on behalf of same.

A. D. Man.

The following appeared in favor of the proposed grant:

William F. Wyckoff.

A. M. Williams, counsel for the company.

Cord Meyer.

John Adikes, representing the Fourth Ward Allied Civic Associations and the Jamaica Citizens' Association.

Rev. Edward M. McGuffey.

No one else desiring to be heard, the Chair declared the hearing closed.

The Secretary presented the following:

REPORT No. F-64.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
November 12, 1907.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—At the meeting of the Board of Estimate and Apportionment held on October 18, 1907, a resolution was adopted fixing November 15 next as the date for a public hearing upon the application of the Brooklyn, Queens County and Suburban Railroad Company to build and maintain a double-track surface railroad in Metropolitan avenue, between the Dry Harbor road and the Jamaica Plank road, in the Borough of Queens. The hearing was fixed at as early a date as possible at the request of the President of the Borough of Queens, and it was expected that the Chief Engineer would be prepared to submit a complete report to the Board at the time of this first hearing. A number of questions, however, have arisen in the investigation which it was necessary to submit to the Corporation Counsel, and until his advice has been received it will be impossible to present a full report to the Board.

I would, therefore, recommend that after the preliminary hearing the matter be referred back to the Chief Engineer for a final report, which will be prepared and submitted at as early a date as possible.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

BOARD OF ESTIMATE AND APPORTIONMENT,
DIVISION OF FRANCHISES, ROOM 801, No. 277 BROADWAY,
November 12, 1907.

Mr. NELSON P. LEWIS, Chief Engineer:

SIR—The Brooklyn, Queens County and Suburban Railroad Company, in a petition dated September 19, 1907, signed by T. S. Williams, Vice-President, applied for a franchise to construct, maintain and operate a double track street surface railroad, connecting with the existing tracks at the intersection of Metropolitan avenue and Dry Harbor road, thence northerly upon and along Metropolitan avenue to the Jamaica Plank road, in the Village of Jamaica, together with the right to connect the aforesaid tracks with the existing tracks on Jamaica Plank road, Metropolitan avenue and Dry Harbor road, Borough of Queens.

This application was presented to the Board of Estimate and Apportionment at its meeting of September 20, 1907, and was referred to the Chief Engineer. At the meeting of October 18, 1907, a resolution was adopted fixing November 15, 1907, as the date for public hearing.

This division is now conducting the necessary investigation preparatory to formulating a report proposing terms and conditions to govern the proposed grant. Certain questions have arisen which it seemed should be passed upon by the Corporation Counsel before the completion of the report and presentation of same to the Board; therefore the matter in question has been submitted to the Corporation Counsel for his opinion, and upon receipt of the requested advice from the Corporation Counsel, this division will be in a position to present its report to the Board of Estimate and Apportionment. It is, therefore, recommended that at the close of the public hearing on November 15, 1907, the petition be referred back to the Chief Engineer.

Respectfully,

HARRY P. NICHOLS, Engineer in Charge.

The matter was thereupon referred back to the Chief Engineer.

BROOKLYN CITY RAILROAD COMPANY.

In the matter of the application of the Brooklyn City Railroad Company for permission to construct, maintain and operate a single track street surface railroad connecting with the existing track of the petitioner at the intersection of Tillary and Fulton streets, running thence on a curve easterly across Fulton street and Liberty street, through private property of the Brooklyn Union Elevated Railroad Company and The City of New York, to Washington street, there to connect with the existing easterly track of the Brooklyn City and Newtown Railroad Company on Washington street, Borough of Brooklyn.

The Secretary presented the following:

REPORT No. F-65.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
November 12, 1907.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—I submit herewith a report received from the Engineer in charge of the Division of Franchises calling attention to the fact that the Brooklyn Rapid Transit Company has already completed and is using one track running from Fulton street across a portion of Fulton street, across Liberty street, over property owned by the company and other property owned by The City of New York under the structure of the Brooklyn Bridge terminal yard, and across the sidewalk and westerly roadway of Washington street, and that a second track is being constructed and approaching completion, although the company has not been given any right to build and maintain such tracks. The question of granting such a right has been considered by the Board and has been the subject of reports by a Select Committee of the Board in connection with the franchise for constructing and operating a railroad in Livingston street and Lafayette avenue, and these facts are presented to the Board for its consideration, with the suggestion that the Secretary be directed to notify the company to show cause in writing to this Board within ten days as to why operation on these tracks should not cease and the tracks be removed.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

BOARD OF ESTIMATE AND APPORTIONMENT,
DIVISION OF FRANCHISES, ROOM 801, No. 277 BROADWAY,
November 12, 1907.

Mr. NELSON P. LEWIS, Chief Engineer:

SIR—In a petition dated March 13, 1906, the Brooklyn City Railroad Company, by its president, Edward Merritt, requested permission to construct, maintain and operate a single-track street surface railroad connecting with the existing track of the petitioner at the intersection of Tillary and Fulton streets, running thence on a curve easterly across Fulton street and Liberty street through private property abutting on Liberty street and owned by the Brooklyn Union Elevated Railroad Company, and through private property of The City of New York to Washington street, there to connect with the existing easterly track of the Brooklyn City and Newtown Railroad Company on Washington street.

This petition was presented to the Board of Estimate and Apportionment at its meeting of March 16, 1906, together with a report and form of resolution from the Bureau of Franchises, recommending that a revocable consent be granted, and proposing terms and conditions to govern the proposed consent. The resolution was adopted by the Board of Estimate and Apportionment on that day and was approved by the Mayor March 28, 1906.

At the meeting of June 8, 1906, a communication was received from the Brooklyn Heights Railroad Company, lessee of the Brooklyn City Railroad Company, signed by E. W. Winter, president, stating the company was unable to accept the consent for certain reasons stated therein, and requested that a fran-

chise be granted in lieu of the aforesaid consent. A report was also received from the Bureau of Franchises calling the attention of the Board to the fact that the conditions to which Mr. Winter objected were the same as those heretofore employed in similar permits, which had been accepted by the companies making application for same, and it was suggested that the company be requested, should it desire a franchise, to submit its application in proper form, and the matter was referred to the Bureau of Franchises for investigation and suggestions.

On June 9, 1906, the company requested information as to the form of application for street railway franchises, and this information was forwarded to Vice-President T. S. Williams, with a communication dated June 20, 1906.

At the meeting of January 18, 1907, a report was presented on the application of the Nassau Electric Railroad Company for a franchise on Livingston and other streets in the Borough of Brooklyn by the Select Committee to whom this matter had previously been referred, and that report read in part as follows:

"In connection with the Livingston street franchise your committee recommends that there be taken up also the matter of the proposed spur connection between the tracks of the Brooklyn Heights Railroad Company in Fulton street and the tracks of the said company on the Brooklyn Bridge, said connection crossing Fulton street and Liberty street just below Tillary street, and proceeding thence through the bridge terminal yard to the bridge. Such connection will add materially to the benefits to be derived by reason of the operation of the Livingston street railroad, inasmuch as it will enable the railroad company to divide its north and south bound cars and to avoid the numerous crossings in the vicinity of the Borough Hall, which add to the difficulty and danger of transportation in Brooklyn."

On February 15, 1907, a report was presented to the Board from the Bureau of Franchises calling attention to the aforesaid recommendation of the Select Committee, and stating from the wording of the paragraph quoted it would appear that the Select Committee does not recommend the consideration of the application of the Brooklyn City Railroad Company in its entirety, but rather only the portion within Fulton and Tillary streets, for the purpose of connecting the tracks in Fulton street with the Bridge proper, and not connecting those tracks with the tracks on Washington street, as applied for; and this would seem to indicate that a plan for the crossing of cars in the bridge yard and the use of that property for entering the bridge was in the mind of the committee, and it was stated that if such were the case the question whether or not the application should be granted in the form of a franchise or in the form of a revocable consent should be considered, and it was suggested that as it was the opinion of the bridge engineers that the Brooklyn Bridge should be reconstructed upon the completion of the Manhattan Bridge, it was possible that the Bridge yard and approaches might be changed in time, and it would be inadvisable to give vested rights either upon the bridge property or approaching the same. It was, therefore, felt that either a revocable consent should be given or a franchise granted upon the condition that it should terminate when the City required the removal of such tracks on account of improvements upon the bridge or bridge approaches, or whenever it might become necessary to shift such tracks for some reason; and the Board was asked to consider the question as to whether a franchise or revocable consent should be granted and its attention was called to the fact that if it were decided that a franchise should be granted the Secretary be directed to notify the railroad company to present a verified petition in duplicate, and the matter was referred to the Select Committee.

From an examination made upon the ground on November 11, 1907, it has been found, however, that the railroad company is constructing a double-track railway connecting with the existing tracks on Fulton street, and running upon and along Fulton street and Liberty street, through the private property of the Brooklyn Union Elevated Railroad Company, through private property of The City of New York, and connecting with the existing tracks on Washington street. The southerly track has been completed and is in operation over the entire length of the aforesaid route. The northerly track is constructed from the existing tracks on Fulton street, upon and along Fulton and Liberty streets, through the private property of the Brooklyn Union Elevated Railroad Company, to within a few feet of the property of The City of New York. The pavement has been laid on Fulton street and on Liberty street to within a few feet of the curb line, and from that point to within a few feet of the property of The City of New York the tracks have been laid, but work is being done on the northerly track and the cut is still open. The following lines of cars were being operated over the completed track when examination was made:

Court street, St. John's place, Union street, Third avenue and Flatbush avenue. These cars proceed north on Fulton street over this connection to Washington street and proceed north on the existing easterly track on Washington street to and over the bridge to Manhattan.

No report has as yet been received from the Select Committee, nor has any subsequent action been taken by the Board of Estimate and Apportionment upon the application; nor has the Railroad Company presented an application for a franchise in the form required by the Board.

I therefore believe this matter should be called to the attention of the Board of Estimate and Apportionment for such action as it may deem necessary in the premises.

Respectfully,
HARRY P. NICHOLS, Engineer in Charge.

The following was offered:

Whereas, A double-track street surface railroad has been constructed from the intersection of the existing tracks of the Brooklyn City Railroad Company on Fulton street, near Tillary street, upon and along Fulton street and Liberty street, and over the sidewalk entering the premises of the Brooklyn Union Elevated Railroad Company, where work is in progress on the northerly track; and

Whereas, The construction of the southerly track has been completed from the intersection of the existing tracks at Fulton street, near Tillary street, upon and along Fulton street, Liberty street, and over the sidewalk entering the premises of the Brooklyn Union Elevated Railroad Company, upon and through said premises to the property of The City of New York, upon and through said property to Washington street, and across the westerly sidewalk and roadway in Washington street, where it connects with the existing easterly track of the Brooklyn City and Newtown Railroad Company on Washington street, and cars are being operated over such track; and

Whereas, This Board is informed that the double track laid on Fulton and Liberty streets, and over the sidewalk of Liberty street, was constructed and is being operated by the Brooklyn Heights Railroad Company, lessee of the Brooklyn City Railroad Company; and

Whereas, This Board is informed that the track on Washington street, north of Tillary street, over the sidewalk of Washington street, and connecting with the easterly track of the Brooklyn City and Newtown Railroad Company, was constructed by the Coney Island and Brooklyn Railroad Company, the owner, proprietor and operator of the Brooklyn City and Newtown Railroad Company; and

Whereas, This Board has no record of the right of such company to construct such track; now therefore be it

Resolved, That the Secretary of this Board be and he hereby is directed to serve notice in writing upon the Brooklyn Heights Railroad Company, lessee of the Brooklyn City Railroad Company, to show cause, in writing, to this Board, ten days after the adoption of this resolution, to wit: Monday, November 25, 1907, why the operation of cars on this track should not cease, and why the double track constructed by this company on Fulton street and Liberty street should not be removed; and be it further

Resolved, That the Secretary of this Board be and he hereby is directed to serve notice in writing on the Coney Island and Brooklyn Railroad Company, owner, proprietor and operator of the Brooklyn City and Newtown Railroad Company, to show cause, in writing, to this Board, ten days after the adoption of this resolution, to wit: Monday, November 25, 1907, why the operation of cars on the track constructed on

Washington street, connecting the easterly track of the Brooklyn City and Newtown Railroad Company with the property of The City of New York, should not cease, and such track should not be removed.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of The Bronx, Queens and Richmond—12.

Negative—The Presidents of the Boroughs of Manhattan and Brooklyn—4.

MUTUAL LIFE INSURANCE COMPANY OF NEW YORK.

A communication, dated November 4, 1907, was received from the Mayor's office, returning, duly approved by the Mayor, resolution adopted by the Board November 1, 1907, revoking the resolution adopted by the Board of Aldermen April 7, 1903, approved by the Mayor April 20, 1903, granting permission to the Mutual Life Insurance Company of New York to construct, maintain and use a tunnel under and across Liberty street, between Nassau and William streets, Borough of Manhattan.

Which was ordered filed.

REMOVAL OF FENCES ON FIRST AVENUE, SIXTY-THIRD AND SIXTY-FOURTH STREETS, BOROUGH OF BROOKLYN.

The Secretary presented the following:

BROOKLYN, N. Y., October 5, 1907.

Hon. GEORGE B. McCLELLAN, Mayor, New York City:

SIR—We, the undersigned, property owners and business men, respectfully petition you to have First avenue, about Sixty-third and Sixty-fourth streets, Brooklyn, restored to public use.

The avenue at and about those points has recently been fenced up—two heavy fences eight feet high—and absolutely closed to all kinds of traffic.

There is an agreement between the Long Island Railroad Company and The City of New York, dated February 13, 1906, whereby that company got possession of Sixty-fourth and Sixty-fifth streets, from Second avenue to the Bay, and agreed to raise First avenue there and carry it on a viaduct from Sixty-third to Sixty-sixth street. The agreement provides that "during the construction of said viaduct, facilities shall be provided by the Long Island Company for public travel from Sixty-third to Sixty-sixth street, etc., etc."

The agreement says: "It is not intended by this agreement, either directly or indirectly, by anything done or to be done thereunder, to grant to the Long Island Company or its lessee or assigns any right to use the lands within the lines of First avenue."

The closing of the avenue is damaging to our property and business. It is petitioned that the contract be enforced, the fences at once removed and traffic conditions of the highway restored. Complaints to Brooklyn officials have no effect.

MICHAEL O'SULLIVAN
and Twenty-two Others.

BROOKLYN, N. Y., October 5, 1907.

Hon. GEORGE B. McCLELLAN, Mayor, New York City:

SIR—We, the undersigned, workingmen, respectfully petition you to have First avenue, at Sixty-third and Sixty-fourth streets, Brooklyn, restored to public use. It has recently been closed up with heavy fences, completely shutting out all kinds of traffic.

There are two of the fences. They are eight feet high, and run from Second avenue to and across First avenue, along to the waters of the Bay. One fence is on the southerly side of Sixty-third street; the other takes the centre line of Sixty-fourth street. The land between, including one-half of Sixty-fourth street, and the inclosed part of First avenue, has lately been laid out as a freight yard. A spur track has been built from this yard to the street surface railroad on Second avenue, all used for the distribution of freight over the street surface lines of Brooklyn at so much a ton, to the injury of the already insufficient passenger service.

Since the closing of First avenue we are obliged to make a long detour around by Second avenue and the Shore road, in going to and from our work. We understand that First avenue is a legally opened public highway, and that it has not been closed by any proper or legal proceeding.

We respectfully request that the fences be removed and our rights on the avenue returned to us.

N. A. NELSEN
and Thirty-six Others.

Which were referred to the Chief Engineer.

The following matter, not on the calendar for this day, was considered by unanimous consent:

ATLANTIC TELEPHONE COMPANY.

At the meeting of June 21, 1907, a third report from the Division of Franchises, proposing certain terms and conditions to govern the grant of a franchise to the Atlantic Telephone Company to construct, maintain and operate wires and necessary appurtenances to install a telephone system throughout The City of New York, was presented to the Board, and the entire matter was referred to a Select Committee consisting of the Comptroller, the Corporation Counsel and the Chief Engineer.

The Comptroller moved that the Select Committee be discharged from further consideration of the matter.

Which motion was adopted.

The President of the Borough of Brooklyn moved that all pending telephone applications be placed on the calendar for next week.

Which motion was adopted.

The following transfers of appropriations were made upon the recommendation of the Comptroller:

A. \$8,800, as requested by the President, Borough of Richmond, from various accounts for the year 1907 to other accounts for the same year.

THE CITY OF NEW YORK,

G. \$1,000, as requested by the Mayor, from the account Bureau of Licenses, Mayor's Office, Supplies and Contingencies, for the year 1907, to the account Supplies and Contingencies of the Mayor's office.

CITY OF NEW YORK—OFFICE OF THE MAYOR,
November 11, 1907.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—I respectfully ask that your Board authorize the transfer of the sum of one thousand dollars (\$1,000) from the appropriation for Supplies and Contingencies, Bureau of Licenses, to that for Supplies and Contingencies, Mayor's Office.

This request is made necessary because of a deficiency in the latter account, caused by unexpected contingent expenses during the year.

Respectfully,

GEO. B. MCCLELLAN, Mayor.

The following resolution was offered:

Resolved, That the sum of one thousand dollars (\$1,000) be and the same is hereby transferred from the appropriation made to the Mayoralty for the year 1907, entitled Bureau of Licenses, Mayor's Office, Supplies and Contingencies, the same being in excess of the amount required for the purposes thereof, to the appropriation made to the Mayoralty for the same year, entitled Supplies and Contingencies, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

The Secretary presented the following communication from the Comptroller, requesting the establishment of an additional grade of the position of Examiner in the Department of Finance, at \$4,000 per annum, for one incumbent:

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
November 11, 1907.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—I hereby respectfully make application for the establishment of a grade of Examiner in the Department of Finance at a salary of \$4,000 per annum, for one incumbent.

My reason for making the application is to provide for the transfer of Robert B. McIntyre, who is now an Auditor of Accounts, one of the exempt positions in this Department, back to the classified service from which he was taken on February 6, 1905, and make that transfer at a salary compensation which his abilities and length of service in the Department merit.

Mr. McIntyre was appointed to a position in the Department of Finance seven years ago, his title being that of Assistant to Expert Accountant, at a salary of \$8 per diem. On September 1, 1902, under the provisions of chapter 436 of the Laws of 1902, his title was changed to that of Examiner, at a compensation of \$2,400 per annum. On February 6, 1905, he was transferred from the classified to the exempt service, and appointed an Expert Accountant at a salary of \$3,500. On February 1, 1906, he was designated as an Auditor of Accounts, with a salary of \$4,000 per annum.

During his seven years of service with the City Mr. McIntyre has been assigned to examination in investigating work in practically all of the Departments of the City, and the skill and ability which he has displayed justify continued compensation at his present salary. He is at present assigned to duty in the Bureau of Municipal Investigation and Statistics, with which Bureau he has been associated since its inception.

The compensation allowable for positions in the classified service should be such that when the occasion warrants, adequate returns should be possible for a man's services instead of such classified positions depending, as they do in most instances, for their value solely on the fixed tenure assured. This is an instance of this sort. The highest grade for the position of Examiner now existing in this Department is \$3,500, the grade requested being, therefore, an advance of \$500.

Yours respectfully,
H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, the establishment of the grade of position of Examiner in the Department of Finance, in addition to those already existing therein, with salary at the rate of four thousand dollars (\$4,000) per annum, for one incumbent.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a communication from the Sheriff of Queens County, requesting the fixing of salary of position of Warden at \$1,200 per annum; Deputy Sheriff and Warden at \$1,200 per annum; Keeper (for nine incumbents) at \$1,000 per annum; Matron at \$800 per annum; Assistant Matron at \$600 per annum, and Orderly at \$1,300 per annum.

Which was referred to a Select Committee, consisting of the Comptroller and the President of the Board of Aldermen.

The Secretary presented a communication from the Comptroller recommending the purchase, at \$95,000, of property known as Nos. 129 and 131 Madison street, Manhattan, required for the approach to the Manhattan Bridge.

Which was laid over for the next meeting.

The Secretary presented a communication from the Comptroller recommending the purchase, at \$40,000, of property known as No. 44 Centre street, Manhattan, required for the westerly or Manhattan terminal of the New York and Brooklyn Bridge.

Which was laid over for the next meeting.

The Secretary presented the following communication from the Firemen employed in the Manual Training High School, Borough of Brooklyn, applying for an increase in salaries from \$2.50 to \$3 per diem, together with communication from the Comptroller, one of Select Committee consisting of the Comptroller and the President of the Board of Aldermen, to which on October 4, 1907, said application was referred, recommending that the matter be referred to the Board of Education with the request that, beginning January 1, 1908, \$3 per diem be paid to said Firemen, etc.:

Which was ordered on file and the Secretary directed to send a copy of the Comptroller's communication to the Board of Education.

BROOKLYN, September 20, 1907.

To the Honorable Board of Estimate and Apportionment:

GENTLEMEN—We, the undersigned, have been employed as Firemen at the Manual Training High School, Seventh avenue and Fourth street, Brooklyn.

We have only been receiving at the rate of two dollars and one-half per day. All Firemen in every other Department of the City Government, as we are informed, have been and are now receiving compensation at the rate of three dollars per day.

We protest against this discrimination as being unfair and unjust.

We respectfully ask relief from your Honorable Board, and request that we be allowed the prevailing rate of wages of Firemen in all the Departments, namely, three dollars per day.

With great respect, truly yours,

MICHAEL T. DUNPHY,
No. 76 Steuben street;

MICHAEL BURKE,
No. 213 North Seventh street;

CHARLES F. LOFSTEN,
No. 341 Bergen street, Brooklyn, N. Y.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
October 29, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—In regard to a communication from three firemen employed in the Manual Training High School, Brooklyn, presented to the Board of Estimate and Apportionment on October 4, 1907, requesting the payment of \$3 a day for their services, the prevailing rate of wages, which communication was referred to the Comptroller and the President of the Board of Aldermen for consideration and report, and by you referred to the Bureau of Municipal Investigation and Statistics for examination, I beg to report as follows:

The petitioners, in their application to the Board of Estimate and Apportionment, desire present increase of compensation from \$2.50 to \$3 a day. Advance of wages in 1907 lies with the Department of Education, and money for this purpose may not be available.

The Special Committee on prevailing rate of wages of the Board of Estimate and Apportionment agreed with the labor representatives of Greater New York that the rate to be paid Stationary Firemen in City employ should be \$3 a day in 1908.

I recommend that the matter be referred to the President of the Board of Education with a request to pay said three Firemen in the Manual Training High School, Brooklyn, \$3 a day, the prevailing rate of wages, beginning January 1, 1908, and that if there be not sufficient funds in the Budget appropriation, he may request for this purpose the authorization of Revenue Bonds to the amount of \$548.50, the sum necessary to pay said increase.

Yours respectfully,
CHARLES S. HERVEY,
Supervising Statistician and Examiner.

Approved:
H. A. METZ, Comptroller.

The Secretary presented the following communication from the Commissioner of Street Cleaning submitting, in triplicate, for approval as to terms and conditions, three forms of contracts, one for the removal of snow and ice in the Boroughs of Manhattan and The Bronx; one for the Borough of Brooklyn, and the third for the loading and trimming of deck scows and other vessels of the Department of Street Cleaning, etc., also report of the Comptroller, to whom this matter was referred on November 1, 1907, suggesting certain amendments to the contracts for the removal of snow and ice, and recommending the approval of the contract for the loading and trimming of deck scows; together with communications from the Comptroller and the Commissioner of Street Cleaning relative to the modifications of the contracts for the removal of snow and ice:

On November 8, 1907, the contract for the loading and trimming of deck scows, etc., was approved and the consideration of the contracts for the removal of snow and ice in the Boroughs of Manhattan and The Bronx and in the Borough of Brooklyn, was laid over to enable the Comptroller to confer with the Commissioner of Street Cleaning relative thereto.

DEPARTMENT OF STREET CLEANING,
Nos. 13 to 21 PARK ROW,
NEW YORK, October 31, 1907.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman, Board of Estimate and Apportionment:

SIR—I submit herewith to your Board for its approval of the terms and conditions thereof pursuant to section 544 of the Charter, three proposed contracts which have been approved as to form by the Corporation Counsel, namely:

Removal of snow and ice, Boroughs of Manhattan and The Bronx.

Removal of snow and ice, Borough of Brooklyn.

Loading and trimming deck scows and other vessels of the Department of Street Cleaning, with the privilege of sorting and picking over and appropriating certain refuse at the dumps of the Department, in the Borough of Manhattan.

It is desirable to advertise all of these contracts and particularly the contract for the removal of snow and ice without delay, and I therefore request immediate action by your Board.

Respectfully,
W. BENSEL, Commissioner.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
November 7, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. Walter Benschel, Commissioner, Department of Street Cleaning, in communication to the Board of Estimate and Apportionment, under date of October 31, 1907, transmits for its approval, of the terms and conditions thereof, pursuant to section 544 of the Charter, three proposed contracts which have been approved as to form by the Corporation Counsel, namely:

Removal of snow and ice, Boroughs of Manhattan and The Bronx.

Removal of snow and ice, Borough of Brooklyn.

Loading and trimming deck scows and other vessels of the Department of Street Cleaning, with the privilege of sorting and picking over and appropriating certain refuse at the dumps of the Department, in the Borough of Manhattan.

I would report:

Contract for the Removal of Snow and Ice, Boroughs of Manhattan and The Bronx:

The contract proposed contains the following terms and conditions:

First—This contract shall be for a period beginning with the endorsement hereon of the Comptroller's certificate as hereinafter provided, and ending the 15th day of April, 1908.

Second—The Borough of Manhattan is divided for the purpose of the Street Cleaning Department into eleven (11) districts, and the Borough of The Bronx be deemed to constitute one (1) district.

Third—Bids will be received for one or more of the twelve (12) districts.

Fourth—The security required will be \$100,000 for all of the districts of the Borough of Manhattan taken together with the Borough of The Bronx, and to the amount of \$10,000 for each of the eleven (11) districts of the Borough of Manhattan or for the Borough of The Bronx, if the bid is for less than all the districts of the Boroughs of Manhattan and The Bronx taken together.

Fifth—Compensation will be for the actual amount of snow and ice removed and dumped by the contractor at a price per cubic yard.

Sixth—The contractor shall secure the use of all necessary dumps and dumping places.

Seventh—Five dollars (\$5) damage for each and every load emptied on any public street, avenue, lane or alley or any other place not approved by the Commissioner.

Eighth—The contractor to use the Department horses, carts and trucks or other implements of the Department if so directed, and pay a fair compensation for said use.

Ninth—Payments to the contractor for work performed under this contract shall be based upon the snow and ice actually removed, as shown by the official tickets issued for this purpose to the contractors' drivers by the Department of Street Cleaning, duly and properly punched by the loading and dump Foreman of the Department of Street Cleaning.

Tenth—The contractor may use machines, appliances or other methods of melting the snow and ice as approved by the Commissioner, such melting or other method to be carried on as not to unnecessarily impede or interrupt traffic; the payments for the work performed by methods other than dumping shall be based upon the actual snow and ice removed.

Contract for the Removal of Snow and Ice, Borough of Brooklyn.

The contract proposed contains the following terms and conditions:

First—This contract shall be for a period beginning with the endorsement hereon of the Comptroller's certificate as hereinafter provided, and ending the 15th day of April, 1908.

Second—The Borough of Brooklyn is divided for the purpose of the Street Cleaning Department into eight (8) districts.

Third—Bids will be received for one or more of the eight (8) districts.

Fourth—The security required will be \$60,000 for the whole work, and to the amount of \$10,000 for each district, if the bid is for less than the eight (8) districts.

Fifth—Compensation will be for the actual amount of snow and ice removed and dumped by the contractor at a price per cubic yard.

Sixth—The contractor will be required to provide at his own cost and expense suitable and sufficient dumping places for the snow and ice removed.

Seventh—Five dollars (\$5) damage for each and every load emptied on any public street, avenue, lane or alley or any other place not approved by the Commissioner.

Eighth—The contractor to use the Department horses, carts and trucks or other implements of the Department if so directed, and pay a fair compensation for said use.

Ninth—Payments to the contractor for work performed under this contract shall be based upon the snow and ice actually removed, as shown by the official tickets issued for this purpose to the contractors' drivers by the Department of Street Cleaning, duly and properly punched by the loading and dump Foreman of the Department of Street Cleaning.

Tenth—The contractor may use machines, appliances or other methods of melting the snow and ice as approved by the Commissioner, such melting or other methods to be carried on as not to unnecessarily impede or interrupt traffic; the payments for the work performed by methods other than dumping shall be based upon the actual snow and ice removed.

Modifications Suggested to be Incorporated in the Proposed Snow Removal Contracts.

First—Section 8, page 21, made to read as follows:

Upon the direction of the Commissioner of Street Cleaning, the contractor shall begin work at all points designated at the beginning of the schedules, and will thereafter follow such schedules day and night without any deviation except by order of the Commissioner or Snow Inspector or their representatives.

Second—The following clause to be added to section 24, page 23:

The provisions of this specification are without prejudice to the right of the Commissioner to employ any system of checking or other safeguard necessary in his judgment to the proper protection of the City.

Third—It appears throughout the contract that upon the certificate made in writing by the Snow Inspector, the City shall make payments to the contractor. I suggest that the certificates be made by the Commissioner or at least approved by the Commissioner and should be so stated in the contract.

Comments Upon the Proposed Snow and Ice Removal Contracts.

First—For the last five (5) years, the compensation for the removal of the snow and ice has been at the rate per cubic yard of snow and ice for the actual snow fall in the place or places where the work under the contract was carried on as determined by the area maps; the depth of snow fall is to be determined by the reports of the United States Weather Bureau, located in The City of New York, or by a bureau established especially by the Commissioner of Street Cleaning.

Considerable complaints have been made that this method is too much of a gamble on the part of the contractors, and that although ordered and directed by the Commissioner they have not progressed with the contract satisfactorily, hoping that in delaying the work they might be helped by the elements, a rain-storm or rise in the temperature.

The method proposed, theoretically, is the best, that is, only to pay for the snow and ice that is actually removed, but it has its drawbacks as it is wholly dependent upon the accuracy and correctness of the tickets presented for payment, which was the reason why the method of the last five (5) years was introduced by former Commissioner of Street Cleaning Woodbury.

While I am still in favor of some method that will do away with the use of tickets for its accuracy, since the present method has its defects, I suggest that the proposed method be given another trial, and with the modifications as suggested, I think the Board of Estimate and Apportionment may properly approve the terms and conditions of the proposed contracts for the removal of snow and ice in the Boroughs of Manhattan, The Bronx and Brooklyn, in compliance with section 544 of the Greater New York Charter, as requested by the Commissioner.

Contract for the Loading and Trimming of Deck Scows and Other Vessels of the Department of Street Cleaning, with the Privilege of Sorting and Picking Over and Appropriating Certain Refuse at the Dumps of the Department, in the Borough of Manhattan.

The contract proposed contains the following terms and conditions:

First—The contractor is to furnish all the labor, implements and materials and do all the work required by the Commissioner to load and trim all deck scows and other vessels used by the Department of Street Cleaning in the Borough of Manhattan, and to clean the dumping boards as may be required by the Commissioner at the following dumps:

East Side Dumps.

Clinton street, Delancey Street Incinerator, East Forty-sixth street, East Eightieth street, Stanton street, East Twenty-ninth street, East Sixty-first street, East One Hundred and Seventh street and East One Hundred and Thirty-ninth street.

West Side Dumps.

Canal street, West Forty-seventh street, West Thirtieth street, West One Hundred and Thirty-fourth street and West Forty-seventh Street Incinerator.

The contractor shall have the privilege of picking over all refuse at the said dumps, including paper, rags, wood and metal products except bones, fat or other refuse of similar organic nature, as these materials are already disposed of by an existing contract, and shall have the right to appropriate for his own use and behoof said materials.

Second—The work to begin on the Monday following the date of the contract.

Third—Term of contract to be for one year.

Fourth—Security required will be \$5,000.

Fifth—Compensation to be paid by the contractor; payments for the privilege to be made weekly in advance.

The terms and conditions of the proposed contract, in my opinion, may properly be approved by the Board of Estimate and Apportionment, in compliance with section 544 of the Greater New York Charter, as requested by the Commissioner.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Approved:

H. A. METZ, Comptroller.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
November 12, 1907.

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman, Board of Estimate and Apportionment:

SIR—I return herewith copies of proposed contracts for the removal of snow and ice, Boroughs of Manhattan and The Bronx; removal of snow and ice, Borough of Brooklyn.

As the modifications suggested in the report of the Chief Engineer of this Department have been accepted by the Commissioner of Street Cleaning, I recommend that the contracts as amended by said modifications be approved by the Board of Estimate and Apportionment, pursuant to section 544 of the Greater New York Charter.

Very truly yours,

HERMAN A. METZ, Comptroller.

DEPARTMENT OF STREET CLEANING,
Nos. 13 TO 21 PARK ROW,
NEW YORK, November 9, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—Referring to the proposed form of contract for the removal of snow and ice, Boroughs of Manhattan, The Bronx and Brooklyn, for the season of 1907-1908, I would say that I accept and heartily approve of the suggestions for modifications to be incorporated therein, made by your Chief Engineer, Mr. Chandler Withington.

Respectfully,

WALTER BENSEL, M. D., Commissioner.

DEPARTMENT OF STREET CLEANING OF THE CITY OF NEW YORK.

BOROUGHS OF MANHATTAN AND THE BRONX.

To CONTRACTORS.

Proposal for Bids or Estimates.

CONTRACT

For Removal of Snow and Ice in the Boroughs of Manhattan and The Bronx, for the Period Beginning with the Certification Thereof by the Comptroller of The City of New York, and Ending the 15th Day of April, 1908.

Bids or estimates for the above work, inclosed in sealed envelopes, indorsed with the title of the work and with the name and address of the person making the same, and the date of presentation, will be received at the main office of the Department of Street Cleaning, at Nos. 13 to 21 Park row, Borough of Manhattan, The City of New York, until.....o'clock.....m., of.....day, the.....day of.....190., at which time and place the said bids or estimates will be publicly opened by the head of the Department.

Bids will be made on a basis of a cubic yard of snow and ice actually removed from and dumped at the places designated.

Bidders are required to state under oath or affirmation in their bids or estimates their names or places of residence, the names of all persons interested with them therein, and if no other person be so interested they shall distinctly state that fact; also that the bid or estimate is made without any connection with any other person making a bid or estimate for the said work, and that it is in all respects fair and without collusion or fraud; also, that no member of the Board of Aldermen, head of a department, Deputy thereof or Clerk therein, chief of a bureau, or other officer of the Corporation, is directly or indirectly interested therein, or in any of the work to which it relates, or in any portion of the profits thereof, as contracting party, partners, stockholders or otherwise.

The Borough of Manhattan is divided for the purpose of the Street Cleaning Department into districts, bounded and described as follows:

The First District consists of all of that part of the borough south of the northerly line of Canal street, from the North river to the westerly line of Broadway; thence southerly along the westerly line of Broadway to the northerly line of Chambers street; thence easterly along the northerly line of Chambers, New Chambers and James streets to the East river.

The Second District is bounded on the south by the northerly line of Chambers street, New Chambers street and James street to the East river; thence northerly along the East river to the northerly line of Broome street; thence westerly along the northerly line of Broome street to the westerly line of Broadway; thence southerly along the westerly side of Broadway to the northerly line of Chambers street.

The Third District is bounded on the south by the northerly line of Canal street, from the North river to the westerly line of Broadway; thence northerly along the westerly line of Broadway to the northwest corner of Broome street; thence northerly along the easterly line of Broadway to the southerly line of Twelfth street; thence westerly along the southerly line of Twelfth street to the easterly line of Fifth avenue; thence northerly along the easterly line of Fifth avenue to the southerly line of West Seventeenth street; thence northerly along the westerly line of Fifth avenue to the northerly line of West Twenty-second street to the North river; thence southerly along the North river to Canal street.

The Fourth District is bounded on the south by the northerly line of Broome street; thence northerly along the easterly line of Broadway to the southerly line of Twelfth street; thence easterly along the southerly line of East Twelfth street to the East river; thence southerly along the East river to the northerly line of Broome street.

The Fifth District is bounded on the south by the northerly line of Twenty-second street; on the east by the easterly line of Sixth avenue, from West Twenty-second street to the northerly line of West Thirty-fourth street; thence northerly along the westerly line of Sixth avenue to the southerly line of West Fifty-eighth street; thence along the southerly line of West Fifty-eighth street to the North river; thence along the North river to the northerly line of West Twenty-second street.

The Sixth District is bounded on the south by the southerly line of East Twelfth street, from the East river to the easterly line of Fifth avenue; thence northerly along the easterly line of Fifth avenue to the southerly line of East Seventeenth street; thence northerly along the westerly line of Fifth avenue to the northerly line of West Twenty-second street; thence westerly along the northerly line of West Twenty-second street to the easterly line of Sixth avenue; thence northerly along the easterly line of Sixth avenue to the northerly line of West Thirty-fourth street; thence along the westerly line of Sixth avenue to the northerly line of West Fortieth street; thence easterly along the northerly line of West Fortieth street to the East river; thence southerly along the East river to the southerly side of East Twelfth street.

The Seventh District is bounded on the south by the southerly line of West Fifty-eighth street, from the North river to the westerly line of Sixth avenue; thence northerly along the westerly line of Sixth avenue to the northerly line of Fifty-ninth street; thence westerly along the northerly line of Fifty-ninth street to Eighth avenue; thence northerly along the easterly line of Central Park West to the southerly line of West One Hundred and Tenth street; thence westerly to the North river; thence southerly along the North river to the southerly line of West Fifty-eighth street.

The Eighth District is bounded on the south by the northerly line of Fortieth street, from the East river to the westerly line of Sixth avenue; thence northerly along the westerly line of Sixth avenue to the northerly line of Fifty-ninth street; thence easterly along the northerly line of Fifty-ninth street to the westerly line of Fifth avenue; thence northerly along the westerly line of Fifth avenue to the northerly line of East Seventy-second street; thence easterly along the northerly line of East Seventy-second street to the East river; thence southerly along the East river to the northerly line of East Fortieth street.

The Ninth District consists of all that part of the borough contained between the southerly line of West One Hundred and Tenth street, from the North river to the westerly line of Lenox avenue; thence northerly along the westerly line of Lenox avenue to the Harlem river, and thence along the westerly shore of the Harlem river to Spuyten Duyvil creek and the westerly and northerly shore of Spuyten Duyvil creek and westerly shore of the ship canal to the North river; thence southerly along the North river to the southerly line of One Hundred and Tenth street.

The Tenth District is bounded on the south by the northerly line of East Seventy-second street, from the East river to the westerly line of Fifth avenue; thence northerly along the westerly line of Fifth avenue to the southerly line of East One Hundred and Sixth street to the East river; thence southerly along the East river to the northerly line of East Seventy-second street.

The Eleventh District is bounded on the south by the southerly line of East One Hundred and Sixth street, from the East river to the westerly line of Fifth avenue; thence northerly along the westerly line of Fifth avenue to the southerly line of One Hundred and Tenth street; thence westerly along the southerly line of One Hundred and Tenth street to the westerly line of Lenox avenue; thence northerly along the westerly line of Lenox avenue to the Harlem river; thence southerly along the Harlem river to the southerly line of East One Hundred and Sixth street.

The work in the Borough of The Bronx, comprising the Twelfth and Thirteenth Districts, will, for the purpose of this contract, be deemed to constitute one district.

The compensation will be for the actual amount of snow and ice removed and dumped by the contractor at a price per cubic yard.

Each bid or estimate must be for one or more of the said eleven (11) districts, or for the Borough of The Bronx, and must distinctly state the price per cubic yard in each separate district, and in the Borough of The Bronx one price for the two districts aforesaid. A contract, or contracts, if awarded, will be awarded to the lowest bidder for each district, or for the Borough of The Bronx.

Each bid or estimate must be accompanied by the consent in writing of two householders or freeholders in The City of New York, or of a guarantee or surety company duly authorized by law to act as surety, to the effect that if the contract or contracts be awarded to the person or persons making the bid or estimate, he, they or it will, upon its being so awarded, become bound as his or their sureties for its faithful performance in the amount of one hundred thousand dollars (\$100,000) for all the districts of the Borough of Manhattan taken together with the Borough of The Bronx, and to the amount of ten thousand dollars for each or any of the eleven districts of the Borough of Manhattan, or for the Borough of The Bronx, if the bid is for less than all the districts of the Boroughs of Manhattan and The Bronx taken together; and that if he or they shall omit or refuse to execute the same, they or it will pay to The City of New York any difference between the sum which The City of New York may be obliged to pay to the persons to whom the contract or contracts may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are to be tested.

No bid or estimate will be received or considered unless accompanied by a deposit of five per centum of the amount of security required.

No bid or estimate shall be withdrawn pending the award of the contract.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Commissioner, a copy of which and also the proper envelope to inclose the same, together with the form of agreement, including the specifications, approved as to form by the Corporation Counsel, and showing the manner of payment for the work, can be obtained upon application therefor at the office of said Commissioner.

This proposal for bids or estimates is and is to be taken to be a part of the contract.

.....
the Contractor, party of the second part.

Witnesseth: That the parties to these presents, each in consideration of the agreements on the part of the other herein contained, have agreed, and hereby agree, the party of the first part for itself, its successors and assigns, and the party of the second part for himself, his or their heirs, assigns, and legal representatives, as follows:

(A) The Contractor will, at his own cost and expense, provide all the officers, labor, materials, machines, horses, carts, trucks and other vehicles and all the implements and appliances necessary for the performance of the work hereinafter described, and will perform the said work according to the specifications and terms and conditions of this contract.

(B) This contract shall be for the period beginning with the indorsement hereon of the Comptroller's certificate, as hereinafter provided, and ending the 15th day of April, 1908.

(C) Wherever in this contract the term "The City" is used it shall be taken to mean The City of New York, the party of the first part to this contract, and wherever the term "Commissioner" occurs, it shall be understood as applying to the Commissioner of Street Cleaning, and to his authorized representative and representatives, and wherever the term "Contractor" or pronouns referring to the same occurs or occur, the same shall be taken to intend the party or parties, as the case may be, of the second part of this contract; that wherever the word "Inspector" is used in these specifications or in this contract, it refers to and designates the Snow Inspector of the Department, or the Inspector in charge of the work, acting either directly or through any Assistant, duly appointed by said Snow Inspector, or by the said Commissioner and designated therefor, having general charge of the work, or through any such Assistant, having immediate charge of a portion thereof, limited by the particular duties entrusted to him.

(D) The Inspector shall in all cases determine the amount of work which is to be paid for under this contract, and he shall in all cases decide every question which may arise relative to the performance of this contract on the part of the Contractor, and his estimate and decision shall be final and conclusive upon the Contractor, and such estimate and decision, in case any question shall arise, shall be a condition precedent to the right of the Contractor to receive any money under this agreement.

(E) Because it would be difficult, if not impossible, otherwise to estimate justly the amount of damage to be caused to the City by delay in the work hereunder, the damage to be suffered by the City and to be paid by the Contractor through delay by the Contractor in beginning the work within the period of three hours after he has been ordered to begin, and carrying it on with all possible care, efficiency and speed, in such manner and with such force as directed by the Commissioner, on each and every block, or within such further time as to said blocks as may be allowed by the Commissioner, is hereby fixed, determined and liquidated, at the amount of five dollars (\$5) for each and every hour of said delay at each and every block, and not by way of penalty; the number of blocks affected by said delay, and the number of hours at each said block, to be finally and conclusively determined by the Inspector; and the City may deduct the said amount or amounts out of any moneys due or to grow due under this contract. In like manner the damage to be suffered by the City, and to be paid by the Contractor, in case the drivers or those in charge of carts, trucks and other vehicles, in the employ of the Contractor, dump, or cause to be dumped, any snow, ice, or other material, on any public street, avenue, lane or alley, or any other place not approved by the Commissioner, is hereby fixed, determined and liquidated, at the amount of five dollars (\$5) for each and every load so dumped, and not by way of penalty; the number of such loads to be finally and conclusively determined by the Inspector, and the City may deduct the said amount or amounts out of any moneys due or to grow due under this contract.

(F) The Contractor will perform the work under this contract in such manner as to comply with the laws of the State of New York, the Greater New York Charter, the ordinances, rules and regulations of The City of New York, as now constituted, and the laws of the United States, so far as they or any of them are in force and relate to the said work, and so as not to create any obligation, claim or demand, nor furnish any just ground for any action, suit or legal proceeding against the City or the Department of Street Cleaning, and to do all the work herein provided for, and will indemnify and save harmless the City, its officers, agents or servants against and from all suits and actions of every name and description brought against them, or any of them, and against and from all damages and costs to which they or any of them may be put by reason of injury to the person or property of another, resulting from negligence in the performance of the work, or from any improper or defective machinery, implement or appliance used in performing the same, or from any act or omission of such person or persons; and he will give a bond in the sum of..... thousand dollars (\$.....),

with sureties, who shall justify each at that amount, fully and faithfully to comply with all the terms and conditions of this contract, and to pay unto the City the amount of any loss to the City or the Department of Street Cleaning resulting from any failure on the Contractor's part properly and faithfully to perform any of the things agreed upon to be done in connection with the work under this contract.

(G) The Contractor will perform all the aforesaid work of removal of snow and ice and disposal of the same according to the terms and conditions of this contract at the rate or price of

For the First District, per cubic yard,dollars (\$.....)
For the Second District, per cubic yard,dollars (\$.....)
For the Third District, per cubic yard,dollars (\$.....)
For the Fourth District, per cubic yard,dollars (\$.....)
For the Fifth District, per cubic yard,dollars (\$.....)
For the Sixth District, per cubic yard,dollars (\$.....)
For the Seventh District, per cubic yard,dollars (\$.....)
For the Eighth District, per cubic yard,dollars (\$.....)
For the Ninth District, per cubic yard,dollars (\$.....)
For the Tenth District, per cubic yard,dollars (\$.....)
For the Eleventh District, per cubic yard,dollars (\$.....)
For the Borough of The Bronx, per cubic yard,dollars (\$.....)

per cubic yard of snow and ice for the actual amount of snow and ice removed and dumped by him to the places designated by the Commissioner of Street Cleaning under this contract; and he will not ask, demand, sue for or recover any other or greater compensation for the work under this contract than the said rate per cubic yard.

(H) Whenever it shall be deemed by the said Commissioner and the Contractor, for their mutual profit and advantage, horses, carts and trucks, or other vehicles, or machines, or implements of the Department of Street Cleaning, may be employed by the Contractor in the performance of the work hereunder, and at such compensation to party of the first part as may be deemed fair by the said commissioner, and the amount of such compensation shall be a charge against the Contractor, and may be deducted from any amount or amounts due or to grow due to the Contractor under this contract.

(I) The City may and shall at all times reserve and retain out of said payments, or any or every of them, 10 per centum to remain as security, the sum or sums so reserved or retained conditioned upon the faithful performance by the Contractor of the terms and conditions of this contract upon his part to be performed or observed, to be paid to the Contractor within thirty (30) days after the completion of said work.

(J) As soon as may be after each removal of snow and ice as aforesaid, the Contractor shall deliver to the Commissioner a bill or voucher of such form as may be approved by the Commissioner, setting forth the correct amount of snow and ice removed as aforesaid. The Commissioner shall then ascertain the correctness of such bill or voucher, and, if found correct, or if not correct, when corrected, the Inspector shall certify to the correctness thereof; provided, however, that in order to enable the Contractor to prosecute the work under this contract advantageously, the Inspector may at any time, as the work progresses, and not necessarily after the entire and thorough removal of the respective fall or falls of snow, certify to the amount of work done, or portion thereof, by the Contractor up to said time, and the value thereof under and according to the terms of this contract. The first such certificate shall be of the amount of work done since the Contractor began the performance of this contract, and every subsequent certificate, except the certificate of completion at the end of the period provided for in this contract, shall be of the amount of work done since that included in the last preceding certificate. Upon each such certificate being made in writing by the Inspector, the City shall pay to the Contractor 90 per centum of the amount stated therein to be the value of the work done, and immediately after the 15th day of April, 1908, if the Contractor shall have completely performed this contract on his part, the Inspector shall so certify in writing, and on or before the expiration of thirty (30) days after the delivery of said certificate of completion, the City shall pay to the Contractor the amount which shall be found to be due to him, after deducting such sum or sums as shall have been heretofore paid to the Contractor on account of the work done and certified in prior certificates. It is expressly understood that the certificates and payments, as above set forth, shall be made only when the work is prosecuted in conformity with the provisions of this contract, and that the action of the Commissioner, by which the Contractor is to be bound and concluded according to the terms of this contract, shall be that evidenced by the certificate of completion aforesaid, all prior certificates being certificates of minor payments.

(K) The certificates of the Inspector shall be the account by which the work done under this contract shall be computed, and the Contractor will not be entitled to demand or receive payment for any work done under or in pursuance of this contract, or for any portion thereof, until the same shall have been duly certified by the Commissioner in the manner hereinbefore provided, and until each and every of the stipulations herein contained shall have been complied with. Thereupon the City shall pay and hereby binds itself and its successors to pay to the Contractor, in lawful money of the United States, on or before the expiration of thirty (30) days after the delivery by the Commissioner of the certificate of completion of the work under this contract, the amount so certified, including such part thereof as shall have been reserved and retained under any provisions of this contract or any law, ordinance or resolution as hereinbefore provided.

(L) The Contractor will give his personal attention constantly to the faithful prosecution of the work; he will not assign, transfer, convey, sublet or otherwise dispose of this contract, or his right, title or interest in or to the same or any part hereof, or his right to execute this contract, without the previous consent in writing of the Commissioner endorsed hereon or hereto attached; and he will not assign, by power of attorney or otherwise, any of the moneys due or to become due and payable under this contract, unless by and with the like consent signified in like manner. If the Contractor shall, without such previous written consent, assign, transfer, convey, sublet or otherwise dispose of this contract, or of his right, title or interest therein, or any of the moneys due or to become due under this contract, to any other person, company or other corporation, this contract may, at the option of the Commissioner, be revoked and annulled and the City shall thereupon be relieved and discharged from any and all liability and obligations growing out of the same to the Contractor, and to his assignee or transferee; provided that nothing herein contained shall be construed to hinder, prevent or affect an assignment by the Contractor for the benefit of his creditors, made pursuant to the statutes of the State of New York; and no right under this contract, or to any money to become due hereunder shall be asserted against the City in law or in equity, by reason of any so-called assignment of this contract, or any part thereof, or of any moneys to grow due hereunder, unless authorized as aforesaid by the written consent of the Commissioner.

(M) If this contract shall be abandoned, or if it shall be assigned, or the work sublet by the Contractor otherwise than is herein specified, or if at any time the Contractor shall fail to perform the work hereunder at the time and in the manner specified herein with promptness and diligence, or shall omit to perform, fulfill, observe or keep any of the covenants, terms and conditions herein contained on his part to be performed, fulfilled, or observed, the City may procure to be performed, by contract or otherwise, as the Commissioner shall deem best, such and so much of said work as the Contractor shall have failed to perform; or if at any time the Inspector shall be of the opinion, and shall so certify in writing to the Commissioner, that the performance of the contract is unnecessarily or unreasonably delayed, or that the Contractor is wilfully violating any of the conditions or covenants of this contract, or executing said contract in bad faith, the Commissioner shall have the power to notify the Contractor to discontinue all work or any part thereof under this contract, by a written notice to be served upon the Contractor, either personally or by leaving said notice at his residence or with his agent in charge of the work; and thereupon the

Contractor shall discontinue said work or such part thereof as the Commissioner may designate, and the Commissioner shall thereupon have the power, and is hereby authorized to procure, in the manner prescribed by law, such and so much of said work to be performed as may be necessary to fulfill this contract, and in either of such cases the City shall have power to charge the cost and expenses of the same to the Contractor, and the costs and expenses so charged shall be deducted and paid by the City out of such moneys as may be then due or at any time thereafter may grow due to the Contractor under and by virtue of this contract; and in case such costs and expenses shall exceed the sum which would have been payable under this contract if the same had been completed by the Contractor, then the Contractor shall and will pay the amount of such excess to the City; and in case such costs and expenses shall be less than the sum which would have been payable under this contract if the same had been completed by the Contractor, then the Contractor shall forfeit all claim to the difference.

(N) If, at any time before or within thirty days after the whole work herein agreed has been performed and properly completed by the Contractor, in accordance with this contract and to the satisfaction of the Commissioner, any person or persons claiming to have performed any labor or furnished any machine, implement, appliance or material toward the performance or completion of this contract, shall file, or cause to be filed, with the Department of Street Cleaning, and with the head of the Finance Department of The City, any such notice as is provided for by any lien law of the State of New York, then, and in every such case, the City shall retain, anything herein contained to the contrary notwithstanding, from the moneys under its control, and due or to grow due from it under this contract, so much of such moneys as shall be sufficient to pay off, satisfy and discharge the amount in such notice alleged or claimed to be due to the person or persons filing such notice, or causing the same to be filed, together with the reasonable costs of any action or actions brought to enforce such claim or the lien created by the filing of such notice. The moneys so retained shall be retained by the City until the lien thereon created by the said law or laws and the filing of said notice shall be discharged, pursuant to the provisions of law.

(O) The Contractor shall place proper guards for the prevention of accidents and shall put up and keep at night suitable and sufficient lights wherever necessary during the performance of the work under this contract to prevent accidents or injuries to the person or property of another, and he shall indemnify and save harmless the City from all suits or actions, and damages or costs of every name and description to which the City may be subjected or put by reason of injury to the person or property of another resulting from negligence or carelessness on the part of the Contractor, his servants or agents, in the performance of the work, or by or on account of any act or omission of the Contractor, his servants or agents, and the whole or so much of the moneys due or to grow due the Contractor under this agreement, as shall or may be considered necessary by the Comptroller of the City, shall or may be retained by the City until all such suits or claims for damages shall have been settled or otherwise disposed of, and evidence to that effect furnished to the satisfaction of the Comptroller.

(P) The City shall not, nor shall any department or officer of the City, be precluded or estopped by any return or certificate made or given by any Inspector or other officer, agent or appointee of the Department of Street Cleaning, or of the City, under or in pursuance of anything in this contract contained, from at any time showing the true and correct amount and character of the work which shall have been done by the Contractor, or any other person or persons under this contract; and all differences or disputes that may arise between the parties hereto regarding the accuracy of any measurement of the work hereunder, may be adjusted and finally determined by the Commissioner upon such facts as may be presented to him.

(Q) The Contractor agrees that he will comply with the provisions of chapter 415 of the Laws of 1897, as amended, known as "The Labor Law." He further agrees that no laborer, workman or mechanic in the employ of the Contractor, subcontractor or other person doing or contracting to do the whole or a part of the work contemplated by the contract shall be permitted or required to work more than eight hours in any one calendar day, except in cases of extraordinary emergency caused by fire, flood or danger to life or property. That the wages to be paid for a legal day's work to all classes of such laborers, workmen or mechanics upon public work, or upon any material to be used thereon, shall not be less than the prevailing rate for a day's work in the same trade or occupation in the locality where such public work is being constructed. Each such laborer, workman or mechanic shall receive the prevailing rate of wages. This contract shall be void and of no effect unless the person or corporation making or performing the same shall comply with the provisions of sections 3 and 13 of the Labor Law.

(R) The residence or place of business given in the bid or estimate upon which this contract is founded is hereby designated as the place where all notices, letters and other communications shall be served, mailed or delivered. Any notice, letter or other communication addressed to the Contractor and delivered at the above-named place, or deposited in a post-paid wrapper in any post-office box regularly maintained by the post-office, shall be deemed sufficient service thereof upon the Contractor. The place named may be changed at any time by an instrument in writing, executed and acknowledged by the Contractor and delivered to the Commissioner. Nothing herein contained shall be deemed to preclude or render inoperative service of any notice, letter or other communication upon the Contractor personally. Whenever in the trial of any action growing out of this contract it shall be necessary or required to prove the service of a notice as herein prescribed, an affidavit showing the service in the manner herein required to have been made by the person making the affidavit, shall be presumptive evidence of such service upon first proving that the affiant is dead or insane or that with due diligence his attendance cannot be compelled.

(S) This contract shall not be binding or of any force unless the Comptroller of the City shall indorse hereon his certificate that there remains unexpended and unapplied, as provided in the Greater New York Charter, a balance of the appropriation or fund applicable thereto sufficient to pay the estimated expense of performing this contract, as certified by the officer making the same.

In Witness Whereof, The Commissioner of Street Cleaning has set his hand and seal on behalf of said party of the first part, and the said party of the second part has likewise set his hand and seal, the day and year first above written, and the said party hereto of the second part and the said Commissioner have, and each of them has, executed this contract in triplicate, one part whereof is to remain with the said Commissioner, one other part to be filed with the Comptroller of The City of New York, and the third part to be delivered to the said party of the second part.

THE CITY OF NEW YORK, 190 .

I hereby certify, pursuant to section 149 of the Greater New York Charter, that the estimated expense of performing the foregoing contract for the "Removal of Snow and Ice" for the Borough of Manhattan, will approximate the sum of (\$.....)

..... dollars, to be paid out of the appropriation of the Department of Street Cleaning, for the Boroughs of Manhattan and The Bronx, for the "Removal of Snow and Ice" for the year 190 .

Commissioner of Street Cleaning.

Comptroller's Certificate.

THE CITY OF NEW YORK, 190 .

I hereby certify, pursuant to section 149 of the Greater New York Charter, that there remains unexpended and unapplied a balance of the appropriation of the Department of Street Cleaning for the Borough of Manhattan, for the "Removal of Snow and Ice" for the year 190 ., applicable to this contract, sufficient to pay the estimated expense of executing the same, namely: (\$.....) dollars.

Comptroller of The City of New York.

SPECIFICATIONS.

1. The schedules of the streets or portions thereof to be cleaned of snow and ice contained within the boundary lines of the several districts of the Department of Street Cleaning of the Boroughs of Manhattan and The Bronx are annexed to this contract and form a part thereof.

2. The Contractor shall have employed and working at least twenty (20) vehicles and drivers and fifty (50) laborers, exclusive of officers, in each and every gang or subdivision specified in the said schedules, within a period not exceeding three (3) hours after the Commissioner has ordered the work to begin. And such gangs or subdivisions shall be kept continuously employed day and night until notified by the Commissioner to stop the work, and it shall be discretionary with the Commissioner to order other and additional gangs at any time and at such points, during the progress of the work, as may seem to him necessary or practicable.

3. The Contractor shall, on demand of the Commissioner, dismiss without delay from his service under this contract any agent or employee who, by disorderly, quarrelsome or disobedient conduct or incompetency or his manner of doing or supervising the work, may lessen the efficiency of the work hereunder.

4. The Contractor shall remove the snow and ice from the streets and avenues herebefore specified and from such other streets or portions thereof as may be designated by the Commissioner.

5. It shall be discretionary with the Commissioner to stop the work at any time.

6. The Contractor shall secure the use of all necessary dumps and dumping places and will keep the water in and about the slips, piers and bulkheads clear from the snow and ice dumped therein under this contract.

7. The Contractor shall furnish a sufficient amount and number of officers, laborers, materials, machines, horses, carts, trucks and other vehicles and implements and appliances and everything else necessary to prosecute the work with all possible care, efficiency and speed.

8. The Contractor shall begin work at all the points designated at the beginning of the schedules, and will thereafter follow such schedules day and night without any deviation except by order of the Commissioner or Snow Inspector or their representatives.

9. The Contractor shall assign officers, laborers, materials, machines, horses, carts, trucks and other vehicles and all implements and appliances in such streets or places or portions thereof or such portion of the work as may be designated by the Commissioner and at such times and places and in such manner and with such force as may be directed and required by the Commissioner.

10. The Contractor shall on scheduled streets cause the snow and ice to be piled at least one long block (or crosstown block) and three short blocks (or up and down town blocks) ahead of each and every gang of vehicles or every subdivision thereof.

11. The Contractor shall carry to the designated dumps or other places of discharge and there completely unload and discharge into the rivers, bay, harbor or otherwise, as may be designated or approved by the Commissioner all the snow and ice as soon as loaded on the carts, trucks or other vehicles aforesaid.

12. The Contractor shall promptly pay all laborers employed by him in the performance of the work under this contract, and all persons furnishing him horses, carts, trucks and other vehicles for said work, and shall provide and keep on hand the necessary funds and facilities for such payments, and shall make and complete such payments once in each week.

13. If the Commissioner shall deem it necessary to use the regular force of the Department of Street Cleaning or any part thereof, or any other persons, materials, machines, horses, carts, trucks or other vehicles or implements or appliances for the removal of snow and ice, or if surface or other railroad companies shall clean the snow and ice between their tracks in conformity to any law or ordinance, or from the entire width of any street or streets with the consent or agreement of the Commissioner, the Contractor will not in any way interfere with or molest such other force, or persons or materials, machines, horses, carts, trucks or other vehicles or implements or appliances, and will carry on the work on the remainder of the schedule or schedules aforesaid.

14. The Contractor may use machines, appliances, or methods for melting the snow and ice if approved by the Commissioner. Such melting or other method to be so carried on as not to unnecessarily impede or interrupt traffic.

15. The payments for work performed by methods other than dumping shall be based on the actual amount of snow and ice removed.

16. The payments to the Contractor for work performed under this contract shall be based upon the amount of snow and ice actually removed as shown by the official tickets, issued for this purpose to the Contractor's drivers by the Department of Street Cleaning, duly and properly punched by the loading and dump foremen of the Department of Street Cleaning.

17. Computations of the amount of snow and ice removals shall be made on a basis of a minimum load of snow and ice containing 1.5 cubic yards. The capacity of the various vehicles to be used in the work is to be estimated on the following basis:

18. One and one-half cubic yards—one-ton coal carts, private ash carts and the ordinary dirt carts used on street railway work, containing one and one-half cubic yards (some of these hold from 1.3 to 1.6 cubic yards water measure, and must be heaped up in all cases).

19. Three cubic yards—two-ton coal carts, manure carts, asphalt wagons, also brick trucks, having extra strip of 6 inches above their sideboards (but not otherwise, and subject to measurement).

20. Four and one-half cubic yards—three-ton coal carts, furniture wagons and vans (subject to measurement, and containing 4½ cubic yards).

21. Six cubic yards—coal wagons and large vans (subject to measurement).

22. All vehicles of a greater capacity than those above mentioned will be measured on the work by the loading foreman of the gang where the vehicles are employed, such measurement to be subject to verification by the District Superintendent.

23. The number of cubic yards of snow and ice removed and disposed of by the Contractor shall be ascertained in the following manner. The Commissioner shall station at each of the places designated by him for loading snow and ice, a loading foreman whose duty shall be to punch the official tickets presented by the drivers of the vehicles engaged in the removal of snow and ice. These tickets are to be punched at the nearest division of time as printed on said tickets and only when the vehicle is fully loaded and the ticket is presented by the driver himself with the vehicle containing the snow or ice.

24. At each of the designated dumping points the Commissioner shall station a dump foreman whose duty shall be to punch the official tickets at the nearest division of time as printed on said tickets of those drivers who have discharged full-sized loads of snow and ice at the proper place.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 544 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the terms and conditions contained in the form of contract submitted, in triplicate, by the Commissioner of Street Cleaning under date of October 31, 1907, with the modifications suggested in the report of the Comptroller under date of November 7, 1907, for the removal of snow and ice in the Boroughs of Manhattan and The Bronx for the period beginning with the certification thereof by the Comptroller of The City of New York and ending the 15th day of April, 1908.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens, and Richmond—14.

Negative—The President of the Borough of Manhattan—2.

DEPARTMENT OF STREET CLEANING OF THE CITY OF NEW YORK.

BOROUGH OF BROOKLYN.

TO CONTRACTORS.

Proposal for Bids or Estimates.

CONTRACT

For the Removal of Snow and Ice of the Borough of Brooklyn, for the Period Beginning with the Certification Thereof by the Comptroller of The City of New York, and Ending the 15th Day of April, 1908.

Bids or estimates for the above work, inclosed in sealed envelopes, indorsed with the title of the work and with the name and address of the person making the same and the date of presentation, will be received at the main office of the Department of Street Cleaning, at Nos. 13 to 21 Park row, Borough of Manhattan, The City of New York, until o'clock m., of day, the day of 190 ., at which time and place the said bids or estimates will be publicly opened by the head of the department.

Bids will be made on a basis of a cubic yard of snow and ice actually removed from and dumped at the places designated.

Bidders are required to state under oath or affirmation in their bids or estimates their names or places of residence, the names of all persons interested with them therein, and if no other person be so interested they shall distinctly state that fact; also that the bid or estimate is made without any connection with any other person making a bid or estimate for the said work, and that it is in all respects fair and without collusion or fraud; also that no member of the Board of Aldermen, head of a department, deputy thereof or clerk therein, chief of a bureau or other officer of the corporation, is directly or indirectly interested therein, or in any of the work to which it relates, or in any portion of the profits thereof, as contracting party, partner, stockholder or otherwise.

The Borough of Brooklyn is divided for the purpose of the Street Cleaning Department into districts bounded and described as follows:

The First District is bounded by Navy Yard, Navy street (inclusive), Rockwell place (inclusive), Flatbush avenue (not inclusive), Nevins street (inclusive), Carroll street (not inclusive), Gowanus Canal, Gowanus Bay and East river.

The Second District is bounded by Carroll street (not inclusive), Prospect Park West (inclusive), Fifteenth street (inclusive), Coney Island avenue (not inclusive), Seely street (not inclusive), Gravesend avenue (not inclusive), Twenty-second avenue (inclusive), Gravesend Bay, New York Bay, Gowanus Bay and Canal.

The Third District is bounded by Navy street (not inclusive), Rockwell place (not inclusive), Flatbush avenue (inclusive), Nevins street (not inclusive), Carroll street (inclusive), Prospect Park West (inclusive), Flatbush avenue (inclusive), Malbone street (inclusive), Bedford avenue (inclusive), Flatbush avenue (inclusive).

The Fourth District is bounded by Clinton avenue (inclusive), Flushing avenue (not inclusive), Broadway (inclusive), Union avenue (not inclusive), Metropolitan avenue (inclusive), Newtown creek, East river and Wallabout Bay.

The Fifth District is bounded by Metropolitan avenue (not inclusive), Union avenue (inclusive), Broadway (not inclusive between Union avenue and Flushing avenue), Broadway (inclusive between Flushing avenue and Jamaica avenue), Jamaica avenue (not inclusive), Vermont street (not inclusive), City line and Newtown creek.

The Sixth District is bounded by Flushing avenue (inclusive), Bedford avenue (not inclusive), Fulton street (inclusive), Broadway (not inclusive).

The Seventh District is bounded by Bedford avenue (not inclusive), Malbone street (inclusive), East New York avenue (inclusive), East Ninety-eighth street (not inclusive), Avenue D (not inclusive), Fresh creek, Jamaica Bay, Borough Line, Vermont street (inclusive), Jamaica avenue (inclusive), Fulton street (not inclusive).

The Eighth District is bounded by Malbone street (not inclusive), Flatbush avenue (not inclusive), Prospect Park West (not inclusive), Fifteenth street (not inclusive), Coney Island avenue (inclusive), Seely street (inclusive), Gravesend avenue (inclusive), Twenty-second avenue (not inclusive), Gravesend Bay, Atlantic Ocean, Jamaica Bay, Fresh Creek, Avenue D (inclusive), East Ninety-eighth street (inclusive), East New York avenue (not inclusive).

The Contractor will be required to provide, at his own cost and expense, suitable and sufficient dumping places for the snow and ice removed by him under the contract.

The compensation will be for the actual amount of snow and ice removed and dumped by the Contractor, at a price per cubic yard.

Each bid or estimate must be for one or more of the said eight (8) districts, and must distinctly state the price per cubic yard in each separate district. A contract, or contracts, if awarded, will be awarded to the lowest bidder for each district.

Each bid or estimate must be accompanied by the consent in writing of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, to the effect that if the contract be awarded to the person or persons making the bid or estimate, he or it will, upon its being so awarded, become bound as his sureties for its faithful performance in the amount of sixty thousand dollars (\$60,000) for all the districts of the borough, and to the amount of ten thousand dollars (\$10,000) for each district, if the bid is for less than the eight districts, and that if he or they shall omit or refuse to execute the same, they or it will pay to the City any difference between the sum which the City may be obliged to pay to the person to whom the contract may be awarded at any

subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are to be estimated.

No bid or estimate will be received or considered unless accompanied by a deposit of 5 per centum of the amount of security required.

No bid or estimate shall be withdrawn pending the award of the contract.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Commissioner, a copy of which and also the proper envelope to inclose the same, together with the form of agreement, including the specifications, approved as to form by the Corporation Counsel and showing the manner of payment for the work, can be obtained upon application therefor at the office of said Commissioner.

This proposal for bids or estimates is and is to be taken to be a part of the contract.

Commissioner of Street Cleaning.

Dated New York,, 190...

THE CITY OF NEW YORK,

OFFICE OF THE DEPARTMENT OF STREET CLEANING.

BOROUGH OF BROOKLYN.

CONTRACT

For the Removal of Snow and Ice of the Borough of Brooklyn, for the Period Beginning with the Certification Thereof by the Comptroller of The City of New York, and Ending the 15th Day of April, 1908.

This agreement, under the provisions of sections 419, 534, 541 and 544 of the Greater New York Charter, made and entered into this.....day of.....one thousand nine hundred and....., by and between The City of New York, party of the first part, acting by and through the Commissioner of Street Cleaning of the said The City of New York, and.....

.....the Contractor, party of the second part,

Witnesseth, That the parties to these presents, each in consideration of the agreements on the part of the other herein contained, have agreed, and hereby agree, the party of the first part for itself, its successors and assigns, and the party of the second part for himself, his or their heirs, assigns and legal representatives, as follows:

(A) The Contractor will, at his own cost and expense, provide all the officers, labor, materials, machines, horses, carts, trucks and other vehicles and all the implements and appliances necessary for the performance of the work hereinafter described, and will perform the said work according to the specifications and terms and conditions of this contract.

(B) This contract shall be for the period beginning with the indorsement hereon of the Comptroller's certificate as hereinafter provided, and ending the 15th day of April, 1908.

(C) Wherever in this contract the term "the City" is used it shall be taken to mean The City of New York, the party of the first part to this contract, and whenever the term "Commissioner" occurs, it shall be understood as applying to the Commissioner of Street Cleaning, and his authorized representative and representatives, and wherever the term "Contractor" or pronouns referring to the same occurs or occur, the same shall be taken to intend the party or parties, as the case may be, of the second part of this contract; and wherever the word "Inspector" is used in these specifications or in this contract it refers to and designates the Snow Inspector of the department, or the Inspector in charge of the work, acting either directly or through any assistant, duly appointed by said Snow Inspector, or by the said Commissioner, and designated therefor, having general charge of the work, or through any such assistant having immediate charge of a portion thereof, limited by the particular duties entrusted to him.

(D) The Inspector shall in all cases determine the amount of work which is to be paid for under this contract, and he shall in all cases decide every question which may arise relative to the performance of this contract on the part of the Contractor, and his estimate and decision shall be final and conclusive upon the Contractor, and such estimate and decision, in case any question shall arise, shall be a condition precedent to the right of the Contractor to receive any money under this agreement.

(E) Because it would be difficult, if not impossible, otherwise to estimate justly the amount of damage to be caused to the City by delay in the work hereunder, the damage to be suffered by the party of the first part and to be paid by the Contractor through delay by the Contractor in beginning the work within the period of three hours after he has been ordered to begin, and carrying it on with all possible care, efficiency and speed, in such manner and with such force as directed by the Commissioner, on each and every block, or within such further time as to said blocks as may be allowed by the Commissioner, is hereby fixed, determined and liquidated at the amount of five dollars (\$5) for each and every hour of said delay at each and every block, and not by way of penalty; the number of blocks affected by said delay and the number of hours at each said block to be finally and conclusively determined by the Inspector; and the City may deduct the said amount or amounts out of any moneys due or to grow due under this contract. In like manner the damage to be suffered by the City and to be paid by the Contractor, in case the drivers or those in charge of carts, trucks and other vehicles, in the employ of the Contractor, dump, or cause to be dumped, any snow, ice or other material on any public street, avenue, lane or alley, or any other place not approved by the Commissioner, is hereby fixed, determined and liquidated at the amount of five dollars (\$5) for each and every load so dumped, and not by way of penalty; the number of such loads to be finally and conclusively determined by the Inspector, and the City may deduct the said amount or amounts out of any moneys due or to grow due under this contract.

(F) The Contractor will perform the work under this contract in such manner as to comply with the laws of the State of New York, the Greater New York Charter, the ordinances, rules and regulations of The City of New York, as now constituted, and the laws of the United States, so far as they or any of them are in force and relate to the said work, and so as not to create any obligation, claim or demand, nor furnish any just ground for any action, suit or legal proceeding against the City or the Department of Street Cleaning, and to do all the work herein provided for, and will indemnify and save harmless the City, its officers, agents or servants against and from all suits and actions of every name and description brought against them, or any of them, and against and from all damages and costs to which they or any of them may be put by reason of injury to the person or property of another, resulting from negligence in the performance of the work, or from any improper or defective machinery, implement or appliance used in performing the same, or from any act or omission of such person or persons; and that he will give a bond in the sum of.....thousand dollars (\$.....), with sureties, who shall justify each at that amount, fully and faithfully to comply with all the terms and conditions of this contract, and to pay unto the City the amount of any loss to the City or the Department of Street Cleaning resulting from any failure on the Contractor's part properly and faithfully to perform any of the things agreed upon to be done in connection with the work under this contract.

(G) The Contractor will perform all the aforesaid work of removal of snow and ice and disposal of the same according to the terms and conditions of this contract at the rate or price of

For the First District, per cubic yard,.....Dollars (\$.....)

For the Second District, per cubic yard,.....Dollars (\$.....)

For the Third District, per cubic yard,.....Dollars (\$.....)

For the Fourth District, per cubic yard,.....Dollars (\$.....)

For the Fifth District, per cubic yard,.....Dollars (\$.....)

For the Sixth District, per cubic yard,.....Dollars (\$.....)

For the Seventh District, per cubic yard,.....Dollars (\$.....)

For the Eighth District, per cubic yard,.....Dollars (\$.....)

per cubic yard of snow and ice for the actual amount of snow and ice removed and dumped by him at the places designated by the Commissioner of Street Cleaning under this contract, or at the places provided by him, and he will not ask, demand, sue for or recover any other or greater compensation for the work under this contract than the said rate per cubic yard.

(H) Whenever it shall be deemed by the said Commissioner and the Contractor, for their mutual profit and advantage, horses, carts and trucks, or other vehicles or machines, or implements of the Department of Street Cleaning, may be employed by the Contractor in the performance of the work hereunder, and at such compensation to the party of the first part as may be deemed fair by the said Commissioner, and the amount of such compensation shall be a charge against the Contractor, and may be deducted from any amount or amounts due or to grow due to the Contractor under this contract.

(I) The City may and shall at all times reserve and retain out of said payments or any of them, ten per centum to remain as security; the sum or sums so reserved or retained conditioned upon the faithful performance by the Contractor of the terms and conditions of this contract upon his part to be performed or observed, to be paid to the Contractor within thirty (30) days after the completion of said work.

(J) As soon as may be after each removal of snow and ice as aforesaid, the Contractor shall deliver to the Commissioner a bill or voucher of such form as may be approved by the Commissioner, setting forth the correct amount of snow and ice removed as aforesaid. The Commissioner shall then ascertain the correctness of such bill or voucher, and, if found correct, or if not correct, when corrected, the Inspector shall certify to the correctness thereof; provided, however, that in order to enable the Contractor to prosecute the work under this contract advantageously, the Inspector may at any time, as the work progresses, and not necessarily after the entire and thorough removal of the respective fall or falls of snow, certify to the amount of work done, or portion thereof, by the Contractor up to said time, and the value thereof under and according to the terms of this contract. The first such certificate shall be of the amount of work done since the Contractor began the performance of this contract, and every subsequent certificate, except the certificate of completion at the end of the period provided for in this contract, shall be of the amount of work done since that included in the last preceding certificate. Upon each certificate being made in writing by the Inspector, and approved by the Commissioner, the City shall pay to the Contractor ninety per centum of the amount stated therein to be the value of the work done, and immediately after the 15th day of April, 1908, if the Contractor shall have completely performed this contract on his part, the Inspector shall so certify in writing, and on or before the expiration of thirty (30) days after the delivery of said certificate of completion the City shall pay to the Contractor the amount which shall be found to be due to him, after deducting such sum or sums as shall have been heretofore paid to the Contractor on account of the work done and certified in prior certificates. It is expressly understood that the certificates and payments, as above set forth, shall be made only when the work is prosecuted in conformity with the provisions of this contract, and that the action of the Commissioner, by which the Contractor is to be bound and concluded according to the terms of this contract, shall be that evidenced by the certificate of completion aforesaid, all prior certificates being certificates of minor payments.

(K) The certificates of the Inspector, approved by the Commissioner, shall be the account by which the work done under this contract shall be computed, and the Contractor will not be entitled to demand or receive payment for any work done under or in pursuance of this contract, or for any portion thereof, until the same shall have been duly certified by the Commissioner in the manner hereinbefore provided, and until each and every of the stipulations herein contained shall have been complied with. Thereupon the City shall pay and hereby binds itself and its successors to pay to the Contractor, in lawful money of the United States, on or before the expiration of thirty (30) days after the delivery by the Commissioner of the certificate of completion of the work under this contract the amount so certified, including such part thereof as shall have been reserved and retained under any provisions of this contract or any law, ordinance or resolution as hereinbefore provided.

(L) The Contractor will give his personal attention constantly to the faithful prosecution of the work; he will not assign, transfer, convey, sublet or otherwise dispose of this contract, or of his right, title or interest in or to the same or any part hereof, or his right to execute this contract, without the previous consent in writing of the Commissioner endorsed hereon or hereto attached; and he will not assign, by power of attorney or otherwise, any of the moneys due or to become due and payable under this contract, unless by and with the like consent signified in like manner. If the Contractor shall, without such previous written consent, assign, transfer, convey, sublet or otherwise dispose of this contract, or of his right, title or interest therein, or any of the moneys due or to become due under this contract, to any person, company or other corporation, this contract may, at the option of the Commissioner, be revoked and annulled, and the City shall thereupon be relieved and discharged from any and all liability and obligations growing out of the same to the Contractor, and to his assignee or transferee; provided that nothing herein contained shall be construed to hinder, prevent or affect an assignment by the Contractor for the benefit of his creditors, made pursuant to the statutes of the State of New York; and no right under this contract, or to any money to become due hereunder, shall be asserted against the City in law or in equity, by reason of any so-called assignment of this contract, or any part thereof, or of any moneys to grow due hereunder, unless authorized as aforesaid by the written consent of the Commissioner.

(M) If this contract shall be abandoned, or if it shall be assigned, or the work sublet by the Contractor or otherwise than is herein specified, or if at any time the Contractor shall fail to perform the work hereunder at the time and in the manner specified herein with promptness and diligence, or shall omit to perform, fulfill, observe or keep any part of the covenants, terms and conditions herein contained on his part to be performed, fulfilled or observed, either the City may procure to be performed, by contract or otherwise, as the Commissioner shall deem best, such and so much of the said work as the Contractor shall have failed to perform; or if at any time the Inspector shall be of the opinion, and shall so certify in writing to the Commissioner that the performance of the contract is unnecessarily or unreasonably delayed, or that the Contractor is wilfully violating any of the conditions or covenants of this contract or executing said contract in bad faith, the Commissioner shall have the power to notify the Contractor to discontinue all work, or any part thereof under this contract, by a written notice to be served upon the Contractor, either personally or by leaving said notice at his residence or with his agent in charge of the work; and thereupon the Contractor shall discontinue said work or such part thereof as the Commissioner may designate, and the Commissioner shall thereupon have the power and is hereby authorized to procure, in the manner prescribed by law, such and so much of said work to be performed as may be necessary to fulfill this contract, and in either of such cases the said party of the first part shall have power to charge the cost and expense of the same to the Contractor, and the costs and expenses so charged shall be deducted and paid the party of the first part out of such moneys as may then be due or at any time thereafter may grow due to the Contractor under and by virtue of this contract; and in case such costs and expenses shall exceed the sum which would have been payable under this contract if the same had been completed by the Contractor, then the Contractor shall and will pay the amount of such excess to the City; and in case such costs and expenses shall be less than the sum which would have been payable under this contract if the same had been completed by the Contractor, then the Contractor shall forfeit all claim to the difference.

(N) If, at any time before or within thirty days after the whole work herein agreed has been performed and properly completed by the Contractor in accordance with this contract and to the satisfaction of the Commissioner, any person or persons claiming to have performed any labor or furnished any machine, implement, appliance or material toward the performance or completion of this contract, shall file, or cause to be filed, with the Department of Street Cleaning, and with the head of the Finance Department of the City, any such notice as is provided for by any lien law of the State of New York, then, and in every such case, the City shall retain, anything herein contained to the contrary notwithstanding, from the moneys under its control, and due or to grow due from it under this contract, so much of such moneys as shall be sufficient to pay off, satisfy and discharge the amount in such notice alleged or claimed to be due to the person

or persons filing such notice, or causing the same to be filed, together with the reasonable costs of any action or actions brought to enforce such claim or the lien created by the filing of such notice. The moneys so retained shall be retained by the City until the lien thereon created by the said law or laws and the filing of said notice shall be discharged, pursuant to the provisions of law.

(O) The Contractor shall place proper guards for the prevention of accidents and shall put up and keep at night suitable and sufficient lights, and wherever necessary, during the performance of work under this contract, to prevent accidents or injuries to the person or property of another, and he shall indemnify and save harmless the City from all suits or actions, and damages or costs of every name and description to which the City may be subjected or put by reason of injury to the person or property of another resulting from negligence or carelessness on the part of the Contractor, his servants or agents in the performance of the work, or by or on account of any act or omission of the Contractor, his servants or agents, and the whole or so much of the moneys due or to grow due the Contractor under this agreement, as shall or may be considered necessary by the Comptroller of the City, shall or may be retained by the City until all such suits or claims for damages shall have been settled or otherwise disposed of, and evidence to that effect furnished to the satisfaction of the Comptroller.

(P) The City shall not, nor shall any Department or officer of the City, be precluded or estopped by any return or certificate made or given by any Inspector or other officer, agent or appointee of the Department of Street Cleaning, or of the City, under or in pursuance of anything in this contract contained, from at any time showing the true and correct amount and character of the work which shall have been done by the Contractor or any other person or persons under this contract; and all differences or disputes that may arise between the parties hereto regarding the accuracy of any measurement of the work hereunder, may be adjusted and finally determined by the Commissioner upon such facts as may be presented to him.

(Q) The Contractor agrees that he will comply with the provisions of chapter 415 of the Laws of 1897, as amended, known as "The Labor Law." He further agrees that no laborer, workman or mechanic in the employ of the Contractor, sub-contractor or other person doing or contracting to do the whole or a part of the work contemplated by the contract shall be permitted or required to work more than eight hours in any one calendar day, except in cases of extraordinary emergency caused by fire, flood or danger to life or property. That the wages to be paid for a legal day's work to all classes of such laborers, workmen or mechanics upon public work or upon any material to be used thereon shall not be less than the prevailing rate for a day's work in the same trade or occupation in the locality where such public work is being constructed. Each such laborer, workman or mechanic shall receive the prevailing rate of wages. This contract shall be void and of no effect unless the person or corporation making or performing the same shall comply with the provisions of sections 3 and 13 of the Labor Law.

(R) The residence or place of business given in the bid or estimate upon which this contract is founded is hereby designated as the place where all notices, letters and other communications shall be served, mailed or delivered. Any notice, letter or other communication addressed to the Contractor and delivered at the above named place, or deposited in a postpaid wrapper in any post-office box regularly maintained by the post-office, shall be deemed sufficient service thereof upon the Contractor. The place named may be changed at any time by an instrument in writing, executed and acknowledged by the Contractor and delivered to the Commissioner. Nothing herein contained shall be deemed to preclude or render inoperative service of any notice, letter or other communication upon the Contractor personally. Whenever in the trial of any action growing out of this contract it shall be necessary or required to prove the service of a notice as herein prescribed, an affidavit showing the service in the manner herein required to have been made by the person making the affidavit, shall be presumptive evidence of such notice upon first proving that the affiant is dead or insane, or that with due diligence his attendance cannot be compelled.

(S) This contract shall not be binding or of any force unless the Comptroller of the City shall indorse hereon his certificate that there remains unexpended and unapplied, as provided in the Greater New York Charter, a balance of the appropriation or fund applicable thereto sufficient to pay the estimated expense of performing this contract, as certified by the officer making the same.

In witness whereof, the Commissioner of Street Cleaning has set his hand and seal on behalf of said party of the first part, and the said party of the second part has likewise set his hand and seal, the day and year first above written, and the said party hereto of the second part and the said Commissioner have, and each of them has, executed this contract in triplicate, one part whereof is to remain with the said Commissioner, one other part to be filed with the Comptroller of The City of New York, and the third part to be delivered to the said party of the second part.

Commissioner of Street Cleaning.

Comptroller's Certificate.

THE CITY OF NEW YORK,....., 190 ..

I hereby certify, pursuant to section 149 of the Greater New York Charter, that there remains unexpended and unapplied a balance of the appropriation of the Department of Street Cleaning for the Borough of Brooklyn, for the "Removal of Snow and Ice" for the year 190 .., applicable to this contract, sufficient to pay the estimated expense of executing the same, namely: (\$.....)

DOLLARS.

Comptroller of The City of New York.

SPECIFICATIONS.

1. The schedules of the streets or portions thereof to be cleaned of snow and ice contained within the boundary lines of the several districts of the Department of Street Cleaning of the Borough of Brooklyn are annexed to this contract and form a part thereof.

2. The Contractor shall have employed and working at least twenty (20) vehicles and drivers and fifty (50) laborers, exclusive of officers, in each and every gang or subdivision specified in the said schedules, within a period not exceeding three (3) hours after the Commissioner has ordered the work to begin. And such gangs or subdivisions shall be kept continuously employed day and night, until notified by the Commissioner to stop the work, and it shall be discretionary with the Commissioner to order other and additional gangs at any time and at such points, during the progress of the work, as may seem to him necessary or practicable.

3. The Contractor shall, on demand of the Commissioner, dismiss without delay from his service under this contract any agent or employee who, by disorderly, quarrelsome or disobedient conduct or incompetency or his manner of doing or supervising the work, may lessen the efficiency of the work hereunder.

4. The Contractor shall remove the snow and ice from the streets and avenues hereinbefore specified, and from such other streets or portions thereof as may be designated by the Commissioner.

5. It shall be discretionary with the Commissioner to stop the work at any time.

6. The Contractor shall secure the use of all necessary dumps and dumping places, and will keep the water in and about the slips, piers and bulkheads clear from the snow and ice dumped therein under this contract.

7. The Contractor shall furnish a sufficient amount and number of offices, laborers, materials, machines, horses, carts, trucks and other vehicles and implements and appliances and everything else necessary to prosecute the work with all possible care, efficiency and speed.

8. Upon the direction of the Commissioner of Street Cleaning, the Contractor shall begin work at all points designated at the beginning of the schedules, and will thereafter follow such schedules day and night without any deviation, except by order of the Commissioner or Snow Inspector or their representatives.

9. The Contractor shall assign officers, laborers, materials, machines, horses, carts, trucks and other vehicles and all implements and appliances in such streets or places or portions thereof or such portion of the work as may be designated by the Commissioner, and at such times and places and in such manner and with such force as may be directed and required by the Commissioner.

10. The Contractor shall on scheduled streets cause the snow and ice to be piled at least one long block (or crosstown block) and three short blocks (or up and down town blocks) ahead of each and every gang of vehicles or every subdivision thereof.

11. The Contractor shall carry to the designated dumps or other places of discharge and there completely unload and discharge into the rivers, bay, harbor or otherwise as may be designated or approved by the Commissioner all the snow and ice as soon as loaded on the carts, trucks or other vehicles aforesaid.

12. The Contractor shall promptly pay all laborers employed by him in the performance of the work under this contract, and all persons furnishing him horses, carts, trucks and other vehicles for said work, and shall provide and keep on hand the necessary funds and facilities for such payments, and shall make and complete such payments once in each week.

13. If the Commissioner shall deem it necessary to use the regular force of the Department of Street Cleaning or any part thereof, or any other persons, materials, machines, horses, carts, trucks or other vehicles or implements or appliances for the removal of snow and ice, or if surface or other railroad companies shall clean the snow and ice between their tracks in conformity to any law or ordinance, or from the entire width of any street or streets with the consent or agreement of the Commissioner, the Contractor will not in any way interfere with or molest such other force, or persons or materials, machines, horses, carts, trucks or other vehicles or implements or appliances, and will carry on the work on the remainder of the schedule or schedules aforesaid.

14. The Contractor may use machines, appliances or methods for melting the snow and ice if approved by the Commissioner. Such melting or other method to be so carried on as not to unnecessarily impede or interrupt traffic.

15. The payments for work performed by methods other than dumping shall be based on the actual amount of snow and ice removed. Special Inspectors or District Superintendents whose duty it shall be to report, in writing, to the Snow Inspector, the number of blocks of streets fully cleaned by the Contractor during the previous twelve (12) hours, and from these reports the Snow Inspector shall compute the number of cubic yards of actual snowfall removed by the Contractor during the said twelve (12) hours preceding.

16. The payments to the Contractor for work performed under this contract shall be based upon the amount of snow and ice actually removed as shown by the official tickets, issued for this purpose to the Contractor's drivers by the Department of Street Cleaning, duly and properly punched by the loading and dump foremen of the Department of Street Cleaning.

17. Computations of the amount of snow and ice removed shall be made on a basis of a minimum load of snow and ice containing 1.5 cubic yards. The capacity of the various vehicles to be used in the work is to be estimated on the following basis:

18. One and one-half cubic yards—one-ton coal carts, private ash carts and the ordinary dirt carts used on street railway work, containing one and one-half cubic yards (some of these hold from 1.3 to 1.6 cubic yards water measure, and must be heaped up in all cases).

19. Three cubic yards—two-ton coal carts, manure carts, asphalt wagons, also brick trucks, having extra strip of 6 inches above their sideboards (but not otherwise, and subject to measurement).

20. Four and one-half cubic yards—three-ton coal carts, furniture wagons and vans (subject to measurement, and containing 4.5 cubic yards).

21. Six cubic yards—coal wagons and large vans (subject to measurement).

22. All vehicles of a greater capacity than those above mentioned will be measured on the work by the loading foreman of the gang where the vehicles are employed, such measurement to be subject to verification by the District Superintendent.

23. The number of cubic yards of snow and ice removed and disposed of by the Contractor shall be ascertained in the following manner: The Commissioner shall station at each of the places designated by him for loading snow and ice, a loading foreman whose duty shall be to punch the official tickets presented by the drivers of the vehicles engaged in the removal of snow and ice. These tickets are to be punched at the nearest division of time as printed on said tickets and only when the vehicle is fully loaded and the ticket is presented by the driver himself with the vehicle containing the snow or ice.

24. At each of the designated dumping points the Commissioner shall station a dump foreman whose duty shall be to punch the official tickets at the nearest division of time as printed on said tickets of those drivers who have discharged full-sized loads of snow and ice at the proper place. The provisions of this specification are without prejudice to the right of the Commissioner to employ any system of checking or other safeguard necessary in his judgment to the proper protection of the City.

The following resolution was offered:

Resolved, That pursuant to the provisions of section 544 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the terms and conditions contained in the form of contract submitted, in triplicate, by the Commissioner of Street Cleaning under date of October 31, 1907, with the modifications suggested in the report of the Comptroller under date of November 7, 1907, for the removal of snow and ice of the Borough of Brooklyn, for the period beginning with the certification thereof by the Comptroller of The City of New York and ending the 15th day of April, 1908.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—14.

Negative—The President of the Borough of Manhattan—2.

The Secretary presented communications as follows:

From the President, Borough of The Bronx, requesting an issue of \$16,000 Corporate Stock for Drainage and Sewerage District Plans of the Borough of The Bronx for the balance of this year and for 1908.

From the President, Borough of Queens, requesting an appropriation of \$8,881.08, pursuant to section 546 of the Charter, to be applied to the account entitled Bureau of Street Cleaning, Sweeping, Carting and Final Disposition of Material, including Cremation or Utilization, for the year 1907.

From the Commissioner of Street Cleaning, submitting in triplicate, for approval of terms and conditions, contract for loading and trimming deck scows and other vessels of the Department of Street Cleaning, etc., at the dumps of said department in the Borough of The Bronx.

Which were referred to the Comptroller.

The Secretary presented a communication from the Commissioner of Water Supply, Gas and Electricity requesting the approval of plans for the erection of a filter plant on land of the eastern section of the Jerome Park Reservoir; and further requesting that steps be taken for the transfer of said lands by the Aqueduct Commissioners to the Department of Water Supply, Gas and Electricity, for the installation of said plant, and the issue of \$4,000,000 Corporate Stock to provide for the cost of the work comprised in the first section of said plans.

Which was referred to the Comptroller and the Chief Engineer of the Board of Estimate.

The Secretary presented a report of the Chief Engineer, recommending the action as suggested in the report of the Committee on Finance, Board of Aldermen, relative to the rescission of resolution adopted by the Board of Estimate and Apportionment June 7, 1907 (which authorized the issue of \$2,200,000 Corporate Stock for the improvement of the water supply system in the Boroughs of Manhattan and The Bronx), and the adoption of a new resolution authorizing the issue of \$1,768,243 Corporate Stock for this purpose. Referred to the Chief Engineer on November 1, 1907.

Which was laid over.

The Secretary presented the following communication from the Building Code Revision Commission requesting the Board of Estimate to ratify the action of said Commission in fixing the salaries of the clerical force; copy of opinion of the Corporation Counsel relative thereto and report of the Select Committee, consisting of the Comptroller and the President, Board of Aldermen, to which this matter was referred on September 20 and October 11, 1901, recommending that the request be granted.

OFFICE OF THE BUILDING CODE REVISION COMMISSION,
ROOM 11, CITY HALL,
NEW YORK, August 17, 1907.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment, No. 277 Broadway, City:

DEAR SIR—I transmit herewith copy of an opinion of the Corporation Counsel on the question whether the salaries of the employees of the Building Code Revision Commission are required to be fixed as provided by section 56 of the Greater New York Charter.

The Corporation Counsel advises that in order "to avoid any question in the matter, as soon as the Board of Estimate and Apportionment reconvenes in September, a resolution be presented to that Board for adoption, ratifying the action of the Board of Aldermen and its Committee fixing those salaries."

I respectfully ask that you bring this matter to the attention of the Board of Estimate, that the necessary action may be taken.

I also enclose a list of the positions filled by, and the compensation fixed for the same by the Aldermanic Committee on Buildings.

Yours very truly,

T. J. BRADY, Chairman.

Resolved, By the Building Committee of the Board of Aldermen, that, in pursuance of a resolution adopted by the Board of Aldermen on March 5, 1907, the compensation of the clerical force of the Building Code Revision Commission be, and hereby is, fixed as follows:

A Secretary, at the rate of \$3,000 per annum, to date from January 26, 1907.

A Messenger, at the rate of \$1,000 per annum, to date from January 26, 1907.

A Clerk, at the rate of \$1,200 per annum, to date from March 12, 1907.

A Messenger, at the rate of \$900 per annum, to date from June 1, 1907.

A Stenographer, at the rate of \$1,300 per annum, to date from April 20, 1907.

A Stenographer, to be paid at folio rates to be fixed by the Committee.

LAW DEPARTMENT,
OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, July 29, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—I am in receipt of a communication from N. Taylor Phillips, Deputy Comptroller, bearing date July 17, 1907, and inclosing six payrolls covering the services of

certain employees of the Building Code Revision Commission, together with a communication from Secretary W. A. Gramer, dated July 12, 1907, and extracts from the Minutes of the Board of Aldermen of May 29, 1906, and March 5, 1907.

I am asked to advise you if the salaries of these employees are required to be fixed in the manner required by section 56 of the Greater New York Charter.

The President of the Municipal Civil Service Commission has declined to issue a certificate, as provided in the Civil Service statute, and I think that his view of the law is correct, since it has been held in *People ex rel. Martin vs. Scully*, 56 App. Div., 302, and in *Matter of Shaughnessy vs. Fownes*, 172 N. Y., 323, that the Civil Service Law does not apply to appointees of legislative bodies, and it is my opinion that the attaches of the Building Code Revision Commission are employees of the Board of Aldermen, which is a legislative body.

There is another question raised by the papers transmitted by you, however, and that is whether or not the salaries in question have been approved by the Board of Estimate and Apportionment.

The only approval I find is the resolution of July 8, 1907, as follows:

"Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution of the Board of Aldermen, adopted May 28, 1907, in relation to an appropriation of five thousand dollars (\$5,000) to pay the salaries of the clerical force and defray incidental expenses of the Building Code Revision Commission, appointed pursuant to section 407 of the Greater New York Charter, and that for the purpose of providing means therefor the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York, to the amount of five thousand dollars (\$5,000), redeemable from the tax levy of the year succeeding the year of their issue."

Under the peculiar circumstances of this case, and bearing in mind the nature of the employment of the subordinates whose salaries are now in question, I advise you that you may take the action of the Board of Aldermen and the Board of Estimate and Apportionment to be a sufficient fixing of these salaries, but I would also advise that, to avoid any question in the matter, as soon as the Board of Estimate and Apportionment reconvenes in September that a resolution be presented to that Board for adoption, ratifying the action of the Board of Aldermen and its committee fixing these salaries.

Respectfully yours,

(Signed) THEODORE CONNOLLY,
Acting Corporation Counsel.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
September 27, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—In regard to the communication of the Chairman of the Building Code Revision Commission, dated August 17, 1907, asking the Board of Estimate and Apportionment to ratify the action of the Board of Aldermen and its Building Committee fixing the salaries of employees of said Commission, referred to a Select Committee, consisting of the Comptroller and President of the Board of Aldermen, and by you to this Bureau for examination, I beg to report as follows:

In a report by this Bureau made to you on the 2d of July, 1907, approval was recommended of the issue of Special Revenue Bonds to the amount of \$5,000 to provide for paying the salaries of said employees, and on the 8th of July the Board of Estimate and Apportionment approved of and concurred in a resolution of the Board of Aldermen to that effect.

On the 12th of June previous the Board of Aldermen, through its Building Committee, had designated said employees and fixed their compensation as follows:

- A Secretary, at the rate of \$3,000 per annum, to date from January 26, 1907.
- A Messenger, at the rate of \$1,000 per annum, to date from January 26, 1907.
- A Clerk, at the rate of \$1,200 per annum, to date from March 12, 1907.
- A Messenger, at the rate of \$900 per annum, to date from June 1, 1907.
- A Stenographer, at the rate of \$1,300 per annum, to date from April 20, 1907.
- A Stenographer, to be paid at folio rates to be fixed by the Committee.

Question having arisen as to whether or not the salaries in question had been approved by the Board of Estimate and Apportionment, the Corporation Counsel, replying to a communication from Deputy Comptroller N. Taylor Phillips, dated July 17, 1907, in an opinion dated July 29, advised you as follows:

"Under the peculiar circumstances of the case, and bearing in mind the nature of the employment of the subordinates whose salaries are now in question, I advise that you may take the action of the Board of Aldermen and the Board of Estimate and Apportionment to be a sufficient fixing of these salaries, but I would also advise that, to avoid any question in the matter, as soon as the Board of Estimate and Apportionment reconvenes in September that a resolution be presented to that Board for adoption, ratifying the action of the Board of Aldermen and its committee fixing these salaries."

The request of the Chairman of the Commission is for the adoption of the resolution advised by the Corporation Counsel, and I would recommend that it be granted.

Respectfully,

CHARLES S. HERVEY,
Supervising Statistician and Examiner.

Approved:

H. A. METZ, Comptroller.

P. F. McGOWAN, President, Board of Aldermen.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby ratifies the action of the Building Committee of the Board of Aldermen, by resolution adopted June 12, 1907, in fixing the compensation of the clerical force of the Building Code Revision Commission as follows:

	Per Annum.
Secretary, as of date January 26, 1907.....	\$3,000 00
Messenger, as of date January 26, 1907.....	1,000 00
Clerk, as of date March 12, 1907.....	1,200 00
Messenger, as of date June 1, 1907.....	900 00
Stenographer, as of date April 20, 1907.....	1,300 00

Stenographer to be paid at folio rates to be fixed by the Committee.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a report of the Comptroller, recommending the purchase, at \$80,000, of property located on Nostrand avenue and Sanford street, south of Wiloughby avenue, Brooklyn, for school purposes; the request of the Board of Education for the acquisition of this site having been referred to the Comptroller on November 1, 1907.

Which was laid over.

The Secretary presented a report of the Comptroller recommending the issue of \$5,000 Corporate Stock to meet the further and final expenses of the Commission appointed to investigate and consider means for protecting the waters of New York Bay and vicinity against pollution.

On September 20, 1907, the request of the Metropolitan Commission of New York for this issue was referred to the Comptroller.

Which was referred to the President, Board of Aldermen, as a select committee.

The Secretary presented the following communication from the Change of Grade Damage Commission, requesting an appropriation of \$18,000 to defray the expenses of said Commission for the year 1908, together with report of the Comptroller, to whom on October 18, 1907, was referred said communication, recommending the issue of bonds to the amount of \$16,000, pursuant to chapter 537, Laws of 1893, as amended, for this purpose:

CHANGE OF GRADE DAMAGE COMMISSION,
(TWENTY-THIRD AND TWENTY-FOURTH WARDS,)
No. 280 BROADWAY, NEW YORK CITY,
NEW YORK, N. Y., October 9, 1907.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment, No. 277 Broadway, Manhattan, New York City:

DEAR SIR—At a meeting of the above Commission, held on Monday, October 7, 1907, preamble and resolutions, copies of which are herewith inclosed, were adopted, and which are forwarded to you, pursuant to the instructions of the Commission.

Yours respectfully,

LAMONT McLOUGHLIN, Clerk to Commission.

The Clerk presented the following statement, showing the estimated expenses of the Commission for the year 1908:

William E. Stillings, Chairman of the Commission, salary.....	\$3,000 00
George C. Norton, Commissioner, salary.....	3,000 00
Lewis A. Abrams, Commissioner, salary.....	3,000 00
Lamont McLoughlin, Clerk, salary.....	2,500 00
James A. Russell, Stenographer, salary.....	3,000 00
Edward R. Rinn, Messenger, salary.....	900 00
Estate of Henry Hilton, for rent of office.....	700 00
Printing minutes and stationery.....	1,000 00
New York Telephone Company.....	150 00
Sundries and incidental expenses.....	750 00
Total	\$18,000 00

Commissioner Norton thereupon offered the following preamble and resolution, which was unanimously adopted:

Whereas, The Clerk has presented a statement showing the estimated expenses of the Commission for the year 1908, which has been examined and approved by the Commission; now therefore be it

Resolved, That, pursuant to the provisions of chapter 537 of the Laws of 1893, and the acts amendatory thereof and supplemental thereto, the Comptroller be and he hereby is respectfully requested to issue bonds for such amounts as may be necessary for the payment of the expenses of the Commission from time to time, as provided by said acts; and be it further

Resolved, That the Clerk be and he hereby is directed to forward a copy of the foregoing to the Board of Estimate and Apportionment, together with a statement showing the estimated expenses of the Commission for the year 1908.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
November 7, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—In the matter of the communication from the Change of Grade Damage Commission, requesting the issue of bonds in the amount of \$18,000 for the expenses of the Commission during the year 1908, referred by you to the Bureau of Municipal Investigation and Statistics, I beg to report as follows:

The Change of Grade Damage Commission was created by chapter 537 of the Laws of 1893. This act, as amended by chapter 567 of the Laws of 1904, provides for the appointment of three Commissioners, at a compensation of \$3,000 per annum each, with power to appoint a Clerk and a Stenographer. It also provided that the expenses of the Commission and the salaries of the Commissioners should be paid out of the proceeds of bonds to be issued by the Comptroller of The City of New York.

In pursuance of these provisions the Commission, at a meeting held on October 7, 1907, adopted the following resolution:

"Resolved, That, pursuant to the provisions of chapter 537 of the Laws of 1893, and the acts amendatory thereof and supplemental thereto, the Comptroller be and he hereby is respectfully requested to issue bonds for such amounts as may be necessary for the payment of the expenses of the Commission from time to time, as provided by said acts."

These expenses, as submitted by the Clerk of the Commission, are as follows:

William E. Stillings, Chairman of the Commission, salary.....	\$3,000 00
George C. Norton, Commissioner, salary.....	3,000 00
Lewis A. Abrams, Commissioner, salary.....	3,000 00
Lamont McLoughlin, Clerk, salary.....	2,500 00
James A. Russell, Stenographer, salary.....	3,000 00
Edward R. Rinn, Messenger, salary.....	900 00
Estate of Henry Hilton, for rent of office.....	700 00
Printing minutes and stationery.....	1,000 00
New York Telephone Company.....	150 00
Sundries and incidental expenses.....	750 00
Total	\$18,000 00

These expenses, as will be seen, are composed chiefly of fixed salary charges, which aggregate the sum of \$15,400, the remaining \$2,600 requested being distributed as follows:

Printing minutes and stationery.....	\$1,000 00
Rent	700 00
Telephone	150 00
Sundries and incidentals.....	750 00

An examination of the actual expenditures for the purposes mentioned, entered in the books of the Department of Finance, indicates that these amounts are somewhat in excess of the needs of the Commission.

In the year 1906 it is found that the \$18,000 issued, though charged with Stenographer's services rendered in 1905 to the amount of \$1,907.66, was not exhausted, the total expenditure from the fund during the year being \$17,941.29. This excess of almost \$2,000 has been partly absorbed in the present year by an increase in the Messenger's salary of \$300 per annum, but the entries for 1907 so far made indicate that the other expenditures have not sufficed to reduce the surplus which at the beginning of 1907 was \$1,429.37. The indications are this surplus will reach \$2,000 by the end of 1907, when it will be carried over to the 1908 account and be available for the expenses of that year.

It being advisable in the present state of the bond market to limit these issues to the lowest point consistent with proper administration, I respectfully recommend that the issue of bonds for the salaries and expenses of the Change of Grade Damage Commission for the year 1908 be limited to the amount of \$16,000, and that with this change the request of the Commission for the issue of bonds be complied with.

Yours respectfully,

CHARLES S. HERVEY,
Supervising Statistician and Examiner.

Approved:

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of chapter 537 of the Laws of 1893, as amended by chapter 567 of the Laws of 1894, and sections 169 and 170 of the Greater New York Charter, the Comptroller be and is hereby authorized to issue Corporate Stock of The City of New York, from time to time as may be required,

in the manner provided by section 169 of the Greater New York Charter, to the amount of sixteen thousand dollars (\$16,000), to provide for the payment of the expenses of the Change of Grade Damage Commission for the year 1908, authorized by said acts.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a report of the Comptroller recommending the purchase, at \$24,500, of property located on Park and Grinnell avenues and Randall street, Borough of Queens, for school purposes, the request of the Board of Education for the acquisition of this site having been referred to the Comptroller on October 4, 1907.

Which was laid over.

The Comptroller reported the resolution referred to him on November 1, 1907, amending resolutions adopted July 14, 1905, and February 1, 1907, relative to the construction of relief sewers in certain streets in the Borough of Brooklyn and authorizing an issue of \$2,000,000 Corporate Stock to provide means therefor, by striking therefrom all reference to the construction of relief sewers except that portion which relates to the construction of sewers in streets included within Division 2 and Section 3 and also striking therefrom the words and figures "two million dollars (\$2,000,000)" and inserting in place thereof the words and figures "one million dollars (\$1,000,000)" to provide for the construction of said sewers in Division 2, Section 3.

Which was referred to a Select Committee, consisting of the Comptroller, the President of the Board of Aldermen and the President of the Borough of Brooklyn.

The Secretary presented communications as follows:

Offer of sale by John A. Macpherson, owner of property on easterly side of Seventh avenue, between Forty-third and Forty-fourth streets, Brooklyn, for a school site, for \$2,200.

From George W. Phillips, relative to his claim of \$944.22 for work done in sinking a well at the Clear Stream Pumping Station, and requesting that the Comptroller be authorized to pay said claim pursuant to chapter 601, Laws of 1907.

Which were referred to the Comptroller.

The Secretary presented the following certificates of the Comptroller and report of the Bureau of Law and Adjustment, Department of Finance, relative to the claims of John Fox & Co., pursuant to chapter 601, Laws of 1907, for \$2,508.56 for extra work in connection with contract for furnishing and delivering, etc. stop-cock valves, special castings and ladders for the Jerome Park reservoir, etc., and \$30,789.40 for furnishing, delivering, etc., sluice gates and drain valves, etc., at the Jerome Park reservoir:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
November 14, 1907.

To the Board of Estimate and Apportionment:

GENTLEMEN—Upon the accompanying report of Joseph L. Hance, Auditor of Accounts in the Bureau of Law and Adjustment of this Department, dated the 13th of November, 1907, and under and pursuant to the provisions of chapter 601 of the Laws of 1907 of the State of New York, entitled "An Act to amend the Greater New York Charter in relation to the powers of the Board of Estimate and Apportionment," I hereby certify that two claims, Nos. 52,769 and 53,873, have been presented by John Fox & Co. for the sum of \$2,508.56, alleged to be due under contract No. 9,025, dated the 2d of November, 1903, for furnishing, delivering, erecting and placing stop-cock valves, special castings and ladders for the Jerome Park reservoir, together with all work incidental thereto; that the same are illegal or invalid as against The City of New York by reason of technical objections thereto; that, in my judgment, it is equitable and proper for the City to pay the same inasmuch as the City has received value therefor and that the amount of such claims as should be paid is the sum of \$2,508.56.

Respectfully,

H. A. METZ,
Comptroller.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
November 14, 1907.

To the Board of Estimate and Apportionment:

GENTLEMEN—Upon the accompanying report of Joseph L. Hance, Auditor of Accounts in the Bureau of Law and Adjustment of this Department, dated the 13th of November, 1907, and under and pursuant to the provisions of chapter 601 of the Laws of 1907 of the State of New York, entitled "An Act to amend the Greater New York Charter in relation to the powers of the Board of Estimate and Apportionment," I hereby certify that two claims, Nos. 52,770 and 53,872, have been presented by John Fox & Co. for the sum of \$30,789.40, alleged to be due under contract No. 9,026, dated the 2d of November, 1903, for furnishing, delivering, erecting and placing sluice gates and drain valves, with the necessary lifting machinery, ladders, etc., required for the Jerome Park reservoir, together with all work incidental thereto; that the same are illegal or invalid as against The City of New York by reason of technical objections thereto; that, in my judgment, it is equitable and proper for the City to pay the same inasmuch as the City has received value therefor and that the amount of such claims as should be paid is the sum of \$30,789.40.

Respectfully,

H. A. METZ,
Comptroller.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
November 13, 1907.

In the Matter
of

Claims Nos. 52769 and 53873 for \$2,508.56, and of Claims Nos. 52770 and 53872 for \$30,789.40, presented by John Fox & Co., the said sums being alleged to be due for pipe and other ironware furnished to the City for use at Jerome Park Reservoir, under two contracts, dated 2d of November, 1903.

Hon. HERMAN A. METZ, Comptroller:

SIR—John Fox & Co. present claims for \$2,508.56 and for \$30,789.40, respectively, alleged to be due for pipe and other ironware and labor furnished to the City under two contracts, dated November 2, 1903, executed by the City through the Aqueduct Commissioners with the said John Fox & Co.

Claims Nos. 52769 and 53873 for \$2,508.56.

In Claims Nos. 52769 and 53873 the said John Fox & Co. allege that they have a claim for the sum of \$2,508.56, with interest, for the value of certain labor and materials which were supplied to the Aqueduct Commissioners, in pursuance of a contract

dated the 2d of November, 1903, made between them and the said Commissioners; that by the said contract the claimants undertook to supply the quantities of the following materials at the following prices:

4 48-inch stop-cock valves, etc., at \$990.....	\$3,960 00
1 20-inch stop-cock valve, etc., at \$660.....	660 00
1 12-inch stop-cock valve, etc., at \$50.....	50 00
1 6-inch stop-cock valve, etc., at \$30.....	30 00
25 tons special castings, at \$200.....	5,000 00
50-foot ladder, at \$3.....	150 00
Total.....	\$9,850 00

—that the materials provided for by the said contract were duly supplied and from time to time the Aqueduct Commissioners and their Chief Engineer made requisitions upon the said contractors, under the provisions of such contract, for additional material until the amount supplied was as follows:

4 each, 48-inch stop-cock valves, etc., at \$990.....	\$3,960 00
2 each, 20-inch stop-cock valves, etc., at \$660.....	1,320 00

Errors and omissions excepted.

HARRY W. WALKER, Secretary.
New York, October 9, 1906.

—that "the difference between the estimated quantities and the quantities actually called for by the Aqueduct Commissioners and furnished under their requisition, was owing to the fact that the Aqueduct Commissioners found after the contract was let that the flooring in some of the largest gate houses had been omitted in the estimated quantities"; that on the 9th of October, 1906, the Aqueduct Commissioners, by certificate signed by them, accepted the work and materials furnished, and directed payment of \$2,508.56 as a full and final payment, and the Commissioners also adopted a resolution to that effect; that under that date also the Aqueduct Commissioners certified formally to the furnishing of materials and of the amount and to the fact that the articles were for construction and were necessary, and that the quantities and prices were approved as in accordance with contract, and certified the same for payment; that "the special castings furnished under this contract extended over a period from July 18, 1905, to October 5, 1905," and "prior to the final estimate there were other estimates during this period," and "the final estimate of October 9, 1906, included only .569 of a ton of special castings"; that the following is a statement of the number, date and quantity of special castings included in each estimate:

	Tons.
Estimate No. 1, July 18, 1905.....	1.46
Estimate No. 4, January 23, 1906.....	33.43
Estimate No. 5, March 20, 1906.....	13.738
Total.....	48.628
Final estimate, October 9, 1906.....	.569
Total.....	49.197

—that "it thus appears that all but about half a ton of the special castings which have been supplied under this contract were supplied more than a year and a half ago, and have been actually paid for by the City."

The claimants ask that the Board of Estimate and Apportionment "will inquire into, hear and determine the claim of your petitioners against The City of New York for the sum of two thousand five hundred and eight dollars and fifty-six cents (2,508.56) and interest, and determine and adjudge that the City has received a benefit and is justly and equitably obligated to pay the said claim of your petitioners."

Nicholas Engel testified under oath that he was a member of the partnership firm of John Fox & Co., the only other partner being John Fox; that under the contract for erecting and placing stop-cock valves, ladders, etc., entered into on the 2d day of November, 1903, they were called upon to supply twenty-five tons of special castings, but they were ordered to supply and did furnish and deliver 49.197 tons; that the occasion for this increased amount was that the Aqueduct Commissioners found that after the contract had been let the floor in some of the largest gate houses had been omitted in the estimated quantity; that the final estimate was made under the contract, and showed a balance due to the claimants of \$2,508.56; that the final estimate under the contract was \$15,871.40; that the claimants were actually paid the sum of \$13,362.84, leaving a balance due of \$2,508.56. This testimony is transmitted herewith.

Herewith transmitted is a copy of report No. 1484, made by Chief Engineer Walter H. Sears to the Aqueduct Commissioners, dated September 12, 1906, presenting the final estimate of work done by the claimants under their contract with the Aqueduct Commissioners for furnishing, delivering, erecting and placing stop-cock valves, special castings and ladders at the Jerome Park Reservoir, amounting to \$15,871.40. In the said report it was stated that "the contract for this work was entered into with John Fox & Co. on November 2, 1903, at the prices bid in their proposal, which, based on the estimated quantities of the work to be done, amounted to \$9,850, the Engineer's estimate being \$8,625," the said increase being "largely due to the addition of a 20-inch stop-cock valve and the increase in the special castings on account of the increased quantity of floor plates"; that no loss or inconvenience was experienced by the City on account of any delay and no direct and computable damages caused to the City by the failure of the contractors to complete the work within the specified time can be shown, and I, therefore, respectfully recommend that the final estimate be paid in full."

Also transmitted herewith is a copy of a certificate of acceptance of the said work, signed by four of the Aqueduct Commissioners, dated 9th of October, 1906, and directing payment to the said John Fox & Co. the sum of \$2,508.56 in "full and final payment for the whole of said work and materials." From the records of the proceedings of the Aqueduct Commissioners it appears that on October 9, 1906, a resolution was adopted reciting the above mentioned report No. 1484 of the Chief Engineer, accepting the work done and materials furnished under the contract, and directing "that a proper voucher for the final payment therefor be approved and ordered certified to the Comptroller for payment."

In a report dated the 2d of November, 1906, made by W. H. Roberts, Assistant Engineer, and approved by Chandler Withington, Chief Engineer, of this Department, a copy of which is transmitted herewith, it is stated that the work under the said contract had been satisfactorily completed as certified, but attention should be called to the fact that "according to the Engineer's preliminary estimate the amount of this contract was supposed to be \$9,850," while "the total amount certified by this final payment is \$15,871.40," an increase of \$6,021.40, or 61 per cent; that this difference was made up, first, by an increase in the number of values and increased length of ladders for which there was a charge of \$1,182, and, second, for an increase in the special castings for which a charge was made of \$4,839.40; that "while the contract prices for the increase in the first division do not appear to be excessive, the prices for the increase in the second, which consists entirely of floor beams, channels and plates, is \$200 per ton," while "a fair market price for this material is \$120 per ton," and that "I would therefore call attention to the fact that if the excess of special castings were paid for at the market rate, instead of at the contract price, the contractor would receive \$1,935.76 less than he would if the final payment is made as certified."

From the records of this Department it appears that contract 9025, dated 2d of November, 1903, was entered into with John Fox and Nicholas Engel, composing the firm of John Fox & Co., for "furnishing, erecting and placing stop cock valves, special castings, ladders, etc., for Jerome Park Reservoir, together with all work incidental thereto; that the estimated cost of the said work was \$9,850; that attached to the said contract is a certificate signed by N. Taylor Phillips, Deputy and Acting Comptroller, to the effect that "in pursuance of the provisions of section 149 of the Greater New York Charter, I hereby certify that there remains unapplied and unexpended a balance of the fund applicable to this contract and sufficient to pay the estimated expense of executing the same, viz., \$9,850; that the aggregate of the payments made under said contract was the sum of \$13,362.84, and that a final estimate was prepared showing a balance due to said contractors for the sum of \$2,508.56.

Claims Nos. 52770 and 53872 for \$30,879.40.

The said John Fox & Co. make claim for a further sum of \$30,789.40, with interest, alleged to be due, as the value of labor and materials supplied to the Aqueduct Commission in pursuance of another contract bearing date of 2d of November, 1903. It is alleged by the claimants that by the said contract they undertook to supply the quantities of materials stated below and at prices stated, namely:

17 A, each, 2 feet 1½ inches by 8 feet, double sluice gates, short stem.....	\$2,225 00
15 AA, each, 2 feet 1½ inches by 8 feet, double sluice gates, long stem.....	2,440 00
1 AAA, each 2 feet by 8 feet, double sluice gates, long stem.....	2,200 00
19 b, each, 2 feet 6 inches by 5 feet, single sluice gates, long stem.....	1,150 00
4 bb, each, 2 feet 6 inches by 5 feet, single sluice gates, short stem.....	1,125 00

23 g, ton special castings.....	200 00
\$1,100 h lump sum, necessary pumping or bailing.....	1,100 00

—that the materials provided for by the said contract were supplied in accordance with it, and from time to time the Aqueduct Commissioners and their Chief Engineer made requisitions upon your petitioners as such contractors, under the provisions of such contract, for additional material until amounts supplied were as follows:

17 A, each, 2 feet 1½ inches by 8 inches, double sluice gates, short stem	
15 AA, each, 2 feet 1½ inches by 8 inches, double sluice gates, long stem	
1 AAA, each, 2 feet by 8 feet, double sluice gates, long stem

1819 f, linear feet ladders (for chambers)	
215.170 g, ton special castings	
\$1,100 h lump sum necessary pumping or bailing;	

—that the materials called for by the final requisitions were supplied on October 5, 1905; that "from time to time payments were made by the City on account of materials furnished; such payments amounted to \$126,525.20, and were made by the City without question," and "included in part the materials which had been supplied in excess of the quantities provided for by the original specifications"; that "after payments for materials in excess of the specifications had been made further requisitions of additional materials in excess of the specifications were ordered by the Aqueduct Commissioners and paid for by the City"; that "these additional special castings were furnished from time to time in small quantities, and it was rarely that two orders were similar, the plans were frequently changed, and each change of plan required new patterns as well as a large amount of special machining and fitting"; that on the 9th of October, 1906, a final estimate of materials, castings, payments made and balance due was made up by the Aqueduct Commissioners, as follows:

17 A, each, 2 feet 1½ inches by 8 feet, double sluice gates, short stem, at \$2,225.....	\$37,825 00
15 AA, each, 2 feet 1½ inches by 8 feet, double sluice gates, long stem, at \$2,440.....	36,600 00

E. & O. E.,

HARRY W. WALKER, Secretary.

Dated New York, October 9, 1906.

—that "the difference between the estimated quantities and the quantities actually furnished found, after the contract was let, that the flooring in some of the largest gate houses had been omitted in the estimated quantities"; that "on October 9, 1906, the Aqueduct Commissioners, by certificate signed by them, accepted the work and materials furnished and directed payment of \$30,789.40 as a full and final payment, and the Commissioners also adopted a resolution to that effect"; that also on that day the Aqueduct Commissioners certified formally to the furnishing of the materials and to the amount and to the effect that the articles were for construction and necessary, and the quantities and prices were approved as in accordance with the contract, the same being certified for payment; that "the special castings furnished under Item G extended over a period from September 8, 1904, to October 5, 1905," and "prior to the final estimate there were other estimates during this period," and "the final estimate of October 9,

1906, included only 27,604 tons of special castings"; that the following is a statement of the number of estimate, date and quantity of special castings included in each estimate:

	Tons.
Estimate No. 1, September 8, 1904.....	16.00
Estimate No. 2, November 15, 1904.....	7.18
Estimate No. 3, December 6, 1904.....	41.60
Estimate No. 4, January 5, 1905.....	8.30
Estimate No. 5, February 7, 1905.....	30.00
Estimate No. 6, July 18, 1905.....	22.00
Estimate No. 8, November 28, 1905.....	7.00
Estimate No. 9, January 23, 1906.....	12.29
Estimate No. 10, March 20, 1906.....	43.276
	187.566

—that "it thus appears that more than 85 per cent. of the special castings which have been supplied under this contract were supplied more than a year and a half ago, and have been actually paid for by the City." The claimants pray that the Board of Estimate and Apportionment "will inquire into, hear and determine the claim of your petitioners against The City of New York for the sum of thirty thousand seven hundred and eighty-nine dollars and forty cents (\$30,789.40), and interest, and determine and adjudge that the City has received a benefit and is justly and equitably obligated to pay the said claim of your petitioners."

The said Nicholas Engel, upon examination, testified that "we proceeded with the work, furnished all the material called for in the contract and received payment from time to time as the work progressed;" that "the work was fully completed on October 5, 1905, but under a clause in the contract we had to guarantee the work for one year from that date, which made the date of final completion October 5, 1906;" that "at that time the work was finally accepted by the City and the final certificate was issued for the sum of \$30,789.40, showing this amount due to the contractors;" that "there was no dispute as to the amount of material furnished or as to the character of the work performed or value thereof;" that "from time to time, while the work was in progress, we received frequent orders for special castings, floor-plates, channels and floor beams, which we furnished in small quantities, and were paid for the same in the monthly estimates that we received;" that "it was rarely that we received two orders that were similar, as the plans were frequently changed, and each change of the plan for these castings required new patterns and a large amount of special machining and fitting;" that "we were paid for approximately 187 tons of these castings in the several estimates prior to the final estimate," and "also for the ladders in excess of the estimated amount specified in the contract;" that after the actual amount required to be delivered under the contract was delivered, the Aqueduct Commissioners made requisitions for more special castings and other material; that "the aggregate amount of material called for in the contract was \$118,295, and the aggregate amount of material supplied and work performed \$157,314.60, of which \$126,525.20 was paid in estimates made on and prior to March 20, 1906;" that the balance shown to be due by the final estimate was \$30,789.40, payment for which was caused by the excess of material furnished; that 85 per cent. of the special castings which had been supplied under the contract was supplied more than a year and a half previously, and payment was made therefor by the City; that the aggregate amount of estimated from No. 1 to No. 10, inclusive, contained 187,566 tons of special castings; that "the contract was completed on the 5th of October, 1905, and in the estimate of March 20, 1906, being estimate No. 10, we were allowed and paid for, including the previous estimates, 187,566 tons, the remaining 27,604 tons, which were furnished prior to October 5, 1905, were allowed for in the final estimate of October 5, 1906;" that the reason for not including the 27,604 tons in the estimate of March 20, 1906, although they were delivered before that time, was "because we had to guarantee the work for a year, and the final estimates had not been completed when estimate No. 10 was issued."

With report No. 1491 of Chief Engineer William H. Sears, dated the 8th of October, 1906, a copy of which is transmitted herewith, was presented to the Aqueduct Commission the final estimate of work done under the said contract for furnishing, delivering, erecting and placing sluice gates and drain valves, with the necessary lifting machinery, ladders, etc., required at the Jerome Park Reservoir, showing an aggregate of \$157,314.60 payable to the said John Fox & Co. under the contract. In the said report it was stated that "the contract for this work was entered into with John Fox & Co. November 2, 1903, at the prices bid in their proposal, which, based on the estimated quantities of the work to be done, amounted to \$118,295, the Engineers' estimate being \$109,210;" that "the increase in cost is due almost wholly to the fact that the quantity of special castings in the flooring of the gate houses was underestimated, it having been found after the contract was let that the flooring in some of the largest gate houses had been omitted in the estimated quantities;" that "the delays in the construction of the gate houses occasioned corresponding delays in the setting of the apparatus;" that "most of the gates and the material called for in this contract were delivered and much of it placed more than a year ago;" that "the greater part of the gates and valves have been in use since the west basin was completed, October 1, 1905, and have proved satisfactory in all respects during this period of one year, as provided in the contract;" that "the work has been completed and the materials and apparatus furnished and placed in a substantial and workmanlike manner, and in accordance with the contract," and that "no loss or inconvenience was experienced by the City on account of any delay and no direct and computable damages caused to the City by the failure of the contractors to complete the work within the specified time can be shown, and I therefore respectfully recommend that the final estimate be paid in full."

Also transmitted herewith is a certificate signed by four of the Aqueduct Commissioners, dated October 9, 1906, accepting the work and directing payment to the contractors of the sum of \$30,789.40, "in full and final payment for the whole of said work and materials."

From the minutes of the proceedings of the Aqueduct Commissioners it appears that on the 9th of October, 1906, the above report, No. 1491, of Chief Engineer Sears was submitted, and it was "Resolved, That the Aqueduct Commissioners hereby accept the work done and materials furnished by John Fox & Co. under the contract above referred to, and direct that a proper voucher for the final payment therefor be approved and ordered certified to the Comptroller for payment."

In a report transmitted herewith, dated the 2d of November, 1906, made by W. H. Roberts, Assistant Engineer of this department, and approved by Chandler Withington, Chief Engineer, referring to the final estimate showing a payment due to the contractors of \$30,789.40, it is stated that "according to the Engineer's preliminary estimate the total amount of this contract was supposed to be \$118,295," and "the total amount certified by this final payment is \$157,314.60;" that "this increase of \$39,019.60, or 33 per cent., is confined to one item, namely, that of special castings, and the increase in special castings is entirely on the items of cast-iron floor beams, channels and plates;" that "under the contract the contractor receives \$200 per ton for special castings," but "a fair market price for this material is \$120 per ton," and that "I would therefore call attention to the fact that if the excess of material certified over the preliminary estimate were paid at market rates, instead of at the contract price, the contractor would receive \$15,607.84 less than he will if this final payment is made as certified."

In a second report made by Assistant Engineer Roberts, dated December 8, 1906, approved by Chief Engineer Chandler Withington, transmitted herewith, referring to a communication addressed by the claimants to the Comptroller, under date of November 27, 1906, it is stated that "I do not think the contracts quoted in the letter of John Fox & Co. are a fair criterion of what is the market price of special castings, for the reason that each of these contracts is for sluice gates, large valves, and only includes special castings as an item;" that "only two bids were received on each, namely, those of Caldwell-Wilcox & Co. and John Fox & Co.," and "they are both unbalanced bids as would be indicated in the difference of price bid on the item of cast iron pipe as quoted, Caldwell-Wilcox & Co. bidding \$75 per ton and John Fox & Co. bidding \$34 per ton for the same kind of work;" that in contract No. 14344 of Allis-Chalmers Company, contractors, for furnishing, constructing and installing five electrically driven pumps, with all appliances complete for high pressure fire service in a pumping station at the northeast corner of Gansevoort and West streets, it was provided that a price of \$70 per ton should be paid for furnishing and setting all floor castings, iron or

steel supports for piping and all reinforcing steel for concrete, "which is considerably below the amount of \$120 per ton, which I have stated to be a reasonable market price for special castings;" that "in a letter signed by the Chief Engineer of the Aqueduct Commission, no statement is made as to the reasonableness of the price on this item," the Chief Engineer having confined himself "to the statement that he has no discretion as to the prices, and must make the final estimate in accordance with the prices indicated in the contract;" that "in making an unbalanced bid, a contractor always bids higher than the market rate for items on which he has a reason to believe that there will be a greater quantity required than is indicated in the preliminary estimate of the Engineers;" that "if John Fox & Co. expected that there would be an increase on this item they were not disappointed, as the preliminary estimate on contract No. 9026 was twenty-three tons of special castings, and there were actually installed 215.17 tons, and on contract No. 9025 there were twenty-five tons estimated, and 49.197 tons installed," and that "I would add that my price of \$120 per ton was fixed after careful investigation, and my opinion as to its correctness has not changed."

In a report by Chief Engineer Chandler Withington, of this Department, addressed to the Comptroller, dated January 19, 1907, a copy of which is transmitted herewith, attention is directed to the above mentioned report of Assistant Engineer Roberts, dated November 2, 1906, and it is further stated that "while I am still of the same opinion that a fair market price for castings is \$120 per ton, and have verified my opinion by a number of firms, and after a full investigation of the matter, think it but fair to state:

"First—The price, \$200 per ton, was the price received by the City for certain stated work and estimated in the contract.

"Second—The increase on this item of special castings was due to an error by the Aqueduct Commission, and the contractor was duly ordered by the Engineer in charge to furnish the additional castings; while no price was fixed for the additional work, it was tentatively understood by both parties that the price to be paid was the contract price, \$200 per ton.

"Third—I also find that the most of this additional work was passed by this Bureau in the last payment. Therefore, since the City is responsible for whatever errors or mistakes have been made, I think it for the best interests of the City that the claim be paid in full, and would so advise."

In a second communication by Chief Engineer Withington, dated November 12, 1907, transmitted herewith, it is stated that "it will be seen by my report, dated January 19, 1907, that I believe, taking all the circumstances into consideration, that the claim should be paid in full."

From the records of this Department it appears that contract No. 9026, dated November 2, 1903, was executed by John Fox and Nicholas Engel, composing the firm of John Fox & Co., "for furnishing, delivering, erecting and placing sluice gates and drain valves, with the necessary lifting machinery, ladders, etc., required at the Jerome Park Reservoir, together with all work incidental thereto;" that the estimated cost of said work was \$118,295; that attached to said contract was a certificate signed by N. Taylor Phillips, Deputy and Acting Comptroller, to the effect that "in pursuance of the provisions of section 149 of the Greater New York Charter, I hereby certify that there remains unapplied and unexpended a balance of the fund, Additional Water Fund, applicable to this contract sufficient to pay the estimated expense of executing the same, viz., \$118,295;" that aggregate payments have been made under the said contract amounting to \$126,525.20, and that a final estimate has been made showing a balance of \$30,789.40 due to the said contractors.

A copy of a report, No. 1645, made by Chief Engineer Sears to the Aqueduct Commissioners, dated October 31, 1907, is transmitted herewith. General reference is made to the demands of John Fox & Co. under the two contracts above mentioned. In said report it is further stated that "I have gone into the matter again in detail and I am still of the opinion that the work mentioned in the foregoing claims is a part of the work covered by the contract and that it has been done in accordance with the terms of the same, as stated." Subsequently thereto, under date of the 8th of November, 1907, report No. 1646 was addressed by Chief Engineer Sears to the Aqueduct Commissioners in reference to the final estimates under the two contracts above mentioned. It is therein stated that "an examination of these contracts indicates that by far the most important and essential portion of the same was the furnishing of the great 8-foot sluice gates and the 48-inch stopcock valves and other gates and valves of smaller sizes required for installation in the different gate chambers which were to be constructed under the contract with McDonald & Onderdonk for the construction of the Jerome Park Reservoir;" that "in addition to these main items of the contract, there was also an item for special cast iron castings, including the necessary materials and labor required to furnish, fit, place, paint and put them in complete order in the chambers of the gatehouses," and "the special cast iron castings included also flange pipe connections, special wall brackets or any other castings not pertinent to the stopcock gearing;" that "this item in both contracts was intended to cover all necessary work and materials of this class required to put the gate chambers in such a condition that the main portion of the contract, namely, the water gates, could be properly and conveniently handled and operated;" that "it is obvious that the time for placing the gates in these structures must depend upon the progress made in building the gatehouses themselves, inasmuch as the gates and castings could not be properly set except at the proper stage of construction;" that "the amount or quantity of the various items mentioned in the contracts was only approximate" and "the notice to the contractors specifically states that the quantities are approximate only;" that "this statement is virtually repeated in the body of both contracts, it being expressly mentioned that the quantities stated in the advertisement are for the purpose of comparing on a uniform basis the bids offered for the work under the contract;" that "gates and valves were furnished and set from time to time as required in the earlier part of the execution of the contracts;" that "the detail drawings for the special castings for the floor construction required were prepared later on as the work progressed and these were among the last to be furnished;" that "in the execution of the contract many of the items remain the same as when advertised" but "it was found, however, by the Chief Engineer to be for the best interests of the City to change the number or quantities of some of the items" so as to call for one additional 20-inch stopcock valve, three additional 12-inch stopcock valves and one additional 6-inch stopcock valve, and some of the items were reduced; that additional ladders were found to be necessary in some of the gate chambers and also from the bottom to the top of the main reservoir to provide access to the surface of the water in case of emergency, and the items for special castings were very largely increased; that "the amounts given in the list of quantities may have been a lump sum or some quantities which should have been included, may have been inadvertently overlooked;" that "the specifications indicate that this item was intended to cover all necessary castings required in putting the gate chambers into proper condition and include flange pipe, floor beams and plates, wall brackets, etc.," and it would be difficult to estimate exactly the amount or quantity of this item which would be required; that "changes were likely to be made and, in fact, were made in the design of some of these gate chambers and the plans might have been very largely modified so as to entirely omit certain quantities which were eventually included;" that "there being only one bid received, no difference in the final estimate would have been made had the preliminary estimate of the quantities been exact;" that "in the details of this special item of castings a very great amount of pattern work was required compared with the weight of the castings furnished;" that "the flooring of each gatehouse was entirely different from every other and the floor plates were designed to fit the location of the various gates in each case, so that the latter could be properly handled and controlled;" that "the work was done in accordance with the drawings and specifications, it was put in place as promptly as circumstances would admit and no delay on this account was occasioned to the City;" that the work was of an unusual character and the amount of materials and machinery required depended upon the design of other parts of adjacent construction and it was therefore impossible to make even approximate estimates of the amounts or quantities required; that much of the material was relatively costly per unit of weight and all of the work performed was absolutely necessary for the completion of the gatehouses and their appliances and the performance of the contracts; that for all parts of the work covered by these contracts, the costs have been reasonable, the City has enjoyed the use of considerable portions of the materials and labor covered by the contracts for at least two years and the entire work was completed more than a year prior to the date

of the said report, and that "under these circumstances it is the judgment of the Chief Engineer that the final estimates should be paid."

It appears that the above mentioned contracts were entered into on behalf of the City by the Aqueduct Commissioners pursuant to the provisions of Chapter 490 of the Laws of 1883. In section 24 et seq. thereof it was provided that all work to be performed to provide new reservoirs, dams and new aqueducts, with appurtenances thereto, for the purpose of supplying the City with an increased supply of pure and wholesome water, should be performed upon contract duly approved as to form, after public letting and public bidding thereon, to the lowest bidder. Section 30 prescribed the manner in which contracts, when so awarded, should be executed, that the work performed and materials furnished should be under the supervision of the Aqueduct Commissioners and further that "in no event shall The City of New York be held in any action or proceeding brought or had under any contract so made to any other or greater liability than that expressed therein, nor required to pay out or otherwise dispose of any sum of money for the doing of such work or the furnishing of such material greater than is stipulated in such contract nor otherwise than in strict conformity to the terms thereof." Section 33 provided: "All work hereby authorized to be done and all materials hereby authorized to be furnished, involving an expenditure of over one thousand dollars, shall be procured by contract, made in the manner required by and pursuant to the provisions of this act. * * *

The said Aqueduct Commissioners may procure any work to be done without contract, not involving an expenditure of over five thousand dollars if they shall certify that, in their opinion, it is for the public interest that such work shall be done; and in such certificate they shall state their reasons therefor."

Your attention is directed to the case of the Caldwell-Wilcox Company, which entered into contract No. 10918 for furnishing, erecting and placing sluice gates, etc., at the New Croton Dam, town of Cortlandt, Westchester County. The estimated cost of the contract was \$87,320, and attached to the contract was the Comptroller's certificate that there remained an unexpended balance of that amount applicable to the contract. It was shown that considerably more work was done than was estimated, the increase being from \$87,320 to \$121,510.83. A voucher for a final payment of \$14,171.72 was prepared and also a certificate of acceptance dated October 2, 1906, to the effect that the Caldwell-Wilcox Company having completely performed the provisions of the contract, the Aqueduct Commissioners accepted the work done and materials furnished and directed payment of that amount to the contracting company in full and final payment thereof.

The matter having been referred to the Corporation Counsel, a communication dated the 24th of January, 1907, signed by Acting Corporation Counsel G. L. Sterling, was transmitted to the Comptroller, in which it was stated that "A contract having been entered into and the items having been bid for, and the prices having been agreed upon for the items, the contractors, if the work has been performed satisfactorily, are entitled to be paid, if at all, at the contract price, or else they are not entitled to be paid anything at all;" that "the increase of the estimated price of performing the contract has been from \$87,320 to \$121,510.83" and "it does not appear that this extra work has been done upon certificates authorized pursuant to the provisions of section 33 of chapter 490 of the Laws of 1883;" that "it seems, therefore, quite clear that under the provisions of section 30 of said act * * * the City would not be justified in paying any sum in excess of the estimated amount of said contract, namely \$87,320;" that "a similar question was heretofore before the Court of Appeals in the case of O'Brien & Clark vs. the Mayor, 139, N. Y., 543, in which case Judge Peckham reviewed the matter very thoroughly and expressed the opinion of the Court that a contractor could have no claim for any greater amount than is stipulated in the contract," and that "I, therefore, advise you that you should not pay this voucher."

The opinion of Acting Corporation Counsel Sterling in the case of the Caldwell-Wilcox Company appears to be decisive as to the illegality of these claims of John Fox & Co., on the technical grounds that the amounts are in excess of the estimated cost of the work and that no contract for the excess was made in the manner prescribed by chapter 490 of the Laws of 1883. It does appear, however, that the City has received a benefit from the material furnished and labor performed to the extent of the value of the excess over the quantities called for by the contracts. It is to be noted that although several reports by Assistant Engineer Roberts of this Department, approved by Chief Engineer Withington, stated that \$120 per ton was a fair market price for special castings, the Chief Engineer in two subsequent reports dated the 19th of January, 1907, stated that he thought the claims should be paid in full and so advised, and these reports have been approved by the Comptroller. If, therefore, the compensation for these special castings be computed at the contract price of \$200 per ton, there would be payable under claims Nos. 52769 and 53873 the sum of \$2,508.56, and under claims Nos. 52770 and 53872 the sum of \$30,789.40.

It is respectfully recommended that this report be submitted to the Comptroller for his information and for such action as he may deem proper under chapter 601 of the Laws of 1907.

Respectfully,
JOS. L. HANCE, Auditor of Accounts.

J. T. MAHONY, Chief, Bureau of Law and Adjustment.

Bronx River Works, Maintenance and Repairs—Salaries and Wages..	3,080 95
Repairing and Renewal of Pipes, etc., Salaries and Wages.....	44,842 23

Total..... \$76,355 23

Adopted by the Board of Aldermen August 27, 1907, three-fourths of all the members voting in favor thereof, having been first advertised as required by law.

Received from his Honor the Acting Mayor September 17, 1907, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

P. J. SCULLY, Clerk.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
November 14, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—I beg to submit the following report on the application of the Department of Water Supply, Gas and Electricity for an issue of Special Revenue Bonds to the amount of seventy-six thousand three hundred and fifty-five dollars and twenty-three cents (\$76,355.23) for the purpose of replenishing the Budget appropriations of that Department for the current year, i. e.:

Maintenance of Croton Water System, Salaries and Wages.....	\$28,432 05
Bronx River Works, Maintenance and Repairs, Salaries and Wages.....	3,080 95
Repairing and Renewal of Pipes, etc., Salaries and Wages.....	44,842 23

Total..... \$76,355 23

On August 27, 1907, the Board of Aldermen adopted a resolution requesting the Board of Estimate and Apportionment to authorize the Comptroller to issue Special Revenue Bonds in the amount and for the purposes stated above.

At a meeting of the Board of Estimate and Apportionment, held on September 20, 1907, the above mentioned resolution was referred to the Comptroller for consideration and report and by you was assigned to the Bureau of Municipal Investigation and Statistics for examination.

The following statement shows the departmental estimates and the Budget allowances for the foregoing appropriation accounts for 1907:

	Estimate for 1907.	Budget Allowance for 1907.	Budget Allowance Below Estimate.
Maintenance of Croton Water System—Salaries and Wages	\$289,519 50	\$245,000 00	\$44,519 50
Bronx River Works—Maintenance and Repairs, Salaries and Wages	29,187 50	25,000 00	4,187 50
Repairing and Renewal of Pipes, etc.—Salaries and Wages	385,792 50	280,000 00	105,792 50
Totals.....	\$704,499 50	\$550,000 00	\$154,499 50

The records of the Department show the following disbursements for salaries and wages from the above appropriation accounts, respectively, for the years 1904, 1905 and 1906, and up to the week ending October 9, 1907:

	1904.	1905.	1906.	1907, to October 9.
Maintenance of Croton Water System—Salaries and Wages.....	\$172,000 00	\$216,493 43	\$254,744 20	\$213,306 37

* Decrease.

The total annual wage cost of these three appropriation accounts, at the rate that prevailed on October 30, 1907, would be (\$12,461.45 x 52 1-7) \$649,775 61. The Budget allowance for 1907 amounted to..... 550,000 00

Annual wage cost, as per October 30, payroll in excess of Budget allowance for 1907..... \$99,775 61

The payrolls for the last week in October and in December, 1906, and in January, March, June and October, 1907, which may be taken as fairly representative periods, reflect the increases in the weekly wage cost, as per statement appended, and marked Schedule "A."

On January 30, March 27, June 26 and October 30, 1907, the weekly payrolls for the three appropriation accounts under consideration were in excess of the weekly allowances to the extent shown below:

	January 30, 1907.	March 27, 1907.	June 26, 1907.	October 30, 1907.
Repairs to pipes stopcocks, etc.....	\$842 96	\$1,237 61	\$1,375 18	\$1,366 76
Maintenance of Croton Water System....	334 07	542 84	579 84	533 12
Bronx River Works.....	47 05	62 85	97 35	101 85

The Budget allowances for these accounts for 1908 are at about the present level of Departmental expense, although the items are differently segregated in the Budget for the next year. These allowances were granted because of the danger of curtailment in the one instance, that of Maintenance, Croton Watershed, of an amount more than half of which is used to protect the watershed from contamination. The admission of a very small amount of typhoid infection into the City's water system would do a damage not calculable in dollars. In the instance of another account, namely, Repairs and Renewals of Pipes, etc., the curtailment of force might expose the City to enormous losses through failure to promptly repair breaks in the large mains or in failure to keep the general system of distribution in order.

I therefore respectfully recommend the approval of the Commissioner's request, but with the suggestion that every effort possible be made to retrench where retrenchment can be had without danger to the public.

Yours respectfully,

CHARLES S. HERVEY,
Supervising Statistician and Examiner.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Comptroller presented the following communications recommending the purchase at \$40,000, of property known as No. 44 Centre street, Manhattan, for bridge purposes.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
October 23, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—The City of New York by a resolution of its Board of Estimate and Apportionment directed that certain property located in the Borough of Manhattan be acquired as an extension to the Brooklyn Bridge, in the Borough of Manhattan. Included within the area of the property to be taken is the block bounded by Centre, Pearl and Park streets, and within the area of said block is a parcel of land 22 feet 4 inches in width fronting on Centre street, 25 feet in width fronting on Park street, the northerly line of said lot being 48 feet 4 inches, the southerly line being 36 feet 3 inches, known as Lot No. 13 in Block 158, Section 1, on the Tax Maps of the Borough of Manhattan, for the purposes of taxation. Upon this lot is erected a 4-story building, brick and iron.

The property is owned by Mrs. Eliza Guggenheimer as sole executrix and devisee under the last will and testament of Randolph Guggenheimer, deceased, and is occupied by Michael E. O'Connor and James M. Glen, under a lease bearing date November 28, 1905, running for a period of four years from May 1, 1906, at an annual rental of \$1,500, the tenants paying the water rents.

In the lease is a clause reading as follows:

"It is furthermore understood and agreed by and between the parties hereto (that is, between the lessee and Guggenheimer) that if the whole or any part of the premises hereby demised shall be taken by the City or State authorities for public uses or purposes during the term hereby granted, this lease shall immediately become null and void, and the rent, properly apportioned from the time that possession of the whole or any part of said premises so taken shall be required for said public uses or purposes, shall be paid up to that date."

Mrs. Guggenheimer offers to sell the same to the City for the sum of \$40,000, but she states that the City is to take the property subject to any legal rights which the tenants may have in said lease.

The Board of Estimate and Apportionment at a meeting directed that title to the block mentioned should vest in The City of New York on October 8, 1907, and the City, by action of said resolution, is now the owner of the premises, and whatever we acquire from Mrs. Guggenheimer must be her right, title and interest in and to any award that may be made by the Commissioners in the proceedings. The price being reasonable and just, and having met with the approval of the Corporation Counsel in charge of the proceedings, I would respectfully recommend that the Board of Estimate and Apportionment approve said purchase and authorize you to enter into contracts for the acquisition of all the right, title and interest of Mrs. Guggenheimer, as sole executrix and devisee under the last will and testament of Randolph Guggenheimer, deceased, in and to said property and in and to any award to be made by the Commissioners in the condemnation proceedings now pending, at

a price not exceeding \$40,000, said devisee to deliver said conveyance free and clear of all incumbrances, such as mortgages, taxes, assessments, water rates and other liens, subject, nevertheless, to the legal right, if any, of Michael E. O'Connor and James M. Glen, or their assigns, under a certain lease dated November 28, 1905, made between Randolph Guggenheimer as lessor and the aforesaid O'Connor and Glen as lessees, running for a period of four years from May 1, 1906, at an annual rental of \$1,500, which said lease is recorded in the Register's office of the County of New York.

Contracts, when entered into, to be submitted to the Corporation Counsel for his approval as to form.

The property which is to be acquired from Mrs. Guggenheimer is more technically described in a resolution which is hereto annexed.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance

CHARLES D. OLENDORF, Assistant Corporation Counsel.

H. A. METZ, Comptroller.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
November 19, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—There was presented to the Board of Estimate and Apportionment at its last meeting, Friday, November 15, a report and resolution in the matter of the acquisition of the premises No. 44 Centre street, Borough of Manhattan, for the use of the Commissioner of the Department of Bridges as an addition to the approach of the Brooklyn Bridge. At that meeting the Board laid over the matter of its acquisition. I desire to call your attention to the proposition made by Messrs. Guggenheimer, Untermyer & Marshall, of No. 37 Wall street, New York, upon which the report was based. It seems that the Honorable Randolph Guggenheimer, in his lifetime, offered to sell the property, of which he was the owner, to the City at private sale for the sum of \$40,000. At that time it had not been definitely determined that the City would require the two parcels included in the original proceedings of the Board of Estimate and Apportionment, and no action was taken thereon. Subsequently Mr. Guggenheimer died, and Mrs. Guggenheimer, as executrix and sole devisee, again presented the matter to the City, and she stated that although she had been offered more money for the property than the price put upon it by Mr. Guggenheimer, she was satisfied that Mr. Guggenheimer, had he lived, would carry out the proposition made to the City.

The matter was referred to the Corporation Counsel, and his experts in the condemnation proceedings examined the property and reported to you that in their opinion the City should acquire the property at private sale rather than by condemnation proceedings.

The proposition of Mrs. Guggenheimer, as conveyed to this office by her son, is that the City not only should give them a definite answer as to whether it is its intention to buy the property at \$40,000, but that a definite time should be fixed when title should pass to the City, the time being the essence of the contract.

I would respectfully request, inasmuch as the papers presented to the Board of Estimate and Apportionment for the approval of the Assistant Corporation Counsel in charge of the proceedings to acquire this property, that the Board of Estimate and Apportionment approve of the acquisition of the same without delay. I desire to go on record as stating that I have been informed that unless the City fixes a definite time at which they will take this title, the proposition of Mrs. Guggenheimer will be withdrawn, and the property will be sold for cash on a proposition now lying in the office of the attorneys, the amount of the purchase price being \$45,000. I see no reason why Mrs. Guggenheimer should lose \$5,000 in the matter of the sale of her property by awaiting the pleasure of The City of New York, and I think she has done all that possibly could be done or that Mr. Guggenheimer would have done in holding the proposition open as long as it has been. When I use the term "sell the property," I mean sell all of her right, title and interest in and to any award, the City being the owner of the fee title at the present time by resolution of the Board of Estimate and Apportionment.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

H. A. METZ, Comptroller.

The following resolution was offered:

Whereas, The Board of Estimate and Apportionment having heretofore by resolution laid out and authorized the acquisition of certain property in the Borough of Manhattan as an extension of the westerly or Manhattan terminal of the New York and Brooklyn Bridge, for the better accommodation of pedestrians, vehicles and railroad passengers using said bridge or terminal; and

Whereas, On June 28, 1907, this Board did by resolution authorize the vesting of title on October 8, 1907, of all the property in the block bounded by Centre street, Pearl street and Park street; and

Whereas, The Comptroller has reported to this Board that he can acquire one of the parcels within the area of said block at private sale at a price of \$40,000, and believes that the best interests of the City will be served by doing so; therefore be it

Resolved, That the Comptroller be and he hereby is authorized to enter into contracts at a price not exceeding forty thousand dollars (\$40,000) for the acquisition of all the right, title and interest of Mrs. Guggenheimer, as sole executrix and devisee under the last will and testament of Randolph Guggenheimer, deceased, in and to any award to be made by the Commissioners in the condemnation proceedings now pending, and in and to all that certain lot, piece or parcel of land situate, lying and being in the Borough of Manhattan, City and County of New York, bounded and described as follows:

All that certain lot of land in the Borough of Manhattan, New York City, with the buildings thereon, situate on the northerly side of Park street and extending through to Centre street, and bounded and described as follows:

Beginning at a point on the northerly side of Park street, distant 98 feet 1 inch westerly from the intersection of the northerly side of Park street and the westerly side of Pearl street, and running thence northerly 48 feet 4 inches to a point on the southeasterly side of Centre street, distant 74 feet southwesterly from the intersection of the southeasterly side of Centre street and the westerly side of Pearl street; thence southwesterly along the southeasterly side of Centre street 22 feet 4 inches; thence southerly 36 feet 3 inches to the northerly side of Park street; thence easterly along the northerly side of Park street 25 feet to the point or place of beginning, together with all the right, title and interest of the owner of said premises of, in and to the streets in front thereof to the centre thereof; being designated as No. 44 Centre street on the map of property in the Sixth Ward of The City of New York, belonging to the estate of Jacob J. Janeway, deceased, dated April 20, 1866. Surveyed as in possession by Samuel E. Holmes, City Surveyor.

—said contracts when entered into to be submitted to the Corporation Counsel for his approval as to form.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens and Richmond—14.

Negative—The President of the Borough of Brooklyn—2.

The Comptroller presented the following requisition of the Public Service Commission, First District, for an appropriation of \$121,000 for expenses and for compensation of the employees of said Commission for the remainder of the year, ending December 31, 1907:

STATE OF NEW YORK,
PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,
TRIBUNE BUILDING, No. 154 NASSAU STREET,
NEW YORK, November 18, 1907.

To the Board of Estimate and Apportionment of The City of New York:

Requisition is hereby made upon you, pursuant to the provisions of section 14 of chapter 429 of the Laws of 1907, and section 10 of chapter 4 of the Laws of 1891, as amended, by the Public Service Commission for the First District, for the sum of one hundred and twenty-one thousand dollars (\$121,000), which is requisite and necessary to enable the said Public Service Commission for the First District to do and perform, or cause to be done and performed, the duties in the said acts prescribed, and to provide for the expenses and compensation of the employees of such Commission.

Appended hereto is a copy of the resolution of the Public Service Commission for the First District, authorizing the signing of this requisition, and a communication showing the purposes to which it is intended to apply the appropriation for which requisition is now made.

In witness whereof, the Public Service Commission for the First District has caused this requisition to be subscribed by its Chairman and Secretary, and its official seal to be hereto affixed this 18th day of November, 1907.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,

JOHN E. EUSTIS, Acting Chairman.

TRAVIS H. WHITNEY, Secretary.

STATE OF NEW YORK,
PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,
TRIBUNE BUILDING, No. 154 NASSAU STREET,
NEW YORK, November 18, 1907.

Board of Estimate and Apportionment of The City of New York:

Gentlemen—On December 27, 1906, the Board of Rapid Transit Railroad Commissioners prepared and submitted to you a requisition under the provisions of section 10, chapter 4 of the Laws of 1891, as amended, known as the Rapid Transit Act, for the sum of \$826,500, the amount requisite and necessary to enable the said Board properly to do and perform or cause to be done and performed the duties prescribed by the said statute.

There was transmitted therewith an itemized statement showing the probable amount of the expenditures of the Board during the year ending December 31, 1907, which for reference is here included, and is as follows:

General Office.	
Office and telephone rentals.....	\$2,300 00
Salaries	8,620 00
Furniture	580 00
Printing, stationery and supplies.....	10,000 00
Disbursements, employees and counsel.....	10,000 00
Counsel fees	20,000 00
Compensation and expenses of special commissions.....	50,000 00
Advertising	50,000 00
Real estate searches and appraisals.....	10,000 00
Contingencies	25,000 00
	\$186,500 00
Engineering Department.	
Engineering instruments and supplies.....	\$7,500 00
Office and telephone rentals, lighting, etc.....	25,000 00
Salaries	575,000 00
Disbursements	8,000 00
Furniture	1,500 00
Printing, stationery, supplies, etc.....	4,500 00
Maps, plans, prints and photographic supplies.....	3,500 00
Contingencies and rapid transit studies.....	15,000 00
	640,000 00
Total.....	\$826,500 00

In pursuance with the above, the Board of Estimate and Apportionment on January 25, 1907, appropriated the sum of \$742,500, which was \$84,000 less than the sum estimated and petitioned for, this being done, as the Auditor of the late Board states, upon the recommendation of the City Comptroller, who said that the amount so deducted would be appropriated at a later date if found to be needed.

The Board of Rapid Transit Railroad Commissioners was abolished, and went out of office under the provisions of chapter 429 of the Laws of 1907, and the Public Service Commission for the First District, appointed under the provisions of the said act, has been vested thereby with all the powers and duties of the said Board of Rapid Transit Railroad Commissioners and with other powers as specified in that act.

The expenditures during the portion of the year so far proves that the appropriation of \$742,500 is inadequate, and that the sum of \$84,000 so deducted from the original requisition made by the Board of Rapid Transit Railroad Commissioners under date of December 27, 1906, will be required.

The Public Service Commission for the First District, for the necessary additional bureaus and the necessary additional offices, service and supplies, and for necessary investigations of various railroads, requires at this time a further sum of \$25,000.

At a term of the Appellate Division of the Supreme Court on the 8th day of November, 1907, upon application of the members of the late Board of Rapid Transit Railroad Commissioners for an order fixing their compensation for duties performed by them under the Rapid Transit Act between January 1, 1907, to and including June 30, 1907, an order was made, and on November 14, 1907, duly filed, fixing their compensation at sums which in the aggregate amounted to \$12,241.64 for the period aforesaid.

The Public Service Commission for the First District therefore respectfully transmits herewith a requisition to the Board of Estimate and Apportionment for the sum of \$121,000 to cover said requirements for the rest of the year ending December 31, 1907.

Very truly yours,

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,

By JOHN E. EUSTIS, Acting Chairman.

At a session of the Public Service Commission for the First District, held at Tribune Building, No. 154 Nassau street, Borough of Manhattan, City of New York, on the 18th day of November, 1907.

Present—John E. Eustis, Acting Chairman. William McCarroll, Edward M. Bassett and Milo R. Maltbie, Commissioners.

The following resolution was offered, and, on motion, adopted:

Resolved, That the Chairman and Secretary of the Public Service Commission for the First District be and they hereby are authorized to make requisition on the Board of Estimate and Apportionment for the sum of one hundred and twenty-one thousand dollars (\$121,000), which is necessary, in addition to the amount previously appropriated, to cover the requirements of the Public Service Commission for the First District for expenditures for the rest of the year ending December 31, 1907, and to execute and sign a formal requisition and communication, which are herewith presented:

State of New York, County of New York, ss.:

I, Travis H. Whitney, Secretary of the Public Service Commission for the First District, do hereby certify that I have compared the above with the original order adopted by the Commission, and that it is a correct transcript therefrom and of the whole of the original.

In testimony whereof I have hereunto subscribed my hand and affixed the seal of the Commission this 19th day of November, 1907.

[SEAL.]

TRAVIS H. WHITNEY, Secretary.

The Comptroller offered the following resolution:

Resolved, That, pursuant to the provisions of section 10 of chapter 4 of the Laws of 1891, as amended, and section 14 of chapter 429 of the Laws of 1907, the sum of fifty thousand dollars (\$50,000) be and hereby is provided for the purpose of covering the requirements of the Public Service Commission for the First District for the balance of the year 1907, contained in the requisition of said Commission, duly made by the Chairman and Secretary thereof, on November 19, 1907, and that the unexpended balance of any previous appropriation made by this Board upon the requisition of said Commission, or by the former Board of Rapid Transit Railroad Commissioners, be applied to the same purpose; and

Resolved, That for the purpose of providing for the payment of so much thereof as is in excess of said unexpended balance, the Comptroller be and hereby is authorized and directed to issue and sell Special Revenue Bonds of The City of New York to an amount not exceeding fifty thousand dollars (\$50,000), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Comptroller presented the following resolution of the Board of Aldermen requesting the issue of \$191,177.02 Special Revenue Bonds to meet deficiencies in the Department of Street Cleaning.

In the Board of Aldermen.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to an amount not to exceed one hundred and ninety-one thousand one hundred and seventy-seven dollars and two cents (\$191,177.02), the proceeds whereof to be applied to meet deficiencies in the Department of Street Cleaning.

Adopted by the Board of Aldermen November 12, 1907, three-fourths of all the members voting in favor thereof, having been first advertised as required by law.

Approved by the Mayor November 22, 1907.

P. J. SCULLY, Clerk.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution of the Board of Aldermen adopted November 12, 1907, and approved by the Mayor November 22, 1907, in relation to an appropriation of one hundred and ninety-one thousand, one hundred and seventy-seven dollars and two cents (\$191,177.02), to meet deficiencies in the Department of Street Cleaning, and that for the purpose of providing means therefor, the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York, to the amount of one hundred and ninety-one thousand, one hundred and seventy-seven dollars and two cents (\$191,177.02), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Comptroller presented communications as follows:

From the District Attorney, New York County, requesting an issue of \$15,000 Special Revenue Bonds to provide additional means to properly conduct the criminal action against Harry K. Thaw.

Claim of Woesthoff & Kies (chapter 601, Laws 1907) for \$569.68 for labor and materials furnished in fitting up offices of the Topographical Bureau, Borough of Queens.

Which were referred to the Comptroller.

The Comptroller presented communications requesting the establishment of positions and of additional grades of positions as follows:

From the Board of Trustees, College of The City of New York, requesting the fixing of salary of Secretary to the President at \$2,100 per annum.

From the Board of Trustees, College of The City of New York, requesting the fixing of salary of position of Pipefitter at \$4.75 per diem, to take effect October 1, 1907.

From the Board of Trustees, College of The City of New York, requesting the fixing of salary of position of Stenographer at \$1,050 per annum, and calling attention to the previous request for the fixing of salaries of positions of Assistant Librarian at \$1,950, and Clerk at \$750 per annum.

From the Surrogate, Kings County, requesting the fixing of salaries of positions of Assistant Administration Clerk at \$1,950, Assistant Probate Clerk at \$1,950, Calendar Clerk at \$1,800, Clerk at \$1,300, Assistant Accounting Clerk at \$1,450, Chief Court Attendant at \$1,800, Court Attendant at \$1,500, Assistant Chief of Records at \$1,350, Recording Clerk at \$1,050, Stenographer's Amanuensis at \$1,050, and Clerk and Stenographer to Chief Clerk at \$1,050 per annum.

Which were referred to a Select Committee, consisting of the Comptroller and the President, Board of Aldermen.

The Comptroller presented the following:

Report of the Committee on Salaries and Offices, Board of Aldermen, adopted by said Board, recommending that the resolution adopted by the Board of Estimate October 18, 1907, relative to establishing the position of Automobile Engineman in the Bureau of Supplies, Board of Education, at \$1,500 per annum, for one incumbent, be returned to said Board of Estimate, in order that the title of the position read "Auto-truck Engineman and Mechanic."

In the Board of Aldermen.

The Committee on Salaries and Offices, to whom was referred, on October 22, 1907 (Minutes, page 229), the annexed resolution, in favor of fixing salary of Automobile Engineman, Department of Education, at \$1,500 per annum, respectfully reports:

Commissioner John A. Wilbur and Mr. Patrick Jones, Superintendent of Supplies, appeared before the committee. The committee also had the benefit of the report of Mr. Hervey, Chief Statistician and Examiner of the Comptroller's Bureau of Investigations, which was the basis of the action of the Board of Estimate and Apportionment, and a letter from Commissioner Barrett, Chairman of

the Committee on Supplies of the Board of Education, addressed to the President of that Board, and referred by him to the President of the Board of Aldermen. From these sources the committee learns that a very competent man was employed by the Committee on Supplies to run the auto-truck purchased during the past summer, and that the experiment in regard to the use of the truck met the expectations of the committee. Through a misunderstanding of information derived from the office of the Civil Service Commission the Committee on Supplies exceeded its authority in employing the Engineman, in that the position had not been established nor a salary fixed therefor. When the mistake was discovered the employee was laid off and application was made to the Board of Estimate and Apportionment for the adoption of the necessary resolution. It seems that the work required of this employee is greater than that demanded of the ordinary chauffeur who is designated on the City payrolls as Automobile Engineman. He runs a commercial wagon of large power and capacity; he is charged as a mechanic with the duty of keeping it in repair; he is in charge of the supplies which are transported on the truck, and he assists in delivering and assorting them. The committee is convinced that under the circumstances the salary asked is a proper one, but as it has hitherto determined \$1,200 to be the prevailing rate of wages, it feels that a distinguishing title should be found for this man. It suggests as a proper title "Auto-truck Engineman and Mechanic."

The committee recommends that the Board of Aldermen return the resolution to the Board of Estimate and Apportionment for change of title merely, and that when the resolution is transmitted again to the Board of Aldermen it be adopted without reference to this committee.

Whereas, The Board of Estimate and Apportionment, at a meeting held October 18, 1907, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of the position of Automobile Engineman in the Bureau of Supplies, Board of Education, with salary at the rate of fifteen hundred dollars (\$1,500) per annum, for one incumbent."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of the above position as set forth therein.

Committee on Salaries and Offices.

The Comptroller, as Chairman of the Select Committee on Salaries, consisting of the Comptroller and the President of the Board of Aldermen, on behalf of said committee, offered the following resolution, to which the President of the Board of Aldermen agreed.

Resolved, That the resolution adopted by the Board of Estimate and Apportionment October 18, 1907, which reads as follows:

"Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of the position of Automobile Engineman in the Bureau of Supplies, Board of Education, with salary at the rate of fifteen hundred dollars (\$1,500) per annum, for one incumbent,"

—be and the same is hereby amended by striking therefrom the words "Automobile Engineman" and inserting in place thereof the words "Auto-truck Engineman and Mechanic."

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Comptroller presented communications relative to the establishment of positions and of additional grades of positions, etc., as follows:

From the Commissioner of Parks, Boroughs of Brooklyn and Queens, withdrawing his request of February 16, 1907, for the establishment of the positions of Draughtsman at \$1,500 per annum, and Transitman and Computer at \$1,500 per annum.

From the President, Park Board, requesting the fixing of salary of position of Assistant Secretary at \$4,500 per annum, for the present incumbent only, to take effect January 1, 1908.

From the Commissioner of Parks, Boroughs of Manhattan and Richmond, requesting the establishment of grade of position of Superintendent of Supplies and Repairs of the Boroughs of Manhattan and Richmond, with salary at the rate of \$3,300 per annum.

From the Clerk, Court of Special Sessions, Second Division, requesting the establishment of an additional grade of position of Interpreter of the Children's Court, Second Division, at \$1,800 per annum.

From the Commissioner of Parks, Boroughs of Brooklyn and Queens, requesting the establishment of the positions of Clerk at \$900 (2 incumbents) and \$1,200 (2 incumbents); Master Machinist at \$2,000 (1 incumbent); General Foreman at \$1,800 (1 incumbent), and the establishment of new grades of the positions of Stenographer at \$1,650, Telephone Operator at \$900, Chief Clerk at \$2,250, Assistant Paymaster at \$1,800, Chief Engineer at \$4,000, Assistant Engineer at \$3,500, Property Clerk at \$2,100, for one incumbent for each grade.

Which were referred to a Select Committee, consisting of the Comptroller and the President, Board of Aldermen.

The Comptroller presented a communication from the Sheriff, Kings County, requesting an appropriation of \$5,000 for the maintenance of the Kings County Jail and Civil Prison, and an appropriation of \$18,750 to meet the salaries of employees of said prison for the year 1908.

Which was referred to the Comptroller.

The franchise calendar was then taken up and the Board proceeded to the

CONSIDERATION OF TELEPHONE APPLICATIONS.

Pursuant to action taken on November 15, 1907, the question of granting a franchise to the Atlantic Telephone Company, the offer of the New York Telephone Company and the New York and New Jersey Telephone Company to compensate the City for the privileges enjoyed while no other company operates in The City of New York, and the application of the Independent Telephone Company for a franchise, were this day considered by the Board.

The Chair submitted communications from J. Aspinwall Hodge, counsel, and D. A. Reynolds, treasurer, of the New York Electric Lines Company; from John A. L. Campbell, of counsel, on behalf of the Atlantic Telephone Company, and a communication from the Star Telephone Company, renewing its former application.

Edward M. Grout, of counsel for the New York Telephone Company and the New York and New Jersey Telephone Company, addressed the Board on behalf of the offer submitted by these companies.

John A. L. Campbell addressed the Board on behalf of the Atlantic Telephone Company.

J. Aspinwall Hodge addressed the Board on behalf of the New York Electric Lines Company.

Thomas P. Ryan, representing the Independent Telephone Company, addressed the Board on behalf of said company.

At the conclusion of their remarks, the President of the Board of Aldermen moved that the matter be laid over until the close of the calendar at the next regular meeting. Which motion was adopted.

The President, Board of Aldermen, moved that when the Board adjourn it adjourn to meet Friday, December 6, 1907, at 10.30 o'clock in the forenoon. Which motion was adopted.

The Board adjourned to meet Friday, December 6, 1907, at 10.30 o'clock in the forenoon.

Fourth—Certificates in respect to the vacation of premises at No. 264 Broome street and No. 124 East Broadway, Borough of Manhattan; No. 452 Baltic street, No. 183 Butler street, front and rear; No. 979 Gravesend avenue, and Nos. 47 and 49 Watkins street, Borough of Brooklyn.

On motion, the following preamble and resolutions were adopted:

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon Lot No. 264 Broome street, in the Borough of Manhattan, has become dangerous to life and is unfit for human habitation because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants;

Ordered, That all persons in said building situated on Lot No. 264 Broome street, in the Borough of Manhattan, be required to vacate said building on or before November 12, 1907, for the reason that said building is dangerous to life and is unfit for human habitation because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon Lot No. 124 East Broadway, in the Borough of Manhattan, has become dangerous to life and is unfit for human habitation because of defects in the plumbing thereof, and because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants;

Ordered, That all persons in said building situated on Lot No. 124 East Broadway, in the Borough of Manhattan, be required to vacate said building on or before November 12, 1907, for the reason that said building is dangerous to life and is unfit for human habitation because of defects in the plumbing thereof, and because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon Lot No. 452 Baltic street, in the Borough of Brooklyn, has become dangerous to life and is unfit for human habitation because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants;

Ordered, That all persons in said building situated on Lot No. 452 Baltic street, in the Borough of Brooklyn, be required to vacate said building on or before November 12, 1907, for the reason that said building is dangerous to life and is unfit for human habitation because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon Lot No. 183 Butler street (front and rear), in the Borough of Brooklyn, has become dangerous to life and is unfit for human habitation because of defects in the plumbing thereof, and because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants;

Ordered, That all persons in said building situated on Lot No. 183 Butler street (front and rear), in the Borough of Brooklyn, be required to vacate said building on or before November 12, 1907, for the reason that said building is dangerous to life and is unfit for human habitation because of defects in the plumbing thereof, and because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon Lot No. 979 Gravesend avenue, in the Borough of Brooklyn, has become dangerous to life and is unfit for human habitation because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants;

Ordered, That all persons in said building situated on Lot No. 979 Gravesend avenue, in the Borough of Brooklyn, be required to vacate said building on or before November 12, 1907, for the reason that said building is dangerous to life and is unfit for human habitation because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon Lot Nos. 47 and 49 Watkins street, in the Borough of Brooklyn, has become dangerous to life and is unfit for human habitation because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants;

Ordered, That all persons in said building situated on Lot Nos. 47 and 49 Watkins street, in the Borough of Brooklyn, be required to vacate said building on or before November 13, 1907, for the reason that said building is dangerous to life and is unfit for human habitation because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Sixth—Certificates declaring premises at Nos. 563 Eleventh avenue, 2097 Second avenue, 573 Washington street, 74 West street, 507 East Eleventh street and 242 East One Hundred and Sixteenth street, Borough of Manhattan, Nos. 252 Humboldt street, 441 Lorimer street, 974 Rogers avenue and 209 Sands street, Borough of Brooklyn, public nuisances.

On motion, the following orders were entered:

Whereas, The premises No. 563 Eleventh avenue, Borough of Manhattan, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.: That the conducting of the barber shop, in its present condition, be discontinued.

Whereas, The premises No. 2097 Second avenue, Borough of Manhattan, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.: That the conducting of the barber shop, in its present condition, be discontinued.

Whereas, The premises No. 573 Washington street, Borough of Manhattan, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises in its present condition as a stable be discontinued; that the said premises be cleaned; that the filth saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom.

That the saturated and offensive wood racks of the horse stalls be removed, the floor under same cleaned, and new movable racks be provided in said horse stalls; that the broken and defective cement floors of the stable and the broken and defective portions of the valley drains be properly repaired and so graded as to discharge all liquids into the drains thereat; that the wooden portions of the floor of stable be replaced by a watertight floor; that the walls and ceilings of the stable be cleaned and whitewashed. That the wooden floors of horse stalls, now not cemented, and stable, and the saturated earth beneath same be removed, the site cleaned and disinfected, and the floors of the stalls be cemented and so graded as to discharge all liquids into a watertight, properly trapped, sewer-connected valley drain; that each stall be provided with a movable rack. That the space used for holding manure be cleaned and disinfected, and all manure removed therefrom; that hereafter all manure be kept inside the stable and removed from the premises daily, unless pressed in bales, barrels or boxes so as to reduce it to not more than one-third the original bulk.

Whereas, The premises No. 74 West street, Borough of Manhattan, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.: That the conducting of the barber shop, in its present condition, be discontinued.

Whereas, The premises No. 507 East Eleventh street, Borough of Manhattan, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.: That the conducting of the barber shop, in its present condition, be discontinued.

Ingersoll, Chief Engineer of the Department of Bridges; Professor William H. Burr and Hon. Walter Cook, Consulting Architect for the Board of Estimate and Apportionment, were present, he suggested that for the convenience of these gentlemen, they be invited to explain the designs now, which was agreed to by the Commission. Whereupon Commissioner Stevenson and Mr. Ingersoll explained the designs.

The President appointed a Committee upon this submission consisting of Commissioners Brunner (Chairman), Bigelow and Healy.

Submission 622.

The Committee on Administration Building, Zoological Park, recommended that the designs submitted by Hon. Joseph I. Berry, Commissioner of Parks for the Borough of The Bronx, be approved.

On motion, the following resolution was unanimously adopted:

Certificate 626.

Resolved, That the Art Commission hereby approves the designs and location for the Administration Building, in Zoological Park, represented by Exhibits "296-A," "296-B," "296-C," "296-D," "296-E," "296-F," "296-G," "296-H," "296-I," "296-J" and "296-K," of record in this matter; and that the action of the Commission be certified, with return of duplicates of exhibits herein noted, to Hon. Joseph I. Berry, Commissioner of Parks for the Borough of The Bronx.

The Committee was thereupon discharged.

Submission 625.

The Committee on Sloan Statue reported recommending that action be postponed until the next meeting of the Art Commission.

On motion, the report was adopted and the submission laid over until the next meeting.

Submission 623.

The Committee on Bronx Parks Drinking Fountains reported that as these designs (of new works of art), submitted by Hon. Joseph I. Berry, Commissioner of Parks for the Borough of The Bronx, are identically the same as those previously dis-

approved by the Commission, it saw no reason for changing its decision and, therefore, recommended their disapproval.

On motion, the following resolution was unanimously adopted:

Certificate 627.

Resolved, That the Art Commission hereby disapproves the designs for drinking fountains represented by Exhibits "289-D," "289-E" and "289-F," of record in this matter; and that the action of the Commission be certified, with return of duplicates of exhibits herein noted, to Hon. Joseph I. Berry, Commissioner of Parks for the Borough of The Bronx.

The Committee was thereupon discharged.

Submission 624.

The Committee on Kings County Hospital Nurses' Home recommended that the designs submitted by Hon. Robert W. Hebbard, Commissioner of Public Charities, be approved.

On motion, the following resolution was unanimously adopted:

Certificate 628.

Resolved, That the Art Commission hereby approves, but as preliminary drawings only, the designs and location for a Nurses' Home and Training School for the Kings County Hospital, represented by Exhibits "246-K," "246-L," "246-M," "246-N," "246-O" and "246-P," of record in this matter; and that the action of the Commission be certified, with return of duplicates of exhibits herein noted, to Hon. Robert W. Hebbard, Commissioner of Public Charities.

On motion, the Assistant Secretary was directed to notify Commissioner Hebbard that when working drawings shall have been prepared, they should be submitted to the Art Commission for final approval, as the foregoing resolution is only preliminary action thereon.

The Committee was thereupon discharged.

Submission 626.

The Committee on Twenty-third Precinct Police Station Tablet presented the following report upon designs (of a new work of art), submitted by Hon. Theodore A. Bingham, Police Commissioner:

"Your Committee on Twenty-third Precinct Police Station Tablet, Submission 626, begs to report that as it has been decided by the Art Commission that it is inadvisable to place the names of persons occupying positions in the various departments on tablets on the exterior of public buildings, they recommend the disapproval of the designs submitted."

The report was received and ordered placed on file.

On motion, the following resolution was unanimously adopted:

Certificate 629.

Resolved, That the Art Commission hereby disapproves the designs for a tablet upon the Twenty-third Precinct Police Station, represented by Exhibits "201-Z" and "201-AA," of record in this matter; and that the action of the Commission be certified, with return of duplicates of exhibits herein noted, to Hon. Theodore A. Bingham, Police Commissioner.

On motion, the Assistant Secretary was directed to transmit a copy of the report of the Committee to Commissioner Bingham for his information.

The Committee was thereupon discharged.

Submission 627.

The Committee on Metropolitan Hospital District reported that this submission had been withdrawn and, therefore, no action was necessary.

The Committee was thereupon discharged.

Submission 628.

The Committee on City Hospital District presented the following report upon designs submitted by Hon. Robert W. Hebbard, Commissioner of Public Charities:

"Your Committee on City Hospital District, Submission 628, begs to report that as the majority of the buildings indicated on the plan are in position and the general arrangement is fixed, the existing conditions seem to render impossible a plan that would be more formal or better studied, and, therefore, recommend the approval of the designs submitted."

The report was received and ordered placed on file.

On motion, the following resolution was unanimously adopted:

Certificate 630.

Resolved, That the Art Commission hereby approves the designs for the layout of the City Hospital District, Blackwell's Island, represented by Exhibits "240-N" and "240-O," of record in this matter; and that the action of the Commission be certified, with return of duplicates of exhibits herein noted, to Hon. Robert W. Hebbard, Commissioner of Public Charities.

On motion, the Assistant Secretary was directed to transmit a copy of the report of the Committee to Commissioner Hebbard for his information.

The Committee was thereupon discharged.

Submission 629.

The Committee on Central Park Comfort Station recommended that the designs submitted by Hon. Samuel Parsons, Jr., Commissioner of Parks for the Boroughs of Manhattan and Richmond, be approved.

On motion, the following resolution was unanimously adopted:

Certificate 631.

Resolved, That the Art Commission hereby approves, but as preliminary drawings only, the designs and location of a public comfort station in the Ramble in Central Park, represented by Exhibits "298-A," "298-B," "298-C," "298-D" and "298-E," of record in this matter; and that the action of the Commission be certified, with return of duplicates of exhibits herein noted, to Hon. Samuel Parsons, Jr., Commissioner of Parks for the Boroughs of Manhattan and Richmond.

On motion, the Assistant Secretary was directed to notify Commissioner Parsons that when working drawings shall have been prepared they should be submitted to the Art Commission for final approval, as the foregoing resolution is only preliminary action thereon.

The Committee was thereupon discharged.

Submission 630.

The Committee on Mott Avenue Bridge recommended that the designs submitted by the New York Central and Hudson River Railroad Company be approved.

On motion, the following resolution was unanimously adopted:

Certificate 632.

Resolved, That the Art Commission hereby approves the designs and location of a bridge at the junction of Mott avenue and the tracks of the Spuyten Duyvil and Port Morris Branch of the New York Central and Hudson River Railroad, represented by Exhibits "292-F" and "292-G," of record in this matter; and that the action of the Commission be certified, with return of duplicates of exhibits herein noted, to Mr. George A. Harwood, Chief Engineer, New York Central and Hudson River Railroad Company.

The Committee was thereupon discharged.

Submission 631.

The Committee on Raymond Street Jail Extension, Brooklyn, recommended that the designs submitted by Hon. Bird S. Coler, President of the Borough of Brooklyn, be approved.

On motion, the following resolution was unanimously adopted:

Certificate 633.

Resolved, That the Art Commission hereby approves, but as preliminary drawings only, the designs and location of an extension to the Raymond Street Jail, Brooklyn,

represented by Exhibits "254-L," "254-M," "254-N," "254-O" and "254-P," of record in this matter; and that the action of the Commission be certified, with return of duplicates of exhibits herein noted, to Hon. Bird S. Coler, President of the Borough of Brooklyn.

On motion, the Assistant Secretary was directed to notify President Coler that when working drawings shall have been prepared they should be submitted to the Art Commission for final approval, as the foregoing resolution is only preliminary action thereon.

The Committee was thereupon discharged.

It was moved and seconded that the Assistant Secretary be directed to make a report at the next meeting of the Art Commission on a suitable method for meeting the requests for photographs of works of art belonging to the City.

The Committee on Catalogue of Works of Art Belonging to the City presented a form of inscription to be placed on the tablets on portraits in the City Hall.

On motion, the following resolution was unanimously adopted:

Certificate 634.

Resolved, That the Art Commission hereby approves the designs for inscriptions on the tablets of portraits belonging to and hereafter to be acquired by the City, represented by Exhibit "297-A," of record in this matter.

The President appointed a Committee consisting of Commissioners Millet and Pine on the redecoration of the Governor's Room.

The President reported that the Commission had already given its informal approval to the request of Mr. Daniel C. French, Chairman of the Saint-Gaudens Memorial Committee of the Metropolitan Museum of Art, to make a plaster cast of the Farragut statue and pedestal in Madison square.

On motion, this informal approval was formally confirmed.

The following communication from Messrs. Carrere & Hastings was presented and ordered placed on file:

"November 1, 1907.

"Dear Mr. Adams—In accordance with the request made by the Art Commission and Mr. Carrere's promise to revise the plan of the approaches of the New York Public Library, so as not to project beyond the building line on Fifth avenue, in view of the possible widening of the same, we have revised our drawings, and we beg to inclose a blue print which we request that you will file with the other drawings submitted, either substituting it for the incorrect print which you have or filing them jointly with an explanatory note.

"We are particularly anxious that the Commission should know that the changes have been made as promised.

"Very truly yours,
(Signed) "CARRERE & HASTINGS.

"J. Q. Adams, Secretary, Art Commission, New York City."

A communication was presented from the Municipal Art Society requesting the loan of photographs and sketches for their annual exhibition to be held in March.

On motion, it was moved and seconded that the letter be acknowledged and the President appoint a committee with power. Whereupon the following committee was appointed, Commissioners Boyle, Millet and the Assistant Secretary.

A communication was presented from Mr. F. L. V. Hoppin and Messrs. Hoppin & Koen, architects, relative to the interior decoration of the new Police Headquarters.

The same, on motion, was referred with power to a Committee consisting of Commissioners Pine and Brunner.

It was moved and seconded that in the opinion of this Commission it should be a universal practice in approving any building or structure in which statuary or special decorative features are included and the plans of which do not contain sufficient information to enable the Commission to pass on these details, to reserve all action on the statuary and decoration as matters of separate submission.

On motion, the meeting adjourned.

JOHN QUINCY ADAMS, Assistant Secretary.

NOTICE IS HEREBY GIVEN THAT AT the meeting of the Board of Estimate and Apportionment held on November 8, 1907, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Jefferson street, from Liberty avenue to Tysen avenue, in the Borough of Richmond, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Bounded on the north by a line midway between Tysen avenue and Delaware avenue; on the east by a line bisecting the angle formed between the easterly side of Jefferson street and the westerly side of the first unnamed street

east of Jefferson street; on the south by a line distant 100 feet southerly from and parallel with the southerly line of Liberty avenue, and on the west by a line midway between Jefferson street and the first unnamed street west of Jefferson street and by the prolongation of the said line.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 6th day of December, 1907, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days prior to the 6th day of December, 1907.

Dated November 22, 1907.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment held this day, the following proceedings were had:

Whereas, The Seaboard Refrigeration Company has, under date of May 3, 1907, made application to this Board for certain modifications and changes in the contract dated June 22, 1906, granting a franchise to this company to construct, maintain and operate a conduit with the necessary branches and connections therefrom, for the sole purpose of supplying refrigeration to consumers, under and along certain streets in the Borough of Brooklyn, City of New York; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance to such laws this Board adopted resolutions September 20, 1907, fixing the date for public hearing thereon as November 1, 1907, at which citizens were entitled to appear and be heard, and publication was had for at least two days in the New York "Herald" and the New York "Times," newspapers designated by the Mayor, and in the City Record for ten days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the modifications of the franchise or right heretofore granted to the Seaboard Refrigeration Company and the adequacy of the compensation proposed to be paid therefor; now, therefore, it is

Resolved, That the following form of resolution for the modifications of the franchise or right applied for by the Seaboard Refrigeration Company, containing the form of proposed contract for the modification of such franchise or right, be hereby introduced and entered in the minutes of this Board as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Seaboard Refrigeration Company the modifications of the contract dated June 22, 1906, as fully set out and described in the following form of proposed contract, and that the Mayor of the City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

PROPOSED FORM OF CONTRACT.

This contract, made the day of 1907, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of the said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Seaboard Refrigeration Company, a domestic corporation of the State of New York (hereinafter called the Company), party of the second part, witnesseth:

Whereas, The Board did, on June 15, 1906, adopt a resolution authorizing the Mayor to execute, in the name and on behalf of the City, a contract between the Company and the City, granting to the Company the right or franchise to construct, maintain and operate a conduit, with the necessary branches and connections therefrom, for the sole purpose of supplying refrigeration to consumers, under and along certain streets in the Borough of Brooklyn, City of New York, upon certain conditions therein fully set forth; and

Whereas, On the 6th day of July, 1906, the Acting Mayor did execute, in the name and on behalf of The City of New York, a contract granting to the Company such right, which contract was dated the 22d day of June, 1906; and

Whereas, On September 14, 1906; November 9, 1906; April 26, 1907, and May 10, 1907, by resolutions duly adopted by the Board and subsequently approved by the Mayor, the Company was granted various extensions of time up to and including May 1, 1908, in which to comply with the provisions of "Section 2, Third," and "Section 2, Twenty-second" of the aforesaid contract; and

Whereas, The Company, in a communication dated May 3, 1907, requested that the payments provided for in "Section 2, Third" and "Section 2, Twenty-second" of the aforesaid contract be reduced; that the term of the franchise be extended; and that the various dates for the completion of a certain amount of pipe line be extended; and

Whereas, On the 1st day of November, 1907, the Board held a public hearing upon the proposed modifications, at which citizens were entitled to appear and be heard, such hearing being held after due publication; and

Whereas, On the day of 1907, the Board adopted a resolution consenting to certain changes and modifications in the aforesaid contract and authorizing the Mayor to execute and deliver an amended contract in accordance therewith, in the name and on behalf of the City, which resolution was approved by the Mayor on the day of 1907.

Now, therefore, in consideration of the premises and of the mutual covenants herein contained, the parties do hereby covenant and agree as follows:

Section 1.—All the terms, provisions and conditions contained in said contract between the City and the Company, dated June 22, 1906, shall remain unchanged and in full force and effect except the modifications hereinafter set forth, as follows:

First—Section 2, First, first paragraph, is hereby amended to read as follows:

"The said franchise, right and privilege to lay one conduit line in each of the streets, avenues or highways, and between the limits as hereinbefore described, and the franchise, right and privilege to maintain and operate the same shall be held and enjoyed by the said Company, its lessees or successors, for a term of fifteen years from the date of the signing of this modified contract by the Mayor, with the privilege of renewal of said grant for a further period of ten years, upon a fair revaluation of said franchise, right and privilege."

Second—Section 2, Third, clauses 1 and 2, is hereby amended to read as follows:

"1. Five hundred dollars (\$500) in cash with in thirty (30) days after the signing of this contract."

"2. During the first five years of this contract an annual sum which shall in no case be less than two hundred and fifty dollars (\$250), and which shall be equal to two per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of two hundred and fifty dollars (\$250)."

"During the second five years of this contract an annual sum which shall be in no case less than seven hundred and fifty dollars (\$750), and which shall be equal to four per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of seven hundred and fifty dollars (\$750)."

"During the third and remaining five years of this contract an annual sum which shall in no case be less than twelve hundred dollars (\$1,200), and which shall be equal to five per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of twelve hundred dollars (\$1,200)."

Third—Section 2, Seventh, is hereby amended by inserting the date "May 1, 1913," in place of the date "May 1, 1911," therein contained.

Fourth—Section 2, Twenty-second, is hereby amended by substituting the sum of two thousand dollars (\$2,000) for the sum of five thousand dollars (\$5,000), as herein contained.

Section 2.—The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in the original contract, dated June 22, 1906, fixed and contained, and as modified by this amended contract.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed, and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed, and its corporate seal to be hereunto affixed, the day and year first above written.

OFFICE OF THE DEPARTMENT OF DOCKS AND FERRIES, PIER "A," FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS WILL BE RECEIVED BY the Commissioner of Docks at Pier "A," foot of Battery place, in The City of New York, until 12 o'clock noon on

MONDAY, DECEMBER 16, 1907,

for a lease of the following-described wharf property, together with the privilege of erecting and maintaining a dumping board thereon, for a term of five years, beginning on a date ten days after said lease shall be approved by the Commissioners of the Sinking Fund:

Beginning at a point near the intersection of the southerly line of East Ninety-fifth street with the bulkhead wall; thence running southerly along the face of the bulkhead wall a distance of about 197 feet; thence running westerly at right angles to said wall a distance of about 22 feet; thence running northerly parallel to the bulkhead wall a distance of about 84 feet; thence running northeasterly a distance of about 6 feet to a point about 18 feet westerly and at right angles from the bulkhead wall; thence running northerly and parallel with the bulkhead wall a distance of about 109 feet; thence running easterly a distance of about 18 feet to the point of beginning; together with an overhang at the southerly end of same extending about 18 feet outshore or easterly from the face of the bulkhead wall, and extending from the southerly side of the afore-described structure northerly and parallel with the bulkhead wall a distance of about 85 feet.

The lessee shall have the privilege of erecting and maintaining during the term of said lease, on wharf property contiguous to the above-described premises, the necessary runways, ramps and approaches to said dump, and the Commissioner of Docks agrees to set aside such wharf property under his jurisdiction as may be required for such runways, ramps and approaches necessary for the operation of said dump. The plans and specifications for said dump and runways, ramps and approaches to be submitted to and approved by the Engineer-in-Chief of the Department of Docks and Ferries. Any and all structures erected under the terms of the lease shall revert to and become the property of The City of New York at the expiration or sooner termination of the lease.

The Commissioner of Docks expressly reserves the right to reject any and all bids; should a bid, however, be accepted, the said Commissioner will prepare a form of lease and transmit same to the Commissioners of the Sinking Fund, with a recommendation that said lease be approved by said Commissioners. The said form of lease shall contain the usual terms, conditions and covenants at present embodied in leases of wharf property now used by this Department, except that the lessee shall covenant and agree that he will at all times do such dredging from time to time, during the term of said lease, as may be considered necessary or proper by the Commissioner of Docks, in the basins or slips or water adjacent to the said premises.

No bid will be considered unless accompanied by a certified check payable to order of the Department of Docks and Ferries, or cash in the sum of \$500, as security for the execution of the lease, which \$500 will be applied to the payment of the rent first accruing under the lease, when executed, or will be forfeited to the Department if the purchaser neglects or refuses to execute the lease, and the said successful bidder will be required to agree that he will, upon three days' notice so to do, execute a lease in the form of which may be seen and examined upon application to the Secretary at the office of the Department, Pier "A," Battery place, and also to furnish a bond or obligation in the sum of double the annual rent for the faithful performance of all the covenants and conditions of the lease, the sureties on bond to be approved by the Commissioner of Docks.

J. A. BENDEL,
Commissioner of Docks.

Dated The City of New York, November 29, 1907.

NOTICE TO PROPERTY OWNERS.

NOTICES OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court, and the entering in the Bureau for the Collection of Assessments and Arrears, of assessments for OPENING AND ACQUIRING TITLE to the following named streets in the BOROUGH OF BROOKLYN:

TWENTY-NINTH, THIRTIETH, THIRTY-FIRST AND THIRTY-SECOND WARDS, SECTION 16.

FOSTER AVENUE—OPENING, from westerly line of Flatbush avenue to easterly line of Coney Island avenue. Confirmed June 26, 1906; entered November 27, 1907. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Commencing at a point on the westerly side of Flatbush avenue where the said westerly side of Flatbush avenue is intersected by a line drawn parallel with the northerly side of Foster avenue and distant 225 feet northerly therefrom; running thence westerly along said line drawn parallel with the northerly side of Foster avenue and distant 225 feet northerly therefrom to the easterly side of Coney Island avenue; running thence southerly along the easterly side of Coney Island avenue to a point where the said easterly side of Coney Island avenue is intersected by a line drawn parallel with the southerly line of Foster avenue and distant 225 feet southerly therefrom; running thence easterly along said line drawn parallel with the southerly side of Foster avenue and distant 225 feet southerly therefrom to the westerly side of Flatbush avenue, and running thence northerly along the westerly side of Flatbush avenue to the point or place of beginning.

THIRTIETH WARD, SECTION 17.

FOURTEENTH AVENUE—OPENING, from Sixty-fifth street to Sixty-eighth street. Confirmed July 31, 1907; entered November 27, 1907. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the southerly side of Sixty-fifth street and distant 100 feet easterly of the easterly side of Fourteenth avenue; running thence southerly and parallel with Fourteenth avenue to the northerly side of Sixty-eighth street; running thence westerly along the northerly side of Sixty-eighth street to a point distant 100 feet westerly of the westerly side of Fourteenth avenue; running thence northerly and parallel with Fourteenth avenue to the southerly side of Sixty-fifth street; running thence easterly and along the southerly side of Sixty-fifth street to the point or place of beginning.

The above entitled assessments were entered on the date hereinbefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of entry of the assessments, interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 150 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record." The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Mechanics Bank Building, Court and Montague streets, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. until 12 m., and all payments made thereon on or before January 27, 1907, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when such assessments became liens to the date of payment.

NOTICE OF SALE OF LANDS AND TENEMENTS WITHIN THAT PART OF THE CITY OF NEW YORK NOW KNOWN AS THE BOROUGH OF RICHMOND FOR UNPAID TAXES AND ASSESSMENTS.

THE CITY OF NEW YORK, DEPARTMENT OF FINANCE, BUREAU FOR THE COLLECTION OF ASSESSMENTS AND ARREARS OF TAXES, ASSESSMENTS AND WATER RENTS, STEWART BUILDING, No. 280 BROADWAY, BOROUGH OF MANHATTAN, NEW YORK CITY, August 10, 1907.

UNDER THE DIRECTION OF HERMAN A. METZ, Comptroller of the City of New York, the undersigned hereby gives public notice, pursuant to the provisions of section 1027 of the Greater New York Charter:

That the respective owners of the lands and tenements within that part of The City of New York now known as the Borough of Richmond, on which taxes have been laid and confirmed according to law by The City of New York for the years 1899, 1900, 1901, 1902 and 1903, including taxes on the real estate of corporations for the said years and taxes on the special franchises of corporations for the years 1900, 1901, 1902 and 1903, and which now remain due and unpaid;

And also the respective owners of all lands and tenements in The City of New York, situated in the borough aforesaid, on which the assessments have been laid according to law by the said City of New York for the years 1899, 1900, 1901, 1902, 1903 and 1904, and which now remain due and unpaid, are required to pay the amount of the said taxes and assessments so remaining due and unpaid, with the interest thereon at the rate of seven (7) per centum per annum, from the time when the same became due to the time of payment, together with the charges of this notice and advertisement, to the Collector of Assessments and Arrears, at his office in the Borough Hall, New Brighton, in the Borough of Richmond, in The City of New York;

And that, if default shall be made in such payment, such lands and tenements will be sold at public auction, in Room 129, Borough Hall, New Brighton, in the Borough of Richmond, in The City of New York, on

WEDNESDAY, NOVEMBER 20, 1907

at 10 o'clock in the forenoon of that day, for the lowest term of years at which any person shall offer to take the same, in consideration of advancing the said taxes or assessments, as the case may be, and the interest thereon as aforesaid, to the time of sale, together with the charges of this notice and advertisement, and all other costs and charges accrued thereon; and that such sale will be continued from time to time until all the lands and tenements so advertised for sale shall be sold.

Notice is hereby further given that a detailed statement of such taxes and assessments and the ownership of the property taxed and on which such taxes and assessments remain unpaid, is published in a pamphlet and that copies of the said pamphlet are deposited in the offices of the Collector of Assessments and Arrears in the Boroughs of Manhattan and Richmond, and will be delivered to any person applying for the same.

DANIEL MOYNAHAN,
Collector of Assessments and Arrears
of The City of New York.

The foregoing sale will be continued on
WEDNESDAY, DECEMBER 4, 1907

at 10 o'clock a. m., in Room 129, Borough Hall, Borough of Richmond.

DANIEL MOYNAHAN,
Collector of Assessments and Arrears.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of EAST THIRTY-FOURTH STREET, from Clarkson street to Church avenue, in the Twenty-ninth Ward, Borough of Brooklyn, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, No. 166 Montague street, in the Borough of Brooklyn, in the City of New York, on or before the 21st day of December, 1907, and that we, the said Commissioners, will hear parties so objecting and for that purpose will be in attendance at our said office on the 23d day of December, 1907, at 11 o'clock a. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 166 Montague street, in the Borough of Brooklyn, in said City, there to remain until the 2d day of January, 1908.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in the City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at a point formed by the intersection of the northerly line of Church avenue and the centre line of the blocks between New York avenue and East Thirty-fourth street, and running thence northerly along said centre line to its intersection with the southerly line of Clarkson (street) avenue; thence easterly along the southerly line of Clarkson (street) avenue to its intersection with the centre line of the blocks between East Thirty-fourth street and East Thirty-fifth street; thence southerly along said last-mentioned centre line to its intersection with the northerly line of Church avenue; thence westerly along the northerly line of Church avenue to the point or place of beginning, as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in the City of New York, on the 25th day of February, 1908, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the City Record and in the corporation newspapers, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, in and to the lands and premises required for the opening and extending of AVENUE C, from Gravesend avenue to Coney Island avenue, in the Twenty-ninth Ward, Borough of Brooklyn, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, Second Department, at a Special Term of said Court, to be held for the hearing of motions, in the County Court House, in the County of Kings, in the Borough of Brooklyn, in the City of New York, on the 16th day of December, 1907, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and of one Commissioner of Assessment in the above-entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for the opening and extending of Avenue C, from Gravesend avenue to Coney Island avenue, in the Twenty-ninth Ward, Borough of Brooklyn, City of New York, being the following described lots, pieces or parcels of land, viz:

Beginning at the intersection of the southern line of Avenue C with the eastern line of Gravesend avenue as the same are laid down on the map or plan of The City of New York.

- (1) Thence northerly along the eastern line of Gravesend avenue for 80 feet;
- (2) Thence deflecting 90 degrees to the right for 2,579.3 feet to the western line of Coney Island avenue;
- (3) Thence southerly along the western line of Coney Island avenue 80.2 feet;
- (4) Thence westerly 2,585.1 feet to the point or place of beginning.

Note—These dimensions are approximate. The Board of Estimate and Apportionment, on the 19th day of April, 1907, duly fixed and determined the area of assessment for benefit in this proceeding as follows:

Bounded on the north by a line midway between Avenue C and Beverley road and by the prolongation of said line; on the east by a line midway between Coney Island avenue and East Eleventh street; on the south by a line midway between Avenues C and D and by the prolongation of said line; on the west by the easterly side of Gravesend avenue.

Section No. 5.

NOTICE OF APPLICATION FOR THE APPOINTMENT OF COMMISSIONERS OF APPRAISAL.

PUBLIC NOTICE IS HEREBY GIVEN that it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court of the State of New York for the appointment of Commissioners of Appraisal under chapter 724 of the Laws of 1905, as amended. Such application will be made at a Special Term of the Supreme Court to be held in and for the Third Judicial District at the Court House in the City of Kingston, New York, on December 21, 1907, at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard. The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York, and at least one of whom shall reside in the county where the real estate herein-after described is situated, to act as Commissioners

of Appraisal under said act and discharge all the duties conferred by the said law and the acts amendatory thereof, upon such Commissioners of Appraisal, for the purpose of providing an additional supply of pure and wholesome water for The City of New York.

The real estate to be acquired herein is situated in the Towns of Gardiner, Plattekill and Shawangunk, and is to be acquired for the purpose of furnishing an additional supply of pure and wholesome water to The City of New York.

The following is a statement of the boundaries of the lands to be acquired herein, with a reference to the date and place of filing of the map:

All those certain pieces or parcels of real estate situated in the Towns of Gardiner, Plattekill and Shawangunk, County of Ulster and State of New York, shown on a certain map, entitled, "Northern Aqueduct Department, Section No. 5, Board of Water Supply of The City of New York, Map of real estate situated in the Towns of Gardiner, Plattekill and Shawangunk, County of Ulster and State of New York, to be acquired by The City of New York under the provisions of chapter 724 of the Laws of 1905, as amended, for the construction of Catskill Aqueduct and appurtenances, from the vicinity of Libertyville to Orange County line, near St. Elmo," which map was filed in the office of the County Clerk of the County of Ulster, at Kingston, New York, on the 14th day of October, 1907; which parcels are bounded and described as follows:

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the bid or estimate, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
