The Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards offered the following resolutions, relating to the opening of Sherman avenue, from East One Hundred and Sixty-first to East One Hundred and Sixty-fourth street, in the Twenty-third Ward.

Resolved, That the Board of Street Opening and Improvement deems it for the public interest that the title to the lands and premises required for the opening of Sherman avenue, from East One Hundred and Sixty-first street to East One Hundred and Sixty-fourth street, in the Twenty-third Ward, should be acquired by the Mayor, Aldermen and Commonalty of the City of New York, at a fixed or specified time.

Resolved, That it appears to this Board, from the surveys made and information furnished to it by the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards, that there are buildings upon the lands that shall or may be required for the purpose of opening and extending said Sherman avenue, from East One Hundred and Sixty-first street to East One Hundred and Sixty-fourth street.

Resolved, That this Board directs that upon a date to be hereafter more fully specified, not less than six (6) months after the filing of the oaths of the Commissioners of Estimate and Assessment, who may be appointed by the Supreme Court in proceedings for the acquisition of title for such avenue, that the title to any piece or parcel of land lying within the lines of such Sherman avenue, from East One Hundred and Sixty-first street to East One Hundred and Sixty-fourth street, so required, shall be vested in the Mayor, Aldermen and Commonalty of the City of New York.

Resolved, That the Board of Street Opening and Improvement, deeming it for the public interest so to do, hereby requests the Counsel to the Corporation to take the necessary proceedings in the name of the Mayor, Aldermen and Commonalty of the City of New York, to acquire title, wherever the same has not been heretofore acquired, for the public use, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening Sherman avenue, from East One Hundred and Sixty-first street to East One Hundred and Sixty-fourth street.

Resolved, That the entire cost and expense of said proceedings shall be assessed upon the property deemed to be benefited thereby.

Which were adopted by the following vote :

Affirmative—The Mayor, the Comptroller, the Deputy Commissioner of Public Works, the President of the Board of Aldermen and the Commissioner of Street Opening and Improvements of the Twenty-third and Twenty-fourth Wards—5.

The following protest against the opening of Concord avenue, in the Twenty-third Ward, was presented, and, on motion, was referred to the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards for report thereon :

To the Honorable Board of Street Opening :

We, the undersigned, property holders, protest against the opening of Concord (or Forest) avenue, from the northerly side of One Hundred and Forty-ninth street to the southerly side of Kelly street.

I.—The opening of said avenue is no benefit to the adjoining property, as the block between Robbins and Wales avenues is only four hundred and sixty lineal feet.

II.—The cost of opening the avenue stated above will be from \$70,000 to \$80,000, as there is a lot of old houses on said proposed avenue.

III.—If said avenue be opened to One Hundred and Forty-ninth street, which is and will be a prominent street, said Forest avenue will have a better outlet than if it be opened to Kelly street ; therefore, we respectfully request your Honorable Board to discontinue said avenue north of One Hundred and Forty-ninth street.

COMMISSIONERS OF THE SINKING FUND OF THE CITY OF NEW YORK.

Proceedings of the Commissioners of the Sinking Fund at a Meeting held at the Mayor's Office at 11 o'clock A. M. on Friday, September 29, 1893.

Present—Thomas F. Gilroy, Mayor ; Theodore W. Myers, Comptroller ; Joseph J. O'Donohue, Chamberlain, and Nicholas T. Brown, Chairman Committee on Finance, Board of Aldermen.

The minutes of the meeting held September 25, 1893, were read and approved.

The Mayor announced that, pursuant to notice and the order of the Board of July 18, 1893, and September 18, 1893, the several matters set down for a public hearing in relation to the plans for proposed improvements of the water-fronts, North and East rivers, and agreements for the purchase of water rights from private owners, would now be considered.

The Mayor then presented the following communication from the President of the Department of Docks :

CITY OF NEW YORK—DEPARTMENT OF DOCKS,
PIER "A," NORTH RIVER, BATTERY PLACE,
NEW YORK, September 29, 1893.

Hon. THOMAS F. GILROY, Mayor and Chairman of the Commissioners of the Sinking Fund :

SIR—I write to say, in relation to the plan for the proposed improvement of the water-front between Seventy-second and One Hundredth streets, North river, that a plan was ordered at a meeting of the Dock Board in January of this year, in my absence.

The Board of Docks cannot acquire water-front or water rights where no plan for the permanent improvement of the water-front has been adopted. At the request of certain property holders, and to give the Department of Docks jurisdiction to acquire the private interests on the water-front between Seventy-second and One Hundredth streets, the proposed plan was ordered without any intention on the part of the Board of making the proposed improvements which are not needed ; that the acquisition by the Board of the private rights there would not be of general public advantage, but would simply be of advantage to a limited number of real-estate owners in the neighborhood ; and that in view of the limited appropriation available for the Department of Docks under the law, no part of the dock funds should be spent where the property is not required for immediate improvement.

The plan for the proposed improvement of the water-front between Charles and West Twenty-third streets, North river, is the result of careful study of the latest and best foreign docks, with such modifications as are required to meet different conditions existing in the Port of New York.

This plan is the only plan which has ever been presented to the Commissioners of the Sinking Fund which meets the requirements of modern trade and offers adequate facilities to modern steamers.

The chief difference between the present plan and previous plans presented to the Board of Sinking Fund Commissioners lies in the increase in the length and width of all slips and piers. These changes, when carried out, will enable the largest existing ships to be docked in New York at a minimum expense. To reject this plan is to say that the City of New York does not wish to retain the trade it now holds, and that hereafter if ships of the modern type call at the port, they must be docked in Jersey City or Brooklyn.

I may add that no plan for the proposed improvements or agreement to purchase involves or authorizes any increase in the annual expenditure by law allowed to the Board of Docks.

Believe me, yours respectfully,

J. SERGEANT CRAM, President.

Which was ordered on file.

Hon. James J. Phelan, Commissioner of Docks, Mr. James A. Deering and representatives of the West End Association were heard in the matter of the proposed improvement of the water-front between Seventy-second and One Hundredth streets, North river (Minutes, page 168).

On motion, permission was given to the Board of Docks to withdraw the plans.

Mr. Phelan presented copy of resolution adopted by the Chamber of Commerce on March 14, 1889, approving Dock Department plan for increasing wharfage accommodations for shipping on the water-front of the city.

The communication from the Board of Docks, together with the report of the Comptroller thereon, for the improvement of the water-front between Charles and West Twenty-third streets, were next considered (Minutes, pages 169 and 170).

Mr. Berkely Mostyn, representing the Astor Estate, formally protested against the work.

Hon. Orlando Potter, on behalf of the Board of Trade and Transportation, Mr. G. Waldo Smith and Mr. Delaplane Brown also were heard in opposition to the proposed plan.

Mr. George S. Greene, Chief Engineer of the Dock Department, addressed the Board in favor of the improvement. Mr. Daniel Lord also favored the plan.

Discussion followed, participated in by the Commissioners of the Sinking Fund and others.

The Chamberlain then offered the following resolution :

Resolved, That the Commissioners of the Sinking Fund hereby consent to and approve of the proposed improvement of the water-front between the northerly side of Pier, new 46, near the foot of Charles street, and the southerly side of West Twenty-third street, North river, in accordance with the resolutions adopted by the Board of Docks on June 7, 1893, and shown on a map or plan submitted in duplicate by the Engineer-in-Chief of the Department of Docks.

Which received the following vote :

Affirmative—The Mayor, the Chamberlain and the Chairman, Committee on Finance, Board of Aldermen—3.

Negative—The Comptroller—1.

Whereupon the resolution was declared lost.

The plans and estimates of cost for improvement of the water-front and exterior street, from Forty-ninth street to Fifty-third street, and from Fifty-ninth street to Sixty-fourth street, East river (Minutes of 1890, pages 450-454), were considered.

Dock Commissioner Phelan, a representative of Hon. Ashbel P. Fitch, attorney for the F. M. Shaefer Brewing Company and the Hygeia Ice Company, and Messrs. Mitchell & Mitchell, attorneys for the Estate of James W. Beekman, were heard in relation to the proposed improvement.

On motion, the papers were referred to the Comptroller for examination and report at the next meeting.

The proposed agreement between the Dock Department and the New York Central Railroad Company for the construction of the sea-wall through Piers, old 26 and 27, and the intervening bulkheads on each side (Minutes, pages 166 and 167), was considered.

Representatives of the Rhinelander Estate requested a copy of the agreement.

The Mayor stated that the agreement had not been transmitted to the Commissioners of the Sinking Fund.

Mr. Phelan—It is before the Counsel to the Corporation.

On motion, the matter was laid over.

The proposed agreement between the Dock Department and Mr. John H. Starin, for the construction of the sea-wall through Piers, old 19 and 18, etc. (Minutes, pages 167 and 168), not having been received from the Counsel to the Corporation, indorsed with his approval, the matter was laid over.

The improvement of the water-front of the Harlem river, from One Hundred and Thirty-eighth street to Seventh avenue (Minutes of 1891, page 189), was considered.

Mr. John C. Shaw, attorney, on behalf of Miss Mary G. Pinkney, was heard in opposition to the proposed plan.

Mr. Greene, Chief Engineer of the Dock Department, made an explanation of the chief features of the improvement as shown on the plans.

After discussion the Mayor moved that the plan for the improvement of this water-front be rejected.

Which was agreed to unanimously.

The report of the Comptroller adverse to the purchase of wharfage rights, etc., incident to the pier and bulkhead at Forty-third street, North river, from the Knickerbocker Ice Company (Minutes of 1892, page 441) was then taken up, and, on motion, was laid over, as no opinion had been received from the Counsel to the Corporation in regard to the grant of this property in 1852.

The following communication was received from the Board of Docks :

CITY OF NEW YORK—DEPARTMENT OF DOCKS,
PIER "A," NORTH RIVER, BATTERY PLACE,
NEW YORK, September 18, 1893.

Hon. THOMAS F. GILROY, Mayor and Chairman of the Commissioners of the Sinking Fund :

SIR—At a meeting of the Board governing this Department, held this date, the following preambles and resolutions were adopted :

Whereas, The agreement entered into by the Department of Docks, under date of November 19, 1891, for the purchase from the Screw Dock Company of certain wharf property between Pike and Market Slips, including Pier 39, East river, for the sum of one hundred and ninety-six thousand nine hundred and fifty (\$196,950) dollars, was rejected at a meeting of the Commissioners of the Sinking Fund, held July 18, 1893, which was evidently done upon the report of the Comptroller and without notice to this Board ; and

Whereas, The Board of Docks deem it to be to the advantage of the City to purchase said property ; therefore be it

Resolved, That the Commissioners of the Sinking Fund be and are hereby requested to reconsider said action, as we deem it for the best interest of the City to make certain improvements in that location.

Yours respectfully,

ANDREW J. WHITE, President pro tem.

Which was laid over.

The Comptroller presented the following report and resolution for the sale of premises No. 39 Liberty street :

FINANCE DEPARTMENT—COMPTROLLER'S OFFICE,
September 29, 1893.

To the Commissioners of the Sinking Fund :

GENTLEMEN—The premises No. 39 Liberty street, formerly occupied by Engine Company 4, was condemned, and the building taken down and new quarters provided for the company.

The lot, as shown by the diagram herewith submitted, has a frontage of 22 feet 6 inches, with a depth of 60 feet 10 inches. It is required by the Mutual Life Insurance Company to complete their present building, and the company offers \$110,000 for the plot, which is deemed a good price for it. To erect an engine-house on this property will involve an expenditure of at least \$25,000, and with the value of the lot will make a total cost of \$135,000 for the premises. The City ought not to put so much money in a location for a fire-engine company when another site can be obtained in a less expensive neighborhood.

Besides, the life insurance company propose to erect on the plot a fine building in harmony with their present one, which will yield a handsome revenue for taxes, and in addition will increase the taxable valuation of other property in the neighborhood.

I consider it advisable, therefore, in the interests of the City, to sell this lot with the house thereon at public auction.

The following resolution is accordingly submitted.

Respectfully,

THEO. W. MYERS, Comptroller.

Resolved, That the premises No. 39 Liberty street, formerly occupied by Engine Company No. 4 of the Fire Department, belonging to the Corporation of the City of New York, be sold at public auction, for the highest marketable price, after public advertisement and appraisal, as provided by section 170 of the New York City Consolidation Act of 1882, under the direction of the Comptroller, who hereby is authorized to make the necessary arrangements for said sale, and also to appoint an appraiser to make a valuation of said real estate, subject to the approval of the Commissioners of the Sinking Fund.

TERMS AND CONDITIONS OF SALE.

The highest bidder will be required to pay ten (10) per cent. of the purchase money and the auctioneer's fee at the time and place of sale; thirty (30) per cent. upon the delivery of the deed within thirty days from the date of sale; and the balance, sixty (60) per cent. of the purchase money, or any portion thereof, may remain, at the option of the purchaser, on bond and mortgage for five years, with interest at the rate of six per cent. per annum, payable semi-annually, the mortgage to contain the customary thirty days' interest and ninety days' tax clauses.

The bond and mortgage may be paid off at any time within the term thereof, on giving thirty days' notice to the Comptroller, or it may be paid by installments of not less than five hundred dollars, on any day when the interest is due, or on thirty days' notice. The bond and mortgage will be prepared by the Counsel to the Corporation, and the sum of twelve dollars and fifty cents will be charged for drawing, acknowledging and recording the same.

The Comptroller may, at his option, resell the premises struck off to the highest bidder who shall fail to comply with the terms of the sale, and the party who fails to comply therewith will be held liable for any deficiency resulting from such resale.

The right to reject any bid is reserved.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and resolution for the sale of premises No. 116 Leonard street:

FINANCE DEPARTMENT—COMPTROLLER'S OFFICE,
September 29, 1893.

To the Commissioners of the Sinking Fund:

GENTLEMEN—The premises No. 116 Leonard street, occupied by Engine Company No. 31, have been surrendered by the Fire Department, and new quarters are to be obtained for the company.

The lot has a frontage of twenty-three feet eight inches on Leonard street, with a depth of seventy-nine feet six inches.

The New York Life Insurance Company has submitted an offer of \$83,000 for the property, for the purpose of erecting thereon an addition to their present building.

The proposed improvement will be a source of income to the City in the receipt of taxes therefrom, and also, will increase the taxable valuation of other property in the neighborhood.

I consider it advisable, therefore, in the interest of the City, to sell the property at public auction. Accordingly I submit for adoption the following resolution.

Respectfully,

THEO. W. MYERS, Comptroller.

Resolved, That the premises No. 116 Leonard street, formerly occupied by Engine Company No. 31 of the Fire Department, belonging to the Corporation of the City of New York, be sold at public auction for the highest marketable price, after public advertisement and appraisal, as provided by section 170 of the New York City Consolidation Act of 1882, under the direction of the Comptroller, who hereby is authorized to make the necessary arrangements for the sale and also to appoint an appraiser to make a valuation of said real estate, subject to the approval of the Commissioners of the Sinking Fund.

TERMS AND CONDITIONS OF SALE.

The highest bidder will be required to pay ten (10) per cent. of the purchase money and the auctioneer's fee at the time and place of sale; thirty (30) per cent. upon the delivery of the deed within thirty days from the date of sale; and the balance sixty (60) per cent. of the purchase money, or any portion thereof, may remain, at the option of the purchaser, on bond and mortgage for five years, with interest at the rate of six per cent. per annum, payable semi-annually, the mortgage to contain the customary thirty days' interest and ninety days' tax clauses.

The bond and mortgage may be paid off at any time within the term thereof, on giving thirty days' notice to the Comptroller, or it may be paid by installments of not less than five hundred dollars, on any day when the interest is due, or on thirty days' notice. The bond and mortgage will be prepared by the Counsel to the Corporation, and the sum of twelve dollars and fifty cents will be charged for drawing, acknowledging and recording the same.

The Comptroller may, at his option, resell the premises struck off to the highest bidder who shall fail to comply with the terms of the sale, and the party who fails to comply therewith will be held liable for any deficiency resulting from such resale.

The right to reject any bid is reserved.

The report was accepted and the resolution unanimously adopted.

The Comptroller offered the following:

Resolved, That the said stock and bonds, amounting to five hundred and forty-four thousand one hundred and ninety dollars and ninety-eight cents (\$544,190.98), so authorized to be issued by the Board of Estimate and Apportionment, be and are hereby exempted from taxation by the City and County of New York, in pursuance of the provisions of section 137 of the New York City Consolidation Act of 1882, and an ordinance of the Common Council, approved by the Mayor, October 2, 1880.

Bidders must write out the amount of their estimate in addition to inserting the same in figures.

The work is to be completed and delivered within the time specified in the contract.

The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time specified for the completion thereof shall have expired are fixed and liquidated at ten (10) dollars.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall present the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The Fire Department reserves the right to decline any and all bids or estimates if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for its faithful performance in the sum of one thousand and five hundred (1,500) dollars; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law.

The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of seventy-five (75) dollars. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

DEPARTMENT OF PUBLIC WORKS

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
ROOM 6, NO. 31 CHAMBERS STREET,
NEW YORK, December 2, 1893.

TO CONTRACTORS.

ESTIMATES FOR FURNISHING ILLUMINATING GAS FOR LIGHTING THE PUBLIC MARKETS, ARMORIES, BUILDINGS AND OFFICES OF THE CITY OF NEW YORK, FOR THE PERIOD FROM JANUARY 1, 1894, TO DECEMBER 31, 1894, BOTH DAYS INCLUSIVE.

ESTIMATES FOR FURNISHING ILLUMINATING GAS FOR LIGHTING THE PUBLIC MARKETS, ARMORIES, BUILDINGS AND OFFICES OF THE CITY OF NEW YORK, or any of them, for the period from January 1, 1894, to December 31, 1894, both days inclusive, will be received by the Commissioner of Public Works of the City of New York, at his office, until 12 o'clock, P. M., of Monday, December 18, 1893, at which time and place the estimates received will be publicly opened.

Any person making an estimate for the above-mentioned supplies shall furnish the same in a sealed envelope at said office, at or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, they shall distinctly state the fact; also that it is made without any connection with any other person making any estimate for the same purpose; and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimates must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true; where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the bid, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if he or they shall omit or refuse to execute the same, they will pay to the Corporation of the City of New York any difference between the sum to which he or they would be entitled upon its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of security required for the completion of the contract and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; that he has offered himself as a surety in good faith and with an intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York.

The gas shall have an illuminating power of not less than eighteen candles when tested at a distance of not less than one mile from the place of manufacture, on the improved form of the Bunsen Photometer, by a Sugg-Letheby 12-hole argand burner, calculated on a consumption of five cubic feet of gas per hour. The regular daily tests, however, will be made with a burner that will obtain from the gas the greatest amount of light, and practicable for use by the consumer, and consuming at the rate of five cubic feet of gas per hour. The testing candle shall be of sperm of six to the pound, and consuming, as near as possible, one hundred and twenty grains of spermaceti per hour, and no candle shall be used for testing which consumes less than one hundred and fourteen or more than one hundred and twenty-six grains of spermaceti per hour. And as regards purity, the gas shall be free, within limits not injurious to the public health, from ammonia, sulphuretted hydrogen, and other sulphur and noxious compounds.

Bidders are required to state in their estimates the several markets, armories, buildings and offices to which they propose to supply gas, and the illuminating power of the gas they propose to furnish.

Bidders are also required to state one definite and distinct price for each thousand cubic feet of gas furnished (whether the quantity be more or less) to each or any of the following public markets, armories, buildings and offices of the city, and this price must be written out in full, and also inserted in figures.

The amount of security required is \$20,000, but the same may be reduced at the option of the Mayor, Aldermen and Commonality of the City of New York, if an award for a portion is made warranting a less amount of security.

The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids. No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

The right is reserved, when an estimate is made containing bids for supplying gas to one or more of the markets, armories, buildings, offices, etc., as aforesaid, to accept from such estimate or bid so much thereof as may be the lowest in respect to each particular market, armory, building or office as aforesaid, and to reject the remainder of such estimate or bid which may not be the lowest as aforesaid. The contract for lighting any particular market, armory, building, office, etc., will be awarded, if awarded, to the lowest bidder on the lighting of each particular market, armory, building, office, etc.

Bidders are informed that no deviation from the specifications will be allowed, unless a written permission shall have been previously obtained from the Commissioner of Public Works.

The right is also reserved to discontinue the lighting of any of the public markets, armories, buildings, offices, etc., to which gas shall be furnished, if at any time gas should not be required in any such public market, armory, building or office.

The right to decline all estimates is reserved, if deemed for the interest of the Corporation, by the Commissioner of Public Works, and no estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

If the estimate of any bidder shall include any market, armory, building or office, situated on any street in which the gas-mains of such bidder are not laid at the time of the making of the bid, and a contract for furnishing gas to said market, armory, building or office shall be awarded to any such bidder, then, in that case, thirty days from the date of the execution of such contract shall be allowed to such bidder for the laying of the gas-mains of such bidder in said street, providing such bidder shall have a franchise or grant from the

Mayor, Aldermen and Commonality of the City of New York, authorizing the laying of gas-mains in such street.

Blank forms of bid or estimate, the proper envelopes in which to enclose the same, the specifications and agreements, and any further information desired, can be obtained at Room 11, No. 31 Chambers street.

pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act:

When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

Commissioner of Public Works

BOARD OF CITY RECORD.

OFFICE OF THE CITY RECORD,
No. 2 CITY HALL,
NEW YORK, November 29, 1893.

PROPOSALS TO FURNISH THE COURTS AND DEPARTMENTS OF THE GOVERNMENT OF THE CITY OF NEW YORK WITH BLANK PRINTED OR LITHOGRAPHED BOOKS, DOCKETS, LIBERS, BINDING COVERS, BINDING, ETC., FOR 1894.

TO BOOKBINDERS AND STATIONERS.

SEALED ESTIMATES FOR SUPPLYING THE City Government with Blank, Printed or Lithographed Books, Dockets, Libers, etc., will be received at this office until 12 o'clock M. of Thursday, the 14th day of December, 1893, at or about which time said estimates will be publicly opened and read at a meeting of the Board of City Record, to be held in the Mayor's Office.

Each person making an estimate shall inclose it in a sealed envelope, indorsed "Estimate for furnishing Blank Books, etc.," and with his name and the date of its presentation.

Each estimate shall state the name and place of residence of the person making it; if there is more than one such person, their names and residences must be given; and if only one person is interested in the estimate it must distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making it that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the preliminary security required, and in the proposals stated, over and above all his debts of every nature and over and above all his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

The amount of security required upon the execution of the contract will be in each case fifty per cent. of the estimated cost of the articles awarded to each contractor; the amount of preliminary security to be given until each award, and in which the sureties shall justify, shall be One Thousand Dollars.

Should the person to whom the contract may be awarded, neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he accept but do not execute the contract and give the proper security, he shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter as surety or otherwise, upon any obligation to the Corporation, and no estimate will be accepted from, or a contract awarded to, any person not having at the time of making his estimate full, suitable and sufficient facilities for performing the work specified in his estimate.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National or State Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of fifty per centum of the amount of the preliminary security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the Supervisor of the City Record, who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said Supervisor and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the undersigned city officers to reject any or all bids which may be deemed prejudicial to the public interests. A contract will be made with the lowest bidder for the books required by any court or department, or for any item in the specifications involving an expenditure of more than five hundred dollars.

The making and delivery of all the books must be completed within ninety days from the execution of the contract unless delayed by the courts, departments, or

bureaus. They must be made and delivered in the order to be prescribed by the Supervisor of the City Record, to the end that the immediate needs of the departments shall be supplied. Such of them as are indicated with asterisks in the specifications must be delivered on or before January 2, 1894.

For particulars of the quantities of books required resort must be had to the specifications on file in the Department of Public Works, or to be procured from the Supervisor of the City Record.

The Libers are to be sewed in sections of four sheets, lined inside and outside with linen. The head-bands are to be made on the book. All parchment used is to be covered with linen. The binding is to be of real Russia, with extra back, and the finish antique and gold. The Libers are to have round cornered brass shoes, as per samples in the Register's and Surrogate's offices. Crane's parchment dead paper No. 44 must be used.

Samples of such of the books as are not described herein, or in the specifications, are to be seen in the several courts and departments, and the new books must be made in accordance with those samples, unless the latter are inferior in the qualities of paper and binding to those provided for in the specifications.

Stenographers' books are not to be pagged or indexed; but special attention must be paid to the paper called for, as some stenographers use pens and others pencils.

By order of,
THOMAS F. GILROY,
Mayor;
WILLIAM H. CLARK,
Counsel to the Corporation;
MAURICE F. HOLAHAN,
Acting and Deputy Commissioner of Public Works.
W. J. KENNY,
Supervisor of the City Record.
