STATE INDUSTRIAL COMMISSION—DEPARTMENT OF LABOR.

Public Notices.

WHEREAS, THE CORPORATION OF ENDICOTT, Johnson & Co., doing business at Endicott and Johnson City, N. Y., have made application for a variation of Section 8-a of the Labor Law to permit thirty (30) repairmen in its Johnson City plant and forty (40) repairmen in its plant at Endicott, N. Y., to work seven days per week but not more than eight (8) hours per day, and

Whereas, an investigation made by the Supervising Inspector having jurisdiction in the district wherein the plant is located shows this Company employs some 13,000 persons in its factories; that they are under contract with the United States Government to furnish shoes for the army; that in order to meet the terms of the contract and furnish the shoes in sufficient numbers certain of the factories are working 24 hours per day on three eight-hour shifts, for six days in the week; that this company employs a force of 369 repairmen, consisting of 77 electricians, 18 painters, 33 machinists, 27 steamfitters, 65 carpenters and millwrights, and approximately 150 laborers, none of whom are employed in excess of eight hours per day, and none of whom work on Sunday except in case of emergency, which cannot be done while the plant is in operation; that the repairs to the machinery in the factories working 24 hours per day for six days a week must necessarily be done on Sunday and cannot be completed within three hours time and that it is extremely difficult to procure mechanics of the classes referred to herein in the districts where these plants are located, and giving the men working on Sunday 24 hours rest during the week reduces the regular repair force accordingly; and it appearing that for the time being the work done by these men is necessarily continuous in order to keep the machinery in working order, therefore

Be it resolved that variation from the provisions of Section 8-a of the Labor Law is hereby granted to Endicott, Johnson & Co. to employ not to exceed thirty (30) men in its Johnson City plant and thirty (30) men in its Johnson City plant and forty (40) men in its plant at Endicott, as repairmen seven days per week for eight hours in each day, the names of such men as are required to work on Sunday to be conspicuously posted in the plant where they are required to work. This resolution to become operative immediately and continue until Feb. 1, 1918, in the meantime certificate of emergency to be procured from the Secretary of War.

Dated, Nov. 21, 1917.

PUBLIC NOTICE IS HEREBY GIVEN THAT a public hearing will be allowed at the office of the Municipal Civil Service Commission, Room 1443, Municipal Building, on

WEDNESDAY, NOVEMBER 28, 1917, at 10.30 a. m., on the matter of the proposed adoption of the following preamble and resolution:

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations, and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be installed a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture

of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the date of possession, and the successful bidder will provide and furnish all materials or labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions shall in any case be relocated or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be relocated or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a sale at public or private sale may be made in the same manner as if no prior sale thereof had been made.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and be it further

Resolved, That while the said sale is held under the supervision of the Commissioner of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
