JANITORIAL AND DEBRIS REMOVAL SERVICES PREQUALIFICATION APPLICATION AND INFORMATION SESSION

NYCHA is excited to introduce you to our pre-qualified list (PQL) for Janitorial and Debris Removal Services. These services include providing all labors for, Exterior and Interior Public Space Cleaning, Basement Cleaning and Emergency Cleaning across NYCHA developments City-wide. We are seeking experienced vendors to join our community and provide these in-demand services!

What is a pre-qualified list?

A PQL is a tool that NYCHA will use to primarily contract for Janitorial and Debris Removal Services for its developments, streamlining the process for both vendors and NYCHA. NYCHA will publish Janitorial and Debris Removal Services contracting opportunities, and the PQL will predominantly be used to procure Janitorial and Debris Removal Services. After pre-qualifying according to specific criteria, vendors can bid on Janitorial and Debris Removal Services contracts released to the PQL.

All contractors interested in NYCHA's Janitorial and Debris Removal Services PQL must follow two important steps:

1. Vendors can obtain a copy of the Janitorial and Debris Removal Services Prequalification Application and prepare your response to the Request for Qualifications (RFQ) at; <https://www.nyc.gov/site/nycha/business/nycha-pql.page>. Vendors must prepare and submit applications to NYCHA's Janitorial Debris Removal Services PQL as follows, with information in the subject line "Janitorial and Debris Removal Services" Prequalification Application Submission (and company name applying)" to email address; PQL@nycha.nyc.gov . To pre-qualify, vendors must meet the minimum requirements listed for experience, workforce capacity, and integrity. Applications will be evaluated by NYCHA on a rolling basis, but we recommend applying early to gain access to more PQL contracting opportunities!

2. Vendors who are admitted to the PQL can then bid for Janitorial and Debris Removal Services solicitations at NYCHA. NYCHA will confirm PQL evaluation decisions with applicants via a letter of acceptance or a letter of rejection. Vendors must bid on each Janitorial service contract award, as admission to the PQL does not guarantee contract award. To bid on a specific contract, NYCHA encourages vendors to apply a minimum of 15 days prior to the bid submission closing date to the PQL for a Janitorial and Debris Removal Services contract to be considered for that solicitation.

GENERAL SCOPE OF WORK – SPECIFICATIONS

ROSEHILL POLYMERS RUBBER TRAFFIC ISLANDS AND BICYCLE LANE SEPARATORS - Request for Information - PIN# 84124Y0569 - Due 5-31-24 at 2:00 P.M.

Pursuant to Section 3-05 of the New York City Procurement Policy Board Rules, the New York City Department of Transportation (NYCDOT) intends to enter into negotiations with Rosehill Polymers Limited for an agreement to purchase components made of recycled rubber for pedestrian islands of various dimensions (e.g., DI-1200 Heritage Demountable Modular Traffic Island), bicycle lane separators,

and accompanying vertical elements and associated products for a one (1) year term.

Such purchase will enable the Agency to maintain the performance of pedestrian and safety elements installed on NYC streets. Requiring no road excavation and deployable at locations where concrete islands cannot be constructed, the Rosehill products afford advantages regarding installation time, ease of removal and durability which significantly enhance NYCDOT's capability in achieving the safety goals of Vision Zero. Rosehill is the only vendor able to provide rubber traffic islands made from pre-molded rubber recycled truck tires with a universal base plate to install traffic signage directly on the islands. The aforementioned features are key factors in the Agency determining that Rosehill products are the best for the Agency's required applications.

Vendors may express interest in providing a comparable good by responding to the RFI EPIN: 84124Y0569 in PASSPort no later than May 31, 2024, by 2:00 P.M. Any questions should be directed to the authorized agency contact, David Maco (dmaco@dot.nyc.gov), at (212) 839-9400.

POSITIVE DECLARATION

Project Identification The Coney Development CEQR No. 24DCP129K ULURP Nos. Pending SEQRA Classification: Type I	Lead Agency City Planning Commission 120 Broadway, 31 st Floor New York, NY 10271 Contact: Stephanie Shellooe (212) 720-3328
--	---

Name, Description and Location of Proposal:

The Coney Development
TSG Coney Island Entertainment Holdco LLC (the "Applicant") is requesting a discretionary approval from the City Planning Commission (CPC), subject to the Uniform Land Use Review Procedure (ULURP), including a City Map amendment and disposition of real property owned partially by the City pursuant to the New York City Charter Section 197(c)(a)(1) and (10) for the proposed City Map amendment.

The Applicant seeks to amend the City Map, in order to eliminate, discontinue, and close portions of West 15th Street between Surf Avenue and Wonder Wheel Way, Stillwell Avenue between Surf Avenue and Wonder Wheel Way, West 12th Street between Surf Avenue and Wonder Wheel Way, Bowery Street between West 10th Street and West 15th Street, and Wonder Wheel Way between West 10th Street and West 15th Street located in the borough of Brooklyn, in the Coney Island neighborhood, and generally within the Coney East Subdistrict of the Special Coney Island District, in Community District 13 (CD 13).

In addition to City Map amendment, the Applicant is seeking a license from the New York State Gaming Facility Location Board to operate a gaming facility on the Project Site. The application for the Gaming Facility License is subject to a separate state approval process.

These City and State discretionary actions are collectively referred to as the "Proposed Actions," and are subject to environmental review pursuant to the State Environmental Quality Review Act (SEQR) and City Environmental Quality Review (CEQR) procedures, authorizing the construction of a gaming facility as part of the Proposed Project. The New York City Department of City Planning (DCP) is the lead agency for this environmental review.

The Proposed Actions would facilitate the development of an approximately 8.6-acre entertainment destination (the "Proposed Project") located on Lots 256, 310, and 360 on Block 7074; Lots 1, 5, 11, 12, 14, 25, 30, 33, 414, and 419 on Block 8694; Lots 61, 64, 72, and 433 on Block 8695; and Lots 35, 37, 44, 47, 48, 49, and 50 on Block 8696 in Brooklyn (the "Project Site").

The Proposed Actions would also facilitate an approximately 1,430,935 gross square feet (gsf) Proposed Project on the Project Site. The Proposed Project would include an approximately 394,655 gsf gaming facility, approximately 258,000 gsf of hotel floor area, comprising approximately 500 keys; approximately 92,050 gsf of convention floor area; approximately 72,200 gsf of retail and food hall space; approximately 54,400 gsf of events space; approximately 105,530 gsf of publicly accessible open rooftop space; and approximately 454,100 gsf of on-site parking comprising 1,500 parking spaces.

Absent the Proposed Actions (the "No-Action" condition), as-of-right development on the Project Site would comprise approximately 825,989 gsf of commercial space. The commercial space would include an approximately 530,037 gsf multipurpose recreational facility, an approximately 63,924 gsf banquet hall, an approximately 59,825 gsf auditorium, approximately 97,433 gsf of retail/food and drink space, and approximately 74,770 gsf of open rooftop space. The multipurpose recreational facility would be comprised of an approximately 302,915 gsf amusement arcade, approximately 59,500 gsf of midway attractions, approximately 112,629 gsf of computer supported games (laser tag, dark rides, etc.), and approximately 54,993 gsf of roller/ice skating rinks or skateboard parks. Retail/food and drink space is comprised of approximately 30,000 gsf of gift shops and approximately 67,433 gsf of eating and drinking establishments.

The analysis year of the Proposed Actions is 2028.

Statement of Significant Effect:

On behalf of the City Planning Commission, the Environmental Assessment and Review Division has determined, pursuant to 6 NYCRR Part 617.7, that the Proposed Actions may have a significant effect on the quality of the environment as detailed in the following areas, and that an environmental impact statement will be required: land use, zoning and public policy; socioeconomic conditions; open space; shadows; historic and cultural resources; urban design and visual resources; hazardous materials; water and sewer infrastructure; solid waste and sanitation services; energy; transportation; air quality; greenhouse gas emissions and climate change; noise; public health; neighborhood character and construction.

The Proposed Actions would not result in significant adverse impacts related to community facilities and services and natural resources.

Supporting Statement:

The above determination is based on an Environmental Assessment Statement prepared for the actions which finds that:

1. Land Use, Zoning and Public Policy – The Proposed Actions would affect the land use, zoning, and public policies within the Project Area. The discretionary Proposed Actions include a city map amendment and disposition. The Proposed Actions could have the potential to result in significant adverse impacts related to land use, zoning, and public policy.
2. Socioeconomic Conditions – The Proposed Actions would introduce more than 200,000 square feet (sf) of new commercial uses to the Project Area in the Proposed Development. The Proposed Actions could result in a significant adverse impact to indirect business and institutional displacement. Therefore, the Proposed Actions

could have the potential to result in a significant adverse impact to socioeconomic conditions.

3. Community Facilities and Services – The Proposed Actions would not introduce new residential dwelling units and would not increase demand at, or directly impact, public schools, publicly funded childcare facilities, libraries, or police and fire services, or health care facilities. The Proposed Actions would not have the potential to result in a significant adverse impact to community facilities and services, and no further analysis is required.
4. Open Space – The Proposed Actions would result generate a net increment of more than 500 nonresidents in the With-Action Condition. Therefore, the Proposed Actions could have the potential to result in a significant adverse impact on open space.
5. Shadows – The Proposed Actions would introduce buildings taller than 50 feet, which is above the threshold for shadows analysis on potential sunlight sensitive resources in the Project Area which could result in new incremental shadows on a sunlight-sensitive resources. The Proposed Actions could have the potential to result in a significant adverse impact on shadows.
6. Historic and Cultural Resources – Based on a preliminary review of New York City Landmarks Preservation Commission- (LPC-) designated Historic Districts and Landmarks Map, there is one architectural resource (LP-02410, Childs Restaurant Building) located adjacent to the Project Site is designated as a New York City Landmark, and three architectural resources and one scenic landmark are located within 400 feet of the Project Site are designated as a New York City Landmark: (1) The Cyclone (LP-01636), (2) The Wonder Wheel (LP-01708), (3) Shore Theater (LP-02408), and (4) Coney Island (Riegelmann) Boardwalk (LP-2583). Based on a review the New York State Office of Parks, Recreation, and Historic Preservation (OPRHP) Cultural Resource Information System (CRIS) database, the Project Site, including existing buildings, are located within the proposed Coney Island Historic District, which is eligible for listing on the State/National Register (S/NR) of Historic Places. Therefore, the Proposed Actions could have the potential to result in a significant adverse impact on historic and cultural resources.
7. Urban Design and Visual Resources – The Proposed Actions could result in physical changes to the Project Site beyond the bulk and form currently permitted as-of-right. These changes could affect the pedestrian's experience of public space, requiring an urban design assessment. Therefore, the Proposed Actions could result in a significant adverse impact related to urban design and visual resources.
8. Natural Resources – The Proposed Actions would not result in construction on a site containing or adjacent to a natural resource. Therefore, no thresholds were met for an analysis of natural resources, and the Proposed Actions would not result in significant adverse impacts related to natural resources.
9. Hazardous Materials – The Proposed Actions would result in new construction including new in-ground excavation and subsurface disturbance within the Project Area, which has a documented history of hazardous materials conditions and previous industrial uses. Therefore, the Proposed Actions could result in a significant adverse impact on hazardous materials.
10. Water and Sewer Infrastructure – The Proposed Actions would exceed the CEQR analysis thresholds for project sites located in separate sewered areas, and the Project Site is located in Coney Island, an area at the end of the water supply distribution system that experiences low water pressure. Therefore, the Proposed Actions could result in a significant adverse impact on wastewater and stormwater infrastructure.
11. Solid Waste and Sanitation Services – The Proposed Actions could result in solid waste generation greater than the threshold of 50 tons per week. Therefore, the Proposed Actions could result in a significant adverse impact related to solid waste and sanitation services.
12. Energy – The EIS will include a discussion of the effects of the Proposed Actions on the use and conservation of energy. A detailed energy assessment is limited to actions that may significantly affect the transmission or generation of energy. While the Proposed Actions do not meet the threshold for a detailed energy assessment, to support the greenhouse gas (GHG) emissions analysis, the EIS will disclose the projected amount of energy consumed during long-term operation of

the Proposed Actions and assess the potential effects of the Proposed Actions on the available energy supply.

- 13. Transportation – The Proposed Actions would generate trips greater than the thresholds for vehicular traffic, subway, bus, pedestrians and parking, and additional analysis is warranted. Additionally, a detailed analysis of vehicular safety is warranted. Therefore, the Proposed Actions could have the potential to result in a significant adverse impact related to transportation.
- 14. Air Quality – The preliminary analysis for air quality indicated that a detailed mobile and stationary source (i.e., industrial and/or large emission source analyses) analysis is warranted. As a result of the preliminary screening, the Proposed Actions could result in a significant adverse impact on air quality.
- 15. Greenhouse Gas Emissions and Climate Change – The threshold for detailed analysis of greenhouse gas emissions and climate change is highly dependent on the nature of the project and its potential impact. The Proposed Project would exceed 350,000 sf, and therefore a GHG assessment. Additionally, based on the current FEMA Advisory Base Flood Elevation Map, an assessment of climate change is warranted. Therefore, the Proposed Actions could result in a significant adverse impact on greenhouse gas emissions and climate change.
- 16. Noise – The Proposed Actions would introduce additional vehicle trips to and from the Project Area that could potentially impact existing and project-generated sensitive receptors within and in the vicinity of the Project Area. Additionally, the potential for significant adverse noise impact from the existing roller coaster operations at Deno's Wonder Wheel Amusement Park and Luna Park (Cyclone, Thunderbolt, Phoenix and Steeplechase) will be analyzed. The Proposed Project is located within an area with high ambient noise levels due to existing and future stationary noise sources, which warrants a stationary noise source analysis. Therefore, the Proposed Actions could result in a significant adverse impact on noise.

- 17. Public Health – The Proposed Actions could result in effects related to air quality, water quality, noise, hazardous materials or construction. Therefore, the Proposed Actions could have the potential to result in significant adverse impacts related to public health.
- 18. Neighborhood Character – The Proposed Actions could affect land use, socioeconomic conditions, open space, urban design and visual resources, historic and cultural resources, transportation, and noise. As a result, the Proposed Actions could have the potential to result in a significant adverse impact related the affected area's neighborhood character.
- 19. Construction – Construction of the Proposed Project would be considered long term in duration (more than 24 months) and warrants a detailed analysis. Therefore, the Proposed Actions could have the potential to result in significant adverse impacts related to construction.

Public Scoping:

The CEQR lead agency hereby requests that the applicant prepare or have prepared, at their option, a Draft Environmental Impact Statement (DEIS) in accordance with 6 NYCRR 617.9(b) and Sections 6-08 and 6-12 of Executive Order No. 91 of 1977 as amended (City Environmental Quality Review).

A public scoping meeting has been scheduled for Monday, June 17, 2024 at 2:00 P.M. To continue to allow for broad public participation options, DCP will hold the public scoping meeting remotely. To join the meeting and comment, please visit NYC Engage (<https://www1.nyc.gov/site/nycengage/events/index.page>).

Written comments will be accepted by the lead agency through 5:00 P.M., Thursday, June 17, 2024.

This determination has been prepared in accordance with Article 8 of the Environmental Conservation Law.

NOTE:

1. Federal excise taxes are imposed on taxable fuels, (i.e., gasoline, kerosene, and diesel), when removed from a taxable fuel terminal. This fuel excise tax does not include Leaking Underground Storage Tank (LUST) tax. LUST tax applies to motor fuels for both diesel and gasoline invoices. Going forward, LUST Tax will appear as an additional fee at the rate of \$0.001 per gallon and will be shown as a separate line item on your invoice.
2. The National Oil Heat Research Alliance (NORA) has been extended until February 6, 2029. A related assessment of \$.002 per gallon has been added to the posted weekly fuel prices and will appear as a separate line item on invoices. This fee applies to heating oil only and since 2015 has included #4 heating oil. All other terms and conditions remain unchanged.

- 3. Items 1 - 4 on contract 4287148 and 5 - 20 on contract 4287149 are effective as of June 1st, 2022.
- 4. Items 1 - 4 on contract 4387063 are effective as of December 19, 2022.
- 5. Federal Superfund Tax is included in the DCAS weekly pricing schedule, and it should not show as an additional fee.

REMINDER FOR ALL AGENCIES:

All entities utilizing DCAS fuel contracts are reminded to pay their invoices **on time** to avoid interruption of service. Please send inspection copy of receiving report for all gasoline (E70, UL PREM) delivered by tank wagon to OCP/Bureau of Quality Assurance (BQA), 1 Centre St, 18th Floor, NY, NY 10007.

Starting April 1st, City agencies must transition from winterized fuel to non-winterized fuel.

Please make sure your agency orders non-winter fuel according to the fuel options listed on the weekly price schedule.
