corner of Grand and Elm streets, until Friday, April 19,
1878, at 4 P. M., for supplying the coal and wood required
for the public schools in this city, for the ensuing year—
say ten thousand (10,000) tons of coal, more or less, and
eight hundred and fifty (850) cords of oak, and five hun-
dred and fifty (550) cords of pine wood, more or

two thousand to hundred and forty (2,240) pounds to the
ton, and must be delivered in the bins of the several school
buildings at such times and in such quantities as required
by the Committee on Supplies.
The proposals must state the mines from which it is
proposed to supply the coal (to be furnished from the
mines named, if accepted), and must state the price per
ton of two thousand two hundred and forty (2,240)
pounds.
The quantity of the various sizes of coal required will
be about as follows, viz.: Eight thousand one hundred
(8,100) tons of furnace size, nine hundred and fifty (950)
tons of stove size, three hundred and fifty (350) tons of

The oak wood must be of the best quality, the stick not
less than three (3) feet long. The pine wood must be of
the best quality, Virginia, and not less than three (3) feet
six (6) inches long. The proposal must state the price per
cord of one hundred and twenty-eight (128) cubic feet,
solid measure, for both oak and pine wood, and also the
price per cut per load for sawing, and the price per cut per
load for splitting; the quantity of oak wood to be split only
as required by the Committee on Supplies. The wood
will be inspected and measured under the supervision of
the Inspector of Fuel of the Board of Education, and must
be delivered at the schools as follows: Two-thirds of the
quantity required from the 10th of June to the 15th of
September, and the remainder as required by the Com-
mittee on Supplies; said wood, both oak and pine, must be
delivered sawed, and, when required, split, and must be
piled in the yards, cellars, vaults, or bins of the school

NEW YORK, June 1, 1877.

APPLICATIONS FOR EXEMPTIONS WILL BE
heard here, from 9 to 4 daily, from all persons hitherto
liable or recently serving who have become exempt, and
all needed information will be given.

Those who have not answered as to their liability, or
proved permanent exemption, will receive a “jury enroll-
ment notice,” requiring them to appear before me this
year. Whether liable or not, such notices must be an-
swered (in person, if possible, and at this office only) under
severe penalties. If exempt, the party must bring proof of
exemption; if liable, he must also answer in person, giving
full and correct name, residence, etc., etc. No attention
paid to letters.

Persons “enrolled” as liable must serve when called
or pay their fines. No mere excuse will be allowed or
interference permitted. The fines, received from those
who, for business or other reasons, are unable to serve at
the time selected, pay the expenses of this office, and if
unpaid will be entered as judgments upon the property of
the delinquents.

All good citizens will aid the course of justice, and
secure reliable and respectable juries, and equalize their
duty by serving promptly when summoned, allowing their
clerks or subordinates to serve, reporting to me any attempt
at bribery or evasion, and suggesting names for enrollment.
Persons between sixty and seventy years of age, summer
absentees, persons temporarily ill, and United States and
District Court jurors are not exempt.

Every man must attend to his own notice. It is a mis-
demeanor to give any jury paper to another to answer.
It is also punishable by fine or imprisonment to give or
receive any present or bribe, directly or indirectly, in re-
lation to a jury service, or to withhold any paper or make
any false statement, and every case will be fully prose-

The Department will make, prior to the 1st May, 1878, such repairs to any of the above premises, in the judgment of the Commissioners, needing them, as they may consider necessary to place them in suitable condition for service during the terms for which leases are to be sold; but all the premises must be taken in the condition in which they may be in on the date of commencement of said terms, respectively; and no claim that the property is not in suitable condition at the commencement of the lease, will be allowed by the Department; and all repairs and rebuilding required and necessary, during the terms leased, are to be done at the expense and cost of the lessees.

Purchasers will be allowed three months, from date of commencement of their leases, in which to notify the Department that dredging is required at the premises leased; and the Commissioners guarantee to do all possible dredging, as soon after being notified of the necessity thereof, as the work of the Department will permit; but in no case will the Department dredge where a depth of ten feet at mean low water already exists, nor after that depth shall have been obtained by dredging; and no claim will be received or considered by the Department, for loss in doing the work of such dredging, or consequent upon the premises being occupied for dredging purposes. The Commissioners reserve the right to resell the leases bid off by those failing to comply with these terms; the party so failing to be liable for any deficiency which may result from such resale.
