# DEPARTMENT OF PARKS.

Report for the Quarter ending March 31, 1901.

DEPARTMENT OF PARKS—CITY OF NEW YORK, THE ARIENAL, CENTRAL PARK, May 31, 1901.

Him, ROBERT A. VIN WYOR, Major :

Suc. I have the bonne to inclose herewith the quarterly report of the Commissioners of Purka for the different benugh living of The City of New York for the quarter ending March 31, 1900.

WILLIS HOLLY, Secretary, Park Board.

# BOROUGHS OF MANHATTAN AND RICHMOND.

DEPARTMENT OF PARKS—CITY OF NEW YORK, THE ABSENAL CENTRAL PARK, April 1, 1901.

Mon. ROBERT A. VAR WEER, Motor :

Six -1 have the honor to inclose berevith the quarterly report of the operations and financial condition of the Department of Parks of the boroughs of Manhatian and Richmond, required by the Charter, for the three mouths ending March 31, 1901.

Yours respectfully, GEORGE C. CLAUSEN, Commissioner of Parks, Boroughs of Manhattan and Richmond.

During the quarter ending March 31, the gardening, labeting and mechanical forces have been enjoyed principally upon the section work incident to this season of the year. The lawns have been manured, the walks and drives cleaned of dirt and snow and all of the halldings, rolling stock and other park property put in thorough repair. Over 2,500 loads of manure were used upon the lawns and 1,134 loads of refuse were removed from the parks and taken to the dumps of the Street Cleaning Department.

The Conservatory, Central Park, was visited by an unusually large number of people, the attendance being 550,000, as against 100,000 for the same quarter last year. This is an indication of the growing popularity of this frature of Central Park and of the very large attendance there when the houses are fully stocked and the floral displays more claborate.

A large number of plants were prepagated in the greenhouses and nurseries for use in spring bedding in the parks. It is estimated that over 50,000 plants will be used for this purpose.

The Entomologist and his force have rendered valuable service during the quarter in treating the trees for scale insects and the removal of coccons, egg masses, alm barers and other insects. In the downtown parks large trees were recaused in this way where heretofore it has not been attempted because of the time required for the work.

The bridle roads were harrowed and worked with sand and fine gravel and were the means of great enjoyment as shown by a constantly increasing public use. On the Harlem River Driveway the roadway has been repaired, the basins cleaned and the gitters repaired. Owing to the open winter the attendance there, considering the season of the year, has been very large.

The entrance to Central Park at Seventh avenue and Fifty-ninth street, made necessary by the salway work in the Circle at Eighth avenue and Fifty-ninth street, was widened five feet to permit its being used also as a carriage antrance.

A savenus of the work of the Facility forms during the question is as follows.

A synopsis of the work of the Engineering Corps during the quarter is as follows:

# New York Public Library Building.

Owing to the unseasonable weather an unusualty small amount of work was done in the way of remaying the old reservoir, building foundations, etc. The work accomplished was:
900 cubic yards of excavation of all kinds, reservoir proper.
5.850 cubic yards of excavation of earth for foundations and cellars.
2,000 cubic feet of concrete focitings.
13,000 cubic feet of rubble massarry.
315 cubic yards of back filling.

# Viaduct over Ninety-sixth Street, Riverside Drive.

Work on this improvement was vigorously prosecuted during the quarter, and the following was accomplished:

1,688 cubic yards foundation excavation.

1,088 cubic yards foundation excavation.
719 cubic yards concrete.
887 cubic yards concrete.
887 cubic yards anchor walls above foundations.
160 cubic yards anchor walls above foundations.
160 cubic feet pedestal pur caps.
120 cubic feet granite sidewalk portals.
825 cubic feet granite east retaining-wall coping.
150,000 pounds iron and steel.
2 busins removed and rebuilt.
251 linear feet 12-buch vitrified drain-pipe.
186 cubic yards excavation for walls. Ninety-sixth street.
91 cubic yards concrete for walls. Ninety-sixth street.
163 cubic yards walls below coping. Ninety-sixth street.
163 cubic yards walls below coping. Ninety-sixth street walls.
168 cubic yards railroad wall below coping.
35 linear feet coping railroad wall.
One-sixth toul-house complete.

# Sewer in Connection with Minety-sixth Street Viaduct.

This work was found necessary owing to the axistence of the former sewer directly under the main retaining-wall of the viaduct. The work was completed in February last, and 200 linear feet of brick sewer was built during the quarter, and 570 linear feet of 6-inch drain-pipe for house connections laid.

Regulating and Grading Thomas Jefferson Park,

14,000 cubic yards of excavating of all kinds may done in connection with this improvement, and 13,000 cutic yards of all placed

And 13,000 cubic yards of excavating of all kinds has done in connection with this improvement, and 13,000 cubic yards of fill placed.

In addition to the above the Engineering Force was engaged on a resurrey and plan showing foundations for the New York Public Labrary Building, upon surreys, plane, specifications, of a resulting curb and edering and resultating walks and lawne in Malberry Bend Park and expension the water-mains. Survey, plans, specifications and estimate of cost for resultating with asphalt walks in Riverside Park, between Seventy-second and Seventy-winth streets, and also between Ninety-sixth and One Hundred and Twentieth streets, were made. A plan and estimate was made for resultating the bridle road and cycle path, Riverside drive, and for estimate subject, laying asphalt walk and repairing patters between Ninety-seventh and One Hundred and Twentieth streets. Specifications and estimate of cost for relivanishing and esting unit some-and paving the roadway of Carbedral parkway, between Seventh and Riverside areates, were made, as well as for repairing west Eighty-sixth street with asphalt.

A new plan and estimate of cost for widening the roadway of West Fifty-minth street, between visith and Eighth avenues, was undertaken. It is proposed to more the north curb fifteen feet north and repaire the park sidewalk, set out new trees, etc. Plans and estimate of out of an asphalt roadway adjoining the sea-wall in Battery Fark and for paving the walls of Hudson Park with asphalt were made and for the rearrangement of the drainers of Hudson Park, adjacent to the approach to the new One Hundred and Twenty-minth Street Violater, of the re-ritory west of the Speedway in the vicinity of One Hundred and Ninety with street, in connection with proposed stode at that point, for repairing walks in Central Park, for laving suphalt curters on the West Little, Central Park, and of Riverside Park, bothered One Hondredt and Tenth streets. In addition to the above the work of impecting pavonent under guarantees, me

New York, March 31, 1901.

How. August Monney Commissioner of Parks :

DEAR SHOLD berewith submit quarterly report for the first quarter ending March 31, 1901, of the work done by the engineering force under my supervision :

1. Figurating, grading and pasing the existing roads near the Botanical Museum in Bronx Park, in the City of New York.

John B. Devlin, contractor. Contract executed January to, 1900. Oddered to begin work April 2, 1908. Vinal estimate forwarded February S, 1901.

Grading, paving and improving existing roads, from Bronx and Pelham parkway to and around nursery in Bronx Bark, in The City of New York.
 John B. Devlin & Co., contractors. Contract executed July 10, 1900. Ordered to begin work July 23, 1900. Final estimate forwarded February 8, 1901.

3. Furnishing all the labor and materials for the creation and completion of a range of propagating houses in the Botanical Garden in Bronx Park, in The City of New York, together with appartenances and other work in connection therewith.

Hitchings & Co., contractors. Contract executed August 20, 1900. Ordered to begin work September 21, 1900. Final estimate forwarded January 25, 1901.

4. Furnishing all labor and materials for constructing a public comfort building in the New York Zoologocal Park in Broax Park, in The City of New York.

N. W. Kyan, contractor. Contract executed August 27, 1900. Ordered to begin work September 21, 1900. This work is still in progress but nearing completion, and is in such condition that the final estimate will no doubt be transmitted early in the coming month.

5. Furnishing all labor and all materials for constructing a greenhouse in the New York Zamlogical Park in Broax Park, in The City of New York. Hitchings & Co., contractors. Contract executed October 16, 1900, Ordered to begin work October 30, 1900. Pinal estimate forwarded January 19, 1901.

6. Grating, paving and improving existing roads, trum the Lorillard Mansion gate to Electher street, and to and across the late bridge connecting with improved roadway near the Botanical Museum in Bronx Park, in The City of New York.

The John J. Hait Company, contractors. Contract executed November 12, 1900. Ordered to begin work December 5, 190. On February 18, 1901, I ordered the work suspended naving to freezing weather, and notified the contractors to resume work on March 18, 1901. The work is still in progress in a very satisfactory manner.

7. Furnishing all labor and all materials for constructing a skate and golf house at Van Cortlandt Labo, in Van Cortlandt Park, in The City of New York.

William Headerson, commactor. Contract succuted November 24, 1900. Ordered to begin work December 3, 1900. This work is still in progress and will be completed about the middle of May, and will be an ornament to Van Cortlandt Fark.

S. Constructing a bridge over the New York, New Haven and Hartfard Railroad, Hudson River Branch, at the crossing of the Brons and Pelham parkway.

John G. Tast, contractor. Contract executed November 26, 1900. Ordered to begin work January 21, 1901. This work on this bridge is proceeding slowly but the work is

9. Constructing and improving a portion of the Bronx and Pelham parkway, from the westerly terminus of the improved portion of said parkway, 400 feet westerly of the Bear Swamp road, to a partion 1,275 feet westerly of said terminus in Bronx Park, in The City of New York. William H. Masterson, contractor. Contract executed January 16, 1991. Contractor ordered to begin work on February 18, 1901, and is still progressing.

AUGUST MOEBUS, Commissioner of Parks, Horough of The Heats.

10. Furnishing all labor and all materials for constructing complete a workshop and sheds in the New York Zoological Garden in Bronx Park, in The City of New York. Wilbur T. Wright, contractor, Contract executed January 10, 1001. Contractor ordered to begin work February, 1901, and is making fair headway.

11. Grading grounds, constructing, regulating, grading and paving walks and roads, turnishing and Jaying water-pipes, setting hydrants, etc., in the Botanical Gorden in Bronx Park, in The City of New York.

John H. Devlin, contractor. Contract executed January 23, 1901. Contractor ordered to begin work on March 4, 1901, and is still working vigorously.

12. Furnishing all the labor and materials for the erection and completion of a House for Primates in the New York Zoological Gorden in Bronz Park, in The City of New York.

Thomas Cockeril & Son, contractors. Contract executed January 31, 1901. Ordered to begin work March 12, 1901.

13. Furnishing and delivering hardware, etc., at Claremont Park, in the Borough of The Bronx.

The Manhattan Supply Company, contractors. Contract executed February 23, 1901. Delivery of goods ordered to begin March 18, 1901, but not as yet completed. 14. Furnishing and delivering lawn mowers for the Department of Parks, Borough of The

The Coldwell Lawn Mower Company, contractors. Contract executed February 26, 1901. Delivery ordered to begin March 18, 1901. The goods contracted for were delivered early, but owing to contract to keep mowers in repair for one year no estimate has been

15. Furnishing and delivering paints, oils, etc., in Claremont Park, in The City of New

C. A. Harper, contractor. Contract executed March 6, 1901.

16. Furnishing all labor and all materials for constructing three music stands in parks in

the Borough of The Bronx, in The City of New York.

Jacob E. Butterworth, contractor. Contract executed March 18, 1901. Ordered to begin work April 1, 1901.

Plans have been prepared and submitted to this Department by the New York Zoological Society for a system of sewers and a motor road to be constructed in the Zoological Garden, and by the New York Botanical Society for improving grounds and building fountains in front of new Museum Building, and for the completion of the range of harticultural buildings in the Botanical Garden.

Garden.

Plans and specifications have been prepared in this office for the improvement of a small park at Fulton and Franklin avenues and One Hundred and Sixty seventh street, a small park opposite the Hall of Fame of the New York University, pipe railing to be erected on retaming-walls of Spuyren Duyvil parkway, for a dam across the Bronx river in the Zoological Garden, for filling a portion of the Bronx and Pelham parkway, and specifications (only) for a sewer system and a motor road in the Zoological Garden, improving grounds and constructing fountains and for completing the range of horticultural buildings in the Botanical Garden, general supply specifications, iar rebuilding retaining-wall on Spuyren Duyvil parkway, for soundings and borings on site of proposed new bridge over Eastelnester Bay in Felham Bay Park, and for broken stone and screenings for the various parks and parkway.

The topographical work in Pelham Bay Park is proceeding; levels and cross-sections are being taken on Hunter's Island. Mr. John Tuomey, Assistant Engineer, has charge of this work.

The other work in the parks, under the direction of Mr. John P. Schermerhorn, Assistant Engineer, in the Zoological Garden, and Mr. L. W. Spencer, Assistant Engineer, in the Botanical Garden, is progressing as well as could be expected.

Yours truly,

Yours truly, MARTIN SCHENCK, Chief Engineer.

# BOROUGHS OF BROOKLYN AND QUEENS.

Office of the Department of Parks. Borough of Brooklyn and Queens, Room 14, Borough Hall, Brooklyn, April 1, 1901.

How, Robert A. VAN WYCK, Mayor of the City of New York

Sig.—I have the honor to transmit to you, in accordance with the usual custom, a quarterly report of the proceedings and finances of the Department of Parks, boroughs of Brooklyn and Queens, from January 1 to March 31, 1901.

Yours very respectfully, GEORGE V. BROWER, Commissioner.

STATEMENT OF WORK PERFORMED BY THE DEPARTMENT OF PARKS, BUROUGUS OF BROOKEYS AND QUEENS, DURING THE THEET MONTHS FROM JANUARY 1 TO MARCH 31, 1907.

# Prorpert Park.

As the working force has been on half-time for most of the quarter, the work performed has been principally the regular work of maintenance, such as keeping the walks, roads, theliers, basins, etc., clean and in good condition.

Over two thousand five hundred cubic yards of composted manure were received and spread

over the lawns and mendows.

The priming of the trees and shrubbery was carried on and the old and diseased trees and shrubs taken up preparatory to the spring planting.

## Greenhouses.

The entire force in the greenhouses, both in Prospect Park and on the Kest Side lands, have been kept busy in parting and growing the thousands of plants required for use in the various parks throughout the boroughs of Brooklyn and Queens.

Floral exhibitions in the greenhouses have been largely attended, the same being variable weekly, and have proven a source of pleasant recreation to thousands of visitors.

# Mechanical Work.

The mechanics have been kept busy is repairing and painting all the shelters, fountains, fances comfort-bouses, sprinklers, etc., and getting them in order for the spring and summer work. The tools, tracks, state, etc., have also been put in order, new rages built for the animals and new setters made and old ones repaired.

# East Side Lands (Institute Gardens).

At the East Side Lands 3,003 cubic yards of inputil were received during the three months the same being used in the continuous of the work of forming the manuals.

# The Smaller Parks.

All of the smaller parks, including Tompkins, Fort Greene, City, City Hall, Columbia Heights, Bedford, Bens minure, Carroll, Cooper, Red Hook, Dyker Beach, Winthrop, Bushwick, Cuyler, Highland, Municipal, Underhill, Zindel, Stuyvesant, Cooper Gore, Woodpoint, Sarauga and Irvine Squares, Lincoln Terrace, Kines (Jamaica), Flushing and Long Island City Farks have all been kept chain and in good condition, the walks, gutters, basins and shelters being regularly attended in.

Snow and ice were cleaned off the walks after each snowstorm, and holes filled up when required on account of washouts. The trees and shrubbery have been precised and trimmed and the flower-bods day over and raked. Over 3,000 cubic yards of composted manure have been received and spread on the lawas to the various parks.

# Sand Pare.

A large amount of alling and grading his been slowe in Sunset Park, and the work of forming the terrace has progressed very favorably.

The regular work of cutting out dead trees and underlounds, as well as guarding (be park from depredations and fires, has been regularly carried on.

Eastern Parks by was cleaned and scraped, as the weather permitted, from the Prospect Park Place to Ralph avonue; defects in the pavement were repaired and in some races the pavement was relaid and the trees were trimoned and pruned.

# Glemeure Avenue,

Glembara avenue was clemed and scraped from Stone avenue to Enfield street, and fine road gravel was spread on various sections of the roadway—a total area of 1,800 square yards being so covered.

Eastern Parkings Extension and Pitkin Accuus.

These bonlevants were treated in the same manner as Glenmore avenue, and all the other Twenty-sixth Ward roads received a thorough clusting, and the sewer-basins were cleaned when necessary and kept in good condition.

# Oven Parkway.

The main drive of Ocean parkway, between Twenty-second agence and Coney Island, was resurfaced with coarse bank gravel taken from the Department's gravel pit, about three thousand truck-loads of this material being used.

The main roadway between the Ocean parkway entrance to Prospect Park and Twenty-second agence was kept in good condition, and the public enjoyed sleighing in the park and on the Boulevard for four days during the mouth of February.

The bridle-road on the easterly side of the parkway was cleaned and freed from all vegetable matter and then covered with a layer of fine sand and gravel about two inches, in thickness, taken from the Department's gravel pit. The portion of the bridle-road thus resurfaced extends from the Park circle to Kings Highway, a distance of three and one half miles.

The westerly traffic road was patched where the heavy traffic land cut through the roadbell, and was thoroughly cleaned and scraped.

The trees on the parkway were triusned and pruned.

Labor, Maintenance and Supplies.....

# Fort Hamilton Avenue.

Fort Hamilton avenue, as well as Twenty-second avenue and the Share Road, received the usual attention, the guiters being kept clean, the catch-basins open and the roads generally in a good, clean condition.

# The Finances,

The following is a statement of the finances of the Department up to Manch 31, 1901 :

Statement of Appropriations, Expenditures and Balances of the Department of Parks,
Boroughs of Brooklyn and Queens,

LAVING OUT JOHN STREET, RICHMOND.

The following report from the Chief Topographical Engineer was read :

TOPOGRAPHICAL BUREAU, NEW YORK, June 24, 1901.

Mr. John H. Mooney, Secretary, Board of Public Improvements:

Mr. John H. Mooney, Secretary, Board of Fablic Improvements, referring for report a communication from the President of the Borough of Richmond, revommending that John street, in the First Ward, Borough of Richmond, be extended to Franklin street, I wish to state that a complete location survey of all the huildings and improvements along the line of John street was made and it was decided to widen the existing John street to 50 feet, and to extend the same to Franklin street, as requested by the Local Board.

I transmit therefore, with a recommendation for adoption and filing, a map entitled, "Plan and profile showing the locating and laying out and the grades of John street, from Richmond terrace to Franklin street, in the First Ward, Borough of Richmond, tity of New York."

The street as proposed will not interfere with the buildings on both sides of John atreet as it exists at the present time, and the extension to Franklin street will affect only four buildings. The grades were established with a view of adapting them to the constructed buildings, and a low point will exist about 200 feet north of Franklin street where it will become necessary to construct receiving-basius in connection with the future sewer.

Paper in the matter is herewith returned.

Respectfully.

Respectfully, LOUIS A. RISSE, Chief Topographical Engineer and Engineer of Concourse.

The following resolution was then adopted :

The following resolution was then adopted:

Whereas, The President of this Board has prepared, completed and submitted to this Board, for its concurrence and approval, a map or plan, with profile of the final maps and profiles of the Borough of Richmond, City of New York, showing the locating and laying out and the grades of John street, from Richmond terrace to Franklin street, in the First Ward, Borough of Richmond, City of New York, located and laid out by the said Frestdent of this Board, in pursuance of section 433 of chapter 378, Laws of 1897;

Resolved, That this Board does hereby give its consent and approval to the said map or plan and profile of the final maps and profiles of the Borough of Richmond, City of New York, prepared by the President of this Board under authority of section 433 of chapter 378, Laws of 1897, and dated June 24, 1901.

Resolved, That the President of this Board be and he is hereby designated and directed, in pursuance of the provisions of said section 433 of chapter 378, Laws of 1897, to cause three similar sets of said map or plan, with profile, of the said final maps and profiles of the Board, and to be filed in the manner now prescribed by law, one set so certified in the office of the County Clerk of Richmond County, one in the office of the Corporation Counsel and one in the office of this Board.

Affirmative—Comptroller, Commissioner of Water Supply, Commissioner of Highways Commissioner of Street Cleaning, Commissioner of Sewers, Commissioner of Bridges and President of the Board.

Negative-None.

VACATING ASSISSMENT FOR PLANDROUND, EAST SEVENIT-SIXTH STREET, MANHATTAN. The following petition was received, and a hearing was fixed for July ro : REFORE THE BOARD OF BUILD IMPROVEDENTS.

> In the Matter DÍ

Laying out a public park at the first of East Seventy-sixth street, East river, in the Nineteenth Ward of The City of New York.

The Monarable the Board of Fundic Improvements of The City of New York:

The petition of Adriance J. Boah and others, whose names are often illed to this petition, respectfully shown onto year Honorable Board, and petitioners allege:

First—That the laying of said assessment is in contravention of the policy of the Legislature of the State of New York, with reference to the laying out of public paries in The City of New York, as evidenced by the following acts, and is also in contravention of the policy of the Board of Public Improvements of The City of New York with reference to small sanitary parks.

1. By virtue of a certain act of the Legislature entitled "An Act laying out public places and parkway in the Tweoty-third and Twenty-fourth Wards of the City of New York, and in the adjacent district in Westchester County, and authorizing the taking of the lands for the same," presed June 14, 1884, and known as chapter 322 of the Laws of 1884, and the acts supplementary thereto and amendatory thereof, a system of public parks—were magnetal for the part of The City of New York north and cast of the Finders river and adjacent termiony, the entire cost of which was to be made a public charge, and said act has been in all things compiled arire cost of which was to be made a public charge, and said act has been in all things complied

with.

2. By an act of the Legislature of the State of New York entitled "An Act to make provision for a public pack in the Seventh Ward of the city of New York," etc., passed Jone 14, 1884, known as chapter 529 of the Laws of 1884, and the acts of the Legislature supplementary thereto and the acts amendatory thereof, the said floard of Street Opening and Improvement was authorized to acquire title to the lands binaded by Cherry and Jackson stress and the East river, and any premises contiguous thereto not to exceed in valent for actes, for the use of the public as a public park, the expense of which was to be a public charge.

3. "An Act in relation to the bridge over the Harlem river in the city of New York, known as Washington Bridge, and the acquisition and improvement of lands in connection there-

with," passed May 1, 1890, and known as chapter 249 of the Laws of 1890, laying out a public park in twent Tenth avenue and the Harlem river, High Bridge, and a line 150 feet north of and parallel in Washington Bridge.

4. "An Act beyon our a patcher park in the Twelfin Ward of the city of New York, and normalizing the taking of trails of the same," passed February 25, 1894, and known as chapter 56 of the Laws of 1894, he has an arbitle park between One Hundred and Forty-10th and One Hundred and Puty-10th streets, and February and Buddings avenues.

5. On A streamwhile for the improvement of the land and water front adjacent to Riverside Park in the city of New York, by exceeding and improving said park and regulating the use of said four and water treat," present March 21, 1894, and known as chapter 132 of the Laws of 1894, extending and Elever deepark to the builthead-from at the Hudson river, from Seventy-second areas to One Handred and Twenty-minth street.

O, "As Act to be out and establish a public park in the Twelfth Ward of the city of New York, to be known as St. Nicholas Park, and for the improvement thereot," parsed April 26, 1864, and known as happer 300 of the Law of 1864, having not a public park bounded by Sr. avonus, One Hundred and Percy-first street, Convent avenue, One Hundred and Thirty-eighth areas analoged. Teach avenue, One Hundred and Thirty-eighth areas analoged. Teach avenue, One Hundred and Thirty-eighth areas analoged. The direct and Thirtieth street,

7. 11 An Ant to Juy out and establish Fort Washington Park, in the Twelfth Ward of the city of Non-Volk, "perced May 9, 1504, and known as chapter 581 of the Laws of the 4, laying out a part of park of Fort Washington Point.

An Arr baying out relational public park in the Twelfit Ward of the city of New Yard and authorating the faking or land for the same," passed May 22, 4804, and known aschinger you of the Laws of 1804, laying out a public park, between One Hundred and Eleventh and One Hundred and Fourteenth streets. First avenue and East river.

An Am to provide for the composition of land for public use, between the Tenth are not and allow the to the Harles riser, Petc., passed May 22, 1894, and known as chapter 749 of the Lawret 1804, Taylor cut a public park, beamled by Tenth avenue, Fort George mad, Eleventh aronne, typics an areat, the Harlem river and the Washington Bridge grounds.

In all the directions and leads to the limits that have been taken for public parks were the match by normal and leads in the acts themselve.

Somether has a large standard the acts themselve.

Somether has a large standard to the Logislature, chapter you have of 1887 (under which the public park as the match of the Logislature, chapter you have lead out), the old Board of Street to many and furner-more was exposured to solve and totale certain small parks south of the Islandard match to the large standard of Manhattan and to creek buildings therein, "for most purpose and for the common, leading to instruction at the people," commonly known as morary posts and also empowered the said Board to determine "whether any, and if any, who "part in the expense of acquiring the land should be paid by local assessment.

The act tall not beat; my of these anitary parks, but left such location to the discretion in the lines.

The act and made leads any of these sanitary parks, but left such location to the discretion in the linear.

Under that not the Beard of Street Opening and Improvement authorised the laying out of Millionry Head The . S. India? Park, the park to weep Fifty-second and Fifty fourth streets, I haven'th not the little avenue, and to park in question, at the foot of East Seventy-sight street, fear rate, and an earlied the randomnal taying out such parks the said Board provided that a current properties of the parks in said heads be assessed locally, and such assessment was last, but it is a such as a such park in the Legislature and of the product of Charles Improvements, its food foods by the following acts of the Legislature with reference to Muchary Head Park. St. John's Park and the park between Fifty-econd and Park completely and the consequence and Sirect Opening and

which there are three houses repairing which steps as a part of graded, and I do not think that expenditure for water-mains and fire-hydrants would be justified.

I therefore respectfully recommend the adoption of the annexed resolution by your Board, authorizing the laying of the water-mains and the transmission of a corresponding resolution or ordinance to the Municipal Assembly for adoption.

Very respectfully,

WILLIAM DAUTON, Commissioner of Water Supply.

WILLIAM DALTON, Commissioner of Water Supply.

The following resolution was then adopted:
Resolved, by the Board of Fublic Improvements, That, in pursuance of section 413 of the Greater New York Charter, the laying of water-mains in One Hundred and Eighty-shird street, between Reaumont avenue and the Southern Boulevand, Borough of The Bronx, and the making of a contract for the same by the Commissioner of Water Supply, be and the same is hereby authorized and approved, the cost of said public work or improvement to be paid for from the appropriation for "Laying Croton Pipes, Boroughs of Mandattan and The Bronx," for 1921.

Afternative—Comparaller, Commissioner of Water Supply, Commissioner at Highways, Commissioner of Street Cleaning, Commissioner of Sewers, Commissioner of Fublic Buildings, Lighting and Supplies, President of the Borough of The Bronx and President of the Board.

Negative—None.

In connection with the foregoing resolution, the following form of ordinance was approved for transmission to the Municipal Assembly:

IN MUNICIPAL ASSEMBLY.

Be it Ordained by the Municipal Assembly of The City of New York, as follows:
That, in pursuance of section 414 of the Greater New York Charter, the following resolution of the Board of Public Improvements, adopted by that Board on the 26th day of June, 1901, be and the same bereby is approved, and the public work or improvement therein provided for is

hereby authorized, viz. "

"Resolved, by the Board of Public Improvements, That, in pursuance of section 413 of the Greater New York Charter, the laying of water-mains in One Hundred and Eighty-third street, between Beaumont avenue and the Southern Eoulevard, Borough of The Bronx, and the making of a contract for the same by the Commissioner of Water Supply, be and the same is hereby authorized and approved, the cost of said public work or improvement to be paid for from the appropriation for Laying Croton Pipes, Boroughs of Manhattan and The Bronx," for 1901."

The following report was placed on file :

DEPARTMENT OF WATER SUPPLY, June 19, 1901.

Hon, Maurick F. Halahan, President, Board of Public Improvements:

DEAR SIR—I beg to acknowledge receipt of letter of 13th inst, from the Secretary of your Board, transmitting a copy of a resolution of the Municipal Assembly, which requests that the Board of Public Improvements transmit to the Municipal Assembly an amendment to the ordinance regulating the rate of water rents in The City of New York whereby no structure or out-building, except a stable or a dwelling, shall be subject to water tax unless said structure or out-building is of the value of 5 too or over, instead of \$50, as at present.

The schodule of water rents adopted by the Municipal Assembly and approved by the Mayor on April 10, 1903, makes mi distinction of charge for water tent on any building upon its valuation, the ratio of charge being made according to frontage and height.

Under these circumstances I am unable to make any suggestion as to any amendment in the ordinance establishing a uniform scale of water rents.

Very respectfully,

Very respectfully,
WILLIAM DALTON, Commissioner of Water Supply.

REPORTS FROM COMMISSIONER OF HIGHWAYS,

The following report from the Commissioner of Highways was read:

DEPARTMENT OF HIGHWAYS, June 25, 1901.

Hon, MAURICE F. HOLAHAN, Provident, Board of Public Ladron counts.

DRAR SIR—Acknowledging receipt of a letter dated April 1, from the Secretary of the Board, with a resolution adopted by the Local Board of the Eurheauth District, Remark of Madhattan, recommending that East Hity-eighth street, between Summa Law (Avenus A) and the East river, he repayed with ampliant, I beg to report that the prevent pavenum on the section of Fifty-eighth street is belgian blocks laid a number of years ago and with a seven tenth per cont.

The estimated cost of repaying the roadway with asphalt on the present passower, including ten years' maintenance, is \$2,000, to be paid from the appropriation of \$3,000,000, for which the issue of bonds was authorized by an ordinance of the Municipal Assembly, approved by his Honor the Mayor October 11, 1890.

The improvement being necessary I accommend that it is surfacted.

Very respectfully,

JAMES P. KRATING, Communications of Highways.

The following resolution was then adopted:

The following resolution was then adopted:

Resolved, by the Board of Public Improvements. That, in pursuance of section 415 of the Greater New York Charter, the repaying with asphalt, on the present parameter, with a ten (10) years' guarantee of maintenance from the contractor, of the roadway of East Fifty-eighth street from Sutton place (Avenue A) and the fact river, to the Borough of Mandatan, under the direction of the Commissioner of Highways, be and the same is hereby authorised and approved, the cost of said public work or improvement to be paid for by the Issue of honds authorized by the Municipal Assembly, approved by the Mayor October 11, 1899.

Affirmative—Comprisher, Commissioner of Water Supply, Commissioner of Highways, Commissioner of Street Cleanley, Commissioner of Severs, Commissioner of Public Buildings, Lighting and Supplies, President of the Board.

Negative—None.

The following report from the Commissioner of Highways was read a

NEW YORK, June 19, 1901.

Hon, Manuscu F. Holaman, President, Board of Public Infrovements :

Dear Six—Referring to a letter dated May 25, from the Secretary of the Board, with a resolution adopted by the Local Board of the Nineteenth District, Borough of Mundation, resonmending that One Hundred and Sixty-frenth street, from Amsterdam agence to Broadway, be regulated and graded, I been to report that the proposed improvement is necessary and I recommend that it be authorized.

The estimated cost of regulating, grading, cardier, laying one course of diagging four feet wide, and placing gutters and crosswalk, where necessary on One Hundred and Sixty-fronth street, from Amsterdam avenue to Broadway, including as moraled maintenance, 6-513,300, and the assessed value of the real estate included within the probable area of assessment is \$250,200, Very respectfully.

JAMES F. REATING, Commissioner of Highways.

The following resolution was then adopted a

The following resolution was then alopted:

Resolved, by the Board of Public Improvements. That, in pursuance of sections 413 and 422 of the Greater New York Charter, the regulating and grading of One Hundred and Sixty-marth street, from Amsterdam avenue to Broadway, in the Borough of Manhatian, setting or reserting of carbotones, laying one course of flagging from (4) test wine, placing gutters, laying crosswallowhere necessary, under the direction on the Commissioner of Highways, be and the same bereby is authorized and approved, there having been presented to said Board an estimate in writing, in such detail as the said Board has discreted, of the cost of the proposed work or improvement, and a statement of the assessed value, according to the last preceding tax-roll, of the real estate included within the probable area of assessment, the estimated cost of said work being thirteen thousand these hundred dollars. The said assessed value of the real estate included within the probable area of assessment is two hundred and disty-six thousand two hundred dollars.

And the said Board does hareby determine that no portion of the rost and expense thereof shall be horse and paid by The City of New York, but the whole of such cost and expense thereof shall be horse and paid by The City of New York, but the whole of such cost and expense thereof shall be horse and paid by The City of New York, but the whole of such cost and expense thereof shall be horse and paid by The City of New York, but the whole of such cost and expense shall be assessed upon the property deemed to be benefited thereby.

Alarmative—Comptroller, Commissioner of Water Supply, Commissioner of Highways, Commissioner of Public Buildings, Lighting and Supplies, President of the Borough of Manhattan and President of the Board.

Negative—None.

In connection with the foregoing resolution, the following form of ordinance was approved for transmission to the Monteipal Assembly :

IN MUNICIPAL ASSEMBLY.

Is Municipal Assembly.

Be it Ordained by the Municipal Assembly of The City of New York, as follows:
That, in paramance of sections 113 and 422 of the Greater New York Charter, the following resolution of the Board of Public Improvements, adopted by that Board on the 20th day of June, 1907, be and the same is hereby approved, and the public work or improvement therein provided for is hereby atthorized, and it is hereby determined that the cost and expense thereof shall be borne and paid as therein provided; namely,

"Resolved, by the Koard of Public Improvements, That, in pursuance of sections 413 and 422 of the Greater New York Charter, the regulating and grading of One Handred and Sixty-tourth-street, from Amsterdam Avenue to Broadway, in the forough of Manhattan, setting or resetting of earlistones, laying one course of dagging four (4) feet wide, placing gutters, laying crosswalks where necessary, under the direction of the Commissioner of Highways, be and the same hereby is sufferized and approved, there having been presented to said Board an estimate in writing, in such detail as the said Board has directed, of the cost of the proposed work or improvement, and a statement of the assessed value, according to the last preceding tax-roll, of the real estate included within the probable area of assessment, the estimated cost of said work being thirteen thousand three hundred dollars. The and assessed value of the real estate included within the probable area of assessment as two hundred and sixty-six thousand two hundred dollars.

"And the said Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but the whole of such cost and expense shall be greessed upon the property decired to be benefited thereby."

The following reports from the Commissioner of Highways were read, and the matters were haid over :

DEPARTMENT OF HIGHWAYS, June 21, 1901.

Hon. MADRICE F. HOLAHAN, President, Board of Public Improvements:

DEAR SIR-In response to a letter dated June 13, from the Secretary of the Board, with a resolution adopted by the Local Board of the Fifth District, Borough of Brooklyn, directing that the sidewalks opposite Lots Nos. 8 to 12, inclusive, Block 35, Fachth Ward Map, situated on the north side of Thirty-seventh street, between Fourth and Fifth avenues, be flagged with bluestone flagging five feet in width, I beg to report that the estimated cost of the proposed improvement is \$250, and that the assessed value of the real estate within the probable area of personent is \$4.000. Improvement is \$250, and assessment is \$4,000.

The work being necessary, I recommend its authorization.

Very respectfully,

JAMES P. KEATING, Commissioner of Highways.

DEPARTMENT OF HIGHWAYS, June 22, 1901.

Han. MAURICE F. HOLAHAN, President, Board of Public Improvements :

Han. MAURICE F. Holairan, President, Beard of Public Improvements:

Dear Sir—In reply to a letter dated April 27, 1900, from the Secretary of the Board, forwarding to this Department, for investigation and report, a resolution adopted by the Local Board of the Twenty-lirst District, Borough of The Bronx, recommending that Cambrelling avenue be paved, from Grote street to the lands of St. John's College, I beg to report that the title to Cambrelling avenue has been acquired by the City, and that a sewer has been constructed in the greater part of the avenue covered by the resolution of the Local Board. A contract is in progress for regulating and grading the roadway between One Hundred and Eighty-seventh street and St. John's College, and a resolution for regulating and grading the section between Grote street and One Hundred and Eighty-seventh street is pending in the Municipal Assembly. When the regulating and grading work is finished, and when a sewer is constructed in the remainder of the avenue, it will be in order to pave it, and the awarding of a contract for the paving work can be postponed until the other improvements are completed. I therefore recommend that the paving of Cambrelling avenue, from Grote street to the lands of St. John's College, be authorized.

The estimated cost of granite-block pavement on sand foundation on that section of Cambrelling avenue, including one year's maintenance, is \$17,700, and the assessed value of the real estate within the probable area of assessment is \$221,800.

Very respectfully, JAMES P. KEATING, Commissioner of Highways.

JAMES FEENY, Commissioner,

# APPROVED PAPERS.

No. 748.

Whereas, Rev. John J. Boyle, pastor of St. Luke's Church, St. Ann's avenue and One Hundred and Thirty-seventh street, thorough of The Bronx, has been the only clergyman who, at great personal risk, at all times both day and night, has visited the patients confined in the pest bouse on North Brother Island for the past four years; and, Whereas, This work has been gratuitously rendered; and

Whereas, In all other public institutions there are at the present time chaptains paid by the

Whereas, in all other public institutions there are at the present time chaplains, paid by the City; therefore be it

Resolved, That the Commissioner of the Department of Public Chardies be and bereby is requested to appoint the said Rev. J. J. Bayle Chaplain in said department for North Brother Island, at a salary at least equivalent to that received by other chergymen in the public service.

Adopted by the Council, June 4, 1901.

Adopted by the Board of Aldermen, June 11, 1901.

Received from his Honor the Mayor, June 25, 1901, without his approval of disapproval thereof; therefore, as provided in section 40 of the Greater New York Chartor, the same took effect as if he had approved it.

No. 740.

Resolved, That Joshua Binion, of No. 331 Fast Eighty-fourth of 24 horough of Manhattan, be and he is hereby appointed a City Surveyor.

Adopted by the Board of Alderman, June 4, 1906;

Adopted by the Conneil, June 11, 1907.

Received from his Henur the Mayor, June 25, 1907, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same rook effect as if he had approved it. effect as if he had approved it.
