BOARD OF ESTIMATE AND APPORTIONMENT

MINUTES OF MEETING OF BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK,
HELD IN THE MAYOR'S OFFICE, CITY HALL, MONDAY, DECEMBER 18, 1905.

The Board met in pursuance of an adjournment.

Present—George B. McClellan, Mayor; Edward M. Grout, Comptroller; Charles V. Fornes, President of the Board of Aldermen; John F. Ahearn, President of the Borough of Manhattan; John C. Brackenridge, Commissioner of Public Works and Acting President of the Borough of Brooklyn; Louis F. Haffen, President of the Borough of The Bronx; Joseph Cassidy, President of the Borough of Queens; George Cromwell, President of the Borough of Richmond.

Hon. George B. McClellan, Mayor, presided.

The minutes of meetings held October 27, 31, November 3, 10 and 17, 1905, were approved as printed.

The Secretary presented the following communications from the Deputy and Acting Commissioner of the Fire Department relative to the transfer of \$40,500 from various appropriations to other appropriations for the year 1905:

FIRE DEPARTMENT—CITY OF NEW YORK,
NOS. 157 AND 159 EAST SIXTY-SEVENTH STREET,
BOROUGH OF MANHATTAN, December 11, 1905.

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman of the Board of Estimate and Apportionment:

SIR—I have the honor to request that the Board of Estimate and Apportionment kindly authorize the transfer of the sum of thirty-five thousand dollars (\$35,000) from the appropriation made to this department, Boroughs of Manhattan and The Bronx, for the year 1905, entitled Salaries—Engine and Hook and Ladder Companies Pay-rolls, the same being in excess of the amount required for the purposes thereof, to the appropriation made to this department, for the same boroughs and year, entitled Apparatus, Supplies, etc., which is insufficient.

Prompt and favorable action on this application is earnestly requested.

Respectfully,

THOMAS W. CHURCHILL,
Deputy and Acting Commissioner.

FIRE DEPARTMENT—CITY OF NEW YORK,
NOS. 157 AND 159 EAST SIXTY-SEVENTH STREET,
BOROUGH OF MANHATTAN, December 11, 1905.

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman of the Board of Estimate and Apportionment:

SIR—I have the honor to request that the Board of Estimate and Apportionment authorize the transfer of the sum of five thousand five hundred dollars (\$5,500) from the appropriation made to this department, Boroughs of Brooklyn and Queens, for the year 1905, entitled Salaries—Engine and Hook and Ladder Companies Pay-rolls, the same being in excess of the amount required for the purposes thereof, to the appropriation made to this department for the same boroughs and year, entitled Apparatus, Supplies, etc., which is insufficient.

Early and favorable action upon this application is earnestly requested.

Respectfully,

THOMAS W. CHURCHILL,
Deputy and Acting Commissioner.

The following resolution was offered:

Resolved, That the sum of forty thousand five hundred dollars (\$40,500) be and the same is hereby transferred from the appropriations made to the Fire Department for the year 1905, entitled and as follows:

Boroughs of Manhattan and The Bronx—Salaries, Engine and Hook and Ladder Companies Pay-rolls.....	\$35,000 00
Boroughs of Brooklyn and Queens—Salaries, Engine and Hook and Ladder Companies Pay-rolls	5,500 00
	<hr/>
	\$40,500 00

—the same being in excess of the amounts required for the purposes thereof, to the appropriations made to said department for the same year, entitled and as follows:

Boroughs of Manhattan and The Bronx—Apparatus, Supplies, etc.....	\$35,000 00
Boroughs of Brooklyn and Queens—Apparatus, Supplies, etc.....	5,500 00
	<hr/>
	\$40,500 00

—the amounts of said appropriations being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens and Richmond, and Acting President of the Borough of Brooklyn—16.

The Secretary presented the following communication from the County Judge and Surrogate, Richmond County, relative to the transfer of \$100 from the account County Contingent Fund to the account entitled Salaries:

COUNTY OF RICHMOND—SURROGATE'S OFFICE,
RICHMOND, N. Y., November 21, 1905.

To the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—In the appropriation for salaries in the Department of the County Court and Surrogate's Court of Richmond County for the year 1905 there was a deficiency of one hundred dollars, the amount appropriated having been \$13,700, whereas the amount required was \$13,800.

I would respectfully call your attention to this matter in order that provision may be made to meet the December pay-roll for such department.

Very truly yours,

STEPHEN D. STEPHENS, County Judge and Surrogate.

The following resolution was offered:

Resolved, That the sum of one hundred dollars (\$100) be and the same is hereby transferred from the appropriation made to the County of Richmond for the year 1905, entitled County Contingent Fund, the same being in excess of the amount required for the purposes thereof, to the appropriation made to the County Court and Surrogate's Court, Richmond County, for the same year, entitled Salaries, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens and Richmond, and Acting President of the Borough of Brooklyn—16.

The Secretary presented the following communication from the City Clerk relative to the transfer of \$700 from the account Inspectors and Sealers of Weights and Measures for 1905, to other appropriations for the same year:

OFFICE OF THE CITY CLERK, CITY HALL,
NEW YORK, December 4, 1905.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—Will you kindly transfer from the appropriation entitled Sealers and Inspectors of Weights and Measures, 1905, to the appropriation entitled the Board of Aldermen and City Clerk, Salaries, 1905, the sum of five hundred dollars (\$500), and to the appropriation entitled the Board of Aldermen and City Clerk, City Clerk's Contingencies, 1905, the sum of two hundred dollars (\$200), making seven hundred dollars (\$700) in all, for the reason that the amounts appropriated for the accounts specified are not sufficient to cover the expenditure for the balance of the year.

Respectfully,

P. J. SCULLY, City Clerk.

Approved:

GEORGE B. McCLELLAN, Mayor.

The following resolution was offered:

Resolved, That the sum of seven hundred dollars (\$700) be and the same is hereby transferred from the appropriation made for the year 1905, entitled Inspectors and Sealers of Weights and Measures, the same being in excess of the amount required for the purposes thereof, to the appropriations made to the Board of Aldermen and City Clerk for the same year, entitled and as follows:

The Secretary presented the following communication from the Commissioner of the Fire Department and report of the Auditor of Accounts, Investigations Division, Department of Finance, relative to fixing the salary of the position of Assistant Secretary of the Fire Department at \$3,500 per annum:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
November 9, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—In regard to the request of Hon. Nicholas J. Hayes, Fire Commissioner, that the salary of the Assistant Secretary of his Department be fixed at \$3,500, referred to this Division for examination, I beg to report as follows:

As stated in the Commissioner's letter, the present salary of the Assistant Secretary, \$3,000, remains the same as it was fixed in 1898, while the amount of work devolving upon him has since that time, of course, substantially increased. The present incumbent, Mr. John R. Shields, has occupied the position since 1892, and has been in the Fire Department since 1873. As further stated by the Commissioner, the increase asked for will not raise the salary to the amount paid for corresponding services in some of the other departments.

It is learned that in making up the Budget estimate for this Department for 1906 allowance has been made for the increase asked, and I would recommend that the Commissioner's said request be granted.

Yours respectfully,

C. S. HERVEY,
Auditor of Accounts, Investigations Division.

FIRE DEPARTMENT—CITY OF NEW YORK,
NOS. 157 AND 159 EAST SIXTY-SEVENTH STREET,
BOROUGH OF MANHATTAN, September 14, 1905.

Hon. EDWARD M. GROUT, Comptroller, City of New York, No. 280 Broadway, City:

SIR—I am directed by the Commissioner to forward herewith copy of communication transmitted, under date of the 12th inst., to his Honor the Mayor and Chairman of the Board of Estimate and Apportionment, requesting that pursuant to the provisions of section 56 of the Greater New York Charter, said body recommend to the Board of Aldermen the fixing of the salary of the position of Assistant Secretary of this department at the rate of \$3,500 per annum.

Respectfully,

ALFRED M. DOWNES, Secretary of Department.

FIRE DEPARTMENT—CITY OF NEW YORK,
NOS. 157 AND 159 EAST SIXTY-SEVENTH STREET,
BOROUGH OF MANHATTAN, September 12, 1905.

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman of Board of Estimate and Apportionment, New York City:

SIR—Pursuant to the provisions of section 56 of the Greater New York Charter, I have the honor to request that the Board of Estimate and Apportionment recommend to the Board of Aldermen the fixing of the salary of the position of Assistant Secretary of this Department at the rate of \$3,500 per annum.

The salary of the position of Assistant Secretary has remained at \$3,000 per annum since the going into effect of the Greater New York Charter, notwithstanding the fact that with the expansion of the Department since January 1, 1898, the volume of work devolving upon the Assistant Secretary has been materially augmented. Under the circumstances I am of the opinion that there should be an increase of \$500 in the compensation attached to the position of Assistant Secretary, making the salary \$3,500 per annum.

In connection with this subject it is deemed proper to state that the salaries of the Assistant Secretary of the Department of Parks and of the Department of Docks and Ferries are respectively \$4,000 and \$3,600 per annum.

Respectfully,

(Signed) NICHOLAS J. HAYES, Commissioner.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade of the position of Assistant Secretary of the Fire Department, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said additional grade be fixed at the rate of thirty-five hundred dollars (\$3,500) per annum.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens, Richmond and Acting President of the Borough of Brooklyn—16.

The Secretary presented the following communication from the Chief Examiner of Accounts of Institutions, Department of Finance, relative to fixing the salaries of the various employees in the said bureau:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
December 13, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The business of this division may be summarized as follows:

WHAT THE DIVISION DOES.
Passing Bills.

It regularly passes the monthly bills of 136 private charitable institutions for the care and maintenance of City wards in asylums, homes and hospitals.

Each of these bills has from 160 to 2,800 charges or items, each one requiring comparison with the office books, the preceding bill, and a mathematical calculation of each item at a per capita charge of possibly any one of eleven differing rates and all demanding absolute accuracy.

On the calculations of this division, which are final, the bills are paid. It is rare that a bill is paid as rendered; slight mistakes in the accounting are the rule, not the exception.

The bills carry about 24,000 separate charges per month and require as many separate computations, beside the additions and totalizing.

Amount Supervised.

The public money expended and supervised through this division amounts annually to about three and one-half millions of dollars, and will soon be four millions.

The division makes many examinations of the books, accounts and records of institutions, our purpose being to keep two men so employed constantly. Thousands of dollars are saved and returned to the treasury annually by this work, which should be trebled.

Each year we have saved and returned to the treasury from twice to five times the cost of maintaining the division.

Special reports on all subjects relating to public and private charities and hospitals are frequently called for and presented. Our findings have been very generally sustained. We have made appearances at hearings of the State Board of Charities, producing our figures and reports of both public and private institutions. In one instance such a hearing continued through five sessions, one a week; the intervening time constantly employed in preparing for the work and about five hundred pages of material were presented.

A great work of this division is the preparation of the Budget in each year for that succeeding. It involves immense labor and great anxiety.

Much time is given to meeting representatives of institutions and discussing methods of work and improvement in institutional affairs. In conjunction with this a large correspondence is continuously carried on.

We are always at the service of the institutions for the expediting of bills to meet special needs, for conference and advice on relations with the courts, the Charity Department and the various societies for the care of City wards.

This attention is continuous and the telephone is used freely at the office and at home, giving a service both day and night.

Very many associations and conferences of charities, local, state, national, are always demanding attention, as does the care of the institutional exhibit and the arrangement of public functions exhibiting the progress of the children in the institutions.

How the Bureau is Compensated.

In the year 1900, to meet changes in the laws, Comptroller Coler, purely as an experiment, opened a Bureau of Examiners to have oversight of City payments to charitable institutions. The scheme was tentative.

Salaries at that time were said to be temporary.

It took two years for the bureau to find itself. Beginning with 1902 the work was systematized and has quadrupled in quantity and extent. But one man has been added to the working force, and the salaries remain practically the same. The responsibilities are heavy; the complexities of the work serious. The office force, loyal and responsive, has been during all this time very much underpaid.

Contrast.

The Public Charity Department has the oversight and expenditure of \$1,977,490. To maintain its general office, there is a salary list of \$79,376, and it takes 28 pages of

the CITY RECORD to record the names and salaries of the employees of the department outside the general office.

This division has eight men beside the Chief Examiner. Their salaries are as follows:

Edward G. Kidder.....	\$1,350 00
James L. Murray.....	1,500 00
Reynale S. Pickering.....	1,350 00
John Hartjen.....	1,350 00
M. F. Mulry.....	1,050 00
H. H. Tobias.....	1,500 00
J. B. Newman.....	1,050 00
J. J. Leavy, First Assistant.....	1,800 00
D. C. Potter, Chief Examiner.....	3,000 00

Making a total cost of..... \$13,950 00

This handful of hard-worked and underpaid men are responsible for more than twice as much money as is expended by the Public Charity Department, and yet they receive less than one-sixth of what it costs to manage the business office of the Public Charities.

There are bookkeepers in the Charity Department receiving larger salaries than the Chief Examiner.

Mr. Leavy of this office is not only an able and expert accountant but he has more responsibility than all the bookkeepers put together in the Charity Department. Theirs is a responsibility to keep their books accurately. Ours is the same kind of responsibility with this in addition—we practically pay out the City money and our calculations, conclusions and payments are final.

Mr. Leavy should have the same salary as that paid to the Chief Bookkeepers in other divisions of the City government.

It is respectfully recommended that the salary of:

James J. Leavy be made \$3,000.
Edward G. Kidder be made \$1,650.
James L. Murray be made \$1,650.
Reynale S. Pickering be made \$1,500.
John Hartjen be made \$1,500.
M. F. Mulry be made \$1,350.
Joseph Newman be made \$1,200.
D. C. Potter be made \$5,000.
Sophie Tishman be made \$900.

The total increase recommended aggregates \$4,600.

Respectfully submitted,

D. C. POTTER.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of additional grades of the following positions in the Charitable Institutions Division, Department of Finance, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of said additional grades be fixed as follows:

Chief Examiner of Accounts of Institutions.....	\$5,000 00
Examiners of Accounts of Institutions, at \$1,200, \$1,350, \$1,500, \$1,650, and.....	3,000 00

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens, Richmond and Acting President of the Borough of Brooklyn—16.

The Secretary presented the following communication from the Commissioner of Licenses and report of the Auditor of Accounts, Investigations Division, Department of Finance, relative to fixing the salary of the position of Telephone Operator in the office of said Commissioner:

COMMISSIONER OF LICENSES,
No. 277 BROADWAY,
NEW YORK, September 12, 1905.

Hon. EDWARD M. GROUT, Comptroller, City of New York, No. 280 Broadway, Manhattan:

DEAR SIR—Application is hereby respectfully made to amend the resolution of May 12, 1904, fixing the salaries of positions in the office of the Commissioner of Licenses, so as to fix the salary of the Telephone Operator at \$750 in place of \$600 as originally recommended.

Resolution is inclosed herewith.

Respectfully,

FREDERICK L. C. KEATING, Commissioner of Licenses.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
November 15, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—In the matter of the request of Hon. F. L. C. Keating, Commissioner of Licenses, that the salary of the Telephone Operator in his Department be fixed at \$750 per annum, and referred to the Investigations Division for examination, I beg to report as follows:

The Telephone Operator at present receives a yearly salary of \$600. An examination as to the salary paid to Telephone Operators in various Departments of the City government, viz.: Law, Street Cleaning, Health, Bridges, Education, Water, Gas and Electricity, Tenement House, Parks, Civil Service Commission, Aqueduct Commission, Board of Aldermen and offices of the Presidents of the Boroughs of Manhattan, The Bronx and Brooklyn, shows that in the great majority of cases the salary paid varies from \$750 to \$1,100 per annum. The Commissioner of Licenses states that the Telephone Operator, for whom the increase of salary is asked, is a competent and faithful employee, and he believes that the salary paid should be increased to the amount paid for similar work in other City Departments.

I therefore respectfully recommend favorable action by the Board of Estimate and Apportionment upon the request made.

Yours respectfully,

CHARLES S. HERVEY,

Auditor of Accounts, Investigations Division.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade of the position of Telephone Operator in the office of the Commissioner of Licenses, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said additional grade be fixed at the rate of seven hundred and fifty dollars (\$750) per annum.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens and Richmond and the Acting President of the Borough of Brooklyn—16.

The Secretary presented the following communication relative to the establishment of additional grades of the positions of Topographical Draughtsmen, Transitmen and Computers in the office of the Board of Estimate and Apportionment:

BOARD OF ESTIMATE AND APPORTIONMENT,
FINANCIAL BRANCH, No. 280 BROADWAY,
December 14, 1905.

To the Board of Estimate and Apportionment:

GENTLEMEN—I request the establishment of additional grades in the office of the Board of Estimate and Apportionment for Topographical Draughtsmen at salaries of \$1,650 and \$1,800 per annum and Transitmen and Computers at \$1,500, \$1,650 and \$1,800 per annum.

This is necessary in order that salaries may be fixed under the Board, for competent men, equal to those paid by other Departments. I inclose resolutions in the usual form for adoption.

Respectfully,

J. W. STEVENSON, Secretary.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of additional grades of the following positions in the office of the Board of Estimate and Apportionment, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of said additional grades be fixed as follows:

Topographical Draughtsman, \$1,650 and \$1,800 per annum.

Transitman and Computer, \$1,500, \$1,650 and \$1,800 per annum.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens and Richmond and the Acting President of the Borough of Brooklyn—16.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby authorizes the Secretary to employ a Transitman and Computer in the office of said Board, at the rate of eighteen hundred dollars (\$1,800) per annum, upon the certification by the City Clerk that favorable action has been taken on the resolution fixing the salary of the grade of Transitman and Computer in the office of the Board of Estimate and Apportionment at eighteen hundred dollars (\$1,800) per annum, and that the matter has been duly considered by the Mayor.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens and Richmond and the Acting President of the Borough of Brooklyn—16.

The Secretary presented the following communication relative to the fixing of the salary of Charles Dahlem, Topographical Draughtsman in the office of the Board of Estimate and Apportionment:

BOARD OF ESTIMATE AND APPORTIONMENT,
FINANCIAL BRANCH, No. 280 BROADWAY,
December 14, 1905.

To the Board of Estimate and Apportionment:

GENTLEMEN—Pursuant to the establishment of such grade by the Board of Aldermen, I request that the compensation of Charles Dahlem, Topographical Draughtsman in the office of the Board, be advanced from \$1,500 to \$1,650 per annum. Mr. Dahlem has already been offered such salary by another department of the City Government, and I believe in the interests of the City that he should be retained in his present position.

I would also request that I be authorized to employ a Transitman and Computer at a salary not to exceed \$1,800 per annum.

Resolutions in the usual form are submitted for adoption.

Respectfully,

J. W. STEVENSON, Secretary.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby fixes the salary of Charles Dahlem, Topographical Draughtsman in the office of said Board, at the rate of sixteen hundred and fifty dollars (\$1,650) per annum, upon the certification by the City Clerk that favorable action has been taken on the resolution fixing the salary of the grade of Topographical Draughtsman in the office of said Board at sixteen hundred and fifty dollars (\$1,650) per annum, and that the matter has been duly considered by the Mayor.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens, Richmond and Acting President of the Borough of Brooklyn—16.

The Secretary presented the following communication from the Comptroller relative to the establishment of the position of Medical Examiner in the Department of Finance:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
December 15, 1905.

To the Board of Estimate and Apportionment:

GENTLEMEN—Request is hereby made that the Board of Estimate and Apportionment recommend to the Board of Aldermen, in accordance with section 56 of the Greater New York Charter, that a salary for the position of Medical Examiner in the Department of Finance be fixed at \$2,500 per annum.

Our records show that approximately six hundred claims for personal injuries are filed in this Department annually, which are transmitted to the Corporation Counsel for his consideration. In connection with these claims offers of judgment are frequently made and transmitted to me for my approval, in which case I employ a physician to make a personal examination of the person or persons to determine the extent of the injuries received. It often happens that at the time of such examination the claimant has wholly recovered from the injury, in which event the examining physician can simply try to determine whether or not the injuries were received. In employing permanently a Medical Examiner to make immediate examination upon the filing of personal injury claims the actual facts regarding these claims are more likely to be obtained, and the result, in my judgment, will be a large saving to the City.

A resolution creating this position has been approved by both the Municipal and State Civil Service Commissions.

Respectfully,

EDWARD M. GROUT, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of the position of Medical Examiner in the Department of Finance, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said position be fixed at the rate of twenty-five hundred dollars (\$2,500) per annum.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens, Richmond and Acting President of the Borough of Brooklyn—16.

The Secretary presented the following communications from the Commissioner of Parks, Boroughs of Manhattan and Richmond, and report of the Auditor of Ac-

counts, Investigations Division, Department of Finance, relative to the establishment of the position of Supervisor or Director of the Children's School Farms and Playgrounds of the Department of Parks:

THE CITY OF NEW YORK—DEPARTMENT OF PARKS,
ARSENAL, CENTRAL PARK,
November 28, 1905.

To the Board of Estimate and Apportionment, City of New York:

GENTLEMEN—I beg to request that your Honorable Board will create and establish the position or grade of Director of Children's Farm Gardens for this Department in the boroughs of Manhattan and Richmond.

It is necessary that a person familiar with and competent to conduct and manage work of this character should be placed in charge of the Farm Garden work as established in DeWitt Clinton Park and its possible extension to other parks, as now held in contemplation.

Respectfully,
SAMUEL PARSONS, JR.,
Commissioner of Parks, Boroughs of Manhattan and Richmond.

THE CITY OF NEW YORK—DEPARTMENT OF PARKS,
ARSENAL, CENTRAL PARK,

To the Honorable the Board of Estimate and Apportionment, The City of New York:

GENTLEMEN—Referring to my communication of the 28th ult., requesting the establishment of the position or grade of Director of Children's School Farms for this Department, in the boroughs of Manhattan and Richmond, I beg to add the recommendation that the compensation of such position, when established, be fixed at the rate of \$2,500 per annum.

Respectfully,
SAM'L PARSONS, JR.,
Commissioner of Parks,
Boroughs of Manhattan and Richmond.
THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,
MUNICIPAL BUILDING, CROTONA PARK,
NEW YORK, December 4, 1905.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman Board of Estimate and Apportionment:

DEAR SIR—Inclosed herewith please find a copy of letter received by me from Mrs. Henry Parsons, which is submitted for the consideration of the Board of Estimate and Apportionment.

Yours truly,
LOUIS F. HAFFEN,
President of the Borough of The Bronx.

NEW YORK, November 30, 1905.

Hon. LOUIS F. HAFFEN, President, Borough of The Bronx, Borough Hall, The Bronx, New York:

MY DEAR PRESIDENT HAFFEN—I have been given to understand that a request is to be made to the Board of Estimate and Apportionment at its meeting December 1, by the President of the Park Board, Commissioner Parsons, to have the position created of Director of Children's Gardens for Manhattan and Richmond. The citizens of The Bronx and those of Queens and Kings, have been discussing ways and means to establish children's gardens in these boroughs during the past four years.

I attended these meetings, but until I had perfected my object lesson in Manhattan I was unwilling to urge this step. The work is no longer tentative and I now urge that this position be created, under the care of the Park Department, but for Greater New York instead of Manhattan alone. The "Man of the Hour" could not do anything that would add so much to his already great popularity, as to establish this work. There are vast possibilities in your borough. I do not wish to create a desire but to meet a demand. This movement is stirring all over the country, but I want New York to stand first.

I am helpless without your approving action.

Cordially yours,
(Signed) MRS. HENRY PARSONS,
No. 29 West Fifty-sixth Street.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
December 15, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—In the matter of the requests of Mr. Samuel Parsons, Jr., Commissioner of Parks, Boroughs of Manhattan and Richmond, addressed to the Board of Estimate and Apportionment, relating to the proposed establishment of a position of Supervisor or Director of the children's school farm and playgrounds of the Department, I beg to report as follows:

Under date of November 28, 1905, the Commissioner of Parks addressed the Board of Estimate and Apportionment as follows:

"I beg to request that your Honorable Board will create and establish the position or grade of Director of Children's Farm Gardens for this Department, in the boroughs of Manhattan and Richmond.

"It is necessary that a person familiar with and competent to conduct and manage work of this character should be placed in charge of the farm garden work as established in DeWitt Clinton Park, and its possible extension to other parks, as now held in contemplation."

Writing further on the subject the Commissioner, under date of December 12, 1905, sent the following communication to the Board of Estimate and Apportionment:

"Referring to my communication of the 28th ult., requesting the establishment of the position or grade of Director of Children's School Farms for this Depart-

ment, in the boroughs of Manhattan and Richmond, I beg to add the recommendation that the compensation of such position, when established, be fixed at the rate of \$2,500 per annum."

Owing to the limited time allowed the Investigations Division for this examination the Finance Department representatives have been able to confer only with Mrs. Fannie Griscom Parsons, who for four years past has conducted as an experiment the Children's City Farm at Fifty-third street and Eleventh avenue, and Mr. Samuel Parsons, Jr., Commissioner of Parks. No opportunity was afforded your Examiners to make any extensive examination as to the character of the work thus far undertaken and accomplished.

"It was learned from Mrs. Parsons that the Garden or the "Children's School Farm," as it is called, was first established in 1902, Mrs. Parsons having received from the Commissioner of Parks a special permit permitting her to utilize a portion of the land at Fifty-third street and Eleventh avenue, which was then being transformed and developed for park purposes, and later to be known as DeWitt Clinton Park.

During 1902 and 1903 the cost of maintaining the gardens, which included salaries of a few Teachers and the purchase of tools, implements and materials, was met solely by private contributions. It was not until September of 1904 that the first moneys were appropriated by the City in connection with the work done at the gardens. The sum of \$3,000 was then made available for the payment of salaries, etc. In 1905 the sum of \$5,000 was provided, this amount being taken from the income from the sale of Revenue Bonds under the terms of a resolution adopted by the Board of Aldermen, and approved by the Mayor May 19, 1905. In 1904 and 1905 contracts were entered into between Mrs. Parsons and the Park Department.

By the terms of these contracts Mrs. Parsons was required to furnish all the necessary Teachers, as well as the implements and supplies used in maintaining the children's farm. The moneys were paid to Mrs. Parsons in instalments of \$1,000 upon the presentation by her of vouchers and receipted bills. In 1904 it appears that there was an unexpended balance amounting to \$282.57, which Mrs. Parsons has since paid to the City Chamberlain by her own check and for which amount she now holds a receipt from the Assistant Secretary of the Park Department.

The area now occupied by the gardens in the DeWitt Clinton Park, under the direction of Mrs. Parsons, is equal to about three-quarters of an acre. There were 458 separate garden plots, dimensions 4 feet by 8 feet, within this area.

The attendance during the past two years has greatly increased and the work has become much more popular. This has rendered it necessary to extend the area somewhat, and in consequence resulted in the employment of more Teachers and other help, thus increasing the salary account, until as in this season (1905) the salary schedule submitted by Mrs. Parsons to your representative shows that \$3,652.52 was expended in salaries. There were seventeen persons in all employed during the summer, five of whom, however, were engaged for very short periods.

With the completion of the DeWitt Clinton Park it was possible also this year to begin the first planting or sowing of seed in May. This has extended the season over a much longer period than that in 1902, 1903 or 1904. Another fact which has also tended to increase the expenditure for salaries during this year is that the officials of the Department of Parks requested that the school farm be kept in operation until the formal opening of the DeWitt Clinton Park, which occurred on November 4 last. The compensation paid to persons employed on the farm ranged from \$3 a week, which amount was paid to an office girl, to \$5 a day, the latter being the compensation of a son of Mrs. Parsons, who acted as a supervisor and instructor to the teaching force.

The season is divided into two parts, the first beginning in May and the second in August. A record of attendance kept by the Teachers was submitted by Mrs. Parsons, and it shows that during the first half the attendance of boys averaged 240 daily, and that of girls 226. During the second half, or the latter part of the season of 1905, the attendance of boys averaged 348, and that of girls 286. There being a rule against any of the pupils attending the first half from being admitted to classes in the second half, the whole number of pupils for the year appears to 1,100.

The records submitted by Mrs. Parsons would appear to show that not only is the work of instructing city children in nature study appreciated by the children in the immediate neighborhood of the experimental farm or garden at the DeWitt Clinton Park, but the work has also attracted the attention and approval of educational authorities throughout the city and country. Although at first there appeared to be some doubts and misgivings as to the practical value of her work, it now seems that the local school authorities have recognized its value as an adjunct to the instructional courses in the theory of agriculture and horticulture.

Several times during the past season, as well as during 1904, the farm has been visited by classes of the New York and Brooklyn Training Schools for Teachers, the Teachers' College, as well as all the pupils and teachers from various public schools and public school kindergartens in the neighborhood. Demonstrations are given by the teachers accompanying the pupils in nature study and many specimens have also been furnished to the classes for use in connection with the regular courses of study.

Since the establishment of the Children's School Farm in DeWitt Clinton Park four years ago, it has been learned that similar gardens have been opened in Philadelphia, Yonkers, East Orange, Newark, N. J., Hartford and other places. In Philadelphia there have already been established two such gardens under the direction of the Department of Education with a salaried superintendent in charge, the superintendent of the Philadelphia gardens being a former assistant of Mrs. Parsons in DeWitt Clinton Park.

After having obtained the facts hereinbefore mentioned from Mrs. Parsons, your examiner conferred with Samuel Parsons, Jr., Commissioner of Parks for the Boroughs of Manhattan and Richmond, and the Commissioner gives it as his judgment that the work done by Mrs. Parsons is one that should be commended and encouraged. He recommended Mrs. Parsons highly as a woman of great energy and devotion to the work which she had in hand. The Commissioner also asks that his application to the Board of Estimate and Apportionment made in communications of November 28 and December 12, before referred to, be amended so that the new position to be created take in the superintendence and direction of the work of attendants and others employed in the several playgrounds under the jurisdiction of the Department of Parks of Manhattan and Richmond. He said he had found in his experience that some competent and immediate supervision was required over the public playgrounds, and he had concluded that Mrs. Parsons, by reason of her experience in the school farm, would be perhaps most competent to supervise the playgrounds.

The Commissioner, therefore, requests, in taking action on this application, that the Board of Estimate and Apportionment shall establish the position of Director of Children's School Farms and Playgrounds for the Department of Parks, Manhattan and Richmond.

The question of providing funds to pay the salary for the proposed new position, \$2,500, was suggested to Commissioner Parsons, who said that he would ask that this be made the matter of a special appropriation to be provided by the issue of Revenue Bonds, as he had not sufficient funds in any of the appropriation accounts of the department from which the said amount might be taken.

The appropriation of \$5,000 made for 1906 for the Children's School Farm would also appear to be sufficient only to meet the expenditures for salaries of teachers and the purchase of supplies, implements, etc., judging from experience of this year.

This provision of \$5,000 for 1906 is the first allowance by the City to be made in the way of a regular Budget appropriation and its disbursement will be by the Finance Department on vouchers approved by the Department of Parks. This will apparently result in the enforcement of Civil Service regulations, so far as the employment of assistants is concerned, and may increase the cost of the same.

I would respectfully recommend the approval by the Board of Estimate and Apportionment of the request of the Park Commissioner for the establishment of the position of Director of Children's School Farms and Playgrounds, Department of Parks, Boroughs of Manhattan and Richmond, in the exempt class at a salary not to exceed \$2,500 per annum. This recommendation is made after a further conference with the Commissioner of Parks, the conclusion having been reached that the duties of the position described in the designation originally asked for are not such as would require the attention of the person holding it throughout the year, while the work of supervising the several playgrounds under the jurisdiction of the Department of Parks, Boroughs of Manhattan and Richmond, as well as

the Children's School Farms, would call for the payment of a salary such as is proposed to be paid.

Respectfully yours,
CHARLES S. HERVEY,
Auditor of Accounts, Investigations Division.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of the position of Director of Children's School Farms and Playgrounds under the jurisdiction of the Department of Parks, Boroughs of Manhattan and Richmond, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said position be fixed at the rate of twenty-five hundred dollars (\$2,500) per annum.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens, Richmond and Acting President of the Borough of Brooklyn—16.

The Secretary presented the following communication from the Deputy and Acting Commissioner of the Fire Department relative to fixing the salary of the position of Chief of the Fire Department:

FIRE DEPARTMENT—CITY OF NEW YORK,
NOS. 157 AND 159 EAST SIXTY-SEVENTH STREET,
BOROUGH OF MANHATTAN, December 14 1905.

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman Board of Estimate and Apportionment:

SIR—For a period of upwards of fifteen years last past the salary attached to the position of Chief of Department, the head of the fire fighting force of the City, has been \$6,000 per annum.

During that interval the municipality has grown greatly in population, in area and in the number and character of its buildings erected and used for commercial, manufacturing and dwelling purposes; the Fire Department has largely expanded in the endeavor to keep pace with these progressive conditions, and the duties of the position of Chief of Department as a natural consequence have become and are at the present time more arduous and exacting than has been the case at any previous period in the history of the City.

In such circumstances I deem it but just and proper that a reasonable advance should be made in the salary of the position under consideration in order that its incumbent (who is on duty both day and night) may be adequately remunerated for the augmented labors and responsibilities which now devolve upon him.

I have therefore the honor to request that, pursuant to the provisions of section 56 of the Greater New York Charter, your Honorable Body recommend to the Board of Aldermen the fixing of the salary of the position of Chief of Department at the rate of \$7,000 per annum, for which provision was asked in the Departmental Estimate of this Department for the year 1906 and allowed by the Board of Estimate and Apportionment.

Respectfully,
(Signed) THOMAS W. CHURCHILL,
Deputy and Acting Commissioner.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade of the position of Chief of the Fire Department, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said additional grade be fixed at the rate of seven thousand dollars (\$7,000) per annum.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens, Richmond and Acting President of the Borough of Brooklyn—16.

The Secretary presented the following communication from the Commissioner of the Fire Department relative to fixing the salary of the position of Deputy Chief of Department in charge of boroughs of Brooklyn and Queens:

FIRE DEPARTMENT—CITY OF NEW YORK,
NOS. 157 AND 159 EAST SIXTY-SEVENTH STREET,
BOROUGH OF MANHATTAN, December 15, 1905.

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman of the Board of Estimate and Apportionment:

SIR—In the uniformed force of this Department, boroughs of Brooklyn and Queens, there are five Deputy Chiefs of Department, each compensated at the rate of \$4,200 per annum, one of whom is designated as Deputy Chief of Department in charge, whose duties are of far greater magnitude and responsibility than those of his associate Deputy Chiefs, he being at the head of the uniformed force of said boroughs.

The salary paid to the First Deputy Chief of Department in charge of boroughs of Brooklyn and Queens, following consolidation on January 1, 1898, was \$5,000 (that being the amount received by said officer as Chief of the Fire Department of the former City of Brooklyn), and he continued to be remunerated at that rate until his death.

The duties of the Deputy Chief of Department in charge of boroughs of Brooklyn and Queens, always onerous and difficult, will be materially increased with the extension of the paid system of fire protection into former volunteer territory in the Borough of Queens, and I am therefore of the opinion that the salary attached to the position should be \$5,000 per annum.

To accomplish this end I consequently request that, pursuant to the provisions of section 56 of the Greater New York Charter, your Honorable Body recommend to the Board of Aldermen the fixing of the salary of Deputy Chief of Department in charge of boroughs of Brooklyn and Queens, at the rate of \$5,000 per annum.

Respectfully,
(Signed) NICHOLAS J. HAYES, Commissioner.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade of the position of Deputy Chief of Department in charge of boroughs of Brooklyn and Queens, under the jurisdiction of the Fire Department, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said additional grade be fixed at the rate of five thousand dollars (\$5,000) per annum.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens and Richmond and the Acting President of the Borough of Brooklyn—16.

The Secretary presented the following communication from the President of the Board of Aldermen relative to the fixing of the salary of Stenographer to the Board of Aldermen:

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOARD OF ALDERMEN,
CITY HALL, NEW YORK, November 21, 1905.

To the Board of Estimate and Apportionment:

GENTLEMEN—Your committee begs to report upon the resolution adopted by the Board of Aldermen on May 4, 1904, requesting that the salary of the Stenographer of the Board of Aldermen be fixed at the rate of \$2,550 per annum; that he has made

inquiry into the merits of this request, and believes it should be granted. The nine years of service of Albert E. Hull, the Stenographer to the Board, have proved him to be thoroughly capable, accurate and faithful. He has multifarious duties not covered by the title of his position. The City Clerk recommends that this increase should be granted, and in his recommendation I concur. In connection with the above report your committee submits the following resolution:

Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of the following-named employee of the Board of Aldermen and City Clerk be fixed as follows:

Albert E. Hull, Stenographer. \$2,550 per annum.

Respectfully submitted,
C. V. FORNES,
President of the Board of Aldermen.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade of the position of Stenographer to the Board of Aldermen, and recommends to said Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said additional grade be fixed at the rate of twenty-five hundred dollars (\$2,500) per annum.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens and Richmond and the Acting President of the Borough of Brooklyn—16.

The Secretary presented the following communication from the Deputy and Acting Commissioner of the Department of Water Supply, Gas and Electricity and report of the Auditor of Accounts, Investigations Division, Department of Finance, relative to the fixing of the salary of the position of Cashier:

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY,
COMMISSIONER'S OFFICE, NOS. 13 TO 21 PARK ROW,
CITY OF NEW YORK, December 7, 1905.

JAMES W. STEVENSON, Esq., Deputy Comptroller, and Secretary, Board of Estimate and Apportionment:

DEAR SIR—I beg to request that the Board of Estimate and Apportionment recommend to the Board of Aldermen that the position of Cashier in this Department be established at a salary of \$2,500 per annum. Two thousand two hundred and fifty dollars per annum is now the highest amount established for that position. Prior to May 1, 1902, the salary was \$2,500 per annum, but was reduced on that date.

In view of the largely increasing amounts collected yearly from water revenue in this Department, the salary of \$2,500 is moderate for the position of Cashier. In this connection I would call the attention of the Board to the fact that in the Department of Finance that position is fixed at \$2,500, and also in the Register's office; in the Department of Docks at \$3,000; in the County Clerk's office at \$2,600, and in the office of the Borough President at \$2,400.

Respectfully,

FRANK J. GOODWIN, Deputy and Acting Commissioner.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
December 14, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—In the matter of the communication of Frank J. Goodwin, Esq., Deputy and Acting Commissioner, to the Board of Estimate and Apportionment, requesting that a grade of Cashier in the Department of Water Supply, Gas and Electricity be established at a salary of \$2,500 per annum, I beg to report as follows:

There are at present Cashiers in each of the five boroughs, the salaries in Manhattan, The Bronx and Brooklyn being at \$2,250; in the office of the Deputy Commissioner in the Borough of Queens the salary of Cashier is \$1,500; in the office of the Deputy in Richmond the salary is \$1,350.

In his communication the Deputy and Acting Commissioner calls attention to the fact that the salary for this position, prior to May 1, 1902, was \$2,500, but was reduced on that date to \$2,250.

He also calls attention to the fact that there is a position of Cashier at \$2,500 in the Finance Department and in the Register's office; that the Cashier in the Bureau of Accounts, Department of Docks and Ferries, receives \$3,000, and the Cashier in the Clerk's office of New York County receives \$2,600.

From the investigation I have made it would appear that the position of Cashier in the Department of Water Supply, Gas and Electricity is of a like character to the position of Cashier in the office of the Register, the Department of Docks and the office of the County Clerk, because it is one of responsibility and considerably more than that of mere Clerk, as in the case of some of the Cashier's positions in the City service generally, to which no reference is made herein.

The Cashier in the Water Supply Department, taking the Manhattan office for example, collects about \$5,000,000 per year. He receives all moneys and receipts all bills, being required to make daily, weekly and monthly statements to the Water Register. He also has under his direction the preparation of the bank deposits and the transmitting of the funds of the office to the Chamberlain. The position is one of importance, the duties of which are rapidly increasing in each of the boroughs with the growth of the City and the consequent increasing collections of water revenues.

In view of the facts stated I would respectfully recommend that the request of the Deputy and Acting Commissioner for the establishment of the grade of Cashier, Department of Water Supply, Gas and Electricity, at \$2,500 per annum be approved.

Yours respectfully,
CHARLES S. HERVEY,
Auditor of Accounts, Investigations Division.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade of the position of Cashier in the Department of Water Supply, Gas and Electricity, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said additional grade be fixed at the rate of twenty-five hundred dollars (\$2,500) per annum.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens and Richmond and the Acting President of the Borough of Brooklyn—16.

The Secretary presented the following communication from the Vice-Chairman and Acting President of the Board of Aldermen, and report of the Auditor of Accounts, Investigations Division, Department of Finance, relative to fixing the salary of the position of Assistant Document Clerk in the office of the Board of Aldermen:

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOARD OF ALDERMEN,
CITY HALL, NEW YORK, November 17, 1905.

Board of Estimate and Apportionment, No. 280 Broadway, City:

GENTLEMEN—I hereby recommend the fixing of the salary of Frank J. Martin, Assistant Document Clerk of the Board of Aldermen, at \$2,500 per annum and request the favorable action of your Board. I desire to emphasize the fact that the proposed increase is fully covered in the appropriation of the Board of Aldermen for this year, and that your Board made provision for the same in preparing the Budget for the ensuing year. In this recommendation I feel certain that I am expressing the unanimous sentiment of the Board of Aldermen and the City Clerk. In the point of service Mr. Martin has been longer employed by the Board of Aldermen than any other employee with the exception of Mr. Blake, the Chief Clerk. Mr. Martin's duties

are manifold. He prepares the resolutions, ordinances and documents for presentation to the Board of Aldermen in addition to acting as Reading Clerk. He prepares for transmission and receives from the office of his Honor the Mayor all approved papers. He keeps the record book containing adopted resolutions and ordinances and prepares all matters in the office of the City Clerk and the Clerk of the Board of Aldermen which are necessary for publication in the CITY RECORD, and transmits to the heads of the respective City departments certified copies of adopted and approved papers. He makes all important searches for the City Clerk in addition to many other important clerical duties which may be assigned to him by the head of his department. His work is faithful and efficient, and during the many years he has been in the employ of the City never a single complaint has been made against him. Of all the employees in the office of the City Clerk and the Board of Aldermen it is my candid opinion that he above all others deserves an increase in salary, because he is a faithful employee and it would be only a just and proper recognition on the part of the City for the many services which he has rendered.

Very sincerely,
T. P. SULLIVAN,
Vice-Chairman and Acting President.
CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
December 4, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Examination has been made by the Investigations Division into the matter of a communication received by the Board of Estimate and Apportionment from Hon. Timothy P. Sullivan, Vice-Chairman and Acting President of the Board of Aldermen, recommending that the salary of Frank J. Martin, Assistant Document Clerk of the Board of Aldermen, be fixed at \$2,500 per annum, the present compensation being \$2,000. As a result of such examination I beg to submit the following report:

A representative of the Finance Department conferred with City Clerk P. J. Scully as to the duties of the Assistant Document Clerk, as well as to the manner in which they have been performed by Frank J. Martin, whose salary is recommended to be increased.

City Clerk Scully stated that Mr. Martin was originally appointed in January, 1895, at a salary of \$1,200 per annum, which was increased to \$2,000 in 1902. Mr. Martin, it was learned, prepares many of the resolutions, ordinances and documents for presentation to the Board of Aldermen, and also acts as reading clerk. He is required to keep a record book containing the adopted resolutions and ordinances, and also prepares matters relating to the actions of the Board of Aldermen which are published in the CITY RECORD. Mr. Scully informed the Finance Department representative that Mr. Martin was a very efficient and reliable clerk, and stated that, in his judgment, the work performed by him was of such a character as to warrant the recommendation for an increased salary.

Further inquiry disclosed the fact that there is also a position officially designated as Document Clerk, salary for this position being \$2,500. The position of Document Clerk is held by W. L. D. O'Grady, who was transferred from the old City of Brooklyn.

In view of the fact that the position of Document Clerk is graded at \$2,500, it would seem that, if an additional grade for Assistant Document Clerk be fixed, it should be at some grade below that of the Document Clerk. I would therefore respectfully recommend that the Board of Estimate and Apportionment adopt a resolution approving the establishment of an additional grade for the position of Assistant Document Clerk in the office of the Board of Aldermen and the City Clerk, said additional grade to be fixed at the rate of \$2,400 per annum.

Yours respectfully,
CHARLES S. HERVEY,
Auditor of Accounts, Investigations Division.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade of the position of Assistant Document Clerk in the office of the Board of Aldermen, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said additional grade be fixed at the rate of twenty-four hundred dollars (\$2,400) per annum.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens, Richmond and Acting President of the Borough of Brooklyn—16.

The Secretary presented the following communication from the Deputy Commissioner of Water Supply, Gas and Electricity, and report of the Auditor of Accounts, Investigations Division, Department of Finance, relative to fixing the salary of the position of Measurer in the Department of Water Supply, Gas and Electricity:

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY,
COMMISSIONER'S OFFICE, NOS. 13 TO 21 PARK ROW,
CITY OF NEW YORK, December 14, 1905.

Hon. JAMES W. STEVENSON, Secretary, Board of Estimate and Apportionment:

DEAR SIR—The duties of a Measurer are as follows:

1. The city is divided into sections, and each Measurer has a section, which is called the Measurer's District.

2. He must have a book and keep a proper account of all buildings being erected or undergoing alterations; and of all old buildings being torn down in his district.

3. When a new building has been erected and finished and an old building has been torn down he should bring in a report of the same, giving the date when said building was completed or demolished, so that the proper entry may be made on the water tax books.

4. He must be careful to place on the diagram of his report the names of the four avenues or streets that bound the block on which the buildings are located.

5. His report must show if the building is located on a corner; and, if not, the side of the avenue or street it is on, and the number of feet it is from the nearest corner. Great care should be taken that the number of feet given is correct, as by this measurement the property is located on the proper lot number.

6. When he reports a new building as being completed he should give the street number, the number of stories, feet in width, and the total number of water closets, baths, families, etc., called "extras," and state what business is carried on in said premises.

7. He must consult the "Record and Guide," a paper published weekly, which contains a list of plans filed with the Department of Buildings.

8. A Measurer is furnished with a measurer's tape by this Department. It is a steel tape, commonly called a surveyor's tape. It is marked in feet and inches, and is 100 feet in length.

A Measurer's salary is \$1,000 per annum.

Chief Measurer, \$1,200 per annum.

Respectfully,
FRANK J. GOODWIN,
Deputy Commissioner of Water Supply, Gas and Electricity.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
December 14, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—In the matter of the request of the Commissioner of Water Supply, Gas and Electricity, for the creation of two new grades of Measurers in his Department at \$1,350 and \$1,500 per annum, I beg to report as follows:

There are now employed in the Department of Water Supply, Gas and Electricity three Measurers at \$1,200 each and seven Measurers at \$1,000 each. Two of the Measurers now receiving the salary of \$1,200 each entered the service of the Department in 1890 and the third one receiving said salary entered the Department in 1891. The Measurers employed at \$1,000 have served for shorter terms.

The Commissioner states that "the proposed new grades are recommended as a reward for two Measurers who have been employed in that capacity for over fifteen

years, and who have supervision of the work performed by the other Measurers in the boroughs of Manhattan and The Bronx."

I am informed by a representative of the Municipal Civil Service Commission that, in the event of the creation of these grades, promotions can be made in the usual way.

The duty of a Measurer in the Department of Water Supply, Gas and Electricity corresponds, so far as the levy of water tax is concerned, to the duty of a Deputy Tax Commissioner in the levy of a tax upon real estate.

The Measurer in the Department of Water Supply, Gas and Electricity measures the front feet and height of buildings and makes inspections of the water accommodations of the same from cellar to garret, for the purpose of imposing the water tax. If engines or boilers are used special calculations are required to determine their water consumption. The Measurer is required to correct the water maps, designating each house assessed by its proper map, plot and lot number. He is further required to look after all new buildings and alterations, to keep informed as to all new mains laid and all tap permits granted, and to keep in touch generally with all sources of information bearing upon the increasing use of water throughout his district.

Thomas Gilmartin, the Chief Measurer for The Bronx, now employed at a salary of \$1,200 and one of those whose salary the Commissioner of Water Supply, Gas and Electricity desires to increase, states that he has during the past two years made at least 10,000 inspections and that his work is constantly increasing. In a letter to the Commissioner, requesting an increase of salary, Mr. Gilmartin says:

"As you are aware my district in area is a large one, extending from Bronx river to Long Island Sound, and from Unionport to Mount Vernon. This is the locality in The Bronx District where building and alterations of a sweeping character are constantly going on. Accurate measurements and examinations for all Croton water accommodations is as necessary for the orderly procedure of the Department as it is for the satisfaction of builders, tenants, owners and taxpayers. To cover this ground and to accurately and satisfactorily perform these duties require time and much labor, and I respectfully submit this fact for your consideration as a basis for an advance in my salary. Besides this, permit me to add that my immediate superior, from a desire to have the special work in his Bureau performed in a satisfactory manner, has designated me as Chief Measurer to make all special measurements and reports which are required to be made in any part of The Bronx District, and it is after consultation with him I make this application."

I am informed that the conditions in The Bronx are similar in character to those in Manhattan, so far as the extent and the increasing labors of the Measurers are concerned.

I would therefore respectfully recommend that the request of the Commissioner of Water Supply, Gas and Electricity be granted by the creation of said grades of Measurers at \$1,350 and \$1,500 per annum.

Yours respectfully,
CHARLES S. HERVEY,
Auditor of Accounts, Investigations Division.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of additional grades of the position of Measurer in the Department of Water Supply, Gas and Electricity, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of said additional grades be fixed at the rates of thirteen hundred and fifty dollars (\$1,350) and fifteen hundred dollars (\$1,500) per annum.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens and Richmond and the Acting President of the Borough of Brooklyn—16.

The Secretary presented the following communication from the Register of New York County and report of the Auditor of Accounts, Department of Finance, relative to the establishment of new grades of the position of Chattel Mortgage Clerk:

REGISTER'S OFFICE, COUNTY OF NEW YORK,
No. 116 NASSAU STREET,
December 11, 1905.

The Honorable the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—I hereby respectfully request your Honorable Board to recommend to the Board of Aldermen that, pursuant to section 56 of the Greater New York Charter, the annual salaries of the following persons, now employed in the office of the Register of the County of New York, and whose compensation is paid out of the City Treasury, be fixed as follows, viz.:

Name and Position.	Present Salary.	Salary to Be Fixed.
Patrick F. Glennen, Chattel Mortgage Clerk.....	\$2,512 00	\$3,000 00
Jurgen Johannsen, Chief Record Clerk	2,012 00	2,250 00
Philip V. Walsh, Custodian.....	1,360 00	1,500 00
William M. Hoge, Custodian.....	1,300 00	1,500 00
James Shannessy, Bookbinder.....	1,080 00	1,200 00

The employees occupying said positions have been in the Register's office for many years past, and prior to my term of office; and they have been each and all conspicuously faithful in the discharge of their duties and in attentiveness to the public service. Their duties have been greatly augmented during the past four years as the result of new State laws imposing additional labors and burdens on the Register's office, and in consequence of an enormous increase in the business of the various Bureaus. For example, the number of chattel mortgages filed this year was 10,000 larger than last year; and new laws have necessitated the additional indexing of certain chattel papers in a street index, and of certain conditional sales according to the block system; thus making the work two-fold greater, and adding very much to the responsibility of the position of Chattel Mortgage Clerk. Each of the other positions above mentioned has been similarly affected by the enormous increase of work and responsibility throughout the Register's office; and each of them, in my judgment, is highly deserving of the small increase of salary hereby recommended.

Respectfully yours,
JOHN H. J. RONNER, Register.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
December 14, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—In the matter of the request of Hon. John H. J. Ronner, Register of New York County, to the Board of Estimate and Apportionment, under date of December 11, 1905, requesting the establishment of certain new grades in the office of the Register of New York County, I beg to report on a part of this request, namely, for the establishment of a grade of Chattel Mortgage Clerk at \$3,000, as follows:

The salary now paid to the Chattel Mortgage Clerk is \$2,512. The present incumbent is Patrick F. Glennen and the request for the new grade is based on the desire of the Register to increase the salary of Mr. Glennen.

Mr. Glennen's employment in the Register's office began in 1892, under his present title and at the salary of \$2,000. At that time he had the direction of three assistants. There were 40,000 chattel mortgages annually recorded as against 80,000 at the present time. The consequent increase of the labor of Mr. Glennen's position has been practically quadrupled, as compared with what it was in 1892, because for each chattel mortgage filed the labor of indexing is double what it was thirteen years ago. His assistants number four clerks, an increase of only one above his clerical assistants at the start.

Mr. Ronner states in his letter relative to this matter:

"For example, the number of chattel mortgages filed this year was 10,000 larger than last year; and new laws have necessitated the additional indexing of certain papers in a street index, and of certain conditional sales according to the block system; thus making the work two-fold greater, and adding very much to the responsibility of the position of Chattel Mortgage Clerk."

An increase in Mr. Glennen's salary from \$2,300 to his present salary, \$2,512, was made in 1901. If increasing labors and long service, combined with continued efficiency, are justifications for salary increase, it would appear that the Register's request for the creation of a grade of Chattel Mortgage Clerk in his office at \$3,000 should be granted, and I respectfully recommend the same.

Yours respectfully,

CHARLES S. HERVEY,

Auditor of Accounts, Investigations Division.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade of the position of Chattel Mortgage Clerk in the office of the Register of New York County, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said additional grade be fixed at the rate of three thousand dollars (\$3,000) per annum.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens and Richmond and the Acting President of the Borough of Brooklyn—16.

The Secretary presented the following communication from the Commissioner of the Department of Street Cleaning relative to fixing the salaries of the positions of Driver and Stableman, and fixing the Sunday pay of Sweepers and Drivers:

DEPARTMENT OF STREET CLEANING,
NEW YORK, December 14, 1905.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman Board of Estimate and Apportionment:

SIR—I transmit herewith for the action of your Board and the Board of Aldermen, pursuant to section 56 of the Greater New York Charter, three resolutions fixing the salary and pay of members of this Department, namely: One increasing the salary of Drivers actually driving carts, from \$720 per annum to \$800; one establishing the position of Stableman with a salary of \$720 per annum, the present pay of Drivers; the third providing for the payment of \$2 per day as extra pay for Sunday work for Sweepers and also for Drivers when actually employed driving carts in Sunday work.

Respectfully,

JOHN McG. WOODBURY, Commissioner.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment on December 8, 1905, which reads as follows:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade of the position of Driver in the Department of Street Cleaning, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said additional grade be fixed at the rate of eight hundred dollars (\$800) per annum."

—be and the same is hereby rescinded.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens and Richmond and the Acting President of the Borough of Brooklyn—16.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the increase of the yearly compensation of the Drivers in the Street Cleaning Department from seven hundred and twenty dollars (\$720) per annum to eight hundred dollars (\$800) per annum for such Drivers as are actually employed in driving carts in the Department of Street Cleaning, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said Drivers be fixed at the rate of eight hundred dollars (\$800) per annum.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens and Richmond and the Acting President of the Borough of Brooklyn—16.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby determines that whenever necessity requires that the Sweepers or Drivers, or both, of the Department of Street Cleaning, shall be put to work on Sunday, Sweepers and Drivers so actually employed in sweeping and driving shall receive extra pay at the rate of \$2 per day per man for such Sunday work, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the extra pay for such Sunday work be fixed at the rate of \$2 per day.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens and Richmond and the Acting President of the Borough of Brooklyn—16.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby determines that the members of the Street Cleaning Department, not including Hostlers, who may be now or hereafter employed in the stables to take care of the stable, wash the windows, clean the harness, sweep the floors, and all such stable work that they may be required to perform, shall be known and designated as Stablemen, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said position be fixed at the rate of seven hundred and twenty dollars (\$720) per annum.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens and Richmond and the Acting President of the Borough of Brooklyn—16.

The Secretary presented the following communication from the County Clerk of New York County, and report of the Auditor of Accounts, Investigations Division, Department of Finance, relative to fixing the salary of the position of Chief Recording Clerk:

COUNTY CLERK'S OFFICE, COUNTY OF NEW YORK,
NEW COUNTY COURT HOUSE,
NEW YORK, November 28, 1905.

To Board of Estimate and Apportionment:

GENTLEMEN—I would respectfully request that the salary of Chief Recording Clerk in this office be fixed at \$2,000 and \$2,100 per annum, under the provisions of section 56 of the New York Charter.

Trusting to your favorable consideration and approval, I have the honor to be

Yours respectfully,

THOS. L. HAMILTON, County Clerk.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
December 7, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—In the matter of a request of Hon. Thomas L. Hamilton, County Clerk, New York County, "that the salary of Chief Recording Clerk in this office be fixed at \$2,000 and \$2,100 per annum," referred to the Investigations Division for examination, I beg to report as follows:

The object of the request is to increase the present salary of \$1,700 per annum of Mr. Edward J. Horn, Chief Recording Clerk, who entered the City's service as an employee in the County Clerk's office in June, 1889. Mr. Horn is in charge of one-third of the force employed, has supervision of the Recording Clerks and Typewriters and of all subpoenas issued for the production of records in the various courts. He also has charge of all supplies used in the office. In addition to his work as Chief Recording Clerk he compiled at home, for office use, a card index to corporations, consisting of 140,000 cards.

The experience gained by Mr. Horn through his long connection with the office, the remarkable regularity of his attendance (having been absent but three days in a period of sixteen years) and the ability with which he performs his work have made him a most valuable employee.

Under date of October 11, 1905, Mr. John C. Birdseye, Secretary of New York State Civil Service Commission, wrote:

"Promotion from \$1,700 to \$2,000 per annum may be made, subject to the approval of this Commission, if there are not more than three persons holding similar positions at salaries in excess of \$1,500 per annum but not in excess of \$1,800 per annum, under the provisions of Civil Service Rule XIV., subdivision 5. In other cases an examination is required."

Mr. Horn appears to come under the provisions stated in Mr. Birdseye's letter. I would respectfully recommend therefore that the salary of the Chief Recording Clerk in the office of the County Clerk of the County of New York be fixed at \$2,000 per annum. I would recommend that the additional grade of \$2,100 be not approved.

Yours respectfully,

CHARLES S. HERVEY,

Auditor of Accounts, Investigations Division.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade of the position of Chief Recording Clerk in the office of the County Clerk of New York County, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said additional grade be fixed at the rate of two thousand dollars (\$2,000) per annum.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens and Richmond and the Acting President of the Borough of Brooklyn—16.

The Secretary presented the following communication from the Commissioner of the Department of Docks and Ferries and report of the Auditor of Accounts, Investigations Division, Department of Finance, relative to fixing the salaries of the positions of Pilot, Clerk and Portable Engineman:

DEPARTMENT OF DOCKS AND FERRIES,
PIER "A," NORTH RIVER,
NEW YORK, November 14, 1905.

J. W. STEVENSON, Esq., Secretary, Board of Estimate and Apportionment:

SIR—In connection with the establishment of the municipal ferry between the boroughs of Manhattan and Richmond, it was found necessary to employ persons at salaries which have not been established for this Department by the Board of Estimate and Apportionment and the Board of Aldermen.

I now respectfully request that the Board of Estimate and Apportionment recommend to the Board of Aldermen the establishment of the following positions for this Department:

Pilot, \$100 per month.
Pilot, \$137.50 per month.
Clerk, \$80 per month.
Clerk, \$60 per month.

I would also respectfully recommend that a salary of 56¼ cents per hour be fixed for Engineman. This is the rate which has been paid by this Department, but I do not find that it has ever been established.

Yours respectfully,

MAURICE FEATHERSON, Commissioner.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
December 14, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—I have caused an examination to be made of the requests contained in a communication received from Hon. Maurice Featherston, Commissioner of Docks and Ferries, dated November 14, 1905.

First—Request "that the Board of Estimate and Apportionment recommend to the Board of Aldermen the establishment of the following positions for the Department of Docks and Ferries: Pilot, \$100 a month; Pilot, \$137.50 a month; Clerk, \$80 a month; Clerk, \$60 a month";

Second—Recommendation "that a salary of 56¼ cents an hour be fixed for Engineman. This is the rate which has been paid by this Department, but I do not find that it has ever been established";

—and I beg to submit the following report:

A representative of the Finance Department learned at the office of the Dock Department that the opening of the municipal ferry called for new positions outside of the regular force; that the place of Pilot on the large ferry boats is one of great responsibility, and it is difficult to secure good men who will assume it; that the salary of \$137.50 a month is asked for a man who is known in the office as captain and pilot, and the salary of \$100 a month for a man known as quartermaster and pilot, or second grade; and that the first grade man is required to have a license about equal to that of a similar employee on an ocean-going steamer, owing to the great size of the new ferry boats.

The general manager of United Harbor No. 1, American Association of Masters and Pilots of Steam Vessels, reported to the Comptroller on December 19, 1904, that 90 per cent. of the men of his occupation are organized, and that the monthly rate of wages received by a majority of men in the trade of master and pilot on passenger steamers is \$135.

As to the establishment of the position of Pilot at \$137.50 a month, it would appear that said rate closely approximates the prevailing rate paid to pilots in the higher class, and should be adopted as the monthly compensation. As competency and reliability are important qualifications in pilots in charge of the new large municipal ferry boats, their pay should be adequate and at least equal to the maximum received by pilots in the service of private corporations.

It is recommended that the request for the establishment of the position of pilot at \$100 a month be also granted.

The introduction of the municipal ferry service also called for the creation of the new positions of Ticket Seller and Ticket Chopper, outside of the existing clerical

force. The establishment of the positions of Clerk at \$80 a month and \$60 a month in the Department, in order to provide for ferry ticket handlers, is recommended. The rates fixed are about the same as paid by private corporations.

As to the recommendation that a salary of 56¼ cents an hour be fixed for Engineman, I beg to call your attention to a report made to you by Experts of the Investigations Division of the Department of Finance on the prevailing rate of wages for engineers, dated June 27, 1905. Exhaustive examination at that time showed the prevailing rate for stationary engineers to be \$4 a day, and for portable or hoisting engineers, \$4.50 a day, or 56¼ cents an hour. It is conceded that enginemen employed by the Department of Docks and Ferries are in the portable class, being engaged in construction work.

I would therefore recommend the establishment of the following positions in the Department of Docks and Ferries:

Pilot, at \$1,650 per annum.
Pilot, at \$1,200 per annum.
Clerk, at \$960 per annum.
Clerk, at \$720 per annum.
Portable Engineman, at 56¼ cents an hour.

Yours respectfully,

CHARLES S. HERVEY,
Auditor of Accounts, Investigations Division.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of the following positions in the Department of Docks and Ferries, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of said additional positions be fixed as follows:

Pilot, \$1,200 and \$1,650 per annum.
Clerk, \$720 and \$960 per annum.
Portable Engineman, 56¼ cents per hour.
Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens, Richmond and Acting President of the Borough of Brooklyn—16.

The Secretary presented the following communication from the Comptroller relative to issuing \$168.75 Corporate Stock to replenish the fund for Street and Park Openings, in the matter of opening and extending Echo Park in the Borough of The Bronx:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
December 14, 1905.

To the Board of Estimate and Apportionment:

GENTLEMEN—Under date of July 8, 1903, the Board of Estimate and Apportionment adopted a resolution changing the map or plan of the City by laying out an addition to Echo Park, in the Borough of The Bronx.

Under date of July 22, 1904, the Board of Estimate and Apportionment by resolution requested the Corporation Counsel to institute proceedings to acquire title to property required for the purpose of opening and extending Echo Park, in the Borough of The Bronx, and determined that the entire cost and expense of said proceeding shall be borne and paid by The City of New York.

Under date of October 7, 1904, the Board of Estimate and Apportionment adopted a resolution authorizing the Comptroller to enter into a contract for the purchase of the property required for the above park at a price not to exceed thirty-five thousand dollars (\$35,000).

A contract was duly entered into under date of November 11, 1904, to purchase property within the boundaries of said park from Sarah E. Buckhout, executrix, William H. Buckhout, and Frank C. Buckhout as executors of the estate of James Buckhout, deceased.

In connection with the above purchase of property an expense has been incurred for the examination of title, etc., amounting to one hundred and sixty-eight dollars and seventy-five cents (\$168.75).

To reimburse the Fund for Street and Park Openings for this expense to be paid therefrom, Corporate Stock should be issued pursuant to the provisions of section 174 of the Revised Greater New York Charter.

A resolution for that purpose is herewith submitted.

Respectfully,

EDWARD M. GROUT, Comptroller.

The following resolution was offered:

Resolved, That pursuant to the provisions of section 174 of the Revised Greater New York Charter, the Comptroller be and hereby is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the revised Greater New York Charter, to the amount of one hundred and sixty-eight dollars and seventy-five cents (\$168.75), the proceeds whereof to be applied to replenish the Fund for Street and Park Openings for the amount to be paid therefrom for the examination of titles, etc., in the matter of opening and extending Echo Park, in the Borough of The Bronx, the entire cost and expense of which is to be borne and paid by The City of New York, pursuant to a resolution of the Board of Estimate and Apportionment adopted July 22, 1904.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens and Richmond and the Acting President of the Borough of Brooklyn—16.

The Secretary presented the following communication from the Comptroller relative to the issue of \$200 Corporate Stock to replenish the Fund for Street and Park Openings in the matter of laying out a public park bounded by Washington avenue, Classon avenue and Eastern parkway, Borough of Brooklyn:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
December 14, 1905.

To the Board of Estimate and Apportionment:

GENTLEMEN—Under date of June 9, 1905, the Board of Estimate and Apportionment adopted a resolution changing the map or plan of The City of New York by laying out a public park bounded by Washington avenue, Classon avenue and Eastern parkway, in the Borough of Brooklyn.

Under date of June 23, 1905, the Board of Estimate and Apportionment by resolution requested the Corporation Counsel to institute proceedings to acquire title to property required for the purpose of laying out a public park, bounded by Washington avenue, Classon avenue and Eastern parkway, in the Borough of Brooklyn, and determined that the entire cost and expense of said proceeding shall be borne and paid by The City of New York.

Under date of October 27, 1905, the Board of Estimate and Apportionment adopted resolutions authorizing the Comptroller to enter into contracts for the purchase of property within the area of said park at a sum not to exceed thirty thousand dollars (\$30,000).

An expense has been incurred in connection with this proceeding for appraising property amounting to two hundred dollars (\$200).

To reimburse the Fund for Street and Park Openings for this amount to be disbursed therefrom Corporate Stock should be issued, pursuant to the provisions of section 174 of the Revised Greater New York Charter.

A resolution for that purpose is herewith submitted.

Respectfully,

EDWARD M. GROUT, Comptroller.

The following resolution was offered:

Resolved, That pursuant to the provisions of section 174 of the Revised Greater New York Charter, the Comptroller be and is hereby authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Revised Greater New York Charter, to the amount of two hundred dollars (\$200), the proceeds whereof to be applied to replenish the Fund for Street and Park Openings for the amount to be paid therefrom for appraising property required for the purpose of laying out a public park, bounded by Washington avenue, Classon avenue and Eastern parkway, in the Borough of Brooklyn, the entire cost and expense of which is to be borne and paid by The City of New York, pursuant to a resolution of the Board of Estimate and Apportionment adopted June 23, 1905.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens and Richmond and the Acting President of the Borough of Brooklyn—16.

The Secretary presented the following communication from the Comptroller relative to the issue of \$74 Corporate Stock, to replenish the Fund for Street and Park Openings in the matter of opening and extending an addition to Sunset Park Brooklyn:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
December 13, 1905.

To the Board of Estimate and Apportionment:

GENTLEMEN—Under date of December 12, 1902, the Board of Estimate and Apportionment, pursuant to the provisions of section 442 of the revised Greater New York Charter, adopted a resolution laying out an addition to Sunset Park, in the Borough of Brooklyn, City of New York.

Under date of September 16, 1903, the Board of Estimate and Apportionment, by resolution, requested the Corporation Counsel to apply for the appointment of Commissioners of Estimate and Assessment to acquire title to property required for the purpose of opening and extending an addition to Sunset Park, between Forty-third and Forty-fourth streets, and Fifth and Seventh avenues, in the Borough of Brooklyn, and determined that the entire cost and expense of said proceeding shall be borne and paid by The City of New York.

Under date of January 13, 1905, the Board of Estimate and Apportionment adopted a resolution authorizing the Comptroller to enter into contracts for the purchase of property required for the above park, at a sum not to exceed one hundred and seventy-five thousand dollars (\$175,000).

An expense has been incurred in connection with the purchase of property within the area of said park for the examination of a title amounting to seventy-four dollars (\$74).

To reimburse the Fund for Street and Park Openings for this amount to be disbursed therefrom, Corporate Stock should be issued, pursuant to the provisions of section 174 of the revised Greater New York Charter.

A resolution for that purpose is herewith submitted.

Respectfully,

EDWARD M. GROUT, Comptroller.

The Secretary presented the following communication from the Comptroller relative to the issue of \$87,184.22 Corporate Stock to replenish the Fund for Street and Park Openings in the matter of opening, extending and widening of St. Nicholas avenue at its intersection with Nagle avenue and Dyckman street, Manhattan:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
December 13, 1905.

To the Board of Estimate and Apportionment:

GENTLEMEN—I am advised by the Corporation Counsel that the report of the Commissioners of Estimate and Assessment, in the matter of opening, extending and widening of St. Nicholas avenue at its intersection with Nagle avenue and Dyckman street, as shown upon a map or plan adopted by the Board of Estimate and Apportionment on May 20, 1904, in the Twelfth Ward, Borough of Manhattan, City of New York, was confirmed by an order of the Supreme Court, dated November 24, 1905, and filed in the office of the Clerk of the County of New York on November 25, 1905.

The title to the lands taken in this proceeding became vested in The City of New York on the date of the confirmation of the report of the Commissioners of Estimate and Assessment, to wit, November 25, 1905.

The total amount of the award is..... \$83,548 50

Amount of taxed costs..... 3,635 72

Total..... \$87,184 22

Pursuant to the provisions of a resolution of the Board of Estimate and Apportionment adopted July 1, 1904, the entire cost and expense of this proceeding is to be borne and paid by the City of New York, for which Corporate Stock to the amount of eighty-seven thousand one hundred and eight-four dollars and twenty-two cents (\$87,184.22) should be issued.

A resolution for that purpose is herewith submitted.

Respectfully,

EDWARD M. GROUT, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 174 of the revised Greater New York Charter, the Comptroller be and hereby is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to the amount of eighty-seven thousand one hundred and eighty-four dollars and twenty-two cents (\$87,184.22), the proceeds whereof to be applied to replenish the Fund for Street and Park Openings for the expense to be borne by The City of New York, in the matter of opening, extending and widening of St. Nicholas avenue at its intersection with Nagle avenue and Dyckman street, as shown upon a map or plan adopted by the Board of Estimate and Apportionment on May 20, 1904, in the Twelfth Ward, Borough of Manhattan, City of New York, pursuant to the provisions of a resolution of the Board of Estimate and Apportionment adopted July 1, 1904.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens and Richmond and the Acting President of Borough of Brooklyn—16.

The Secretary presented the following communication from the Comptroller, relative to the issue of \$15,240.92 Corporate Stock to replenish the Fund for Street and Park Openings in the matter of opening a public park in the block bounded by West Twenty-seventh, West Twenty-eighth streets, Ninth and Tenth avenues, Manhattan:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
December 13, 1905.

To the Board of Estimate and Apportionment:

GENTLEMEN—Under date of February 24, 1905, the Board of Estimate and Apportionment, pursuant to section 442 of the Charter, adopted a resolution laying out a public park in the block bounded by West Twenty-seventh and West Twenty-eighth streets, Ninth and Tenth avenues, Borough of Manhattan, and also authorized the acquisition of the property within the area thereof by condemnation proceedings, pursuant to section 970 of the Charter, and determined that the entire cost and expense thereof be borne and paid by the City of New York.

Under date of November 24, 1905, the Board of Estimate and Apportionment adopted a resolution authorizing the Comptroller to enter into a contract with the owner of property within the limits of said park for the purchase of the same at a price not to exceed fourteen thousand five hundred dollars (\$14,500).

In accordance with said resolution, a contract was entered into with the estate of Ann Kiernan for the purchase of the property described therein for the sum of fourteen thousand five hundred dollars (\$14,500).

In addition to the amount to be paid under the above contract, expenses have been incurred for examining titles in this proceeding to the amount of seven hundred and forty dollars and ninety-two cents (\$740.92), making a total of fifteen thousand two hundred and forty dollars and ninety-two cents (\$15,240.92) to be provided for.

To reimburse the Fund for Street and Park Openings for this expense to be borne by The City of New York, Corporate Stock should be issued, pursuant to the provisions of section 174 of the revised Greater New York Charter.

A resolution for that purpose is herewith submitted.

Respectfully,

EDWARD M. GROUT, Comptroller.

The Secretary presented the following communication from the Acting President of the Borough of Manhattan, relative to his request for an issue of \$20,000 Special Revenue Bonds for the purpose of repairing and maintaining asphalt pavements in the Borough of Manhattan, together with reports from the Investigations Division, Department of Finance, relative thereto, resolutions of the Board of Aldermen requesting the issue of said bonds, pursuant to subdivision 8 of section 188 of the Charter, and opinion of the Corporation Counsel under date of May 3, 1905, relative to the contract of the City with the United States and Venezuela Company:

CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF MANHATTAN,
CITY HALL, December 8, 1905.

JAMES W. STEVENSON, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—Item No. 33 of the Financial Calendar of December 5 refers to an application of this Department for an issue of Special Revenue Bonds for the purpose of repairing and maintaining asphalt pavements in the Borough of Manhattan for the remainder of the year 1905. The report of the Auditor of the Finance Department in relation to this application recommends that the application be denied for the reason that a maintenance contract for repairs could not be executed before the latter part of December, and therefore would not be of much or of any use during the present year.

While this report is correct to a certain extent, in so far as it relates to a regular contract for repairs, there are other repairs to asphalt pavements which have to be made and which are not embraced within this repair contract. Those are repairs to asphalt pavements still under original maintenance that have been destroyed by bonfires and through causes unknown, and for which the City has to bear the cost of repairing. The returned amount of the cost of repairs of this nature exceeds the original estimates, and this with the amount of work necessary to be done before the first of the year amounts in the aggregate to fully \$20,000. It is therefore requested that the above application be favorably considered by the Board of Estimate and Apportionment in order that the asphalt pavements may be put in thorough repair before the cold and stormy weather commences and when repairs cannot be made.

All appropriations and fund accounts which might be used for this kind of work are exhausted.

Yours respectfully,

WILLIAM DALTON,
Commissioner of Public Works,
and Acting President, Borough of Manhattan.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
December 14, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The matter of an application from the President of the Borough of Manhattan for an issue of Special Revenue Bonds to the amount of \$20,000 for the purpose of repairing and maintaining asphalt pavements in the Borough of Manhattan for the remainder of the year 1905, which was considered by the Board of Estimate and Apportionment at its meeting of December 8 and laid over by unanimous vote, has been again referred to this division for examination.

Subsequent to the meeting of the Board of Estimate and Apportionment on December 8, it appears that Mr. James W. Stevenson, Secretary of the Board, received from Mr. William Dalton, Commissioner of Public Works and Acting Borough President, the following communication:

"December 8, 1905.

"JAMES W. STEVENSON, Esq., Secretary, Board of Estimate and Apportionment:

"DEAR SIR—Item No. 33 of the Financial Calendar of December 5 refers to an application of this department for an issue of Special Revenue Bonds for the purpose of repairing and maintaining asphalt pavements in the Borough of Manhattan for the remainder of the year 1905. The report of the Auditor of the Finance Department in relation to this application recommends that the applica-

tion be denied for the reason that a maintenance contract for repairs could not be executed before the latter part of December, and therefore would not be of much or of any use during the present year.

"While this report is correct to a certain extent in so far as it relates to a regular contract for repairs, there are other repairs to asphalt pavements which have to be made and which are not embraced within this repair contract—those are repairs to asphalt pavements still under original maintenance that have been destroyed by bonfires and through causes unknown, and for which the City has to bear the cost of repairing. The returned amount of the cost of repairs of this nature exceeds the original estimates, and this with the amount of work necessary to be done before the first of the year amounts in the aggregate to fully \$20,000. It is therefore requested that the above application be favorably considered by the Board of Estimate and Apportionment in order that the asphalt pavements may be put in thorough repair before the cold and stormy weather commences and when repairs cannot be made.

"All appropriations and fund accounts which might be used for this kind of work are exhausted.

"Yours respectfully,

"WILLIAM DALTON, Commissioner of Public Works,
"and Acting President, Borough of Manhattan."

The application was originally made to the Board of Aldermen and a resolution approving the same was adopted by that body on October 24, 1905. Examination having been made by the Investigations Division upon receipt of the application by the Board of Estimate and Apportionment, it was found that \$20,000 had been asked for to provide for certain repaving which was then intended to be included in a contract, the specifications for which had been prepared and were awaiting the approval of the Law Department.

As a result of the facts disclosed in the examination made by the Investigations Division, I recommended that the application for the issue of Special Revenue Bonds to the amount of \$20,000 be not approved, it appearing that the regular appropriation account for repairs and renewals of pavements and regrading would be available on January 1 next, before which time it did not seem practicable to complete the necessary preliminaries for the making of a contract.

The communication from the Acting Borough President under date of December 8, previously quoted, states that the sum of \$20,000 will be required to meet the cost of repairs to asphalt pavements which have to be made and "which are not embraced within the repair contract."

These repairs, it is stated, are made necessary by damage to pavements through fire and other causes, and it is further stated that it is necessary that the work be done before the cold and stormy weather commences, when repairs cannot be made.

Your Examiners have asked the Acting Borough President to furnish a supplemental statement showing the standing of the Revenue Bond Account for repairing asphalt pavements at the present date, and such statement will be found attached to this report.

A summary of the statement attached hereto shows that the amount of Special Revenue Bonds appropriated to date for repairing asphalt pavements, Borough of Manhattan, is \$90,000, and that the amount certified for payment as against this available fund is \$62,217.46, leaving a cash balance of \$27,782.54. The liabilities on account of orders for work already issued amount to \$35,439.73, and an estimate of the work necessary to be done, the details of which estimate are shown in a schedule attached to the statement of the Acting Borough President, is 9,493 square yards of repaving at \$2 a square yard. This would amount to \$18,986, which, together with ten per cent. for excess on returned amounts, \$3,543.97, would make a total of \$57,069.70, as against an available cash balance of \$27,782.54, or an estimated deficit of \$30,187.16.

The above statement, although promised earlier in the week, was not received in the Investigations Division until Thursday, December 14, making impossible any genuine analysis of the facts presented therein. While perhaps an unfair interpretation to put on said statement and possibly due to the fact that a careful examination has not been made, it would seem that the proposition included in said statement is practically the same proposition as that included in the plan for contract letting, which has already been reported on adversely by this division.

I do not think it fair to assume that the Borough President has violated the Charter provisions by giving orders for repair work in excess of his resources to pay for these repairs. It must therefore be that the repair items included in the accompanying schedule cover work which cannot be done unless appropriations are available. The regular departmental appropriations will be available on and after the 1st of January, 1906. I am still of the opinion that such repair work as is called for at so late a time of the year as the present can be delayed a few days and taken care of under the appropriations for next year.

Yours respectfully,

CHARLES S. HERVEY,
Auditor of Accounts, Investigations Division.

In the Board of Aldermen.

Resolved, That, in pursuance of the provisions of subdivision 8, section 186 of the amended Greater New York Charter, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of twenty thousand dollars (\$20,000) for the purpose of repairing and maintaining asphalt pavements in the Borough of Manhattan.

Adopted by the Board of Aldermen October 24, 1905, three-fourths of all the members elected voting in favor thereof.

Received from his Honor the Mayor, November 14, 1905, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

P. J. SCULLY, Clerk.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution of the Board of Aldermen, adopted October 24, 1905, in relation to the expenditure of twenty thousand dollars (\$20,000) for the purpose of repairing and maintaining asphalt pavements in the Borough of Manhattan, and that for the purpose of providing means therefor the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York, to the amount of twenty thousand dollars (\$20,000), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens and Richmond and the Acting President of the Borough of Brooklyn—16.

The Secretary presented a report of the Principal Assistant Engineer, Department of Finance, relative to the request of the President of the Borough of Manhattan for an appropriation of \$30,000 for the preparation of preliminary plans, designs and specifications for the construction of a new municipal building for the Borough of Manhattan.

Laid over.

The Secretary presented the following communication from the President of the Borough of The Bronx and report of the Engineer of the Department of Finance relative to the request for an appropriation of \$2,000, to improve the steps at One Hundred and Sixty-sixth street, between Fulton and Franklin avenues, Borough of The Bronx:

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,
MUNICIPAL BUILDING, CROTONA PARK,
NEW YORK, October 30, 1905.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman Board of Estimate and Apportionment:

DEAR SIR—In the construction of the steps, etc., at East One Hundred and Sixty-sixth street, between Fulton and Franklin avenues, it is found that upon taking down the old wall, which was supposed to be a first-class ashlar faced wall, it proved to be a poor rubble masonry wall with a thin facing, and entirely improper for work called to be in the contract.

Under these circumstances it will be necessary to take down more of the old wall than was expected and to build a slightly larger amount of masonry than was provided for in the contract.

This additional work is estimated by Chief Engineer Briggs to cost about \$2,000, and I respectfully make application to the Board of Estimate and Apportionment to provide sufficient funds in the sum of \$2,000 to complete this work.

As this is a very urgent matter, I would respectfully ask that this request be presented to the Board of Estimate and Apportionment at the earliest possible date.

Yours truly,

LOUIS F. HOFFEN,
President of the Borough of The Bronx.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
November 20, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Hon. Louis F. Hoffen, President of the Borough of The Bronx, in communication under date of October 30, 1905, requests the Board of Estimate and Apportionment to authorize an additional issue of Corporate Stock to the amount of \$2,000, for the purpose of providing means for the improvement of steps at One Hundred and Sixty-sixth street, between Fulton and Franklin avenues, Borough of The Bronx. I would report:

At a meeting of the Board of Estimate and Apportionment, held on March 16, 1905, \$6,000 was authorized for this purpose, and a contract for \$5,565 has been awarded by the President of the Borough of The Bronx to Gallo & Peltelli for this work; when the work was commenced, it was found that the old wall on the east side of Fulton avenue was faced with a sort of veneering which, on surface examination, appeared to be good ranged ashlar masonry. It is now found that it will be necessary to take down the old wall to a greater depth than was intended and rebuild with new wall in conformity with the requirements of the specifications.

The additional \$2,000 requested is to provide for the increased work, supervision, inspection, etc., of the entire contract.

The work being necessary, I think, the Board of Estimate and Apportionment may properly authorize the Comptroller, pursuant to section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, to issue Corporate Stock to the amount of \$2,000, for the purpose of providing means for the improvement of steps at One Hundred and Sixty-sixth street, between Fulton and Franklin avenues, Borough of The Bronx.

Respectfully,

EUG. E. McLEAN, Engineer.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding two thousand dollars (\$2,000) for the purpose of providing means for the improvement of steps at One Hundred and Sixty-sixth street, between Fulton and Franklin avenues, Borough of The Bronx, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding two thousand dollars (\$2,000), the proceeds whereof to be applied to the purposes aforesaid.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens, Richmond and the Acting President of the Borough of Brooklyn—16.

The Secretary presented the following report of the Appraiser of Real Estate, Department of Finance, relative to laying out a proposed new street as an approach to the Blackwell's Island Bridge, and widening Review avenue, from Greenpoint avenue to Laurel Hill Boulevard, First Ward, Borough of Queens:

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
December 14, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Board of Estimate and Apportionment at a meeting held May 26, 1905, in the matter of "laying out an approach to Blackwell's Island Bridge, etc., Queens," did, in pursuance of the provisions of section 442 of the Greater New York Charter, adopt a resolution deeming it for the public interest to change the map or plan of The City of New York by laying out a proposed new street as an approach to the Blackwell's Island Bridge, and widening Review avenue, from Greenpoint avenue to Laurel Hill Boulevard, First Ward, Borough of Queens, so as to change the map in accordance with a map or plan submitted by the President of the Borough of Queens and dated April 10, 1905.

At the same time there was submitted a proposition in connection with the closing of Bradley avenue, from Howard street to Penny Bridge, Borough of Queens, from Mr. John D. Crimmins, in behalf of the Trustees of St. Patrick's Cathedral, in the shape of an agreement to be entered into between the trustees and the City, and the matter was referred to the Comptroller and the Corporation Counsel.

The agreement, which bears the date of May 11, 1905, signed by the Chairman of the Executive Committee of St. Patrick's Cathedral and the Comptroller, approved by the Corporation Counsel, was for the purpose of closing and discontinuing Bradley avenue, between Howard street and Penny Bridge, First Ward, Borough of Queens, and for widening Review avenue on its northeasterly side, between Howard street and Laurel Hill Boulevard (Penny Bridge), by taking a strip of land about twenty feet in width from the lands of Calvary Cemetery.

The agreement further provided, in consideration of the closing and discontinuance of Bradley avenue as aforesaid, that the Trustees of St. Patrick's Cathedral, in The City of New York, bound themselves to do and perform as follows:

To convey to The City of New York by proper and legal warranty deed or deeds, the northeasterly half of said Review avenue, between Howard street and Bradley avenue, as shown on the Commissioner's map of Long Island City, and in addition thereto a strip of land 20 feet in width along the northeasterly side of said Review avenue, sufficient to give the said Review avenue a width of 80 feet, and also a further piece or strip of land, now owned by the St. Patrick's Cathedral, as will be sufficient to fix the northerly line of said Review avenue, between Bradley avenue and Laurel Hill Boulevard, as shown on a map prepared by the President of the Borough of Queens, dated April 10, 1905, in order that the line of Review avenue between the points stated should conform to the above-mentioned map, and further that the St. Patrick's Cathedral bound itself to regulate and grade said Review avenue between the points above stated to the established or to be established width and grade, and to curb and flag the sidewalk along the northeasterly side of said Review avenue between the points above stated, that is to say, between Howard street and Laurel Hill Boulevard, or Penny Bridge.

Thereafter the Trustees of St. Patrick's Cathedral, in The City of New York, presented to the Comptroller's office a full covenant warranty deed, in accordance with the agreement, which deed recites as follows:

This indenture made the nineteenth day of October, in the year one thousand nine hundred and five, between the Trustees of St. Patrick's Cathedral, in The City of

New York, a corporation existing under the laws of the State of New York, parties of the first part, and The City of New York, party of the second part:

Witnesseth, That the said parties of the first part, in consideration of the sum of one dollar, lawful money of the United States, paid by the party of the second part, and other good and valuable considerations, does hereby grant and release unto the said party of the second part, its successors and assigns forever, all that certain piece of land bounded and described as follows:

Beginning at a point formed by the intersection of the centre line of Review avenue with the centre line of Howard street, as the same were laid down on the Long Island City Commissioner's map, filed with the City Clerk April 25, 1873; running thence northeasterly along the centre line of Howard street fifty-one and three hundredths (51.03) feet; thence deflecting to the right seventy-eight degrees twenty-seven minutes (78° 27') for eight hundred eighty-five and twenty-two hundredths (885.22) feet; thence deflecting to the left ten degrees forty-two minutes and three seconds (10° 42' 3") for one thousand four hundred and twenty-eight and eight hundredths (1,428.08) feet; thence deflecting to the left twenty-six degrees seventeen minutes (26° 17') for one hundred twenty-nine and forty-nine hundredths (129.49) feet to the northerly line of the Laurel Hill Boulevard; thence deflecting to the right one hundred twenty-two degrees and eleven minutes (122° 11'), and along the northerly line of the Laurel Hill Boulevard seventy and eighty-nine hundredths (70.89) feet to the Long Island Railroad; thence deflecting to the right fifty-seven degrees and forty-nine minutes (57° 49') along the Long Island Railroad eighty-three and sixteen hundredths (83.16) feet to the centre line of Review avenue; thence deflecting to the right twenty-six degrees and seventeen minutes (26° 17') along the centre line of Review avenue one thousand four hundred sixty-seven and two hundredths (1,467.02) feet; thence deflecting to the right ten degrees forty-two minutes and three seconds (10° 42' 3") for nine hundred and twelve hundredths (900.12) feet to the centre line of Howard street, the point or place of beginning. The part conveyed to the City being more particularly shown and colored red on the accompanying map.

Together with the appurtenances; and all the estate and rights of the said parties of the first part, in and to said premises.

To have and to hold the above-granted premises unto the said party of the second part, its successors and assigns forever.

And the said parties of the first part do covenant with the said party of the second part as follows:

First—That the said parties of the first part are seized of the said premises in fee simple and have good right to convey the same.

Second—That the party of the second part shall quietly enjoy the said premises.

Third—That the said premises are free from incumbrances.

Fourth—That the parties of the first part will execute or procure any further necessary assurance of the title to said premises.

Fifth—That the said parties of the first part will forever warrant the title to said premises.

In witness whereof the said parties of the first part have hereunto set their hands and seals the day and year first above written.

TRUSTEES OF ST. PATRICK'S CATHEDRAL,
(Signed) By JNO. M. FARLEY, President.

In the presence of:

[SEAL.] THOMAS J. McMAHON.

Attest:

JOHN F. O'ROURKE, Secretary.

State of New York, County of New York, ss.:

On this second day of November in the year one thousand nine hundred and five, before me personally came John M. Farley, to me known, who, being duly sworn, did depose and say that he resided in New York City, Borough of Manhattan, that he is the President of the Trustees of St. Patrick's Cathedral, in The City of New York, the corporation described in and which executed the above instrument; that he knew the seal of said corporation; that the seal affixed to said instrument was such corporate seal; that it was so affixed by order of the board of directors of said corporation, and that he signed his name thereto by like order.

(Signed) THOS. J. McMAHON,
Notary Public, New York County.

I have had an examination made of the premises described in the deed by the Title Guarantee and Trust Company, and find that the title is in the Trustees of St. Patrick's Cathedral, in The City of New York, and that they conveyed the same; that there are no mortgages against said property and that there are certain taxes and water rates due and unpaid, which the owners of the property have agreed to have discharged of record.

I would therefore respectfully recommend that, in accordance with the agreement and the deed hereto annexed, the Board of Estimate and Apportionment take such action as may be necessary and proper to carry out said agreement, and that the agreement, the certificate of title and the deed be returned to the Bureau of Real Estate of the Finance Department to be transmitted to the County Clerk of Queens County for record.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate in Charge of Bureau.

Approved:

EDWARD M. GROUT, Comptroller.

Whereas, The trustees of St. Patrick's Cathedral in The City of New York (a domestic corporation) having agreed to give to The City of New York a strip of land for the purpose of widening said Review avenue, the consideration being the closing of Bradley avenue; and

Whereas, There has been presented to this Board a deed of the land for the widening of said Review avenue; therefore be it

Resolved, That the Board of Estimate and Apportionment accept the said deed and order the same to be recorded in the County Clerk's office of Queens County, and when so recorded, to be filed in the office of the Comptroller of The City of New York, and the Mayor of The City of New York is hereby requested to execute the necessary resolution of this Board, closing said Bradley avenue, as heretofore adopted by the Board of Estimate and Apportionment.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens and Richmond and the Acting President of the Borough of Brooklyn—16.

The Secretary presented the following report of the Auditor of Accounts, Investigations Division, Department of Finance, relative to the issue of Special Revenue Bonds to the amount of \$6,000 for making necessary repairs to the County Court House, New York County:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
November 20, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—In the matter of a resolution of the Board of Aldermen adopted October 24, 1905, as follows:

"Resolved, That, in pursuance of the provisions of subdivision 8, section 166 of the Greater New York Charter, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of six thousand dollars (\$6,000) for making necessary repairs to the County Court House, County of New York."

—referred to the Investigations Division November 16 for examination, I beg to submit the following report:

A representative of the Investigations Division called at the office of the President of the Borough of Manhattan and conferred with Mr. R. V. Davis, Jr., Auditor, who furnished him with the information contained herein.

It appears that an issue of Special Revenue Bonds to the amount of \$50,000 was authorized by the Board of Estimate and Apportionment April 13, 1904, for general repairs to the New York County Court House. On the date of the examination, November 17, 1905, Auditor Davis stated that approximately \$41,000 had been expended from this fund, the principal disbursements having been as follows:

For masonry, iron work, concreting, etc.....	\$10,076 00
Painting, carpentering, varnishing, etc.....	19,305 00
Plumbing	8,750 00
Architect's fees (approximately).....	2,000 00

Thus it would appear that there is a balance of about \$9,000 remaining in the fund.

On October 12, 1905, the Borough President opened bids for furnishing and setting lighting fixtures in the County Court House, the lowest bid being \$13,865. It having been found that the balance in the Revenue Bond Fund of April 13, 1904, was insufficient to provide for the work contemplated, the Borough President asks that an additional issue of Special Revenue Bonds amounting to \$6,000 be allowed for this purpose.

In addition to the amount required to let the contract for lighting fixtures, Auditor Davis states that about \$700 will be required for architect's fees and \$500 more for incidentals.

I would respectfully recommend that the resolution be approved by the Board of Estimate and Apportionment.

Yours respectfully,
CHARLES S. HERVEY,
Auditor of Accounts, Investigations Division.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution of the Board of Aldermen adopted October 24, 1905, in relation to the expenditure of six thousand dollars (\$6,000), in addition to the amount heretofore authorized, for making the necessary repairs to the County Court House, County of New York, and that for the purpose of providing means therefor the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York to the amount of six thousand dollars (\$6,000), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens and Richmond and the Acting President of the Borough of Brooklyn—16.

The Secretary presented the following communication from the Secretary, Borough of Manhattan, and report of the Principal Assistant Engineer, Department of Finance, relative to the issue of \$20,500 Corporate Stock for the completion of the electrical wiring system in the Criminal Courts Building, Borough of Manhattan:

CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF MANHATTAN,
CITY HALL, December 5, 1905.

JAMES W. STEVENSON, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—Request is herewith made to the Board of Estimate and Apportionment for an issue of Corporate Stock in the amount of twenty thousand five hundred dollars (\$20,500) for the completion of the electrical wiring system in the Criminal Courts Building, situated at the corner of Centre and Franklin streets.

Bids were tendered for the above mentioned work on December 4, 1905, and the lowest one received amounts to nineteen thousand three hundred dollars (\$19,300).

The inadequate and dangerous condition of the electrical wiring system of this building has been called to the attention of this office by the Department of Water Supply, Gas and Electricity, and, in order to ascertain just what work would be necessary to remedy this dangerous condition, an investigation was made by an Electrical Engineer, and as a result of his investigations specifications were prepared covering the work and materials necessary to install in the building an adequate, safe and modern electric wiring and lighting system.

The following is an itemized statement of the different amounts which are included in the total of \$20,500 asked for:

Amount of lowest bid received.....	\$19,300 00
Architect's fees, 5 per cent.....	965 00
Incidentals	235 00
	<u>\$20,500 00</u>

Yours respectfully,
BERNARD DOWNING,
Secretary, Borough of Manhattan.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
December 7, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Mr. Bernard Downing, Secretary to the President of the Borough of Manhattan, requests the Board of Estimate and Apportionment, to authorize an issue of Corporate Stock in the sum of \$20,500 for the completion of the electrical wiring system in the Criminal Courts Building, Borough of Manhattan.

I would report that the President of the Borough of Manhattan on December 4, 1905, received and opened the following bids for this work:

Lord Electrical Company.....	\$35,885 00
Reis & O'Donovan.....	25,400 00
Peet, McAnnerney & Powers.....	20,760 00
Commercial Construction Company.....	19,300 00
W. M. Sheehan & Co.....	28,848 00

As stated in the request, it will require about \$20,500 to carry out this work, itemized as follows:

Amount of lowest bid.....	\$19,300 00
Architect's fees, 5 per cent.....	965 00
Incidentals	235 00
	<u>\$20,500 00</u>

The work proposed consists of taking out all the old wiring and some of the ducts, putting in new ducts where necessary, and complete new wiring throughout the building; lighting fixtures to be rewired and refinished.

I concur with the President that the electrical wiring system of this building is inadequate and in a dangerous condition, and an adequate, safe and modern system should be installed, but from an examination of the specifications, it is my opinion that all of the work cannot rightly be done with money obtained by the issue of Corporate Stock. I estimate the permanent improvements at \$10,500, and the repair work at \$10,000.

The work being necessary, I think the Board of Estimate and Apportionment may properly authorize the Comptroller, pursuant to section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, to issue Corporate Stock to the amount of \$10,500, to provide means for the completion of the electrical wiring system in the Criminal Courts Building. The remaining \$10,000 for repairs to be

provided for by the issue of Special Revenue Bonds, pursuant to subdivision 8 of section 188 of the amended Greater New York Charter.

Respectfully,

CHANDLER WITHINGTON, Principal Assistant Engineer.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding ten thousand five hundred dollars (\$10,500), for the purpose of permanently bettering and equipping the Criminal Courts Building, Borough of Manhattan, by the completion of the electrical wiring system in said building, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding ten thousand five hundred dollars (\$10,500), the proceeds whereof to be applied to the purposes aforesaid.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens, Richmond and the Acting President of the Borough of Brooklyn—16.

The Secretary presented the following communication from the Commissioner of Street Cleaning and report of the Principal Assistant Engineer of the Department of Finance, relative to the contract for the removal of snow and ice from the Borough of Brooklyn:

DEPARTMENT OF STREET CLEANING,
NEW YORK, December 6, 1905.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman Board of Estimate and Apportionment:

SIR—As advertised according to law, bids were again opened on Wednesday, December 6, 1905, at noon, for the contract for the removal of snow and ice of the Borough of Brooklyn, for the winter season of 1905-1906, as follows:

	Per Cubic Yard.
Newman Construction Company.....	\$0 22
Donlon Contracting Company.....	26
William Bradley	<u>21½</u>

I have selected the bid of the lowest bidder, William Bradley, at 21½ cents per cubic yard, and I herewith transmit the said bid to your Board for its consent to the award of the contract on the said bid.

I inclose also a copy of said bid for the files of your Board.

Respectfully,

JOHN MCG. WOODBURY, Commissioner.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
December 11, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Hon. John McGaw Woodbury, Commissioner, Department of Street Cleaning, in communication under date of December 6, 1905, requests the Board of Estimate and Apportionment, to approve of the award of the contract to William Bradley for the removal of snow and ice from the Borough of Brooklyn, for the winter season of 1905-1906.

I would report that in accordance with the advertisement in the CITY RECORD bids for this work were opened on December 6, 1905, as follows:

	Per Cubic Yard.
Newman Construction Company.....	\$0 22
Donlon Contracting Company.....	26
William Bradley	<u>21½</u>

William Bradley, having submitted the lowest bid, 21½ cents per cubic yard, I think the Board of Estimate, pursuant to section 544 of the Greater New York Charter, may properly approve, as requested by the Street Cleaning Commissioner, the award of the contract to William Bradley for the removal of snow and ice in the Borough of Brooklyn, for the winter season of 1905-1906.

Respectfully,

CHANDLER WITHINGTON, Principal Assistant Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the award by the Commissioner of the Department of Street Cleaning of the contract for the removal of snow and ice from the Borough of Brooklyn for the winter season of 1905-1906, to William Bradley, at his bid of twenty-one and one-half cents (\$0.21½) per cubic yard.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens, Richmond and the Acting President of the Borough of Brooklyn—16.

The Secretary presented the following report of the Appraiser of Real Estate, Department of Finance, relative to a release of the City's interest in a strip of land on Houston street, Goerck street and Third street, Manhattan:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
December 13, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Frederick Rheinfrank and John Rheinfrank, Jr., as executors and trustees of the trusts created under the last will and testament of John Rheinfrank, deceased, and Frederick Wagner, Henry C. Genzenmuller and William Genzenmuller, as executors and trustees of the trusts created under the last will and testament of Henry Genzenmuller, deceased, respectfully petition the Commissioners of the Sinking Fund for a release of the City's interests in a strip of land situate, lying and being in the Borough of Manhattan, City of New York, bounded and described as follows:

All that certain plot, piece or parcel of land, with the buildings and improvements thereon erected, situate, lying and being in the Eleventh Ward of said borough;

Beginning at the corner formed by the intersection of the northerly side of Houston street with the easterly side of Goerck street (as the same has been opened, built, erected, regulated, graded, paved, guttered, flagged and now exists as a street fifty feet in width), and running thence easterly along the northerly side of Houston street 10 feet; thence northerly and parallel with the easterly side of said Goerck street 179 feet 9½ inches to the southerly side of Third street; thence westerly along said southerly side of Third street 10 feet 1 inch to the corner formed by the intersection of the southerly side of said Third street with the easterly side of said Goerck street; thence southerly along the easterly side of said Goerck street 181 feet 1 inch to the point or place of beginning, be the said several distances and dimensions a little more or less.

The premises desired to be released are more clearly shown marked in blue lines on a survey annexed to the petition and marked "Exhibit C."

The petition further states as the reason why the petitioners desire a release is that John Rheinfrank and Henry Genzenmuller were in their lifetimes the owners in fee simple of property bounded and described as follows, and which is also shown on said map, marked "Exhibit C," and which description included the parcel in which they desire the City to release its interest, said description reading as follows:

"Beginning at the corner formed by the intersection of the northerly side of Houston street with the easterly side of Goerck street, and running thence easterly along said northerly side of Houston street 60 feet; thence northerly and parallel

with Goerck street 81 feet; thence westerly and parallel with Houston street 15 feet; thence northerly and again parallel with Goerck street 94 feet 3 3/4 inches to the southerly side of Third street; thence westerly along the southerly side of Third street 45 feet 4 1/2 inches to the corner formed by the intersection of the southerly side of Third street with the easterly side of Goerck street; thence southerly along the easterly side of Goerck street 181 feet 1 inch to the point or place of beginning, be the said several distances and dimensions a little more or less,"—and that the petitioners derived their title partly through a grant of land under water filed or recorded in Book E of Water Grants, page 389, in the office of the Comptroller of The City of New York; that the said grant runs from the Mayor, Aldermen and Commonalty of The City of New York to Adam and Noah Brown, and is dated November 16, 1807.

On examination of the Water Grants in relation to the above matter I find that the City did grant to Adam and Noah Brown certain property in the present Goerck street, and that such grant in one part contains an exception of so much land under water as will be necessary for Goerck street, the width of which is intended to be 60 feet. In another part the grantees were required to build, erect and finish one good, sufficient and firm wharf or street of 50 feet in width. That in regard to the grant to Thomas Smith of property in the present Goerck street there is a reservation that the grantee shall, if required, build one good, sufficient and firm wharf or street of the breadth of 60 feet through the premises. The records of the land map of the County of New York show that Goerck street was originally built 50 feet in width and has always been that width, and has been repeatedly paved and repaved and the gutters and sidewalks repeatedly repaired, but that no change in the width thereof has ever been made.

The matter was referred to the Corporation Counsel in a report made by this Bureau under date of June 30, 1905, for his opinion as to the exact status of the situation, and further as to whether the interest of the City is material or nominal and a mere cloud upon the title of a private owner, and recommending that after the Corporation Counsel has certified as to the interests of the City that the Board of Estimate and Apportionment, in accordance with section 442 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1903, should adopt a resolution stating that it is not the intention to change the map or plan of The City of New York to increase the width of Goerck street, between East Houston and East Third street, from 50 feet to a 60-foot street.

Hon. John J. Delany, Corporation Counsel, in answer thereto, in an opinion under date of November 24, 1905, states, after reciting all the facts of the situation: "Taking all the facts into consideration I am of the opinion that the interests of The City of New York in and to this piece of land 10 feet wide on Houston street and 10 feet 1 inch on East Third street, fronting on Goerck street, as shown upon a map attached to the petition, is not material, and constitutes a cloud upon the title of a private owner," and concludes: "I deem it advisable that the Board of Estimate and Apportionment, in accordance with section 442 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1903, should adopt a resolution stating it is not the intention to change the map or plan of the City to increase the width of Goerck street, between East Houston and East Third streets, from a 50-foot street to a 60-foot street."

I would therefore respectfully recommend that the Board of Estimate and Apportionment adopt a resolution stating that it is not the intention to change the map or plan of The City of New York to increase the width of Goerck street, between East Houston and East Third streets, in the Borough of Manhattan, from a 50-foot street to a 60-foot street, the statements contained in two certain Water Grants on file in the office of the Bureau of Real Estate, Department of Finance, in Liber E, pages 389 and 481, to the contrary notwithstanding.

I would further recommend that after the above action is taken by the Board of Estimate and Apportionment that a certified copy of the resolution be transmitted to the Commissioners of the Sinking Fund for such action as they may deem necessary and proper in the premises to remove the cloud upon the title of the petitioners' property as stated in the petition.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate in Charge of Bureau.

Approved:

EDWARD M. GROUT, Comptroller.

The following was offered:

Whereas, A petition having been presented to the Commissioners of the Sinking Fund requesting a release of the interest of The City of New York in and to a parcel of land 10 feet wide on Houston street and 10 feet 1 inch on East Third street, fronting on Goerck street; and

Whereas, The Corporation Counsel having certified that whatever interest The City of New York may have in said parcel of land is nominal and a mere cloud upon the title of a private owner adjoining; and

Whereas, A report having been made to the Comptroller recommending the adoption of a resolution that it is not the intention of The City of New York to widen Goerck street by making it a 60-foot street; therefore be it

Resolved, That the Board of Estimate and Apportionment hereby states that it is not the intention to change the map or plan of The City of New York by increasing the width of Goerck street, between East Houston and East Third streets, in the Borough of Manhattan, from a 50-foot street to a 60-foot street, the statements contained in certain Water Grants on file in the office of the Bureau of Real Estate, Department of Finance, in Liber E, pages 389 and 481, to the contrary notwithstanding; and be it further

Resolved, That a certified copy of this resolution be transmitted to the Commissioners of the Sinking Fund for such action as they may deem necessary and proper in the premises.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens and Richmond and the Acting President of the Borough of Brooklyn—16.

The Secretary presented the following communication from the President, Board of Trustees, Bellevue and Allied Hospitals, and report of the Appraiser of Real Estate, Department of Finance, relative to the acquisition of property located on East Twenty-sixth street, Manhattan, as a site for a home for Nurses of the Bellevue Training School:

BELLEVUE AND ALLIED HOSPITALS,
OFFICE OF THE BOARD OF TRUSTEES,
BELLEVUE HOSPITAL, FOOT EAST TWENTY-SIXTH STREET,
NEW YORK, November 20, 1905.

Hon. EDWARD M. GROUT, Member of the Board of Estimate and Apportionment, No. 280 Broadway, New York City:

SIR—The Trustees of Bellevue and Allied Hospitals have the honor to request that the Board of Estimate and Apportionment acquire by private purchase or by condemnation proceedings the following tract of land on the south side of Twenty-sixth street, between First avenue and East river, for the erection of a building thereon for a home for the Nurses of the Bellevue Training School. The land is the property of General George Moore Smith, and is bounded on the west by a line beginning at a point on Twenty-sixth street 435 feet east of First avenue and running thence southerly 98.9 feet; thence easterly parallel to Twenty-sixth street 15 feet; thence southerly to Twenty-fifth street. On the east the land extends to a point 713 feet east of First avenue, where it is bounded by property already owned by the City and including the water front.

We are informed that in the original grant by the City of the property now owned by General Smith it is provided that so much of the tract as may be needed at any time for the continuation of Avenue A to Twenty-sixth street may be taken by the City without payment. In the whole tract that we wish to acquire there are about

twenty-two lots, of which eight would be taken for the purpose of extending Avenue A to Twenty-sixth street, leaving fourteen lots to be purchased by the City. It is proposed to construct a building upon these fourteen lots to cost about \$400,000, and we have the honor to request that an issue of Corporate Stock to the amount of \$20,000 be authorized for architect's fees in order that we may proceed with the preparation of plans. We also respectfully request that additional Corporate Stock be authorized for the purchase of the land. Should it be impossible to obtain the land by private purchase we beg to request that condemnation proceedings be instituted.

The Bellevue Training School is about to be taken over by the City and, as stated in my letter to you under date of March 13, 1905, it is proposed to utilize the building to be erected not only for the purpose of training Pupil Nurses for Bellevue Hospital, but also for providing Nurses for the hospitals of the Health Department, which at present is obliged to employ Graduate Nurses at a salary of \$40 per month. This will effect a saving to the City of from \$30,000 to \$40,000 a year, thus more than meeting the interest on the money expended for land and building.

I beg to hand you herewith maps and diagrams showing the exact location of the ground in question.

Respectfully,

JOHN W. BRANNAN, President, Board of Trustees.

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
December 14, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Trustees of Bellevue and Allied Hospitals, in a communication under date of November 20, 1905, request the approval of the Board of Estimate and Apportionment for the acquisition, by private purchase or by condemnation proceedings, of a tract of land on the south side of Twenty-sixth street, between First avenue and the East river, for the erection of a building thereon as a home for the Nurses of the Bellevue Training School.

The land is the property of General George Moore Smith, and is bounded on the west by a line beginning at a point on Twenty-sixth street 435 feet east of First avenue, running thence southerly 98 feet 9 inches to the centre line of the block; thence easterly parallel with Twenty-sixth street 15 feet; thence southerly to the northerly side of Twenty-fifth street, and extends in an easterly direction to what would be Avenue A if opened between Twenty-fifth and Twenty-sixth streets.

First avenue, between Twenty-fifth and Twenty-sixth streets, has never been opened, and was included, mentioned and described in a grant of land to one Julius Candee and others, and which was conveyed by The City of New York on June 29, 1868, for a consideration of \$987.50. Under this deed the City reserved so much of the plot as might at any time be needed for streets, and the grantees obligated themselves when required by the proper City authorities to fill in, regulate and grade the land for such street purposes, to pave the new streets, to put down sidewalks and forever maintain the same. The language of the deed regarding this reservation is as follows:

"Saving and reserving out of the hereby granted premises, so much thereof as may form part of any street or streets, avenue or avenues, road or roads, bridge or bridges, that may now or hereafter be assigned, designated or laid out through said premises, according to law, for the use and purposes of public streets, avenues and highways as hereinafter mentioned, or which are now in use as such, together with all and singular the tenements, hereditaments and appurtenances thereunto belonging or in any wise appertaining. And also all the estate, right, title and interest, property, possession, claim and demand whatsoever, as well in law as in equity, of the said parties of the first part, of, in and to the above-described premises and every part thereof, with the appurtenances. To have and to hold all and singular the above-mentioned and described premises with the appurtenances, unto the said parties of the second part, their heirs and assigns forever. And the said parties of the second part for themselves, their heirs and assigns, do hereby covenant and agree to and with the said parties of the first part, their successors and assigns, that the said parties of the second part, their heirs and assigns, shall and will within three months next after they shall be thereunto required by the said parties of the first part, or the Common Council of The City of New York, or their successors, at their proper costs and charges, build, erect, make and finish, or cause to be built, erected, made and finished, according to any resolution or ordinance of the said parties of the first part, the said Common Council, or their successors, already passed or adopted, or that may hereafter be passed or adopted, good and sufficient bulkheads, wharves, streets or avenues, which shall form so much and such parts of any street or streets, avenue or avenues, that may now or hereafter be designated or laid out through said premises, according to law, as fall within the limits of the premises first above described, and are reserved as aforesaid from out therefrom for public streets, and will fill in the same with good and sufficient earth and regulate and pave the same and lay the sidewalks thereof.

"And also that the said parties of the second part, their heirs and assigns, shall and will, from time to time and at all times forever hereafter, at their own proper costs, charges and expenses, uphold and keep in good order and repair all those parts of such streets, avenues and sidewalks as may now or hereafter be designated or laid out through said premises according to law, which the said parties of the second part have covenanted and agreed to make, erect and build as aforesaid, and will at all times hereafter obey, fulfill and observe such ordinances, resolutions, orders and directions as the said parties of the first part, or the said Common Council and their successors shall, from time to time, pass or make relative thereto.

"And also that the said streets or avenues shall forever thereafter continue to be and remain public streets or avenues and highways for the free and common use and passage of the inhabitants of said City of New York, and all others passing and repassing by, through and along the same, in like manner, as the other public streets, avenues, bulkheads and wharves of said City now are or lawfully ought to be.

"And in case default shall be made by the said parties of the second part, their heirs and assigns, in building, erecting, making and finishing the said bulkheads, wharves, streets or avenues by them covenanted herein to be built, erected, made and finished, and in filling in the same or any part thereof, or in complying with any ordinance, resolution or order of the said parties of the first part, the said Common Council or their successors when required, then and in that case it shall and may be lawful for the said parties of the first part or their successors, to build, erect, make or finish, or cause to be built, erected, made or finished, the bulkheads, wharves, streets and avenues aforesaid, and to fill in the same and to regulate and pave the same and to lay the sidewalks thereof, for and on account of, and at the proper costs and charges of the said parties of the second part, their heirs and assigns, and to charge and recover in an action at law from the said parties of the second part, their heirs and assigns, the amount thereof, together with the interest thereon, and all the costs and charges of the proceedings relative to the same, or to sell and dispose of the whole of the said hereby granted premises, or any part thereof at public auction for the most that can be obtained for the same. And in case of any deficiency to charge with and recover from the said parties of the second part, their heirs and assigns, the amount of such deficiency, or to adopt and pursue any legal right or remedy that the said parties of the first part, or their successors, now possess or enjoy under and by virtue of any act of the Legislature of the State of New York, or that may hereafter be granted unto the said parties of the first part, or their successors, by the Legislature of the State of New York, or to enter into and upon the whole or any part of the hereby granted premises and to grant the same and the right of making such bulkheads, wharves, streets and avenues, and the right of receiving the wharfage crange fees and profits arising to and from the same to any person or persons, their heirs or assigns forever."

The map accompanying this deed, which is attached to the deed records in this office, Liber 1, page 458, shows that all the land required for the opening of Avenue A, between East Twenty-fifth and East Twenty-sixth streets, was included in this conveyance. The City of New York afterwards, on January 3, 1893, for a consideration of \$70,000, repurchased the part of this plot lying between the easterly side of Avenue A and the present bulkhead-line, a total of 5 1/2 lots, with all wharfage and water rights. This property is now under lease to Candee & Smith.

As will be seen by the extracts from the deed quoted above, the City practically, through its Department of Highways, controls the strip 100 feet wide, needed for the extension of Avenue A, from East Twenty-fifth to East Twenty-sixth street. In 1903 this strip, with the brick stable, frame lime sheds and small brick office building thereon, was assessed at \$55,000, being \$50,000 for the land and \$5,000 for the buildings, but upon the request of General Smith, as I am informed, this total assessment was re-

duced to \$10,000, and it has been allowed to remain at that figure since. Deducting this 100-foot strip, there remains of the parcel controlled by General Smith a plot fronting 163 feet on East Twenty-fifth street and 178 feet on East Twenty-sixth street, a total of 13.47 full city lots 25 by 100 feet each.

General Smith purchased at auction in April, 1899, the westerly 50 feet of this plot in East Twenty-fifth street and the westerly 65 feet in East Twenty-sixth street for a total of \$29,400, or at the rate of \$5,250 a lot.

The plan proposed for the Training School, as I am informed by Dr. John W. Brannan, President of the Board of Trustees of Bellevue and Allied Hospitals, is as follows:

The Bellevue Training School for Female Nurses, a private corporation, now owns a plot, 60 by 98 feet 9 inches, on the south side of East Twenty-sixth street, adjoining the Smith plot, with the building thereon, and a vacant plot, 125 by 98 feet 9 inches, in the rear of this on East Twenty-fifth street, purchased a year ago. The school has been furnishing to the City an average of about one hundred nurses a year. It gives the use of its property, together with two leased buildings adjoining in East Twenty-sixth street, on a plot 100 by 98 feet 9 inches, and in addition contributes from \$5,000 to \$6,000 a year, the income of an endowment fund, to the maintenance of the school. The other expenses, averaging from \$35,000 to \$40,000 a year, are paid by the City.

It is now proposed that the City shall buy the Smith plot mentioned above and erect thereon a new building for the training school, at an estimated cost of from \$250,000 to \$300,000. When this building is completed the training school people will sell their present properties in both East Twenty-fifth and East Twenty-sixth streets, the proceeds to go into an endowment fund, and the annual income therefrom, in addition to that already paid by the school, is to be paid toward the maintenance of the new training school, the remainder to be paid by the City.

Dr. Brannan informs me that when this plan is carried out, the Board of Trustees of the Training School will be appointed by the Mayor from a list of ladies to be furnished by the present management of that institution, and that the City Comptroller, the President of the Health Department and the President of the Board of Trustees of Bellevue and Allied Hospitals will also be ex-officio members.

He also informs me that the new training school will be able to turn out two hundred graduate nurses a year, or double the present capacity. This will furnish all the nurses required for the new Bellevue Hospital, and the school will also probably be able to furnish nurses when required to several of the other hospitals. He also informs me that it is estimated that the carrying out of this plan will result in a saving to the City of about \$40,000 a year through the ability of the school to furnish to the Department of Health pupil nurses, who receive \$8 a month and maintenance, instead of, as at present, graduate nurses, at from \$30 to \$50 a month.

When I first reported on this matter I was of the opinion that it would be impossible for the City to agree with the owner of the property as to the value, for the simple reason that the price named by the owner was in excess of its fair market value, and I made the proposition to take advantage of the terms of the City grant and open First avenue, from Twenty-fourth to Twenty-sixth street. I found, however, after investigation, that by doing this the City would injure rather than benefit itself, for the reason that it would make a public street through City property from Twenty-fourth to Twenty-fifth street, now used by the Department of Public Works, and would send traffic through Twenty-sixth street, along the side of Bellevue and Allied Hospitals, which, with the incessant noise of traffic, would be detrimental rather than beneficial, and if the City, after opening the street, should, at any time, attempt to close the same to abate a nuisance, the property within the lines of the street would, in my opinion, again revert to General Smith.

The City acquired four lots on Twenty-fifth street for a municipal lodging house, paying therefor the sum of \$41,500, or at the rate of \$10,375 a lot, and there were four lots acquired on the north side of Twenty-fifth street, adjoining the property of General Smith, for a Nurses' home, some time prior to the acquisition of the municipal lodging house site, for the sum of \$40,000 for the 100-foot frontage, or at the rate of \$10,000 a lot.

General Smith has now agreed to dispose of his entire holdings, including the 100 feet which would be Avenue A if opened, being 278 feet on East Twenty-sixth street and 265 feet on East Twenty-fifth street, for the sum of \$244,000, that is to say, there are 11 3-25 lots on East Twenty-sixth street and 10 13-25 lots on East Twenty-fifth street, making a total of 21 16-25 lots, having a depth of 98 feet 9 inches. Basing the value of this property on that which was paid by the City for the municipal lodging house, the 21 16-25 lots would, with plottage, amount to more than the price asked by General Smith.

Dr. Brannan, who was in consultation with Mr. Truax, Mr. Smith and myself, desires to obtain possession of this property as soon as convenient, in order to go on with the work. I am therefore of the opinion that the best interests of the City will be served by paying General Smith the sum of \$244,000 for the property in question, and I so recommend.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate in Charge of Bureau.

Approved:

EDWARD M. GROUT, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the action of the President of Bellevue and Allied Hospitals in the selection of a site for the erection thereon of a building as a home for the Nurses of the Bellevue Training School located in the Borough of Manhattan, bounded and described as follows:

Beginning at a point on the southerly side of East Twenty-sixth street distant 435 feet easterly from the southeasterly corner of East Twenty-sixth street and First avenue, and running thence southerly and parallel with First avenue 98 feet 9 inches to the centre line of the block between East Twenty-fifth and East Twenty-sixth streets; thence easterly along the centre line of said block 15 feet; thence again southerly and parallel with First avenue 98 feet 9 inches to the northerly side of East Twenty-fifth street; thence easterly along the northerly side of East Twenty-fifth street 263 feet to the land of The City of New York; thence northerly along said land of The City of New York 197 feet 6 inches to the southerly side of East Twenty-sixth street; thence westerly along the southerly side of East Twenty-sixth street 278 feet, more or less, to the point or place of beginning, together with all the right, title and interest of the owner of said premises of, in and to the streets in front thereof to the centre thereof;

—and the Comptroller be and he hereby is authorized to enter into a contract for the acquisition of the same at private sale at a price not exceeding two hundred and forty-four thousand dollars (\$244,000), said contract to be submitted to the Corporation Counsel for his approval as to form.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens, Richmond and the Acting President of the Borough of Brooklyn—16.

The Secretary presented a report of the Principal Assistant Engineer, Department of Finance, in the matter of the proposed new bridge over the right of way of the New York Central and Hudson River Railroad Company at Mott avenue, Borough of The Bronx.

Referred to the railroad company for consideration.

The Secretary presented the following requisition of the Board of Rapid Transit Railroad Commissioners relative to an appropriation of \$40,000:

To the Board of Estimate and Apportionment:

Requisition is hereby made upon you, pursuant to the provisions of section 10 of chapter 4 of the Laws of 1891, as amended, by the Board of Rapid Transit Railroad Commissioners for the sum of forty thousand dollars (\$40,000), which is requisite

and necessary to enable the said Board properly to do and perform or to cause to be done and performed the duties prescribed by the said statute, as amended.

Appended hereto is a copy of the resolution of the Board of Rapid Transit Railroad Commissioners authorizing the signing of this requisition and showing the purposes to which it is intended to apply the appropriation for which requisition is now made.

In witness whereof the Board of Rapid Transit Railroad Commissioners has caused this requisition to be subscribed by its President and Secretary, and its official seal to be affixed this 14th day of December, 1905.

A. E. ORR, President.

BION L. BURROWS, Secretary.

Resolution adopted by the Board of Rapid Transit Railroad Commissioners on the 14th day of December, 1905:

Resolved, That the officers of this Board be and they hereby are authorized to make requisition on the Board of Estimate and Apportionment for the sum of forty thousand dollars (\$40,000), which is necessary to cover the requirements of the Rapid Transit Board for expenditures to the 31st of December, 1905.

I hereby certify that the above is a true copy of resolution adopted by the Board of Rapid Transit Railroad Commissioners on the 14th day of December, 1905.

BION L. BURROWS, Secretary.

THE BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS,
CHIEF ENGINEER'S OFFICE, NO. 320 BROADWAY,
NEW YORK, December 13, 1905.

BION L. BURROWS, Esq., Secretary, Rapid Transit Board:

DEAR SIR—On December 29 of last year I submitted to the Board a schedule showing the amount of money required to cover the expenditures of the Engineering Department during the year 1905; the total amount being estimated at \$450,500, of which the sum of \$390,000 was an estimate for salaries to be paid the Engineering Staff.

Permit me to call your attention to the fact that the said sum of \$390,000 was in itself \$60,000 lower than the estimate for 1904, and was lowered thus to cover what I then considered an amount sufficient for the needs of the ensuing year.

During the past year it was necessary, however, to add very materially to the engineering force on account of the additional work required in making surveys of the new Rapid Transit lines; and the original estimate has been found to be inadequate.

I would therefore recommend that a requisition be drawn upon the Board of Estimate and Apportionment for an additional sum of \$40,000 which is necessary to cover the requirements of this Department to the end of the year.

Very truly yours,
(Signed) GEORGE S. RICE, Chief Engineer.

The following resolutions were offered:

Resolved, That pursuant to the provisions of section 10 of chapter 4 of the Laws of 1891, as amended, the sum of forty thousand dollars (\$40,000) be and hereby is provided for the purpose of covering the requirements of the Board of Rapid Transit Railroad Commissioners for the balance of the year 1905, contained in the requisition of said Commissioners, dated December 14, 1905, and that the unexpended balance of any previous appropriation made by this Board upon the requisition of said Commissioners be applied to the same purpose; and

Resolved, That, for the purpose of providing for the payment of so much thereof as is in excess of said unexpended balance, the Comptroller be and hereby is authorized and directed to issue and sell Special Revenue Bonds of The City of New York to an amount not exceeding forty thousand dollars (\$40,000) redeemable from the tax levy of the year succeeding the year of their issue.

Which were adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens, Richmond and the Acting President of the Borough of Brooklyn—16.

The Secretary presented the following opinion of the Corporation Counsel relative to the legality of the payment of \$263,819.30 in favor of John Peirce, as a partial payment on Contract No. 2 for the completion of the new Hall of Records, and as to the authority to reduce the bond of said contractor from \$500,000 to \$100,000:

LAW DEPARTMENT—OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, December 11, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—I am in receipt of a communication from your Deputy, under date of November 15, 1905, inclosing copy of a report of the Engineer, Department of Finance, under date of October 31, 1905, and certified copy of a resolution adopted by the Board of Estimate and Apportionment at a meeting held November 10, 1905, authorizing the President of the Borough of Manhattan to prepare a voucher to the amount of \$263,819.30 in favor of John Peirce, as a partial payment on Contract No. 2 for the completion of the new Hall of Records, and authorizing the Comptroller to reduce the bond of said John Peirce from \$500,000 to \$100,000; and requesting me to advise you if such payment can legally be made, and if you have the authority to reduce the said bond as directed by the resolution.

The contract in question is not before me, but I assume that the moneys which Mr. Peirce now seeks to obtain are retained under what is called the retention clause of the contract. If that clause is the same as the one which is generally incorporated in all City contracts, a certain percentage of the cost of the work must be retained until its completion. That means, as I understand it, completion of the entire work and not a part of it.

It is undoubtedly a rule of law that a Board which is authorized to make a contract has the power to modify or change it, unless expressly prohibited from doing so. The statute which authorized the work in question (Laws of 1897, chapter 59, section 16) provides that:

"Each bidder to whom a contract is awarded * * * must give security for the faithful performance of his contract, in such sum as shall be prescribed by the said board of estimate and apportionment, and in the manner prescribed by the ordinances of the common council of said city, applicable to similar work, and the adequacy and sufficiency of the securities shall, in addition to this justification and acknowledgment, be approved by the comptroller."

Presumably, the Board of Estimate and Apportionment prescribed the amount of the security. Has it the power to change it? The statute provides in section 15 thereof that:

"The said board of estimate and apportionment are hereby authorized and empowered by the concurrent action of all the members thereof, and with the consent in writing, of the contractor and his sureties, to alter the plan of said building, and the terms and specifications of any contract entered into by authority of this act; provided that such alteration shall in no case involve or require an increased expense greater than five per centum of the whole expenditure provided for in said contract."

This authority is ample, it seems to me, to enable the Board to alter the terms and specifications by providing that a smaller percentage of security be retained, instead of that required by the terms of the contract.

Furthermore, I know of no reason why the City should not waive a provision of this character intended for its benefit as has been done in many cases under the advice of this Department.

Similarly, I think the amount of the bond, for good reasons shown, may be reduced. This can only be done by the concurrent action of all the members of the Board of Estimate and Apportionment, and with the consent, in writing, of the contractor and his sureties.

Respectfully yours,
JOHN J. DELANY, Corporation Counsel.

The following was offered:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment November 10, 1905, which reads as follows:

"Resolved, That the report of Horgan & Slattery, architects, addressed to the President of the Borough of Manhattan under date of October 30, 1905, which gives in full detail the work to be performed to complete Contract No. 4095 of John Peirce, known as Contract No. 2, for the completion of the new Hall of Records building, and also the report of the Engineer of the Department of Finance, dated October 31, 1905, in the matter of the contracts in the Hall of Records building be spread upon the minutes of the Board of Estimate and Apportionment; and be it further

"Resolved, That the President of the Borough of Manhattan is hereby authorized and directed to prepare a voucher to the amount of \$263,819.30 in favor of John Peirce as a partial payment on account of his contract, known as Contract No. 2, for the completion of the new Hall of Records building; and be it further

"Resolved, That the Comptroller is hereby authorized and directed to reduce the bond of John Peirce on said mentioned contracts from \$500,000 to \$100,000; and be it further

"Resolved, That the President of the Borough of Manhattan is hereby authorized and directed to appoint a Custodian and Engineering Corps to take care of the building and keep up steam and look after the steam and electrical appliances."

The Secretary presented a report of the Auditor of Accounts, Investigations Division, Department of Finance, relative to an appropriation of \$5,000 for carrying out provisions of the law requiring the Bertillon measurements of persons committed to the Workhouse, Blackwell's Island.

Laid over.

The Secretary presented a resolution of the Board of Aldermen requesting the issue of \$120,000 Special Revenue Bonds to meet the deficiency in the accounts of the Department of Public Charities, entitled Salaries, Supplies and Contingencies and Donations to Grand Army Veterans.

Referred to the Comptroller.

The Secretary presented the following resolution of the Board of Aldermen and report of the Auditor of Accounts, Investigations Division, Department of Finance, relative to an appropriation of \$6,000 to meet the deficiency in the expense account of the Brooklyn Disciplinary Training School for 1905, entitled Salaries and Supplies:

In the Board of Aldermen.

OFFICE OF THE BROOKLYN DISCIPLINARY TRAINING SCHOOL FOR BOYS,
EIGHTEENTH AVENUE, BETWEEN FIFTY-SIXTH AND FIFTY-EIGHTH STREETS,
BROOKLYN, November 13, 1905.

To the Honorable Board of Aldermen of The City of New York:

GENTLEMEN—The inclosed statement and request for the sum of \$6,000 was presented to the Board of Estimate and Apportionment at a meeting in September last, which was accepted and referred to the Department of Finance, who verbally informed us there were no available funds to meet this necessary demand, and requested that the same be presented to your Honorable Board for action; hence we respectfully and urgently request that, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, to have the sum of \$6,000 added to the appropriation of this institution for the year 1905, and to authorize the Comptroller to issue Special Revenue Bonds to the amount of \$6,000, the proceeds whereof shall be applied to meet the deficiency in the expense account of the Brooklyn Disciplinary Training School for Boys for the balance of the year 1905.

Very respectfully,

EPHRAIM BYK, Chairman of Finance Committee.

OFFICE OF THE BROOKLYN DISCIPLINARY TRAINING SCHOOL FOR BOYS,
EIGHTEENTH AVENUE, BETWEEN FIFTY-SIXTH AND FIFTY-EIGHTH STREETS,
BROOKLYN, September 9, 1905.

To the Hon. GEORGE B. MCCLELLAN, Chairman of Board of Estimate and Apportionment, City Hall, New York City:

SIR—We respectfully submit the following resolution referring to the necessity of applying to the Honorable Board of Estimate and Apportionment for the sum of \$6,000, in addition to the sum of \$48,000 allowed for the year 1905, or a sum amounting to \$1,600 in excess of the amount allowed for the year 1904, \$52,400:

Whereas, The Special Finance Committee appointed at the last meeting of the Board of Management of this institution, having carefully investigated the expenditures submitted by the Superintendent, finds that the sum left to our credit in the Finance Department is inadequate to discharge the financial obligations of this institution up to January 1, 1906;

Resolved, That the Finance Committee of the Board of Management present the inclosed detailed statement of expenditures for the first six months of the present year at the first meeting of the Board of Estimate and Apportionment, and respectfully impress his Honor the Mayor and the gentlemen of the Board of Estimate and Apportionment with the importance of taking immediate action in granting us an

amount of not less than \$6,000 over the sum of \$48,000 appropriated for the support and maintenance of this institution during the year 1905.

This extra appropriation is made necessary by the large increase in the cost of supplies, a few of which are as follows: Bread, 40 per cent.; sugar, 20 per cent.; clothing material, 25 per cent., and many other items over 10 per cent., found in our competitive bids on our duly advertised proposals, over which we have no control.

We trust the foregoing facts will be accepted and supported by the accompanying financial statement, which explains conditions in detail, and that the Honorable Board of Estimate and Apportionment will furnish the necessary amount of \$6,000 herewith applied for to liquidate necessary expenditures for the balance of the year 1905.

Respectfully submitted,

EPHRAIM BYK, Chairman of Finance Committee.

(The statement herein referred to has already been published in the Departmental Estimates.)

Resolved, That, upon the annexed request of the Board of Management of the Brooklyn Disciplinary Training School, the Board of Estimate and Apportionment be and hereby is requested, in pursuance to subdivision 8 of section 188 of the Greater New York Charter, to authorize the Comptroller to issue Special Revenue Bonds to the amount of six thousand dollars (\$6,000), the proceeds whereof shall be applied to meet the deficiency in the following expense account of the Brooklyn Disciplinary Training School for the year 1905:

Salaries	\$1,850 00
Supplies	4,150 00
	<hr/>
	\$6,000 00

Adopted by the Board of Aldermen November 28, 1905, three-fourths of all the members elected voting in favor thereof.

Received from his Honor the Mayor, December 12, 1905, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

P. J. SCULLY, City Clerk.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
October 19, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—In the matter of the request of the Trustees of the Brooklyn Disciplinary Training School for Boys for an allowance, in addition to the Budget appropriation of \$48,000 for 1905, to provide for the cost of the institution in excess of said appropriation up to the end of the present year, I beg to report as follows:

Mr. Morris Adler, President of the Board of Trustees, states that about \$4,000 additional will be required to purchase the necessary food and other supplies and pay the salaries of the institution to December 31.

In response to a request from your Examiner for information, James P. Farrell has furnished statistics in regard to the cost of the institution for 1903, 1904 and for the nine months of 1905, together with detailed statements of the cost of subsistence and other supplies for the present year. These statements are attached to this report and marked Statements A and B.

According to the figures presented in Statement A the average number of inmates of the institution in 1903 was 241 plus, the total cost of salaries and maintenance was \$47,949.22, and the average per capita cost \$198.83.

The average number of inmates in 1904 was 275, the total cost of salaries and maintenance was \$52,399.06, and the average per capita cost for the year was \$190.31.

The average number of inmates for the first nine months of the present year has been 268 plus, and, according to the figures submitted, the cost of salaries and maintenance for said nine months has been \$40,500; the cost per capita for the year at an average number of inmates of 268, on the basis of cost for the first nine months, would be \$200.98, and the total expense approximately \$54,000 (as against an appropriation of \$48,000).

In view of the fact that the average cost of the institution for the last three months of the year, on the basis of the average cost for the first nine months of the year, would be considerably in excess of the transfer requested by President Adler, and that on the basis of \$195 per annum per capita cost (making the total estimated cost of the institution for the year approximately \$52,000) an allowance of \$4,000 would be necessary, I would therefore recommend that the appropriation for 1905, amounting to \$48,000, be increased by a transfer of \$4,000 from some unexpended balance.

Respectfully yours,

CHARLES S. HERVEY,

Auditor of Accounts, Investigations Division.

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution of the Board of Aldermen adopted December 12, 1905, and approved by the Mayor, December 18, 1905, in relation to the expenditure of three hundred and twenty-five thousand four hundred dollars (\$325,400) to provide for the maintenance and support of City Wards in private institutions now carried in the Budget under the heading of Charitable Institutions, and that for the purpose of providing means therefor the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York to the amount of three hundred and twenty-five thousand four hundred dollars (\$325,400), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens and Richmond and the Acting President of the Borough of Brooklyn—16.

The Secretary presented the following resolution transferring \$8,000 from the account Topographical Bureau—Salaries, for the President of the Borough of Queens to other appropriations made for the said President for the year 1905:

Resolved, That the sum of eight thousand dollars (\$8,000) be and the same is hereby transferred from the appropriation made to the President of the Borough of Queens for the year 1905, entitled Topographical Bureau—Salaries, the same being in excess of the amount required for the purposes thereof to the appropria-

tions made to said President of the Borough of Queens for the same year, entitled and as follows:

Bureau of Street Cleaning—Sweeping, Carting and Final Disposition of Material, including Cremation or Utilization	\$5,000 00
Bureau of Public Buildings and Offices—Supplies and Repairs (including Wages of Mechanics, Laborers, Cleaners, etc.)	3,000 00
	<hr/> \$8,000 00

—the amounts of said appropriations being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens and Richmond and the Acting President of the Borough of Brooklyn—16.

The President of the Borough of Queens presented a resolution relative to the acquisition of a garbage disposal plant at Rockaway Beach by purchase at private sale.

Referred to the Comptroller.

The Secretary presented a request from the Stenographer to the Board of Estimate and Apportionment, duly approved by the Secretary, requesting that his salary be fixed at the rate of \$3,000 per annum.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of the position of Stenographer to the Board of Estimate and Apportionment be fixed at the rate of three thousand dollars (\$3,000) per annum.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens and Richmond and the Acting President of the Borough of Brooklyn—16.

The Secretary presented the following resolution fixing the salary of Frank H. Sigerson, Stenographer to the Board of Estimate and Apportionment, at the rate of \$3,000 per annum, etc.:

Resolved, That the Board of Estimate and Apportionment hereby fixes the salary of Frank H. Sigerson, Stenographer to the Board of Estimate and Apportionment, at the rate of three thousand dollars (\$3,000) per annum, upon the certification by the City Clerk that favorable action has been taken on the resolution fixing the salary of said position at three thousand dollars (\$3,000) per annum, and that the matter has been duly considered by the Mayor.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens and Richmond and the Acting President of the Borough of Brooklyn—16.

The Board adjourned to meet Wednesday, December 20, 1905, at 10.30 o'clock a. m.

J. W. STEVENSON, Secretary.

SPECIAL NOTICE TO APPLICANTS.

The Civil Service Commission desires to warn you against all persons who offer to sell, in advance of the examinations, the questions that you will be expected to answer; and also against all individuals or so-called "schools" that would have you think they possess advantages by the use of which you will be enabled to pass a successful examination and secure appointment. If you pay any money for these purposes, other than the nominal charge for legitimate Civil Service School tuition, a fraud will be imposed upon you, and you will not only lose your money but be guilty of a misdemeanor. (Section 56, Penal Code.)

Your own merit and ability will determine your position as a result of the examination.

A reward of \$100 will be paid to any person who will furnish the Civil Service Commission with information and evidence that will secure the conviction of any person attempting to defraud applicants, and such information will be considered confidential.

Questions used in previous examinations may be seen upon application at the Examining Department, second floor, No. 61 Elm street, New York City.

DEPARTMENT OF FINANCE.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction on

FRIDAY, FEBRUARY 9, 1906,

at 11 a. m., on the premises, the buildings and appurtenances thereto belonging erected upon real estate acquired for school purposes, belonging to The City of New York, all the right, title and interest of The City of New York in and to the buildings thereunto belonging acquired for the Board of Education in the

Borough of Brooklyn.

and described as follows:

Beginning at a point on the westerly line of Sackman street distant 100 feet southerly from the southerly line of Belmont avenue, and running thence southerly along the westerly line of Sackman street 150 feet; thence westerly and parallel with Belmont avenue 200 feet to the easterly line of Christopher street; thence northerly along the easterly line of Christopher street 150 feet; thence easterly and again parallel with Belmont avenue 200 feet to the westerly line of Sackman street, the point or place of beginning.

By direction of the Comptroller the sale of the above-described buildings will be made under the supervision of the Collector of City Revenue on Tuesday, February 9, 1906, at 11 a. m. on the premises.

The buildings on the premises above described shall be sold for the highest marketable price at public auction upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures or parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb, and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls, shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studding, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value shall be gathered together by the contractor and burned or carried away.

Failure to remove the said buildings and appurtenances or any portion thereof within said period will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands, of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting, without the aid of braces, the beam holes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings included in the foregoing parcel.

H. A. METZ,

Comptroller,
CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE, January 17, 1906.

NOTICE TO PROPERTY OWNERS.

The above-entitled assessments were entered on the date hereinbefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before March 12, 1906, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessments became liens to the date of payment.

HERMAN A. METZ,

Comptroller,
CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE, January 10, 1906.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF MANHATTAN:

TWELFTH WARD, SECTION 7.

SEVENTH AVENUE—REPAIRING SIDEWALKS, east side, from West One Hundred and Thirty-ninth street to West One Hundred and Fortieth street. Area of assessment: East side of Seventh avenue, from One Hundred and Thirty-ninth to One Hundred and Fortieth street.

TWELFTH WARD, SECTION 8.

PLACING CROSSWALKS ACROSS BROADWAY, at the south side of One Hundred and Fifty-eighth street and the north and south sides of One Hundred and Fifty-ninth street. Area of assessment: Both sides of Broadway, extending southerly from One Hundred and Fifty-eighth street about 100 feet; south side of One Hundred and Fifty-ninth street, extending easterly from Broadway about 388 feet; and westerly from Broadway about 105 feet; both sides of Broadway, extending northerly and southerly from One Hundred and Fifty-ninth street about 100 feet; both sides of One Hundred and Fifty-ninth street, extending about 388 feet easterly and westerly from Broadway, including Block 2136, Lots Nos. 5, 7 and 10.

That the same were confirmed by the Board of Assessors on January 9, 1906, and entered on January 9, 1906, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof on the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room No. 85, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before March 10, 1906, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessments became liens to the date of payment.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction on

TUESDAY, JANUARY 23, 1906,

at 11 a. m., on the premises, the buildings and appurtenances thereunto belonging erected upon real estate acquired for the purpose of constructing thereon a pumping station for the high pressure fire system, under the supervision of the Department of Water Supply, Gas and Electricity, belonging to the Corporation of The City of New York, all the right, title and interest of The City of New York in and to the buildings thereunto belonging acquired for the high pressure fire system, situated in the Borough of Manhattan and described as follows:

Beginning at the point of intersection of the westerly side of Oliver street with the southerly side of Water street, and running thence westerly along the southerly side of Water street 90.83 feet; thence southerly 39.3 feet; thence again westerly 0.8 feet; thence again southerly 121.81 feet to the northerly side of South street; thence easterly along the northerly side of South street 92.04 feet to the northwesterly corner of Oliver and South streets; thence northerly along the westerly side of Oliver street 160.61 feet to the southwesterly corner of Water and Oliver streets, the point or place of beginning.

By direction of the Comptroller the sale of the above-described buildings will be made under the supervision of the Collector of City Revenue on Tuesday, January 23, 1906, at 11 a. m., on the premises.

The buildings on the premises above described shall be sold for the highest marketable price at public auction upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of one-half of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures or parts thereof, their fixtures and foundations, of every class and description within the described area, are to be torn down to a level two feet below the existing curb; and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls, shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings or partitions, sheds and fences, shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studding, flooring, ceiling roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove the said buildings and appurtenances or any portion thereof, within said period, will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands, of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting, without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings included in the foregoing parcel.

CORPORATION SALE OF TAX CERTIFICATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction on

MONDAY, JANUARY 22, 1906,

at 12 o'clock m., at the Comptroller's Office, No. 280 Broadway, Borough of Manhattan, City of New York, all the right, title and interest of The City of New York in and to a certain tax sale certificate registered in the office of the Collector of Assessments and Arrears in the Borough of Brooklyn, in Liber 83, by the certificate number 5640, on the 21st day of July, 1886, the date of the sale, being the sale for the non-payment of taxes on Lot No. 24, in Block 155, of the Twenty-fourth Ward, and located on the south side of Dean street, between Troy and Schenectady avenues, Borough of Brooklyn.

The minimum or upset price at which the said certificate is to be sold is hereby appraised and fixed at \$370. The sale of the said certificate will be made on the following

TERMS AND CONDITIONS.

The highest bidder will be required to pay the full amount due on said certificate as purchase money at the time of the sale, which sum shall not be less than \$370, together with the further sum of \$25 to cover the cost and expense of advertising. The assignment of the certificate of sales for taxes duly executed by the proper officer will be delivered to the purchaser at the time of sale and shall be taken by the said purchaser without recourse.

The Comptroller may at his option resell the certificate if the successful bidder shall fail to comply with the terms of sale, and the person failing to comply therewith will be held liable for the costs and expenses of resale. The right to reject any bid is reserved.

By order of the Commissioners of the Sinking Fund under resolution adopted at a meeting of the Board held December 27, 1905.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction on

TUESDAY, JANUARY 30, 1906,

at 11 a. m., on the premises, the building and appurtenances thereunto belonging erected upon real estate within the bounds of City Hall Park and formerly occupied by the Fire Department, belonging to the Corporation of The City of New York, all the right, title and interest of The City of New York in and to the building thereunto belonging, situated on the southwest corner of Chambers and Centre streets, in the

Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund adopted January 11, 1906, the Comptroller has directed the sale of the above-described building to be made under the supervision of the Collector of City Revenue on Tuesday, January 30, 1906, at 11 a. m., on the premises.

The buildings on the premises above described shall be sold for the highest marketable price at public auction upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures or parts thereof, their fixtures and foundations, of every class and description within the described area are to be torn down to a level two feet below the existing curb; and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls, shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings or partitions, sheds and fences, shall be removed from the premises. All brick in mortar, all floor beams, joists, studding, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove the said buildings and appurtenances or any portion thereof within said period will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands, of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting, without the aid of braces, the beam holes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings included in the foregoing parcel.

CITY OF NEW YORK.

BOARD OF ESTIMATE AND APPORTIONMENT.

A T A MEETING OF THE BOARD OF Estimate and Apportionment, held December 15, 1905, in the Old Council Chamber, City Hall, Borough of Manhattan, the following proceedings were had:

Whereas, New York and Port Chester Railroad Company has made application to this Board for a grant of the right, privilege and franchise to construct, maintain and operate its railroad across certain streets in the Borough of The Bronx; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, The Mayor has, in pursuance of such laws, designated "New York Times" and "New York Daily News" as the two daily newspapers published in said City in which the publications hereinafter provided for are to be made, other than those required to be made in the CITY RECORD; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to New York and Port Chester Railroad Company and the adequacy of the compensation proposed to be paid therefor, and the results of such inquiry and notice of a public hearing to be had thereon before this Board have been published at least ten days in the CITY RECORD and at least twice in "The New York Times" and "The New York Daily News," two daily newspapers published in The City of New York, and a public hearing has been had thereon by this Board;

Now, therefore, it is Resolved, That the following form of the resolution for the grant of the franchise or right applied for by New York and Port Chester Railroad Company, containing the form of proposed contract for the grant of such franchise or right be hereby introduced and entered in the minutes of this Board as follows, to wit:

"Resolved, That the Board of Estimate and Apportionment hereby grants to New York and Port Chester Railroad Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates, fares and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York as follows, to wit:

PROPOSED FORM OF CONTRACT.

This contract, made this day of 190 , by and between The City of New York, party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City, and New York and Port Chester Railroad Company, a domestic railroad corporation of the State of New York, hereinafter called the Railroad Company, party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City of New York hereby grants to the Railroad Company, subject to the conditions and provisions hereinafter set forth, the right to cross certain streets and highways hereinafter described, and the right and privilege to construct, maintain and operate a railroad, with all connections, turnouts, switches and cross-overs necessary for the accommodation and operation of said railroad, by means of electricity, or by any other mechanical motive power which may be lawfully employed upon the same, except steam locomotive power, in, upon and across the following named streets, avenues, parkways, highways and public places, and upon the following route, all situate in the Borough of The Bronx, City, County and State of New York, namely:

Main Line—Beginning at a point at or near the intersection of Southern Boulevard and Willis avenue, in the Borough of The Bronx, and running thence easterly between One Hundred and Thirty-fourth street and Southern Boulevard, crossing Brook avenue and thence crossing the

Southern Boulevard, between St. Ann's avenue and Brown place; thence crossing St. Ann's avenue, between One Hundred and Thirty-second street and Southern Boulevard; thence easterly and northeasterly, between Southern Boulevard and One Hundred and Thirty-second street to Cypress avenue; thence crossing Cypress avenue, between One Hundred and Thirty-second street and Southern Boulevard; thence between Cypress avenue and Willow avenue to One Hundred and Thirty-fourth street; thence crossing One Hundred and Thirty-fifth street, between Willow avenue and Southern Boulevard, crossing One Hundred and Thirty-fifth street, One Hundred and Thirty-sixth street and One Hundred and Thirty-seventh street to Willow avenue; thence crossing Willow avenue and crossing One Hundred and Thirty-eighth street, at or near its intersection with Willow avenue, to One Hundred and Thirty-ninth street; thence crossing One Hundred and Thirty-ninth street and One Hundred and Fortieth street, between Southern Boulevard and the tracks of the New York, New Haven and Hartford Railroad to One Hundred and Forty-first street; thence crossing One Hundred and Forty-first street, and thence crossing and along Southern Boulevard and Whitlock avenue, at or near their junction between One Hundred and Forty-first street and One Hundred and Forty-second street; thence crossing St. Joseph's street, between Whitlock avenue and Austin place; thence crossing One Hundred and Forty-ninth street, between Austin place and Whitlock avenue to Austin place; thence crossing Austin place, between Whitlock avenue and Timpon place to Timpon place; thence between Whitlock avenue and Southern Boulevard, and crossing Timpon place, Leggett avenue, East One Hundred and Fifty-sixth street, Craven street, Longwood avenue, Lafayette avenue, Tifany street, Barretto street, Hunt's Point road, Hoe street, Faile street, Bryant street, Longfellow street, Aldus street, Whittier street, to Guttenberg street; thence between Whitlock avenue and Longfellow street, crossing Guttenberg street and Westchester avenue to and crossing Home street; thence crossing Freeman street, Boone street, Edgewater road, West Farms road and Jennings street; thence crossing East One Hundred and Seventy-second street, East One Hundred and Seventy-third street, East One Hundred and Seventy-fourth street, between West Farms road and Boone street; thence along and across Boone street to One Hundred and Seventy-sixth street; thence between West Farms road and Longfellow street, crossing One Hundred and Seventy-sixth street and Rodman place to West Farms road; thence along and across West Farms road to and across East One Hundred and Seventy-seventh street to Tremont avenue; thence to and across Bronx street to the Bronx river; thence crossing East One Hundred and Seventy-ninth street and Lebanon street, between Bronx Park avenue and Bronx river; thence along and across East One Hundred and Eightieth street and Bronx Park avenue at or near their intersection; thence to and across the northerly branch of West Farms road or Adams street, between Morris Park avenue and the easterly line of Bronx Park; thence to and across Unionport road, an unnamed street, or another branch of Unionport road, Victor street, Washington street, or White Plains road, Louise street, Lincoln street, Jefferson street, Madison street and Bear Swamp road or Bronxdale avenue to Williamsbridge road; thence crossing Williamsbridge road approximately 2,400 feet southeast of Bronx and Pelham parkway to Bronx and Pelham parkway; thence crossing Bronx and Pelham parkway, approximately 2,100 feet east of its intersection with Williamsbridge road, and running thence northerly between Williamsbridge road and Eastchester road to Saw Mill lane; thence crossing Saw Mill lane near its intersection with Eastchester road; thence crossing Eastchester road or Cora lane, between Boston Post road and Saw Mill lane to Boston Post road; thence crossing Boston Post road near its intersection with Schieffelin's lane to Schieffelin's lane; thence crossing Schieffelin's lane near its easterly intersection with Boston Post road; thence northerly to the City line, being the route shown on maps entitled "Survey Maps and Profiles of the line or route of the railroad of the New York and Port Chester Railroad Company, in the County of New York, State of New York," adopted by the Board of Directors of said Company on the 8th day of February, 1904, and signed by W. C. Gotshall, President; W. C. Gotshall, Chief Engineer, and Francis Blanchard, Secretary, under seal and which maps and profiles were filed in the office of the County Clerk of the City and County of New York on the 6th day of May, 1904, or any lawful amendment thereof, which may be consented to by the Board of Estimate and Apportionment, or its successors in authority.

Branch Line—Beginning at a point at or near the southeast corner of Bronx Park, in the Borough of The Bronx; thence across or along Bronx Park avenue, East One Hundred and Eightieth street, East One Hundred and Eighty-first street, Lebanon street, Morris Park avenue, at or near its intersection with West Farms road, at or near its intersection with Morris Park avenue; thence across the Southern turnpike, or Westchester avenue, at or near its intersection with Clason's Point road; thence across Clason's Point road, near its intersection with the Southern turnpike, or Westchester avenue, being the route shown on a map entitled "Map and profile of branch line extending from main line (Bronx Park) to Clason's Point, New York City," forming part of the maps filed with the County Clerk of the City and County of New York, referred to in the preceding paragraph, or any lawful amendment thereof, which may be consented to by the Board of Estimate and Apportionment, or their successors in authority. The "Survey Map and Profiles" are hereinafter referred to solely for the purpose of indicating the route of the railroad and not the profile thereof.

General—And such other streets, avenues, highways, public places, etc. (named and unnamed), as may be hereafter opened or encountered, in such route or amended routes; and also such other streets, avenues, highways, public places, etc. (named and unnamed), now open or in use, or as may be hereafter opened or put in use, which it may be necessary for said railroad to cross, in order to make connections with any other railway within two thousand (2,000) feet of said routes; provided that the Board of Estimate and Apportionment shall first have given permission for such connection or connections; and provided, further, that such connections shall be limited to two (2) in number.

Section 2. The grant of this privilege is subject to the following conditions:

1. The provisions of section 6 of the Railroad Law shall be fully complied with, and in addition to the maps required to be filed with the Railroad Commissioners, it shall be incumbent upon the Railroad Company to file with the Comptroller of The City of New York a map or maps showing the number of tracks and length of same, including crossovers, switches, turnouts, sidings and stands within the present limits of The City of New York, such lengths to be accurately determined by measurements to be taken after the commencement of the operation of any portion of the railroad within the present limits of The City of New York.

2. The said right to cross the streets and the privilege to construct and operate said railroad shall be held and enjoyed by said Railroad Company, its lessee or successors, for the term of twenty-five years from the date when this con-

tract is signed by the parties hereto, with the privilege of renewal of said grant for a further period of twenty-five years upon a fair revaluation of said right and privilege. In the determination of the said revaluation may be considered and included the extension of the provisions of this agreement contained in the paragraphs numbered 7 and 8 herein, and the payment of the costs and expenses therein provided for by the Railroad Company, or otherwise.

If the Railroad Company shall determine to exercise its privilege of renewal, it shall make application to the Board of Estimate and Apportionment of The City of New York, or any authority which shall be authorized by law to act for the City in place of the said Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this grant. The determination of the revaluation shall be sufficient, if agreed to in writing by the Railroad Company and the Board of Estimate and Apportionment or such other authority in its place. If the Railroad Company and the Board, or such other authority in its place for the City, shall not reach such agreement on or before the day one year before the expiration of the original term of this grant, then the annual rate of compensation for such succeeding twenty-five years shall be reasonable; and either the City (by the Board, or such other authority in its place) or the Railroad Company shall be bound upon request of the other to enter into a written agreement with such other authority fixing the rate of such compensation at such amount as shall be reasonable; and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment or its successors in authority; one disinterested freeholder shall be chosen by the Railroad Company; these two shall choose a third disinterested freeholder; and the three so chosen shall act as appraisers and shall make the revaluations aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the contract, and their report shall be filed with the Comptroller or his successor in authority, within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience, and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the Railroad Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but shall not in any event be less than the minimum amount fixed as the sum to be paid annually for the last year of this original grant. If, in any case, the annual rate shall not be fixed prior to the termination of the original term of this grant, then the Railroad Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate.

3. Upon the termination of this grant, if it be not renewed, or, in case of a renewal thereof, upon the termination of such renewal, all rights and privileges hereby granted to cross the said streets shall cease and determine, unless the said Railroad Company, its successors or assigns, shall have previously procured a new grant for the same from The City of New York.

4. The Railroad Company, its successors or assigns, shall pay to The City of New York, for the rights and privileges hereby granted, the following sums of money:

During the first five years commencing from the day when this contract is signed, an annual sum of eight thousand dollars (\$8,000), and during the next succeeding five years an annual sum of thirteen thousand dollars (\$13,000), and during the next succeeding fifteen years an annual sum of thirty-five thousand dollars (\$35,000).

From the date of the commencement of the operation of any portion of the railroad until the end of the first five years of this grant, an additional sum of five and four-tenths cents per linear foot per annum of single track, including all crossovers, switches, turnouts, sidings and stands, within the present boundaries of The City of New York, and for the next succeeding five years an additional sum of seven and seven-tenths cents per linear foot per annum of single track, as aforesaid, in lieu of said sum of five and four-tenths cents, and for the next succeeding fifteen years an additional sum of twenty cents per linear foot per annum, as aforesaid, in lieu of said sum of seven and seven-tenths cents.

All such payments shall be made to the Comptroller of the City, in equal payments at the end of each quarter year, on the first day of January, April, July and October of each year.

Any and all payments to be made by the terms of this contract to The City of New York by the Railroad Company shall not be considered in any manner in the nature of a tax, but such payments shall be in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of The City of New York or by any law of the State of New York.

5. The annual charges or payments shall continue throughout the whole term of the privilege hereby granted, whether original or renewal, notwithstanding any clause in any statute or in the charter of any other railroad company providing for payments for railroad rights or franchises at a different rate, and no assignment, lease or sub-lease of the rights or privileges hereby granted, whether original or renewal, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sub-lease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this grant; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said condition as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise, exemption from liability to perform each and all of the conditions of this grant. Nothing herein contained shall apply to any mortgage or mere lienor, but shall apply to any purchaser upon foreclosure or under or by virtue of any provision of a mortgage or lien.

6. The rights and privileges granted hereby shall not be assigned either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the act of the New York and Port Chester Railroad Company, its successor or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations, or otherwise, without the consent of The City of New York, acting by the Board of Estimate and Apportionment, or its successor in authority, evi-

denced by an instrument under seal, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents. This provision, however, shall not apply to the making of a mortgage nor to a sale under foreclosure, provided that no sale under foreclosure shall be made to any person or corporation owning, operating or controlling any other railroad in The City of New York.

7. The grade of the railroad has not yet been established. Profile maps definitely showing such grade within the present limits of The City of New York shall be filed with the Board of Estimate and Apportionment by the Railroad Company before beginning the construction of its railroad within the present limits of The City of New York. A duplicate thereof shall at the same time be filed with the Board of Rapid Transit Railroad Commissioners of The City of New York. The Board of Estimate and Apportionment, after a public hearing, of which ten days' notice shall be given by publication, shall then approve or disapprove the said profile map and grades, and upon the Board approving the same the Railroad Company may thereupon proceed with the construction of its railroad within the present limits of The City of New York.

If said Board disapproves the same it shall within 30 days after said hearing prescribe such changes in said map as it may deem necessary.

Within the present limits of The City of New York no street or railroad shall be crossed by the railroad at grade, and no existing park or parkway shall be crossed by the railroad at or above the grade of said park or parkway. All streets now open or in use and streets hereafter opened within the present limits of The City of New York, crossing the line of the railroad, shall be carried over or under the said railroad by the Railroad Company, at the sole cost and expense of the Railroad Company. The cost of all changes in grades of all approaches to such crossings within the present limits of The City of New York shall likewise be borne and paid by the Railroad Company, and The City of New York assumes no liability for any damages to property injured thereby, or by said railroad crossings, or any damages to property along the line of said railroad or contiguous thereto, caused by reason of the construction or operation of the said railroad, and the Railroad Company hereby agrees to indemnify and save harmless The City of New York of and from all such liability.

The City shall have the right at any time it so desires to open across the route of the Railroad Company within the present limits of The City of New York any new streets other than those now open or in use, and the Railroad Company hereby gives its consent to said opening.

8. Within the present limits of The City of New York all viaducts over streets and all tunnels under streets and all bridges necessary to carry the streets over an open cut, shall be constructed and maintained at the expense of the Railroad Company. All viaducts over streets within the present limits of The City of New York shall have a height of at least sixteen feet in the clear throughout, and in the case of arch construction not less than sixteen feet in the clear at the centre and ten feet in the clear on the building or side line of said street, and in the case of tunnel construction under a street there shall be at least four feet between the grade of the street and the exterior surface of the arch of said tunnel.

9. Within the present limits of The City of New York any superstructure of the railroad crossing a street and having a length of seventy-five (75) feet or less, shall be constructed in a single span. If more than seventy-five (75) feet in length, intermediate columns to support the structure may be placed in the street in such manner as may be approved by the Board of Estimate and Apportionment. The width of such superstructure of the railroad shall not exceed sixty (60) feet when measured over all.

10. The plans for all structures over or under any street within the present limits of The City of New York must first be submitted to and approved by the Board of Estimate and Apportionment, and all such structures shall be constructed of steel, concrete or masonry, or a combination of these materials. Such structures over streets shall be floored and shall be water-tight.

11. The railroad shall be constructed in the most modern and approved manner of railroad construction. Unless otherwise authorized by the Board of Estimate and Apportionment, the roadbed shall be ballasted throughout its entire length within the present limits of The City of New York, with a sufficient quantity of either blast furnace slag or broken trap rock of a hard and durable quality, and no dirt, sand, gravel or cinders shall be used in such ballast. The Board of Estimate and Apportionment may, however, at any time require a portion of the road not theretofore ballasted to be ballasted.

12. The roadbed within the limits of The City of New York as now fixed or hereafter extended shall be watered daily whenever the thermometer is above 35 degrees Fahrenheit. Should, however, watering the roadbed in any way injure electric line equipment which has been approved by the Board of Estimate and Apportionment, or its successors in authority, then other means of preventing dust shall be used, which shall be first approved by the Board of Estimate and Apportionment. For any failures to comply with the foregoing, the Railroad Company shall be liable to a penalty of fifty dollars (\$50) per day.

13. The entire right of way of the company within the present limits of The City of New York, except at stations, shall be fenced throughout.

14. Within the present limits of The City of New York, all abutments or foundations for bridges, viaducts and stations and the stations proper, except intermediate supports for viaducts, as hereinbefore provided, shall be placed on the land of the company.

15. There shall be constructed along the line of the route of the main line of the railroad as proposed, for the accommodation of local passenger traffic, at least six stations between the Harlem river and the Bronx river, at least six stations between the Bronx river and the northern line of The City of New York, as now fixed. On the branch line there shall be constructed at least three stations east of Morris Park avenue, unless otherwise authorized by the Board of Estimate and Apportionment.

16. Said railroad may be operated by electric power or by any other mechanical motive power, which may be lawfully employed upon the same, except locomotive steam power. If electrical power is used, the Railroad Company shall, before the commencement of any of the construction of the electrical line equipment, within the present limits of The City of New York, file with the Board of Estimate and Apportionment plans showing such proposed construction, within the present limits of The City of New York, including all methods of insulation, position of contact conductor and all feed wires, conductors or cables, with method of carrying the same, and said plans must be approved by the said Board before construction thereof shall begin. The Board of Estimate and Apportionment hereby retains the right to make such conditions relative to construction of such line equipment within the present limits of The City of New York as it may see fit at the time of the approval of such plan.

17. No wires for the transmission of power shall be permitted within the present limits of The City of New York unless they be placed in

conduits or carried in a manner which shall have been approved by the Board of Estimate and Apportionment. The City may use the structure of the Railroad Company for carrying wires or cables for the use of the City within the present limits of The City of New York not exceeding such a quantity as might be carried in two conduits each of not more than three inches in diameter, without charge to the City. If the Railroad Company shall place its wires for the transmission of power in conduits, then the Railroad Company shall construct and permit the City to use without charge two conduits each of not more than three inches in diameter for carrying wires or cables for the use of the City.

18. The Railroad Company shall not carry wires or conduct power on its structures or along its right of way within the present limits of The City of New York for any purpose except for the operation of its railroad and except, as provided above, for the use of the City.

19. The Railroad Company shall maintain throughout the term of this grant or any renewal thereof a train schedule on the main line within the limits of The City of New York of at least sixty (60) trains in either direction daily, stopping at all of the stations within the City limits, and at no time, either day or night, shall there be greater headway within the City limits between such trains than thirty (30) minutes; provided, however, that said Railroad Company shall not be required to operate its trains within the City limits between the hours of 1 o'clock and 5 o'clock a. m., each day, unless the Board of Estimate and Apportionment shall determine, after a hearing had thereon, that public convenience requires the operation of its cars during such hours.

The Board of Estimate and Apportionment may require, from time to time, as it may see fit, such number of trains to be run on the branch line—not exceeding 60 trains a day.

20. All cars on said railroad shall be heated during the cold weather in conformity to such laws and ordinances as are now in force, or hereafter be enacted or adopted by the State or City authorities, and any failure to keep the temperature of any of the cars of the company above 50 degrees Fahrenheit, shall make the company liable for a penalty of fifty dollars (\$50) per day for each offense.

21. All cars operated by the company shall be vestibuled and the system of lighting same shall be adequate and be made satisfactory to the Board of Estimate and Apportionment. For any failure to comply herewith the Railroad Company shall be liable to a penalty of fifty dollars (\$50) per day for each violation.

22. The Railroad Company shall light the space beneath any superstructure which it shall erect across streets and the approaches to stations, within the limits of The City of New York, in a manner which shall be satisfactory to the Board of Estimate and Apportionment.

23. During the term of this grant the rate of fare upon said railroad within the limits of The City of New York, as now fixed, shall not exceed five cents for any passenger. The said company shall not charge any passenger more than such sum for one continuous ride from any point on said railroad, or a line or branch operated in connection therewith, and controlled by it, to any point thereof or of any such connecting line, or branch thereof, within the present limits of The City of New York during such term. The New York and Port Chester Railroad Company shall operate cars over the route hereby authorized, and shall not operate cars over the route of any other railroad company within the present limits of The City of New York until it shall have received authority for such operation from the Board of Estimate and Apportionment, and it shall not, without like authority, permit any other company within the present limits of The City of New York to run cars over the railroad hereby authorized. The Board of Estimate and Apportionment reserves the right to fix the compensation to be paid for such privilege to The City of New York by such other company as shall be authorized to run cars over the route hereby authorized, and said Board further reserves the right to fix the compensation to be paid to The City of New York by the New York and Port Chester Railroad Company for the privilege of operating cars over the route of any other railroad company within the present limits of The City of New York.

Whenever the New York and Port Chester Railroad Company shall have entered into a contract with another railroad company within the limits of The City of New York permitting the cars of such other company to run over the route hereby authorized, in pursuance of authority from the Board of Estimate and Apportionment, or its successors in authority, the Board of Estimate and Apportionment may prescribe the maximum fare which may be charged by either company within the limits of The City of New York during the continuance of such contract to a passenger desiring to make a continuous trip in either direction between any point on the railroad of the New York and Port Chester Railroad Company and any point on the railroad of such other railroad company within the present limits of The City of New York. For their refusal to comply with the requirements of this section, the corporation so refusing shall forfeit fifty dollars (\$50) to the aggrieved party. Two or more penalties may be recovered in one action.

The rates for carrying of property upon the routes of the Railroad Company within the present limits of The City of New York shall, in all cases, be reasonable in amount, and shall be subject to the control of the Board of Estimate and Apportionment, or its successors in authority, and may be fixed by such Board after notice and hearing to the Railroad Company, and when so fixed such rate shall be binding upon the Railroad Company, its successors or assigns, and no greater sums shall be charged for such service than provided for by said Board of Estimate and Apportionment.

24. The said Railroad Company shall carry free within the present limits of The City of New York during the existence of this grant members of the Police and Fire Departments of The City of New York, when such employees are in full uniform.

25. The said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of The City of New York who have jurisdiction in such matters, under the Charter of the City.

26. In case of any violation or breach or failure to comply with any of the provisions herein contained this grant may be forfeited and avoided by The City of New York by a suit brought by the Corporation Counsel, provided that in case of any such violation, breach or failure to comply with any of said provisions the said City shall cause notice in writing thereof to be served upon said company, and said company shall remedy such violation, breach or failure within ten (10) days thereafter, and in default thereof, then, and not otherwise, said right of forfeiture shall accrue and may be enforced by the said City; provided, further, that if the said Railroad Company, grantee hereunder, shall within said ten (10) days commence to remedy said violation, breach or failure, and shall prosecute the work of completing such remedy with diligence and with the utmost practicable dispatch until the same shall be completed, then no right of

forfeiture shall accrue. The right of action as herein provided shall not affect or limit any other rights of the City.

27. The grant of this privilege shall not affect in any way the right of The City of New York to grant a similar privilege upon the same or other terms and conditions to any other person or corporation.

28. The Railroad Company shall commence actual construction within one year from the date of the signing of this contract, and shall complete and have in operation a four-track railroad upon the main line, from the northerly line of the City to a point at or near the intersection of One Hundred and Seventy-seventh street with the Bronx river, and a railroad of at least two tracks from a point at or near the intersection of One Hundred and Seventy-seventh street with the Bronx river to the southerly terminus as aforesaid at or near the intersection of Southern Boulevard with Willis avenue, and a railroad on the branch line of at least two tracks, all within five years from the date of the signing of this contract, otherwise this grant shall cease and determine.

The Board of Estimate and Apportionment may require the construction of two additional tracks on that portion of the route between One Hundred and Seventy-seventh street and the southerly terminus, as aforesaid, at or near the intersection of Southern Boulevard and Willis avenue so as to make a railroad of four tracks on such portion of the route, whenever public convenience and necessity shall require the construction thereof; and in case the construction of such two additional tracks is so required by the Board of Estimate and Apportionment, the Railroad Company shall complete the construction thereof within five (5) years after such requirement, otherwise this grant may be forfeited; and the Railroad Company is hereby authorized to construct a railroad of four tracks on the entire route authorized by this contract, if, in its judgment, public convenience and necessity shall require the construction thereof.

The Railroad Company shall actually expend or cause to be so expended the sum of at least eight hundred thousand dollars (\$800,000) within two years after the date of the signing of this contract, upon the actual construction of said railroad between the northerly line of The City of New York and Westchester avenue, at or near One Hundred and Sixty-seventh street, and shall also actually expend or cause to be so expended an additional sum of two hundred thousand dollars (\$200,000) within three years after the date of the signing of this contract, upon the actual construction of the railroad between Westchester avenue as above and Willis avenue at or near the Southern Boulevard, which sums shall be exclusive of any moneys expended for land acquired for the right of way. The reason why The City of New York assents to the difference in the times and amounts for the portions of the railroad north and south of Westchester avenue is that the Railroad Company represents that it is or will be able to procure by private purchase most of its right of way north of such avenue, and will have to resort to condemnation proceedings for its right of way south thereof.

Verified statements of moneys so expended for construction shall be submitted, on demand, to the Comptroller of The City of New York, who shall, after investigation, report to the Board of Estimate and Apportionment his opinion as to whether such sums have been actually expended, and if in the opinion of the said Board an expenditure of the said sum within the time given is not proven, then said Board may declare that this grant has ceased and determined, and the said action of said Board shall be prima facie evidence of said forfeiture.

Any portion of the route covered by this grant which shall not be completed and in full operation within said five years from the date of the signing of this contract shall be deemed to have been abandoned, and all rights hereby granted in and to such portions of said railroad shall cease and determine, and, in such case, all structures erected by the Railroad Company, its successors or assigns, upon any portion of the route so forfeited within the lines of any street within said City, shall become the property of The City of New York.

A majority vote of the members of the Board of Estimate and Apportionment shall be prima facie evidence in regard to the forfeiture of any or all the rights under this grant, as provided for in this section. Before action is taken by the Board of Estimate and Apportionment, under the provisions of this section, the Railroad Company shall have at least thirty (30) days' notice of the intention of said Board to take action, and at such time as is appointed shall be allowed a hearing.

The Board of Estimate and Apportionment shall extend the time provided for in this section for the completion of the railroad and for the work to be performed and expenditures to be made, as above, for a period or periods not exceeding in the aggregate two years if the reasons given by the Railroad Company for non-fulfillment are for causes over which the Railroad Company had no control and was in nowise responsible.

29. The Railroad Company shall assume all liability by reason of the construction and operation of the railroad, and the City shall assume no liability whatsoever to either persons or property by reason of said construction, maintenance or operation, and the Railroad Company hereby agrees to indemnify and save harmless the said City from all liability whatsoever by reason of the construction, maintenance and operation of said railroad.

As a condition of this grant, the Railroad Company, its successor or assigns, hereby agrees to repay to the City any damages which the City shall be compelled to pay by reason of any acts or defaults of the Railroad Company, its successor or assigns.

30. Any portion of the right of way of the said Railroad Company falling within the lines of a street now shown on the map of The City of New York, which it may be necessary for the City to subsequently acquire, shall be ceded to the City, without cost to it, subject to the company's easement therein.

31. The Railroad Company shall not operate cars over any extension of any length whatsoever within the present limits of The City of New York not specifically hereby authorized, and shall not make any connection within the present limits of The City of New York with any other railroad, either by means of extensions or branches or by means of a platform building, unless it shall have received authority therefor from said Board of Estimate and Apportionment or its successors in authority, and upon such terms as shall be fixed by the Board. In the event that the provisions of this section cause a conflict because of the lawful right of any other railroad to compel a connection with the Railroad Company, the City agrees that it may be made a party to any legal proceedings between the said companies and its rights and duties therein determined.

32. In case any of the streets as now shown on the map of The City of New York and crossed by the said railroad above grade are altered or widened after the Railroad Company has completed its railroad, and such widening requires the alteration of the superstructure of the railroad, the Railroad Company and The City of New York shall each pay one-half of the cost of such alteration as may be necessary.

33. In case the route as laid out shall make it necessary, in the opinion of the Board of Esti-

mate and Apportionment, to change the map of The City of New York in order to avoid impracticable, unnecessary or undesirable crossings, purely on account of the location of the railroad, and by reason of such change additional or substitute streets crossing the railroad are determined upon, then the Railroad Company shall pay to the City the additional cost thus made necessary, or may, at its own expense, acquire the lands necessary and cede them to the City without cost, provided, however, that the lands so to be acquired or paid for shall not extend more than 400 feet upon each side of said railroad.

34. Any alterations which may be required to the sewerage or drainage system, or to any sub-surface structures, pipes, etc., laid in the streets, on account of the construction or operation of the railroad, shall be made at the sole cost of the Railroad Company and in such manner as the proper City officials may prescribe.

35. In case the Board of Estimate and Apportionment shall, in order to avoid impracticable, unnecessary or undesirable crossings purely on account of the location of the railroad, within one year from the date of the signing of this contract, adopt a map or a change in the map laying out a street or streets bounding or adjoining the right of way of the Railroad Company, on either or both sides thereof, from the easterly line of the White Plains road to the northerly line of the City, or any part thereof, then the Railroad Company shall acquire the lands necessary for such streets and cede them to the City without cost, or will pay to the City the cost of acquiring such lands, provided that it shall not be required to acquire and cede or pay for an amount of land which in the aggregate will exceed a strip fifty feet in width and in length the distance between the easterly side of White Plains road and the northerly line of the City. The Railroad Company, at its own expense, shall regulate and grade said strips of land to such grade as shall be hereafter fixed by the City authorities, such regulating and grading to be done, from time to time, as directed by the Board of Estimate and Apportionment. On notice to the City by the Railroad Company that said Railroad Company cannot acquire such lands, the City covenants to use all possible diligence in acquiring the actual possession of the lands necessary for such streets to the end that the Railroad Company may regulate and grade the same while it is grading its railroad within the present limits of The City of New York.

36. All construction of railroad crossings shall be done in such manner as shall not substantially interfere with the ordinary use of any street as a public highway, and all streets in any way disturbed by such construction shall be restored to their original condition. In case of failure on the part of the Railroad Company to restore such streets within a reasonable length of time, The City of New York shall have the right, under resolution of the Board of Estimate and Apportionment, to cause the work to be done and the materials to be furnished after due notice and shall collect the reasonable cost thereof from the fund hereinafter provided.

37. The company's property and structures within the present limits of The City of New York shall not be used for advertising purposes in any way, under a penalty of fifty dollars (\$50) per day for each offense. Such restriction shall not apply to stations or cars nor to the interior of fences or walls.

38. The City, the Board and all duly authorized representatives of the City shall have the right at all reasonable times, as well during construction as afterwards, to inspect the railroad and any part thereof, and to enter thereon when necessary for the examination, supervision or care of any property of the City or of abutting property owners or for any proper purpose. Nothing in this contract shall be deemed to diminish or affect the sanitary or police jurisdiction which the public authorities shall lawfully have over property in the City.

39. The Railroad Company shall deposit with the Comptroller, within six months after the date of signing this contract, the sum of \$100,000, either in money or in securities to be approved by him, which fund shall be security for the construction of the road authorized hereby, and which the Railroad Company is under obligation to construct, and said fund shall be repaid to the Railroad Company only as hereby specified. If the City exercises its option to require the construction of the additional two tracks south of One Hundred and Seventy-seventh street, the Railroad Company shall, within three months after notification thereof, make a like deposit of \$25,000 as security for such construction. Whenever and as often as the Railroad Company shall have actually constructed one mile of single track, a certificate showing the construction of such track shall be prepared by the engineer of the Railroad Company, and such certificate shall be delivered to the Board of Estimate and Apportionment. The said Board shall, as soon as practicable thereafter, verify the correctness of such certificate and either accept such certificate as correct, or if it finds it to be incorrect, return said certificate to the Railroad Company, specifying in writing the respects in which it finds such certificate to be incorrect. Upon the verification of the correctness of any such certificate, or if any such certificate shall be found to be incorrect, upon its being corrected, and subsequently verified, the said Board of Estimate and Apportionment shall thereupon prepare and certify a voucher in due form for payment to said company of the sum of \$2,500, and the amount so certified by said Board shall be forthwith paid by said Comptroller from said fund to the Railroad Company, upon the construction of the said mile of single track. This procedure shall be followed by the Railroad Company and by said Comptroller as often as the Railroad Company shall construct an additional mile of single track.

Upon the completion of the construction of the entire track authorized hereby, which the Railroad Company shall remain under obligation to construct, a final certificate shall be prepared by the engineer of said company and approved by the president thereof, showing the fact of such completion and the fact that the road is ready for operation. Such final certificate shall be delivered to the said Board of Estimate and Apportionment of The City of New York, and shall be subject to a like verification as the certificate hereinbefore mentioned. Upon the verification of the correctness of such final certificate, or if such final certificate shall be found to be incorrect, upon being corrected the said Board of Estimate and Apportionment shall thereupon prepare and certify a voucher in due form for the payment by the Comptroller to the said company of the balance of said funds remaining in his hands.

If such final certificate, certifying to the completion of the entire construction of the road, which the Railroad Company shall be under obligation to construct, shall not be delivered to the Board of Estimate and Apportionment on or before the expiration of the time at which the Railroad Company shall be under obligation to complete the road, under and in pursuance of the terms and conditions of this contract, and if the construction of the entire road authorized hereby, which the Railroad Company shall be under obligation to construct, shall not have been completed by said time, the balance of said fund shall be forthwith delivered by the Comptroller of The City of New York and thereafter said company shall have no claim or cause of action therefor.

The word construction as used herein shall include the grading of the bed of the railroad, laying of tracks thereon, ballasting of the same

and the construction of all bridges or viaducts necessary for the support of the railroad.

The word completion, as used herein, shall include the laying of tracks, electrical conductors and all structures necessary to the operation of trains over the route authorized hereby, and which the Railroad Company shall be under obligation to construct, and shall include also such street bridges or other structures as the company is required hereby to make, and such final certificate acts required by this contract have been performed by said company, in so far as their completion is required hereby.

40. This grant is upon the express condition that within thirty days after the date of the signing of this contract and before anything is done in exercise of the rights conferred thereby, the Railroad Company shall deposit with the Comptroller of The City of New York the sum of twenty-five thousand dollars (\$25,000), either in money or in securities, to be approved by him, which fund shall be security for the performance by the Railroad Company of all the terms and conditions of this contract, especially those which relate to the payment of the annual charge for the franchise granted, in default of which payment of the annual charge, the Comptroller, acting in behalf of the City, shall collect same with interest from such fund after five days' notice in writing to the president of said company. In case of failure of the said company to comply with any of the terms of this contract, or its neglect or refusal to comply with any demand or direction of the Board of Estimate and Apportionment, or other municipal officials, made pursuant to the terms of the contract, or under the authority of any laws or ordinances now or hereafter in force, in such case and in any of these events, if no other money penalty is provided therefor, the said company shall pay to the Comptroller of The City of New York a penalty of \$50 for each violation; and in case of any violation of the provisions of this contract for which money penalties are provided, the said company shall pay to the Comptroller of said City the penalties so provided.

The procedure for the imposition and collection of penalties provided in this contract shall be as follows:

The Comptroller of The City of New York, on complaint made, shall, in writing, notify said company through its president to appear before him on a certain day not less than ten days after the date of such notice, to show cause why it should not be penalized in accordance with the foregoing provisions. If said company fail to make an appearance or, after a hearing, appear in the judgment of the Comptroller to be in fault, said Comptroller shall forthwith impose the prescribed penalty, and without legal procedure withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund, the said company shall, upon ten days' notice in writing, pay to the Comptroller of The City of New York a sum sufficient to restore said security fund to the original amount of \$25,000, and in default thereof the said company shall pay to the Comptroller of The City of New York the sum of one hundred dollars for each day of such default, in addition to the amount necessary to restore said fund to the original amount of \$25,000. No action or proceeding or rights under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to The City of New York.

The right of the City to collect any penalties imposed for non-compliance with the terms of this contract, or with any law or ordinance now in force or hereafter adopted, shall not be limited to the said sum of \$25,000, and the enumeration or reservation of any rights by the City herein shall not operate to the exclusion of any other rights belonging to the City, either in law or at equity. Nor shall the imposition of any penalty by the terms of this contract interfere with or diminish the right of the City specifically to enforce any of the terms or conditions of this contract.

41. If the Railroad Company, its successors and assigns, shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and all street crossings within the present limits of The City of New York in good condition throughout the full term of its occupancy of said streets, the Board of Estimate and Apportionment of the City may give written notice to said Company specifying any default on the part of said Company, and requiring the said Company to remedy the same within a reasonable time, and upon the failure of the said Company to remedy its said fault within a reasonable time said Company shall for each day thereafter during which said fault or defect remains pay to The City of New York the sum of two hundred and fifty dollars (\$250) as fixed and liquidated damages, or the said City in case said structures over or under streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the said Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon; all of which sums may be deducted from the fund hereinbefore provided.

42. The Railroad Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed, and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed, and its corporate seal to be hereunto affixed, the day and year first above written.

THE CITY OF NEW YORK,
[SEAL]
By..... Mayor.
NEW YORK AND PORT CHESTER
RAILROAD COMPANY,
By..... President.
Attest:
[SEAL]..... Secretary.

Resolved, That the results of the inquiry made by this Board as to the money value of such franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor are that the money value of such franchise or right proposed to be granted is the total amount of money which it is proposed, as provided in and by the terms of Proposed Contract for the grant of such franchise or right, as hereinbefore fully set forth, shall be paid for such franchise or right, and that such compensation is adequate therefor.

Resolved, That these preambles and resolutions, including the said resolution for the grant of the franchise or right applied for by New York and Port Chester Railroad Company and the said form of Proposed Contract for the grant of such franchise or right and said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published at the expense of New York and Port Chester Railroad Company, for at least twenty days im-

mediately prior to January 26, 1906, in THE CITY RECORD, and at least twice, during the ten days immediately prior to January 26, 1906, in "The New York Times" and "The New York Daily News," two daily newspapers designated by the Mayor therefor, and published in The City of New York, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by New York and Port Chester Railroad Company, and fully set forth and described in the foregoing form of Proposed Contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board to be held in the old Council Chamber, City Hall, Borough of Manhattan, City of New York, on January 26, 1906, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

J. W. STEVENSON,
Secretary.

NEW YORK, December 15, 1905.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to strike therefrom Twenty-sixth avenue from Centre place southwesterly to the bulkhead line of Gravesend Bay, in the Borough of Brooklyn, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on January 26, 1906, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on December 29, 1905, notice of the adoption of which is hereby given, viz:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442, of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by striking therefrom Twenty-sixth avenue, from Centre place southwesterly to the bulkhead line of Gravesend Bay, in the Borough of Brooklyn, City of New York, more particularly described as follows:

Beginning at the intersection of the northwestern line of Twenty-sixth avenue, as the same is laid down on the map of the City, with the southern line of an old road known as Centre place;

1. Thence extending southwesterly along the northwestern line of Twenty-sixth avenue, aforesaid for about 928 feet to the bulkhead line, as laid down by the Kings County Town Survey Commission;

The southeastern line of Twenty-sixth avenue is 80 feet easterly from and parallel to the aforesaid northwestern line of Twenty-sixth avenue, and extends from the southern line of Centre place aforesaid for a distance of about 933 feet to the bulkhead line aforesaid.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 26th day of January, 1906, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 26th day of January, 1906.

SUPREME COURT.—FIRST DEPARTMENT.

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of RANDALL AVENUE (although not yet named by proper authority), from Truxton street and Leggett avenue to the Bronx river, in the Twenty-third Ward, Borough of The Bronx, in The City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate of assessment for benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 10th day of February, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 14th day of February, 1906, at 11 o'clock a. m.

Second—That the abstract of our said supplemental and amended estimate of assessment for benefit, together with our benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 20th day of February, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at the intersection of the westerly side of the Bronx river with a line parallel with and 100 feet southerly from the southerly side of Eastern Boulevard; thence westerly along said parallel line to its intersection with a line parallel with and 100 feet westerly from the westerly side of Truxton street; thence northerly along said parallel line to its intersection with a line parallel with and 100 feet southwesterly from the southwesterly side of Leggett avenue; thence northwesterly along said parallel line and its prolongation to its intersection with a line parallel with and 100 feet northwesterly from the northwesterly side of Southern Boulevard; thence southeasterly along said parallel line to its intersection with the northwesterly prolongation of a line drawn parallel to and distant 100 feet northeasterly from the northeasterly side of that portion of Leggett avenue lying between Southern Boulevard and Truxton street; thence southeasterly along said prolongation and parallel line to its intersection with a line parallel with and 100 feet northwesterly from the northwesterly side of Truxton street; thence northeasterly along said parallel line and its prolongation to its intersection with a line parallel with and 100 feet northerly from the northerly side of Spofford avenue; thence easterly along said parallel line to its intersection with the southwesterly side of the Bronx river; thence southeasterly, southerly and westerly, following the windings of said Bronx river to the point or place of beginning, as such streets are shown upon the final maps and profiles of The Twenty-third and Twenty-fourth Wards of The City of New York, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened, as such area is shown upon our benefit maps, deposited as aforesaid.

Fourth—That our supplemental and amended report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 7th day of March, 1906, at the opening of the Court on that day.

Dated BOROUGH OF MANHATTAN, NEW YORK, December 6, 1905.

JOHN T. RUSSELL,
ALBERT ELTERICH,
Commissioners.

JOHN P. DUNN,
Clerk.

FIRST DEPARTMENT.

In matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of an UNNAMED STREET, laid out on map approved by the Board of Estimate and Apportionment December 11, 1903, running parallel to Broadway, about 200 feet westerly therefrom, commencing at West One Hundred and Eighty-first street and ending on the westerly side of Broadway, nearly opposite Nagle avenue, in the Twelfth Ward, Borough of Manhattan, City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court, bearing date the 24th day of November, 1905, and duly entered in the office of the Clerk of the County of New York, in The City of New York, on the 4th day of December, 1905, a copy of which order was duly filed in the office of the Register of the County of New York, and indexed in the Index of Conveyances, Block 2180, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate and assessment of the loss and damage, if any, or of the benefit and advantage, if any, as the case may be, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in conse-

quence of opening the above-mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 4th day of December, 1905; and a just and equitable estimate and assessment of the value of the benefit and advantage of said street or avenue so to be opened or laid out and formed, to the respective owners, lessees, parties and persons respectively entitled to or interested in the said respective lands, tenements, hereditaments and premises not required for the purpose of opening, laying out and forming the same, but benefited thereby, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4, of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening the said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, fourteenth floor, Nos. 90 and 92 West Broadway, Borough of Manhattan, in The City of New York, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 13th day of February, 1906, at 1 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Manhattan, New York City, January 12, 1906.
FREDERICK ST. JOHN,
MICHAEL B. STANTON,
JOHN W. WARD,
Commissioners.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to WATERLOO PLACE (although not yet named by proper authority), between East One Hundred and Seventy-fifth street and East One Hundred and Seventy-sixth street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

PURSUANT TO THE STATUTES IN such cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, First Department, at a Special Term of said Court, to be held at Part III, thereof, in the County Court-house, in the Borough of Manhattan, in The City of New York, on Friday, the 26th day of January, 1906, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and Assessment in the above-entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for the opening of a certain street or avenue known as Waterloo place, between East One Hundred and Seventy-fifth street and East One Hundred and Seventy-sixth street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York, being the following-described lots, piece or parcel of land, viz.:

Beginning at a point in the southern line of East One Hundred and Seventy-sixth street distant 306.73 feet northwesterly from the intersection of said line with the western line of Southern Boulevard.

1. Thence northwesterly along the southern line of East One Hundred and Seventy-sixth street for 50 feet;
2. Thence southwesterly deflecting 90 degrees to the left for 345.94 feet to the northern line of East One Hundred and Seventy-fifth street;
3. Thence southeasterly along last-mentioned line for 50.98 feet;
4. Thence northeasterly for 335.97 feet to the point of beginning.

Waterloo place is shown on a map entitled "Map or Plan showing the locating and laying out and the grades of Waterloo place, from East One Hundred and Seventy-fifth street to East One Hundred and Seventy-sixth street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York," filed in the office of the President of the Borough of The Bronx, June 20, 1905, in the office of the Register of The City and County of New York, on June 20, 1905, as Map No. 1032, and in the office of the Council to the Corporation of The City of New York on or about the same date.

The land to be taken for Waterloo place is located in Block 2958 of section 11 of the land map of The City of New York.

Dated New York, January 12, 1906.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of the addition to CORLEARS HOOK PARK, as laid out by the Board of Estimate and Apportionment on May 26, 1905, in the Seventh Ward, Borough of Manhattan, City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court, bearing date the 24th day of November, 1905, and duly entered in the office of the Clerk of the County of New York, at his office, in the Borough of Manhattan, in The City of New York, on the 4th day of December, 1905, a copy of which order was duly filed in the office of the Register of the County of New York, and indexed in the Index of Conveyances, Block No. 262, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate and assessment of the loss and damage, if any, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and prem-

ises required for the purpose by and in consequence of opening the above-mentioned addition to park, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 4th day of December, 1905; and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken, and of performing the trusts and duties required of us by chapter 17, title 4, of the Greater New York Charter as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening the said addition to park, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, fourteenth floor, Nos. 90 and 92 West Broadway, Borough of Manhattan, in The City of New York, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 9th day of February, 1906, at 3 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the widening of CANAL STREET WEST, between One Hundred and Thirty-eighth street and a point 251.77 feet southerly (although not yet named

by proper authority), in the Twenty-third Ward, Borough of The Bronx, City of New York, as shown on the map or plan adopted by the Board of Estimate and Apportionment on June 29, 1905.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, First Department, at a Special Term of said Court, to be held at Part III. thereof, in the County Court House, in the Borough of Manhattan, in The City of New York, on Friday, the 26th day of January, 1906, at the opening of the Court on that day or as soon thereafter, as counsel can be heard thereon, for the appointment of Commissioners of Estimate and Assessment in the above-entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for the widening of a certain street or avenue known as Canal street West, between East One Hundred and Thirty-eighth street and a point 251.77 feet southerly, in the Twenty-third Ward, Borough of The Bronx, City of New York, being the following described lots, pieces or parcels of land, viz.:

Beginning at a point in the southern line of East One Hundred and Thirty-eighth street distant 262.62 feet northwesterly from the intersection of said line with the western line of Rider avenue.

1st. Thence northwesterly along the southern line of East One Hundred and Thirty-eighth street for 0.38 feet;

2d. Thence southwesterly along the eastern line of Canal Street West, which is now being legally acquired for 251.77 feet;

3d. Thence northeasterly for 251.77 feet to the point of beginning.

The widening of Canal Street West is shown on a map, entitled "Map showing the widening of Canal Street West on the easterly side from a point 251.77 feet south of East One Hundred and Thirty-eighth street in the Twenty-third Ward, Borough of The Bronx, City of New York, prepared by the President of the Borough of The Bronx under authority of chapter 466 of the Laws of 1901." Filed in the office of the President of the Borough of The Bronx on November 25, 1905; in the office of the Register of The City and County of New York on November 22, 1905, as Map No. 1114 and in the office of the Counsel to the Corporation on or about the same date.

The land to be taken for Canal Street West, is shown on Block 2332 of section 9 of the Land Map of The City of New York.

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to land through or under which is required an easement for the purpose of constructing an outlet sewer in WEST ONE HUNDRED AND SEVENTY-EIGHTH STREET, from the westerly line of Spuyten Duyvil and Port Morris Railroad to the bulkhead line of the Harlem river, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, First Department, at a Special Term of said Court, to be held at Part III. thereof, in the County Court House, in the Borough of Manhattan, in The City of New York, on Friday, the 26th day of January, 1906, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and Assessment in the above-entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for a sewer in West One Hundred and Seventy-eighth street, from the westerly line of the Spuyten Duyvil and Port Morris Railroad to the bulkhead line of the Harlem river, in the Twenty-fourth Ward, Borough of The Bronx, City of New York, being the following-described lots, pieces or parcels of land, viz.:

Beginning at a point in the westerly line of the Spuyten Duyvil and Port Morris Railroad distant 580.17 feet northerly from the intersection of said line with the northern line of West One Hundred and Seventy-seventh street.

1st. Thence westerly parallel to West One Hundred and Seventy-seventh street for 450.60 feet to the bulkhead line of the Harlem river;

2d. Thence northerly along last-mentioned line for 25.02 feet;

3d. Thence westerly parallel to West One Hundred and Seventy-seventh street for 449.83 feet to the western line of the Spuyten Duyvil and Port Morris Railroad;

4th. Thence southerly along last-mentioned line for 25.07 feet to the point of beginning.

This easement is laid out on a map or plan approved by the Board of Estimate and Apportionment on the 23d day of June, 1905, and filed in the office of the President of the Borough of The Bronx, the Register of the County of New York and the Corporation Counsel on or about the 4th day of December, 1905.

The land to be taken for said easement is located in Blocks 2883, 2886, 3231 and 3241 of Section 11 of the Land Map of The City of New York.

The sewer to be constructed is shown on a map entitled "Modified plan of drainage, showing location, size and grades of sewers in Sewerage District No. 38Q, Twenty-fourth Ward, Borough of The Bronx, City of New York, one of three similar maps prepared by the President of the Borough of The Bronx, under authority of chapter 466 of the Laws of 1901." Dated New York, May 17, 1904. Approved by the Board of Estimate and Apportionment. Filed in the offices of the President of the Borough of The Bronx, the Register of the County of New York, and the Corporation Counsel of The City of New York, on or about the 18th day of October, 1904.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by order of the Supreme Court, bearing date the 15th day of August, 1905, and the 2d day of January,

1906, and duly entered in the office of the Clerk of the County of New York, at his office in the Borough of Manhattan, in The City of New York, on the 28th day of August, 1905, and the 3d day of January, 1906, copies of which orders were duly filed in the office of the Register of the County of New York, and indexed in the Index of Conveyances, Blocks Nos. 3139, 3140 and 3141, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate and assessment of the loss and damage, if any, or of the benefit and advantage, if any, as the case may be, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening the above-mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said orders thereto attached, filed herein in the office of the Clerk of the County of New York on the 28th day of August, 1905; and a just and equitable estimate and assessment of the value of the benefit and advantage of said street or avenue so to be opened or laid out and formed, to the respective owners, lessees, parties and persons respectively entitled to or interested in the said respective lands, tenements, hereditaments and premises not required for the purpose of opening, laying out and forming the same, but benefited thereby, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening the said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, fourteenth floor, Nos. 90 and 92 West Broadway, Borough of Manhattan, in The City of New York, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 15th day of February, 1906, at 12 o'clock noon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

In the matter of the application of The City of New York, relative to acquiring title wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of WEBSTER AVENUE (although not yet named by proper authority), from the East river to Jackson avenue, in the First Ward, Borough of Queens, in The City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate of assessment, as directed by an order of the Supreme Court dated April 5, 1905, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, No. 252 Jackson avenue, in the Borough of Queens, in The City of New York, on or before the 5th day of February, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 8th day of February, 1906, at 12 o'clock m.

Second—That the abstract of our said supplemental and amended estimate of assessment, together with our benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 252 Jackson avenue, in the Borough of Queens, in said city, there to remain until the 14th day of February, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at a point formed by the intersection of the middle line of the block, between Webster avenue and Washington avenue, and the southeasterly line of the East River; thence southeasterly along said middle line of the block and its prolongation to its intersection with a line parallel to and 100 feet southeasterly from the southerly line of Jackson avenue; thence southwesterly along said parallel line to its intersection with the southeasterly prolongation of the middle line of the block between Webster avenue and

Freeman avenue; thence northwesterly along said prolongation and middle line to its intersection with the southeasterly line of the East river; thence northeasterly along said southeasterly line of the East river to the point or place of beginning, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That our supplemental and amended report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 30th day of March, 1906, at the opening of the Court on that day.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of The City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
