“The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City’s prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence.”

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York (“PPB Rules”), vendors must first complete and submit an electronic prequalification application using the City’s Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.

- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

- Administration for Children’s Services (ACS)
- Department for the Aging (DFTA)
- Department of Consumer Affairs (DCA)
- Department of Corrections (DOC)
- Department of Health and Mental Hygiene (DOHMH)
- Department of Homeless Services (DHS)
- Department of Probation (DOP)
- Department of Small Business Services (SBS)
- Department of Youth and Community Development (DYCD)
- Housing and Preservation Department (HPD)
- Human Resources Administration (HRA)
- Office of the Criminal Justice Coordinator (CJC)

CONSUMER AFFAIRS

■ NOTICE

Notice of Adoption of Rule

Notice of Adoption of a new Rule regarding the use of helpers by general vendors with disabilities.

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN the Commissioner of the Department of Consumer Affairs by Section 2203 of the New York City Charter and Sections 20-104 and 20-471 of Title 20 of the Administrative Code of the City of New York, and in accordance with the requirements of Section 1043 of the New York City Charter, that the Department promulgates and adopts Section 2-318 of Title 6 of the Rules of the City of New York, Chapter 2, subchapter F, allowing general vendors with disabilities that impair their ability to operate a general vending business to use helpers as long as they obtain authorization from the Department.

The rule was proposed and published on March 7, 2016. The required public hearing was held on April 6, 2016.

Statement of Basis and Purpose of Rule

Section 20-453 of Chapter 2 of Title 20 of the New York City Administrative Code provides that it "shall be unlawful for any individual to act as a general vendor without having first obtained a license." A number of individuals licensed as general vendors by the Department of Consumer Affairs have physical or mental disabilities that render them unable to operate their businesses without the assistance of a helper. Many of these licensees are veterans.

The rule clarifies that Section 20-453's license requirement will not apply to helpers used by licensed general vendors with disabilities that impair their ability to operate a general vending business as long as the licensee obtains authorization from the Department to use a helper and adheres to requirements with regard to the use of helpers.

The rule:

- defines the types of disabilities that would make general vendors eligible to use helpers;
- establishes procedures for requesting authorization to use helpers;
- provides for a special designation on the general vendor's license indicating that he or she is authorized to use helpers;
- provides for certain restrictions on the activities of helpers;
- requires the general vendor to be present at all times;
- requires the general vendor to maintain records regarding the use of his or her helpers;
- makes the general vendor responsible for ensuring that helpers comply with all applicable laws and regulations; and
- establishes procedures for the revocation of authorization in the event the general vendor or his or her helpers fail to comply with applicable law.

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this Department, unless otherwise specified or unless the context clearly indicates otherwise.

Rule

Subchapter AA of Chapter 2 of Title 6 of the Rules of the City of New York is amended by adding a new Section 2-318 to read as follows:

§ 2-318 General Vendor Helpers

- (a) *Definitions.* As used in this chapter, the following terms have the following meanings:

"Disability" means a physical or mental impairment that substantially limits one or more major life activities or major bodily functions and that permanently or temporarily impairs an individual's ability to operate a general vending business.

"Major bodily functions" include functions of the immune system, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine and reproductive functions.

"Major life activities" include caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating and working.

- (b) *Request for Authorization.*

- (1) Subject to the restrictions set forth in this rule, a general vendor holding a current General Vendor's license with a disability may use individuals as helpers in the operation of his or her general vending business, even if such individuals do not have general vending licenses.
- (2) A general vendor must request authorization to use helpers on forms prescribed by the Department, including a certification form to be completed by an appropriate licensed health care professional who has examined the general vendor. The licensed health care professional must: (i) attest to the existence of a disability; (ii) describe with specificity how the disability impairs the vendor's ability to operate a general vending business; and (iii) state whether the disability is permanent or temporary, and in the case of a temporary disability, the likely duration of the disability. The Department may require applicants to submit supplemental medical reports or certifications to verify the continued existence of a temporary disability.
- (3) The Department shall maintain the confidentiality of all medical records and information submitted by the general vendor seeking authorization to use helpers unless required to be produced pursuant to law.
- (4) The Department shall make a determination as soon as is practicable after receiving all requested documents and information. The Department shall then inform the party seeking authorization in writing whether the request has been approved or denied.
- (5) If the request is approved, the Department shall provide the vendor with an amended license, with an endorsement on the

front or back of the license that the licensee is authorized to use helpers. The endorsement shall specify the period during which the licensee is authorized to use helpers.

- (6) The licensee shall surrender his or her current license to the Department upon receipt of the amended license.

- (c) *Use of Helpers.*

- (1) The licensee must be physically present at the vending display at all times that his or her general vending business is being operated. Helpers may not engage in the operation of the general vending business unless the licensee is physically present. In the event that the licensee is temporarily absent from the vending display and the helper remains at the vending display, the vending display must be covered so as to alert potential purchasers that the display is closed for business. The presence of a helper at an uncovered vending display, without a licensee present, shall constitute unlicensed vending activity.
- (2) The licensee may use the services of only one helper at any given time. Use of more than one helper at a time shall constitute unlicensed vending activity.
- (3) The licensee shall maintain a chronological log of his or her use of helpers, on a form prescribed by the Department, which shall indicate the date and time of all helper use, and the name, address and phone number of each helper used. The log shall be available for inspection at all times during which the licensee's general vending business is operating, and may be inspected by an inspector of the Department or by a police officer.
- (4) The licensee will be responsible for ensuring that helpers comply with all applicable laws, rules and regulations at all times that the helpers are assisting with the general vending business, and the licensee shall be deemed liable for any breach caused by any act or omission of a helper.
- (5) The licensee will be responsible for ensuring that helpers are in possession of photo identification at all times such helper is assisting with the general vending business.
- (6) The Department may revoke authorization to use helpers, or revoke authorization for a particular helper, in the event that either the licensee or any of his or her helpers has failed to comply with applicable laws, rules or regulations, or if the Department determines that the licensee is not, or does not continue to be, a general vendor with a disability.
- (7) The Department will provide the licensee with notice and a reasonable opportunity to cure non-compliance with applicable laws, rules or regulations prior to revoking authorization to use helpers or a particular helper.
- (8) The Department will not revoke authorization to use helpers without giving the licensee notice and an opportunity to appear and rebut any claim that the licensee (i) has violated applicable laws, rules or regulations, and has failed to cure any violation, or (ii) is not, or does not continue to be, a general vendor with a disability.

- (d) *Termination of Authorization for the Use of Helpers*

- (1) For disabilities deemed permanent by a licensed health care professional pursuant to subdivision (b)(2)(iii) of this section, authorizations to use helpers will terminate on the license expiration date of the then active license. Upon renewal of the license, the renewal license will carry the helper endorsement or other indication of authorization, which will terminate on the license expiration date of the renewal license.
- (2) For disabilities deemed temporary by a licensed health care professional pursuant to subdivision (b)(2)(iii) of this section, authorizations to use helpers will terminate at the end of the endorsement period indicated on the license or on the license expiration date, whichever is sooner. If a temporary authorization is needed beyond the license expiration date, the renewal license will carry the temporary helper endorsement, which will terminate at the end of the endorsement period or on the expiration date of the renewal license, whichever is sooner.

HUMAN RESOURCES ADMINISTRATION

NOTICE

In advance of the release of the RFP, HRA is issuing a concept paper which outlines the Wellness, Comprehensive Assessment, Rehabilitation, and Employment (WeCARE) Program.

With the current WeCARE program, CAS provides a continuum of services to help cash assistance clients with medical and/or mental health conditions that affect their employability to attain their maximum levels of self-sufficiency. Individuals referred to WeCARE receive medical and psychosocial assessments to identify possible clinical conditions and social barriers that may affect their ability to participate in work-related activities. Based on the results of the assessments, a determination of an individual's functional capacity is made and a customized service plan is developed to provide a range of services tailored to meet a client's particular needs. Under the new WeCARE Program, CAS seeks to streamline the process by which individualized services are delivered to its clients, while promoting the collaborative nature of service delivery with clients.

The concept paper has been posted on the Agency's website at www.nyc.gov/hra/contracts.
