Pursuant to Local Law 80 of 2005 to amend the administrative code of the city of New York, in relation to maximizing the number of eligible New Yorkers enrolled in the federal food stamp program by distributing applications to emergency feeding programs throughout New York City.

A central focus of DSS HRA has been to encourage and assist prospective clients to electronically submit SNAP applications to afford easier accessibility to benefits. As a result, from 2005 until now, DSS HRA has not previously set forth the quantities of paper applications distributed to the Emergency Feeding Programs. Although the quantities of paper applications have been provided in previous reports as required by the local reporting law, this report, like reports over the last several years, lists all of the emergency feeding programs in NYC and all of the quantities of applications distributed reflect a quantity of “0” reflecting the focus of submitting SNAP applications electronically.

Please note that DSS HRA is reporting fewer Emergency Feeding programs because a number of EFAP sites were not operating during the reporting period as a result of COVID.
