REPORTS. (G. O. 1077.)

The Committee on Streets, to whom was referred the annexed resolution and ordinance in favor of restricting the traffic on the Western Boulevard, between Fifty-ninth street and Manhattan street, respectfully

REPORT:

That, having examined the subject, they believe the proposed ordinance to be necessary. They therefore recommend that the said resolution and ordinance be adopted.

Whereas, It is desirable that the various kinds of traffic on the Boulevard be regulated and directed for the mutual benefit of all persons who use that thoroughfare; and

Whereas, Either from lack of power vested in this Board, or because of reasonable objections made to or filed with it, neither the pending resolution intended to reach this subject nor any of the compromises suggested appears practicable; and

Whereas, It is believed that the difficulties and dangers of traffic on that thoroughfare could be largely dispelled by the bicycle police force, provided an ordinance were passed establishing rules of the road not inconsistent with the rights and convenience of all classes of travel; therefore

Resolved, That the following ordinance be and the same hereby is adopted:

Section 1. Except when going or coming directly from or to their place of departure or destination on said Boulevard, and except when actually passing another vehicle or an obstacle, all trucks, express wagons, vans and business vehicles of all sorts shall keep in single line upon their extreme right of the Western Boulevard at all points between Fifty-ninth street and Manhattan street.

Sec. 2. Except when going or coming directly from or to their place of departure or destination on said Boulevard, and except when actually passing an obstacle in the roadway, all bicycles and passenger vehicles shall use only those portions of the Western Boulevard between Fifty-ninth street and Manhattan street not set apart in section 1 hereof for the use of the vehicles therein mentioned; and all bicycles and passenger vehicles shall keep to their right of those portions of said Boulevard by this section allotted for their use.

Sec. 3. This ordinance shall take effect immediately, and any person violating any of the provisions thereof shall be liable to a fine of five dollars for each offense.

COLLIN H. WOODWARD, ANDREW A. NOONAN, JACOB C. WUND, JOSEPH SCHILLING, WILLIAM M. K. OLCOTT, Committee on Streets.

Which was laid over.

DEPARTMENT OF PUBLIC WORKS—COMMISSIONER'S OFFICE, No. 150 NASSAU STREET, NEW YORK, October 5, 1896. Hon. JOHN JEROLOMAN, President, Board of Aldermen:

DEAR SIR—On the accompanying resolution of the Board of Aldermen, requesting the Commissioner of Public Works to inform the Board of Aldermen why the resolution requesting that water-mains be laid in One Hundred and Eleventh street, between the Boulevard and Riverside Drive, has not been complied with, I beg to report that that part of One Hundred and Eleventh street was graded in August last, but a sewer has not yet been constructed. Resolved, That the Commissioner of Public Works be and he is hereby respectfully requested to furnish this Board with the information why the resolution passed November 12, 1895, requesting that water-mains be laid in One Hundred and Eleventh street, between the Boulevard and Riverside Drive, has not been complied with.

COMMUNICATIONS.

The President laid before the Board the following communication from Acker, Merrill & Condit:

NEW YORK, September 18, 1896. *To the Honorable Board of Aldermen, City of New York:*
DEAR SIRS—I desire to place my name in protest against ordinance relating to news-stands under "L" station stairs, as passed by your Honorable Body on September 3d inst., unless it is amended so as to include clause requiring consent of owner or lessee of property in front of which stand is to be placed.

ACKER, MERRILL & CONDIT, Nos. 130 and 132 Chambers street.

Which was filed with the Clerk.

The President laid before the Board the following communication from League of American Wheelmen:

LEAGUE OF AMERICAN WHEELMEN, NEW YORK STATE DIVISION, DIVISION HEAD-QUARTERS, NO. 811 VANDERBILT BUILDING, NEW YORK, N. Y., October 1, 1896. *To the Honorable Board of Aldermen of New York City:*

GENTLEMEN—We, the Board of Consuls of the League of American Wheelmen, Consulate of New York, do hereby solicit permission to register with your Honorable Body an expression of opinion upon certain propositions affecting wheelmen which are under consideration by you.

It has been reported in the newspapers: First—That a resolution is pending looking to the restricting of heavy traffic on the Boulevard, from Fifty-ninth to One Hundred and Eighth street. Second—That a compromise measure introduced suggests such restriction only at certain hours. Third—That the Mayor has suggested "regulating" traffic so that one side of the Boulevard shall be exclusively for wheelmen.

A public hearing was granted and the newspapers have commented upon the fact that the L. A. W. was not represented at said hearing. In this connection we would also call your attention to the fact that none of the many large cycle clubs attended your session, nor did a single wheelman raise his voice in advocacy of the scheme.

Some of the newspapers have printed a few letters scoring the organizations and their officers for this inactivity. But we are delighted to find that not a single wheelman or wheelman's organization appeared before your Honorable Body to ask for such a special privilege as the exclusive use of a street on this island.

We would call your attention to the fact that several years ago, when wheelmen were excluded from the public parks, we made an organized effort against this injustice, and succeeded through the Legislature in procuring a law which gave us the "free use of all highways." Having accomplished this, it would be against our principles now to ask for the exclusion from any high-

way of any other class of citizens, if indeed citizens may be classed by the style of vehicle in which they may be traveling. We therefore wish to be on record as not only not requesting the passage of any such resolution as is now under consideration, but as being unalterably opposed to it. We believe that it is beyond the power of your Honorable Body to convert the Boulevard into a parkway, or to exclude heavy traffic, without a special act of the Legislature. And we further believe that the granting to bicyclists of the exclusive use of one side of the Boulevard is also beyond your legal power, because it would be an infringement of our rights under the so-called Liberty Bill, in that it would exclude cyclists from the opposite side. Moreover, it is our belief that either course would be unwise and useless. Between the points named, Fifty-ninth and One Hundred and Eighth streets, cyclists now have two roads from which heavy traffic is excluded, viz.: Central Park and Riverside Drive. There is more need of the exclusion of heavy traffic from other streets than the Boulevard, but as a body representing the best interests of the cyclists, and looking into the future rather than considering immediate and selfish interests, we oppose the principle of setting up cycle paths within the city, but prefer to work for what we term good roads, which must prove a benefit alike to all classes of citizens.

But while abandoning the request which others have set up for us that your Honorable Body should give us one roadway free from the perils of death and maiming, we must reiterate our request of last spring—that you enact such regulations as shall remove these perils from all streets. We do not desire to be compelled to walk up to the Boulevard, for the sake of riding a few blocks without danger; we prefer to have the just privilege of riding in any and all the streets without menace of life and limb which now exists.

It is several months since we called attention to the facts that drivers of heavy wagons, because of not carrying lamps at night, and because of fast driving across asphalted avenues, and because of turning corners without warning, and because of general disposition to annoy cyclists, have made this city the most dangerous on this continent for a cyclist. And we called your attention to the impropriety of permitting the cable cars to make an exchange station of the intersection of the Boulevard and Columbus avenue, to the danger of all who cross that point. And since our petition a cyclist has been killed at that point, but the cable cars still make the same use of the spot.

Now, therefore, we again urge upon your Honorable Body the necessity of passing such regulations as shall correct these evils, and we feel assured that if this is done, and if the Police Department then carry out the regulations as enacted, the cry for a restricted thoroughfare will cease. Whereas the restriction suggested would only increase the present danger in the non-restricted streets.

By order of the Board of Consuls, FREDERICK M. FROBISHER, Secretary.

Which was referred to the Committee on Streets.

Resolved, That while either of the proposed ordinances favorably considered and affirmatively acted upon by this Board affords temporary relief, the following proposition be considered by the Committee on Streets, with a view of reporting an ordinance that will grant to all interests affected such permanent accommodation as emergencies seem to demand:

First—The practicability and advisability of designating a requisite number of feet on the east side of the grass plots of the said Boulevard, for bicyclists going north; and an equal space on the west side of the said grass plots, for bicyclists going south.

CITY OF NEW YORK—OFFICE OF THE MAYOR, September 14, 1896. To the Honorable the Board of Aldermen:

I return herewith, without approval, resolution of your Honorable Body, adopted September 3, 1896, regulating the placing of stands under elevated railroad stairs.

The resolution appears to have been passed in pursuance of the authority conferred by subdivision 3 of section 86 of the Consolidation Act, as amended by chapter 718 of the Laws of 1896. The section of the Consolidation Act thus amended prescribes the maximum length along the sidewalk which may be occupied by any booth, which length is to be determined by a line drawn from the under surface of the stairs where they come in contact with the sidewalk, to a point from which, if a perpendicular were erected from the sidewalk to the under surface of the stairs above, said perpendicular would not be greater than seven (7) feet. The resolution should specify particularly the length of the stands.

The stairs approaching the elevated stations, on account of the necessities of construction, are not all at the same angle and are sometimes broken by a platform in the middle of the rise, so that the mere description in the statute, if the resolution became a law, would give greater facilities to some stands than to others.

Again, the resolution should be so amended as to provide that while only papers and periodicals may be sold, the license to be granted should be upon the express condition that the privilege is to be exercised in person by the licensee, and that there shall be no right of assigning such privilege, and that upon its being so assigned, or the privilege being used by any person other than the licensee, it becomes void.

Again, the resolution should be further so amended as to require the consent of the abutting property-owners or lessees for the erection of the stands referred to, and to require that no compensation shall have been or be received for such consent.

AN ORDINANCE to regulate the use of the sidewalks of the streets of the City of New York underneath the stairs leading to the stations of the elevated railroads for stands for the sale of newspapers and periodicals.

The Mayor, Aldermen and Commonality of the City of New York do ordain as follows:

Section 1. Any person desiring to erect a stand underneath the stairs of the elevated railroad stations for the sale of newspapers and periodicals shall file an application in the office of the Clerk of the Board of Aldermen, in which the applicant shall state (1) his name and residence; (2) that he is a citizen of the United States; (3) the location desired for such stand.

Sec. 2. At the last meeting of the Board of Aldermen in each and every month it shall be the duty of said Clerk to transmit thereto all such applications received and filed, which shall then and there be referred to the Committee on Law Department; which committee, at the first meeting of the Board in the following month, shall report its decision in each case separately.

Sec. 3. In case the Board shall approve the location of the stand at any place or places mentioned in such report, it shall pass a separate resolution for each location of the stand; (2) that it shall not exceed the height of over seven feet nor be wider than the width of the stairs under which it is placed; (3) that said stands shall be constructed, erected and maintained at the applicant's expense, under the direction of the Commissioner of Public Works, upon plans to be approved by the Chief Engineer of the Manhattan Railway Company, so as to permit of a ready removal of so much thereof as may be necessary to enable the said company, its agents or employees, to get convenient access to the under part of said stairways for the inspection, painting or repairing thereof; and (4) shall be painted the same color as the stairs of the elevated road, and no advertisement shall be painted or displayed thereon; and (5) that the permission shall continue only for the period of one year; (6) an annual license fee of ten dollars shall be charged on the granting of the permit by the Mayor for stands under the steps of the elevated railroad as above provided.

Sec. 4. Every permit granted pursuant to this ordinance shall contain the following reservation:

"It is expressly agreed and understood that this permit is given subject to the right of the Manhattan Railway Company, its agents, employees, successors, or assigns, or the owner of said stairway, at any time properly to inspect, paint, repair, renew, reconstruct or remove of said stairway, or any portion thereof, and without claim on the part of said licensee as against said company, its agents, employees, successors or assigns, or the owner of said stairway, for damages to, or interference with, said booth or stand, or the business therein conducted, occasioned by such inspection, painting, repair, renewal, reconstruction, or removal."

Sec. 5. This ordinance shall take effect immediately.

Alderman Hall raised the point of order that veto messages came under the order of Unfinished Business, and could not be considered under the order of Motions and Resolutions.

But the President ruled that the point of order was not well taken.

On motion of Alderman Kennefick, the Board then, as provided by section 75, chapter 410 of the Laws of 1882, proceeded to reconsider the same, and, upon a vote being taken thereon, was finally adopted as follows:

Affirmative—Aldermen Brown, Campbell, Clancy, Dwyer, Goetz, Goodwin, Hackett, Kennefick, Lantry, Marshall, Muh, Murphy, Noonan, Oakley, O'Brien, Olcott, Parker, Randall, Robinson, Schilling, School, Tait, Wines, Woodward, and Wund—25.

Negative—The President, Aldermen Goodman and Hall—3.

REPORTS AGAIN RESUMED.

The Committee on Finance, to whom was referred the annexed petition in favor of requesting the Board of Estimate and Apportionment to appropriate \$2,500 for the support of the Webster Free Library, respectfully

REPORT :

That having examined the subject, they believe that such appropriation should be made. They therefore recommend that the annexed resolution be adopted.

Resolved, That the Board of Estimate and Apportionment be and it is hereby respectfully requested to appropriate to the Webster Free Library the sum of two thousand five hundred dollars for the support of said Library and purchase of books for the same.

WILLIAM M. K. OLCOTT, FRANK J. GOODWIN, FREDERICK L. MARSHALL, JOHN P. WINDOLPH, ROBERT MUH, Committee on Finance.

To the Common Council of the City of New York :

The petition of the Webster Free Library, and of citizens of New York interested in it, respectfully sheweth :

That this library was established in the City of New York, at the foot of East Seventy-sixth street, in January, 1894; that it was built on land belonging to a corporation known as the East Side House, and was supplied with books chiefly by the gift of Mr. Edward Clarence Spofford. That the building, the land on which it is situated, and the books themselves, belong to the said corporation, which maintains the said library for the welfare and free use of the public. That besides the actual circulation of books, and lending the same to persons to be used in their houses, it maintains a free reading-room for the use of the public. That all the expenses thereof have been and are maintained by the gifts of private citizens, except that it receives two hundred (200) dollars a year for the purchase of books from the library fund managed by the Board of Regents of the University of the State of New York, and has received a grant of about ten cents for each volume of circulation, pursuant to previous resolutions of the Common Council of the City of New York, and of section 37, chapter 378 of the Laws of the State of New York of 1892.

The said library was named the Webster Free Library, because the money for the erection of its building was given by Mr. Charles B. Webster, of the firm of Macy & Co.

A separate account is kept of all expenses and disbursements of every kind connected with the library, and the moneys received from the State have been used wholly for the purchase of books, as directed by the Regents. The money received from the City under the grants aforesaid has been appropriated solely for the support of said library, the expenses of which amount to about three thousand five hundred (3,500) dollars per annum.

In consequence of the grant made as aforesaid by your Honorable Body, and by the Board of Estimate and Apportionment, and the extension of facilities which said library has been able to make and has made, in consequence thereof, the circulation of books during the current year has very largely increased, and will undoubtedly amount to considerably over 26,000 volumes, beside the books and periodicals that are used in the reading-room. There is no other free and general library of any sort in that section of the city east of Central Park, in which said library is situated. The population of this part of the city numbers over 250,000, and the circulation of good books among them is both useful and acceptable to our citizens.

Wherefore, your petitioners pray that your Honorable Body would appropriate for the use of said library during the year 1897 the sum of two thousand five hundred dollars, and we request the Board of Estimate and Apportionment to appropriate said sum to the support of said library and purchase of books for the same.

Whereas, It is desirable that the various kinds of traffic on the Boulevard be regulated and directed for the mutual benefit of all persons who use that thoroughfare; and

Resolved, Section 1. That a strip of white asphalt four inches wide, shall be laid eighteen feet from the curb-line on each side of the Boulevard, from Fifty-ninth street as far north as the asphalt extends, except at the intersection of cross street where said strip shall be omitted according to the accompanying drawing. By Alderman Parker—
To the Honorable Board of Aldermen of the City of New York:
Application is hereby made on behalf of the Metropolitan Fuel Gas Company of the City of New York for the right, franchise, privilege, permission and consent to lay mains and pipes in and through the streets, highways, alleys, avenues and public places in the City of New York, for the purpose of conducting and supplying non-illuminating fuel gas, to public and private buildings in the said city, and to make the necessary excavations for the purpose of laying such mains and pipes and keeping the same in repair, and making necessary alterations as may be from time to time required, which right, franchise, privilege, permission and consent is to be granted and accepted on the following terms and conditions; and it is expressly stipulated by the said company, as follows:

First—That in the laying of said pipes and mains, and in the repair and alteration thereof, no sewer-pipe, gas-pipe, water-pipe or drain, or connections thereof shall be in any way injured, tapped or interfered with by the said company.

Second—That in the laying of said pipes and mains, and in the repair and alteration thereof, any and all pavements, walks, curbs, streets, highways, alleys and squares, or any part thereof which may be injured, disturbed, displaced or in any manner interfered with, shall be replaced, repaired and restored to the same condition as before the laying, repair or alteration of said pipes and mains, in a proper, suitable and sufficient manner, promptly and without unreasonable delay, under the direction and subject to the approval of the Commissioner of Public Works of the City of New York, his successor or successors in office, and that the said company shall be governed by such laws and ordinances as the Board of Aldermen of the City of New York may have enacted or shall hereafter enact, and also by such general rules and regulations as may be prescribed by the Commissioner of Public Works, his successor or successors in office, and by the general rules and regulations of the Rapid Transit Commissioners, which may be prescribed from time to time for the opening of streets in the line of proposed tunnels.

Third—That no pipes or mains shall be laid under any sidewalk in the said City of New York by the said company, without its having previously written permission therefor from the owner of the property fronting upon such sidewalk.

Fourth—That the said company, its successors or assigns, shall protect, indemnify and forever save harmless, the said City of New York from any and all claims, demands, actions, cause or causes of action, damages, costs, losses, expenses, debts or obligations which may at any time be made, incurred, suffered or allowed on account of, or in any manner whatsoever arising from the right, privilege, grant and franchise hereby applied for, or from any excavations or other works in any of the streets, alleys, common squares or places aforesaid at any time, or for any purpose, or from the operations of the said company in any manner, and from any cause or causes arising from any act or omission of the said company, its successors, agents or representatives, and that the said City of New York shall not incur by reason of the granting of said right, franchise or privilege, any liability or obligation whatsoever to the said company or to its successors or assigns upon or on account of any damages to its pipes, mains, plant or property, whether the same shall be occasioned by any neglect of the said city, its officers, agents or employees, or by any neglect of repairing the streets, or any interruption in the supply of gas, heat or power occasioned by any accident in repairs to or improvements on any of the streets, highways, squares, alleys and public places of the said city, or by any other cause or causes whatsoever.

AQUEDUCT COMMISSION.

Minutes of Stated Meeting of the Aqueduct Commissioners, held at their office, No. 209 Stewart Building, on Wednesday, September 30, 1896, at 3 o'clock P. M.

Present—Commissioners Duane, Tucker, Cannon and Green.

The Construction or Executive Committee presented the following communication, received from the Chief Engineer :

NEW YORK, September 30, 1896.

To the Honorable the Committee on Construction :

GENTLEMEN—The new highways around the Carmel Reservoir have been finished for some time, and, inasmuch as the Town authorities do not express any desire to negotiate with you as to the transfer of the said highways to the Town, I respectfully suggest that the Aqueduct Commissioners communicate with the Highway Commissioners of the Towns of Carmel and Kent and notify them that the new highways, built in accordance with the Aqueduct Acts, are now completed and should be transferred to the Town authorities.

Mr. Dykman having already assisted you under similar circumstances in other towns, you may think it proper to take that action through him.

Yours respectfully, A. FTELEY, Chief Engineer.

—and recommended the adoption of the following resolution :

Resolved, That a copy of the above communication be transmitted to H. T. Dykman, Special Counsel for the City of New York, with request that he notify the Highway Commissioners of the Towns of Carmel and Kent, Putnam County, New York, that the new highways which have been built in accordance with the Aqueduct Acts are now completed and should be transferred to the Town authorities, and that he take such action as may be necessary to perfect such transfer.

On motion of Commissioner Green, the same was adopted.

The Committee also presented the following communication, received from the Chief Engineer, and recommended that the authority asked for therein be granted :

NEW YORK, September 30, 1896.

To the Honorable the Committee on Construction :

GENTLEMEN—The necessary pipes having been furnished by Messrs. R. D. Wood & Company at Shaft No. 25, I respectfully suggest that a portion of them which are to be built into the work now being performed about the Gate-house be laid by the contractor in charge of the contract for the Harlem River Driveway under the Park Commissioners. It is practically impossible to perform that work under other conditions, as the pipes are to be imbedded in masonry which is a part of the contract for the Driveway. I have already seen the contractor, and I think that matters can be arranged on a reasonable basis.

This is to ask you to authorize me to make with the contractor such arrangements as in my judgment will best serve the interests of the City. The cost of the work will not exceed \$1,200.

Yours respectfully, A. FTELEY, Chief Engineer.

On motion of Commissioner Cannon, the recommendation was approved.

The Committee also presented the following :

BOARD OF ARMORY COMMISSIONERS.

MAYOR'S OFFICE, September 29, 1896.

A meeting of the Armory Board was held this day, at 11 o'clock A.M., at the office of the Mayor.

Present—The Mayor, the Commissioner of Public Works, Brigadier-General Fitzgerald, and Colonel Seward.

The minutes of the meeting held June 23 were read and approved.

On motion of Brigadier-General Fitzgerald, Colonel Seward was named as Acting Secretary.

The following communication was received:

DEPARTMENT OF PUBLIC WORKS—COMMISSIONER'S OFFICE, NEW YORK, JUNE 30, 1896.
Hon. E. P. BAKER, Secretary, Armory Board:

DEAR SIR—In compliance with the request made by your Board on March 31, ultimo, I have the honor to transmit herewith a survey, map in duplicate, and technical description of land for a site for the armory of the First Battery, N. G., S. N. Y. Very respectfully,

HOWARD PAYSON WILDS, Deputy Commissioner of Public Works.

The Secretary stated that the map referred to had been transmitted to the Sinking Fund, for their concurrence, in accordance with the resolution adopted at the last meeting.

Communications dated June 26 and September 28, were received from the Comptroller, transmitting the concurrence of the Sinking Fund Commissioners in resolutions for the payment of two thousand dollars (\$2,000) to Cable & Sargent, Architects for the Ninth Regiment Armory, in the appropriation of thirty thousand dollars (\$30,000) for the purpose of wiring and furnishing fixtures and connections for lighting the Seventh Regiment Armory by electricity; and for twenty-five thousand dollars (\$25,000) for the payment for work and materials required in the completion and furnishing of the armory building to be occupied by the Ninth Regiment, N. G., N. Y. Ordered filed.

The Secretary presented certificates from the Architect and Assistant Clerk of the Works, as to the completion of the armory for Squadron "A" on Madison avenue, between Ninety-fourth and Ninety-fifth streets, and reported that the contract of James R. F. Kelly & Co., for the work, was dated September 6, 1895; that the work was to have been completed within three months, and that such time had expired on December 6, 1895, at which date, or very soon thereafter, the work was practically completed, and the troop occupied the armory. The certificate of the Architect was withheld because of a violation placed by the Building Department on account of some plumbing work, which was done outside of the contract, and of which Messrs. Kelly & Co. had no control; said violation now being discharged, as indicated by notice from the Building Department of June 27, filed with this Board, the Secretary offered the following:

Resolved, That the time for the completion of the contract of Messrs. James R. F. Kelly & Co. for completing the armory on Madison avenue, extending from Ninety-fourth to Ninety-fifth street, dated September 6, 1895, and expiring December 6, 1895, be and hereby is extended to September 29, 1896.

Which was adopted by the following vote: Ayes—The Mayor, the Commissioner of Public Works, Brigadier-General Louis Fitzgerald and Colonel Seward.

Brigadier-General Fitzgerald offered the following:

Resolved, That the Comptroller be authorized to pay to James R. F. Kelly & Co., contractors, the sum of ten thousand and six dollars and ten cents (\$10,006.10) as per accompanying voucher, in full for their contract for the completing of the armory on Madison avenue, extending from Ninety-fourth to Ninety-fifth street.

Which was adopted by the following vote: Ayes—The Mayor, the Commissioner of Public Works, Brigadier-General Fitzgerald and Colonel Seward.

The Secretary presented an application and affidavit by James D. Murphy, for the payment to him of the sum of five thousand nine hundred and fifty dollars (\$5,950) with the Architect's certificate that the work had been performed in accordance with the contract and specifications, on account of his contract for the armory building on Fourteenth street, west of Sixth avenue.

Brigadier-General Fitzgerald offered the following:

Resolved, That the Comptroller be authorized to pay to James D. Murphy the sum of five thousand nine hundred and fifty dollars (\$5,950), as per accompanying voucher, on account of his contract for the erection of an armory building on Fourteenth street, west of Sixth avenue.

Which was adopted by the following vote: Ayes—The Mayor, the Commissioner of Public Works, Brigadier-General Fitzgerald and Colonel Seward.

The Secretary presented certificates from the Architect and Assistant Clerk of the Works, as to the completion of the contract for an additional rifle range in the armory building on Fourteenth street, west of Sixth avenue, and stated that the contract was dated November 2, 1895, and by its terms expired on April 2, 1896; that while the work was practically completed within the time of the contract, it was so incorporated with the work under the general contract that no certificate had heretofore been issued for it; that no damage had been caused by the delay, and offered the following resolutions:

Resolved, That the time for the completion of the contract of James D. Murphy, for an additional rifle range in the armory building on Fourteenth street, west of Sixth avenue, dated November 2, 1895, and expiring April 2, 1896, be and hereby is extended to September 29, 1896.

Which was adopted by the following vote: Ayes—The Mayor, the Commissioner of Public Works, Brigadier-General Fitzgerald and Colonel Seward.

Resolved, That the Comptroller be authorized to pay James D. Murphy the sum of one thousand six hundred and forty-eight dollars and seventy-nine cents (\$1,648.79), as per accompanying voucher, in full for his contract for an additional rifle range in armory building on Fourteenth street, west of Sixth avenue.

Which was adopted by the following vote: Ayes—The Mayor, the Commissioner of Public Works, Brigadier-General Fitzgerald and Colonel Seward.

The Secretary presented a bill of James D. Murphy for extra work on the armory building on Fourteenth street, west of Sixth avenue, and offered the following:

Resolved, That the bill of James D. Murphy, for extra work on the armory building on Fourteenth street, west of Sixth avenue, in excess of the contract price, be audited and allowed as follows: For cast-iron work on Ninth Regiment Armory, by resolution of Armory Board May 16, 1896, four hundred and twenty-five dollars (\$425).

Which was adopted by the following vote: Ayes—The Mayor, the Commissioner of Public Works, Brigadier-General Fitzgerald and Colonel Seward.

Resolved, That the Comptroller be authorized to pay to James D. Murphy the sum of four hundred and twenty-five dollars (\$425) for extra work on the armory building on Fourteenth street, west of Sixth avenue, and that the Commissioners of the Sinking Fund be requested to concur in the same.

Which was adopted by the following vote: Ayes—The Mayor, the Commissioner of Public Works, Brigadier-General Fitzgerald and Colonel Seward.

Two communications were received from James D. Murphy in relation to the steam-heating apparatus and the electrical work in connection with his contract for the Ninth Regiment Armory. Ordered filed.

The Secretary reported that certain work in the contract of James D. Murphy, for the erection of the Ninth Regiment Armory, as described under the paragraph "Fifteenth Street Sidewalk" on page 13 of his contract, was not done as therein provided, and a deduction of three hundred dollars had been made from the amount of such contract;

That the contract provides, on page 4, for the retaining of "one per cent. of the amount of the contract till the perfect working and efficiency of the heating apparatus has been tested by the Armory Board during the winter following the completion of the building";

That it also provides, on page 33, under "Electric-lighting," that a certificate shall be obtained from the New York Board of Fire Underwriters by the contractor and delivered to the Architects before final payment is made. The contractor states that he has made arrangements to test the work as soon as the connections are made with the illuminating company's circuit, making the test possible, when he will deliver such certificate.

The Secretary also reported that the date of the contract was October 24, 1894, and the time for completion, eighteen months, expired on April 24, 1896, but for a number of months the work was stopped by order of the Armory Board, awaiting certain examinations and directions from the Building Department.

That the certificate of the Architect and Assistant Clerk of the Works, as to the completion of the building, are herewith presented, and recommended the following:

Resolved, That the time for the completion of the contract on the Ninth Regiment Armory Building on Fourteenth street, west of Sixth avenue, dated October 24, 1894, and expiring April 24, 1896, be and the same is hereby extended to September 29, 1896.

Which was adopted by the following vote: Ayes—The Mayor, the Commissioner of Public Works, Brigadier-General Fitzgerald and Colonel Seward.

Resolved, That the armory building on Fourteenth street, west of Sixth avenue, constructed by James D. Murphy, under contract dated October 24, 1894, be and the same is formally accepted, and the contractor and Architect relieved of any further responsibility under this contract, in regard to the same, except as provided in the contract with said contractor, on page 16, under paragraph "Roofs," that he is to warrant the roof not to leak for three years after its completion; on page 33, under "electric lighting," "that a certificate shall be obtained from the New York Board of Fire Underwriters, by the contractor, and delivered to the Architects before final payment is made," and also on page 4, under "Payments," retaining "one per cent. of contract price until the perfect working and efficiency of the steam-heating apparatus has been tested by the Armory

Board during the winter following the completion of the building; and the guarantees for the same to be provided for as the Comptroller may deem fit and proper."

Which was adopted by the following vote: Ayes—The Mayor, the Commissioner of Public Works, Brigadier-General Fitzgerald and Colonel Seward.

Resolved, That the Comptroller be authorized to pay to James D. Murphy the sum of forty-five thousand five hundred and twenty-nine dollars and fourteen cents (\$45,529.14), as per accompanying voucher, in full for his contract for the erection of an armory building on Fourteenth street, west of Sixth avenue; and that his attention be called to the guarantee of the contractor to warrant the roof not to leak for three years after its completion, as specified on page 16, under paragraph "Roofs," and to the requirement for a certificate from the New York Board of Fire Underwriters, under "Electric-lighting," on page 33, in order that such guarantees may be furnished.

Which was adopted by the following vote: Ayes—The Mayor, the Commissioner of Public Works, Brigadier-General Fitzgerald and Colonel Seward.

The Secretary presented certificates from the Architect and Assistant Clerk of the Works, certifying to the completion of the sidewalk on Fifteenth street, in accordance with the specifications, and offered the following:

Resolved, That the Comptroller be authorized to pay to James D. Murphy the sum of nine hundred and ninety dollars (\$990) in full for a cement sidewalk on the Fifteenth street side of the Ninth Regiment Armory building, as authorized by this Board June 23, 1896.

Which was adopted by the following vote: Ayes—The Mayor, the Commissioner of Public Works, Brigadier-General Fitzgerald and Colonel Seward.

Brigadier-General Fitzgerald made the following report:

HEADQUARTERS FIRST BRIGADE, N. G., N. Y., NEW YORK, September 18, 1896. To the Board of Armory Commissioners, New York:

SIR—In accordance with your communication of June 25, referring an application of Captain David Wilson, Commanding Second Battery, N. G., N. Y., to provide 20 stalls for horses and make the necessary alterations for drainage in his armory, I have the honor to report that no application has been made to me and no permission has been given by me to keep horses in the basement of the armory building on Park avenue, Thirty-third and Thirty-fourth streets; that, in my judgment, such use of the premises would be detrimental to the building and was not contemplated in the construction of the same, and that it is not of vital importance to a battery of artillery in the National Guard, when its requirements for active duty are taken into consideration, to have any number of horses stabled in its armory.

I have requested the views of the Seventy-first Regiment, the joint occupant of the building, on this subject and beg to present herewith the following:

"Extract from the minutes of the regular quarterly meeting of the Board of Officers of the Seventy-first Regiment, held at the armory on the evening of Tuesday, July 14, 1896.

"Resolved, That, in the opinion of this Board, the stabling of horses in any portion of this building will be highly objectionable, particularly during the winter months, and will be detrimental to the best interests of this regiment, and that the Commanding Officer be and he is hereby directed to take such steps as he thinks proper to prevent the keeping of horses in any part of the building.

"I certify that the foregoing is a correct extract of the minutes of the above-named meeting.

"W. G. BATES, Secretary."

I therefore respectfully recommend that the application of Captain David Wilson, Commanding Second Battery, N. G., N. Y., that 20 stalls for horses with mangers, hay-racks, etc., and the necessary alterations to the floor and drainage be furnished be declined.

Very respectfully, LOUIS FITZGERALD, Brigadier-General.

On motion of Colonel Seward the report was accepted and unanimously adopted.

A communication was received from David Wilson, Captain, Second Battery, N. G., N. Y., requesting permission to withdraw his application of June 4, for the erection of stalls, etc., in the armory of his organization. Laid on the table.

The Secretary reported that the Comptroller had transmitted to him a complaint from the Department of Buildings that the stairs in the Seventy-first Regiment Armory were unsafe and dangerous, and recommended a plan for reinforcing them. This complaint was transmitted to the Department of Public Works, to the Assistant Clerk of the Works of the Armory Board, and to the Architect of the building for investigation. Reports from each of these individuals were also presented, whereupon Brigadier-General Fitzgerald moved that the Secretary get estimates and prepare resolutions with a view of having the work done under the Armory Board, in accordance with the suggestions from the Commissioner of Public Works and the Building Department.

Which was adopted by the following vote: Ayes—The Mayor, the Commissioner of Public Works, Brigadier-General Fitzgerald and Colonel Seward.

The following communications were received:

From Architect James E. Ware, asking payment for his services in connection with the construction of the additional gallery in the Twelfth Regiment Armory; from Architect John R. Thomas, asking payment for his services in connection with the completion of the armory on Madison avenue, between Ninety-fourth and Ninety-fifth streets, both of which were laid over.

Colonel Seward reported the following items not provided for in the completion of the Ninth Regiment Armory: A rail protecting against nuisances on Fifteenth street similar to the one specified for the Fourteenth street front, a local telephone in the building, an iron roof fence, protecting the building from incursions from the roofs of adjacent tenement-houses on the east and west, and grill-doors to book-cases in library. These items were estimated to cost fourteen hundred dollars (\$1,400), and were deemed necessary by the Board, and the Secretary directed to include them in the advertisements for work to complete and furnish the building.

On motion, adjourned.

WILLIAM SEWARD, Colonel Ninth Regiment, Acting Secretary.

M., on Monday, October 12, 1896, at which time and hour they will be publicly opened:

No. 1. FOR REGULATING, GRADING, SETTING CURB-STONES, FLAGGING THE SIDEWALKS, LAYING CROSSWALKS AND PLACING FENCES IN FRANKLIN AVENUE, from Third avenue to Crotona Park.

No. 2. FOR REGULATING, GRADING, SETTING CURB-STONES, FLAGGING THE SIDEWALKS, LAYING CROSSWALKS AND PLACING FENCES IN LIND AVENUE, from Wolf street to Aqueduct avenue.

No. 3. FOR CONSTRUCTING SEWERS AND APPURTENANCES IN EAST ONE HUNDRED AND EIGHTY-EIGHTH STREET, between Third avenue and Bathgate avenue, AND IN EAST ONE HUNDRED AND EIGHTY-NINTH STREET, between Third avenue and Washington avenue, WITH BRANCHES IN WASHINGTON AVENUE, between Third avenue and Pelham avenue.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each bid or estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of

the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety, in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in a sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of the deposit will be returned to him.

The Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards reserves the right to reject all bids received for any particular work if he deems it for the best interests of the City.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreements, and any further information desired, can be obtained at this office.

ARMORY BOARD.

ARMORY BOARD—OFFICE OF THE SECRETARY, NEW YORK, October 2, 1896.

PROPOSALS FOR ESTIMATES FOR MATERIALS AND WORK IN FURNISHING GAS AND ELECTRIC LIGHT FIXTURES, IRON RAILINGS, ETC., FOR AN ARMORY BUILDING ONE HUNDRED AND SEVENTY-FIVE FEET TWO AND ONE QUARTER INCHES WESTERLY FROM SIXTH AVENUE, AND EXTENDING FROM FOURTEENTH STREET TO FIFTEENTH STREET, IN NEW YORK CITY.

PROPOSALS FOR ESTIMATES FOR MATERIALS AND WORK IN FURNISHING GAS AND ELECTRIC light fixtures, iron railings, etc., for an Armory building one hundred and seventy-five feet two and one-quarter inches westerly from Sixth avenue, and extending from Fourteenth street to Fifteenth street, in the City and County of New York, will be received by the Armory Board, at the MAYOR'S OFFICE, CITY HALL, UNTIL 10 O'CLOCK A.M., WEDNESDAY, THE 14TH DAY OF OCTOBER, 1896, at which time and place they will be publicly opened and read by said Board.

Any person making an estimate for the above work shall furnish the same in a sealed envelope to the President of said Armory Board, indorsed "Estimate for Furnishing Gas and Electric Light Fixtures, Iron Railings, etc., for the Ninth Regiment Armory Building on the northerly side of Fourteenth street, west of Sixth avenue," and also with the name of the person or persons presenting the same, and the date of its presentation.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, in the amount of THREE THOUSAND DOLLARS (\$3,000).

Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become part of every estimate received:

1. Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the estimate, and shall not at any time after the submission of an estimate dispute or complain of the statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2. Bidders will be required to complete the entire work to the satisfaction of the Armory Board, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed at the prices therefore, to be specified by the lowest bidder, shall be due or payable for the entire work.

Bidders will state in their estimates a price for the whole of the work to be done, in conformity with the approved form of contract and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office, with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein, and if no other person be so interested the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making any estimate for the same purpose, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof, which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance;

and that if said person or persons shall omit or refuse to execute the contract they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation or the Armory Board may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of ONE HUNDRED AND FIFTY DOLLARS (\$150). Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Board who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned by the Comptroller to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him by the Comptroller.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Bidders are requested, in making their bids or estimates, to use a blank prepared for that purpose by the Board, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be seen upon application at the office of Cable and Sargent, Associate Architects, No. 18 Broadway, New York City.

The Board reserves the right to reject any or all estimates not deemed beneficial to or for the public interest.

Plans may be examined and specifications and blank forms for bids or estimates obtained by application to E. A. Sargent, Architect, at his office, No. 18 Broadway, New York City.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making any estimate for the same purpose, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof, which

estimate must be verified by the oath, in writing, of the party making the estimate that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation or the Armory Board may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above-mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of security required for the completion of the contract and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with an intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of TWO HUNDRED AND FIFTY DOLLARS (\$250). Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Board who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned by the Comptroller to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him by the Comptroller.

No estimate will be accepted from or contract awarded to any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Bidders are requested, in making their bids or estimates, to use a blank prepared for that purpose by the Board, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be seen upon application at the office of Cable and Sargent, Associate Architects, E. A. Sargent, No. 18 Broadway, Architects, New York City.

The Board reserves the right to reject any or all estimates not deemed beneficial to or for the public interest.

Plans may be examined and specifications and blank forms for bids or estimates obtained by application to E. A. Sargent, Architect, at his office, No. 18 Broadway, New York City.

THE BOARD OF PUBLIC CHARITIES RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED BY SECTION 64, CHAPTER 470, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, each in the penal amount of Eight Thousand (\$8,000) Dollars.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required

for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith, and with an intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein, and if no other person be so interested the estimate shall distinctly state the fact; also that the estimate is made without any consultation, connection or agreement with, and the amount thereof has not been disclosed to, any other person or persons making an estimate for the same purpose, and is not higher than the lowest regular market price for the same kind of labor or material, and is in all respects fair and without collusion or fraud; that no combination or pool exists of which the bidder is a member or in which the bidder is directly or indirectly interested or of which the bidder has knowledge, either personal or otherwise, to bid a certain price or not less than a certain price for said labor or material, or to keep others from bidding thereon; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or any other officer or employee of the Corporation of the City of New York, or any of its departments, is directly or indirectly interested in this estimate or in the supplies or work to which it relates, or in any portion of the profits thereof, and has not been given, offered or promised, either directly or indirectly, any pecuniary or other consideration by the bidder or anyone in his behalf with a view to influencing the action or judgment of such officer or employee in this or any other transaction heretofore had with this Department, which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested it is requisite that the verification be made and subscribed to by all the parties interested.*

In case a bid shall be submitted by or in behalf of any corporation, it must be signed in the name of such corporation by some duly authorized officer or agent thereof, who shall also subscribe his own name and office. If practicable the seal of the corporation should also be affixed.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above-mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature and over and above his liabilities as bail, surety and otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from or contract awarded to any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

In case there are two or more bids at the same price, which price is the lowest price bid, the contract, if awarded, will be awarded by lot to one of the lowest bidders.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED IF DEMED FOR THE INTERESTS OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

All repairs, maintaining or rebuilding required or necessary to be done to or upon the premises, or any part thereof, or structures erected thereon, during the continuance of the term of the lease, shall be done by and at the cost and expense of the lessee or purchaser.

No claim or demand will be considered or allowed by the Department for any loss or deprivation of wharfage or otherwise, resulting from or occasioned by any delay on account or by reason of the premises, or any part thereof, being occupied for or on account of any repairs, rebuilding or dredging.

The upset price of the parcels or premises exposed or offered for sale will be announced by the auctioneer at the time of sale.

The Department will do all dredging at Lot No. 1, whenever it shall deem it necessary or advisable so to do, and the lessees of Lot No. 2 will be required, at all times during the term of the leases, or any renewals thereof, to keep the slips adjacent to said land under water, or structures erected thereon, well and sufficiently dredged.

Lessees will be required to pay their rent quarterly, in advance, in compliance with the terms and conditions of the lease prepared and adopted by the Department.

In all cases where it is mentioned in the advertisement of sale, the purchaser shall be entitled to the privilege of occupying any shed upon the pier or bulkhead at the commencement of the term, or that may thereafter be permitted or licensed by the Department, and to the rights attached to such permission or license, but subject to the conditions thereof, such purchaser being engaged in the business of steam transportation, and using and employing the same for the purpose of regularly receiving and discharging cargo thereat.

Not less than two sureties, each to be a householder or freeholder in the State of New York, to be approved by the Board of Docks, will be required under each lease to enter into a bond or obligation, jointly and severally, with the lessee, in the sum of double the annual rent, for the faithful performance of all the covenants and conditions of the lease, the names and addresses of the sureties to be submitted at the time of sale.

No extra compensation, beyond the amount payable for the work before-mentioned, which shall be actually performed at the price therefor to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under the contract is to be commenced within five days after the date of the execution of the contract, and all the work to be done under the contract is to be fully completed on or before the 19th day of December, 1896, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, determined, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price for the whole of the work to be done, in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder. The award of the contract, if awarded, will be made to the bidder who is the lowest for doing the whole of the work and whose estimate is regular in all respects.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing the work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein, and if no other person be so interested the estimate shall distinctly state the fact; also that the estimate is made without any consultation, connection or agreement with, and the amount thereof has not been disclosed to, any other person or persons making an estimate for the same purpose, and is not higher than the lowest regular market price for the same kind of labor or material, and is in all respects fair and without collusion or fraud; that no combination or pool exists of which the bidder is a member, or in which the bidder is directly or indirectly interested, or of which the bidder has knowledge, either personal or otherwise, to bid a certain price, or not less than a certain price, for said labor or material, or to keep others from bidding thereon; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or any other officer or employee of the Corporation of the City of New York, or any of its Departments, is directly or indirectly interested in the estimate, or in the supplies or work to which it relates, or in any portion of the profits thereof, and has not been given, offered or promised, either directly or indirectly, any pecuniary or other consideration by the bidder or anyone in his behalf with a view to influencing the action or judgment of such officer or employee in this or any other transaction heretofore had with this Department, which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested it is requisite that the verification be made and subscribed to by all the parties interested.*

In case a bid shall be submitted by or in behalf of any corporation, it must be signed in the name of such corporation by some duly authorized officer or agent thereof, who shall also subscribe his own name and office. If practicable, the seal of the corporation should also be affixed.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract over and above all his debts of every nature and over and above his liabilities as bail, surety and otherwise, and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from or contract awarded to any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

In case there are two or more bids at the same price, which price is the lowest price bid, the contract, if awarded, will be awarded by lot to one of the lowest bidders.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED IF DEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.
