COMMISSIONERS OF THE SINKING FUND OF THE CITY OF NEW YORK.

Proceedings of the Commissioners of the Sinking Fund, at a Meeting Held at 11 o'clock a. m., on Wednesday, April 13, 1910.

Present—William J. Gaynor, Mayor; Douglas Mathewson, Deputy and Acting Comptroller; Charles H. Hyde, Chamberlain; John Purroy Mitchel, President Board of Aldermen, and Frank L. Dowling, Chairman Finance Committee, Board of Aldermen.

The minutes of the meeting held April 6, 1910, were approved as printed.

The Chair called for a hearing, the matter of the request of the Commissioner of Docks that the Commissioners of the Sinking Fund approve of the proposed amendment to the new plan for the improvement of the waterfront between Grand and Broome streets, East River, Borough of Manhattan, as transmitted by the Commissioner of Docks with the following communication:

Department of Docks and Ferries,
Pier "A," North River,
New York, March 4, 1910.

Hon. WILLIAM J. GAYNOR, Mayor and Chairman of the Commissioners of the Sinking Fund:

SIR—I beg to submit herewith, for the approval of the Commissioners of the Sinking Fund, tracings and print in triplicate showing proposed amendment to the new plan previously adopted between Grand and Broome streets, East River. This change is rendered necessary owing to the fact that when the plan was originally adopted, ferries were in operation in this locality which have since been abandoned, and there is no likelihood that the area will be required for such purposes in the future. A pier lay-out is therefore shown in red lines, and, when such piers are constructed, they will tend to greatly relieve the wharfage congestion in this vicinity. There is embodied in the plan a proposed modification of the bulkhead line, and request for same has been made to the War Department, which will no doubt be approved. The marginal street, wharf or place, as shown on the plan adopted December 19, 1888, is to be discontinued, as, in my opinion, there is no necessity for it; adequate access to the proposed piers can be had by the way of East street.

Yours respectfully,

CALVIN TOMKINS, Commissioner.

March 28, 1910.

To the Commissioners of the Sinking Fund:

GENTLEMEN—I hereby certify that the following is a true copy of notice of hearing to be given by the Commissioners of the Sinking Fund on April 13, 1910, as published in the CITY RECORD on March 21, 22, 23, 24, 25, and 26, 1910.

Very truly yours,

H. J. WALSH, Secretary, Commissioners of the Sinking Fund.

Commissioners of the Sinking Fund:

Public notice is hereby given that the Commissioners of the Sinking Fund, in accordance with the provisions of chapter 372 of the Laws of 1907, will hold a public hearing in room 16, City Hall, Borough of Manhattan, at 11 o'clock a. m., on Wednesday, April 13, 1910, relative to a request of the Commissioner of Docks that the Commissioners of the Sinking Fund approve of the proposed amendment to the new plan previously adopted, for the improvement of the water-front between Grand and Broome streets, East River, Borough of Manhattan, as adopted by the Commissioner of Docks in accordance with law, March 4, 1910.

Technical description of "new plan" for the improvement of the water-front between Grand street and Broome street, East River, Borough of Manhattan.

The proposed "new plan" between Grand street and Broome street, East River, Borough of Manhattan, comprises the following:

The establishment of two new piers 50 feet in width with a slip room of 140 feet extending from the established bulkhead line to the established pierhead line, the northerly side of the northerly pier being identical with the northerly side of the present Pier (old) 56, or Broome Street Pier.

Also the establishment of a new pier 45 feet in width, its northerly side extending from the proposed modified bulkhead line, its southerly side extending from the established bulkhead line to the established pierhead line. The southerly side of the new pier is coincident with the southerly side of the present Pier (old) 55, or Grand Street Pier: also the discontinuance of the marginal street, wharf or place between Grand and Broome streets.

The Commissioner of Docks in his communication to the Commissioners of the Sinking Fund states that this change is rendered necessary owing to the fact that when the plan was originally adopted ferries were in operation in this locality which have since been abandoned, and there is no likelihood that the area will be required for such purposes in the future. A pier layout is therefore shown in red lines, and when such piers are constructed, they will tend to greatly relieve the wharfage congestion in this vicinity. There is embodied in the plan a proposed modification of the bulkhead line, and request for same has been made to the War Department, which will no doubt be approved. The marginal street, wharf or place, as shown on the plan adopted December 19, 1888, is to be discontinued, as there is no necessity for it; adequate access to the proposed piers can be had by the way of East street.

The proposed amended plan is open to the inspection of any citizen at the office of the Comptroller of The City of New York, at all times during business hours, from the beginning of this publication until the day of said hearing.

W. J. GAYNOR, Chairman, Commissioners of the Sinking Fund

No one appeared for or against the proposition.

The Deputy Comptroller then presented the following report and offered the following resolution:

March 15, 1910.

The proposed new plan, a technical description of which is attached hereto, is, in my opinion, suitable for this locality, and I would advise that it be approved subject to the approval by the War Department of the proposed modification of the bulkhead line.

Respectfully,

WM. A. PRENDERGAST, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of the amended new plan for the improvement of the water-front between Grand and Broome streets, East River, Borough of Manhattan, adopted by the Commissioner of Docks, in accordance with law March 4, 1910.

The report was accepted and the resolution unanimously adopted.

The Commissioner of Docks appeared before the Board and presented a communication in which he requested that the Commissioners of the Sinking Fund consent to the suspension of the lease to the Lehigh Valley Railroad Company, of the southerly side and outer end and entire surface of Pier 34, North River, as extended, together with the bulkhead extending 75 feet southerly, dated February 15, 1908.

Which was referred to the Comptroller.

A communication was received from the Commissioner of Bridges, requesting a renewal of the lease to the City of two parcels of land running from Mott avenue to the Harlem River, in the Borough of The Bronx, required for the easterly approach to the temporary Madison Avenue Bridge.

The Commissioner of Bridges, who was present, was interrogated by members of the Board in regard to the matter.

Discussion followed.

On motion, the matter was referred to a select committee, consisting of the Comptroller, the President of the Board of Aldermen and the Chairman of the Finance Committee, Board of Aldermen.

A communication was received from the Commissioner of Bridges, requesting a renewal of the lease to the City of a strip of land extending from Madison avenue to the Harlem River, between One Hundred and Thirty-seventh and One Hundred and Thirty-sixth streets, Borough of Manhattan, required for the westerly approach to the temporary Madison Avenue Bridge, and the Comptroller presented a report thereon.

Which was referred to a select committee, consisting of the Comptroller, the President of the Board of Aldermen and Chairman of the Finance Committee, Board of Aldermen.

The Deputy Comptroller presented the following report and offered the following resolution, relative to a renewal of the lease to the City of premises at No. 417 Richmond terrace, New Brighton, Borough of Richmond, for use of the Police Department:

April 8, 1910.

To the Honorable the Commissioners of the Sinking Fund:

GENTLEMEN—The Hon. William F. Baker, Police Commissioner, in a communication to your Honorable Board under date of January 27, 1910, requests a renewal of the lease of the premises on the second floor of No. 417 Richmond terrace, New Brighton, Borough of Richmond, used as a branch office of the Detective Bureau, for a period of two years from May 1, 1910, at a rental of \$480 a year, payable quarterly, otherwise upon the same terms and conditions as in the present lease. Lessor to furnish water and pay taxes. Lessor, John Irving, No. 23 Jersey street, New Brighton, Borough of Richmond.

This is a flat of six rooms and bath occupying the second floor of the brick postoffice building, 25 by 44 feet, and has been occupied by the Detective Bureau for two years at the same rental as now asked for the renewal; the landlord to make all necessary alterations and repairs and to furnish steam heat and water.

Commissioner Bingham in a letter dated March 23, 1908, and Commissioner Baker in a letter dated March 1, 1910, both state that the rent is reasonable and just.

The property is assessed for taxation:

Land	\$1,200 00
Building	5,000 00
Total.....	\$6,200 00

Appraisal by Bureau of Real Estate:

Land	\$1,500 00
Building	5,500 00
Total.....	\$7,000 00

For purposes of comparison, it may be stated that flats of five and six rooms and bath in the neighborhood, rent for from \$25 to \$35 a month, without heat. As the Detective Bureau is open practically at all hours, it requires being constantly kept heated in cold weather.

Deeming the premises the most available in the neighborhood for the purpose of the Detective Bureau, being the only flat in the building, and the rent being reasonable and just, I respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the lease of the premises on the second floor of No. 417 Richmond terrace, New Brighton, Borough of Richmond, for a branch office of the Detective Bureau of the Police Department, for a term of two years from May 1, 1910, at a rental of \$480 a year, payable quarterly, otherwise upon the same terms and conditions as contained in the present lease. Lessor, John Irving, No. 23 Jersey street, New Brighton, Borough of Richmond.

Respectfully,

DOUGLAS MATHEWSON, Acting Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, from John Irving, of premises on the second floor of No. 417 Richmond terrace, New Brighton, Borough of Richmond, for use of the Police Department, for a period of two years from May 1, 1910, at a rental of four hundred and eighty dollars (\$480) per annum, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Commissioner of Licenses, relative to a lease of premises at No. 277 Broadway, Borough of Manhattan:

April 1, 1910.

Sinking Fund Commission, No. 280 Broadway, Manhattan:

GENTLEMEN—Request is hereby made for a lease of Rooms Nos. 901, 902, 903, 904, 905 and 906, in premises No. 277 Broadway, Manhattan, for a period of three years from May 1, 1910.

I find that the present space occupied by this office is entirely inadequate for immediate needs and beg to call the attention of your honorable Commission to the fact that this Department has been in existence for a period of very near six years, and that at no previous time has request been made for any additional space, notwithstanding the fact that the work of the office has substantially reached twice the amount of what it was when it started.

The rental of the premises occupied at present is \$3,218 per annum while the rent for the new quarters, containing a considerable increased amount of space and better adapted for the needs of this office, is the sum of \$4,000 per annum, an increase of only \$782.

I, therefore, trust that the same will meet with your approval.

Respectfully,

HERMAN ROBINSON, Commissioner of Licenses.

April 2, 1910.

Sinking Fund Commission, No. 280 Broadway, Manhattan:

GENTLEMEN—In continuation of my letter of April 1, requesting lease of Rooms Nos. 901 to 906, inclusive, at No. 277 Broadway, Manhattan, for a period of three years from May 1, 1910, at an annual rental of \$4,000 per annum, I beg to state that I believe the rent to be fair and reasonable.

Respectfully,

HERMAN ROBINSON, Commissioner of Licenses.

In connection therewith the Deputy Comptroller presented the following report and offered the following resolution:

April 8, 1910.

To the Commissioners of the Sinking Fund, City of New York:

GENTLEMEN—The Commissioner of Licenses, in a communication under date of April 1, 1910, requests the Commissioners of the Sinking Fund to authorize a lease of Rooms Nos. 901, 902, 903, 904, 905 and 906 in the Broadway-Chambers Building, situated at No. 277 Broadway, Borough of Manhattan, for a period of three years from May 1, 1910, at an annual rental of \$4,000, payable quarterly.

The Commissioner of Licenses at present occupies Rooms Nos. 807, 808, 809 and 810 in this building, at an annual rental of \$3,218, under a lease which expires May 1, 1910. The area of the rooms occupied at this time amounts to about 1,514 square feet, which at the present rental is at the rate of \$2.12 per square foot. In his communication requesting the new lease, the Commissioner of Licenses states that the present space occupied by him is entirely inadequate for the needs of his office and begs to call to the attention of the Commissioners of the Sinking Fund the fact that the Bureau of Licenses has been in existence for a period of nearly six years, and notwithstanding the fact that the work of the office has almost doubled itself in this period, they are still occupying the same office space as in the beginning.

The rooms the Commissioner of Licenses proposes to occupy contain an area of about 2,000 square feet, which, at the rental of \$4,000 per annum asked, amounts to \$2 per square foot. The Commissioner deems this rent to be fair and reasonable. The Board of Estimate and Apportionment are at present occupying offices in this building at the same rate. While this proposed lease shows an increase of \$782 in the rental asked, they are occupying an additional space of 486 square feet.

The rental of offices of a similar character in the Barclay Building, at No. 299 Broadway, Borough of Manhattan, is at the rate of \$2 per square foot.

I, therefore, respectfully recommend, the rent being reasonable and just, that the Commissioners of the Sinking Fund authorize the leasing of Rooms Nos. 901, 902, 903, 904, 905 and 906, in the Broadway-Chambers Building, No. 277 Broadway, Borough of Manhattan, for use of the Bureau of Licenses, for a period of three years from May 1, 1910, at an annual rental of \$4,000, payable quarterly, the lessors to furnish light, heat, elevator and janitor service. Lessors, Frederick Southack and Alwyn Ball, Jr., agents.

Respectfully,

DOUGLAS MATHEWSON, Acting Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from Frederick Southack and Alwyn Ball, Jr., agents, of Rooms Nos. 901, 902, 903, 904, 905 and 906, in the Broadway-Chambers Building, No. 277 Broadway, Borough of Manhattan, for use of the Bureau of Licenses, for a period of three years from May 1, 1910, at an annual rental of four thousand dollars (\$4,000), payable quarterly; the lessors to furnish light, heat, elevator and janitor service; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the President of the Borough of Queens, relative to a lease of a plot of vacant land at the southwest corner of State and Leavitt streets, Boroughs of Queens:

April 1, 1910.

Hon. WILLIAM J. GAYNOR, Mayor, and Chairman of the Sinking Fund Commission:

DEAR SIR—The occupancy of the premises at the southwest corner of State and Leavitt streets, Flushing, Borough of Queens, being essential for the proper transaction of the business of the Bureau of Highways, it is hereby recommended that your Commission enter into a lease with Mrs. Annie G. Callan, the owner (by virtue of a judgment of the Supreme Court, dated November 24, 1909), for five years from November 24, 1909, at four hundred dollars (\$400) per annum, payable quarterly, the City to pay water rates, the owner to pay all other taxes. We deem this rent to be just and reasonable, to an extraordinary extent, for this property.

We are this day making application to the Board of Aldermen for an issue of special revenue bonds to the amount of two thousand dollars (\$2,000) to pay the rental on account of this lease.

These premises have been occupied since consolidation by The City of New York as a corporation yard, jointly by this office and the Department of Water Supply, Gas and Electricity. The agreements between the two Departments are not to be terminated by the making of this lease.

Respectfully yours,

LAWRENCE GRESSER, President, Borough of Queens.

In connection therewith the Deputy Comptroller presented the following report and offered the following resolution:

April 8, 1910.

To the Honorable The Commissioners of the Sinking Fund:

GENTLEMEN—Hon. Lawrence Gresser, President of the Borough of Queens, in a communication to your Board, under date of April 1, 1910, requests that a lease be authorized of the corporation yard on the southwest corner of State and Leavitt streets, Flushing, Borough of Queens, for a period of five years from November 24, 1909, at a rental of \$400 a year, payable quarterly, the owner to pay all taxes and the City to pay for the water used on the premises. Lessor, Annie Gorham Callan; agent, Arthur Van de Water, No. 63 Main street, Flushing.

This is a plot at the southwest corner of Leavitt and State streets, fronting 150 feet on Leavitt street and 100 feet on State street. It was sold for the taxes of 1878 and was bid in by the Village of Flushing. The village authorities took possession of it about twenty years ago and used it for a corporation yard up to the time of consolidation. When the village took possession of the property, no rent was paid to the former owner, but the property was exempted from taxation. After consolidation, it was turned over to the Bureau of Highways as a corporation yard, and that Bureau gave up a part of it, 33 by 100 feet, at the south end of the plot to the Department of Water Supply, Gas and Electricity.

In 1908 the present owner, Mrs. Callan, redeemed the property by paying all taxes and interest due up to that time, amounting, it is claimed, to upwards of \$3,000. The matter was taken to Court and a judgment was entered November 24, 1909, against the City, giving Mrs. Callan possession of the property. The City, however, has continued in possession, paying no rent therefor, and the Department of Taxes and Assessments has recently been notified to return the property to the assessment list for the purposes of taxation.

The plot is assessed (exempt):

Land	\$3,900 00
Buildings	1,100 00
	\$5,000 00

The six lots, including the corner, are fairly worth a total of \$7,500. The improvements thereon were all placed there by the City. These consist of a 6-foot tight board fence around the plot, a 1-story frame building, 28 by 65 feet, used by the Bureau of Highways as a blacksmith shop and storage room, and a 1-story building 20 by 30 feet, used by the Department of Water Supply, Gas and Electricity for office and storage purposes. The Bureau of Highways is willing to allow the Department of Water Supply, Gas and Electricity to continue in possession of the part of the plot now occupied by it.

There is no other similar vacant plot in the immediate vicinity so well located with which a comparison could be made. The nearest approach is a plot 100 by 125 feet at the southeast corner of Bayside avenue and Farrington street, for which a rental of \$300 a year for the bare plot is asked, or \$600 a year if the owner encloses the plot with 6-foot tight board fence and erects thereon an open shed, 50 by 100 feet. Assessed value, \$1,050. Appraised market value by Bureau of Real Estate, \$3,000.

The President of the Borough of Queens states in his letter that the rental of \$400 a year for the plot now occupied is fair and reasonable, and he will immediately apply to the Board of Aldermen for an issue of special revenue bonds to pay the rent from November 24, 1909, to December 31, 1910.

The rent being reasonable and just and the yard being necessary and located conveniently at this point, I would respectfully recommend that the Commissioners of the Sinking Fund authorize the execution of a lease of the premises 150 by 100 feet at the southwest corner of State and Leavitt streets, Flushing, Borough of Queens, for use as a corporation yard by the President of the Borough of Queens, for a term of five years from November 24, 1909, at a rental of \$400 a year, payable quarterly, the owner to pay taxes and the City to pay for the water used on the premises. Lessor, Annie Gorham Callan.

Respectfully,

DOUGLAS MATHEWSON, Acting Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from Annie Gorham Callan, of the plot of vacant land 150 by 100 feet at the southwest corner of State and Leavitt streets, Borough of Queens, for use of the President of the Borough of Queens as a corporation yard, for a term of five years from November 24, 1909, at a rental of four hundred dollars (\$400) per annum, payable quarterly; the owner to pay taxes and the City to pay for the water used on the premises; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same, when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

A communication was received from the Change of Grade Damage Commission requesting a lease of rooms in the Stewart Building, No. 280 Broadway, Borough of Manhattan.

Which was laid over.

The following communication was received from the Commissioner of Street Cleaning, relative to a lease of premises at Nos. 329 and 331 East Thirty-second street, Borough of Manhattan:

March 28, 1910.

Hon. WM. J. GAYNOR, Mayor, Chairman, Sinking Fund Commission:

SIR—This Department is in possession, under a lease which expires May 1, 1910, of a store, ground floor and cellar beneath, of the premises No. 316 East Thirty-third street, Borough of Manhattan, at the annual rental of \$330. The place is altogether unsuitable for various reasons; among them, it is entirely too small to accommodate the number of Sweepers for whom the section station is required. Another very important reason is that the place is and has been continually out of repair and it has been impossible to induce the lessor to take any suitable action in this matter.

I have found a substitute for the above mentioned place and I submit it to you herewith. That is to say, the store of the premises Nos. 329 and 331 East Thirty-second street, Borough of Manhattan, under a lease of three years beginning May

1, 1910, from the owner, the Tolchester Company (a domestic corporation, M. M. Eisman, President, having its office at Nos. 54 to 60 Lafayette street, Manhattan), at an annual rental of \$480, payable quarterly. The lessor to put and keep the premises in good tenantable condition and repair and to pay for the Croton water used on the premises. The dimensions of the store are 20 feet wide, 35 feet deep.

Respectfully,

WM. H. EDWARDS, Commissioner.

City of New York, Department of Taxes and Assessments,
Hall of Records, Borough of Manhattan,
April 11, 1910.

Commissioners of the Sinking Fund of The City of New York:

GENTLEMEN—In response to your inquiry of April 9 I beg to advise you that Nos. 329 and 331 East Thirty-second street, Borough of Manhattan, are shown on the records in this Department as Lot 17 on Block 938; 50 by 98.9 feet, six-story tenement. Land is valued at \$21,000 and the total at \$61,000. We consider the actual value of the premises \$68,000.

Yours truly,

C. RUTLAND TYNG, Secretary.

In connection therewith the Deputy Comptroller presented the following report and offered the following resolution:

April 7, 1910.

To the Honorable the Commissioners of the Sinking Fund:

GENTLEMEN—Hon. William H. Edwards, Commissioner of the Department of Street Cleaning, in a communication addressed to the Commissioners of the Sinking Fund under date of March 28, 1910, states:

"This Department is in possession, under a lease which expires May 1, 1910, of a store, ground floor and cellar beneath, of the premises No. 316 East Thirty-third street, Borough of Manhattan, at the annual rental of \$330. The place is altogether unsuitable for various reasons; among them, it is entirely too small to accommodate the number of sweepers for whom the section station is required. Another very important reason is that the place is and has been continually out of repair, and it has been impossible to induce the lessor to take any suitable action in this matter.

"I have found a substitute for the above mentioned place and I submit it to you herewith, that is to say, the store of the premises Nos. 329 and 331 East Thirty-second street, Borough of Manhattan, under a lease of three years, beginning May 1, 1910, from the owner, the Tolchester Company (a domestic corporation, M. M. Eisman, President, having its office at Nos. 54 to 60 Lafayette street, Manhattan), at an annual rental of \$480, payable quarterly. The lessor to put and keep the premises in good tenantable condition and repair and to pay for the croton water used on the premises. The dimensions of the store are 20 feet wide, 35 feet deep."

The premises which the Commissioner desires to be leased is a store on the ground floor of Nos. 329 and 331 East Thirty-second street, Borough of Manhattan, the dimensions of which are 20 by 35 feet, with toilet facilities and sink. The building is a six-story tenement house with stores on the ground floor, built on a lot 50 by 98 feet 9 inches. This is a new building, the assessed valuation of the property as given by the Department of Taxes being for vacant lots, each lot of 25 feet, at \$10,000, or \$20,000 for the plot.

Valuation by the Bureau of Real Estate is:

Land	\$25,000 00	
Building	35,000 00	
		\$60,000 00

The nearest similar property is but 40 feet wide, situated at Nos. 310 and 312 East Thirty-second street, in which stores 10 feet wide by 30 feet deep rent for from \$18 to \$21 per month. Assessed valuation is:

Land	\$17,000 00	
Building	34,000 00	
		\$51,000 00

Valuation by Bureau of Real Estate:

Land	\$21,000 00	
Building	28,000 00	
		\$49,000 00

The premises proposed to be leased were formerly rented for \$42 per month, \$2 more than the proposed lease. As a rule, stores in that neighborhood are but 10 feet wide, and this store, ordinarily in renting, would be considered two stores divided by a partition, but this partition at present is not erected.

The lessor is to keep the premises in good and tenantable condition and repair and to pay for the Croton water used on the premises. The total rental of the building is \$8,472 per annum.

The Commissioner of the Department of Street Cleaning has stated that in his estimation, the rent seems satisfactory.

The rent being reasonable and just, I would respectfully recommend that the Commissioners of the Sinking Fund authorize a lease of the store on the ground floor, size 20 by 35 feet, of the premises Nos. 329 and 331 East Thirty-second street, Borough of Manhattan, for a term of three years from May 1, 1910, at an annual rental of \$480, payable quarterly, for use as a section station by the Department of Street Cleaning, the lessor to put and keep the premises in good and tenantable condition and repair and to pay for the Croton water used on the premises, the City to furnish light, heat and janitor service. Lessors, the Tolchester Company, a domestic corporation, M. M. Eisman, President, Nos. 54 to 60 Lafayette street, Manhattan.

Respectfully submitted,

DOUGLAS MATHEWSON, Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Street Cleaning, of a lease to the City from the Tolchester Company, a domestic corporation, M. M. Eisman, President, of the store on the ground floor, size 20 by 35 feet, of the premises at Nos. 329 and 331 East Thirty-second street, Borough of Manhattan, for use as a section station by the Department of Street Cleaning, for a term of three years from May 1, 1910, at an annual rental of four hundred and eighty dollars (\$480), payable quarterly; the lessor to put and keep the premises in good and tenantable condition and repair and pay for Croton water used on the premises; the City to furnish light, heat and janitor service; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Deputy Comptroller presented the following report and offered the following resolution relative to a renewal of the lease to the City of premises at the northeast corner of Third and Tremont avenues, in the Borough of The Bronx, for the use of the Coroners:

April 7, 1910.

To the Honorable the Commissioners of the Sinking Fund:

GENTLEMEN—Coroners A. F. Schwannecke and Jacob Shongut of the Borough of The Bronx, in a communication to this Department under date of April 5, 1910, ask that the lease of the premises occupied by them at No. 531 Tremont avenue, northeast corner of Third avenue, Borough of The Bronx, be renewed for another year from May 1, 1910, at a rental of \$2,000 a year, payable quarterly, otherwise upon the same terms and conditions as in the existing lease. They also recommend that the lease contain a clause permitting the City to renew the letting from month to month after the expiration of the lease on May 1, 1911, at the same rent, as it is probable the new court house at Third avenue and One Hundred and Sixty-first street, in which the Coroners' office will in the future be located, may not be ready by May 1, 1911.

The Coroners at present occupy the entire second floor of the four-story brick store and office building, 46 by 88 by 36 by 90 feet, at the northeast corner of Third and Tremont avenues. When the City leased these quarters in May, 1902, the owner of the building put in all the necessary partitions and platforms, toilets, gas and electric light fixtures. The rent for the first four years was \$1,500 a year, but since May 1, 1906, the rent has been \$2,000 a year.

The Coroners occupy, approximately, 3,300 square feet of floor space, and the rent therefore is about 60 cents per square foot. This includes steam heat, gas, electric light, interior repairs, janitor hall service and cleaning windows. The items of heat and light are considerable, as the office is open from 8 a. m. until 12 p. m., on every day in the year.

As a comparison it may be stated that the next floor above, divided into ten offices, pays a rental of \$1,920 a year, including only steam heat, water and hall service, the tenants paying for light and janitor.

The top floor is divided into two lodge rooms which are rented to each lodge at the rate of \$100 a year for two nights a month. There are now fourteen lodges using these rooms, making an income of \$1,400, but the rooms could if necessary accommodate ten more lodges, which would bring the income of the top floor up to \$2,400. The property is assessed:

Land	\$50,000 00	
Building	25,000 00	
		\$75,000 00

Appraisal by Real Estate Bureau:

Land	\$60,000 00	
Building	30,000 00	
		\$90,000 00

There is no similar office building in the immediate neighborhood. Comparison, however, may be made with Nos. 765 and 767 Tremont avenue (new Nos. 505 and 507), one block further west, where the third floor of the building, 35 feet 7 inches by 78 feet, used for offices, rents for a total of \$1,800 per annum, or approximately 60 cents per square foot.

The renewal asked for is for one year from May 1, 1910, as the Coroners expect to move into the new Bronx Court House at Third avenue and One Hundred and Sixty-first street, which is now in course of erection, with a proviso for a month to month renewal after May 1, 1911, in case the new building should not be ready at that time.

The Coroners in their communication mentioned above state that they consider the rental of \$2,000 a year to be reasonable and just.

The rent being reasonable and just, I respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the lease of the second floor of the four-story brick store and office building, northeast corner of Third and Tremont avenues, Borough of The Bronx, for a period of one year from May 1, 1910, with the privilege of renewal from month to month after May 1, 1911, but not to exceed a period of six months, upon the same terms and conditions, at an annual rental of \$2,000, payable quarterly, for use of the Coroners of the Borough of The Bronx, the lessors to furnish heat, light, water and hall service, including cleaning of windows, to make inside repairs and pay taxes. Lessors, Lohden & Schults.

Respectfully submitted,

DOUGLAS MATHEWSON, Acting Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, of the second floor of the four-story brick, store and office building, at the northeast corner of Third and Tremont avenues, Borough of The Bronx, for use of the Coroners of the Borough of The Bronx, for a period of one year from May 1, 1910, with the privilege of renewal from month to month after May 1, 1911, but not to exceed a period of six months, upon the same terms and conditions, at an annual rental of two thousand dollars (\$2,000), payable quarterly; the lessors to furnish heat, light, water and hall service, including cleaning of windows, to make inside repairs and pay taxes; lessors, Lohden & Schults; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Deputy Comptroller presented the following report and offered the following resolution relative to a transfer of \$36,000 of corporate stock of The City of New York, and \$19,000 of bonds of the former City of Long Island City, now held as investments by the "Sinking Fund of Long Island City, for the Redemption of Revenue Bonds," to the "Sinking Fund of the City of Brooklyn," and to authorize the redemption at maturity of \$77,000 of 4 per cent. refunded revenue bonds, issued by the former City of Long Island City, which will become due May 1, 1910:

April 6, 1910.

To the Commissioners of the Sinking Fund:

GENTLEMEN—On May 1, 1910, 4 per cent. refunded revenue bonds issued by the former City of Long Island City, amounting to seventy-seven thousand dollars (\$77,000), will become due.

These bonds are payable from the "Sinking Fund of Long Island City for the Redemption of Revenue Bonds," but as there is not a sufficient amount of cash now in said Sinking Fund to pay said bonds it will be necessary to sell some of the bonds and stock held by said fund as investments to one of the other Sinking Funds of the City.

I therefore present herewith for your approval and adoption resolutions authorizing the transfer of thirty-six thousand dollars (\$36,000) of corporate stock of The City of New York, and nineteen thousand dollars (\$19,000) of bonds of the former City of Long Island City, which are now held as investments by said "Sinking Fund of Long Island City for the Redemption of Revenue Bonds," to the "Sinking Fund of the City of Brooklyn," in which fund there is a sufficient amount of unemployed cash for the purchase thereof, and authorizing the redemption at maturity of the said seventy-seven thousand dollars (\$77,000) of 4 per cent. refunded revenue bonds of Long Island City from the "Sinking Fund of Long Island City for the Redemption of Revenue Bonds."

Respectfully,

DOUGLAS MATHEWSON, Acting Comptroller.

Whereas, Four per cent. refunded revenue bonds of 1885 amounting to seventy-seven thousand dollars (\$77,000) which were issued by the former City of Long Island City, in pursuance of chapter 258 of the Laws of 1890 and chapter 506 of the Laws of 1894, and which are all held by the public, mature on May 1, 1910, and are payable from the "Sinking Fund of Long Island City for the Redemption of Revenue Bonds," and

Whereas, In order to provide said Sinking Fund with a sufficient amount of cash to redeem said bonds it will be necessary to sell a portion of its present holdings of bonds and stock to some other of the Sinking Funds of The City of New York; therefore

Resolved, That the Comptroller be and hereby is authorized to transfer the following described bonds and stock now held as investments by the "Sinking Fund of Long Island City for the Redemption of Revenue Bonds" to the "Sinking Fund of the City of Brooklyn," viz.:

Three per cent. corporate stock of The City of New York, to provide for the supply of water, payable November 1, 1910.....	\$36,000 00
Four and one-half per cent. water supply bonds of Long Island City, payable October 7, 1915.....	19,000 00

Total.....	\$55,000 00
------------	-------------

and to draw a warrant upon the said "Sinking Fund of the City of Brooklyn" in favor of said "Sinking Fund of Long Island City for the Redemption of Revenue Bonds" for the amount of the par value of said stock and bonds and the accrued interest thereon to the date of such transfer; and

Resolved, That the Comptroller be and hereby is authorized to redeem said 4 per cent. refunded revenue bonds of the City of Long Island City, amounting to seventy-seven thousand dollars (\$77,000) which mature on May 1, 1910, from the "Sinking Fund of Long Island City for the Redemption of Revenue Bonds."

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Commissioner of Docks requesting the return of the amended new plan for the improvement of the water-front between South Sixth and South Ninth streets, Borough of Brooklyn:

April 8, 1910.

Mr. HENRY J. WALSH, Secretary, Commissioners of the Sinking Fund:

SIR—I beg to request the return of communication dated April 1, 1910, requesting the approval of amended new plan between South Sixth and South Ninth streets, Brooklyn. The Law Department has advised that the adoption of a new plan at this time is unnecessary, as the premises are to be acquired for ferry premises under the provisions of chapter 331 of the Laws of 1909.

Yours respectfully,

CALVIN TOMKINS, Commissioner of Docks.

On motion, the Secretary was requested to return the communication.

The Deputy Comptroller presented the following report and offered the following resolution relative to a refund of \$2,000 to William P. McGarry, being amount of security deposited by him and refunded by order of court:

April 11, 1910.

To the Commissioners of the Sinking Fund, New York City:

GENTLEMEN—Inclosed herewith please find all the papers in the matter of a judgment obtained by William P. McGarry in the sum of \$2,000, being the amount of the security deposited by him at the time of tendering his bid for the work of constructing a sewer in Quay street, from the East River to West street, and West street, from Quay street to North Fifteenth street, Borough of Brooklyn.

It appears that bids for the work in question were opened on December 16, 1903, and that the plaintiff was the lowest bidder, but he refused to proceed with the work on the ground that a clerical error had been made in his bid. The City thereupon forfeited the security deposit, pursuant to section 420 of the Greater New York Charter.

In view of the fact that a judgment has now been obtained for the amount of the security deposit, I would request that a resolution be adopted by the Sinking Fund Commission, withdrawing the said sum of \$2,000 for the purpose of closing the account.

Respectfully,

DOUGLAS MATHEWSON, Acting Comptroller.

SIR—I beg to acknowledge the receipt from the Department of Finance of a communication bearing date March 11, 1910, and signed by E. D. Fisher, Deputy Comptroller, reading as follows:

"The enclosed transcript and certified copy of judgment against The City of New York in favor of William P. McGarry for \$2,000 was served upon this Department on March 10, 1910.

"Will you please inform me whether this judgment has been properly obtained and is a legal charge against the Treasury or whether an appeal is to be taken by the Law Department, and also furnish for the use of the office the summons and complaint with the answer in the action? In case there are no pleadings, kindly furnish sufficient information as to character of action to enable this Department to draw a warrant for the amount of said judgment."

The claim of William P. McGarry, and the action brought thereon, have been fully dealt with in three communications from this Department to your Department, dated, respectively, July 3, 1909, January 14 and February 26, 1910. The judgment above referred to was entered upon an offer duly made by me with your written concurrence, and I reply to your question, therefore, that this judgment has been properly obtained, is a legal charge against the Treasury, and no appeal will be taken by this Department therefrom.

I return the transcript approved by me and the certified copy of the judgment accompanying the same. The pleadings were transmitted to you with other papers in a communication bearing date January 14, 1910, and after being returned to this office, were again transmitted to you on February 26, 1910.

Respectfully yours,

G. L. STERLING, Acting Corporation Counsel.

Resolved, That a warrant payable from the Sinking Fund for the Redemption of the City Debt No. 1, be drawn in favor of William P. Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids, and that a deposit of \$500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened April 29, 1910," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room 141, No. 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

The buildings will be sold for immediate removal only, subject to the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant, fire, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Queens, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and

demands of every name and description brought against it, them or any of them, and against or from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held April 6, 1910, the sale by sealed bids of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

THURSDAY, APRIL 28, 1910,

Parcel No. 1.—Part of two-story planing mill and wood-working factory at the northwest corner of East One Hundred and Eightieth street, and West Farms road. Cut 26.2 feet on west end by 2.3 feet on east end by 217.1 feet on south side, including three platforms and steps.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room 141, No. 280 Broadway, Borough of Manhattan, until 11 a. m. on the 28th day of April, and then publicly opened for the sale for removal of the above-described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids, and that a deposit of \$500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened April 28, 1910," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room 141, No. 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

The buildings will be sold for immediate removal only, subject to the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale.

The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of The Bronx, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against or from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

Sealed bids, blank forms of which may be obtained upon application, will be received by the Comptroller at the office of the Collector of City Revenue, Room 141, No. 280 Broadway, Borough of Manhattan, until 11 a. m. on the 27th day of April, and then publicly opened for the sale for removal of the above-described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids, and that a deposit of \$500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened April 27, 1910," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room 141, No. 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

The buildings will be sold for immediate removal only, subject to the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Queens, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding,

and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted, and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
