TENEMENT HOUSE DEPARTMENT.

REPORT FROM JANUARY 1, 1904, TO DECEMBER 31, 1905.

Tenement House Department of The City of New York,
New York, May 18, 1906.

Hon. GEORGE B. McCLELLAN, Mayor of The City of New York:

Sir—Pursuant to the provisions of the Charter, I hereby transmit to you a tabulated report of the operations of the Tenement House Department of The City of New York covering the period from January 1, 1904, to December 31, 1905.

This report covers the year 1904, as well as the year 1905, for which the report is now due, for the reason that it seemed desirable to present tabulated statements for the year 1904 that should continue and be comparable with the tables presented in the first report covering the period from the organization of the Department to June 30, 1903, and the tables contained in the CITY RECORD for March 23, 1904, covering the period from July 1 to December 31, 1903.

The present tabulated statements submitted form a direct continuation of the previous tables, so that there is on record a continuous tabulated statement of the work of the Department from its organization to December 31, 1905. These tables for 1904 and 1905 have been divided in semi-annual periods, so that the work of any six months can be compared with that of any other.

Yours respectfully,

EDMOND J. BUTLER, Commissioner.

Tenement House Department of The City of New York,
New York, May 17, 1906.

Hon. EDMOND J. BUTLER, Commissioner, Tenement House Department, New York City:

Dear Sir—I respectfully submit tabulated statement of the work of the Tenement House Department for the years 1904 and 1905 by six months' periods, this being a continuation of the report of the Department from July 1, 1903, to January 1, 1904, printed in the CITY RECORD of March 23, 1904.

Respectfully submitted,

K. H. CLAGHORN, Registrar.

The Chief Surgeon shall have general supervision of the work of the Police Surgeons. He shall receive, tabulate and preserve the daily reports of the District Surgeons. He shall keep in his office the sick record of each individual member of the Force. He shall, when directed by the Police Commissioner, investigate cases in which either for trivial injuries or disorders, or incurable diseases, members of the Force are carried upon the sick list for lengthened periods. He shall receive, through official channels, and investigate, complaints of neglect or other derelictions of Police Surgeons, and report the result of his investigations to the Police Commissioner. He shall, in official matters, be the sole medium of communication between the Police Surgeons and the Police Commissioner. He shall prepare quarterly and yearly reports of the medical and surgical work of the Department, containing such information as the Police Commissioner may direct.

District Surgeons.

(a) A District Surgeon, when notified that a member of the Force has reported sick, shall visit him without delay, shall assume exclusive control of such member of the Force while he remains upon the sick list, and return him to duty without unnecessary loss of time, with a written order to his commanding officer. (b) Police Surgeons shall make, through the Chief Surgeon, daily reports of sickness and death, in such a form as may be directed by the Police Commissioner.

(c) It shall be the duty of the Surgeon, when a member of the Force upon the sick list shall have been transferred to another Surgical District, to forward to the Surgeon of that district the sick report, containing the record of said member of the Force, to date of transfer.

(d) A Surgeon designated for examination of members of the Force, or of candidates for appointment, as to their mental or physical condition, shall, when prevented by illness or other sufficient cause from discharging that duty, apply to the Chief Surgeon for relief.

(e) Each Surgeon assigned to such duty of examination shall make personal examination of each officer or candidate before certifying to his condition.

(f) Surgeons, when called to station houses to make examinations in cases of alleged intoxication or criminality, shall report at once, through official channels, to the Police Commissioner, the results of such examinations.

(g) Surgeons, in cases of members of the Force reporting sick, and found to be malingeringers, shall order their immediate return to duty, and prefer charges against them, through official channels.

(h) Surgeons, in cases of members of the Force incapacitated by reason of their own improper conduct, shall recommend to the Police Commissioner their suspension from duty pending their recovery.

(i) Surgeons applying for leave of absence shall state in their applications the names of the Surgeons who will discharge their duties during their absence.

(j) Surgeons shall receive no compensation for services rendered to any member of the Force.

(k) Surgeons shall allow no other business to interfere with their official duties.

(l) Surgeons, when members of the Force are permanently disabled or when the physical or mental ability of any member of the Force to do police duty is questioned, shall recommend to the Police Commissioner, through official channels, that such member of the Force be examined by the Surgeons of the Department.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, is the form approved by the Corporation Counsel, and be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
