PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment, held April 12, 1907, the following petition was received:

No. 15 Gramercy Park, }
New York, April 2, 1907. }

The Honorable Board of Estimate and Apportionment of The City of New York:

Gentlemen—On the 6th day of November, 1906, your Honorable Board adopted a resolution consenting to an extension of the time, up to and including May 1, 1907, for this company to comply with the provisions of section 2, articles 3 and 22, of the franchise granted by your Board to this company, to install a system of refrigerating pipes at Coney Island, which articles, respectively, provide for the payment of \$5,000 on account of the purchase price of said franchise, and a deposit of \$5,000 as security for the performance of the contract. A further extension of time within which to comply with the requirements referred to has become necessary, owing to the well known fact that during the past ten months the conditions in the money market have been such that it has been practically impossible for any industrial enterprise to secure capital, however promising its prospects might be. We have worked in perfect good faith in the matter, but as the time has now gone by in which the necessary preparations could be made for the coming summer season, we would respectfully petition that your

Honorable Board may grant our company a further extension of time until May 1, 1908, as we have devoted considerable time and money to the furtherance of our plans thus far.

In this connection we may state that our efforts to secure capital have been somewhat embarrassed by the fact that capitalists whom we have hoped to enlist in this enterprise have naturally made inquiries as to the working and prospects of similar pipe lines in this neighborhood, and their investigations lead them to the belief that the matter of refrigeration by means of pipe lines is so comparatively new that they do not feel justified in putting capital into it, in view, also of the shortness of the Coney Island season, unless it is possible to secure some modifications in the terms of our franchise.

It is true that it is a new industry, and that the last ten years have cost the few lines in the United States so much in experiment that even the most fortunate has hardly more than thoroughly established itself up to the present time. We believe, however, that the pipe line has come to stay, that the experimental period of its existence is practically over, that it can now be made a public benefit, and if your Honorable Board will grant us such extension of time, and such modification of terms as may seem, under the circumstances, just and reasonable, there will be no relaxation of our efforts to make good our part of the contract and have the pipe line in proper working order for the season of 1908.

Very respectfully,
SEABOARD REFRIGERATION COMPANY,

By CHARLES E. BOOTH, President.

—and at a meeting held September 20, 1907, the following resolutions were adopted:

Whereas, The foregoing petition from the Seaboard Refrigeration Company, dated April 2, 1907, was presented to the Board of Estimate and Apportionment at a meeting held April 12, 1907.

Resolved, That in pursuance of law, this Board sets Friday, the 1st day of November, 1907, at 10.30 o'clock in the forenoon, in Manhattan, at the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard; and be it further

Resolved, That the Secretary is directed to cause such petition and these resolutions to be published for at least two (2) days in two daily newspapers in The City of New York, to be designated by the Mayor, and for at least ten (10) days in the City Record, immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner.

BUREAU FOR COLLECTION OF ARREARS OF PERSONAL TAXES—(Continued).

The collection of taxes, interest and costs for each of the three months of the quarter is as follows:

	Taxes and Interest.	Costs.	Total.

Two thousand five hundred and sixty-three actions were commenced during the quarter for 1905 and 1906 assessments.

Claims were filed with referees, receivers, assignees, executors or administrators in 17 cases.

Number of executions issued.....	134
Number of hearings before referees.....	3
Number of cases noticed for trial.....	9
Number of cases on the calendar, ready for trial, not reached.....	19

Following the procedure adopted soon after I assumed charge of this Bureau on April 11, 1907, advantage was taken of section 259-a of the General Tax Law to enable people who claimed to be unjustly taxed to correct the action of the Tax Commissioners, and such people against whom suits were brought appeared personally at this Bureau and were examined, not only as to their present financial condition, but also as to their taxable status on the second Monday of January of the year in which the assessment was imposed.

Number of such examinations taken.....	174
--	-----

In some cases the defendants were represented by attorneys, and, if upon the examinations, before mentioned, it was evident that the defendants at the time the assessment was levied were possessed of no taxable personal property, motions were made by the respective attorneys for orders dismissing the actions and canceling the assessments.

Number of such motions made.....	10
----------------------------------	----

In the above cases the original examination taken in this office, together with my affidavit to the effect that such defendants were examined in this Bureau, were submitted to the court, and without consenting to the motion or opposing it, the matter was left entirely to the discretion vested in the court by statute.

In the cases where the defendants appeared personally and submitted to such examination, and the examination disclosed that such defendants were possessed of no taxable personal property on the second Monday of January of the year in which the tax was imposed, the original summons and complaint, the original examination aforesaid and my affidavit were presented to the Justice of the Supreme Court sitting at Special Term, Part II. In each case so presented, an order was signed and entered dismissing the action under the above amendment of the Tax Law, and vacating and canceling the taxes sued for.

Number of such orders entered.....	304
------------------------------------	-----

There was tried on April 12, 1907, before Mr. Justice Greenbaum, at Trial Term, Part XIV., without a jury, an action brought by the City against Sophia R. C. Furniss, trustees, etc., which action was one of seven cases against various defendants represented by Lord, Day & Lord, Esqs. The aggregate amount sued for in these cases was \$13,991.37, with approximately \$3,000 interest. The defense interposed was that the entire tax levy by The City of New York for the year 1903 was invalid by reason of the failure of the Commissioners of Taxes and Assessments to comply with the Charter. The opinion of the courts sustained all the City's contentions and directed judgment in its favor.

Mr. F. E. Johnson, Jr., of this office, had charge of these actions from their commencement and represented the City at the trial aforesaid.

The prompt and efficient service of summonses and complaints has always been a problem with the Department. To insure and provide against any possible indifference on the part of the process servers, and to make every effort to effect service before the limitation provided by law expires, which is one year after the date of the return of the Marshal's warrants to the Receiver of Taxes, there has been transmitted to the Sheriff for service 435 summonses and complaints, all of which were returned by the Process Servers of the Department because of inability to make service.

Respectfully submitted,

GEO. O'REILLY, Assistant Corporation Counsel in Charge.
