FORMING WORK REQUIRED FOR THE  
ERECTION OF A BUILDING FOR USE  
OF THE DOG POUND AT THE FOOT  
OF EAST ONE HUNDRED AND SECOND  
STREET.

Estimate must contain the name and place of resi-  
dence of the person making the same, the names of all  
persons interested with him therein, and if no other per-  
son be so interested, it shall distinctly state that fact.  
That it is made without any connection with any other  
person making an estimate for the same work, and is in  
all respects fair and without collusion or fraud. That no  
member of the Common Council, head of a department,  
chief of a bureau, deputy thereof, or clerk therein, or  
other officer of the Corporation is directly or indirectly  
interested in the estimate or in the work to which it re-  
lates or in the profits thereon.

Estimate must be verified by the oath, in writing,  
of the party making the same, that the several matters  
therein stated are true, and shall be accompanied by the  
consent, in writing, of two householders or freeholders in  
the City of New York, to the effect that if the contract is  
awarded to the person making the estimate, they will,  
upon its being so awarded, become bound as his sureties  
for its faithful performance; and that if he shall refuse or  
neglect to execute the same, they will pay to the Corpora-  
tion any difference between the sum to which he would be  
entitled upon its completion and that which the Cor-  
poration may be obliged to pay to the person to whom the  
contract shall be awarded at any subsequent letting;  
the amount to be calculated upon the estimated amount  
of the work by which the bids are tested.  
The consent in writing mentioned must be accompanied  
by the oath or affirmations, in writing, of each of the per-  
sons signing the same, that he is a householders or free-  
holder in the City of New York, and is worth the amount  
of the security required for the completion of the con-  
tract, over and above all his debts of every nature, and  
over and above his liabilities as bail, surety, or otherwise,  
and that he has offered himself as surety in good faith,  
with the intention to execute the bond required by law.  
No estimate will be considered unless accompanied by  
either a certified check upon one of the State or National  
Banks of the City of New York, drawn to the order  
of the Comptroller, or the amount, to the amount of five  
per centum of the amount of the security required for  
the faithful performance of the contract. Such check or  
money must not be inclosed in the sealed envelope con-  
taining the estimate, but must be handed to the officer or  
clerk of the Department who has charge of the Estimate  
box, and no estimate can be deposited in said box until  
such check or money has been examined by said officer or  
clerk and found to be correct. All such deposits, except  
that of the successful bidder, will be returned to the  
persons making the same within three  
days after the contract is awarded. If the successful  
bidder shall refuse or neglect, within five days after  
notice that the contract has been awarded to him, to ex-  
ecute the same, the amount of the deposit made by him  
shall be forfeited and retained by the City of New York  
as liquidated damages for such neglect or refusal;  
but if he shall execute the contract within the time aforesaid,  
the amount of his deposit will be returned to him.

books of the Bureau against the respective buildings

NOTICE TO CROTON WATER  
CONSUMERS.

NUMEROUS APPLICATIONS HAVE BEEN  
made to this Department by citizens claiming  
reductions or rebates on bills for water supplied through  
meters, on the alleged ground of leakage or waste of water  
by defective plumbing and worn-out service pipes, or by willful  
waste of water by tenants allowing the faucets to be  
turned on in full force in water-closets, sinks, etc., with-  
out the knowledge or consent of the owners of the prem-  
ises.

The main object of the use of water-meters is to enable  
this Department to detect and check the useless and un-  
warrantable waste of an element so valuable and essential  
to the health and comfort of all the citizens, and this ob-  
ject can only be accomplished by enforcing payment for the  
water wasted.

Under the law all charges for water supplied through  
meters are a lien against the respective premises, and the  
law therefore holds the owner of the premises respon-  
sible for the amount of water used or wasted.

Notice is therefore given to all householders that, in all  
their applications for reduction of water rents, no allow-  
ance will be made on account of waste of water occur-  
ing through leaks, from defective service pipes or  
plumbing, or wasteful use of water by tenants or occu-  
pants of buildings, though such leakage or waste may  
have occurred without the knowledge or consent of the  
owners of the buildings.

House-owners are further notified that whenever their  
premises become vacant, and are likely to be useless and un-  
warrantable waste of an element so valuable and essential  
to the health and comfort of all the citizens, and this ob-

## CLASS 3.

Rip-rap stone furnished and put in place on the flooring in rear of the crib-work and in the embankment in rear of the foundation piles about 3,500 cubic yards.

N. B.—As the above-mentioned quantities, though stated with as much accuracy as is possible in advance, are approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1st. Bidders must satisfy themselves, by personal examination, of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work, to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract and the terms thereof. No extra compensation beyond the amount payable for each class of the work before mentioned, which shall be actually performed, at the price therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under the contract is to be commenced within five days after the date of the advertisement and all the work contracted for is to be fully completed on or before the fifth day of March, 1888, and the damages to be paid by the contractor for each day that the contract is not fulfilled after the date specified for the fulfillment thereof has expired, are, by a clause in the contract, determined, fixed and liquidated at Fifty Dollars per day.

All the old material taken from the existing bulkheads to be removed under this contract, will be relinquished to the contractor, and bidders must estimate the value of such material when considering the price for which they will do the work under the contract.

Bidders will state in their estimates a price for the whole of the work to be done in each class in conformity with the approved form of agreement, and the specifications therein set forth, by which the bids will be tested. These prices are to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any charges for materials, labor, and any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing each class of the work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days after the date of the advertisement to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be re-advertised and let, and so on until it is accepted and executed.

Bidders are required to state in their estimates their names and places of residence, and all persons who are interested with them therein, and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person or persons, and that it is made in good faith, and that it is in all respects fair and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or any other officer or employee of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits therefrom; and that the estimate will be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is recommended that the verification be made and subscribed by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that they are satisfied that the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance, and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount, in each case, to be calculated upon the estimated amount of the work to be done in each class by the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above all liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security so offered will be subject to approval by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. If the same is correct, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after the date of the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that deviation from the specifications will be allowed unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation on debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if deemed for the interest of the Corporation of the City of New York.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

—will be received at the Department of Public Charities and Correction, in the City of New York, until 9:30 o'clock a. m. of Friday, October 21, 1887. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Groceries, Hardware, Sheet Iron, Lumber, etc.," with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 54, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in business and well-to-do, and must be able to give satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, in the form of a bond, with two satisfactory sureties, in the penal amount of fifty (50) per cent. of the ESTIMATED amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state the fact; and also that it is made without any connection with any other person or persons, and that it is made in good faith, and that it is in all respects fair and without collusion or fraud; and also, that no member of the Common Council, head of a Department, Chief of a Bureau, Deputy thereof or Clerk thereof, or other officer of the Corporation is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits therefrom; and that the estimate will be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is recommended that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if he or she shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he or she would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities, as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law.

The adequacy and sufficiency of the security so offered will be subject to approval by the Comptroller of the City of New York, after the contract has been awarded and prior to the signing of the contract.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation on debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller of the City of New York, at the time and place from time to time, as the Commissioners may determine.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Commissioners of Public Charities and Correction.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The form of the agreement, including specifications, and showing the manner of payment, can be obtained at the office of the Department.

Dated New York, October 10, 1887.

## JURORS.

## NOTICE

IN RELATION TO JURORS FOR STATE COURTS.

OFFICE OF THE COMMISSIONERS OF JURORS,  
ROOM 127, STEWART BUILDING,  
CHAMBERS STREET AND BROADWAY,  
NEW YORK, June 1, 1887.

APPLICATIONS FOR EXEMPTIONS WILL be heard here, from 9 to 4 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed in connection with such exemptions. Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or exempt, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called to pay their duty, unless they can show good cause for non-interference permitted. The fines if unpaid will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and sensible and respectable persons will equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt. Every man must attend in person to witness his own name. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to witness any jury paper, or to make any false statement, and every case will be fully prosecuted.

CHARLES REILLY,  
Commissioner of Jurors.
