December 15, 1897, Contract No. 17557—For paving with vitrified brick Beaver and Wall streets (Twombly place): and

May 6, 1897, Contract No. 17559—For regulating, grading, improving and macadamizing highways of the Village of Jamaica (Archer place, Fleet street, Park avenue, Twombly place and Yale avenue).

On September 2, 1899—James P. Graham assigned and transferred to Thomas F. Byrnes & Co., of the Borough of Brooklyn, the aforesaid contracts and all his right and title thereto and interest therein.

On May 16, 1900—James P. Graham, Thomas F. Byrnes and James Gillen, assigned and transferred to Eugene M. Hendrickson, of the Borough of Brooklyn, the aforesaid contracts, and all their right and title thereto and interest therein.

The funds available for the purposes of these contracts are insufficient to permit the entire work therein provided for to be performed.

Acting according to advice from the Corporation Counsel, this Department has obtained the written consent of the assignee, Eugene M. Hendrickson, to the following modification of said contracts:

Contract No. 17556—To provide only for the laying of 800 square yards of brick gutter in Archer place; 300 square yards of brick gutters in Fleet street and 933 square yards of brick gutter in South street; all other work remaining to be done under the original contract to be eliminated therefrom.

Contract No. 17558—Any work remaining to be done under this contract to be eliminated therefrom.

Contract No. 17557—To provide only for the laying of 750 square yards of vitrified brick pavement on Twombly place (formerly Wall street); all other work remaining to be done under the original contract to be eliminated therefrom.

Contract No. 17559—To provide only for the furnishing of 2,000 cubic yards of embankment on Archer place and 100 cubic yards of embankment on Fleet street, and the laying of 2,200 square yards of four-inch macadam pavement on Archer place; 850 square yards of macadam pavement on Fleet street, and 750 square yards of macadam pavement on Twombly place; all other work remaining to be done under the original contract to be eliminated therefrom.

One of the conditions of the modification of these contracts is, that the work provided for shall be done in accordance with the prices and specifications of the original contracts.

I herewith transmit a copy of the agreement modifying the contracts as herein specified, and I respectfully request that a resolution be adopted authorizing such modification and transmitted to the Municipal Assembly for ratification.

The work remaining to be done under the original contracts is estimated to cost \$14,428.15, while the amount available is only \$8,307.24, showing a deficiency of \$6,120.91.

The modification of the contracts brings the cost of the work to be done within the available balance of \$8,307.24.

Very respectfully,

JAMES P. KEATING, Commissioner of Highways.

The President put the question whether the Council would agree to adopt said ordinance.

Which was decided in the affirmative by the following vote:

## REPORTS.

No. 2503.—(S. O. 273.)

The Committee on Finance, to whom was referred on October 29, 1901, the annexed report and resolution, adopted by the Council, providing for an issue of Corporate Stock in the sum of one hundred and eighty thousand twenty-nine dollars (\$180,029), the proceeds whereof shall be expended for the purchase, acquisition or construction of new stock or plant for the Street Cleaning Department, with instructions to wait upon the Commissioner of said Department and obtain from him all data bearing upon the question (see Minutes, page 334), respectfully

## REPORT:

That, in pursuance of said instructions, your Committee waited upon Commissioner Nagle, obtained an itemized statement showing the number and kinds of articles, with prices, necessary to and to be purchased for the proper conduct of the said Department, which said statement is herewith attached and made part of this report, and whereupon your Committee recommends that said Councilmanic report be agreed to and the said resolution concurred in.

ROBERT MUH, PATRICK S. KEELY, JACOB J. VLETEN, JOSEPH GEISER, JOHN T. McMAHON, Committee on Finance.

DEPARTMENT OF STREET CLEANING,  
NEW YORK, November 7, 1901.

Hon. ROBERT MUH, Chairman of the Finance Committee, Board of Aldermen:

DEAR SIR—In compliance with your personal request, I transmit herewith an itemized account, showing the number and kind of articles necessary to be purchased by this Department and the prices set opposite thereto.

This is a matter of most urgent necessity, and it is likewise one that has been before the Board of Aldermen since some time last February. It is needless to say, I presume, that if the articles were not needed they would not have been asked for, and inasmuch as so much time has lapsed between the date the request was made and the present time, the necessity for these supplies has increased in full proportion with the time that has lapsed since then. Therefore, I especially request the earliest possible attention, and that some definite action may be taken on this Bond Account, in order that the supplies that are so urgently needed may be procured without further delay.

Respectfully,  
P. E. NAGLE, Commissioner.

After due consideration, we concluded that our only remedy was to have the license raised to three hundred (\$300) dollars, which was passed unanimously.

## CHANGE OF GRADE OF WEST ONE HUNDRED AND THIRTY-FIFTH STREET, MANHATTAN.

The following report from the Chief Topographical Engineer was read:

TOPOGRAPHICAL BUREAU, NEW YORK, November 4, 1901.

Mr. JOHN H. MOONEY, Secretary, Board of Public Improvements:

SIR—In reply to the action taken by the Board of Public Improvements, referring for report a communication from the Commissioner of Highways, transmitting petition of Mr. Francis M. Jenks, President of the New York Investment and Improvement Company, for change of grade of West One Hundred and Thirty-fifth street, from Broadway to Riverside Drive extension, Borough of Manhattan, I submit herewith, for adoption and a public hearing a map entitled "Plan and Profile showing change of grade in West One Hundred and Thirty-fifth street, from Riverside Drive extension to Broadway, in the Twelfth Ward, Borough of Manhattan, City of New York;" also, a technical description for advertising the public hearing.

The New York Investment and Improvement Company claims ownership on both sides of West One Hundred and Thirty-fifth street, and guarantees that all the additional excavation made necessary will be done at their expense, and I recommend, therefore, favorable action.

This matter was in the hands of the Topographical Bureau since September, 1900, when a report was made to refer the petition for change of grade to the Local Board of Manhattan. The approval of the Local Board was not communicated to the Topographical Bureau, and is the cause of the delay.

Papers in the matter are herewith returned.

Respectfully,

LOUIS A. RISSE,

Chief Topographical Engineer and Engineer of Concourse.

The following resolution was then unanimously adopted:

Resolved, That the Board of Public Improvements of The City of New York, in pursuance of the provisions of section 436 of chapter 378, Laws of 1897, deeming it for the public interest so to do, proposes to alter the map or plan of The City of New York by changing the grade on West One Hundred and Thirty-fifth street, from Riverside Drive extension to Broadway, in the Twelfth Ward, Borough of Manhattan, City of New York, more particularly described as follows:

Beginning at the intersection of West One Hundred and Thirty-fifth street and Riverside Drive extension, the elevation to be 75.00 feet above mean high-water datum.

Thence easterly to the intersection of Broadway, the elevation to be 85.24 feet above mean high-water datum, as heretofore.

All elevations refer to mean high-water datum as established in the Borough of Manhattan.

## CHANGING LINES OF EAST ONE HUNDRED AND EIGHTY-NINTH STREET, BRONX.

The following report from the Chief Topographical Engineer was read:

TOPOGRAPHICAL BUREAU, October 30, 1901.

Mr. JOHN H. MOONEY, Secretary, Board of Public Improvements:

SIR—In accordance with the action taken by the Board of Public Improvements, referring for report a copy of a communication from the President of Webb's Academy and Home for Ship Builders at Fordham Heights, Borough of The Bronx, applying for the change of lines of East One Hundred and Eighty-ninth street, from Sedgwick avenue to Tee Taw avenue, Twenty-fourth Ward, Borough of The Bronx, I have to state as follows:

The Legislature of 1897 passed chapter 715, which is an act to authorize the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards of The City of New York to take from file the map or plan of section 16 of the final maps and profiles, by changing the location of streets and avenues and grades within the following boundaries:

On the north by Kingsbridge road, on the west by Sedgwick avenue, on the south by Fordham road and on the east by Aqueduct avenue.

The power which the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards had in relation to the laying out and changing streets was transferred by chapter 378 of the Laws of 1897 to the Board of Public Improvements, and the concurrence of said Board is therefore now requested by the President of Webb's Academy.

A map was prepared by the Topographical Bureau, in accordance with the sketch submitted by the President of Webb's Academy, entitled "Map or plan showing the alteration of Section 16 of the final maps and profiles of the Twenty-third and Twenty-fourth Wards of The City of New York, by changing the lines of East One Hundred and Eighty-ninth street, from Sedgwick avenue to Tee Taw avenue, Borough of the Bronx, authorized under chapter 715 of the Laws of 1897," and is herewith forwarded for the approval of the Board.

I recommend that a public hearing be given in the matter, after which hearing the map can be approved and ordered filed.

The technical description for the public hearing may read as follows:

East One Hundred and Eighty-ninth street, between Sedgwick avenue and Tee Taw avenue, to be shifted northerly, and the south side of the changed East One Hundred and Eighty-ninth street to be on the land of the Webb's Academy and nearly coincident with the division line of the properties of the Webb's Academy and the New York Orphan Asylum. The street to be sixty feet in width.

Papers in the matter are herewith returned.

Respectfully,

LOUIS A. RISSE,

Chief Topographical Engineer and Engineer of Concourse.

The following resolution was then unanimously adopted:

Resolved, That the Board of Public Improvements of The City of New York, in pursuance of the provisions of section 436 of chapter 378, Laws of 1897, deeming it for the public interest so to do, proposes to alter the map or plan of The City of New York by changing the lines of East One Hundred and Eighty-ninth street, from Sedgwick avenue to Tee Taw avenue, as authorized by chapter 715, Laws of 1897, in the Borough of The Bronx, City of New York, more particularly described as follows:

East One Hundred and Eighty-ninth street, between Sedgwick avenue and Tee Taw avenue, to be shifted northerly, and the south side of the changed East One Hundred and Eighty-ninth street, to be on the land of the Webb's Academy and nearly coincident with the division line of the properties of the Webb's Academy and the New York Orphan Asylum. The street to be sixty feet in width.

Resolved, That the President of this Board cause to be prepared for submission to this Board three similar maps or plans for certification and filing, in the manner required by law, showing as nearly as possible the nature and extent of the proposed change of lines of the above-named street and the location of the immediate adjacent or of intersecting open or established public streets, avenues, roads, squares or places, sufficient for the identification and location thereof.

Resolved, That this Board consider the proposed change of lines of the above-named street at a meeting of this Board to be held in the office of this Board on the 27th day of November, 1901, at 2 o'clock P. M.

Resolved, That the Secretary of this Board cause these resolutions, and a notice to all persons affected thereby that the proposed change of lines of the above-named street will be considered at a meeting of this Board to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 27th day of November, 1901.

## LAYING OUT WEST ONE HUNDRED AND FORTY-THIRD STREET, MANHATTAN.

The following report from the Chief Topographical Engineer was read and the petition was denied:

TOPOGRAPHICAL BUREAU, October 30, 1901.

Mr. JOHN H. MOONEY, Secretary, Board of Public Improvements:

SIR—In reply to the action taken by the Board of Public Improvements, referring for report a communication from the President of the Borough of Manhattan, recommending that West One Hundred and Forty-third street, from Edgecombe avenue to St. Nicholas avenue, Borough of Manhattan, be placed on the map of the City of New York, I wish to report against the laying out of said street, for the reason that the street will have an excessive grade of about sixteen feet to the hundred.

In addition, I may state that a protest against laying out said street was received by the Board, signed by Isadore Greyhead, attorney for Edmund Coffin, stating that a large livery stable was recently erected on the line of said West One Hundred and Forty-third street.

Papers in the matter are herewith returned.

Respectfully,

LOUIS A. RISSE,

Chief Topographical Engineer and Engineer of Concourse.

## CHANGE OF WIDTH OF EDGECOMBE ROAD, MANHATTAN.

The following communication was read:

No. 38 PARK ROW, November 7, 1901.

Hon. MAURICE F. HOLAHAN, President, Board of Public Improvements:

On September 19, 1900, there was pending before your Board, on petition submitted by me, a proposal to restore the width of Edgecombe road to 100 feet, as originally laid out, from One Hundred and Fifty-eighth street to Amsterdam avenue to One Hundred and Seventieth street. It was laid over for further consideration until the matter of confirming the report of Commissioners in matter of acquiring title to the road 80 feet wide should be decided.

Mr. Justice Bischoff has lately rendered his decision denying confirmation of the report on the ground of excessive awards, and ordering it to be referred to a new Commission for re-examination.

I desire, therefore, to call the matter up for further consideration by your Board.

Respectfully,

FRANCIS S. THAYER, Attorney for Petitioner.
