## BOROUGH OF BROOKLYN.

### LOCAL BOARD—BAY RIDGE DISTRICT.

Tuesday, October 1, 1903.

Meeting in Borough Hall at 2 p. m.

The roll was called, and the following members answered to their names: William C. Redfield, Commissioner of Public Works, presiding; Alderman Malone, Fifty-first Aldermanic District; Alderman Lundy, Fifty-second Aldermanic District.

The Commissioner submitted the following:

No. 165.

Petition to alter the map or plan of The City of New York by locating and laying out as a public park the property along the water front of Coney Island bounded by West Fifth street, Surf avenue and Sea Gate. Disapproved.

No. 365.

Petition to alter the map or plan of The City of New York by locating and laying out as a public park the property bounded by Cedar lane (street), Third avenue, Seventy-first street and Second avenue.

Following report and technical description from the Chief Engineer of the Bureau of Highways:

City of New York, Borough of Brooklyn, Office of Commissioner of Public Works, Bureau of Highways, Chief Engineer's Office,

June 12, 1903.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I send you herewith map and technical description in the matter of laying out a public park bounded by Cedar lane (street), Third avenue, Seventy-first street and Second avenue.

Respectfully,

(Signed) GEO. W. TILLSON, Chief Engineer.

(Copy.)

Technical description for a public hearing in the matter of locating and laying out a public park bounded by Cedar lane (street), Third avenue, Seventy-first street and Second avenue, in the Thirtieth Ward, Borough of Brooklyn, City of New York, more particularly described as follows:

Beginning at the intersection of the western side line of Third avenue with the northern side line of Seventy-first street, as the same are laid down on the map of the City;

1st. Thence westerly along the northern side line of Seventy-first street for 700.0 feet to the eastern side line of Second avenue;

2d. Thence northerly along the eastern side line of Second avenue for 174.11± feet to the southern side line of Cedar lane (street);

3d. Thence easterly along the southern line of Cedar lane (street) for 705.25± feet to the western side line of Third avenue;

4th. Thence southerly along the western side line of Third avenue for 260.0± feet to the point or place of beginning.

Dated, New York, June 12, 1903,

Topographical Bureau, Borough of Brooklyn.

(Signed) GEO. J. BISCHOF, Assistant Engineer in Charge.

(Signed) GEO. W. TILLSON, Chief Engineer.

The following resolution was offered:

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, after hearing had this 1st day of October, 1903, hereby recommends to the Board of Estimate and Apportionment to alter the map or plan of The City of New York by locating and laying out as a public park the property bounded by Cedar lane (street), Third avenue, Seventy-first street and Second avenue, in the Borough of Brooklyn, as shown on the accompanying map and more particularly described as follows:

Beginning at the intersection of the western side line of Third avenue with the northern side line of Seventy-first street, as the same are laid down on the map of the City;

1st. Thence westerly along the northern side line of Seventy-first street for 700.0 feet to the eastern side line of Second avenue;

2d. Thence northerly along the eastern side line of Second avenue for 171.11± feet to the southern side line of Cedar lane (street);

3d. Thence easterly along the southern side line of Cedar lane (street) for 705.25± feet to the western side line of Third avenue;

4th. Thence southerly along the western side line of Third avenue for 260.0± feet to the point or place of beginning.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Alderman Malone.

Approved by the President of the Borough October 7, 1903.

No. 364.

Petition to alter the map or plan of The City of New York by locating and laying out as an addition to Bensonhurst Park the property bounded by Gravesend Bay, Twentieth avenue, Cropsey avenue and Twenty-third avenue. Deferred.

Also locating and laying out as an addition to Bensonhurst Park the property bounded by Gravesend bay, Bay Nineteenth street, Cropsey avenue, Twenty-third avenue, not already included within the boundaries of Bensonhurst Park. Deferred.

No. 366.

Petition to alter the map or plan of The City of New York by striking therefrom that part of Eighty-ninth street lying between Narrows avenue and the Shore road. Laid over and referred to Alderman Lundy.

No. 387.

Petition to alter the map or plan of The City of New York by striking therefrom the following streets:

East Third street, between Avenue Y and Ocean Parkway.

East Fourth street, between Avenue X and Avenue Z.

East Fifth street, between Avenue Z and a point 200 feet northerly from the northern line of Avenue X.

East Sixth street, between the northern line of Avenue Y and the eastern line of Ocean parkway.

Laid over and referred to Alderman Lundy.

Also altering the map or plan of The City of New York by locating and laying out the following streets:

A—Boulevard court, between East Fourth street and Ocean parkway.

B—Ocean court, between East Third street and Hubbard street.

C—Parkway court, between East Third street and Hubbard street.

D—Manhattan court, between East Second street and East Sixth street.

E—Brighton court, between East Second street and East Sixth street.

Laid over and referred to Alderman Lundy.

No. 388.

Petition to reduce the widths of streets and avenues as described in the following resolution:

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, after hearing had this 1st day of October, 1903, hereby recommends that the following form of ordinance be approved and transmitted to the Board of Aldermen for their consideration:

An Ordinance in relation to the width of the roadways and sidewalks of Seventy-ninth, Eightieth, Eighty-first, Eighty-second, Eighty-third, Eighty-fourth and Eighty-fifth streets, between Seventh and Thirteenth avenues, and of Tenth, Eleventh and Twelfth avenues, between Seventy-ninth and Eighty-sixth streets, in the Borough of Brooklyn, City of New York.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The roadways of Seventy-ninth, Eightieth, Eighty-first, Eighty-second, Eighty-third, Eighty-fourth and Eighty-fifth streets, between Seventh and Thirteenth avenues, are hereby reduced in width from 32 feet to 30 feet, and the sidewalks of said streets are hereby increased one (1) foot on each side, and the roadways of Tenth, Eleventh and Twelfth avenues, between Seventy-ninth and Eighty-sixth streets, are hereby reduced in width from forty-four (44) feet to forty-two (42) feet, and the sidewalks of said street are hereby increased one (1) foot on each side.

Sec. 2. This ordinance shall take effect immediately.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Malone and Lundy.

Approved by the President of the Borough October 7, 1903.

No. 229.

Amendment of proceedings to open Forty-ninth street, between former city line and West street. The omission of the railroad crossing in the original resolution has been legalized by chapter 462 of the Laws of 1903, so that there does not appear to be any reason for making the amendment proposed.

The following resolution was offered:

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, this 1st day of October, 1903, hereby rescinds the following resolution adopted February 25, 1903:

"Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, after hearing had this 25th day of February, 1903, deeming it for the public interest so to do, hereby requests the Board of Estimate and Apportionment to amend pending proceedings for opening Forty-ninth street from former city line to West street by omitting that portion of street occupied by tracks of Long Island Railroad Company.

"Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval."

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Malone and Lundy.

Approved by the President of the Borough October 7, 1903.

No. 138.

Amendment of proceedings to open Seventeenth avenue, from Flatbush line to Bath avenue, by omitting railroad lands. The defect in the original proceedings by not providing for the railroad crossing has been remedied by chapter 462 of the Laws of 1903.

The following resolution was offered:

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, this 1st day of October, 1903, hereby rescinds the following resolution adopted February 25, 1903:

"Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, after hearing had this 25th day of February, 1903, deeming it for the public interest so to do, hereby requests the Board of Estimate and Apportionment to amend pending proceedings for opening Seventeenth avenue, from Flatbush line to Bath avenue, by omitting therefrom that portion of the street occupied by the tracks of the Long Island Railroad, the Sea Beach Railroad and the Brooklyn, Bath and West End Railroad.

"Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval."

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

City of New York, Borough of Brooklyn, Office of Commissioner of Public Works,

Bureau of Highways, Chief Engineer's Office,

July 20, 1903.

OTTO KEMPNER, Esq., Acting Commissioner of Public Works, Borough of Brooklyn:

Dear Sir—I send you herewith a copy of a report of Mr. Bischof, Assistant

Engineer, in charge of Topographical Bureau, together with several papers regarding the improvement of Fortieth street, from Sixth avenue to New Utrecht avenue.

From the reports and the affidavits attached, it would seem to me there is no necessity for opening any portion of this street by legal proceedings. Will you kindly transmit all papers to Miss Agar, Borough President's office.

Respectfully,  
(Signed) GEO. W. TILLSON, Chief Engineer.  
(Copy.)

July 17, 1903.

Mr. GEO. W. TILLSON, Chief Engineer:

Dear Sir—Replying to your oral request of to-day to report as to whether Fortieth street, from Sixth avenue to Fort Hamilton avenue, should be opened for any longer limit than is needed for the improvements, I respectfully state as follows:

Fortieth street, from Sixth avenue to the old City line, as ceded, as stated in my letter of May 22, 1903. From the former City line to New Utrecht avenue, I think the street should be opened; this is a distance of but a block and a half. From New Utrecht avenue to Fort Hamilton avenue there are two affidavits showing the dedication of Fortieth street. (See page 7128, "City Record," October 22, 1902.)

Easterly of Fort Hamilton avenue Fortieth street is more or less in use. From Fort Hamilton avenue to Thirteenth avenue there are cement sidewalks, macadam strip in roadway, water and gas; from Thirteenth avenue to Fourteenth avenue there is flagging, earth roadway and water; from Fourteenth avenue to old road from Flatbush to New Utrecht there is flagging and earth roadway; from old road from Flatbush to New Utrecht to Sixteenth avenue there is but a wagon track; from Sixteenth avenue to West street there are earth sidewalks and earth roadways and water. In view of the above improvements in Fortieth street I do not know that it is necessary to open any part easterly of New Utrecht avenue, excepting perhaps the portion from old road, Flatbush, to Sixteenth avenue. If it be thought necessary, the opening could be made to read from the old City line to West street.

All papers are respectfully returned.

Very respectfully,  
(Signed) GEO. J. BISCHOF, Assistant Engineer in Charge.

The following resolution was offered:

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, after hearing had this 1st day of October, 1903, deeming it for the public interest so to do, hereby determines to initiate proceedings to open Fortieth street, between former City line and New Utrecht avenue, in the Borough of Brooklyn.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Malone and Lundy.

Approved by the President of the Borough October 7, 1903.

No. 389.

Petition to construct sewer on Fifth avenue, between Sixtieth and Sixty-fourth streets.

Following report from the Superintendent of Sewers:

(Copy.)

City of New York, Borough of Brooklyn, Bureau of Highways, Office of the Superintendent,

July 11, 1903.

OTTO KEMPNER, Esq., Assistant Commissioner of Public Works, and Acting Commissioner of Public Works:

Dear Sir—I herewith return a communication, which was referred to me, the same being addressed to the Bureau of Sewers by the Secretary to the President of the Borough, dated July 3, 1903, requesting information in relation to the construction of a sewer in Fifth avenue, from Sixtieth street to Sixty-fourth street. I also return original petition which accompanied said communication.

The Chief Engineer of Sewers, Borough of Brooklyn, reports to me as follows: "I beg to report that the estimated cost for above mentioned improvement is \$4,800, and the assessed valuation of the real estate within the probable area of assessment is \$57,764."

"The items of work necessary are:

"980 feet 12-inch pipe sewer.

"8 manholes and appurtenances.

"In regard to outlet sewers, information of which is requested, I beg to state that the outlet in Sixty-fourth street is under construction.

"In regard to the legal opening of the street, information of which is requested, I beg to state that Fifth avenue, from Sixty-fifth street to old City line, was confirmed in opening May 10, 1894."

Respectfully yours,

(Signed) JOHN THATCHER, Superintendent of Sewers.

Following report from the Engineer of the Bureau of Highways:

(Copy.)

City of New York, Borough of Brooklyn, Office of Commissioner of Public Works, Bureau of Highways, Chief Engineer's Office,

July 8, 1903.

Mr. HENRY R. ASSERSON, Chief Engineer of Sewers:

Dear Sir—In response to yours of the 7th instant, asking if Fifth avenue, between Sixtieth and Sixty-fourth streets, is an open street or not, I would say that it is and the same has been regularly graded to the established grade.

Respectfully,

(Signed) GEO. W. TILLSON, Chief Engineer.

June 27, 1903.

Hon. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—In regard to a corrected report for the construction of a sewer in First avenue, between Seventy-first street and the Shore road, with an outlet sewer in Seventieth street, between First avenue and Narrows avenue, as conveyed to me by your reference of a communication addressed to you by the Secretary to the Local Boards, dated June 25, 1903, with transmission of a copy of a communication from the said Secretary to you, dated June 20, and a communication from the Chief Engineer of Highways to you of June 24, all of which are herewith returned, I beg to state that it appears from the report of the Chief Engineer of Sewers, Borough of Brooklyn, made to me on this date, a copy of which is herewith attached, that the report submitted under date of March 13 is correct in its details.

It appears that Mr. H. E. Bowns, who appeared before the Local Board of the vicinity, was under the impression that the report included that portion of First avenue which was stricken from the Commissioner's Map. Such, however, is not correct.

Respectfully yours,

(Signed) JOHN THATCHER, Superintendent of Sewers.

Following report from the Engineer of the Bureau of Highways:

City of New York, Borough of Brooklyn, Office of Commissioner of Public Works, Bureau of Highways, Chief Engineer's Office,

June 24, 1903.

WILLIAM C. REDFIELD, Esq., Commissioner of Public Works, Borough of Brooklyn:

Dear Sir—I return you herewith letter of Justin McCarthy, Jr., Secretary to

the Local Boards, regarding a statement made that First avenue, from Ninety-second street and Marine avenue to the Shore road, had been closed and stricken from the map by the Board of Supervisors of New Utrecht, March 24, 1887. I find that by an examination of the Commissioner's Map in this office and the record that this is true, that First avenue now ends at Ninety-second street.

Respectfully,

(Signed) GEO. W. TILLSON, Chief Engineer.

Following report from the Chief Engineer of Sewers:

(Copy.)

June 27, 1903.

Mr. JOHN THATCHER, Superintendent of Sewers:

Dear Sir—You have referred to me a communication from the Secretary to the local boards addressed to the Commissioner of Public Works, under date of June 25, 1903, with which was transmitted a copy of a letter from the said Secretary to the Commissioner of Public Works, dated June 20; also a copy of a report of the Chief Engineer of the Bureau of Highways to the Commissioner of Public Works, dated June 24, all in relation to the construction of a sewer in First avenue, between Seventy-first street and the Shore road, with an outlet sewer in Seventieth street, between First avenue and Narrows avenue.

It is desired that a corrected report for the sewer improvement be furnished, because it has been found that First avenue from Ninety-second street and Marine avenue to the Shore road has been closed and stricken from the Commissioner's map of the City.

I beg to state that this fact was known in this office, and that our sewer report was not for the southerly end of First avenue, but it refers to the northerly portion of First avenue, in the New Utrecht section of the City; that is, it covers that portion of the street from Seventy-first street northerly to the Shore Road, or Bay Ridge Parkway, which trends from the shore front westerly to Fourth avenue, therefore the report is correct as it has been submitted.

Yours respectfully,

(Signed) HENRY R. ASSERSON, Chief Engineer of Sewers.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I return you herewith petition for paving with granite Forty-third street from east side of First avenue to west side of First avenue.

The items of cost are:

60 linear feet of curb, at 85 cents;

320 square yards of granite pavement, at \$3.40.

Total estimated cost, \$1,200. Assessed valuation, \$3,500.

The street is legally open. Forty-third street is to be repaved with granite block pavement east of First avenue, and Forty-third street west of First avenue is already paved with brick.

I think therefore that this intersection should be repaved at once.

Respectfully,

(Signed) GEO. W. TILLSON, Chief Engineer.

Dear Sir—I return you herewith petition for regulating, grading, curbing and laying sidewalks on Seventy-third street, between Fourteenth and Fifteenth avenues.

The items of cost are:

800 cubic yards of grading, at 40 cents.

1,480 linear feet of curb, at 85 cents.

7,000 square feet of cement sidewalk, at 18 cents.

100 square feet of bluestone walk relaid, at 5 cents.

Total estimated cost, \$3,000; assessed valuation, \$15,200.

The street is legally opened. As no pavements are to be laid, the condition of the subsurface construction is not important.

Respectfully,

(Signed) GEO. W. TILLSON, Chief Engineer.

May 21, 1903.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I return you herewith petition for regulating, grading and curbing Eighty-first street, between First avenue and Third avenue. The items of cost are:

1,600 cubic yards of grading, at 40 cents.

3,016 linear feet of curb, at 85 cents.

1,005 square yards of brick gutter, at \$1.40.

14,400 square feet of cement sidewalk, at 18 cents.

Total estimated cost, \$7,600; assessed valuation, \$69,100.

There is no record of this street having been opened. As no pavement is to be laid, the matter of subsurface construction is of no importance.

Respectfully,

(Signed) GEO. W. TILLSON, Chief Engineer.

The following resolution was offered:

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, after hearing had this 1st day of October, 1903, hereby determines to initiate proceedings to regulate and grade Eighty-first street, between First avenue and Third avenue, in the Borough of Brooklyn, and to set or reset curb, pave gutters with brick, and pave sidewalks with cement of said street where not already done.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Malone and Lundy.

Approved by the President of the Borough October 7, 1903.

The following resolution was offered:

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, after hearing had this 1st day of October, 1903, deeming it for the public interest so to do, hereby determines to initiate proceedings to open Eighty-first street, between First avenue and Third avenue, in the Borough of Brooklyn.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Malone and Lundy.

OTTO KEMPNER, Esq., Acting Commissioner of Public Works, Borough of Brooklyn:

Dear Sir—I return you herewith petition for grading Seventy-second street, between Thirteenth and Fifteenth avenues. The item of cost is: 3,000 cubic yards of grading, at 40 cents.

Total estimated cost, \$1,200; assessed valuation, \$25,000.

There is no record of the street ever having been opened. As the street is not to be paved the condition of the subsurface construction is not important.

Respectfully,

(Signed) GEO. W. TILLSON, Chief Engineer.

Dear Sir—I return you herewith letter of Margaret T. Bosman, No. 259 Ninety-Third street, near Third avenue, regarding water standing on Ninety-first street, between Second and Third avenues. In regard to this, I would say that the only remedy here is to fill the street and fill the adjoining lots.

I send you, therefore, herewith an estimate on the cost of grading Ninety-first street, between Second and Third avenues. The items are: 4,600 cubic yards of grading, at 40 cents.

Total estimated cost, \$1,800; assessed valuation, \$29,830.

Opening proceedings are pending, draft damage map having been asked for.

I am also sending a report in favor of filling all the lots where the assessed valuation is high enough to warrant the filling.

Respectfully,

(Signed) GEO. W. TILLSON, Chief Engineer.

Grading and Paving Report No. 148.

City of New York, Borough of Brooklyn, Office of Commissioner of Public Works,  
Bureau of Highways, Chief Engineer's Office,

August 12, 1903.

WILLIAM C. REDFIELD, Esq., Commissioner of Public Works:

Dear Sir—I return you herewith petition of Frank B. Phillips and others, asking for certain lots on the north side of Eighty-fourth street, west of Tenth avenue, to be graded.

In reply to this I would say that these lots cannot be put to grade and abate the nuisance until the adjoining streets are graded.

A contract has just been made for grading Eighty-third street along this property, and a resolution ordering Eighty-fourth street graded is now pending before the Board of Estimate and Apportionment. There should be another resolution ordering Tenth avenue, between Eighty-third and Eighty-fourth streets, graded. When these three contracts are completed, it would be proper to order the lots themselves graded, but not before.

The estimated cost of grading Tenth avenue, from Eighty-third to Eighty-fourth street, would be \$1,400, the items being 3,400 cubic yards of grading at 40 cents.

Assessed valuation, \$17,500.

The street is legally opened.

Respectfully,

(Signed) GEO. W. TILLSON, Chief Engineer.

WILLIAM C. REDFIELD, Esq., Commissioner of Public Works, Borough of Brooklyn:

Dear Sir—I return you herewith petition for constructing curbs, gutters and sidewalks on both sides of Ninety-second street, between Seventh avenue and the Shore road. This street has been macadamized and guttered, and I think all that is necessary is to lay the sidewalks. I therefore present an estimate for the sidewalking of Ninety-second street, where walks are not already laid, between Second avenue and the Shore road. The items of cost are:

13,750 square feet of cement sidewalk at 18 cents.

Total estimated cost, \$2,600; assessed valuation, \$80,200.

Respectfully,

(Signed) GEO. W. TILLSON, Chief Engineer.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I return you herewith petition for constructing curb, gutters and sidewalks on Eighty-sixth street, between Fifth avenue and Shore road. This street is macadamized, and has Belgian gutters, and I do not think it advisable to have it curbed. It should have, however, a sidewalk laid. The items of cost are:

500 cubic yards of grading, at 40 cents.

40,000 square feet of cement sidewalk at 18 cents.

Total estimated cost, \$7,800; assessed valuation, \$220,400.

The street is legally open and it is macadamized at the present time.

Respectfully,

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I send you herewith new estimate for the laying of cement sidewalks on the north side of Seventy-ninth street, between Seventh avenue and Shore road.

The only item of cost is 28,500 square feet of cement sidewalk at 18 cents.

Total estimated cost, \$5,300; assessed valuation, \$119,200.

The street is legally opened. As the street has been macadamized and guttered under a previous contract, the condition of the subsurface is not important.

This estimate takes the place of grading and paving Report No. 100, dated May 19, 1903.

Mr. JUSTIN McCARTHY, Jr., Secretary to the Local Boards:

Dear Sir—I beg to return you grading and paving report No. 100 of 19th, in the matter of sidewalks, etc., on Seventy-ninth street, between Seventh avenue and the Shore road. This was handed to me by your office, with request to get lot and block numbers.

This is again one of those long stretches where it would take several weeks' time for a man to go through the lot and block numbers, and, on the recommendation of the Chief Engineer, I suggest to you that this be treated exactly like Second and Fourth avenues, namely, that you appoint a date for a hearing before the Local Board, informing me of it in time, and I will then have slips prepared and distributed to the property owners on the street by way of giving them notice. A special reading notice should also appear in the press; then the matter can be taken up in one resolution instead of fifty, and put through the Board of Estimate in the regular way.

Yours very truly,

(Signed) WILLIAM C. REDFIELD,

Commissioner of Public Works.

The City of New York, Borough of Brooklyn, Borough Hall, Bureau of Complaints,

June 3, 1903.

To Mr. J. O. FARRELL, Acting Inspector, Bureau of Complaints:

Dear Sir—Attached hereto please find complaint received at this Bureau. Will you kindly investigate and report to me (on form below), and return at your earliest convenience?

(Signed) JAS. A. ROONEY, Supervisor of Complaints.

June 6, 1903.

To JAMES A. ROONEY, Supervisor of Complaints:

Dear Sir—On the northeast corner of Seventy-ninth street and Fourth avenue is a public school, with an attendance of about 450 scholars. There are only two houses on Seventy-ninth street between points mentioned, neither of which is occupied. The street is a country road, and there is no necessity at all for flagging. The road to sixth avenue is not paved, and it would be an imposition on property owners to compel them to flag their sidewalks.

Respectfully submitted,

J. O. FARRELL, Inspector.

The following resolution was offered:

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, after hearing had this 1st day of October, 1903, hereby directs that the sidewalk opposite the lot lying on the north side of Seventy-ninth street, between Seventh avenue and Shore road, be paved with cement five (5) feet in width at the expense of the owner or owners of the lot.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Malone and Lundy.

Approved by the President of the Borough October 7, 1903.

## LOCAL BOARD—FLATBUSH DISTRICT.

Thursday, October 8, 1903.

Meeting in Borough Hall, at 2 p. m.

The roll was called, and the following members answered to their names:

Alderman Wentz, Sixty-first Aldermanic District; Alderman Wirth, Sixty-second Aldermanic District, and Alderman McInnes, Sixty-third Aldermanic District.

Chairman McInnes submitted the following:

No. 182.

Acquiring title to East Twenty-fifth street (Bedford avenue), as laid out, from Foster avenue to Flatbush avenue.  
Laid over.

## No. 380.

Petition to alter the map or plan of The City of New York by locating and laying out Newkirk avenue, from Flatbush avenue to Coney Island avenue, and Lawrence avenue, from Coney Island avenue to First avenue, 50, 60 or 70 feet in width, and widening Lawrence avenue, from First avenue to Ocean parkway, to conform to Newkirk and Lawrence avenues as laid out.

Laid over for further recommendation.

## No. 381.

Petition to alter the map or plan of The City of New York by closing and discontinuing East Ninety-first, East Ninety-second and East Ninety-third streets, from Tulip street to East New York avenue; and extending East Fifty-third street, from Remsen avenue to East New York avenue, in the Twenty-ninth Ward of the Borough of Brooklyn.

Laid over indefinitely.

## No. 382.

Petition to open East Thirty-fourth street, from Clarkson street to Linden boulevard or avenue.

Following report from the Engineer of the Bureau of Highways:

(Copy.)

City of New York, Borough of Brooklyn, Office of Commissioner of Public Works, Bureau of Highways, Chief Engineer's Office,

July 31, 1903.

OTTO KEMPNER, Esq., Acting Commissioner of Public Works, Borough of Brooklyn:

Dear Sir—I return you herewith petition for opening East Thirty-fourth street, from Clarkson street to Linden avenue.

In reply to this I would say that East Thirty-fourth street is laid down on the map. There is a small stable on the line of the proposed street, between Clarkson street and Lenox road. If proceedings are taken for opening this street, I think they should extend from Clarkson street to Church avenue.

There are proceedings now pending for the opening of New York avenue about 200 feet west of this street. New York avenue will probably be the most important thoroughfare in this vicinity, and this matter should be considered in the opening of East Thirty-fourth street.

Respectfully,

(Signed) GEO. W. TILLSON, Chief Engineer.

The following resolution was offered:

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after hearing had this 8th day of October, 1903, hereby determines to initiate proceedings to open East Thirty-fourth street, between Clarkson street and Church avenue, in the Borough of Brooklyn.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen McInnes, Wentz and Wirth.

Approved by the President of the Borough October 13, 1903.

## No. 383.

Petition for opening Carroll street, from Albany avenue to East New York avenue.

Following report from the Engineer of the Bureau of Highways:

(Copy.)

City of New York, Borough of Brooklyn, Office of Commissioner of Public Works, Bureau of Highways, Chief Engineer's Office,

September 10, 1903.

WILLIAM C. REDFIELD, Esq., Commissioner of Public Works, Borough of Brooklyn:

Dear Sir—I return you herewith petition for the opening of Carroll street, from Albany avenue to East New York avenue. There is no record that this street has ever been legally opened. By resolution of the Common Council of the City of Brooklyn, however, dated March 20, 1893, Carroll street, from Brooklyn avenue to the City line, was declared a public street. This includes the portion of the street asked for in the petition, that is, from Albany avenue to practically Rochester avenue.

The street is laid down on the map of the City. There are buildings within its lines.

I see no reason why the street should be opened any further at this time than the petition calls for.

Respectfully,

(Signed) GEO. W. TILLSON, Chief Engineer.

The following resolution was offered:

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after hearing had this 8th day of October, 1903, deeming it for the public interest so to do, hereby determines to initiate proceedings to open Carroll street, between Albany avenue and East New York avenue, in the Borough of Brooklyn.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen McInnes, Wentz and Wirth.

Approved by the President of the Borough October 13, 1903.

## No. 384.

Petition to open Crown street, from Albany avenue to East New York avenue.

Following report from the Engineer of the Bureau of Highways:

(Copy.)

City of New York, Borough of Brooklyn, Office of Commissioner of Public Works, Bureau of Highways, Chief Engineer's Office,

September 10, 1903.

WILLIAM C. REDFIELD, Esq., Commissioner of Public Works, Borough of Brooklyn:

Dear Sir—I return you herewith petition for opening Crown street, from Albany avenue to East New York avenue. The street has never been legally opened. By resolution of the Common Council, however, dated March 20, 1893, Crown street was declared open from Nostrand avenue to the City line. This includes the portion of the street above asked for.

The street is laid down on the map of the City. There are buildings within its lines.

If the street is opened I see nothing to be gained by extending the limits beyond what is asked for in the petition.

Respectfully,

(Signed) GEO. W. TILLSON, Chief Engineer.

The following resolution was offered:

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after hearing had this 8th day of October, 1903, deeming it for the public interest so to do, hereby determines to initiate proceedings to open Crown street, between Albany avenue and East New York avenue, in the Borough of Brooklyn.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen McInnes, Wentz and Wirth.

Approved by the President of the Borough October 13, 1903.

## No. 349.

Petition to open East Fourteenth street, between Cortelyou road and Newkirk avenue.

Laid over.

## No. 385.

Petition to reduce the width of the roadway of Ditmas avenue, between Flatbush avenue and Coney Island avenue, from 44 feet to 34 feet.

The following resolution was offered:

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after hearing had this 8th day of October, 1903, hereby recommends that the fol-

lowing form of ordinance be approved and transmitted to the Board of Aldermen for consideration:

AN ORDINANCE in relation to the width of the roadway of Ditmas avenue, between Flatbush and Coney Island avenues, in the Borough of Brooklyn, City of New York.

Be it Ordained by the Board of Aldermen of The City of New York as follows: Section 1. The roadway of Ditmas avenue, between Flatbush and Coney Island avenues, in the Borough of Brooklyn, is hereby reduced in width from forty-four (44) feet to thirty-four (34) feet.

Sec. 2. This ordinance shall take effect immediately.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen McInnes, Wentz and Wirth.

Approved by the President of the Borough October 13, 1903.

## No. 354.

Opening East Sixteenth street, from Avenue D to Foster avenue.

Petition to construct sewer in East Thirty-first street, between Avenue C and Avenue D.

Following report from the Superintendent of Sewers:

(Copy.)

City of New York, Borough of Brooklyn, Bureau of Sewers, Office of the Superintendent,

September 10, 1903.

Hon. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I herewith return a communication, which you referred to me, the same being addressed to the Bureau of Sewers by the Secretary to the President of the Borough of Brooklyn, dated August 12, 1903, requesting information in relation to the construction of a sewer in East Thirty-first street, between Avenue C (Clarendon road) and Avenue D.

I also return original petition which accompanied said communication.

The Chief Engineer of Sewers, Borough of Brooklyn, reports to me as follows: "I beg to report that the estimated cost for above-mentioned improvement is \$4,500, and the assessed valuation of the real estate within the probable area of assessment is \$45,460."

"The items of work necessary are: 812 feet 12-inch pipe sewer, 9 manholes, 2 receiving basins and appurtenances."

"In regard to outlet sewers, information of which is requested, I beg to state that an outlet is necessary in East Thirty-first street, from Avenue D to Newkirk avenue, the estimated cost for same being \$2,300, and the assessed valuation of the real estate within the probable area of assessment, together with the above length petitioned for, is \$93,410."

"The items of work necessary are: 45 feet 18-inch pipe sewer, 295 feet 15-inch pipe sewer, 3 manholes, 2 receiving basins and appurtenances."

"In regard to the legal opening of the streets, information of which is requested, I beg to state that a resolution to open East Thirty-first street, from East Broadway to Flatlands avenue, passed the Board of Public Improvements, June 12, 1901 ('City Record,' page 3866, June 10, 1901).

"Resolution to amend proceedings above referred to by omitting therefrom that portion of the street occupied by tracks of Manhattan Beach Division of the Long Island Railroad passed Local Board, March 30, 1903, No. 232, 'City Record,' July 7, 1903, page 5905. This passed Board of Estimate and Apportionment July 8, 1903 ('City Record,' September 1, 1903, page 7412)."

Respectfully yours,

(Signed) JOHN THATCHER, Superintendent of Sewers.

HENRY R. ASSERSON, Esq., Chief Engineer, Bureau of Sewers, Borough of Brooklyn:

Dear Sir—In response to your request asking if East Thirty-first street, from Avenue C to Avenue D, and from Avenue D to Newkirk avenue, is open or not, I would say that there is no record that the street has ever been legally opened. It is laid down on the map of the City, and there are no buildings on the line of the street. Water and gas mains have been laid, and the block from Avenue D to Newkirk avenue has been flagged.

If opening proceedings are instituted they should cover East Thirty-first street, from Canarsie lane to Avenue E.

Respectfully,

(Signed) GEO. W. TILLSON, Chief Engineer.

Hon. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I herewith return a communication, which you referred to me, the same being addressed to the Bureau of Sewers, by the Secretary to the President of the Borough, dated June 16, 1903, requesting information in relation to the construction of a sewer in Robinson street, between Rogers avenue and Nostrand avenue.

I also return original petition which accompanied said communication.

I beg to state that the Chief Engineer of Sewers, Borough of Brooklyn, reports to me as follows:

"I beg to report that the estimated cost for above-mentioned improvement is \$7,000, and the assessed valuation of the real estate within the probable area of assessment is \$440,700."

"The items of work necessary are: 805 feet 24-inch pipe sewer; 50 feet 18-inch pipe sewer; 50 feet 12-inch pipe sewer; 9 manholes; 4 receiving basins and appurtenances.

"In regard to outlet sewers, information of which is requested, I beg to state that an outlet is required in Robinson street, between Nostrand avenue and New York avenue, the estimated cost of which is \$5,800, and the assessed valuation of the real estate within the probable area of assessment, together with the above length petitioned for, is \$591,700.

"The items of work necessary are: 830 feet 24-inch pipe sewer; 6 manholes and appurtenances.

"The outlet beyond this point in New York avenue was included as an outlet in my report of September 10, 1902, entitled 'Malbone street, between New York avenue and Brooklyn avenue.'

"In regard to the legal opening of the street, information of which is requested, I beg to state that I find no record of the legal opening of this street."

Respectfully yours,

I also return original petition which accompanied said communication.

I beg to state that the Chief Engineer of Sewers, Borough of Brooklyn, reports to me as follows:

"I beg to advise that the sewer is built from Farragut road (Avenue F), southerly about 200 feet, therefore, I give estimate of cost for a sewer in Mansfield place (East Twenty-fourth street), from end of existing sewer, south of Farragut road to Avenue G, which is \$3,000, and the assessed valuation of the real estate within the probable area of assessment, which is \$51,570.

"The items of work necessary are: 50 feet 15-inch pipe sewer, 600 feet 12-inch pipe sewer, 6 manholes and appurtenances.

"In regard to outlet sewers, information of which is requested, I beg to state that the outlet in Avenue G is under contract.

"In regard to the legal opening of the street, information of which is requested, I beg to state that I find no record of opening this street within the above limits."

Hon. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I herewith return a communication which you referred to me, the same being addressed to the Bureau of Sewers by the Secretary to the President of the Borough, dated August 11, 1903, requesting information in relation to the construction of a sewer in East Fortieth street, between Avenue C (now Clarendon road) and Ditmas avenue (formerly Avenue E, now Foster avenue).

I also return original petition which accompanied said communication.

The Chief Engineer of Sewers, Borough of Brooklyn, reports to me as follows:

"I beg to report that the estimated cost for above mentioned improvement is \$9,700, and the assessed valuation of the real estate within the probable area of assessment is \$22,130.

"The items of work necessary are: 50 feet 18-inch pipe sewer, 850 feet 15-inch pipe sewer, 775 feet 12-inch pipe sewer, 17 manholes, 4 receiving basins and appurtenances.

"In regard to outlet sewers, information of which is requested, I beg to state that such will be necessary in Avenue D and in Ditmas avenue (now Foster avenue);

but a report upon said sewers was made from this office on May 19, 1902, in the matter entitled, 'Sewer in East Thirty-seventh street, from Avenue C to Avenue E, etc.' An estimate is not given in this report, therefore, to avoid confusion in authorization.

"In regard to the legal opening of the streets, information of which is requested, I beg to state that I find no record of opening proceedings for this street within these limits."

Following report from the Superintendent of Sewers:

Hon. WILLIAM C. REDFIELD, Commissioner of Public Works and Acting President of the Borough:

Dear Sir—You have referred to me a communication addressed to you by the Secretary to the Local Boards, dated August 31, 1903, transmitting an extract of a communication from the Chief Engineer of the Board of Estimate and Apportionment, dated August 14, 1903, in which statement is made as follows:

"Resolution providing for sewer basins on Cortelyou road, at the northeast corner of East Eleventh street, and at all four corners of East Fourteenth street. I find that there is already a basin at the southwest corner of East Fourteenth street and Cortelyou road, and suspect that this corner should have been omitted. If, however, it is desired to rebuild this basin, it should be so stated in the resolution."

I beg to state that I reported to you under date of April 6, 1903, that sewer basins were required as follows:

Northeast corner East Eleventh street and Cortelyou road.

Southeast corner East Eleventh street and Cortelyou road.

Northwest corner East Fourteenth street and Cortelyou road.

Northeast corner East Fourteenth street and Cortelyou road.

Southeast corner East Eleventh street and Cortelyou road.

It will be noted, therefore, that my report omitted mention of a basin on the southeast corner of East Fourteenth street and Cortelyou road, as it was known a basin existed there. It appears that an error has been made, outside of this office, probably a typographical one, in reporting for a basin which we considered was necessary at the southeast corner of East Eleventh street and Cortelyou road, for the southeast corner of East Fourteenth street and Cortelyou road.

In other words, it will be noted that five sewer basins are necessary, that one which was reported for at the southeast corner of East Eleventh street and Cortelyou road being omitted from the resolution, and included at the Fourteenth street intersection among four basins, as provided for in the resolution, where three only are necessary.

I enclose herewith a copy of my report of the 6th of April.

Respectfully yours,  
(Signed) JOHN THATCHER, Superintendent of Sewers.

The following resolution was offered:

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, this 8th day of October, 1903, hereby amends the following resolution adopted May 11, 1903:

"Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after hearing had this 11th day of May, 1903, deeming it for the public interest so to do, hereby determines to initiate proceedings to construct sewer basins at the following points:

"Northeast corner East Eleventh street and Cortelyou road;

"Southeast corner East Fourteenth street and Cortelyou road;

"Northwest corner East Fourteenth street and Cortelyou road;

"Northeast corner of East Fourteenth street and Cortelyou road;

"Southwest corner East Fourteenth street and Cortelyou road;

—in the Borough of Brooklyn.

"Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval."

—by striking therefrom the words "southwest corner East Fourteenth street and Cortelyou road," and substituting therefor the words "southeast corner East Eleventh street and Cortelyou road," the amended resolution to read as follows:

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after hearing had this 8th day of October, 1903, deeming it for the public interest so to do, hereby determines to initiate proceedings to construct sewer basins at the following points:

"Northeast corner East Eleventh street and Cortelyou road;

No. 390.

Petition for widening Eighteenth avenue, from Ocean parkway to the old New

Utrecht town line, at or about Forty-fifth street, to conform with the width of the remainder of said Eighteenth avenue as it is now laid out from said New Utrecht town line to Bath Beach. Also that the connection be made at the corner of Eighteenth avenue and East Second street with the sewer in Parkville for the purpose of carrying off the surface water.

Following report from the Superintendent of Sewers:

City of New York, Borough of Brooklyn, Bureau of Sewers, Office of Superintendent,

July 28, 1903.

Mr. GEO. W. TILLSON, Chief Engineer of Highways:

Dear Sir—In reply to your communication of the 6th instant, in which you informed me that a petition had been filed in your office for paving Eighteenth avenue, from Ocean parkway to the old New Utrecht town line, I beg to inform you that the Chief Engineer of Sewers, Borough of Brooklyn, reports to me as follows upon the necessary sewer improvements which should precede the paving improvements:

"I beg to advise that a sewer already exists in this avenue, from Ocean parkway to East Fourth street. I give therefore an estimate of cost for a sewer in Eighteenth avenue, from East Fourth street to the old New Utrecht town line, and for sewer basins in Eighteenth avenue, northeast and northwest corners East Fifth street, and to a point on the south side of Eighteenth avenue opposite East Fifth street, which is \$16,100, while the assessed valuation of the real estate within the probable area of assessment is \$727,110.

"The items of work necessary are: 390 feet 48-inch brick sewer; 390 feet 42-inch brick sewer; 50 feet 36-inch brick sewer; 50 feet 30-inch brick sewer; 62 feet 18-inch brick sewer; 330 feet 15-inch brick sewer; 630 feet 12-inch brick sewer; 20 manholes; 11 receiving basins and appurtenances.

"An outlet sewer for the above will be required in Third avenue, between Eighteenth avenue and Foster avenue, the estimated cost for same being \$16,600, and the assessed valuation of the real estate within the probable area of assessment, including the Eighteenth avenue sewer, is \$868,260.

"The items of work necessary are: 1,010 feet 48-inch brick sewer; 200 feet 15-inch pipe sewer; 11 manholes; 11 receiving basins and appurtenances.

"In regard to the legal opening of the streets, I beg to state that opening proceedings for Eighteenth avenue (formerly Franklin avenue) and Third street were placed on the Commissioner's map by an Act of the Legislature, chapter 337, Laws of 1876, and were to be 50 feet in width. This act states that all streets which were open on the ground at the time said act became effective were to be legally open streets. Whether said streets were open at that time I am unable to say. An attempt was made to widen Franklin avenue, or Eighteenth avenue, as it is now known, from 50 feet to 80 feet, but I think it never became effective legally, although the Assessors' maps seem to recognize the street as 80 feet wide for assessment purposes. I am informed, unofficially, that it is the intention of the Bureau of Highways to start proceedings in the regular manner, to lay down this street 80 feet in width, from the old town line of New Utrecht to Coney Island avenue. This will leave our built sewers about 15 feet off of centre of new street."

Respectfully,

(Signed) JOHN THATCHER, Superintendent of Sewers.

OTTO KEMPNER, Esq., Acting Commissioner of Public Works:

Dear Sir—I return you herewith petition from the Morris Building Company for the widening of Eighteenth avenue, between Ocean parkway and New Utrecht avenue. I find, from a report from Mr. Bischof, that the property owners sought to cede to the City enough of the property on the west side of Eighteenth avenue, between Ocean parkway and the old town of New Utrecht, to make it conform to the remainder of Eighteenth avenue, but it was found that Eighteenth avenue was not laid down for its full width on the map on the portion proposed to be widened, consequently the City could not accept this deed of cession.

Eighteenth avenue, east of Ocean parkway, connects with Ditmas avenue, east of Coney Island avenue. Ditmas avenue is 80 feet wide, and I think while proceedings are being taken that the widening should extend from the old town line of New Utrecht to Coney Island avenue rather than Ocean parkway, and the map and technical description covers this. If, however, the Local Board should not deem it wise to go any further than Ocean parkway, a new technical description will be furnished. The report on the paving will be made later. Letter of Ferdinand Fish is also herewith returned.

Respectfully,

(Signed) GEO. W. TILLSON, Chief Engineer.

Technical description for a public hearing in the matter of widening Eighteenth avenue from the old New Utrecht town line to Coney Island avenue, in the Twenty-ninth Ward, Borough of Brooklyn, City of New York, more particularly described as follows:

Eighteenth avenue, from the old New Utrecht town line to Coney Island avenue, to be widened from 50 feet to 80 feet, the widening to be on the northern side, so that the northern line shall be 80 feet from and parallel to the present southern line.

City of New York, Borough of Brooklyn, Bureau of Sewers, Office of the Superintendent,

July 28, 1903.

OTTO KEMPNER, Esq., Acting Commissioner of Public Works:

Dear Sir—I herewith return a communication which was referred to me, the same being addressed to the Bureau of Sewers by the Secretary of the President of the Borough, dated July 3, 1903, requesting information in relation to the construction of a drain to be built in conjunction with sewer basins at Eighteenth avenue and East Second street, and to connect with existing sewers in Parkville. I also return the petition which accompanied this communication.

The Chief Engineer of Sewers, Borough of Brooklyn, reports to me as follows: "I beg to advise that I have this day reported upon the construction of a sewer in Eighteenth avenue, for the information of the Bureau of Highways, to precede the anticipated paving with asphalt of Eighteenth avenue, from Ocean parkway to the old New Utrecht town line, which includes the sewer basins at the point petitioned for.

"I cannot recommend the construction of basins to connect with the existing sewers in Parkville, some two blocks east of the point in question, at East Fourth street, from the fact that the Flatbush system of sewers is now doing double duty, that is, providing for both house drainage and surface drainage, when the sewers were intended for house drainage only. If temporary relief is imperative, I recommend that drainage cesspools be built at the location, the construction of said cesspools coming under the jurisdiction of the Bureau of Highways.

I also beg to inform you that the construction of the sewer in Eighteenth avenue, with its legal outlet in Third street to Foster avenue, will not be able to provide for the drainage in the vicinity until the Foster avenue sewer is completed."

You are respectfully referred to Chief Engineer Tillson for report made by me embodying the information given me by Mr. Asserson in regard to the sewers to precede the paving of Eighteenth avenue.

Respectfully yours,

(Signed) JOHN THATCHER, Superintendent of Sewers.

The following resolution was offered:

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after hearing had this 8th day of October, 1903, hereby recommends to the Board of

Estimate and Apportionment to alter the map or plan of The City of New York by widening Eighteenth avenue, between the old town line of New Utrecht and Coney Island avenue, in the Borough of Brooklyn, as shown on the accompanying map and more particularly described as follows:

Eighteenth avenue, from the old New Utrecht town line to Coney Island avenue, to be widened from 50 feet to 80 feet, the widening to be on the northern side, so that the northern line shall be 80 feet from and parallel to the present southern line.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I return you herewith petition for grading and paving Church avenue, from Flatbush avenue to Coney Island avenue.

The items of cost are: 1,000 cubic yards of grading, at 40 cents; 7,000 linear feet of curb, at 85 cents; 8,600 square yards of asphalt pavement, at \$2.25; 18,000 square feet of concrete sidewalk, at 18 cents; 1,000 square feet of bluestone walk relaid, at 5 cents. Total estimated cost, \$30,400. Assessed valuation, \$401,800.

There is no record of this street ever having been opened, and it is not laid down on the Commissioner's map, although it has been in use for many years and has a trolley line actively operated upon it.

Report of the Sewer Bureau herewith attached. Water mains have been laid. Gas mains laid from Church avenue to East Sixteenth street only.

Following report from the Superintendent of Sewers:

(Copy.)

City of New York, Borough of Brooklyn, Bureau of Sewers, Office of Superintendent,

July 7, 1903.

Mr. GEO. W. TILLSON, Chief Engineer of Highways:

Dear Sir—In reply to your communication of June 9, 1903, in which you informed me that a petition had been filed in your office for paving with asphalt Church avenue, between Flatbush avenue and Coney Island avenue, I beg to inform you that the Chief Engineer of Sewers, Borough of Brooklyn, reports to me as follows upon the necessary sewer improvements which should precede the paving improvements:

I beg to advise that a sewer is necessary in Church avenue from East Fifteenth street to Coney Island avenue, with sewer basins at the

Northeast corner of Church avenue and Ocean avenue;

Northeast and northwest corners of Church avenue and East Seventeenth street;

Northeast and northwest corners of Church avenue and East Sixteenth street;

--which are estimated to cost \$11,000. The assessed valuation of the real estate within the probable area of assessment is \$541,980.

The items of work necessary are: 30 feet 15-inch pipe sewer; 1,680 feet 12-inch pipe sewer; 17 manholes; 14 basins and appurtenances.

Other sewer basins are necessary, but I beg to state that the one to be placed at the northwest corner of St. Paul's place and Church avenue is under contract; that those at the northeast and northwest corners of East Fifteenth street are under contract, and a part of the Foster avenue and East Fifteenth street sewer.

Report was made from this office on May 18, 1903 for sewer basins at the northeast and northwest corners of Church avenue and East Twelfth street.

They are, therefore, not included in the above estimate, to avoid confusion in authorization. I omit basins called for by the adopted drainage plan at the

Northwest corner of Church avenue and East Eighteenth street, and

Southeast corner of Church avenue and East Seventeenth street,

--due to the Brighton Beach Railroad cut, and the probability that said streets will never be opened across Church avenue. Suitable gutters can be provided at these streets to care for surface waters.

The above report includes a temporary connection crossing East Tenth street, because East Tenth street, from Church avenue to Albemarle road, includes the outlet for that portion of a sewer in Church avenue, between East Tenth street and Coney Island avenue; but as proceedings have been instituted to close East Tenth

street within the limits just above mentioned (see "City Record," July 5, 1901, page 4305), said outlet has been omitted from this report.

In regard to the legal opening of the street, I find no record for opening Church avenue within these limits, but the street has been open on the ground for years and is occupied by trolley tracks. Church avenue, from Flatbush avenue to East Eleventh street, is shown on the Commissioner's map. From East Eleventh street to Coney Island avenue it is not shown thereon. A resolution to extend Church avenue from East Eleventh street to Ocean parkway passed City Council, City of Brooklyn, on December 13, 1897, No. 125, but failed to receive approval of the Mayor. A hearing was advertised before Local Board March 29, 1900, to lay out Church avenue, from East Eleventh street to New Utrecht road ("City Record," March 19, 1900, page 1825). I find no further record.

Respectfully yours,

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—In connection with the attached petition for the flagging of sidewalk on the south side of Hancock street, between Howard avenue and Saratoga avenue, I would say that I have had an inspection made of the lots referred to, and find that the sidewalk in front of same is devoid of flagging or other pavement. I would therefore recommend that the same be either flagged with a single course of bluestone flagging or be paved with cement five (5) feet in width.

Description of property:

On the south side of Hancock street, between Howard and Saratoga avenues, Lot No. 16, Block 1491, Twenty-fifth Ward, section 6, volume 1.

Estimated cost of flagging, \$22, and of cement, \$18. Assessed valuation, \$5,500.

Owner of property: Unknown.

Respectfully,

Report No. 294.

City of New York, Borough of Brooklyn, Office of Commissioner of Public Works, Bureau of Highways, Chief Engineer's Office,

September 12, 1903.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—In compliance with the request of Justin McCarthy, Jr., Secretary to the Local Boards, asking for a new report for the laying of sidewalks on the east side of Franklin avenue, between Eastern parkway and Degraw street, and south side of Degraw street, between Bedford avenue and Franklin avenue, I respectfully submit such new report, with the recommendation that the lots be either flagged with a single course of bluestone flagging or be paved with cement five (5) feet in width.

I would call your attention to the fact that the lot and block numbers of the lots have been changed by the Assessors since my last report to you on these lots—September 30, 1902, Report No. 357.

Description of property:

East side Franklin avenue, between Eastern parkway and Degraw street, south side Degraw street, between Bedford and Franklin avenues, Lots Nos. 1, 10, 15, 17, 19, 27 and 29, Block 1259, Twenty-fourth Ward Map, section 5, volume 1.

Estimated cost of flagging, \$748, and of cement, \$612. Assessed valuation, \$75,600.

Owners of the property: Lot No. 1, Samuel E. W. Fleet; Lot No. 10, Henry Dickinson; Lot No. 15, R. White; Lot No. 17, Robert Woods; Lot No. 19, B. J. Warner; Lot No. 27, John F. Saddington; Lot No. 29, John F. Colyer.

Hon. J. EDWARD SWANSTROM, President of the Borough of Brooklyn:

Dear Sir—I beg to inform you that a scheme for the general improvement of the Eastern parkway from the Park Plaza to Ralph avenue has been prepared. This Department proposed to lay concrete sidewalks the entire length both sides of the parkway, to asphalt the traffic roads and to macadamize the main drive from side to side. Bids were opened for the sidewalk by the Park Board yesterday, and the contract would have been awarded, but I find that the bond issue available for the purpose is insufficient, and I therefore withheld awarding of the contract until the Board of Estimate gives me money which could be applied to the work.

Yours very truly,

(Signed) RICHARD YOUNG, Commissioner.

The following resolution was offered:

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after hearing had this 8th day of October, 1903, hereby rescinds the following resolution adopted March 30, 1903:

"Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after hearing had this 30th day of March, 1903, deeming it for the public interest so to do, hereby directs that the sidewalk opposite the lots lying on the north side of Eastern parkway, between Bedford and Franklin avenues; also on the east side of Franklin avenue, between Eastern parkway and Degraw street; and on the south side of Degraw street, between Bedford avenue and Franklin avenue, known as Lots Nos. 67, 63, 64, 55 to 60, 66, 65, 8, 1, 4, 19, 22 to 26, 61 and 62, Block 12, Twenty-fourth Ward Map, be paved with cement at the expense of the owner or owners of the said lots; the sidewalks on Eastern parkway, between Bedford and Franklin avenues, to be 6 feet in width, and be distant from the face of the curb five (5) feet, to conform to the sidewalks as laid by the Department of Parks; the sidewalks on Franklin avenue, between Eastern parkway and Degraw street, and on Degraw street between Bedford avenue and Franklin avenue, to be five (5) feet in width."

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen McInnes, Wentz and Wirth.

To PETER J. WARD, Acting Inspector, Bureau of Complaints:

Dear Sir—I am directed by the President of the Borough to transmit to you the enclosed complaint with the request that you will kindly investigate and report at your earliest convenience.

(Signed) JAS. A. ROONEY, Supervisor of Complaints.

September 19, 1903.

To JAMES A. ROONEY, Supervisor of Complaints:

Dear Sir—I beg to report that I have investigated condition of sidewalks opposite lots lying on the westerly side of Buffalo avenue, between Herkimer street and Atlantic avenue, known as Lots Nos. 45 and 46, Block 1710, Twenty-fifth Ward Map, and find that the property consists of vacant lots properly fenced.

The sidewalks are unimproved and no flagging has been laid thereon.

(Signed) PETER J. WARD, Inspector.

To THOS. F. CARNEY, Acting Inspector, Bureau of Complaints:

Dear Sir—Attached hereto please find complaint received at this Bureau. Will you kindly investigate and report to me (on form below) and return at your earliest convenience?

(Signed) JAS. A. ROONEY, Supervisor of Complaints.

March 27, 1903.

To JAMES A. ROONEY, Supervisor of Complaints:

Dear Sir—I have made an inspection of premises on Buffalo avenue, west side, 100 feet north of Atlantic avenue, and find there is vacant lot 20 feet front; also a runway eight feet leading into stable in the rear of houses on Atlantic avenue, both of which are not flagged. I saw the owner of the vacant lot, Mr. Hornum, who is lying sick in bed at his home, No. 1835 Atlantic avenue, who said he would have walk in front of vacant lot flagged within three weeks, if granted that time.

I also saw the owner of the runway, Mr. S. Kelton, property owner at No. 1004 Flatbush avenue, who said he was very busy at present, but would certainly have runway flagged by the first of May, if granted until then.

Respectfully submitted,

(Signed) THOS. F. CARNEY, Inspector.

City of New York, Borough of Brooklyn, Office of the Commissioner of Public Works, Bureau of Highways, Chief Engineer's Office,

September 11, 1903.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—In connection with the attached petition for the fencing of lots on the easterly side of Utica avenue, near St. Mark's avenue, would say that I have had an inspection made of the same and find that the lots referred to are unfenced and in their present condition a nuisance, as rubbish of all kinds is being dumped on the lots. I would therefore recommend that the said lots be inclosed with a close board fence six (6) feet in height.

Description of property as follows:

On the east side of Utica avenue, between St. Mark's avenue and Prospect place, Lots Nos. 9 and 10, Block 1361, Twenty-fourth Ward Map, section 5, volume 3.

Estimated cost of fencing, \$26. Assessed valuation, \$450.

Owners of property: Lot No. 9, Geo. McGrane; Lot No. 10, Henry Drescher.

## DEPARTMENT OF DOCKS AND FERRIES.

Transactions of the Department of Docks and Ferries for the Week Ending Saturday, July 11, 1903.

The following communications were received and ordered on file, action being taken thereon as stated, to wit:

From the Mayor, transmitting communication from W. F. Ransom, complaining of insufficient ferry service at the James Slip Ferry on the East river. Copy of communication to Mr. Ransom transmitted to the Mayor, to the effect that on investigation it has been found that the Long Island Railroad Company which operates the ferry has two boats now undergoing repairs; that one of the James slip ferryboats was withdrawn to meet increased demands of the East Thirty-fourth Street Ferry; that the company states that they are unable to charter any additional boats; that the company states that the work on the two vessels undergoing repairs is being done with all possible speed, and that they hope soon to return to their original schedule.

From the Comptroller—

First—Requesting to be advised as to the necessity for the purchase of lantern slides by the Department from the Oberg Camera Company. Notified that the lantern slides in question were made in pursuance of the directions of the Commissioner to explain the work of the Department, and to be placed at the disposal of the Board of Education and for other public purposes, and were necessary for that purpose.

Second—Requesting information relative to the proposed ferry franchise to be

granted the Hoboken Ferry Company, between Twenty-second and Twenty-third streets, North river. Information furnished.

Third—Requesting to be advised as to whether the City has any interest in the property leased for ferry purposes in connection with the Staten Island Ferry.

Fourth—Requesting to be advised as to the improvements made in the Staten Island Ferry properties, and also to be furnished with plans submitted by the Staten Island Rapid Transit Railroad Company if same are on file. Information furnished.

Fifth—Requesting to be advised as to whether the City has any interest in the property leased for ferry purposes in connection with the Staten Island Ferry. Information furnished.

Sixth—Transmitting copy of claim filed by the R. H. Hood Company for \$19,258 for work done in connection with the erection of a freight shed on Pier, new 12, East river. Comptroller notified that the claim for the full amount due under the contract was audited by this Department and forwarded to the Finance Department on June 1, and that the President of the Hood Company stated over the telephone that he would be satisfied with the principal and withdraws his claim for interest.

From the Corporation Counsel—

First—Transmitting bills from Wm. W. Fogg and Herbert C. Plass, each for \$750 for services rendered as expert appraisers and for services and consultations in connection with the acquisition of Pier, old 42, East river, and stating that the said bills are properly chargeable against the fund created for the acquisition by the City of private property in the bulkhead and piers upon Manhattan Island, and adding that the amounts are reasonable.

Second—Disapproving form of Contract No. 796 for printing contracts, and suggesting that the contract be amended by calling for a price for alterations, etc., both upon

the bid sheet and in the specifications. Secretary directed to make alterations suggested at once and return form of contract as amended to the Corporation Counsel.

From the Commissioners of Accounts, requesting authority to open the asphalt pavement laid by the Uvalde Asphalt Paving Company for the purpose of making tests, and also that men be assigned by the Department to assist in such work. Requested to advise the Department what spaces are opened by their Engineers.

From the Department of Public Charities, requesting permission to make alterations to their offices at the outer end of the Pier foot of Twenty-sixth street, East river, and asking to be advised as to whether it is necessary to submit plans showing alterations. Requested to submit plans showing the nature of the work proposed to be done in order that a record of all changes in water front property may be on file in this Department.

From the Department of Parks, requesting that no vessels be permitted to tie up at the bulkhead between Seventeenth and Eighteenth streets, East river, the practice being considered objectionable from a park standpoint. Superintendent of Docks directed to allow no vessels to tie up to the railing of the park between Seventeenth and Eighteenth streets, East river, and the Park Department so notified.

From the Commissioners of the Sinking Fund, transmitting copy of resolutions adopted July 2, 1903, as follows:

1. Relative to the proposed lease of the Staten Island Ferry franchise.
2. Authorizing the establishment of a ferry from Gouverneur lane, East river, to Long Island City.
3. Approving of a lease of the franchise for a ferry between Gouverneur lane, East river, and Long Island City, to the Long Island Railroad Company.
4. Approving of the establishment of a ferry from Northfield, Borough of Richmond, to Elizabethport, N. J.
5. Approving of a lease of extension of Pier, new 22, North river, to the Baltimore and Ohio Railroad Company.
6. Approving of a lease of bulkhead property between One Hundred and Fourteenth and One Hundred and Fifteenth streets, East river, to Robert McWilliams.
7. Approving of a lease of land under water in the vicinity of Piers, old 4 and 5, East river, to the Pennsylvania Railroad Company.
8. Authorizing the Commissioner of Docks to make and serve upon the owners of property at the foot of Hamilton avenue, Borough of Brooklyn, a written offer to purchase the same for \$35,600. The following offer of purchase was made and served upon the Atlantic Dock Company:

"Department of Docks and Ferries, Pier 'A,' North River,

"New York, July 2, 1903.

"To ATLANTIC DOCK COMPANY:

"Gentlemen—Whereas, Under section 822 of the Greater New York Charter, the Commissioner of Docks of The City of New York, with the approval of the Commissioners of the Sinking Fund, is authorized to acquire in the name and for the benefit of the Corporation of The City of New York any and all wharf property in The City of New York as constituted by chapter 378 of the Laws of 1897 as amended by chapter 466 of the Laws of 1901, to which the Corporation of The City of New York has no right or title, and any rights, terms, easements and privileges pertaining to any wharf property in The City of New York not owned by said Corporation, and with the approval of the Commissioners of the Sinking Fund, to agree with the owners of said property upon a price for the same, and in case of failure to so agree, to institute legal proceedings to acquire the same for the City; and

"Whereas, The Commissioner of Docks is desirous of acquiring in the name and for the benefit of the Corporation of The City of New York the land and land under water and bulkhead rights hereinafter described, and all rights, terms, easements and privileges appertaining thereto; and

"Whereas, The Commissioners of the Sinking Fund of The City of New York, by virtue of a resolution, a copy of which is annexed hereto, did authorize and direct the Commissioner of Docks to make and serve upon the owner of the property hereinafter described a written offer to purchase the same at the sum of thirty-five thousand six hundred dollars (\$35,600); and

"Whereas, It appears that the Atlantic Dock Company is the owner of the property hereinafter described; now therefore

"Please take notice that The City of New York, acting by and through the Commissioner of Docks, offers to purchase in fee simple the following described premises, to wit:

"The present pier near the foot of Atlantic avenue, southerly of the ferry, together with the lands under water covered by said pier, said pier being 151.8 feet long on the southerly side, and varying in width from about 60 feet at the inner end to about 45 feet at the outer end; also the bulkhead and land under water adjoining said pier and bulkhead on the southerly side of said pier, and extending about 106 feet, more or less, in a southerly direction and in a westerly direction to the pierhead line modified by the Secretary of War in 1902; said bulkhead comprising all the bulkhead and wharfage rights pertaining to the three lots extending from the southwesterly corner of Hamilton avenue and pier north, a distance of 125 feet southerly along the westerly side of pier north; also all right and title not now owned by The City of New York to the street area and approach to the above-described pier and bulkhead lying southerly of the ferry building of the Hamilton ferry and extending from the westerly side of pier north to the above-described pier bounded on the south by the southerly side of Hamilton avenue as it now exists; also the area extending southerly from said street approach bounded on the west by the present bulkhead and on the east by the building line of the aforesaid lots, extending southerly from the southerly side of Hamilton avenue as it now exists, a distance of 125 feet along the said building line, or a distance of 106 feet, more or less, along the said bulkhead, together with the riparian rights and privileges, the right to collect wharfage and craneage, at said bulkhead, and all other rights, terms, easements and privileges appertaining thereto, and to pay the sum of thirty-five thousand six hundred dollars (\$35,600) for a good and sufficient title to the above-described property to be approved by the Corporation Counsel of The City of New York, and you are hereby requested within ten days after service of this offer upon you to notify the Commissioner of Docks of The City of New York in writing of your acceptance of this offer and whether you will sell said premises, together with all the rights and interests appertaining thereto to The City of New York for the price above mentioned, and in the event of your failure within said ten days to notify the Commissioner of Docks of your willingness to so convey your rights and interests in said premises, it will be deemed that no price can be agreed upon for said property between the owner thereof and the Commissioner of Docks, acting on behalf of The City of New York.

"Yours respectfully,  
(Signed) "McDOUGALL HAWKES, Commissioner."

9. Authorizing the establishment of a ferry from a point between Twenty-second and Twenty-third streets, North river, Borough of Manhattan, to the foot of Fourteenth street, Hoboken, N. J.

10. Authorizing the establishment of a ferry from a point between Twenty-second and Twenty-third streets, North river, Borough of Manhattan, to a point at or near the foot of Ferry street, Hoboken, N. J.

11. Approving lease to the Manhattan Transport Company of the bulkhead between Ninety-fourth and Ninety-fifth streets, East river, for dumping board.

From the Department of Taxes and Assessments, stating that Pier, old 27, East river, foot of Dover street, is assessed for 1903 at \$50,000.

From the Commissioner of Public Works, Borough of Manhattan, complaining of dangerous condition of pavement in front of Pier 29, East river. Notified that there is no pavement under the jurisdiction of this Department at the location mentioned which is in need of repair, but that between Piers, new 29 and new 34, East river, there are various sections of unpaved areas within the line of South street, and that the whole extent of South street, from Pier, new 29, to Pier, new 34, should be repaved, and as said area is within the jurisdiction of the Commissioner of Public Works, he was requested to have the necessary work done at the earliest practicable moment.

From Bowery Bay Building and Improvement Company, requesting permission to make alterations to stand and platform at North Beach, in the Borough of Queens. The work referred to was embraced in a permit heretofore granted the applicants.

From Harold P. Brown, stating that the ashes formerly complained of have not been removed from the new made land in the vicinity of Piers, new 14 and 15, North river. Informed that the American Line has been directed to remove the material complained of at once.

From Black, Olcott, Gruber & Bonyng, in relation to their application for a renewal lease of the bulkhead and reclaimed land between Ninety-fifth and Ninety-sixth streets, North river, to the Moquinn-Offerman-Heissenbittel Coal Company,

and stating that they desire a renewal at the present time as they intend to spend a large amount of money in improving their plant thereat. Park Department requested to advise the Department as to whether it has any objection to a lease for coal handling purposes as per the application of Moquinn-Offerman-Heissenbittel Coal Company.

From Charles Dehart Brower, requesting to be advised as to the final action taken in relation to the proposed change in lines between Twenty-second and Twenty-third streets, East river. Advised that the Department submitted a map to the Commissioners of the Sinking Fund showing the proposed change at Twenty-third street, East river, but the said Commissioners have up to the present time declined to approve same, but have laid the matter over.

From Michael F. Burns, requesting permission to erect an iron bridge for an overhead coal conveyor east of East street, between Delancey and Rivington streets, East river, the work to be done in accordance with plans to be hereafter submitted and to be approved by the Engineer-in-Chief of this Department. Corporation Counsel requested to advise the Department as to whether it has jurisdiction over East street.

From the Central Railroad Company of New Jersey, accepting the offer of the Department for a lease of the 87 feet of bulkhead between Piers, new 32 and 33, North river, for a term of ten years, at a rental of \$2,800 per annum, with the privilege of a renewal term of ten years, the company to have the privilege of erecting a freight shed on the new made land and permission to moor in front of the bulkhead when required, head-on, a car float, for the purpose of receiving and discharging freight, and stating that the size of their car float is 38 by 265 feet. Laid over.

From Empire Brick and Supply Company, requesting continued use of the storage space between Fifty-first and Fifty-second streets, North river. Notified that the permit under which they have occupied the space referred to has not been revoked and will continue in force until it is so revoked.

From the Edison Electric Illuminating Company, transmitting copy of communication from the Title Guarantee and Trust Company, in relation to their application for permission to build a pier and basin between Wakeman place and Sixty-sixth street, Borough of Brooklyn, and asking that same be forwarded to the Corporation Counsel for his consideration, as they are in great need of the basin for which permit was asked. Edison Company advised that the matter of their application has already been submitted to the Corporation Counsel for his opinion, and that as soon as the latter is received they will be communicated with.

From the Engineer-in-Chief, recommending, in his report on Bureau Order No. 1373, that the Erie Railroad Company's plans for ferry house foot of Twenty-third street, North river, be returned to said company with the request that it submit further plans for the structure, to conform to the amended and recently approved layout for that locality. Recommendation approved.

From George A. Fuller Company, stating that the material owned by them at the foot of Forty-fourth street, North river, is being removed as rapidly as possible.

From O. B. Gould, asking to be advised as to why they were not permitted to bid for lease of the East Thirty-second Street Pier. Advised that the Department has received no request from him to be permitted to make a bid for lease as stated; that the Starin Transportation Company, which has long been in occupation of this pier under permit, asked some time ago for a lease of the premises and it was granted to them subject to the provisions of the Charter, and submitted to the Commissioners of the Sinking Fund for their approval.

From James W. Hawes, stating that he is informed that there is a bulkhead on the East river, between Forty-ninth and Fifty-first streets, on property belonging to the Beekman estate, which, for some years was in possession of Brown & Fleming, and which bulkhead was ordered removed by the Department last year; and requesting to be advised as to why the bulkhead was removed, and as to whether the Department would give him a permit for a new bulkhead, and whether the Department claims any right or interest in the premises. Advised that a dump was formerly located at the premises mentioned above and was removed because it was no longer used, and on account of protests, by order of the Commissioner; that the other questions contained in his communication the Department is not at present in a position to answer, as the question of the title to the property has been referred to the Corporation Counsel for an opinion, and that after the opinion has been received the Department will be glad to consider the other part of his letter.

From Isaac G. Johnson & Co., in relation to their application made to the Commissioners of the Sinking Fund for a grant of land under water at Spuyten Duyvil creek. Engineer-in-Chief directed to prepare reply to Mr. Walter Cox.

From Terence J. McManus, requesting a lease of the 157½ feet of bulkhead which appears to be owned by the City at the foot of Dyckman street, North river, for an aggregate period of twenty years. Advised that this Department is prepared to recommend to the Commissioners of the Sinking Fund that a five-year lease be granted him of the premises 157½ linear feet, measured along the established bulkhead line running southerly of the northerly side of Dyckman street, prolonged, together with the land under water comprised between the bulkhead line and the pierhead line and the northerly line of Dyckman street, extended, and the southerly line of City ownership, extended, i. e., the space marked ABCD on a map on file in this office and referred to in a previous communication of June 5, 1903, at a rental of \$300 per annum.

From New York, New Haven and Hartford Railroad Company, protesting against the placing of the Seaman's Chapel alongside of the bulkhead at the easterly side of Pier, new 31, East river, on the ground that it will interfere with the proper berthing of their steamers thereat. Commissioner of Bridges notified of above protest, and advised that it might be well to locate the Seamen's Church at the bulkhead immediately adjoining the westerly side of Pier, new 32, East river.

From New York and Jersey Railroad Company—

First—Submitting plans for the erection of dumping and derrick platforms on trestle to be located on the bulkhead between Piers, new 41 and 42, North river, and asking that the same be approved. Secretary reported that representatives of the Compagnie Generale Transatlantique called at this office, and after an examination of the plans, stated that they have no objection to the construction of the proposed structures. Plans approved by the Department.

Second—Stating that it did not enter into occupation of premises between Piers, new 41 and 42, North river, until June 22, 1903, and asking that the rental commence from July 1, 1903. Rental fixed to commence June 22, 1903.

From New York, New Haven and Hartford Railroad Company, requesting that the Commissioner execute the lease of the bulkhead Piers, old 28 and new 19, North river. The Commissioners of the Sinking Fund were requested to approve a lease to the Old Colony Steamboat Company of the bulkhead between Piers 18 and 19, North river, for a term of ten years from the date of completion of said bulkhead at a rental of \$7,500 per annum, with two renewals of ten years each, with an advance of 5 per cent. on each renewal term.

From Charles A. Peabody, attorney for Astor estate, stating that they are the only ones that can be benefited by dredging at Cromwell's creek, Borough of The Bronx; that they do not desire to do the work until after the Park Department has completed its work thereat, and requesting that no further action by the Department of Docks and Ferries be taken for the present time.

From John Peirce, stating that the premises at the foot of One Hundred and Thirty-fifth street, North river, are unfit for landing columns of granite, as the street is unpaved, and asking that he be given permission to land the granite columns at some portion of the bulkhead between One Hundred and Twenty-ninth and One Hundred and Thirty-first streets, North river. Engineer-in-Chief reported that Mr. Peirce is now convinced that the bulkhead at One Hundred and Thirty-fifth street, North river, is the most available locality for the landing of the columns in question.

From Staten Island Rapid Transit Railway Company—

First—in relation to the request of this Department for a price on the 315 feet of water front property owned by the Staten Island Railway at Stapleton, Staten Island, and stating that they would fix a price for the same of \$125,000, and that they would be pleased to go over the matter with a representative of the Department.

Second—Approving the Department plan for a ferry terminal at St. George, Borough of Richmond, but suggesting that both proposed plans for the terminal be submitted to a committee of disinterested transportation experts for their opinion. Copy of this communication transmitted to the Mayor.

From Nathan Strauss, requesting the use of one of the class rooms on the East Third Street Pier as a booth for the sale of milk, and stating that he will leave the room in good shape at the end of the season. Advised that the Department has no authority to grant such request, but that a booth similar to those on the other recreation piers may be erected upon the same conditions.

From the Superintendent of Docks, reporting the need of additional arc lights on the lower deck of the East Third Street Recreation Pier, and recommending that same be provided at once. So ordered.

From Joseph and Anthony Wenner, giving notice of application to be made to the Commissioners of the Land Office for a grant of land under water at Westchester creek, in the Borough of The Bronx. Referred to the Corporation Counsel.

From Wm. W. Wadhams, attorney for John J. Hopper, requesting a ten years' lease of bulkhead and property belonging to the City running northward from the southerly side of West One Hundred and Thirty-fifth street. The Commissioner recommended that the Commissioners of the Sinking Fund approve of and consent to the execution by the Commissioner of Docks of a lease to John J. Hopper of the bulkhead commencing on the southerly side of West One Hundred and Thirty-fifth street, North river, and extending northerly a distance of 460 feet, together with the upland in the rear thereof, and bounded on the westerly side by the bulkhead line, and on the easterly side by the right of way of the New York Central and Hudson River Railroad Company for a term of ten years from November 1, 1903, at the rate of \$3,000 per annum.

The lessee to supply access and right of way to the premises until the expiration or sooner termination of the existing lease of said right of way now controlled by him, which expires January 1, 1906.

The City to proceed with condemnation proceedings for the acquisition of a right of way to the said premises.

In case the City shall fail to have acquired a right of way to said premises on or before January 1, 1906, then the lessee shall have the option of terminating the lease. In case the City shall have acquired a right of way to said premises on or before January 1, 1906, then the lessee shall have the right to use said right of way for the purpose of access to the premises to be leased.

The remaining terms and conditions of the lease to be similar to those contained in leases of wharf property now used by this Department.

From Thomas Ward, consenting to the cancellation of the lease now held by him for premises at Eightieth street, North river, the Department to grant him a lease of premises north of Seventy-ninth street, North river, and to remove, without expense to him, to the new location the structures now maintained upon the premises originally granted. The approval of the Commissioners of the Sinking Fund was requested to the modification of lease authorized by them by resolution passed April 22, 1903, to Thomas Ward of bulkhead southerly of West Eightieth street, by changing the description so as to read as follows:

First—The bulkhead commencing at the northerly line of West Seventy-ninth street, extended, and running thence northerly a distance of 100 feet.

Second—The following described area: Beginning at a point in the northerly line of West Seventy-ninth street, extended, a distance of 25 feet easterly from the face of the present bulkhead and running thence northerly at right angles with the northerly line of West Seventy-ninth street a distance of 50 feet; thence easterly and parallel with the northerly line of West Seventy-ninth street a distance of 100 feet; thence southerly and parallel with the first-mentioned course 50 feet to the northerly line of West Seventy-ninth street, extended; thence westerly along the northerly line of West Seventy-ninth street, extended, to the point or place of beginning, same being a plot contiguous to the northerly line of West Seventy-ninth street 50 feet in width in a northerly direction and 100 feet in depth in a westerly direction and containing an area of 5,000 square feet.

The following permits were granted, the work to be done under the supervision of the Engineer-in-Chief:

James Sinclair & Co., to dredge in front of the bulkhead between Twenty-ninth and Thirtieth streets, East river.

Traitel Marble Company, to erect a crib bulkhead bounded by a line running parallel to the north side of Webster Avenue Pier, Borough of Queens, and extending into the East river 135.36 feet from high water line to the present bulkhead line; thence bounded by a line extending 100.21 feet along the bulkhead line; thence by a line running parallel to the southerly line of the property and extending from said bulkhead line to high water mark, a distance of 152.31 feet, the south line being situated about 12½ feet north of the north side of the Webster Avenue Pier, the work to be done in accordance with plans submitted.

Franz C. Poulson, to erect boathouse and float on runway near the southerly end of the temporary bridge near the foot of Westchester avenue and West Farms creek, in the Borough of The Bronx, the structures to remain thereat only during the pleasure of the Commissioner of Docks.

Harmon W. Crosby, to build a pier and sheet pile bulkhead and to fill in behind said bulkhead between Bay Thirty-fourth street and Twenty-fourth avenue, Borough of Brooklyn, in accordance with plans submitted as amended, this permit being granted on the condition that in case it is found that the title to the property to be improved is vested in the City, all such improvements shall revert to and become the property of The City of New York free from all incumbrances of any kind whatsoever.

Permission was granted the Hudson and Manhattan Railroad Company, during the pleasure of the Commissioner of Docks, to maintain along the face of the shed on bulkhead northerly of Pier, new 22, North river, a small platform provided the consent of the lessee of said bulkhead is obtained thereto.

The following permits were granted, the privilege to continue only during the pleasure of the Commissioner of Docks, but not longer than April 30, 1904:

Maine Steamship Company, to occupy 125 feet of the bulkhead commencing on the northerly side of Pier, new 32, East river, and running thence northerly a distance of 125 feet, compensation to be paid therefor at the rate of \$125 per month commencing June 24, 1903.

William J. McGirr, to occupy space 25 by 100 feet of the bulkhead between Fifty-second and Fifty-third streets, North river, in addition to the 25 by 100 feet now occupied by him at that location, compensation to be paid for the entire space of 50 by 100 feet at the rate of \$300 per annum.

The following permits were revoked:

Manhattan Transport Company, to place a floating dump in front of the bulkhead south of Twenty-ninth street, East river, to take effect as of the date of issue, August 13, 1902.

#### DEPARTMENT OF DOCKS AND FERRIES.

Transactions of the Department of Docks and Ferries for Week Ending Saturday, July 18, 1903.

The following communications were received and ordered on file, action being taken thereon as stated, to wit:

From the Corporation Counsel—

First—Stating that he cannot give any opinion as to the authority of the Department to sell the property located at Wallabout basin, Borough of Brooklyn, as he does not know how the Department came into possession of such property, and that he is of the opinion that the machinery taken from the buildings in the Chelsea Section and now stored at the West Fifty-seventh Street Yard, Borough of Manhattan, should be retained by the Department until the question of its ownership has been determined in the condemnation proceedings, unless the owners desire to resume its possession, in which case they should be permitted to take it; and stating further that in view of the conclusion arrived at relative to the ownership of the machinery, the Department has no authority to transfer a portion of such machinery to the Department of Street Cleaning. Engineer-in-Chief directed to follow the provisions of the Corporation Counsel's opinion carefully.

Second—Transmitting bills of costs, charges and expenses of the Commissioners and order granting said Commissioners of Estimate and Assessment extra allowances in the matter of the acquisition by condemnation proceedings of property between West Thirteenth and West Fourteenth streets, North river, aggregating the sum of \$6,050.25. Auditor directed to draw requisition.

Third—Transmitting certified copy of order vacating the injunction obtained by the owners of Pier 24, North river, and denying the motion of said owners to vacate the order appointing Commissioners of Estimate and Assessment in the proceedings for the acquisition of the property. Engineer-in-Chief directed to proceed at once with work.

Fourth—Approving form of lease of the bulkhead between Ninety-fourth and Ninety-fifth streets, East river, to the Manhattan Transport Company, and stating that all erasures made in the form of lease should be noted by the Commissioner of Deeds or Notary Public taking the acknowledgments, to the effect that same were made prior to execution.

Fifth—Requesting that he be furnished with particulars relative to the proposed Staten Island Ferry lease. Secretary directed to prepare particulars at once.

Sixth—Stating that the Commissioner of Docks may reduce the wages of veterans or may assign them to work done by other employees of similar title, provided the reduction is not made for the purpose of bringing about the resignation of such veteran employee.

From the Commissioners of Accounts, stating that the openings made by them in the asphalt pavement in the vicinity of Twenty-second and Twenty-third streets, East river, and in the vicinity of Ninety-ninth and One Hundredth streets, East river, are to be repaired by the Uvalde Asphalt Paving Company, orders having been given to the said company at the expense of the Commissioners of Accounts.

From the Department of Commerce and Labor, United States Government. Coast and Geodetic Survey Bureau, Washington, D. C., giving the average strength

of flood or ebb current and the greatest velocity recorded, between Whitehall street, Borough of Manhattan, and St. George, Borough of Richmond.

From the President of the Borough of The Bronx, favoring City ownership of a dredging plant.

From the Commissioner of Bridges, requesting that the Seamen's Chapel be moved close to Pier, new 31, East river, and that if necessary the Department obtain from the lessee by purchase, reduction in rent or otherwise, the right to so locate the chapel. Commissioner of Bridges notified that the chapel would be moved close to Pier, new 32, East river.

From the Commissioner of Correction, requesting that repairs to the coal dock at Blackwell's Island be commenced. Engineer-in-Chief reported that it is calculated to commence the repairs on or about July 17, 1903.

From the Department of Public Charities, asking that the repairs to the dock foot of One Hundred and Twentieth street, Harlem river, be commenced. Notified that the work is now in progress.

From the Board of Estimate and Apportionment, transmitting copies of resolutions adopted July 1, 1903, as follows:

1. Authorizing the institution of condemnation proceedings for the acquisitions of title to the land, land under water and bulkhead rights between the northerly line of West Forty-first street and the southerly line of West Forty-second street, North river, etc., Manhattan, required for the erection of a pier by the Department of Docks. Corporation Counsel requested to institute proceedings at the earliest practicable moment for the acquisition of the above premises.

2. Recommending to the Board of Aldermen the fixing of the salary of the position of Stenographer at the rate of \$1,950 per annum.

3. Authorizing the issue of Corporate Stock to the amount of \$1,000,000 to provide means for the building of docks, wharves or piers and for the acquiring of lands for said purposes.

4. Authorizing the issue of Corporate Stock to the amount of \$2,000,000, the proceeds thereof to be applied to the uses and purposes of the Department of Docks and Ferries.

5. Rescinding resolution adopted June 19, 1903, authorizing the issue of Corporate Stock to the amount of \$3,000,000 to provide means for the building of docks, wharves or piers and for the acquisition of land for said purposes.

From the Commissioner of Parks, Borough of Manhattan—  
First—Requesting that all material owned by the Department of Docks and Ferries now stored on property under the jurisdiction of the Department of Parks along the Riverside Park water front be removed. Notified that all material has been ordered removed to Timber basin.

Second—Objecting to the granting of a renewal lease of the premises between Ninety-fifth and Ninety-sixth streets, North river, to the Moquin-Offerman-Heissenbuttel Coal Company, and stating that it is the judgment of said Department that while the docks at Seventy-ninth and Ninety-sixth streets are necessary for the landing of freight and material required in the immediate vicinity, no new buildings should be erected thereat. Moquin-Offerman-Heissenbuttel Coal Company notified in accordance with communication from the Park Department.

From the President of the Borough of Richmond, in relation to the acquisition of additional property at St. George, in the Borough of Richmond, for a ferry terminal. President of the Borough or his Engineer requested to call upon the Commissioner and explain the desired acquisition.

From the Commissioners of the Sinking Fund—  
First—Transmitting copy of report made by the Comptroller's Engineer calling attention to protest made by O. B. Gould against the granting of a lease of the East Thirty-second Street Pier to John H. Starin.

Second—Transmitting copy of report of the Engineer of the Department of Finance in relation to the proposed lease of the ferry franchise between South Beach, Borough of Richmond, and Bensonhurst, Borough of Brooklyn, suggesting that changes be made in the proposed terms and conditions so that the upset price shall be reduced to 3 per cent. of the gross receipts for the first two years and 5 per cent. for the remaining three years of the lease, the minimum rental to be made \$100 per annum instead of \$10 per annum, and the fare not to exceed 10 cents per person each way, the ferry to be operated from June 15 to September 15 only. Secretary directed to communicate with the ferry company asking whether they will bid at the figures suggested by the Comptroller.

From James Armstrong, requesting permission to repair water pipe at the foot of Desbrosses street, North river, for the Pennsylvania Railroad Company. Notified that permission would be granted if applicant furnished an agreement with the contractor who originally laid the asphalt pavement that arrangements have been made for the relaying of area disturbed.

From the Assistant Secretary, stating that some disposition should be made of the platform adjoining Pier, old 7, North river, which were formerly occupied by the New York and Baltimore Transportation Line, as otherwise they will be occupied and no compensation paid to the City for their use.

From the Auditor, recommending that the compensation charged James McLaughlin for storage space between Fifty-third and Fifty-fourth streets, North river, and south of Seventy-ninth street, North river, be increased from \$250 to \$300 per annum for each parcel, that being the uniform rate charged for storage spaces, the increase to take effect August 1, 1903. So ordered.

From J. Brady, requesting permission to maintain a newspaper stand in front of the Cortlandt Street Ferry, on the North river. Denied.

From Brotherhood of Submarine Divers, asking that the order of the Commissioner of Docks that Divers be not permitted to work over four hours per day be rescinded. Interview on this matter granted said Association.

From the Consulate of Denmark, requesting information in relation to the liability of Shipmasters for damage to the works, plant, etc., of The City of New York. Advised that matter has been referred to the Corporation Counsel for the information requested.

From A. C. Chenoweth, requesting permission to assign or sublet to the Greater New York Land and Harbor Improvement Company the lease granted him under date of March 10, 1903, for the privilege of maintaining a dumping board on 200 feet of the inner end, northerly side, of the West Forty-seventh Street Pier, and inclosing consent of the City Trust, Safe Deposit and Surety Company of Philadelphia as surety to such assignment. Consent granted, with the proviso that neither Chenoweth nor the sureties on said lease shall in any manner be relieved of their liability under the bond.

From Etzel & Son, requesting that two spring piles be driven along the side of the berth occupied by them on the northerly side of Pier 61, East river. Notified that the work will be done by the Department provided they agree to pay the cost thereof, which is estimated at about \$75.

From the Engineer-in-Chief—

First—Submitting, under Bureau Order 1333, map and technical description of a proposed plan for the improvement of the water front at Rossville, Borough of Richmond, on Arthur Kill, in the Borough of Richmond. Chairman of Committee of Citizens of Rossville requested to call and inspect plans at the Department; Secretary directed to forward plans to the Sinking Fund at once for approval, said plans having been approved by the Commissioner.

Second—Reporting that owing to the inclement weather during the month of June, repairs could not be made to the asphalt pavement between Cortlandt and Gansevoort streets, on the North river, but that the work is being rapidly proceeded with at the present time, and that unless rain interferes the entire pavement will be in condition by Monday, July 13, 1903.

From O. B. Gould, in relation to the granting of the lease of the East Thirty-second Street Pier to the Starin Transportation Line.

From J. L. Keating & Co., reporting that the space heretofore granted them for storage purposes between Piers 42 and 43, North river, is not at the present time desirable, owing to the maintenance of an ice bridge thereat, and requesting permission to occupy space in rear of the bulkhead between Piers 46 and 47, North river. Application denied.

From the Long Island Railroad Company, requesting that the matter in connection with the proposed lease of the East Thirty-second Street Pier to John H. Starin be finally adjusted in order that the Tunnel Company may obtain possession of the Thirty-third Street Pier. Advised that the Commissioners of the Sinking Fund have agreed to the lease to Mr. Starin of the East Thirty-second Street Pier, but have disallowed the privilege of subletting to the American Ice Company.

From Robert McWilliams, stating that the bulkhead between One Hundred and

Fourteenth and One Hundred and Fifteenth streets, Harlem river, Borough of Manhattan, requires repairs and dredging, and requesting that the lease of the premises to him be so amended that the City will put the place in thorough repair and dredge same to a depth of fifteen feet at mean low water. Lease ordered so amended that the Department shall dredge to a depth of fifteen feet at mean low water in the first instance, and that thereafter all dredging shall be done by the lessee.

From Pennsylvania Railroad Company, accepting proposed lease of extensions of Piers 27 and 28, North river, the lease to include the right to shed the extensions and to provide for a renewal term at an advance of 10 per cent. per annum on the rental, and asking that a lease of the 71 feet of bulkhead north of Pier, new 28, North river, the present lease of which expires September 1, 1904, be granted for ten years from September 1, 1904, with the option of a ten years' further renewal.

The Commissioners of the Sinking Fund were requested to consent to the execution of a lease by the Commissioner of Docks of the following-described property:

Pier, new 27, North river, as extended to the pierhead line of 1897; Pier, new 28, North river, as extended to the pierhead line of 1897, and the bulkhead between said piers, together with the 71 feet of bulkhead next northerly of Pier, new 28, with the right to use the existing sheds on said piers and bulkheads, and also the right to erect sheds on said extensions, for a term of ten years from September 1, 1904, with the privilege of renewal for a further term of ten years, at a rental of \$90,618.25 per annum for the first term and ten per cent. advance for the renewal term.

Piers, new 27 and 28, North river, together with the bulkhead between, as said piers exist at the present time, are leased to the Pennsylvania Railroad Company, who have been in possession of same since 1884, at a rental of \$56,000 per annum, and the 71 feet of bulkhead next northerly of Pier, new 28, is at present leased to the Pennsylvania Railroad Company, who have been in possession of same since 1894, at a rental of \$5,000 per annum. The lease of the bulkhead expires September 1, 1904.

The area of Pier, new 27, North river, at the present time is 40,961 square feet, and the area of Pier, new 28, North river, at the present time is 40,515 square feet.

The remaining terms and conditions of the lease to be similar to those contained in leases of wharf property now used by this Department.

From Reed & Reed, attorneys for John Boardman, requesting to be advised as to whether the Department proposes to take action relative to the granting of a lease of dumping board privileges at Seventy-first street, East river, and stating that Mr. Boardman is ready and willing to take the lease. Mr. Boardman advised that the matter is still before the Commissioners of the Sinking Fund.

From Charles M. Schwab, by Joseph Donlan, requesting permission to repair the bulkhead and to erect a fence foot of Broadway, Borough of Richmond. Engineer-in-Chief reported that Mr. Donlan had been requested to submit a location plan, together with plans of the fence proposed to be erected, but that nothing had been heard from him, and recommended that the communication be filed.

From Superintendent of Docks—

First—Reporting under Bureau Order No. 1470, as to Dockmasters' offices, which are without telephones.

Recommending that a sign be placed at the outer end of the East Third Street Pier announcing the fact that all vessels other than excursion boats are forbidden to land thereat. Superintendent of Docks directed to notify Dockmaster of the district of his legal rights.

From Uvalde Asphalt Paving Company, requesting that no permission be granted by this Department for the opening of asphalt pavement along the water front without the consent of said company being obtained, as otherwise they are unable at times to collect their bills for restoring the pavement. Dockmaster Woolley, of the Thirteenth District, notified to appear and explain why he allowed one Thielman to open the pavement at One Hundred and Second street and Harlem river without a permit from this Department, and the Uvalde Company notified that an order had been issued whereby no further permits will be granted to take up asphalt pavement unless the application is made by agreement on the part of the company which laid the asphalt pavement, or has a contract for the maintenance of same, to relay the pavement so taken up.

The following permits were granted, the work to be done under the direction and supervision of the Engineer-in-Chief of this Department:

Cornell Steamboat Company, to erect a two-story storage shed with steel frames and covered with corrugated iron, 70 by 25 feet, on the southerly half of the Pier foot of West Fifty-first street, North river, and to maintain same during the term of the lease of said pier or any renewal thereof, said shed to be erected in accordance with plans and specifications to be hereafter submitted to and approved by the Commissioner of Docks, said shed to revert to and become the property of The City of New York at the expiration or sooner termination of the said lease or any renewal thereof, free and clear of all incumbrances whatsoever.

Leonard Furman, to maintain coal pockets erected by him between West Seventeenth and West Nineteenth streets, Coney Island creek, Borough of Brooklyn, during the pleasure of the Commissioner of Docks, upon condition that permittee shall strengthen the floor system of the building by inserting a duplicate set of floor beams on top of the present floor over the present beams, and bolting them through to the latter, or else limiting the capacity of the coal pockets in height by removing from the present structure the wall sheathing of the upper half of the coal pockets.

C. D. Jackson & Co., to erect a small frame structure about 10 feet high, 15 feet wide and 30 feet long adjacent to the fence on the northerly line of One Hundred and Fifth street, produced, said structure to remain thereat only during the pleasure of the Commissioner of Docks.

Theresa A. S. Sheridan, to remove her dumping board from the bulkhead between Ninety-sixth and Ninety-seventh streets, North river, to that portion of the south side of the West Ninety-seventh Street Pier leased to the permittee.

Burns Brothers, to place screening coal pockets and coal conveyor between One Hundred and Thirty-third and One Hundred and Thirty-fourth streets, North river, the work to be done in accordance with plans submitted as amended, the structure to remain thereat only during the pleasure of the Commissioner of Docks.

A. W. Welch, to remove tally house and scales from the northerly to the southerly side of East Eighteenth street, the scales not to be sunk below the level of the pavement, and said tally house and scales to remain thereat only during the pleasure of the Commissioner of Docks.

The following permits were granted, the work to be kept within existing lines: New York Central and Hudson River Railroad Company, to construct a raised platform on Pier 63, North river, when extended, and to construct a raised platform on the extension to Pier 61, North river; also to reinforce Piers 63 and 66, North river, for supporting steel columns and tracks, said structures to be erected in accordance with plans to be hereafter submitted to and approved by the Commissioner of Docks.

New York and Cuba Mail Steamship Company, to repair sheds on Piers 16, 17 and 18, East river, all work to be kept within existing lines and at least twenty-four hours' notice to be given to the Engineer-in-Chief before the commencement of any particular piece of work.

The following permits were granted, the privilege to continue only during the pleasure of the Commissioner of Docks:

St. John's Guild, to maintain a tent of a character capable of being removed each morning after the departure of the Floating Hospital from the West Thirty-fifth Street Pier, North river, said tent to be located as designated by the Dockmaster of the District.

William C. Langdon, to hold meetings, drills, etc., of the Street Cleaning Brigade now being organized, during the morning hours on the West Fiftyth Street Recreation Pier.

Permission was granted the St. John's Guild to tie up the Floating Hospital of said Guild at the foot of East Twenty-fourth street, on Tuesday, Wednesday, Friday and Saturday of each week during the summer season, compensation to be paid for the privilege at the rate of \$1 for the season.

The following permits were granted, the privilege to continue only during the pleasure of the Commissioner of Docks, but not longer than April 30, 1904:

Water Front Improvement Company, to land steam launch "Dispatch" at the foot of One Hundred and Thirty-eighth street, East river, Port Morris, Borough of The Bronx, for the purpose of transporting its men to and from Riker's Island; compensation to be paid for the privilege at the rate of \$5 per month.

O'Rourke Engineering Construction Company, to land small launch at the foot of One Hundred and Thirty-eighth street, East river, Port Morris, Borough of The Bronx, for the purpose of transporting its men to and from work on Riker's Island; compensation to be paid for the privilege at the rate of \$5 per month.

Booth, Daily & Ivins, to land small launch at the foot of One Hundred and Thirty-eighth street, Port Morris, Borough of The Bronx, for the purpose of transporting their men from and to work on Riker's Island; compensation to be paid for the privilege at the rate of \$5 per month.

Clinton Stephens, to land the launch "Shandy" at the foot of One Hundred and Thirty-eighth street, East river, Port Morris, Borough of The Bronx, for the purpose of taking passengers to and from Classon's Point; compensation to be paid for the privilege at the rate of \$5 per month.

William Simpson, to land the launch "Loretto" at the foot of East One Hundred and Thirty-eighth street, Port Morris, Borough of The Bronx; compensation to be paid for the privilege at the rate of \$5 per month.

Morrisania Yacht Club, to land the launch "Morrisania" at the foot of One Hundred and Thirty-eighth street, Port Morris, Borough of The Bronx; compensation to be paid for the privilege at the rate of \$5 per month.

The following permits were granted on the usual terms:

Consolidated Telegraph and Electric Subway Company, Limited—  
First—To open the pavement of Twelfth avenue, west side, foot of Fiftieth street (in front of Recreation Pier), for the purpose of constructing a high tension electrical subsidiary connection; opening to be 2 feet wide on top and of such depth as will allow the top of the duct to be 1½ feet below the surface of the pavement.

Second—To open the pavement of West street, west side, foot of Barrow street (at Recreation Pier No. 43), for the purpose of constructing a high tension electrical subsidiary connection, the opening to be 2 feet in width at top and of such depth as will allow the top of the duct to be 1½ feet below the surface of the pavement.

Third—To open the pavement of West street, west side, foot of Morton street, in front of the French Line Pier, for the purpose of constructing a high tension electrical subsidiary connection, the opening to be made 2 feet in width at top and of such a depth as will allow the top of the duct to be 1½ feet below the surface of the pavement.

Empire City Subway Company, to open the pavement of South street at Pier 12, East river, for electrical purposes, the opening to be made 2 feet in width at top and of such a depth as will allow the top of the pavement to be 2 feet below the surface of the pavement.

Bids were opened under Contract No. 797, for furnishing and delivering about 2,000 tons of anthracite coal; Contract No. 794, for furnishing and delivering about 5,000 barrels of Portland cement, and Contract No. 793, for furnishing and delivering sand and broken stone, a representative of the Comptroller being present in each instance.

1. Jacob E. Conklin.....	....	\$1 08
2. H. Miller.....	\$0 98½	98½

The bid on Class I. of Contract No. 793 was rejected and said Class I. was ordered readvertised.

Class II. of said contract was awarded to H. Miller, subject to approval by the Comptroller of his sureties, namely, Charles A. Brown, No. 129 Broad street, New York, and John D. Miller, No. 39 Cortlandt street, New York.

The Comptroller approved sureties on Contract No. 802 for piles, Empire Timber Company contractor, and attached his certificates to Contract No. 790, for sprinkling; Contract No. 760, Classes VII. and X., for supplies; Contract No. 784, for dredging at the Peck Slip Section on the East river; and on Contract No. 801, for furnishing piles.

The Engineer-in-Chief reported that work of building the new Pier foot of Bay Ridge avenue, Borough of Brooklyn, under Contract No. 787, was commenced by George B. Spearin, contractor, on July 14, 1903; that the work of building the new Pier between Fifty-first and Fifty-second streets, Borough of Brooklyn, under Contract No. 777, was commenced by William H. Jenks, contractor, on July 10, 1903; the work of building the new Pier at the foot of Jefferson street, East river, to be known as Pier, new 36, East river, under Contract No. 792, was commenced by William H. Jenks, contractor, on July 13, 1903, and that the work of building the new Pier at the foot of Forty-ninth street, East river, under Contract No. 773, was commenced by Augustin Walsh, contractor, on July 14, 1903.

The Engineer-in-Chief reported that the work of furnishing and delivering sawed yellow pine timber under Contract No. 734 was completed by J. H. Burton, contractor, on July 10, 1903, and that the work of furnishing piles under Contract No. 755 was completed by the Empire Timber Company on July 8, 1903.

The Engineer-in-Chief submitted the following plans, specifications and forms of contract, which were approved, subject to the approval of the Corporation Counsel as to form, and the Secretary was directed to have a sufficient number of blank proposals printed and the necessary advertisement inviting estimates inserted in the newspapers designated by law:

1. For extending the West Thirty-first and West Thirty-third Streets Piers on the North river.

2. For extending Pier, new 22, North river.

The specifications and form of Contract No. 782, submitted by the Engineer-in-Chief for granite stone for bulkhead or river wall, divided so that the contract may be awarded in classes separately, were approved subject to the approval of the Corporation Counsel as to form, and the Secretary was directed to have a sufficient number of blank proposals printed and the necessary advertisement inviting estimates inserted in the newspapers designated by law. The same action was taken upon the specifications and form of contract submitted by the Engineer-in-Chief for piles, said contract being divided into six classes for the purpose of allowing the option of awarding said contract as a whole or in classes separately.

The Engineer-in-Chief submitted amended form of Contract No. 796, divided into two classes, viz., Class I., for regular printing, and Class II., for alterations based on price per hour, which was ordered sent to the Corporation Counsel for approval.

A credit account for wharfage was granted Joseph McDonald & Co., No. 542 West Twenty-eighth street, New York.

Secretary's Order No. 10049 (April 3, 1900). Erection of electric light plant on Pier 65, North river, by the Hamburg-American Line.

Action on foregoing by Commissioner.

The President of the Borough of Manhattan was requested to have an awning placed at the public bath connected with the Recreation Pier foot of East One Hundred and Twelfth street, to shelter bathers from the view of visitors on the Recreation Pier.

The Edison Electric Illuminating Company was requested to maintain two extra lights all night until further notice on the Recreation Pier foot of North Second street, Brooklyn.

The Edison Electric Illuminating Company was requested, commencing July 13, 1903, to maintain four extra lights on the East One Hundred and Twelfth Street Recreation Pier all night, two of these lights to be maintained all season and the other two lights to be maintained until the piers are closed at 12 o'clock, at which time the said company would be notified; also to maintain three extra lights at the East Fifth Street Pier, three at the Pier foot of Twenty-fourth street, and one extra light on the Pier foot of Barrow street.

The United Electric Light Company was requested to maintain two extra lights all night on the Pier foot of West One Hundred and Twenty-ninth street until further notice.

The Commissioner supplemented his recommendation to the Commissioners of the Sinking Fund for their approval of a lease to the Hoboken Ferry Company of the ferry franchise between the foot of West Twenty-second street, Manhattan, and Hoboken, N. J., with a letter to the Comptroller, stating that said company had no objection to the insertion in the lease of a clause providing that the service between West Twenty-second street and Ferry street, Hoboken, N. J., should in all respects be equal to that maintained by the Pennsylvania Railroad Company between West Twenty-third street and Montgomery street, Jersey City.

Brown & Fleming and J. M. Gardiner, of Little Ferry, Bergen County, N. J., were directed to remove the material which capsized in the slip on the south side of the East Twenty-ninth Street Pier from the scow "J. M. Gardiner."

George Shields was notified to immediately discontinue the use of the small platforms at the southerly and easterly sides of the Pier at the foot of Bay Twenty-second street, Bath Beach, Borough of Brooklyn, until such time as the structure is made safe; the work to be done by said Shields, at his expense, in accordance with plans to be first submitted to and approved by the Engineer-in-Chief of this Department, the said Shields to place a pile at each part of the pier where a pile formerly existed, and fence off that portion of the pier where the overhangs exist until such time as the repairs are made.

Delaware and Hudson Canal Company, owners, were directed to remove the sunken canal boat "No. 3005" from the southerly side of the East Thirty-sixth Street Pier, together with the cargo of coal, at once.

The International Mercantile Marine Company was again directed to make the necessary repairs to Pier, new 15, North river.

The Baltimore and Ohio Railroad Company was again directed to at once make repairs to Pier, new 22, North river.

## PROCEEDINGS OF THE BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS.

AT A MEETING OF THE BOARD HELD IN NO. 320 BROADWAY ON THURSDAY, 29TH OCTOBER, 1903.

There were present—Alexander E. Orr, President, presiding; Comptroller Edward M. Grout and Commissioners Woodbury Langdon and Charles Stewart Smith. Commissioner Jesup sent word asking to be excused from attending. Edward M. Shepard and Albert B. Boardman, Counsel, Wm. Barclay Parsons, Chief Engineer, and George S. Rice, Deputy Chief Engineer, also were present. The minutes of the preceding meeting, that of 15th October, 1903, were read and it was moved that they be approved.

Ayes—The President, Comptroller and Commissioners Langdon and Smith.  
Nays—None.  
Carried.

The following correspondence on the matter of the return to New York Tunnel Company of its check for \$5,500 in connection with the Joralemon street work, was presented:

BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS, No. 320 BROADWAY,  
NEW YORK, 21st October, 1903.

ANDREW ONDERDONK, Esq., New York City:

DEAR SIR—Referring to the agreement made between the City, by the Rapid Transit Board and the New York Tunnel Company on 19th March last, I have to say that the matter of some adjustment with the property owners on Joralemon street has been long under consideration by the Board and that such consideration was terminated by the adoption by the Board on the 15th inst. of the following resolution:

"Whereas, The Comptroller has informed this Board that he would refuse to pay and if need be contest in the courts any payment in settlement of the alleged claims of abutting owners in Joralemon street, between Henry street and Garden place,

"Resolved, That this Board take no further action in the premises."

As the attitude of the City and of the Board is thus definitely adverse to any adjustment, it is no longer proper to retain the check for \$5,500 which you tentatively handed the Board under the contract of 19th March last; and I accordingly return it. Please send me a receipt for the same.

Yours respectfully,  
(Signed) A. E. ORR,

President of the Board of Rapid Transit Railroad Commissioners.  
NEW YORK TUNNEL COMPANY, 42 WALL STREET, NEW YORK,

October 23, 1903.

ALEXANDER E. ORR, Esq., President, Board of Rapid Transit Railroad Commissioners,  
No. 320 Broadway, New York:

DEAR SIR—Mr. Onderdonk has handed me your favor of the 21st inst., enclosing our check to you for five thousand five hundred dollars (\$5,500).

We do not see any right on the part of the Commission to return this check, and we shall hold them and the City liable to all obligations under the contract of March 19, 1903, the same as if you had collected the check.

We hold the check subject to your order and are ready to deliver the same to you at any time.

Yours respectfully,  
(Signed) NEW YORK TUNNEL COMPANY,  
by HERBERT H. BROWN, President.

Counsel stated that no further action was necessary, the subject being covered by the contract of March 19, 1903. The President, however, directed that a copy of the communication of the New York Tunnel Company be forwarded to counsel. Letter of Wilhelmus Mynderse to President Orr, on this general subject, was read, and also a report of the Chief Engineer on the progress of the work in Joralemon street, as follows:

54 WALL STREET, NEW YORK,  
28th October, 1903.

Hon. ALEXANDER E. ORR:

My Dear Mr. ORR—I am greatly obliged by your letter of yesterday advising me of the action taken by the Rapid Transit Commissioners.

I am sure that those people on Joralemon street who have suffered and are suffering from the construction of the tunnel, appreciate the fair-minded position which you and some of your associates have taken.

Very sincerely,  
(Signed) WILHELMUS MYNDERSE.

BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS, CHIEF ENGINEER'S OFFICE,  
NEW YORK, October 29, 1903.

Hon. A. E. ORR, President, Rapid Transit Board:

My Dear Mr. ORR—I received from you and return you herewith the communication of Mr. Andrew Onderdonk, in regard to the completion of the work on Joralemon street.

The work of installing the shields has occupied more time than Mr. Onderdonk had anticipated. Two shields, however, are now installed and are at work; the third shield is being finished and in place, and the fourth shield is being delivered. Mr. Onderdonk promises, and I believe the promise will be kept, that the four shields will be all set up and at work in December, in which case it will be possible to remove the present derricks, and the machinery now encumbering the surface of Joralemon street, when the shafts will be planked over and small head houses, with vertical elevators established, thus permitting the street to be restored to traffic conditions. This result should be reached by the end of the year. It will, however, be July or August before the head houses themselves will be removed.

Very truly yours,  
(Signed) WM. BARCLAY PARSONS, Chief Engineer.

President Orr called attention to the work now being prosecuted in Joralemon street, Brooklyn, and the manifest anxiety of the residents of that section because of the settlement that had taken place, in that vicinity, of the street surface, and foundations of the stoops and buildings adjacent thereto, and their requests that some additional protection should be accorded them, and he moved the following resolution:

Resolved, That the President of this Board be and he hereby is authorized to appoint a Consulting Engineer in connection with the work on Joralemon street, Brooklyn, on the nomination of the interested property owners there.

Ayes—The President, Comptroller and Commissioners Langdon and Smith.  
Nays—None.

Carried.

The following opinion of Counsel on the request for the cancellation of the Continuing Bond of Perry Belmont was read:

23d October, 1903.

Hon. ALEXANDER E. ORR, President Rapid Transit Board, No. 320 Broadway, New York City:

DEAR SIR—We have Mr. Burrows' letter, enclosing a copy of Mr. Belmont's letter of October 14, requesting the authorization of the Board to the cancellation of the Continuing Bond for \$1,000,000, executed by Mr. McDonald, the Contractor, as principal, and Mr. Perry Belmont as surety, at the time of the execution of the contract of February 21, 1900.

The agreement supplementary to the principal contract, and which was executed at the same time by the Board and the Contractor, provided that securities of the value of \$1,000,000 should be deposited as additional security for the performance of the provisions of this bond. Such securities for this purpose, duly approved by the Board, were deposited with the Comptroller at the time of the execution of the contract. The supplementary agreement further provided:

"That, in case the Legislature shall pass an act amending chapter 4 of the Laws of 1891, known as the Rapid Transit Act, by permitting the deposit of cash or securities in lieu of the said Continuing Bond and the cancellation and return of the said bond as hereinafter provided, then and in such case, the said Rapid Transit Board shall accept the securities aforesaid \* \* \* as a deposit in lieu of said bond, and shall then cancel and return the said Continuing Bond."

Thereafter section 34 of the Rapid Transit Act was amended by chapter 616 of the Laws of 1900, by the addition among other things of the following provision:

"In lieu of said Continuing Bond, such contracting person, firm or corporation may, upon the approval of the said Board, deposit with the Comptroller or other chief financial officer of such City, cash equal in amount to the entire amount of the said bond or securities which are lawful for the investment of the funds of savings banks within this State, and are worth not less than the entire amount of such bond. If such bond shall have been given then after the deposit of cash and securities in lieu thereof as aforesaid, and the approval thereof by the said Board, the said bond shall be surrendered by the said City to the said contracting person, firm or corporation duly canceled by the Comptroller or other chief financial officer of the said City."

In our opinion it seems proper that if the Continuing Bond has never been cancelled, the Board should now authorize its cancellation and its surrender and return to Mr. McDonald, and that the securities of the value of \$1,000,000 now on deposit should be retained by the Comptroller as a deposit in lieu of the said bond.

Yours respectfully,  
(Signed) EDWARD M. SHEPARD,  
BOARDMAN, PLATT & SOLEY.

The following communication of the New York Motor Cycle Club was read:

NEW YORK MOTOR CYCLE CLUB, No. 1904 BROADWAY,

NEW YORK, October 16, 1903.

To Mayor SETH LOW and Rapid Transit Commission, New York City:

DEAR SIR AND GENTLEMEN—At the regular monthly meeting of the New York Motor Cycle Club, held on October 14, the following resolution was unanimously voted:

Whereas, It has been proposed to remove from the new Williamsburg Bridge the cycle paths provided by the original plans, and which promise a safe and much needed route for cycling travel between New York and Brooklyn boroughs;

Resolved, That the New York Motor Cycle Club enter its most emphatic protest against such proposal as suggesting a step in the wrong direction and inimical to the personal safety of a large class of citizens, and that the Secretary be instructed to forward a copy of this resolution to the Mayor and the Rapid Transit Commission.

Respectfully yours,

(Signed) F. A. ROY, Secretary.

The following communication of the Chester District Alliance was read, and the Secretary was ordered to inform the Alliance that a hearing could be arranged as desired:

THROGG'S NECK, NEW YORK CITY,

October 21, 1903.

Board of Rapid Transit Commissioners, No. 320 Broadway, City:

GENTLEMEN—The Chester District Alliance respectfully request that a day be set for a public hearing on the petition of the Throgg's Neck Taxpayers' Association, Chester District Alliance, and business men of Westchester for the extension of the rapid transit to Westchester.

If convenient to your Honorable Board a day set after Election Day would be preferable to us.

Very sincerely yours,

(Signed) WILLIAM COKELEY,  
President, Chester District Alliance.

The following communication of the Secretary of the Royal Commission on London Traffic was read:

ROYAL COMMISSION ON LONDON TRAFFIC, 36 GREAT GEORGE STREET, WESTMINSTER, S. W.  
NEW YORK, October 16, 1903.

A. E. ORR, Esq., Rapid Transit Commission, No. 320 Broadway, New York:

DEAR MR. ORR—On this, the eve of our departure for England, Sir David Barbour and the other members of the Royal Commission on London Traffic desire me to express to you their best thanks for the exceeding great kindness and courtesy they have met at the hands of the Rapid Transit Railroad Commissioners and all their officers in New York. During our visit here we have acquired much valuable information relative to rapid transit, and especially in regard to the magnificent system of subways you have in process of completion now. What I can say in a few words in a letter quite inadequately expresses our sense of indebtedness to the officials of the Commission, who have given much time and trouble to supplying us with the particulars we wanted, and have not spared themselves to make our visit as profitable and as pleasant as possible. What we have learned here will very ma-

terially contribute to our attempt to solve the traffic problem in London.

Yours very truly,

(Signed)

LYNDEN MACASSEY.

The Secretary reported that check for \$1,133.33 had been received from William Wilson, druggist, for rent of premises northeast corner Broadway and Forty-second street, for the month of October, 1903, which had been transmitted to the Comptroller and the Chamberlain's receipt obtained under date of October 28, 1903.

The following report of the Chief Engineer was presented:

NEW YORK, October 29, 1903.

#### Report on Accident.

Hon. A. E. ORR, President, Rapid Transit Board:

MY DEAR MR. ORR—I very much regret to have to report a deplorable accident which occurred on last Saturday night, October 24, at about 10 o'clock.

The work of building the tunnel south from Fort George has been progressing with both day and night shifts, and a point about 500 feet south from the Fort George portal has been reached. As the rock was known to be heavy, full sets of timbering were put in immediately behind the excavation, and temporary props placed ahead of the timbering. The night gang was engaged in blasting a shell at the side of the tunnel on which to rest the horizontal timber, the supporting member for the roof timbers. Three blasts had been fired, when, in accordance with the usual custom, the Foreman in charge—in this particular case Timothy Sullivan—went into the excavation, and it is presumed examined the condition of the rock, making the usual tests to ascertain whether any rock was hanging liable to fall. To what extent he made his examination will, of course, never be known. He called the men to come in, and it is therefore supposed that he satisfied himself that all was secure. The shift entered the tunnel and had just begun to remove the debris in order to put the timbers in place when, without warning, a mass of rock fell from the roof, killing the Foreman, Timothy Sullivan; the Second Foreman, Frank Upper; the Electrician, William Shuette, and seven Italian Laborers. In addition to this, four Italian Laborers have been injured, one slightly, two seriously and one very seriously. The cause of the accident, as is indicated by the ground, was a horizontal seam, the existence of which was not indicated and could not be suspected. The ordinary seams in the rock are the dip in the stratification, which in this particular spot is nearly vertical, and cross seams at right angles to the dip. The mass of rock that fell was so large that the ordinary means of testing, such as by sounding, would not suffice to indicate the existence of the horizontal seam. The supporting of the known seams had been taken care of by timbering. This work has been conducted in a most careful manner, and in the charge of an able and experienced Foreman, Timothy Sullivan having been one of the best Foremen on the whole of the work.

The accident appears, therefore, to be one of those unfortunate catastrophes that are always apt to occur on underground work.

Very truly yours,

(Signed) WM. BARCLAY PARSONS, Chief Engineer.

The President reported that he had signed petition to the Appellate Division of the Supreme Court for the appointment of Commissioners to hear and determine on the question of the validation of the easterly tunnel section in Park avenue.

The following resolution was moved:

Resolved, That the action of the officers of this Board in signing petition to the Appellate Division for the appointment of three Commissioners to determine and report on the question of the validation of the location of the easterly tunnel section in Park avenue, between Thirty-third and Forty-second streets, be and the same is hereby approved.

Ayes—The President, Comptroller and Commissioners Langdon and Smith.

Nays—None.

Carried.

Petitions were presented from property owners in Long Acre square against the use of part of that square for storage in connection with rapid transit work there. The Chief Engineer explained that he had conferred with some of the petitioners since the signing, and that the matter would be satisfactorily adjusted.

The Chief Engineer reported that he had been in frequent conference with the engineers of Messrs. Schmidt & Gallatin, as directed by the Board, on a route for the continuous train, and that one had been agreed on, and that he would, if so directed, turn the matter over to counsel to consult with counsel of the firm on form of contract, etc.

It was so ordered.

The Board then adjourned.

BION L. BURROWS, Secretary.

## NOTICE TO PROPERTY OWNERS.

**IN PURSUANCE OF SECTION 1018 OF THE** Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF MANHATTAN:

## TWELFTH WARD, SECTION 6.

**ONE HUNDRED AND SIXTH STREET—**PAVING with asphalt pavement, from First avenue to the East river. Area of assessment: Both sides of One Hundred and Sixth street, from First avenue to the East river, and to the extent of half the block at the intersecting and terminating avenues.

That the same was confirmed by the Board of Revision of Assessments on November 19, 1903, and entered on November 19, 1903, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides \* \* \* "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents, Room No. 85, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before January 18, 1904, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

#### NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court and the entering in the Bureau for the Collection of Assessments and Arrears, of the assessment for OPENING AND ACQUIRING TITLE to the following named street in the BOROUGH OF BROOKLYN:

##### TWENTY-NINTH WARD, SECTION 16.

**EAST TWENTY-FIRST STREET—OPENING**, from Albemarle road to Regent place. Confirmed August 31, 1903; entered November 12, 1903. Area of assessment includes all those lands, tenements and hereditaments and premises situate lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning on the southerly side of Albemarle road at a point distant 100 feet easterly of the easterly side of East Twenty-first street; running thence southerly and parallel with East Twenty-first street to the northerly side of Regent place; running thence westerly along the northerly side of Regent place to a point where a line drawn parallel with the westerly line of East Twenty-first street and distant 100 feet westerly therefrom would intersect the northerly line of Regent place; running thence northerly along said parallel line to the southerly side of Albemarle road; running thence easterly along the southerly side of Albemarle road to the point or place of beginning.

The above assessment was entered on the date hereinbefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides \* \* \* "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. until 12 m., and all payments made thereon on or before January 11, 1904, will be exempt from interest as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessment became a lien to the date of payment.

#### NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court and the entering in the Bureau for the Collection of Assessments and Arrears, of the assessments for OPENING AND ACQUIRING TITLE to the following named avenue and street in the BOROUGH OF BROOKLYN:

1. Thence easterly along the southerly line of Avenue D 200.00 feet, more or less, to its intersection with the westerly line of Bedford avenue

2. Thence southerly along the westerly line of Bedford avenue 275.00 feet, more or less, to its intersection with the northerly line of Newkirk avenue;

3. Thence westerly along the northerly line of Newkirk avenue 89.00 feet, more or less, to its intersection with the northeasterly line of Flatbush avenue;

4. Thence northwesterly along the northeasterly line of Flatbush avenue 243.00 feet, more or less, to its intersection with the easterly line of East Twenty-third street;

5. Thence northerly along the easterly line of East Twenty-third street 100.83 feet, more or less, to the point of beginning.

Resolved, That the President of the Borough of Brooklyn cause to be prepared for submission to this Board three similar maps or plans for certification and filing in the manner required by law, showing as nearly as possible the nature and extent of the proposed change and the location of the immediate adjacent or of intersecting open or established streets, roads, squares, or places, sufficient for the identification and location thereof.

Resolved, That this Board consider the proposed change at a meeting of this Board, to be held in the Old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 27th day of November, 1903, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the "City Record" and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 27th day of November, 1903.

**NOTICE IS HEREBY GIVEN THAT THE** Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, so as to lay out an extension of Forty-seventh street, from West street to Gravesend avenue, in the Borough of Brooklyn, City of New York, and that a meeting of said Board will be held in the Old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 27th day of November, 1903, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board, all of which is more particularly set forth and described in the following resolutions, adopted by the Board on the 30th day of September, 1903, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by laying out an extension of Forty-seventh street, from West street to Gravesend avenue, in the Borough of Brooklyn, City of New York, more particularly described as follows:

It is proposed to lay out a new street of a uniform width of fifty (50) feet from the easterly side of West street to the westerly side of Gravesend avenue, in the Thirtieth (30th) Ward of the Borough of Brooklyn, the northeasterly side of said street to be eight and one-half (8½) feet northeasterly from and parallel with the northeasterly side of the present Bergen lane, and the southwesterly side of the said new street to be eight and one-half (8½) feet southwesterly from and parallel with the present southwesterly side of Bergen lane, the said Bergen lane being of a uniform width of thirty-three (33) feet.

Resolved, That the President of the Borough of Brooklyn cause to be prepared for submission to this Board three similar maps or plans for certification and filing in the manner required by law, showing as nearly as possible the nature and extent of the proposed change and the location of the immediate adjacent or of intersecting open or established streets, roads, squares, or places, sufficient for the identification and location thereof.

Resolved, That this Board consider the proposed change at a meeting of this Board, to be held in the Old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 27th day of November, 1903, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the "City Record" and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 27th day of November, 1903.

In the matter of the application of the Mayor, Aldermen and Commonalty of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the purpose of opening MOUNT VERNON AVENUE (although not yet named by proper authority), from Jerome avenue to the northern boundary of The City of New York, as the same has been heretofore laid out and designated as a first-class street or road, in the Twenty-fourth Ward of The City of New York.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections, in writing, duly verified, to us at our office Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 7th day of December, 1903, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 11th day of December, 1903, at 10 o'clock a. m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said city, there to remain until the 18th day of December, 1903.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of the westerly prolongation of a line drawn parallel to East Two Hundred and Thirty-third street, and distant 300 feet southerly therefrom, with a line drawn parallel to the westerly line of Jerome avenue and distant 300 feet westerly therefrom; running thence northerly along said parallel line to its intersection with the northern boundary line of The City of New York; thence easterly along said boundary line to its intersection with the northwesterly line of Vireo avenue; thence southwesterly along said northwesterly line to the middle line of the block between East Two Hundred and Thirty-ninth street and East Two Hundred and Thirty-eighth street; thence westerly along said middle line to the middle line of the block between Vireo avenue and Martha avenue; thence southerly along said last-mentioned middle line to the middle line of the block between East Two Hundred and Thirty-seventh street and East Two Hundred and Thirty-sixth street; thence westerly along said last-mentioned middle line to the middle line of the block between Martha avenue and Katonah avenue; thence southerly along said last-mentioned middle line to the middle line of the block between East Two Hundred and Thirty-sixth street and East Two Hundred and Thirty-fifth street; thence westerly along said last-mentioned middle line to a line drawn parallel to the easterly line of Katonah avenue and distant 100 feet easterly therefrom; thence southerly along said parallel line to the middle line of the block between East Two Hundred and Thirty-fifth street and East Two Hundred and Thirty-fourth street; thence westerly along said middle line to the middle line of the block between Katonah avenue and Kepler avenue; thence southerly along said last-mentioned middle line and its southerly prolongation to a line drawn parallel to the southerly line of East Two Hundred and Thirty-third street and distant 300 feet southerly therefrom; thence westerly along said parallel line to the point or place of beginning, as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That we have included in the term, lands, tenements and hereditaments assessed by us in this report, the interests in the public streets owned or held by corporations operating under franchises in such streets.

Fifth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Courthouse, in the Borough of Manhattan, in The City of New York, on the 28th day of January, 1904, at the opening of the Court on that day.

#### PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

##### NOTICE TO CONTRACTORS.

##### GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable. Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be included in the envelope containing the bid or estimate, but should be either included in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
