Honorable Chairman, Board of Aldermen, New York City:

Dear Sir—At a regular meeting of this organization, held this date, the following resolution was unanimously adopted and a copy ordered forwarded to you:

"Whereas, The deplorable condition existing on the elevated and subway railroads of The Bronx and Manhattan boroughs, in the matter of public comfort and safety and transit has been brought to the attention of this organization; and

"Whereas, It is our opinion that these conditions could be improved the same as they were prior to the strike, by the re-employment of the former employees to their old positions on the Interborough Railroad; and

"Whereas, We believe that the Interborough Company in defeating their former employees should be content with their achievement;

"Resolved, That this organization, constituted of representative citizens of the Borough of The Bronx, herewith calls upon Mr. August Belmont as President of the Interborough Company and as President of the Civic Federation, to reinstate the former employees, and thus benefit the traveling public.

"Resolved, That a copy of these resolutions be forwarded to Mr. August Belmont, Hon. Geo. B. McClellan (Mayor), C. F. Murphy (Tammany Hall), the Honorable Board of Aldermen, Hon. Chairman Halpin, and the press of both boroughs."

Attest:

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The President laid before the Board the following communication from the Commissioner of Parks, Borough of The Bronx:

No. 1730.

The City of New York—Department of Parks,
Office of Commissioner for the Borough of The Bronx,
Zbrowski Mansion, Claremont Park,
New York, March 21, 1905.

Hon. CHARLES V. FORNES, President, Board of Aldermen, City Hall, New York City:

Sir—Herewith I beg to hand you application for the issuing of Revenue Bonds to the amount of two hundred thousand dollars (\$200,000). I would appreciate it if this matter could be submitted to the Honorable Board of Aldermen at its next session.

Very truly yours,
HENRY C. SCHRADER,
Commissioner of Parks, Borough of The Bronx.

The City of New York—Department of Parks,
Office of Commissioner for the Borough of The Bronx,
Zbrowski Mansion, Claremont Park,
New York, March 21, 1905.

To the Honorable the Board of Aldermen, New York City:

Gentlemen—On the 26th of August last, this Department made an estimate for the current expenses of said Department for the year 1905. The amount of said estimate was the sum of \$590,197.50. The details of said estimate were the following:

Administration	\$10,200 00
Salaries of Engineers, etc.	21,640 00
Maintenance and construction	513,857 50
Music	12,000 00
Supplies and contingencies	1,500 00
Surveys, maps and plans	6,000 00
Forestry work, parks	5,000 00
Forestry work, public highways	20,000 00

The allowance made by the Board of Estimate and Apportionment was as follows:

Administration	\$10,200 00
Salaries, Engineers, etc	None.
Maintenance and Construction	246,450 00
Music	9,360 00
Supplies and Contingencies	1,500 00
Surveys, Maps and Plans	6,000 00
Forestry Work, Parks	5,000 00
Forestry Work, Public Highways	None.

The two most important of the foregoing accounts were:

1st: Salaries of Engineers, etc.

An investigation by the Commissioner of Accounts, a report of which was forwarded to this Department by His Honor the Mayor, for its instruction and guidance, showed that the payment of the Engineers from Bond Account was illegal, and should be rectified at the earliest possible moment. The Board of Estimate and Apportionment ignored the application made in the Budget, and made no appropriation for such payment.

2d: Maintenance and Construction.

A brief recapitulation of the appropriations since the year 1900 would be instructive:

For 1900	\$245,000 00
For 1901	245,000 00
For 1902	240,000 00
For 1903	143,600 00
For 1904	246,500 00

During the period above mentioned, the area of our parks for public use has more than doubled. Two thousand acres have been cleared; thirty miles of roads, driveways and paths have been constructed; and 3 sets of golf links, 35 baseball fields, more than 100 tennis courts, innumerable croquet grounds, picnic fields, and athletic grounds in several of the parks, have been placed in commission.

Notwithstanding this immense increase of developed territory, no increase has been made in the appropriation for its care; and in the past it has been found necessary to make repeated applications to the Board of Estimate and Apportionment for Bond issues, which appropriations were used, to a great extent, to eke out the Maintenance and Construction Account.

It is absolutely necessary that an additional appropriation be made by the issue of Revenue Bonds for the use of this Department for the current year, and I would respectfully request an authorization of \$200,000 for the purposes above mentioned, divided as follows:

For Salaries of Engineers, etc.	\$14,000 00
For Maintenance and Construction	186,000 00

Trusting that this matter may receive your early and favorable consideration, I respectfully submit this application.

HENRY C. SCHRADER,
Commissioner of Parks, Borough of The Bronx.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Police Department:

No. 1731.

Police Department of The City of New York,
No. 300 Mulberry Street,
New York, March 29, 1905.

To the Honorable, The Board of Aldermen:

Gentlemen—The following proceedings were this day directed by Police Commissioner William McAdoo:

Whereas, The Board of Estimate and Apportionment, in the budget of the Police Department for the year 1905, appropriated for the annual Police parade the sum of three thousand one hundred and seventy-two dollars and eighty cents for the erection and decoration of reviewing stands, providing music, etc., for such parade; and

Whereas, The expenditure for such purpose exceeds the sum of one thousand dollars, and to meet an emergency of erecting and decorating stands for use on May

6, 1905, will not permit of public advertising and award, as required by sections 39 and 419, Greater New York Charter;

Ordered, That the Board of Aldermen be and is hereby respectfully requested to authorize the Police Commissioner to procure the necessary music, erect and decorate reviewing stands, and expend for the purposes of the Police parade any or all of the money appropriated for such purpose, without advertising for competing bids or proposals.

Very respectfully,
WM. H. KIPP, Chief Clerk.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the College Point Fire Department:

No. 1732.

College Point Fire Department,
Union Hose Company No. 1, College Point,
New York, April 4, 1905.

To the Honorable Board of Aldermen, City of New York:

Mr. President, Dear Sir—I do hereby submit to you the following names who have become volunteer firemen since January 1, 1898. They have been elected so as to keep the ranks full to the old limit allowed by the old Village Board of Trustees. It was customary for the old Village Board of Trustees to approve of all members elected to the volunteer fire department and I do now ask your honorable board to approve of the list you find enclosed.

Respectfully yours,

No. 1733.

Headquarters, Fire Department, City of New York,
Nos. 157 and 159 East Sixty-seventh Street,
Borough of Manhattan, March 30, 1905.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Sir—On January 23, 1905, this Department made application to the Board of Estimate and Apportionment for an allowance amounting to \$42,750 for use in connection with the Fire Alarm Telegraph System in the Borough of Richmond, and for the purchase of apparatus and equipment for volunteer companies in said borough, the same having been asked in the Departmental estimate for the current year, but not granted. Following are the details of the requirements:

Telegraph—	
Telephone rentals	\$500 00
Materials and supplies	1,050 00
New boxes	3,000 00
Extension of lines, hose, etc.	3,000 00
Cables, cable boxes, etc.	500 00
Repairs and alterations	1,500 00
Wagons, harness and repairs to same	400 00
Incidentals, stable rent, car-fares, etc.	800 00
Establishing new pole lines for wires now attached to electric light poles	7,000 00
	<u>\$17,750 00</u>
Apparatus and Equipment—	
New apparatus	\$10,000 00
Repairs to apparatus	1,200 00
Horses	5,000 00
Horseshoeing	800 00
Forage	2,800 000
Harness repairs	1,000 00
Coal and wood	500 00
Hose	3,700 00
	<u>\$25,000 00</u>
Total	<u>\$42,750 00</u>

The Board of Estimate and Apportionment, at meeting held on the 16th inst., authorized an issue of Corporate Stock to the amount of \$13,500 for the following items of those specified in connection with the Fire Alarm Telegraph System:

New boxes	\$3,000 00
Extension of lines, poles, etc.	3,000 00
Cables, cable boxes, etc.	500 00
Establishing new pole lines for wires now attached to electric light poles ..	7,000 00
	<u>\$13,500 00</u>

The provision asked for apparatus and equipment was not made and no allowance has been made for such purposes since 1902, when funds to the extent of \$25,000 became available from the proceeds of a Special Revenue Bond issue, but a small portion of which remains unexpended.

It therefore becomes necessary, to meet the exigencies of the situation, to ask that your Honorable Board, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, adopt a resolution requesting the Board of Estimate and Apportionment to authorize the Comptroller to issue Special Revenue Bonds to the amount of \$29,250, to provide the means for defraying expenses connected with the maintenance of the Fire Alarm Telegraph System and for the purchase of apparatus, horses, hose and general supplies and the making of repairs to apparatus, for the volunteer service of this Department in the Borough of Richmond.

I inclose draft of resolution, the adoption of which will accomplish the object in view, and request early and favorable action thereon.

Respectfully,
NICHOLAS J. HAYES, Commissioner.

Resolved, That, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Aldermen hereby requests the Board of Estimate and Apportionment to authorize the Comptroller to issue Special Revenue Bonds to the amount of twenty-nine thousand two hundred and fifty dollars (\$29,250), for the

maintenance by the Fire Commissioner of The City of New York of the Fire Alarm Telegraph System, in the Borough of Richmond, and for the purchase by him of apparatus, horses, hose and general supplies; also for the making of repairs to apparatus, for the volunteer fire companies in said borough.

Which, on motion of Aldermen Owens, was made a special order for 2 o'clock p. m. Subsequently, the hour of 2 o'clock having arrived, Alderman Owens moved the adoption of the resolution.

The President put the question whether the Board would agree with said resolution. Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Baldwin, Bennett, Boerner, Boyhan, Brenner, Bridges, Callahan, Chambers, Coggey, Collins, Culkin, Davies, Diemer, Dietz, Donohue, Dougherty, Doull, Dowling, Downing, Gaffney, Gass, Gillies, Goodman, Grifenhagen, Grimm, Gunther, Haenlein, Haggerty, Harburger, James, Keely, Kenney, Kevin, Kline, Koch, Lochner, Lundy, McCarthy, Malone, Marks, Morris, Arthur H. Murphy, Owens, Poole, Redmond, Richter, Robinson, Schappert, Schloss, Shea, Sheil, Stumpf, Sturges, Tolk, Twomey, Ware, Wentz, Wirth, President Cromwell, President Haffen, the Vice-Chairman and the President—63.

The President laid before the Board the following communication from the Fire Department:

No. 1734.

Headquarters Fire Department, City of New York,
Nos. 157 and 159 East Sixty-seventh Street,
Borough of Manhattan, March 30, 1905.

Hon. CHARLES V. FARNES, President, Board of Aldermen:

Sir—On January 23, 1905, this Department made application to the Board of Estimate and Apportionment, a copy of which is herewith inclosed, for an issue of Corporate Stock to provide for the requirements of the volunteer system in the Borough of Queens, as follows:

For repairs to houses of volunteer companies owned by the City.....	\$50,000 00
For engines, hook and ladder trucks and hose wagons.....	36,000 00
For 30,000 feet 2½-inch hose, at 65 cents per foot.....	19,500 00

Total..... \$105,500 00

The Board of Estimate and Apportionment, at meeting held on the 16th inst., authorized an issue of Corporate Stock to the amount of \$86,000 for repairs to houses of volunteer fire companies owned by the City, and for the acquirement of apparatus, but did not provide for the purchase of hose.

It therefore becomes necessary to ask that your Honorable Board adopt a resolution requesting the Board of Estimate and Apportionment to authorize the Comptroller to issue Special Revenue Bonds to the amount of nineteen thousand five hundred dollars (\$19,500) for the purchase of hose for the use of the volunteer fire companies in the Borough of Queens, pursuant to the provisions of subdivision 8, section 188, of the Greater New York Charter.

I inclose draft of resolution, the adoption of which will accomplish the object in view, and request early and favorable action thereon.

Respectfully,

NICHOLAS J. HAYES, Commissioner.

Headquarters Fire Department, City of New York,
Nos. 157 and 159 East Sixty-seventh Street,
Borough of Manhattan, January 23, 1905.

Hon. GEORGE B. McCLELLAN, Mayor and Chairman, Board of Estimate and Apportionment:

Sir—In the Departmental estimate for 1905, the sum of \$137,525 was asked for "Maintenance and Extension of Fire Alarm System in the Borough of Queens, including Apparatus, etc., for Volunteer Companies." The sum of but \$40,000 was, however, allowed for this purpose in the Budget for the current year, which amount is utterly inadequate to meet the requirements of the case, as will be patent when it is borne in mind that there are seventy-two companies charged with the duty of fire protection in the entire Borough of Queens outside of Long Island City, in which latter place the paid system obtains.

The apparatus and hose of many of the companies, by reason of length of use, have deteriorated in effectiveness to such an extent as to render it imperative that they be replaced with new, to the end that an adequate measure of security be afforded the lives and property of the people of this extensive section of Greater New York.

The needs of the service in the respects stated are as follows:

Five 4th-size steam fire engines at \$4,000 each (one each for College Point, Jamaica, Newtown, Woodhaven and Flushing).....	\$20,000 00
Five hook and ladder trucks at \$2,000 each (three for Newtown and one each for Woodhaven and Jamaica).....	10,000 00
Ten hose wagons at \$600 each (three for Newtown, two each for Woodhaven and Springfield and one each for College Point, Whitestone and Rockaway Beach).....	6,000 00
30,000 feet 2½-inch hose, at 65 cents per foot.....	19,500 00
Total.....	\$55,500 00

Then, too, the houses of many of the companies are in a dilapidated and unsanitary condition, and need rehabilitation.

The Corporation Counsel, in an opinion rendered to this Department under date of September 19, 1904, made the following statement:

"In my opinion, houses owned by the City, but used and occupied by the volunteer fire companies by permission of the Fire Commissioner, must be kept in repair by the Fire Department. The moneys paid to the various volunteer fire companies, under the provisions of section 722 of the Charter, are paid for the support and maintenance of said volunteer fire companies, and they cannot be compelled to expend any part thereof in payment for repairs to property owned by the City, and under the full management, control and charge of the Fire Commissioner."

No moneys have been appropriated for repairs to houses occupied by volunteer companies, and owned by the City, in the Borough of Queens, since consolidation on January 1, 1898, and it is conservatively estimated that the sum of \$50,000 is required for this purpose.

I have, therefore, the honor to request that either by the issue of Corporate Stock, pursuant to the provisions of section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, by the issue of Special Revenue Bonds, or by any other means that may be in its power, your Honorable Board provide funds to the amount of \$105,500 for the purposes hereinbefore specified.

Respectfully,

(Signed) NICHOLAS J. HAYES, Commissioner.

Resolved, That, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Aldermen hereby requests the Board of Estimate and Apportionment to authorize the Comptroller to issue Special Revenue Bonds to the amount of nineteen thousand five hundred dollars (\$19,500), for the purchase by the Fire Commissioner of The City of New York of hose for the use of the volunteer fire companies in the Borough of Queens.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Board of Estimate and Apportionment, transmitting ordinance

No. 1735.

Department of Finance—City of New York,
April 3, 1905.

Hon. CHARLES V. FARNES, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment March 31, 1905, authorizing the issue of Corporate Stock in the sum of \$995,000 for the purpose of providing means for the acquisition of sites, construction of new buildings and additions to buildings under the jurisdiction of the Department of Health, together with copy of communication from said

Department and a copy of report of the Engineer, Department of Finance, relative thereto.

I also inclose form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

J. W. STEVENSON, Deputy Comptroller.

Department of Health,

New York, March 15, 1905.

J. W. STEVENSON, Esq., Deputy Comptroller, Secretary, Board of Estimate and Apportionment:

Dear Sir—At a meeting of the Board of Health of the Department of Health of The City of New York, held March 15, 1905, the following preambles and resolution were adopted:

Whereas, Owing to the growth of the work imposed upon the Board of Health and the large increase in the number of employees required to conduct the business of the Department, the headquarters building occupied by the Department of Health at the southwest corner of Fifty-fifth street and Sixth avenue in the Borough of Manhattan, has become so contracted as to make it necessary to provide a larger space for the accommodation of the Department; and

Whereas, The generally unsanitary and dilapidated condition of the buildings occupied by the Department of Health at No. 1237 Franklin avenue, in the Borough of the Bronx, and at Nos. 38 and 40 Clinton street, in the Borough of Brooklyn, as office buildings, and the unsuitability of same for such purposes makes it necessary to seek other quarters in the boroughs mentioned; and

Whereas, In the different boroughs of The City of New York the sums of money placed at the disposal of the Board of Health for the purchase of new hospital sites and the erection of new hospital buildings, disinfecting stations, ambulance stations, stables, etc., and additions to existing plants, is wholly inadequate to meet the requirements of the Department of Health; and

Whereas, On account of these conditions it is necessary, in order to properly and humanely care for the patients in the contagious disease hospitals, and for the proper transaction of business, to add to the existing plants and the appurtenances thereto to such an extent as may be required to put them in a condition to properly isolate and treat cases of contagious disease arising in the different boroughs of the City and to conduct the business of the Department of Health; and for the purposes mentioned the sum of four million five hundred and twenty-two thousand dollars (\$4,522,000) is required, as follows:

Hon. EDWARD M. GROUT, Comptroller:

Sir—The Board of Health, at meeting held March 15, 1905, requested the Board of Estimate and Apportionment to approve the issue of Corporate Stock to the amount of \$4,522,000, for the purposes mentioned, namely:

Borough of Manhattan.

Total.....	\$870,000 00

Tuberculosis Camp.	
Site and building.....	500,000 00
Grand total.....	\$4,522,000 00

I would report that I have carefully examined the attached memoranda furnished me by the Secretary of the Department of Health, which gives in detail the necessity for the respective improvements. The items mentioned would add to the efficiency of the Department and are necessary in order to carry out the final completion of the different hospitals, etc., but at the present time I consider the following most urgent:

Riverside Hospital.	
New storehouse	\$80,000 00
New administration building.....	100,000 00
Pipe trenches	25,000 00
	\$265,000 00

Borough of Brooklyn.	
Office building site.....	\$75,000 00
Office building, clinic and stable.....	220,000 00
	295,000 00

Kingston Avenue Hospital.	
One pavilion (similar to scarlet fever pavilion).....	\$100,000 00
Pipe trenches	25,000 00
	125,000 00
Total.....	\$625,000 00

Therefore, if the financial condition of the City will warrant the expenditure, I think the Board of Estimate and Apportionment may properly authorize the Comptroller, pursuant to section 47 of the Amended Greater New York Charter, as amended by chapter 409 of the Laws of 1904, to issue Corporate Stock to the amount of \$625,000, for the purpose of defraying the necessary expenses required to be incurred by the Board of Health of the Department of Health of The City of New York, for the preservation of the public health in the purchase of new sites for office buildings, etc., and additions to existing plants and the appurtenances thereto, and for the payment of architects' fees, extras, etc.

Respectfully,
(Signed) EUG. E. McLEAN, Engineer.

P. S.—I have hesitated upon the following items:

Willard Parker Hospital—	
New site.....	\$250,000 00
Boiler-house and coal-house.....	100,000 00
Total.....	\$350,000 00

But in consideration of the crowded condition of the present Willard Parker Hospital site on the north side of East Sixteenth street, this new site on the south side of East Sixteenth street, east of Avenue D, is necessary to relieve the congestion on the present hospital site, and I think the addition of these items would be worthy of favorable consideration by the Board of Estimate and Apportionment.

Respectfully,
(Signed) EUG. E. McLEAN, Engineer.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of nine hundred and ninety-five thousand dollars (\$995,000), for the purpose of providing means for the acquisition of sites, construction of new buildings and additions to buildings under the jurisdiction of the Department of Health.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment March 31, 1905, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York, to an amount not exceeding nine hundred and ninety-five thousand dollars (\$995,000), for the purpose of providing means for the acquisition of sites, construction of new buildings and additions to buildings under the jurisdiction of the Department of Health, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding nine hundred and ninety-five thousand dollars (\$995,000), the proceeds whereof to be applied to the purposes aforesaid."

Which was referred to the Committee on Finance.

Subsequently the Committee reported as follows:

The Committee on Finance, to whom was referred on April 4, 1905, the annexed ordinance in favor of an issue of corporate stock, \$995,000, for sites and buildings for the Department of Health, respectfully

REPORT:

That, having examined the subject, they believe the proposed issue to be necessary. They therefore recommend that the said ordinance be adopted.

JOHN H. DONOHUE, JOHN DIEMER, WILLIAM WENTZ, OWEN J. MURPHY, FERDINAND HAENLEIN, JAMES W. REDMOND, Committee on Finance.

The President put the question whether the Board would agree to accept said report and adopt said ordinance.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Boerner, Boyhan, Brenner, Bridges, Callahan, Chambers, Coggey, Culkan, Diemer, Dietz, Donohue, Dougherty, Doull, Dowling, Gaffney, Gass, Gillies, Goodman, Grifenhagen, Haenlein, Haggerty, Harburger, James, Kenney, Kevin, Kline, Koch, Lochner, McCarthy, Morris, Arthur H. Murphy, Owen J. Murphy, Owens, Poole, Redmond, Robinson, Schappert, Schloss, Shea, Sheil, Tolk, Twomey, Wafer, Wentz, Presidents Cromwell, Haffen; the Vice-Chairman, the President—49.

Excused—Alderman Meyers.

The President laid before the Board the following communications from the Board of Estimate and Apportionment transmitting ordinances:

Hon. CHARLES V. FARNES, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of resolution adopted by the Board of Estimate and Apportionment March 31, 1905, authorizing the issue of Corporate Stock to an amount not exceeding \$750,000, for the purpose of providing means for the construction of a tunnel intake and pumping station and other expenses connected with the improvement of the sanitary condition of the Gowanus canal, Borough of Brooklyn, together with copies of communications from the President of the Borough of Brooklyn and the Chief Engineer of the Board of Estimate and Apportionment relative thereto. I also inclose form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

J. W. STEVENSON, Deputy Comptroller.

Board of Estimate and Apportionment, }
New York, March 20, 1905. }

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Under date of January 23, 1905, the President of the Borough of Brooklyn requested the Board of Estimate and Apportionment to provide for an issue of Corporate Stock in the sum of \$1,000,000, to be used in improving the condition of Gowanus canal, in the Borough of Brooklyn.

In his letter the Borough President calls attention to the large business done on this canal, to the difficulties encountered in dredging it, to the unsanitary condition and the public nuisance caused by the foul condition of the water in the canal, and says that he proposes to remedy the trouble by constructing a tunnel from New York Bay, at or about the foot of Harrison street, under the last-named street, or adjacent street, to the head of the canal. Through this tunnel would be forced a volume of clean water from the bay, which would create a current in the canal, would prevent sedimentation and would abate the present nuisance. He recommends that his letter be referred to the Chief Engineer of the Board in order that a report may be submitted upon the advisability of the general plan.

The condition of Gowanus canal has received attention and serious consideration from the municipal authorities of Brooklyn for a number of years. About fifteen years ago a special Commission was appointed to examine and report upon the best means of improving the canal, or as to the advisability of discontinuing it and filling it up. This Commission made a report to the municipal authorities giving estimates of the cost of improving the canal or of filling it. I have been unable to obtain a copy of that report. It resulted, however, in no action. The letter of the Borough President gives no details as to the design of the tunnel or the pumping machinery, or their estimated cost. I have taken the matter up with the Commissioner of Public Works of the Borough, who advises me that he proposes to build a tunnel 12 feet in diameter, in which will be placed an electric or steam-driven screw-pump capable of delivering about 30,000,000 cubic feet of water per day, or about two and a half times the cubical contents of the canal. This tunnel would be entirely below tide level. Its length is estimated to be about 6,000 feet, but it will probably be several hundred feet less. The total lift required is estimated to be 4 feet. It is assumed that the level of the water at the head of the canal will always be somewhat higher than that in New York Bay at the intake. No observations appear to have been made to determine accurately the relative elevations of the water at these two points, or their hourly or daily variations. It was at first designed to give the tunnel a fall of 5 feet or more between the intake and the head of the canal, but in recent conversation with members of the Borough President's staff I understand that the tunnel would probably be made level. In the letter from the Commissioner, reference is made to the improvement of the Milwaukee river by a method similar to that proposed for Gowanus canal, and he quotes at considerable length from a paper descriptive of this work. The improvement of the Milwaukee river attracted the attention of the engineering profession and of municipal authorities quite generally. Such a plan had been several times suggested, but it was first carried out on an extensive scale by the City of Milwaukee in 1887 and 1888. The Milwaukee plan was designed by Mr. George H. Benzenberg, at that time City Engineer, and it was not only strongly opposed, but was subjected to much adverse criticism and even ridicule. Conditions in the Milwaukee river were undoubtedly very much worse than those in Gowanus canal. Forty-seven different house sewers had their outlets in this river, and delivered to it about sixty per cent. of the sewage of a city of about 200,000 population. The water of the river was exceedingly foul, and that of Gowanus canal would probably have been considered clean in comparison. The Milwaukee work furnishes a notable example of good design and economical construction. The tunnel was about 2,500 feet in length and 12 feet in diameter with a level grade. Its average depth was 95 feet below the surface, partly under streets and partly under private property and houses. The entire work was completed and ready for use in less than nine months from the beginning of construction. The cost of the tunnel was \$130,219, while the machinery, protective works at the intake, foundations and buildings brought the total cost up to \$225,900. I have been advised by Mr. Benzenberg, within the last few weeks, that the cost of operation is about \$20,000 per year. Commissioner Brackenridge, in his letter to me, states that it has never exceeded \$25,000 a year. When the operation of the plant was commenced, the current of the river was slightly up-stream; within fourteen minutes it was reversed, and within twenty hours after starting the pump, the water in the river had become clear, the foul, black and oily waters having been pushed bodily out into Lake Michigan. The capacity of the tunnel and pump were designed to be about that of the displacement of the river.

The plant has been in daily operation since it was opened, except during the winter months, when the river is frozen. Its remarkable success justifies the conclusion that a similar treatment would transform the Gowanus canal from a nuisance into a clean and entirely unobjectionable stream, although the waters of New York Bay are by no means as clear as those of Lake Michigan. If a pumping capacity equal to the displacement of the Milwaukee river was sufficient to work such a transformation, it would scarcely seem necessary to provide for a capacity of two and a half times the displacement of the Gowanus canal. It is probable, however, that the difference of constructing a smaller tunnel would be very slight, and the low velocity of the water in the tunnel and the low speed of the pump might be advantageous.

The estimate of the cost of this work submitted by the Commissioner of Public Works is as follows:

Tunnel intake	\$650,000 00
Pumping Station, etc.....	100,000 00
Total.....	\$750,000 00

He further explains that, on account of the difficulty in estimating the cost of construction of this kind, application has been made for one million of dollars. So large an appropriation seems hardly necessary until the details of the plan have been worked out and until accurate estimates of the cost can be made. As to its practicability, I have no doubt. A number of suggestions have been made for the treatment of the canal, which were designed to be automatic, but these involve the closing of the canal during certain hours of the day or night, and the filling of the upper portion with water taken from the Bay through pipes or a tunnel during flood tide, which would be released through the gates in the canal at low tide. Such a plan would make a large portion of the canal unavailable for business during a part of the day, and the success of the scheme would be problematical, to say the least.

There is no doubt as to the great desirability of improving the condition of Gowanus canal, and I would recommend that if the Board concludes that an expenditure of \$700,000, or even more, would be justified for this purpose, the President of the Borough be requested to prepare detail plans and secure as accurate estimates of cost as possible, in order that the Board may then provide for an issue of Corporate Stock to meet the expense of the improvement.

Respectfully,
(Signed) NELSON P. LEWIS, Chief Engineer.

January 23, 1905.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—Under section 393 of the Greater New York Charter, the duty is imposed upon the President of the Borough to dredge to a proper depth for traffic the Gowanus canal.

I have from time to time undertaken to do this work. In the first place, an advertisement for bids brought forth no competition, and any bid that was submitted was too high to be considered. I then obtained permission from the Board of Aldermen to do some of the work without public letting. This is always unsatisfactory and distasteful; the result is frequent, imperfect dredging and an expenditure of money which brings no permanent good.

In the present unsatisfactory condition of the canal, the size of the bridges and the congested condition, small scows have to be used into which the material is first put, and these scows are too small in which to take it to sea; it has therefore to be transferred to larger scows outside the canal and then taken to sea. This requires two handlings. The absence of any current in the canal, in addition to permitting the filling up of it, creates a condition in the water which is extremely objectionable, both from a sanitary and a commercial standpoint. I am informed that the commerce carried on in Gowanus canal represents 5,000,000 tons annually. It can be made, if properly used, a great commercial waterway for that section of the City. On the report of Commissioner John C. Brackenridge, who has given this matter careful study, I have concluded to ask the Board for an appropriation of one million dollars (\$1,000,000), for the installation of a tunnel twelve feet in diameter from the foot of Harrison street or Degraw street, running thence via Harrison street or Degraw street to the head of Gowanus canal, at which point a pump would be installed in order to raise the water which would flow through the tunnel by gravity to the existing bulkhead in order to discharge 30,000,000 cubic feet per day into the canal. This amount of water would be sufficient to entirely replace the contents of Gowanus canal two and one-half times per day. The advantages of this are numerous. The matter conveyed to the canal at the present time would be removed while in solution or suspension, and before it had a chance to precipitate and settle.

In addition to the commercial advantages of the proposed construction, it is really a sanitary necessity. The decay and chemical action constantly in progress at the bottom of the canal creates gases which come to the surface and rise from the canal to such an extent as to be absolutely unhealthful. Eventually it is believed that legislative action should be taken to place the supervision and maintenance of the bulkheads along the canal under the jurisdiction of the municipal authorities. At the present time there seems to be no adopted plan upon which the bulkheads are built and maintained. If this improvement is made, if it approximately results in what is predicted for it—the increased depth of water which would be possible—the continual flushing would make a stagnant, unhealthful and badly congested waterway a clean, clear, wholesome, deep canal.

In order that the Board may be fully advised of the feasibility of the plan generally suggested in this communication, I ask that it be referred for report to the Chief Engineer of this Board, and that he be asked to make as speedy report as possible, for this work is of great importance to the commerce of Brooklyn.

Yours respectfully,
(Signed) MARTIN W. LITTLETON,
President, Borough of Brooklyn.

Hon. EDWARD M. GROUT, Comptroller, No. 280 Broadway, New York City:

Dear Sir—The following resolution was passed by the Brooklyn Grade Crossing Commission on March 24, 1905.

Yours very truly,
(Signed) JOHN S. GRIFFITHS, Secretary.

"It was moved by Mr. Swezey that a requisition be issued to the Comptroller for him to issue sufficient Corporate Stock of The City of New York to provide \$750,000 to be expended within the next six months on the Brighton Beach improvement and the Bay Ridge improvement. This motion, being seconded by Mr. Wells, was put and unanimously carried."

AN ORDINANCE providing for an issue of Corporate Stock in the sum of seven hundred and fifty thousand dollars (\$750,000) for the purpose of providing means to meet the proportionate cost of the improvements to be borne by The City of New York in connection with the abolishing of grade crossings of highways and railroads, pursuant to chapter 507, Laws of 1903, as amended by chapter 603, Laws of 1904.

Extract of Memoranda of the Health Department Relative to Various Improvements.

* * * * *	
Riverside Hospital, North Brother Island—	
Sea wall	\$150,000 00
Filling	40,000 00
	<u>\$190,000 00</u>

This item is undoubtedly of first importance at this hospital. The War Department has greatly extended the bulkhead-line so that the Department may extend its sea wall and make over twenty-two acres of additional land. The island is becoming congested with buildings and this new land is needed at once. The wall will extend around the entire north and easterly sides of the island and will cost approximately \$150,000. The filling is for the space thus inclosed.

March 28, 1905.

Hon. EDWARD M. GROUT, Comptroller:

Sir—The Board of Health, at meeting held March 15, 1905, requested the Board of Estimate and Apportionment to approve the issue of Corporate Stock to the amount of \$4,522,000, for the purposes mentioned, namely:

Borough of Manhattan.

Headquarters Office Building—	
Site	\$500,000 00
Office building, clinic, storehouse and stable	500,000 00
	<u>\$1,000,000 00</u>
Willard Parker Hospital—	
New site	\$250,000 00
Boiler-house and coal-house	100,000 00
Measles pavilion	400,000 00
Diphtheria pavilion	400,000 00
	<u>1,150,000 00</u>
Total	<u>\$2,150,000 00</u>

Borough of The Bronx.

Office building site	\$50,000 00
Building	75,000 00
Stable site	12,000 00
Stable	30,000 00
	<u>\$167,000 00</u>

Riverside Hospital—	
Nurses' Home	\$140,000 00
New storehouse	80,000 00
New administration building	100,000 00
Two new pavilions	200,000 00
Kitchen building (addition and moving)	35,000 00
Moving stable and additions	20,000 00
Sea wall	150,000 00
Filling	40,000 00
Pipe trenches	25,000 00
Five isolation buildings	45,000 00
	<u>835,000 00</u>
Total	<u>\$1,002,000 00</u>

Borough of Brooklyn.

Office building site	\$75,000 00
Office building, clinic and stable	220,000 00
	<u>\$295,000 00</u>

Kingston Avenue Hospital—	
Six isolation cottages	\$50,000 00
One kitchen building	60,000 00
One pavilion (similar to Nurses' Home)	125,000 00
One administration building	175,000 00
One pavilion (similar to scarlet fever pavilion)	100,000 00
Filling in land	20,000 00
Sunken garden	15,000 00
Pipe trenches	25,000 00
Additional boilers	5,000 00
	<u>575,000 00</u>
Total	<u>\$870,000 00</u>

Tuberculosis Camp—	
Site and building	\$500,000 00
	<u>\$500,000 00</u>
Grand total	<u>\$4,522,000 00</u>

I would report that I have carefully examined the attached memoranda furnished me by the Secretary of the Department of Health, which gives in detail the necessity for the respective improvements. The items mentioned would add to the efficiency

of the Department, and are necessary in order to carry out the final completion of the different hospitals, etc., but at the present time I consider the following most urgent:

Riverside Hospital.	
New storehouse	\$80,000 00
New administration building.....	100,000 00
Pipe trenches	25,000 00
	\$205,000 00
Borough of Brooklyn.	
Office building site.....	\$75,000 00
Office building, clinic and stable.....	220,000 00
	295,000 00
Kingston Avenue Hospital.	
One pavilion (similar to scarlet fever pavilion).....	\$100,000 00
Pipe trenches	25,000 00
	125,000 00
Total.....	\$625,000 00

Therefore, if the financial condition of the City will warrant the expenditure, I think the Board of Estimate and Apportionment may properly authorize the Comptroller, pursuant to section 47 of the Amended Greater New York Charter, as amended by chapter 409 of the Laws of 1904, to issue Corporate Stock to the amount of \$625,000 for the purpose of defraying the necessary expenses required to be incurred by the Board of Health of the Department of Health of The City of New York, for the preservation of the public health in the purchase of new sites for office buildings, etc., and additions to existing plants and the appurtenances thereto, and for the payment of architects' fees, extras, etc.

Respectfully,
(Signed) EUG. E. McLEAN, Engineer.

P. S.—I have hesitated upon the following items:

Willard Parker Hospital—New site.....	\$250,000 00
Boiler house and coal house.....	100,000 00
	\$350,000 00

But in consideration of the crowded condition of the present Willard Parker Hospital site on the north side of East Sixteenth street, this new site on the south side of East Sixteenth street, east of Avenue D, is necessary to relieve the congestion on the present hospital site, and I think the addition of these items would be worthy of favorable consideration by the Board of Estimate and Apportionment.

Respectfully,
(Signed) EUG. E. McLEAN, Engineer.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of fifty-two thousand dollars (\$52,000) to provide means for the construction of a sea-wall at Riverside Hospital, and for the necessary filling in connection therewith, under the jurisdiction of the Department of Health.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution, adopted by the Board of Estimate and Apportionment March 31, 1905, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding fifty-two thousand dollars (\$52,000) for the purpose of providing means for the construction of a sea-wall at Riverside Hospital and for the necessary filling in connection therewith, under the jurisdiction of the Department of Health, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding fifty-two thousand dollars (\$52,000), the proceeds whereof to be applied to the purposes aforesaid."

Which were severally referred to the Committee on Finance.

The President laid before the Board the following communication from the Board of Estimate and Apportionment transmitting resolution:

The Committee on Fire, to which was referred on March 28, 1905 (Minutes, page 1335), the annexed ordinance relating to the firing of firearms, cannon and fireworks, respectfully

REPORT:

That, having examined the subject, they recommend that the annexed substitute resolution be adopted.

ORIGINAL.

AN ORDINANCE amending section 721 of article 32 of the Revised Ordinances of The City of New York of 1897, relating to the firing of firearms, cannons and fireworks.

Be it Ordained by the Board of Aldermen of The City of New York, as follows: Section 721 of article 32 is hereby amended by adding the words "the grounds occupied by the Queens County Gun Club, located in the First Ward of the Borough of Queens," thereto.

Section 721a. This ordinance shall take effect immediately.

SUBSTITUTE.

Resolved, That the provisions of Chapter X of the "Ordinances of Long Island City," entitled "Of the Firing of Firearms, Cannons and Fireworks," be and the same are hereby suspended so far as the same may apply to the grounds occupied by the Queens County Gun Club, located in the First Ward of the Borough of Queens; such suspension, however, to continue only during the pleasure of the Board of Aldermen.

THOMAS F. BALDWIN, JOHN A. SCHAPPERT, JOHN J. CALLAHAN, ARTHUR H. MURPHY, FREDERICK LUNDY, BEVERLEY R. ROBINSON, Committee on Fire.

Alderman Koch asked and obtained immediate consideration for this report.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Baldwin, Bennett, Boerner, Boyhan, Brenner, Bridges, Callahan, Chambers, Coggey, Collins, Culkin, Davies, Dietz, Donohue, Doull, Gaffney, Gass, Gillies, Goodman, Grimm, Gunther, Haenlein, Harburger, James, Kenney, Kevin, Kline, Koch, Lochner, McCarthy, Malone, Morris, Owens, Redmond, Schappert, Shea, Stapleton, Sturges, Twomey, Wentz, President Cromwell, the Vice-Chairman and the President—42.

Negative—Alderman Meyers—1.

Report of Committee on Streets, Highways and Sewers—

No. 1625.

The Committee on Streets, Highways and Sewers, to whom was referred on March 14, 1905 (Minutes, page 1147), the annexed resolution in favor of fixing the width of the roadway of Union street, between New York and Brooklyn avenues, Borough of Brooklyn, respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be adopted.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

That the width of the roadway of Union street, between New York and Brooklyn avenues, in the Borough of Brooklyn, in the County of Kings, City of New York, be and hereby is fixed at twenty-five (25) feet.

FRANK L. DOWLING, PATRICK CHAMBERS, JOHN J. BRIDGES, CHARLES W. CULKIN, JOHN WIRTH, ARTHUR H. MURPHY, Committee on Streets, Highways and Sewers.

Alderman Boerner asked and obtained immediate consideration for this report.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Baldwin, Bennett, Boerner, Boyhan, Brenner, Bridges, Callahan, Chambers, Coggey, Collins, Culkin, Davies, Dietz, Donohue, Downing, Gaffney, Gass, Gillies, Goodman, Grimm, Haenlein, Harburger, James, Kenney, Kevin, Koch, Lochner, Lundy, McCarthy, Malone, Meyers, Morris, Arthur H. Murphy, Owens, Redmond, Schappert, Schloss, Tolk, Twomey, Wafer, Wentz, Wirth, President Cromwell, the Vice-Chairman and the President—46.

Report of Committee on Public Printing—

No. 203—(G. O. No. 170.)

The Committee on Public Printing, to which was referred on February 16, 1904 (Minutes, page 555), the annexed address of Chancellor Henry M. MacCracken at the memorial services held in honor of the late Hon. Andrew H. Green, respectfully

REPORT:

That, having examined the subject, they believe the said address to be worthy of preservation, and that the same ought to be published in suitable pamphlet form for distribution in the name of The City of New York.

They therefore recommend that the annexed resolution be adopted.

Resolved, That the City Clerk be and he hereby is authorized and requested to make requisition on the Supervisor of the City Record for the printing in appropriate pamphlet form of one thousand copies of the address of Doctor Henry Mitchell MacCracken, Chancellor of New York University, on the occasion of the memorial services held in honor of the late Hon. Andrew H. Green, in the City Hall, on December 30, 1903; the said address when published to be distributed in the name of The City of New York.

MICHAEL STAPLETON, FREDERICK RICHTER, CHARLES AHNER, JOHN J. CALLAHAN, PATRICK H. MALONE, WILLIAM C. BOERNER, FRANK D. STURGES, Committee on Public Printing.

Which was laid over.

Report of Committee on Railroads—

No. 1415.

The Committee on Railroads, to whom was recommitted on March 21, 1905 (Minutes, page 1268), the annexed resolution in favor of requesting the Interborough Railroad Company to furnish a system of transfers, respectfully

REPORT:

That, having again examined the subject, they recommend that the resolution be amended by inserting the words "in the Borough of Manhattan and at Third avenue and East One Hundred and Forty-ninth streets, in the Borough of The Bronx," after the word "Broadway," in the fifth line of the second section of the preamble, and by striking from the same line the word "point" and inserting in lieu thereof the word "points," and that the resolution, as so amended, be adopted.

JOHN J. HAGGERTY, FRANK GASS, TIMOTHY P. SULLIVAN, ELIAS GOODMAN, JAMES E. GAFFNEY, MOSES J. WAFER, Committee on Railroads.

(Papers referred to in preceding Report.)

The Committee on Railroads, to whom was referred on January 24, 1905 (Minutes, page 653), the annexed resolution in favor of requesting the Interborough Railroad Company to furnish a system of transfers, respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be adopted.

Whereas, The Interborough Railroad Company, operating both the subway and elevated systems of rapid transit in The City of New York, can, if it will, afford such facilities to the traveling public as will be of more than ordinary benefit, and save to many persons at least from ten to fifteen minutes' time in going to points north and south; and

Whereas, Practical experience has demonstrated that if a system of transfers is adopted by said Interborough Company by which persons traveling to work, business or shopping may be enabled to change from the subway to the elevated railroad, and vice versa, at Sixty-sixth street and Broadway, the only point at which these two railroads cross each other, there will prove such transit facilities as are not now enjoyed, and which will be of public benefit to thousands of people from all parts of the City; therefore

Resolved, That the said Interborough Railroad Company be and it is hereby respectfully requested to take under advisement the idea set forth in the preamble hereof, with a view to putting the same in operation on said two systems of railroads.

JOHN J. HAGGERTY, JAMES E. GAFFNEY, ELIAS GOODMAN, JOHN T. MCCALL, MOSES J. WAFER, JOHN E. MCCARTHY, FRANK GASS, ROBERT F. DOWNING, Committee on Railroads.

Which report was accepted and resolution adopted.

MOTIONS, ORDINANCES AND RESOLUTIONS.

Alderman Wirth asked and obtained unanimous consent to introduce the following:

No. 1740.

Resolved, That the Committee on Bridges and Tunnels be and they are hereby discharged from further consideration of resolution No. 831 relating to granting of a franchise to the New York Connecting Railroad Company.

The Vice-Chairman moved that this resolution be laid on the table.

The President put the question whether the Board would agree with said motion. Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Baldwin, Boerner, Boyhan, Brenner, Bridges, Callahan, Chambers, Coggey, Culkin, Donohue, Dougherty, Doull, Dowling, Gaffney, Gass, Haggerty, Harburger, Higgins, Keely, Kenney, Lochner, McCarthy, Malone, Marks, Morris, Arthur H. Murphy, Owen J. Murphy, Poole, Redmond, Richter, Schappert, Sheil, Stapleton, Stumpf, Tolk, Twomey, Wafer, President Haffen and the President—49.

Negative—Aldermen Bennett, Davies, Goodman, Grifenhagen, Grimm, Gunther, James, Kline, Meyers, Robinson, Schloss, Shea, Sturges, Ware, Wirth and President Cromwell—16.

SPECIAL ORDERS.

Alderman Culkin called up Special Order No. 87, being a resolution, as follows:

No. 1638.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and hereby is requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of two hundred thousand dollars (\$200,000), the proceeds whereof to be applied to meet the following needs of the Tenement House Department of The City of New York, to wit: The payment of salaries to additional employees; the payment of additional rent for additional offices and the furnishing and equipment of offices in the boroughs of Queens and Richmond.

Which, on motion of Alderman Goodman, was referred to the Committee on Finance, with instructions to hold a public hearing and report to the Board at its next meeting.

In connection herewith, Alderman Donohue, Acting Chairman, Committee on Finance, announced a public hearing for Monday, April 10, 1905, at 1 o'clock P. M.

Alderman Doull called up Special Order No. 89, being a report and resolution, as follows:

No. 1725.

The Committee on Rules hereby offers and recommends for adoption the herewith annexed resolution to amend the rules of the Board of Aldermen:

Resolved, That section 24 of chapter 9 of the Rules of the Board of Aldermen be and the said section is hereby amended by adding at the end thereof the following words—"said Committee shall frame a proper resolution or ordinance and report the same to the Board for its introduction and first reading."

REGINALD S. DOULL, TIMOTHY P. SULLIVAN, ELIAS GOODMAN, MOSES J. WAFER, Committee on Rules.

The Vice-Chairman moved that the name of Alderman Goodman be stricken from the above report.

Which was adopted.

Alderman Goodman then offered the following minority report, and moved that it be substituted for the majority report:

New York, April 4, 1905.

To the Honorable the Board of Aldermen:

The undersigned, a member of the Committee on Rules, dissents from the recommendation of the majority of said committee in the matter of the proposed amendment to section 24, chapter 9, of the Rules of the Board.

The suggested addition to the said section relates to, and is intended to carry into effect, a provision of the charter which has created much discussion; and as to the interpretation of which there are varied opinions.

As the courts have now before them this much mooted question I feel it would be unwise to take any action that might be construed as anticipating any judicial decision. I therefore offer the following:

Resolved, That consideration and action on the proposed amendment be and the same are indefinitely postponed.

ELIAS GOODMAN.

The President put the question whether the Board would agree to accept said minority report.

Which was decided in the negative by the following vote:

Affirmative—Aldermen Bennett, Davies, Goodman, Grifenhagen, Grimm, Gunther, James, Kline, Meyers, Redmond, Robinson, Schloss, Shea, Sturges, Ware, Wentz, Wirth and President Cromwell—18.

Negative—Aldermen Ahner, Baldwin, Boerner, Boyhan, Brenner, Bridges, Callahan, Chambers, Coggey, Collins, Culkin, Dietz, Dougherty, Doull, Gass, Gillies, Haenlein, Haggerty, Harburger, Kevin, McCarthy, Malone, Marks, Morris, Owen J. Murphy, Owens, Poole, Richter, Schappert, Sheil, Stapleton, Stumpf, Tolk, Twomey, Wafer, Wentz and the Vice-Chairman—46.

Alderman Goodman moved that action on the majority report be postponed and Judge Bischoff's order in the matter of the application of the Manhattan and Bronx Electric Light Company be made a part of the minutes.

Which was lost.

The President put the question whether the Board would agree to accept said majority report and adopt said resolution.

Which was decided in the negative by the following vote, three-fifths of all the members failing to vote in favor thereof:

Affirmative—Aldermen Ahner, Baldwin, Boerner, Boyhan, Brenner, Bridges, Callahan, Chambers, Coggey, Collins, Culkin, Diemer, Dietz, Donohue, Dougherty, Doull, Dowling, Downing, Gillies, Grimm, Haenlein, Haggerty, Harburger, Keely, Kenney, Kevin, Lochner, McCarthy, Malone, Marks, Morris, Arthur H. Murphy, Owen J. Murphy, Owens, Poole, Redmond, Richter, Schappert, Sheil, Stapleton, Stumpf, Tolk, Twomey, Wafer, Wentz and the Vice-Chairman—46.

Negative—Aldermen Davies, Goodman, Grifenhagen, Gunther, James, Kline, Meyers, Robinson, Schloss, Shea, Sturges, Ware, Wirth and President Cromwell—14.

Excused—Alderman Bennett—1.

Alderman Doull moved a reconsideration of the above vote.

Alderman Wirth raised the point of order that Alderman Doull could not move to reconsider because, having voted in the affirmative, the measure did not receive the requisite number of votes, and thus he did not vote with the majority.

The President ruled that the point of order was not well taken.

The motion of Alderman Doull to reconsider the vote was then adopted.

The paper was then laid over and retained its place on the list of special orders.

REPORTS OF STANDING COMMITTEES RESUMED.

Reports of Committee on Finance—

SPRAGUE ELEVATOR COMPANY, No. 17 Battery Place, New York:

Gentlemen—Your proposition of March 18, reading as follows:

"There are steam pipes and a radiator in the passageway on the operating room floor of the Cumberland Street Hospital, Brooklyn, which will interfere with access to the elevator when it is ready for operation.

"It will be necessary to place a grating from the elevator shaft to the rear wall of the main building so as to give access to the overhead sheaves.

"As these items are not provided for in our contract for the elevator and stairs in this hospital, we would charge extra for the removal of the pipes and the furnishing of grating as above, the amount of forty dollars (\$40)."

—is accepted, and you are directed to proceed with the work at once.

By direction of the Commissioner.

Yours truly,

J. McKEE BORDEN, Secretary.

MUNICIPAL CIVIL SERVICE COMMISSION.

Municipal Civil Service Commission,
No. 61 Elm Street,
New York City, February 1, 1905.

A meeting of the Municipal Civil Service Commission was held at the Commission's offices, No. 61 Elm street, on Wednesday, February 1, 1905, at 4 P. M. There were present Commissioners Baker, Appleton and Talley.

Commissioner Appleton was made Chairman of the meeting.

On motion of Commissioner Talley, duly seconded and carried, Commissioner Baker was elected President of the Commission.

The Commission then adjourned for the day.

Attest:

HENRY BERLINGER, Secretary.

MUNICIPAL CIVIL SERVICE COMMISSION.

New York, February 2, 1905.

On motion the report was adopted.

A letter was presented from the Department of Health, withdrawing its request of January 12 for a special examination for Bacteriological Diagnostician, under Rule VI, paragraph 6, and applying for an examination for promotion to that position. The Secretary was directed to instruct the Chief Examiner to cancel the special examination and to proceed with a promotion examination at the earliest possible date.

A letter was presented from the Superintendent of Buildings, Borough of Brooklyn, requesting that John A. Hamm, an Inspector of Carpentry and Masonry, be permitted to compete with the Plan Clerks in the examination for promotion to the position of Plan Examiner. The request was granted.

A letter was presented from the Commissioner of Public Works, Borough of Brooklyn, requesting an examination for promotion from fifth to six grade Clerk. The request was granted, and the Secretary was instructed to proceed with the examination at the earliest possible date.

A letter was presented from the Department of Education, requesting that a special examination be held for the position of "Janitor (male and female), Department of Education," the questions for which should be pertinent to the duties required of Janitors in that Department. It appearing that the Commission had a large eligible list for Janitor from which certification could be made, the request was denied.

A letter was presented from the Department of Education, requesting approval of the transfer of David Thompson, from the position of Driver (Labor Class), to that of Watchman (Competitive Class). The request was denied for lack of power.

A letter was presented from the Superintendent of the Brooklyn Disciplinary Training School, dated January 6, requesting approval of the temporary appointment for sixty (60) days of Samuel B. Babcock as Teacher, pending the establishment of the eligible list for that position. It appearing that Mr. Babcock was appointed after non-competitive examination by the Board of Examiners for the Non-Competitive Class of that institution, and that he was not certified by this Commission for temporary appointment under Rule XII, paragraph 3, until January 30, the Secretary was instructed to notify the Superintendent that Mr. Babcock's appointment could only be recognized from that date, and that his pay roll for services rendered from December 29 to January 30 could not be certified.

A letter was presented from the Commissioner of Correction, stating that he had rescinded his action in promoting John A. Brunjes from the position of Orderly at \$420 to that of Keeper at \$800 per annum, to date from day of promotion, January 23, 1905. The action of the Commissioner was approved.

The following applications for the position of Examiner of Sewer Claims, which were rejected by the Chief Examiner for false statement in reply to the question as to

whether the applicants had ever been examined for a position in the service of The City of New York, were accepted, the Commission believing the misstatement was unintentional in each case and the Secretary was directed to admit said persons to the coming examination:

144. John F. Curley, No. 366 East One Hundred and Seventy-sixth street.
127. James F. Hartigan, No. 381 Madison street.
220. Dominick Dowd, No. 606 Myrtle avenue, Brooklyn.
227. Charles J. Phillips, No. 666 Henry street, Brooklyn.
249. William E. Boyd, No. 308 Logan street, Brooklyn.
264. Edward McConekey, No. 698 Gates avenue, Brooklyn.
172. James P. Doyle, No. 222 West Nineteenth street.
189. George A. Dunn, No. 842 East One Hundred and Sixty-third street.
168. Michael C. Scott, No. 184 Richard street, Brooklyn.
167. Francis J. Finn, No. 32 Oliver street.
154. John J. Bennett, No. 539 East Eighty-fifth street.
390. Harry J. Quinn, No. 109 East Eighty-ninth street.
422. James Shields, No. 94 Sandford street, Brooklyn.
286. Matthew McElligott, No. 158 Prospect place, Brooklyn.
357. John J. Wallace, No. 295 Degraw street, Brooklyn.
470. Nicholas P. Duffy, No. 344½ East Sixteenth street.

A letter was presented from Miss Pauline Morris, No. 72 East One Hundred and Twelfth street, requesting that she be restored to eligibility for temporary appointment to the position of Typewriting Copyist. The request was granted.

A letter was presented from Miss Sadie Wiener, requesting that her name be restored to the eligible list for the position of Stenographer and Typewriter. It appearing that Miss Wiener failed to respond to notice of appointment from Bellevue and Allied Hospitals, the request was denied.

The request of Joseph A. Altschul, No. 222 East Broadway, that his name be restored to the eligible list for Temporary Clerk was denied, it appearing that he failed to respond to notice sent him by the Finance Department on September 7, and that he declined appointment in the Department of Taxes and Assessments on September 13, 1904.

The request of Julius C. Landau, No. 133 West Fortieth street, that he be restored to eligibility for appointment to the position of Rodman in the Borough of Richmond was denied, it appearing that he declined appointment in that borough on account of "location."

The request of Norbert Lyons that he be certified to the Commissioner of Public Works, Borough of Richmond, for appointment to the position of Axeman at \$720 per annum, was denied, it appearing that he had already declined that salary in that department.

An affidavit was presented from William J. Nolan, stating that, owing to his unfamiliarity with the civil service rules, he omitted to give the proper reason for failing to accept the position of Stationary Engineman in the Department of Charities, Borough of Manhattan, in that he should have given as his reason "insufficient salary" instead of "out of borough"; and requesting that he be restored to eligibility for appointment in that borough. The request was denied.

The Secretary presented the application of James A. Doyle, for Automobile Engineman, which was rejected by the Chief Examiner for a false statement in answer to question 10. The action of the Chief Examiner was sustained.

The Secretary presented a report on the following applications for transfer, change of title, reinstatement, etc., in the Labor Service, acted on by former President Coler:

top of the ground at the adjacent or inshore bank.

It is estimated that the area outlining the above-described limits will create a basin to be filled in, under this agreement, whose cubical contents in net void space is equal to 29,500 cubic yards.

Bidders will state in writing a lump sum price, which they agree to pay for the privilege of filling in the area between the southerly side of West Fourteenth street extended and Bloomfield street, and along the northerly side of Bloomfield street, as above described.

In the estimated amount given, the amount in cubic yards is arrived at without placing any allowance for shrinkage, settlement, swelling of the material or penetration into the mud.

The Department is not bound in any way by such estimate, and bidders must satisfy themselves of the actual quantity required to fill in the above-described area by examination of the premises or such other means as they may prefer, the intention of the Department being to fill in the whole of the said premises behind the bulkhead wall within the above-described limits, and no allowance will be made to the purchaser from the purchase price on account of any discrepancy which may be found between the above-estimated quantity and the actual amount of filling required.

The purchaser will be required to place the filling in accordance with the following specifications:

All the filling shall, unless otherwise directed, be placed directly in the rear of the bulkhead wall and carried from the bulkhead wall toward the shore until the bank of same has been carried out at the finished grade for a distance of about 40 feet from the face of the bulkhead wall, at which time, if so directed by the Engineer, the filling shall be started at the bank and carried onshore toward the bulkhead wall or close row of piles.

All material must be dumped and filled in only in such manner, at such points and in such order of procedure and at such times and seasons as may, from time to time, be directed, and the work of filling in may be entirely suspended for such periods of time as may be directed by the Engineer. The purchaser shall have no claim for damage or for any allowance from the purchase money on account of such suspension of the work.

All directions shall be given by the Engineer, and wherever the word "Engineer" is used in these specifications it refers to and designates the Engineer-in-Chief of the Department of Docks and Ferries, or such officer or employee as may be designated by him.

Rip-rap stone coming directly on or against the bulkhead wall must be deposited carefully in such manner as will not injure the same.

All the filling, except as otherwise specified herein, shall be of ashes, cellar dirt, broken stone, etc., entirely free from garbage or any organic matter objectionable in the opinion of the Engineer.

At any section of the bulkhead wall the filling shall be brought up level with the under side of the backing log of the bulkhead wall at such section, and no higher, unless otherwise directed.

The filling shall be commenced within five days after the date of the receipt of a notification from the Engineer that the work, or any part of it, is ready to be begun, after which not less than 300 cubic yards per day shall be placed, and the whole amount of the filling called for to bring the above-described basin up to grade shall be completed within one hundred days from the date of the receipt of said notification.

At the expiration of this time this agreement shall be considered closed unless a further extension of time shall be given by the Commissioner of Docks. If at any time during the progress of the work it shall be deemed necessary to order the suspension of the whole or any part of the filling, the time for completing said filling shall be extended as much as it may have been delayed by such suspension.

In case the purchaser at any time does not proceed with the work of filling in to the satisfaction of the Commissioner of Docks, the said Commissioner will at once terminate the privilege of filling in and proceed to have the remainder of the filling in done by other parties in such way and manner as he deems proper, and any loss which may result therefrom shall be charged against the principal and his surety.

The purchaser shall, during the work of filling in, and at all times until the completion thereof, take all necessary precautions and place proper guards for the prevention of accidents, and put up and maintain at night sufficient lights, and he shall indemnify and save harmless The City of New York from all damages and costs to which it may be put by reason of injury to the person or property of another resulting from negligence or carelessness in the performance of the work or guarding the same, to which the surety is also bound.

No bid or estimate will be considered unless accompanied by a certified check drawn to the order of the Commissioner of Docks, or money to the amount of twenty-five per centum of the amount of the bid, which amount shall be applied in the case of the successful bidder to the first one-quarter of the amount of the filling to be deposited; twenty-five per centum to be paid when the first one-quarter of filling has been completed; twenty-five per centum additional when one-half the filling has been completed, and the balance, twenty-five per centum, when three-quarters of said filling has been completed.

A surety or guarantee company, duly authorized by law to act as surety, to be approved by the Commissioner of Docks, will be required to enter into a bond or obligation jointly and severally with the purchaser in the sum of double the amount of the purchase price as security for the satisfactory performance of said work, in accordance with the terms and conditions hereof.

Commissioner of Docks.

Assessments and of Water Rents, and unless the
amount assessed for benefit on any person or
property shall be paid within sixty days after
the said date of entry of the assessments interest
will be collected thereon, as provided in section
1019 of the said Greater New York Charter.
Said section provides, in part, that "If
any such assessment shall remain unpaid for the
period of sixty days after the date of entry
thereof in the said Record of Titles and Assess-
ments, it shall be the duty of the officer author-
ized to collect and receive the amount of such
assessments to charge, collect and receive interest
thereon at the rate of seven per centum per
annum, to be calculated to the date of payment
from the date when such assessments became liens
as provided in section 159 of this act."

Section 159 of this act provides: "An
assessment shall become a lien upon the real
estate affected thereby ten days after the entry
in the said record."

The above assessments are payable to the Collec-
tor of Assessments and Arrears, at the Bureau
for the Collection of Assessments and Arrears
of Taxes and Assessments and of Water Rents,
in the Municipal Building, Borough of Brooklyn,
between the hours of 9 A. M. and 2 P. M., and
on Saturdays from 9 A. M. until 12 M., and all
payments made thereon on or before May 27,
1905, will be exempt from interest as above pro-
vided, and after that date will be subject to a
charge of interest at the rate of seven per centum
per annum from the date when the above assess-
ments became liens to the date of payment.

SUPREME COURT.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, acting by and through the Commissioner of Docks, relative to acquiring right and title to and possession of the wharfage rights, terms, easements, emoluments and privileges appurtenant to PIER, OLD NO. 18, EAST RIVER, in the Borough of Manhattan, City of New York, not now owned by The City of New York, and all right, title and interest in and to said pier, or any portion thereof not now owned by The City of New York, for the improvement of the water-front of The City of New York, on the East river, pursuant to the plan heretofore adopted by the Board of Docks and approved by the Commissioners of the Sinking Fund.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands, pier or wharf property, and all persons interested therein, or in any rights, privileges or interests pertaining thereto, affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment and that all persons interested in this proceeding or in any of the uplands, lands, lands under water, premises, buildings, tenements, hereditaments and pier or wharf property affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us, at our office, Room No. 401, No. 258 Broadway, in the Borough of Manhattan, in The City of New York, on or before the 26th day of April, 1905, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 27th day of April, 1905, at 10.30 o'clock in the forenoon of that day.

Second—That the abstract of our said estimate and assessment, together with our damage maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings, in the Law Department of The City of New York, at the office of said Bureau, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 5th day of May, 1905.

Third—That our report herein will be presented to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court-house, in the Borough of Manhattan, in The City of New York, on the 15th day of May, 1905, at the opening of the Court on that day, and that then and there, or as soon thereafter as counsel can be heard thereon, a motion will be made that the said report be confirmed.

Dated BOROUGH OF MANHATTAN, NEW YORK CITY, April 4, 1905.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to LAWRENCE AVENUE (although not yet named by proper authority), from Lind avenue to West One Hundred and Sixty-seventh street, in the Twenty-third Ward, Borough of The Bronx, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, First Department, at a Special Term of said Court, to be held at Part III. thereof, in the County Court-house, in the Borough of Manhattan, in The City of New York, on Monday, the 17th day of April, 1905, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and Assessment in the above entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for the opening of a certain street or avenue known as Lawrence avenue, from Lind avenue to West One Hundred and Sixty-seventh street, in the Twenty-third Ward, Borough of The Bronx, City of New York, being the following-described lots, pieces or parcels of land, viz:

1. Thence southeasterly along the western line of West One Hundred and Sixty-seventh street for 76.74 feet;
2. Thence southerly deflecting 51 degrees 25 minutes 50 seconds to the right for 529.13 feet;
3. Thence southerly deflecting 18 degrees 44 minutes 0 seconds to the left for 718.06 feet;
4. Thence southeasterly curving to the left on the arc of a circle of 98.81 feet radius and tangent to the preceding course for 111.58 feet to the western line of Lind avenue;
5. Thence southerly along last-mentioned line for 110.92 feet;
6. Thence northerly curving to the left on the arc of a circle of 67.21 feet radius and tangent to the preceding course for 77.61 feet to a point of reverse curve;
7. Thence northerly on the arc of a circle of 158.81 feet radius for 152.45 feet;
8. Thence northerly on a line tangent to the preceding course for 727.96 feet;
9. Thence northerly for 586.87 feet to the point of beginning.

Lawrence avenue is shown on "Section 8 of the final maps and profiles of the Twenty-third and Twenty-fourth Wards," filed in the office of the Commissioner of Street Improvements of the City of New York, on November 11, 1895, as Map No. 108; in the office of the Register of the City and County of New York on November 12, 1895, as Map No. 1061, and in the office of the Secretary of State of the State of New York on November 13, 1895.

The land to be taken for Lawrence avenue is located in Block 2527 of Section 9 of the Land Map of The City of New York.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of EAST ONE HUNDRED AND NINETY-THIRD STREET (although not yet named by proper authority), from the Grand Boulevard and Concourse to Jerome avenue, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us, at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 10th day of April, 1905, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 12th day of April, 1905, at 12 o'clock M.

Second—That the abstract of our said estimate and assessment, together with our damage maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 30th day of April, 1905.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City

of New York, which, taken together, are bounded and described as follows, viz:

Beginning at the point of intersection of the middle line of that portion of Kingsbridge road lying southeasterly of the Grand Boulevard and Concourse and the southeasterly prolongation of the middle line of the blocks between East One Hundred and Ninety-second street and East One Hundred and Ninety-third street; running thence northwesterly along said prolongation and middle line and its northwesterly prolongation to its intersection with the southeasterly line of Davidson avenue; thence northeasterly along the said southeasterly prolongation to its intersection with the middle line of Kingsbridge road; thence southeasterly and southerly along the middle line of Kingsbridge road to the point or place of beginning; as such streets are shown upon the final maps and profiles of the Twenty-third and Twenty-fourth Wards of The City of New York, excepting from said area all streets, avenues and roads, or portions thereof, heretofore legally opened, as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court-house, in the Borough of Manhattan, in The City of New York, on the 8th day of June, 1905, at the opening of the Court on that day.

Dated BOROUGH OF MANHATTAN, NEW YORK, March 10, 1905.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
